IN WALL STREET

New York, April 17.—(10.30)—On the stock exchange the week opened with a continuance of the recent active speculative buying. Commission houses were prominent in the movement, which soon registered general advances over Saturday's quotations. Oil and steel were in the forefront, with coppers, Sinclair, Royal Dutch, Middle States and Standard Oil of New Jersey, Anaconda, Utah, Northern Pacific and Reading were higher by fractions to one point. Steels and equipments were relatively backward, but became buoyant within the first half hour.

Noon Report

New York, April 17 (noon)—On the business of the market, roughly estimated at one million shares, the full session promised to surpass all records in point of activity for at least two years. Further momentum was given to the early advance by free offerings of call money, which dove from 4 to 3 1/2 per cent soon after 11 a. m. Oil continued to overshadow the list, but before noon they were superseded to a considerable extent by metals and rails. Shippings also strengthened, but motors and equipment reacted moderately to realising sales.

Safe as the Bank of England

NEVER has a policyholder suffered loss through the failure of a regular life assurance company operating under charter from the Dominion of Canada. Can as much be said of any other class of business?

The soundness of each Canadian life company is rigorously tested, and the renewal of its license each year depends upon the result of an examination into its affairs by inspectors from the Government Insurance Department. Where else are trust funds so carefully guarded?

To guarantee the fulfilment of policy contracts, the Dominion Government has fixed a minimum standard of reserves to which every company is obliged to conform. The Imperial Life maintains reserves greatly in excess of the Government standard.

THE CIVIC MILL GRINDS MERRILY

(Continued from page one.) and street lighting accounts, although a very unforeseen expenditure was incurred in the police department in connection with the McAuley murder.

The revenue from the City Market showed the greatest earnings in its history, revenue amounting to \$23,166.60. Expenditure was \$15,242.50, leaving a net earning of \$8,924.10.

The Market Building received considerable repairs, is now in good state of repair, but it will be necessary to install new shelving in the centre aisle. If the finances will permit, this work will be attended to during the coming year.

Although the losses from fire were considerably higher than in the previous year, in the year 1920, the losses were unusually low, and the work performed by this department has been very satisfactory.

Two new fire alarm boxes have been installed, one on Lansdowne Avenue, and the other at the corner of Pitt and Mecklenburg streets.

As the report of the Chief of Police clearly shows the great amount of work that has been carried on during the year in this department. During the labor trouble in connection with the street railway, as well as the McAuley murder case, the police department was called upon to perform a great deal of extra work and in consideration of the limited number of men available for duty, the work performed by them has been very satisfactory.

Owing to the unsettled building conditions, the work of complying with the up-to-date building law has not yet been completed, but considerable progress has been made.

Street Lighting.—The arrangement with the N. B. Power Company in connection with the street lighting, he says, remains practically the same as last year, and until the hydro question has been decided it would not seem advisable to enter into any contract for street lighting.

As the city hall on the west side has a large auditorium and entertainment hall, are frequently held there he recommended that alterations be made to the entrance and that fire escapes be provided for the safety of the public.

On motion the report was ordered received and printed.

A report of the operations of the building inspector for the year ended December 31, 1921, was submitted by Commissioner Thomson.

During the year 23 permits were issued for the construction, additions and alterations of buildings within the city at an estimated cost of \$579,000 as follows:—

Brick and concrete, 8 permits—2 Public schools, \$817,500; Bank and store, \$25,000; Dairy, \$24,500; Alterations, \$3,800; Warehouse, \$8,000; Concrete floor, \$3,000; Dwelling, \$15,000. Total \$969,800.

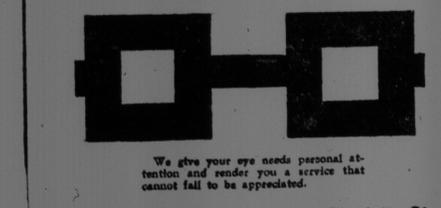

Frame buildings, 45 permits—Dwellings and apartments, 32; Warehouse and additions, 2; Barns, 2; Stables and sheds, 3; Workshops, 2; Additions, 3; Dwelling and bakery, 1. Estimated cost \$182,200.

The permits were issued for the several districts as follows:— District No. 1-51, No. 2-41, No. 3-23, No. 4-71; in addition 227 permits were given for upkeep, four for repairs after fires, and thirty-six for private garages. During the year 868 visits of inspection were made.

He expressed his warmest approval of the board of school trustees for the manner in which they have adopted the fire proofing of corridors and stairs in Peter's schools, thereby dispensing with outside fire escapes.

The report was received and ordered printed.

Bridgewater, N. S., April 16—Harold Melbourne, an employe of the Canadian National Railway here, was drowned yesterday when a canoe, in which were he and Herbert Bolliver, upset in La Have river.

Joseph Harrison, of Chapel street, colored, suffered a badly bruised right knee, in an accident at the Atlantic Sugar Refinery last evening. He was treated at the General Public Hospital and then allowed to proceed to his home.

The boiler shop of the Union Foundry and Machine Works, Ltd., on Union street, w. c., was badly damaged by fire which broke out about 8 o'clock yesterday morning. The tug Lord Beatty, which was lying near, was moved to a safe place and a shed belonging to L.C. Prime was saved.

An alarm was rung in after twelve o'clock on Saturday night from Box 122 for a fire in the clothing store of Morris Michelson, 39 Main street. The fire was discovered by J. M. Roulston, druggist, when he was closing up for the night. It is estimated that the loss was \$4,000, of which \$3,300 was covered by insurance.

On the last lap of a trip around the world Captain J. L. Watson, formerly of the steamer Pencisely, and Captain O. Richards, formerly of the steamer Mull, arrived here yesterday morning from Kobe, Japan, where they had delivered their vessels to an agency which purchased them for a Japanese concern. Captains Watson and Richards, who are staying at the Dufferin, are accompanied by several former officers of the two ships. The party will sail on Saturday for England which they left in February on their voyage to Japan.

An automobile got out of control on Charlotte street shortly after six o'clock last evening and climbed over the curb to the sidewalk and then crashed through one of the large plate glass windows in Wilgo's clothing store. The automobile was not badly damaged by the crash and was able to proceed under its own power. The inmates of the car escaped uninjured.

BETTER THAN HARD COAL
Soft coal so free from soot that it does not make whiskers on stove covers or pipe and does not mat or clog when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

The Evening Times and Star

ST. JOHN, N. B., APRIL 17, 1922. The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sundays excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE MAYOR AND HYDRO.

The Globe on Saturday quoted Mayor Schofield as saying that he is now "prepared to use his influence with the council to the end that the city may secure control of the New Brunswick Power Company," and again as "having no hesitation, now that the emergency act is law, in going in for municipal ownership."

If this means that the mayor favors purchasing the whole plant of the New Brunswick Power Company he is introducing into the civic election campaign something that has no business there. The question before the people is civic distribution of hydro, not the purchase of the whole power company plant.

So far as may be inferred from the mayor's statement, as quoted by the Globe, since he refers to the emergency act, it favors taking over the company's property by arbitration. That is to say, if the citizens by plebiscite voted in favor of arbitration they would have to pay whatever price the arbitrators named, even if it should be three million dollars more.

The citizens, however, are not concerned at the moment about the mayor's change of view. He has not changed enough. He still has the power company in his mind, and what he apparently proposes in an arbitration that would render the city helpless in regard to the price to be paid for something it does not want.

One of the reasons the mayor gives for his change of base, if he is correctly quoted by the Globe, can hardly be described as the calm reasoning of a safe and sane business man, or such as a man would be governed by in his own business. The Globe says he favors municipal ownership, "especially since the common council was referred to in Fred. Schindler's speech, as 'thieves, out-throats, soundbreares, etc.'"

The mayor's latest deliverance has not changed the situation so far as the voters are concerned. They are not in the market to purchase a street railway and gas plant, but to get the hydro current from Musquash delivered at cost. That is the issue. What the New Brunswick Power Company and its friends may want is another story and does not concern the people at all.

COM. BULLOCK'S LETTER.

Commissioner Bullock, in a letter in today's Times, suggests a plebiscite on two questions: Civic distribution, and civic purchase of the whole plant of the New Brunswick Power Company.

This would be entirely superfluous. A plebiscite on civic distribution was taken at the primary elections. There was no room for doubt as to the verdict. As to the question whether the city wants to buy out the New Brunswick Power Company, no plebiscite is needed. The city is not in the market. If under the terms of the act passed last week the power company makes an offer to sell, it might or might not be considered. The present business of the people is to get the Musquash hydro-electric current distributed, and this important business should not be tangled up with any other scheme.

THE MILK SUPPLY.

The concluding letter of the series by Mr. J. F. Tilley on pasteurization of milk appears in today's Times. The authorities he cites ought to convince even the objectors. We may quote a few more. The New York Evening Journal, referring to the work of Nathan Strauss says: "The work of Nathan Strauss is shown wherever pasteurized milk is used, and diseases of children thus diminished. The use of pasteurized milk, once sneered at by the milk companies, is now advertised by them as their greatest asset; once combated by the doctors it is now hurriedly resorted to by them in every emergency."

An investigation in London revealed the fact that 12.4 per cent. of 1,217 samples of the city's milk supply were tuberculous, and Dr. Alfred F. Hess wrote a dozen years ago: "Among scientific men, save the few who in 1901 committed themselves to a hasty assumption, no one now (in 1909), doubts the transmission of bovine tuberculosis through the raw products of diseased animals to human beings. Nor does anyone unless committed to some pet error dispute the efficacy of pasteurization in killing the infection, rendering the milk safe, and in no way impairing its food qualities."

Dr. Jacobs, the dean of the American medical profession, says: "Use no raw milk. Give the babies no milk except pasteurized, and they will be fairly safe, for you have removed from them a cause of tuberculosis, typhoid, scarlet fever, diphtheria, septic sore throat and some of the summer complaints that slay so many." Dr. Hastings, Canada's notable milk expert, says: "If the truth were known, fifty per cent. of the babies which have died could quite fittingly have this epitaph over their graves: 'Poisoned by drinking impure milk.'"

During the medical congress in St. John in June this question of a pure milk supply will be discussed by competent authorities in such a manner as will no doubt have a profound influence upon public sentiment. Neither unfounded prejudice nor mercenary consideration should prevail in a matter of such vital importance to the public health.

BIRDS AND INSECTS

The United States Board of Agriculture will conduct a campaign of education to arouse public interest in the task of destroying insect pests which are destructive to crops. The amazing estimate of an annual loss of \$1,500,000,000 through insects which feed on farm products reveals the necessity for such action. Attention is frequently directed to the aid given by certain species of birds, which feed on insects. To destroy such birds is to enable the destructive insects to multiply and do greater damage. The Montreal Gazette says: "Seriousness of insects in regard to crop spoliation is gazed by the expert opinion that it will take years—perhaps a century—to win success over their wiles. The predatory law of nature is notorious throughout the animal kingdom. The Dominion Entomologist stated a few days ago that the annual loss in field, orchard and garden crops due to destructive insects is more than \$200,000,000, so that this fact alone should emphasize the importance of the relationship of birds, to agriculture. The maintenance of a plentiful supply of useful Canadian birds, therefore, becomes more and more an apparent necessity."

At this time of year the schools, and especially those in the country, should spread information regarding the species of birds which are helpful to the farmers, so that they may be protected. The Natural History Society in St. John has done good work in this direction, and more and more of the schools should avail themselves of the knowledge placed at their disposal.

EASTER IN LONDON

London, April 17—(Canadian Press)—The Easter holiday season in London has been attended by uncertain weather with intermittent sunshine and rain. While thousands of Londoners made haste from the great city to the country, the seaside and even to the continent, there was on the other hand a considerable influx of folk inward from the big towns of the north of England. Some of the hotels have done quite good business during the holiday. The recent reduction in their tariff doubtless helped to this end. As usual there was an immense congregation at St. Paul's where Dean Inge was the preacher. The services at Westminster Abbey, at the Temple Church at Southwark Cathedral, and the Westminster Cathedral were also thronged.

FUNERAL OF "POP" ANSON.

Chicago, April 17—The body of Adrian C. Anson will be buried here today in Oakwoods graveyard in the presence of members of his family and with marked simplicity. Final tributes were paid by his friends who attended funeral services yesterday at which Commissioner Landis delivered the eulogy. The body of Mrs. Anson, now buried in Philadelphia, will be brought here and interred at his side.

LIGHTER VEIN.

Not Contagious. A candidate for municipal honors irritated by the groans and unfriendly remarks with which he was received at one of his first meetings, exclaimed furiously: "I don't care what you say; you have got to have me whether you like or not."

"Why, gov'nor," inquired a placid individual at the back of the hall, "you ain't the blessed meales, are you?"

Something, Anyhow.

A countryman called at the office of a fire insurance company and intimated that he desired to insure his shop and household effects. "What facilities for extinguishing a fire have you in your village?" inquired the office.

The man scratched his head, pondered for a moment, and then answered: "Well, only the rain!"

U. S. RULE THAT AFFECTS CANADA

Washington, April 17—(Canadian Press)—Under an amendment put into the resolution by the senate Saturday extending for two years the period of time in which aliens may file in Canada, Mexico or Cuba before being eligible for entry into the United States, is made five years instead of one year. It was charged on the floor of the senate that large colonies are being formed in Canada, Mexico and Cuba with the idea that they will enter the U. S. after one year's residence in contiguous territory.

LORD AND LADY BYNG PAY VISIT TO LONDON, ONT.

London, Ont., April 17—London extended a hearty welcome to Lord and Lady Byng on Saturday, on their first visit to the city. His Excellency reviewed the war veterans, and at the same site for the Western University turned the first sod for the buildings. On Saturday night his train was moved into the country where on account of Lady Byng's health a quiet Sunday was passed.

ELECTION CARDS

SANDY CORBET'S PLATFORM

This is specially directed to the lady voters of the city. Do you realize that by civic distribution of the hydro there will be spent in this city in the immediate future about \$800,000 to install the hydro system. To wives this means that work will be available for their husbands; that such work will go far to lift the depression in their homes.

ELECTION CARD.

I regard the opinion as expressed by the citizens at the polls on the 10th inst. as decisive so far as it indicates the feelings of the electors in respect to the city acquiring and distributing the electrical energy from the Musquash developments.

A FINE RECORD

Capt. F. M. W. Harvey, V. C., M. C., and Cross de Guerre of Ottawa sailed on the Canadian Pacific "Melita" from St. John on Saturday. Captain Harvey is going to England to take a course at the Army Physical Training School, Aldershot.

The Victoria Cross was won by Captain Harvey for most conspicuous bravery and devotion to duty during an attack by his regiment on a village. A party of the enemy rushed forward through a wire fence just in front of the village, operating rapid rifle and machine gun fire at a very close range, inflicting heavy casualties. At this critical moment when the enemy showed no intention whatever of retreating and the fire was still intense, Lieut. Harvey ran forward well ahead of his men and jumped the wire fence into the enemy trench, still fully manned, shooting the machine gunner and capturing the gun. This most courageous act had a decisive effect on the success of the operation.

He won his Military Cross "for conspicuous gallantry and devotion to duty in an attack. By his fearlessness he overcame the resistance of the enemy, although the latter were in greatly superior numbers. He engaged many of the enemy single-handed and although wounded and suffering from a considerable loss of blood continued to fight his way forward until he effected a junction with another mounted party, thus contributing in a great degree to the success of the attack."

MAINE PASTOR
ENDS HIS LIFE

Rev. C. R. Carleton of Mars Hill a Suicide on Easter Sunday Morn.

Mars Hill, Maine, April 17.—Rev. Charles R. Carleton, pastor of the Methodist Episcopal church here, went into a stable adjoining the parsonage early yesterday and shot himself through the head with a rifle. His family could give no reason for his act.

On Saturday the pastor appeared cheerful and helped parishioners decorate his church for Easter Sunday. He came here a year ago from Presque Isle. He was fifty years old, and is survived by his wife and one son.

RECENT DEATHS

Mrs. Harriette Forde Green. Many friends will learn with regret of the death of Mrs. Harriette Forde Green, widow of John Green, which occurred yesterday morning after a lengthy illness at the home of her daughter, Mrs. John Sealy, 104 Lenister street. The late Mrs. Green, who was in the ninety-third year of her age, was born in Downpatrick, Ireland, but had spent the greater part of her life in St. John. She is survived by three daughters, Mrs. James G. Armstrong, Mrs. John Sealy and Mrs. J. C. Armstrong, all of St. John, and one son, John W. Green, of Fairville. The funeral will take place tomorrow afternoon from the residence of John Sealy.

Mrs. Elizabeth M. Duff. Mrs. Elizabeth Margaret Duff, widow of Alexander Duff, died on Saturday night at her residence, 6 Chubb street. She is survived by one son, Leonard T. Duff, of this city; two stepsons, Arthur T. Duff, Boston (Mass.), and Prof. A. Wilbur Duff, Worcester (Mass.); one daughter, Alice Gertrude, at home; and two sisters in this city, Mrs. W. J. Bingham and Mrs. Robert McKean. The late Mrs. Duff was a member of St. David's church.

Henry J. Fowler. Henry J. Fowler died at his home in Hampton Saturday night. He was seventy-eight years of age and is survived by his wife, two daughters, Mrs. E. G. Evans of Moncton and Mrs. Douglas Hooper of Grand Falls, and two sons, Ernest of Fredericton and Walter of Cleveland, Ohio, also three half brothers and one sister.

Henry H. Moore. Henry H. Moore of St. Stephen passed away Saturday after a brief illness with pneumonia. He was accountant in the Bank of Montreal there. He was thirty-six years of age and his father

Free to Girls and Boys

We give adjustable stilts, 5 feet high, that can be raised or lowered as required, with a purchase of Boys' or Girls' Footwear at \$3 or over, in any of our stores.

Walking on stilts seems a popular amusement now and wonderful exercise for any boy or girl.

Judging from the way they went last October, we would advise an early purchase in order to secure a pair of stilts—don't be disappointed if you put it off too long and they are all gone.

USE GASES TO KILL PESTS.

Senators Learn How War Weapons Are Turned on Farmers' Enemies.

Washington, April 17.—How gophers, jack rabbits, boll weevils, crows, blackbirds, rust on wheat, rats and other pests have been declared common enemies to be exterminated was told to the senate appropriations committee by Brig.-Gen. Fries, chief of the chemical warfare service. The lessons learned in the last war, he declared, were being directly applied to the aid of mankind through the strictly peace operations of other departments of the government.

Gases for the extermination of the boll weevil have been developed which are effective, General Fries stated, but must be used in the fall, when the cotton crop is picked, because in killing the pests gases also destroy the cotton plant.

Gases also have been used in the west for killing jack rabbits and gophers. Mustard gas, he explained, was sprinkled over the paths of the jack rabbits, irritating their feet and causing them to rub them across the face. The poison then quickly becomes effective.

MORE WINTER WHEAT THAN LAST SEASON

The March International Crop Report published by the Statistical Bureau of the International Institute of Agriculture affords interesting data as to the areas under winter sown cereals in Belgium, Bulgaria, Spain, Finland, France, Latvia, Poland, Roumania, Czechoslovakia, Canada, United States, British India, Algeria and Tunis.

The aggregate sowings of wheat during this winter have extended to 107,000,000 acres, 1.8 per cent more than last year's. Of this the extent is about 25,000,000 acres, or 12.1 per cent greater than last season's.

A reduction in areas under wheat has occurred in Europe and, to a slight degree, in the United States. Of rye an increase has taken place, both in Europe and in the United States.

The condition of the crops at the beginning of March is reported as satisfactory in Belgium, Bulgaria and France, and of average promise in Great Britain, Ireland, Latvia, Algeria and Tunis. Recent rains have improved the position in Italy, Czechoslovakia and the United States.

The Institute has received and now publishes recent estimates of number of live stock in Australia, Bulgaria, Estonia, Greece, Latvia, Serbia-Croat-Slovene State, Poland and the United States. A brief statement of the position as regards the world's wheat supplies, just published by the Statistical Bureau of the International Institute of Agriculture, indicates that exporting countries after setting aside the requisite quantities for meeting their own requirements until their next harvests, had at disposal on the first of January 1922 an exportable surplus of 118 million metric tons of wheat. It is impossible to form a definite estimate of the aggregate quantity that the importing countries will require previously to 31 July next, when, for the most part, they will gather their next wheat crop; economic and financial conditions will dictate, in more than one country, as to the possibility of affording complete satisfaction for the food requirements of the respective populations. It is ascertained, however, that the aggregate wheat crops in those importing countries that have furnished data, of yield, were considerably larger in 1921 than in 1920 (27.7 million metric tons, as compared with 21.8 million). In addition the imports between 1 August and 31 December, 1921, taking all the importing countries together, were larger than in 1920 (9.5 million metric tons against 8.2 million). From 1 January to 31 July 1921 (the second portion of the season) imports were 9.9 million tons, and supposing the arrivals between 1 January and 31 July 1922 reach the same figure (notwithstanding the increased yields) their total will still be within the limits of exportable surplus, already stated at 11.8 million tons on January 1, 1922.

COM. BULLOCK ON HYDRO.

To the Editor of The Times: Sir,—Prior to the present election campaign, fear was expressed lest the city would lose the opportunity of procuring the Musquash power slip through its fingers. Personally I am disposed to take the government at their word, since they practically stand ready to guarantee to deliver a specific quantity of hydro, consequently the way is clear for a definite agreement.

At the one public meeting in which I participated I emphatically stated "The city should participate in the use of electric energy from the hydro commission, the price and terms to be made satisfactory." Since that time more stress has been laid on the matter of distribution. I have declared in favor of civic control, and in no sense does that term mean a divided interest, but the entire ownership, so far as I am concerned. If the consumer is to get the full benefit of light, heat and power at cost, the city must own and operate. The expression of the people is for the city not only to control hydro but to distribute it. This is apparent from the result of the preliminary election. The necessary legislation has now been obtained pertaining to both issues.

Would it not be well to take a plebiscite at the forthcoming election—so as to clear the air—on two questions, namely:— (1) Are you in favor of the city building and operating a distribution system for light, heat and power purposes? (2) Are you in favor of the city purchasing and operating the entire plant of the N. B. Power Co.?

I understand the act provides for a plebiscite. Thanking you for your valuable space, Yours truly, T. H. BULLOCK.

Looked On While Police Dragged for Her Body.

Manchester, April 17.—"I know this will be a big shock to you, but don't go in the block for me. . . . Try to keep the home going. . . . It will be best for both of us."

A letter written by a girl to her mother, in which these and other significant phrases occurred, was found, along with two photographs, on the bank of Rochdale Canal, Manchester. In the letter she stated she had tried to be "a different girl," but it was no use; that hell itself would be preferable to what she was going through, and that she intended to drown herself. All the circumstances pointed to suicide, and the police at once began dragging operations in the expectation of finding her body.

LOOKED ON WHILE POLICE DRAGGED FOR HER BODY

One of the girl's neighbors, attracted by curiosity to the scene of the "suicide," suddenly noticed the girl herself standing among the spectators on the bank watching the men grappling the bed of the canal. After a brief conversation the missing woman was persuaded to go to the police station, and she was subsequently sent home under the care of the police.

Clothes Inspiration— Does it Really Mean Anything?

Maybe we think it is more important than it really is. Maybe we are prejudiced. But we know it's quite a common thing for a man to go down to the office and change things around—turn his desk the other way; or he'll move into a new department; or hunt up some new place to eat. It breaks the monotony, helps like everything in getting a new grip on things. It's the same way with new clothes. They have quite a lot to do with a man "feeling fit." It isn't a far-fetched idea; it really works.

A large selection of "Society Brand" and other reliable and fine looking suits await your approval in our men's shop.

Purify Your Blood

THIS SPRING TAKE HOOD'S SARSAPARILLA, THAT GOOD TONIC MEDICINE.

In nearly 50 years of use it has won the people's confidence as pure, clean, safe and wonderfully helpful. All claims for Hood's Sarsaparilla are backed up by many letters telling of relief in a multitude of cases of scrofula, eczema or salt rheum, psoriasis, blood-poisoning, catarrh and rheumatism, and of loss of appetite, that tired feeling, and low or run-down conditions common in the spring.

It originated in a physician's prescription and is recommended and used by many physicians today. It purifies, builds up, "makes food taste good."

SPRING MEDICINE.—"We have used Hood's Sarsaparilla in our family for years, as a spring medicine, and have always found it beneficial." Miss Dorothea McDonald, 10 Buckingham Ave., Montreal, Que.

IT IS IDEAL.—"I have taken Hood's Sarsaparilla and can say that it is all it is advertised to be—an ideal spring medicine. I can and do recommend it, especially to all who suffer from sick headache." Miss C. W. Fairweather, Moncton, N. B.

RUN DOWN.—"My brother became completely run-down. His blood was poor, whole system out of order. Hood's Sarsaparilla produced wonderful results, in a short time. After using only three bottles, he was cured. Hood's Sarsaparilla is certainly the best for a run-down system." Lena Banner, 128 Bleeker St., Toronto, Ont.

BLOOD AND STOMACH.—"I can recommend Hood's Sarsaparilla for disorders of the stomach, and as an excellent blood purifier. As a spring medicine we never used anything else equal to it." Ethel W. Hill, 149 Argyle St., Toronto, Ont.

PASTEURIZATION OF MILK SUPPLY

(Concluding Article)

In closing this series of articles on the pasteurization of our milk supply, I have endeavored to give my readers the benefit of knowledge gained by the hard close study of the scientific problems connected with the several branches of the work, from its first inception in America as relating to milk. My instructors and teachers have been men of unquestioned ability, and the results of their scientific research has been proven by the lowering as it by magic of the infant mortality in all quarters of the globe where their ideas have been followed. The saving of life by preventive methods has been so strongly instilled in me, that I cannot refrain from taking a lively interest in the work in any community in which I see an opportunity for improvement; and through the series of articles just completed, I have been successful in broadening the minds of those who not only consume milk but those who produce and distribute it, I am satisfied; for I

know that as soon as consumers realize that all those who are working against the pasteurization of milk, are doing so in ignorance, and make statements regarding it, without being able to quote a single authority to substantiate their statements, then will come to the conclusion that those who have spent fortunes, and the best part of their lives in research work on the subject are in a position to know what they are talking about.

I have frequently heard people say: "My doctor says for me not to use pasteurized milk because the vitamins are destroyed and the flavor is changed." Let me tell you that a medical doctor who would express his opinion in this manner about properly pasteurized milk does not know what he is talking about, and it would have been nothing against his profession had he said: "I do not know anything about the science of pasteurization." The medical colleges do not disseminate knowledge regarding a milk supply. Their teachings are in part along the lines of restoring to health those who are poisoned by drinking impure milk.

Dr. Faril, a noted authority, stated at a meeting of physicians in Chicago—"It is the opinion of the medical profession is not to any considerable extent awake to the question of pasteurization, and where it is awake to the situation it is awake to it with such one-sided views as to make it rather a burden in the industry than a help; and my

general impression is that physicians either know nothing about it, and care nothing about it or what they know is such partial knowledge as to be a handicap, rather than a help. "I have," said the Dr., "very strong views on the subject after a study of thirty years." "The study of milk and its relation to health is a special study, and it is now known that a very considerable time of a physician is occupied among the young in curing the ills which are caused by an impure milk supply."

Dr. Herman Biggs, New York State Health Commissioner, says:—"All milk should be pasteurized, as tuberculosis in cattle is on the increase. An investigation in 1914 of the 1,600,000 cows in New York State revealed the fact that over 500,000 of them had tuberculosis."

Dr. Wm. Osler, Regius Professor of Medicine, Oxford, says:—"In speaking of tuberculosis:—"We know the germ—the cause. We know whence it comes—the two great sources—they being the sputum of affected individuals and the milk of tuberculosis cows."

Dr. Geo. M. Kober, President National Association for the study and prevention of tuberculosis says:—"Ten per cent of all market milk contains bovine tuberculosis. Let us urge by education and otherwise, that all milk unless proved from tuberculosis tested cows, be pasteurized."

Dr. William H. Parks, Director of the Research Laboratory of the New York Health Dept., said:—"More cases of typhoid come from milk than from any other source, and the only actual safety for the consumer lies in pasteurization. Fifty per cent of the children fed on cows' milk in the raw state who die from tuberculosis, got the disease from the milk."

Dr. Rolland G. Freeman says:—"Diphtheria has been spread by the best of our milk supplies. What protection have we against this in any raw milk?" Bulletin No. 41 of the Hygienic Laboratory in Washington, D. C., on milk and its relation to public health says:—"Proper pasteurization destroys all such germs of disease that may be in milk, but does not impair the taste, digestibility or nutritive qualities of the milk."

I trust that I have not tired the citizens of St. John with these articles, and that they will begin to understand the importance of a pure milk supply, which is of far more importance than a pure water supply as far as children are concerned.

The abolition of preventable diseases is one scientific study; the curing of disease is another. Let us all bend our energies in adopting the preventable measures. Pasteurization of milk is the solution.

(Halifax Chronicle.) No longer will Halifaxians be afraid to go home in the dark. City Electrician Durbin has completed a plan, the purpose of which is to supply Halifax with a modern street lighting system.

The residential section will be equipped with 600 and 4,000 candle power lamps placed on standards at a distance of 225 feet apart.

Under the system outlined by the city electrician an illuminated plan of which can be seen at the City Hall, the city will be lighted with one million and a half candle power as against 900,000 candle power at present.

On Göttingen street will be placed lamps of 1,000 candle power, on ornamental standards with underground wiring. This will create the business section of a brilliantly lighted thoroughfare.

Lamps of 600 candle power underground wiring, with ornamental standards, will be used on Spring Garden from Barrington to South Park streets.

On Water street will be placed lamps of 400 candle power, on Maple street, Grafton, South Park, Morris, Agricola, Roble from Canard to Almon, Quimpoil Road from Roble to Waegwoile Club, and all the residential sections, with the exception of a few locations of lesser importance on which lamps of 250 candle power will be used.

SLASHED IN ROW OVER GIRL

Chauffeur Is Cut Across Neck — Man With Razor Is Held. Detective O'Leary of the Police Narcotic Division went to Long Island City, New York, to make an arrest in a narcotic case.

O'Leary pursued the first man into a barber shop. The proprietor banged the door and locked it. The fugitive O'Leary drew his pistol and threatened to shoot through the window, whereupon the barber opened the door. Then the man with the razor flourished his weapon and promised to give the detective the same medicine he had given the other man, but O'Leary put an end to his resistance by knocking him down with a blow on the jaw.

The prisoner identified himself as James de Sanc, nineteen years old, an electric welder. The other man was taken to the Long Island City Hospital. He said he was Joseph Gowdy, a chauffeur. According to the police, the men had quarrelled over a girl.

Piles

are usually due to straining when constipated. Nujol being a lubricant keeps the food waste soft and therefore prevents straining. Doctors prescribe Nujol because it not only soothes the suffering of piles but relieves the irritation, brings comfort and helps to remove them.

Nujol is a lubricant—not a medicine or laxative—so cannot gripe. Try it today.

BICYCLE RACES TO BE HELD HERE

(Canadian Press Despatch) Toronto, April 16—Robert Falconer, vice-president of the Canadian Wheelmen's Association, will start on a trip

down through the maritime provinces on June 1 on which trip he is going to do considerable boosting for the bicycle game. Plans already are underway for the promotion of race meets in Fredericton, St. John, Halifax and Summerside (P. E. I.), with possibly a race meeting in Yarmouth.

A SYDNEY MYSTERY.

North Sydney, N. S., April 16—Late Saturday afternoon the body of a female infant, which had been clandestinely buried, was found in Lakeside cemetery by Miss Brower while she was digging some earth to fix up the graves in a lot. There were no signs of four play on the body.

Bill Says: "Cycling Has Street Cars or Walking Beaten a Mile"

"I THINK both you fellows are missing a good thing.

"Day after day you pay out your good money, Tom, for the 'sport' of hanging on to a strap in an overcrowded street car, having your feet tramped on and filling your lungs full of stale air."

"Now you're talking, Bill!"

"Yes, and I heard you grouching something terrible yesterday, Jim, about your long, tiresome walk. You were late and got docked. I started ten minutes later and had lots of time.

"Why, my bike and I have the laugh on both you fellows all the time. We miss all those maddening street car delays and jamming. We spin along home while you're waiting on street corners or trudging along. Cycling has both street cars and walking beaten a mile."

"Well, wheeling is very fine with a Real Bike Like Yours I wish I could afford one like it, Bill."

"Why, Tom, the money you're throwing away in street car fares, and the shoe leather you're wear-

ing out hoofing it on the hard sidewalks, Jim, would soon pay for a C. C. M. bike like mine. And then, you know, one like mine will last for years."

"That's so, Bill!"

"Yes, and when you're buying a bike, Jim, be sure to get one with C. C. M. Triplex Hanger"

It makes a wonderful difference in the ease of riding. It gives your bicycle more speed—and pep—and power."

"How much extra is the Triplex Hanger, Bill?"

"Not a dollar. It's on every C. C. M. Bicycle at

No Extra Charge"

"What about that handy little brake on your bike, Bill?"

"You mean the Hercules Coaster Brake. It's been nicknamed the Little Fellow with the Giant Grip! You'll notice it hasn't any clumsy side arm. The Hercules is regular equipment on every C. C. M. Bicycle, too."

"It's some bike, Bill. Guess we'd both better get that kind and ride to work, too."

THESE BABIES ARE WELL NOW

Remarkable effect of Dr. Caldwell's Laxative Syrup Pepsin on constipated babies.

The experienced mother quickly associates the baby's crying with constipation, biliousness, feverishness or sour stomach, and knows that a mild laxative will soon relieve the trouble.

Half a teaspoonful of Dr. Caldwell's Laxative Syrup Pepsin will work wonders with a crying, peevish baby. It is just a vegetable compound of Egyptian Senna and simple laxative herbs with pepsin that all druggists sell under the name of Dr. Caldwell's Laxative Syrup Pepsin. It has the largest sale in the world, and a dose costs less than a cent!

Mrs. E. Smith, 9 Harris St., Guelph, Ont., says Dr. Caldwell's Laxative Syrup Pepsin is just the remedy her little girl needs and she will never be without it. Mrs. A. F. Litigow, 889 Northcreek Ave., Montreal, and Mrs. Whalley, 966 Alexander Av., Winnipeg, both use Syrup Pepsin for their babies and recommend it to all mothers. Mrs. Whalley writes her baby was

DAUGHTER OF Mrs. E. Smith, Guelph, Ont., constipated from birth. You will never again give harsh physics when you see how safe Dr. Caldwell's Laxative Syrup Pepsin is and how gently and mildly it acts. Try it in your family.

3,000 WILD GESE ARE IN SANCTUARY

Twenty-five Return Out of 110 Tagged by Jack Miner — H. C. Groul Interested.

Three thousand wild geese, honking their way north from Florida to Hudson Bay, Labrador and the fringe of the Barren Lands, are stopping off at Jack Miner's famous bird sanctuary near Kingsville, Ont. Jack is particularly pleased, as they have never been so numerous and never so confiding. Visitors have been able to approach the large open pond in the sanctuary without disturbing these wildest of wild birds, and one mother goose has taken the opportunity of laying seven eggs close to his house. Of the hundred and ten wild geese who were tagged by Jack last year, twenty-five are with him again. Fifty-seven were known to have been shot in the far north, as the tags were returned to him by the hunters. Each of these tags carries on one side the request to return it to Kingsville, and on the other a verse from the Scriptures, so that every hunter who kills a bird gets, as Jack says, something good for his soul whether he needs it or not.

In recognition of his efforts to protect wild life in Canada, Jack has just received a visit from a party of those interested in game preservation who brought with them a beautiful bouquet of roses for Mrs. Jack Miner. The party included Mr. J. B. Harkin, commissioner of Dominion Government Parks, Ottawa; Mr. Busby, chief inspector of customs, Ottawa; Col. Dr. Clark, assistant deputy minister of health, Ottawa; Mr. Cawdon, superintendent of the Royal Canadian Mounted Police, Ottawa; Mr. Coolican, superintendent of post office, western division, Ottawa; Mr. Ross, chief constable, Ottawa; Mr. W. MEMORIAL DAY AT ST. PETER'S
service Yesterday in Honor of Members Who Gave Lives in War—Excellent Music.

Yesterday was memorial day in St. Peter's church, special services being held in honor of members of St. Peter's who sacrificed their lives in the great war. A memorial in the form of magnificent gold chalice set with diamonds and other precious stones, which was presented to the church, after being consecrated by His Lordship Bishop deLane, was used for the first time at St. Peter's mass celebrated at 10.30 o'clock, by Rev. William Hogan, S.S.R., assisted by Rev. George Coffin, S.S.R., as deacon, and Rev. Denis O'Connell, S.S.R., as sub-deacon. Those honored were: Jos. G. Allingham, Paul Bonhomme, Jos. Brozman, Fred O'Connell, Frank L. Cotter, C. J. Daney, Geo. Flanagan, Peter Gallagher, Con. Gurnett, George Gann, Fred George, Alex. Hughes, Vincent Kelly, Leonard Lee, Albert Lloyd, Harry Leonard, Maurice Mullany, Thos. Oram, John C. O'Neil, Donald Walsh.

REALIZED \$1,800.
About \$1,800 was collected for the "Red Cross" fund at the tag day on Tuesday. The tag day was held by the Local Council of Women and federated societies assisted as taggers and workers. The taggers were pleased with the generous response with which they met on Tuesday. Mrs. E. Atherton Smith, president of the Local Council of Women, said that the results of the tag spoke highly of the kind hearts of the citizens who contributed so generously to this very necessary cause for the world's welfare.

REFUSES BAIL FOR SON HELD AS A FORGER
Engineer Says That Jail Teach Atlantic City Prisoner a Lesson.

Atlantic City, April 15.—In default of \$2,000 bail, Nathan Kramer, nineteen-year-old son of Max J. Kramer, wealthy construction engineer, of New York City, was placed in the city jail charged with forging his father's name to two checks for \$150 each. According to the police, his father refused to furnish bail on the ground that he had recently supplied \$5,500 to get him out of another scrape. "Let him stay in jail," his father is said to have told the police over the telephone. "It will teach him a lesson."

Nathan arrived in Atlantic City a week ago. With him were a man and his wife, whose names the authorities and the Ambassador Hotel management, where they are stopping, refuse to reveal. The young man, according to the police, has been a habitué of cabarets here. The two checks are alleged to have been drawn on the Colonial Bank, New York City, and to have been presented at the Ambassador Hotel. Magistrate Joseph S. Tasson has set the hearing for Friday night.

The boy's father, according to the police, has constructed many theatres throughout the country. His office is at 309 Fifth avenue, New York.

At her home, 861 West 141st street, New York, Mrs. Nathan Kramer, wife of the prisoner, said he would be made some mistake in her husband's arrest, as he was a home-loving man and devoted to his married life. She said they had been married for two years.

The Stadacona is an iron steamer of 180 tons, and the Armentieres a steel vessel of 807 tons.

FORMER CHAMPION DEFEATED.
New York, April 16.—Freddy Welsh, former lightweight champion of the world, was defeated last night in a ten-round contest by Archie Walker, former amateur titleholder at 135 pounds. Welsh was slow and his punches lacked power.

DANNY LEE WINS.
New York, April 16.—Danny Lee, of New York, won the judges' decision in a twelve-round bout last night with Young Montreal of Providence (R. I.), at the Commonwealth Sporting Club. The man is bantamweight.

BULLET IN THE TELLER'S LEG; MONEY GONE
Some Found Near Back Door, Rest Under Sidewalk After Royal Bank Robbery in the West.

Invermay, Sask., April 17.—With a bullet wound in his leg and two masked bandits holding revolvers at his temples, L. Ulrich, teller of the Royal Bank here, was forced to open the safe of the bank a little before midnight Saturday, and \$4,500 was taken, according to the story he related to the police.

Since then all the money has been recovered. A bag containing the silver coin was found near the back door of the bank, and the money in bills was located under the sidewalk in front of the bank.

A SERVANT OR A MASTER?
How many men labor all their lives for the comfortable little fortune that shall mean liberty from care—only to find that the dollars bring their own bondage? YESTERDAY IN CITY CHURCHES
(Continued on page 10, fourth column.)
The largest number of communicants in the history of the Mission church of St. John Baptist were present at the celebration of the Holy Eucharist yesterday morning at 8, 7 and 8 o'clock. The 11 o'clock service was conducted by Rev. C. W. Kils and the sermon delivered by Rev. J. V. Young.

The regular quarterly celebration of the Holy Communion was celebrated in the Presbyterian churches. In St. David's eighty new members were present at this ceremony. In St. John's (Stone) church, Rev. A. L. Fleming was assisted by Rev. William Armstrong and Mr. Pierce.

At the evening service in the Fairville Methodist church, five children were baptized and twenty-eight united with the church. Service was conducted by Rev. J. M. Rice.

In the Portland Methodist church, six were baptized and twenty-eight received into membership by the pastor, Rev. H. B. Clarke. The cantata, "Victory Over Sin," was sung by the choir at the evening service.

Seventeen were baptized at Main street Baptist church yesterday by Rev. David Hutchinson.

The children of the Waterloo street Baptist church took part in a programme of exercises, recitations and choruses at the morning service yesterday. The new Baptistry was dedicated by the pastor, Rev. J. A. Sweetnam, who announced that its erection had been made possible by the gifts of the late Mrs. E. A. Coates and the late Mrs. Jacob Smith. Nineteen were baptized yesterday.

In the Victoria street Baptist church yesterday morning, nineteen were baptized and fifty-five received into the rights of membership in the church by Rev. G. D. Hudson. Miss Alice McKim recited the cantata, "Judith."

Twelve baptisms were performed yesterday in the Tabernacle Baptist church by Rev. A. L. Tedford. A beautiful walnut clock on the balcony was presented by the Brotherhood.

The special music in the Carleton Methodist church was inspiring. The minister, Rev. J. Heaney, gave eloquent addresses.

Three infants were baptized and six persons received into church membership by Rev. E. E. Styles in Carmarthen street Methodist church yesterday.

At Exmouth street Methodist church, Rev. H. E. Thomas, conducted the services. Eleven new members were received into the church yesterday.

British Games. London, April 16—(Canadian Press)—Greenock Morton's capture of Scottish Association football cup on Monday by one goal to nothing was the surprise of the day and their performance was all the more noteworthy because they lacked the services of French, their centre forward, defeat of Manchester United makes retention of their position in the division hopeless, while Arsenal's Arsenal never shaped like winners yesterday's game, which was watched by 4,000 spectators. The Spurs were going in taking the lead. A great re-arginal of the English Cup final was held between Preston and Huddersfield drew 30,000 onlookers. Some of the

best players on both sides were absent and Preston had re-arranged the side owing to an injury to Speak. Accordingly the game gives no line on the final cup tie result. They will meet in a return match on next Saturday.

ORANGE GRAND LODGE.

Mrs. Francis Kerr, grand secretary of the Loyd Orange Benevolent Association, left this morning for St. Stephen to attend a meeting of the provincial executive. The provincial convention will open there tomorrow.

POLICE COURT.

Six men pleaded guilty to drunkenness charges in the police court this morning. All were remanded.
Neil Flynn and Alan Erikson were remanded after pleading guilty to charges of wandering about and not giving satisfactory accounts of themselves.

WANTS TO TRADE.

The government of Brazil is desirous of trading with Canada, and it has requested the boards of trade to co-operate by drawing the attention of prospective traders to the National Exhibition which is planned to be held in Rio Janeiro on Sept. 7.

GIFTS TO RECTOR.

The Mothers' Guild of St. Mary's church yesterday presented to the rector, Rev. R. T. McKim, a white linen surplice and a large copy of the new edition of the Prayer Book for the reading desk. A bronze tablet to commemorate the men of St. Mary's who gave their lives in the great war has arrived and a memorial service will soon be held.

ON TRADE MISSION.

G. A. Rolf Emery, junior trade commissioner, who has been making the circuit of the maritime provinces, arrived in St. John on Saturday, and intends spending the next two days in the city, during which time he hopes to get in touch with all the principal export houses and manufacturers. He is making his headquarters at the Board of Trade.

HOLD-UP SUSPECTS.

Detective Sergeant Power and E. E. Wetmore expect to go to Moncton tomorrow to see if the three men being held there on suspicion of being implicated in the holdup at Mr. Wetmore's store resembles the culprits. Mr. Wetmore is confident that he would know the men again. The detectives are still working in the city in case the Moncton lead turns out to be a false one.

C. P. R. APPOINTMENTS.

J. M. Keeffe has been transferred from the C. P. R. city ticket office staff to the port staff of the Canadian Pacific Steamships, Ltd. He will leave for Quebec when the winter staff is withdrawn from St. John.

J. Campbell has been appointed ticket agent on the steamer Montrose. He will leave for Liverpool at the end of the week to join his steamer there.

TRAFFIC CASE.

One traffic case was taken up today in the police court. Percy Spight said he didn't know whether or not he was guilty of exceeding the speed limit at the corner of Union and Prince Edward streets on Saturday morning. Policeman Dykeman gave evidence that the accused passed that corner at about fifteen miles an hour while there was a lot of traffic in the street. As a general rule he was a careful driver, the policeman said. The accused was told to sit aside.

MRS. JOHN GREEN.

Yesterday, Easter morning, Mrs. John Green died at her residence, 104 Leinster street. She leaves two daughters, Mrs. James G. Armstrong, Mrs. John Sealy and Mrs. L. C. Armstrong; also one son, John W. Green, of Manawagonish road, Pictou. Mrs. Green was of Irish birth but the greater part of her life was spent in St. John. During the last five or six years she had been an invalid. Her sunny nature and wide sympathies endeared her to many, and in these tidings of her death will awaken many memories of pleasant intercourse and loyal friendship.

DEATH OF CHARLES CALKIN.

Miss P. K. VanWart of this city will mourn this evening for Forand, who is present at the funeral of her brother-in-law, Charles Calkin, who died on Saturday of heart trouble. Mr. Calkin was native of Sackville, N. B. About thirty years ago he was associated here in railway work with L. R. Ross, of this city. Doctor Calkin of Sackville is a brother. Mr. Calkin is survived by his wife, who was formerly Miss Annie VanWart, of this city, and three daughters. He was general agent of the Portland Terminal Co., Maine Central and Boston and Maine Railways.

THE ROTARY CLUB.

Rotarian Bert Foster was in the chat at the club luncheon at Bond's today, and every seat at the tables was filled. Among the guests was Major Black, M. P. for the Yukon, and Winnipeg and Niagara Falls were each represented by a Rotarian. Percy A. Wilson was elected a member. President Spangler announced that at the minstrel shows no seats would be reserved for Rotarians, who must take their chance with the rest of the citizens. The announcement was applauded. After luncheon Director Brander rehearsed the minstrels for half an hour.

HOSPITAL MATTER.

J. King Kelley, county secretary, left this afternoon for Hampton to interview G. O. Dixon Oxy, K.C., in regard to the admission of patients to the incorporated village of Rothesay into St. John hospitals. The village incorporation act made no provision for payment on admission into hospitals for non-paying patients. The act, however, he said, does provide that the county shall care for the poor in an incorporated village where that county has a municipal home. Kings county has a municipal home. There is a doubt, he said, as to whether the county secretary should pay for non-paying patients in the hospitals, the doubt being whether the non-paying patients come under the pauper class. Secretary Kelly said that he felt assured that arrangements can be made amicably until necessary legislation is enacted.

Host of Friends

Pay Last Tribute to Mrs. Paterson

Impressive Service at Home of Her Parents, Mr. and Mrs. John E. Moore, Yesterday Afternoon—Burial in Fernhill Cemetery.

The funeral of the late Mrs. Marion Moore Paterson was held yesterday afternoon from the residence of her parents, Mr. and Mrs. John E. Moore, 211 Germain street, and was attended by a great concourse of people. The passing of one so cherished and so endearing in the prime of youth had brought widespread sorrow and there was a wonderful gathering of mourners at the Easter Sunday funeral. A quartette from Trinity church with much feeling rendered beautifully the two hymns sung, "On the Resurrection Morning" and "Love That Will Not Let Me Go." James Ford was the accompanist. Rev. Canon R. A. Armstrong, rector of Trinity, conducted the service and was assisted by Rev. J. A. MacKeigan, minister of St. David's Church. Mr. MacKeigan read appropriate portions of scripture, giving the message of blessed assurance of the resurrection. The portions of scripture were taken from the 89th Psalm, from the fifteenth chapter of First Corinthians, and from the fourteenth chapter of St. John's gospel, and Mr. MacKeigan then read the twenty-third Psalm. The prayers of the Anglican burial service were read by Canon Armstrong.

When the funeral moved slowly from the home in Germain street one barouche was not enough to hold the many beautiful floral tributes and the procession was a very lengthy one. Interment was made in Fernhill cemetery and the service at the graveside was conducted by Canon Armstrong. The pall-bearers were J. Balfour Paterson, George Miller, Frank Ross, Charles Burpee, Victor Crosby and Gordon Peters.

LITTLE GIRL AWAY

Said to Have Been Taken by Uncle—Father Notifies the Detective Department.

Little Pawnee Haynes, aged about twelve, daughter of James E. Haynes, 21 St. David street, left home on Saturday night and is thought to be on her way to the home of her grandparents in Prince Edward Island in company with her uncle. She was missed on Saturday, and considerable anxiety was felt by her father, especially on account of a rumor that she was seen in Dock street on Saturday evening with a strange man. Later it was said that the man was her uncle, the brother of her dead mother. It is said that he came to the city after her and took her away to Kimberley on her way to Prince Edward Island. The detectives were notified by Mr. Haynes.

EASTER BRIDES.

Giggey-Whitpley.
A very interesting and happy event took place in St. Mary's church this morning at six o'clock, when Rev. R. T. McKim united in marriage Miss Fay L. Whitpley, second daughter of Mr. and Mrs. A. E. Whitpley, of 242 Paradise row, to Cecil V. Giggey, youngest son of Mr. and Mrs. W. E. Giggey of Whitehead, Kings Co. The bride, who was given in marriage by her father, looked charming in a navy blue traveling suit with hat to match, and carried a bouquet of bridal roses. After the ceremony the happy couple motored to the home of the bride, where a dainty buffet luncheon was served. Mr. and Mrs. Giggey, amid showers of confetti and rice, left on the Boston train for a short honeymoon trip. The number of valuable and useful gifts received testified to their popularity. On their return they will reside at Whitehead, Kings County, where the groom is a prosperous farmer. Out of town guests at the wedding included Mr. and Mrs. Wm. P. Giggey, formerly of St. John, now of Fredericton, and a nephew of Roy Crawford of St. John.

Cawford-Ryan.
Miss Irene Evelyn Hansen Ryan, niece of Mr. and Mrs. R. C. Lawrence of 838 Kingsway, Winnipeg, was married to Allan Melbourne Crawford, son of Mr. and Mrs. Allan G. Crawford of 650 Mulvey avenue, Winnipeg, on April 8, in the Crescent Congregational church. Rev. Geo. A. Dickson officiated. The groom is a grandson of Major S. D. Crawford, formerly of St. John, now of Fredericton, and a nephew of Roy Crawford of St. John.

Lambert-Webb.
The marriage of Miss Vera F. Webb, daughter of Mr. and Mrs. Lyman R. Webb, 199 Market street, West St. John, to Edward Lambert of Quebec, took place at a quarter after six o'clock in the Charlotte street Baptist church. Rev. Charles R. Freeman officiated. The bride, who was unattended, was given away by her father. She wore a traveling suit of navy blue tricot, with hat to match, and a grey squirrel scarf. She carried a bouquet of Ophelia roses and lilies of the valley. Mr. and Mrs. Lambert left on a honeymoon trip on the Boston train. During the summer they will reside at Quebec, where the groom is in the employ of the C. P. R. A large number of useful and beautiful gifts were received from many friends of the two young people.

EASTER MONDAY.
Today, Easter Monday, is being observed as a bank holiday. All the city banks, the customs house and the money order branch of the post office are closed. This morning's mail delivery was the only carrier delivery of mail today. The other departments of the post office are open as usual. The Montreal stock exchange was closed but the New York exchange was open.

DEATH OF S. J. McLEAN.
Mrs. Harry Heens of this city has received a telegram informing her of the death of Shepherd J. McLean, of Dorchester, Mass., which occurred on Sunday night at his home. He leaves his wife and two sons, Fred S. and Vernon E., both of Dorchester. Mrs. McLean was formerly of this city.
