GERMAN GOVERNMENT COMPLETES ALL SUPPLIES OF METAL

SHIP PURCHASE MEASURE NOW FACING DEFEAT

Administration Aghast Over Bolting of Nine Democratic Senators.

LIKE BOLT FROM BLUE

Pandemonium Followed Sudden Disclosure of Alliance With Republicans.

WASHINGTON, Feb. 1.—Like a bolt from the blue in the senate late today, nine Democrats joined an alliance with Republicans in an effort to send the government ship purchase bill back to the commerce committee. The result, as unexpected as it was sudden, turned in a twinkling an administration advantage into a defensive position which tonight seemed almost hopeless to many Democratic leaders.

Forced to fight for the life of the measure, the Democrats succeeded in adjourning the senate with the motion to recommit pending, and a party caucus was called for tomorrow morning.

When Mine Was Sprung. Senator Clarke of Arkansas, Democrat, and president pro tempore of the senate, revolutionized the situation which has held the senate in deadlock for many days. He rose while Senator William Alden Smith of Michigan was conducting a long speech against the shipping bill, and asked him to yield for a motion. The senator yielded, having learned the nature of the motion to come, and Senator Clarke, introducing his remarks with an appeal for consideration of other legislation, moved to send the pending bill back to committee.

Such pandemonium as followed this development has not been witnessed in the senate in many years. Senators poured from the cloakrooms to the Chamber like bees from a hive. Republicans, forwarned, were the first on the scene.

Overruled Chair. As soon as administration leaders could catch their breath, Senator Fletcher, in charge of the bill, made a point of order against the motion, which Vice-President Marshall sustained. Senator Clarke appealed the decision and the chair was overruled by a vote of 46 to 37. Nine Democrats joined the Republicans. After some further parliamentary maneuvering, Senator Reed took the floor and, denouncing his Democratic colleagues for the defeat of the bill, introduced the following statement on behalf of the "ship-trust":

Both sides seemed to be willing to desire a truce to take stock of the new situation, and when Senator Fletcher moved an adjournment until noon tomorrow, there was opposition. Administration leaders called a Democratic caucus for tomorrow morning, when an effort will be made to win back recalcitrant members of the party.

Insistent statements that the state department has in its possession one or more letters from Great Britain regarding the pending ship purchase bill brought forth demands from both Majority Leader and Minority Leader to have been from Sir Edward Grey, declaring the proposed purchase of German or Austrian ships an unethical act.

CRIMINAL TO ASK U.S. TO ENTER WAR

German Politician Denies He Requested Assistance to Curb Britain's Power.

MINNEAPOLIS, Feb. 1.—That any plea of involving the U. S. in the present European war "would be quite criminal and every well-wisher of this country should be entirely foreign to that idea" was the assertion made tonight by Dr. Bernhard Dernburg, former colonial secretary of the German Empire, who was guest of honor at a banquet given by the Germanic Society of Minnesota.

This statement was brought forth by published reports quoting from Dr. Dernburg's address before the Civic Association here today to the effect that the combined fleets of the U. S. and Germany could curb Britain in "her arrogant policy" of controlling the seas. In reference to this Dr. Dernburg issued the following statement:

STATUES AND CUPOLAS TO YIELD UP COPPER

German Boasts That Big Supply of Metal is Available.

Canadian Press Despatch. AMSTERDAM, via London, Feb. 1, 8:17 p.m.—So far as copper is concerned, by making use of all the bronze monuments and the copper cupolas of the churches and collecting all the copper we have used for other purposes in the last few years, Germany will be able to hold out for 30 years more.

Thus spoke Dr. Schuster, secretary of the German Iron Founders' Union, at the annual meeting of the union in Dusseldorf, according to a despatch received by The T. J. Dr. Schuster is reported as having added:

"If necessary, in the conquered parts of Belgium and France we shall seize everything made of copper."

ALLIES CAN OBTAIN SEAPLANES IN U.S.

Von Bernstorff's Protest is Waved Aside by Secretary Bryan.

QUITE WITHIN THE LAW

Hydro-Aeroplanes Not "War Vessels," Germany is Politely Told.

WASHINGTON, Feb. 1.—In reply to Germany's recent protest against the building of hydro-aeroplanes by American manufacturers for England and Russia, Secretary Bryan has informed Count von Bernstorff, the German ambassador, that the state department does not concur in the contention that such craft must be regarded as vessels of war, "whose delivery to belligerent states by neutrals should be stopped."

The correspondence on the subject was made public today by Mr. Bryan. On Jan. 19 Count von Bernstorff wrote him that he had learned that a number of hydro-aeroplanes had been ordered built at the Curtis plant, Hammond, N.Y., by belligerent powers. Special references were made to contracts given by England for 42 planes, and by Russia for an unknown number. The writer contended that the Hague conventions regarding war vessels were violated.

Bryan's Reply. Secretary Bryan, replying Jan. 29, wrote in part: "The fact that a hydro-aeroplane is fitted with apparatus to rise from and alight upon the sea does not, in my opinion, give it the character of a vessel any more than the wheels attached to an aeroplane fitting it to rise from and alight upon a land vehicle. Both the hydro-aeroplanes and aeroplanes are essentially aircraft; as an aid in military operations, they can only be used in the air; the fact that one starts its flight from the surface of the sea and the other from the land is a mere incident which in no way affects their aerial character."

Referring to recent advices from Germany, the note says: "It thus appears that the imperial government have placed and still retain aircraft of all descriptions in the class of conditional contraband, for which no special treatment involving neutral duty is, so far as I am advised, provided by any treaty to which the United States is a signatory or adhering power."

HIGHLAND REGIMENTS GAINED MORE GLORY

Free Use of Bayonets Caused Chapelle to Germany.

PARIS, Feb. 1.—5:15 p.m.—Again on Friday and Saturday nights the Germans made furious attacks upon the French positions at Givenchy-le-Bassee and Quinchoy, says a despatch to the Havas News Agency from Saint Omer, in northwestern France.

The Germans tried desperately to pierce the English lines, the message adds, but after violent hand-to-hand struggles the Highlander regiments drove them back at the point of the bayonet with great loss.

RECENT FIGHTS GAVE RUSSIANS MUCH PRESTIGE

Von Hindenburg Resumes Frantic Attacks on Bzura Lines Without Success.

TO RELIEVE AUSTRIANS

Steady and Solid Development of Muscovite Offensive Disarranges Kaiser's Plans.

PETROGRAD, Feb. 1.—The steady and solid development of the Russian campaign at the extreme ends near the Baltic coast, in East Prussia and on the Persian frontier has provoked Von Hindenburg to make another violent attack against the Russians' entrenched stronghold outside the line of the Bzura, in central Poland. He spent nothing but a heavy death roll, yet it is foreseen that he will probably repeat his headlong assaults in the hope of influencing the hesitating elements in southeastern Europe to refrain from entering the field against Germany.

This motive seems to dominate the present operations of the great Austrian army in the eastern Carpathians. The disposition of the forces there points to the expectation of a prolonged battle.

Hesitation in Plans. Preparatory movements are still continuing. Their military character is evidently due to a hesitation between two entirely different objectives. Half a million Austrians, with the support of three German corps, are ostensibly employing us in advance on the roads leading to the plain facing Przemysl, but there is a strong suggestion that the plan of turning with overwhelming numbers against Bukovina.

New Victories Over Turks. The new victories over the Turks in the Caucasus and in the Balkans, and sweeping character. The Turks attempted with the best Nizam divisions to effect an advance movement in the direction of the Dnieper, but they were repulsed along the track of the Oltych River, but the Russians encamped at Old started out in a bitter snow storm across a ridge which they were invulnerable to the Turks. The elements' noise was such that their approach was unheeded. Then, with bayonets fixed, they sprang into the middle of a Turkish

(Continued on Page 3, Column 2)

LONDON EXPECTED A ZEPPELIN RAID

Reports That Air Fleet Was on Way Spread Like Wildfire.

DOVER BATTERIES USED

Fire Was Directed Either at Submarines or the Zepplins.

LONDON, Feb. 1, 11:35 p.m.—The batteries protecting Dover opened fire tonight on what is thought to have been another German raid, but whether by Zeppelins or submarines or both, has not been ascertained.

An early report from Dover said that five hostile airships were observed over that town while a later report announced that they had been driven off by the gunfire of the forts.

Another Dover message declared that the fire had been directed at German submarines.

London Was Ready. As a consequence the war department instructed the London police to make all preparations for an air raid, and the city was soon in darkness, and the news spread that a Zeppelin fleet was on its way to the metropolis. Telephone calls to Harwich, Cromer, Southend, Telling's Lynn, Yarmouth and other points elicited the reply that no air raiders had been seen. The report of submarines at Dover, however, was not contradicted.

Left the Theatres. The extended precautions taken in London indicated the fact that the ally all special constables, under the regulations were required to report at the various stations, even those attended the theatres, where they were greatly depleted.

At several of the railway stations the lights were extinguished and trains passed over bridges in darkness.

FREIGHTED ALL ATTEMPTS AT ADVANCING

Germans Defeated in March Toward Calais at Bethune and Beaumont Hamel.

NIGHT SURPRISE FAILS

Losses of Enemy Enormous—Argonne Still Scene of Terrific Struggles.

PARIS, Feb. 1.—Renewed of the attempt of the Germans to advance between Bethune and La Bassée against some French trenches on the north of the main and only road in the middle of the night was repulsed after a violent struggle with the enemy, leaving a considerable number of dead on the field.

One incursion to attack in force on these positions at this time and in the wintry weather, is probably the discovery of the shifting of troops by the allies. The French statement says that the fighting was done by "our" troops, and this may mean that some of the British soldiers have been withdrawn to concentrate elsewhere, or to take a rest before beginning the grand attack. It is not improbable that General Joffre is concentrating a huge force for a vital point in order to destroy as many of the enemy as possible.

(Continued on Page 3, Column 2)

SUFFER MORE FROM FROST THAN BULLETS

Hospital Staff Near Firing Line in France Are Kept Very Busy.

OTTAWA, Feb. 1.—Lt. Col. A. T. Stillington, of Ottawa, who has charge of a hospital in France within 25 miles of the firing line, writes that more than anything else and many amputations are necessary. He says that the hospital has 400 beds and 300 men are being added in an annex, so that the staff are very busy. The sound of the guns and the burning shells can be heard at the hospital.

GERMAN LOSSES HEAVY IN NORTHERN FRANCE

Twenty-One Trains Bearing Wounded Passed Thru Aix-la-Chapelle to Germany.

AMSTERDAM, Feb. 1.—The German losses in Northern France have been considerable in the last eight days, says a despatch from Aix-la-Chapelle. Twenty-one hospital trains bearing only the most severely wounded passed thru Aix-la-Chapelle Saturday on their way to Germany. Sixteen German field kitchens which had been destroyed by French artillery also passed thru that city on their way to the repair works.

DACIA WHEN CAUGHT LIKELY TO BE SOLD

Cargo Will Be Sent to Destination at Britain's Expense.

LONDON, Feb. 1.—The sailing of the Dacia attracts considerable attention, being given a prominent position in the newspapers. The Dacia will be sold on this side and sent immediately to a prize court, while the cargo will be unshipped at the expense of the British government or her destination. There is little doubt the court will order the Dacia sold at prize.

ROUMANIA MAY PROHIBIT EXPORT OF ALL GRAIN

Quantity of Wheat Bought by Germany Still Determined in That Country.

BERNE, Feb. 1.—Much uneasiness is felt in Germany about a quantity of grain bought recently in Roumania and still detained there. Representations have been made to Roumania that the reply was that there was not a sufficient quantity of rolling stock to move it. Germany now offers to send rolling stock to fetch the corn. It is the impression that Roumania will prohibit the export of all cereals.

BERLIN REPORT SAYS FRENCH TORPEDO SUNK

BERLIN, Feb. 1.—Reports to the overseas news agency from Paris say that the French torpedo boat 219 has been sunk near Neaport, Belgium.

CANADIANS TO BE REVIEWED BY KITCHENER THIS WEEK

Only Five of 32 Chrp'lains Will Go to the Front—Ten Thousand Improperly Addressed Letters Received at Salisbury Since November.

SALISBURY, Eng., Feb. 1.—Lord Kitchener will review the entire Canadian expeditionary force some day this week, according to notices posted today. The review probably is preparatory to the embarkation of the Canadian force for France.

A recent order states that only five chaplains will accompany the force to France, the other 27 will stay behind.

The result of the investigation regarding alleged inefficiency in the camp postal service is that since last November 10,000 letters, improperly addressed, have been received at the camp postoffices, and thus could not be delivered to the men for whom they were intended.

Colonel Frank Reid of London has been appointed base paymaster. J. A. MacLaren.

INDEMNITY OF \$15,000 TO BE PAID BY CANADA

Agreement Reached at Washington Whereby Families of Buffalo Duck Hunters Shot By Soldiers Will Receive Cash Payments Today.

WASHINGTON, Feb. 1.—Under an agreement reached tonight, the Canadian Government will settle claims growing out of the recent shooting of two American duck hunters by Canadian militiamen by paying \$15,000 to the parents of Walter Smith, who was killed, and \$5,000 to Charles Dorsch, who was wounded, in addition to all legal expenses.

The terms of settlement were arranged by Sir Joseph Pope, under-secretary of foreign affairs of Canada, and Representative Charles B. Smith of New York. The money will be paid to representatives of the families tomorrow at the British embassy.

The settlement was made entirely outside of the state department, but it has the department's approval. Sir Joseph and the British ambassador recently called at the department and formally expressed the regret of the Canadian Government on account of the shooting.

Sir Joseph was insistent that no part of the money paid to Smith's family and to Dorsch should fall into the hands of lawyers. Consequently it was agreed all claims for legal services should be paid directly by the Canadian Government.

Lloyd George in Paris Huge Loan in Prospect

PARIS, Feb. 1.—11:40 p.m.—Dr. Lloyd George, the British chancellor of the exchequer, and P. Bark, the Russian minister of finance, have arrived here.

The visit to Paris of Mr. Lloyd George and Mr. Bark probably is in connection with the consideration of the issuance of a joint loan of \$3,000,000,000, which it has been reported recently is contemplated.

Krupp Receives Iron Cross

BERLIN, via London, Feb. 2.—2:50 a.m.—Emperor William today personally conferred the Iron Cross, first class, on Dr. Gustave Krupp Von Bohlen und Halbe, head of the Krupp Iron Works. Count Gunter Von Bernstorff, son of the German ambassador to the United States, also has been awarded the Iron Cross.

THANN IN FLAMES CERNAY DESTROYED

Artillery Battle for Possession of Altkirch Becomes More Violent.

Every Village They Abandon in Retreat is Totally Destroyed.

GERMANY TAKES ALL METAL FOR WAR PURPOSES

Official Order Issued of Government Taking Over All Stocks.

TRAM CABLES ARE USED

Trains Are Being Deprived of All Superfluous Metal Fittings.

ROTTERDAM, Feb. 1.—German papers announce an official order directing that all stocks of copper, tin, aluminum, nickel-aluminum and lead are now to be reserved for the use of the army, this announcement comes rather close on the heels, the public assurance of experts that there was an ample copper supply at least for war purposes. Copper was one of the things Germany did its utmost to obtain in large supplies long before the war, for the internal production was miserably insufficient for any war on a big scale.

Only recently Dr. Ernest Noah, writing in Die Metal Borse, said, "One of the most difficult problems in Germany is the need of raw materials. It however, seems fairly easy to get supplies of copper for war purposes. It is estimated that 100,000 tons per year are needed, of which Germany produces one-fourth, leaving the remaining 75 per cent to come from foreign countries, but for the last five years 200,000 tons per year have been imported, thus the stores, including inland production, have been increased to about 1,500,000 tons in hand, stock ample for all war needs. There are large accumulations in the stores sufficient and to spare. There is a good deal of copper from used ammunition the which army council had collected from the battlefields."

All Metal Commandeered. Despite all these assurances, the government now has issued an order practically commandeering all metal for war purposes only, while trains are being deprived of all superfluous metal fittings for arsenal, and tram cables on systems in little-visited districts are being taken down for the same purpose.

The mayor of Berlin announces that from the 1st of February all inhabitants are to go on rations. So far as bread is concerned the allowance for each inhabitant is roughly 4 pounds of bread per week.

NO RUSH FOR BREAD SAYS BERLIN REPORT

First Day's Sale Under New Regulations Passed Off Quietly.

BERLIN, via The Hague to London, Feb. 1, 11:10 p.m.—The sale of bread under the new regulations opened normally this morning. No measures have been adopted as yet to enforce the rule limiting purchases to two kilograms (about 4 1/2 pounds) per person weekly. The magistrates are still considering what procedure will be followed. Meanwhile there was no rush to buy, and the volunteer supervisors, installed by the trades unions to regulate traffic and keep the expected crowds in order, found no occupation.

Wine were selling today at 95 to 100 marks (\$24 to \$25) for fifty kilograms contracted with 87 marks at the outbreak of the war. The price is expected to show a further rise despite the number ready for slaughter, now that food has been cut off.

An increase in the price of beer is also looked for.

BERLIN'S VISIONS.

BERLIN, Feb. 1.—(Via wireless to London, 8:20 p.m.)—It is semi-officially reported from Bucharest that Roumania is to supply Germany with a pre-arranged large quantity of grain, the transportation of which is to be furnished by Germany.

The Brief Thaw Has Quickly Vanished and Fur Weather Prevails. While stern winter weather holds the urgent need for fur garments is felt. Since the Dinsen Company, 140 Yonge street, completed stock-taking, the bargains have been greater than ever, for old lines have crept up and must clear for the rest, regardless of price sacrifice. Men have some rare opportunities of picking up fur-lined and oon coats for a mere fraction of original price. It would be almost a crime to overlook them if in any measure thinking of such a purchase. Before it's later and the weather turns colder, you should certainly see this season's reduced stock.

BERLIN'S VISIONS. BERLIN, Feb. 1.—(Via wireless to London, 8:20 p.m.)—It is semi-officially reported from Bucharest that Roumania is to supply Germany with a pre-arranged large quantity of grain, the transportation of which is to be furnished by Germany.

Roumania is already taking defensive measures in view of the presence of Austro-German troops on her frontier. The mere existence of this force is a provocation to military action.

One hundred thousand soldiers in Germany and Austro-Hungary would not be transported to this region except for urgent reasons.

The entente between Russia and Roumania, which heretofore has been hardly more than a cordial relationship, is fast deepening into a common military understanding.

TRAFFIC LIST

Duty on Manufactured Articles Likely to Receive Corresponding Increase.

MORE REVENUE NEEDED

Effect of Customs Changes Expected to Stimulate Home Industry.

OTTAWA, Feb. 1.—The tariff changes to be announced in the next few days will affect a number of items, and the general policy embodied therein can probably be stated in a clause—the transfer from the free list to the dutiable list of certain articles, including raw material. The manufacturer will have to pay a duty upon the material, but the free list will be correspondingly increased of duty will be granted to him on the manufactured product. The effect will be to stimulate some industry and provide an immediate and constant revenue for the government, while it hopes that competition among Canadian manufacturers will keep down prices to the consumer.

More Revenue Needed.
The policy of the Dominion Government since 1878 has been distinctly protective. Raw material has been admitted free in order to aid the manufacturer by putting him on an equality with the foreign competitor, so far as the cost of material was concerned. Now, however, the crying need for more revenue compels the government to tax some articles for revenue purposes only, which heretofore came in free.

May Tax Hides and Cotton.
For example: Last year there were imported into Canada, free of duty, hides to the amount of \$9,016,872 and it can be easily seen how a moderate duty upon hides would yield the treasury an annual income of over one million dollars, while giving a better price to the Canadian producer. Seventy-five thousand pounds of cotton came in last year free, valued at \$9,750,437.

A tax of two cents a pound on cotton would yield an annual return of \$1,500,000.

Malleable Iron for Use in the Manufacture of Agricultural Implements. comes in virtually free of duty, whether the implements are sold at home or abroad. This concession may be withdrawn, and the duty on the case of exports will, of course, remain.

Duty on Coal and Corn.
Restrictions on the importation of free A duty of 25 cents a ton would not be a hardship to the consumer, also it would yield the government over \$1,000,000 per annum. Indian corn is on the free list. It may be taxed 15 cents a bushel and yield another \$1,000,000.

Silks, velvet, and other luxuries will not doubt be taxed and the general impression seems to be that there is to be a tariff on luxuries. The British tariff is 15 cents a pound. If Canada only taxed them one half that amount her revenues would be increased by \$4,000,000 a year, after allowing a liberal margin for decreased consumption.

World Yield Large Revenue.
The changes above indicated would yield more than one half of the \$15,000,000 additional revenue required by the government. As a matter of fact the policy of placing a moderate import duty upon raw materials would yield a much larger sum than is generally understood. Vast quantities of raw material and semi-manufactured goods come in free of duty to our manufacturers and a change of policy may hit some of them pretty hard.

However, the growing sentiment in favor of "in-Canada" goods is relied upon to off-set the handicap to some extent and as already pointed out, a liberal compensation will be accorded by the increased protection for the finished product.

Thus the duty on hides would require a slight increase in the duties upon leather and other products. No doubt the drawback allowed on raw materials upon their entry into manufactures for export would be applicable in the case of war supplies intended for overseas.

MOORS ARE LOYAL TO FRENCH NATION
Governor of Morocco Received Chiefs Who Have Proclaimed Allegiance.

DUNNING'S
Club Breakfast

SIR JOHN FRENCH PAID QUIET VISIT TO LONDON

Long Conference Held With the King and the War Council.
Canadian Press Despatch.
LONDON, Jan. 29.—(Correspondence.)—Again unknown to the British public Sir John French, commander-in-chief of the British forces in France and Belgium, has paid another visit to London, conferred with the King and the war council, returning to the front without a word of his trip appearing in the newspapers. Contrary to precedent, the King called on Sir John at his residence, 94 Lancaster Gate W., instead of Sir John going to Buckingham Palace.
Sir John crossed the channel and reached London on Tuesday morning, Jan. 12. He left the next day.

LATEST ATTACKS ON BETHUNE FAIL

Renewed German Offensive to Capture Road Beaten off in Sharp Fight.

NEW ATTEMPT NORTH

Allies Believed to Be Making Fresh Dispositions of Troops for Big Advance.

For instance, a rapid advance up the valley of the Meuse or in the Argonne, if feasible, would secure the closing up of the German lines of retreat thru Belgium and starve out the enemy.

Belgium Could be Surrounded.
Belgium in fact, could be isolated like a big fortress by the blocking up of the passages by Liege and Luxembourg. This would prevent a great amount of the destruction that would be entailed by a campaign thru Belgium. The only way for the Germans to violate the neutrality of Holland and the Netherlands, the other day, intimated that Holland would be forced to keep her doors open to the Germans.

Severe fighting in the Argonne is reported. The blowing up of a trench held by the French by two German battalions, was reported. A German attack was repulsed. Heavy snowfalls prevented progress in Alsace and the Vosges.

CLOSING ON SATURDAY

The World, as one of the syndicates of newspapers engaged in the distribution of literature comprising text books, classics, etc., has announced that the present distribution of the World's History of the World will be discontinued on Feb. 6, or earlier if the present limited supply should be exhausted before that date.

Special to The Toronto World.
BELLEVILLE, Feb. 1.—Mrs. Norman McLeod, 98, the oldest resident of this city, died in an early hour this morning from pneumonia. She had lived here for 70 years. Five generations of Mrs. McLeod live here. She was born at Dickinson's Landing, Ontario, and was a Presbyterian.

BELLEVILLE LOSES OLDEST RESIDENT

RAILWAY CONTROL UNDER DISCUSSION

Under Current Said to Be Working Against City's Interests.

SPECIAL COMMITTEE

Council Favors Appointment of Body to Deal With Transportation.

That there are under currents at work in connection with Toronto's transportation problems and that efforts are being made to get control of Toronto, favoring of the street railway magnate, was brought to the attention of the city council at a special meeting of the city council.

Double Track Yonge Street.
The Toronto and York Radial Railway are asking for legislation to double track North Yonge street within the city limits. The board recommended that the application be approved. It was stated that the city ought to buy out the four miles of track as an alternative to the Metropolitan to double track.

Comply With Act.
That application be made to the Ontario Railway and Municipal Board for the Ontario Railway Act in regard to the Toronto Street Railway in regard to the extension of the Metropolitan to double track.

Not to be Confirmed.
An act will be asked for to confirm the Barnes report regarding street railway traffic in Toronto. It is stated that the company can well afford to lay thirteen miles of new track, provide 150 new cars, and put in new equipment to the value of \$2,500,000.

Provision for War Funds.
Control of O'Neill that legislation should be secured to provide for money given to the war fund. A resolution in this regard was introduced by a motion by Controller O'Neill that the resolution be amended to read: "The railway Act, giving a 5c face within the city limits, be carried."

What Council Did

Decided to ask for legislation asking that the members of the board of education be elected annually.
Granted \$600 to the Co-operative Board of Jewish Charities.
Decided not to ask for legislation which would give municipalities local autonomy in taxation.
Decided not to ask for legislation which would give municipalities power to control the rate of the street car line.
Decided to build a car line on Lansdowne avenue.
Adopted the recommendation of the board to ask for legislation to assess local improvements in excess of cost sufficient to provide for maintenance.

DOCTOR IS FOUND WITH THROAT CUT

Dr. William Wilson of Humberstone Avenue Unconscious When Discovered.

WAS IN POOR HEALTH

Hamilton Practitioner for Some Time, Lately Moving to Toronto.

Dr. William Wilson, aged 75, 143 Humberstone avenue, was found unconscious in bed by his wife at 7 o'clock yesterday morning with his throat slashed and also the arteries of both wrists cut. The aged physician was later removed to Grace Hospital, where he is lying in bed. It was reported to be improving.

Double Boot Supply.
Orders Call for Spare Pair and Regulation Uniforms.
Firing practice at the outdoor ranges at Exhibition park camp has been discontinued for a few days in order that the large spot butts on the lake front may be extended to a length of about one hundred feet. This will provide accommodation for twenty-four targets instead of twelve and permit 1000 troops to practice at the outdoor ranges in one day, each soldier firing five rounds. The new targets will be ready for the men to start practicing again tomorrow morning. The cold weather of the last few days has given an opportunity for work on the additional targets because in severe weather the paste used to patch up the paper targets, after each round is fired, becomes too stiff to use.

Members of the second contingent who are also members of the L. O. L. are forming an association in camp. Given More Boots.
In yesterday's camp orders notification was given that the necessary amount of boots to be issued to all non-commissioned officers and men.

Officers to take steps to see to it that all officers under their command are in possession of the necessary equipment. It is also pointed out that all ranks of the Canadian expeditionary force should wear fur caps with a fur lining. A revised list of officers has been asked for from the regimental commanders.

On a charge of attempting to defraud the Eaton Co. out of \$350, Jerry Roberts was arrested yesterday by Detective Guthrie. According to the police, Roberts had purchased an article at a small cost, and changing the bill, endeavored to get his money back.

On a charge of shooting with intent to kill James A. Varley, attempting to shoot Constable William Garwood, for stealing two automatic revolvers from J. A. Varley, Douglas McAndrew was committed for trial by the police court yesterday.

Magistrate Denison committed for trial by a jury Ernest Cavanagh and Robert Atkinson, on a charge of breaking into the stable of William Curtain and stealing fourteen bales of wool.

Magistrate Denison committed for trial by a jury Ernest Cavanagh and Robert Atkinson, on a charge of breaking into the stable of William Curtain and stealing fourteen bales of wool.

NEWS OF SPECIAL INTEREST TO WOMEN

HATS CAN MAKE OR MAR COSTUME

Headgear Counts Most in Disposition is to Be Made.

BASKET WEAVE COMES

New Spring Models Advance New Ideas and Tactets Returns.

Each feature of the well-dressed woman's apparel must of necessity be faultless, but perhaps the hat counts most. If the hat is not made, the way the hat is worn makes or mars the most fashionable costume, and the angle receives much more liberating as the hang of the jaunty new coat, or the cut of the flaring frock. Of all the styles in hats this suit and please every type of femininity. There are tiny cap-like affairs that perch on the side of the French roll.

There are medium-sized turbans of the military type, and the hat with a brim, whether it be as diminutive as that of the "Tommy Atkins" one-inch variety, or of huge wheel-shaped, tied on by means of dainty streamers.

The all-black hat has now given way to combinations of black and white, the all-white and the gaily tinted chequer, flower-decked and displaying novelty tones of beauty—cherry, ruby-red and all the pretty and sand shades. With the spring models come little examples of beaming smiles, a chic attitude. The return of tatters as a trimming is welcome and the absence of kid and leather is bound to be popular.

MORE PUPILS ATTEND TORONTO SCHOOLS

Reports of District Inspectors Show Increase Over Year Ago.

Inspector Cowley is arranging for the fifth form commercial work examinations in the public schools, to begin next week. Semi-annual promotions from the kindergarten department to the first grade were made yesterday. Attendance in the school at large was reported by the district inspectors.

\$25.00 FOR A LETTER

CAN YOU WRITE ONE?

Thirteen Prizes to Be Awarded in a Letter-Writing Competition.

Some years ago the Dr. Williams' Medicine Co. of Brockville, Ont., offered a series of prizes to residents of the Province of Ontario for the best letters describing cures wrought by the use of Dr. Williams' Pink Pills for Pale People. Hundreds of letters were submitted, and yet there must have been thousands of other users of the pills who did not avail themselves of the opportunity to win a prize. To all these another letter-writing competition is offered. Thousands of cures wrought by the use of Dr. Williams' Pink Pills have never been reported. These will furnish the material for the letter to be written in this contest. Every letter must deal with facts and facts only.

THE PRIZES.

The Dr. Williams' Medicine Co., of Brockville, Ont., will award a prize of \$25.00 for the best letter received on or before the 1st day of March, 1915, from residents of Ontario, on the subject, "Why I Recommend Dr. Williams' Pink Pills." A prize of \$10.00 will be awarded for the second best letter received; a prize of \$5.00 for the third best letter, and ten prizes of \$2.50 each for the next best letters.

THE CONDITIONS.

The cure or benefit from the use of Dr. Williams' Pink Pills described in the letter must be in the writer's own case, or one that has come under his or her personal observation. More than one cure may be described in the letter, but every statement must be literally and absolutely true. Every letter must be signed by the writer of the letter, must also be signed by the person whose cure is described as a guarantee of the truth of the statements made. The name of the writer of each letter must state the name and date of the paper in which he or she saw this announcement.

Final writing will not win the prize unless you have a good case to describe. The strength of the recommendation is not the style of the letter will be the basis of the award. It is understood that The Dr. Williams' Medicine Co. shall have the right to publish any letter entered in this contest if they desire to do so whether it wins a prize or not.

The contest will close on the 1st of March, and the prizes will be awarded as soon as possible thereafter. Do not play. If you know of a cure write your letter NOW. Observe the above conditions carefully or your letter may be thrown out.

Address all letters as follows: The Dr. Williams' Medicine Co., Brockville, Ont., Letter Contest Department.

Notes of Women's World

The regular monthly meeting of the Prayers Willows Board was held at headquarters, 20 East Gerrard street, on Thursday at 11 a.m. Mrs. Ward in the chair. Many reports were received, that of the mason telling of work having been secured for a number of girls and women.

The District W. C. T. U. met at 2 p.m., the opening exercises being in charge of Mrs. W. Pugsley. Mrs. Fred C. Ward, president of Toronto District, took the chair. The recording secretary reported many letters of thanks received from sick members who had been remembered.

The members of Toronto District are responsible for the all-women's prayer meeting on Wednesday, Feb. 10, from 12 to 12.45, noon, in Room 12, Wesley Building.

Miss Sydney Baxter is the new recording secretary of Central "Y". A prayer meeting is being held at Willard Hall each Monday afternoon from 8 to 9 o'clock, to which all are welcome. Frances Willard Day will be observed by services at Willard Hall on Wednesday, Feb. 17, afternoon.

Westminster Chapter, L.O.D.E. is giving a tea and entertainment for the Christian at the Christian Synagogue, 165-Elizabeth street, today at 7 p.m.

A large number of ladies of the United Empire Loyalists' Society met on Friday and sewed for the Red Cross convalescent kit bags.

A series of drawing room meetings is now being held under the auspices of the Royal Franchise League. A meeting was held on Saturday at the home of Mrs. G. I. H. Lloyd, 214 Bloor street, when Mrs. L. A. Hamilton and W. R. Lang were the speakers. Mrs. Hamilton has invited the members of the Women's Franchise League, which will take place at her home, in the afternoon of Wednesday, Feb. 10.

DAUGHTERS OF EMPIRE GIVE CONCERT AND TEA

Hebrew Christians Will Be Guests—Appeal for Milk for Belgian Babies.

The Winston Churchill Chapter I.O.D.E. will meet this afternoon at 3 o'clock at 108 Dundas street, when a knickerbocker shower will be held.

The Harisouton Union W.C.T.U. will meet this afternoon at 2.30 o'clock in the Harisouton Union, 214 Bloor and St. Clair avenues. New members will be welcomed.

The Toronto Graded Sunday School Union will meet this evening in the Church of the Redeemer, corner Avenue road and Bloor street.

The Commander Holbrook Chapter I.O.D.E. sewing circle will meet at Mrs. Henchings residence, 37 Chivers avenue, today at 3 p.m.

The Canadian Business Women's Club will meet in the School of Education building at 3 p.m. Gilbert Jackson will speak on "The Problem of Unemployment."

The Samaritan Club's regular monthly meeting will be held at 10.30 this morning in the National Seaman's Association building, corner College and Ross streets. Miss Phoenix, social service department, will speak.

Admiral Hood Chapter L.O.D.E. will meet this afternoon at the residence of Mrs. Highgate, 120 Eglinton avenue, beginning at 2.30 p.m.

Thousands of Belgian babies are starving. One-half cent will buy one tin of milk which will keep one baby alive from two to three days. The need is urgent and milk will be shipped from the Patriotic League. Contributions should be sent to Belgian Baby Fund, Deacons' Home, corner of Avenue road and St. Clair avenues.

Loretto Alumnae will meet at 4 p.m. at Loretto Abbey.

Trafalgar Daughters will meet at 3 p.m. in the parlors of T.W.C.A., 21 McGill street.

PROMISES TO REPORT WEEKLY IN FUTURE

Aliens Are Detained and Must Stay in Canada Until End of War.

Fred Boshow, an alien, failed to report to the registrar of alien enemies during the past month and was ordered to be interned as a prisoner until the end of the war. He said he could not afford to pay the car fare, hearing what was in store for him he quickly changed his mind and promised to report weekly in future.

The wish of Paul Wild, a German, to be allowed to visit Florida because he is not wanted in Canada, had no weight with the registrar and permission was refused.

Conrad Herburg, who describes himself as a "banker," was refused an exit in Vernon B.C. where he said, "This diet is almost starvation one. Gottfried Moser wanted to leave Canada for the purpose of obtaining money from the United States in order to build a dam."

Theodore Schatte, a governor, will be allowed to leave.

GERMAN SUBMARINE SEEN AT SOUTHPORT

Supposed to Have Been the U21 Which Sank British Merchant Ships.

LONDON, Feb. 1, 2.28 p.m.—A message received here this afternoon from Southampton says that a German submarine, supposedly the "U 21," was seen off there early this morning.

Southport is a seaside resort of England in the Irish Sea 18 miles north of Liverpool.

FIRST NIGHTS AT THE THEATRES

QUAKER GIRL MORE POPULAR THAN EVER

Reappearance of Princess is Followed by General Appreciation.

A TUNEFUL COMEDY

Katherine Murray's Interpretation of Quaker Maiden Very Sweet and Dainty.

"The Quaker Girl" seems to have a hold on the attention of Toronto theatre-goers that time nor circumstance cannot relax. There is a freshness of appeal about this comedy that, having gained friends, seems to hold them fast forever. In spite of the heavy gate of sleet and snow last evening, a host of admirers turned out to welcome the return of the Princess, and to launch it well upon the week.

There are several reasons apart from the purely personal appeal, which go far towards establishing the popularity of "The Quaker Girl." One is the never-ending delight of the public in seeing portrayed the experience of one who comes from village life into the garish highways of a gay and broader experience. The evolution of little Miss Prudence from the modest flower blooming unsexed on her native heath to the full-blown blossom of society, which the world has grown to expect, and the change of which an audience loves to trace.

It is doubtful, moreover, that has appeared in many years any musical comedy of stability which embraces more tuneful selections. They are so many and varied that the score itself is always assured of a gracious reception.

Winnonnie, mischievous little miss is the Prudence of Katherine Murray. She invests the dainty Quaker with a sweetness of expression and a daintiness of deportment that make her conception vivid and satisfying.

On the shoulders of Chas. Clear, of English comedy, rests the responsibility for the bulk of the fun, and in every instance he makes the most of his opportunities. He is a delightful and original character, who brings out distinctively the vital features of the composition, and the ensemble from an important standpoint.

AN ATTRACTIVE SHOW OFFERED AT LOEWS

Sullivan, Keogh and Company present the feature act at Loew's Winter Garden this week. They portray the power of a political ward boss relinquishing its sway thru the influence of a winning "female man" as the secretary of the boss is prone to call her.

Burke and Harris' "Legions of Danes," singing songs of the evening, and dancing. The National Sea-land and Ross streets. Miss Phoenix, social service department, will speak.

Yvonne DuVal, in selections of opera and popular ragtime melodies, gave a very good account of herself, but it was left for Ben and Hazel Mann to furnish the real interest of the evening. The act of Ralph Ash and William Shaw, "Chinatown," was not given, as their trunks had not arrived, but they put on an important act that was thoroughly enjoyed.

THREE KILLED IN WRECK.

CINCINNATI, Feb. 1.—Three persons were killed and 15 others were injured in a collision between a traction car and a steam freight train on the Cincinnati, Hamilton and Forti-mouth Railroad, near Hamilton, Ohio.

Some of the injured are expected to die. The accident occurred during a dense fog.

RULES OF HEALTH FOR DYSPEPTICS

DIETING UNNECESSARY

There are two ways by which people who suffer from indigestion, dyspepsia, sour stomach, flatulence, etc., can overcome the trouble. First, as practically all cases of the above are directly or indirectly traceable to acidity and fermentation, they can eliminate from their diet all foods which ferment and form acid, such as all starches and sugar and foods containing them, thus prohibiting bread, potatoes, fruit and most meats. About the only safe foods are gluten breads, spinach and small quantities of white meat of chicken or turkey. This diet is almost starvation one, but it is sometimes quite effective. The second way, which appeals especially to those who like to eat hearty meals of good foods, is to eat what is ever reasonably digestible, neutralize the acid and stop fermentation by the use of a good antacid such as bisulphated magnesia, a teaspoonful of which in a little water immediately after eating or whenever pain is felt. Instantly owing to its simplicity, convenience and effectiveness, this latter plan is now being adopted instead of the old-fashioned, expensive, weakening starvation process. In this connection it is interesting to note that since the widespread use of bisulphated magnesia was established, many druggists have arranged to supply it in 5 gr. tablets or 3 or of which are equivalent to a teaspoonful of the powdered form and are much more convenient to carry.

TALK ON BASEBALL DELIGHTS THE FANS

Hughie Jennings Makes Hit at Shea's and is Followed by Good Bill.

Hughie Jennings, known to Toronto as the manager of the Detroit Baseball Club, and to many as a lawyer, made a good hit at Shea's yesterday in his new role as a vaudeville entertainer assisted by the vaudeville comedian, Ben Sini. The stories of the "diamond" were good.

The bill was a bright and full of variety, the numbers are full of surprises. Brandon Horst and his company, who sang the numbers, are full of variety, and the fact that the "cubans are turned on the villain" is most amusing, resulting in a happy climax that might have been a tragedy.

An act of considerable merit, beauty of scenic investiture, and graceful diving girls was that of the "Blue Ladies," who gave a splendid exhibition of fancy diving, swimming and various aquatic sports in the "diamond" pool.

Will Holt Wakefield was accorded a hearty reception in her turn. "The Lady and the Piano" in which she introduced a group of quaint, catchy songs to her own accompaniment.

Water, Gills and Company in a one-act farce entitled, "Don't Walk in My Shoes," provided plenty of excitement for the two college boys, the unfortunate young lady who did the walking, and incidentally the audience, who made that must lie beneath. Miss Blair's work as the vampish is to be classed among the best acting seen here. Her ability as a portrayeur of the deeper emotions is well known, but in this role she really outdressed herself. She makes the despicable character of the adventuress a brilliant one. Her pleas in such lines as "Kiss me my fool," contrasted with her eloquence in telling the story of the white rose and the red white love and the red love—displayed her ability in the strongest colors.

It is doubtful, moreover, that has appeared in many years any musical comedy of stability which embraces more tuneful selections. They are so many and varied that the score itself is always assured of a gracious reception.

HARRINGTON REYNOLDS IN A CLEVER SKETCH

Makes a Splendid English "Johnny" and Assisted by Good Company at Hipp.

Harrington, Reynolds & Co. in "The Cliff Clean & Co. have a good scene at the Hippodrome. Reynolds makes a splendid English "Johnny," and he is assisted by seven charming and well-trained girls. The sketch is very cleverly written, and a brilliant dramatic act, appears in the character of the secretary and John S. Marble as the butler are capable.

Miss Blair's production and company are all that could be desired, and as the popular actress has many friends in Toronto, her return to the stage is warmly welcomed, and especially at the matinee on Wednesday and Saturday.

PATRIOTISM PREVAILS IN REALISTIC FORM

"Patriotism" was roused to its utmost at the Gaiety Theatre last night. During one of the musical numbers, two models in military uniform, discharging arms. It is one of the most realistic scenic effects ever seen at a Richmond street-playhouse in some time.

"The Love Club" is the title of the two-act musical vehicle in which Harry Bentley and Harry Bentley and Harry Bentley are the chief characters. They are supported by a fine company of singers, dancers, and comedians. The production is a masterpiece of realism and is one of the best ever seen at the Hippodrome.

NEW FEATURE SEEN IN SHOW AT STAR

The many people in Toronto who had formed the opinion of late that all burlesque shows were the same, were given a great surprise yesterday afternoon at the Star Theatre, when they saw a new feature in a musical comedy. The production is a masterpiece of realism and is one of the best ever seen at the Hippodrome.

"ZANDORI'S SECRETS" AT THE PHOTODROME

"Zandori's Secrets" was the chief feature of an excellent program at the Photodrome, City Hall Square, last night. The story, which is excellently told by a company of first-class players, is in three parts. It is one of the most interesting features seen for some time at the photodrome, and is well worth a visit to the theatre.

On Wednesday and Thursday the feature of the program at the Photodrome, City Hall Square, last night, was a special three-reel drama, will be included in the bill.

SEVEN WERE KILLED BY A FALLING WALL

Workmen Were Clearing Away Ruins of Grand Rapids Factory.

Grand Rapids, Mich., Feb. 1.—Seven workmen employed in clearing away the ruins of the Brown & Schler factory here the last evening were killed today when one of the walls collapsed.

A dozen other men were caught by falling debris, and some of them were seriously injured.

The wall, already weakened by the fire, gave way without a moment's warning before the pressure of a heavy wind and sleet storm.

AUSTRIAN TROOPS MASS ON SERVIAN FRONTIER

Artillery Duel Begins Between Orsova and Servian Bank of Danube River.

Special Direct Copyrighted Cable to The Toronto World. Austrian troops according to a Servian report are massing between Temovar and Orsova. An artillery duel has begun between Orsova and the Servian bank of the Danube.

EUGENIE BLAIR IN "A FOOL THERE WAS"

Talented Actress and Capable Company Score at the Grand.

POEM PLAY A SUCCESS

Presented With Strength and Ability, and Appreciated by Large Audience.

Skilfully written and skilfully played is the verdict which must be written for the production of "A Fool There Was," by the present company, which headed by Eugenie Blair. As the reader undoubtedly has suspected, "A Fool There Was" is based on Rudyard Kipling's poem beginning with that line, and it tells the story of a woman who is wedded to the clever woman's wiles and man's downfall. From the playwright's standpoint it is an admirable piece of work.

The author has kept his line above the world at all times, never falling to point his men, but only in words of refinement, more of every eloquence and strength, and in the hands of the company that must lie beneath. Miss Blair's work as the vampish is to be classed among the best acting seen here. Her ability as a portrayeur of the deeper emotions is well known, but in this role she really outdressed herself. She makes the despicable character of the adventuress a brilliant one. Her pleas in such lines as "Kiss me my fool," contrasted with her eloquence in telling the story of the white rose and the red white love and the red love—displayed her ability in the strongest colors.

It is doubtful, moreover, that has appeared in many years any musical comedy of stability which embraces more tuneful selections. They are so many and varied that the score itself is always assured of a gracious reception.

Winnonnie, mischievous little miss is the Prudence of Katherine Murray. She invests the dainty Quaker with a sweetness of expression and a daintiness of deportment that make her conception vivid and satisfying.

On the shoulders of Chas. Clear, of English comedy, rests the responsibility for the bulk of the fun, and in every instance he makes the most of his opportunities. He is a delightful and original character, who brings out distinctively the vital features of the composition, and the ensemble from an important standpoint.

GREAT SUCCESS SUGGESTS MEANS TO PROVIDE WORK

Shorn of Orchestral Glories, Mendelssohn Choir Reaches New Heights.

IMPRESSIONS JUSTIFIED

Dr. Vogt Demonstrates Once More Wonderful Possibilities of Choral Music.

That the Mendelssohn Choir concert should be a success goes without saying, but that it should have been so successful, and necessarily restricted to a lighter class of music, was a program unquestionably popular, but more like one of ten years ago than of the mature and classical order records, was not absolutely assured until last night. Then it was doubtful if any previous concert had been quite so successful in the pleasure it bestowed, in the applause it elicited, and in the demonstration of the powers of the choir, not only undiminished after a year's fallow, but more vibrant, more tender, more now more delicate than ever before.

One comes to the Mendelssohn Choir wondering whether the impressions formed in the past have been justified. Other choirs have been heard and are marvelously better. It is, if the Mendelssohn choir is to be judged by the standard of the Mendelssohn choir, they would call up all the child nature in the depths of us, and in the demonstration of the powers of the choir, not only undiminished after a year's fallow, but more vibrant, more tender, more now more delicate than ever before.

DAILY MAGAZINE AGE FOR EVERYBODY

Treat Your Skin Now to Cure Next Summer's "Shiny Nose"

By LUCREZIA BORI
Prima Donna of the Metropolitan Opera Company, New York.

Special arrangements have been made with Senator Lucrezia Bori, the famous prima donna soprano, who has created a wonderful impression in Europe and New York on account of her remarkable beauty and artistic attainment, to write for this paper a series of articles on beauty. There is probably no authority her equal in giving the secret and most approved methods of attaining and preserving "the divine right of woman."

A skin which secretes abnormally much oil is not only a source of embarrassment to many women, and though it is far more annoying in summer than in winter, now is the time to apply remedies that will restore your skin to its normal condition before warm weather comes.

Use a Complexion Brush.
When cleansing the face, use as hot water as you can bear. Liquid green soap, and a complexion brush. The green soap should only be used occasionally—twice a week is sufficient—as the effect is drying to most skins.

A Few Helpful Hints.
The skin should be cleaned in this manner every night. Don't neglect to use the ablation with cold water. It closes the pores and stimulates the skin. If you use the face occasionally during the day with diluted alcohol, its percent strength, it will remove the shine from the surface.

Use a Complexion Brush.
When cleansing the face, use as hot water as you can bear. Liquid green soap, and a complexion brush. The green soap should only be used occasionally—twice a week is sufficient—as the effect is drying to most skins.

PETER'S ADVENTURES IN MATRIMONY

By LEONA DALRYMPLE
Author of the new novel, "Diane of the Green Van," awarded a prize of \$2000 by Ida M. Tarbell and S. S. McClure as judge.

LEONA DALRYMPLE
"Peter," she said, "I've been getting to that by stages."

LEONA DALRYMPLE
"I imagine," I said severely, "that you've been doing something highly foolish. You look guilty."

LEONA DALRYMPLE
"Oh, Peter, please, please don't think I had at that minute. I am merely stating a fact. I was not shocked at Joan's flirtation with her father's good-looking young chauffeur. I was not sorry that she had a good man."

LEONA DALRYMPLE
"I'm not going to excuse the emotion I had at that minute. I am merely stating a fact. I was not shocked at Joan's flirtation with her father's good-looking young chauffeur. I was not sorry that she had a good man."

LEONA DALRYMPLE

Secrets of Health and Happiness

Be an Alcohol Teetotaler

In Your Hair Tonics, Too

By DR. LEONARD KEENE HIRSHBERG
A. B. M. A., M. D. (Johns Hopkins).

A DISCOVERY recently and accidentally made in actual practice, which promises to be highly popular with both men and women, is that the administration of large doses of iron internally and the application of iron ointment externally makes gray hair dark.

There is no reservation or secret about this, but an easily tested fact that many persons whose locks have been touched with silver and snow, if given solutions of metallic iron—the tincture of the chloride of iron in alcohol—drop doses taken with a wineglass of water through a siphon, who simultaneously apply a paste or cream of carbonate of iron to the scalp, soon are rewarded as well as amazed by seeing the gray strands grow dark.

Luckily this method is without danger. Unlike most hair dyes, there is nothing poisonous in iron preparations. On the contrary, iron is a necessary agent in the human economic system. There is more than a motley medley of human enemies in the common run of hair dyes and tonics. The vicious substances to health which lurk in these concoctions may well be left to the imaginations of intelligent persons.

A Better Substitute.
The alcohol, ubiquitous and eternal, present in ninety of each hundred hair "restorers" and "tonics" adds a large quota of assassinated hair roots to those already cut down by the vicious substances to health which lurk in these concoctions may well be left to the imaginations of intelligent persons.

Diary of a Well-Dressed Girl

By SYLVIA GERARD

BOUDOIR CAPS AND SLIPPERS FOR THE SCRAPBAG
SOME one told Mr. Morrison, the minister—I have strong suspicions that it was Aunt Anne—that mother and I were experienced hands at engineering charity fetes and bazaars.

Accordingly, he called yesterday and poured into our ears a harrowing tale of poverty in the factory town eight miles from here.

It seems that the hands are only working half-time now, and that many of them are cold and are in actual need of food and clothing. He asked us to direct the bazaar to be held in the factory house for their benefit, and said that many of his congregation would help.

We gladly consented, and mother has been in her "element" since, planning and assigning the booths to different people.

She doesn't allow us to waste a minute and puts needles into the hands of all callers. Every one stitches an accompaniment to their conversation, and

DR. HIRSHBERG

Answers to Health Questions

Q. W. D.—Will you kindly tell me how to go about taking vaccines for porphria?

A.—The vaccines are made from the microbes which infect your teeth. These are killed by a specialist and injected with a hypodermic syringe.

Q. F. P.—I have at times a feverish pain in my left kidney which ceases as soon as I can feel it with my hands from the front side. Can you tell me the cause and suggest a remedy?

A.—Your diagnosis is wrong. No one can feel kidneys in front.

Q. W. E.—Would you please tell me how to train the voice without the aid of a teacher? My voice is very low. I can't afford a teacher. Is there any patent medicine that will make it bright?

A.—There are music teachers in the present who will help you without charge. There is no medicine that will help you.

Q. A. R. Z.—Please give me a remedy for the itch. I have tried sulphur ointment. Could it be carried from a wet laundry?

A.—Yes, it is often caught in this way. Rub kerosene into the parts. Then use calamine, 3 drams; zinc oxide, 3 drams; glycerine, 2 drams; phenol, 1 dram; lime water and rosewater enough to make 3 ounces.

Q. Dr. Hirschberg will answer questions for readers of this paper on all matters of hygiene and sanitation subjects that are of general interest. He will not undertake to answer questions for advice on individual cases. Where the subject is not of general interest letters will be answered personally, if a stamped and addressed envelope is enclosed. Address all inquiries to Dr. L. K. Hirschberg, care this office.

The Good-Night Story

THE MAGIC MEDICINE-BAG
By Vernon Merry

TALAMKI, the Huron, was hunting, when an eagle swooped down and snatched a foot on a branch just above his head. Before he could put arrow to string the bird said: "I am not a bird of prey, O brave hunter, but a chief's daughter, changed to an eagle by a wicked old medicine woman who is at blood feud with my father. Will you help me?"

"I will help you," said Talamki. "What shall I do?"

"Follow this trail into the deep woods," replied the eagle, "and there you will find a small lodge of deerkin. Inside you will find a little, old woman, who will make pleasant speech and offer you food and drink. Take neither, for if you do she will surely put you to sleep and your chance will be lost for another year. In her bosom the old woman carries a small buckskin bag fastened to a cord. In that bag are her charms, and you must secure it before midnight. I will know when you get it."

Talamki found the lodge late in the day, and, sure enough, a smiling old woman came to the door and offered him a gourd of water and a cake yet warm from the hearth. These he pretended to accept, but managed to spill the water on the ground and the cake he hid in his girdle when she was not looking. Then he sat down on a bench and pretended to go to sleep. The old woman came out and spoke to him, shook him by the shoulder and then drawing a little buckskin bag from her bosom waved it before him, muttering some words which he did not understand. This satisfied her, and she went into her lodge and wrapping herself in a blanket went to sleep.

Crawling like a snake, and with a little noise, the Huron crept into the lodge, and after many minutes succeeded in drawing the medicine bag from its hiding place and getting away without awakening her. Coming outside, he was greatly surprised at finding a beautiful young woman awaiting him. It was the chief's daughter, who was able to return to her own form the minute the medicine bag left the old woman's possession. Talamki took the maiden home to her parents, who were overjoyed. Of course they were married after that, and lived happily ever after.

ORIGINS of Some COMMON WORDS

Adieu formerly signified to God. It is an abbreviation of a benediction used by friends when parting.

Almanac was originally a dweller on the German heath, the last localities in Germany to accept the Christian religion.

Amnesia is borrowed from a Greek word. It formerly described one who was driven mad by sleeping in the rays of the moon.

TUESDAY MORNING, FEBRUARY 2

Federal Law and its Administration

Unless much greater vigilance is exercised by the federal and provincial governments and legislatures over the conduct of public companies incorporated under Dominion and provincial charters, the credit of Canada will certainly be seriously injured with British investors.

The need for this has just been strikingly shown in the convictions obtained in the prosecution just closed of two of the Union Life officials. In expressing his concurrence with the verdict of the jury, the trial judge remarked that not only was the scheme a pure and simple gamble with the people's money, but money was procured in England at a time when both the Union Life and its associated company, the National Agency, were insolvent.

Another concern that requires strict and rigid investigation is the Dominion Trust Company of Vancouver. The scandal it has provoked is flagrant, but so far the government of British Columbia has given no evidence of any desire to probe its conduct and to prosecute any and all who have violated the criminal law.

This again raises the point frequently made by The World, that offences against federal law should be dealt with by federal courts and prosecutors. Division of responsibility inevitably results in miscarriage of justice, and the matter is one that should certainly be dealt with by the Dominion Government and Parliament.

Caring for War Veterans While the British people of today have had no previous experience in war of the kind now being waged in Europe and throughout the world, they are facing its problems with calmness, prudence and efficiency.

With literally millions of men under arms and withdrawn from their usual employments and with many difficulties to confront the government, the opposition and indeed all classes of the community have set themselves earnestly to work and risen to the occasion with a unity of spirit and sentiment that proves them worthy descendants of the British of the past.

They are determined, too, that the scandal will be avoided of leaving the heroic men who are fighting the nation's foes in the field to return with their honors only to meet with ingratitude and neglect.

Colonel Claude Lowther has outlined in The London Daily Express a practical scheme for securing that all soldiers whose places have not been kept open will be provided with suitable employment.

He proposes that each county shall look after its own men and with that object his own County of Sussex has been divided into districts and an agent, voluntary where possible, has been appointed to each district.

His duty will be to prepare a list of all employers, ascertain the number of workmen who can be employed after the war and to arrange that labor shall only be obtained thru the organization. The labor exchanges of the government board of trade are expected to cooperate with the county organization and Colonel Lowther also suggests other methods of recognizing and assisting the needs of maimed and disabled soldiers.

Austria-Hungary Rumor is persistent that the old emperor of Austria-Hungary seriously contemplates the resignation of his double crown.

Little surprise would be occasioned were it found to be true in his case. Francis Joseph ascended so far back as 1848 and for the long period of 67 years he has been in ac-

tual rule. Terribly tragic has been a reign that opened with the Hungarian revolution and seems likely to end in the dismemberment of the empire. The crushing of Hungary was attended with acts of infamy that can never be condoned—the only plea that can be made for Francis Joseph is that his youth and inexperience left him a helpless and hapless tool in the hands of his ministers and his generals.

Alike in the history of his nation and of his family this emperor has had to sustain calamities that have seldom, if ever, fallen to the lot of any one man. Yet he has survived them all and by the force of his personality has succeeded in holding his disunited empire together.

To have done so during these stormy years is in itself no small achievement when the extraordinary variety of the races under his rule is remembered. Slavs of many branches, Magyars, Germans and Latins are all included and it says much for his native capacity and ability to learn from experience that he has steadily developed more liberty and toleration in the conduct of the government.

But it may be that the crisis brought about thru the German lurch for world dominion and the repeated failure of his armies to sustain their part in the war has proved too formidable for his powers. Disaffection is rampant among his Slav subjects and the Hungarians who have been as bitter oppressors of the Slavs as the Austrian-Germans have no faith in the prospect of being subjected to Prussian domination.

Hungary certainly will not imperil its own future by fighting to the death for the sake of assisting Prussia and furthering Russian victories in Transylvania may result in the opening of negotiations for a separate peace.

To Commemorate Sir James There will be no two opinions about the proposal of the Ontario Cabinet to erect a statue of Sir James Whitney in Queen's Park. It is believed that a democratic people, such as Canadians aspire to be, too frequently overlook the ideal, the romantic and the sentimental side of life in the struggle for material realities.

There is no greater reality than hero worship, even when the worship has been rendered to one who is not a hero. After all, people do not worship a hero, but the ideal man they believe him to be. Kaiser Wilhelm is worshipped by millions of Germans today, but they may change their minds. They might still worship a man who was what they conceive Kaiser Wilhelm to be, but the hero unmasked is a hero no longer.

Happy, then, the hero who is all his people think him to be. "Whatever record leap to light he never shall be shamed." Sir James Whitney had the good fortune to be what he seemed to be. He never posed unless it was to discount his own merits. He rendered sterling service to his country. He was a man of his word, and he went further in reforms for his province than any of his followers seem willing to go in comparison.

If there were no other great measures associated with his name, and there are many, the hydro-electric system of Ontario alone would render him worthy of a monument. His statue will stand in Queen's Park, and if he wish we consulted, we believe it would occupy a similar position in front of the west part of the building to that of J. Sandfield Macdonald, who was Sir James' own hero, both early and late.

British Industry in War Time Trade conditions in Britain are good generally, notwithstanding that in certain lines, notably the cotton industry, diminished demand has entailed restriction of employment. It is satisfactory, however, to find that a progressive improvement has occurred since the early months of the war.

Indeed in the period from July to December there has been an actual diminution in the number of unemployed, due in part to the large government orders for war supplies and in part to the withdrawal of men who have volunteered to serve their country in the field. It speaks volumes for the patriotism of the British workman that in some of the most prosperous trades the percentage of enlistment is exceptionally high.

These interesting facts are contained in a report, recently issued by the department of the board of trade in the government, on the state of employment in December. They show, the report says, that employment figures are not very far from normal. But while this is true all over it is also the case that a big transformation of industry has taken place due to the loss of private business and the great expansion in government requirements.

The transition has been effected, on the whole, much more smoothly than might have been anticipated, the considerable room still exists for further adjustment of trade conditions. The fact that short time and war time are found together even in the same trade and the same district reveals the need of better co-ordination.

LLOYDS RAISED RATES DUE TO SUBMARINE RAID LONDON, Feb. 1, 3:30 p.m.—The German submarine raid in the Irish Sea caused a commotion at Lloyds, and insurance rates stiffened generally. The Atlantic rate ordinarily is five shillings (\$1.25) per cent, but the underwriters now are asking ten shillings (\$2.50), and in some cases 15 shillings (\$3.75). What little business is being transacted, however, is believed to be at the lower figures.

THE SHADOW OF THE BEAR

THREE CONSERVATIVES RETURNED UNOPPOSED

South Waterloo, Jacques Cartier and London Vacancies Filled—Fight in Terrebonne.

Special to The Toronto World. GALT, Feb. 1.—The names of Frank Stewart Scott, shoe manufacturer of Galt, and the Conservative party's candidate, was the only one submitted at the by-election nomination meeting for South Waterloo, held at the Preston Town Hall this afternoon.

ENLISTMENTS AT GALT UP TO EXPECTATIONS Five Hundred Men Already Supplied for War by Western Ontario Town.

Special to The Toronto World. GALT, Feb. 1.—Galt responded to the call for volunteers for the 34th Battalion, now quartered at Guelph by supplying 185 men of the 290 asked for. About 400 men offered themselves, but the remaining 214 could not pass the medical examination.

CAPT. MALONE HURT IN FALL AT HOME Veteran Sailor at Kingston in Serious Condition—Fort Wellington Repaired.

Special to The Toronto World. KINGSTON, Feb. 1.—Seventy-five prisoners were taken from Fort Henry today and transferred to the detention camp at Hearst, Ont.

GRAY LONDON MEMBER. Canadian Press Despatch. LONDON, Feb. 1.—William Gray was declared elected as member of the house of commons for the City of London at today's nomination.

BRITISH MAIL CLOSES. A British and foreign mail (via England) will be closed at the general postoffice at 5 a.m. today, with supplementary mail at 11 a.m.

CANADIANS TO TAKE MUSKETRY COURSE

Ranges Erected and Men Will Be Given Thoro Training at Salisbury.

GREAT CARE EXERCISED

Lack of Proficiency in This Branch Hold Men Back From Front.

By a Staff Correspondent. LARKHILL, Jan. 10.—Christmas and New Year are past and we start the year in which so many things are going to happen. When we might be two weeks from today it is impossible to say as the rumor is around again that the regiment may go to Egypt.

Not only that but as we were gathered around the table one heard many expressions of what last Christmas was spent as the questionable nature of where our next would be. Lieut. Col. Currie and the officers spared no effort to make our Christmas as enjoyable as possible. In a series of talks to the officers and non-coms he is giving much of the theory and experience learned by the best authorities in England.

Ontario Collects Succession Duties Claim of Province Holds Good Regarding Estate of Late Donald F. Fisher.

In a judgment given out by Judge Winchester yesterday morning an interesting legal point was decided in a claim made by the Province of Ontario against the estate of the late Donald Fraser Fisher, who died in Toronto, Oct. 13, 1912.

Government Chooses Sessional Speakers Magdalen of Timiskaming and Sinclair of South Oxford Speak on Opening Day.

Two Conservative members who face the legislature for the first time have been invited to the opening of the session by the speaker of the House, Mr. V. A. Sinclair, who defeated Mr. T. B. Mayberry (Lib.) in South Oxford at the last election, and Thomas Magdalen of Timiskaming, who was delegated to his task by the Ontario Government.

Power Versus Railway. Judgment was reserved in the action of the Toronto Hydro-Electric Company before Judge Morson yesterday afternoon against the Toronto Street Railway for \$48.35, the cost of damages alleged to have been caused when one of their automobiles was struck by a Parliament car at the corner of Bay and King streets on November 19, 1914.

Will Shift Prisoners. In accordance with the announcement some weeks ago that prisoners at the old Central prison on King street would be moved this month, the provincial secretary is counting on the shift to Guelph taking place on or about Feb. 23. Warden Gilmour will be in personal charge of the prisoners during the change of quarters.

Another Move Upon Warsaw is Likely General Attack Along Front is Believed to Be Developing.

Canadian Press Despatch. PETROGRAD, Feb. 1.—Russian military authorities believe that Field Marshal von Hindenburg is planning another thrust at Warsaw, and that in fact he is already developing a general attack along the Warsaw front. Military activity recently has been confined to limited spheres, but the events of the last few days are regarded as indicative of a change in tactics. Especial significance is attached to the great violence with which the Germans are resuming their attack in the Wyszogrod district at the junction of the Bzura and Vistula rivers, 140 miles from the front.

Will Shift Prisoners. In accordance with the announcement some weeks ago that prisoners at the old Central prison on King street would be moved this month, the provincial secretary is counting on the shift to Guelph taking place on or about Feb. 23. Warden Gilmour will be in personal charge of the prisoners during the change of quarters.

Curling Tankard Finals Begin Today--Draw Hockey St. Andrews 9 St. Michaels 2

DRAW IS MADE FOR THE TANKARD

Seven Clubs Play at Four Local Rinks This Morning--Harrison Defaults.

Play in the Ontario Tankard gets under way this morning at 9:30 o'clock on four local rinks, with seven clubs competing.

Winners of the morning games will play at the same rinks in the second round of the Tankard, and the losers will come together in the first round of the Governor-General's competition.

Table with 2 columns: Club Name and Score. Includes Agincourt, Toronto, Peterboro, etc.

LADIES' TANKARD. The Ladies' Tankard competition will be played at Peterboro on Thursday, Feb. 18.

CENTRAL ONTARIO CURLING. Kingston Frontenac play Riverdale at the Rink tomorrow night in a senior O.H.A. fixture.

BASKETBALL. On Wednesday night the All Saints' Intermediate O.H.A. team will play the City Playgrounds five on the floor.

WHERE TO LUNCH. Krausmann's Grill, King and Church streets, Mon. to Sat. 8 to 10 p.m.

WENT ON TOUR. On Saturday morning seventeen members of the Junior Young Men's Bible Class at St. John's S.S. took a trip to Brantford to play the Y.M.C.A. of that city in hockey and basketball.

ENGINEERS TO HOLD DINNER. At the annual dinner of the Engineering Society of the University of Toronto, Premier Howard, Mayor Church and ex-Mayor Deacon of Winnipeg will speak.

SHOT AT BROKE. Lansing shot at broke. Bernard shot at broke. McGaw shot at broke.

STAND HOTEL. THE NEW LUNCH COUNTER & GRILL. OPEN 8 a.m. to 11 p.m.

KING GEORGE WILL CONTINUE TO RACE

The spring handicap entries for the English thoroughbred racing season, which commences in March, include King George's smart four-year-old, Sunny Lake, which is entered for the Lincolnshire Handicap.

This entry puts an end to the speculating reports widely circulated that his majesty was to retire from active participation in the sport until the end of the war, and in addition to this, the King has expressed a wish that no alteration be made in the racing calendar arranged for the coming season.

There is so much encouragement to be found in the comparative table of entries for the spring handicaps that the following tables are interesting:

Table with 2 columns: Race Name and Entries. Includes Lincolnshire Handicap, Liverpool Cup, Queen's Prize, etc.

Argonauts, home from their American jaunt, are in good condition for their game with St. Michaels at the arena tonight.

The Argos will play particular attention to Frank Rankin, who is in a despicable position. He is going better this year than ever before and will be hard to stop.

St. Josephs of the Beaches League will practice this evening on the Broadview City O.H.A. rink at 7 o'clock.

Jack Dean's Speeders defeated Bain's All-Stars Friday night at Vermont Park in a sensational game, which went fifty minutes overtime.

The regular weekly shoot of the Balmy Beach Gun Club will be held on their grounds, Eastern avenue, on Saturday.

SWIMMING AT CENTRAL. The races in the weekly swimming handicap at Central Y. last night resulted in two close contests, as follows:

Table with 2 columns: Swimmer Name and Time. Includes J. J. Maughan, R. Carlyle, P. Burnett, etc.

Montreal Herald: Speaking of imitations, Ed. Livineston's outfit seems to be the team which put the "sham" in "Shamrocks."

Table with 2 columns: Swimmer Name and Time. Includes Lansing, Bernard, McGaw, etc.

ONTARIO TANKARD CURLING RECORDS

Fortieth Annual Final Competition Starts This Morning--The Draw.

The 40th competition for the Ontario Curling Association's silver tankard is being held this morning at the Toronto Queen City and Granite Clubs.

Table with 2 columns: Player Name and Score. Includes Ontario Press, Saughton, Brantford, etc.

FIVEPIN LEAGUE

Table with 2 columns: Player Name and Score. Includes Wellington, A. Boston, Weir, etc.

ST. ANDREWS LOOK LIKE CHAMPIONS

Have an Easy Time Downing St. Michaels--Must Win Wednesday.

St. Andrews look like champions of Junior O.H.A. group No. 4. The Scotchmen were all over St. Michaels yesterday and won as they pleased, the final score being 9 to 2.

St. Michaels were much too light yesterday and the good team play and expert chocking by St. Andrews was their downfall.

St. Andrews led 2 to 1 at the end of the first period, at the second rest 3 to 2 and the final 9 to 2. St. Andrews should win the group handsily.

WEDNESDAY FIXTURES DECLARED OFF

McNamara Boys Called to the Beside of Their Dying Father.

The three McNamara brothers received a telegram from the Soo last night stating that their father is sinking rapidly, and the trio hurried for the northern city.

It was not until late in the afternoon that the McNamara boys were notified that the Wednesday fixture with Wanderers is off.

Montreal outfit takes exception to this, and wants the game played. This is rather poor sportsmanship on the part of the Wanderer outfit.

It would have been inhuman to ask the McNamara boys to stay over in Toronto while their father was dying at the Soo, and the Shamrocks had no intention of doing this.

The whole matter has been left in President Quinn's hands, but the Shamrocks will not play, no matter what the consequences.

Harry Hyland, the Wanderer forward, who was knocked out when he collided with Cully Wilson at the arena on Saturday night, has concussion of the brain.

He was unconscious for an hour Saturday night and will be out of the game for a week at least.

EATON'S

BETTER OUTLOOK FOR STEEL TRADE

Subsidiary of Corporation Advances the Price of Finished Product.

WALL STREET HIGHER

Whole List Responded to Betterment in Metal Trades—Money Easy.

Canadian Press Despatch.

NEW YORK, Feb. 1.—Advances in the price of finished products by one of the steel subsidiaries of the U. S. Steel Corporation, another rise in the price of pig iron to the highest price since the outbreak of the war, and the consequent rise in the price of steel, are attending the public offering of the new 4% bonds, which were over-subscribed, were factors of favorable import to today's market. Stocks rose from one to two points over last Saturday's final quotations, but dealings were somewhat irregular.

U. S. Steel declined to its new minimum of \$35 on steel today.

U. S. Steel declined to its new minimum of \$35 on steel today, but made a partial recovery, after which it manifested no definite trend until announcement was made of the higher price of pig iron to two points over last Saturday's final quotations, but dealings were somewhat irregular.

Money for all dates was again in free supply.

Money for all dates was again in free supply, open rates being quoted at 4 1/2 per cent, but actually easier in special instances. London and all continental exchange rates were steady.

U. S. bonds were firm, reflecting the enquiry for the new 4% issue.

U. S. bonds were firm, reflecting the enquiry for the new 4% issue, par value, \$1,488,000. U. S. bonds unchanged on call.

MINNEAPOLIS GRAIN MARKET.

MINNEAPOLIS, Feb. 1.—Wheat—No. 1 hard, \$1.52 1/2; No. 1 northern, \$1.47 1/2; No. 2, \$1.44 1/2 to \$1.49; May, \$1.49 1/2. No. 3 yellow, 74 1/2 to 75. Oats—No. 1 white, 57 to 57 1/2. Supplying the Canadian Family with Hosiery

Canadian Mills have furnished us with tremendous stocks of well made Hosiery for our February Sale, in addition to which our buyers have secured excellent British made Hosiery that contributes to the exceptional variety and uniformly high grade of the sale stocks.

THE PRICES are founded on the desire of the manufacturers to give the public their best at the lowest possible figure. THEY ARE UNSURPASSED.

BE AMONG THE EARLY BUYERS, while the entire variety is here for your choosing.
