The Germans Retreat; British Are Pursuing

Give Up Positions On Important Front Between Lys and St. Yves

Khaki Advance East of Messines and Pressure South Too Much For Von Hindenburg—British Progress Elsewhere and Successful Raids

London, June 14—Important sections of their front between the Lys river and St. Yves have been abandoned by the Germans.

Our further advance east of Messines, combined with the pressure of our troops south of the front of our attack, has compelled the enemy to abandon important sections of his first line defensive system in the area between the River Lys and St. Yves.

"We raided enemy trenches last night north of Bullecourt and south of Hooge, and captured a few prisoners in each case."

Paris, June 14—No important engagement during the night, was reported in today's official statement. The Germans have bombed four positions at various points.

The statement follows: "The enemy carried on a violent bombardment last night in the regions of Bray, north of Craonne, northwest of Rheims and on the left bank of the Meuse near Cumleux. Attacks following these bombardments, directed against small posts in different sectors, were repulsed completely."

"We raided a German trench east of Navarin farm and took ten prisoners."

Austrian Report Vienna, June 14, via London.—The following official communication was issued today: "In the eastern and southern theatres the situation is unchanged."

Italian theatre—At nightfall yesterday the enemy renewed his attacks, first in the Monte Zebio region and later against Monte Farno and the frontier heights. The enemy was repulsed with very heavy losses, particularly his northern attacking wing.

"On the Isonzo front the artillery duel was more lively at some points."

NEW WAREHOUSE SHOULD BE READY BY NEXT FALL

If Piling Foundation Is Unaffected Work of Reconstruction Will Present Few Difficulties—Convoyer Tower Fell Last Night

Following the collapse of No. 5 warehouse in West St. John last night, the grain convoyer tower at the eastern end of the shed, and a long section of the convoyer fell last night.

It was anticipated and the tower was braced with a steel cable so that as little damage as possible would be done. After the warehouse had fallen, Engineer Murdoch decided that the tower would follow and took steps to prevent it going in a direction in which more damage would result.

It was braced with a steel cable and, when it fell, it came down in a heap without injury to the adjoining warehouse and without risk to any one's life. The convoyer tower was found necessary to send men up the tower to secure the cable several employees refused to allow their men to undertake it on the grounds that it would be too dangerous.

The city engineer was convinced that it was quite safe and showed his confidence in this belief by heading a party of four men himself. Other volunteers were found and the work was completed successfully.

An examination of the original specifications this morning showed that the timber structure, which rested on the submerged piles and which supported the warehouse was part of the warehouse contract which was carried out by J. A. Adams. The wharf, itself, stood solidly and, so far as is known, was not affected by the collapse.

The warehouse contract was executed at a cost of \$23,000 when it was built. Today, the cost of labor and materials is much higher but, as much of the timber can be used in the work of reconstruction, Mr. Murdoch estimates that the expense can be rebuilt for something like \$20,000.

The most important problem in connection with the work is the question whether the foundation of piling has been affected. If it still is sound the work of rebuilding will be comparatively simple; otherwise the job would be a difficult one. If the piling is all right, the engineer estimates, there should be little difficulty in having the new warehouse ready for use when the next winter season opens.

The first work to be undertaken is the removal of the wreckage to clear the way for the new building and it is possible that this may be entrusted to one of the local stevedore firms as their gear and equipment

DISTRACTED CALLS FOR "MAMMA"

Engine of Destruction Burst in Room in Which 64 Little Ones Were Being Taught—Some Tiny Bodies So Mangled As To Be Unrecognizable

London, June 14—Late last night Bomber Law announced that there was no official confirmation that any other German airplanes had been brought down except the one mentioned in the afternoon. He also announced a serious munitions explosion at Ashton-Under-Lyne, a few miles from Manchester, in which some persons were killed or injured.

This explosion had no connection with the air raid. London, June 14—Fifty persons were killed and many persons were injured by the explosion at Ashton-Under-Lyne. Andrew Bonar Law, chancellor of the exchequer so announced in the House of Commons today.

Zepplin L. 48 has been destroyed over the North Sea by naval forces, Mr. Law announced this also. The admiralty reports that no survivors of the Zepplin were seen.

Another Disaster Paris, June 14—Eighteen dead and sixty injured persons have been taken from the ruins of a munitions factory which collapsed yesterday. The accident was caused by the breaking of a lean supporting the third floor of the building, in which eight hundred persons were at work.

The whole structure collapsed. Many of the workers had time to escape before the building came down. London, June 14—Some persons injured in yesterday's attack on London by German airplanes succumbed to their wounds during the night.

London, June 14, via London.—The Berlin Morgenpost asserts that the British government contemplates moving the seat of government from London owing to the continued air raids.

ASSESSMENT BILL IS BEFORE THE COMMITTEE

Consideration at Fredericton Continued This Afternoon

THE PROVINCIAL HOSPITAL

Dr. J. V. Anglin Heard By Public Accounts Committee—Criticism of Cost of Fish, Forest and Game Protection

Fredericton, June 14.—The public accounts committee met this morning and heard from Dr. J. V. Anglin, superintendent of the Provincial Hospital, Lancaster, an explanation of the accounts relating to that institution. It developed that notwithstanding the great increase in the cost of food supplies the cost of maintenance per head of the patients was some \$9 less than was the case a year or two ago though it was feared that when the new contracts were made there would necessarily be an increase in many of them.

The question of the amounts due from the various municipalities was taken up and particular reference was made to Kent county, which at present owes \$8,000. Mr. Melan, M.P., who is also warden of the county, was asked for an explanation and said there was some dispute as to the payment by the government of an amount owing to the county on small pox account. Ultimately Mr. Melan undertook to take the matter up with the county treasurer with a view to getting the matter cleared up.

The cost of fish, forest and game protection came in for some considerable criticism. The receipts from licenses amount to some \$45,000 and the cost of game protection to nearly \$30,000, and the view of the committee appeared to be that the province did not get value for the expenditure.

Colonel Loggie advocated putting the game protection under the forestry commission when probably the work would be done in a far better manner. Mr. Pinder complained that the present game warden system was nothing but a nuisance to those who held the patronage and there was no check whatever upon the men employed as wardens as to whether they ever did any work of value.

It was pointed out that perhaps the Guides' Association would act as wardens, but Colonel Loggie said that the guides had repeatedly refused to do anything of the kind.

HEARTY RECEPTION IN QUEBEC CITY FOR DUKE AND DUCHESS

Welcoming Addresses From Premier And Mayor For Province And City

QUEBEC, Que., June 14.—Their Excellencies the Duke and Duchess of Devonshire were tendered a reception appropriate to their high rank here, both by the provincial and municipal officials.

Sir Lomer Gouin, premier of Quebec, spoke in the name of the province and Mayor Lavigne in the name of the city.

Hundreds of citizens of every rank and post greeted the vice regal guests of the ancient capital and all were deeply pleased when His Excellency, answering addresses presented to him, spoke both in English and in French.

Sir Lomer Gouin, in the name of his government and also in the name of the whole population of Quebec, said, in voicing the pleasure of the people at their Excellencies' visit to Quebec: "You may rest assured, Your Excellency, that in no part of Canada you will find subjects of the empire entertaining greater respect for British traditions, more loyal to His Majesty or devoted to the person of his representatives."

London, June 14.—A despatch to the Mail from Syra, Greece, says that the pro-German leaders and former ministers will probably be sent to some place where they will be under allied supervision.

Former Premier Gounaris and General Dousmanis, chief of the general staff, are among those mentioned. Athens, June 12, via London, June 14.—(Delayed)—The proclamation of former King Constantine announcing his abdication was posted throughout the streets today. It says: "Obeying the will of fulfilling my duty toward Greece, I am departing from my beloved country with the heir of the throne and an leaving my son, Alexander, my crown. I beg you to accept my decision with calm, as the slightest incident may lead to a great catastrophe."

Kaiser Wild Over It The Hague, Netherlands, June 14.—A Cologne despatch says that the news of King Constantine's abdication created a painful impression at German headquarters. The Kaiser expressed great chagrin and sent his brother-in-law and Queen Sophia a message of sympathy.

Constantine Leaves Athens, June 12.—Former King Constantine left Athens late today to embark on a British warship.

ANGRY FARMER KILLS MRS. J. ELMER REDELLE She Was One of Auto Party And He Thought They Were Trying to Steal His Hogs Springfield, Ohio, June 14.—Mrs. J. Elmer Redelle, wife of the president of the Springfield Bicycle Club, was shot and killed last night by J. M. Hinkle, a farmer, who thought members of an automobile party of which Mrs. Redelle was one, were attempting to steal his hogs. Hinkle is held for investigation. According to officers he admitted firing into the automobile as it was speeding away from near his place.

SEVENTEEN DAYS PASS WITHOUT ARREST IN THE CITY FOR DRUNKENNESS "Still as the grave" said a police official this morning in answer to an enquiry if there was anything new in police circles. Beside a few cases in the civil court there was no business before the police magistrate. There have been no arrests since Monday and there has been no one taken into custody for drunkenness since May 27, seventeen days—an unheard-of record in local police circles. An individual seen in the streets at the present time under the influence of liquor would create a mild sensation.

SHIPBUILDING IN ST. JOHN SOON Important Announcement Made Today MARSH CREEK YARDS

First Construction Near The Peters Tannery—First Order is For Two Wooden Vessels of 2,500 Tons

The announcement that construction of two 2,500-ton wooden vessels will be started in St. John at an early date has been received in St. John with deep gratification. It is believed that this may mark the beginning of the re-establishing of an industry in which the port ranked as the third in the world.

Hitherto, it is said, the plans of those who have been interested in the work have been blocked by the fact that the specifications of the imperial munitions board, which is directing the work, made necessary the use of timbers which could be secured only on the Pacific coast of western states, and the cost of transportation and the difficulty in securing delivery made this appear insuperable. The construction of the vessels in other states, and the cost made possible by alterations in the specifications, which will permit of the construction of the vessels from native materials.

Grant & Horne, engineers and contractors, of this city, are promoting the project and the arrangements for the changes in the specifications, and the award of the contracts have been made by H. C. Schofield of this city, acting as representative of W. I. Gear, the director-general of shipbuilding in Canada. Mr. Grant and Mr. Schofield have been in Ottawa this week completing the arrangements and are expected home before the end of the week.

Marsh Creek Yards The site selected for the construction of the vessels is the old shipyard back of Peters' tannery, on the shores of Courtenay bay, in the district where were built many of the old time clipper ships. The sound of the hammer and caulker's maul in the old shipyards along Courtenay bay will be like music in the ears of the older citizens who remember the days when these sounds stood for busy and prosperous days.

The fact that the construction of more than one vessel is to be undertaken, may be taken to indicate that the munitions board is confident of the success of the local project and that it is something more than an experiment. Now that the difficulty with regard to the specifications has been removed, it is possible that others who have been interested in the possibility of shipbuilding here may be able to make a start also.

While it is probable that only one of the two vessels contracted for will be undertaken immediately, it is expected that the time occupied in her construction will be used for the preparation for all the materials for the second craft, and that, when the first is off the ways, the next will be rushed to completion in a much shorter time. It is said that the first two vessels may be completed and ready for service within a year or little longer.

There will be some big problems to be solved in the way of arranging for men over the west and northwest states and it will be overcome successfully as they arise. The older generation of shipbuilders has nearly well disappeared and a younger while in Ontario thunder storms have been almost general.

Ottawa Valley—Fresh south shifting to west and northwest winds, some local showers or thunder storms, but partly fair; Friday, generally fair and cooler.

Thunder Showers. Maritime—Moderate to fresh south to west winds, partly fair and warm, with local showers or thunder storms tonight and on Friday.

New England—Thunder showers this afternoon, fair tonight and Friday, moderate temperature, fresh south to west winds.

Ontario Elevators Burned. Thessville, Ont., June 14.—Fire, entailing an estimated damage of \$20,000, destroyed two elevators at the property of J. B. Stringer Co., of Chatham and Syer & Son, of Thamesville. The elevators contained about 1,000 bushels of wheat.

Phelix and Sheridan WEATHER REPORT Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service

Synopsis—Pressure is decidedly higher over the west and northwest states and lowest to the northward of the St. Lawrence Valley. The weather cleared in the western provinces and is turning warmer while in Ontario thunder storms have been almost general.

Change In Greece Sends Mark Tumbling

German Money Drops Greatly In Value DISCUSSION IN COMMONS

Bonar Law Replies to Queries by Members—Alexander No w King of The Hellenes—Pro-Germans and Former Ministers to Be Kept Where They Can Do No Harm

Berne, via Paris, June 14.—The abdication of King Constantine at Athens has resulted in a further fall of the German mark to 67.5 francs for 100 marks.

This means a loss of forty-four per cent on the exchange rate. The aggregate loss on the Austrian kronen now reaches sixty per cent. In British Commons.

London, June 14.—The announcement of King Constantine's abdication made in the House of Commons by Andrew Bonar Law, chancellor of the exchequer, yesterday, was received with cheers, but a less favorable reception was given his statement that Prince Alexander had succeeded his father. The chancellor said that Alexander had taken the oath as king of Greece.

"We hope," added the chancellor, "that this change may make for the restoration of the constitutional government of that country."

Mr. Law was asked by Arthur Lynch, member for West Clark "what was the government expect to gain by the abdication of the king when it is perpetuating the same abuses under another name."

Mr. Law replied "What we hope to gain is a constitutional government representing the whole of Greece."

John Gordon Swift MacNeill, member for South Donegal, asked if in fact Constantine had been given permission to abdicate and if in regard to the fact that he had practically been expelled from the throne, he should be allowed to nominate his successor.

The chancellor replied that it would not be in the public interest to give any more information at present, but that Mr. MacNeill was "wrong in saying that his successor had been nominated by Constantine."

"It comes nearly two years too late," says the Evening Standard of King Constantine's abdication. "However, the news is welcomed as a sign of new vigor in dealing with the eastern situation and as satisfying public justice."

WHY WOMEN FEEL UNFIT

Nature's best handiwork never was intended to be handicapped by illness as so many women are. Nature's intention never was that women should be less capable, as women, than men are as men. Yet how frequently young girls, business women, housewives and mothers complain of feeling unwell, the business girl so often depressed, the housewife and mother so often overwhelmed with worries and cares. What gives rise to the headaches, the backaches and weakness that unfit women for life's joys and duties? The answer is Bloodlessness.

Girls grow into unfit women if they lack the help of new blood during their teens. Business girls become bloodless from too much indoor occupation, hasty meals and lack of exercise. Housewives, nursing, neglecting the need of sufficient sleep, regular meals and fresh air relaxation. Hence the blood becomes weak and impure.

But women who keep their blood rich and red never feel ill. Wholesome food, sufficient rest, outdoor exercise and Dr. Williams' Pink Pills will keep every woman's health right. These pills alone have proved a priceless boon to weak anaemic women, because of the new rich red blood which every dose helps to make. Every girl and every woman should occasionally take Dr. Williams' Pink Pills to keep her blood rich and pure, and every weak and ailing girl and woman should take them without delay.

You can obtain these pills through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Couldn't Keep Back Tears

When the Nervous System Broke Down — Queer Feelings in Back of Head Caused Much Alarm.

Midland, Ont., June 12—Collapse or breakdown of nervous system leaves one in a most pitiable condition. Strong healthy-looking women, and men, too, will weep from helplessness and despair. The case reported here was a most severe one, as is indicated by the hysterical condition, the pains in the back of the head and the fullness of the many treatment used.

This is further evidence that the regular and persistent use of Dr. Chase's Nerve Food for a reasonable length of time will positively restore the most exhausted nervous system.

Mrs. S. Sharp, Midland, Ont., writes: "I was getting better, I kept on nervous breakdown, and was so bad at times that I could not keep back the tears. I also had a queer feeling in the back of my head, sometimes seemed to be going backwards. I could not do any sewing, and finally could do no work at all. I tried other remedies and doctors' medicines, but they only gave me temporary relief. Last Fall I commenced using Dr. Chase's Nerve Food, and had not taken very many until I found I was getting better. I kept on taking them, and am at present greatly improved. I am now able to do my work, and they have strengthened me splendidly. I can highly recommend Dr. Chase's Nerve Food for nervous trouble of any kind."

Chase's Nerve Food, 50c. a box, a full treatment of 6 boxes for \$2.50, at all dealers, or Edimanson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

THE BEST THING FOR DYSPEPSIA

WHY PEPIN, PANCREATIN, ETC., SO FREQUENTLY FAIL

An international specialist who writes in nearly every language, recently stated that to treat the average case of stomach trouble, indigestion, dyspepsia, by injecting the stomach, killing the pain with opiates, or by the use of artificial aids to digestion such as pepin and pancreatin, was just as foolish as useless as to attempt to put out a fire by throwing water on the smoke, instead of the fire. He claims, and facts seem to justify his claim, that nearly nine-tenths of all stomach trouble is due to acidity and food fermentation; and that the only way in which to secure permanent relief is to get rid of the cause, i. e., to neutralize the acid and stop the fermentation. For this purpose he strongly recommends the plan now generally adopted throughout Europe of taking a teaspoonful of ordinary bisulphated magnesia in a little water immediately after eating or whenever pain is felt. This immediately neutralizes the acid, stops the fermentation and permits the stomach to do its work in a normal manner and thus by removing the cause, enables nature to quickly restore the inflamed stomach lining to a perfectly healthy natural condition. For the convenience of travelers it may be noted that most druggists are now able to supply bisulphated magnesia in 5 grain tablets, 2 or 3 of which will almost instantly relieve the most violent attacks of indigestion.

TO HIM WHO TOILS

Now, if you'd be in fashion, your one great ruling passion must be to wield with grace the old-time hoe, With overalls brand new and a size too large for you
You must dig the ground and rake it up and sow.
In your hand a battered rake with a dump-cart in your wake,
And the birds above you laughing in the trees,
But with hope and promise bright you begin one starry night,
And wonder at the stiffness of your knees.
Now the boss he will be lenient if you find it not convenient
To reach the store or office just at eight
But tell him all your troubles and they'll disappear like bubbles.
He'll be very likely in the self-same state.
You must read the farmers' news, wear agricultural shoes,
You must rise up every morning with the sun,
But care not for if your "paters" turn out to be "first raters."
Won't you be the proudest man and self-complacent one?

HUNN'S HEAVY TOLL OF WOMEN AND CHILDREN

London, June 14—The casualties in the air raid, it is officially announced, according to the latest police report, numbered 97 killed and 437 wounded. The killed comprise 55 men, 16 women and 26 children. The injured comprise 223 men, 122 women and 94 children.

LORD NORTHCILLIFFE WILL VISIT CANADA

"Whoever Goes to U. S. in These Times Also Goes to Dominion"—His Mission Outlined

London, June 13—An enquiry made at the Foreign Office by The Mail and Empire correspondent as to whether Lord Northcliffe's mission will take him to Canada, elicited the statement that such an extension of his visit had not been formally arranged, "but you can assume," said this informant, "that whoever goes to the United States in these times goes to Canada also, and Lord Northcliffe with both personal and business interests that have to do with all North America will hardly pass Canada by."

Lord Northcliffe's mission is not to carry on work which was initiated by Hon. Mr. Balfour, but to co-ordinate and co-relate various phases of the work from the business point of view. Already it has been pointed out in The Mail and Empire that America, in the past, has lost some time over enquiries in regard to procedure, but this should now be prevented, as Lord Northcliffe, having seen all the armies in the field, and being thoroughly conversant with government methods and former failings of the British government, is in a position to prevent America from falling into the original British pitfalls.

An American official, occupying a high position, stated privately yesterday that Lord Northcliffe would be persona grat. in the United States, and that his mission should be eminently successful.

RUSSIA WILL RAISE COMPULSORY LOAN

Country Gradually Reverting to Primitive System of Barter

Petrograd, June 13.—The problems of labor and finance loom large. It is announced that conferences are to be initiated by the ministry of finance with a view to raising a compulsory loan. The purchasing power of the rouble has fallen about one-sixth. The hoarding of currency throughout Russia is leading to a gradual reversion to the primitive system of barter.

There are strikes in Moscow and other centres. They are breaking out again in Petrograd. The situation throughout the country bears one common characteristic, a tendency on the part of each district to manage its own affairs. Some parts of Russia are quiet, others are unsettled, and others again perturbed. The work of reconstituting the fabric of the state cannot be expected to be done in a hurry.

FOUR CANADIANS WON THE VICTORIA CROSS

Elgin Farmer's Son Killed Machine Gun Crew Single-Handed

London, June 13.—Five Canadians are included in the list of 30 soldiers awarded the Victoria Cross. Capt. Thain W. Macdonald, a B. A. of Victoria College, enlisted at Ottawa in 1915. With the assistance of two others he captured two machine guns, besides two officers and 75 men, and continued to hold the position for five days, although wounded.

Sergt. Ellis W. Sifton, son of an Elgin farmer, near Wallaceburg, charged a machine gun and single-handed killed all the crew. He then held off an enemy party advancing down a trench until British troops gained the position. In carrying out this gallant act he was killed after having saved many lives by his conspicuous valor.

Lieut. F. M. Harvey, of Medicine Hat, attached to the Strathcona Horse, ran ahead of his men, jumped into an enemy trench, shot down machine gunners and captured gun.

Pte. Wm. Johnston (427866), of Moose Jaw, killed crew of machine gun with bombs and captured the gun in first German line on line retreating. He again located another machine gun and stalked the second gun as he had done the first, he succeeded in putting second crew out of action and capturing the gun. He was killed shortly after recapturing the second gun.

Major Frederick Lamden, Marine Artillery, brought into the lines under heavy fire, six enemy field guns.

ANNUAL MEETING OF CHARLOTTE STREET CHURCH

A year of successful work was reported at the annual meeting of the Charlotte Street Baptist Church, which was held on Tuesday evening. The church membership of about 400 was increased by nine additions during the year.

During the year the Sunday school had collected \$298.15. A new library had been purchased and a stereopticon was added through the generosity of D. C. Clark. The B. Y. P. U., W. M. S. and mission band had carried on successful work.

The church exceeded its allotment for the denominational budget, the offering being \$491.88. The receipts on current accounts were \$22,000. An expenditure of nearly \$6,000 has been made on the church building during the year, thus equipping it for greater efficiency in Sunday school work.

Mrs. William Lynch, secretary of the local Red Cross society, reported \$200 raised for the society's work.

The pastor's salary was increased by \$100 per annum.

Deacon J. R. Hoyt was elected treasurer, and W. P. Webb was re-elected clerk. The board of trustees consisting of J. R. Webb, R. J. Freese, and Bros. George Mott, E. H. Brown, Ward Milton and Freeman Gardner was re-elected.

Finance committee—Deacon R. J. Freese, Leifarrn Clark, E. O. Jones, George Colwell and George Mott.
Ushers—Wesley Manning, Charles Meisner, Vernon Warnock, Charles Adams, Roy Meisner and Wesley Hoyt.
Miss Nellie Rogers was elected financial secretary with a committee consisting of Miss Ella Clark, Miss Carrie Newcomb, Miss Beatrice Seely, Miss Gertrude Thompson, Miss Reta Carleton, Charles Adams and Charles Meisner.

NO HALF-MEASURE

An attempt is being made to persuade people to believe that Sir Robert Borden's half-measure of conscription is favored by leading Liberals like Dr. Michael Clark and Mr. N. W. Rowell, and is entirely satisfactory to them.

In short, while these men go with Sir Robert Borden for conscription of men, they do not stop where he does, but like the Presbyterian Assembly, the Anglican Synod of Ontario, the Methodist Conference of these provinces and Manitoba, and many other bodies who have declared their views, they want conscription in the terms set out by Dr. Clark.

That, in the opinion of this house, it is desirable that the government be taken forthwith by the government to provide that accumulated wealth should contribute immediately and effectively to the cost of the war; and that all agricultural, industrial, transportation and national resources of Canada should be organized forthwith as to ensure the greatest possible assistance to the empire in the war and to reduce the cost of living to the Canadian people.

A WASTE OF TIME

The members of the opposition party in Fredericton are not well advised. They talk too much, and repeat too much. No useful purpose has been served by their long and wandering speeches on the budget.

Let us hope the reorganization of the Russian army, now in progress, will be followed by aggressive action against the Central Powers. Even if delayed, such action would have a determining influence upon the fortunes of the war.

THE INCOME TAX

Canadian Finance favors an income tax. Criticizing the attacks of the Financial Times on Sir Thomas White's announced increase in excess profits taxation it says: "Canadian Finance agrees with its eastern contemporary that a general income tax should go hand-in-hand with an excess profits tax—and that the latter levy would be more fair if based upon a consideration of before-war earnings over a period of, say, three years."

It agrees also that large profits from war-time wheat prices—whether made by those producing, dealing or speculating in grain—should not go scot-free. From the first this journal has urged that the agricultural west, as well as the industrial east, should contribute to war taxation from war profits. But it does not overlook the fact (as some eastern journals seem to do) that the smaller farmer, while enjoying big prices for his products, is indirectly paying heavy taxes through customs duties that may mean relatively as much to him as the big taxes paid by some industrial concerns.

last year produced over \$203,000,000 (compared with \$200,000,000 before the war), while the tax on excess profits brought about \$140,000,000.

"Australia has followed this principle, and now the United States likewise is to tax both excess profits and incomes generally. While on excess profits (of over 8 per cent. on capital) the proposed tax is only 16 per cent., there is a 6 per cent. income tax payable by all companies. As to incomes generally, those of the individuals are exempt up to \$2,000 for married persons and \$1,000 for unmarried—the normal tax being 4 per cent., with stiffer graded super-taxes on incomes of more than \$5,000.

"Customs duties are increased 10 per cent. of former rate (not a flat 10 per cent. except on former free goods) and increased postal rates, stamp taxes on legal documents, medicines and cheques, liquor and tobacco taxes are practically doubled and substantial taxes are levied on all amusements and luxuries. Operations in futures on grain or produce exchanges are taxed 2 cents on every \$100 of the transaction.

The war news is not cheerful reading. German air raids upon London have not been checked, and when ninety-seven people are killed and 487 wounded in one raid the situation is certainly serious. The enemy is all the time gaining knowledge and experience, and while these raids cannot effect the military situation they are not to be regarded with indifference. But we are also told that the destruction of ships by submarines last week was the largest for a month past.

Let us hope the reorganization of the Russian army, now in progress, will be followed by aggressive action against the Central Powers. Even if delayed, such action would have a determining influence upon the fortunes of the war.

The more the flag-waving Tories talk about conscription the more they are told that there must be more than conscription of men—and they do not relish the suggestion. However, the conscription of men alone will not do.

At St. Joseph's on Tuesday evening Hon. J. B. M. Baxter began his address in the French language. The fact should interest those gentlemen who not long since were yelling about the French domination in the province of New Brunswick.

Who would make terms with an enemy that ruthlessly murders women and children?

We've toasted all manner of women, We've pledged them, the old and the young. Since days of the gallant knight errants All womanhood's praises we've sung; We've pledged them for love and for duty.

In our first and last bumpers of wine; But somehow, in seal for their beauty, Fond eyes and their lily white hands, We've overlooked one in our pledging— The Woman Who Understands.

Our poor limitations and uses, She knows them far better than we— She bravely accepts our excuses, And motives refuses to see; She overlooks all of our errors, The things we don't do that we should, And knows, like ourselves, we'd be better. And worthier men if we could; In the end, when our errors confront us, She soothes us with comforting hands, And erases the penance—God bless her!— The Woman Who Understands. —John D. Wells, in Buffalo News.

"FRUIT-A-LIVES" is the only medicine in the world that is made from the juices of fresh ripe fruits. Thus, it is manifestly unfair to say, "I won't take Fruit-a-lives because I have tried other remedies and they did me no good."

A DEAD SOLDIER

(By George Edgar Montgomery) He sleeps at last—a hero of his race, Dead—and the night lies softly on his face.

While the faint summer stars, like sentinels, Hover above his lonely resting place. A soldier—yet less a soldier than a man— Who gave us justice what a soldier can!

Not Caesar, Alexander, Antoine, No despot born of the old warrior line, Napoleons of the sword, whose cruel hands Caught at the throat of love upon its shrine—

But one who worshipped in the sweeter years Those rights that men have gained with blood and tears, Who led his armies like a priest of men, And fought his battles with anointed spears.

Table d'Hotel Coat Not every salesman is as quick-witted as the youth at the office of the coal company, about whom Everybody tells: "How much is chestnut coal?"

The Wrong Turning It is a dangerous thing, when you have let slip an unfortunate remark, to try to cover up the blunder.

Let us hope the reorganization of the Russian army, now in progress, will be followed by aggressive action against the Central Powers. Even if delayed, such action would have a determining influence upon the fortunes of the war.

Canada and the U. S. The immediate and ultimate effects of the intervention of the United States in the great war in respect to the relation of Canada and in its internal affairs, were eloquently and most forcibly presented by Professor W. F. Osborne, chairman of the faculty of Manitoba University, who addressed the Canadian Club at luncheon yesterday at Bond's restaurant. There were about fifty or sixty members present. Their keen attention throughout, with displays of displeasure when he threatened to cut his remarks short, were expressions beyond the power of words in appreciation of the speaker's eloquence.

RECENT WEDDINGS

Walker-Morrow.
Cedar Camp, Kings Co., June 6—The residence of Mr. and Mrs. John Morrow was the scene of a very pretty and interesting event this evening, when Florence Susan, their daughter, became the bride of Thomas Lawson, son of the late William and Mrs. Walker, of St. John. The happy event ended with a sumptuous repast. Mr. and Mrs. Walker reside in St. John on the termination of their honeymoon.

Thorne-Devine.
A very pretty wedding was solemnized yesterday afternoon by Rev. F. P. Dennison, when William Harold Thorne was united in marriage to Myrtle Devine, daughter of Peter Devine, of this city. The wedding took place at the home of the bride in Waterloo street, and the house was nicely decorated for the occasion.

Sullivan-Thorne.
A very pretty wedding took place last evening at 7 o'clock at the parsonage of the officiating clergyman, 165 Leinster street, when Rev. D. J. MacPherson united in marriage Arthur K. Sullivan and Annetta Thorne. The bride wore a traveling suit of navy blue, with hat to match. The groom is a motorman on the St. John street railway. The happy pair will reside at 278 Britain street.

Opposed to Conscription

Willing to Kill Their Neighbors, But Object to Being Forced to Slaughter Entire Strangers

It is reported that the famous Hatfield-McCoy feudists of Kentucky have banded together to resist conscription, and will shoot the first government official who goes near them. They have constructed a fort, it seems, and are looking forward to a little private war of their own. At first sight it appears remarkable that these Kentuckians, who are fighting men if ever there were fighting men, should adopt pacifism for a principle, and that the whose hands have been reddened with blood of neighbors should show any dislike for killing Germans. Furthermore, these Kentuckians are pure Americans. There is nothing hyphenated about them. There are no Germans among them. Almost invariably they are of Scotch, Irish lineage, men of the home type whose forefathers resisted the authority of King George III, and set up a government of their own before Lexington.

Against All Government

There are just two explanations. One is that while the Kentucky mountaineers have no objection to killing a man whom they dislike, they have a very strong objection to doing anything, even killing enemies, at the order of the government. They hate all governments, which they consider their natural foes, and probably fear that if they obey the American government in the matter of registering and being drafted into the army, they will have to continue to obey it, and that their liberties will thus be restricted. The other fact to be borne in mind is that the Kentucky mountaineers are the most isolated and primitive of Americans. They live in little communities cut off from the world, and almost impassable roads from each other. They hear little news of the outside world. Many of them are illiterate. They have little feeling of kinship with the people who live fifty miles away, for the average mountaineer never travels more than twenty miles from his home from the day he is born to the day he dies.

A Primitive People

Living as they do, intermarriages have for generations been the rule rather than the exception, and the primitive habits and passions of the original Kentucky mountaineers have thus been accentuated and the mental and moral outlook is about what it was a hundred years ago. This also explains to some extent the ramifications of a few families, which are related in the most complicated manner. Thus it was that the feudists had a fashion of involving nearly everybody in a township or a county. Everybody was related in some way, distant or near, to one of the feudists. Many were related to both, and family feeling and family pride are prominent Kentucky characteristics. It was almost impossible for a feud to die out because one family or another was exterminated. Finally, an education in a feud is not the best training for a soldier. The feudists do not ordinarily fight in the open. They lie in wait for their victim and shoot him in the back if possible.

The Hatfield-McCoy Feud

The Hatfield-McCoy feud was one of the most noted in the history of the state. It began in 1860, when Randolph McCoy alleged that Floyd Hatfield, brother to "Devil Anse," as the head of the Hatfields was called, had stolen two of his razorback hogs. This cause of offence was explained in a moderate flow of blood, and peace was restored. The war broke out more violently than ever when Jone Hatfield ran away with Rosanna McCoy, though he already had a wife. The woman eventually went back home but Jone followed her, and they

continued to meet in secret. Then old Randolph McCoy captured Jone and handed him over to the revenue officers. Jone was rescued by his friends, and burst forth again when Talbot McCoy accused Elias Hatfield of owing him \$1.75 and when he did pay it, gave him a terrible beating. Ellison Hatfield then got into the fight, and when he was trying to brain McCoy with a cleaver was shot in the back by another McCoy.

Other Deadly Feuds

Talbot, Farmer and Randolph McCoy were then arrested by the Hatfields, taken out into the woods, tied to trees and shot to death. From then until a few years ago the feud raged, and was one continuous history of murder and the brutal beatings of both men and women. The Hargis-Sockell feud was another famous private war and—its origin is in a political fight. The Tolliver-Martin feud began in 1884, and though it lasted only three years it claimed twenty lives, while two-score men were wounded. It is proper to remember that the gun-

fighters of Kentucky constitute a very small part of the state's population, and that even among the mountaineers the outlaws are in a minority. It is hardly possible that they can put up any resistance that the government will not be able speedily to crush out.

THANKFUL MOTHERS

Mothers who have once used Baby's Own Tablets for their little ones are always strong in their praise of this medicine. Among them is Mrs. Marcelle Boudreau, Mizonette, N. B., who writes "Baby's Own Tablets are the best medicine I know of for little ones. I am very thankful for what they have done for my children." The Tablets regulate the bowels and stomach, cure colic and simple fevers; in fact, they cure all the minor ills of little ones. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

HOW THOS. HAMILTON MET HIS DEATH IN MILL AT OLDTOWN

An Old Town despatch to the Bangor Commercial, reporting the death of Thomas Hamilton, says:

"Thomas Hamilton of this city, foreman for the Jordan Lumber Co. at one of its Millford mills, was fatally injured while managing a drum at the plant in Millford on Monday, and died in about twenty minutes. "Mr. Hamilton was alone at the time. In a small outbuilding on the mill property is a drum or spool, connected by shafting with the mill machinery and which is used to operate a long cable for drawing cars to the spot. Mr. Hamilton went into this little building to throw in the clutch, while a young fellow rode on the approaching car. When the car was near the building the cable was released from the head end of the car and immediately the young man heard an outcry from Mr. Hamilton. He ran to the building and discovered Mr. Hamilton lying across the drum, with a length of cable across his body and holding him tightly to it. "He was quickly released and a surgeon summoned, but he had been hurt beyond human aid and soon passed away.

"It is thought that, having thrown off the clutch which held the power to the cable, he perhaps lost his footing and fell upon the drum, which continued to revolve long enough to wind him upon the latter, one coil binding him so tightly as to crush in his chest upon the left side. "Mr. Hamilton had lived in Old Town for upward of 40 years, having been in the employ of M. L. Jordan since the latter went into the manufacturing of lumber. For a few years after coming from Canada, where he was born, Mr. Hamilton worked in a mill in Brewer. He had earned the liking and respect of a wide circle of friends and business associates, who extend to his sorrowing wife and two children, Mrs. Ralph Brown of Greenville and Ruric Hamilton of this city, warmest sympathy in the sudden sorrow that has come upon them.

"He is also survived by two brothers and three sisters, John and William Hamilton and Mrs. Ellen Fleveling of Oak Point, N.B., and Mrs. Margaret Casey of Barnesville, N.B. He held membership in Tarratine Lodge, I.O.O.F."

In which class of Shaver are you?

Are you one of the Not-satisfied-with-my-present-shaving-preparation-and-am-willing-to-risk-a-trial-to-something-better? Or are you hardened to the old order of things.

THIS advertisement is an appeal to the first class.

Listen, Men! There's a better shave coming to you the minute you strike Mennen's.

For the matter of your ease and comfort in shaving is largely determined by the kind of shaving preparation you use on your face. Don't blame your razor for a poor shave—blame the lather. The object of lather is to soften the hair—and unless you are using a soap that will soften the hair—you will never enjoy a real comfortable shave.

Now, in Mennen's Shaving Cream, you get a scientific preparation—the result of three years' laboratory research to produce a soap that would actually soften the hair—that would not dry on the face or cause it to smart.

Mennen's has brought relief to shaving. It is economical—a half an inch in hot or cold—hard or soft water—yields a rich, abundant lather. It remains moist for about ten minutes, thus obviating frequent re-lathering. Contains no free caustic to smart or burn, but instead is added that soothing emollient, glycerine. Mennen's adds speed and comfort to the shave.

Isn't it worth your making a trial right away. Take advantage of the coupon below—try Mennen's for to-morrow's shave and you will enjoy a new shaving experience.

Famous Painting Only a Forgery

American Recovers \$100,000 in English Courts

Experts Equally Divided

Admission By the Defence Closes Cases of Art Frauds—A Fad of the Rich

"Lawsuits as usual" is one of the slogans that continues to do duty in England, in proof whereof one of the most remarkable suits in history has just been brought to a sensational conclusion. The suit was entered by an American, Henry E. Huntington, against Lewis & Simmons, of London, to recover \$100,000 which he had paid them for a picture alleged to have been executed by George Romney, a celebrated English portrait painter of the eighteenth century. Mr. Huntington bought the picture in 1912, and some eighteen months later began to have doubts as to its authenticity. He communicated with the art dealers, who asserted that it was a veritable Romney. They said because it would give them an opportunity to prove absolutely that Romney had painted the portrait. The New York millionaire brought suit, and a formidable array of witnesses appeared on either side. Experts Differ.

About half of them swore that the picture was a Romney, and gave convincing evidence in support of their belief. The other half swore with equal assurance that it was not a Romney, and they gave equally convincing evidence. The judge was saved the difficulty of assuming the role of art expert by the unexpected admission by the art dealers that the painting was a forgery, and that they had merited evidence to prove that it had been painted by a man named Orlas Humphrey, a contemporary of Rubens. There is no telling how the suit might have been decided in the absence of the admission by the defence, and it is to be remarked that there was no suggestion that the

dealers were cognizant of the imposition practiced upon Mr. Huntington. Also it is to be remarked that as a result of the suit the bogus painting has been so well advertised that somebody might well pay Lewis and Simmons what they had charged Mr. Huntington. Many Are Swindled. This is the largest amount ever recovered in a court of law by the purchaser of a "phony" Old Master. There have been many other suits, but for every suit there are a hundred swindlers and other objects of art buyers, as a rule, does not wish to appear in that role. He prefers to figure as a connoisseur who could not be duped and if he does not advertise the fact that he has been victimized the swindlers are not likely to do so and his purchase retains its original value. In the event of a suit being brought and the buyer losing a reasonable doubt will continue to cling to his purchase, and its value declines correspondingly. The late J. P. Morgan, the greatest of buyers, was frequently swindled, even though he resorted to the expedient of taking his pictures and other objects of art on probation for six months. Col. Astor, who went down on the Titanic, had a gallery full of Rembrandts, Corots, Trovans, Whistlers and others, but an examination made by a painting expert showed that not one of them was genuine. The Spurious Wax Bust. Suits to determine the authenticity of paintings are almost always unsatisfactory, because the justice of whatever decision is reached is likely to be questioned. There is no final infallible authority. The greatest experts in the world have been deceived. The purchasers for the British Museum have a lumber room full of paintings and other antiquities bought by other experts, which have been condemned as spurious. Dr. Bode, head of the Kaiser Wilhelm Museum in Berlin, was imposed upon a few years ago, and the argument advanced by the greatest of experts in the world, the greatest of buyers, was frequently swindled, even though he resorted to the expedient of taking his pictures and other objects of art on probation for six months. Col. Astor, who went down on the Titanic, had a gallery full of Rembrandts, Corots, Trovans, Whistlers and others, but an examination made by a painting expert showed that not one of them was genuine.

GRADUATION SUITS

For the young man who is about to graduate we have a fine showing of suits for the important event—most of them new arrivals.

Pinch-Backs, University Sacks—close fitting and shapely—and regular three and two-button models, moderately shaped.

A large selection of more or less fancy patterns, stripes and small checks, \$15 up to \$25 and \$30. Blues, \$20, \$22.50, \$25 to \$32.

The cut and tailoring are exceptionally good, and we finish them to measure, any changes being made by our experienced tailors.

They are just such dressy suits as a young man will want to wear when he graduates.

fragment of wax taken from the bust and found that it contained spermaceti, a product unknown in da Vinci's day. Bode continued to assert the genuineness of the bust, and has never officially admitted that he made a mistake when he bought it.

A Foolish Fad

An outsider might well wonder at the rage for acquiring old masters on the part of millionaires. Somebody once made the remark that a certain painting owned in Boston was worth \$25,000 if a Velasquez and twenty-five cents if not. Why? The picture was the same no matter who painted it. Its power to give pleasure to the eye was not altered by its authorship. One might reasonably suppose that if a great painting turned up, the owner would value it more because the painter had never been heard of. He would rather own a name signed to it, or because somebody else tells him it is a chef-d'oeuvre or a hors d'oeuvre makes no mistake.

Methodists Declare For Control of Food And Wealth as Well as Men

Moncton, June 13.—Methodists of New Brunswick and Prince Edward Island lined up for all-round conscription this morning when at the yearly conference here, the address, adopted to be read to the Methodist churches on the first Sunday of the new conference year, declares that any measure which seeks to control not only men but also food and wealth for war purposes should be supported by the church. The address also denounces those "disloyal classes" in the community who, at the present crisis, when the country is fighting for its life, "fasten like parasites on the body politic and drink its life blood," and further states that the evidence of graft which has been established by duly authorized courts is enough to make Canadians bow their heads in shame.

The session this forenoon passed upon several matters affecting the future of the conference. The Rev. Gilbert Earle, of Fairville, requested a year's leave of absence in order to recruit his health in the West Indies.

Rev. Arthur Whitehead, of Grand Lake, presented a similar request. Leave of absence was recommended for both by committees, who had reviewed the reasons for the requests, and the conference approved.

Rev. H. D. Marr, who is serving as secretary of the Bible society in Alberta, was continued on leave by due process.

The standing of a year's student accorded to Mason S. Linton yesterday, was reviewed by the conference, the young man being advanced to a two-year standing. The case of Probationer Christopher Graham, who is serving as a minister at the front, was dealt with by calling General Superintendent Chown, who is in England, to ordain Mr. Graham to the full work of the ministry in the name of the conference.

The committee on conference relations recommended to hear Dr. R. S. Crisp, of Carmarthen street church, on his relation for the coming year. Al-

though Mr. Crisp had been listed for Vernon River (P. E. I.) on the first station sheet, the committee brought in a recommendation that he be permitted to retire as a supernumerary. The recommendation was adopted.

Acadia Professors

Professor R. P. Clarkson, Ivan Curry, professor of engineering at Acadia University, Professor Haley, professor of physics and dean of the department of applied science of the same university, have both tendered their resignations, the board of governors and both have been reluctantly accepted. Dr. Wherlock of Mount Allison is coming to fill the two positions. He is a graduate of Acadia in the class of 1905 and is a Ph.D. of Yale.

Submarine's Toll

The weekly shipping report issued in London by the Admiralty announces that twenty-two British merchantmen of more than 1,600 tons were sunk. Ten merchantmen of less than ten tonnage have also been sunk together with six fishing vessels. This is a considerable increase.

BUDGET DEBATE

Fredericton, June 13.—The house met at 8 o'clock.

Mr. Baxter moved for suspension of the rules in favor of a bill to amend the rates and taxes act, and leave having been given, introduced the bill.

Mr. Crockett presented a bill to amend the act incorporating the Associated Alumni of the University of New Brunswick.

The house went into committee with Mr. McGrath in the chair and agreed to the bills to enable the town of St. Stephen to provide a system of water works and the bill to consolidate the acts relating to the Moncton hospital, each with some amendments.

The house again went into committee with Mr. Albert in the chair, and agreed to the bill to confirm the agreement between the Victorian Order of Nurses and the commissioners of the General Public Hospital at St. John.

On the order of the day being called, Mr. Meserve continued the debate on the budget. He was followed by Mr. Suttan, Hon. Dr. Roberts and Mr. Peck. The debate was continued by Messrs. Roubiceau, Young, McGrath, Smith, Albert, Dugal, Gault, Melanson, Hunter and Dyrart. Mr. Murray (Kings) moved the adjournment of the debate and the house adjourned at 11:30 p. m.

REDUCED REPRESENTATION FOR GENERAL ASSEMBLY

The report of the committee on traveling expenses at the Presbyterian General Assembly at Montreal, submitted yesterday, reduces the expense and at the same time secured an assembly in point of numbers better fitted to serve as a deliberative body. The reduction will give an assembly of 408 as against 597 of the present gathering. This reduction was adopted.

JUST THREE RECRUITS

There were many applicants at the local recruiting offices yesterday but only three were successful in passing. Those who signed on were: Charles Earle, St. John, and Walter Reid, Newfoundland, both for the Canadian Engineers, and V. O. Cox, Hants county, N.S., Machine Gun Draft.

SAWMILL UNITS FOR ENGLAND

The organization of ten portable sawmill units for service in England has been completed. The Massachusetts committee on public safety so announced. Mobilization of the 870 men, 12 horses and camp equipment is now under way in Boston and they will be ready to sail in a short time. It is understood that they will be prepared to be used in fortifications for the Allies. Although the men will serve under the direction of the British government they will go as civilians, will not be enlisted and cannot be used outside of the British empire.

George S. Lewis of Holyoke, representing the governors of the New England states, will have charge of the men, and Downing P. Brown will be general manager of the units.

BRITISH TOOK 7,342 PRISONERS LAST WEEK

London, June 13.—Our total captures since the morning of June 7, says the official report from British headquarters in France to-night, "include 7,342 German prisoners, among them 145 officers; also 47 guns, 242 machine guns and 60 trench mortars."

New Home Treatment For Banishing Hairs

(Beauty Topics.)

With the aid of a delicate paste, it is an easy matter for any woman to remove every trace of hair or fuzz from face, neck and arms. Enough of the powdered delatone and water is mixed into a thick paste and spread on the hairy surface for about 2 minutes, then rubbed off and the skin washed. This completely removes the hair, but to avoid disappointment, get the delatone in an original package.

GROUND LIMESTONE IN AGRICULTURE

(Experimental Farms Note.)

From results obtained at the Experimental Station, Kentville, N.S., it would appear that ground limestone is likely to play an important part in Nova Scotia agriculture, particularly in helping to produce soil conditions favorable to the clover plant.

It would appear that two tons of ground limestone per acre is a decidedly profitable investment as is shown by the tests given below. The fertilizer used on duplicate plots was a 4-8-10 (4 per cent nitrogen, 8 per cent phosphoric acid, 10 per cent potash) mixture applied at the rate of 500 pounds per acre in 1914, the first year of the test. One series of plots were limed once during the period at the rate of 2,000 pounds per acre in 1914, and the others were not, the object being to find out the value of lime for subsequent crops.

In 1914 the yield per acre of unlimed, fertilized oats was 57 bus. 8.2 lbs.; limed and fertilized, 68 bus. 6 lbs.; unfertilized and unlimed, 45 bus. 12 lbs.

In 1915 the unlimed, fertilized clover yielded 467.5 lbs. per acre; limed and fertilized, 676.0 lbs.; unfertilized, unlimed, 240.5 lbs.

For the 1916 crop, wheat, the yields were: Unlimed and fertilized, 9.5 bus. per acre; limed and fertilized, 17 bus.; unfertilized and unlimed, 8 bus.

In the spring of 1916, in order to determine the effect of additional fertilizing on the limed and unlimed plots, the duplicate plots were fertilized at seeding time with 500 pounds per acre of 4-8 fertilizer (4 per cent nitrogen, 8 per cent phosphoric acid).

The results in 1916 from these plots were: Unlimed, fertilized 1914 and 1916, 15 bushels per acre; limed, fertilized 1914 and 1916, 28.75 bushels per acre.

Another experiment on a newly broken piece of land in a potato, grain and clover rotation gave equally striking results. The only application of fertilizer in the rotation was made in the spring of 1914, it being a very light one consisting of 140 pounds nitrate of soda, 300 pounds acid phosphate and 100 pounds muriate of potash, per acre. On one series of plots, ground limestone at the rate of 4,000 pounds per acre was applied in the spring of 1914. It was not to be expected that there would be much hay crop in 1916 as the plant food had all been used by the potato and grain crop previously.

The following yields were obtained from the 1914 crop, potatoes, unlimed, fertilized, 76 bus. 18 lbs. per acre; limed, fertilized, 88 bus. 45 lbs.

The yields for the 1915 crop, oats, were, unlimed, fertilized, 31 bus. 24 lbs.; limed, fertilized, 38 bus. 15 lbs. per acre.

In 1916 the clover yields were, unlimed, fertilized, 675 lbs. per acre; limed, fertilized, 1488 lbs.

On one field of ten acres put down to clover in 1915 which was in corn in 1914, having been manured at the rate of 15 tons manure per acre for the corn, the gain from 1 1/2 tons of ground limestone per acre indicated an increase of fifteen tons on the ten acres over check plots left on the area unlimed. The limed areas yielded 3410 lbs. per acre, the unlimed, 2490 lbs., a difference of 920 lbs., per acre in favor of liming, or 15 tons clover hay at \$10 per ton, \$150. The fifteen tons of ground limestone cost approximately \$6 per acre, or \$60, leaving \$90 or \$9 per acre in favor of the liming, and in addition a much better soil resulting from the increased clover growth.

ORGANIZE CANADIAN NEWS ASSOCIATION

Toronto, June 13.—At the annual meeting here today of the Canadian Press Limited, which includes in its membership practically all the daily paper publishers of the Dominion, the plan for the Canadian News Association, which has already been approved by the existing Canadian co-operative news gathering and distributing organizations, was adopted unanimously.

Melville E. Stone, general manager of the Associated Press, who was present, congratulated the publishers and people of Canada on this great forward step towards national unity and solidarity pointing out how the proposed system of leased wires from coast to coast, day and night would tend to bring all parts of the Dominion into the closest association.

Directors for the ensuing year were elected as follows: John Nelson, for British Columbia; J. H. Woods, for Alberta; W. F. Herman, for Saskatchewan; E. H. MacKlin and R. L. Richardson for Manitoba; J. E. Atkinson, W. J. Blackburn, J. H. Chevier, C. F. Crandall, J. F. MacKay, E. Norman Smith, J. Ross Robertson and E. F. Slack, for Ontario and Quebec; E. W. McCready and G. Fred. Pearson, for the Maritime Provinces.

At a subsequent meeting of the newly-elected directors E. F. Slack was elected president; E. H. MacKlin, first vice-president; W. J. Blackburn, second vice-president and C. F. Crandall, secretary. C. O. Knowles, manager of the evening paper section, was appointed general manager of the new organization and J. P. B. Livesey, assistant general manager with headquarters at Winnipeg.

WERNER HORN GUILTY.

Boston, June 13.—Werner Horn, who declared himself an officer of the German Landwehr, was found guilty today in the federal court on a charge of unlawfully transporting dynamite in contravention of interstate commerce.

Mennen's for the whole household this summer

NOT only for baby—but for the whole family. Use Mennen's as generously on yourself as on the baby. Put a tin in every bathroom and bedroom in the house. After your bath, a sitting of Mennen's over your whole body keeps you refreshed for hours.

- Shake it on your linen and into your shoes.
- It is lovely dusted between the sheets.
- Then use it after shaving or before motoring.
- A score of uses for everyone.

Just try and see. Don't borrow the baby's tin (he'll miss it). Get one for yourself, and as the proper Berrating of Talcum is part of the reason it's so soothing—be sure you get the original—MENNEN'S.

MENNEN'S TALCUMS

MENNEN'S TALCUMS—all with the original berated formula that has never been bettered—includes a variety to satisfy every need: Basted, Violet, Flesh Tint and Cream Tint, each charmingly perfumed; and the new Talcum for Men, a boon after shaving, with a neutral color tint that leaves the face free from the pallor of a pure white powder.

DETAILS OF BALL SUIT

Philadelphia, June 12.—Further details about the peace agreement entered into between the Federal League and the two major leagues marked the resumption in the U. S. District Court today of the suit brought by the defunct Baltimore Federals against organized baseball.

Owners of the Baltimore Federal League set the damages at \$200,000 and charge that organized baseball has violated the Sherman anti-trust law and formed a conspiracy that eliminated the Federal League.

L. Edwin Goldman of the Baltimore Club, charges the Baltimore Club was left "out in the cold" in arranging the peace terms and that up until the present time no one has seen the Baltimore Federals has seen the so-called peace terms entered into by the other Federal League Clubs with the defuncts.

Says Dr. Cassell's Tablets Have Kept Him Fit Through Two Wars.

Sapper A. Hartley, of the A Company Canadian Engineers, whose home address is 506 Trafalgar street, London, Ontario is one of many who have written in praise of Dr. Cassell's Tablets. He says:

"As a constant user of Dr. Cassell's Tablets, I would like to add my testimony to their value. I used them when I was in the South African War, and finding the benefit of them there, have taken them since whenever I felt rundown. I always recommend them, for I know that they do all that is claimed for them. In my opinion they are the best tonic anyone can take for loss of appetite, poorness of the blood, or general weakness of the system."

A free sample of Dr. Cassell's Tablets will be sent to you on receipt of five cents for mailing and packing. Address Harold F. Ritchie & Co., Ltd., 10 McCord street, Toronto.

Dr. Cassell's Tablets are the surest, most reliable remedy for Dyspepsia, Kidney Trouble, Sleeplessness, Anaemia, Nervous Affections, Nerve Paralysis, Pimples, and Weakness in Children. Special- ly valuable for nursing mothers and during the critical periods of life. Sold by druggists and storekeepers throughout Canada. Prices: One tube 50 cents; six tubes for the price of five. Beware of imitations said to contain hypophosphates. The composition of Dr. Cassell's Tablets is known only to the proprietors, and no imitation can ever be the same.

Happier Than Before

The London Globe writes: The news that the ex-Czar is leading the simple life accords with his expressed wish if he had not been compelled to bear the responsibilities of state. He is credited with having said that in such circumstances he should become a bookworm. This is not a surprising statement, for it was current belief at the time he and the ex-empress visited England during the life of Czar Alexander III, that they, or at least the heir, were not enamored of the prospects that in the ordinary course of things awaited them. Deposed monarchs are not necessarily unhappy men, and though the turn events have taken is understood not to accord with the ambitions of his wife, the ex-empress herself, possibly, is not wholly dissatisfied with the changed order.

Good Game in St. Peter's League

Shamrocks and Thistles Have Battle Royal; Dispute Over Deciding Run

A hard fought and interesting game took place last evening in St. Peter's Y. M. A. baseball league between the Shamrocks and Thistles. The score ended three to two in favor of the latter team, but as the last run they secured was protested on the grounds that the base runner deliberately kicked the ball the result of the game will remain in doubt until the question is dealt with by the league executive.

A British Battle

Philadelphia, June 14.—Pete Herman, bantam weight champion, and Kid Williams, from whom he wrestled the title in last January, fought six rounds to a draw here last night. The bout was fast and furious from start to finish. Herman's weight was announced as 118 pounds and Williams a few ounces less.

London, June 11.—Word has reached London that Jimmy Wilde, flyweight champion of the world, is in a hospital at Aldershot, suffering from serious strains of the muscles of his back and abdomen, contracted in the course of military training.

Jess Willard Buys Circus

New York, June 12.—A telegram was received in this city from Holyoke, Mass., to the effect that Jess Willard has purchased for \$105,000 the Buffalo Bill show from Edward Arlington, who was its sole owner. Willard will continue the show under his own management.

Dundee Wins

Boston, June 13.—After twelve rounds of hard milling, Johnny Dundee, of New York, was awarded the decision over Frankie Callahan, of Brooklyn, in their bout last night at the Armory A. A. Some of the fans did not like the verdict, but it was the only fair one Referee Conley could give.

ON OVERDOING IT

"The tendency of the age," says a modern philosopher, "is to overdo everything." The same thought has occurred to the writer many scores of times, when, after swallowing a very moderate allowance of some sauce, he has been left with a palate apparently given over to an endless stinging and burning sensation, calculated to make a man forswear the use of any sauce whatever.

Had Awful Attacks of Heart Trouble

FOR 8 OR 6 YEARS

Diseases and disorders of the heart and nervous system have become frightfully prevalent of late years.

One can scarcely pick up a paper but he will find recorded instances of sudden deaths through heart failure, or of prominent men and women unable to prosecute their ordinary business or profession on account of a breaking down of the nervous system.

We do not desire to unnecessarily alarm anyone, but to sound a word of warning.

When the heart begins to beat irregularly, palpitates and throbs, has shooting pains through it, it is time to stop and think.

To all sufferers from heart and nerve troubles Milburn's Heart and Nerve Pills can give prompt and permanent relief.

Mrs. Frank Arsenault, Newcastle, N. B., writes: "I had awful attacks of heart trouble for the past five or six years, and as I had tried many kinds of medicine without getting any better I decided to give Milburn's Heart and Nerve Pills a trial, and to my surprise I found ease from the second dose. I continued taking them until I had used six boxes, and now I feel as well as can be."

"At the present time my sister is using them for nervousness and finds great comfort by their use."

Milburn's Heart and Nerve Pills are 50c. or three boxes for \$1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Minor Leagues May Have to Suspend Yet

New York, June 12.—Baseball in the minor leagues, by the frank admission of A. R. Kearney, president of the Thru League, and the more or less frank admission of other league presidents, is tottering.

Replying to the suggestion by Thru League players now under contract, a meeting of the presidents should be held in order to take concerted action, the sentiment is divided.

Some of the executive feel the step should be taken. Others, while admitting the seriousness of the situation, are reluctant to go so far. A few decline to enter into the suggestion. Thomas J. Hickey, president of the American Association, expressed the opinion that such a step would be inadvisable.

Ed. G. Barrow of the International League, an organization which has gone through more trouble than any other league in the country, still believes it is the best thing to pull through if a thing is at all possible. He objected to the joint meeting proposed, believing title players would be hard to retain.

R. H. Raugh, of the Southern Association, said the weather has been good and attendance everything that could be expected in his circuit.

He admitted, however, the outlook was uncertain.

The Eastern League will weather the storm, in the opinion of President Dan O'Neil. Conditions, however, have not been overly good in this organization. J. V. Jamison, Jr., president of the Blue Ridge League, replied that his circuit already had disbanded. Bad weather, the prospect of a war tax, and the depressing influence of a war spirit all had their effect in producing this result, he said.

J. W. Morris, president of the Texas League, favored the idea of the meeting, and wrote that bad conditions had already forced his league to drop two of its cities—Beaumont and Galveston. He was of the opinion that the circuit would be able to make it the rest of the year.

President Braham of the North Carolina League also had dropped two cities, and was heartily in favor of the meeting.

Have you ever been served that way? Ever holding a caucus this morning to discuss the conscription issue, the political situation generally, cabinet and party reorganization and the opportune time for the election which everyone now believes cannot be long avoided.

So far as is known, Sir Robert Borden has as yet made no definite headway with his cabinet re-organization. It begins to look now as if any cabinet changes would be confined exclusively to party ranks and that these changes will be few.

According to present indications, common ground of principle and policy has been reached on which every Liberal can stand without sacrificing any of his conscientious convictions with regard to the common requirements of war effort and war sacrifices. It is understood that this policy will follow the lines of a consultation of the people for a new parliament and a new administration having the mandate of the people to co-ordinate war needs and war resources in every possible way, including consulsion.

SPOILED A GOOD SPEECH
Fredericton Mall—J. Roy Campbell, member for St. John, spoiled what would have been a good speech in the legislature a few evenings ago by a reference to "the excellent administration which the province has enjoyed for the last eight years." Surely Mr. Campbell, conscientious man that he is, does not expect people who know all about the timberland steels, the Valley Railway hold-up, the Flemming whitewash resolution and other iniquitous acts of the old government, to take his remarks seriously.

AN APPRECIATION
Mrs. J. T. Russell, president of the Fairville branch of the Girls' Auxiliary, was entertained in the guild rooms of the Church of the Good Shepherd, Fairville, last evening. After refreshments had been served, Mrs. Russell was made the recipient of a large box of assorted chocolates, a beautiful bunch of cut flowers and an appreciative address. Mrs. Russell thanked the members of the guild and told how much she regretted having to resign from her position owing to poor health. Her successor will be Mrs. J. Dunlop.

DEATH OF CHARLES E. DUFFY
Charles E. Duffy, formerly of Fredericton, is dead in Port Arthur, Ont. He studied law with Judge Wilson in Fredericton, and was practising his profession when he moved to the west about seventeen years ago. He is survived by his wife, formerly Miss O'Brien, and one son, Jack Duffy, who graduated from the U. N. B. two years ago and last month graduated from Osgoode Hall, Ontario. Six sisters also survive, Miss Sarah Duffy on the teaching staff of the Campbellton schools, Mrs. John Connors, Chatham; Misses Eliza Teresa, of St. John, and Misses Mary and Alice of Fredericton.

MISS MARY MCGOWAN HONORED
An interesting and very pleasing event took place at the home of Mrs. D. A. Hurley on Tuesday evening when about sixty friends of Miss Mary McGowan assembled and tendered her a novelty shower as a farewell to an interesting event which is to take place later in the month when Miss McGowan will be one of the participants in a ceremony the nature of which will be guessed at. The evening was characterized by many outstanding features the most notable being that of the presentation of many gifts. These were all gathered in a large hamper around which flickered tiny colored electric lights. Miss Helen Stanton and the Misses Hurley led the gift procession and S. C. Hurley in a witty address made the presentation. Although taken entirely by surprise Miss McGowan was equal to the occasion and graciously responded. During the evening songs were rendered by Mr. and Mrs. M. T. Morris, Miss G. Morris, Miss F. McFate, Miss S. Murphy, the Misses Hurley, Miss L. Garnett and Corp. R. Kerr, while Miss Loyola Duffy entertained with some patriotic and amusing readings. Refreshments were served and the festivities continued until a new day was being born.

REV. J. L. DAWSON IS PRESIDENT OF CONFERENCE

Methodist Body in Session in Moncton—Rev. E. E. Stiles Secretary—Change in Discipline

Moncton, N. B., June 14—The thirty-fourth annual conference of the Methodist church of New Brunswick and P. E. Island opened in the Central Methodist church here this morning. Eighty ministers and twenty-eight laymen attended. Rev. J. L. Dawson was elected president on the first ballot. Rev. H. A. Brown was elected reporter for the Wesleyan. It was decided to arrange for a patriotic service during the conference.

A vote of thanks was tendered to the ex-president, Rev. Thomas Hicks, for diligent performance of his duties.

Rules of order as proposed in the discipline on page 316, excepting section 2, were eliminated and section 24 was amended so that ten members of the conference can sustain a call for years said days on any question.

Rev. Dr. Squires was elected secretary of the conference; he declined on advice of his physician. His resignation was accepted and a vote of thanks was extended for faithful work during the last year. Rev. E. E. Stiles was elected secretary.

MILLIDGEVILLE GETS A MILITARY MEDAL

High Honor Won at Battle of Vimy Ridge by Lance Corporal Arthur D. Olive

There came to the city yesterday word that Lance-Corporal Arthur D. Olive has been awarded the military medal for good work performed on April 9, during the battle of Vimy Ridge.

Lance-Corporal Olive left St. John in August, 1914, in a signalling section under Major T. E. Powers. He proceeded overseas and after a few months of training on Salisbury Plain crossed to France where he has been in active service ever since. A short time ago he received a two years' service good conduct badge.

Lance-Corporal Olive, who is twenty-four years of age, is a son of Mr. and Mrs. R. W. Olive of Millidgeville. Before going overseas he was employed as a bookkeeper with J. P. Quinn, Main street.

LOCAL MILITARY NEWS

That the 280th Kiltie battalion is taking things by storm in Boston was brought home this morning to Brigadier-General H. H. McLean when he received a despatch from the president of the Canadian Club in Boston inviting him to attend a reception which will be given there tomorrow evening in honor of the Kilties under the auspices of the Canadian Club of Boston. The governor of the state, the mayor of the city and many of the U. S. regular army officers will be present. It is expected that Sir Sam Hughes will be in attendance along with other prominent Canadians. It is understood that fully 10,000 people will attend the reception. The primary object will be to secure more recruits for Colonel Guthrie's regiment.

General McLean has wired his regrets that he will be unable to attend.

Information has been received at local military headquarters that recruiting for artillery is stopped. No reason has been given.

Twenty-eight recruits for the 280th Kilties reached Fredericton from Boston today and fifty-six more are expected this evening.

Captain Simpson, paymaster of No. 3 special service company, is in the city today paying the men of the company at West St. John. The payments are made fortnightly.
