CANADIANS GAIN ON 100-YARDS FRONT NEAR LENS

GEN. CURRIE'S Press Forward Two Hundred Yards and Beat Off Counter-Attack-- Sir Douglas Haig's Message to Forces Declares Full Triumph is Assured by Strength of Troops in Field and Backing at Home--Lloyd George Makes Stirring "Win-the-War" Speech.

UNITY ALONE CAN WIN WAR BELLOD GEORGE'S CLARION CALL

Warning Given That National Disunion May Be Promoted by Other Than Pacifists--Haig's Offensive Fully Successful--Hardest Pull of Long Climb in Prospect.

London, August 4.—(Via Reuters' Ottawa Agency.)—Right Hon. David Lloyd George was the principal speaker at a distinguished gathering held this afternoon in Queen's Hall.

Here we are, a free country, whose power is defended by free men, and who are brilliantly maintaining it. I see the Germans are very well satisfied with the last battle. Well, all I can tell them is this, that the distinguished commander-in-chief of our army on the western front took all his objectives in that battle. I am not speaking of something that was done after the battle. He was good enough to inform us beforehand what his objectives were.

Now that is the kind of battle to which I am alluding. We like advancing; we like retreating. We like taking prisoners; they like surrendering. We like smashing their trenches and their barbed wire and their machine gun emplacements. But that takes time and will assure the Kaiser's peace, but the prisoners who come in tell us a different tale.

But whilst the army is fighting so valiantly, let the nation behind be strong and steady. The strain is great on nations as on individuals, and when men get overstrained their tempers get heated and small grievances are exaggerated into small misunderstandings and mistakes swell into mountains. Long wars, like long voyages and long journeys, are very trying to the temper and make allowances.

There are some who are more concerned about ending the war than about winning it, and plans which lead to victory, if they prolong the conflict have their disapproval, and the people who are responsible for such plans have their condemnation. Let us keep our eye steadily on the winning of the war, and may I say, let us keep both eyes. Some have a dart in their eyes, and whilst one eye is fixed securely on victory, the other is wandering around on other issues or staring stonily on some pet project of their own.

The last ridges of the climb are always the most trying to nerve and endurance. But the real test of mountain climbing is not the ascent of a few hundred or few score of feet in the climb upward. The climber turns back when he is almost at the top, and he never becomes a mountaineer, and the nation that turns back and falters before it reaches its goal never becomes a great people. We have had experience in climbing in England and in

British Premier's Message

I see the Germans are very well satisfied with the last battle. I can tell them that Sir Douglas Haig took all his objectives. He was good enough to inform us beforehand what his objectives were. If anyone promotes national disunion he is helping the enemy. The hurt is deeper if he is for the war, for the pure pacifist is discountenanced as far as the war is concerned.

THREE MILLION FRENCH BLOCK GERMAN ARMY

France Maintains Largest Army She Ever Raised in War Zone.

TO LAST LONG TIME Ally Also Has Sufficient Heavy Guns for Requirements.

Washington, Aug. 5.—France is stronger today in fighting men and war materials than at any time during the war, despite three years of terrific combat, of which a great share has fallen to the French armies. This is the cheering message to the American people given by Andre Tardieu, high commissioner of France to the United States, in a formal communication to Secretary Baker, setting forth a detailed statement of what the devotion of the French people has made possible.

RUSSIAN ARMY FIGHTS BETTER NEAR FRONTIER

Korniloff Infuses More Gincer Into Troops—Resistance Grows Stronger.

KERENSKY IN CONTROL All Political Parties Get Behind Premier to Check Invasion.

London, August 5.—The Russian political situation has become calmer. Premier Kerensky has withdrawn his resignation, and there are continued indications of the strengthening of the morale of the Russian armies on the southwestern front. With all political parties behind Premier Kerensky in his effort to solidify the provisional government, it will be possible for him to carry out stronger measures for the safety of the revolution. The new head of the army, General Korniloff, also will be able to use more stringent means in keeping the Russian soldiers to their duty.

LINE OF CLEAVAGE IN WESTERN CONVENTION

Oliver and Dr. Clark Expected to Lead Opposing Factions on Issue of Union Government--Delegates Pour Into Winnipeg.

Winnipeg, Aug. 5.—Although the big western Liberal convention does not formally open till Tuesday morning, the delegates are pouring into Winnipeg from all parts of the west, and the leading hotels are already taxed to capacity. Premier Martin of Saskatchewan and a number of his cabinet arrived yesterday, as did Premier Sifton of Alberta. Premier Brewster and the British Columbia contingent are expected at midnight. The train from Ottawa, arriving this evening, brought a number of parliamentarians, including Dr. Clark of Red Deer, W. A. Buchanan of Medicine Hat, Dr. J. P. Molloy of Provencher and Messrs. J. G. Turritt and Levi Thompson of Saskatchewan.

HOLLEBEKE RETAINED German Counter-Attack in That Quarter Ends in Their Discomfiture.

London, Aug. 5.—Infantry fighting, although not on an extremely heavy scale, began again in Flanders on Sunday, and in two engagements the Anglo-French troops were victorious. The weather moderating, Crown Prince Rupprecht, after an all-night bombardment, sent his troops against the British positions at Hollebeke, in the village of Hollebeke. The success was only momentary, however, as the British threw out the Germans by an immediate counter-attack and took some prisoners. Other German attacks in this area also were checked. Northwest of Bixchoote, which lies to the north of Ypres, the French are following up their successes of last week. In an attack against the German lines Sunday they made further progress.

CHEER GREEK KING ON TAKING OFFICE

"Long Live Alexander!" and "Long Live Venizelos!" Shouts Raised.

Athens, Saturday, Aug. 4.—King Alexander took the oath of office amid great pomp and ceremony. Preceded by a troop of soldiers the king in a white dress uniform, escorted by the hall rang with cries of "Long live Alexander!" and "Long live the constitution!" and "Long live Venizelos!"

CANADIANS MAKE GAIN IN ADVANCE ON LENS

Canadians Consolidate Newly Won Positions Advance of Dominion's Troops Near Lens Attains Depth of Two Hundred Yards Along All Fronts Attacked.

By R. T. Small, Staff Correspondent of the Associated Press. British Headquarters in France and Belgium, Aug. 5.—The Canadians last night made an advance on a thousand-yard front to a depth of 200 yards towards Lens and consolidated the new position. The Germans delivered a heavy counter-attack at five o'clock this morning in the neighborhood of Hollebeke.

CANADIANS DRIVE OFF ALL COUNTER ATTACKS

German Bombardment Inflicts Heavy Casualties on Kaiser's Infantry--Enemy Suffers Appalling Losses in This Fighting.

London, Aug. 5.—(Via Reuters' Ottawa Agency.)—Reuters' correspondent with British headquarters on the western front, telegraphing on Sunday, says: "The weather is improving. There has been intense artillery action and much fighting throughout the night. This morning the enemy counter-attacked with great weight in the neighborhood of Hollebeke. At dawn heavy fighting was reported, but the position is obscure. The Canadians, further south, advanced their posts in the direction of Cite du Moulin, with great success at one o'clock this morning, as a result of which our line has been advanced to a depth of 200 yards towards Lens, on a front of 1,000 yards. Enemy attacks against this new front all failed, apparently with appalling German casualties."

Allies Possess Power And Will to Win War

Sir Douglas Haig's Inspiring Message Marks Britain's Entry Into Fourth Year of War.

BRITISH HEADQUARTERS IN FRANCE AND BELGIUM, Aug. 5. (By the Associated Press.) Yesterday, the third anniversary of Great Britain's entry into the world conflict, Field Marshal Sir Douglas Haig, commander of the British armies on the western front, issued a special order of the day, filled with the spirit of confidence in ultimate victory and complete faith in the people of the empire in its forces, which only this week, in the battle in Flanders, added another link to their steadily growing chain of successes over the Germans. The order follows: "Today we are at the beginning of the fourth year of the war. Twelve months ago the power of the British Empire to undertake an operation on a scale and carry it thru to success was simply an experiment. This power stands fully proved today—to the armies themselves, to the enemy and to the world. We enter the fourth year of the war with a steady confidence, based on all that has already been achieved by ourselves and our gallant allies. The record of the past three years leaves no room for doubt that the British armies in France and the workers at home, on whom they depend, have both the power and the will to complete the task they have undertaken and will press on until their labor is crowned with ultimate and certain victory."

Troops from Dominion Carry German Positions on Front of a Thousand Yards in Dash From Cite du Moulin.

By Stewart Lyon, Canadian Headquarters in France, via London, Aug. 5.—Another forward move to the southwest of Lens has been made with a minimum of loss. For the best part of two weeks in the Cite du Moulin our patrols and those of the enemy have been living an uneasy life almost side by side with only a few tumble-down walls between them. Yesterday (Saturday) afternoon small attacking parties set out from that part of Cite du Moulin already in our hands and drove in the enemy's patrols along a front of over a thousand yards. The Germans, for the most part, scuttled back towards Lens, but a number who were caught under our fire were killed. A new outpost is established and prepared for a counter-attack. No counter-attack had been made up to the time of filing this dispatch. This advance carries the Canadians well within a thousand yards of the centre of Lens, on the western front of the city. At Arion and Arion on the southern front, our outposts are now about a mile from the centre, and in the northwest sector, opposite St. Laurent, our line is a scant 1,000 yards from the heart of Lens. The net is fast closing. Religious Services. Today religious services were held at various points within our corps area to mark the beginning of the fourth year of war, and to pledge anew the services of the sons of Canada in their fight for freedom and democratic government. A remarkable story is told concerning the cool bravery of one of our lieutenants. The post from which he had been observing the effect of our gunfire was an excellent one for the purpose. The German gunners, knowing it was being put to use as an observation post, determined to destroy the building and began shooting at it from a few minutes after the day they observed the post. Once he did so to report that the top of his periscope had been carried away by a burst shell. On the second occasion he told his battery commander, over the telephone wire, that the Boche had forced him out for a few minutes by throwing part of an adjacent building upon that in which his post was located. His devotion to duty under constant peril of the nature of which can be fully appreciated by men who have seen and heard heavy shells explode within a short distance of them, enabled our gunners to continue their work on a day when aeroplane observation was impossible.

AIRCRAFT ACTIVITY ON ITALIAN FRONT

Ally's Scouting Party Captures Austrian Patrol in Albania.

Rome, Aug. 5.—Numerous aircraft activities during one of which a hostile weapon was brought down by the Italian guns, falling into the River Po, are reported in today's war office statement. The text reads: "Along the whole front desultory artillery activity and minor patrol encounters are reported. "During the night of August 4 enemy aircraft carried out bombing raids on various inhabited centres on the plain between the Isonzo and Tagliamento. There were no casualties and only slight damage was done. "An enemy airplane was brought down by our anti-aircraft guns and fell into the River Po near Ponte Lagoscuro. The airman were made prisoner. "In Albania on August 4 one of our scouting parties encountered a large patrol of Austrians and captured all of them."

NAVY LEAGUE HELD WAR ANNIVERSARY

Paraded With Army Veterans to Service in Church of St. John.

PROFITTEERS CONDEMNED

Rev. J. Russell Maclean Calls for Deeper Appreciation of Religion.

That the peoples of the allies must revere their lives to God, according to religion first instead of second place, if truth, justice and liberty are to eventually triumph with victory by allied arms, was the assertion of Rev. J. Russell Maclean in his sermon in the special observance of the third anniversary of Great Britain's declaration of war last night in the church of St. John the Evangelist, Portland and Stewart streets, last night.

Members of the Army and Navy League assembled and marched in a parade to the church, where they occupied seats in a section reserved for them. Veterans of the present European conflict were also in attendance. Col. Collins of Stanley Barracks and Major Cooper were among those present. The service was impressive and featured by the singing of songs honoring the soldiers who have been killed in battle.

The rector condemned profiteers as "traitors" and while he did not name Quebec Province, deplored the fact that a section of Canada had not seen it to follow the noble example set by France. In open his sermon, Rev. Mr. Maclean declared that the spirit manifested by allied soldiers is not now, inasmuch as it had been shown by Great Britain's soldiers in previous struggles. He said the veterans of past wars have blessed the soil for the men who are doing their duty abroad. The rector's text was "Fear not little flock. It is your Father's own pleasure to give you the kingdom."

Right Will Triumph. "There is no doubt that the Emperor of Germany was seeking domination of the world," said Rev. Mr. Maclean. "We are not seeking territory or advantages, but the freedom of the human race and the rights of small nations. The right will triumph in the end. You will find that right and justice and liberty cannot be kept under. Our side must prevail."

"But there are some things which must be given consideration. It is not God who saves his kingdom, but the despises were to work and shed their blood for it. This is the lesson most needed today in connection with the present war. We are facing the world's greatest military machine. Germany for forty years planned to take a place in the world of the sun itself. Britain will finish in the days to come as in the days of yore. But we must put forth all our resources."

"There are some people who think more of their own comfort and security than that of the men at the front. It seems incredible that our French-speaking population should fail to follow the example set by the rest of the men who are doing their duty abroad. The rector's text was 'Fear not little flock. It is your Father's own pleasure to give you the kingdom.'"

"The enemy's artillery developed great activity during the night in the neighborhood of Hollebeke and the Ypres-Comines Canal north of the village. French troops made further progress northwest of Bixchoote. A German raiding party was repulsed last night south of Arleux-en-Cohelle. Our troops carried out a successful raid east of Vermelles. Early this morning a hostile attack upon a post held by Portuguese troops was driven off with loss to the enemy."

Gains Near St. Julien. The official statement issued from the front reads: "The enemy's artillery developed great activity during the night in the neighborhood of Hollebeke and the Ypres-Comines Canal north of the village. "The artillery duel became somewhat violent on both banks of the Meuse, notably in the region of Dead Man Hill and the Caurelles Wood. The night was calm on the remainder of the front. The official communication issued by the war office last night reads: 'In Belgium the artillery fighting was rather violent during the day, especially in the region of Bixchoote. Our serious artillery preparation attempted against our posts near Roscellia a surprise attack, which failed. British aviators bombed Jenkoi. 36 kilometers to the north (west?) of Ypres.'"

British headquarters in France last night reads: "The weather continues wet and stormy. Our troops gained further ground during the day northwest of St. Julien. Hostile artillery has shown considerable activity east of Messines and in the Nieuport sector."

Early today a heavy attack was made by the Germans on the French lines to the south of Juvincourt, northwest of Rheims. The French line was preserved intact, the Germans being ejected from the single trench of which they had succeeded in entering. The French war office reports: "The artillery activity in Belgium is described as intermittent. It was somewhat more violent at points in the Verdun region. Minor attacks on the Casematies forts on the Canadian front, were readily warded off. The text of the communication follows: 'In Belgium the artillery activity was intermittent. Activity on Aisne. To the north of the Aisne the night was marked by German attempts on various points of the front. The attacks with the exception of the Casematies Plateau were easily repulsed. Further to the east the enemy at about a half past midnight launched a serious attack south of Juvincourt. After lively fighting the attacking forces were ejected from the trench of which they had succeeded in entering. Our line was completely restored. The artillery duel became somewhat violent on both banks of the Meuse, notably in the region of Dead Man Hill and the Caurelles Wood. The night was calm on the remainder of the front. The official communication issued by the war office last night reads: 'In Belgium the artillery fighting was rather violent during the day, especially in the region of Bixchoote. Our serious artillery preparation attempted against our posts near Roscellia a surprise attack, which failed. British aviators bombed Jenkoi. 36 kilometers to the north (west?) of Ypres.'"

PLAYS, PICTURES AND MUSIC

THE ROBINS PLAYERS.

For the fifteenth week of his summer engagement at the Alexandra, Edward H. Robins and the Robins players have called upon Augustus Thomas, America's foremost writer of American army life to furnish the play for the week. "The Rio Grande," which is Thomas' latest offering, is laid on the Mexican frontier during the last Mexican crisis which led to the Punston expedition invading that country in their search of Villa. The love story told is one of the strongest, this master author has ever given to the stage. There will be a special matinee of "The Rio Grande" today, as well as the usual matinee on Wednesday and Saturday. Mr. Robins, after a rest of one week, will again be seen in the leading male parts for the balance of the season.

SPLENDID REGENT PROGRAM.

There are thrills and startling situations in "The Web of Desire," which the Regent presents this week with Ethel Clayton in the leading role. It is a story of success, and its relation to the home and home ties. The women who see this picture will be introduced upon the stage. Mr. and Mrs. D'Arcy will be seen in the leading roles. The picture is certainly a masterpiece of production, and one which each member of the family should see. Miss and Jeff the ever-popular pair, introduce themselves in cartoon. Mr. and Mrs. Sidney Drew have a new comedy. Regent News Weekly is cut with original news-gathering ideas. All this to the accompaniment of the Regent symphony orchestra, the program including several excellent numbers.

BEST SHOW OF SEASON.

Undoubtedly the strongest bill of the season is that which Scarborough Beach Park will put on this week. To begin with, D'Urban's band has been engaged, and will play each afternoon and evening. The Three Theatres are coming with what is described as one of the best aerial acts on the park circuit, and the well-known Apollo Trio will be here with their sensational gymnastic performance. Enthusiasm about D'Urban's band continues to grow with each element which performs on the pitch of an ovation for the temperamental Italian conductor and his musicians. News of its re-engagement against love Peggy Hyland is seen in the beach. A great feature at the beach these hot days is the bathing, while the facilities for boating are unexcelled.

STAR REOPENS.

It will be the 1918 edition of the "Follies of Pleasure" burlesques which will furnish a merry round of entertainment for the patrons of the Star Theatre this week. "This is the first time this girl show has appeared in Toronto this season. They will present an enjoyable affair labeled "Up and Down Broadway," which will bring to view a brilliant array of girls in conspicuous costumes. This is the company that is headed by Clyde J. Bates, the most amusing of tramp comedians, while the feminine part of the cast will be represented by Violet Hilton, Charlotte Worth and Mae Mills, and the beauty of the chorus is excelled by few of the Broadway two-dollar productions.

LOEW'S THEATRE.

This week at Loew's Yonge Street Theatre and Winter Garden, Lew Welsh, the clever Hebrew comedian, will head the vaudeville bill, presenting his latest success, "The Prodigal Father," with Perkinoff and Rose and their dancing girls, offering a "Summer Festival of Song" as the added attraction. June Caprice in "Fatey" will be the photoplay feature. Other features will include: Pisanò and Bingham in "At the Barber's Pole"; Beth Mayo, comedienne; Joseph and Jessie Burns, entertainers; Frank Ward, comedian, and the Exposition Jubilee "Four colored singers and dancers.

THE HIPPODROME.

Emmy Whelan will be seen in a new western feature this week at the Hippodrome in the ripping five-part photoplay of the west of the older days, entitled, "The Trail of the Shadow." The feature will be shown at 1:15, 4:15 and 8:15 p.m. In the Douglas family management offers a Toronto family who have made good in vaudeville, E. Kelly Forrest, "King of the Hoboes," is a great provoker of mirth. Emma Partridge is a magnetic little person, with new songs and bright comedy. Sena and Weber, vocalists, come direct from New York, where they were so received. The

ceded momentarily in getting a footing in Hollebeke. His troops were ejected immediately by our counter-attack. We secured several prisoners. Elsewhere the enemy's attacks failed.

"A hostile raiding party was repulsed by our fire last night south of Queant (southeast of Arras). French Progress. Further progress has been made by the French northwest of Bixchoote, on the Flanders battlefield, says today's British official report. The Germans worked up a heavy bombardment of the entente lines last night in the Hollebeke region. Only raiding operations are reported from other sections of the front.

The text of the statement reads: "The enemy's artillery developed great activity during the night in the neighborhood of Hollebeke and the Ypres-Comines Canal north of the village. French troops made further progress northwest of Bixchoote. A German raiding party was repulsed last night south of Arleux-en-Cohelle. Our troops carried out a successful raid east of Vermelles. Early this morning a hostile attack upon a post held by Portuguese troops was driven off with loss to the enemy."

The Prime Minister's Statement

One valuable result at least was
achieved by the Toronto win-the-war
convention, thru the delegation that
waited on the prime minister on Saturday morning...

In a pronouncement of national
importance he expressed the hope
that in the near future a government
may be formed based upon a union
of all persons, without regard to party, race or creed...

He reiterated his conviction of the
impossibility of avoiding an election
without perfect unanimity in parliament
in asking for an extension, giving
as a reason that "otherwise the
controversy as to such extension
would be carried into the British
Parliament, with embarrassment to them
and discredit to ourselves..."

His complimentary allusion to the
presence of ladies on the delegation
gave rise to the hope that it would
be within his policy to assure them
of their exercise of the federal franchise.

With such a broad and patriotic
outlook there should be the heartiest
response from all who place the great
issues of the war and the national
unity before any sectional or personal
consideration.

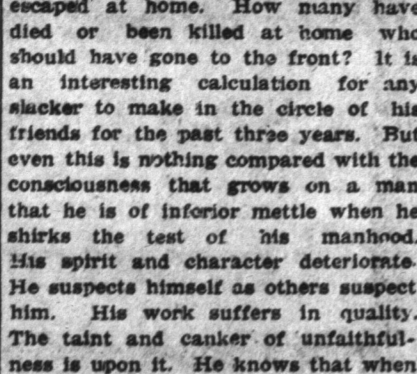

Traitors or True Men.
As we enter the fourth year of the
great world war we shall do well as
individuals as well as a nation to consider
our relation to it, our obligations
and our debts. A larger number
of people than is creditable to Canada
are to themselves hold that they have
no obligation and no duty in the matter.

There is another class which openly
boasts that Canada is no more to
them than any other country; that all
governments are alike obnoxious and
that they would prefer to see the war
go on until all governments were overthrown
and humanity reduced once more
to primeval savagery.

PARTIES UNITE TO ACCLAIM GUTHRIE

Great Demonstration at Ferguson for "Win-the-War" Candidate.

STANDING BY BORDEN

Sir Robert Should Head National Government and Election Be Avoided.

Special to The Toronto World. Guelph, Aug. 5.—High Guthrie, K.C., for South Wellington, appeared for the first time since his break with Sir Wilfrid Laurier on the conscription bill, before a gathering of his constituents at Ferguson last evening and received an ovation. The meeting was under the auspices of the women's patriotic league of Ferguson and was held in the open air at the fair grounds. It was the largest non-partisan meeting ever held in Ferguson, and was attended by men and women of all shades of politics. A Lieut.-Col. J. J. Craig, ex-M.L.A., a lifelong Conservative, occupied the chair and associated with him on the platform were men of prominence in both parties as well as many of the members of the Guelph branch of the great veterans' association. Rev. Capt. A. C. Mackintosh, of St. James' Church, Guelph, who served over a year as chaplain in the trenches, was the first speaker. He presented a resolution passed at a meeting of the great veterans' association calling upon the government not only to pass the conscription bill, but also to conscript wealth and put the soldier on equal footing with the munition worker regarding their pay. This resolution was presented to Mr. Guthrie. Tributes to Women. Mr. Guthrie received a splendid reception and was frequently interrupted with prolonged applause. He started out by giving the thanks to the women of Canada for the part they had played in the great war. They were a whole-souled devotion, with no hope of any reward. "Have the men done as much?" asked Mr. Guthrie. "I believe that the women of Canada have certainly done more than the men of Canada," he declared that today, with the war three years old, this was the country which was leading in munition production. He believed that there were still 200,000 men in Canada who could go and should go to the front. Canada had sent 100,000 men to the front, and New Zealand 10 per cent. Liberals Make Trouble. Mr. Guthrie declared that there were other needs for men besides at the present crisis; commenting on the manufacture of munitions and the production of food. He made reference to the Militia Act, which he said, was not a very liberal one. He believed that the conscription bill would be put into force at any time by Sir Robert Borden. It was a Liberal act, and he believed that the Government should be put into force at any time by Sir Robert Borden. OLDEST JAILER IN CANADA PASSES OUT

Charles H. Corbett, Kingston, Succeded Father and Served Over Half Century.

Special to The Toronto World. Kingston, Aug. 5.—In the sudden death on Saturday, of Charles H. Corbett, government of the city and county jail for fifty-two years, the oldest jailer in point of service in Canada, has passed away. He was seventy-one years of age, and was recognized as the best jailer for thirty years in the province. His wife died in 1865, and he was appointed jailer in 1865. He was a very prominent man in the city, and was also a writer of some distinction, having written many articles for magazines during his life. He was one of the most prominent men of the city and county. In all his long term of service he never had a prisoner escape. He was a strict disciplinarian, but at the same time had a heart for the aged and the young unfortunates who came under his care.

FOE STILL ADVANCES UPON EASTERN FRONT

Germans Report No Further Infantry Activity in Flanders.

Berlin, Aug. 5, via London.—There was no infantry activity on the Flanders front yesterday, army headquarters announced today. The weather in the Alsace region and in the Champagne was unfavorable for operations and only one action was reported, nearly 100 prisoners being taken in a raid on the French lines near Juvincourt. The text follows: "Western front: The artillery duel in Flanders was heavy only at some points. No attacks took place. An Army group of the German Crown Prince: The weather during the night was bad and the fighting activity slight. Near Juvincourt shock troops, comprising lower Silesian and Posen regiments, crossed the river into French positions and took nearly 100 prisoners. "Army group of Grand Duke Alexander: There is nothing to report. "Eastern front: The weather in the northern portion of the front of Prince Leopold the firing was revived at several points. "Army group of Gen. von Boehm-Ermolli: Near Brody and on the Zbrocz there were violent artillery duels. In the direction of Chotin our troops are advancing thru the wooded region south of the Dniester. East of Czernowitz Germans and Austro-Hungarian divisions have taken Rarusze and the western section of Bojan, on the Pruth. "Front of Archduke Joseph: On the Rumanian border, southeast of Czernowitz, there have been fighting operations in the Stuzava valley, after which the Rumanians have been driven fighting, we pressed back the Russians from Radauts into the plain. Watra on the Moldavia, has been taken. The Rumanians have been crossed to the eastward between Lunga and Brosten. "Rumanian attacks on Casimul yesterday were again without result. "Army group of Field Marshal Von Mackensen and Macedonian front: The positions are unchanged."

Mayor 1856.

Toronto's first City Hall and Fire Hall, 1844.

Toronto is now 83 years old—and a review of the progress of our city in that brief time must be gratifying to the pride of all those who love Toronto.

Left half is the Simpson Store in 1881; the entire building was occupied in 1882.

Left top, the Simpson Store; at right, the Simpson's Mail Order Building.

We publish here the pictures of the men who served Toronto in the capacity of Mayor since 1854, the year when Toronto was incorporated. There are also shown the first City Hall and the present City Hall, as landmarks of our city's growth.

Toronto City Hall, Completed 1890.

The two magnificent buildings here pictured are required for our city and eastern mail order business. In addition, other buildings are used for warehouse and factory purposes, and there is also a great mail order building in Leslie.

These all indicate a strong and steady growth which has added on an average, each year of the twenty, a volume of business equal to that taken over in 1898. Just as the growth of the city must be an expression of the esteem in which it is held by the hundreds of thousands who live in it, so is the degree of confidence and liking of the public for a mercantile concern represented by that firm's expansion.
