The Formal Autumn Display of Men's Hats Takes Place Saturday
With an extensive showing of smart new styles in both soft and stiff hats from such celebrated makers as Stetson, Crofut and Knapp, Mallory, also Battersby, Christie and other English Hats

Borsalino \$4.00

Criterion \$4.00

Fifth Ave. \$2.00

Belmont \$2.00

Broadway \$2.00

Strand \$2.00

Bates \$2.50

ALL SHIPMENTS have arrived and we will be in readiness Saturday with one of the finest and most extensive arrays of distinctive fall hats that we've probably ever shown.

The latest models from all the foremost hatters of America will be represented in a galaxy of fashionable new shapes and colors, particularly colors, for we've never seen such a variety of shades in soft hats as contained in these, this season. It's an easy matter for any man to choose a becoming hat from the assortment, and the display is so interesting that every man should make a special effort to attend. Come—try on the new shapes—see how you look in them—no obligation to buy.

The Soft Hat featured by all the manufacturers this fall and the style that will be foremost among the well-dressed men has a **WIDE, FLAT, SELF-CONFORMING BRIM WITH VERY LITTLE, AND IN MOST CASES WITHOUT ANY CURL AT THE EDGE.**

A Typical Example of the wide flat brim is shown in the illustration of the Borsalino. This celebrated Italian make is in shades of light and dark green and dark grey. Price **4.00**

The Criterion is a Stetson hat with medium high crown and flat set brim with welted edge. In dark grey, brown or fawn. Price ... **4.00**

The Fifth Avenue is another example of the flat, slightly rolled brim that is so stylish for fall wear. It has narrow binding at the edge and is in light and dark green. An American-made hat and one of our leading values at **2.00**

The Belmont is another smart fedora with slightly rolled pencil brim, bound at the edge. It's an American-made hat in shades of light green and navy blue. Price **2.00**

The Broadway has a more pronounced roll at the edge. It is welted and has eyelet in crown. A conservative style that is always popular. In pearl and medium grey. Price **2.00**

The Strand is an English-made stiff hat, made of fur felt. It has medium high, full crown and slightly rolling pencil brim. Has silk trimming and cushioned sweatband. An exceedingly popular shape that will please the conservative. Price **2.00**

The Bates is an American-made stiff hat, made of fur felt. It has fairly high crown, rounded off at top and close set rolling brim. A smart, dressy shape for young men. Price **2.50**

Announcing the Fall Styles in Society Brand Clothing for Young Men

Three-piece suits with the smart youthful appearance that dressy young men desire—\$20.00 to \$25.00

THESE SOCIETY BRAND SUITS are famous among young men, not only because they are well tailored and perfectly made, but because they are made of those strong British materials that keep their shape and pattern so long and because they are modelled after the most fashionable of smart American styles.

The materials are tweeds in various finishes and soft finished navy blue chevrons in medium wale. Really distinctive are the patterns, most of which are small fancy mixed designs in rich brown, blue, grey and dark grounds, with thread stripes.

The coats are two and three-button models, with medium width, soft rolling lapels; fronts slightly rounded at bottom and neat, form fitting backs. Vests are high, with five buttons. Trousers are straight and narrow and with or without cuffs. All are firmly lined with fine lustre. Sizes 34 to 38. Prices, **\$20.00, \$22.50** and **25.00**

Men's Eaton-Made Suits of blue worsteds with fine thread stripes of grey, also a rich grey in pin checks or blue with fancy thread stripes and a striking brown tweed in small check. These are 3-button sac styles in fall weight. Sizes 36 to 44. Price **12.50**

Plain and Fancy Umbrellas for Men

All Featuring the Neat Rolling Frame—Prices \$1 to \$20

OUR fall stock of umbrellas ranges in price from \$1.00 to \$20.00, but as space does not permit of their individual mention, we feature but a few.

For the man of conservative taste there's one line with an assortment of very plain styles. They are strongly made, with wood stick, and have neat rolling frames. The handles are natural, cherry, partridge, fir, malacca, bird's eye maple and an assortment of other polished woods. The tops are firmly made of best quality English silk. Price, each, **\$5.00, \$6.00** and **7.00**

For men who prefer umbrellas more fancy in design, we show a line with handles made of boxwood, with crooks of ebony, horn or ivory, some mounted with gilt or silver. The tops are made of silk and wool mixtures, paragon frames. Price, each **3.50**

Another line has covers made of silk and wool mixtures, made on steel frames and rods. The handles are in either crook or opera designs, either horn, ebony crook or boxwood. Price, each **2.00**

CANADA IS ADVISED TO PRODUCE MORE AND KEEP IT UP

PATRIOTIC PRODUCTION LEADS IN SENTIMENT AT EXHIBITION

The Importance of Growing Something Emphasized At Official Luncheon, Where Speakers Deliver Earnest Addresses on Needs of Country at This Time.

Attendance at the Exhibition yesterday was 59,000, as against 62,000 on the same day last year.

Grow something. Grow it better than it was ever grown before and grow more of it. Such was the theme of the Patriotic Production Day at the Canadian National Exhibition.

A little rain dampened the grounds slightly about the middle of the afternoon, but no particular inconvenience was caused.

Commander Guinness made every minute count that was allotted to him, and gave an address overflowing with British patriotism.

"Every man of military age in England is engaged in military work of some kind. Eventually, the time will come when there will be no more men in reserve for the army."

"I don't believe that production will ever be as important as it will be after the war. There will be nothing that will rank in importance with work upon the land."

"I have no recollection that at any time in my life, when I was going to school, a teacher encouraged me or anyone else to become a farmer."

"Belgium made more progress in 35 years than any other country ever made in 50," he said, and he told of an incident which was told to him by a returned soldier.

TEMPTATION TO TAKE IN FAIR IS NOT RESISTED THIS YEAR

This is Review Day and Parade of All the Prize Winners Will Be Held in Front of Grand Stand.

"And still they come." It apparently makes no matter just what day it is the Exhibition this year, the people come anyway.

As many nights as there have been performances—ever since the Ek. opened—the grand stand has been filled.

This is "Review Day," a summing up, so to speak, of the excellence of the entire Exhibition in regard to live stock exhibits.

A fast machine set out in pursuit of the prize, and it repeatedly dropped bombs at every opportunity.

The model in the work of W. Woodhouse, of 120 Christie street, Toronto, is of metal, the six horses, three riders, and the entire outfit being all molded with the most perfect regard to detail and perfection of outline.

The model took the maker three years to produce. It has been viewed by thousands, and has been variously valued at from \$15,000 to \$25,000.

Osler playground children put on the display at the Model Playground yesterday and gave one of the most varied and attractive programs staged.

George Ham, publicity agent for the Exhibition, delivered a short, bright and a cheery word for all exhibitors in a speech given to the Toronto Exhibition.

PROGRAM FOR TODAY REVIEW DAY.

8 a.m.—Gates open. 9:30 a.m.—Buildings open. 10 a.m.—Midway opens. 1 to 4 p.m.—Folk Dances, super-vie model playgrounds.

MUSICAL PROGRAM CONWAY'S BAND.

Afternoon—3.30 to 5.30. Overture—"The Beautiful Galatia." Suite—"Carmen." (a) "Toreador." (b) "The Dragons of Alcala." (c) "The Spanish Dance."

SYMPHONY BAND.

Afternoon—4 to 5. Overture—"The Swan Lake." (a) "The Swan Lake." (b) "The Swan Lake." (c) "The Swan Lake."

A REAL TRIUMPH.

A real triumph is the aluminum action player-piano in the exhibit of Ye Olde Firm of Heintzman & Co., Limited.

DEAN FOR CANOES.

From the old Indian birch bark canoe to the "Sunnyside Torpedo" canoe is a tremendous leap.

HAD NIGHT ATTACK.

The model trenches at the Exhibition Militia Camp were the scene of a splendid night attack last evening.

A Fur Fashions Review of Unparalleled Splendor

The review of fur fashions that has attracted such widespread attention during the past two weeks of its progress will be continued today.

Never before has such a remarkable review been attempted in the Dominion and possibly never again will there be one so successfully carried out.

The hundreds of people who have visited our store have expressed their unstinted admiration of the styles on view.

Our Display is Complete and Supremely Beautiful

The efforts of our fashion representatives were exceptionally well repaid in the exquisitely charming array of styles gathered together from New York, from London and from Paris.

This, added to the unprecedented success of our expert furriers in collecting pelts of peerless quality and wondrous beauty, is what has contributed to a very large extent in making our display unusually complete and of supreme beauty.

MEN FROM TRENCH HELP MAKE SALES

Little Things Offered to Public Who Nearly Always Buy.

FOR MEN'S COMFORTS

Proceeds Go Towards Purchasing Goods for Men at Front.

"It's just simply wonderful the people we meet here," said Mrs. S. H. Allen, who, during Exhibition days, has spent most of her time at the booth where she, together with Mrs. Vanhook and a bevy of pretty girls in khaki, are selling chielets to help the soldiers in the trenches. "We had one wonderful man with all kinds of decorations. His name is Epophy, and he is the only one in Canada who has the Legion of Honor. Besides this, he has medals for Sebastopol, the Crimean war and a Turkish medal. Only think of a Canadian having a Turkish medal, and just think of the Legion of Honor!"

the girls in khaki, "Buy a chielet to hold the soldiers," he turned to the booth with the words, "You can get anything out of me for the soldiers," and while the exchange of coin and chielets took place, Mrs. Allen learned that the young Toronto patriot has a little store where he sells grab bags for the benefit of the Red Cross. Norman had cut his hand "away down to the bone," but that was a matter of no consequence, as the honorable wound was got by the making of war-vests. The daddy and brother of Norman are in the 16th, an uncle is in the 74th, two cousins are with the 95th, and 12 brothers went out of the house.

Then, at the wonderful chielet booth there are two returned heroes. They are too modest to permit their names to appear, but we may whisper to The World that one is from the 15th and the other the 4th Battalion. The still suffering from the effects of wounds and gas, and with memories of the horrors of the overseas battles ever before their eyes, they are again serving by making sales for their brothers across in the trenches. As if they are tired, and back comes the answer: "We never get tired in the army." "It's just wonderful the way they sell. One made \$12 in a couple of hours yesterday," was the way their work was described.

EXHIBITION FIREMEN ASSIST THE VISITORS

Neat Appearance of New Uniforms Commented Upon Favorably By People on Grounds.

The neat and natty appearance of the new uniforms worn by the firemen at the Exhibition are attracting no little attention, and many visitors have been heard to remark on the subject. "Now if we had an up-to-date uniform like that we'd look a lot better than we do," said one husky fellow from out of town, and no doubt they would—not.

A SHOCKING THING FOR ONE AND ALL

Scores See It and Feel It at Exhibition Every Day.

HAS NOT BEEN STOPPED

Directors, to Date, Have Not Been Called to Have Not About It.

In past years some folks have been "shocked" by works in the art gallery, while at other times Midway attractions have "shocked" lovers of high collars and low sleeves, but this year the Exhibition has a real shock for young and old for the committee of forty, if that organization has not died of shock and for every person who desires to be shocked there is in the Canadian National Exhibition not only one but just as many shocks as a person desires. This is the second to last day of the fair and as yet no one or no body organized to eradicate the shocks from social life has appealed to the Exhibition directors to remove this shocking affair. Pessimists have stated that nothing can shock the present generation, but to have this erroneous idea removed they only have to visit the Gooderham fountain on the Exhibition plaza any evening. Here may be seen hundreds of people who are shocked time after time singly, or in groups. Some get shocked, while others only watch the shocked. The shock is in the water. As the lights change color those who dip their hands in the limpid water are assured of a shock of not very great intensity. Men and maidens, old and young, join hands and receive the shocks by having the end men dip their hands in the fountain. Young couples come and plight

FLY AT LONG BRANCH

Governor-General, With Escort, Attends Event in Special Car.

Students at the Long Branch Aviation School entertained the Duke of Connaught with thrilling exhibition flights yesterday morning. The event proved a diversion to the governor-general, whose farewell visit has been chiefly taken up with receptions and official luncheons, which have been somewhat formal.

The outstanding feature of yesterday's proceedings was the wonderful exhibition of St. Flight Lieut. J. McLean, who performed loop-the-loops, spirals and dives with amazing dexterity. At the conclusion the duke conversed with the young aviator for a short time, praising his ability. McLean has seen service at the front and was sent to Canada as an instructor. Lieut. McLean was not the only one whose flights brought applause from the royal party. Aviators Webber and Webster provided some excellent flying, but were unable to accomplish McLean's daring stunts. The duke, who was escorted by Sir John Hendrie, Sir Henry Pellatt, Mayor Church, Hon. I. B. Lucas, Hon. T. W. McGarry, Hon. F. Macdormand, J. A. D. McCurdy and Col. Merritt, arrived in a special radial car which had been fitted up specially for the occasion. Shortly after his arrival the duke made an inspection of the machines.

OPPOSE CONSCRIPTION

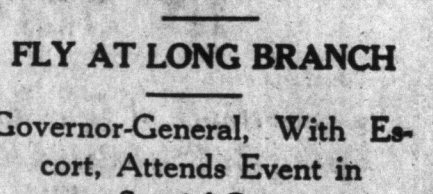

Resolution Protesting Against Compulsory Service Adopted by Birmingham Gathering.

BIRMINGHAM, Eng., Sept. 7.—Delegates from Canada and the United States this morning addressed the 48th Union Congress, representing nearly 2,000,000 workmen, which is now in session in Birmingham. William D. Mann of Detroit, president of the Amalgamated Association of Street and Electric Railway Employees, and a delegate to the congress of the A.F.O., presented the standard resolution of the United States regarding the proposed labor and peace conditions on the conclusion of the war. He said: "The United States Labor leaders asked only for a call to be sent out to the workers of the nations. They did not say they would not participate unless both the Germans and their allies were present."

Delegate James Simpson, a Canadian, of Toronto, declared that Canada had accepted the proposition, and he regretted the attitude of rejection of the workers of the mother country. The congress gave an enthusiastic reception to the declaration that workers in the United States generally sympathized with the cause of the entente allies because they thought it represented right and liberty. At the business session the congress first adopted a resolution protesting against compulsory service. Then another resolution was adopted demanding that the clergy should not be exempted from military service.

DUKE PAYS FIVE DOLLARS FOR ROSE

Governor-General Helps Torontonians in Making Tag Day Success.

FUNDS FOR CHILDREN

Consumptive Patients of Queen Mary's Institution Will Benefit.

People of Toronto were very generous in their donations to White Rose Day, held yesterday in aid of the tubercular patients in the Queen Mary Sanitarium for Children at Weston. This is the second tag day held in aid of the children and in an effort to "round up" every person possible some of the captains and their canvassers were on the streets as early as 5 o'clock in the morning. Mrs. John Finn, who had charge of the Hyndville district, was first to begin canvassing and stopped every passer-by, including the milkman. Mrs. A. Vankouhnet had the largest staff of assistants and took up quarters early in the morning outside the Union Station, where Exhibition visitors were caught coming and going.

Mrs. Armstrong and Mrs. Prettly had charge of the eastern and western portions of the Exhibition grounds, as well as the High Park district. Every one from director to employee of the fair grounds, had one of the roses pinned on him when he made his way to the gates of the fair.

At 9 o'clock Mrs. G. R. Baker, who conducted the campaign, took up quarters in the corridor of the city hall. She was not there long when motor cars from the three above-mentioned districts lavishly appeared for more roses. Three hundred thousand roses were made, but at the time were not at all plentiful and in order not to lose any time the buttons used on the Exhibition Day were substituted until the official tags arrived.

The day was divided into 35 districts and was canvassed by 2500 volunteer workers. While standing on the platform at the turntable station three daily little milk boys, carrying Royal Highness the Duke of Connaught Sir John Hendrie in his private car on the way to the aviation school at Long Branch.

A few moments later little Velma Walters, Rita Gwynn and Corine Hunt were standing on the turntable station to tag. His royal highness contributed \$5 for his rose.

"Comments are made over and over again that the Duke of Connaught is a very well," was the reply of the captains when asked what results were being obtained. Large donations are few, but the nickels and pennies make quite a jingle. None is more acceptable than the widow's mite," declared one captain as she told of a sweet-faced old woman who passed before her box, remarking, "They are worth \$5, but I am afraid my contribution cannot be more than a couple of cents."

Mrs. Baker, who was requested last year to conduct the campaign, has been asked to organize campaigns all over Canada. The Sanitarium received a cable from Queen Mary expressing her desire to have a White Rose Day held each year in all the cities in Canada for the consumptive children of the war.

Baker finds it would be impossible to start organizing throughout the Dominion at present. "Should my health and strength stay well, I will, along with many other willing workers, readily take up the work of organizing in the Canadian cities," she stated.

All of the roses on sale were made by little cripple girls who have never had an opportunity to go outdoors. Mrs. Josephine Wilt visited the homes of the children and taught them how to make the artificial flowers.

Shortly after 4:30 o'clock yesterday afternoon the cars started to return to the city. At 5:30 o'clock Mrs. H. E. House, manager of the Imperial Bank branch at King and Spadina avenues, and other bank managers, assisted by the captain and the countess of each district, looked after the counting of the moneys. They were assisted by the bank tellers from the Imperial Bank.

Following are the names of the captains of the various districts: Mrs. A. VanKouhnet, Mrs. H. Sprague, Mrs. J. J. O'Neill, Mrs. R. Reynolds, Mrs. Arkey, Mrs. H. E. Cameron, Miss Sanderson, Mrs. Robert Glasgow, Mrs. John Dymont, Mrs. F. Forsee, Mrs. Crofton Kelly, Mrs. J. Selick, Mrs. R. H. Doherty, Mrs. Clara McColl, Miss G. Oler, Mrs. Louise Armstrong, Mrs. G. W. Cruise, Mrs. John A. Phil, Mrs. A. McCaffrey, Mrs. A. M. S. Stewart, Mrs. J. S. McConkey, Mrs. H. W. Fogt, Mrs. N. L. Martin, Mrs. Hugh White, Mrs. E. T. Engler, Mrs. H. F. Ritchie, Mrs. E. A. C. host, Mrs. F. Langmuir, Mrs. W. H. Hewlett, Miss Helen Merrill, Mrs. S. M. Milligan and Mrs. R. W. Frittle.

THIRTEEN SOLDIERS ARE NAMED IN LIST

Yesterday's official casualty list contained the names of 13 Toronto men, six of whom have been killed and seven are on the wounded list.

CABLE PROVES DEATH

Pte. Ernest Robert Beck Makes Supreme Sacrifice Bravely.

Yesterday's official casualty list contained the names of 13 Toronto men, six of whom have been killed and seven are on the wounded list. Pte. Ernest Robert Beck, of the 50th Battalion, is reported to have been killed in action on August 12. Before going overseas he was a miller in the city of Toronto. Mrs. Martha Beck, 602 Vaughan road, yesterday received a telegram from the front office, confirming the death of her son, Pte. Ernest Robert Beck. The officer of his unit wrote to the mother, telling her bravely Beck met his death in action on August 12. Pte. DUCHESSE AGAIN GIVES TO SOLDIERS' GAZETTE

Sends Cheque for Two Hundred and Fifty Dollars to the Treasurer.

Her Royal Highness the Duchess of Connaught has again shown her deep interest in The Soldiers' Gazette by sending the Hon. Marguerite Shaughnessy, the treasurer of The Soldiers' Gazette fund of Queen Mary's Needlework Guild, Montreal branch, a cheque for \$250.

This is the second contribution from her royal highness, the first, for a like amount, having been given on the inception of the publication of The Soldiers' Gazette.

At the request of her royal highness the donations she makes are utilized in sending several hundred copies weekly to the Canadian hospital bearing her name at Cliveden, England. Many letters received from the patients of the Duchess of Connaught's fund, tell of their appreciation of The Soldiers' Gazette.

SPEND LESS ON ROAD BUILDING

Three-Quarters of a Million Appropriated for County System.

LESS THAN LAST YEAR

Drop is Explained by Difficulty in Obtaining Help.

The expenditure on road construction in counties which have taken up the county road system will be about \$750,000 this year, said W. A. McLean, director of highways yesterday. This amount is slightly less than last year, when about \$800,000 was expended. The difference is to be explained by the difficulty in securing help.

"Not one county is able to do what it wants to do," said the deputy minister, who added that labor shortage was reported from every district. This shortage has practically nullified the impetus given to road building by the recent act, which raised the percentage of the expense of construction borne by the government in counties where the county system had been adopted from 33-1/3 per cent. to 40 per cent.

The estimate for repairs and maintenance this year is \$200,000, which is a considerable increase over the amount for similar purposes last year. Twenty-six out of the 37 counties in Ontario where a county system would be applicable, have adopted the county road system. In the remaining eleven are showing marked signs of interest. There can be little doubt that when labor is over and the spread of the system to all the available counties in the province will be very rapid.

PROBE BEGUN IN REAL ESTATE DAMAGE CASE

Official Arbitrator P. H. Drayton, R.C.O. yesterday began the hearing of the claim for \$53,223 damages, laid by the MacNamara estate for damage to 32 acres on the southwest corner of Davenport road, east of the street. H. H. Dewart acted for the complainant, and C. M. Conihoun for the city. Two real estate experts will give evidence to the commissioner.

WILLS PROBATED

Two sons and two daughters of John Lever Tiltson, whose body was found in the Thames River May 12, 1915, will receive approximately \$100,000 from the estate, valued at \$1,085,704. Mr. Tiltson was the owner of 3000 shares of the stock of the Tiltson Limited, and was managing director of the concern. He was last seen alive on Jan. 23, 1915. Educational institutions will receive the bulk of the estate of \$30,000 left by Dr. George Kennedy, former law clerk in the Department of Lands, Forests and Mines, who died June 18, 1916. The Toronto General Trusts Corporation has applied for probate of the will.

The Ottawa Collegiate Institute received \$10,000, the Thomas Wardrop Trusts Corporation received \$5000, M. A. Ross scholarship receiving the same amount, and the Toronto University is bequeathed \$10,000, of which \$5000 is for the George Kennedy scholarship, and the other half is for the Sarah Kennedy scholarship. The Salvation Army receives the presentation clock and \$1000 for charitable purposes.

Jane James, wife of Charles James, late of Cornwall, in Cornwall, Eng., who died Aug. 19, 1915, will receive the entire estate of \$4234 left by her husband. She has applied to the surrogate court for ancillary letters of probate.

COURT ENTERS OBJECTION TO ORDER IN LOG DEAL

Objection to the granting of an injunction restraining Charles Pierce from disposing of some logs bought by him at a sheriff's sale, was made by Justice Middleton in Osgoode Hall yesterday. The Maple Leaf Lumber Co. claim ownership of the logs, which are in German Township, Timiskaming. The justice declared that the defendant was worth \$70,000, and would be good for damages if it was proven that he was not entitled to the logs.

MANY PRAISE OFFER OF NEW DICTIONARY

Language Guide Should Keep Pace With Flow of Added Words.

Distributing a new dictionary has brought this paper many complimentary remarks. One subscriber who presented coupons yesterday for half a dozen dictionaries for different purposes, said that he had been employed and members of his family said he deemed it necessary that a dictionary should progress with the language, just as a newspaper does. The world moves rapidly these days, and only the New Universities is abreast with today's growth of the language.

The departments handling this great educational offer are being kept busy handing out the books. More reserves had to be rushed last night to fill up the rapidly depleted stock. At this rate the first and limited edition will soon be exhausted.

While readers are eager for the book, an account of its being authoritative and complete, its absence is a negative appeal to thousands. It has been many a long year since an actual new dictionary was given to the public. The new Universities Dictionary is new in all the world in its new in contents, new in type, new in arrangements of help to word study. Particularly so, it is new in that it contains the study of today's English for young people who are so busy and who cannot attend to schools and obtain general education. Unaided, a young man or woman employed may learn the correct use of the English of modern business and society if they but follow the directions of the great university teachers whose articles on "Standard English," "Practical Syntax," "Idioms," "Proverbs," and "Etymology" appear, plainly written in simple English, in this book.

Particularly so, it is new in that it looks harsh and forbidding to a beginner, is made simple if one reads the article by Clark S. Northup, Ph.D., university instructor in English in Cornell University. Professor Northup's article tells how to learn where our words were found, why we adopted them, and how we changed them to mean what we wanted to say. That's what etymology is, and this paper dictionary is a dictionary because it wants every reader to know all about the language. Call and examine the book at The World Office, 40 South McNeil street, Toronto, or 40 South McNeil street, Hamilton.

HUGHES BELIEVES GERMAN POWER IS SLOWLY EBBING

Brother of Minister of Militia Given Usual Liberty in Visits to Battle Fronts.

Few visitors at the front were accorded such freedom of observation as Hon. Col. James H. Hughes, brother of the minister of militia, on his visit to see the grave of his son, Lieutenant Hughes, in the Canadian trenches in the Somme offensive, and visited the Canadian front. For seven days Col. Hughes is convinced the power of the German army is on the wane. One of the proofs he has for this is that 15 per cent. of their shells do not explode. He made the passage from England in a destroyer, and landed at Ypres, which, he says, is a hop of a hop.

CEMENT WORK FINISHES ON HIGHWAY NEXT WEEK

All the cement work on the Toronto-Hamilton highway except a small piece on the west side of Bronte, will be completed by Monday or Tuesday of next week, said W. A. McLean, deputy minister of highways, yesterday. The cement will then need three weeks seasoning. The piece near Bronte cannot be got around. Otherwise the road will be open for general traffic around the end of the month.

MOTORIST CHARGED WITH NEGLIGENCE, OUT ON BAIL

In the police court yesterday, Harry R. Steele was charged with failing to return to the scene of a motor car accident. As he is to be tried in another court on a charge of criminal negligence and a conviction would prejudice his case, the magistrate reserved judgment until Sept. 14. He was allowed out on his own bail of \$200.

LICENSE RECIPROcity

West Virginia has arranged automobile license reciprocity with Ontario. This was announced yesterday.

PRISONER DISCHARGED

Because a justice of the peace is not empowered to deal with the charge against Thomas Nelson, who had been sentenced to sixty days' imprisonment for driving a motor car on Newcastle Aug. 7, justice Middleton discharged the prisoner yesterday. Nelson is said to have driven his motor car 16 miles in an hour in hot weather.

FINED FOR SELLING LIQUOR

Charged with selling liquor without a license at the Exhibition, where he is a porter, Edward Hart was fined \$300 and costs or three months, when he appeared in the police court yesterday.

WOMAN IS SENTENCED TO EFFECT CURE OF DRUGS

Wife of "Phil, the Jew," Before Court for Having Drugs in Possession.

Mrs. Mabel Phillips, wife of Montague Phillips, supposed to be "Phil, the Jew," appeared in the woman's court yesterday on a charge of having drugs in her possession for other than medicinal purposes.

Called for by Mrs. Phillips told Magistrate Denison that his client was anxious to rid herself of the terrible drug habit, and the magistrate, concurring with counsel's view, the woman was sentenced to six months at the Industrial Farm.

Arrested Wednesday on a charge of selling heroin and other drugs to Phillips and his wife, Joseph H. Pountney, druggist, 1091 Bathurst street, appeared in the police court yesterday to answer the charge. He reserved plea, and was released on his own bail for one week.

PLAN OF REPRISAL IS DROPPED BY U.S.

Retaliation Regarding Interference With Mail Not Practicable.

NO PROTEST RECEIVED

But Hardships to Americans in Foreign Countries Are Feared.

WASHINGTON, Sept. 7.—The conference representing the two houses of congress on the emergency revenue bill today struck out the Phelan amendment to empower the president to retaliate against citizens of belligerent nations which interfere with United States mails. The argument which prevailed in the conference was that it might work great hardships to Americans in foreign countries by counter-retaliation.

Secretary Lansing said today no protest had been made by any foreign governments against the trade reprisal provisions of the revenue bill, although legislation had been introduced in Great Britain with the British Ambassador, Sir Cecil Spring-Rice. The ambassador conferred again today with Mr. Lansing.

The American embassy at London cabled today that the British foreign office will give special consideration to difficult cases where large amounts of tonnage are not involved, in the neutralization of the department to secure elimination of certain Americans from the "blacklist."

The statement was officially described here as not related to or the result of the retaliatory legislation. It relates to individual negotiations.

The conference of the houses of congress today also abandoned the Chamberlain amendment to prohibit the admission of Pacific Ocean salmon or halibut thru a foreign country, except in bond from an American port. This was decided, might develop a combat about retaliation against American Atlantic coast fisheries.

REVOKES FINE

The conviction of Lemuel Leselle, who will fine \$1 or ten days' jail sentence, after his son had used improper language toward a woman, was today, and the magistrate of Chesapeake, who imposed the fine, will have to pay \$40, costs of the motion for an order. The justice declared the action of the magistrate in fining the father for the misdeed of his son was "utterly stupid."

NO DELUGE YET

The deluge of telegrams protesting against the Ontario Temperance Act, which has been threatened in reports from Windsor, published here recently, have not arrived at the parliament buildings yet. Hon. W. J. Hanna, acting premier, said yesterday. He added that probably they were despatched.

CITY MUST PAY

The city has to pay \$5000 for the lot under the Glen road bridge, expropriated by the Bloor street viaduct. The claimants, H. H. Davidson, T. J. G. Aitken and Joseph McKibbin, claimed about \$10,000.

PERMIT IS ISSUED

City Architect Pearce yesterday issued a building permit to H. H. Williams, 82 East King street, to build a \$80,000 brick store and warehouse at 384 Yonge street.

BOAT SAFE OFF BANK

Two tugs and a gang of 50 men succeeded yesterday in getting the steamer Corona off the sand bank. Divers who examined the hull of the steamer reported that there was no damage done.

ALBERT BROWN IN "THE BLACK FEATHER"

The brilliant young comedian, Albert Brown, who has a host of admirers in Toronto and all Canadian cities, will present his new play of war diplomacy at the Grand Opera House next week. The new play, "The Black Feather," is from the pen of the veteran Canadian dramatist, W. A. Trennaye, author of many successes in past years, and was written especially for Mr. Brown. He has provided a role somewhat similar to Kit Brent in "The White Feather," the story and action of the piece are entirely different. It is a comedy of war diplomacy, with an undercurrent of intense emotion, and deals with the dubious antics in London just prior to the outbreak of the war.

"ON TRIAL"

"On Trial," Cohen & Harris' melodramatic sensation, which is playing to capacity audiences at the Regent Theatre this week, will again be presented at that playhouse next week. "On Trial" is from the pen of the veteran dramatist, S. M. Reizenstein, a comparative newcomer in the dramatic world, and it is thrilling in its enactment. It has received the endorsement of both press and public alike and the large attendance of seats assures another big week for this gripping and vivid drama.

MARY PICKFORD GETS LETTER FROM SOLDIER

Mrs. Mary Pickford, who is the feature at the Regent Theatre today and tomorrow, recently received a letter from a Canadian soldier from the front in Belgium. "It might interest you to know that we have had a strong feeling behind the firing line, but so far have not had any lumps with you," says the correspondent. "Must close now, as I have to go on sentry duty. Now he sure and drop us a line and I will send you a shell-nose cap and a German gas helmet, and anything in the line of souvenirs you want. Somewhere, concludes the correspondent who has addressed when writing the letter as "In a dugout, Bat Alley, Somewhere in Belgium," and signed it "Calamity Juan" (1841), 25th Battalion, Scouts 2d, C.E.F.

"THE GINGER GIRLS"

Manager Pierce announces for next week's show at the Star Theatre the "Ginger Girls" Company, one of the best of all the old favorites here, and which will open a week's engagement at the Star on Monday. The "Ginger Girls" Company has always been a favorite here, returns to Toronto with many new and novel features, including a strong cast of popular entertainers. Among the cast of principals are Ben Small, Geo. Wagner, Al. Dugan, John D. Bowman, Geo. Niblo, Mabel Lynest, Marion Chase and Gertrude Kallston.

BEAN CROP IS POOR

Special to The Toronto World. ST. THOMAS, Sept. 7.—The outlook for the bean crop in Aldborough township, Elgin County, is very poor. The farmers state that they don't expect more than five to ten bushels per acre, and many say the stalks are not even good for fodder. The seed cost from \$3 to \$4 per bushel. Corn has, however, made splendid advancement in this district during the past two weeks.

INCOME TAX OPPOSED BY CABINET MINISTERS

Crothers and Meighen Think Ottawa Should Grant Exemption. By a Staff Reporter. OTTAWA, Sept. 7.—Hon. T. W. Crothers and Hon. Arthur Meighen are appealing against the assessment on their incomes made by the city. Cabinet ministers have not been assessed for many years. Recently, however, Mr. Meighen purchased a house and Mr. Crothers rented one. Then they were assessed. Other cabinet ministers who reside in hotels and apartment houses are not assessed.

WILL CONFER AGAIN ON LABOR SHORTAGE

Cabinet Ministers to Meet Employers and Men's Representatives Next Week. By a Staff Reporter. OTTAWA, Sept. 7.—There is to be another conference next week between members of the government and representatives of labor and manufacturers of munitions and general war supplies regarding the shortage of labor. A few days ago Hon. T. W. Crothers and Hon. Robert Rogers met Toronto, Montreal and Ottawa representatives of capital and labor in conference here and the main question which came up was that of recruiting. Ways and means were discussed to keep men who are necessary for the manufacture of war supplies at work instead of recruiting them for overseas service. The discussion will be continued.

SOCIETY

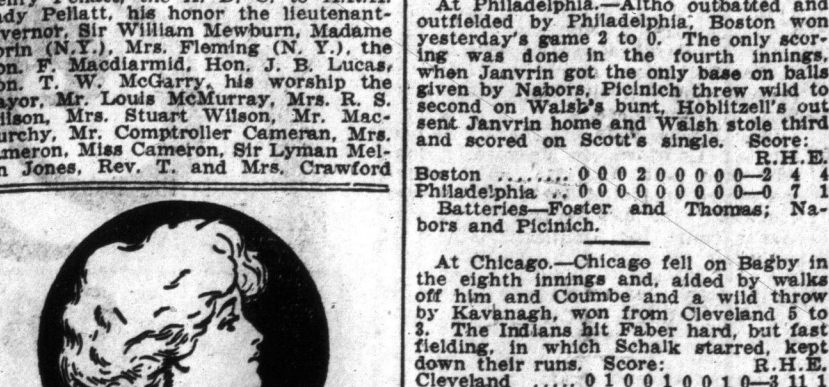

His Honor the Lieutenant-Governor of Ontario and Lady Hendrie gave a most successful garden party yesterday afternoon at Government House, which was honored by the presence of Their Royal Highnesses the Duke and Duchess of Connaught and the Princess Patricia. His Honor the Lieutenant-Governor and Lady Hendrie received on the terrace. Their royal highnesses received for part of the time. His honor was attended by Col. Clyde Caldwell and Col. Fraser, Col. Stanton and Capt. MacIntosh attending his royal highness, and Miss Yorkie her royal highness. The grounds of Government House looked wonderfully well after all the dry weather, and there were two large marquees where tea and ices were dispensed to over 2000 people, titled and otherwise. His honor also being served in the hall-room. Lady Hendrie wore dove gray, which is so very becoming to her, with a black hat, trimmed with white and a large black veil, which she always looks her best in. Her Royal Highnesses the Duchess of Connaught wore a soft satin and chiffon, in a pale shade of plum, a beautiful robe of pearls, and a large black hat, with a pink rose lace, and a wide-brimmed black velvet hat, with a bow of ermine. LOGIE IN OTTAWA FOR HAGARTY'S UNIT

Commander in Conference Regarding Disposal of Light Infantry.

BATTALION IS TRAINED

Members Desire to Continue Recruiting Rather Than Divide Columns.

Special to The Toronto World. CAMP BORDEN, Ont., Sept. 7.—Major-General Logie, commander of this military district, went to Ottawa today and while there, it is understood, that he will confer with militia headquarters for troops and the proposal to attach the 201st Toronto Light Infantry members to the 174th and 198th Toronto battalions.

When spoken to tonight, Major Bennett, acting commander of the Toronto Light Infantry, which was formerly commanded by Col. Hagarty, would not discuss the proposed division of the battalion beyond stating that "the best interests of the service are the first consideration, I am quite satisfied to abide by whatever the authorities decide upon."

The members of the 201st would prefer to carry on as at present. They are thoroughly disciplined, and being thoroughly disciplined will follow out the desires of their officers as decided upon by the authorities.

The 201st athletes will compete in row night in model trenches at Toronto as previously arranged. Today the 190th Sportsmen and 205th Hamilton Tigers occupied the trenches in camp here. They had unusual weather conditions to contend with. A thunderstorm occurred at noon. For twenty minutes the sun fell in torrents, and both morning and afternoon weather was very warm.

The 198th Buffs met the 208th Irish-Canadians in bombing contests today and won two out of the three contests. The Buffs will meet the 14th Kitchener Battalion, 188th Camp Borden, 174th Grey and the 227th and 228th Northern Ontario Battalions west away on leave. Today the 166th Q.O.R., 14th Haldimand, 14th Lincoln and Wolwell, 188th Norfolk, 14th Grey and the seven battalions from western Ontario left.

Many special trains were required to transport them to their home towns. These officers and N.C.O.'s have qualified in musketry at a course held at Camp Borden.

Lieuts. M. J. Murdoch, C. E. Murray, Corps. J. W. Bishop, S. E. Searle, all of the 166th Q.O.R.; Lieuts. W. R. Easton, G. Clark, A. Grey; Sgts. W. B. Dunnet, C. A. Kitchener, A. A. Palmer, 170th Mississauga; Lieuts. F. P. Burns, C. S. Burrows, R. Dibble, H. D. O'Donoghue, 188th Camp Borden; Lieuts. C. H. Booth, H. M. Palmer, W. E. Smith, C.S.M. T. S. Robinson, Sgt. A. L. Barrett, Corp. H. Fisher, 198th Buffs; Lieuts. A. Brown, Sgt. J. F. Brown, W. G. Clarke, 201st Toronto Light Infantry; Lieuts. C. S. Morrison, G. H. Rochester, W. C. Dunlop, Sgt. G. Callaghan, W. C. Luff, 204th Beavers; Lieuts. A. O. Armstrong, A. Sprinks, Sgt. H. Conyers, 216th Bantams; Lieuts. E. P. Crossland, J. G. Healey, Corp. G. H. Mullan, 208th Irish; Lieut. H. R. Lobdell, Sgt. A. Pomeroy, Corp. J. Nesbitt, 218th American; Corps. A. F. Cooper, G. C. MacKay, C. D. McNeill, J. E. Ramsden, Officers' Training Corps; Lieut. J. T. Jenkins, Sgt. H. Tack, 12th York; Lieuts. W. J. Galloway, G. E. Haygarth, J. B. Quarry, Sgts. J. Adamson, J. E. Eastwood, H. E. Westbrook, 18th Highlanders; Lieuts. J. S. Carscallen, W. B. Witherspoon, Sgt. C. V. Kirkpatrick, H. Warwick, 205th Hamilton Tigers.

There have been no deaths from meningitis among the soldiers of this military district since April, 1915. The last 11 cases are all recovered. Camp Borden Hospital has 16 cases of pneumonia, but all are stated to be holding their own.

Prof. Morgan, professor of modern history Saskatchewan University, visited the camp today and was pleased with it as compared with western Canada military training areas.

CAMP BORDEN, Sept. 7.—Hon. Col. James L. Hughes of Toronto, brother of Sir Sam Hughes, was here today. Major C. Warren, D.A.D.M.S., went to Toronto to attend an important meeting of the Dominion hospitals committee, to be held tomorrow. The 14th Haldimand Battalion will be presented with colors here on Sept. 18. The colors are a gift from citizens of Cayuga.

A trek of troops from here to Toronto this fall is considered very unlikely. Lieut. W. M. Richardson of the 147th Grey Battalion will act as 4th brigade bombing officer. The 204th Beavers will be inspected in musketry tomorrow morning. Pte. Victor C. Aitken of the 166th Q.O.R. Battalion has received his discharge, in order that he may take a commission in the British West Indies Regiment. Seven men were struck off today for illegal absence. The total of men absent without leave today is 1079, a decrease of 100 compared with yesterday.

Start Infantry School. A course for the qualification of officers for the rank of captain and field officers will commence at the School of Infantry, Camp Borden at 9 a.m. Wednesday, Sept. 20. Applications must reach the general staff office not later than Thursday, Sept. 14. A course of instruction for the qualification of non-commissioned officers will commence at the School of Infantry here on Monday, Sept. 18. Accepted candidates from units not at Camp Borden will report at noon on that day.

Four candidates from each overseas battalion will be permitted to attend. Applications for the general staff office not later than Wednesday, Sept. 13. Capt. G. Bates is in command of the strength of the A.M.C. Training Depot No. 2, and detailed for duty with the Base Hospital in Toronto. The following officers and N.C.O.'s qualified as instructors in the trench warfare course at Camp Borden, July 29 to Aug. 25: Capt. H. Pratt, 119th Kitchener Battalion; Lieut. A. A. Orr, 204th Beaver Batt.; A. D. Haig, 201st Toronto Light Infantry; J. W. Crane, 218th Bantams; V. P. Grievs, 228th Halesbury Batt.; Sgts. Watt, 208th Irish-Canadians; Woodhouse, 204th Beavers; Lieut. H. M. Dignam, 208th Batt.; G. V. Irwin, 173rd Highlanders; Duncan, 159th Batt.; A. S. Wright, 188th Batt.; A. Gausman, H. Ramsden, 170th Mississauga; Sgts. Allen, 205th Tigers; Henderson, 201st Batt.; Eade, 177th Simcoe; Corp. Ellis, 170th Batt.

Tests in Eyesight Made Easier for Volunteers to Service. CAVALRY MEN NEEDED. Assistants Are Required, Too, in Spadina Military Hospital.

Thirty-six volunteers offered their services in various overseas units recruiting in Toronto yesterday. Twenty-three passed the doctor's examination and were taken on the strength of the army. The other 13 were rejected as unfit for service. The Canadian Mounted Rifles are still in need of cavalry men and anyone desirous of cavalry training and to go overseas quickly can enlist at the recruiting office at 89 West King street.

The opening of the Spadina Military Hospital will afford an opportunity for those who are rejected for overseas service to get a place there. Men are urgently needed for this work and if they will apply to Lieut. Grassick, armorer, they will be taken on for this purpose.

An announcement of more than usual interest has been issued from headquarters, M.D. No. 2, which advises that the standard of vision for infantry has been reduced, and a great many who have been rejected within recent months will now have an opportunity of serving with the colors. The standard has been lowered so much that a man with good sight in one eye is practically certain of getting thru if the other eye is considerably off. Those who have been rejected because of eyesight in the past will be notified individually, but especially those who have received "AI" buttons, and in the meantime any who desire may submit to another test and can be practically certain of getting thru. If the eyesight is so bad that a man can't get into the infantry he can be placed in the C.A.S.C., C.A.M.C., Canadian Ordnance Corps or the Forestry Battalions or as drivers in the artillery or engineers.

The depot is preparing for a big increase in recruiting because of this change in standard.

FRENCH SHELL FOE STOPPING ATTACK

Ally Maintains Heavy Artillery Fire on Both Banks of Somme.

WIN SOME TRENCHES

Isolated Fighting Extends Allied Lines Immediately East of Denicourt.

(Continued From Page One) during the night. In other sectors there was nothing to report. Step Enemy's Attacks. South of the Somme the Germans debouched in force from the Village of Horgny and made several attacks against our new positions southwest of Belleu-en-Santerre and south of Barleux. All these attacks were stopped by our curtains of fire before they were able to approach our lines. The losses which the enemy suffered during these fruitless attacks appeared to have been very great. Four hundred prisoners taken south of the Somme yesterday have been counted up to now.

According to fresh information the German troops beaten back yesterday by our infantry in the region east of Chilly belonged to a Saxon division which was transferred hurriedly from the Aisne front.

Aviation: Our air service took an active part in the actions of the past few days on the Somme front, watching the movements of enemy infantry, carrying out bombardments in the rear of the German lines and attacking with machine guns troops on the march. Our machines armed with guns repeatedly bombarded the enemy's trenches.

"During air fighting which took place yesterday two machines were brought down by our pilots. One fell in the direction of Guedecourt, and the other in the neighborhood of Eris-en-Santerre. Four other German machines were forced to descend damaged.

"On the right bank of the Meuse (Verdun front) towards the end of the day, yesterday, after violent artillery preparation, our troops attacked the German organizations on the front between Vaux-Chapitre Wood and Chemois. The entire front line of enemy trenches fell into our hands on a length of about 1500 metres. We took about 250 prisoners and about 10 machine guns.

"There is no event of importance to report from the remainder of the front."

ASK COMMITTEE PROBE OF FOOD AND FUEL COST

Union Representatives Adopt Resolution Embodiment Request to Dominion Government.

At the meeting of the District Trades and Labor Council last night representatives of the different local trades unions passed a resolution without any debate requesting the Dominion Government to appoint a committee to look into the high cost of food and fuel. The resolution also instructed Secretary Stevenson to request the labor council all over Canada to take up the matter and protest to the government.

Three weeks ago a similar resolution was passed and taken before the board of control. The board was in favor of the plan and endorsed it. The labor delegates were not satisfied with a reply from the government on a question relating to the high cost of living and further information will be asked in the secretary's letter.

In the report the educational committee criticized the board of education for not having the 1915 educational report out. It was stated that the report will not be issued until the end of October, and the council is of the opinion there is negligence on the part of the board.

MRS. VICTOR'S FATE IS NOT YET KNOWN

Theory That She Ended Life in Credit River Loses Credence.

MAY STILL BE ALIVE

Thought She Has Wandered Into Woods—Vandalism Alleged.

The fate of Mrs. E. A. Victor, who was mysteriously disappeared from her home at Port Credit a few hours after being apprised of the tragic death of her husband, E. A. Victor, on Wednesday morning at the C.P.R. tracks, has not been solved. Whether the woman, in a fit of melancholy, had deliberately taken her life by plunging into the Credit River or whether she had wandered into the woods and had there been overcome by heart trouble, to which it is alleged she was subject, is still a mystery. A thorough search of the river by Malt Axtroyd and his assistants yesterday failed to produce the desired result.

An act of vandalism, a strange feature of the case, committed early Wednesday morning, when the house of the unfortunate couple was entered and two photographs taken, has aroused the residents of the village. Entrance was made thru a window, and one picture was cut from its frame, evidently by a penknife, and the other was removed. A strange feature of the theft is the reproduction of the identical pictures stolen on the front page of one of the evening newspapers. H. P. Carson, who last visited the house on Wednesday night, in a written statement, declared that the pictures published in the paper were reproductions of the two which have disappeared, and he makes the further statement that they were in their places on Wednesday night at 8.30, when he, Mr. Carson, locked the house.

Last night a meeting of the citizens of the village was called in order to discuss means of punishing the offenders, and to devise means of bringing the search for the missing Mrs. Victor to a successful conclusion. The meeting expressed indignation at the perpetrators of the theft and an enquiry into the person or persons responsible will be made by W. H. Rutledge, of Port Credit, provincial constable, and if the guilty parties are detected prosecution will probably follow.

A. M. Hoberlin was elected chairman of the meeting. It was suggested that probably Mrs. Victor had not entered the canoe which was found 500 yards above the landing place where it was usually tied and was on the other side of the river, but had wandered into the wood which is very dense in the vicinity and had been overcome. The reasons for this supposition were the disappearance of a double paddle which could not be located in the river. Further footmarks were traced in the mud of the shore down to the landing place, but there were no mud stains whatever in the canoe, the interior of which is painted white.

To Make Thoro Search. With the hope of locating the woman in the woods it was decided at last night's meeting to form a party and make a thoro search of the woods this morning. The dragging of the river

will also be continued, and hopes were entertained of the ultimate success of the party. The letters which Mrs. Victor had written to relatives in England prior to her disappearance could not be produced last night, but according to one of the men present who had heard the letters read, they merely contained an announcement of her husband's death, and the suggestion that there was nothing left for her to do now but go home to England.

COAL SHORTAGE IMMINENT. WOODSTOCK, Ont., Sept. 7.—Western Ontario has been endangered by a coal strike. Inquiries of local dealers say they have their regular stocks on hand and fear no famine. Price advanced last May from \$7.75 to \$8 per ton, and still remains at that figure with no present view of any advance in price.

EYESIGHT INJURED BY GAS EXPLOSION

Chas. Plume, Exhibition Employee, is Victim of Accident.

Charles Plume, 95 Lippincott street, may lose his eyesight as the result of a gas water heater exploding in a restaurant, where he is employed as night watchman in the Exhibition grounds, last night. Plume had gone to work at 10 o'clock and had not sooner turned on the gas under the heater than a terrific explosion occurred. He was blown off his feet. He was rushed to an emergency hospital in the police ambulance and afterwards removed to the General Hospital. His face was badly burned.

ANOTHER ADVANCE IN COPPER SHARES

Additional Export Orders Stimulate Demand for Stocks.

READING TAKES RISE

Paper Issues Also Show Increased Strength on Wall Street.

NEW YORK, Sept. 7.—Over-extended bull accounts in some of the prominent specialties suffered more or less depression in today's broad active market.

There was heavy selling of the Merrill Lynch issue, the common making an extreme decline of five points, with two for the preferred.

U. S. Steel reflected steady realizing for profits on yesterday's advance to a new record, the listing only half a point on the day.

Reading's strength was the outstanding feature, mounting 4 1/2 to 11 1/2, its highest price since last May.

Improvement in copper did not make much headway until the final hour, when inspiration rose three, to the new record of 6 1/2.

Security of the finished product accounted for the activity at higher prices of the several paper issues.

INVESTORS BUYING SOME LOCAL ISSUES

Toronto Market Steady Except in Those Stocks With a Speculative Long Interest.

Any actual buying of domestic stocks at the moment is more of an investment than a speculative one.

There is some manipulation in Steel. The operations of the Steel Trust, which since the dividend was passed and the future holds out a good prospect for increased values, especially in some of the investment issues.

Investment in some of the investment issues, Dominion Steel, is gradually feeling the effect of the investment purchases.

A lot of these shares had been held by speculators since the dividend was passed and the future holds out a good prospect for increased values.

Yesterday the price advanced to 57 1/2 and the market showed less pressure of offerings.

The only week spots in yesterday's market were the shares of the Steel Trust, the result of the liquidation of speculative holdings.

Another dividend declaration on Steamships preferred did not stimulate the issue.

The market had a dragsy appearance near the close in conformity with Wall street.

KERR LAKE'S YEAR WILL BE GOOD ONE

Large Production and Higher Silver Prices Will Be Shown in Statement.

Kerr Lake's production during the first six months of this year was slightly more than 1,200,000 ounces of silver.

The statement shows that the company has received for its silver, it is estimated that the year will make an excellent showing.

In June Kerr Lake established a new high record of production with 237,942 ounces.

This compares with 224,598 ounces in May, 225,423 in April, 214,902 in March, 163,995 in February and 184,697 in January.

Sept. 3, 1915, showing 4,172,000 ounces of silver, indicating a diminution of 1,626,200 ounces, as against 2,036,983 ounces produced during the year.

In view of the large production this year the annual statement should be extremely interesting, as it will disclose the amount of new ore reserves which have been developed.

Kerr Lake stock is now selling at practically the value of its ore reserves. The speculative value of the stock is the treasury, or the ore reserves position will be as of Sept. 3, 1915.

In addition to its ore reserves, Kerr Lake has \$760,000 in cash and cash equivalents, as against \$418,000 share on the 600,000 shares outstanding.

To which should be added the 237,942 ounces of the company's holdings in the Cambium-Cobalt property, plus the speculative possibilities—that is, one that may be encountered in the future.

LABOR IS SCARCE EARNINGS MAINTAINED

The Nova Scotia Steel Company is being affected by the marked scarcity of labor, but is maintaining its earnings at the high level recently attained.

and promises to continue to do so, as orders on hand ensure capacity operations until well on into next year.

Export business is particularly gratifying, and the result of the conditions that have been established are proving very satisfactory.

BALKAN CHANGES UNSETTLE WHEAT

Chicago Market Closes Nervous and About Cent Lower.

FEAR RUSSIAN CROP

Buyers Speculate as to Imminence of Opening of Dardanelles.

CHICAGO, Sept. 7.—Reports that Greek forces had joined with the British and French troops to fight the Bulgarians led to a decline in the wheat market today.

But prices were made a rally, helped by word of Bulgarian successes against Rumania. The close was nervous, 1/2 cent lower, with December at \$1.95.

and May at \$1.85. Corn finished 1/2 cent off to a like advance; oats down 1/2 cent, and provisions all varying from 1/2 cent to a rise of 1 cent.

Wheat traders appeared to be watching chiefly for signs as to whether an outlet would be found for the big surplus stocks piled up in Russia and Rumania.

It was announced that there was sufficient tonnage at present in the Black Sea to move 2,000,000 bushels of wheat, altogether, 400,000,000 bushels would be available in the Dardanelles were open.

As the Dardanelles were open, American, Canadian and British troops at Salonika had reinforced the Anglo-French allies, had an immediate bearish effect here.

Consolidated that some Greek export orders at New York had been cancelled tended also to depress prices. Later, however, doubt as to whether there had been any really important change of the military situation in Greece.

Bullish reactions late in the day failed to overcome entirely the previous downward turn in the wheat market.

The recovery was still in progress when it was interrupted by the closing gong. Most of the relative final advance appeared to be due to the surrender of a Rumanian fortress and 20,000 men within 50 miles of the capital, Rumania.

There were also predictions current that the Washington report tomorrow would prove to be in favor of the Allies.

Corn advanced over wheat, shipping business to the east was restricted by inability to obtain tonnage.

Provisions had a downward tendency for the most part.

CALUMET AND MONTANA PLAN BIG WORK

Directors and Outline Extensive Development Work.

Special to The Toronto World. COALE, Sept. 7.—Plans are being discussed and outlined for an extensive scheme of development for the Calumet and Montana Consolidated.

Plans have been working with three drills for some months now, and so satisfactory has been the results that it is being considered that the outlook warrants increased activity.

Already a large tonnage is blocked out, a considerable portion of which is high-grade and is developed on two levels. Several hundred feet away from the present shaft a wide vein, well mineralized, is exposed on the surface.

The plan outlines, and which it is thought will soon be put into effect, is the deepening of the present shaft to about the 300-foot level, cross-cut over to the big vein and then put up a raise to the surface, thus making two shafts and exploring at the same time a considerable area of virgin territory.

The directors of the company, as well as a large number of prominent capitalists and members of parliament, visited the property last week and so enthused were they that plans for working on a larger scale was practically decided upon at a meeting held at the mine, but several details have to be first worked out before this will be put into effect.

George C. Thomson, and M.E. consulting engineer of the company, is expected to meet the directors at Toronto in the latter part of this week to perfect plans.

Included in the party were Messrs. W. W. Sloan of the Canadian Northern Railway, Toronto; E. F. Morphy, I.C.M.P. Listowel, Ont.; W. Weichel, M.P. Waterloo, Ont.; A. A. Mondeau, M.P. Yarmouth, Que.; C. L. Wilson, manager York Herald Co., Toronto; Alfred Wright, Canadian manager London and Lancashire Life Insurance Co., G. A. O'Leary, St. Paul, W. McMaster, M.E., Toronto; E. C. SUB. WARFARE FAILURE GERMANS NOW REALIZE

Von Bethmann-Hollweg is Able to Convince Many Critics.

LONDON, Sept. 7.—A wireless press message from Berlin, received yesterday, says that disillusionment about submarine warfare is now complete in official circles in Germany.

According to the information received here from Berlin, the imperial chancellor has pointed out the failure of submarine warfare, not only at secret sittings of the bunderath, but to a considerable number of political leaders.

Pan-German attacks and criticisms drove Von Bethmann-Hollweg to this course. Pan-Germans accused him of slackness in abandoning unrestricted submarine warfare.

The chancellor was obliged to prove that it was not his own wish, but failure of submarine operations which inspired his policy in this respect.

Definite information concerning the magnitude of Germany's losses in submarines now has been communicated to leaders of all parties and groups in the Reichstag.

Editors, and to the Berlin correspondents of some of the leading provincial papers. Most recipients of this information, including many who were formerly advocates of unlimited submarine warfare, rallied to the chancellor's side and condemn his detractors, it is said.

OTAWA, Sept. 7.—The minister of finance forecasts a campaign for this fall to promote greater national savings.

Canada, he says, must be prepared to find the money for munitions and supplies purchased here, just as the United States finds the money for orders placed there.

There being the closest possible connection between the ability to finance and the getting of international orders.

Opportunity for desirable investment of national savings in government loan issues will be presented. Details of the new loan will be announced next week.

And Here Are the Bargains in Good Shoes.

EXHIBITION VISITORS will find practically a New York Shoe Store on our Second Floor This Morning

The cream of the production of four or five American factories is offered in this Sale. The latest novelties in footwear which you see at Coney Island and Atlantic City Board Walk may be had in nearly all sizes today at one-half to one-third of New York prices plus footwear.

Be sure to take home with you a sample of this fascinating footwear.

Women's Low Shoes, most of them made by leading custom grade factories of the United States. They have the style and graceful appearance that stamp them as footwear of the highest grade. The leathers are: Patent colt, gunmetal, tan calf with plain kid and black cloth and colored leather backs. These shoes were made to sell at \$3.50, \$4.00 and \$4.50. There are all sizes in the lot, but not all sizes in any one kind. Come at 8.30 and get first choice of these splendid shoes. 1.95

This offering is shown on the Richmond Street side of the Shoe Department, divided into sizes. The lasts are perfect, and you may be assured of a comfortable fit. Shoes cannot be fitted at time of Sale. Your money back or shoes exchanged if you are not perfectly satisfied.
