LAURIER SURPRISED AT ENGLISH DOUBTS OF U.S. INTENTIONS

Scoffs at Idea of Annexation Being Seriously Considered on Either Side of Border and Protests His Own Loyalty—A Prominent Figure at Pilgrims' Dinner in London.

SIR EDWARD GREY ON THE MONROE DOCTRINE

(Canadian Press Despatch).

LONDON, May 23.—The dinner of the Pilgrims' Society to-night, in honor of the colonial premiers, was historic because of unexpected and noteworthy plain speaking by Sir Wilfrid Laurier, the premier of Canada.

He began by expressing amazement that during his three days' stay in England he had heard so many people of standing voicing their doubts concerning the designs of the United States regarding Canada.

He declared that Canada and the United States proposed to continue to live together as two nations with the longest boundary extending from ocean to ocean living in peace and mutual respect.

The dinner was in contrast to a similar event on the occasion of a former conference, because that was purely British imperialistic in tone.

The original order was amended by striking out the provision for a subway and inserting a clause providing for the erection of a bridge at the junction of King and Queen-streets.

The plans are to be filed at once, and the expense will be taken care of as provided in the original order.

The bridge will not only mean a saving of some \$50,000, but will also be equal to the demands which will be made upon it during the years to come.

Secretary Grey declared that the British government endorsed the Monroe Doctrine.

Defining the Monroe Doctrine as meaning that no European nation should acquire more territory on the American continent, he added: "Our policy is in full accord with that doctrine."

Referring again to the arbitration treaty, Sir Edward said that this treaty was not only the seal upon the satisfactory relations now existing, but would be security for the future.

The American consul-general, John A. Griffiths, responded. He said it was a matter of gratification and pride to the American people when President Taft struck the highest moral note of his generation.

"This is the first time since that historic declaration," said the consul-general, "that the representatives of all English-speaking countries have been gathered together, forming a sort of informal social Anglo-Saxon parliament, and have had the opportunity of expressing their complete approval of those memorable words."

Estimates furnished by Mr. Mountain, chief engineer of the railway commission, showed that the bridge will cost \$115,000, with land damages amounting to \$245,000, a total of \$360,000.

The speaker ridiculed the suggestion that without periodical strife men became weak, and dwelt upon the romance of peace, happy homes and populous cities.

3000 CADETS ARE REVIEWED BY EARL GREY

Empire Day Celebrated in Toronto by Great Gathering in Queen's Park, Following Parade of School Children—Decoration of Monuments Was Ceremony of Striking Picturesqueness.

Sons of the blood. That is the spirit of Empire Day, as observed in the schools of Toronto yesterday.

"This has been the happiest day of the seven years of my term as governor-general," said Earl Grey.

The girls, too, performed their part well—260 of them. They handled the garlands. Two schools were assigned to each monument.

Praise must be given to the public school bugle band. Under the leadership of John Slater, these laddies won words of praise from everybody.

By Eugene L. For. Praise must be given to the public school bugle band. Under the leadership of John Slater, these laddies won words of praise from everybody.

It was six years ago since he first made the acquaintance of the children of this city. It was a beautiful day and his excitement at the meeting of his family still recalled with unending satisfaction the pleasure they had derived from the ceremony on that occasion.

He congratulated Inspector Hughes and the various authorities concerned on the steps they had taken to make this annual ceremony a more and more important exposition of the loyalty of Toronto.

Two years ago the number of uniformed cadets was about 600. They had now reached over 3000.

Last year it had been their privilege to receive from the hands of General French, the South African general, the colors presented by the various Toronto branches of the Daughters of the Empire.

Since he last had the pleasure of meeting them, a splendid move forward had been made in the character-making of the people.

The struggle of last year had been for the possession of liberty. It was now becoming generally recognized that the possession of liberty would be maintained.

REFUSED BELL CO.'S REQUEST.

SADNIA, May 23.—News was received yesterday from the Dominion Railway Commission that the Bell Telephone Company had been denied its application for an increase in the long distance rate between Sarnia and Detroit.

The management of the Princess Theatre will be congratulated in having an attraction like "Madame Sherry" for race week.

The speaker ridiculed the suggestion that without periodical strife men became weak, and dwelt upon the romance of peace, happy homes and populous cities.

KILLED BY LIGHTNING AT SAULT STE. MARIE

Barns Burned in Neighborhood of Midland—Hail Does Damage in Minden and Vicinity.

SAULT STE. MARIE, Ont., May 23.—(Special.)—George Sayers, 21 years of age, was instantly killed this afternoon by lightning, while engaged on cement floor work in the west end.

WELLAND, May 23.—(Special.)—The electrical storm on Monday night caused considerable loss by fire in the section west of Welland.

Heart Failure From Heat. MONTREAL, May 23.—Another death was recorded to-day as a result of the sweltering weather that hangs over the city.

Hail Breaks Minden Windows. LINDSAY, May 23.—Between the hours of 4 and 5 to-day a severe hail-storm covered this village and surrounding section, including the Village of Minden.

Vagaries of the Thermometer. QUEBEC, May 23.—A drop of 23-1-2 degrees in the temperature is a sample of the weather which has been prevailing in Quebec since Sunday.

BISHOPS PROTEST. LISBON, May 23.—A collective protest of the bishops against the separation law has been issued. It consists of a long exposition in four sections.

Aviator Killed. STRASBURG, Germany, May 23.—During an aeroplane competition here this afternoon the aviator, Lammlein, fell 200 feet and was instantly killed.

FARMERS' BANK VICTIMS DETERMINED TO FIGHT

Nearly \$400,000 in Stock Represented at Milton Meeting—Fund to Resist Call.

MILTON, May 23.—(Special.)—Amid great enthusiasm, a resolution determining to contest the double liability, to pay 3 per cent. on shares for costs and 2 per cent. later on if necessary, was passed unanimously at the meeting of shareholders of the defunct Farmers' Bank in Milton yesterday.

Under the leadership of Dr. Anderson of Milton, who was in the chair, and William Laidlaw, K.C., of Toronto, their legal representative, they debated long on the rights of W. S. Fielding and the probable necessity of calling him as a witness in the battle they declare they will fight.

When we examined the correspondence between Travers and the minister of finance," said Mr. Laidlaw, "we decided to take the stand that the certificate was procured by fraud and perjury, and that owing to this the bank should never have been allowed to go before the public for business."

Mr. Laidlaw cited the defence precedent, the case of the Bank of Upper Canada, in which the certificate was cancelled and the shareholders relieved from the double liability.

Mr. Laidlaw will bring the case before Referee MacAndrew.

FIRES THREATENED VILLAGE

Started by a Spark From a Passing Locomotive. HALIFAX, May 23.—Forest fires at Hubbard's Cove this afternoon threatened the destruction of the village, but fortunately the efforts of a hundred men, who turned out to fight the flames, prevented a general conflagration.

It was always the "Twenty-fourth of May" that figured largest in our school-day outings. The day has grown larger with us as the years go into history.

There are a lot of crippled and deaf-mutes who are busy this day of ours that would enjoy the Lyman H. Howe Travel Festival at the Royal Alexandra Theatre next Saturday morning.

LIBERALS WAGE BIG CAMPAIGN IN QUEBEC

Holding 250 Meetings Throughout Province in Next Seven Weeks—Opposition Also Active—Everything Points to Hurred Election—A Difference of Opinion.

(Canadian Press Despatch). MONTREAL, May 23.—Following by a few hours only the opening of the political campaign by the Nationalists of this province, the Liberals will open the biggest political campaign ever made outside of a general election campaign in this province.

Not less than 250 Liberal meetings will be held throughout the province during the next seven weeks; there will be at least three or four meetings in every electoral riding and large general mass meetings will be held in the different districts.

On the opposition side also the campaign will be waged with activity. In Conservative local members for one of the counties surrounding Montreal is authority for the statement that a fund of \$2,000,000 will be available to defeat reciprocity.

Two Points of View. The World's special forecast in yesterday's paper as to the chances of an early election does not chime with an article in The Globe of the same date.

The Globe's forecast is that when the house meets in July the opposition will oppose supply, will oppose a redistribution measure, and will oppose the consent to go to the country.

Some Significant Statements. The Globe's article is worth reprinting for the political information it contains. It runs as follows:

THE OPPORTUNITY OF THE WEST. Globe, May 23.—In an interesting forecast of political probabilities the Ottawa correspondent of The Globe says that the Liberal members of parliament were warned before the election that the Liberal party might come very soon after recess.

It is a matter of common knowledge that the Liberal party would have gone to the country ere this on the reciprocity issue had redistribution been possible in advance of such an appeal.

Mr. Laidlaw will bring the case before Referee MacAndrew.

LET IT BE KNOWN. There are a lot of crippled and deaf-mutes who are busy this day of ours that would enjoy the Lyman H. Howe Travel Festival at the Royal Alexandra Theatre next Saturday morning.

Hot Weather Does Not Do Away With Big Functions in West End.

WEST TORONTO, May 23.—(Special)—Keen interest is being shown by the students at Humboldt Collegiate Institute in their approach to the day on Friday next, and the seven events will have no lack of competitors. The principal, Mr. F. C. Colbeck, B.A., has promised to award a silver medal to the best all-round man of the day and each of the winners in the different events will receive a medal with a suitable inscription. The second prizes are to be school crests which are woven in silk in the school colors and two or three inches in diameter. Mr. Saunders, a member of the staff, is acting as general instructor.

Court Toronto Junction, No. 164, held one of the largest attended and most successful meetings in the history of the lodge, in St. James' Hall to-night. The work was ably put on by Court Weston degree team, several candidates being initiated. It was unanimously decided to organize a degree team in Court Toronto Junction, and an emergency meeting was called for initiation only on Wednesday next, May 31. After the general business the court repaired to the banquet hall where a well ordered supper was provided for them. Addresses given by several visitors and members of the lodge. The Empire Day concert given to-night by the members of the choir of St. Paul's Anglican Church, Runnymede, proved a great success. The program was a most enjoyable one and the soloists by the choir included works from Sir Edward Elgar, Sir Alexander Mackenzie, Sir W. Sterndale Bennett, Sir J. Barnby, Dr. Arne, and other celebrated composers. Addresses were given by Rev. Canon Bryan, Mr. J. Castled Hopkins, on Empire Day subjects. The entire program was under the direction of Mr. J. M. Rhodes, the organist and choir-master of the church.

SUTTON.

SUTTON, May 23.—(Special)—This village will expend \$500 in sinking a silver well, and if successful the installation of a system of waterworks will be carried out without delay. The growing importance of Sutton renders it imperative that some forward step along this line be taken at once.

THE FRANK ELLIOTT SALE.

A credit sale of cattle and horses took place on the premises of Frank Elliott, York and Scarboro town line, yesterday. A good crowd of buyers attended. Forty-eight head of cattle, Holsteins and grades, were sold, also some horses. The purebred Holsteins brought from \$150 to \$75 each, and the grades \$75 to \$90. Nine horses sold from \$100 to \$500 each. D. Beldam, the well known auctioneer, officiated.

NORTH TORONTO.

NORTH TORONTO, May 23.—(Special)—A short and comparatively unimportant meeting of the finance committee was held to-night, when a number of routine accounts laid over from last meeting were put thru. At midnight Ex-Mayor John Fisher was very low and his early demise was regarded as not improvable by those in attendance. There is little in the way of excitement promised locally to-day and a general exodus east, west, north and south is looked for.

EARLS COURT.

Youth Fell Thru Glass Frame, Cutting Hand Severely.

EARLS COURT, May 23.—(Special)—The injuries which befell young Harry Robinson, son of W. A. Robinson, florist, at the corner of Dufferin and St. Clair, yesterday afternoon, while playing with a glass frame, were very serious and to-day he is doing as well as could be expected. Young Robinson was assisting his father in the greenhouse and while walking from one part of the grounds to another, and carrying some material, he fell thru a glass frame. One of his thumbs was crushed to the bone and the hand severely lacerated.

ST. CLAIR AVENUE WIDENING.

People Along Roadway Say Scheme Will Be Bungled After All.

There is a good deal of criticism among the property owners along St. Clair-avenue at the irregularity which has become manifest in the way in which the street widening is to be carried out. Between Yonge-street and Avenue-road, according to the plans now prepared, there will be 36 feet, an increase of 20 feet over the present street. From West-end-road to Randall-avenue 17 feet will be cut off either side. From the Roman Catholic Separate School at this point, to Oakwood, the extra width will be all from the north side, gradually tapering from 16 feet at the corner of Oakwood-avenue to 10 feet at Frederic-avenue the land to be expropriated all comes from the north side, until the Vaughan-road is reached, when it runs out, and the increase comes from the south side. Again, at Russell Hill-drive the expropriation is taken equally from either side, until Kendal-avenue is reached, when it gradually tapers process the extra width is again on the north side. From Avenue-road to Yonge-street ten feet is taken off each side of the roadway.

"Kiddies," make some other children happy whose parents are not so well off as yours, by sending them the above coupon. They can go to the Royal Alexandra Theatre free next Saturday morning. They will have lots of fun with Lyman H. Howe, who will take them to "old" London, France and many other places and show them motor-boat racing, the launching of the biggest boat in the world, and heaps of other things. If you know of sick children, send their names to the Circulation Manager of the World, and he will see that they are taken to The World's free theatre party next Saturday morning.

BISHOP DECLINED TO ACT.

Rev. Arthur Alton Henry Wright, Anglican minister of the Village of Stouffville, died on May 12, 1911, and in his will he nominated the Right Rev. James Fielding Sweeney, Bishop of Toronto, as executor of the will and guardian of his two children. Bishop Sweeney, however, renounced all right and title to probate and execution of the will and letters of administration have been applied for by The Trusts and Guarantee Co., Limited, which was annexed, was practically followed out. The estate is valued at \$6191.82, and consists of \$500 household goods; insurance \$2000 and cash in hand \$2891.82. His son and daughter each receive \$2500, and \$50 is left to the widow and orphan fund of the Diocese of Toronto, and \$50 to St. Alban's Cathedral. De-

EARLS COURT.

Youth Fell Thru Glass Frame, Cutting Hand Severely.

EARLS COURT, May 23.—(Special)—The injuries which befell young Harry Robinson, son of W. A. Robinson, florist, at the corner of Dufferin and St. Clair, yesterday afternoon, while playing with a glass frame, were very serious and to-day he is doing as well as could be expected. Young Robinson was assisting his father in the greenhouse and while walking from one part of the grounds to another, and carrying some material, he fell thru a glass frame. One of his thumbs was crushed to the bone and the hand severely lacerated.

ST. CLAIR AVENUE WIDENING.

People Along Roadway Say Scheme Will Be Bungled After All.

There is a good deal of criticism among the property owners along St. Clair-avenue at the irregularity which has become manifest in the way in which the street widening is to be carried out. Between Yonge-street and Avenue-road, according to the plans now prepared, there will be 36 feet, an increase of 20 feet over the present street. From West-end-road to Randall-avenue 17 feet will be cut off either side. From the Roman Catholic Separate School at this point, to Oakwood, the extra width will be all from the north side, gradually tapering from 16 feet at the corner of Oakwood-avenue to 10 feet at Frederic-avenue the land to be expropriated all comes from the north side, until the Vaughan-road is reached, when it runs out, and the increase comes from the south side. Again, at Russell Hill-drive the expropriation is taken equally from either side, until Kendal-avenue is reached, when it gradually tapers process the extra width is again on the north side. From Avenue-road to Yonge-street ten feet is taken off each side of the roadway.

O'RIOLES WIN THE SECOND STRONG FINISH BY LEAFS

O'Hara Had Good Day With Bat-Shaw Put One Into Bleachers - Other Games.

Baltimore won from the Leafs yesterday after a most interesting game by 5-4. The game was late in starting owing to a downpour of rain, causing a delay of half an hour. Rudolph, who started for Toronto, was in anything but good form and had to be relieved by Mueller at the end of the fourth inning.

Tommy Atkins was Messager Dunn's selection, and he worked nicely up till the eighth, when the Leaf batters commenced to get to him. His place was taken by Doc Atkins, who, he touched up freely, managed to hold the game safe.

O'Hara had a good day with the bat, getting a double and two nice singles. Shaw, hit for a homer and Fitz, who is still playing for Delahanty, had a couple of nice singles.

Parent had three nice hits for the Orioles and his fielding was of high order. Mickey Corcoran, while playing a nice game at third, also had two hits, as did Tommy Atkins.

Baltimore won in the first Parent walked, Rath popped to Bradley; Corcoran got a single; Schmidt flew to O'Hara, but Heltmuller uncorked a three-bagger over Shaw's head, two runs scoring. Walsh fanned. The side was retired in order in the second and Parent, after a nice single, was caught at the plate in the third. In the fourth, with one out, Young forced Atkins' hit and Maisei beat out a bunt. Egan doubled to right, scoring two runs. Atkins singled, as also did Parent, scoring Egan. Rath forced Atkins at the plate and Corcoran struck out. This made the visitors' total five, which proved sufficient to win the game.

While the Leafs got a hit in each of the first, second, third, and fourth innings, it was not until the sixth that a run was scored. Shaw doing the trick by putting the ball in the bleachers for a homer. Cocher got a double in the seventh, but nothing resulted. In the eighth Fitzpatrick hit over second. O'Hara got his third hit of the game, a single to right. Shaw forced Fitz at third, but single by Jordan and Bradley drove in two runs. Tommy Atkins was chased at this period and Doc Atkins made Kocher pound out to first and Mueller pitched the remainder of the game, allowing only three hits, and worked in great style.

O'Keefe's PILSENER LAGER

The Light Beer in the Light Bottle

Canadians laugh at any talk of the superiority of 'imported lagers'.

They know that O'Keefe's 'Pilsener' Lager is a purer, better beer than anything imported into Canada.

They know that O'Keefe's 'Pilsener' is brewed only of the choicest hops and malt—which cannot be said of any American lager.

Cather Will Pitch Morning Game, With Dygert for Orioles

Jack Dunn and his Orioles will be the Leafs' opponents to-day at 10.30 a.m. and 2.30 p.m. at the Island stadium. Manager Kelley will send in Tom Cather in the morning game and Ed Killian or Jim McGinley will do the twirling in the afternoon.

Baltimore will use Dygert to oppose Cather in the morning and it should be a great battle. Rube Vickers, who pitched such a good game on Monday, will go on the mound for the visitors in the afternoon fixture. There will be a special boat service for both games and the reserved seats will be on sale at the Bay Tree Hotel until 2 o'clock.

Big Tereau, the Leafs' twirler who came along with Rudolph from the New York Giants, is laid up with a strain received a couple of days ago and will be unable to pitch for a few days at least.

Dr. J. G. McPherson's Hackneys Auctioned At the Repository

There was a big crowd at the Repository when the sale commenced at a little after 10 o'clock yesterday. Dr. J. Gordon McPherson's hackneys were sold and they were a splendid lot. J. E. H. Barnett of Renfrew, Ont., purchased Sir Rufus, a ch.g. by Red Squire for \$875. There was very spirited bidding over this horse, and Mr. T. A. Crow of Crow & Murray, vied with Mr. Barnett for the possession of the horse from a bid of \$200 up. Finally, however, Mr. Barnett made the successful bid of \$875. Mr. C. A. Burns officiated as auctioneer, and it was possibly due to him that Sir Rufus came up to his price. This horse will, no doubt, be heard from again if Mr. Barnett intends to show him.

Sault Ste. Marie, Ont., bought a ch.m. for \$217.50. J. Nott of Hamilton, Ont., purchased a b.g. for \$120. Paddy Brock got a b.g. for \$215. Sherwin Willows of Carleton Place, Ont., got a load of 18 horses. M. Brennan of Perth, Ont., got two good horses, one a b.g., at \$190 and a g.m. for \$125. H. J. Ash purchased a g.g. for \$195. W. N. Scott of Milton got a g.g. McKinnon of Port Arthur, Ont., got a few good horses. William Neilson got four good horses for his ice cream delivery. C. Mason bought 4 big horses for western shipment. C. Baillie bought a br.m. for \$175. The Maple Farm Dairy got a bk. g. for \$87.50. T. M. Mechlin of Belleville, Ont., got a b.m. for \$80. H. Golden got a r.g. for \$175. G. Nott of Hamilton got a b.g. for \$147.50. J. Nelson a b.g. for \$125. The Lake Simcoe Ice Co. purchased three bay geldings for \$725.

There were a lot of horses offered and the Repository still have a good supply on hand, and will have a few more made in as well for the Friday auction.

The Home Of Kuntz's ORIGINAL LAGER. Here, in Waterloo—the only home of the ORIGINAL Kuntz's Lager—the house of Kuntz has grown thruout fifty-nine years. That growth attests the rare quality of Kuntz's ORIGINAL Lager—a quality which surpasses that of any other beer brewed or drank in Canada. Look for the star on the label.

Canada Drank 6,400,000 Glasses Last Year. From the modest beginning David Kuntz made in 1852 the products of the Kuntz Brewery have steadily grown in popular favor until, last year, over 6,400,000 glasses of this delicious beverage quenched the thirst and helped the health of Canada. One vital reason for the excellence of this fine lager is the perfect purity of the water which is its base. The flavor of any lager largely depends upon the quality of the water used to brew it; and the Kuntz Springs yield a water that is exactly right chemically and absolutely pure naturally. Other brewers must depend upon artificial means to purify the water they use. That is why the ORIGINAL Kuntz Lager possesses an exquisitely fine flavor in contrast to the heavy, flat taste ordinary lagers offer. Look for the star on the label and find super-quality in the bottle. Demand ORIGINAL Kuntz's Lager, brewed only in Waterloo for nearly sixty years. Tell your dealer you are tired of imitations of Kuntz's Lager. Tell him to get in line with The KUNTZ Brewery, Limited, WATERLOO.

**CIVIC IMPROVEMENTS
DIFFICULT IN ENGLAND**

**T. H. Mawson, Liverpool, Speaks
on Town Planning—Praise
For Civic Guild.**

T. H. Mawson, lecturer on civic planning in Liverpool University, was the guest of the civic guild of art and board of trade at luncheon yesterday. The difficulties in carrying out improvements in the old country were much greater than in Canada, Mr. Mawson declared, as this was a new country and had not such acute problems.

The housing problem was a very serious one in England. It must not be thought, however, that organization was lacking in England. Collective action in building villages and towns was coming more into vogue and a great deal of prejudice was being overcome. It was in Germany, he stated, that the most far-reaching policies of such kind were laid down.

Philadelphia Conference.
The conference on city planning, held in Philadelphia last week, was by far the most important yet held in America. There were from 150 to 200 delegates present, representing every important city of the United States, as well as cities in Canada and Europe.

The exhibition of city planning contained over 1000 drawings, maps, photographs and models, showing city planning, and improvement undertakings from all over America, and many cities of Europe. Such exhibits as these, illustrating the improvement plans for Chicago and Washington, were exceedingly valuable, both as planning exhibits and as works of art.

Toronto Prominent.
Among the multitude of exhibits, the civic guild's plan for the improvement of Toronto made a very creditable showing. The outstanding lesson of such an exhibition probably is that every city's problem of development is an individual one, which it must solve for itself by the application of right principles.

Baltimore is making an effort to secure the conference next year.

PASSED GARBAGE BYLAW
Fire Limits of Brockville Also Extended by Council.

BROCKVILLE, May 23.—(Special.)—On the recommendation of the board of health, the town council passed a by-law providing for the collection and removal of garbage at the expense of householders. The prescribed area includes the bulk of the town. The fire limits of the municipality had also been extended, with a view to better fire protection, and all private vaults and outdoor closets are to be closed by May 1, 1917.

WIDOW GETS NOTHING
Estate of Farmer Suicide Goes to His Children.

BROCKVILLE, May 23.—(Special.)—George Burt, the South Crosby farmer who committed suicide in April, left an estate valued at \$14,000. It is divided among the children of the testator, nothing being left to his widow, who is a native of New York State with a neighborly view to the care of the neighborhood.

**PROSPECTS OF KENT
APPLE CROP IS FAIR**

**Exceptional Yield of Small Fruits
Expected—Eastern Ontario
Farmers Rejoice.**

CHATHAM, Ont., May 23.—(Special.)—Apple buyer Thomas M. French states that the prospects for the apple crop in Kent are fair. There are some sections, he says, where the trees look very well and others where they are not so good. Cherries, plums and peaches and others of the smaller fruits, he says, will be an exceptionally heavy yield. The acreage of the strawberries is not large, but the crop will be very heavy.

SCHOLARSHIPS FOR G. T. R. MEN.

MONTREAL, May 23.—(Special.)—An official circular from the head offices of the Grand Trunk Railway announced the offer of four free scholarships, each covering four years tuition in the faculty of applied science of McGill University for competitive examination by applicants and other employees of the company under twenty-one years of age, and by minor sons of employees.

Found Body in Slip.

KINGSTON, May 23.—(Special.)—The steamer Caspian in the slip at the Coal Co.'s wharf, turned up the body of a man, who has not yet been identified. He wore an overcoat and rubbers and had evidently been in the water since winter. He was middle-aged and heavily built. As the police have no report of a man missing, he is thought to be a stranger.

Railway Board Will Wait.

No action will be taken before the Ontario Railway and Municipal Board respecting the civic car lines, or the subsequent interchange of traffic until the city council has acted on the detailed estimates of the city engineer.

Scarboro Bluffs offers a combination of advantages unequalled anywhere. Nature and Art have combined to make it a delightful spot for a home, especially during the summer season. Its scenic beauty has for years attracted thousands of admiring people from all parts of the city every season. The artistic beauty of its winding drives through wooded glens and broad boulevards leading to the water front where palisades extend nearly perpendicular for two hundred feet above the water, giving a commanding view for miles around (including even Niagara-on-the-Lake). Its approach, dotted with palatial homes and bungalows, indicates the appreciation of this location by the fond lovers of select homes, and at once places it in a class all its own.

To-day is a Holiday. Why not go up to

FOREST HILL HEIGHTS

that beautiful and healthy residential property and pick out a lot for yourself? That would be both a healthful and profitable way to spend a few hours.

Less than five years ago land around the north side of St. Clair Avenue was selling at \$18.00 to \$20.00 per foot, that same land to-day is selling at from \$90.00 to \$125 per foot.

Land from Eglinton Avenue South between Bathurst and Avenue Road should and surely will sell at as high or higher prices within the next four or five years.

Don't let this opportunity slip past you!

Forest Hill Heights is situated less than 3/4 of a mile from the present city limits, and is south of Eglinton Avenue.

Forest Hill Heights sub-division was only put on the market about ten days ago and is nearly all sold now, there being only a few lots left.

We can sell you single lots at Forest Hill Heights for from \$20.00 per foot up, about one-third the price at which lots are being sold for only a few hundred yards east and south, right now, and the same or lower prices than the adjacent properties are being held at wholesale by the score.

Intending purchasers will be gladly taken to the property for personal inspection and selection.

\$100 Cash is all that is necessary to secure one of these 40-ft. lots—balance on easy terms.

TWO SHAFTS GOING DOWN AT PHILADELPHIA MINE

Deloro Properties Being Proven Up at Depth—Foreign Capital Interested.

PHILADELPHIA MINE, May 20.—(From Our Map Up North.)—With two shafts down 90 and 80 feet respectively, and every effort being made to cross-cut to connect up the two openings in as short a time as possible, the Philadelphia Porcupine Mines, in the extreme north-east part of Deloro and northwest shore next to the Whitney line, mark the most easterly spot in this section of Deloro where prospecting work is under way at present.

The work is in what the superintendent calls a dyke, a very wide stretch of quartz running thru a ridge of schist, which takes almost a west and east strike. Free gold values have been found in the rock carrying sulphur, and Carr Phillips, who has been in charge of the work on the mine, left recently for Swatara where he will spend two months prospecting claims which he staked there two years ago.

The Philadelphia-Porcupine Mines are backed principally by foreign capital and not until the claims are thoroly worked out and the values determined will the company issue stock to the public.

The group of claims on which work is now proceeding were taken over last December. During the winter months were built and preparations made for spring work. Enough prospecting had been done during the fall before snow came to make it possible to tell where shafts should go down, and early in January sinking was started.

Toward the last of April two small boilers and steam hoists were added to the equipment, and now depth is being made more rapidly. Surface prospecting is also underway. The formation here is similar to that found on Southern Whitney.

Charles Fox. MADE SIDEWALKS BUCKLE

Concrete Couldn't Stand Sultry Weather of Past Few Days.

The excessive heat during the past few days has caused the concrete sidewalk in front of Dr. Copps' residence, of Wellesley-street, to expand and rise. It is now in badly broken condition. This cement was laid about nine or ten years ago, and the heat of previous summers has not affected it in the least.

The concrete sidewalk on the Church-street side of Metropolitan Church is also in one spot, buckled in like manner.

Great Reforms Come Slowly.

Always we have caught them napping, the street railway are converting their closed cars into open ones by degrees. It takes a gang of about two hours to take off the outside windows and put on the dower step. The upper step, or running board, is always on.

During the past week an arrangement has been made between the city and the street railway with the result that all the cars line up at night, and the cars are being flushed at night.

HUNTING FOR NEW LEADS AT UNITED PORCUPINE

Company Doing Aggressive Prospecting Pending Arrival of Power From Sandy Falls.

PORCUPINE CITY, May 20.—(From Our Map Up North.)—Now that the month is drawing to a close and the hot weather is already in sight, work for the summer is being planned for on the United Porcupine properties, which lie two, and a half miles to the south of Golden City in the township of Whitney, where the company hold 220 acres.

During the winter months little was done in the way of prospecting except to locate quartz leads in the 1600s where trenching and cross-cutting were done to determine width.

Now a force of 10 men will be set to work prospecting to locate more quartz outcroppings where trenching has been done to uncover and show up the extent of whatever may be found.

The United Porcupine Mines have two promising leads of quartz running north and south thru ridges that have been traced thru both claims. The quartz is heavily impregnated with iron. As only test pits have been put down, Superintendent Yull is not in a position to state what values may be expected across the entire leads which extend in many

places 200 feet in width. Good values have been found in places and free gold taken from many of the quartz outcroppings.

New camps have been built and now a force of 20 men may be accommodated. Considerable clearing has been done this spring.

Charles Fox.

PROPERTIES FOR SALE

TAKE NOTICE! READ THIS AD.

THERE WILL be something in it to interest you if you want to buy a high-class home at a bargain. We have built about seven hundred in the past five years—sold them all but seven of the best houses we have built. They are in the best section of the northern part of our great city—increasing in value every day. We are offering the best values ever offered anywhere in Toronto for some time. We have only one five-roomed, one seven-roomed, three eight-roomed, one nine-roomed, and one ten-roomed, left, ranging in price from \$2000 to \$12,000. \$500 to \$6000 cash required, the balance suitably arranged. Everybody don't know that Love Bros. have gone west for this time to dispose of their large interests there. Consequently we need the ready money. Don't pass judgment on these houses until you have seen the inside of them and the surroundings. Some of them are beautifully decorated; others can be done to suit you. We also have a few choice building lots for sale at \$60.00 and \$80.00 per foot, value steadily increasing. One party has refused \$6000 per foot. D. M. Johnston, 24 Woodley avenue. Phone North 247. Hollinger Shows It Can "Come Back" --- Advances 80 Points

Porcupine Market Boils Over Fire Loss Was Overdiscounted

Hollinger and Rea the Star Performers, But Other Issues Move Higher Also—Cobalts Show Few Signs of Vivacity.

World Office, Tuesday Evening, May 23. There was a strong undercurrent of bullish sentiment on the gold stocks in evidence on the mining exchanges today, the general feeling in brokerage circles favoring the idea that the losses incident to the fire in the Porcupine had been much overdiscounted, and that in consequence the market was due for a good advance.

Trading was founded on this idea all day, and the improved buying bore eloquent witness to the fact that the deduction had been a good one. It was also likely that there were some or less short covering over the holiday; if this be true, then the insecurity of the immediate short position was ably demonstrated, for prices were raised in a manner which could only indicate that holders were not disposed to put out stocks, except at good advances, and even then only in dribs and drabs.

Hollinger continued the star performer, and the net advance for the day in this one stock ran into 80 points, placing the shares back within speaking distance of the recent high record established. The opening price was \$11.50, or ten points below yesterday's last sale, and the stock was up to \$12.45 by noon, and later resumed its advance, until \$12.70 was reached, when this was not until after the closing call.

The announcement that a new deal was pending in Rea was taken as a matter of bullish import, and the shares opened up 40 points at \$8.40, but lost half of the advance by noon. Toward the close the shares firmed up again, and \$8.34 was reached before the close of business.

Advances of greater or less extent were made by the other Porcupine stocks which followed the course of the big issues. Swastika moved up 3 points to 64; Dome Extension up 2 to 61; Pearl Lake advanced 1 1/2 in the rally, selling up to 58, or four points above the opening price. Vipond, on the other hand, was easy, the shares dropping back to 45.

The Cobalts showed no appreciable change from the apathy which has characterized the market recently, and outside of an advance of a point in Beaver, which sold up to 41 1/2, there was nothing in the dealings worthy of comment.

AN OBVIOUS INFERENCE. A mining engineer calls attention to an article on the Doble mine published in The Sunday World this week. It is stated in the item that diamond drilling has been finished and good results to the 1250 depth in five holes have been indicated. This should have read 1250 feet of depth in the aggregate, as Mr. Fox's intention to convey the idea that five holes had been bored, to an average of 250 feet, or in all aggregating 1250 feet, is obvious.

AIDED THE SUFFERERS. The Vipond crew were magnanimous to their attempt to help the Hollinger men, and the camp was thrown open to the sufferers, and food and bedding supplied to fill all needs. The Vipond itself was not injured in any way.

Miles Flynn, one of the original holders of the Vipond, cabled from London yesterday that he had succeeded in getting a large block of Hollinger stock in that market during the slump incident to the over-exaggerated reports of the fire.

Reports Exaggerated

Our special information from the Porcupine Camp enables us to state that many of the reports have been exaggerated. HOLLINGER will be the principal sufferer, but the management of this mine has already started in to replace the damage done.

Short Interest Eliminated on Wall Street—Market Quieter

Irregularity in Stock Market But General Trend is Upward

New York Stocks Move Up and Down, Closing With Small Advances in Evidence—Toronto Market Rather Uncertain.

World Office, Tuesday evening, May 23. The absence of speculation and likewise any extent of investment left the local market to-day pretty much in the hands of the price makers.

Certain issues had standing orders from buyers, and in these the bid prices were not met except under conditions.

The local market relapsed in to dullness this afternoon, due partially to the pending holiday and partly to the attraction of the races.

Sentiment was riveted in Rio during the morning, and the shares advanced to over 110, a rise of a full point. Speculators, who bought a few days ago on the Sao Paulo movement cashed in and it is to the credit of the price wall at 104 1/2 till the close.

Sao Paulo, after its reaction, is in the doubtful stage and holders with profits are wondering why they did not get out at 175 while buyers are taking a chance at a 2 1/2 point reaction. Uncertainty of the price is sufficient to take charge of them.

Semi-speculative stocks occupy this position at present and the impressions of a broader and more active market may not yet be seen. The outlook is still sufficiently doubtful to prevent the moneyed interests from taking a chance on something not altogether certain.

EXCHANGE HOLIDAYS.

Stock exchange holidays are likely to be amplified according to the number of new British sovereigns. King George's birthday will be celebrated on June 3 next, according to charter, but by some oversight the late King's birthday was not observed. The coronation of the present King will be observed by a holiday on June 23, and this might also include June 24, although this at present has not been decided. Today being Victoria Day, all the Canadian stock and mining exchanges will be closed.

DIVIDEND NOTICES

BANK OF MONTREAL

Notice is hereby given that a Dividend of Two-and-one-half per cent. upon the paid up Capital Stock of this Institution has been declared for the current quarter, and that the same will be payable at its Banking House in this City, and at its Branches, on and after Thursday, the First Day of June next, to Shareholders of record of 15th May 1911.

By order of the Board,
E. S. CLOUSTON,
General Manager.

Montreal, 28th April, 1911.

WALL-STREET TRADING.

NEW YORK, May 23.—An open conflict of speculative sentiment unsettled the stock market to-day and prices moved irregularly. The most aggressive operations were in the shape of selling movements directed against the market leaders, particularly United States Steel and after an early decline followed by a rally an unmistakable reactionary tendency developed. The downward movement was not decisive however, as was shown by the quick rally, which was supported shortly before the close, when supporting orders were distributed and a large part of the day's losses were recovered.

The weakness was most pronounced in United States Steel, which fell off sharply in the face of severe pressure. The movement against this stock was especially heavy in the afternoon when some 300,000 shares were sold at 74 1/2, the stock holding firmly at that figure, however, in spite of every attempt to force a further recession. Blocks of 1000 to 3000 shares were thrown on the market, but they were absorbed readily, and the stock rallied with the rest of the list before the close.

Amalgamated Copper was the strongest of the active stocks. This demand for this issue presumably was based in large part upon the improved condition of the copper metal market in which a decidedly firmer tone developed to-day. Bulling interests generally reported general buying and a substantial volume of business. American Smelting was also in good demand. It was reported that this company had arranged to take over the remaining \$13,000,000 of the common stock of the American Smelting & Refining Co. from Guggenheim & Co. of the total of \$30,000,000 of this issue, the American Smelting already possesses \$17,000,000. The Hill stocks, concerning which there was much gratuitous information of a bullish nature, showed further strength to-day, as did Western Union, which has come into demand of late.

MUSIC AT SCARBORO BEACH.

The following patriotic musical programs have been arranged by Vesta and his Venetian band, and will be rendered at Scarborough Beach this afternoon and evening. Afternoon—1. Coronation March, Meverbeer. 2. Semiramide, Overture, Rossini. 3. Canadian Medley, introducing "The Maple Leaf for Ever," Herold. 4. Zampa, Overture, Herold. 5. In Old Quebec, introducing O Canada, and Vive Le Canada, A. W. Hughes. 6. Beretta from Lucia, Louis Calandrelli. 7. Pasquale Calandrelli, com. Joseph Fulgione. 8. Frank Bell, trombones. 9. Pasquale Calandrelli, com. Joseph Fulgione. 10. British Grenadiers. 11. God Save the King.

Evening—1. March Triumphant. 2. Quinary Overture, Herold. 3. Valse des Fleurs, Dilliboy. 4. In Old Quebec, Hughes. 5. The Chocolate Soldier, Strauss. 6. Ophelia Overture, Meyerbeer. 7. Ross Secenada. 8. Bernard. 9. Martha Overture, Flotow. 10. United Empire March, Hughes. 11. God Save the King.

SMELTERS' FINANCES

Company Will Take Over Balance of Smelters Securities Shares.

NEW YORK, May 23.—It is understood that the American Smelters and Refining Co. has decided to take over the balance of American Smelters Securities Co. held by the Guggenheim Exploration Co., amounting to nearly \$13,000,000 common stock. The American Smelters Refining Co. already owns \$17,751,000 of the total authorized \$30,000,000 common of American Smelters Securities.

It is the belief in well-informed quarters that the taking of the \$13,000,000 common stock will be followed during the coming year by the beginning of dividend payments on the common shares of the American Smelters Securities Co. The earnings of this corporation have increased decidedly since its organization, and are now understood to be at the rate of nearly 10 per cent. per annum on the common stock.

MONTREAL STOCK MARKET

MONTREAL, May 23.—Montreal Power, Shawinigan, Detroit United, and Steel Corporation were the active issues on the Montreal stock market to-day. Power in the early market advanced to 114, reacting to 114. Shawinigan was strong in sympathy, selling up to 115, reacting to 114. Detroit United was in good demand and strong, selling up to 72 1/2, reacting to 72 1/2. Steel Corporation eased off to 67 1/2, reacting to 67 1/2. There was some good buying of British Columbia Packers' common, which advanced to 84 1/2. The exchange will be closed until Thursday morning over Victoria Day.

STEADY MARKET IN LONDON.

LONDON, May 23.—Money was in increased demand to-day for repayment to the banks which are preparing for the settlement at the end of the month. Discount rates were firm in sympathy.

The stock market was quiet and uninteresting. Copper, diamond, rubber and oil shares hardened and consoled were steady, but the other sections sagged. Underwood has secured enough support to insure only a fifty per cent. wool tariff cut.

WASHINGTON—John D. Rockefeller is to be prosecuted criminally if a resolution introduced in the senate to-day by Senator Pomerene of Ohio is adopted.

Union Castle Mail Steamship Co. and other unsuccessful defendants in the anti-trust conspiracy to restrain trade secure reopening of case on strength of Standard Oil decision.

At St. Louis the hearing of the Missouri trust developed that the large lumber companies agreed on curtailment of production and that uniform action was taken regarding prices.

PITTSBURGH—Tobacco have been advised that contracts for wire nails made some time ago at \$1.75 Pittsburgh, and under, will be terminated June 1, and that all quotations thereafter will be made on a basis of \$1.80 Pittsburgh.

Highest Price Yet

The Montreal Stock Exchange seat owned by the late Senator Forget has been purchased by E. Shephard for \$30,000. This is the highest price ever paid for a Montreal seat.

MAY LIST R. AND O. IN LONDON.

Richelieu and Ontario Navigation Company will be listed in London as a result of the merger. The Furness syndicate will hold about 25,000 shares of the stock, and it is said they have agreed not to market any in Canada.

Cotton Markets

Ericksen Perkins & Co. (J. G. Beatty), 14 West King Street, report the following prices for the New York cotton market:

Oct.	16.11	16.12	16.13	16.09

Cotton Gossip.

Ericksen Perkins & Co. had the following at the close of the market:

Today's trading was quiet and uninteresting. Cotton market was in a narrow range with the professional element awaiting developments. Little stimulus was derived from the cables, which reported the Liverpool market for both spots and futures dull. The weekly weather report was generally regarded as a setback. Conditions aside from the Caribbees are good. In the eastern belt August showed a tendency to reduce the discount needed. In the old crop market the price is held up by the widest of the short interest. Speculators have the course to follow is to avoid the near positions. Notwithstanding the cotton price is unfavorable regarded and an opportunity is looked for over the June reports.

MARKET HANDLED TO SUIT THE DEMAND.

World Office, Tuesday Evening, May 23.

That the local market is still upbuilding is indicated by the daily movements. After a flurry in one issue a resting period is permitted to allow of realizing, and when this has reached its limit the advance is proceeded with. Rio confirmed to this theory to-day, and, in a lesser degree, so did Pacific-Burt. The limited amount of speculation prevents a broad market, and those on the inside operating for a rise are governing themselves accordingly. Investment buying is still in effect, and this provides the sustenance for at least a market steadiness.

EARNINGS PILING UP.

The April statement of the Montreal Street Railway shows a surplus of \$121,252, which is nearly \$12,000, or 10.30 per cent., better than last year. For the seven months the surplus is \$724,489, an increase of \$25,484, or 3.51 per cent. over a year ago. Gross earnings for the seven months are \$2,525,030, an increase of \$239,885, or 10.1-2 per cent. over 1910.

ON WALL STREET.

Ericksen Perkins & Co. had the following: One or two interests were credited with selling 50,000 to 75,000 shares of U. S. Steel early in the afternoon for the most part, causing a dip in the price to 79 1/8. Steel quickly rallied to 79 3/4 carrying other stocks with it. The effect was regarded as reassuring. The street argued that it meant good absorptive power; that people rushed in to buy when they saw bargains. The buying power is unquestionably better than it was before last Tuesday. If anybody had undertaken to sell 50,000 shares of one stock before the Standard Oil decision it would have resulted in a considerable setback. Some argued that today's offerings came from the bull clique; that it has 200,000 to 400,000 more of various stocks to sell and that its policy will be to rush the market, as it did to-day, after rallies. Our view of the market is that a cautious policy will be best and that stocks should be bought only on a basis of moderate turns, at least for the present. We think stocks will sag off again before next Monday, when the Tobacco decision will be stated down. Charles Head & Co. to R. E. Bongard; irregularly prevailed in London prices this morning and our market opened quiet and uninteresting. Amalgamated Copper was an exception, gaining 1-4 in initial sale, rising 3-4 further on rumors of coming cooperation with the Standard Oil decision. The afternoon was much reduced in volume and prices shaded slightly, but the last half hour was noticeably strong and closing prices were practically at highest point.

Americans in London irregular. Pittsburgh Coal preferred will pay back dividends. There has been withdrawal from sub-treasury, \$1,250,000 gold coin for shipment to Canada. LONDON—Copper closing: spot, 45s, unchanged; futures, 45s 12s 6d, unchanged. American Canneries preferred declared regular quarterly dividend of 1 1/2 per cent., payable July 1. Trunk line presidents oppose rates suggested by Erie and Delaware & Hudson for new river and rail route to Chicago. Washington reports that Chairman Underwood has secured enough support to insure only a fifty per cent. wool tariff cut. WASHINGTON—John D. Rockefeller is to be prosecuted criminally if a resolution introduced in the senate to-day by Senator Pomerene of Ohio is adopted. Union Castle Mail Steamship Co. and other unsuccessful defendants in the anti-trust conspiracy to restrain trade secure reopening of case on strength of Standard Oil decision. At St. Louis the hearing of the Missouri trust developed that the large lumber companies agreed on curtailment of production and that uniform action was taken regarding prices. PITTSBURGH—Tobacco have been advised that contracts for wire nails made some time ago at \$1.75 Pittsburgh, and under, will be terminated June 1, and that all quotations thereafter will be made on a basis of \$1.80 Pittsburgh. Highest Price Yet. The Montreal Stock Exchange seat owned by the late Senator Forget has been purchased by E. Shephard for \$30,000. This is the highest price ever paid for a Montreal seat. MAY LIST R. AND O. IN LONDON. Richelieu and Ontario Navigation Company will be listed in London as a result of the merger. The Furness syndicate will hold about 25,000 shares of the stock, and it is said they have agreed not to market any in Canada.

Trimmed Hats. A Sale--

SALE of Trimmed Hats on Thursday ought to be popular. The hats are not over-trimmed, but we are not so sure about the prices, as some of these have been trimmed till there is not half the original left.

Trimmed Hats are not allowed to remain very long in our showcases, our space is too valuable, and the continual flow of new hats coming from our work-rooms has to be provided for.

10.00 to 18.00 Hats for 7.50

7.50 to 10.00 Hats for 5.85
