

Herzog Slashed With Knife In Joliet By Excited Ball Fan

ONTARIO THEY HAVE SNOWFALL

Med Ways Greet Coming of October

anxious About Storm on Lakes — Montreal Suffers Damage in Blow, as Also Does New York.

Montreal, Oct. 1.—Strong northwesterly winds during the night, followed by heavy snowfall this morning, gave to the city a winter weather.

Chicago, Oct. 1.—While members of the Chicago National League team were leaving the stadium yesterday afternoon, a crowd which surged about their automobile, slashed Charles "Buck" Herzog three times with a knife, shouting: "Here are some of those crooked Chicago ball players."

Herzog was cut across the palm of the right hand, on the left arm and the left wrist, but his wounds were not considered serious. The cuts were dressed by the club's doctor and he returned to Chicago with the team.

Herzog was one of two players mentioned by J. C. "Big Boy" Denton, of the New York Giants at the start of the grand jury baseball inquiry here, as having attempted to bribe him to "throw" a baseball game.

Herzog was exonerated of all blame by President Heydler, of the National League in his statement before the grand jury.

A Felsch Story. Chicago, Oct. 1.—New evidence which may warrant criminal prosecution of the grand jury today, was expected by Attorney Macklay Hoyne, who arrived from New York.

August Hermann, president of the Cincinnati Reds, was expected to testify today, and Alfred S. Austria, attorney for the White Sox, announced that he believed more players were ready to tell what they know.

The grand jury will complete its regular session today, but Chief Justice McDonald, who ordered the investigation, said it would be asked by the grand jury, devoting its entire time to the baseball situation.

Judge McDonald said prosecution could be returned on the evidence already submitted, but that no decision would be made until the investigation is complete.

The nature of the new evidence which Hoyne says he obtained in New York is not known. He would only say that he obtained the information from two men who are neither baseball men nor gamblers and who have not been mentioned in the inquiry. He also asserted that he had no evidence to show that the coming 1920 series had been fixed.

Other witnesses to be called before the grand jury include Dr. Raymond Prettymann, who has done dental work for the White Sox players, and Clyde Elliott, a motion picture man, who accompanied "Kid" Gleason to St. Louis to make an investigation last fall at President Conkley's request.

POLES PUT THE REDS TO FLIGHT

Smashing Defeat on the Northern Front

Likely Prevent Trotsky from Carrying Out Plan of Offensive—Wrangel Takes Kharkov.

Warsaw, Oct. 1.—The defeat of the Russians on the Polish northern front seems virtually complete. The Soviet troops are reported fleeing eastward in disorder in an effort to being surrounded by the Poles, who are in close pursuit.

The result of the Polish victory is eliminating any chance of the Bolsheviks launching the fall offensive which they declared by the military planning to drive back the Poles from the territory they occupied after the failure of the Soviet attempt to capture Warsaw.

The advice from the front report that one Russian division surrendered to the Poles after having murdered all the commissaries with it who tried to compel the troops to offer resistance to the Polish advance.

An official communication declares the Bolsheviks all along the northern front were whipped unmercifully, much to the discouragement of their commanders. The commander of the third Bolshevik army committed suicide, it is asserted, when he realized that his command had been completely smashed.

In giving details of the advance, the communication reports that Posen troops, sweeping eastward, took the railway junction of Baranowitch, north of the Poles, the key to the old German front, which was a quantity of war material was taken.

South of the Pripiet the Russians have been pushed back across the River Slutsk.

Polish cavalry, operating in Volhynia, has made rapid progress toward the easterly direction and has occupied Novograd-Volynsk, about midway between Lutsk and Kiev.

Constantinople, Oct. 1.—Kharkov, an important city in Southern Russia, has been taken by the Poles, and it would be expected that the capture of this city, together with the advance of Polish troops toward the city of Kiev, is considered here as having imperiled the communications of Russian Soviet troops in the vicinity of Nikolaiyev, near Odessa.

LOG DRIVER FALLS INTO RIVER ST. JOHN; DROWNS

Wesley Upton, All Life in River Work, Was Unable to Swim.

Fredericton, N. B., Oct. 1.—Wesley Upton of Sheffield was drowned about six o'clock last evening in the St. John River, about two miles from the mouth of the river.

Mr. Upton had been employed for about twenty years by the St. John River Log Driving Company and for the last fifteen years worked on the log tug "Gladstone" and although following the river all his life he was unable to swim. He was forty-five years of age.

As Hiram Sees It

This Fall Moving Time Especially Worrisome.

New Housing Laws Not Understood, Hundreds of Van Drivers on Strike and It Looked Like Rain.

New York, Oct. 1.—Lack of understanding of New York's brand new housing laws, a strike of hundreds of moving men, and forecasts of rain, today gave the 750,000 families of the city's migratory population plenty to worry about.

Some of the confusion attending the annual fall moving day was alleviated, however, by the decision of anxious thousands to "sit tight," as advised by Arthur J. W. Hilly, chairman of Mayor Hylan's committee on rent profiteering.

Dr. Copeland cautioned the migrants to make sure their prospective suits were as desirable from a sanitary viewpoint, as those they had worn.

STILL WORKING TO STAVE OFF THE MINERS' STRIKE

MRS. W. M. VIVY RETIRES AS HEAD OF RED CROSS

Resignation Accepted with Regret at Annual Meeting of St. John Branch Today.

The annual meeting of the St. John branch of the Canadian Red Cross Society was held this evening at the Church of England Institute, Princess Street.

TAX ON CAPITAL TO CURE EUROPE

Return All the Industries to Their Private Owners.

Brussels, Oct. 1.—A capital tax in every nation in Europe, immediate restoration of all industry to private ownership, and no more international normal conditions.

M. De La Croix, Premier of Belgium, advanced the idea of a capital tax, which would be levied on the hard work, thrift and simple living.

WHEATHER REPORT

THE BRETHREN

And when the Brethren labored together with the husbandmen to gather the harvest they also sang, for their hearts were glad within them.

What is this that thou hast done? Behold I brought thee to bless the husbandmen and thou hast cursed them all together. Howbeit I will not have the scourged, if thou wilt but confess thine iniquity and sin no more.

And the Leader said unto him:—Go to thou and thy husbandmen. There is corn and wine in the land of the Ploverites, even in the county of York.

FURTHER WORDS OF RE EXCHANGE AND THE DUTY

Montreal, Oct. 1.—A memorandum was presented to Mr. W. S. Welton, collector of customs here, from the department at Ottawa, issuing new instructions, designed to remove the customs discrimination against British imports from other countries.

SEAPLANE STILL HELD IN RIVER

Weather Prevents Resumption of the Flight to Halifax — May Make Fredericton Today.

Fredericton, N. B., Oct. 1.—The Palfrey type seaplane in which Colonel Robert Leckie, D. S. O., and Major Hobbs, D. S. O., are making a flight from Montreal to Halifax to commence from the first Canadian transcontinental flight, is still moored in the St. John river at Kingsclere.

WHEAT, CORN AND OATS LOWER ON CHICAGO MARKET

Chicago, Oct. 1.—Fresh declines in the wheat market today resulted from scattered liquidation by holders.

INCREASE ARRANGED FOR WEST KENTUCKY MINERS

Louisville, Ky., Oct. 1.—Five thousand miners on strike in Western Kentucky were instructed to return to work on Monday by union officials following the reaching of an agreement yesterday on a wage increase for the miners by a committee representing miners and operators.

EXCHANGE TODAY. New York, Oct. 1.—Sterling exchange firm demand 847 1/4, cables 848. Canadian dollars were quoted at 98-8 to 99-2 discount.

CABINET TAKES UP MATTERS IN IRISH PROBLEM

Clamor for Pronouncement on the Reprisals

Statements by Sir Hamar Greenwood Under Notice in Connection with Reported Remarks by General Macready.

London, Oct. 1.—Members of the British cabinet met today to discuss the situation in Ireland and to learn from Gen. Sir Frederick Neville Macready, commander of military forces there, details of conditions in the island.

Greenwood's Announcement. Dublin, Oct. 1.—Warnings against reprisals, no matter what the provocation, was given the Royal Irish Constabulary today by Sir Hamar Greenwood, chief secretary for Ireland, in a speech on the occasion of a distribution of medals.

U. S. POPULATION SHOWS GREATEST GROWTH IN CITIES

Indications Are That Total for Continental Nation Will Be 105,768,100.

Washington, Oct. 1.—Cities in the United States are increasing in population seven and a half times as fast as the rural districts, so the census bureau discloses in figures covering approximately eighty-five per cent of the new census.

For the last ten years rural growth was but one-third as great as it was in the previous decade, but the cities almost maintained their rate of growth, getting five new inhabitants from 1910 to 1920 for each six added during the preceding ten years.

Although showing a check in the rate of population growth for the country as a whole, the bureau's figures indicated that the complete census would place the total number of inhabitants of the continental United States at approximately 105,768,100, a gain of 18,758,840, or 15 per cent.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

DISCOVERED HUBBY TO BE A "VAMP"

But Dorothy Gish Makes Him Behave in New Film. Dorothy Gish's screen husband in her latest film farce, "Remodeling Her Husband," now at the Imperial Theatre, is somewhat of a "vamp" with a weakness for pretty faces. His philanderings get him into trouble during the first weeks of his married life and lively Dorothy leaves him. But she doesn't come weeping home to mother, as disillusioned brides are supposed to do. She goes to work in her father's business house and inherits enough of his business acumen and common sense not only to be a real help to him, but to bring her wayward hubby to terms also. The action in "Remodeling Her Husband" is laughable and rapid. James Rennie, who came into prominence recently as a stage player, makes his screen debut as Miss Gish's leading man. The fourth chapter of the Imperial's new jungle serial "The Lost City" will be an added attraction for the week-end.

DANCING CONTEST AT QUEEN SQUARE THEATRE TONIGHT

The Young-Adams scored another big hit last night with the humorous farce comedy, "The Circus Girl." The company appeared to enjoy the performance as much as the large audience. All gave excellent portrayals, Miss Adams as "The Circus Girl" was particularly good. Mr. Young as Arthur Hummingtop, the much abused husband, was at his best. A dancing contest, announced for tonight, is attracting considerable attention. A large number have entered for the contest, which will take place on the stage after the show; \$20 in prizes. "The Circus Girl" will be repeated tonight and Saturday afternoon and evening.

FORMER CASHIER FOUND GUILTY OF \$11,480 THEFT.

Montreal, Oct. 1.—Hector Wathier, former cashier of the Montreal Light, Heat and Power Company, was found guilty yesterday by Judge Basin of theft of \$11,480 as a servant to the company. Sentence will be given on Oct. 14.

TAME GORILLA PLAYS SOLDIER. With Drum and Trumpet. Beast Parades Marseilles Followed by Crowds. Marseilles, Oct. 1.—A tame young gorilla brought from Africa by Col. Lafont, of the Chasseurs d'Afrique, has been astonishing Marseilles with its intelligent antics. It was first noticed last week climbing along the second-story balcony of a house on one of the boulevards, whence it descended to the street and began to promenade. Presently a negro came out of the house, took the gorilla by the hand and the two walked through the streets for an hour, followed by a crowd. The negro entered a toy shop and bought a trumpet and drum. The gorilla, delighted, beat the drum and blew the trumpet lustily. A hard blow broke the drum, whereupon the gorilla looked worried, scratched his head perplexedly and, re-entering the shop, seized another drum and ran down the street, beating it triumphantly. The gorilla followed, but the beast re-climbed the balcony and remained there all day, beating a military march in perfect rhythm.

MASQUERADE TO CLOSE THE SEASON. There was a large attendance at the Masquerade of the Millidgeville Summer Club, held at the clubhouse of the R.Y.C. last evening. This was the last of the season and was a masquerade. The clubhouse was prettily decorated and the brilliant colors of the costumes combined with the color scheme of the decorations made a bright picture. The prize for the best costume among the ladies was awarded to Mrs. F. E. Williams, who appeared as "Rouge et Noir." Mrs. W. H. Turner as "Bitterly" and Miss Hazel Lingley as "Poinsetta" received special mention. The gentlemen's prize was awarded to Joseph Grey, who represented the "Knave of Clubs." A buffet luncheon was served by the ladies in order and was provided by Miss Kinsman and orchestra, with special jazz numbers with Miss Olivia Gregory at the piano. The judges for the prizes were Joseph H. Ritchie, H. W. Heams and Mrs. H. W. Machum. The chapter was Mrs. W. H. Holder, Mrs. G. D. Martin and Mrs. H. McL. Lingley. The committee in charge was Miss Elizabeth Ritchie, Miss Olivia Gregory, Miss Gladys Martin, Miss Winifred Green and Mrs. J. H. Ritchie. The club intend holding dances in the city through the winter and have extensive plans for next season at Millidgeville.

MORNING NEWS OVER THE WIRES. Customs receipts in September, 1920, \$15,538,899.17, compared with \$14,833,240.67 in September, 1919, an increase of \$695,658.50. The receipts for six months to September 1920, are \$105,075,228.10 compared with \$92,209,312.02 for the same period in 1919, an increase of \$22,865,916.08. Canadian delegates to the first meeting of the assembly of the League of Nations at Geneva are as follows: Sir George Foster, Hon. C. J. Doherty, and Hon. N. W. Howitt.

BALLOON TO CARRY REAL ARTILLERY. Germany Intended to Construct Zeppelin to Terrorize World. Washington, Oct. 1.—The plans of the former German Admiralty to construct a Zeppelin with which it was intended to "terrorize the world" are now known in their minutest details to the Navy Department. The plans for this Zeppelin to East Africa and its safe return to Germany with officials from that part of the globe. The cubic capacity of the giant was to have been more than 3,000,000 cubic feet. Officials observed that the plans of the German maximum ship, although of ethnic proportions, are perfectly capable of being put into execution. Its enormous lifting power will make it possible to carry real artillery.

Woodsme advanced class Saturday, 9 o'clock. SAYS MISMANAGEMENT OF PORTS MAKES U. S. SECOND TO BRITAIN. Chicago, Oct. 1.—Mismanagement of ports in the United States is responsible for the fact that her power on the seas is secondary to that of Great Britain, said George F. Sproule, director of the department of wharves, docks and ferries of Philadelphia, to the American Association of Port Authorities, which opened its convention here yesterday. He said the United States erred in the development of her ports when she put impracticable men in charge of them.

HEARING CLOSED IN RATE APPEAL. (Canadian Press Despatch) Ottawa, Sept. 30.—Hearing by the government of the appeal from the decision of the railway board granting increases of railway rates was closed shortly at 6 o'clock this evening after two days argument before Prime Minister Meigh and several of his colleagues. At the close of the argument the prime minister said that due consideration would be given to the representations made both in support of the appeal in defense of the rates judgment. He remarked that many of the matters cussed before the ministers were such could only be determined by a properly constituted tribunal—such as a railway commission. Unless the government proposed to reserve the decision of the board it would be necessary to confine itself to the question whether or not a policy has been adopted which is repugnant to public policy. Should it appear that an error had been made by the board, a reference back to that body would be appropriate. I ever, much matter had been brought forward, which could receive the consideration of the government and a decision would be given as soon as possible.

Free night schools open Monday in King Edward and Albert schools. OPPOSITION CANDIDATES IN GLOUCESTER. At an opposition convention held in Bathurst yesterday, J. B. Hickey, J. L. Ryan, F. T. B. Young and J. Edward DeGrace were chosen as candidates for the provincial election. Strong her ports when she put impracticable men in charge of them. and others.

GET PULPWOOD LIMITS AND WATER POWER RIGHTS

THEY RESERVE JUDGMENT IN ELECTION TRIAL

Ontario Arranges With Syndicate—Provision re Newspaper for Canadian Papers.

Chief Justice's Statement in Ontario on Matter of Subscriptions and Bribery.

Toronto, Oct. 1.—An agreement between the Ontario government and a syndicate represented by E. W. Backus of Minneapolis, Minn., regarding pulpwood limits and water power in the Lake of the Woods district, was signed yesterday afternoon after weeks of negotiation. The Backus interests asked for the English River limits, but to get this concession they must enter into public competition.

The first step called for in the agreement is the erection of a mill at Kenora and the development of the Lake of the Woods limits, which the Backus interests now hold.

The government grants to the Backus a lease of the water power at Mile Dog rapids, on the Winnipeg river, subject to "rentals, reservations and conditions."

The government has made a stipulation with Mr. Backus that any portion of the newspaper product must be available for sale to Canadian publishers at the instruction of the government. The amount is left open, but it is said that the government could order 100 per cent to Canadian publishers under the agreement.

MONTREAL TAKES IN MORE THAN \$2,000,000 IN TAXES IN DAY.

Montreal, Oct. 1.—Money flowed in a constant stream into the municipal coffers yesterday, and when the additions were made it was announced that the receipts for the day amount to \$2,047,786. The treasury department expects that another two millions will be collected today on the realty taxes as after October 1, the city will charge interest on these accounts.

Danderine is "Beauty-Tonic"

Immediately after a "Danderine" massage, your hair takes on new life, lustre and wondrous beauty, appearing twice as thick and plentiful, because each hair seems to fluff and thicken.

Don't let your hair stay lifeless, colorless, plain or scraggly. You, too, want lots of long, strong hair, glistening with beauty.

A 35-cent bottle of delightful "Danderine" freshens your scalp, checks dandruff and falling hair. This stimulating "beauty- tonic" gives to thin, dull, fading hair that youthful brightness and abundant thickness. All drug counters sell "Danderine."

"California Syrup of Figs"

Delicious Laxative for Child's Liver and Bowels

Hurry mother! A teaspoonful of "California" Syrup of Figs today may prevent a sick child tomorrow. If your child is constipated, bilious, if he or she is fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good "physic-laxative" is often all that is necessary. Children love the "fruity" taste of genuine "California" Syrup of Figs which has directions for babies and children printed on the bottle. Say "California" or you may get an imitation fig syrup. Beware!

OUCHI LAME BACK

Rub Backache, Lumbago, Soreness and Stiffness Away—Try This!

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacob's Oil." Nothing else soothes soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

Limber up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.

PAINLESS EXTRACTION Only 25c.

After being used to reading that the price of this and that has gone up and then gone up again until it would almost seem the blue sky was within reach, it is certainly refreshing to read an advertisement like F. A. Dykeman has got tonight on page 4—quite puts one in mind of the good old day before the war. Turn back and read it. 10-4

Hats Are Very Moderately Priced at the M. R. A., Limited, Store.

Many women have been on the lookout for an inexpensive yet smartly fashioned hat, and the display of velours, plushes, velvets and duvels now on view in the costume section of the M. R. A. store, provides just the opportunity they have been waiting for.

These hats are mostly banded or simply trimmed and include a variety of small and large shapes of newest contour.

Genuine velours—so smart with tailored costumes or winter coats—are featured in this display at \$12 each.

A variety of plush velour hats, suitable for either misses or women are only \$8.40 and \$4 each.

Saturday will be a good day to look these hats over.

Wanted—Experienced orderly, Apply Supt. General Public Hospital. 10-4

The Evening Times and Star

ST. JOHN, N. B., OCTOBER 1, 1920.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

READ THESE SPEECHES. In this issue of the Times are printed reports of speeches by three members of the government, Premier Foster, Hon. Dr. Roberts and Hon. P. J. Veniot. They not only tell what this government has done since it assumed the direction of provincial affairs, but contrast its record with that of the old government, and expose the inaccuracy of statements now being made by opposition speakers.

THE POWER POLICY. The Times today prints the report of a firm of eminent engineers, of national repute, and who are now doing work for the government of Nova Scotia, on the Musquash and Shogomoc water powers and their development.

THE OPPOSITION OUTLOOK. The opposition in Westmorland county tried to make a deal with the farmers, but the farmers refused. The opposition in York county tried to keep the farmers out of the fight, but having failed, is now fighting them.

HOUSES AND CHILDREN. Hon. Walter Rolfe, minister of labor for Ontario declares that any request that it be made a criminal offense for landlords to refuse dwellings and apartments to people with children would meet with sympathetic support from the government of that province.

NEGRO COLONIES OF TRUCK FARMERS. Proposal to Organize a Number in California Discussed. Los Angeles, Cal., Oct. 1.—A proposal for the organization of negro colonies of truck farmers in California was discussed at the convention of the industrial and commercial council of people of African descent here this week.

A NOVA SCOTIA PRECEDENT. (Moncton Transcript.) The Foster administration has nothing to fear from the discredited and disorganized Tory Opposition. Evidently the labor unrest in the cities of the province is not strong enough to father an independent labor party of any proportions.

Rippling Rhymes by Walt Mason. CLIMATE. For balmy airs I've always wished, and now I have my heart's desire; the finest climate ever dished surrounds me as I crank my lyre.

CANADA—EAST AND WEST

DOMINION HAPPENINGS OF OTHER DAYS. THE BEAR DANCE. Each fall the Indians celebrated with great noise and pomp—according to their way of thinking—the Bear Dance.

LOCAL NEWS. W. Claude Sinclair, for some time assistant manager of the Bank of Nova Scotia in this city, has been promoted to the position of manager of the Amherst branch.

OCTOBER. Still morning on the sea, Gray in her herb and tree, And silver melody In leafy melody.

FOOLS AND THEIR MONEY. (Ticonderoga News-Tribune.) A vast amount of wealth was accumulated during the war. Some of it went to those accustomed to handling great sums and fitted to do so wisely.

WILL DIE OLD MAIDS. Leipzig, Oct. 1.—Because 35,000,000 men lost their lives in Europe and Asia during the war, 15,000,000 European women will die old maids.

HONORABLE WORK. (Brookville Recorder.) One of the most profitable and pleasant avenues of employment open to girls is in house work, yet the demand is far greater than the supply.

PREPARE FOR THE LONG NIGHTS

Table listing lanterns for the dark and rainy season with prices: Cold Blast—Plain \$1.50, Jap'd \$1.60, Dash—Plain \$1.65, Gem—Nickel Plated \$3.25, Searchlight—No. 20 \$2.70, Railroad—No. 13 \$1.70, Station Lamps—No. 1 \$7.00, No. 2 \$8.75, Dark Lanterns .35c, Dandy Wall Lamps (all complete) .80c, Lantern Globes—Cold Blast .15c, Ruby .25c, Green .35c.

FORTY EMPTY CARS RUN AWAY AND SIX MEN ARE KILLED

Butte, Mont., Sept. 30.—Engineer A. Miza was killed; Joe Gorminy, brakeman, seriously injured; five unidentified men killed and three unidentified persons injured at Piedmont last night when forty empty cars of an eastbound Milwaukee freight train on the Mountain Grade broke away from the main track and smashed into a gravel train standing at the Piedmont station.

RECENT WEDDINGS

In the presence of relatives and friends Miss May Alice Goodwin, daughter of Mr. and Mrs. E. A. Goodwin, was united in marriage yesterday to Lytle Stewart MacGowan, son of Mr. and Mrs. H. L. MacGowan. The residence of the bride's parents, where the ceremony was performed by Rev. H. A. Goodwin, pastor of Centenary church, was beautifully decorated. After the ceremony Mr. and Mrs. MacGowan left on the Boston train for a trip to Boston, New York and other American cities. On their return they will reside in Duke street. The bridegroom was a lieutenant in the 96th Battalion, and was wounded in the big drive on August 8, 1918. The bride received many beautiful presents, including several substantial checks.

A pretty wedding took place on Sept. 29 at 8:30 a. m. at the home of Mr. and Mrs. A. B. Jones, Kara, Kings county, when their youngest daughter, Grace Elizabeth, was united in marriage to Kenneth Stewart Allaby, son of Rev. and Mrs. E. A. Allaby, of St. John, in the presence of immediate friends and relatives. The ceremony was performed by Rev. J. T. Geline, in the parlor, which was beautifully decorated for the occasion with evergreen, autumn leaves and rowan berries. The bride, who was prettily gowned in taupe crepe de chine and georgette crepe, was given away by her brother, Cary Jones, of St. John. After the ceremony a dainty wedding breakfast was served in the artistically decorated dining room. Mr. and Mrs. Allaby left for a trip to Fredericton and other parts of the province. Both bride and bridegroom have many friends who will wish them much happiness.

MONTREAL SHOWS LARGER RECEIPTS

Inland Revenue and Customs Figures for September.

Montreal, Oct. 1.—For September the inland revenue collected here is stated by Chief Inspector Bernier to approximate \$3,688,616, an increase of \$1,488,879 over September 1919. The increase is attributed to the new war tax and trade tax.

Customs receipts totalled \$4,629,128 as compared with \$3,731,016 in September 1919, an increase of \$898,112.

STUDIES LAW IN PRISON; HAS HIS CASE RE-OPENED

New York, Oct. 1.—Savatore Comito, an inmate of Sing Sing prison, found after reading law, that he had been wrongfully sentenced and yesterday obtained a writ of habeas corpus from supreme court Justice Arthur S. Tompkins in Nyack, N. Y., to be taken from prison to be re-sentenced. Comito had served one and one-half years of a flat four and a half years sentence for burglary. He had never been convicted of a felony before, although he had served time in a reformatory for a misdemeanor and he was entitled to an indeterminate sentence.

The judge, it is said, had no right to impose a flat sentence and will have to re-sentence him.

NEW MINISTER OF AGRICULTURE IN MANITOBA

(Canadian Press Despatch.)
Winnipeg, Sept. 30.—H. H. Malcolm, a member of the Manitoba legislature for eleven years and prominent grain grower, was formally sworn in as minister of agriculture for Manitoba today. Mr. Malcolm is the member for Birdie, and succeeds the late Hon. Valentine Winkler, deceased.

A Conciliation Board for Railway Clerks

(Canadian Press Despatch.)
Ottawa, Sept. 30.—The minister of labor has established a board of conciliation to hear the differences between the Canadian Pacific, Grand Trunk and C. N. R. companies and certain of their employees, being clerks, time-keepers and checkers, members of the International Brotherhood of Railway Clerks, Freight Handlers and Station Employees.

New McGill Professor.
Ottawa, Oct. 1.—The appointment of Dr. A. B. MacCallum, administrative chairman of the research council to the new chair of bio-chemistry at McGill University is announced.

Stores Open 8.30 a.m. Close 5.55 p.m. Saturday 9.55 p.m.

Style Headquarters

Where Society Brand Clothes Are Sold.

Decided Style Changes in Men's Fall Clothes

The designing that marks this season's models embraces welcome changes—a shorter vent, a lower, less restricted waist, and a more graceful fullness to the entire coat.

There's an easy smartness about these clothes that sharply distinguishes them from the styles of the past two or three seasons and from the models being shown elsewhere this fall.

Society Brand Clothes maintain their style leadership. They are the first to break away from the influence that military uniforms have had upon clothes styles—styles of which men are becoming tired.

Come in and see the latest, the final in style, in the most approved of fabrics.

ROBINSON'S

A Chain of Shops from Coast to Coast

ST. JOHN MY LATEST LINK

WALK UPSTAIRS AND SAVE TEN

Now in
Moose Jaw

Now in
Calgary

GRAND OPENING SATURDAY OCTOBER 2

MEN, this date will make history for St. John. From that day on you will be able to save \$10 to \$20 on every Suit or Overcoat you buy. I am very proud of this store. For years I have waited for a favorable location in St. John and I have now secured one. I have felt that any chain of shops from Coast to Coast was not complete until this important link had been added. This Coast to Coast chain is the outgrowth of an idea which I started seven and a half short years ago in Montreal. That idea was simply to give every man a square deal, and not tuck on to a suit of clothes the cost of ground-floor rent, delivery service, fancy fixtures, velour trimmings, cut glass chandeliers, and losses on charge accounts. TRUTH and HONESTY have been my principles, and on this "corner-stone" I have built from a small \$400 start—IN SEVEN AND A HALF YEARS, THE LARGEST EXCLUSIVE MEN'S CLOTHING BUSINESS IN CANADA.

I want every man and woman in the City of St. John to come up on opening day and see the wonderful values, that I am showing in the face of these present high price conditions. Nobody has ever been able to sell clothing at the prices that I sell them for. I expect this opening day to be a trading event never before equalled in the history of St. John.

I SELL GENUINE \$30 to \$65 SUITS and OVERCOATS FOR **\$20 to \$30**

Every Suit and Overcoat that I will show on the opening day will be advanced Fall models. Nothing of last season's styles and nothing in carried over summer goods. Buy your Fall Suits and Overcoats now while the selection is complete.

SINCE starting seven and a half years ago in a 15-foot square, up-stairs room in Montreal, hundreds of thousands of men have come up to that store and all the others which have since been opened from Halifax to Vancouver. When you come upstairs on Saturday you'll be surprised to see the lightest clothing store in St. John plus more "style" than you ever before saw crowded into a clothing store. The values will most surprise you, and the greatest courtesy will be extended to you whether you buy or not.

Get acquainted with the man who has saved the people of Canada over Two Million Dollars. I specialize on a few set prices. My prices are \$20, \$28, \$35, \$45 and \$50 and on each one of these prices I guarantee you saving of at least TEN DOLLARS

DOORS OPEN AT 9.30 A. M.

MARKS CLOSE OF SUCCESSFUL YEAR IN HOSTEL WORK

In recognition of work well performed, at the first annual meeting of the St. John branch of the Canadian Council for the Immigration of Women for household service, held yesterday afternoon in the Board of Trade rooms, the retiring officers were re-elected by acclamation. Mrs. H. A. Powell, the president, was in the chair. In preparing the budget for forwarding to Ottawa it was estimated that \$1,899 would be required to run the hostel next year. Mrs. H. Lawrence, as the New Brunswick representative of the dominion council, will carry the reports of the local branch to the dominion meeting to be held shortly in Ottawa. Mrs. Powell, in opening the meeting, said that the end of the first year of the new enterprise found a hostel established in the city, well equipped and in good running order. During the summer it had accommodated paying boarders and had given much satisfaction. Mrs. J. Goldman presented her report as treasurer, showing that the equipment of the hostel had cost \$2,134.81 and total expenses had amounted to \$6,700.00. Receipts amounted to \$4,800.00. A balance in the bank of \$189 was reported. The accounts are to be audited and revised and will be sent to Ottawa. The monthly report of the matron, Miss R. J. Brewer, told of \$108.85 having been realized by accommodating transient and spoke of the hostel as being used by the English girls in the city as a place of recreation. Mrs. J. H. Jenner, the secretary, submitted an excellent report of all the work done. She told how the infant organization had conquered many difficulties. It had secured a hostel to accommodate immigrant women and girls and presented a budget of its expense to the council in Ottawa and, on December 27, had formally opened the building. Mrs. Jenner was assisted by Mrs. J. J. Jordan in charge as matron. Mrs. Jenner paid a warm tribute to Mrs. Powell for her most successful efforts on behalf of the hostel. Speaking of the organization of the St. John branch, Mrs. Jenner said that the following societies had representation in the membership: Y. W. C. A., Victorian Order, High School Alumnae, Women's Suffrage Society, Catholic Girls' Guild, Soldiers Comforts Association, Associated Charities, Women's Canadian Club, Daughters of St. Vincent, O. D. E., Y. W. F. A., St. Vincent's Alumnae, Children's Aid, St.

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray. Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur. Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Weth's Sage and Sulphur Compound" you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair. A well-known downtown druggist says everybody uses Weth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Placing the Facts squarely before the Public

NINETEEN years ago the Benjamin Industries were established for the manufacture of Electrical Equipment and special devices making for the safety and convenience and increased usefulness of Electricity. For years we have been inventing and producing these goods—in the best way we can—of the best materials we can obtain—and selling them for the lowest reasonable margin of profit. Among hundreds of other devices, the Benjamin Company evolved the "Two-Way Plug"—an idea originally combining two other of our creations, the wireless cluster and the rotating attachment plug (the rotating feature being later eliminated). So satisfactory was the device, and so popular it became, that it can hardly be wondered at that others sought to produce something that would "cash in" on its prestige.

The Public is being deceived by cheap Imitations of the Benjamin Two-Way Plug

But not one of these has ever improved upon the genuine Benjamin Two-Way Plug—all are poorer mechanically—some are actually dangerous, electrically. The worst, of course, from our point of view, are those actually copied in appearance direct from our originals—and so skillfully copied that a certain amount of sale is assured, despite their mechanical defects, merely through their resemblance to the genuine article! Remember—Every Benjamin device is approved by all electrical authorities.

Some of the imitations, on the other hand, are made by cheap labor, of inferior materials, in foreign factories, and enter Canada absolutely unsuspected for safety! Technically speaking, there is no Two-Way Plug but the Benjamin Two-Way Plug—for this was the name coined for the article by its inventor. Place yourself in our position: How would you feel if such a piracy were being perpetrated in connection with goods you manufactured?

Insist on BENJAMIN Products—Made in Canada by THE BENJAMIN ELECTRIC MFG. CO. OF CANADA, Limited Toronto and Montreal. Sold by responsible Electrical and Hardware Dealers Everywhere.

Jury's Verdict In Case of Death Of Woman

Finds Patient Was Attacked by Another Female Patient Occupying the Same Room.

That Miss Nellie Penton, a patient of the Provincial Hospital for Nervous Diseases, came to her death at the hands of another female patient, was the verdict of the coroner's jury which held an inquest in the case last evening. Miss Penton was found dead in her room Tuesday morning. The jury met in the hospital last evening, having previously viewed the body and the room where it was found. The first witness was Margaret E. Hallifax, night nurse, who told of visiting Miss Penton and the other patient who roomed together, at 6:15 Tuesday morning, when everything was all right. She told of her duties and of the disposition of the two women. Mrs. Bessie Thompson, who found the body, told of going to the room soon before 7 o'clock and finding the body of Miss Penton lying on the floor between the beds. She said: "What is the trouble, she is not dead?" "Yes, she is dead and I killed her," Mrs. Thompson said the other patient replied. The patient again requested that she had killed Miss Penton by smothering her. Mrs. Thompson then called other nurses and the matron. She said that the patient who attacked Miss Penton had been a violent patient at one time and not so bad lately. Her name was given as Mrs. Addie Robinson. Dr. Harry L. Abramson, provincial pathologist, told of the result of his post mortem examination. The face, neck and finger tips showed deep cyanosis, he said. There was no cause found for death and in his opinion it had been caused by suffocation. Dr. J. V. Anglin, superintendent of the hospital, also testified as to conditions in the hospital and the duties of the employees. Coroner Kenney made a brief address to the jury, summing up the evidence, and the jury after being out about an hour brought in a verdict to the effect that the death of Nellie Penton was caused by suffocation between the hours of 8 and 7 o'clock on Tuesday morning, September 28, in the Provincial Hospital, by another patient of unsound mind. The jury found that no blame could be attached to any of the officials or attendants of the hospital. The verdict was signed by W. A. Nelson, foreman; J. H. Whitney, Joseph Maxwell, Leonard Traflet, Charles L. Doherty, F. W. Parsons, John A. Carey.

REORGANIZATION OF C. N. R. OFFICES

Toronto, Sept. 30.—A. J. Mitchell, vice-president of Canadian National Railways, has completed the reorganization of the treasurer's office at Toronto, which reorganization includes the re-organization of the Grand Trunk Pacific Railway and the Transcontinental Railway treasury departments at Winnipeg. H. G. Foreman, hitherto assistant treasurer of the Canadian Northern Railway system here, has been appointed treasurer of that system. His jurisdiction will also include the Grand Trunk Pacific. F. J. Buller is appointed assistant treasurer in charge of local treasurers and paymasters. His office will be at Toronto. T. J. Macabe is to be assistant treasurer with supervision over the registrar and transfer departments, with office at Toronto. Mr. Macabe was formerly registrar and transfer officer. C. H. Hickie is appointed assistant treasurer in charge of Grand Trunk Pacific Railway and Canadian Government Merchant Marine Limited, general accounts, with office at Toronto. D. R. Gunn succeeds T. J. Macabe as registrar and transfer officer with office at Toronto. T. H. Best is made assistant to the treasurer at Toronto, in charge of general accounts, etc. S. J. Potter remains local treasurer at Toronto. W. LeB. Ross, formerly local treasurer, Grand Trunk Pacific Railway, Winnipeg, is appointed local treasurer at Winnipeg, with supervision over all western lines. P. J. Farley is to be general paymaster at Winnipeg, with jurisdiction to include the Grand Trunk Pacific and Canadian National lines west of Port Arthur. J. C. Hill is assistant paymaster at Winnipeg. H. W. White is assistant paymaster at Edmonton. A. R. Curran remains as paymaster of Canadian Northern Railway system eastern lines at Toronto.

STRONG TICKETS IN NORTHUMBERLAND AND CARLETON COUNTY
Hon. Robert Murray, Hon. Mr. Burchill, Dr. McGrath and D. V. Allain Chosen at Chatham Convention

Dr. M. E. Commins and R. L. Simms the Government Standard-Bearers in Carleton-Bright Outlook in Both Constituencies—Great Enthusiasm at Both Conventions.

Chatham, N. B., Sept. 30.—The government convention called for the purpose of selecting candidates for the local house was held here this afternoon in the Royal Theatre. The largest number of delegates that ever assembled here for a like purpose were present and the business was carried off like clockwork. Every parish was fully represented. At 3 o'clock Hon. Robert Murray called the meeting to order and addressed the delegates. A. G. Dickson was appointed chairman and Charles E. Fish, secretary. Amid roasting cheers W. B. Snowball arose and moved that the meeting place itself on record as being in sympathy with the present provincial government and declare its confidence in the administration led by Hon. W. F. Foster and his cabinet. Hon. W. F. Foster in the coming election. The nomination proceeded harmoniously and the standard-bearers at the last local election were again chosen unanimously. They are: Hon. Robert Murray, of Chatham; Hon. J. P. Burchill, Nelson; Dr. McGrath, Newcastle; D. V. Allain, Yeguas. They will undoubtedly receive magnificent support.

As soon as it became known that the candidates had again been chosen there were given, hats were thrown into the air and the scene of enthusiasm at the hall-noon will be remembered. Hon. Mr. Burchill is confined to the house under the doctor's care but hopes to be about on Saturday and will conduct the campaign most vigorously in the interests of himself and his colleagues. Mr. Allain addressed the meeting and thanked all for the support given him and promised to work to the best interest of his constituents. Hon. W. F. Foster was then called and spoke at length. He said he was proud to have served under Hon. Mr. Foster's administration which he believed had been the province had ever had and he urged all to do their utmost to see that the same party was victorious at the coming election. Dr. McGrath's remarks were shown as the weather was getting late. He thanked all for the support given him and hoped that the whole ticket would be triumphant in the coming election.

In Carleton County. Woodstock, N. B., Sept. 30.—The adjourned government convention was held today in spite of the heaviest downpour of rain of the season. A most representative gathering was present. Many delegates coming by automobile were prevented from attending by the storm, but nearly every parish was represented. The meeting was called to order by E. L. Fields, of Centreville, and R. L. Simms was made chairman and R. L. Simms was chairman and the convention got down

EXCELLENT MEETINGS OF GOVERNMENT PARTY
York County Voters Flock to Hear Speakers—Hon. Peter J. Veniot, Minister of Public Works, P. S. Watson and J. B. Dickson Given Attentive Hearing—Great Enthusiasm Displayed for the Prospects of the Government Ticket.

Fredericton, Sept. 30.—The biggest government meetings of the campaign so far in York county were held tonight in Marysville and Fredericton. Hon. Peter J. Veniot, minister of public works in the Foster government, was the chief speaker at both meetings at which P. S. Watson and J. B. Dickson, of the government ticket in this county, also spoke. The weather was most unfavorable and at Marysville there was the added disadvantage of a meeting of the recently organized Labor body conflicting. Nevertheless at both meetings there were many electors of both sexes who gave attention to the speeches and the minister of public works and the candidates a most enthusiastic greeting. The applause which greeted Hon. Mr. Veniot at both Marysville and Fredericton showed that the magnificent work done by his department on the highways in this section of the province is appreciated by the electorate and will be kept in mind by it on October 9, when the ballots are cast.

A most important announcement was made by the minister at the Fredericton meeting. It was to the effect that a decision had been reached relative to the route of the link road from Fredericton to the North Shore as far as the Lower Nashwaak valley is concerned. He said that the route would be via Marysville and that the old Miramichi road would be classed as a secondary road. This will place the town of Marysville on a main motor route with improved highways passing through it. The minister of public works although suffering from hoarseness produced by the vigorous campaign which he has been conducting in various constituencies, was in excellent form and ably sustained his reputation as one of the best campaign speakers in either French or English which the province of New Brunswick ever produced. Councillor Elwood H. Allen, of Marysville, was chairman at the meeting in

ROUSING SPEECHES AT ST. STEPHEN MEETING
Premier Foster and Hon. Dr. Roberts Heard in Able Addresses and Given Fine Reception

Stirring Appeal Made By Them and By Mrs. E. Atherton Smith for the Return of the Government Which Has Done So Much for New Brunswick—"The Best Government This Province Ever Had," Says Mrs. Smith.

St. Stephen, Sept. 30.—The Gaiety Hall in St. Stephen was crowded to capacity tonight to listen to Premier Foster, Hon. Dr. Roberts and Mrs. E. Atherton Smith. The weather was bad, but people drove from outlying points to be present to hear from the speakers a clear exposition of provincial affairs as administered since the year 1917. W. F. Todd admirably occupied the chair, and after expressing the pleasure, it gave him to preside at the meeting to be addressed by such distinguished speakers, he introduced Hon. Dr. Roberts, minister of Public Health, as the first speaker.

Mrs. E. Atherton Smith, the next speaker, needed no introduction to a St. Stephen audience, as she had been active in this town during the war in organizing many patriotic societies. She spoke of her interest in the campaign as purely a citizen of this province with no other motive than to do what she could to return the Foster government to power on October 9. She spoke of the legislation of the government affecting the rights of women and gave Premier Foster and his colleagues the credit of advancing the status of the women in this province by giving them the privilege of the vote. She dwelt on the premier's interest in the welfare of all. She ended by eloquently appealing to the ladies present to organize and by their efforts return to power the best government this province ever had.

Mr. Foster being introduced was greeted with prolonged applause. He spoke for nearly two hours without interruption, except where applause drowned his voice when he vigorously denounced the record of the Murray-Baxter government.

Hon. Dr. Roberts. Hon. Dr. Roberts said he felt proud to speak in St. Stephen in the interest of the Foster government—an honest, progressive administration. He said the government has been able to do so much for this province in the past few years that there should be honor in the recognition of its achievements. He mentioned his audience of the \$100,000 grant fund which was collected by the old government. He said that the government's stamper would not be increased. He contrasted that with the record of the previous administration, but what did it mean? I know as a physician what it means. Any employee who was injured, in order to get returns, the first step he had to take was to employ a lawyer and in most instances institute proceedings against his employer, and if he was successful it took the greater part of his money coming to him to pay for legal advice. He had to pay his own physician, hospital bills, surgical dressings, etc. Today, under a progressive administration, it is necessary under penalty that the employer furnish a conveyance for the injured man to a physician's office or hospital. That gets the employee in line for care. Then the physician's fees are paid, surgical dressings and medication are paid for and the employee without having to go to any trouble at all has coming to him automatically each week or two weeks, a check for fifty per cent. of his wages. This surely is a progressive government and should win the sympathy of the employees and their families. It also does away with friction between the employer and employee. It is laid down what is to be done and that is done. I call a government that produces results such as these, one deserving the support of the people.

Again, did you hear anything about vocational education previous to 1917, the time when Hon. Mr. Foster took charge of the affairs of this province? No. But today we have the foundation laid for the establishment of it through-out the province, and already it is being carried on in many places. This education arranges to train and educate the child to put to practical use the theoretical knowledge gained at school. Women's Institute. Then we have the wonderful interest taken in enlarging and enhancing the good being done by the Women's Institute throughout the province—a wonderful organization among whose chief

objectives is to be found the upbuilding and protection of that which stands as the centre foundation of the world's happiness—the home. The Foster government granted to women the franchise, for which many have been looking for a long time, and without which woman is helpless in protecting herself, her children and her home so far as her own voice in these affairs is concerned. Good Roads. The station of the rural districts from social, commercial and industrial points of view has been greatly enhanced by giving to New Brunswick good roads. There is no question what the results along this line have been, and Hon. Peter Veniot has only had a good start. Give him another year and I would tell you there will be no province in Canada or State in the Union that will surpass or even equal what we will have in this line. This will bring all extreme points of the province within a stone's throw of one another, and will cut the market distance of the farmer to the Good roads will encourage industries, for the capitalists can place their factories and mills where cheap water powers are situated, and it is easy for them to send their finished product by rail or water to their markets. These good roads will encourage tourist traffic to and through the province which is known today as over America as the sportsman's paradise. This itself will leave hundreds and thousands of dollars for the farmer, store and hotel-keeper. Economy. Our opponents say that we have been extravagant. Rather peculiar criticism to come from such a quarter, but in very truth they are quite right about extravagance and should be good judges; but we are not going to let these gentlemen be judges. We are going to let the electorate judge for themselves. You can realize Mr. Citizen what your dollar is worth today as compared to what it was worth in 1914. Do you think that the government's dollar is worth any more than yours? Everything you touch or the government touches in the way of necessities is costing double, yes quadruple, what it cost in 1914. Then multiply what it cost to carry on the various services in 1914 by four and add the progressive policies that have placed New Brunswick in the front rank of provinces and states in America, and what they have cost, and you will find that what I have said about the Foster government being economical is being within the range of reason and truth. Prohibition. Before proceeding with the discussion of our public health policy, I would like to state my position as regards prohibition. First, I have been a total abstainer all my life. I have been convinced in my early days by the L. O. G. T. and for the last eighteen years actively with the Temple of Honor, being elected some ten years ago to the second highest office in the world organization I was instrumental in having the New Temple Building erected in St. John some ten years ago and I trust that there should be no doubt as to where I stand upon this question. I voted at the legislative last spring in favor of

GOVERNMENT CANDIDATES ADDRESS ELECTORS AT MIDWOOD, EAST ST. JOHN
Dr. L. M. Curren and A. F. Bentley Make Fine Impression Before Enthusiastic and Influential Voters—Speakers Deal With the Fine Record of the Foster Administration.

The meeting held last night in Watters' Hall, Midwood, East St. John, in the interests of A. F. Bentley and Dr. L. M. Curren, the government candidates from St. John county in the provincial election, was attended by many enthusiastic and influential voters. Councillor J. T. Daisell, who was appointed chairman of the meeting, in a concise introductory speech, dealt with the present election. He asked the people to compare the records of the Murray-Baxter administration and of the Foster government while they were in power and, after making a wise and an honest comparison, to vote for the party that had accomplished the most for the benefit of the province and of the people. The record of the opposition, when it had been in power, was too much involved in shady dealing to command the respect of honest voters. If returned to the power that had been taken from them in 1917, the Baxter government would undoubtedly call in the services of the men whose conduct had been spread on the records of the royal commissions.

The work that had been done by the Foster government in improving the roads, protecting the public health and giving the people a straightforward, honest, business-like administration, was touched on by Mr. Daisell. A large measure of credit, he said, should also go to the government for the extension of the street railway at East St. John, for, if Premier Foster had not taken the matter up, it was doubtful if anything would have been done. The only work the Baxter party had done in that connection was the erection of a \$120,000 bridge, which served no purpose for several years, as no rails were laid on it until this year. He urged the people to organize right away and support the government that was so ably represented in the county by Mr. Bentley and Dr. Curren.

Dr. Curren said he wanted to meet personally as many of the constituents as possible and, to make the county victory more sure, he wanted to see the voters of every right-thinking lady and gentleman. He took great pleasure in welcoming the ladies into the political circle and said that, as this was the first opportunity that had had to use the franchise in a provincial election, he knew by their inherent sense of right and wrong when they voted that they were coming with a larger majority than at any time before. Considering the public affairs of the province, Dr. Curren said that this was a splendid time to demand a greater and a higher stewardship, such as the Foster administration had given since 1917. The Foster government had established a record for faithfulness and honesty in the conduct of public affairs and the careful husbanding of the natural resources of the province. It was the duty of the people, to consider this carefully in their responsibility as individual voters. In the place of records and performance they might have had in the past, when they had the power, the Baxter-Murray party was making promises. No one, said the speaker, in private or public life, would be foolish enough to give a doubtful promise for the future in place of accomplished and honest performance. Among the spending departments of the government, said Dr. Curren, were

record was nothing more than a barren and vain attempt to govern the province, coupled with incompetence, graft, rackets, deceit and deception? This is the simple question for the people of this province to decide on Saturday, Oct. 9. Now in addressing this meeting I know that I am addressing some Conservatives who threw in their lot with us in 1917 when we were elected as a Liberal government, and I want to take this opportunity to thank the hundreds and thousands of Conservatives who supported our candidates and our platform in 1917. I want to thank those people who had faith in us that the charges which we were making and made for some time in the press and on the public platform were based upon information which we knew was correct. You independent electors who supported us at that time and passed upon these things, I feel sure we have fully justified your action in voting against your party; and let me just recall to your memory some of the things which we charged at that time. We charged that the Murray government which was appealing to the people should be held responsible for the carnival of graft which brought extortion of money from timber limit licenses and Valley Railway contractors; that they were responsible for the Gloucester and Kent county graft as exposed by the Chandler report. We charged that there was a large deficit in the shipment of patriotic potatoes, a charge fully substantiated by the investigation. We charged that the government had failed to carry out its promise in respect to the Valley Railway and in regard to its connection with the Transcontinental at Grand Falls and its entrance into St. John on the eastern side of the harbor. We charged that the Farm Settlement Board existed chiefly for the purpose of abandoned farms from party date compensation act; that nothing had been done to meet the demands of labor for a more generous and up-to-date compensation act; that nothing had been done for technical education; that the possibilities of cheap power in our province had not even been investigated. We charged that real progress

in the agricultural department had not been made. I merely mention these things to bring them to your minds in order that you might satisfy yourselves in your own minds that you were not misled by your views that you should vote against the government in 1917. To those same independent electors of our province I believe that I can appeal with confidence for that same support at this time. There are naturally those who take the stand and are opposed to us, more particularly the candidates who are offering in opposition to the government. I say they are standing as defenders of the administration of the government led by James A. Murray. They are taking a stand on which they are claiming that it would have been far better if the Murray government were still in office. They are taking the stand that it would be better today to return to power the same interests and the same people who exploited this province for their personal and political ends instead of the government which I have had the honor of leading for the last four sessions. But so far as that I believe between the two parties is concerned, I am willing and the time has now arrived when we must allow it to rest in the minds and conclusions of those who possess the franchise. There is also growing up that strong movement known as the farmers' movement. But notwithstanding reports to the contrary, I do not believe the farmers who comprise that body are opposed to the government. At all events I have no quarrel with the farmers and do not believe the farmers have any quarrel with the government. Read the farmers' platform if you will, and you will see very little difference between their policies and the work that has been carried on by the minister of agriculture. No requests have been made by the Farmers' party that have not been carried out, and no specific demands have been made along lines other than those which have been adopted by the department. It is well that such an important industry as that of agriculture should be represented in our legislature, as so much of our prosperity is dependent upon agriculture, and there

SAVINGS BANK
The report of the Government Savings
Bank branch here for September shows
deposits of \$89,988 and withdrawals of
\$64,022.25.

CONSTANCE SAILORS
Two hundred and eighty-seven sailors
and petty officers, who were formerly at-
tached to the H. M. S. Constance, will
press this afternoon from Halifax. They
will leave here this evening by private
train for Quebec, where they will board
the C. P. S. liner Melita for England.

A TRAFFIC CASE
William Dawson, of Acadia street, ap-
peared in the police court this morning
to answer to a charge of exceeding the
speed limit in Montreal on two occa-
sions on Sunday afternoon. He pleaded
not guilty, and Policeman Sheehan gas-
sided. The accused said he was not
in Main street on Sunday afternoon, as
he was out of town. The case was post-
poned until this afternoon.

MAY ENTER RACE
If satisfactory arrangements are made
St. John will be represented in the pro-
posed automobile race from this city to
Halifax. W. R. Tweed, said this
morning that he was planning on en-
tering one of his cars contingent on sat-
isfactory arrangements being made to
permit speeding through this province
and Nova Scotia.

GRAND MANAN CASE
Argument was commenced this morn-
ing in the Chancery division before
Judge Grimmer in the case of George
W. Hersey against Hollis Murphy and
Nelson Greenow, an action for alleged
trespass, originating in Grand Manan.
Argument was to be continued at three
o'clock this afternoon. J. F. H. Tweed,
for the defense, was heard this morn-
ing. D. Mullin, K. C., appeared for the
plaintiff.

MR. AND MRS. GROUT HERE
H. C. Grout, general superintendent of
the Ontario division of the C. P. R., ar-
rived in the city today in his private car
Toronto, attached to the Montreal train.
He is on a holiday trip and is accom-
panied by his wife and young son. They
will remain in the city for a few days,
and then will proceed to Boston. Mr.
Grout was formerly general superintendent
of the New Brunswick district.

HOME FROM AMHERST
R. E. Armstrong, secretary of the
board of trade, returned last night after
attending the maritime convention held
in Amherst. He spoke highly of the hos-
pitality extended to the visitors by the
people of Amherst. The G. W. V. A.
and the Marshlands Club opened their
doors to the delegates, and everything
possible was done to make the stay of
the visitors a pleasant one. A feature
of the visit was an automobile trip to
dominion experimental farm at Appan.
The business of the convention was of an
important nature and some subjects of
national moment were dealt with. Res-
olutions were introduced by the dele-
gates affecting their own and cities
to the general impression Mr.
Armstrong was not elected secretary of
the maritime board. It is probable that the next
meeting of the maritime board will be
held in Charlottetown.

**AN "ABSOLUTE
FALSEHOOD," SAYS
HON. DR. ROBERTS**
Calls Upon F. L. Potts to Re-
tract and Apologize for
Statement Made Last Even-
ing.

In his speech in Temple Hall, north
end, last evening, Mr. Potts, one of the
opposition candidates, referred to Hon.
Dr. Roberts. The Standard thus reports
his remarks:

"As to Dr. Roberts, all his life he had
led people to believe he was an ardent
temperance worker and yet, when the
leaders of the temperance cause had
gone to him in Fredericton and asked
him to introduce certain measures in
the House he had refused and another
had taken up the task."
Hon. Dr. Roberts authorizes the Times
to say that this statement by Mr. Potts
is an absolute falsehood, and he calls
upon that gentleman to retract and
apologize or stand condemned in the
estimation of all fair-minded men.

POLICE COURT

In the police court this morning Wil-
liam Golding was charged with assault-
ing and beating Mrs. Ada M. Cook. He
admitted pushing Mrs. Cook away but
denied beating her. The complainant
said he pushed her and struck her in
the face and her two daughters, Ger-
trude Cook, Reta Kirkpatrick corrobor-
ated this evidence. The accused said
he did shove Mrs. Cook but he did not
strike her in the face. He said that he
had sent his little girl on an errand
but she came back saying that she
could not get out the yard as Mrs.
Cook's children had stopped her, so he
went out to the scene. He said he has
had considerable trouble of this kind
guilty on his own admission and a fine
of \$20 or two months in jail imposed.
Daniel J. Britt, was charged with hav-
ing liquor in his licensed premises for
illegal purposes. He was reported last
night by Inspectors Journey and Hen-
derson and put up a deposit of \$200 for
his appearance in court this morning,
but as he did not appear, the deposit
was forfeited.

John Lynch and William Hayes were
charged with not being able to give a
satisfactory account of themselves to
the police last evening. They were ar-
rested in West St. John by Policemen
Spilney and Gorman. They were re-
manded.

PLEADS NOT GUILTY.

Chicago, Oct. 1.—Eli Pfaltzer, presi-
dent of the Consumers Packing Com-
pany, entered a plea of guilty before
Judge Evan A. Evans, in the United
States district court here today, where
he and seven other officials of the firm
are on trial for conspiracy to use the
mails to defraud.

**HON. FRED MAGEE
NOW IS MEMBER
OF GOVERNMENT**

Sworn in Before Governor
This Afternoon

Is Minister Without Portfolio
— Ceremony in Office of
Governor Pugsley — Hon.
Mr. Robinson Sworn in
This Afternoon.

Hon. Fred Magee, of Port Elgin, M. P.
for the county of Westmorland, was
sworn in today at noon as member of the
provincial government without portfolio.
The ceremony took place in the office of
His Honor Lieutenant Governor Pugs-
ley.

It was chiefly through initiative of
Hon. Fred Magee that vocational train-
ing was instituted in the province of
New Brunswick. Following a strong
speech made by him on the question in
the legislature, the matter was taken up
and a committee appointed, of which he
was the chairman, which made extensive
enquiries and submitted a report. This
report was the basis of the vocation-
al training act now in existence.
Mr. Magee was born at Bay Verte, N.
B., on 29, 1873, the son of Mr.
and Mrs. Thomas Magee. He was edu-
cated at Bay Verte, St. John and Fred-
erick public schools and commercial
college. He is the president and general
manager of Fred Magee, Ltd., and is al-
so connected with the Nova Scotia Trust
Port Elgin Trading Co., Ltd., and Tri-
bune Printing Co., Ltd. He was a coun-
cillor from 1909 to 1910 and was
elected to the legislative assembly of this
province at the general election in 1917.
He was married on January 9, 1909, to
Myrtle R. McLeod of Port Elgin.

HON. FRED MAGEE

Member from Westmorland who was
sworn in today as minister without por-
tfolio in provincial government.

ley, the oath being administered by M.
B. Dixon, clerk of the executive council.
Besides the lieutenant-governor, Mr.
Dixon and Mr. Magee, others present
were Premier Foster, Hon. F. J. Veniot,
minister of public works; Hon. Dr. W. F.
Roberts, minister of public health, and
E. S. Carter, the premier's secretary. It
was announced that Hon. C. W. Robin-
son, of Moncton, will be sworn in this
afternoon as minister of lands and mines,
to succeed Hon. Dr. E. A. Smith, re-
signed.

AWAY TO VANCOUVER

Lady Grattan Esmond and
Daughter Expect to Return
With Sir Thomas and Son.

Lady Grattan Esmond and daughter,
Patricia, of the town of Gorey, county
of Wexford, Ireland, left last evening for
Vancouver after a visit of two weeks
with Mr. and Mrs. Thomas N. Vincent,
Garden street. During their visit here,
accompanied by Mrs. Vincent, they spent
a pleasant time up the St. John river
visiting Mr. and Mrs. William McIntosh
at "Camp Nature," where they were
hunting big game. Sir Thomas, who is
now in Wyoming elk hunting, accom-
panied by Governor Carey of that state,
expects to meet his wife and daughter
in Vancouver, where they hope to be
joined by their son, Hon. Osmond Grat-
tan Esmond, who is now doing research
work in Washington. They expect to
work in Washington. They expect to
visit St. John and spend a few days in
the New Brunswick woods. Sir Thomas
is enjoying the last season of the elk
hunting in Wyoming, as it is expected
that section of the state will form part
of the Yellowstone National Park next
year and he hopes to be able to take
an elk home with him. He also expects
to be able to take a moose home from
the New Brunswick woods.

O'Dell-Stone.

In the Portland Methodist church on
Wednesday evening, at 7:30 o'clock, Miss
Jessie Pearl, daughter of Mr. and Mrs.
Walter J. Stone of 510 Main street, was
united in marriage to Samuel W. O'Dell,
son of Mr. and Mrs. Thomas O'Dell of
Pokok road, by Rev. H. A. Clarke. The
bride, who entered the church with her
father, was becomingly gowned in a suit
of navy blue with sea-foam and hat of
pink roses. As the bridal party pro-
ceeded up the aisle, the wedding march
was nicely played by Miss Beatrice Price.
The church was filled with friends of
the bride and groom, gathered to see
them started on life's journey together
and to wish them all happiness.

After the ceremony the wedding party
drove to the home of the bride's parents,
where a dainty supper was served to a
large assembly. Mr. and Mrs. O'Dell
left later by train for a wedding trip to
Halifax and Charlottetown, P. E. I., and
on return will reside at No. 9 Pokok
road. Their popularity was shown by
the very large array of handsome wed-
ding presents received. These included
an electric reading lamp presented to the
bride by her associates on the staff of
T. H. Esabrooks Co., and a richly up-
holstered leather chair from the office
staff of the same concern. The groom's
present to the bride was a check.

You Were Asking About Overstuffed Furniture

Now that Fall and Winter
are at least within hailing dis-
tance, overstuffed furniture
will be once more on the
docket for attention.
And in this direction we are
more than happy to say that
seldom has this store been in
a more propitious condition
to meet any inquiries that may
be directed toward it.
Single pieces or suites, and
in a pleasing variety of uphol-
stering.

It is said no home can be
complete without an overstuffed set—and a glance at our line will prove the contention to be
sound. Reasonably priced, too, considering it will last a lifetime of regular use.

A. Ernest Everett
THE HOUSE FURNISHER
91 Charlotte Street
Excellent line of
Baby Carriages now
showing.

**Hat Specials for the Week-End
FOR MAN, WOMAN AND GIRL**

Hats hold the floor here for this week-end and Monday, at prices that will
be at once the centre of attraction—and envy. Also there are three divisions,
so all may be satisfied.

SILK PLUSH so popular at this time and now
that we are repeating the extra
deep price reduction of a few days
ago, those who failed to take ad-
vantage will have an opportunity
now. Prices are \$12 and \$15—
every day prices \$10.50 and \$21.

MEN'S SOFT HATS at the flat price of \$5 at this re-
duction sale; and as the regular
every day price is \$7 and the hats
bear the Magee label backed by
Magee there appears to be nothing
more to say.

GIRLS Excellent showing of the popular
Velvet and Velour Hats for girls
from 12 to 18 years of age.
Colors—Green, Grey and Black.
Regular daily prices are \$3 and \$5.
you may have your choice at \$1.95
—while they last.

Whittemore, manager of the MacLean Daily Reports, Limited, Toronto, in speaking last night of the statistics which have come under his review in connection with building operations in Canada, said that it was improbable that building costs would fall away to any appreciable extent.

THEIR GIRL DEAD

Many friends regret the death of Mrs. William Winton of 99 Sheriff street, who died of typhoid fever last night. Her husband, who died on Sept. 20, was a native of St. John and there are many here who will remember her very well.

LIBERAL LEADER TO PRINCE RUPERT

Vancouver, B. C., Oct. 1.—After a busy day on the north arm of the Fraser river at New Westminster earlier today, and assisting to lay a corner stone at the Newboys' Home at Essendale, Hon. W. L. Mackenzie King, a party left last night for Prince Rupert.

RIVALRY IN WORK IN CITY STREET

A wholesale competition which may mean a saving of considerable money in the paving of the Prince William street, and is attracting the attention of passersby. The opposing factions are the crews of the city concrete mixer and that of belonging to the Stephens Concrete Co., both engaged in laying the foundation under the street car track on the eastern side of the street.

TROUBLE FOR THE OPPOSITION IN CARLETON COUNTY

Woodstock, N. B., Oct. 1.—(Special)—There is trouble brewing in Tory circles in Carleton County, and it is expected that when B. F. Smith was able to get the endorsement of the party. He dominated the whole last night and the efforts to put a full ticket in the field.

DOES NOT LOOK FOR MUCH LOWER BUILDING COSTS

Montreal, Oct. 1.—A. B. Whittemore, manager of the MacLean Daily Reports, Limited, Toronto, in speaking last night of the statistics which have come under his review in connection with building operations in Canada, said that it was improbable that building costs would fall away to any appreciable extent.

LOCAL NEWS

A DECREASE

Customs House receipts for September show a decrease from the corresponding month in 1919. The totals are \$68,441.08 and \$48,987.17.

IMPROVEMENTS AT BLACK'S

Black's bowling alleys will open tomorrow afternoon after being thoroughly renovated. The building has also undergone quite a transformation. A new roof has been put on, a concrete retaining wall raised in the rear of the building and windows cut in the side.

IS SUPERANNATED

Robert J. Freeze, first class clerk in the post office inspector's department, has been superannuated. He was granted six months leave of absence and his time expired yesterday. He entered the service as a railway mail clerk on June 20, 1892, and in 1891 entered the inspector's office as a clerk.

DEATH OF BABY

Mr. and Mrs. William Winton of 99 Sheriff street have the sympathy of friends in the death of their infant son, Clarence, who died on Sept. 20.

MRS. MARY CAMPBELL

Many friends regret the death of Mrs. Mary Campbell, wife of the late John Campbell, which took place last night at the home of her daughter, Mrs. R. Heans, 27 Horsfield street. For the last forty years, Mrs. Campbell was a native of St. John and there are many here who will remember her very well.

MAJOR DONALD MACKAY IS DEAD

Montreal, Oct. 1.—Word of the death of Major Donald A. Mackay in Vancouver, B. C., was received here last night. He was the second in command of the 28th Battalion and was overseas for the entire period of the war. He was killed in the eastern townships about thirty-five years ago.

IN WALL STREET

New York, Oct. 1.—Ralls were again the dominant feature at the opening of today's stock exchange, many of the high grade and junior shares advancing 1 to 2% points. Northern Pacific led with other so-called Hill and Harriman issues, also Canadian Pacific, Illinois Central and Missouri Pacific.

SOLDIER MISSING; FOUND IN HOTEL

Shell-Shocked Man Was About to Be Married in Montreal. Montreal, Oct. 1.—After a search of several hours Bryce Muir, who was unable to be present at his wedding on Wednesday night, was found in the lobby of the Windsor Hotel yesterday afternoon by his prospective father-in-law, J. T. Hicks, of St. Lambert. Muir was suffering from loss of memory. He is a returned soldier and had shell shock. Just before the marriage he was taken ill and was taken to hospital and word sent he could not be present. He was there all that night, and yesterday slipped out and all trace of him was lost until the afternoon. He was taken back to the hospital.

FIRE LOSS REACHES THE \$2,000,000 MARK AT GALVESTON

Galveston, Tex., Oct. 1.—(Canadian Press)—Fire which swept a portion of the water front here yesterday caused property damages amounting, according to revised estimates last night, to be between \$1,200,000 and \$2,000,000. Whether the figures reach the latter mark, it was said, depends on how much, if any, of the wheat aboard the Italian steamship Etna, can be salvaged. Her bulk heads, it was hoped by her agents, may have saved a portion of the cargo from the water which was pumped into her holds. At noon the Etna met get up steam and began effort to salvage some of the grain.

TENSE IN ALBERTA COAL SITUATION

Calgary, Oct. 1.—Senator Robertson is doing his best here to bring the operators and the United Mine Workers men to an agreement before the One Big Union can get its forces into shape for a strike and he is going to Drumheller today to look into the situation. With the United Mine Workers demanding an increase of wages of 25% a day for the day wage men, and the O. B. U. ordering a strike, to become effective over the province on Monday morning in a effort to abolish the compulsory U. M. W. check-off, the situation is at a point where a move one way or the other means peace or war and the coal operators do not minimize their fears that there may be any bumper ones.

LIBERAL LEADER TO PRINCE RUPERT

State Furnishes Loans for Home Building

Monthly Payments Less Than Rental That is Charged for Privately Owned Residence

Fargo, N. D., Oct. 1.—The summoning of a special session of the legislature of North Dakota to enact measures to relieve the acute housing shortage in that state will serve to direct attention to the plan which North Dakota has adopted to solve its housing problem. Among the many unique industrial experiments which this state has undertaken within the last two years none has aroused greater interest locally than the recently inaugurated system of state aid to home building. By an act of Feb. 25, 1915, the legislature declared that it was the purpose of the state of North Dakota "to engage in the enterprise of providing homes for residents of this state, and to that end to establish a business system operated by the state under the name of the Home Building Association of North Dakota." The Home Building Association is empowered to purchase land and erect homes for citizens who can advance 20 per cent of the cost of the house and lot. After the home is completed the occupant pays the remainder of the cost to the state on the amortization plan.

Each applicant is required to become a member of a home buyers' league, consisting of ten or more citizens who wish to purchase homes through the medium of the Home Building Association. The Home Building Association is empowered to purchase land and erect homes for citizens who can advance 20 per cent of the cost of the house and lot. After the home is completed the occupant pays the remainder of the cost to the state on the amortization plan.

home, but if the prospective owner desires a more expensive structure he is allowed to make additional expenditures from his own pocket. The house to be made on a ten, fifteen or twenty-year basis. On a \$5,000 home obtained on the amortization plan, the owner pays \$28.65 per month, and if he desires he may increase the payments at any time without penalty, and thereby shorten the term of payment.

The state charges six per cent on the cost of the house, and the balance of the cost of administration during the first five years of the loan; during the remainder of the period this additional one per cent is applied to the reduction of the principal.

Tied Up in Litigation. According to the original plan the state was to obtain a revolving fund by means of a bond issue to enable it to start the construction work, but the sale of bonds for this purpose has been prevented so far by litigation. The Home Building Association had an appropriation of \$100,000 for organization purposes, and it decided to devote a portion of this to construction work. It also secured a small loan from the state-owned Bank of North Dakota. With these funds it has purchased building lots in Fargo, Minn., and Mandan, and has secured about forty car loads of building materials on very favorable terms. About thirty houses are now under construction in these three towns, and as the monthly payments by their occupants come in additional money will be available to start construction in other communities.

The houses are being erected according to the standard plans, but the association lays down its own requirements as to uniformity and only offers the standard types as a measure of economy. The severe climatic conditions in North Dakota make very substantial construction necessary, and disinterested architects and contractors pronounced the state-built houses to be of excellent material and workmanship.

One of them states that the purchase of the materials and figures in such large quantities and the use of standardized plans has made it possible for the state to erect at a cost of \$5,000 a house which no private contractor could build for less than \$6,500. The monthly payments for these five and six-room cottages of the bungalow type are considerably less than the rental charged in Fargo for privately owned structures of the same character, and the demand for residents for the construction of new homes by the association far exceeds its present building capacity.

TRAPPER'S TOMB A LOG CABIN. A humble log cabin which stands in a trackless forest near Lake Umbagog, in western Canada, was once the home of a fur trapper, its builder.

To investigate the cause of the trapper's death, a fearless member of the royal mounted police journeyed to the desolate scene in midwinter, braving the terrors of the wilderness for months before reaching his objective, situated miles from railroads and civilization. The corps was in a perfect state of preservation, due to the cold dry air, and was not moved from the bunk on which the trapper passed away.

MEN WANTED FOR RAILROAD construction. Employment Office, 63 Charlotte street. 12147-10-2

BOY WANTED FOR RETAIL AND wholesale department. Apply Emerson & Fisher, Ltd. 9-4-T.F.

School Days in China. Our teacher, who had a face as stern as that of a magistrate and a character as gentle as that of a sage, had a great knowledge of books but very little practical sense. He always wore a pair of big horn spectacles, not to add his sight, but to add to the dignity of his venerable prerogative. He sat gravely on a straight-backed chair by a big square table, with his right elbow resting on the table. In the right hand he held a tobacco pipe, and in the left, a bunch of red-sticks. He would call to recall our lessons three or four times, and would give us a lash of red-sticks whenever we forgot a sentence. And he would swing one of his feet over his knee and waggle it incessantly during the whole recital.

He liked to make a study here while he enjoyed being busy. In the afternoon, after he had given us some characters to write or trace, he would go to his room adjoining the school and take a nap, and we would do all kinds of tricks to disturb him. When we heard him snoring, we would catch a fly and take off its wings, and one of us would sneak into his room quietly and put the fly on his face. It would run around and make him itch. This was a most successful trick. We never got caught for we brought a book along, and if he woke up before we could get away, then we pretended to be about lessons—From My Village of Facing Light, by Moon Kwan, in Asia '96

MARINE NOTES.

There were no sailings yesterday outside of coastwise vessels. The schooner Charles C. Lister cleared for New York with a cargo of spruce pling, consigned to W. C. Reid, Brooklyn (Mass.)

SUGAR FUTURES

(New York Evening Post Tuesday.) Prices suffered further losses of 20 to 35 cents early today, largely on reports that a small lot of Peruvian raw sugar had sold at 8-1/2c, c.i.f., or 3-1/2c below the last quotation. With prices for future contracts at a big discount below raw sugar values, recent sellers became anxious to cover what it was reported that refiners would pay 6c for Cuban raws. This caused a rally of 20 to 20 points. Still later the tone again became easier. Some doubt was expressed as to the willingness of refiners to pay 6c for Cuban. Moreover, it was said that a bid of 9 1/2c, might secure float cargoes which had not been available heretofore below 9-1/2c.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, OCTOBER 1, 1920

REFUGEE CHINESE
TURNED OUT OF
PEKIN HOTEL

Action Result of Conference
of British, French and American
Diplomats.

Peking, Sept. 1.—(Associated Press Correspondence)—Representatives of America, France and Great Britain took concerted action at an informal meeting of the diplomatic corps a few days ago calling to consider what steps should be taken in view of the practical certainty that the defeated Anfu leaders would seek refuge in the legations. The diplomats did not announce what course they

would pursue with respect to giving asylum, in case it were demanded, in the legations proper, but sent notices to their nationals residing in the legation quarter, calling attention to a clause in the protocol of 1900 prohibiting the residence of Chinese, other than employes, in the quarter.

Inasmuch as the notices were sent to secretaries and clerks of legations the action was generally regarded as tantamount to notice that such refugees would not be received in the legations.

Although most of the legations were represented at the meeting, the other ministers reserved the right to take individual action. Dr. C. D. Tomney, councillor, represented the American legation in the absence of Minister Crane.

Practically the only institution affected by the decision of the three ministers was the British-owned Hotel Wagons-Lits, which had become the haven of Chinese who feared that they might suffer at the hands of looters or otherwise. The male contingent of these refugees were given forty-eight hours in which to vacate. The rule did not apply to women and children, many of whom stayed on.

USE The Want Ad Way

NO FEAR OF
BOLSHEVISM
IN GERMANY

German Delegate to Communist Conference Says the
Country Could Not Submit
to Dictates of Few.

Berlin, Sept. 18.—(Associated Press Correspondence)—Only romancers and dreamers believe that the Russian Red army will eventually strike at Germany and seek to establish a soviet here with the aid of which it will make war on France, declares Wilhelm Dittman, an independent Socialist member of the Reichstag.

Dittman, who was one of the German delegates to the Moscow communist congress, in an article in the Freiheit, turns upon Bolshevism, which, he declares, is an impossible system which can exist only in Russia because of the "crass ignorance of the Russian peasants."

"German workmen," he goes on, "who are not two-legged beasts but upstanding human beings, would never submit to the dictatorship of a few." He says they have nothing in common with men who "are neither socialists nor communists and generally have only a vague understanding of politics, government and society."

"They are mostly unable to read and write," Dittman continues, "and their horizon hardly extends beyond their own thresholds, as might have been the case of the German peasants of the middle ages. And these men constitute seventy-five per cent. of the entire population of the country."

"Blind passion and high ardor," he concludes, "have idealized Soviet Russia as a land where all the wrongs of the proletariat have an end. Hitherto, the exclusion of Soviet Russia from western Europe has helped to crystallize and firmly establish these illusory conceptions."

CLEANLINESS IS HEALTH
By the use of Gillett's Lye, house cleaning is made a pleasure instead of a drudgery. It softens the water and cleans thoroughly whether the dirt is visible or invisible. Destroys all bacteria and infectious germs, removes obstructions from drain pipes, closets, sinks, etc. Refrigerators are made delightfully fresh and clean by using one teaspoonful of Gillett's Lye dissolved in two gallons of water.
"GILLETT'S LYE EATS DIRT"
Made in Canada.

The Carleton Curlers fair drew a large crowd last night and the games and picnic were well patronized. The prizes were won as follows: first door prize, \$10, Oscar Taylor; second door prize, \$5, A. Murray; air gun, bag of flour, A. Duffy; ten pins, tobacco pouch, Amos McEggy; bagatelle, umbrella, S. Irons; excelsior, jardiniere, Fred Wilson.

GREAT BENEFITS OF THE WORKMEN'S COMPENSATION ACT

Interesting Figures in Connection With the Receipts and Expenditures—Some Examples of the Hardships Relieved—A Progressive Policy Which is Being Warmly Praised.

Commenting upon the work of the Workmen's Compensation Board, an official of that organization, which has accomplished so much for those workers who have suffered from accident, has given some interesting particulars and figures concerning the receipts and expenditures and how and why they vary—the amounts paid out in compensation and some of the changes and amendments to act since it came into effect.

He notes that in the first annual report that was submitted it was shown that the compensation paid out increased from \$89,127 to \$128,108.75. "This is caused," the official explained, "by the fact that at Dec. 31 a great many cases were running and drawing compensation. These cases have been finally completed and are chargeable to the fiscal year of 1919. There were also a large number of cases which happened in 1918, and which were not reported to us until after our provisional statement of 1919 was made up. The pension reserve, you will notice, has been increased from \$674,035 to \$1,018,048.25. The same amount that increased the amount of compensation paid partly applies to the increase of the pension reserve. As a matter of fact, we had several accidents in 1919 which resulted in deaths in 1920, but which had to be charged up to the year 1919. In addition to this, it will be remembered that in 1920 an amendment was made to the act whereby the pension payable to widows was increased from \$80 a month and \$5 a week to children until they were sixteen years of age, the total payment in the aggregate being not more than \$2,800 to the sum of \$30 a month to the widow during her widowhood, and a pension to the children increased, in the case of male children to \$15 per month until they reached the age of sixteen, and to female children to \$12.50 per month until they reached the age of eighteen years.

"These increases to the widow and children were made retro-active, as of the first of January, 1919. In addition to this, awards in permanent partial disabilities were increased from a maximum of \$1,200 to \$2,500 a year. As one can readily see, this required a much larger reserve than what we had figured on in our provisional statement, but we are pleased to be able to report that we have built our reserves to cover this amount and taken care of them out of the provisional balances that were our credit in 1919.

"The 1920 act was also amended to cover the lines of hospital and medical care, whereby the board assumed full medical aid and hospital care. This, we have also been able to take care of, without making any increase in our assessments.

"The only class which did not have an actual balance to its credit is Class 2, which includes lumbering, pulp mills, etc. The deficit in this class is quite small, and is caused by the number of accidents in the woods operation, but we have no doubt that at the end of 1920 this will adjust itself, for as you will remember, the woods operations were brought under the jurisdiction of the board in August, 1919.

"We might say in passing that the Nova Scotia board, for instance, fearing that the amounts to be paid to widows and orphans were to be increased, levied an extra assessment for the year 1920, instead of carrying it out of the balance on hand, as did our board, so that our actual experience for 1919 which is as near complete as it is possible to get a financial statement for the year, shows that we have paid out in compensation the sum of \$128,108.75, set aside as reserves to cover the pensions for awards made to widows and children and for permanent partial disabilities the sum \$1,018,048.25, and paid hospital and administration expenses chargeable to the employers of this province were \$329,117, or a little over 6 per cent of the total amount of money collected, which compares favorably with the expenses of any board that we know of, and when you consider that in straight accident companies fully 40 per cent of premiums collected is charged to administration expenses, a justification in itself for the claim that a workmen's compensation board is a saving of money to the manufacturers to say nothing of the benefits that they provide for the injured workman.

"A statement is attached in the report showing the number of accidents that have been reported to the board from the first of January, 1920, to the thirty-first of August. This report shows a total of 2,545 accidents reported, of which 1,960 were reported in Class 2 which covers lumbering, sawmills, and kindred woodworking industries.

Examples of Benefits.

"As an example of the benefits that have accrued to widows in cases of accidents, we might mention the case of an employe of the city of St. John. This man met his death from blood-poisoning, and the board awarded to his widow a lump sum of \$1,000, which was used to discharge a mortgage on the property owned by her, and settle some outstanding debts, and a sum of \$23.92 per month until her death.

"Another case was that of a mill employe in Newcastle, who met his death as a result of a puncture wound in the foot, from which tetanus developed. He died, leaving a widow and four children. She was awarded the sum of \$229 to enable her to start a home cooking store, and in addition was awarded the sum of \$20.51 per month during her widowhood, and an additional sum of \$5.86 a month for each of her children, to run, in the case of the sons until they were sixteen, and in the case of the daughter until she was eighteen.

"Another case was that of a man who was killed while working on one of the boats. He left a widow and one son. The sum of \$1,450 as a lump sum was advanced to the widow, to discharge a mortgage on the house which her husband had left her, and in addition there to, the sum of \$12.82 was awarded to her during her widowhood, and an additional sum of \$6.50 to her infant son until such time as it arrived at the age of sixteen. In addition to these amounts in the above cases, the undertaker's accounts to the sum of \$75 were paid. (This has now been increased to \$100.)

"In cases of permanent partial disabilities, where awards have been made to the injured workmen, lump sums have been advanced for the purchase of artificial limbs, and in cases where it seemed just to the board, sums have been advanced to meet outstanding bills which it was necessary that the injured man should pay.

"Statement No. 3 shows amounts of the provincial assessment for 1920, to be \$429,722.89. This, of course, will be increased when the actual payrolls for 1920 are received at the end of the year. From January 1 to August 31, we have paid out in compensation for the 2,545 claims aforementioned, the sum of \$1,050,200.89. We have set aside for pension reserves the sum of \$1,018,048.25, and paid hospital and medical aid the sum of \$1,018,048.25.

"In the year 1920, our assessments were reduced by 10 to 20 per cent. The board, however, decided that the assessments should be collected in two instalments, having in mind the fact that if it was at all possible to carry in all the classes with a 50 per cent of the original assessment, that it should be done. From the present indications, it is necessary that class 2, comprising the lumbering, sawmills, pulp mills, etc., and Class 5, including building, construction, etc., require the full assessment, called for, but in the other five classes, we are in hopes that it will not be necessary to collect more than 50 per cent of the assessment made for 1920. Of course, it does not follow that this will continue in these classes each and every year, but it is the intention and ambition of this board that insofar as they are able, the manufacturer and employer of labor shall receive their insurance at as cheap a rate as it is possible to give, bearing in mind the amount that has to be raised to cover the compensation to satisfy the claims arising from the different industries. In other words, it is not the intention of the board to build up any large surplus after they provide for the pension reserves, the administration expenses, and other necessary expenses incidental to the proper and safe working out of the act."

Following are some of the provisions of the Workmen's Compensation Act, giving some idea of the procedure in administration:

Temporary Disability.

In case of temporary disability, injured workmen are entitled to fifty-five per cent of wages during continuance of disability. The maximum weekly amount paid in compensation is \$16.97, or on a basis of maximum salary of \$1,500 per week, \$126 per month or \$29.25 per week. The next in the provisions of the Act is \$12.68, or \$1,200 per annum maximum. The minimum payment is \$6.

Permanent Partial Disability.

The Act as originally passed provided in case of permanent partial disability, a sum not exceeding in any case \$1,000. During the session of 1920 this was amended and increased to \$2,500. A scale has been worked out by the Board, which provides that in addition to the payment received during temporary disability, or while injuries sustained were healing, and in addition to medical and hospital expenses, the injured workmen if earning the maximum salary of \$28.85 per week, who was unfortunate enough to sustain loss of arm or loss of leg would receive the sum of \$2,500 payable in monthly pension, according to his peculiar circumstances. The amounts are graduated according to earning capacity and nature of injury. For instance the same workman if he lost a thumb

Upland Coffee

Coffee, grown in the cool, dry mountain plantations, is rich in those qualities which give the wonderful fragrance and flavor to the SEAL BRAND.

—the perfect Coffee. Blended and roasted and packed in airtight packages, its goodness and exhilarating aroma sealed safe from the deteriorating air.

Chase & Sanborn MONTREAL

Just a minute, please! ARE you chummy with your watch?

Will it go—and keep going—where you go; will it stand jolting and banging and heat and cold and rain and dust and fog—will it be cheerful and dependable if it gets mixed up with the tools on your auto, or the fishing tackle, or the hunting outfit?

The Ingersoll Maple Leaf is a good chum, a bully pal. Usually a more expensive watch is temperamental and a bit delicate, unhappy under unusual conditions, peevish if it isn't treated tenderly.

The Maple Leaf is a hard-boiled sportsman, built for rough going, a trusty, lusty comrade you can take where you choose and know he'll keep up his end. That's the kind of little guy he is!

And you can buy this sturdy chum for \$3.25—or for \$4.00—if you want his face to light up in the dark for you.

Maple Leaf, \$3.25

Ingersoll Models from \$3.25 to \$14.50

would receive \$625 in addition to the benefits as above.

Permanent Total Disability.

In case of accident resulting in total disability, the injured workman received fifty-five per cent of wages until death, or during continuance of disability under the original Act. These payments were limited to \$8,200.

Benefits in Case of Death.

The original Act provided payments of \$20 per month to widow and \$5 to each child, respectively, until the children, the monthly payments to continue in case of widow to death or remarriage; in case of male child to age of 16 years, in case of female child to age of 16 years. In addition the sum of \$100 is allowed for funeral expenses.

In several instances advances have been made to widows to discharge mortgages on the home, to allow the widow to engage in business. However, the disposition is to carry out the intention of the Act and dispose of cases by way of monthly pension.

Hospital and Medical Aid.

Another amendment to the Act in 1920 provided for all medical and hospital treatment. A schedule of fees has been adopted, which has been approved by a committee representing the Medical Society, an agreement has been arrived at with the hospitals of the province as to the per diem allowance for maintenance of injured workmen. Medical aid and hospital treatment is allowed whether or not the accident lasts more than seven days.

Employes Covered.

Employes in every line of industry in the province are covered by the Act. In the administration it is worth noting that in the other provinces in a number of industries, unless more than in some cases five, ten, fifteen, twenty workmen are employed, these industries are excluded. The highest exclusion number in the province is three. This applies only to retail stores and lumbering, in all other industries, if one or more are employed, the employer is requested to comply with the provisions of the Act as to payroll assessments, etc.

Another important amendment authorized the Board in case of accident to minor or apprenticed workmen, resulting in permanent partial disability, to consider in making the adjustment of the award on what the future or journeyman's wages might be and to adjust the claim on that basis.

Method of Payment of Claims.

First, notice of accident is usually received from employer within three days after the accident. Workmen's and doctors' reports have been prepared in a

clear, concise and simple a manner as possible. As soon as the report from the employe is received, necessary reports are immediately forwarded for completion by the workman himself and the doctor in attendance. The reports of employer, workman and doctor complete the case. If these are in order and completed, the cheque for the first week's compensation is forwarded to the injured workman two weeks from date of accident. Weekly cheques follow until the Board is advised of the workman's return to work.

Canadian Government Employes.

By an act passed by the Dominion Government in 1918 and amended 1919, Canadian Government Employes are brought within the scope of the Act. Prior to this legislation Canadian Government Railway Employes were receiving \$5 per week and medical and hospital attendance, according to a table of fees established by the Employes' Relief and Insurance Association. At the present time, these employes, if injured, are entitled to receive in addition fifty-five per cent of their wages, as provided in the Workmen's Compensation Act. Medical and hospital attendance accounts are being adjusted with the medical profession and hospital authorities on the basis of the Compensation Board scale, which is considerably higher than the Employes' Relief and Insurance Association scale. Dependents of employes, where death results are compensated according to the provisions of the Act. In case of permanent disability benefits are paid also according to the Workmen's Compensation Act. Employes must, however, elect in case of permanent partial disability to accept adjustment either under the Provisional Fund or Workmen's Compensation Act.

The Provisional Fund, however, provides only for workmen who are unable through disability to follow their usual occupation. Since January 1, 1919, nearly 600 cases of accidents to Canadian Government employes have been disposed of.

Effects of Amendments of 1920.

Amendments to the Act, passed at the 1920 session, provide that all payments to widows and children date back to January 1, 1919, but increased monthly payments to date from January 1, 1920. This meant that all widows' claims had to be adjusted, reserves reviewed to provide for pensions during life instead of up to \$8,200. As already noted the monthly allowances were increased to \$80 and \$7.50 per month, which meant additional reserves to the extent of approximately \$125,000 had to be provided. It is estimated that medical aid and hospital fees will cost about \$75,000 or \$80,000 per annum. These additional benefits are provided with very little if any increase in cost to industry.

New Brunswick Factories Act.

This Act has been re-drafted and is at present being administered by the Workmen's Compensation Board. A complete census of industry is being taken at present as to the number of employes, condition of machinery as to safety of employes, etc. A Board of Examiners Stationary Engineers has been appointed, composed of N. M. Stewart, Montreal; John Hooper, Fairville and James Sullivan, Newcastle. These men are qualified engineers and their appointments were recommended by several organizations, and by the Executive of the New Brunswick Federation of Labor.

Regulations required to carry out the Act, as it effected the examination and licensing of engineers, have been passed and this matter is receiving prompt attention.

Murder Goes Unpunished.

(New York World.)

Nothing less than appalling were the figures printed detailing the prevalence of unpunished murder in Manhattan six months of the year. There were 92 murders of all degrees, at the rate of 104 a year in a single borough. Not one conviction for murder in the first degree was obtained and only one for murder in the second degree. Only five manslaughter verdicts must pass through their slow and painful test in courts of review and appeal.

At first thought this shocking record might be laid at the door of the District Attorney's force; or ascribed to the unwisely merciful disposition of New York jurors, which does in fact invite crimes of violence. But a good part of the responsibility falls further back, nearer the ultimate source of criminal justice, upon the police.

Or murder "mysteriously" alone there were more than enough, in proportion to the time and population in question, to equal London's entire quota of all murders for a year. Fifteen crimes in six months are set down as "unsolved murders; no arrests." If New York detectives caught the murderers, if New York courts and juries convicted them, Manhattan Borough alone would not have nine murders a month!

USE The Want Ad Way

The Aristocrat of Feathered Game

—this is the term that has been justly applied to the woodcock. Although smaller than the woodcock of the Old World, it, of all game, affords the keenest zest for the hunter.

The woodcock ranges from Southern Manitoba east to Southern Quebec and Nova Scotia. The best grounds today are undoubtedly in the last-named section. Good covers are hard to find nowadays and big bags are a thing of the past.

The woodcock is a migratory bird and the open season begins after most of the 'cock have left for the south. The occasional bird that gets up in October, as one beats the covers for grouse, adds to the sport, and the wonderfully elusive flight of the bird makes the successful shot one to be remembered. Woodcock demand the careful selection of ammunition with the dependable and accurate qualities of

DOMINION Shot Shells

Canuck, Sovereign and Regal are all good woodcock shells, backed by the big "D" trade-mark. Use No. 8 shot and the load best suited to your individual requirements. Each of these shells is steel reinforced and water-proofed, and loaded with double-chilled shot.

Our new game book, "The Call of Canada," with illustrations of Canadian game birds and animals reproduced in full colors, contains valuable information that will interest you. Every sportsman should have a copy of this beautiful book in his library.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, OCTOBER 1, 1920

QUEBEC YIELDS MUCH ASBESTOS

Between 85 and 90 Per Cent. of World's Consumption Met by That Province.

Canada leads in asbestos, and exportations continue to grow more important. Ontario's pre-eminence position with regard to nickel is closely approximated by Quebec's wealth in asbestos. While a large part of the first-named mineral is refined in Canada, however, only a very insignificant portion of the asbestos output is retained for domestic manufacture.

Exports of Canadian asbestos in 1919 totalled 184,478 tons, with a value of \$9,886,460, according to the Canadian Customs Department. Of this quantity 95,376 tons of asbestos fibre, crude and mill stock with a value of \$7,222,744, went to the United States; 10,500 tons, with a value of \$902,798, went to Great Britain, and 8,446 tons, with a value of \$1,490,158, went to other countries; 26,126 tons of asbestos sand and waste, valued at \$299,875, was exported to the United States and 150 tons, valued at \$900, to other countries.

Industry's Outlook Good. While data as to conditions in 1921 is not yet available, it is believed that the outlook for Canadian asbestos for a reasonable distance into the future is favorable, especially with the Russian asbestos shut out. At the present time the deposits in the Province of Quebec are estimated to supply between 85 and 90 per cent. of the world's consumption. What the effect of the increasing production of the mines of Rhodesia, South Africa, will have upon the European market for Canadian fibres remains to be seen. The grades and spinning fibres produced by South Africa are not of as high a quality as the Canadian, but, owing to the higher prices of Canadian asbestos compared with low costs in Rhodesia, many manufacturers are mixing a large percentage of Rhodesian with the Canadian to reduce total costs. The Rhodesian mines are producing substantial quantities of high grade shingle stocks, which compare favorably with the Canadian. Work of an extensive nature has been done on asbestos properties throughout the United States, but neither the quantities of fibre produced nor the grades are expected to have any bearing on the market. The total tonnage produced in 1918 being under 800 tons.

Production Over Ten Millions. Shipments from the producing mines in the Province of Quebec in 1918 amounted to 138,861 tons valued at \$10,882,289, according to the report of the Department of Colonization, Mines and Fisheries of the Province, of the year 1919. To this must be added the shipments of asbestos a by-product of the mill treatment of the asbestos ore, which totalled 28,227 tons, with a value of \$68,011. For the previous year the figures were, for asbestos 142,275 tons, with a value of \$9,019,899, and for asbestos 16,850 tons, valued at \$84,946. This shows that, while the quantity of

THE delightful tartness of Seville oranges, tempered with the wholesome sweetness of pure granulated sugar—blended and prepared the Shirriff way—imparts the irresistible tang to Shirriff's Marmalade.

Shirriff's is uniformly good—unvaryingly pure—made in sunlit kitchens of scrupulous cleanliness.

When served at breakfast, afternoon tea or a hasty lunch, Shirriff's is always irresistibly delicious.

Your grocer can supply you with Shirriff's, in glass jars and large sealed tins.

Shirriff's MARMALADE

EVILS OF EARLY RISING.

(Manchester Guardian.) Gladstone might well figure in the list of famous men, who disliked the practice of early rising. "I hate getting up in the morning," he once told Sir Henry Lucy, "and I hate it the same every morning. But one can do everything by habit, and when I have had my seven hours sleep I get up." Li Hung Chang held the same views. At the close of his visit to Petrograd in 1906 the Chinese statesman wrote in his diary: "I have learned that we start early tomorrow morning. This is not my taste. I would much prefer to begin the journey now and sleep on the train. To rise so early in the morning seems to be a foolish western practice—foolish especially among statesmen, who could so much better transact their affairs at night, when all is quiet and the mind is most alert. But from

all I can learn these statesmen and lawgivers look for the pleasures at night, going to banquets, theatres, and parties. To this I attribute much of the intrigue known to all these courts. Women cannot enter the council chamber or make speeches in parliament, but they work their wiles at the parties and operas." E. V. Lucas has also written against early rising. "The day rightly begins after breakfast. Now and then, for worthy purposes, such as bathing in a Thames backwater or intercepting the postman, early rising is desirable. But in the main it leads to self-conceit, intolerance, and dullness after dinner. The old poet was right: When the morning riseth red, Rise not thou, but keep thy bed! When the dawn is dull and grey, Sleep is still the better way. Beasts are up betimes! But then They are beasts, and we are men.

A Great Work.

(Westminster Gazette.) Sir Robert Baden-Powell well deserves the honor of being acclaimed "Chief Scout of the World" at the finishing ceremony of the Jamboree at Olympia. To all of us the Jamboree has been a revelation of the university and the strength of the Scout movement. To General Baden-Powell it has been the crown of the work of his later life. Beyond all other men he has shown his understanding of boys and how their natural instincts may be turned to their profit in later life. That is the secret of the successes of the Boy Scout movement; it has harnessed to useful purposes the imagination, the physical energy, and the craving for excitement of youth. It has given these things their scope and direction, instead of endeavoring to repress them. There have been those throughout who have endeavored to give

a military side to the movement.

Himself a soldier, Sir Robert Baden-Powell has steadily set his face against such development. He may well have inaugurated the greatest peace movement in the world. It must have been a proud moment for him when on Saturday he pledged his lads to keep the peace which their elders had bought with their lives.

"A Little While" (From Contemporary Verse)

A little while when I am gone
My life will live in music after me,
As spun foam lifted and borne on
After the waves is lost in the full sea.
A while these nights and days will burn
In song, with the brief frailty of foam,
Living in light before they turn
Back to the nothingness that is their home.

LISTEN, MUTT! WHAT DO YOU CHARGE TO EXTRACT A TOOTH?

I CHARGE A DOLLAR WITH ELECTRICITY AND FIFTY CENTS WITH GAS. WHICH WAY DO YOU PREFER?

M-M! COULDN'T YOU PULL IT OUT WITH KEROSENE FOR A QUARTER?

INSECT!

FIGHTING SPEECH BY U. S. SOLDIER

Challenges the People to Keep Faith with Those Who Died on Flanders Fields.

"Are you, on the second day of November, in the secrecy of your own conscience, going to break faith with those who died in Flanders fields?"

"This is the question Captain Thomas G. Chamberlain asked in a stirring speech before a large audience in Rochester, N. Y. Captain Chamberlain was one of the speakers who accompanied ex-President Taft on his transcontinental tour in support of the League of Nations."

"The League of Nations," he declared today. "There has never been an issue presented in any political campaign in America of greater importance to the welfare of our people and the destiny of our country."

"We are now going to fulfill the promise that was made to four million men who enlisted in the fighting forces of the United States and we are going to break that promise. We stand truly at the parting of the ways, one leading down to isolation with the merited contempt of the civilized world, the other to co-operation with the moral leadership of the world."

"At the time of our entry into the war the declaration of our government that this was a war for democracy, a war to end war, was not dissected from a member of the United States Senate by the greatest minds of the world met together in Paris and agreed to eliminate the cause of war by an international agreement. This agreement does pro-

vide for the reduction of armaments, the publication of treaties, the peaceful settlement of international disputes through arbitration or conciliation, the guarantee of territorial integrity as against external aggression, the protection of the weak through recognition and enforcement of the principle that backward peoples constitute a sacred trust of civilization."

"In this campaign we make only one appeal, and that is that you read the covenant and know the facts and the truth. Our Republican opponents have deliberately undertaken to mislead the American people. Their appeal is to ignorance; they ask if you wish your sons to fight in foreign wars at the order of foreign councils. But if you have read the covenant you know that troops never can be used without the approval of our own government, never without express authorization by Congress."

"The Republican textbook is designed to distort the truth. You will find many statements about the imaginary horrors of this league, but you will not find the covenant. There could be no better proof of the deliberate attempt now being made by the Republican party to mislead the American people. And on Nov. 2 the question that will be answered is this: Can an appeal to ignorance be successful, can a small group of men

mislead the American people for the fulfillment of their own selfish ends?"

Separate Peace "Disgraceful"

"The words of Senator Harding are these: I promise you formal and effective peace just as soon as a Republican congress can pass its declaration for a Republican president to sign. This can mean one thing, and one thing only—a separate peace with Germany. Show me one American citizen outside the senatorial oligarchy, who has rendered something more than lip service in this cause who believes in a separate peace. I would willingly give everything that I own, everything that I was willing to give when I enlisted in the army and went to France in 1917, to prevent such a cowardly and disgraceful conclusion to our great effort in the war. Senator Harding, because of 81,000 fallen American comrades, I refuse to grant that a selfish and covetous stand is the American stand."

"This is simply a bid for the dilatory program anti-American vote that favors a separate peace. This vote Senator Harding will get, but he deserves to lose the vote of every red-blooded loyal American citizen. "One of the men who has a wooden stake in Flanders for a monument to this challenge to you and to me just before he went down to his death:

"To you from falling hands we throw 'The Torch'; be yours to hold it high! If ye break faith with us who die, We shall not sleep, though poppies grow in Flanders fields."

"Are you, as an individual, going to break the faith? On the second day of November, in the secrecy of the voting booth, and in the presence of God and your own conscience, you will answer that question. Four parties in this referendum will then be played. In the name of 81,000 Americans who gave their lives for a better world, may your vote be added to the call of humanity, justice and peace!"

HOME VERSUS THE INSTITUTION

(By Mrs. H. M. Moswell.)

Here in Canada our system for dealing with our delinquent children is to shut them up in great institutions and to leave them there until the age of adolescence, a most critical age, when they are turned out on the world quite unprepared to meet all that is new and strange in it. To the boy or girl brought up in an institution, mingling for years only with members of his own sex, educated almost entirely by members of the opposite sex, there is much that is new and strange and dangerous, in a world where there is a free contact with the circumstances of its life often necessitate a very close and intimate association with a fellow-being that so far, owing to its own bringing up, has been a mystery. I do not dwell on this point, its gravity will be realized by all who give any serious thought to the subject.

"Apart from this danger, the most serious for society of the institutional system, there are other drawbacks attached to it. First, the institutional system for children in large numbers is against the laws of nature; the family is the right and proper place for the child to be brought up, and every effort should be made by society to see that its children are brought up in the family whenever possible. Much can be done to facilitate this by the adoption of pensions for mothers. When the home bringing up is quite impossible and it is absolutely necessary that a child should be placed in a home other than its own, the system of foster parents is the best substitute, provided that a proper supervision can be kept over the homes in which the children are placed. This plan is being carried out in many countries and has been found to be successful. Secondly, the children thus cared for are in homes such as nature intended for them, they grow up surrounded by home influences, and unconsciously learn the laws of nature and society by free contact with their foster parents, brothers and sisters, besides being in constant touch with the educative influence of society at large.

To bring a child to its full development morally, intellectually and physically, constant and individual care must be given to it. This can be done in the foster home, but it cannot be done in the institutions. Children in institutions cannot be dealt with as units, but must of necessity be dealt with as members of a class, or form. As far as possible the children are grouped according to their requirements, but this grouping must naturally be of a very general character, and all who have had anything to do with children realize how greatly they differ in every way from the earliest age. In this arrangement there are always some children who must suffer keenly, and suffering, physical or mental, is very detrimental to the child. Unfortunately the child's welfare cannot, as many people imagine, be assured

What Has Been Done For The Farmers

From the day the Foster Government assumed office the interests of the farmers of New Brunswick have been given every consideration. In striking contrast to the old government, a practical farmer was made Minister of Agriculture, and the record of this Department is a triumph of achievement.

In the first place, the Foster Government has encouraged the development of the co-operative spirit and has greatly aided in the marketing in this way of wool, live stock, fruits, etc., and assisted as well in the establishment of co-operative creameries. The farmers are getting results; in opposing government candidates they run the risk of going back to the regime which disgraced the province. Do they want that?

Or Do They Want Definite Results Such As These:

- 1. The present government provided the first system of extension of credit to the farmers of the province on a sound business basis. Fifty thousand dollars was provided as a fund to establish a line of credit at the banks for the use of farmers in purchasing breeding sheep. Four thousand sheep were purchased and added to the breeding flocks by this system. A strong campaign for increased sheep production was also put on at the same time. The effectiveness of all this work is shown in the increase of the sheep population of the province. In 1917 there were 140,000 sheep. The 1920 statistics show 220,000, or an increase of 100 per cent in three years.
2. The minister of agriculture adopted the policy of grading all the pure bred rams for sale in the province. The system also encourages the pure bred breeder and raises the standard of his flock. Through this assistance and encouragement the number of rams offered for sale this year will be sufficient to supply the needs of the province. In the past it has been necessary to bring in from outside seventy-five to 100 rams each year to meet requirements. Another new policy adopted last year encourages the man who has never before used a pure bred ram in his flock to purchase one. A bonus of \$15 was given to such a person. This resulted in more than 100 farmers purchasing a pure bred ram to raise the standard of their flock.
3. The provincial department of agriculture organized live stock associations in order to take advantage of the federal policy of loaning pure bred bulls. This resulted in over sixty bulls being placed in the province without any cost to the farmers. In addition to this 100 houses representing over \$2,000, were given to agricultural societies to assist them in purchasing pure bred bulls.
4. Twenty-six boys' pig clubs with a membership of 260 have been organized and started out with pure bred pigs. As a result of this the boys now own over 3,000 pure bred pigs and supply their communities with breeding stock.
5. Thirty-six poultry clubs have been organized representing 450 members. These have been supplied with the best strains of brood-to-day poultry available. These members now own 10,000 pure bred hens. This poultry has been in an egg laying competition open to the dominion and first place.
6. Seventy thousand pounds of wool have been marketed co-operatively in 1920 under the direction of the department of agriculture. This has increased yearly since 1917 when only 5,000 pounds were marketed co-operatively. Assistance is given in the co-operative marketing of lambs, cattle and hogs. Over twenty-five carloads were shipped out last fall by the farmers co-operatively. This resulted in their getting from two to three cents per pound in more for their stock than would be secured locally. The department officials are now busily engaged organizing these shipping associations and are placing from four to five carloads of stock on the Montreal stock yards each week.
7. The dairy industry has been entirely reorganized. Attention has been directed toward the encouragement of central co-operative cream gathering creameries owned by the farmers themselves. The Moncton Farmers' Co-operative Creamery was organized in the fall and winter of 1917 and 1918. The first season they had 300 patrons and made 160,000 pounds of butter. In 1919 they had 600 patrons and made 312,000 pounds of butter. In 1920 the business has grown to such an extent that they have entirely remodelled and enlarged their plant and installed a mechanical refrigerator system at a cost of \$20,000. This is now the most complete creamery in the maritime provinces. Its output in butter this year will reach the half million mark in addition to a business in ice cream amounting to over \$30,000. The department of agriculture organized this creamery and enabled the company to get capital to start guaranteed all stockholders six per cent interest on the paid-up capital subscribed. The company have paid out this year to the farmers \$225,000 for their

cream. A similar creamery is being encouraged in Fredericton. In two years' time it will have an output equal to the Moncton creamery and will provide an excellent market for the farmers' cream and ice cream at a cheaper rate than they have been paying. The Madawaska creamery is now being operated by the government for the benefit of the farmers of the northern part of the province. This creamery is rapidly going ahead and will reach an output of 75,000 pounds of butter this year. A good price is being paid the patrons for their cream and general satisfaction is being given.

8. The cheese industry has also been wonderfully strengthened. In 1917 buyers did not care to take chances on purchasing New Brunswick cheese. The cheese is now being supervised in its manufacture by department officials who also grade it. The buyers have no fear to find with the cheese and are now buying it according to grade. A cheese board has been organized where salesmen and buyers meet every two weeks and the cheese is sold on a competitive market.

9. An outstanding policy carried into effect by the present minister of agriculture is the development of a supply of ground limestone for the farmers. A soil expert was first employed to determine the need for lime in the soils of the province. A very thorough investigation was made in every county, which revealed the fact that there was a very great deficiency of lime in our soils and that the best results could never be obtained in crop production nor from the use of fertilizers until this was remedied. This investigation being completed, steps were at once taken to provide the farmers with lime at a minimum cost. The government has now purchased a large limestone quarry at Brookville, St. John county, containing inexhaustible supplies of high grade lime rock. A plant has been erected and machinery installed to convert the raw rock into finely ground limestone for agricultural purposes. This plant is now in operation and has a capacity of 80 tons per day. It is a most modern plant. The ground limestone will be delivered freight prepaid to farmers in the province for \$5 per ton, the cheapest lime being supplied anywhere in the dominion and the best. Its general use will put the soil in such condition that less fertilizer will give better results.

10. The organization of the district representative system, which was brought about by the present administration, has done a great deal to assist farmers. These are field agents of the department of agriculture and spend whole time working with the farmers for the buying of supplies and selling of farm products has been brought about as a result of their activities.

11. The department's encouragement to the bee industry has resulted in an extension of this industry by over 100 per cent in the province in three years. Statistics show that a quarter of a million pounds of honey were manufactured in 1919.

12. The assistance given the apple industry has been such as to place New Brunswick fruit foremost on the markets. New Brunswick apples are now commanding a very high price on the Montreal market and are in big demand.

13. In pursuance of the policy inaugurated by the late Hon. Henry R. Emmons and because of the high price of flour consequent upon war conditions, the government upon the recommendation of the minister of agriculture has encouraged wheat growing in the province and provided modern wheat grinding mills. Since we have assumed office the bonus has been increased to larger mills. Fifteen thousand dollars has been given as bonuses to establish these mills. They are of very modern type and put out a grade of flour equal to the western mills.

It is for the Farmers of New Brunswick to say it will be Foster and Tweeddale or Murray and Baxter

Vote For the Foster Government Candidates

by the efficiency with which an institution is run, and paradoxical as what I say may seem, it is nevertheless frequently the case that the better run the institution the more harm does the individual. The rigid discipline necessary to bring about the automatic perfection of some institutions must have, and does have, a most demoralizing effect on the character of the children submitted to it. This extreme discipline is bad for two reasons. First, it encourages the reserve only too natural in many children and which frequently results in the child growing up with false and harmful ideas of life, owing to its having struggled alone to explain the mysteries that are given to it. This can be done in the foster home, but it cannot be done in the institutions. Children in institutions cannot be dealt with as members of a class, or form. As far as possible the children are grouped according to their requirements, but this grouping must naturally be of a very general character, and all who have had anything to do with children realize how greatly they differ in every way from the earliest age. In this arrangement there are always some children who must suffer keenly, and suffering, physical or mental, is very detrimental to the child. Unfortunately the child's welfare cannot, as many people imagine, be assured

land was more nearly normal. It is more like the average case which would come before the Council of the League in a period of settled peace. But both Poland and Lithuania are in a condition of dangerous inflammation. Poland is fighting for her life against Soviet Russia, with the terrifying prospect of having to face a new Bolshevik "drive" in the spring. It will be noted by fearful persons, who are always seeking to "make our flesh creep" by insisting that this horrible scene of a man-eating League would infallibly drag our sons off to die on distant battlefields, whose very names we would have great difficulty in pronouncing, that both these gifts of peace to the volcanic regions about the Baltic have been made without the employment of a single weapon, not even economic. Not so far as we are told—a single cargo ship has been deflected. The League worked its beneficent miracle by simply offering the quarrelling nations a commission of inquiry which they could trust. We are not given all the details of the four "cases" involved, so we are not in a position to say for certain to what extent the disputes would fall in the category of justiciable questions. But it is altogether likely that in both cases there are matters for settlement which could hardly be handled under the formal rules of a court, but which must be dealt with along political or diplomatic lines. That is, a statesman as well as a judge is needed. That calls for a League Council as well as a League Court.

League Stops Two Wars (Phil Public Ledger) There is no use any longer for pretence or partisan critics of the League idea to pretend that the League, as constituted in Paris, cannot prevent wars. It has. Even without the powerful backing of the United States and with Europe still in a state of half-tragic excitement, the Council of the League has headed off one war and seems to have stopped another actually in progress. If it really has succeeded in bringing to an end the conflict already begun between Lithuania and Poland—and the leaders of these two nations have formally pledged their governments to stop fighting—then the League Council can put to its credit an achievement that approaches a miracle! The case of Sweden and Fin-

has yet to be written, but in every family and particularly where there are children, the subject of good household remedies for the many minor ailments and injuries of everyday life always commands attention.

PERRY DAVIS' "PAINKILLER" is one of the best examples of a reliable household remedy.

In summer a teaspoonful given in a cup of sweetened water or milk affords prompt and effective treatment for acute and painful stomach and bowel attacks (summer complaint), while as a liniment it takes the pain and inflammation out of mosquito and other insect stings and reduces sprains and bruises.

In cold weather when exposure so often brings on the chilly feeling from which develop Colds, Bronchitis, La Grippe or Pneumonia, a good dose of "PAINKILLER" taken in hot water when retching will usually ward off these dangerous consequences.

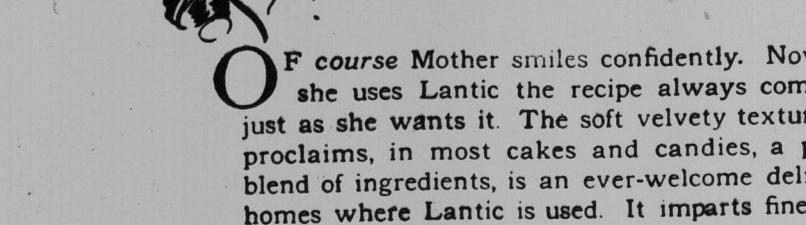

A most effective treatment for children who are inclined to bronchial and croupy attacks is to wrap out a flannel cloth dipped into a cup of hot water to which a teaspoonful of "PAINKILLER" has been added, and wrap same around the child's neck, covering with another cloth. This applied at night whenever signs of a croupy attack appear, draws out the inflammation and the soothing warmth insures restful sleep.

PERRY DAVIS' "PAINKILLER" has been on the market for over seventy-five years. It is used in nearly every country on the globe by thousands of families of every race for the purposes described above.

Every family and every traveller will do well to have always on hand a bottle of this reliable household medicinal preparation.

Former St. John Man Takes Part in Celebration at Indictment of Baseball Players.

Chicago, Oct. 1.—If a pennant or world's championship had just been won it would have been no greater cause for celebration than the news of the indictment and suspension of the White Sox players was to the other boys of the team who were above reproach.

Little Nemo Leibold hugged Eddie Collins and Eddie swatted Amos Strunk on the back, and Amos swung his left into Murphy's ribs, and then there was a rush to telephones to notify Ray Schalk and "Red" Faber and John Collins and Dick Kerr, and some of the other fellows who had borne the burden all season.

FREE ZONES FOR BRAZIL. Rio de Janeiro, Sept. 7.—(Associated Press Correspondence)—Authority to establish free zones (bonded warehouses) in various parts of Brazil was requested by President Pessoa in a message just transmitted to Congress.

BEER TOO THIN FOR THE GERMANS

Brewers Threatened With Bankruptcy, Allowed to Increase Percentage.

Berlin, Oct. 1.—Germany is to have beer of 2 per cent. alcohol content under provisions just announced by the government. The brewers here, who on their malt rations have been able to brew only 1 per cent. beer, now are to receive 80 per cent. more malt than they have been getting.

ADOPT THE FRANC. Graz, Austria, Sept. 11.—(Associated Press Correspondence)—The principality of Lichtenstein has adopted the franc as a unit of value to replace the crown.

SAD FATE OF THE JEWS IN RUSSIA

Not an Envidable One, Says Zionist Bulletin—Terrible Hunt by Red Soldiers.

London, Sept. 14.—(Associated Press Correspondence)—The fate of the Jews in Russia is anything but an enviable one, says an article in the current number of the Zionist Bulletin.

According to the writer, 98 per cent. of the forced laborers in Kharkov are Jews, who are treated brutally. The Gentiles about them are coming to regard them as a coolie caste, and they are shot at least as freely as other Russians for counter-revolutionary activity.

While the Soviet government barred actual pogroms, it has not insisted on access to the land being given to the Jewish traders whom it dislodged from their counting-houses, says the writer, but Russian villagers, steeped in centuries of anti-Semitism, would not tolerate Jewish settlers among them.

Industrial conscription, or for death if they objected. "Almost all the Jews were entered as 'of no occupation,' irrespective of whether they knew a trade or not," says the writer in the Bulletin. "A terrible hunt began for the Jewish masses by Red soldiers, with the willing help of the anti-

Seminites. The Jews were shut up in the courtyards of the labor barracks and had to camp day and night in the open, almost without food. The compulsory work consists mainly in the heaviest kind of labor, such as road building and the cleaning out of dirty places in town and country.

PRESENTATION OF THE MARITIME PROVINCE CASE

H. J. Logan at Board of Trade Meeting

President's Speech at Amherst Gathering - Need of Close Co-operation to Protect Our Interests.

The Amherst News gives the following report of the address of President H. J. Logan at the opening of the Maritime Board of Trade...

"We are divided into three camps. Personally I believe in maritime union but if it cannot be secured let us at least be united upon matters which are of vital importance to our welfare...

per cent of the passengers and fifty per cent of the freight of the whole Canadian system, have been increased to such an extent that trade between the maritime provinces and the upper provinces is liable to be paralyzed...

"A united demand of the west has caused the government to construct a very extensive railway to the north. It is estimated that the total cost of this railway and the equipping of a great national port on the Hudson Bay will cost this country not less than fifty millions of dollars in spite of the fact that this port can only be open to navigation about two months in the year...

"I submit that we require in the maritime provinces less party politics and more maritime politics. We know we are open to the accusation of being roushers but as eternal vigilance is the price of liberty, so must be the means of securing the amelioration of wrong conditions and the securing of national justice to these provinces...

TROTSKY AS ACTOR

A Recollection - By Oscar M. Carter.

It was in the autumn of 1902 in Paris. The so-called "Latin Quarter" the paradise of Bohemians from all over the world, was then the home of thousands of Russians. Most of them were political emigrants, and the Czar's government would have paid any price for the heads of several. There in Paris these political emigrants published their revolutionary books, magazines, and newspapers. They had their schools of propaganda, and meetings, lectures, and debates were held every evening...

Every group of Russian emigrants decided to produce, with the help of amateurs, Gorky's play, "Night Lodging" which had its run at the very same time in Moscow in the Art Theatre. In order to raise more funds a real theatre "au l'autre cote de la Seine" (on the other side of the Seine), in the fashionable part of Paris, was hired, and it was decided that not only the emigrants and students but also the representatives of the Russian aristocracy should come to the performance...

least fifty. Why should there not be a live board of trade in a town as important as New Glasgow, or in the largest town in Canada, Glace Bay? The soil is ready to be tilled to bring forth fruit but we must have a tiller properly equipped and properly paid to carry on this great work. I earnestly urge upon you that you take up this matter with a firm determination to wake up the maritime provinces from an apathy which I am afraid has overcome us, and so to organize all parts upon our rights and take our proper place in the Canadian Sun...

the parts were divided I received that of a former baron who had lost his all and was living with all sorts of drunkards in a night lodging. Trotsky was to play Vaska Pepl, the thief. There was young sport among us who was supposed to be our art director, but before any one noticed it Trotsky was doing the work of the art director, the stage manager, and even of the financial committee. He was all work and made everybody else work too...

I often think that the acting Trotsky did in Gorky's "Night Lodging" in 1902 in Paris was only a rehearsal for his real acting of today. There is a part in Gorky's play of an old man, Tucker, a wanderer, who brings love to everybody he meets, who tries to turn everybody toward God and love. Vaska Pepl cannot stand his optimism and once, when his disgust at it is height, he cries out: "Listen, old boy. Why are you always lying? To all you say 'It's good there, good here.' You are plainly lying."

CHILDREN ARE MORE IMPORTANT! "A farmer who is developing a fine farm that he hopes to turn over to his boy some day should devote as much time to the boy as to the farm," says Alfred Westfall of the Colorado Agricultural College. He should make him proud of his business. He should develop in him an early interest in agricultural matters. The farmer should give the boy his ideals and be sure that he brings the lad up an honest, dependable man. He should look after his health to be sure that the boy is strong and vigorous. And by constant effort on his part he should develop in the young man habits of thrift and industry that will insure his success. It takes time and trouble to raise a good crop of children, but it's worth it.

RECENT WEDDINGS

Miss Helen Mary Trites of Moncton and Dr. Lorne MacKendrick of the C. N. R. at Montreal, were married yesterday at the home of the bride. The ceremony was performed by Rev. W. H. Barracough. Mr. and Mrs. MacKendrick will reside in Montreal.

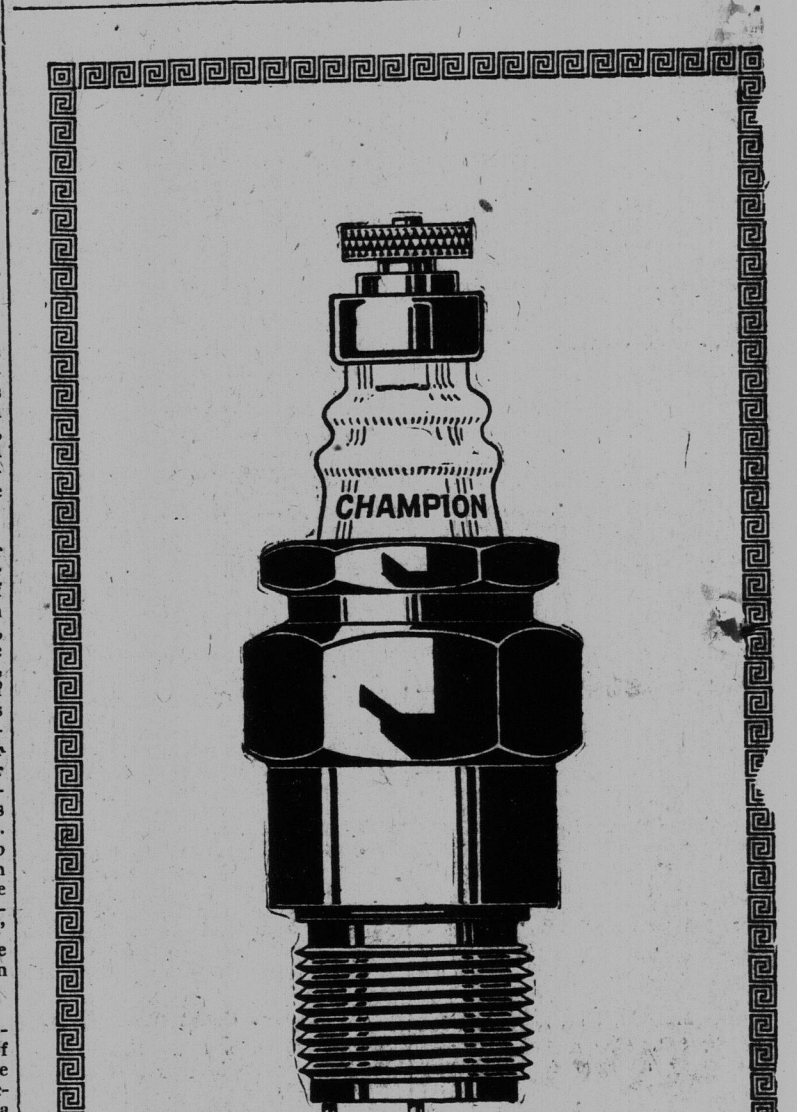

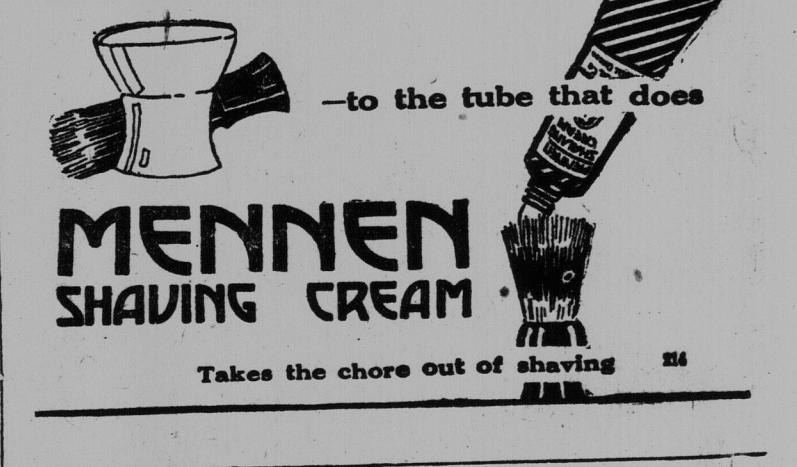

RECENT DEATHS

H. Mont Jones yesterday received a telegram announcing the death of his father, Dr. C. R. Jones, of Hatley, Quebec, and he will leave for Hatley tonight to attend the funeral on Saturday. Dr. Jones was sixty-nine years of age. He retired from active practice some time ago but he had been well until a few months ago when he was compelled to undergo treatment in hospital in Montreal. Later he returned to his home in Hatley where death came yesterday.

Kouchibouguac, Sept. 27.-The death occurred at Assiniboia (Sask.) on Sept. 20 of Charles Carter, son of Robert Carter, of Kouchibouguac, at the age of twenty-one years. He was a highly respected young man, beloved by all who knew him. His body was brought to Kouchibouguac and burial took place Sunday in the Presbyterian cemetery. The body was followed to the grave by a large concourse of relatives and friends whose presence testified to the high esteem in which he was held. He leaves besides his parents, four brothers and three sisters - Leslie, Bruce, Firth, Ernest, Isabelle and Ella. At home and Mrs. William Carter, of Harcourt. Service was conducted at home and grave by V. Walls.

Moncton, Sept. 30.-Sir William Wilfred Sullivan, retired chief justice of Prince Edward Island, died at the home of his daughter, Mrs. Edward McManus, Memramouc, today after a week's illness following a stroke of paralysis. Sir Wilfred Sullivan was born in humble circumstances at New London (P. E. I.) Dec. 6, 1848. By frugality and perseverance he accumulated sufficient money to educate himself at Central Academy, now the Prince of Wales College, Charlottetown, and at St. Dunstan's College in the same city. He studied law, becoming a barrister in 1867 and Queen's counsel in 1876. He successfully practised his profession in Charlottetown and was one of the counsel for the provincial government in the interest of the tenants before the land commissioners court under the land purchase act of 1875. He sat in the Prince Edward Island legislature for many years, becoming attorney-general of the province and premier in 1878. He continued as premier until 1889, when he was appointed chief justice of Prince Edward Island and judge in admiralty. He served as administrator of the government in 1890. In politics he was a Conservative and in religion a Roman Catholic. His wife was Miss Alice Maud Newbery, daughter of F. Newbery, formerly of London and Siena, Italy. She died in 1908. Sir Wilfred is survived by two sons, who reside in Montreal, and one daughter, Mrs. McManus. One son, Major Wilfred Sullivan, of the British Columbia Highlanders, commanded by a grandson of the late Sir Charles Tupper, was killed on Sept. 16, 1916, at the Battle of Courcette. Sir Wilfred came to see his son in St. John when he passed through this city. When he heard of the death of Major Sullivan he closed his house in Charlottetown and went to live with his daughter in Memramouc. Sir Wilfred was knighted in 1918.

Word was received here last night of the death in Brooklyn (N. Y.), of Captain Daniel W. Mahoney, one of the best known master mariners in the maritime provinces. He formerly commanded the St. John ship, the "Edmund", the barkentine Flashlight and the ship Kaubira. He had many thrilling experiences, especially during the war and two of his vessels were sunk by German submarines. Captain Mahoney was born at Spencer's Island (N. S.), sixty-three years ago. Roland W. Mahoney, of the Bank of Commerce, St. John, is a son.

The death of John Kornowski, a returned soldier, occurred at the East St. John county hospital yesterday. He saw service in France and on being returned to Canada, re-enlisted for service in Siberia but while enroute to that country he was discovered to be suffering from tuberculosis and was sent to a sanatorium in Vancouver. He later came to St. John to take passage for Poland but was discovered to be so seriously affected that he was sent to the hospital. He is survived by his wife who lives in Lombard street. The funeral will be held tomorrow afternoon from St. Joseph's street.

The death of John ("Jack") Tuck occurred recently at his home in Milltown after a lingering illness. He was only twenty-two years of age. He enlisted early in the war and while in training in St. John was placed in the military hospital here. From here he was sent to Hamilton, Ont., then to Kentville and a short time ago taken to his home in Milltown. He is survived by his father, three sisters and three brothers, to whom the sympathy of the community is extended.

NOVELTY SHOWER

About fifty friends of Miss Maude V. Atcheson gathered at the home of Mr. and Mrs. Chas. Finlay, Thorne avenue, and tendered her a novelty shower in honor of her marriage, which is to take place soon. The bride-to-be received numerous gifts, including linen, cut glass, and silver. The evening was spent in the usual games and music. Miss Atcheson will have the best wishes of many friends.
