HI GOOD-BYE

Affectionate Send-Off To Earl Grey At Quebec

PARTING SALUTE

Luncheon at Spencerwood Followed by Great Public Gathering in City Hall—Address and Gift Presented—His Excellency Makes Touching Reply

(Canadian Press) Quebec, Oct. 12.—Earl Grey was given a most affectionate send-off at the city hall last night. His Excellency and Lady Grey and party arrived yesterday morning by special train. Among the vice-regal party were, besides their Excellencies, Lady Sybil Grey, Lady Evelyn Grey, Mr. and Mrs. Malcolm, A. P. Sadler, Captain Freeman, Captain Bingham, and Col. Sherwood, chief of the Dominion Police. Also in the party were the three aides-de-camp—Captain Buckley, Captain Worthington and Captain Legat.

The party were entertained at luncheon at Spencerwood. In the afternoon, by the lieutenant governor and members of the provincial government. In the evening there was a great gathering of citizens at the city hall, when His Excellency was the recipient of a civic address and a gift from the citizens of the ancient capital. The gift was a replica of the Wolfe and Montcalm monuments.

In his address Mayor Drouin made mention of the brilliant career of His Excellency in Canada, which was appreciated by all classes of the population. "Like your illustrious predecessors," the mayor said, "you have given proof of high wisdom and enlightened devotion and zeal in the public service."

The address continued: "And if it were not presumption on our part, we would have wished, following the custom of the old city and the towns of the ancient world, to write your name in the book of gold reserved for the great citizens who bring lustre to the continent. But without exceeding our more modest role, it is our pleasure to repeat that your memory will live long not only in our hearts, but that it is given in letters that cannot be effaced in these historic walls which owe their restoration to your care."

Earl Grey made a very touching reply, speaking in French. He expressed deep regret which he felt at leaving the city and his thanks for the many favours which he had received from the people of Canada during his residence among them. He expressed his high appreciation of the loyalty of the Canadian people.

Earl Grey and party left Quebec at noon today. The vice-regal party left the city at 11:30 and drove to the King's wharf, where they boarded the steamer Earl Grey, and proceeded to the river. On the way they met the incoming R. M. S. Empress of Ireland, on which were the Duke of Connaught and party. After this Earl Grey and party boarded the R. M. S. Victorian on which they will return to England. On boarding the steamer Earl Grey, a salute of nineteen guns was fired from the citadel.

Revolution in China Grows Worse Hour by Hour—No Indication of Danger for Foreigners

Hankow, China, Oct. 12.—The revolutionary movement is gaining momentum with every hour. Since noon yesterday, it has swept the little city of Han Yang and the native quarter of Hankow. Great numbers of Chinese are joining the movement voluntarily. The losses in the fighting thus far aggregate several hundred, but practically all the dead are Manchus. The slogan of the movement, which is guided by shrewd and temperate leaders, is evidently "down with the Manchus."

Thus far there has been no indication of any animosity against foreigners. A special proclamation has been issued in which the penalty for any interference with foreigners or with commerce shall be instant death. The proclamation further declares: "The interests of the people. We will overthrow the tyrant Manchu dynasty and revive the rights of the real Chinese."

The capture of Han Yang which is a town of perhaps 100,000, just north of Hankow, has delivered into the hands of the revolutionists the arsenal and the important Han-Yan iron works. The revolutionists had no trouble in Han Yang, overwhelmingly outnumbering the local forces. General Chang Piao escaped by flight and the members of the local government were dispersed.

The popularity of the revolutionary movement all along the river, and the interior, is indicated by apparently authentic reports that several nearby cities have fallen. Where resistance was offered the revolutionists swept across the river, they followed their previous policy in Wu-Chang, avoiding any attack on the foreign concessions. The Methodist missionaries in Wu-Chang escaped over the walls and are known to be safe.

Pekin, Oct. 12.—Several British warships anchored in the Tientsin and the United States gunboat Helena and the Japanese cruiser Tsushima were expected here today.

A despatch from Cheng-Tu says the insurgents in Szechuan province held all the country west of the Min river between Kia-Ting which is 85 miles south of Cheng-Tu, to Kwanhsin, 15 miles north and 35 miles west of Cheng-Tu. Fighting continues daily.

ESCAPE FROM JAIL

Prisoners Make Rope Ladder and Scale 25 Foot Wall

Ottawa, Ont., Oct. 12.—Twenty prisoners serving sentences in Hull jail made a daring escape late yesterday from the prison yard by scaling the twenty-five foot wall by means of a rope made from strips of linen torn from an old sheet.

The escaped prisoners are J. Simon, an Indian, who was serving four months for theft, and P. E. Hume, who was only on Tuesday given a sentence of three months for getting money under false pretences from the E. B. Eddy Company.

TODAY AT CONFERENCE

Toronto, Ont., Oct. 12.—With "The church in the household" was the general topic for consideration by the Ecumenical Methodist conference today. The programme included "Home religion and religious education in the home," by W. B. Lark, of Bude, England, "Methods of religious training in the home," by Rev. D. S. Beckford of the Wesleyan Methodist church of the United States, "The Family Altar," by Dr. Richard T. Smith, of London, England, "The psychology of child training," by Rev. H. M. Hannell of Nashville, "The widening mission of the Sunday school," by Rev. C. E. Wilbur of Pittsburgh, Pa., and "The equipments of the Sunday School," by J. H. Freeman of the Wesleyan reform union.

TO PRISON FOR LIFE

Napapan, Ont., Oct. 12.—Sherman Wagar, aged seventy-one years, was sentenced at the assizes by Justice Chate to life imprisonment in Kingston penitentiary for having last January committed an assault on Miss Doyle, a highly respected lady, aged about fifty years. Wagar was arrested in the northwest and has done time before for similar offences.

Importance of Technical Education Well Recognized

ACCIDENT RELIEF

Workmen's Compensation Matter Given Attention at Toronto Session of Canadian Captains of Industry—Expert From States Bores Holes in the British Act

(Canadian Press) Toronto, Oct. 12.—Technical education and the tariff were the two important subjects taken up in yesterday's sessions of the Canadian Manufacturers' Association convention. During the afternoon, there was also a resumé of the question of accident relief, treated in F. C. Swedeman's lecture the previous evening.

The report of the committee on technical education reviewed the work of the last year, and the searching enquiry recently concluded by the royal commission on industrial training appointed by the late federal government and quoted the manufacturing representatives on the boards. The report also fully described the progress of technical education in Quebec, Manitoba, and Ontario.

In the discussion the speakers were practically agreed on the prime importance of technical education from the manufacturer's standpoint and the necessity of their emphasizing the influence of their respective representatives on the boards. The true dignity of acquiring a dirty face and hands in the performance of skilled labor should be instilled into the rising generation.

Workmen's Compensation The report of the parliamentary committee on compensation of workmen described the work accomplished during the year in the federal and provincial parliaments, special mention being made of the amendment accomplished towards the repeal of the British Columbia companies' act, and a strong recommendation was offered that the convention name a committee to investigate thoroughly the question of workmen's compensation and to report a carefully formulated policy.

COBB KING OF DIAMOND Newspaper Jury Award Prizes to Schulte and Him—Four Umpires for the World's Series Games

Chicago, Oct. 12.—(Canadian Press)—The outfield. The seating capacity of the permanent stands is nearly 40,000 and the early application for seats indicates that this will be almost sufficient with the addition of available standing room, accommodating 3,000 spectators. It has been decided that the playing field shall not be invaded.

Four umpires have been assigned to officiate, two from each minor league. When all four are to be used, two will be stationed in the outfield to decide when balls have been batted outside the number of spectators, restricting the number of bases the batsmen may take, while the other two umpires decide the bases and balls and strikes. Four umpires will not be used in any of the New York games unless to play one at the end of each foul line.

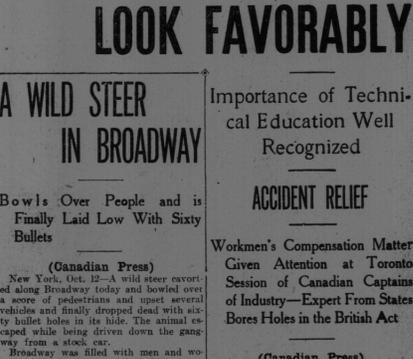

New York, Oct. 12.—There has been only a little betting here this far on the results of the world's baseball series. The New York Club management has decided to abandon the plan to build a temporary stand in front of the uncovered stands in the outfield.

The winners were scored according to his general election, Cobb's percentage was 3,000 and Shulte's 403 under the system used.

A WILD STEER IN BROADWAY

Bowls Over People and is Finally Laid Low With Sixty Bullets

(Canadian Press) New York, Oct. 12.—A wild steer cavorted along Broadway today and bowled over a score of pedestrians and upset several vehicles and finally dropped dead with sixty bullet holes in its hide. The animal escaped while being driven down the gaseway from a stock car.

Broadway was filled with men and women when the steer ran from 23rd street to 33rd. Six policemen were in hot pursuit, emptying their pistols as they ran, but none of the bullets struck a vital spot until the animal turned into 33rd street and was about to invade the new Pennsylvania station in 7th Avenue. There it fell dead on the sidewalk in the midst of a crowd of commuters.

At least twenty persons were upset by the animal. On its way the steer paused to enter the car barns of the Metropolitan Railway Company, where it lusted over five motorists. At 49th street a baker's wagon got in the way and in a jiffy, the street was littered with fresh baked rolls and bread. At 42nd street, the animal hanged into a milk wagon and the milk and cream flooded the pavement. By this time several hundred volunteers had joined the police in their pursuit and pistol pop-pet was incessant. The bullet that finally brought the animal down struck it in the head.

TO BUILD MEMORIAL HALL IN HONOR OF CARDINAL GIBBONS Two Thousand Clergy and Laymen Gather in Washington for Laying of Corner Stone

Washington, D. C., Oct. 12.—Two thousand clergy and laymen of the Catholic church are gathered here today to attend the ceremonies of laying the corner stone of the \$200,000 memorial hall to be named in honor of Cardinal Gibbons.

This structure, erected as a result of a popular subscription will be on the grounds of the Catholic University of America in the north east suburb of this city. Cardinal Gibbons will officiate. Archbishop Foley of New York will make an address and Rev. Doctors Charles J. Alken and Daniel W. Shea will participate.

THREE SACKVILLE WEDDINGS Death of Mrs. Obad Stokes—Seaside Hotel at Cape Tormentine Sold

Sackville, N. B., Oct. 12.—(Special)—There were three weddings in Sackville last night. Miss Lizzie Murray of Murray Road was married to Arthur W. Estabrook of Mount View. Rev. Mr. Gunn officiated. Miss Annie May Milton, daughter of Mr. and Mrs. Milton, became the wife of Harold Bliss Wheaton, of Middle Sackville. Rev. Mr. Gunn was the officiating clergyman.

Miss Hazel Pauline, daughter of Mr. and Mrs. Arthur George of Upper Sackville was united in marriage to Laurie M. Anderson, son of Mr. and Mrs. Bliss Anderson, Rev. S. Howard officiated.

Mrs. Obad Stokes died in Middle Sackville last night after an illness of several months. She leaves her husband, five daughters and six sons. The daughters are Mrs. Bessie Estabrook of Sackville, Mrs. Wm. Carroll of Woburn, Mass., Mrs. Benjamin Smith of Middle Sackville and Miss Jessie and Bertha at home. The sons are Gilbert, Earle and Layton Stokes of Middle Sackville, James of Bate Verté, and Bliss Winslow, of Woburn. There are also two sisters, Ansley Phinney of Upper Sackville and Mrs. Hill of Lynn, and three brothers, John Thompson, of Woburn and George and Leonard of Sackville.

Siddall Spence of Malden has purchased from John Tucker the Seaside Hotel at Cape Tormentine.

SETTLE TODAY ABOUT PROVICIAL POLITICS

Hon. Mr. Hazen Home But Declines to Make Any Announcements—Government Members All Say Nothing Decided—Flemming or Grimmer Premier

Hon. J. D. Hazen, the newly appointed minister of marine and fisheries, arrived in the city at noon today on his return from Ottawa. He was met at the station and welcomed by a number of his Conservative friends, including L. P. D. Tilley, Recorder Baxter, M. W. Doherty, Hon. Robt. Maxwell, Chas. Langley, Judge Armstrong and J. Starr Tait.

When asked by the Times representative Mr. Hazen said that he had nothing to say regarding his new department or the plans for providing him with a seat, or as to the situation in provincial politics resulting from his withdrawal from the local government.

A meeting of the provincial government was summoned for this afternoon at 2:30 for the purpose of laying the premier's resignation before the lieutenant governor, but, as Hon. Mr. Tweedie will not arrive in the city until 6 o'clock, this action will be deferred until the evening meeting.

At this afternoon's meeting the situation will be discussed by Mr. Hazen and his colleagues and their plans for the formation of the new government discussed. Various members of the government who were in the city this morning said that no decision had yet been arrived at regarding the choice of the next premier. It is understood that the choice rests between Messrs. Fleming and Grimmer, and that if Mr. Fleming will accept the honor that it is open to him.

Similarly the members of the government will not decide until after meeting whether the situation will lead to a general election or whether there will be merely the necessary by-elections. It is understood that at least one of the prominent members is in favor of an election before the next session.

Messrs. Fleming and Grimmer, in conversation with the Times this morning, said that no decision has been arrived at with regard to the election that will be pursued in either matter.

J. P. MOSHER'S AFFAIRS

At a meeting of the creditors of J. P. Mosher of Saint Martins on Tuesday afternoon in the office of Dr. King Hazen in this city a statement was presented by Mr. Mosher showing his liabilities to be \$11,500 and his assets \$10,000. This statement does not include certain other liabilities for which security has been given. The latter amounts include \$1,000 due W. H. Mackay secured by a deed to certain land; \$3,500 due Alex. Watson, secured in the same way and by lien on logs and \$5,000 to P. Raymond, as trustee, secured by mortgage. It is feared that the amount which the creditors will receive will not be as large as the statement would indicate owing to the losses incidental to closing out the property in this way and at the same time when the lumber market is in the low position.

C. W. deForest was appointed permanent assignee and W. C. Cross and C. F. Inches were appointed inspectors. Mr. deForest left this morning for St. Martins to look into the affairs of the estate.

Bellingham Family Dates Back to Wars of the Roses - The Suspension of the Bank of England

(Copyright, 1911, by the Brentwood Company.) Sir Henry Bellingham, who has just been appointed by King George to be his lieutenant and custos rotularum for the County of Lond, bears a name that is well known on this side of the Atlantic, especially in the New England states, as a number of members of the house of Bellingham held office there in colonial days; one of them in particular, Richard Bellingham, having been Governor of Massachusetts throughout a considerable portion of the seventeenth century.

Facts About Indigestion and Its Relief That Should Interest You. Facts About Indigestion and Its Relief That Should Interest You. Although indigestion and dyspepsia are very prevalent, most people do not thoroughly understand the cause and cure. There is no reason why a person should not eat anything they desire—fish, meat, poultry, fruit, and vegetables—without feeling any ill effects. Many people, however, are so afflicted with indigestion, that they are unable to eat anything, and they are often reduced to a state of actual starvation.

Countess Camilla Horov, who has just arrived in the states from England, is a frequent visitor to the United States, and has a number of friends here, especially in New York and up in the Berkshires, where, on the last occasion of her trip across the Atlantic, she was extensively entertained. She is the youngest daughter of King William IV, and of the well known actress Mrs. Jordan, immortalized in Romeo's picture, "A Country Girl."

OLD, OLD STORY. "Well, did you make her father to the mark, as you said you would?" "He took the mark all right, but I was the mark."—Philadelphia Bulletin.

The Evening Chit-Chat

"We are going to have a whist party at our house tonight," announced the bright little girl. "Is that nice," said I. "And I suppose you'll sit up to see the company?" "Oh my yes," said the bright little girl. "And I'm going to play, too. That is someone doesn't come and there is an extra place. You know," with an elaborately confidential air, "I really play better than mother does, but some people are queer about not liking to play whist with children, no matter how smart they are, father says, so I'm only going to fill in."

It is so easy to let a bright child see that you consider it a very marvelous creature with whom the rest of the world is scarcely fit to associate. It is so hard to keep your pride in its wonderful wit and precocity and beauty to yourself. But if whenever parents are tempted to be careless in this regard they would stop and think of the inevitable unpleasantness they are preparing for their children it would be well to take the easier way.

G. W. Ganong Talks to Times About Prosperity and Expansion in St. Stephen. G. W. Ganong, head of Ganong Bros., candy manufacturers of St. Stephen, is in the city yesterday for a short time on business. To a Times reporter he spoke very cheerfully of business matters in the border town. In their own town they were having an excellent year, and the end of 1911 would see a further increase of 20 to 25 per cent increase in business over 1910. They were glad to see the necessity to do some of the things that were necessary to catch up.

DEEP-SEATED COUGH CURED IN 5 HOURS. New Home-Made Syrup. Progress in medical compounds never ceases, and now it is stated by a prominent medical man that any deep-seated cough or cold on the lungs can be cured in five hours by the clock. Opium and morphine have been resorted to in the past, as a relief measure, but now it is learned that the system must be treated to rid the inflammation and congestion. A tonic laxative cough syrup has been developed that can be used as a substitute for opium and morphine.

WEDDINGS. Whites Cove, Oct. 9—A very pretty wedding took place at the home of Edward Coes, McDonald's Corner, when his daughter, Mabel, was united in marriage to Ira D. Ferris, formerly of this place, but now employed with the St. John street railway. The ceremony was performed by the Rev. A. B. McDonald, in the presence of about sixty invited guests. The bride was prettily attired in a dress of white silk with veil caught up by tiny white ribbons, entered the parlor on the arm of her father to the strains of the wedding march played by Miss Cora Ferris, and was attended by Miss Della Braden, of McDonald's Point, who acted as bridesmaid, while the groom was supported by his brother, Carroll Ferris. After the ceremony the large company sat down to a wedding supper. The large number of presents which the bride received, including silver, china, cut glass and cash, testify to her popularity. The groom's present to the bride was a substantial check. A rousing charivari was given, the young couple. After a two o'clock honeymoon spent with the groom's parents, Mr. and Mrs. W. A. Ferris, of this place, they will take up their residence in St. John.

**CAN NOT HAVE QUEBEC BYE-ELECTIONS NOV. 1**

It is a Legal Holiday--Hon. Mr. Parent, Report Says, May Oppose Pelletier--Mr. Rogers' Position

Can not have Ottawa, Oct. 12--(Special)--Should there be any polling in Quebec in connection with the re-election of the Quebec members of the Borden administration it cannot take place on November 1 as that will be All Saints Day. There is a special provision in the election act that polling cannot take place on a legal holiday in Quebec.

Should any of the Quebec ministers be opposed the polling will take place on November 2. Hon. S. N. Parent, the retiring chairman of the N. T. R. commission is mentioned as a possible opponent of Hon.

Dr. L. P. Pelletier in Quebec county. Mr. Parent refuses either to confirm or deny the report.

George Borden, M. P. elect for Nipissing is here today. It is said he will give his seat to Hon. Frank Cochrane, minister of railways. The announcement from Winnipeg that Hon. Robert Rogers, minister of the interior will sit from that city, is received with surprise. It means that Manitoba will have two portfolios and Saskatchewan none. There is said to be some doubt of Mr. Rogers' election in Saskatchewan, where he is looked upon as an outsider.

**OBSERVANCE OF COLUMBUS DAY**

Fifty Thousand Men in Line in Boston This Afternoon—More States to Make it Holiday

Boston, Oct. 12—At noon today at Beacon and Hereford streets Lieut. Col. John H. Dunn gave the command that started on its progress one of the largest parades that has ever been held in this city. It was in honor of the second holiday observance of Columbus Day in this state.

It is figured that some 50,000 men were in the procession with nearly two score of hundreds of thousands who lined the three miles of streets over which the parade passed. In the downtown section of the city many of the retail business concerns had their buildings decorated.

While the day is being observed in this State as a legal holiday for the second time, it is this year observed in 34 of the states as a legal holiday, and in at least six more, the next legislature will add that many more, so that with the passing of another year nearly all of the states of the Union will observe Columbus Day as a legal holiday.

William J. O'Brien, State deputy of the Knights of Columbus, has been the chairman of the executive committee that has brought about the celebration. He served in the same capacity one year ago. The committee has been able to conduct the celebrations without the expenditure of one cent save that which was raised through its own enterprise. Through last year and again during the present arrangements many business men and private individuals have generously forwarded checks to be used in paying for the celebration, through Mr. O'Brien's efforts the executive committee hopes to be able to accomplish this same result again this year.

Lieut. Col. John H. Dunn was chief marshal for the parade, and he had Lieut. George H. New of the 9th infantry, M. V. M., as his chief of staff. Major Rev. William H. O'Connell signified his willingness to have the Holy Name Society participate and this society also contributed between 20,000 and 25,000 men to the parade.

**CASE IN COURT TO INTERPRET A WILL**

Before Justice McLeod in chancery this morning the case of Jacob R. Vanwart and A. A. Belya, executors of the will of James W. Belya vs. the Diocesan Synod of Fredericton, was heard. This case stands over from the last session of the court in September. It arises over the interpretation of a will. The deceased had a bank account in three different banks jointly in the name of himself and wife and on his death a will was discovered giving legacies to different denominational bodies designated in odd ways such as a donation to the Episcopal body of Queens county for home and foreign missions.

Geo. H. Belya appears for the executors, J. Roy Campbell and M. G. Teed for the Episcopal church, A. A. Wilson, K. C., for Baptists, E. T. C. Knowles for the Methodists and A. A. Belya for the widow and granddaughters.

**THE EXPRESS RATES**

It was said today that a general revision of the express rates which is being made for the purpose of placing them on a more equitable mileage basis has resulted in both increases and decreases in the rates in this province.

Among the more important increases are the changes in the rates between St. John and Fredericton and St. Stephen. St. John and Fredericton has been increased from fifty cents a hundred to sixty cents and the rate between St. John and St. Stephen will be seventy-five cents instead of fifty cents.

On the other hand there is a decrease of twenty-five cents on the rates between St. John and points in northern New Brunswick, including Andover, Edmundston, Grand Falls, Plaster Rock and St. Leonard. The rates to Nova Scotia points will be practically the same as before.

The rates between New Brunswick and the western provinces, Alberta Saskatchewan and British Columbia are now in the course of revision and the new schedule will be announced as soon as the tariff department of the companies have completed their work. It is said that the new tariff will show great reductions in the rates.

**SETTLE TODAY ABOUT PROVINCIAL POLITICS**

(Continued from page 1)

Hon. John Morley said this morning that there was no question but that Mr. Fleming could have the position of premier if he would accept it. In discussing the situation he further said that while the action decided upon would undoubtedly receive the support of all the members of the government he could not say that whatever they did would appeal to all the supporters of the present administration.

Mr. Morley also made the prediction that there will be another Dominion election within two years and that when it comes Mr. Borden will be appealing to the country with reciprocity as his platform. "We must have reciprocity," he said, "and we undoubtedly will have it within a year."

**HIS FEET WERE WIG.**

He was a stout man, and his feet were big in proportion. He wore stout boots, too, with broad, square, heavily-lugged toes; and when he came into the boot-shop to buy another pair, he found he had some difficulty in getting out he wanted. A dozen, two dozen, three dozen pairs were brought and shown him.

"No, no; square toes—must have square toes," he insisted.

"But sir, everybody is wearing shoes with pointed toes. They are fashionable this season."

"I'm sorry," said the stout man gravely, as he got up and prepared to leave the shop—"I am very sorry to have troubled you, I'm sure. But, you see, I'm still wearing my last season's feet."

**SOCIALISTS DISCUSS REPLY FROM MR. HAZEN**

It was announced today that at a business meeting of the Socialist Party held in their new hall, 36 Dock street, last evening, correspondence from Premier Hazen with reference to the action of the chief of police in suppressing the open air meetings held by the party were discussed and a committee was formed to draw up a reply and it was resolved that the whole correspondence should be given to the press. The need of more publicity in the advertisement of propaganda meetings was also gone into. Owing to the prevailing high prices and the advanced cost of living it was also suggested that a co-operative society be formed in the city and the matter will be brought forward at the next meeting.

NEW BRUNSWICK

The amazing statement is made that there has been developed at the Albert county gas wells a sufficient flow to provide heat, light and power for every residence, store and factory in the maritime provinces.

Here is tremendous energy, waiting to be harnessed by human industry for varied uses. What it means to Moncton and that whole section of the province we can readily understand.

Why should not St. John derive benefit from its proximity to the oil and gas wells? It is believed gas can be obtained at points not far from Sussex, perhaps even nearer to this city.

The events of the last few years have confirmed in a very striking manner the views of those who insisted, often in the face of doubt or open skepticism, that New Brunswick possessed hidden resources of great value waiting to be discovered and developed.

MODERN NOVELISTS

A writer in Scribner's Magazine has some interesting remarks on the new British school of novelists. In his view they do not measure up to the standard of the former generations of novelists, and attributes the fact to an era of transition in which there is a certain feeling of spiritual homelessness.

DERELICTS AND OTHERS

That was a striking remark made by Dr. Davney of Chicago at the Methodist conference in Toronto when he said: "To save a derelict is a great thing for the derelict, but it does not mean much for the Kingdom."

ambulance method of reform, which waits till the mischief has been done. Viewed from any standpoint the problem of social reform presents very great difficulties.

NARROW VIEW OF HALIFAX PAPER DOES NOT APPEAL

Herald Would Oppose Hon. W. S. Fielding Running for Yarmouth Seat

(Ottawa Journal)

The proposal that the Conservative party shall facilitate the presence of Hon. W. S. Fielding in parliament by not opposing his return for the constituency of Yarmouth, where Mr. Law, the present Liberal member has offered to retire in his favor, is one that has not met with universal approval. The Halifax Herald, the chief Conservative newspaper of Nova Scotia, insists vigorously that the Conservative party shall put up a candidate in Yarmouth, if that constituency is opened, and turn the power of its organization towards encouraging Mr. Fielding's defeat.

While the Halifax Herald appears to be in favor of any divergence from its view on this matter is a species of naïveté, there are many broad minded Conservatives, party men just as loyal as the Herald, who believe that the presence of Mr. Fielding in parliament will be an advantage to the Conservatives as a party.

Parliament is the business council of the nation. The more men of breadth of experience, of ability it possesses, the better it is for Canada.

TOWN-PLANNING

(Toronto News)

They are nothing if not progressive in their views. The Commonwealth has made arrangements to build a brand new capital city, where no houses now stand. It will be laid out on the advice of the most expert town-planning authorities, who will have a thing of beauty and a joy forever, in New Zealand a few weeks ago a member of the house of representatives stated on the floor of the chamber that one day the political capital of the dominion would be undoubtedly moved from Wellington. He said that under the Town Planning Bill now before parliament - the government could easily secure a block of suitable land, say 10,000 acres up the Waikarapa valley, in the Macawatu or at the back of Blue Hills - he did not care which - and build there a capital which would be a joy to all time.

Some who could be done in this direction, as regards traffic, what has been done already in Europe. We could lay out a city in a regular form, with a park on the middle, and various boulevards, with the water, and it would not cost the country one red cent. That is one remarkable feature about it. It could be shown by estimations, he said, that within a year of starting the scheme interest would be paid on the \$1,000,000 that would have to be sunk in it, and that in fifty years it would pay half the expense of running the whole country.

PARTY MEN ARE DISAPPOINTED OVER CABINET

Mr. Borden's Montreal Followers Think City Not Treated Properly

PRESSURE WAS BROUGHT

New Premier Was Beset With Difficulties in Making His Choice - Ontario Fared Better - A Montreal Paper's Comment

(Montreal Herald)

It is not too strongly to say that there was extreme disappointment among Montreal Conservatives today over the personnel of the new Borden cabinet.

St. James and St. Francois Xavier streets buzzed with uncomplimentary remarks with gossip regarding the incidents surrounding the creation of the cabinet. It was openly stated that Conservatives who are in the swim that the difficulties which confronted Mr. Borden were so serious that as late as 4 o'clock last night it was supposed to advise the governor-general that it was not in his power to form a cabinet.

There was undoubtedly an extraordinary amount of pressure brought to bear upon Mr. Borden from all sides, and probably one of the most difficult situations he had to face was in this province. So fiercely did the contentions wage in Montreal, that as late as 4 o'clock last night it was understood that Mr. Borden was coming to this city to discuss the situation with his followers. Later in the evening he appears to have changed his mind, thrown overboard some of the most insistent of his advisers, wrote out his list, and practically said to the party "take it or leave it."

Sir Hugh Displeased

The quid nunc says that Sir Hugh Graham was one of the men whose recommendations had to go to the wall, and that he came back to Montreal a very much disgruntled man. As a result, an article severely criticizing the new cabinet is said to have been prepared for yesterday's Star but through the intervention of Mr. Borden's friends was not published. However this may be Sir Hugh's protegee, Mr. Macneil, was not given a portfolio, and Mr. Palliser, who has opposed the High Commissioner so his work will not go entirely without recognition.

Montreal English-speaking Conservatives are not at all satisfied with the absence from the cabinet of a representative of the Montreal English-speaking business interests. They evidently feel that Mr. Ames should have got a portfolio as a representative of these interests.

They also point out that Ontario with a population of about two million and a half, secured six cabinet positions and practically a seventh inasmuch as Mr. Perley is an Ontario man. From the Ottawa river to the Atlantic there are probably over three millions of people yet they have but six representatives.

Strong Men Omitted

As regards the personnel of the cabinet it is pointed out by the Conservatives who are taking umbrage at its composition that many of the strongest men in the list have been omitted from the list. They say: "Where are McBride, Whitney, Roblin, Tupper, Casgrain, Sprague, and Broderick? These are all names well known throughout the dominion, yet their places are taken by men who are probably well meaning and public-spirited, have not developed any particular aptitude for public life in the least. Of those thus characterized may be mentioned Messrs. Reid, Burrell, Crothers, Nantel, and Roche. In addition to these objections, all of which were heard on the streets, and in the offices of Montreal today, is another one which naturally is strongly felt by several groups of prominent Conservatives, it is the objection voiced by our Ottawa correspondents today that the cabinet will be in the main friendly to the Canadian Northern Railway and to the Bank of Commerce interests. In other words, as one prominent Conservative put it, Toronto appears to have captured what Montreal has long held.

From Ottawa

The Herald's Ottawa correspondent wrote as follows:-

It is being broadly charged, not by Liberals, but by disaffected Conservatives that Mr. Borden has surrendered to the Mackenzie and Mann influence and that

his cabinet is a Mackenzie and Mann cabinet.

What proof is advanced in support of this assertion? A leading Conservative, who took an active part in the recent campaign, is the authority for the statement that at least three members of the new cabinet are Mackenzie and Mann men - as the saying goes. These three members are Hon. Robert Rogers, Hon. Frank Cochrane, and Hon. W. T. White. These three are strong men, and if it be true that they are close friends of the Canadian Northern that company can congratulate itself on having very influential friends at court. It was pointed out, in this connection that some years ago, when Mr. Borden talked of state ownership of railways, it was understood that Sir Thomas Shaughnessy had made it clear that he did not consider this a wise policy for either country or railway. Perhaps a trace of the difference of opinion may be found in the composition of the cabinet.

In this connection, another interesting rumor is flying around hotel corridors today. The result of the president of the Bank of Commerce against reciprocity, and the work done against the government by the group of Toronto Liberals whom he headed, had much to do with Mr. Borden's victory. Of the group, Hon. W. T. White was a prominent member. He has been rewarded with a portfolio. What else will Mr. Borden do for the others of the group? The rumor is that the new government will not be as close to the Bank of Montreal as all preceding governments have been, and will be closer to the Bank of Commerce. The report is given for what it may be worth. This is in the nature of a P. R. interest, are said to be anything but pleased with the composition of the new cabinet.

THE REASON WHY

You don't take sauce? Perhaps not, but if you look for the reason why, you will find it in the fact that the word "sauce" suggests to your mind a thin, dark, hot-tasting fluid, which, if taken at dinner, runs all over the plate, and is eventually discarded as a nuisance in the mouth. No wonder that you do not take sauce - but, in the circumstances, and the taste of a properly chosen sauce, which is poured on the side of the plate, can be eaten with the meat like mustard.

A new sauce has been introduced by the Midland Valley Co. of England, which is quite different to the old-fashioned sauces referred to.

H. P. Sauce has proved an immediate success, and is now being regularly shipped to various parts of the world. It is prepared by blending together the choicest Oriental fruits and spices with pure white vinegar. The manufacturers' secret process produces a thick, frisky sauce, which, if poured on the side of the plate, can be eaten with the meat like mustard.

H. P. Sauce is also used very extensively in the kitchen, for dressings, have discovered that old and familiar dishes of which everyone has grown tired become tempting and delicious when enriched and enlivened with H. P.

All family grocers are selling H. P. Sauce. Of course its success has brought many imitations, but if you ask for H. P. and see that these letters appear on each label, you will appreciate the possibility of disappointment.

TO ESTABLISH OSTRICH FARM. Spokane, Wash., Oct. 12 - Frank W. Hillman of San Diego, Cal., who was an exhibitor at the Spokane Interstate Fair last week is planning to establish a large ostrich farm near Spokane next year, having satisfied himself, following an extensive investigation, that the big birds can profit in the inland Empire as in California.

It has been demonstrated that ostriches thrive in the cooler climate, he said, also that the fowls are of a better quality and grow longer and wider than in the tropical climates. There is every indication, he added, that the industry will be established in western Oregon and Washington and the birds are doing well.

MANUFACTURERS LOOK FAVORABLY

(Continued from page 1)

Alex. Saunders, of Goderich, asked what could be done towards enforcing proper systems of accident prevention. It had been his experience that employees were prone to remove various safety appliances as soon as they were installed.

P. C. Schwelbman, an expert from the United States, said that a simple solution lay in the direction of a law now pending in Germany, whereunder the removal of any safety appliance by either employee or employer, would be made a penal offence.

Without wishing to recommend any special system, he emphatically endorsed the proposition for a committee of Canadian manufacturers to decide on standard safety devices for the prevention of accidents and to formulate a scheme of compensation for preventable accidents.

Canada should be able to outdistance Germany, he hoped in this just as much as in other directions, evolving a system better than the British workmen's compensation act, which, it must unfortunately be admitted, was the worst law of the sort in the world.

The funds should come from three sources - the employee as being responsible for a proportion of accidents; the employer, for the same reason; and the state, because it would benefit from the withdrawal of the many law suits which now clog the courts of justice.

Some drastic alterations in the methods of the association were advocated in the report of G. M. Murray, general secretary, the most radical being a suggestion that the work now undertaken by the different committees, should be delegated to the department heads, leaving the committees more free for duties of a purely advisory nature.

A woman isn't necessarily of the bold faced type because you can read her like a book.

TORONTO DOES NOT LIKE THE APPOINTMENT

Reprisals for Placing of White in the Cabinet Threatened

A SPEECH RECALLED

Conservatives Blame Whitney Government for Selection of New Finance Minister by Borden—Opponent of Cheap Power Policy of Conservatives

(Toronto Telegram.) While it is taken for granted that W. T. White will be R. L. Borden's minister of finance, such promotion is not being taken with good grace by the rank and file of the Borden following. They blame the Whitney government, particularly Sir James Whitney, Hon. W. J. Hanna and Hon. Frank Cochrane, for the move and threaten reprisals in Toronto where the party is in a future over the thing. It was declared today that Hon. Dr. Fryer and Hon. J. J. Foy would have to fight for their seats in East and South Toronto respectively at the coming provincial election.

Conventions are to be called for these constituencies just as soon as arrangements can be made and the names of the minister of education and the attorney general will be proposed when nominations are called for at each riding.

No precedent for it. No precedent for such action can be found, it is pointed out. Sir James Whitney himself threw no support to the Liberal who voted for him in 1906 when there was no material interest at stake, but purely a question of decent honest government. He selected for his cabinet men whose first qualification was that they were Whitney Conservatives. When he went to the province again in 1908 he got greater Liberal support than ever.

We protest against the appointment of Mr. White because of his hostility to the public ownership policy of the Whitney government, said the protest of the Toronto Conservatives that was sent to Mr. Borden. In his speech to the Canadian Club on behalf of the appointment of Mr. White, he came out in the open and Toronto Conservatives claim he is no friend of the causes that have made their party great in Ontario.

Asleep at Switch. Conservatives of the city and county feel that they were slow in getting the ear of Mr. Borden sooner. Z. A. Leach, C. C. was early at Ottawa to advocate the appointment of Mr. White and he was followed by J. W. Flanagan and three other men who were included in the new ministry.

Opposed Cheap Power. Mr. White's hostility to the Hydro-Electric power policy of the Whitney government was declared the great objection to his appointment at the meeting of the conservative organizations of Toronto on Friday night.

Delegates to Municipalities Meeting Say it is Not Right Way to Deal With Juvenile Delinquents

Newcastle, N. B., Oct. 11.—The sixth annual convention of the Union of New Brunswick Municipalities opened here this afternoon before a large number of representatives. Hon. John Morrissey, chief commissioner of public works, officially opened the convention and referred many important questions that would engross the attention of the convention.

The executive comprising President Sterling, Secretary-Treasurer McCready, Ald. Wallace, Mayor Kelly, Ald. Ellis, Councilors Cochran, Mayor Thomas, Mayor Pedelin, Councillor Siddall and Ald. Potts met at noon and arranged further details of the programme.

The president, A. Sterling, in his address, dwelt upon the importance of securing a fair and equitable distribution of the burdens of taxation and urged continuous and painstaking efforts in this direction. He also advocated uniform instruction in the public schools dealing with the underlying principles of municipal government and the assessment of taxation.

of a number of cities in the United States and elsewhere, that have handled the boy problem in a very successful manner. The first and most essential movement is the establishment of a juvenile court and a place of detention. In establishing a juvenile court such as our police or superior courts with all their formalities and dignity, but a room with simply a few chairs and a table, not open to the public, but only to those directly interested in the case. And the court presided over by a judge who will be sympathetic not sentimental, with a quality of firmness which will give the child resolution, so often needed in the absence of parental firmness at home and which is responsible for much serious delinquency. The probation officer should have an outlook sufficiently broad to comprehend the need and nature of the child and make the most of them and never cease in his endeavor to mold the child's character. The detention home is where the child is taken when arrested instead of the police court and is held there until taken before the judge.

THE CHURCH'S ASPECT TO SOCIAL PROBLEMS

Rev. Dr. Crews Writes of the Proceedings Yesterday at the Ecumenical Conference

(By Rev. Dr. Crews.) Toronto, Oct. 11.—(Special)—The subject of Socialism was before the Ecumenical Conference this morning, and its attitude was by no means antagonistic. A distinction was made between Socialism, that is anti-Christian, and that which is in harmony with the teaching of Jesus.

Favor Open Air Preaching. An Englishman who took part in the discussion on evangelism last night, has a great reputation in his own country for his evangelistic zeal. Rev. C. Ennor Water, of Sheffield. He is accustomed to frequently preach in the open air, and in his speech put in a strong plea in favor of this method of religious work.

"Save the Child." Those who are specially interested in Sunday school work were delighted with the remarks made last night by several speakers, concerning the importance of religious education among the young. Mr. Dabney declared that the church must put as much emphasis upon formation as reformation. "To save a child from becoming a prodigal is just as good evangelism as to bring a prodigal from the far country."

Matters at Ottawa—Conservative Paper Advocates Hon. W. S. Fielding as High Commissioner

Ottawa, Oct. 11.—The new cabinet ministers spent today trying to find their bearings as executive heads of their respective departments of state and in getting acquainted with their staffs and with the accumulated contents of the ministerial "basket."

It seems tragic that neither Lord Strathcona nor his cousin, Lord Mount Stephen, should have a son to carry on their name and work. The story of their rise from quite humble beginnings to that of two of the richest men in the empire is made all the more remarkable by the fact that they are cousins and that both rose to such distinction side by side, as it were.

It is very wealthy. Although his gifts to charities and institutions have been of the most princely order, he is still immensely wealthy, owning five residences in various parts of the globe. After his elevation to the peerage, Lord Strathcona obtained a special patent to enable his daughter, the Hon. Mrs. Robert Howard, to inherit the title, as he has no son.

Honeymoon to "Lorna Doone" Country. Captain Dudley Carleton and his young wife, who, until a few days ago was presided by Kathleen de Blaquier, are spending their honeymoon in the romantic "Lorna Doone" country, otherwise known as the Acadian peninsula. Both are connected with Canada. The mother of the bridegroom, who has been Baroness Dorchester in her own right in 1890, was a daughter of the third baron and is a descendant of Guy Carleton, who was a governor of Canada from 1766 to 1770.

FIFTEEN YEARS

A DYSPEPTIC

Forced to Live on Stale Bread and Porridge--"Fruit-a-lives" Cured Him.

Avondale, N. B., October 15th. "I have been a great sufferer from indigestion for fifteen years. I was forced to deny myself all such hearty foods as beans, meats, potatoes and could not drink tea or coffee. For the past two years, I lived on porridge, stale bread, etc. I had treatment from two doctors, and tried nearly every kind of medicine, but got worse.

"Finally I saw a testimonial of 'Fruit-a-lives' and concluded to give them a trial. I took nearly two boxes of 'Fruit-a-lives' and they have cured me like a new man. I can eat all kinds of hearty foods without suffering and am no longer constipated."

LEWIS W. BROWN. Many people look on "Fruit-a-lives" as a miraculous medicine. It has indeed performed what have seemed like miraculous cures in hundreds of cases of chronic indigestion, Dyspepsia, Constipation and Biliousness.

"Fruit-a-lives" is the only medicine in the world made of fresh fruit juices and valuable tonics. See a box, 6 for \$2.50, or trial size, 25c. At all dealers or from Fruit-a-lives Limited, Ottawa.

THE GRAND OLD MAN OF SALVATION ARMY

General Booth has just completed his seventh motor car tour of England. In twenty-eight days he visited sixty towns and delivered one hundred addresses. Although nearly blind, he is leaving at once for a tour of Germany, and anticipates a visit to Canada in the early spring. His eighty-two years have not prevented him visiting nearly all of Europe during the summer. In Italy his experience was wonderful. Fourteen years ago when he was in Rome not a single hotel would receive him. This summer he spoke at a monster meeting, presided over by Mayor Nathan, and attended by the officials of the city and a contribution of \$2,500 was made to the Army's Italian work.

CANADIAN MANUFACTURERS' ASSOCIATION AGAINST INCREASED PREFERENCE

Toronto, Oct. 11.—There was warm debate at the Canadian Manufacturers' Association in convention this morning as to whether a resolution should be sent to Premier Borden opposing any further preference to Great Britain. It came over a report of the tariff commission presented by T. A. Russell.

Speaking in a resolution Cyrus A. Birge, of Hamilton, said the preference had gone far enough and anything further would hamper Canadian industry and the government should know this.

H. J. Waddle, of Hamilton, endorsed this view. Any further preference would tend to lower the standard of living in this country.

Mr. Fraser, of St. John's (P. Q.), and other members dissented and thought the question was one for the tariff committee and the government should be urged to create this commission out of the best possible material.

W. K. McNaught, M. P. P., did not think any government should place the making of a tariff in the hands of any commission, no matter how good their duties should be purely advisory.

President Rowley expressed the opinion that a report of what had been said would give a wrong impression to the public regarding the purposes of the association and he suggested a resolution to repeal the preference would be regarded as raising the tariff against the goods of St. John's (Que.), and R. S. Goulet, Toronto, was moved without opposition to request the tariff committee to draw up a resolution to be submitted to the council of the association and by them to the government favoring the appointment of a tariff commission to thoroughly investigate tariff conditions in the interests of all Canada.

The secretary also urged a further increase of the duties to provide for a rest fund and permit of larger expenditure in useful directions. The report was referred to a special committee which will report back with recommendations.

INFLAMMATION AND PAIN

Cured by Lydia E. Pinkham's Vegetable Compound.

Creston, Iowa. "I was troubled for a long time with inflammation of my stomach, headache and nervousness. I had taken so many medicines that I was discouraged and thought I would never get well. A friend told me of Lydia E. Pinkham's Vegetable Compound and it restored me to health. I have no more pain, my nerves are stronger and I can do my own work. Lydia E. Pinkham's Vegetable Compound cured me after everything else had failed, and I recommend it to other suffering women."—Mrs. Wm. Skala, 605 W. Howard St., Creston, Iowa.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

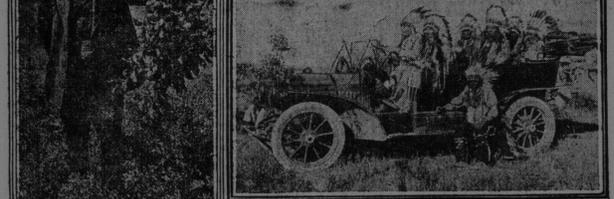

Women who suffer from those distressing ills should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

SIoux INDIANS TO YIELD ANOTHER MILLION ACRES OF THEIR LAND

DALLAS, S. D., A THREE YEAR OLD TOWN. MABEL HICHT BUILDING HER HOME AT WHITE RIVER.

COLONEL JORDAN IN HIS ORCHARD. A CONTRAST IN CIVILIZATION.

The opening of the Rosebud and the first of the Pine Ridge reservation lands in Millette and Bennett counties, South Dakota, this month, will mark the final passing of the old Sioux Indian, with his traditional prejudice against the pale face. The Opallala Sioux, of Pine Ridge, fought the allotment system and the selling of land for several years after their Rosebud neighbors had accepted the inevitable.

In the very heart of the country to be opened for settlement is the farm of old Colonel Gordon and his wife, Julia Blue Eyes. They have three sections of land, with great fields of grain, strawberry beds and an apple orchard that might almost supply the Sioux nation with fruit.

CAN NOW WORK WITH COMFORT

The Old Pains and Aches Are Now Only a Memory. Tells of the Wonderful Benefits Obtained From DR. CHASE'S KIDNEY-LIVER PILLS.

Like many another Newfoundlanders living far from home, Mr. St. John feels the need of a tonic. He has obtained the same from the use of Dr. Chase's Kidney-Liver Pills.

For years he has suffered from a general ailment, which has not improved until he took Dr. Chase's Kidney-Liver Pills, but I haven't time to describe his sufferings as well as the gratitude he feels for the benefit derived from the great medicine.

Mr. Alex. St. John, West Point, Nfld., writes:—"I have never thought I had been so ill. I have taken Dr. Chase's Kidney-Liver Pills, but I haven't time to describe his sufferings as well as the gratitude he feels for the benefit derived from the great medicine."

CAPTURE ITS TERRITORY ACRE BY ACRE

Rev. Mr. Ross' Line of Attack on Liquor Business—He and Rev. Mr. Thomas Speak in Lancaster Campaign.

A meeting was held at South Bay last evening by the local option forces of the parish of Lancaster. Rev. H. B. Thomas and Rev. G. A. Ross, who have addressed previous meetings were the speakers. Samuel Linton occupied the chair.

Rev. Mr. Thomas considered the relation of the liquor traffic to the ten commandments and said there was not a solitary commandment but had suffered infraction which was directly traceable to the traffic. A quotation was made from a London paper giving an appalling record of the ravages made by strong drink in England in two weeks. And yet this was the business they were asked to assume the responsibility for licensing. A day would come when the annals of the nation would be stained with bewilderment, that they ever allowed such a death dealing evil to exist.

The question of economy was introduced and yet, he said, think of the annual waste in our own Canadian land. The amount spent in Canada for strong drink would furnish an annual pension fund of \$150 for every family; in two years would provide a horse and carriage for every family and in four years provide an automobile for each family. It would supply a suit of clothes for every man, a gown for every woman, and all the clothes needed for every child from Charlottetown to Victoria.

Mrs. Vivian Harris of Chicago, who was Miss Longley of Prescott, Ontario, has been making quite a lengthy stay in England, having been here nine months, and is to return to America soon.

Miss Rosemond Bonilthe of Toronto who has been spending the summer in England has gone to Paris for a while. Lady Kirkpatrick, widow of a former lieutenant-governor of Ontario, has been in the other part of the province but is now installed in her flat at Hyde Park Gate for the winter.

Both Dublin and Montreal will be interested in the marriage of Helen Grier, second daughter of the late Mr. and Mrs. Brockwell Grier, Montreal, to John William Aimers of Dublin, which will take place very quietly in London next week. The bridegroom's parents, Mr. and Mrs. Thompson Jeffrey Aimers are at his home in Bath, N. B. He had wounded himself by shooting on the way and it was feared that he had become temporarily insane.

SPORT NEWS OF A DAY; HOME AND ABROAD

Richmond, Va., Oct. 11.—The All Stars had little trouble in defeating the Philadelphia Athletics today by a score of 13-8.

It is probable that Fall River will not be represented in the New England league next season, the stockholders voting at the annual meeting Tuesday night to call for bids on the franchise.

Dominion is to manage Philadelphia again next year. The next step for President Fogel is to take it to get his star pitcher, Alexander, satisfied.

It took Domin some little time to get his batting eye back, but it came before the end of the season and he gets into the 300 class by a good margin.

It was a great ending of the season by the Boston Nationals. The new men have certainly been hitting the ball hard and promise some good things when the 1912 season opens.

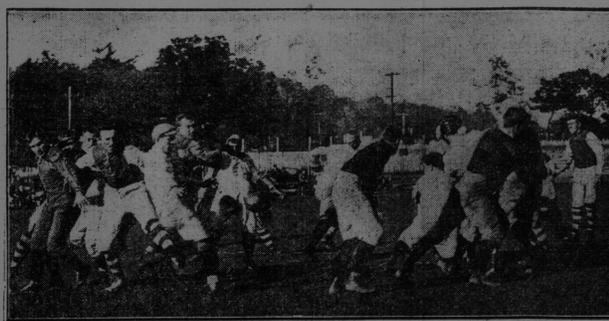

All football players who have been practicing for the senior team are requested to meet at the Y. M. C. A. tonight at 8 o'clock.

Montreal, Oct. 11.—Sweeping changes in the regulations under which hockey has been played by the teams in the National Hockey Association were made tonight at a meeting of the magnates of that organization.

Montreal, Oct. 11.—Ernest W. Hjertberg, the trainer, who is in his native country shaping up the Swedish talent for the Fifth Olympiad, which is to be held in Stockholm from June 29 to July 22, 1912, writes to his friend Eric J. Hiltstrom, Brooklyn, that he has strong hopes of his pupils winning the laurels.

Montreal, Oct. 11.—The followers of the wrestling game who went to Schuster Park tonight, were disappointed. The bout between Raymond Cazaun and John Perelli, was comparatively tame. Cazaun took

two straight falls, both with body holds. The first went nineteen minutes, but on going to the mat the second time, Perelli tired quickly and fell an easy victim.

Some excitement is looked for next Wednesday when John Fohl Abs and Cazaun who on their last appearance converted a Greco-Roman bout into a free fight will meet again, this time at catch-as-catch-can with every hold, including the strangle hold, allowed. On the 23rd Cazaun will meet Peterson, who claims the Greco-Roman championship of the world.

The trainer writes: "I actually think that the Swedes are going to win the majority of the events. I never saw any men come up so fast, and the pride and patriotism they show in their work, the care they take of themselves and their obedient show how much in earnest they are."

The patron of the games is King George V. The whole nation from King to "boobs" is interested and very serious.

Dover, Eng., Oct. 11.—Guy Masterman of Dover has just performed the feat—never previously accomplished by one man so far as is known—of rowing from Dover to the French coast and back. When, moreover, the performance becomes all the more remarkable.

The craft employed was a light 13-foot boat, and the course was piloted for Mr. Masterman by Thomas Brockman, coxswain of the Dover life boat, who accompanied the sculler in a motor launch. The time occupied by the rower was 12 hours 40 minutes, including about five minutes spent on the French soil at Sangatte, and it is interesting to know that the time taken on the home journey was practically identical with that taken on the outward course.

Let employers and employed get together. All are members of the same community, all are bound together by the ties of work. Men and masters have to take the same risks, and to share the profits and the losses. If there are disagreements they should get together and reason the matter out. We will not see much of these disputes if that plan is applied. There is often an earnest desire among those who are well off to help those in need.

Sir Robert mentioned that in the 25 years that his firm had been undertaking great public works all over the world there had never been a strike or a lock-out.

CORONATION ROBES OF FIVE SOVEREIGNS

New London Museum Will Have 8,000 Exhibits—Also Will be a Chamber of Horrors

London, Oct. 12.—In the room in Kensington Palace in which Queen Anne died and beneath the windows of which is the tiny playground of Queen Victoria's childhood, Guy Laking, the king's armorer, is busily classifying the exhibits of the new London Museum. Considerable time must elapse before they can be placed on public view for almost they number nearly 8,000, and to catalogue a collection which is drawn from every period of London's history is no light task.

The coronation robes of five sovereigns—Queen Victoria's, Queen Alexandra's and Queen Mary's, together with King Edward's and King George's, also some of the early costumes of Queen Victoria and the dresses of Queen Mary were made at King Edward's coronation, and beneath her robes at her own coronation will be on exhibition. Another exhibit will be the christening clothes and shoes of King Edward.

All these will form part of the costume history of London, towards which have already been added the magnificent Seymour Lucas collection.

The series comprises three or four hundred costumes, ranging from the fourteenth century to the present day. In the Elizabethan and Jacobean periods it is especially fine, and there are some beautiful silver-embroidered leather coats of the Commonwealth.

There will also be a chamber of horrors, showing the execution axe found in the Thames by the Tower; fetters worn by Tom King, the highwayman; some more letters (sixteenth century), fished up from a well at Newgate; a basin from the condemned cell, as well as some fascinating lambs-wool and handkerchiefs.

NEW HEAD OF SOUTH AFRICAN RAILWAYS

W. W. Hoy Will Have Control of More Than 8,000 Miles and 43,000 Employees

Cape Town, S. Africa, Oct. 11.—The appointment of W. W. Hoy as general manager of the railways and harbors of the union is gazetted. The extent of the responsibilities attaching to such a position may be estimated from the following details.

There are under the charge of the general manager of railways 7,500 miles of open line, 700 miles are under construction and 500 miles more have been authorized. The European employees on the system exceed 24,000 in number and the colored employees 19,000.

The rolling stock includes some 1400 engines, 2,100 coaches and 23,000 goods trucks, etc.

The traffic receipts for the current year are estimated at £11,334,000, and the expenditure is put at £9,930,000.

Mr. Hoy's railway career commenced as a clerk in the goods manager's office of the North British railway. He subsequently entered the service of the Cape Government Railways and has advanced grade by grade to the premier position in the unified railway system of South Africa.

FOUGHT DUEL WITH SCYTHES

Geneva, Oct. 12.—Two young Swiss, named Desnoez and Quenez, cousins, and rivals in love, quarrelled while making hay at the village of Contey, Canton of Valais, and fought a duel with scythes, the other hay-makers being afraid to approach them.

Quenez received a severe gash in the thigh, but the duel continued until Desnoez, in swinging his scythe, overbalanced and fell upon the sharp blade. He was transfixed, and died within a few minutes.

The police are looking for Quenez, who has disappeared. It is said that he was attacked first by his cousin. Owing to the injury he received, it is unlikely that Quenez is far from the village.

The world doesn't ask how you got there after you arrive.

SIR ROBERT PERKS' VIEWS AS TO LABOR

If Men at the Top and Bottom Understood Each Other Trouble Could be Averted

(Toronto World)

England's recent labor troubles were briefly dealt with and a remedy was suggested by Sir Robert Perks, of London, in an address before the British Welcome League last night.

"I believe that if we are going to solve the labor troubles it will be by the men at the top getting into touch with all of the men down to the bottom and by having an intelligent understanding with them," he said.

"There should be an arrangement between employers and employed which would permit of the men going at any moment to the employers and explaining their grievances. The men should be welcomed by the employers, and the employers should be anxious to overcome any causes for complaint."

"Let employers and employed get together. All are members of the same community, all are bound together by the ties of work. Men and masters have to take the same risks, and to share the profits and the losses. If there are disagreements they should get together and reason the matter out. We will not see much of these disputes if that plan is applied. There is often an earnest desire among those who are well off to help those in need."

Sir Robert mentioned that in the 25 years that his firm had been undertaking great public works all over the world there had never been a strike or a lock-out.

TRAGEDY OF POVERTY

Artist Unable to Support Family, Kills Wife, Babe and Himself

Berlin, Oct. 12.—Schless Riecklen, Hanover, once the residence of a Prince of Waldeck is the scene of a tragedy of disappointed artistic hopes and an unsuccessful struggle with poverty. Four years ago it was occupied by a young artist named Haver and his wife, to whom it belonged, and twelve months later a boy was born.

The young man, named Haver, was born in the house, but he had to live in a tenement, and as they had no other means of subsistence, they were obliged to sell the Schloss, in which, however, they remained as tenants.

The purchase money did not last long, and latterly their furniture had been sold off piece by piece by the bailiffs to satisfy the demands of their creditors. On Sunday morning a girl from the neighboring village who helped in the household work, found the young man lying dead. Haver had evidently shot his wife through the head as she was standing before the mirror taking down her hair preparatory to retiring for rest. He had turned the weapon on the little boy, who was asleep in bed, and finally fired on himself in his own temple. Haver's father is a professor in Posen.

AMUSEMENTS IN ST. JOHN; WHAT THE PLAYHOUSES OFFER

OPERA HOUSE

The Rosary, written by the well known author Edward E. Rose, will be presented at the Opera House for three nights on Oct. 16, 17 and 18, with John Meehan in the leading role that of Ben Kelly. The book and the song of the same name have long been popular, and the play has been a dramatic sensation since its first production.

The Rosary is described as a sermon, as good as has ever been preached in the theatre. The story of ruin with which the play deals is brought about wholly by implication. It shows the working of the human mind when doubt infests it; it shows strongly the effect, once the seed of suspicion has been sown, and all by ideas not by word of mouth. While the story is dramatic throughout, there is sufficient comedy interwoven to ease the tension. The Rosary should be witnessed by all, regardless of their tastes. It is a power for good. The performance will be found thoroughly enjoyable.

Seats on sale at the Opera House.

NICKEL

Albert Chevallier's song, My Old Dutch, is worked into a lovely film-story by the Vitagraph Company and is being shown at the Nickel today for the first time. It is the incident of a good-hearted old pair of costermongers in London, whose bread cast upon the waters who they sheltered and cared for a sick and starving artist, returns to them in time of need most unexpectedly. The characterizations by Maurice Costello, VanDyke Brooke and Mrs. Maurice (an aged lady), are excellent. The Vitagraph story, The Old Confectioner's Mistake, proved pleasing and exciting. The comedies, Her Cigarettes, and The Fountain of Youth, by the Lubin Co., were also good. Today Miss Breck sings Strozzi's Happy Day and Mr. Stedman has a new number. New picture Friday.

LYRIC

The programme arranged for the balance of the week at the Lyric is said by the management to be one of the best offered in some time. Sharp and Baker, singers and dancers, will be the star attraction and for those who like lots of dancing this act will fill the bill to perfection. The picture programme is said to be of exceptional worth, the leading subject, The Younger Brother, is a story of great, but better than Frost, and The Pump, by the Vitagraph Co., is said by critics to be a fine picture. There will be two other pictures.

MT. ALLISON TEAM WILL BE A LIGHT ONE

Sackville, Oct. 12.—(Special)—The arranging of the schedule for the Intercollegiate Football League games has set all the collegians here speculating more than ever as to the outcome of the trophy series. Nor are the speculations particularly rosy. The outlook at Mt. Allison is not very good, and they are wondering if, after all, either Acadia or U. N. B. is not going to pry the King Richardson silverware from its present moorings here.

There are several bad holes in the fifteen. Practically a new forward line has to be made up. Parker and Woodman being the only two of last year's scrum men on hand. Both these men will catch the team again. The other forwards will probably be picked from Tompkinson, Titus, McDonald, Ripley, A. Mercer, Peters, Tomblin, C. Greenham, and Fraser though there are one or two others who may develop enough to get in the running.

Captain Buckley will again be one of the quarters. Whether or not the plan will be to play two quarters or three is not yet known, but in any event, the choice will be made from Fuller, Lewis, Dickenson, West and Thompson.

The twelve fullbacks will be picked from Hutchinson, Barter, Godfrey, Pickard, Smith, Millard and Grant.

Being to the correspondent yesterday Capt. Buckley said:—"Our team will be light and so far the prospects are that it will not be especially fast to turn but, of course, with a light team nothing but speed can save us."

Certainly the outlook is not so promising as it was at this time last season, but we hope to keep the other teams busy even if they do beat us. U. N. B. apparently is going to be much stronger than last year, and Acadia, too, is understood to be getting a mighty good team. Some newspaper reports would seem to indicate that Acadia will be weak, but we are not banking anything on stories of that kind just now. U. N. B. with a coach and a number of new men who are experienced football players, should be a mighty dangerous proposition this year, particularly in Fredericton, where we have to meet them. We would like mighty well to turn both teams, but I am not making any predictions, and do not intend to make any."

There are strong hopes for his recovery.

TAXATION MATTER OFF. The meeting of the special committee, which is to draw up a report on the proposed adoption of a reformed system of taxation, which was to have been held this afternoon, has been postponed indefinitely. This action was taken partly on account of the absence from the city of Ald. Potts and partly because the aldermen wish to devote their time to the investigation of the department of public works and get through with it before taking up the arduous task of tax reform.

ST. ANDREW'S CADETS. St. Andrew's Cadet Corps which has done some good work in the past and developed some very good rifle shots will commence its winter season's drill on Friday night at 7:30 in the school room. A full attendance is looked for and as there are a few vacancies any boy wishing to join should be present. One member of the corps who attended the P. R. Albert Murray, William Hanley and James Murphy were all remanded on like charges. Mrs. Ellen Murphy, also charged with drunkenness, told the court that she was just celebrating last night on account of the wedding of her daughter yesterday afternoon. "A nice way you took to celebrate, said the court. You will be sent to the Good Shepherd's Home for a term."

ALL ARE LOCATED. Four Scows Adrift With Dredge are Ashore on Nova Scotia Coast. The four scows abandoned with the government dredge New Brunswick during a storm in the bay some days ago, have been located. The department of public works has received word from Hampton, N. S., that all four scows are ashore in that vicinity. One scow, with shovel and part of a dredge, is stranded in a cove west of Hampton, a second is beached a few miles farther along, and two scows, one of which is a deck scow, are ashore about six miles from Hampton.

CITY CORNER BAND. The bandmen are called to meet at 7:30 o'clock this evening at the head of King street to march to St. Andrew's Rink.

MRS. BULKLEY IS MARRIED IN BOSTON TODAY

Former St. John Nurse Bride of Wealthy Scotch Manufacturer—Wedding in Trinity Church

(Special to Times) Boston, Oct. 12.—Mrs. Edward M. Bulkley, formerly Miss Margaret Stewart, St. John, a popular daughter of the late John Stewart of the C. P. R., Woodstock, nurse, and Matthew Turnbull Buchanan, wealthy preserve manufacturer of Glasgow, Scotland, were married at noon today in Trinity church by the assistant rector, Rev. S. Vanetten. The ceremony was performed in the presence of friends of both, but the wedding was very quiet. Edwin C. Fulton, the business associate of the bridegroom, and Mrs. L. B. Knight of St. John, was matron of honor.

After luncheon at the Hotel Touraine Mr. and Mrs. Buchanan left for Montreal and Quebec. They will sail for Glasgow on Oct. 21.

The bride's first marriage was romantic. She is a beautiful woman and attracts much attention wherever she goes. She met Mr. Bulkley, a wealthy young society man in Newport, while nursing him back to health. He became smitten and she consented to marry him. Even then some of the gossip thought the pretty nurse would change her mind because of rumored opposition of some of his relatives. His sisters, Mrs. Prescott Lawrence, Mrs. Reginald Rives and Mrs. Edward Redmond, hurried to Newport and the nurse left for St. John.

On the day set for the wedding, Oct. 6, 1907, the marriage had been indefinitely postponed on the ground that the intended bridegroom had suffered a relapse. The society gossip said the nurse was piqued by the opposition of the Bulkley family and herself had broken the engagement at the last moment.

But "New" Bulkley kept the wires hot to New Brunswick and in a few days the handsome young nurse came back, met the sisters and quickly won them over. For two years they had a married life that seemed ideally happy. Then Mr. Bulkley died. The widow met Mr. Buchanan in Scotland.

ST. JOHN TO LOSE THE ROTTERDAM SERVICE?

Press Despatch Says C. P. R. Have Arranged to Use Boston—Local Freight Agent Has No Advice

A Canadian Press despatch from Boston under today's date, says:—"By an arrangement perfected by the New York, New Haven & Hartford railway, this city is to be the terminus of a line of Canadian Pacific Railway steamers running to Rotterdam, according to announcement made last night." The arrangement, which will give Boston a weekly freight service to Rotterdam, is to go into effect during the coming winter. St. John, N. B., has been the entry port of the Rotterdam line.

As the despatch refers to the freight service, it was shown to W. B. Bamford, general freight agent for the C. P. R., on this division. Mr. Bamford said that he had received no advice and therefore declined to make any comment.

Cy Warman, general assistant manager of the Grand Trunk, says the New Haven railroad's move in getting C. P. R. Rotterdam line here will not affect his system. Mr. Warman said "The Canadian Pacific has always given the New Haven all the traffic it could give it. I don't see how the diversion of traffic from St. John to Boston by the Canadian Pacific is set forth in the New Haven statement can possibly affect the Grand Trunk."

HAS CHEERY REPORT ABOUT CAMPBELLTON

Chief of Police Hughes Speaks of Building Work and General Prosperity

Chief of Police Hughes of Campbellton left for home on the Ocean Limited this morning in company with the two prisoners whom he is taking back to Campbellton for trial. He says that everything is booming in the north shore town at the present time, and that by winter there will hardly be a trace of the conflagration which swept the town a year and a half ago. "Work is very plentiful," he said, "and everybody is getting along nicely. The old shacks which were much in prominence after the fire are all being torn down and substantial residences erected in their places. The new station house is rapidly nearing completion and when finished will be one of the finest along the line. All the other public buildings are also reaching a stage of completion, and you would hardly know the town at all. Next summer we expect to have a handsome new city building which will add much to the beauty of the town." He added that there was practically no poverty in the town and everybody was prospering.

C. P. R. DOING DREDGING WORK AT ST. STEPHEN

Bangor Commercial Cable News.—The dredge Heaton Bar, which has been in operation at points on the New Brunswick shore for some time, arrived at St. Stephen, Tuesday and will be operated there for a period of two months at work for the C. P. R. When the dredge arrived it was thought at first that the long proposed work of dredging the St. Croix river, under the joint auspices of Uncle Sam and Canada was to be taken up, but the facts of the case became known within a short time after the arrival of the dredge. The C. P. R. intends making considerable improvements in its docking facilities at St. Stephen, but for what purpose is not known.

CITY CORNER BAND. The bandmen are called to meet at 7:30 o'clock this evening at the head of King street to march to St. Andrew's Rink.
