LORRAINE ENGINE IS CONQUEROR

Gives France the Fastest Airplane in the World Today.

DOISY'S FEAT

Planes Could Bomb European Capitals Twice Daily From Home Base.

BY CHARLES M. McCANN

(British United Press Cor.) London, May 10.—Two weeks out from Paris on an air dash that has shattered records across two continents, a French aviator has piloted his machine to earth at Rangoon, one of Britain's strategic gateways to the Orient.

Catching their breath after their first amazement at the French feat, Englishmen are beginning to realize the meaning of the dash, namely, that there is ground for the French claim that France possesses the fastest airplane engine in the world. Lieut. Pelletier D'Oisy, who arrived at Rangoon Friday after flying from Calcutta, is piloting a special Berguet machine equipped with a Lorraine engine.

Makes Europe Uneasy. The realization of what this French machine and French engine has already done is causing uneasiness in every ministry in Europe. France is supposed to have ordered a large number of fighting, bombing and reconnaissance airplanes of the Berguet type, 1,500 to 2,000 miles. Thus, operating from a base in France, the French machines could make morning and afternoon round-trip bombing flights to almost every European capital.

When the French aviator started his trip he also started something else—renewed fear in European ministries on the question of French air supremacy. The alarm that the flight must cause may speed a new disarmament conference.

The Flyers Today.

(Canadian Press.) Rangoon, India, May 10.—The French aviator, Lieut. Pelletier D'Oisy, who is flying from Paris to Tokio, took off today for Bangkok, Siam. Simla, British India, May 10.—It is reported that the Portuguese aviators, Lieut. Paes and Lieut. Bero, have abandoned their flight from Lisbon to Macao, China, in consequence of the accident in Jodhpur, which put their machine out of commission. Cordova, Alaska, May 10.—Three United States army aviators attempting to encircle the globe, landed safely at Attu Island at 9 o'clock last night, Pacific Coast time, after a journey of 580 miles from Atka Island in the Aleutian Archipelago, according to a wireless message today.

HUNDRED ARE KILLED AT KIRKUK

Clash in Mesopotamia Follows Alteration Between Soldiers and Shopkeepers.

London, May 10.—One hundred townspeople and six native soldiers were killed in a serious disturbance at Kirkuk, Mesopotamia, May 4, according to advice to the Colonial Office. The disturbance followed an altercation between three soldiers of the native levy and shopkeepers of the city and the entire native levy detachment participated before order was restored.

Bill's Right To Sidewalk Upheld

New York, May 10.—(United Press.)—John Reoch's big black dog bill is not a vehicle, although he does wear a license tag. He is a dog, and as such he has the right to run on the sidewalk, and anyone who gets in his way when he is in a hurry to get home to his soup-bones takes a chance. This verdict was returned in favor of Reoch and Bill by a jury in the Queens County Court, dismissing a demand by Harold Smith for \$5,000 damages. Harold testified that Bill's steering gear was out of order. Bill was tearing down the sidewalk to keep pace with a platoon. Suddenly he veered, upset Mr. Smith and knocked that indignant pedestrian into a gutter. Smith's leg was hurt so badly that he had to wear a plaster sleeve on it for three weeks.

GENERAL STRIKE BRINGS SHOOTING

Soldiers Kill Four Men in Tucuman, Argentine—Riots at Bahia Blanca.

(United Press.) Buenos Aires, May 10.—Four men were shot dead by troops on Friday at Tucuman, where the general strike is still continuing. Workers in several cities have not obeyed union orders to call off the strike. A police sergeant was killed in strike riots at Bahia Blanca and disorders also occurred at Mendoza.

THIS STRIKE HAS PECULIAR EFFECT

Chokes Tunnels With Fumes From Automobile Exhausts—People Overcome.

Pittsburg, Pa., May 10.—Scores of persons were overcome by automobile exhaust fumes in the Twin Liberty tunnels through the South Hills here today. Increased traffic in the tunnels as a consequence of a strike of 3,200 street car motormen and conductors caused the tubes to become choked with the gases. First aid crews were rushed to the scene. The carmen have asked an increase of from 75 cents an hour to 75 and 77 cents an hour.

SATISFACTION IS RUSSIAN DEMAND

Says Germany Must Act or Commercial Intercourse Will be Affected.

(United Press.) Moscow, May 10.—Unless Germany gives fullest satisfaction for the invasion of the Soviet trade delegation building in Berlin by German police, political consequences will undoubtedly follow, declares Premier Rykov. He says that commercial intercourse with Germany will be reduced to the barest minimum, and will, in fact, undoubtedly be interrupted unless satisfaction is given.

Wire Briefs

Ottawa, May 10.—The debate on the Budget will be resumed today in the House by Hon. A. B. Copp.

Berlin, May 10.—All members of the Russian Soviet Government commercial delegation arrested in the recent raid here have been released, according to Vossische Zeitung.

Ottawa, May 10.—In the Senate, yesterday, Senator Bennett explained that his motion for inquiry into the C. N. R. and C. G. M. E. finance and expenditure was not to be taken as an attack on the government-owned transportation utilities. The Senate adjourned until May 20.

London, May 10.—France has types of airplane capable of more than 100 miles an hour, the U. S. four and Holland one, while Great Britain has not a single machine of that speed. This statement was made before the Institute of Aeronautical Engineers last night by Captain W. H. Sayres.

Sydney, N. S., May 10.—Owing to close packed ice the steamer Watuka and the tug Douglas H. Thomas have been unable to reach the stranded Black Diamond Collier Kamouraska, which went aground at Schooner Pond, Big Glace Bay, yesterday while enroute from Sydney to Montreal with 7,000 tons of coal.

MILICENT ROGERS TO COME HOME

Pretty Heiress to \$40,000,000 Married Titled Frenchman Last January.

FATHER TAKES HAND

Finds Them Unhappy and Says No Money Unless They Part.

By WEBB MILLER

(United Press Staff Correspondent.) Paris, May 10.—Bitter and disillusioned, pretty Milicent Rogers, heiress to \$40,000,000, was reported ready to sail from Havre for home today, her romance with Count Ludwig Salm von Hoogstraten ended. The heiress, in company with her father, will sail for New York this afternoon on the liner France, so friends here said. Col. Rogers arrived ten days ago to take his daughter home. He was quoted as saying that "A financial provision probably will be made for Count Salm."

Break, Or No Money

End of the \$40,000,000 romance, friends of the couple said, came when the bride's father, quietly visited Paris, talked with his daughter and son-in-law and insisted they would not receive a cent of the Rogers millions as long as they lived together. "Both Ludwig and the Countess Salm were disillusioned," a friend of Salm said. "They realized love was there in the count's heart, but he was not at his usual hotel today. Attend-ants said he had 'gone away.'" There was no indication here as to what the nature of any "financial settlement" Colonel Rogers might make on his impoverished son-in-law would be, but friends of the count recalled that Salm recently threatened to "take a terrible row if the Rogers' family doesn't come through."

Eloped in New York. The romance which began so auspiciously when the couple eloped and were married quietly by a deputy city clerk in the Municipal Building in New York on January 9, has been waiting for some months, according to friends of the count.

Von Salm, during a recent trip he made to the Riviera with his bride, was quoted as saying that "American women are too independent," while Millicent found that "European husbands are far different from those in America."

The money question was the real issue, friends said, as Salm admitted he was practically without funds except for a very small income from his Austrian estates.

Word that the break might be near first began to be circulated in Paris late last month, when it was learned that the countess' father had called on New York for England to put his son in college.

It was taken for granted then that he had heard of his daughter's elopement and was coming to take her home.

The rumors grew as reports of the financial straits of the couple and their elopement were brought in by friends who returned to the capital.

HICKMAN TAKES THE CABINET JOB

Liberal Leader Will Form New Government For Newfoundland.

St. John's, Nfld., May 10.—At the invitation of Governor Allarday, Albert E. Hickman, leader of the Liberal party, has undertaken to form a ministry to succeed that of Hon. W. R. Warren, who resigned on Thursday. It is understood that the majority of the executive cabinet, who served under Sir Richard Squires and Hon. W. R. Warren, will be identified with Premier Hickman. Prominent in the lineup will be the cabinet ministers who insisted on Sir Richard Squires' resignation and who went out of office rather than remain with him in the cabinet after the disclosure of charges against him last year. The main feature of the Liberal programme appears to be a clean up of the state of things disclosed in the recent Walker inquiry and this undertaking, it is said, will be carried out by Sir William Lloyd, at one time prime minister of the country and now registrar of the supreme court. He has been offered the portfolio of justice. The date of the general election will likely be May 31.

Lighthouse Cares For War Blind

New York, May 9.—(United Press.)—Sixty-six U. S. soldiers were blinded in both eyes during the World War, Surgeon General M. E. Ireland states in a communication to Mrs. Winifred Holt Mather of New York, founder of the Paris Lighthouse for the Blind, a movement to facilitate with his own eyes progress in this country under the patronage of President Coolidge. Those who suffered total or partial blindness in one eye numbered 486. It is probable that many veterans have been blind since the war, but General Ireland says he has no way of knowing the number of these. American eye casualties were relatively small compared with those of the other allies. The Paris Lighthouse has cared for the war-blind of all nations.

RUMORED INCREASE FOR POSTAL MEN

Report in City Says 20 Per Cent.—Ottawa Will Announce Today.

Rumors were current about the city today that the Federal cabinet had decided on an increase of 20 per cent in postal salaries, but the local president, G. C. Cosman, said that he had had no official announcement. The following Canadian Press despatch was received today from Ottawa: "The matter of revised salary schedules for postal workers was before the Federal Cabinet during the morning session of May 9. A decision is expected some time today as to the proposed new scale. G. R. Jackson, president of the Dominion Postal Employees' Association, and his colleagues are in Ottawa awaiting definite action of the government before returning to their districts."

FEAR VIOLENCE AS FASCISTI MEET

Police Take Precautions in Halle, Germany—Communists Threaten.

By CARL D. GROAT. (United Press Staff Correspondent.) Berlin, May 10.—Police took every precaution to preserve order in Halle today as Communists openly threatened violence against a great Fascist demonstration held in connection with the dedication of a monument to General von Moltke. Strong police units, fully armed, patrolled the streets as hundreds of Fascists poured into the city. Field Marshal von Hindenburg, General Ludendorff and a score of other military leaders of the old regime were scheduled to participate in the demonstration, which the extreme Nationalists expect to make an occasion for starting a "great wave of patriotism."

NEW POLITICAL PARTY FORMED

Latest Development in Ireland—McGrath and McCarthy Leaders.

Dublin, May 10.—Joseph McGrath, former Minister of Commerce, and Daniel McCarthy, former Government Whip in the Dail Eireann, who resigned during the recent army crisis, announced last night the formation of a new Dail group whose policy will be complete independence, territorial unity and economic progress.

The debate in the Dail over the Anglo-American Liqueur Treaty was quoted as showing the government's "slackness in foreign affairs."

The new party announced its determination to insist on honorable fulfillment of Article 12 of the Anglo-Irish Treaty, providing for the settlement of the boundaries between northern and southern Ireland.

Autos Killed 17,000 in Year

New York, May 10.—(United Press.)—Approximately 17,000 lives were lost in automobile accidents in 1923, according to the figures of the National Bureau of Casualty and Surety Underwriters. This does not include garage crossing accidents in which autos figure. These included would total 17,000. The 1923 figures total 2,000 above the 1922 record. Of the total fatalities, 82 per cent were of children under 15 years. Automobiles killed more people than all other vehicles put together, including street cars, steam trains, etc. In 1923, the year taken as the start of the popularity of the automobile, there were 1,000 fatalities.

LIQUOR ACT OF ALBERTA IS IN FORCE

No Difficulty Now in Getting Supply Direct or by Mail.

TWO VENDORS

Permits Easily Obtained Under One of Four Forms, Also Specials.

(Canadian Press.)

Edmonton, Alta., May 10.—The Alberta Liquor Act goes into force today. Liquor Commissioner R. J. Dinning last night announced that arrangements have been completed for the opening of vendors' stores at Edmonton and Calgary, and it is the intention that these two stores for the time being shall handle the entire trade. Other vendors are being opened in the larger towns and cities throughout the province.

The liquor can be purchased direct from the vendors' stores in the two cities," Mr. Dinning said, in the official announcement. "Arrangements have also been made to fill mail orders. Before liquor can be purchased it will be necessary for intending purchasers to obtain permits. "Applications for liquor permits can be made by mail or in person to the vendors at the different points. Only individual permits will be issued, and no person will be given permits unless twenty-one years of age."

PRINCESS ON TRIAL

Stays at School in Fredericton. Eight Thefts and a Hold-up Charged Against Russian.

Moscow, May 10.—(United Press.)—Charged with eight thefts and one holdup, 24-year old Princess Qobenskaya will go on trial today before a Soviet Court at Leningrad. The princess is a daughter of a former commander of the city under the Czarist regime. She was previously sentenced for espionage and banditry, but was pardoned.

ROMERO PUT UP A GREAT BATTLE

Johnson Forced to Give Ground But Chilean is Knocked Out.

New York, May 10.—Quintin Romero, Chilean heavyweight, today realized that his dream of becoming champion of the world had faded. On the other hand Floyd Johnson, of Iowa, stood out in the minds of boxing critics as the "man who might come back."

FAIRLEY IS GIVEN LIGHT SENTENCE

Dealt With by Police Magistrate in Campbellton This Morning.

(Special to Times.) Campbellton, May 10.—Justice tempered with mercy was meted out to Chester B. Fairley in the police court this morning in the Customs House case as full restitution had been made and for the sake of the accused's wife and his parents the magistrate sentenced him to five months in the common jail at Dalhousie. The accused must serve one month and will be allowed his freedom then. The remaining four months will not have to be served if he behaves like a law abiding citizen.

No Restriction On Canadians

Washington, May 10.—(By Canadian Press.)—The Immigration bill as it has been finally agreed to in the conference committee of the two houses contained a provision under which any person born in Canada, and his wife or minor children, accompanying him or following him can enter the U. S. without restriction. They are in the non-quota list under the bill.

No Landlord Worries Them

Not a cent of rent to pay! And no landlord or janitor always nosing around! This woman and her little family certainly can be thankful they dwell in southern California. The climate there makes it possible for them practically to live out-of-doors. All the cooking is done in the open. And the bedrooms were hastily thrown together from old pieces of lumber and sheet iron.

Washington Representatives Refuse Coolidge Request Re Japanese Bill

Washington, May 10.—By a vote of 191 to 171, the House declined yesterday to approve the Japanese exclusion provision of the Immigration bill inserted by House and Senate conferees at the request of President Coolidge. The measure was sent back to conference with the House managers instructed to insist on elimination of the provision, which would postpone the effective date of exclusion to March 1, 1925, and would request the President to negotiate with Japan for abrogation of the "gentlemen's agreement."

PRINCESS ON TRIAL

Stays at School in Fredericton. Eight Thefts and a Hold-up Charged Against Russian.

A live, energetic, loyal citizenship makes a city great. In talking about St. John, at home or elsewhere, speak of its advantages, its record of accomplishment, its possibilities. It is your city.

REDUCED MAJORITY IS WORST

Farmers, Commercial and Industrial Forces Behind the Premier.

SURPRISE TODAY

Radical Leaders Appeal—Say Poincare Aspires to be Dictator.

(Canadian Press.)

Paris, May 10.—That the agricultural bloc will swing Premier Poincare into power again in tomorrow's parliamentary election is the confident assertion of the government campaign managers. France has 4,500,000 land owners, most of them peasants, among whom are about one-third of the national electorate. The farming interests, combined with the commercial and industrial forces, are relied upon by the Premier to supply him with an adequate majority.

The farmers have been making more money in the last two years than ever before, and it is difficult to find in the rural districts any peasant or proprietor who is not in favor of keeping M. Poincare in power.

Washington Representatives Refuse Coolidge Request Re Japanese Bill

Washington, May 10.—By a vote of 191 to 171, the House declined yesterday to approve the Japanese exclusion provision of the Immigration bill inserted by House and Senate conferees at the request of President Coolidge. The measure was sent back to conference with the House managers instructed to insist on elimination of the provision, which would postpone the effective date of exclusion to March 1, 1925, and would request the President to negotiate with Japan for abrogation of the "gentlemen's agreement."

Call J. S. Gibbon & Co., Ltd. Main 2636. Get lowest rates on American, Welsh and Scotch hard coal. 5-12

DR. BAKER INSTALS X-RAY EQUIPMENT

An X-Ray equipment of unusual design, in which is embodied flexibility, efficiency, and safety, has recently been installed in the offices of Dr. A. T. Baker, Imperial Theatre Bldg.

The apparatus was assembled and thoroughly checked by Dr. J. W. Healey, of Davenport, Iowa, who is an acknowledged expert in roentgenology, having installed equipments in each of the States of the U. S. and practically every province of the Dominion.

Through the use of the X-Ray, Dr. Baker will be aided very materially in spinal analysis, eliminating possible errors due to bent spines, ankylosis, spiculous growths, and every and all osseous abnormality.

Safety to both patient and operator have been amply provided for. A heavy aluminum diaphragm is used which blocks the rays which have a tendency to blur the image, consequently sharp detail and contrast is imparted to the film.

The capacity of the apparatus in general is such that any and all radiography with its many ramifications can be done with ease and dispatch, thus rendering a service second to none in the many branches to which it may be applied.

Beauty

A Gleamy Mass of Hair

35c "Danderine" does Wonders for Any Girl's Hair

Girls! Try this! When combing and dressing your hair, just moisten your hair brush with a little "Danderine" and brush it through your hair. The effect is startling! You can do your hair up immediately and it will appear twice as thick and heavy—a mass of gleamy hair, sparkling with life and possessing that incomparable softness, freshness and luxuriance.

While beautifying the hair "Danderine" is also toning and stimulating each single hair to grow thick, long and strong. Hair stops falling out and dandruff disappears. Get a bottle of delightful, refreshing "Danderine" at any drug or toilet counter and just see how healthy and youthful your hair becomes.

Now... 8 women out of 10 are solving an old problem a new way

By ELLEN J. BUCKLAND, Graduate Nurse

What this new way is, you should learn without delay. It brings comfort, protection, peace of mind, at all times, under all circumstances.

It delights the fastidious woman, with its assurance of immaculate, personal daintiness always. Its practical convenience and hygienic importance cannot be explained here.

What is it?

All these advantages are combined in a product recently discovered—a product called Kotex. To show you what it is and what it will do we offer a sample free. Simply fill out and mail me the coupon below.

Kotex is made from pure, white cotton, a super-absorbent discovered during the world war.

It absorbs 16 times its own weight—instantly. It is five times more absorbent than ordinary cotton. It is light weight—it is cool.

The feature women appreciate most is the easy means of disposal, which protects you from inconvenience and embarrassment.

Accept the free sample—today

I ask, as a personal favor, every woman who reads this brief explanation of Kotex, to send for the free sample.

It means so much, to the active, energetic, progressive woman that certainly none should neglect this opportunity.

Besides, Kotex is of enormous importance from a health standpoint. This has been briefly explained in a book written by a doctor. A copy will be sent you with the Kotex sample.

At all drug and department stores

You can secure Kotex everywhere, at all drug and department stores. It comes in two sizes—Kotex regular and Kotex-Super (additional thickness).

MRS. BUDGE SO WEAK COULD HARDLY STAND

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health

River Desert, Que.—"I used to have a severe pain in my side. I would be unable to walk fast and could not stand for any length of time to do my ironing or washing, but I would have to lie down to get relief from the pain. I had this for about two years, then a friend told me to try Lydia E. Pinkham's Vegetable Compound as she had had good results. I certainly got good results from it, too, as the last time I had a sore side was last May and I have not had it since. I am also glad of having good nursing for my baby, and I think it is your medicine that helped me in this way."—Mrs. L. V. BUDGE, River Desert, Quebec.

If you are suffering from the tortures of a displacement, irregularities, backache, headaches, nervousness, or a pain in the side, you should lose no time in trying Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Private Text-Book upon "Allments Peculiar to Women" will be sent you free upon request. Write for it to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario. This book contains valuable information that every woman should know.

ST. JOHN, N. B., MAY 10, 1924

SEA POWER.

While the discussion of armaments figures extensively in the discussions in the British Parliament just now, and while both Britain and the United States are favorable to an international conference on further disarmament when conditions in Europe have become more stable, there is on both sides of the water, among certain groups, a visible reluctance to stop construction.

The reduction of battleships decided upon at the Washington Arms Conference is going on according to schedule, but some years must elapse before the navies of Britain, the United States and Japan are brought down to the level agreed upon as respects the capital ships.

SPRING CLEANING.

In many cities at this season of the year a brief clean up and paint up campaign is carried out, during which the accumulated rubbish and dirt of the winter is removed and the appearance of the city brightened up.

Great Britain still has the strongest fleet, but gradually it will be brought down, so far as battleships are concerned, to the level of that of the United States. At present Britain's fleet is in regard to its air force, and there is continual complaint because the Government will not take sufficiently rapid steps to increase the present aircraft strength very greatly.

A BOOST FOR THE PORT.

St. John's campaign to push the legitimate claims of the port, a campaign now to receive extra steam from the strong committee of citizens headed by Mayor Pettis and just beginning its work, will be strongly seconded by an immense number of Canadians who are coming to recognize the importance of giving Dominion traffic to home ports.

THE FAMOUS KATE.

The theatre-goers of this generation had almost forgotten that there ever was such a person as Kate Claxton, the famous actress whose death was announced the other day, but an older generation recalls her very well, the fame she gained, notably in "The Two Orphans," and some tragic incidents in her career.

---And It's So Easy to Own a New Edison Phonograph

There are thousands of music lovers who, like yourself, desire to hear the world's best music in their homes, but who do not care to pay the price of the New Edison at one time.

ly remittances are so small you will hardly notice them. And what concerts you can have, right in your own living room! For the New Edison Re-Creates so faithfully that the artists themselves are with you in all save actual physical presence.

W. H. THORNE & CO., LTD.

DISTRIBUTORS Store Hours: 8 to 6. Open Saturday Nights till 10.

enough, these instances of intrepidity hurt her on the stage instead of helping her, as thousands of people thought there was a 'hoo-doo' on her, and stayed away from her performances in the fear of conflagration.

Winston Churchill is trying to secure Liberal and Conservative co-operation against Labor. The Labor extremists may make that possible if the Prime Minister gives way to them, but at present it looks as if the next election would be fought out on the fiscal issue.

Some Liberals who are speaking against the budget at Ottawa are figuring largely in the news of the day, but it is not to be forgotten that most Liberals and most Progressives will vote for it. Whatever its merits, or demerits, it bids fair to go through with a big majority.

The Maritimes are promised a summer of keen interest in athletics. There has never been a time in their history when they had better home talent than now, and the work of developing and supporting the athletes is an excellent one.

Paris is expecting that tomorrow's elections will be another triumph for Poincare.

Press Comment

THE FRUIT OF THE TREE.

The severe sentence imposed on Cecilia Cooney and her husband was just and necessary. As the "Bobbed Hair Bandit" the girl had attained wide notoriety. For the court to mitigate her punishment in consideration of her neglected childhood and vicious surroundings would have been to encourage hundreds of slum-born girls to prey on society.

Yet, with this young woman's parlance and upbringing, it would have been truly marvellous if she had not gone wrong. She was born of an illiterate and heartless mother and an habitually drunken father. She slept in a basement on a coal heap till she was taken in charge by the Children's Society that she might be saved from starvation.

Moderately good looking, and with a mind considerably keener than that of most girls of her acquaintance, she soon acquired ambition for pretty clothes and "good times." She had learned to read while with the Children's Society, and during the crime days had evidently reflected on the ease with which gunmen not only obtained large sums of money, but eluded the police after the commission of their crimes.

In the slums of London Dickens discovered and immortalized many types such as this girl. She was what her inheritance and environment made her. And it is a tragic truth that the same sort of parents and environment are at the present moment sending out criminals of both sexes from the crime mill, and that society is as yet insufficiently organized and enlightened to know what can be done to save them.

PLANS MINISTRY FOR NEWFOUNDLAND St. John, Nfld., May 9.—Albert Hickman, leader of the newly formed Liberal Party, announced this afternoon that he had accepted the invitation of Governor Allardice to form a ministry to succeed the government of Premier W. B. Warren which resigned on Wednesday.

MEN ARE MEN Business is business, but men are men, working, loving and dreaming. Telling with hammer, brush or pen, plotting, planning, scheming.

Business is business, but he's a fool whose business has grown to smother his faith in men and the golden rule. His love for friend and brother.

Business is business, but life is life. Though we're all in the game to win it. Let's rest sometimes from the heat and strife. And try to be friends a minute.

Let's seek to be comrades, now and then. And slip from our golden tether; Business is business, but men are men. And we're all good pals together.—Anonymous.

IN LIGHTER VEIN Easily Identified First Gopher—"That was a fine drive you made this morning."

Second Gopher—"Which one do you mean?" First Gopher—"Oh, you know—that time you hit the ball!"—The Humorist (London).

"Thank you for the presents, auntie." "Oh, they are nothing to thank me for." "That's what I thought, but mother told me to thank you all the same."

"Look at me!" exclaimed the lawyer warily. "I never took a drop of medicine in my life, and I'm as strong as any two of your patients put together."

"Well, that's nothing," retorted the physician. "I never went to law in my life, and I'm as rich as any two dozen of your clients put together."

Wife—"The heavy explosion of a battery always causes rain. It rained after Waterloo. It rained after Pontenoy. It rained after Marathon."

Husband—"But Marathon was fought with spears and arrows, my dear." Wife—"There you go again! Always throwing cold water on everything I have to say."

Letters to The Editor DAYLIGHT SAVING. To the Editor of The Times: Sir,—Re daylight saving time, we wish to say that we thoroughly agree with the gentleman whose letter was in your paper of May 9 and we are certain that there are hundreds more in our city of the same opinion.

AGAINST IT. To the Editor of The Times: Sir,—I, as a schoolboy, would like to express my opinion of this so-called daylight time. I myself find that when I have to go to bed at night that it is almost impossible to get to sleep. Getting up an hour earlier is a great nuisance. It may be all right on sunny mornings, but on dark or rainy mornings...

NEW LAMP BURNS 94° AIR Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 12 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent. air and 6 per cent. common kerosene (coal oil).

The inventor, O. K. Johnson, 248 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

ings, I find it is all I can do to get out of bed so early, and get to school at 8 o'clock. By the end of a week I generally find myself thoroughly worn out and my mother completely so. No doubt other school children and parents feel the same way.

Daylight time may be all right for those who can stay in bed and have their breakfast brought to them, but to the teachers, school children and the working class in general it is an abomination. Hoping that this short letter of a school boy may encourage others to come forward and express their opinions. I am, Yours, EMEERY A. SEWELL. St. John, May 10.

\$50,000 PAINTING IS WITH 50-CENT ONES Paris, May 9.—A very fine Rubens painting, representing Venus with a faun, has just been discovered at Boulogne in the Nord Department, among a lot of old pictures which were valued at only 50 cents each. It was one of a batch of paintings bought by an antiquarian from the nephew of a Paris auctioneer, who died forty years ago, and, covered with the accumulated dirt of many years of careless handling, there was nothing in its appearance to suggest to the ordinary observer that it was of great value.

The dealer in sorting out the parcel of pictures, was about to place this one among a group of odds and ends of little consequence when he noticed the signature, F. P. Rubens, in a corner of the picture. He had it cleaned, and then submitted it to the Brussels School of Painting, where the experts had no hesitation in pronouncing it a genuine Rubens and a fine specimen of the master's work. Its value is estimated at \$50,000.

SAY STINNES' SON TO SUCCEED FATHER

Berlin, May 9.—As regards the immediate future of the leadership of German industry, the Stinnes concern is expected to carry on in its present form under Herr Stinnes' eldest son. He and his two brothers are reported to have equally brilliant business heads, and they will be guided entirely at first by the right-hand man of their father, Dr. Vogler, in Dortmund.

It is said that Herr Stinnes always intended his huge concern to stop in the family, and though he was of an extraordinarily capable judgment in selecting good direct-

ors for his various departments, he never allowed any one man to rise to any great independence.

Last autumn Herr Minoux, regarded as the finest brain in his immediate entourage, broke away and set up independently. He will doubtless play a big role in industrialism in the coming period.

Herr Stinnes held the principle that every new undertaking should pay for itself within six months of the time of starting, and there were expectations that he would throw off many smaller branches of his giant interests during the coming year's struggle, under what may be slightly adverse conditions consequent upon reparations payments.

His operations always showed more of an amalgamating than of a constructive tendency. It is rumored that for some time he had desired to rid himself of his ship-building interests, which were the

one thing that he had actually built up. Industry will miss him badly—politically, less. It was only as a money-giver that he was of use to the party machine. He was always an object of mistrust to his enemies, who feared egotistic motives. His friends kept his incorrigible directness, not to say uncouthness, of argument gladly in the background.

WILL BUY 30,000 HORSES IN CANADA

Moscow, May 9.—It is reported that the Ukraine Agricultural Bank intends to make a preliminary purchase of 1,000 horses from Canada at once and later this year will make more purchases, the total amounting to 30,000 horses.

Arrangements are being made to supply poor peasants with the Canadian horses on a credit basis.

SATISFACTION "You'll like the flavor" KING COLE TEA As a matter of fact that "little more" was necessary to obtain the better quality. Good goods require a higher price to be good. There are cheaper teas than "KING COLE"—but would you be satisfied with their quality?

EMERSON & FISHER, LTD.

IN THE LAST ANALYSIS THE GENERAL TAX-PAYER ALWAYS FOOTS THE BILL We have, in previous talks, placed before our fellow citizens what the success of the New Brunswick Power Company means to the citizens and the city. And we have, also, pointed out what an impairment of the earning power of the Company must, inevitably, mean—an increase in taxes all-around. All of which is obvious because what we don't pay in taxes, and other civic charges, someone else must. And that someone is the general taxpayer—the citizens. And for what? Better electrical service? We think not. Ours is better than any. Cheaper service? On the average, no. We can serve you as cheaply as any. We pay taxes; Hydro fellow doesn't. Yet the city must raise money through taxes to meet its expenses. A deficit from one source must be made up from another. No doubt of that. Snow must be removed from the streets and paving done. Taxes must pay for this and the less we pay the more the general taxpayer must. A simple statement of fact. Where, then, is the saving in the impairment of the manufacturing and sales power of the New Brunswick Power Company? And further! Will a community, having through community competition impaired the earning power of a private company, take care of those who, because of such impairment, are thrown out of employment? If so, we have yet to hear of an instance. Isn't there enough of unemployment today, anyway? Your contract with us for electricity will keep the wheels of industrial St. John revolving. Isn't it about time for every serious minded citizen to look facts in the face? NEW BRUNSWICK POWER COMPANY. "ASSURED SERVICE"

**5 COUSINS FIGHT
EMILY WATSON'S
11 MILLION WILL**

Left Nothing by Rich Relative, Kin Starts Fight in Courts

New York, May 9.—Five cousins have started a contest over the will of Miss Emily A. Watson, who left them nothing from her \$11,000,000 estate, it was disclosed Thursday, when application was made to Surrogate George A. Slater at White Plains for the appointment of temporary administrators pending a jury trial.

After hearing arguments from ten lawyers, Surrogate Slater said he would appoint the administrators after certain affidavits had been filed.

Miss Watson, who was noted for her charities, died at her country home on Sherman avenue, Gedney Farms, White Plains, on February 1. A short time before her death she gave \$1,250,000 to the Orthopedic Hospital for crippled children at White Plains, which she founded a few years ago. According to the terms of her will, which was signed on June 7, 1915, a special trust fund of \$300,000, left by her father, the late John Watson, is bequeathed to eighteen hospitals and other charitable institutions in Manhattan. These bequests range from \$25,000 to \$75,000.

Other Large Legacies.
Among the large legacies is \$50,000 to the New York Association for Improving the Condition of the Poor; a similar sum to the New York Skin and Cancer Hospital and \$25,000 to the Metropolitan Museum of Art.

WEDDINGS

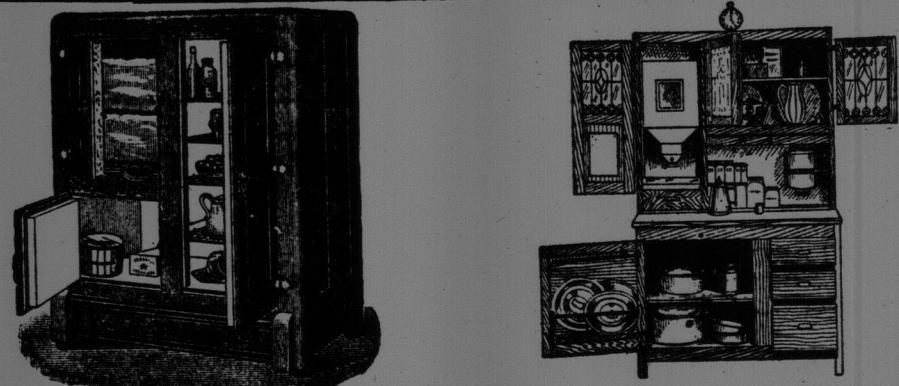

Kelly-Walsh.

Miss Susan Walsh, daughter of John Walsh and the late Ann Como of Tracadie, N. B., was married to Charles M. Kelly, son of the late Michael Kelly and Mrs. Bridget Kelly.

**Despair from

of St. John, in St. Jerome's church at Shippegan, N. B., on April 28, Rev. W. J. L. Chasson officiating. The church was beautifully decorated for the occasion. Many friends of the bride and groom were present. The wedding march, Hymn to the Sacred Heart, and other appropriate selections were played by Miss Alphonine Trudel, organist. The bride was attired in a navy polka dot tulle suit, with hat to match, and was attended by Miss Etta Loefer. The groom was attended by Omer DeGrace. After the ceremony, Mr. and Mrs. Kelly and their friends assembled at a tastefully prepared wedding breakfast at the Hotel Marquis, which was also decorated for the occasion. The bride and groom went on a honeymoon trip to northern New Brunswick. They will reside in St. John, where the groom is employed in the Department of Customs and Excise. Many beautiful gifts were received, showing the high esteem in which the bride and groom were held in the locality.

DEATHS

Mrs. McGregor Bentley.

St. Martins, May 9.—This community was greatly shocked when word was received of the sudden death on Monday from pneumonia after only a few days' illness of Mrs. McGregor Bentley, of Five Islands, N. Y. Mrs. Bentley was formerly Miss Bessie Skillen, daughter of the late Andrew and Mary

**EULER WILL VOTE
AGAINST BUDGET**

Liberal Member Says He Cannot Approve Hazardous Changes.

Ottawa, May 9.—W. D. Euler, Liberal member for North Waterloo, announced in the House of Commons today that he will vote against the budget. "I would say that I cannot approve of the more or less haphazard changes which have been made in the tariff," he said, in summing up the reasons for his decision. "Changes are being made without an

accurate knowledge of what they may involve. We are discriminating against certain industries. I do not approve of the condition of uncertainty which the country is in for the moment. I can see no very definite principle underlying the tariff reductions, unless, perhaps, this is the first step in the implementation of the 1919 Liberal platform."

Opposed to Platform.

Mr. Euler made the positive declaration that he was opposed to the 1919 platform. "I did not support that platform, I never endorsed, and I have on two occasions repudiated it in this House," he said. He advocated the establishment of a permanent tariff commission to make a thorough investigation before changes in the fiscal policies were made. "I do not favor a prohibitive tariff, but believe in a tariff which will enable legitimate industries to live if they are efficiently conducted," he maintained. He stated, however, that he did not believe that the views of a

member on the tariff should necessarily determine the party to which he allied himself. He considered himself a Liberal, even though differing with the Government on the fiscal question.
Hon. H. H. Stevens, Conservative member for Vancouver Centre, preceded Mr. Euler in a speech advocating adequate protection for Canadian industry. It was of little advantage to Canada, with her wealth of natural resources, to ship the raw materials to other countries, he said. If Canada was to reap the full benefit she must export the manufactured article.

The last speaker of the day, H. E. Spencer, Progressive member for Battle River, announced that he proposed to support the Woodsworth amendment. Adjournment of the debate was moved by Hon. A. B. Copp, Secretary of State.

ADVENTURES OF THE TWINS

By Olive Roberts Barton

THE QUEEN AND THE CHESHIRE CAT.

Three gardeners were trying to paint some roses. "Sort of!" sighed Alice. She asked me a silly question and when I said, "How should I know?" she cried "Oh with her head!" It seemed to be the only thing she knew. "I don't call that polite," remarked the Queen. "And did they?" "See for yourself!" said Alice, wagging her head hard. "I said 'None sense' quite firmly, and it silenced her. Not another word did the queen say about it. Before she knew it she was asked to play croquet. Do you know how?" "Oh, yes!" said Nick. "We have a set at home. We knock wooden balls through wire arches with long wooden mallets. It's loads of fun!" "This was a far different game," said Alice, "although it was the same thing. Our balls were hedgehogs and our mallets were large pink flamingoes. I had a dreadful time with mine, for no sooner would I get his body nicely tucked under my arm and his neck straightened out to hit the ball, when he would twist around and look at me. "It must have been a queer place!" Was the queen nice to you?" asked Nick.

CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot callouses, without soreness or irritation.

in such a queer way I had to laugh. "When I got things fixed up again, the hedgehog had crawled away. It was a queer game. Nobody took turns and everybody quarrelled. The queen kept saying "Oh with his head" or "Oh with her head" at a dreadful rate. I really grew alarmed. So I wandered away and came across the Cheshire Cat. He was just a head, you know, and grinned all the time. "How do you like the Queen?" asked the Cheshire Cat. I waited until his ears appeared before I answered, for he wasn't quite complete. He had a habit of appearing and disappearing that was most surprising. "Not a bit," I answered. "She is so—." But I saw that the queen was listening. "Likely to win! I went on, although that wasn't what I had intended to say at all! "That's a good girl," said the queen, and gave me a pat. Wonderland was a great place and I enjoyed it. I should like to go back. "That was a fine story and we're ever so much obliged," said Mister Muggs. "Say goodbye, children, and come along. We must be going." "Goodbye," said Alice. "I hope you can go to Wonderland some day." (To be continued.)

FABLES ON HEALTH

Water For The Baby

Water, water everywhere—but how much for the baby? Mr. Mann of Anytown was sorely perplexed about this as well as many other problems that were really none of his business. Mrs. Mann continuously reminded him of this. But try to give advice to a proud papa—! Few people realize the essential part water plays in life. A considerable portion of a baby's body is water and a mother's milk contains 87 per cent. water. To non-water drinkers these statistics should be a lesson that nature demands a liberal water supply. During the first few days of a baby's life about half an ounce of water should be given about three times a day, but this need not be continued if the baby nurses regularly. Only boiled, and cooled, water should be given, and a small spoon may be used in administering it. Great care should be taken to give no more. After the sixth month the child again can be given and in hot summer months it has been found well to give the child liberal amounts (boiled, of course) between nursings. Minard's Liniment for Aches and Pains. Sweden intends to electrify all its railway lines within 10 years.

Fresh Colors in your own room—and what fun, with SUNSET!

If you are proud of the room you call your own, what joy to decorate and arrange it as you like. What delight to plan a new color scheme—and with SUNSET how easy to carry it out. Draperies, cushions, rugs, bedspreads, blossom forth in fresh colors as if by fairy magic. This is the charm of SUNSET—that it gives new beauty and character to things that were dull and uninteresting. This modern fast dye is so clean and easy to use, so sure of beautiful results, that you will find it real fun to dye with SUNSET. SUNSET IS UNIQUE. Just think. With SUNSET you can use any color, any shade; you can dye any fabric—silk, wool, cotton, mixed goods—and be through with the whole dyeing operation in 30 minutes. Try SUNSET—and see how easy it is to have your own room a harmony of lovely color.

BROWN'S SHAMROCK PURE IRISH LINEN

John S. Brown & Sons, Limited, Belfast, Ireland.
Canadian Branch: John S. Brown & Sons, Canada Ltd., 25 Wellington St. W. Toronto.

cheur, Mrs. W. H. Nice, Mrs. C. A. Clark, and Mrs. Edith Stevens, president of the City Union. The guests worked at their sewing or played games as they desired. A delicious buffet supper was served. The guests were Miss Jennie Flower, house mother of the Guild, and the following girls: Misses A. Yewins, M. A. Freese, May Robertson, Alice Nordrup, E. Perry, M. Brayley, Mabel Coates, Doris Ellis, Gertrude Beiding and Agnes McLellan.

Mrs. Fred W. Gilman has returned to her home, 153 King street east, after a visit in New York and Massachusetts, where she spent some time with friends and relatives and spent several days with her little son, Master Donald, who is attending school in Northampton, Mass.

Mrs. A. Victor Lee, Lenster street, left last evening for Montreal and will proceed to Alexandria and Ottawa before her return, visiting relatives in all three cities. She will be absent about three weeks.

Mrs. R. T. Mosley, Grand Falls, returned home on Thursday, after spending several days with Mrs. D. P. Mahoney and Dr. Mahoney, Princess street. Mrs. Mosley was delightfully entertained while here.

Mrs. D. P. Mahoney is confined to her bed with a severe attack of tonsillitis.

Mrs. Margaret A. Miles, daughter of Mrs. Fred Nice, Prince street, West St. John, is receiving congratulations upon having successfully passed her examinations in training for a nurse at the General Public Hospital last Wednesday. Many of her friends presented her gifts and flowers to celebrate the occasion.

Mrs. Lovilla Mason, Grand Chief of the Pythian Sisters, Loyalist Temple, No. 18, and Sister Gregory, both of New Glasgow, N. S., are guests in the city at Wentworth Hall. They will leave for home today.

Mr. and Mrs. Newton A. Sterritt, West St. John, announce the engagement of their daughter, Miss Hazel, to John E. Howard, the marriage to take place the first week in June.

Miss Gwendolyn and Miss Gertrude Ewing were hostesses last evening at the home of their parents, Mr. and Mrs. George R. Ewing, 142 Duke street, when they gave a novelty shower for Miss Constance Ewing, daughter of

Hart's

14 Charlotte Street.

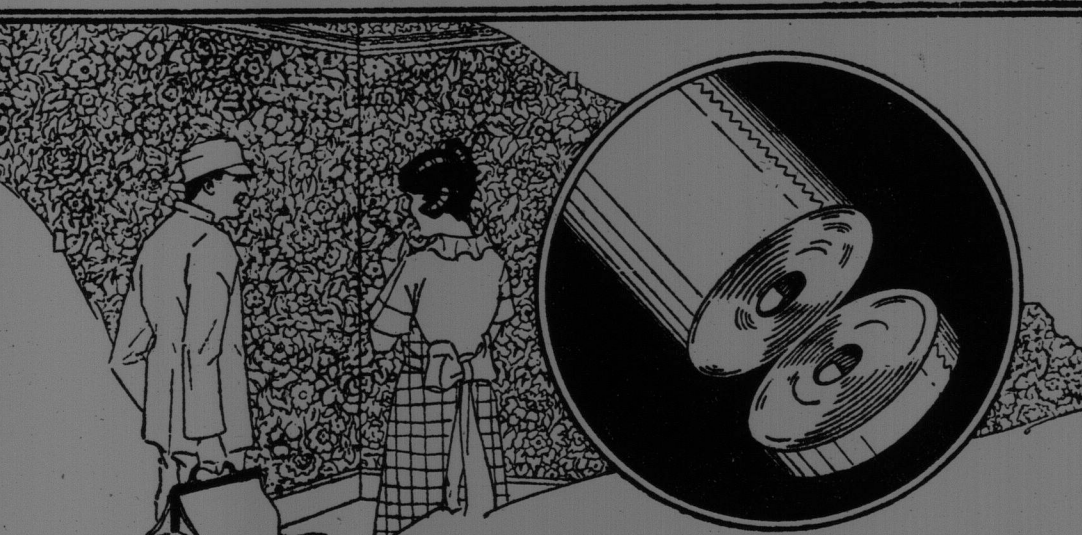

DEAR FRIENDS:—

I beg to announce to the "General Public" of St. John, N. B. that on SATURDAY, MAY 10th, 1924, I will open at 14 Charlotte street, a Store that will be known as "HART'S," where there will be found a full and new line of Gent's Furnishings, Staple Dry Goods of every description, at prices that have never been offered before in this city.

Having just returned after many months of scouring the markets of Canada, I am satisfied that with the merchandise I have to offer I am in a position and I am determined to share profits with the public, and earn a reputation for being a store of low prices and good quality, also guaranteeing satisfaction with all purchases.

With this guarantee, and with all new goods at the lowest possible prices, I earnestly solicit your patronage.

Very truly yours,
HART.

A quicker job - A better job

WHETHER you employ the paperhanger or whether you do the job yourself, you can now redecorate your rooms quicker, better and at less cost than formerly.

Staunton Semi-Trimmed Wallpaper simplifies the job throughout. Its advantages over the old-fashioned papers are obvious at a glance.

Semi-trimming eliminates all the old, troublesome and uncertain methods of trimming. No scissors, knife, or straightedge are required. You simply give the ends of the roll a rap on table or floor, and the selvaige falls off, leaving the paper perfectly trimmed to a thousandth part of an inch. Think of the time and trouble saved—of the litter and muss you avoid—of how semi-trimmed wallpaper reduces the paperhanger's time and cost.

And above all, think of the perfect job that results. No white edges, no imperfect seams—just a beautiful design which looks like one piece on the wall.

Ask your dealer to show you the patterns.

CHURCH UNION DEBATE FINISHED

Formal Hearing is Closed After Seven Days of Discussion.

Ottawa, May 9.—The formal hearing on the Church Union Bill before the Private Bills Committee of the House of Commons closed this afternoon with a clash of declarations over the reported utterance of Rev. Dr. Gandier regarding "the great National Protestant Church."

Rev. W. G. Brown of Red Deer, a witness against the Bill, yesterday stated that he had heard Dr. Gandier at a meeting of the Union committee say: "This is the beginning of a National Protestant Church. No Government would dare resist such a church."

Hands in Denial. Just after finishing the final statement for the Unionists this afternoon, Rev. George Pidgeon, of Toronto, handed into the chairman a denial of this utterance by Rev. Dr. Gandier.

At once George A. Campbell, K. C. of Montreal, counsel for the opponents of the Bill stepped forward, and stated that the Rev. Mr. Brown asked permission to file an affidavit in regard to the matter.

The permission was at once granted. Debated For 7 Days.

The hearings for Church Union which closed this afternoon had occupied seven full days of the committee. The Unionists opened fire on Wednesday morning of last week and their main statement occupied in all some fourteen hours, while the opponents to the Bill, commencing last Friday, took up the attention of the committee for about seven hours in their main statement, closing only this morning.

The arguments heard throughout the seven days have ranged from legal to theological. The opponents of the Bill have claimed that the proposed measure is beyond the powers of the Dominion Parliament as that the Presbyterian Church courts, which agreed to it, exceeded their jurisdiction. The advocates of the Bill have replied that the regular procedure of the Presbyterian Church, including the Barrier Act, had been followed throughout the Union negotiations, and further that the constitution of the Dominion Parliament is not violated by the fact that appropriate legislation was being sought from both Dominion and Provincial Legislatures.

Complete "Turnover." Today's hearing opened with a claim by T. B. McQueen, of Hamilton, that there had been a "complete turnover" in opinion in the Presbyterian Church on the subject of Union. He supported his statement by quoting recent card votes taken in various congregations. The rest of the day was largely given up to legal arguments, W. N. Tilley, K. C. of Toronto, speaking for the Unionists and G. A. Campbell, K. C. of Montreal, for the anti-Unionists.

In addition brief statements of broad aspects of the case were presented to the committee by Rev. W. T. Gunn, general secretary of the Congregational Union, by Rev. Jas. Endicott, foreign mission secretary of the Methodist church, and Rev. George Pidgeon, of Toronto, of the Presbyterian Church.

At the General Public Hospital there will be the graduation exercises for the nurses, in the evening at the Nurses' Home and an appropriate programme has been prepared for that occasion under the supervision of Mrs. J. Verrier McLellan and Alexander McMillan, D.S.O., the committee of the hospital, which had charge of the matter.

It is expected that there will be a large gathering in attendance at the graduation exercises. The class, which numbers 27, is the largest in the history of the hospital.

SEWING CIRCLE MEETS.

The Sewing Circle of Dominion Lodge, L. O. B. A., held its regular meeting on Thursday evening at the home of Mrs. Frank Lodge, 98 St. James street, with Mrs. J. Brown, president, in the chair. Refreshments were served, the hostess being assisted by Miss Myrtle Bannister and the Misses Audrey and Ida Lodge. Those present were Mrs. Brown, Mrs. G. Dakin, Mrs. J. Gildard, Mrs. G. Dallas, Mrs. Thomas Bird, Mrs. J. Black, Mrs. J. L. Lamb, Mrs. Thomas Everett, Mrs. Thomas Rogers, Mrs. Albert Mackinnon, Mrs. M. E. Patricien and Miss Bannister. The next meeting will be held at the home of Mrs. S. Everett, Main street.

MEETING POSTPONED.

There was to have been a meeting of the Rail and Steamship Clerks Local 804, in Temperance Hall, West St. John, last evening but owing to sufficient members not putting in an appearance, the meeting had to be postponed to some later date not yet decided upon.

CONSERVATIVES IN CITY ORGANIZE

Ward Committees are Chosen by Provincial Opposition Party.

Ward meetings of electors favorable to the Provincial Opposition Party were held last night in Prentice Boys' Hall, West St. John; Temple building, Main street, and the Seaman's Institute, Prince William street, for the purpose of organizing the wards and electing officers to carry on the campaign in preparation for an election. No business other than the election of officers took place.

The results of the election by wards follow:

Victoria—W. S. Clawson, chairman; George S. Bishop, vice-chairman; H. D. Hopkins, secretary. Wellington—William Swanton, chairman; J. S. Tait, vice-chairman; B. L. Sheppard, secretary.

Kings—F. J. McInerney, chairman; Dr. G. B. Peal, vice-chairman; T. E. Simpson, secretary. Sydney—R. H. Atcheson, chairman; William B. Harvey, vice-chairman; H. W. Stubbs, secretary.

Dufferin—E. Allan Agar, chairman; Myer Cohen, vice-chairman; Stanley Robinson, secretary. Lorne—George L. Ingram, chairman; L. W. Mowry, vice-chairman; M. D. Morrell, secretary.

Landowne—James Hughes, chairman; George Barton, vice-chairman; Charles L. Hamilton, secretary. Stanley—William Giggery, chairman; Charles T. Green, vice-chairman; J. S. Porter, secretary.

Guy—Charles E. Emerson, chairman; Hedley S. Bissett, vice-chairman; Cecil R. Strane, secretary. Brooks—Harry Pike, chairman; Roy Clark, vice-chairman; Frank Cobham, secretary.

Following the selection of the officers, the meetings, which were fairly well attended, adjourned to meet again at the call of the executive.

MONDAY IS HOSPITAL DAY.

Monday, May 12, is to be observed throughout Canada as "Hospital Day," and the value and importance of hospitals in the community will be brought before the public in many ways. In St. John no special observance is planned either by the General Public Hospital or the St. John Infirmary, both of which institutions were thrown open for visitors on Hospital Day last year.

At the General Public Hospital there will be the graduation exercises for the nurses, in the evening at the Nurses' Home and an appropriate programme has been prepared for that occasion under the supervision of Mrs. J. Verrier McLellan and Alexander McMillan, D.S.O., the committee of the hospital, which had charge of the matter.

It is expected that there will be a large gathering in attendance at the graduation exercises. The class, which numbers 27, is the largest in the history of the hospital.

TAKE NO ACTION ON JUVENILE COURT

County Council Committee Also Defers Children's Aid Fund Plea.

The finance committee of the Municipal Council yesterday afternoon decided to offer H. Claire Mott \$5,000 in full payment of his claim against the municipality for plans prepared for the Board of Hospital Commissioners, provided the plans were turned over to the municipality; approved of a new agreement with the Eastern Trust Company, giving them fuller powers to deal with delinquent tenants in the County Housing Board houses; decided to take no action in regard to the request of the Children's Aid Society for an additional grant for January, 1925, meeting of the council.

Commissioner Wigmore presided, and others present were Mayor Potts, Commissioners Frink, Bullock and Harding, and Councillors O'Brien, Golding, Campbell, O'Donnell, Smith and McLeod.

A report from the Commissioners of the General Public Hospital, recommending the payment to H. Claire Mott of \$4,000 in settlement of his claim of \$10,216.40 for plans prepared for the commissioners but never used, was read by J. King Kelley, K.C., county secretary.

Mr. Mott is heard. He said he had prepared three different sets of plans and all had been rejected by the Municipal Council. He asked that the finance committee before deciding on the matter visit his office and see just what had been done. He had done the work in good faith and thought he should at least receive the amount for which he had offered to settle, \$5,000. Commissioner Wigmore said he had him two hours to do it. He had satisfied himself that the claim of Mr. Mott was justified.

The commissioner said his recollection of the matter was that a dispute among the medical members of the Hospital Board was the reason that the plans had never been used. Councillors O'Brien and Golding expressed the opinion that Mr. Mott should receive \$5,000, and it was moved by the former, and carried, that this sum be paid Mr. Mott in full of his claim, provided the plans were turned over to the municipality.

An application for a grant of \$1,400 to establish a juvenile court in St. John was taken up. Commissioner Wigmore expressed himself as strongly in favor of the juvenile court. He said that he had recently visited Toronto and Ottawa, and after looking into the working of the courts in those cities, he was convinced that St. John needed this institution. On motion of Councillor McLeod further discussion of this matter was deferred until the January, 1925, meeting.

The application of the Children's Aid Society for an increase in their grant to enable them to wipe out an existing overdraft of \$6,000 and carry on to the end of the year, was taken up and after some discussion it was decided not to take any action at present.

A bill of \$76 from J. A. Grant & Co. for the inspection of the walls of the Old Court House was ordered paid. The application of Fred A. Bowes to have his salary restored to \$110 per month was referred to the warden for a report.

Agreement Approved. A suggestion from the Eastern Trust Co. that some change be made in lines of the lots in Champlain street, west, was referred to Commissioner Wigmore and Councillor Campbell, with power to act.

A report from the Eastern Trust Co. was read by the chairman of the committee. This showed a credit balance of \$6,224.75 on the operations of the Housing Board houses, of which amount \$6,000 was turned over to the municipality. They reported arrears of \$3,231 on the agreements of sales, and \$239 on the rentals. This report was ordered received and filed.

A new agreement with the Trust Company, giving them fuller powers to deal with those in arrears was presented by Prof. W. L. Turner, of the committee and recommended to the Council for adoption.

The amount authorized for the construction of a sewer through the property of Capt. Bennett, to the St. John River, Lancaster, was increased from \$2,500 to \$3,489.62.

MT. A. ENGINEERS HOLD A BANQUET

Sackville, N. B., May 8.—At the annual banquet of the Mount Allison Engineering Society in the university dining hall Wednesday, the following toast list was carried out: The King—"God Save the King." Our Guests—Proposed by Prof. H. W. McKie, B. A., B. Sc., of the University Faculty. Responded to by Prof. W. L. McKnight, B. Sc., of Halifax.

The Engineering Society—Proposed by Prof. H. E. Bigelow, Ph. D. Responded to by J. W. Turner.

A. J. Moore acted as toastmaster. The chief speaker of the evening was Prof. W. L. McKnight, B. Sc., who holds the chair of electrical engineering at the Nova Scotia Technical College, Halifax. He addressed the society on electrical engineering.

SEEK BACKING FOR ROAD WORK BOND

Lancaster Councillors Will Ask For Guarantee so Highways Can be Fixed

At the regular session of the Municipal Council next week the councillors for the Parish of Lancaster will ask the council to guarantee a bond to cover a portion of the work in making permanent roads in the parish.

Surveyors have been at work on the post road from the western end of the bridge at the Reversing Falls to Manchester's Corner, also along Lancaster Avenue, and sections of Duke and Prince streets as well as Dufferin Row.

It is the intention of the Lancaster councillors to build a permanent road such as that at East St. John, especially on the Post Road, and it is said that the Provincial Government will bear a portion of this expense as it is part of the main artery from the international border to St. John. This road, like the others, is said to be in great need of repair, and if the Municipal Council will guarantee the bond, which is necessary according to the Act passed in the Legislature, the work will be proceeded with immediately.

RECEIVES PARTING GIFTS.

The members of the choir of Knox Presbyterian church, gave a novelty shower last night in the choir room in honor of one of their number, Miss Nettie Dohmache, whose marriage to George Ernest MacKenzie is to take place shortly. Miss Dohmache received many attractive gifts. Rev. H. Moorhead Legate, the minister, on behalf of the choir, presented Miss Dohmache a handsome club bag and read an address of appreciation, good wishes for her happiness and regret at her departure. Miss Dohmache thanked the givers in a pleasing manner.

Indigestion Gas On Stomach Pains After Meals

Many people suffer terribly from gas and pains in the stomach after meals, and are kept in constant misery. For the past 44 years Burdock Blood Bitters has been bringing hope and joy to thousands suffering from various forms of stomach trouble, helping them to eat three square meals a day; helping them to eat anything they wish, without having to suffer for it after.

Mr. Fred Nielson, Moose Jaw, Sask., writes—"All last summer I was troubled with stomach trouble and indigestion, and also gas on the stomach. I could not eat anything except some light food and even then I would be bothered with pains after each meal. I could not work a whole day without being done out. I had tried everything, doctors, medicines and pills, until I read about Burdock Blood Bitters. I have taken four bottles and it has nearly, if not completely, restored me to health again." Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

H.P. sauce

pleases everybody—its flavor is so surprisingly appetizing and delicious. See you get H.P.

Back to the Bible Meetings

PARADISE HALL KING and CHARLOTTE

Evangelists—Ewen P. Lamont and Frederick W. Stray. Sunday, 7 p.m. Subject: Theological Smoke Screens and Fantastic Theories concerning the second coming of Christ exposed by the searchlight of Bible prophecy.

Evangelist Lamont will give Bible answers to the following questions: "Was Jesus' answer to his disciples creative and misleading when asked: 'What shall be the sign of Thy coming and of the end of the world?'" "Did He say He would come to their generation?" Was the transfiguration or the resurrection, or any event in the past the fulfillment of the prophecy, as some teach; or is the event still future. Can we know? Come and hear the truth on this subject.

SPECIAL MEETINGS Sunday 3 p.m., Tuesday 8 p.m., Thursday 8 p.m. The Question Box will be opened at the Sunday evening service. You are cordially invited to attend these meetings.

OTTAWA RESPONDS TO SUGGESTION TO CORRECT EMPIRE EXPO ERROR

Hon. J. B. M. Baxter Draws Attention to Omission of St. John From Pamphlet

The following correspondence between Hon. J. B. M. Baxter, representative of the City and County of St. John and Albert, and Hon. Thomas A. Low, Minister of Trade and Commerce, shows how readily the Ottawa Department responded to the suggestion for the correction of an unfortunate error or omission in the pamphlet which it was proposed to distribute at the British Empire Exhibition. The letters which were exchanged are interesting and self-explanatory.

same error will never occur again while I am in charge of the Department.

Yours very truly,
(Sgd.) THOS. A. LOW,
Department of Trade and Commerce, Canada,
Ottawa, April 28th, 1924.

Office of the Minister,
Hon. J. B. M. Baxter, M. P.,
House of Commons,
Ottawa.

Dear Mr. Baxter:
The demand for the pamphlet "Buy in Canada" which was prepared by this Department, has proved sufficient to warrant the authorisation of a second edition. This will be put to press at once and will be despatched for use at the British Empire Exhibition as soon as possible.

The addition of the Ports of St. John and Quebec and the Canadian Government Merchant Marine route from Halifax to the West Indies will also be made. If there are any further suggestions which you would like to offer in this matter before the pamphlet goes to press for the second edition, early this week, I would appreciate receiving the same.

Yours very truly,
(Sgd.) THOS. A. LOW,
Ottawa, April 28, 1924.

Hon. T. A. Low, Minister of Trade and Commerce, Ottawa, Ont.

Dear Mr. Low,—On my return to the city I am in receipt of yours of the 25th inst. regarding the folder prepared for distribution at the British Empire Exhibition.

I quite appreciate the fact that the omission has not been in any way intentional, but is the result of a regrettable oversight. At the same time I would like to suggest to you that the matter is important enough to warrant you in taking every possible measure to prevent its being the subject of public comment or of irritation in the localities affected. I understood from your former letter that the folders cost less than one cent each; the 50,000 which have been run off would therefore amount to less than \$500 and it would be better, I think, to withdraw them from circulation at once. This number seems to me a very small supply, considering the length of time that the exhibition will be open. In fact, I would almost assume that they would be distributed within a very few days, certainly not more than a week. Why not cable instructions to scrap them and proceed with a new drawing and

April 21, 1924.
Honourable Thomas A. Low,
Minister of Trade and Commerce,
Ottawa.

Dear Mr. Low,
I am in receipt of yours of the 4th instant enclosing a copy of the pamphlet which your Department proposes to distribute at the British Empire Exhibition. I think this folder a very good thing, but I am sure you will not mind if I make a suggestion which I hope it may be yet possible to carry out. A short time ago an unfortunate omission in a Canadian National Railway's publication caused a great deal of irritation in St. John by the omission of that City from the map. I notice with regret that neither St. John nor Quebec is shown upon the map in this circular. I am not sure whether they can be printed upon it or not but I think you will agree that it is most desirable that this should be done if possible. St. John as well as Halifax is one of the Eastern winter gateways of the Dominion and I would think that Quebec should be shown as well as Montreal.

I hope that you will appreciate that I am not making this suggestion in a spirit of fault-finding but in the hope that these two important seaports may have attention directed to them in the field of advertising so extensive as the British Empire Exhibition will afford.

J. B. M. BAXTER,
Department of Trade and Commerce, Canada,
Ottawa, April 25, 1924.

Office of the Minister,
Hon. J. B. M. Baxter, M. P.,
House of Commons,
Ottawa, Ont.

Dear Mr. Baxter:
May I thank you for the cordial tone of your letter of April 21st. No one regrets more deeply than I, the omission of St. John from the small trade map in our pamphlet. The whole difficulty has arisen over the fact that we gave instructions for the preparation of this map to another Department, stating generally what we wished to have on it. The new map was drawn from a standing map. We had indicated that we wanted the shortest most effective transport routes between Canada and the various points where our Trade Commissioners were located, and the main transportation arteries across the country. The map was drawn from an existing map, as stated above, and this latter must have been the same one from which the Canadian National Railways publication was earlier drawn, because we did not notice until the final plate was completed and the 50,000 pamphlets run off that this omission had been made. Not only would the whole shipment have to be scrapped at the present time, but a new drawing and plate would have to be obtained, which would mean a delay of five or six weeks in getting a new supply of pamphlets to the Exhibition. The present supply has already been shipped.

I can only express my deepest regret that I did not personally catch this omission, but the map was reproduced on such a small scale and there were such an infinite number of details to be checked in the preparation of the pamphlet, that the omission was not noticed until it was too late. I can only assure you that the

Convenience

READY TO USE

RECKITT'S Bag BLUE

and the abandonment of the small number of copies already run off would not amount to much in the total expenditure. Should you see fit to adopt the course I suggest you may rest assured that, so far as I am concerned, you will not only have no criticism in the House, but my absolute support of your action.

I remain, yours sincerely,
J. B. M. BAXTER.

LOSES \$50 TICKET BY BUYING SUIT

Indian Puts New One Over Old and Train Fare Slips Down Between

Buying a new suit proved the undoing of a young Indian from Prince Edward Island yesterday, for in the process of changing, or rather of putting the new suit on over the old, he lost his ticket to Winnipeg, which set him back in cold cash something more than \$50.

The young man arrived in the city yesterday morning from the Island and planned to leave on the C. P. R. yesterday afternoon for Montreal on the first leg of his journey to the Middle West. He purchased a ticket in the

plate at once? You will notice that not only St. John has been omitted, but Quebec as well. I would think, before you got through, you would need to have at least 500,000 of these folders

Boulter Caps

Correctly styled, of selected materials and thoroughly tailored to retain their shape. Any good hatter will show you a choice of plain colors, heather mixtures and faint or bold overplais.

Get the Genuine THERMOS

the original vacuum bottle

All vacuum bottles look very much alike. You will see some offered at ridiculously low prices, but these "cheap" bottles will not, CAN not give you as good service as the old Original Thermos Vacuum Bottle.

We were pioneers in the construction of vacuum bottles and, for more than twenty years, the Thermos has stood for the best in vacuum bottles the world over. It is still the leader to-day.

You can be sure of obtaining the genuine Thermos by looking at the bottom of the vacuum bottle you buy. If you find "Thermos" stamped on the bottom it is the one you want.

Protection and Preservation with B-H PRODUCTS

PROTECTION and preservation are as necessary to the tree that is moulded into new form, for building purposes, as it was when it stood in the virgin forest. Paint is that protection. Paint will preserve but, just as Nature protects with ever-renewing bark, so must paint be renewed.

Brandram-Henderson's products — and there is one for every painting purpose — bring real protection and preservation, no matter for what purpose they are used. And, to this protection, is added the economy of long wear and the beauty that comes from quality.

Alabastine the Perfect Wall Decoration for Churches, Halls, Schools and Theatres

WILL NOT RUB OFF

POINTS TO REMEMBER ABOUT ALABASTINE

Always smells sweet and clean. Mixes equally well in hot or cold water. Alabastine Opaline Effects are of unusual beauty and take the place of wallpaper. More sanitary, more economical. Hide bad wall conditions, and will not show marks or stains. Does not sour, spoil nor "Set" when left to stand. Can be easily washed off with water and sponge, and can be re-coated several times without removing first coat.

ALABASTINE provides a clean, sanitary, harmonious finish for the walls and ceilings of public buildings. Its ingredients are deodorant and germ-destroying, it does not rub off, and twenty-one distinct shades provide unlimited variety of color combinations.

Alabastine is easily, quickly and economically applied. It mixes with hot or cold water. A large brush puts it on without streaking over large surfaces. The cost for the Alabastine required is less than 2 cents per square yard.

Thousands of churches, schools and other public buildings have been brightened, rid of unsightly walls and ceilings and generally improved with Alabastine. Sold by paint dealers everywhere, or applied by decorators on request.

Ask for the Alabastine Tint Folder and Stencil Catalogue from your dealer or write to us.

ASKS DAMAGES QUARTER MILLION

Mrs. May Joyce Leeds Brings Action Against Mother-in-law.

New York, May 10—Charging that she was placed in a sanitarium in Englewood, N. J., humiliated, disgraced and separated from her young daughter, Mrs. May Joyce Leeds asks \$250,000 damages from her mother-in-law, Mrs. Annie S. Leeds, widow of William Bateman Leeds, a prominent member of the New York bar.

Voluntary Patient, Says Doctor.

Testimony to the effect that a suggestion was made to Mrs. Leeds that she might be able to compel her mother-in-law to pay her \$50,000 for being incarcerated was given at the trial by Dr. Andrew L. Englewood, head of the institution in Englewood, where the plaintiff passed three months.

"I heard her sister say, on one occasion, Dr. Neiden testified, 'May, if you do as I say, we can work the old lady for \$50,000.' The witness added that Mrs. Leeds did not approve of the suggestion.

Had A Weak Heart Was Very Nervous For Three Years

Miss Jessie Peterson, Zealandia, Sask., writes:—'I wish to let you know how much good Milburn's Heart and Nerve Pills have done for me.

For nearly three years I was very badly run down, had a weak heart, and was so nervous that sometimes I would almost faint away.

I cannot recommend your Pills enough, and I would advise anyone having a weak heart or troubled with nervousness to use them.

Milburn's H. & N. Pills are 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co. Limited, Toronto, Ont.

WORN-OUT?

THAT tired, worn out feeling—that lack of energy and ambition—that nervous run down state—are all preliminary indications that your blood is getting thin and pale.

This is the time of year when you should build up increased strength, vitality and power of resistance against disease, by getting more iron into your blood. But to take the ordinary metallic forms of iron may prove worse than useless.

If you feel tired in the morning, restless at night, if you suffer from weakness or lack of vitality simply try taking two Nuxated Iron Tablets with each meal for two weeks and note the amazing change in your health, vigor, energy and endurance.

SURE RELIEF FOR WOMEN'S DISORDERS

Orange Lily is a certain relief for all disorders of women. It is applied locally, and is absorbed into the suffering tissue. The dead waste matter in the congested region is expelled, giving immediate mental and physical relief; the blood vessels and nerves are toned and strengthened; and the circulation is rendered normal.

"I Suffered Terribly With Sore, Aching Back"

Mrs. Roland Ferguson, 194 Lake St., Peterboro, Ont., writes: "For over two years I suffered terribly with sore back. I was almost mad with the pain, and had doctored with it until I was discouraged.

Dr. Chase's Kidney-Liver Pills

Barbara is the daughter of Mrs. May Joyce Leeds, who was a nurse at the sanitarium, testified that Mrs. Leeds was not permitted to leave the house or grounds unattended and that many times the patient expressed her desire to go home.

BRIDGE WILL SPAN THE GOLDEN GATE

May Need \$200,000,000 to Connect Frisco Peninsula With the Mainland

San Francisco, May 9—Bridges and tunnels across San Francisco Bay, under construction or contemplated, call for estimated expenditures of approximately \$100,000,000.

According to the plans the Golden Gate bridge, connecting San Francisco with a tier of northern California coast counties which are now inaccessible only by ferry or by a long and roundabout overland journey, will be the longest single-span suspension bridge in the world.

AMAZING RESULTS IN GOOD HEALTH FROM THE FRUIT TREATMENT

Intensified Fruit Juices in the Form of "Fruit-a-tives" Promptly Relieves Many Diseases

You have always known that Fruit is healthy. Doctors say "eat more fruit." Experts on food and diet urge the eating of fruit. But—fresh fruit is expensive—and there is only a very small quantity of the medicinal or healing principle in fruit.

Now, a 50c. box of "Fruit-a-tives" contains all the medicinal principle of dozens of oranges and apples and pounds of figs and prunes.

By the wonderful discovery of a well known physician, it is possible to obtain the medicinal properties of the fresh juices of apples, oranges, figs and prunes concentrated and intensified in a small tablet, with tonics added.

This is "Fruit-a-tives"—the Fruit Treatment—the quick, pleasant, inexpensive way to make you well and keep you well.

Well Known Resident of Portland, Maine Mr. Otis M. Bryant, of 49 Anderson Street, is most enthusiastic about this famous fruit medicine. He writes "I was troubled with Constipation ever since I can remember; as a result, I have suffered from distressing headaches and pain in my left side.

Thanks To "Fruit-a-tives," Am Once More Well Mrs. Honore Valiquette, 1133 Notre Dame St. West, Montreal, is deeply grateful to this famous fruit medicine. She says, "I wish I could tell every sufferer in the world what "Fruit-a-tives" have done for me.

SAYS FANCY SHOES RUIN WOMEN'S FEET

Atlantic City, May 10—The present styles in women's shoes and the use of rubber heels were denounced by the Tanners' Council of America in convention at the Hotel Traymore, Fraser M. Moffat, of New York, president of the council, said that fancy footwear is ruining the feet of the nation's women, and declared that ten times more women than men are undergoing foot treatment.

THE EVENING TIMES-STAR, ST. JOHN, N. B., SATURDAY, MAY 10, 1924

IS HALE AND ACTIVE AT EIGHTY-SEVEN

Hon. J. G. Forbes Entered
His Eighty-eighth Year
This Morning

This morning at 6 o'clock Hon. J. G. Forbes entered on the eighty-eighth year of his age and there will be very many to extend hearty congratulations and wish His Honor "many happy returns." Judge Forbes was born on May 10, 1837, in the Blue Mountains district in Nova Scotia, the son of Captain and Mrs. John Forbes. When he was three years of age the family moved to Goshen, in Guysboro Co., N. S., where he received his early education. He afterwards went to the Antigonish Academy and later to Normal School.

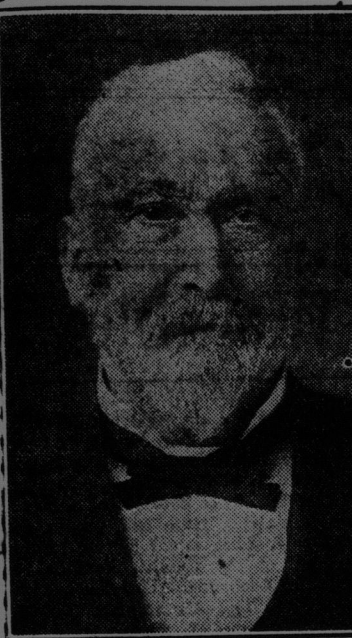

After leaving Normal School he taught in schools in Nova Scotia until he was 22 years of age. He came to St. John in 1860 and studied law under Judge William Wedderburn, Judge of Kings County Court. He completed his legal training with a year at Harvard University and returned to St. John. He was admitted to the bar in New Brunswick in 1865 on the same day as Hon. Andrew G. Blair.

For a time he practised law in St. John and was the senior partner in the firm of Forbes & Simeon, the junior member of the firm being Harvard S. Simeon, of Kings county. On the death of Mr. Simeon in 1878 Judge Forbes carried on the practice alone until in 1895 he was appointed Judge of the St. John County Court. He was 21 years on the bench and retired in 1915 at 78 years of age.

Active in Societies.

Judge Forbes is a man of diversified interests and a staunch supporter and untiring worker for the causes which he has championed. He is president of the New Brunswick branch of the British and Foreign Bible Society, vice-president of the British and Foreign

Hon. J. G. Forbes is
87 Years Old Today

HON. J. G. FORBES

Bible Society, chairman of the board of governors of the Victorian Order of Nurses in St. John, past president of the local St. Andrew's Society and a past grand master of the Masonic order of which he has been a member for 64 years.

In politics he is a Conservative. He is an ardent Presbyterian and a keen advocate of church union. Judge Forbes has been an elder of St. Andrew's Presbyterian church for 45 years and has continuously been elected a delegate to the General Assembly since he was first appointed an elder. Since 1896 he has been a member of the Pan- Presbyterian Council and he has attended its meetings in Glasgow, Washington, Liverpool and Aberdeen. He has been a member of the Protestant Orphanage Board for 20 years and is now presi-

dent of the Armenian relief committee in New Brunswick.

It can more fittingly be said that Judge Forbes is 87 years young than 87 years old, as his vigor and enthusiasm have lost none of the fire of youth.

FINED FOR REFUSING INSPECTOR ENTRY

In the police court yesterday afternoon James N. Riley, proprietor of a milk, fruit and grocery business, 207 Charlotte street, was fined \$20 for preventing Mrs. J. S. Flewelling, officer of the Health Board, from making an inspection. Dr. J. Roy Campbell, K. C., appeared for the Health Board. Mr. Riley was not represented. After the complaint was read, Mr. Riley said that he had prevented the inspector from entering the back store only.

Flewelling was one of the inspectors. Dr. William Warwick, district medical health officer, said he had instructed Mrs. Flewelling to inspect the store conducted by Mr. Riley.

Mrs. Flewelling testified that she made from 2,000 to 3,000 inspections annually. That she went to Mr. Riley's store in company with Constable Gibbons on May 2 and handed Mr. Riley a written order, told him that she was an inspector, and wished to inspect the place. She said Mr. Riley told her she had no right to do so. Constable Gibbons corroborated the evidence given by Mrs. Flewelling and said Riley was excited at the time and refused to allow either witness or the inspector to enter the back shop.

Magistrate Henderson, in summing up the evidence, said preventing a health officer from making an inspection was a serious matter and that the penalty called for a fine of \$200. Riley was fined \$20, which he paid.

CONVENTION TO MEET HERE

The annual convention of the United Baptist Women's Missionary Union of the Maritime Provinces will be held in St. John on Aug. 27 and 28, it was decided by the executive of the U. B. W. M. U., at the first session of its quarterly meeting held last night in the Germain street Baptist Institute, with Mrs. W. G. Clarke, of Fredericton, the president, in the chair. Mrs. George Parker was appointed convener of the convention programme committee. The treasurer reported receipts during the quarter amounted to \$8,700 and disbursements to more than \$10,000. Among the delegates present were five from Nova Scotia and several from outside in New Brunswick. The sessions will be continued today.

Bamboo is being successfully grown in Georgia.

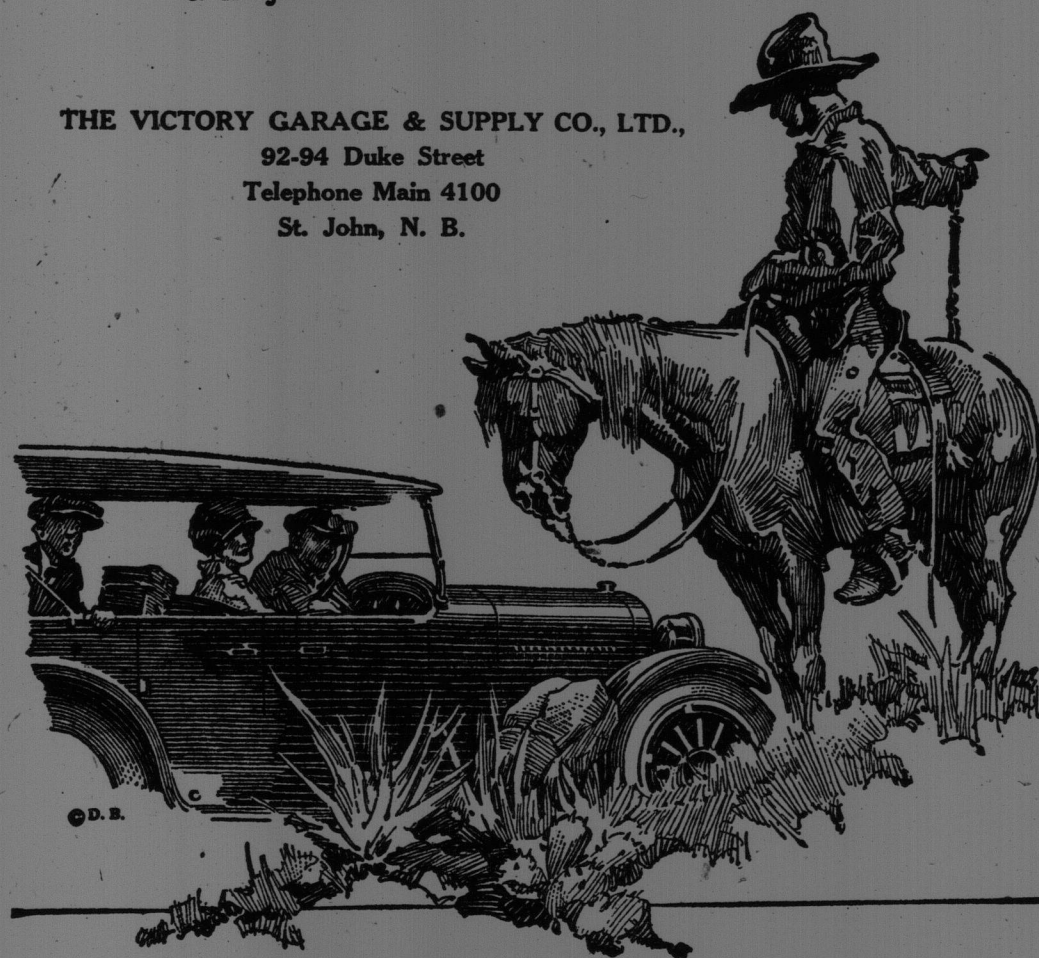

DAY IN AND DAY OUT

Day in and day out, Dodge Brothers Motor Car serves its owners faithfully and at low cost.

This is because Dodge Brothers have consistently built their product more staunchly than strict manufacturing practice requires.

Employing only the finest materials, they have insisted upon an exceptional margin of excess strength in every part that takes a major strain.

GRAY-DORT

Inspectors with a Conscience

TWO things make inspection valuable or valueless in an automobile factory.

First—the management's instructions to its inspectors.

Second—the desire of the inspectors to carry out those instructions.

The new management of Gray-Dort Motors says to Gray-Dort inspectors: "You must not pass a single thing in any Gray-Dort car which is not better than you would want in your own car."

And every inspector knows that those instructions must be carried out to the letter if he is to stay with this organization.

Today the inspection in the Gray-Dort plant is the most rigid ever established by an automobile manufacturer.

Go to the Gray-Dort showroom and examine the cars.

Drive the cars. Find out for yourself how smooth and powerful and quiet the Gray-Dort is.

"Balloon Tires Optional at Slight Extra Cost"

A WORLD-FAMOUS SIX AT \$1465!

Scientifically balanced, holds the road at all speeds. All-steel body. One-piece windshield. Luxurious, genuine leather cushions, 10 inches deep. Coil lights. Standard non-skid cord tires.

We'll lend you a car

to compare with other cars at near its price

THIS is an offer to anyone who is considering the purchase of a car in the \$1500 field.

We invite you to take out a Studebaker Light-Six model for the sake of comparing it with other cars at near its price. This without obligation to buy.

Every maker advances claims for his car. Some are fair, some superlative; some are borne out by facts, others not.

You've been told this car, that car or another is "just as good" as this famous Studebaker model. Now find out for yourself. That's the only way to buy lasting satisfaction.

When you try this Studebaker Light-Six, you will find an engine of remarkable power

and flexibility—an L-head engine designed and built by Studebaker; noted for its quiet and smooth operation; free from vibration because its crankshaft and connecting rods are machined on all surfaces, an exclusive Studebaker feature on cars at this price.

You will find surprising ease of handling, unusual comfort, roominess, obvious refinements and all the visible signs of a quality car. You will find low price its only contrasting feature.

Remember, Studebaker is the world's largest quality car builder and thus is in position to give you the utmost for the least.

Buy no car at \$800 or more without making this test. Don't buy blindfolded.

Gum-Dipped Cords

Gaining New Fame for Service
60% Sales Increase in Last Six Months
Shows Trend Toward Firestone

The public has emphatically spoken. The popular preference in all territories is unmistakably for Firestone Gum-Dipped Cords.

A standard of service without parallel is being set by these famous tires. It has brought a sales increase of 60% for the past six months over the same period of a year ago—the greatest gain in all Firestone history.

The tire buying public has been aroused by the results in economical mileage of the Firestone process of gum-dipping. The buying-swing toward Firestone shows how Gum-Dipped Cords have advanced the public's standard of tire value.

Ask owners about Firestone performance on their cars. Note the number of Firestone spares. Watch the new cars you see—just from the factories. Firestone Gum-Dipped Cords are seen everywhere in fast increasing numbers.

Get the maximum extra mileage that the Firestone name assures you. Only by insisting on this name can you be sure of getting the genuine gum-dipped construction.

A leakproof tube helps tires give better service. Firestone Tubes are steam welded and therefore leakproof.

Firestone

GUM-DIPPED CORDS

FEATHERED EXHIBIT ATTRACTS CROWDS

Natural History Society's Display Contains Numerous Fine Specimens

The latest window exhibit at the Natural History Society's building is a collection of unusual birds, birds with gorgeous plumage and birds of grotesque shape, the majority being birds that are not native to New Brunswick but whose names are familiar. The collection has been attractively arranged and at most times of the day an early evening group of interested citizens can be seen taking in the strangeness of the specimens exhibited.

There is a bird of paradise with spreading gorgeous plumage taking the centre of the stage. These birds are found only in the forests of New Guinea and neighboring islands and their plumes have been much sought for the ornamentation of hats.

Another bird in the exhibit is the English cuckoo, a bird that can be heard from every hedgerow in England but is seen only on the rarest occasions, so carefully does it hide from observation. It is not a pretty bird and its shy habits have been attributed to a wish to conceal its lack of personal charm. Cuckoo, a Parasite.

The cuckoo is remarkable for its parasitic habits. It builds no nest. The female cuckoo lays her eggs on the ground and carries them in her bill to the nest of another bird, usually selecting as a foster parent, the hedge sparrow, the wagtail, meadow-lark and the reed warbler. When the young cuckoo is hatched instead of being grateful for the home it has been given it ejects the other nestlings, robbing them of their proper home.

The long legged curlew or whamp is another specimen shown. This bird is common in the old world from northern Africa to the Polar regions. The handsome scarlet bird found in tropical America has a position of honor and there is a Kingfisher prominently placed.

The Kingfisher shown is one of the large Asiatic species. These birds are most numerous in the Malay Archipelago, where the majority of the 180 species are found. Only eight species of Kingfisher are found in America and only one in New Brunswick. There is a strong family likeness between the Asiatic specimen and the Kingfisher of New Brunswick.

Toucan Attracts.

The Toucan is in the forefront in the exhibit his amazing beak which is almost as large as the rest of his body and is pronouncedly hooked, is what rivets the attention of most passers-by. He comes of a remarkable family of birds native to tropical America and his diet consists of fruit, insects, eggs and young birds. The prairie hen, one of the most important game birds of western Canada, is easily distinguished by the long tuft of feather on each side of the head of the fine male bird that is shown.

The mitter's Jay, one of the common jays of western North America, is in the collection and the golden pheasant is there also. The golden pheasant is a native of northern India and eastern China and there are a pair of these exceptionally handsome birds in Rockwood Park. Two specimens of the ptarmigan are also shown. The specimens show the contrast of the summer plumage with the autumn plumage that already has begun to show the winter white. The ptarmigan is closely related to the partridge of New Brunswick. The specimens shown are from Newfoundland. The ptarmigan is found in Arctic regions and seldom comes as far south as New Brunswick.

CUTICURA HEALS LARGE PIMPLES
On Face, Itched and Burned, Lost a Great Deal of Sleep.
"I had pimples on my face for several months. They were hard and large, and the skin was sore and red. The itching and burning almost set me crazy at night and I lost a great deal of sleep. The breaking out caused disfigurement. I tried many different remedies but found no relief. I almost despaired of help when I tried Cuticura Soap and Ointment and in a short time I was completely healed."
(Signed) Miss Annie Placher, Box 45, Hatton, Saskatchewan.
Clear the pores of impurities by daily use of Cuticura Soap and occasional touches of Cuticura Ointment as needed to soften, soothe and heal. They are ideal for the scalp, as is also Cuticura Talcum.
Sample Each Free by Mail. Address Canadian Agent: "Cuticura," P. O. Box 5610, Montreal.
Price: Single Cuticura Ointment 25c, Cuticura Soap 25c.
Try our new Shaving Stick.

4 HOUSES AND CONVENT BURNED

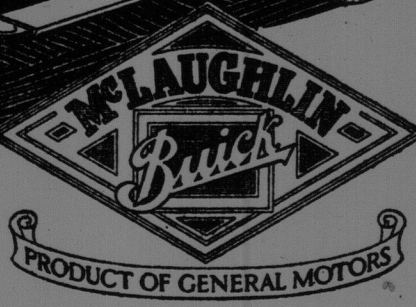

Quebec, May 9—Four houses and a convent were destroyed in St. Augustin, Portneuf County, this morning by

a fire that menaced the entire town. Inhabitants moved their valuables to safety during the general panic that ensued. Fifty thousand dollars is the estimated damage. The efforts of the volunteer fire-

fighters, 200 hundred strong, were considerably hampered by the fact that all water had to be secured from nearby wells and a bucket brigade formed. Ninety-six small children and nine nuns occupied the convent but all escaped.

MASTER SIX 24-44 SPECIAL

Power to Go and the Ability to Stop

ACCELERATION and deceleration—these are the two factors which determine the efficiency of a motor car. In the improved Master-Six valve-in-head motor is a speed of 70 miles an hour. The longer stroke gives greater power; the complete, automatic engine lubrication, and many other improvements add to the accepted high standard of the McLaughlin-Buick engine.

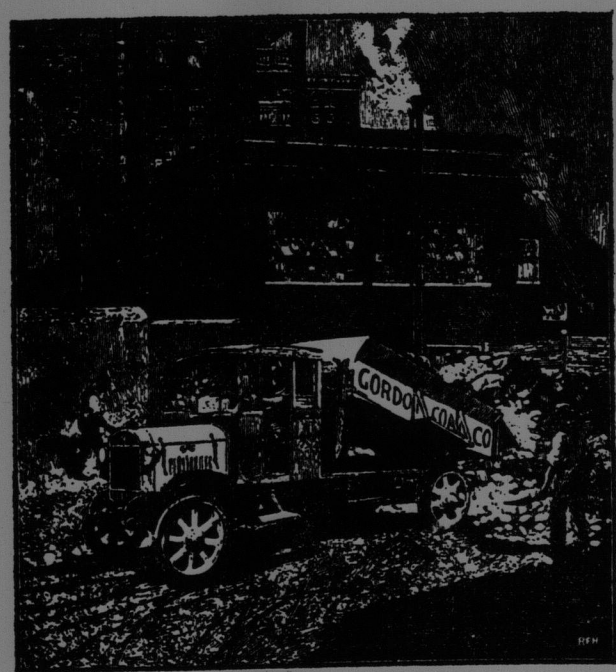

Here is a car with power to go, yet with the ability to stop. The McLaughlin-Buick perfected Four-Wheel Brakes reduce by half the distance required for stopping—eliminate the danger of skidding—afford greater ease of control in and out of traffic.

THORNTON DENIES RAILWAY CHARGE

President of C. N. R. Says There is no Organized Rascality in Departments

Montreal, May 9—Interviewed here today with regard to statements by Senator N. D. Taylor, of New Westminster, B. C., in the senate yesterday that "there was organized rascality in several departments of the Canadian Government Merchant Marine and the Canadian National Railways in British Columbia," Sir Henry Thornton said an independent investigation was now in progress "designed quite as much for the protection of the good name of our officers and employees as it is for the purpose of revealing the possibility of any improper acts."

Sir Henry said previous investigation by a responsible assistant upon representations of Senator Taylor had decided him that the charges were not justified. However, as the senator was not satisfied, R. H. M. Temple, the company's regional counsel at Winnipeg had been delegated to conduct an investigation. As Senator Taylor had been advised of this investigation Sir Henry could not understand the Senator's statement that he had received no intimation of the inquiry.

ANIMALS BURNED IN FIRE ON FARM

Thirteen Cattle and Four Horses Perish in Sunbury County Blaze

Fredericton, May 9—Thirteen head of cattle, four horses, several pigs and some other stock were burned in a fire which destroyed four large barns on the Clowes Farm at Central Manchester, Sunbury County, today with a loss estimated at \$12,000.

The farm which was one of the best equipped in Sunbury county is owned by Mrs. Clara W. Clowes and operated by her two sons, Harry and Arthur Clowes. One horse, a steer and a calf were the only live stock saved and the steer was badly burned. All that saved the homestead from destruction was the fact that the wind was blowing away from it.

SCHOONER RUNS ASHORE IN ICE

Sydney, N. S., May 9—While attempting to circle around a field of drift ice laying off the coast, the

British Empire Steel Corporation's collier Kamouraska, Captain J. A. MacDonald, which left here Thursday midnight with a cargo of coal for Montreal, got too far ashore and at 8.45 o'clock this morning ran hard

aground on Schooner Pond Shoal opposite No. 6, Big Glace Bay. The British Empire Steel Corporation's tug, Douglas H. Thomas, was dispatched to her assistance this morning.

LARGE SCHOONER CAUGHT IN ICE

Three-masted Vessel Believed to Have Been Carried Out by Drifting Ice

Bathurst, May 9.—The people along the shore of the Bay between Bathurst and Grand Anse were surprised Tuesday to see a large three-masted schooner in great fields of drifting ice about midway across the Bay Chaleur. Word was sent to Collector of Customs Melanson of the vessel's plight, and the Bathurst Company's tug, the Betty D., steamed out of the harbor to see if any assistance could be rendered to the helpless ship, which appeared to be flying signals of distress. On account of the vast amount of ice in the Bay, however, nothing could be done to aid the vessel. No sign of her could be seen yesterday so it is supposed that she was carried out by the drifting ice fields. No information in regard to the vessel's name could be gathered as none of the shipping companies expected the arrival of any ship so early in the season, so it is somewhat of a mystery as to how and why the schooner reached the position in which she was seen. Some people suspect rum-running activities while others suggest the daytime appearance of the famous "Phantom Ship" of the Bay Chaleur, about which a great deal was heard in these parts years ago.

MEN SERVE DINNER FOR LADY GUESTS

Business Club of Y. M. C. A. Entertains 30 From Ladies' Auxiliary

There were 30 ladies of the Ladies' Auxiliary of the Y. M. C. A., entertained by the Business Men's Club officers last evening at the Y. M. C. A. residence, to a full course dinner. The men were dressed in aprons, not uniform, but each suited to his peculiar style. Walter Pearce, president of the club, presided and Rev. Robert G. Fulton gave the formal address on the aid the ladies were in the work of the Y. M. C. A. The tables were set in a block, forming a hollow square, and were centred with pink crepe paper, which also decorated the sides and "all fussed up" the men reported with pride. Pink roses completed this artistic color scheme. Mrs. G. Wilford Campbell, president of the Ladies' Auxiliary, spoke for her association, thanking the men for their courtesy and delicious dinner. The ladies then sang "For they are Jolly Good fellows." Those present were Mrs. Campbell, Mrs. Leonard Lingley, Mrs. James Christie, Mrs. J. A. Kennedy, Mrs. R. A. Plumperton, Mrs. James Pennington, Mrs. H. B. Whippley, Mrs. Roy Gregory, Mrs. Walter L. Gregg, Mrs. E. Milton Smith, Mrs. T. H. Sommer, Mrs. E. L. Rising, Mrs. E. S. Stephenson, Mrs. D. R. Willett, Mrs. A. C. Currie, Mrs. J. S. Frost, Miss Jessie Millican, Mrs. F. Z. Fowler, Mrs. John Donahue, Mrs. J. W. Yarnall, Mrs. John MacKinnon, Mrs. J. F. Tilson, Mrs. F. A. Dykeman, Mrs. Fred W. Girvan, Mrs. Holly McL. Lingley, Mrs. C. Green and Mrs. G. B. Taylor. The men who served the guests were A. L. Gregg, who replenished; John MacKinnon, who was convener of the function, assisted by Fred W. Girvan, Leslie Laing and Fred T. Barbour. The accompanist was R. J. Rupert. Miss Harriet Smith, principal of the New Albert School, expressed her appreciation of the programme, and the hope that the Mock Trial could be repeated in the Assembly Hall of Albert School.

CONSERVATIVES OF NOVA SCOTIA ELECT

Halifax, May 9.—The annual meeting of the Nova Scotia Liberal-Conservative party was held here tonight with representatives from all parts of the province attending. The following officers were elected: Honorary president—E. C. Phinney, Halifax. President—Frank Stanfield, Truro. First vice-president—J. A. Walker, Halifax. Second vice-president—Mrs. W. K. McKean, Halifax. Third vice-president—D. J. Buckley, Sydney. Fourth vice-president—J. W. MacDonald, Bailey's Brook, Pictou. Treasurer—R. B. Colwell, Halifax.

FINE PROGRAMME BY TRAIL RANGERS

Ludlow Street Baptist Boys Give an Excellent Entertainment.

One of the best entertainments ever given by the boys of Ludlow street Baptist church, was presented by the Amheek Trail Ranger Camp in the vestry last evening. R. H. Parsons, mentor, presided, by unanimous vote of the camp. Rev. Mr. Robbins made the presentation. Many of the boys have qualified for several badges which will be presented later. In the Mock Trial in which Calvin Fraser was charged with leaving a meeting on Nov. 30, 1923, to get a soft drink. J. W. McGiffin proved to be a dignified judge. Delbert B. Black, prosecuting attorney, and Frank Pearce, counsel for prisoner, were exceptionally good. The jury returned a verdict of guilty. Before pronouncement of sentence by Rev. W. A. Robbins spoke a word for the prisoner. The sentence was that the prisoner be asked to furnish each member of the camp with one soft drink, and in default to spend 60 days at Musquash with hard labor. Through the good offices of a friend the first alternative was forthcoming and the prisoner released. During the intermission judge was sold, Mrs. Wm. Gray being in charge for the boys. Those who took part in the programme, all of who did their parts well, were as follows: Rastus and Samba; Frank Pearce and Everett Campbell; The Hoboes' convention, Leslie Ham; duet and chorus, Ken Black and Charles Campbell, and the Rangers; "Ding-a-Ling," Delbert Black; Christie Clark, Frank Pearce, Leslie Ham, Holly Hoyt and Ken Black. Mock Trial, Judge J. W. McGiffin; prosecuting attorney, Delbert Black; counsel for the prisoner, Frank Pearce; high sheriff, Harold Hagerman; constable, Holly L. Hoyt; clerk, Pieman Ham; erler, Leslie Ham; jury, Christie Clark, chairman; Gordon Sprague, Charles Campbell; prisoner at the bar, Calvin Fraser, witnesses, Ken Black, Hazen Walton, Theodore Rumson, Frank Kelly and Everett Campbell.

Before the Mock Trial was held Rev. W. A. Robbins, the pastor, and Mr. Parsons appealed to the older people to show a practical interest in what the members of the camp were trying to do. Two much coveted efficiency medals for the best all-round efficiency, were awarded, the first to Delbert B. Black, and the second to John W. McGiffin by unanimous vote of the camp. Rev. Mr. Robbins made the presentation. Many of the boys have qualified for several badges which will be presented later. In the Mock Trial in which Calvin Fraser was charged with leaving a meeting on Nov. 30, 1923, to get a soft drink. J. W. McGiffin proved to be a dignified judge. Delbert B. BYRNE STEPS IN IN POISON CASE

Attorney-General Orders Report by Pathologist in East St. John Death

Raymond N. Laird, aged nine years, son of Mr. and Mrs. William Laird of East St. John, died suddenly at 4:30 o'clock on the morning of April 24 from poison. An inquest was held before Coroner H. A. Porter and jury, and Dr. H. L. Abramson, provincial pathologist, testified on May 2 that death was due to a highly corrosive poison and, although he had made a microscopic and chemical examination at the autopsy, he was not able to determine what poison caused the boy's death. The jury recommended a further investigation. Coroner Porter last evening said that he had sent the particulars to Hon. J. P. Byrne, of Bathurst, Attorney-General of the province, and had received a reply that as the case was a mysterious one, and he recognized the right of the public to have the matter cleared up if possible, he had sent a notification to Dr. Abramson to submit a full report. Mr. Abramson, when communicated with last evening, said that he had received word from the Attorney-General, and was working on the matter but to date was unable to send in a report as he had not yet finished. Dr. Abramson at the inquest said that it was a mystery to him that a boy whose stomach contained so many ulcers and was so perforated could have slept soundly from 9 o'clock in the evening until the early morning, when he died, without showing signs of some pain or vomiting. Dr. Abramson could not state last night just what time he would be able to make a full report on the matter to Attorney-General Byrne. He was still working on the case, he said.

How Would You Like to Grow Hair in a Month?

Getting bald, hair falling and fading? If you want to grow new, healthy hair right away I will send you absolutely free, a sample of the famous Alexander Glanahair. No cost, no obligation, just send name to ALEXANDER LABORATORIES, 212 Bohan Bldg., Toronto, Canada.

FRACTURES HIS LEG.

Bathurst, May 9.—Maurice, nine-year-old son of Dr. C. J. Veniot, had his leg broken on Sunday afternoon. On Sunday evening he was taken to the Hotel Dieu Hospital, Campbellton. The lad was coasting on his tricycle down the hill at the corner of Douglas and St. George streets, when another boy ran into him from the side and upset him. An examination by the X-ray at Campbellton disclosed that two bones were fractured, but after being set the boy was free from pain and has since been making rapid progress toward recovery.

DR. CUTTEN HELD IN SPEEDING CASE

Former President of Acadia University Demands Trial—May be Jailed

Utica, N. Y., May 9.—Dr. George B. Cutten, president of Colgate University, and former president of Acadia University, charged with driving his automobile 40 miles an hour, pleaded not guilty to the charge here today and demanded trial. If convicted, according to the rules of the court, Dr. Cutten will be obliged to serve a jail sentence of from one to five days. Dr. Cutten had barely entered the city limits when arrested by motorcycle officers. He had as passenger Raymond B. Fossick, former Under-Secretary-General for the League of Nations, who spoke at Colgate University Thursday. Dr. Cutten explained to the court he was passing other cars in an effort to get Dr. Fossick to his train, and had no intention of breaking the city's speed laws. Selected for the post three years ago by Attorney-General Daugherty, the famous detective has borne the brunt of much of the criticism leveled at the administration of the chief he now follows into retirement.

BURNS RESIGNS AT WASHINGTON

Washington, May 9.—William J. Burns, whose activities have been a storm centre in several Senate investigations, has resigned as chief of the justice department's bureau of investigation.

Selected for the post three years ago by Attorney-General Daugherty, the famous detective has borne the brunt of much of the criticism leveled at the administration of the chief he now follows into retirement.

MINARD'S "KING OF PAIN" LINIMENT

SAYS CANADA IS FACING A CRISIS

Writer in Catholic Register Asks if Religious Issues Are Party Dickerings

Toronto, May 9.—"Canada is faced with perhaps the most momentous question which has arisen in her history, namely, whether the action of religious bodies regarding their creed and organization is to be made the football of Parliament," says Rev. Fr. Minchan, in today's issue of the Catholic Register, under the heading of "Catholic Truths." "Union and disunion. Are purely religious issues to be decided by party dickerings? Is the question whether a person shall or shall not be a member of the United Church of Canada to be determined by whether he sits on the water wagon or the beer wagon? Not only is the question whether there shall or shall not be a United Church in Canada to be settled by a political vote, but it is to be settled on points which have no relation whatever to the religious issues involved," continued Rev. Fr. Minchan. "It may be said that our provincial and Dominion legislatures in this matter are dealing with matters, namely incorporation. Quite true, but they can deal with those issues in a way which shall make it impossible for any religious body to carry on its work. There is no question of compliance with legal safeguards. The cool proposal is to use the civil power to smash a purely religious movement. This is a matter of the most vital concern to all. Is our religious liberty, are our most cherished conscientious convictions, to be placed at the mercy of lobbyist and the political spellbinder?"

AGGRESSIVENESS WAS LACKING

Stock Prices Drifted Irregularly Lower in Wall Street Today.

New York, May 10—Stock prices drifted irregularly lower at the opening of today's market which was marked by an absence of aggressive operations on either side. U. S. Steel was subjected to selling pressure in anticipation of an unfavorable tonnage statement today and in yielding fractionally carried Baldwin, American Can and other market leaders lower. Oil shares were heavy, Phillips Petroleum dropping two points.

Montreal, May 10—Consolidated Smelters and Montreal Power were again the most prominent stocks as regards activity on the exchange this morning. Smelters dropped 1/2 to 89 and Power was off one point to 164. Montreal Tramways, yesterday's strong spot, was easier, losing two points to 166. Spanish River was off 7-8 to 100-1-8. Price Bros. dropped 1-8 to 44-3-4, and Detroit Railway was down 1/2 to 44-1/2. Canadian Industrial Alcohol was the only issue to register an advance, selling at 27 1/4 for a net gain of 1/4.

Chicago, May 10—Opening wheat May 106-3/4, July 107-7/8. Corn May 77-1-8, July 77. Oats May 47-1-8, July 44-1-8.

Montreal, May 10—Cable transfers. 4.44-3-4.

Scene of Ceremony on Sunday

CHURCH AT EAST ST. JOHN FOR REV. F. WALKER

New Gothic church at East St. John. Picture is from architect's drawing and shows what the new structure will be when completed.

The ceremony of laying the corner stone and blessing the foundation of the new Gothic church, Stella Maris, at East St. John will take place at 3 o'clock tomorrow afternoon, weather permitting. His Lordship Bishop LeBlanc will officiate. The event will be the first of its kind in St. John for more than 20 years.

Large crowds are expected to be present to witness the ceremony and arrangements have been made to have extra cars on the East St. John route.

Bishop LeBlanc will be assisted by Rev. C. P. Carleton, of Silver Falls, as deacon, and Rev. Roy McDonald, of the Cathedral, as sub-deacon. Rev. D. S. O'Keefe, of St. Andrews, will preach.

Rev. F. E. Walker, parish priest of the parish of St. John, was when the plans were drawn by the firm of Fréchet & Feeney, architects and engineers, St. John and Moncton, and the contract for the building work was awarded to the firm of John Flood Sons, Ltd., general contractors, and builders. The stone work is in charge of Charles McCall. The work has proceeded with great speed and today is in an advanced stage. It is intended to complete the entire building from the outside, but for the present, the basement, alone will be furnished and used for church purposes, leaving there last fall to take charge of the new parish in East St. John.

There are between 70 and 75 families in the parish numbering in all about 400 souls.

The last occasion on which the corner stone of a Catholic church was laid in St. John, was when the present Church of the Assumption was under construction by the late Father O'Donovan. This was but two weeks later than the laying of the corner stone of the chapel of St. Vincent's Convent, Cliff street, His Lordship Bishop Casey, now Archbishop Casey of Vancouver, officiating.

History of the Church. During the summer of 1923, the advisability of erecting a new parish to look after the wants of the Catholic people in the rapidly growing district of East St. John, was considered by His Lordship the Bishop. A favorable decision was finally reached and carried into effect when on October 1st, last, Rev. Francis E. Walker, was appointed parish priest of the new parish. The boundaries of the new parish were defined as follows:

had been installed during the May moving period. The supply was practically depleted and he recommended ordering 1,000 more at cost of \$9,350, to be paid for by bond issue.

The Report Continued. "It will be one year, on May 10, that tenders closed on the erection of our distribution system, and although we have some 4,400 customers on our lines, we have for sale an additional four to five million kilowatt hours of electrical energy, and as the consumption of kilowatt hours in former years, in this city, did not exceed 6,000,000, it is quite apparent that your commission will have to market sufficient energy to use up the balance of 10,000,000 kilowatt hours, now being paid for. This can be attained by inducing the sales of electric ranges and other appliances."

The engineer submitted a report on the extension of the hydro lines to Millidgeville. It showed an estimated annual deficit of \$194,400. The report also mentioned lighting in Douglas avenue and the engineer says he is prepared now to take over the street lighting in City road, Paradise row, Richey street and Wall street. The remaining portion of the North End, the report said, would be completed within the next two weeks.

MONEY ORDERS Dominion Express MONEY ORDER

75th YEAR IN BUSINESS Service and Record Unsurpassable. WILLIAM THOMSON & COMPANY LIMITED.

Will make it a REAL PLAYGROUND Allison Place to be Seeded Down Inside Running Track.

WILL MAKE IT A REAL PLAYGROUND

Allison Place to be Seeded Down Inside Running Track.

The most important matter that came before the Playground Association at its meeting last evening in the Health Centre was that relating to the Allison Playground at Rockwood Park. Commissioner Frink was present during the discussion. It was pointed out that the association last year urged the closing of this ground, so that it might be used for the running track.

The association last night adopted a resolution urging the commissioner to have the area inside the running track and have it seeded down and kept from use as a playground for this year. This would not interfere with the use of the running track.

Commissioner Frink expressed his desire to carry out the wishes of the association, so that the city might be provided next year with a real playground and athletic field with a good grass surface.

As the committee which was to report on the area inside the running track before opening the supervised playgrounds was not present, it was decided to hold a special meeting to hear the report and take action thereon.

In view of the fact that members of the board had received letters from Chatham, St. Stephen and Charlottetown regarding playground equipment and the conduct of supervised playgrounds, it was decided to have copies of a summarized report on this subject prepared to be sent to any inquirers.

Commissioner Frink told of the work to be done this year on the new West End playground, which would be in fine condition for use next year.

The names of the teachers and caretakers of the supervised playgrounds for the coming holiday season were submitted, and Miss Heffer announced that the teachers would take a series of lessons in millinery this evening, the first to be held this evening. As usual two members of the board will give attention to each playground to see that the apparatus is properly placed for the opening of the grounds, and to give any needed assistance to the teachers and Miss Heffer during the season.

Dr. G. B. Peat gave an interesting talk on Boy Scout work in the city, with special reference to the tag day next Saturday in behalf of funds for carrying on and extending the work. He said there was a steadily growing interest and approval of Boy Scout work, and he found that the citizens of the city were especially interested and ready to give any assistance possible.

Miss Heffer, in her report regarding the closing of the East End Boys' Club, said last winter was the most successful in her experience with the club and the present, F. T. Lewis, was in the chair at her night's meeting.

MORE THAN 200 AT TROJANS' DANCE

More than two hundred young people enjoyed the Trojans' dance last evening at the Venetian Gardens, under the convener'ship of Miss Winifred I. Blair, the money raised going towards the fund for the purchase of a shell for a four oared crew for the Trojans. Jarvis Wilson, president of

Teeth Stains Bleached Out New Safe Way

Say Goodbye to dull, yellow, stained teeth! For a new harmless treatment—Bleachodont Combination—bleaches away the stains and makes teeth flashing white—often in just three minutes. Treatment consists of a mild safe liquid, which curdles and softens the stains—and a new kind of paste, which gently removes the softened stains. Bleachodont Combination keeps teeth bright by preventing the formation of new stains. Does not affect enamel as its mild ingredients are especially combined to act only on surface stains. Treatment consists of: Only a safe, mild preparation like Bleachodont Combination should be used on children's teeth which are naturally soft and sensitive, and which are especially subject to stains and decay. Fine for the gums. Get Bleachodont Combination today, for few cents at all drug stores, such as E. Clifton Brown, B. W. Hawker & Sons, W. Hawker & Sons, Royal Pharmacy, Ross Drug Co., A. the club, and the 80 members were all proudly displaying beautiful regulation club pins, presented by a prominent citizen, who asked that his name be withheld. Miss Blair was assisted in serving by Mrs. Frank L. Potts, wife of the Mayor of the city, Mrs. Fred Blair, Mrs. LeRoy King and Miss Sydney L. Kerr. His Worship, Mayor Potts, was present.

The Trojans supplied the delicious refreshments, which disappeared as if by magic at the supper hour. The dance was informal. The orchestra was composed of Bruce Holder, Harold Friar, Ralph Oatle, Louis Comeau and John Cavanaugh.

The Trojans were wearing are of gold, with mounting of black enamel, upon which a Trojan warrior, holding a shield of black appears in relief. In his right hand he holds an orange T on a small black mounting, the whole not emblem, perfect in outline, not measuring more than half an inch.

SPORTS NEWS GLEANED FROM THE WORLD'S CENTRES

EIGHT ST. JOHN BOYS QUALIFIED FOR TRYOUT FOR CANADIAN OLYMPIC TEAM

Maynes, Donovan, Campbell, Snow, Malcolm, McCrossin, Winchester and McCrossin Selected.

Maritime athletes were selected to participate in the final tests for the Canadian Olympic team at a meeting of the Maritime Olympic committee held in the office of A. W. Covey yesterday. A total of 26 men were selected to represent the Maritimes in the various events.

Following is a list of the track men selected, their places of residence and the events in which they will enter: Erin Smith, Halifax, 100, 220, W. J. Mooney, Halifax, 880, one mile, Harold Lapierre, Halifax, 880, one mile, Nixey Kennedy, Halifax, 135 lb. boxing, Kelly, Halifax, 125 lb. boxing, McLean, Halifax, 145 lb. wrestler, George Wright, Westville, 145 lb. boxing, McLean, Sydney Pier, 145 lb. boxing, Day Nolan, Glace Bay, 160 lb. boxing, Billy Cavanaugh, Westville, 112 lb. boxing, Ross Cameron, Pictou, broad jump, Len MacDonald, Sydney, pole vault, Victor McAulay, Windsor, marathon, William McDonald, Charlottetown, road jump, hop, step and jump, Barney Francis, Charlottetown, 880 and one mile, Zan Miller, Sussex, high jump, Billy Maynes, St. John, 440, Frank Campbell, St. John, 100, Drew Muleshy, St. John, 100, 220, Louis Donovan, St. John, 125 lb. boxing, Peter Murray, 126 lb. wrestling, Andrew Malcolm, St. John, shot put, Eric Snow, St. John, 125 lb. boxing, Bruce Winchester, St. John, 125 lb. boxing, Leo McCrossin, 135 lb. wrestling, Cliby Sealey, Fredericton, broad jump, hop, step and jump.

Gorman is Discussed. The case of Charles Gorman was discussed at length and the committee finally rejected him. It was felt that as Gorman had already had a trip to Paris, and as he failed to win first place in the 100 yard dash at the Charlottetown Maritime track meet last year, it would, perhaps, be fair to cross his name from the lists. This was done.

Mr. Covey outlined the situation and showed the committee the ways used to collect money for the training fund and the results of the tagging conducted in this city, and in other cities in the Maritimes. Approximately \$2,500 has been received by the committee to date, and it is hoped that when Sussex, Stellarton, Fredericton and Charlottetown have been canvassed that the committee will have at least \$5,000 at its disposal. Letters will be sent to the business men of the Maritime provinces asking for donations and they are hoping for more funds from this source.

Mr. Covey reported that the Rothersey athletic grounds had been placed at their disposal, and it was unanimously decided to accept the offer. The opening date for training is May 16. On that date the athletes will go to Rothersey and remain there during the entire course of training, until June 6. They will stay at the Kennedy House. On June 7 there will be a Maritime Olympic track meet at Moncton, and the men will be sent there immediately after the meet.

The committee will hold a meeting immediately after the meet and they will then decide who are to be sent to Montreal and Toronto.

Those selected will leave Moncton on June 8 in charge of Johnny Dea, trainer of the Wandersers athletic club of Halifax. Mr. Dea has been selected to train the men who are in Rothersey McAulay to Amherst.

Victor McAulay, the Marathoner from Windsor, will be sent to Amherst and will be trained by Tom Trenholm of Amherst, the noted long distance runner. McAulay will stay in Amherst until June 6 on which date he will go to Moncton for the meet.

Walter O'Toole has been obtained to look after the St. John wrestlers, who are required to commence their grind on May 19. The arrangements for the procuring of a trainer for the St. John boxers will be made in the near future by Mr. Covey and P. J. Legge. Negotiations are being made to procure Eugene Brousseau of Montreal for this purpose. The Nova Scotia boxers will report to Tom Foley, of Halifax, on May 19. On June 2 they will be brought to St. John for the final Maritime boxing trials, which will be held here on June 4 and June 5.

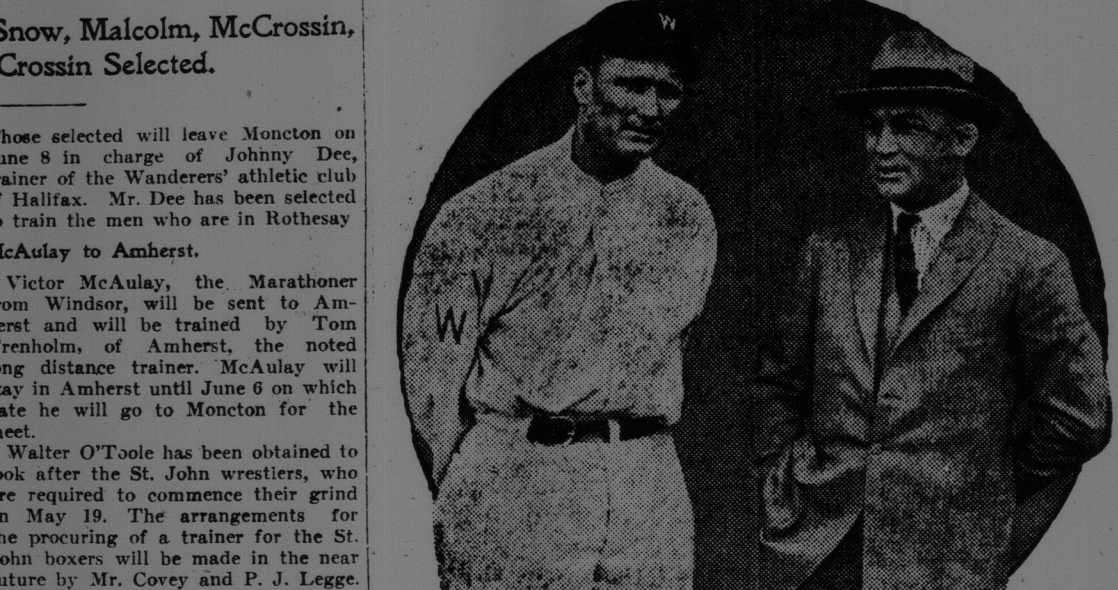

The financial part of the campaign was discussed and the following estimate of the expenses will show how the money is to be expended: 1. Fifteen athletes at Rothersey for three weeks. 2. Eleven athletes to be sent to Montreal for the final trials. 3. Eight athletes to be sent to Toronto for the final trials. 4. One athlete to be sent to Amherst and thence to Montreal. 5. The salaries of two trainers. 6. Incidental expenses such as telegrams, telephone calls, etc. This programme will call for \$5,000 at least, of which the greater part has been obtained. Those present were: A. W. Covey, chairman; P. J. Legge, S. E. Doyle, Charlottetown; C. C. Millie, Halifax; G. P. Bolton, Sussex.

IMPROVEMENTS TO CAPITAL DIAMOND. The case of Charles Gorman was discussed at length and the committee finally rejected him. It was felt that as Gorman had already had a trip to Paris, and as he failed to win first place in the 100 yard dash at the Charlottetown Maritime track meet last year, it would, perhaps, be fair to cross his name from the lists. This was done.

Mr. Covey outlined the situation and showed the committee the ways used to collect money for the training fund and the results of the tagging conducted in this city, and in other cities in the Maritimes. On that date the athletes will go to Rothersey and remain there during the entire course of training, until June 6. They will stay at the Kennedy House. On June 7 there will be a Maritime Olympic track meet at Moncton, and the men will be sent there immediately after the meet.

It's Hard to Hit Either One of These Gentlemen

LEFT, WALTER JOHNSON, RIGHT, TOMMY GIBBONS. Any batter in the American League will tell you it is tough to hit Walter Johnson, the fire-ball king of pitchers. And any fighter to hit Tommy Gibbons, best defensive fighter in the ring. This picture was taken the other day at the Washington park when the fighter went down to the dugout to greet the noted pitcher.

6,000 SEE FRENCH BOXERS FIGHT FOR OLYMPIC PLACES. Paris, May 10.—The French Olympic boxing team was selected in the Cirque de Paris before 6,000 spectators, the largest crowd attending an amateur boxing event in France. Savignac, a lightweight from Bordeaux, was the most promising boxer uncovered. The others selected were Gouvy of Bordeaux, flyweight; Ferrand of Paris, bantamweight; Depont of Paris, featherweight; Doussat of Paris, welterweight; Dioliz of Paris, middleweight; Roussin of Alsace, light heavyweight; and Pégulhan of Bearn, heavyweight.

HEILMANN AGAIN LEADS SLUGGERS. Chicago, May 10.—With more than three weeks of the major league pennant race completed Harry Heilmann, of Detroit, 1923 batting champion of the American League is making a whirlwind race for 1924 title with the remarkable average of .493.

CLASSIC MARATHON ATHLETES' CROWN. Here is the History of Modern Long Distance Race Event. New York, May 10.—A silver cup donated by an enthusiastic Frenchman to a runner who negotiates the 42 kilometers distance "without dying as a result," was responsible for the revival of this classic event, considered today the greatest of the Olympic Games and the crowning exhibition of athletic prowess.

PECK MONROE IS JUDGED INSANE. Louisville, Ky., May 10.—Ed (Peck) Monroe, former New York American pitcher, was adjudged to be of unsound mind in criminal court here yesterday. The pitcher was with the Kansas City Athletics, but was released by the Yankees in 1918 and struck on the head by a batted ball, said to have been hit by pitcher Mordridge. Monroe had stooped to pick up another ball. Dr. W. Stewart Carter testified he believed the blow caused the insanity.

WANT FAIRVILLE JUNIORS TO JOIN. It was decided to try and have the Fairville church junior baseball club join the City Junior Church Baseball League at a meeting of the league held last night in the Y. M. C. A. with R. Edgar Adams, president, in the chair. The seven churches which have already joined the League were represented and satisfactory progress in organization was reported. They are St. Luke's, St. Jude's, St. David's, St. James, Victoria street, Portland and Central Baptist.

MISSION BAND ELECTS. The Willing Helpers' Mission Band, of the Carlton Methodist church held their annual meeting Thursday afternoon in the church hall, with Miss Margaret Ayer, corresponding secretary, Miss Helen Prosser, president, and Miss Helen Prosser, vice-president. Miss Margaret Ayer, corresponding secretary, Miss Helen Prosser, president, Miss Helen Prosser, vice-president, Miss Margaret Ayer, corresponding secretary, Miss Helen Prosser, president, Miss Helen Prosser, vice-president.

GOULD WINNER. London, May 10.—The United States won the Bathurst Cup, emblematic of the international championship at court tennis, through the victory of Jay Gould of Philadelphia over E. M. Baelelin, the British champion, in the singles yesterday.

MINARD'S LINIMENT FOR DISTEMPERS. The Portlands, who are to play in the City Senior Amateur League, were organized at a meeting held in their rooms last evening. This team will wear the colors of the North End Improvement League.

MISS HELEN WILLS IS EN ROUTE TO NEW YORK. Berkeley, Cal., May 10.—Miss Helen Wills, champion American woman tennis player, who recently passed her examination for a freshman in the University of California, has started for New York en route to Europe to represent the United States in a number of international tennis matches. Miss Wills will sail from New York May 14. She will go to Paris for the Olympic Games, beginning July 13, and plans to leave Europe for the United States July 25. She will defend her national title at the West Side Tennis Club, New York, Aug. 11 to 16.

THOMAS JENKINS HAD HIGHEST AVERAGE FOR SEASON—The Statistics. Statistics of the Manufacturers' Bowling League have been compiled for the season recently ended and show that the C. N. R. roundhouse quintette captured premier honors. The first series was won by the team representing M. R. A., Ltd. and the second by the C. N. R. boys. In the play-off the latter won.

WALTER O'TOOLE HAS FINE RECORD. Clever Wrestler Has Been Selected to Coach Olympic Aspirants. Walter O'Toole, who has been appointed instructor of the wrestlers who are aspiring for Olympic honors, has a record of which he is very proud. He is reputed to have an exceptional knowledge of the mat game and is called "the man with 1,000 holds."

FEW ADMIRERS SEE FRENCH IDOL OFF. Carpenter is Now Enroute to the States to Box Gibbons. Paris, May 10.—Georges Carpenter, off for his fight in America with Tom Gibbons, clambered aboard the boat train a few days ago amid the plaudits of about one hundred of his admirers. His departure was in striking contrast with the circumstances of his farewell two years ago when he left to fight Jack Dempsey for the world's championship. Then the police reserves were summoned to protect him from being mobbed by thousands of well-wishers at the St. Lazare station.

PADDOCK SHOWS TERRIFIC SPEED

World's Champion Runs a Hundred Yards in 9 3/5 Seconds.

By HENRY L. FARRELL. New York, May 10.—(United Press)—Charles Paddock, the world's champion sprinter, has not lost any of his terrific speed, it was made apparent when the California ran one hundred yards in 9 3/5 seconds at the recent Drake relay carnival. Paddock clinched a place on the American Olympic team when the Amateur Athletic Union showed itself big enough to admit that he was no common culprit and declared him eligible for the Olympic games.

When Lawson Robertson, head coach of the American Olympic team, was told at the Pennsylvania relay that Paddock had equalled his record, he frowned and remarked: "That boy shouldn't be doing that. He doesn't have to make any new records to get a place on the team, and he's running the risk of hurting himself."

Some critics were astounded when they heard that Paddock had retained all his speed after nearly two years' absence from real competition. There is nothing strange in it. Paddock is still good because he is a good, clean liver and he has kept himself constantly in condition.

It is probable, now that he has vindicated himself, that Paddock will put up and do his training by degrees for the Olympic trials. It is to be hoped that when he comes to the final trials at the Harvard stadium that he will feel like doing some of his real running and make some of his leading eastern razzers eat their criticism.

Some critics were astounded when they heard that Paddock had retained all his speed after nearly two years' absence from real competition. There is nothing strange in it. Paddock is still good because he is a good, clean liver and he has kept himself constantly in condition.

NEWS NOTES GATHERED FROM THE WORLD OF STAGE AND SCREEN

Gloria Swanson Eats, Sleeps and Talks—Yet Rumor Still Insists She's Dead and Buried

THE ONE AND THE SAME GLORIA SWANSON—LEFT—PHOTOGRAPHED TWO YEARS AGO; RIGHT—PHOTOGRAPHED THIS WEEK BY NEA STAFF PHOTOGRAPHER.

(By Maurice Henle.)
New York, May 2.—Gloria Swanson has been killed more times than any other person. She has committed suicide, drowned, died from an operation, expired from heart trouble, been choked to death, run over by an auto truck, and killed by a fall from a horse! In spite of all this, her pulse today is normal, her complexion perfect, and her feet and will nimble. She's the happiest "dead" person alive, with two beautiful children, a healthy income, a beautiful apartment and a limousine. Oh, death, where is thy sting? For the past year the rumor of the "death" of Miss Swanson filtered into newspaper offices, into the motion picture offices, and even into the ears of Gloria herself. Repeated denials have accomplished nothing. At first it was humorous, then it grew serious. If became the most persistent rumor of its kind ever to gain circulation. Believes It a Plot.
It grew so serious recently that the company which employs the star has assigned trained investigators to trace it to its source. Miss Swanson herself believes it is a deliberate plot to destroy her as a movie actress. I first saw Miss Swanson about two years ago. Since then I have seen her many times, and while she was making "The Humming Bird" some months ago in the Long Island studios, I spent considerable time there. I went to see her again today to satisfy myself that she still lives.
And I am convinced that the Gloria Swanson of today is the genuine Gloria Swanson, the only Gloria Swanson who ever lived.
If a theory which the star has is correct, then the world now has to consider a strange tale, the like of which cannot be found outside a de Maupassant story.
Some time ago when Miss Swanson was living in Hollywood she quarrelled with a certain individual. This person she will not name. At that time, according to the star, the person solemnly raised an arm and declared: "Miss Swanson, did you ever realize that one person can destroy a person or make her? That against propaganda human beings are powerless?"
That was all this person said. Gradually the rumors of her supposed death spread. They were fed by remarks of people who thought they noticed a changed Gloria Swanson in some of her later pictures, notably "The Humming Bird." People whispered the woman acting under the name of Gloria Swanson wasn't the real Gloria at all! She had died! They were putting a "double" in her place to protect an investment!
People were found who "knew" Gloria Swanson had died. They had talked with a friend of a friend who knew a barber who shaved a scene-shifter who knew Gloria had died! Or they had known a person whose cousin lived five blocks from the studio who saw them carrying the coffin away! Or they had heard her insurance policy had been altered, changing the beneficiary!
Hard Proving She's Alive.
"The thing, humorous at first," says Gloria, "now is becoming maddening. What can I do? What can I say? How can I prove that I'm alive? People who have known me for years will swear to it. My physicians will swear to it. I will swear to it. Isn't that enough?"
"Why do these rumors go on? I can't run down Fifth avenue shouting 'I'm Gloria Swanson! I'm Gloria Swanson!'"
"I am convinced of one thing—that the thing started in Hollywood, and that it is a deliberate plot. The invisible fingers of propaganda are stretching out, coming closer and closer and I find myself almost powerless to fight. If I could see my enemy I could destroy it. But I can't see it. I can't see it."
As she talked to me little Gloria Somborn (Miss Swanson in real life is Mrs. Somborn) came in with a nurse and little two-year-old Joseph, an adopted son. The children ran to their mother, and little Gloria said just one word as she threw her chubby arm around the star's neck: "Mother!"

For all the family
FAIRY
A simpler or purer soap does not exist at any price.

BEHIND THE FOOTLIGHTS.
Douglas Fairbanks, Jr., is to tour the vaudeville circuit in a rewritten version of "A Regular Business Man," which was his father's skit for years. "The Bobbed-Hair Bandit" is the timely title of the new sketch in which Alice Lake and her new husband, Robert Williams, are playing in the two-a-day.
Vivian Martin is still playing in "Just Married" behind the footlights. Donald Brian has the leading man's role.

VAUDEVILLE ACTS TAKEN FROM AIR

Radio Broadcasting Hurts Theatre Attendance, Decide Keith Officials.
New York, May 10.—Keith circuit vaudeville performers hereafter will be forbidden to broadcast by radio.
This action has been decided upon after an investigation which proved to the satisfaction of the Keith officials that radio broadcasting was injuring attendance at their theatres.
One of the results of this decision is the enforced abandonment of music broadcast by the famous Vincent Lopez from prominent stations. His radio contract was to expire about the first of May.
The Keith office has protested that Lopez's drawing power was being decreased for the theatres because people heard him so often through the air.
Broadcasters, however, make the counterclaim that radio "made" Lopez, that he would never have become nationally famous were it not for his broadcasting, which started with selections of his orchestra being put on the air direct from the Pennsylvania hotel. And they add, it was fame as an orchestra broadcaster that won him his contract to appear in vaudeville.

Mother Deserts Her Baby to Join Show

Glamor of Circus is Too Much For Brockton, Mass., Woman.
Brockton, May 10.—An effort is being made by police of this city and Providence to locate Mrs. Bertha Coots, 17, 29 Faxon street, whom it is said by her 20-year-old husband, Kenneth Coots, left her three-months-old infant to travel with the Dufour Carnival Shows, now at Providence.
Mrs. Margaret Silvia, mother of the girl-wife and mother, with the distract-

ed husband, requested assistance from City Marshal George C. Chase in getting the girl back home. It is said that the glamor of the circus carnival together with the lack of employment by her husband, induced the girl to accept a position as ticket seller with the Dufour attractions, which left here Saturday night.

Rudolph Valentino has finished work on "Monsieur Beaucaire" and has left for Florida on a short vacation trip. His next picture will be "A Sainted Devil," from a story by Rex Beach. The Valentinos recently took an apartment at 270 Park avenue, New York. They formerly lived at the Hotel Des Artistes, Central Park West.

From the Russian of Minksky.
 - "Song of the Vikings" Eaton Fanning
Words written by Somerville Gigney.

THE ST. JOHN CHORAL SOCIETY is an organization that exists for the sake of good singing only. It is not a money-making scheme, has no objective other than that of training the promising voices of our citizenship—male and female—for useful choir work and the pleasures that one's self and one's friends receive in pursuing such an art. The Society's concerts of late years have been truly delightful and observing people notice with pride the increasing fine quality of these vocal ensembles. Director Jas. S. Ford is working wonders with his chorus. It is, therefore, with a great deal of pleasure and happy anticipation the Imperial announces the annual spring programme.

PLAY REPEATED.
St. Columba hall, Fairville, was again filled to capacity last evening when the second rendition of the three-act play, "The Runaways," was presented by the Dramatic Club of the church. The playlette was announced by Master Allison Moore, who repeated some of the original verses composed by Miss Margaret Long, who took one of the leading parts in the play. Miss Saldie Cougle and Miss Katie Fox were the accompanists and the orchestra of the Church of the Good Shepherd played. Melvin Stonehouse and "Cappy" Quigg as the sheriff's assistants filled an important place in capturing the runaways. Ice cream and home-made candy were sold. The proceeds of the two entertainments will be used for the church funds.

J. WILLIAM KNIGHT DIES SUDDENLY

Prominent Young Man Passes Away at Home in North End.

Death suddenly claimed one of the best-known of the younger generation in the city this morning in the person of J. William Knight, son of Mrs. Jean Knight and the late William H. Knight. He passed away at his home, 53 Harrison street. Besides his mother, formerly Miss Jean McKnight of Douglastown, N. B., he is survived by four sisters, Mrs. H. C. Brown, Mrs. F. W. Fowler, Mrs. T. F. Drummie, all of this city, and Miss Jean, at home.

A private funeral service will be held at his late residence, 53 Harrison street, at 2 o'clock on Monday afternoon next. Service will be held in St. Luke's church at 2:30 o'clock.

In New Position

DANIEL GRIFFITH

He was recently appointed as secretary of the Provincial Hospital in Lunenburg, succeeding the late Patrick Toke.

LOCAL NEWS

DEATH IN WEST END.

The death of James P. Wilson occurred yesterday at his residence, 292 Guilford street. He was 76 years old and is survived by one daughter, Mrs. Maud Olsen and three grandchildren, all of whom resided with him. Many friends will be sorry to learn of his death.

REMOVED FROM FERNHILL

The funeral of Rupert McLeod Keast took place on Thursday at Macdonald's Corner, Queens County, after the arrival of the steamer Majestic. Rev. Mr. Patterson officiated. The body was taken from the receiving vault at Fernhill, where it had been reposing until the opening of the river for navigation.

EXAMS IN MUSIC.

Dr. T. Haigh of the Royal College of England, with which is affiliated the music classes of St. Vincent's and Mount Carmel schools in St. John, is in the city examining the pupils of both local classes for certificates. Dr. Haigh examined the pupils at St. Vincent's yesterday and today he is at Mount Carmel.

BIRTHDAY PARTY.

A few little friends of Helen Short, daughter of Mr. and Mrs. R. W. Short of Summersville, gathered at her home on May 7 and celebrated her third birthday. Games and music were enjoyed by the kiddies. Misses Alice Donnelly and Doris Crawford, both of whom resided with her, both big and little. After lunch, staking games and signalling stunts were carried out from various points in the park. A tent was erected and the boys were given instruction in the proper methods of erecting it. Altogether a most pleasant outing was enjoyed by the boys.

DEATH OF CHILD.

Sympathy of friends is being extended to Mr. and Mrs. George McGaghey in the loss of their 17-months-old son, Eugene V., who died at his parents' residence, John City road. The little boy had been sick for some time with bronchial pneumonia. Besides his father and mother, four brothers and three sisters, all at home, are left to mourn.

MRS. JOHN HALEY DEAD.

Mrs. Margaret Haley, widow of Captain John Haley, 39 James street, West St. John, died early this morning. Mrs. Haley was among the best known West End residents and had practically lived all her life there. She leaves on son, Captain Thomas Haley, of the steamer San Juan, Brooklyn, N. Y., also four daughters, Mrs. James McCauland, West St. John, Mrs. Edwin McNeil, this city, Mrs. A. H. McLelland, Newton, Mass., and Miss Catherine at home.

PROMISES BIG INFLUX.

An official of a Canadian organization in Massachusetts, writing to a friend in this city, expressed the opinion that this season would be marked by a tremendous influx of ex-Maritime Provincialists into the home provinces. Last year's increase in New England's population to Lower Canada was only the beginning of what the letter-writer described as a post-war resumption of home visitations, a result of more stable conditions and more money. Furthermore, motorizing experiments of each succeeding year prompt car owners to repeat their trips without fear of difficulty.

WEST END BRIDGE.

A west end bridge club, consisting of Whitney O. Dunham, G. Earle Logan, Dr. Robert M. Fenwick, Charles O. Morris, John A. Olive, John B. Spence, E. Sutton Roxborough and Walter N. McKel, were hosts to twenty-five tables of their friends last evening in the Carleton Masonic Hall. The prize-winners were Samuel Irons, Herbert C. Wetmore and Albert Linton. Mr. Dunham presented the prizes, and Harold C. Crousse and the Hon. John A. Barry, on behalf of the guests, thanked the club for their enjoyable evening. Leonard Wilson and Fred Mayes presided at the piano and during the supper enlightened the proceedings with popular music.

A HUMANE TOUCH.

One often notices some kind human act these worrisome days that proves itself as old-fashioned in its tenderness as ever. A sign was being removed in Prince Edward street to make way for a larger one. In taking away the first sign a bird's nest had to be disturbed. There were several eggs in the nest. The workmen carefully lifted the little home to a place of safety whilst the new sign was being placed. Then, sanely and at considerable trouble they replaced the nest at the back of the bigger and better shelter, not forgetting to add a few modern improvements. All the while the anxious bird-mother hovered about and finally entered her renovated residence with all the satisfaction of a matron having her spring cleaning thoroughly finished.

MACAULAY BUILD'G SOLD BY AUCTION

Is Bid in by Mortgagee for \$25 Above Outstanding Charges.

A four-story brick building in King street in the heart of the shopping district of St. John, owned by Macaulay Bros. & Co., Ltd., was sold by auction at Chubb's corner today by Mayor F. L. Potts, auctioneer. The property was knocked down at \$25 above the amount of liabilities outstanding against it, the purchasers being the Imperial Life Insurance Co. Other outstanding charges, including taxes, water rates and interest, amount to \$9,028.24, so that the net purchase price will figure out at \$69,623.23. There was only one bid made during the sale.

A three-story brick house, 374-276 Prince William street, belonging to the estate of the late John Richards, was withdrawn at \$3,900. The William Shaw farm at Silver Falls was offered for sale, but was withdrawn at \$6,500. It consists of 63 acres, 24 of which are cleared, a 14-room house and barns.

A three-story brick house, 374-276 Prince William street, belonging to the estate of the late John Richards, was withdrawn at \$3,900.

SENATOR BLACK HEADS THE NINTH

Appointed O. C. of Mounted Brigade—News of the Air Force.

Col. the Honorable F. B. Black of Sackville has been appointed officer commanding the 9th Mounted Brigade, which was authorized recently, by Lt.-Col. H. C. Sparling, D. S. O. The new brigade will be composed of the 8th Princess Louise Hussars, New Brunswick Hussars, the New Brunswick Dragoons, and the Prince Edward Island Light Horse from Military District No. 6.

Col. the Honorable F. B. Black of Sackville has been appointed officer commanding the 9th Mounted Brigade, which was authorized recently, by Lt.-Col. H. C. Sparling, D. S. O. The new brigade will be composed of the 8th Princess Louise Hussars, New Brunswick Hussars, the New Brunswick Dragoons, and the Prince Edward Island Light Horse from Military District No. 6.

It has been arranged that in future batteries of artillery will be awarded points for accountantship and care of the public as part of the Canadian Artillery Association competitions. Inspection will be carried out by representatives of the quarter-master-general and posts will be awarded on their recommendations.

VENDOR LICENSES ARE ASKED FOR

Applications for retail licenses under the Intoxicating Liquor Act have been made as follows, according to the last issue of the Royal Gazette:

E. Allan Farren, retail druggist, and Charles A. Brown, registered druggist, both of St. John, doing business as co-partners under the firm name of Valley Pharmacy, have applied for the issue of retail licenses to Charles A. Brown. The place of business is in Wall street.

Burgess L. Fullerton, druggist, and Edgar P. Fullerton, both of St. John, have applied for the transfer to them of the retail license issued to George K. Bell on November 1, 1923. Their place of business is situated at the corner of Charlotte and St. James streets.

Nancy Mercier of Dalhousie has applied for retail license.

As Hiram Sees It

"Hiram" said the Times reporter to Mr. Hiram Hornbenn, the German street robin who has arrived.

"What was your meaning by that?" queried Hiram. "About this time of year," said the reporter, "when the rowan-trees put forth their buds, I am greeted some fine morning as I go along a certain block in Germain street by the song of a robin. It is one of the pleasures of spring to which I look forward. There is a tree in the garden behind a house where a pair of robins come early to make their nest. The house and garden have changed ownership three or four times since I heard the first robin's song in the tree, but only one family of robins, generation after generation, tenants the tree. They pay rent and taxes in song, and all who pass at the right time share in the benefit. The birds make all their own repairs, are peace-loving and agreeable tenants, and never cause a disturbance in the neighborhood. They are sober, industrious, frugal, and have great faith in St. John. They spend their winters in the south, but our glorious summer climate brings them back. They were here before the Loyalists, and are therefore members of the first families. I am proud to know them."

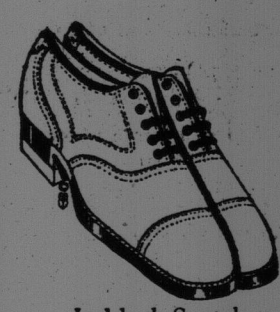

"Well," said Hiram, "I guess you hint left room for me to talk at all today—but I ain't kleikin'. I'd like to hear that robin myself—Yes, sh."
