## Gun Play Marks Nomination in New York City Elections

### Democratic Candidate Badly Beaten in Booth.

### Has Concussion of Brain and Limbs are Broken—Henry H. Curran Chosen to Op- pose Hylan for the Mayor- alty.

New York, Sept. 14.—Henry H. Curran, Coalition-Republican, now president of the Borough of Manhattan, will be Mayor John E. Hylan's opponent at the polls next November. Curran won the Republican nomination by a vote of more than two and a half to one over the nearest of his three rivals in the primaries yesterday. His vote, with all but 245 of the 2,738 election districts in New York, was 91,288.

Leguardia, president of the board of aldermen, his closest rival, got 33,709. Judge R. Haskell of Brooklyn, who ran on a "wet" referendum platform, got 25,463. Wm. M. Bennett, former state senator, was a poor fourth with 4,296.

While the Republicans produced some verbal thrills, it remained for the Democrats to furnish the real excitement of primary day. James J. Hines went to the polls as a candidate for the democratic nomination for president of the borough of Manhattan for the avowed purpose of toppling Charles F. Murphy from his pinnacle of Tammany leadership. This he hoped to do by defeating Murphy's candidate, Julius Miller.

When the fray was over, Hines found himself trailing far behind Miller, while Hines' campaign manager, Joseph Shallock, was nursing the results of a more literal drubbing, consisting of concussion of the brain, two broken ribs, a broken arm and scalp abrasions that necessitated the taking of forty stitches. His wounds, Shallock charged, were administered by a group of men in an election booth in Murphy's home district, whether he had gone with several adherents to investigate reports that seven-fifty per cent. of the ballots there were "forged." Shallock charged that one policeman and several detectives of the city force participated in the assault on him.

The attack on Shallock was followed closely by an attempt of armed men in automobiles to kidnap the ballot box carrier from the same booth which he had been beaten. This attempt was frustrated after a fusillade of shots, whereupon the automobile turned back to the receiving returns, and shot the place up. Several persons were reported struck by flying fragments of the window glass, but none were hit by a bullet.

The Democratic primaries also produced several minor rows. All three of the Republican opponents for have sent him messages of congratulation, promising to support him in the campaign against Mayor Hylan.

## WESTERN TOUR OF C. P. R. PRESIDENT

### Mr. Beatty Speaks of Irriga- tion and Other Matters Af- fecting Country.

Lethbridge, Alta., Sept. 14.—President R. W. Beatty, K. C. of the C. P. R., and party, who are touring western lines, spent two hours in Lethbridge on Tuesday afternoon, and left for the coast, via Crow's Nest branch. President Beatty entered the area of irrigation development yesterday afternoon, and evidenced keen appreciation of the projects under way in Southern Alberta.

Speaking of irrigation development generally, President Beatty said that it was the duty of the governments to bring in comprehensive schemes for carrying the water to every foot of available land in the semi-arid districts. Speaking of the crop of western Canada, which is now being harvested, he said that it would be distinctly a debasing crop, and that the west would emerge in a better financial position as a result. He quite understood that there were sections where, unfortunately, this was not the case, but on the whole it would prove true.

With respect to the livestock situation, the president admitted it was gloomy at present and he did not care to advance a solution. It was one of those things which would have to work itself out. The markets were very poor at present, with a very poor outlook for export.

The president said that as soon as development of the Lethbridge Northern irrigation projects reached a stage of advancement which would warrant it, the company would give every consideration to the construction of a branch line from Kipp, Alberta, to Redway, Alberta. It would traverse irrigated land for the whole distance. He reaffirmed his statement that the Lethbridge-Weyburn line would be completed next year.

## NEW YORK AGAINST MR. ZERO'S AUCTIONS

New York, Sept. 14.—Plans of Union Leagues to repeat, here, "auctions" for unemployed which he staged on Boston Common, met with opposition today from various organizations interested in the welfare of the jobless.

"Such an exhibition would only make trouble and would accomplish no useful purpose," said B. Coler, commissioner of public welfare, and head of the mayor's committee on unemployment.

High Frayne, of the American Federation of Labor, declared labor was opposed to the auction and that Leagues would "get a warm reception" if he attempted to hold them here.

## MAYOR COPLEY IS PRESIDENT

### Closing Session of Convention of Association of Canadian Clubs.

Winnipeg, Man., Sept. 14.—(Canadian Press)—Mayor George C. Copley of Hamilton, a past president of the Hamilton Canadian Club was elected president of the Association of Canadian Clubs yesterday afternoon. Mrs. J. S. Dunn of Hamilton, was elected vice-president and A. R. Lancelotti, honorary secretary-treasurer. His Royal Highness the Prince of Wales was re-elected honorary patron and Lieut.-Colonel Charles R. McCulloch, Hamilton, and W. Sanford-Evans, Winnipeg, were re-elected honorary presidents.

The nominations report did not give complete nominations for provincial representatives. New Brunswick being among the deferred. D. McGillivray was named vice-president for Nova Scotia. Resolutions were adopted urging local clubs to make every endeavor to inculcate Canadian ideals and patriotism in the minds of all elements; endorsing the plan for a united celebration of Dominion Day and Armistice Day and requesting the clubs to bring pressure to bear upon the provincial governments for inclusion of the term "Canadian" as nationalistic.

The encouragement of good films, particularly British, was advocated. No action was taken on a suggestion of R. S. Somerville, Vancouver, that the association agitate for immigration regulations to prevent British Columbia becoming "yellow."

The association approved also of the formation of a league of nations society in Canada to promote international peace, furnish information about the league and to study international problems.

The attack on Shallock was followed closely by an attempt of armed men in automobiles to kidnap the ballot box carrier from the same booth which he had been beaten. This attempt was frustrated after a fusillade of shots, whereupon the automobile turned back to the receiving returns, and shot the place up. Several persons were reported struck by flying fragments of the window glass, but none were hit by a bullet.

## FURS DEARER

### General Advance at Montreal Auction—One Silver Fox Sells for \$380.

Montreal, Sept. 14.—International furs were again in evidence yesterday at the Canadian fur auction sales when buyers from London, Paris, New York and elsewhere bought the higher priced fox furs. Sales showed advance on red fox pelts from P. Island led to another international competition and prices jumped to \$880 for a single skin which went to a St. Louis buyer, while a New York firm secured one for \$385 and a Paris firm one for \$335.

The surprise of the sale was in skunk skins of which 24,015 pelts were offered, mostly Canadian. Prices ran as high as \$5.60, a big advance over the May prices.

## AT LEAST 90 DROWNED IN FLOODS IN SOUTH

Taylor, Texas, Sept. 14.—Official and unofficial figures bring the total of dead in the San Gabriel River and Brushy Creek floods here to ninety, and it is believed additional bodies may be found as the debris on the banks of the two streams is uncovered.

A messenger from the Youngstown district across the river from the Bower farm reported twenty-seven Mexicans drowned there.

From Thomdale, on the San Gabriel River in Milan county, it was reported that forty-five bodies had been recovered at noon yesterday. Taylor suffered approximately \$100,000 damage.

## WOMEN FIGHT A KNIFE DUEL OVER HUSBAND OF ONE

Atlantic City, N. J., Sept. 14.—A duel with potato knives over the affection of a husband of one of them was fought by two women workers in the kitchen of the Royal Palace Hotel this morning. One of the women was seriously wounded.

Mrs. Herber had thirteen knife wounds, which required thirty-seven stitches. Only three wounds were inflicted on Mrs. Richardson, all of them on her right arm.

Mrs. Richardson, who is held by the police on the charge of atrocious assault and battery, told the police that Mrs. Herber made faces at her and added offensive remarks. She made no move to injure Mrs. Herber, she said, until Mrs. Herber approached her brandishing a sharp knife. Mrs. Richardson admitted to the police that she caught up a similar knife and that a battle followed.

German air routes that cover Europe with traveling planes almost every hour of every day.

## SEPTEMBER BRIDES

Peters-Anderson.  
A fashionable wedding which took place today was that of Miss Agnes Anderson, daughter of Mr. and Mrs. H. Anderson, 36 Queen square, and Leslie Peters, son of Mr. and Mrs. Frank L. Peters. The ceremony was performed at four o'clock this afternoon in St. Andrew's Presbyterian church by Rev. P. S. Dowling, pastor of the church. The bride, who was given away by her father, was handsomely gowned in white flannel satin with panels of real lace and a long train of white silk and silver tulle. She carried a shower bouquet of white roses and lilies of the valley. She was attended by Mrs. Thomas Guy, her sister, as matron of honor, and by Miss Jean Anderson, another sister, and Miss Marion Haddow of Toronto as bridesmaids. Little Miss Constance Mullin was train-bearer. Mrs. Guy wore orchid and hat to correspond. She carried a shower bouquet of panies. Miss Jean Anderson wore rose satin with overdress of flax lace and a long train of white silk and silver tulle. The bridesmaids carried large bouquets of panies. The groom was supported by Victor Crosby, Charles Burpee, Eric Thomson, Kenneth Golding and John Moore as ushers. The church was decorated with pink and white. The Venetian Gardens orchestra played softly during the reception. The bride wore a dress of black velvet trimmed with jet and black hat with ostrich feathers. Mrs. Peters, mother of the bride, returned to her residence at 80 Orange street. Among the out-of-town guests here for the wedding were Mrs. J. B. Fraser and Mrs. J. C. Ray, both of New York; Miss Beth McDonald and Miss Marion Haddow of Toronto; Mrs. R. H. Hutchinson of Boston, and Mrs. F. H. McNaught of Annapolis.

## GRAND JURY SAYS MANSLAUGHTER

### Lighter Charge in Case of "Fatty" Arbuckle.

District Attorney Says Prosecution Will Not be Halted—Accused Says He "Never Had Any Liquor" in the Hotel.

San Francisco, Sept. 14.—Two charges today had been placed against Roscoe Arbuckle, motion picture star, in connection with the death of Miss Virginia Rappé, film actress. The San Francisco grand jury late last night voted an indictment charging manslaughter, but District Attorney Brady declared that the grand jury indictment does not contain the provision of the justice court but goes direct to the superior court, where it will be returnable on next Thursday. A warrant for arrest of the film comedian on the manslaughter charge is expected to be issued on Friday, so the district attorney said.

The grand jury indictment came after two sessions, each lasting many hours. At last night's session, Zey Prevost and Alice Blake, show girls, testified, and Miss Rappé, a nurse, who attended Miss Blake, was also questioned by the jury. Zey Prevost and Miss Blake were guests at the party on which the charge of murder is supposed to have taken place.

The grand jury's voting of an indictment charging a lesser offense than manslaughter did not make Arbuckle eligible for bail at once, so the district attorney declared. "He will not be able to obtain his freedom pending hearing on the manslaughter charge," said Brady. "If the murder charge is withdrawn he will be able to obtain his freedom pending hearing on the manslaughter charge."

Zey Prevost before the grand jury last night is said to have admitted statements made to District Attorney Brady on last Sunday, which brought charges from Brady that the witnesses had been intimidated. It was said that Alice Blake in her testimony corroborated Miss Prevost's statements.

The vote of the grand jury, it was reported, was 12 to 2 for manslaughter. Reports that Alice Blake, a witness, had disappeared yesterday were proved false when she appeared yesterday at the district attorney's office. Among the witnesses yesterday were Mrs. Delmont, Al Zimacher, Zeh Prevost and Alice Blake.

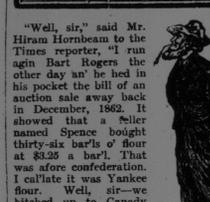

## LEAD FEET OF LUMBER BURNED

Stewiacke, N. S., Sept. 14.—One million feet of lumber were destroyed early this morning at Mackay's Sliding, N. S. Anderson, of Brookville, N. Y., who had broken out near one of eight lumber piles could be brought under control, and 200 feet from the railway tracks and carried a bonnet of Ophelia roses. She was attended by Miss Hazel Robson, who wore a navy blue costume and hat of mole with and with ostrich and silver trimming, seal scarf and corsage bouquet of American beauty roses. John O'Neill, brother of the bride, supported the groom. After a wedding breakfast at the home of the bride's mother Mr. and Mrs. Anderson left on the Governor Dingley for Boston, New York and Albany. The groom's present to the bridesmaid was a ring set with pearls and to the groomsmen a fountain pen. Mr. and Mrs. Anderson will reside in Brooklyn, N. Y.

## N. S. DIVORCES

Halifax, N. S., Sept. 14.—Decreases of divorce granted in judgment delivered by Judge Ritchie in the divorce court today included the following:—  
Simpson vs. Simpson, Cumberland county, wife petitioner.  
Craff vs. Craff, North Sydney, husband petitioner.  
Stevens vs. Stevens, Sydney, wife petitioner.

## As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbeam to the Times reporter, "I run agin Bart Rogers the other day an' he hed in his pocket the bill of an auction—away back in December, 1862. It showed that a feller named Stevens bought thirty-six barrels o' flour at \$3.25 a barrel. That was afore Confederation. I call it was Yankee flour. Well, sir—we hitched up to Canada an' helped to buy that country where we raisin' so many millions o' bushels o' the best flour in the world—any, when we ask fer cheaper flour or anything else they tell us to go chase ourselves. Look-a-heres, mister—we gonters get an election. What we want down here in this part o' the country is to pick out men that kin make a noise when they git to Ot-tawa—let the west o' 'em know we're livin'. Yes, sir—that's my idee—git men that'll stand up an' talk back every time we're fallen down lately. Yes, sir—we been fallin' down. They been laughin' at us an' sayin' we don't play nothin' but small politics. That's our fault—Mister—our own fault. You kin put it in the paper an' say I said so—By Hen!"

## REV. C. MUNROE IS NEW MODERATOR

### Maritime Presbyterian Synod Meeting—Thanks to the Orange Association.

Halifax, N. S., Sept. 14.—Rev. C. Munroe of Hopewell, N. S., was elected moderator of the Maritime Presbyterian synod of the maritime provinces last night. The election was by acclamation. A request by Dr. Fooks, returned missionary from Korea, that his name be not placed before the synod, was announced.

Prof. J. W. Falconer of Pine Hill College, retiring moderator, is in Europe, and his sermon was read by Dr. Thomas Stewart, clerk of the synod. Dr. R. W. Ross, minister of Fort Massey, presided last night.

The agenda of the next two days contains thirty-eight items.

Report of the obituary committee showed two deaths during the past year. Dr. T. H. Fullerton, Charlottetown, and Rev. Wm. P. Grant, Truro, died on the same date.

## No General Reduction of Freight Rates in Canada at Present

## ONTARIO PLANS FOR CAMPAIGN

### Getting Out the Candidates for Federal Election—A Word from the West.

Ottawa, Sept. 14.—(Canadian Press)—There will be no general reduction in railway freight rates at the present time. Two judgments were brought down by the board of railway commissioners today. One, the opinion of Chief Commissioner Carvell, and concurred in by Commissioner Nantel, recommended a general reduction in freight rates of ten per cent., except in cases where the rates have already been lowered as in the case of live stock and of grain from the rail head.

The chief commissioner's judgment also recommends a twenty-five per cent reduction in pullman and parlor car rates.

With this judgment, Commissioners McLean, Rutherford and Boyce do not concur.

Their majority ruling is that there be no immediate reduction in freight rates. The ground they take is that pending the decision of the special tribunal appointed to investigate the wage question, the application for rate reduction be not granted.

## SINN FEIN WILL SEND DELEGATES

### Dail Approves Appointment of Plenipotentiaries—Session of Parliament in Dublin Today.

Dublin, Sept. 14.—Members of the Irish Republican parliament, gathered here in response to a call from Eamonn De Valera, were prepared to begin secret sessions today to consider the situation that has arisen in the course of the exchanges between the Irish Republican leaders and the British government. Mr. De Valera was expected to lay before parliament the stipulations of Lloyd George that demands for absolute separation from Great Britain be abandoned if negotiations are to continue.

Henry Boland and Joseph McGrath, couriers who on Monday went to Gairloch, Scotland, to hear inquiries by De Valera regarding the terms laid down in the premier's latest note to the Republican leaders, were expected to arrive here during the day. They were believed to have received from Lloyd George explanations of certain points of his proposals, and these were to be submitted to the parliament so that it might take certain steps before a formal decision to continue or interrupt the negotiations which have been going on between Dublin and London. It appears certain that the formal reply of Sinn Fein Ireland to the British government's proposals would not be sent today and that the Sinn Fein would not be ready for dispatch to Gairloch, where the premier is spending his vacation. It was apparent today that the work of choosing the plenipotentiaries to reach a decision which would meet Lloyd George and members of the British cabinet had been held in abeyance, pending the return of the Sinn Fein on the continuation of the parleys.

General confidence had not been weakened by reports from Gairloch of the arrival and departure of the Sinn Fein couriers and it was generally believed that delegates would be appointed to meet Premier Lloyd George and members of the British government. It was not expected that the Republican leaders would take any steps until after Boland and McGrath returned to Dublin.

## FIFTY GATHERED AT CHARLOTTETOWN

### Some of the Subjects for the Maritime Board of Trade Meetings.

Charlottetown, P. E. I., Sept. 14.—About fifty delegates arrived here last night for the annual meeting of the Maritime Board of Trade. They include H. J. Logan, M.P., Amherst, president; Leroy Holman, first vice-president, Summerside; Captain J. E. Masters, second vice-president, Moncton. Other delegates are from Amherst, Moncton, St. John, Newcastle, Bathurst, Chatham, Sydney, Woodstock and other maritime centres.

President Logan's address today will deal with the promotion of cordial relations and good will between the United States and Great Britain and Canada was his constant desire and aim, was the effect of a letter from President Harding, read at a banquet at the Royal Alexander Hotel last night under the auspices of the combined Canadian Club and the Associated Canadian Clubs of Canada.

Cordial messages were also received from the Maritime Board of Trade and Premier Meighen.

## THE FIGHTING IN MOROCCO

Melilla, Sept. 14.—Moroccan tribesmen attacked a Spanish convoy which was on its way to Sidi-Hamet-Ri-Hach and Sialayon, yesterday, but they were repulsed after a short engagement.

Reports from La Restinga, a town on the coast, southeast of here, state the Moroccan abandoned on Monday a system of trenches they had constructed near that place. The Moors are said to have retired from that vicinity.

Will Resume Fighting.  
Smyrna, Sept. 14.—Greek operations against the Turkish Nationalists have been interrupted, but will be resumed, said General Papoulas, commander-in-chief of the Greek armies in Asia Minor, yesterday.

## Railway Commission Judgment Given Out Today.

### Carvell and Nantel for Cut, But Three Others Do Not Concur, Saying Decision on Wage Question Should be Awaited.

Ottawa, Sept. 14.—(Canadian Press)—There will be no general reduction in railway freight rates at the present time. Two judgments were brought down by the board of railway commissioners today. Loder of Holland, and Commodore Dionisio Anzilotti of Italy were elected judges of the international court of justice by the assembly of the League of Nations on the first ballot here this morning.

The council of the league, which met at the secretariat simultaneously with the meeting of the assembly in Reformation Hall, confirmed the assembly's choice of Viscount Finlay, Dr. Weiss, Dr. Oda and Signor Anzilotti, who subsequently were definitely elected to the court.

BRIDGE MATTER TAKEN UP TODAY AT FREDERICTON

Fredericton, N. B., Sept. 14.—The construction of the new railway bridge across the St. John river over the Reversing Falls at its mouth, by the C. P. R., which is being objected to by shipping interests upon the grounds that the bridge at its present height will interfere with schooners, etc., passing up the river, is being given what is believed to be its final hearing before the provincial government today.

The question, which has reached an international stage by the introduction of objections to the construction of the bridge under certain provisions of the Ashburton treaty and which has been brought before the executive council when the matter was taken up where George S. Cushing, J. Willard Smith of St. John, and Mayor Reid of Fredericton.

FULL FAITH IN NATIONS LEAGUE

The Hon. Charles Doherty Expresses Absolute Confidence in Its Future.

London, Sept. 13.—(Canadian Press Cable)—Reuter's correspondent at Geneva reports that the League of Nations, in resuming the debate on the report of the council heard an address from Captain Bruce of Australia who declared that Australia was prepared to do its utmost to support the league.

Hon. Charles Doherty, representative for Canada in the League, urged that the work of the league must be brought home to public opinion. He said the league should concentrate its attention on the most important problems before it. He expressed his absolute confidence in the future of the league.

MUST RETURN TO WORK; SOME ARE HOLDING OUT

Chicago, Sept. 14.—Facing the possibility of an open shop in the Chicago building industry and spurred to action by refusal of Judge Landis, arbitrator, to grant a wage decision, re-hearing until they are at work, union men in the building industry here were coming back to work in large numbers today.

The unions voted last night to remain at work and advised those who quit to return to the jobs they left.

The carpenters have refused to accept the Landis award which included a cut in wages for them from \$125 an hour, and the plumbers also voted last night to refuse to abide by the arbitration ruling.

EARL OF MEATH HAS TO CUT HIS EXPENSES AGAIN

London, Sept. 14.—(Canadian Press).—The Earl of Meath has informed his tenants that his expenses on his Irish estates now exceed his income.

He has disposed of the use of his autos, and has been obliged, though with great grief, to make further reductions among his employes.

WALL STREET NEWS

New York, Sept. 14.—(Noon).—About 900,000 shares changed hands in the further rise of the first hour. The pace slackened, however, and prices gave way irregularly to profit taking before noon.

Important rails and coppers were almost the only shares to lag. Various inconspicuous issues participated in the early rise. Heaviness was shown by food products, Tobacco Products and National Bank and Trust, the latter making a new low record. Call money opened at 5 per cent.

New York, Sept. 14.—The demand for stocks continued to diminish at midday. This encouraged the shorts who extended their commitments in oils, steels and equipments. Leaders of these groups, notably Mexican Petroleum, Republic and United States Steels, Baldwin and American Car, fell moderately under yesterday's final prices.

CAPT. MANN'S DEATH

Captain Percy Mann, of Burlington, N. S., former commander of the ship Curacao of the W. R. Grace Co., New York, which had a splendid record in his bedroom and in a fit of despondency shot himself. Last spring he was one of the many master mariners to be laid off, and when the Curacao was put in commission the command was given to a senior captain of the company.

He brooded over the loss of his ship to such an extent that he became despondent, and the verdict of the inquest by Coroner J. W. Reid, was that Captain Percy Mann in a fit of temporary insanity deliberately, with his own revolver, shot himself through the head. He was forty-seven years of age and was survived by a widow and seven children. One daughter is the wife of Harry Card, Burlington.

CONFERENCE AT PALACE

A theological conference, formerly held semi-annually, but now quarterly, for the priests of the southern districts of the St. John diocese, was held this morning in the Bishop's Palace, Water-Street. Rev. J. J. Walsh, V. G. C. presided this morning. Those present, in addition to the priests stationed at the Palace, were—Rev. J. J. McNeil, Rev. F. Walker, Riverside; Rev. Alfred Mallette, recently appointed curate at Sussex; Rev. Dean Collins, Pairville; Rev. Denis Coll, C. S. R., St. Peter; and Rev. W. P. Hannigan, Peterville.

BROKEN INTO AGAIN

The summer camp of William J. McMillan at Dolan's Lake, Loch Lomond Road, has been broken into three times in the last two weeks. The last raid was on Thursday night last week. On the first two occasions several articles were stolen and there was evidence that the visitors had stayed a while and enjoyed themselves. The last time nothing was removed from the house, but the garage fence was open and the car in which the party of five came evidently was housed there while they were in the house. Mr. McMillan has been on the trail of the guilty ones and is offering a reward for some information he wants.

"ANTI WASTE" CRY A BIG FACTOR

Conservative Wins By-election for the British House of Commons.

London, Sept. 14.—(Canadian Press)—Sir Philip Dawson, Conservative "anti-waste" candidate, was elected to the House of Commons in the by-election yesterday in the West Lewisham borough of London. The vacancy was made by the death of Sir Edward Coates, coalition unionist, who was appointed at the last general elections.

The vote for Sir Philip Dawson yesterday was 9,427, as compared with 5,580 for Commander Wyndham, Independent "anti-waste" candidate, and 6,211 for F. W. Rafferty, Independent Liberal. The heavy vote for each candidate indicates the popularity of the "anti-waste" campaign cry, which every one of them used to the fullest extent. All three candidates during the campaign, upbraid the government of Lloyd George as a non-economic and more or less spendthrift organization, but it is expected that Sir Philip Dawson, if elected, as could be expected with present unpopularity of the government, will give support to the administration in most of its policies.

NEW HAVEN JITNEYS LOSE. Federal Judges Uphold State Act for Utilities Commission Control.

New Haven, Conn., Aug. 30.—The application of New Haven jitney bus owners for an injunction to prevent state, county and city officials from enforcing the new state jitney bus law has been denied by the three federal judges who heard the appeal, it was announced tonight. The decision held that the state legislature might regulate the use by automobiles of the highways of the state and authorize municipalities to regulate the use of streets by vehicles and exclude vehicular traffic. It declared the operation of a jitney bus to be that of a common carrier, and subjected persons and corporations operating jitneys to the restriction of the Public Utilities Commission. It required that a certificate of operation be obtained from the Public Utilities Commission and upheld the constitutionality of the legislative act.—Adv.

## Its Lasting Freshness Brings Economy

IT ISN'T cake-making, it's cake waste that is extravagant. It is the cake you bake and don't entirely eat that is costly. Here again true kitchen thrift suggests the use of FIVE ROSES flour for all your baking. It prevents waste by keeping fresh. Long after ordinary cake is dry and tasteless and is wastefully thrown away, you can readily identify a FIVE ROSES cake by its rare freshness of flavor and a texture still soft and moist.

Left-overs are thriffully reduced by the new deliciousness that FIVE ROSES flour imparts. Eager consumption is encouraged by the bright, porous texture, the well-acrated crumb, and the thin, tender crust without cracks.

When you buy FIVE ROSES flour, it is pleasant to know that you are getting more than mere Eating Qualities. You are practising genuine Economy.

How to make over 200 Cakes Without Waste

In the famous FIVE ROSES Cook Book, there are hundreds of cake recipes without eggs and with few ingredients for the economical cook, hints for left-overs and scraps that reduce expense. More than 300,000 women are now making their cakes, bread, rolls, puddings and pastries from its 144 pages. If you wish to be successful, send for the FIVE ROSES Cook Book. If you wish to be economical, send 50c. in stamps for YOUR copy. Address: Dept. "C." LAKE OF THE WOODS MILLING CO., LIMITED, MONTREAL and WINNIPEG.

#### THE POLITICAL SITUATION.

The political situation daily grows more interesting. Premier Meighen is having great difficulty in finding cabinet timber in Quebec. The announcement that Hon. Charles Doherty has declined appointment to the international court of justice appears to mean that he will stand by the Conservative ship in its distress. The Liberal conference in Ottawa has developed the fact that the Liberals of Prince county (P. E. I.) are determined if possible to get consent of Hon. W. L. Mackenzie King to be candidate again in that constituency, and he must now choose between Prince and North York, where he had already accepted a nomination. In this province the rumor grows that Hon. Mr. Baxter is ready to go into the cabinet, while Mr. George B. Jones would accept a nomination in Royal and Dr. Taylor in Charlotte. The question is again raised as to whether Hon. Mr. Ballantyne will persist in his decision to retire, or whether he will follow the example of Hon. Mr. Doherty. Along with the announcement that Mr. H. H. Stevens in Vancouver, comes the news that the Liberals oppose him in the elections. Mr. H. H. Dewar, provincial Liberal leader in Ontario, may accept a nomination for an Ontario seat. Of course we must deal largely with rumors until Mr. Meighen names his cabinet and announces the date of the elections. Interest in the coming campaign grows more keen from day to day, and it is clear that when the fight is fairly on it will be intensely exciting from coast to coast.

#### THE AMERICAN TARIFF.

A full report of the remarks of Postmaster General Hays on the tariff, in his speech in Cleveland, appears to confirm the belief in some quarters that the Fordney bill will not be adopted this year. We quote: "Referring to the other phase of the activity at Washington peculiarly noticeable—the tariff. To thoughtful men there must be approval of a certain limitation and disposition to be cautious, and a determination to be sure footed in the consideration of this subject. I wish to attempt to express a summing up of the present state of mind of Congress and thoughtful men about the tariff. It would seem to me that it amounts to a feeling that the present year is not a good one in which to write a permanent tariff bill to last for many years to come. Conditions throughout the world are too chaotic to be able to foretell exactly what is needed. The very basic condition on which a tariff is built—namely, the cost of manufacturing in various European countries with relation to our own cost of manufacture and the value of the currency of the various European countries with relation to the value of our own currency—is at the present moment as fluctuating as quicksand and as unforeseeable in the future as the weather. A dependable tariff built upon such a foundation is difficult, of course. It has been thought by many that we could overcome these handicaps by a device which we called American valuation, and which provided that all customs duties should be estimated upon the value of goods at the time when they arrive in the United States and in terms of American money. Looking carefully into this, it has been thought that this device might not overcome the handicap, and further, might have a boomerang effect on our own interests. The end of it has been that we have appropriated \$100,000 to investigate this device and otherwise towards writing a permanent tariff." Mr. Hays went on to say that "these conditions of fluctuation and instability which make the writing of a permanent tariff so difficult at the moment, may in some measure be relieved after the disarmament conference has taken place and we have accomplished steps which the president has in mind for the adjustment of our international relations," which can only be interpreted to mean that perhaps a permanent tariff measure will be adopted next spring. At all events there would appear to be in administration circles a feeling averse to present action. Mr. Hays would hardly speak as he did without a knowledge of the views of President Harding. And, as one Journal has observed, the administration has been hearing from the country. The action of congress will be awaited with more interest because of the apparent attitude of the president and his colleagues.

In two recent by-elections in South Africa the Labor candidates defeated those of the government led by Premier Smuts. The whole country is said to have been surprised at the result, and a press despatch says: "The leading South African newspapers attribute the turn-over of votes to economic distress for which they declare the government has been made the scapegoat. The Cape Times says the electors would be pushed to explain what they hope to gain by their decision, since neither of the Labor candidates offered a practicable alternative to the government's policy."

#### THE FIRE WASTE

The Halifax Chronicle says: "This year the fire loss in August as in July and June was greater than last year, or the year before. The reason lies deeper than summer droughts." The Chronicle is right. Drought helped to spread the fire, but it did not cause them. When will all the people realize as they should the danger from fire carelessly set, and their individual responsibility in relation thereto? More attention must be given to the subject in the schools. Children trained to habits of care in such matters and made aware of the great interests at stake are not likely to change those habits as they grow older. The lesson of the present year should suffice to make every individual in New Brunswick more careful, whether in the wilderness or in the city, in regard to fire and the possible results of a live match or cigarette end carelessly thrown into an accumulation of inflammable material. Household fires also should be made more wary about such accumulations, and in the forests greater care is evidently needed in the removal of the slash that furnishes such food for flames.

With regard to the forests, there is so much woodland of one kind and another as to give rise to a feeling that the supply will never be exhausted, but those who know have already given warning that the trees are being cut too rapidly for the average growth; and when to this is added the destruction by fire, the final result is but too obvious. And her forests are New Brunswick's greatest source of provincial revenue. When it fails the alternative will be direct taxation.

This problem is so acute in the United States that a start has been made toward the conservation of the timber that remains. A New York paper says: "Thirty-three states have provided within the past few years, most of them in recent months, some sort of conservation programmes. Twenty-five share in the federal co-operative forest protective fund and applications are on file from others and all from this season. The Snell bill, outlining a comprehensive national forest programme, is pending in congress, with good chances of passage. This bill calls for the appropriation of a minimum of \$11,000,000 a year. Pennsylvania, which has Clifford Pinchot, pioneer conservationist, as its forest commissioner, leads all states in its activities for conservation. The most recent session of the legislature in that state, voted \$1,000,000 for forest conservation alone. Other states are falling into line, and in the south especially efforts are under way to save what is left of the magnificent yellow pine forests, once thought inexhaustible, but now rapidly disappearing before great sawmills, storms and forest fires. What has been done is small enough compared to the magnitude of the whole problem, but a beginning has been made. There is need for haste, both to save what forests are left and to begin plantations of new ones. A combination of state and federal forces is the solution."

The cut of lumber can be regulated, and reforestation of areas suitable for tree growth, and perhaps fit for nothing else, is merely a matter of legislation and cost; but to prevent the destruction by fire there must be a country-wide campaign of education, which should begin in the schools.

The Irish republican parliament is assembling to consider the proposals of the British government. It is a momentous meeting. Confidence is still expressed that the negotiations will not be broken off, and that depends entirely on the question whether the demand for an Irish republic is to be dropped. If the Irish leaders are well advised the way is open for permanent peace.

Hon. Mr. Wigmore will be entertained at a banquet in Montreal. How will he be received by the party in St. John? This is a question of universal interest, in view of certain rumors abroad as to his possible successor in the government.

The financial difficulties of the British government are shown by the returns of the exchequer from April 1 to Sept. 10, compared with the corresponding period last year. The receipts were \$141,000,000 less but the expenditures only \$7,000,000 less.

An attempt is being made to make Canadian Clubs a national and international force rather than mere luncheon parties. An especial aim, as with the Rotary Clubs, is the promotion of cordial relations between the Empire and the United States.

No interest will suffer by the decision not to make a large expenditure on the east side ferry floats along the lines that have been proposed. That is the judgment of men who should be competent to judge in the matter.

A substantial advance in fox prices at the Montreal fur sales yesterday is good news for ranchers in the lower provinces. From \$335 to \$380 for a single silver fox pelt from Prince Edward Island is a pretty high mark.

#### LIGHTER VEIN.

When their father died, Ike, Abe and Benjamin found that he had left each of them \$2,000. Benjamin decided to open a tailor's shop; the others thought they would wait a bit and see how he got on.

As he did quite well, Abe took the shop two doors away, and, thinking to profit by Benjamin's success, had it decorated in exactly the same style. Each bore the sign, "Mosenstein, the Famous Tailor."

After a few months, the cautious Ike decided that he, too, would become a tailor. He took the shop between those of his brothers, and consulted the same sign painter.

"Yes," said Ike. "I want a shop with one great big door. Over it you can write: 'Mosenstein, Tailor; main entrance.'"

A woman, no longer in the blush of her first youth, was trying to overcome the reluctance of a male niece to retire to bed for the night. "Being six years old," she said, "you should go to bed at six o'clock. When you are ten you can stay up till seven, and when you are eight till eight."

The child did a quick mental arithmetic sum in her head and then gazed up at the kindly face with its crown of gray hairs. "O, auntie!" she inquired. "Don't you never go to bed at all?"

#### YOUNG WIFE SUES FOR SEPARATION

Answered Advertisement for Housekeeper and Married 70-Year-old Employer.

Poughkeepsie, N. Y., Sept. 14.—Eleanor Clark, a former Rockland County telephone girl, who answered an advertisement for an attractive wealthy employer, and who married her wealthy employer, has found that being an "old man's darling" isn't all that she expected it to be. She is now suing for a separation, alimony and counsel fees, and a hearing was held in the case before Justice Morschauser here.

In her complaint she says that her seventy-six year old husband, Edward H. Clark, denied her the life of luxury and love that she expected, and from the first days of their marriage had been penurious and cruel. She says she was compelled to look after Clark's big house in Metuchen, N. J., and was not permitted to receive any friends or go anywhere, and that thirty dollars a month was all Mr. Clark allowed her to run the big house.

Edward H. Clark insisted the advertisement for a housekeeper in a New York paper in March, 1918, which she answered. He was the more than seventy and she was seventeen. She took the job and the friendship established led to marriage on July 6, 1918.

She notes that from the time of her marriage her husband was jealous of her, and locked her in her room the greater part of the time. Clark, she stated, that if Mr. Clark had done this, it was necessary in order to keep track of her.

"There should be a law that all these old men who marry young women should have a guardian appointed to look after them," commented the justice.

Clark makes a general denial, as says that his wife beat, scratched and kicked him on several occasions.

MORNING NEWS OVER THE WIRES

A heavy electrical storm hit Apohaht on Wednesday morning. A barn belonging to Fred Parlee, about three miles from the village, was struck and burned, also a barn owned by Mrs. Palmer Northrup. There was no insurance on the Parlee barn which was totally destroyed together with hay, grain, farm implements and some live stock.

TWO SHIPS' CREWS LEFT PENNILESS IN NEW YORK.

Two crews of seamen, officers and men are stranded in New York today, absolutely penniless through no fault of their own. They are victims of treacherous circumstances and of red tape, and what is going to become of them, absolutely penniless through no fault of their own. They are victims of treacherous circumstances and of red tape, and what is going to become of them, absolutely penniless through no fault of their own. They are victims of treacherous circumstances and of red tape, and what is going to become of them, absolutely penniless through no fault of their own.

The steamship City of Brunswick, out of Mobile, was wrecked off the coast of Nova Scotia some weeks ago, and her crew, composed largely of Alabama men, was rescued and brought into Halifax. Now, the United States shipping laws state that men wrecked on a foreign coast shall have their wages paid up to the time of the wreck and shall then be transported, free, back to Brunswick's crew, residing from the American Consul at Halifax the strange substitute of a passage to New York, though why it should be so is not clear. They would be any better off in this congested and jobless port is not known.

At any rate, here they are, thirty-two of them, with money due them, yet with no funds, no means of subsistence except the charity of the institute, and no prospect of getting any further. The officials whose duty the law makes it to look after their case have not acted, and the men are existing from day to day in the keenest anxiety.

When the Consul dispatched them from Halifax to New York, he gave them a letter to the Shipping Commissioner here, but the Commissioner states—and quite properly—that he has no authority to do anything at all in this case, which falls within the province of the Consul. The Secretary of State has not replied to communications concerning their plight. The shipping company has washed its hands of their troubles. They were dropped here, penniless, and left to struggle out as best they could with the aid of a number of appeals to the institute to take them in for an indefinite period.

Almost all the men come of good family and could find relief if they were taken to Mobile in accordance with the provisions of the Shipping Law. One of them is a student at the University of Chicago, who had relied upon the income of the institute as the source of his expenses this winter. It would cost \$1,200 to ship them back to Alabama, and nobody will assume the responsibility of doing this.

Side by side with the crew of the City of Brunswick in the crowded hall of the institute are the destitute crew of the Ruth E. Merrill, a six-masted schooner, whose owners have gone bankrupt. The sixteen men are sticking to her as a place of lodging, while they depend upon charity for food, because they hope that when she is struck and sold they will get their share of the proceeds—which is by no means certain in such cases. For fourteen months they have been calling in her, off the coast of Africa and other foreign shores, knowing well that she was already financially a wreck, but realizing that there was a chance of getting any money was to stick to her until she was taken to New York to be sold.

So here are forty-eight, able-bodied men, with no money, no food, no shelter, in our midst without the price of a pipe of tobacco and without any tomorrow that any one at present can perceive.

EXPERIMENT SUCCESS WITH PREVENTORIUM

What proved a successful experiment in a preventorium has just been concluded at the Royal Ottawa Sanatorium. During the two summer months six children who had been exposed to tuberculosis in their homes had sunny comfortable quarters in the Lady Victoria Grenfell Building which was erected in memory of his daughter. A nurse charge gave the best of care and supervision, with the result that every one of them gained weight and improved substantially by the time school reopened.

It has been proven that with proper preventive methods tuberculosis can be quenched, and it was in the hope that at some time, money might be available for active preventive work in Ottawa that the experiment was tried. There is sufficient tuberculosis in and about the city to make the work imperative, if the disease is not allowed to spread unchecked.

At first the city could accommodate only the most advanced cases of tuberculosis. Then room was made for those with whom the disease had not made such progress. Now the great need is for a place where preventive work may be carried on in order to stamp out the plague as far as possible.

### PAINT IN SEPTEMBER

If you have any building that needs painting, now is the best time to do it, because at no other time of year are wood surfaces in better condition to receive paint, for the summer sun has dried it out thoroughly, and another thing—rough winter weather is coming along and your property should be protected with a good coat of paint. A small investment now will save expensive repairs and deterioration that is sure to result if your buildings are left to the mercies of the elements.

We shall be glad to help you choose good color combinations.

### Guaranteed Coats Individual Coat Models

Hardly seems possible that of the hundreds of coats that comprise our stock no two are just alike.

We guarantee that our coats are individual models—no other in St. John just the same.

Individuality means something—the style of the garment means something—the fabric employed means something—the tailoring means something—and the PRICE means a great deal more.

We guarantee our coats in price and satisfaction. If the coats don't make good, we will.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, SEPTEMBER 14, 1921

## RECENT DEATHS

**Cornelius Hayes.**  
The death of Cornelius Hayes occurred last night at his residence, Read street, Fairville, 11:30. He is survived by his wife and adopted daughter.

**Edmund R. Folkins.**  
Sussex, Sept. 13—(Special)—Edmund R. Folkins, aged sixty-eight years, died at his home at Millstream at 5 o'clock this evening. Mr. Folkins was well known throughout Kings county and city of St. John. Of late years he was a trader in meats and farm products making a visit to the St. John market every week. He was councillor for the parish of Studholm for several years. He is survived by his wife, one son, Arlie, of Calgary, and five daughters, Mrs. Roy Jameson, Calgary; Mrs. Elbert Sharp and Mrs. Percy Chapman, Mount Middleton; Mrs. Samuel Gannace, Millstream, and Mrs. Jean Buchanan, at home. The funeral will be held on Thursday afternoon at 2:30 o'clock at the Millstream Methodist church, Rev. L. J. Laird officiating.

**S. E. Macdonald.**  
After an illness of some months, the death of S. E. Macdonald occurred yesterday at his residence, Havelock, Kings county. Mr. Macdonald was widely known in the province as a lumberman and farmer, and had very many friends. The news of his death will be received with great regret, and sincere sympathy will be extended to his bereaved relatives. Besides his wife, he is survived by four sons and daughters, Allan, of Penticton (B. C.); Mrs. Lemuel Barton, of Cumberland Bay; Von K. Macdonald, of St. John, and Miss Sarah Macdonald, of St. John. Two sisters also survive, Miss Rebecca Macdonald, at home in Havelock, and Mrs. C. B. Allan, of St. John. The funeral will take place on Thursday at Havelock at 10:30 a.m.

**Mrs. Lydia A. Herrington.**  
Many friends will hear with regret of the death of Mrs. Lydia A. Herrington, widow of Charles E. Herrington, which occurred at her residence in Milford yesterday after a brief illness of only one week. Mrs. Herrington, who was seventy years of age, had been attending her daughter, Mrs. James Smith, of Aquinas street, in her last illness, and returning to her home at Milford, one week ago, was herself taken ill and did not recover. She was a native of Prince Edward Island and came to New Brunswick forty-eight years ago. Except for one year spent in Fairville, she resided at Milford, leaving Prince Edward Island. She was a devoted member of the Fairville Methodist church and was very highly regarded by all with whom she came in contact. Her daughter, Mrs. Martha Curry, of Boston (Mass.), was called to the city by her mother's illness, and with the other members of the family was with her when she died. The four daughters who survive are Mrs. Annie Ackerman, Mrs. Osborne Linkey, and Mrs. Arthur Beardsley, of St. John, and Mrs. Curry, of Boston. One son, Charles H. Herrington, of St. John, eleven grandchild-

## FUNERAL DE LUXE OF CAMORRA CHIEF

**William H. Foley.**  
The death of William H. Foley occurred recently at the home of his daughter, Mrs. John Weatherly, 13 Pacific avenue, Moncton. He was eighty-five years of age and is survived by two sons, Frederick A., of Fairville, and Herbert, of Lombard street, St. John; also one daughter, Mrs. John Weatherly, at whose home he died. The body will be forwarded to St. John this morning for interment here.

**Short-Caughlin.**  
Raymond V. Short of Calais, Me., and Miss Agnes Lillian Caughlin of Milltown were united in marriage on September 7 in Milltown. Rev. T. Murphy was the officiating clergyman. They left on a trip to New York and Boston. On their return they will reside in Calais.

## FUNERAL DE LUXE OF CAMORRA CHIEF

**Taken on Same Hearse as Caruso in \$5,000 Coffin—Elaborate Ceremonies.**

Naples, Aug. 26—(Associated Press by Mail)—A "funeral de luxe" is the way the Naples newspapers described the burial of Alberto Alterio, reputed to have been one of the chiefs of the Camorra in America. He was formerly a Camorra leader in Naples but fled from here several years ago.

He settled in America and is alleged to have amassed a fortune of \$500,000 by blackmail. He was assassinated in New York a few weeks back and his body brought back to Italy by his wife. The funeral was attended by thousands of Neapolitans. The body was borne on the elaborate hearse which is reserved only for notables, among them of recent memory, Enrico Caruso.

Alterio's funeral was an event. The religious service in the church was marked with all the possible pomp and ceremony attendant on funerals given to high dignitaries of church and state. An orchestra of almost 100 pieces accompanied the mass which was still augmented in impressiveness by a large choir. The church, St. James of the Spanish Nobles, was elaborately hung in mourning, folds of tapestry being suspended about the walls and ceiling. Quite a number of priests officiated at the ceremony.

The funeral procession was of great moment. In it, marched practically all of Alterio's associates in his profession. A dozen or more men shouldered a large floral offering which was carried in the procession. The design on it was that of a clock which registered the hour of half past twelve. The cost of this has been announced at 2,000 lire.

The coffin also attracted much attention. It has been chronicled that it came from America, cost \$5,000 and was engraved in silver. The crowd which followed the body to the grave was a veritable "unending stream of people."

## VOGUE FOR BLACK IS IN SWEEPING STYLES

**Well-Dressed Girl of Ottawa Will Wear Large Hat.**  
(Ottawa Journal)  
The vogue for black that is sweeping every thing before it in New York has cast a veritable shadow over the autumn hats. The most funeral creations have reached Ottawa, their gloom not lightened by as much as a saucy feather or flower. For those whose complexions do not permit them to wear this color, there are fuscias shades, eight of them, ranging from American Beauty to Pill-box Red. And Brown, in all its twelve variations, is also permitted.

The well-dressed girl of the Capital will wear very large hats with flat brims and rather high crowns, for dress occasions. One of the favorite trimmings is a handsome silk cord passed round the crown and finished off with very large tassels which droop low over a long length of soft ribbon—from six to eight yards—twisted into a series of long loops which dangle over the brim. For street wear, small hats and toques

U. S. SYNDICATE BUYS ESTATES OF HAPSBURGS

Vast Properties of Austrian Royalty Estimated Worth More Than \$200,000,000.

Paris, Sept. 14.—Negotiations were completed in Paris this week whereby the vast estates of Archduke Frederick of Austria and his son, Archduke Albert—estimated to be worth more than \$200,000,000—were taken over by a United States syndicate, which includes Charles H. Sabin, J. Leonard Replige, Frank A. Munsey, George S. Fisher, and other prominent United States business men.

Samuel Untermyer, New York lawyer represented the syndicate in the negotiations which have been in progress for some time, and Archduke Albert took part in behalf of his father, his wife, his wife's sister, and his six sisters. Dr. Wilhelm Rosenberg, of Vienna, and Dr. Aurel Egedy, of Budapest, were counsel for the Hapsburgs.

The meeting here yesterday was the last of a series of meetings during the past few months at Carlsbad, Kissingen, Vienna, and Paris. The transaction concerns the vast land and industrial holdings of the Hapsburgs, distributed throughout Austria, Czechoslovakia, Jugoslavia, Poland, Rumania, and Italy. They include the great steel works and mines in Teschen, which are partly in Czechoslovakia and partly in Poland. The estate comprises numerous other industries, including the dairies which formerly furnished most of the Vienna supply of milk and butter, sugar refineries, factories, apartment houses, palaces, and other private properties in Vienna, castles in various parts of the continent, about 1,000,000 acres of agricultural and forest lands; scattered over several countries, and the Albertina museum in Vienna, which is said to contain nearly 1,000,000 works of art.

Archduke Frederick was a field marshal and commander-in-chief of the Austro-Hungarian armies in the late war. His great-grandfather was a nephew of Emperor Francis I., and was adopted by Duke Albert of Saxe-Teschen, who married Archduchess Maria Christina, daughter of Maria Theresa. Archduke Frederick is the uncle of King Alfonso of Spain. His sister was the Queen of Greece. Thus a considerable part of his property came from the Saxon house.

This is regarded as important by the members of the syndicate, because the properties they are taking over were not part of the possessions of the Austrian crown, but came to Archduke Frederick from other sources than the Hapsburgs. A large part of the properties were purchased, and developments from private means were increased during the

100 years by investments and returns from new enterprises. It is regarded as a fortunate built-up business by business management and not upon royal gifts and concessions.

Archduke Frederick was excluded from all his properties located in countries formerly composing the Austro-Hungarian monarchy. Some have been sequestered and others were retained as confiscated part of them by the reconstituted old governments, and others by the new states in whose jurisdiction the properties were brought by terms of various treaties.

THE LIBERALS AND THE TARIFF

Arthur Cardin, M. P. for Richelieu, Exposes Conservative Tactics in a Striking Speech.

(Montreal Gazette) That there was no need to fear the Liberal on the tariff question was the assurance which Mr. Cardin gave at the conclusion of a speech at St. Polycarpe, in which denunciation of the government, its acts and omissions, were thrown out with fiery eloquence, and prettily drawn smiles.

Why throw stones at us on tariff? Why should people fear the return of liberals to power as far as tariff is concerned? The party was in power for fifteen years, and it was a period of prosperity. Did the Liberal party act as a wrecker of tariffs? When did the Liberal party destroy manufactures? On the contrary, never were so many factories started in Canada as under the Liberal regime.

"The Liberal party," went on Mr. Cardin, "protects, and will continue to protect, the legitimate aspirations of financiers, manufacturers, merchants, and also look after the interest of the mass of the people, and wants a tariff by which Canada can develop, and all citizens be happy to live in their country. There is no fear of the Liberals on tariff. We are not extremists on any line, moral, national or in financial matters. We are moderate in everything, neither for free trade nor protection that is unjust to the consumers, but we wish to stave a moderate course, suitable to the needs of the time, and taking into consideration the necessity for development of industry and the interests of the great mass of people. We want capital to increase, and industry to progress. We want the tariff arranged in such a way that will also see the consumer is not ill-treated."

"Why," demanded Mr. Cardin, "fear us on tariff when we have today the head of our party men who, with Laurier, framed the Liberal tariff during fifteen years? Why this challenge to us? It is to try to make people believe that we are attached to those who preach free trade in other provinces. They wish to get the support of those in the big centres by saying that we want to destroy the factories. That is all false, and is said only to fool the people."

BREAKS UP MEETING COLORED BAPTISTS. Jealous Layman Shoots His Wife and Parson.

New Orleans, La., Sept. 14.—Mrs. Janie Miller, a New Orleans woman, and Rev. C. L. W. Boyd, of Fort William, secretary of the National Baptist Convention of Negroes. A number barely missed serious injury when the name of the Lake Shippers' Clearance Association, which among the 2,000 crowded into the auditorium.

David Miller, the woman's husband, is being held for the shooting, the motive of which, the police say, was jealousy. According to their reports, all five bullets fired by Miller were intended for his wife, and Rev. Mr. Boyd was the victim of a stray shot. The wounded minister is secretary of the Baptist board of education.

IRISH MATTER MAY KEEP LLOYD GEORGE FROM WASHINGTON. London, Sept. 14.—The prospect of prolonged Irish negotiations has renewed the rumors that Lloyd George will not be able to go to the Washington conference. It is declared that he is very anxious to go, if it is at all possible; therefore, no absolute decision will be made until the last moment.

Hamilton, Ont., Sept. 14.—Constable Reginald Dyer, of the motor cycle squad, died in the hospital of injuries sustained when he collided with Constable Norman Omerod. The constable was thrown over the handle bars and his head struck the pavement. Omerod was not badly hurt.

Leominster, Mass., Sept. 14.—Patrolmen R. H. Emory, and P. J. Casey made a sensational raid at 38 Water street, climbing the roof of the building and

THE TRIALS OF A HOUSEWIFE. How They Have Been Endured and How Overcome by Lydia E. Pinkham's Vegetable Compound. Experience of a Providence Woman.

Providence, R. I.—"I took Lydia E. Pinkham's Vegetable Compound for a female trouble and backache. I had been very nervous and had backache, headache, dragging-down pains, and I did the best I could about getting my feet done, but I had awful bearing-down pains so I could not stand on my feet. I read in the papers about Lydia E. Pinkham's Vegetable Compound and the good it was doing other women, and I have got dandy results from it and will always recommend it. You can see these facts as a testimonial if you wish."—Mrs. HERRBERT L. CARRER, 18 Main Court, Providence, R. I.

Ohio woman for three years could hardly keep about and do her housework as well as I. Made well by Lydia E. Pinkham's Vegetable Compound. "For about three years I was very nervous and had backache, headache, dragging-down pains, and I did the best I could about getting my feet done, but I had awful bearing-down pains so I could not stand on my feet. You can see these facts as a testimonial if you wish."—Mrs. HERRBERT L. CARRER, 18 Main Court, Providence, R. I.

At times I could hardly do my housework. I got medicine from a doctor but it did not help me. I saw Lydia E. Pinkham's Vegetable Compound advertised in a newspaper and took it with good results, and am now able to do my housework. I recommend your medicine to my friends and you may publish my testimonial."—Mrs. CHARLES A. BALL, R. 15, Fayette, Okla.

**PIRATE'S TREASURE BROUGHT TO LIGHT**

**Jefferson Island in Louisiana All Excitement Over Reported Find**

New Orleans, Sept. 14.—Part of the supposed buried treasure of Jean Lafitte, a pirate, has been found in the vicinity of Jefferson Island, the home of the late Joseph Jefferson, and excitement in that neighborhood is at fever pitch, according to reports from the South Louisiana coast.

Evidence of the treasure is furnished by several gold coins of ancient date, which have recently found their way into circulation on the island, two of them bearing the date 1784.

According to the reports, two pots of

buried gold were found, but such a fortune was caused when the gold appeared that the treasure-hunters have been all-out on the discovery.

According to legends, large sums were buried in the neighborhood by Lafitte, who preyed upon gulf and river shipping in the eighteenth century.

**WORST BLIZZARD IN MANY YEARS IN SOUTH AFRICA**

London, Sept. 14.—The worst blizzard in many years has raged for some days over the greater part of the Orange Free State, Natal and portions of Cape Colony and the Transvaal, says a dispatch from Cape Town today.

Pietermaritzburg, capital of Natal, was cut off from rail, telegraph and telephone communication with the north for some days. All trains were greatly delayed by the blizzard, which is most unusual for the region affected. Natives and whites in supposedly semi-tropical districts were startled to see railway cars moving along covered with three or four feet of snow. In some parts of the Transvaal the snowfall lasted fifteen hours—an unprecedented occurrence.

**Baxter for the Cabinet**

(Canadian Press Despatch.)  
Fredericton, Sept. 13.—Hon. J. B. M. Baxter, of St. John, leader of the opposition party in the provincial legislature, has accepted an invitation to enter Premier Meighen's reconstructed dominion cabinet after a consultation with his followers, according to a semi-official announcement made here this evening.

While Dr. Baxter told interviewers here today that his visit to Fredericton had been entirely for the purpose of attending a meeting of the Barristers' Society, it is said that he had been in conference with leaders of the opposition party in the legislature to whom he submitted the proposition tendered him by Hon. Arthur Meighen to take a portfolio in his cabinet. The result of the conference is said to be that he will accept the offer to enter the federal field and will stand for election, in all probability in St. John.

**DELEGATES TO THE ODDFELLOWS GRAND LODGE**

A large number will leave the city on Friday morning to attend the convention of the Supreme Grand Lodge I. O. O. F., which will open in Toronto on Saturday and continue its session for about a week. The lodges in the city, Golden Rule, Pioneer, Siloam and Pericles, and the sister lodges will have a good representation in more than twenty members, who have definitely signified their intention of going to Toronto. Others may be added to the list before the departure of the members. While in Toronto, they will take advantage of the opportunity to visit the many historic and beauty spots in and around Toronto and Niagara Falls. They expect to return the latter part of next week.

Among those who are leaving Friday are: J. H. Robson, F. N. Long, Frank Amos, Mr. and Mrs. M. D. Morrell, Miss Frances Murdoch, Miss Catherine Murdoch, Miss Maud Reed, Miss A. D. Alward, Miss L. Belyea, Miss Ida Belyea, Miss H. Lambert, Miss Edwina Irons, Miss Annie Long, Miss Grace Kierstead, Miss Rita Carleton, Miss Jessie Brittain, Miss Sadie Cameron and Ferguson Poole, all of St. John. They will be joined at Fredericton by Mrs. and Miss Sutherland, of Fredericton.

**SISTER OF HON. N. W. ROWELL MAY RUN FOR COMMONS**

London, Ont., Sept. 14.—Mrs. Gordon Wright, sister of Hon. N. W. Rowell, and president of the Dominion Women's Christian Temperance Union, is not unlikely to be a candidate in the coming election. Mrs. Wright has not yet made an announcement as to what party she may affiliate with.

**EMPLOYEES OF BANK GAIN MUCH WEIGHT**

Some of the Girls are Actually Becoming Worried.

Philadelphia, Sept. 14.—"Eat scientifically and grow fat." That's the advice of the 940 employees of the Federal Reserve Bank here, who have, collectively, gained 10,000 pounds during the last year. The increase in weight is all due to the scientific restaurant which was installed for the employees.

Most everybody is pleased over their gain in weight, except some of the women employees, of which there are 375.

Some of those who aren't so anxious to get fat have figured out that if they gained more than ten pounds the first year, that in five years they will have taken on fifty pounds. These individuals are getting frightened at the prospect of getting fatter to join a side show.

The directors, a year ago, decided that rushing to lunch, swallowing food whole, and eating improperly prepared food was bad for the employees, and they couldn't work so well. So they have been given plenty of time to eat their food, and it is prepared under the supervision of an expert dietician. Lunch costs just twenty-five cents, including dessert.

But—some of the girls are worried, and one said she'd have to quit eating lunch altogether.

**INCREASE POSTAGE CANADA TO BRITAIN**

Rates Within Canada and the U. S. Remain the Same.

An advance of one cent an ounce is announced in the letter postage rate between Canada and other parts of the Empire. The former rate was two cents an ounce with an added one cent as war tax. The new rate will be three cents an ounce with one cent war tax additional. The postage rate to foreign countries has been increased from five cents for the first ounce and three cents for each succeeding ounce to ten cents for the first ounce and five cents for each

additional ounce or fraction thereof. The postage rates within Canada and to the United States and Mexico remain a three cents for the first ounce and two cents for each additional ounce.

W. H. MacDonald, chairman for the referendum campaign in Lorne ward, addressed the regular meeting of the Dominion Lodge, I. O. O. F., in the hall in Murray street last night and was promised the full support and co-operation of the lodge in the carrying out of the campaign. The Chief Templar, Thomas Brown, presided and welcomed Mr. MacDonald. The meeting was largely attended. Plans were made to send a large delegation to a meeting to be held in the interests of the temperance cause in the Main street Baptist church this week.

#### DE VALERA WANTS EXPLANATIONS

(Canadian Press Despatch.) London, Sept. 13.—An unexpected hitch has arisen in the Irish negotiations. Mr. Lloyd George, who is at Gairloch, Scotland, today received Harry Boland, secretary to Eamonn De Valera, and Joseph McGrath, another Sinn Fein representative, according to an official communication issued tonight, and Messrs. Boland and McGrath are returning to Dublin with the prime minister's explanation of certain points in the government's proposals for consideration to the Dail Eireann.

It is said that Mr. De Valera's reply dealing with the question of accepting or not accepting the invitation to a conference will not be delivered until Friday or Saturday.

It is understood that the letter which Messrs. McGrath and Boland bore to the prime minister asked for fresh explanations respecting the British government's latest communication and that these points are of vital importance, necessitating the return of the couriers to Dublin for consultation with Mr. De Valera and his colleagues.

SUGAR MARKET UNSETTLED.

The Federal Sugar Refining Co., in statement issued last week, said that there was expectation of continued settlement of the sugar market. The company's statement was based upon world-wide conditions, and added that "the confidence that is lacking in the industry, so far as the rest of the world is concerned, is in the immediate future. Only material reduction in the huge Cuban stock of over 1,800,000 tons, even though this had to be done at extremely low prices, can settle conditions." Over 4,000,000 tons of sugar will be produced from Europe's best crop this year, according to the first detailed estimate from the federal correspondent on the other side. The statement said further: "This means that for the first time since the end of the war Europe will be able to supply its own needs. Excluding Russia, there is an area of 2,151,000 hectares under cultivation with sugar beets, and a crop of 4,020,000 tons of raw sugar is expected. Germany's estimated production is 1,200,000 tons; Holland's, 300,000 tons; Czechoslovakia's, 700,000 tons; Italy's, 200,000 tons; France's, 200,000 tons, and that of other European countries is estimated at 1,200,000 tons.

IN WALL STREET.

New York, Sept. 14.—(10.30)—Accumulation of buying orders overnight imparted an active and strong tone to the stock market at the opening of today's session. Mean an American and Pan-American Petroleum, Houston Oil, Royal Dutch, Baldwin, Railway Steel Springs, American International and Atlantic Gulf rose one to two points. Central Leather, International Paper, American Woolen, American Locomotive and Chandler also were materially higher. United States Realty was strongest of the specialties, gaining 2-4 points. Rails made only slight advances and some of the food and tobacco shares reacted moderately.

CHOOSE MONTREAL FOR THEIR NEXT CONVENTION.

Dallas, Texas, Sept. 14.—Montreal was selected as the next convention city by the twelfth general assembly of the Brotherhood of Painters, Decorators and Paper Hangers yesterday. John W. Lacey, oldest engineer of a western railroad, has just retired after fifty-two years of active service without an accident. He says that he has driven his engines more than 400,000 miles, and claims the world's record.

BRITISH EXCHANGE.

London, Sept. 14.—(Canadian Press)—The returns of the cheque for the period from April 1 to September 10, show receipts of £400,000,000, and expenditure £448,000,000, compared with £541,000,000 and £486,000,000, respectively, during the corresponding period of last year.

MONTREAL STOCK MARKET.

Montreal, Sept. 14.—The local stock market was quiet during the early trading this morning. Atlantic Sugar opened fractionally stronger at 53-1/2, as did also Dominion Steel. Dominion Steel was unchanged at 28. Laurentide rose a half point to 71. Breweries was active, but remained unchanged, at 53-1/2. Wayagamack was up 7-8 at 40.

FOCH ACCEPTS NEW YORK DINNER INVITATION.

Paris, Sept. 14.—Marshall Foch has accepted an invitation from Albert H. Cary, chairman of the board of the U. S. Steel Corporation to be a guest at a dinner given by the Iron and Steel Institute of New York city, at which it is understood there will be a great gathering of financiers and industrialists. Marshal Foch plans to sail on the liner Paris on October 22, but his plans further are as yet undecided.

MIDDLE SACKVILLE.

A middle Sackville letter to the Post says: "The schools re-opened here on Tuesday. The high school staff is composed of the following:—V. G. Gilchrist of St. John, principal; Miss Walsh, Chatham primary; Miss Fairweather, Hampton, Intermediate. Lawrence Smith left recently for Bathurst, where he is on the staff of the school. Miss Emma Read and Miss Corinne Leger have also gone to Chatham and Carleton, where they are engaged in teaching. Mr. and Mrs. Albert J. Smith, Boston, were the guests of friends here recently. Mr. and Mrs. Wm. Butcher and Miss Marian Butcher arrived here last week from England, and they have been spending the past year.

ENJOYABLE EVENING.

A large number of friends met at the home of Mr. and Mrs. D. H. Usher, Grand Bay, on last Monday evening for the purpose of bidding farewell to their student pastor, M. C. MacDonald. After enjoyment of several games, Mr. Usher called the guests to order and on behalf of those present presented to Mr. MacDonald a beautiful pair of cuff links and stick pin as a small token of their regard and esteem. Mr. MacDonald, although entirely taken by surprise, in a few words fittingly thanked those present. At the close of the evening refreshments were served. Mr. MacDonald returned to his home in Bradfield, P. E. Island, to spend a few weeks before returning to Pine Hill College, Halifax, to resume his studies.

CONTINUED DROP OF GERMAN MARK CAUSES ANXIETY

France Believes the Decline is Caused Deliberately by a Reactionary Group.

Paris, Sept. 14.—A demand that the Allies get together and decide on a joint policy in case of the bankruptcy of Germany, is beginning to find expression in the French press and in some quarters notable for their lack of confidence in the continuing of the Franco-British alliance the demand is not that the Allies should get together, but that the French government, French diplomats, French representatives on the Reparations Commission and the French members of the Commission on Guarantees, should at once draw up a programme in case, as seems easily possible, Germany should go into bankruptcy. The first part of that programme is that France get some share in the first billion of gold marks which were paid last month, and allocated by the accord of August 18 to Belgium and Great Britain. But there remains the second and much graver problem which is occupying not only in the press but the government and is being freely discussed in parliamentary and diplomatic circles. Since the mark fell in the past week to less than a cent in value, the possibility of a German bankruptcy has become a reality. The whole political pre-occupation of the continental Europe.

THE BELIEF HAS BECOME ALMOST FIXED IN FRANCE THAT PERHAPS WITH THE COMING OF THE WIRTH GOVERNMENT, GERMANY IS BEING FORCED INTO BANKRUPTCY.

The belief has become almost fixed in France that perhaps with the coming of the Wirth government, Germany is being forced into bankruptcy. If all that is needed is the lowering of the value of the mark to zero, the operation is not difficult. The payment of the latest instalments of the billion gold marks, granted the Allies, last month entailed the purchase by Germany of 500,000,000 marks worth of foreign securities as well as the export of gold and borrowing from foreign banks. As the natural result of such operations the mark lost half its diminished value. To make it fall to the present price—and soon to zero—would only the undoing on the world's financial markets by some powerful financial group, whose interest lies in German bankruptcy, of a comparatively few more millions of unwanted marks. For, at present, no one is buying, for no one is any longer speculating on the rise in the value of the mark. Now, whether it is right or not, the belief does exist in both financial and political circles in France, just now, that just such a group in Germany is forcing down the value of the mark in order to provoke bankruptcy and a new political situation from which they could derive political and personal advantage. That this group is in opposition to the Wirth cabinet, and in favor of the reactionary party is, of course, obvious, and though names are not yet mentioned, it is clear to what party and personalities allusion is made. The object they are supposed to seek to gain is equally obvious, once it is granted that such a group or party does exist, and is carrying out this policy. With the mark at less than a cent in value it will be in the next twelve months more difficult for the Wirth government to carry out its obligations under the reparations schedule of payments established in London last spring. Under that schedule Germany must pay 6,000,000,000 gold marks annually on account of reparations, and with the paper mark at less than one cent, it will be ex-

### ST. LAWRENCE SHIP CANAL SAID TO BE IMPRACTICABLE

Chairman of the Port of New York Writes to Washington Attacking Project—Says Report Misleading.

New York, Sept. 14.—E. H. Outerbridge, chairman of the port of New York, in a letter to Darwin P. Kingsley, president of the State Chamber of Commerce, declared that the project to canalize the St. Lawrence River, was, in his opinion, sponsored by interests seeking to acquire water power rights. The ship canal feature of the project, he asserted, was capitalized to attract support from the middle west. The report of the engineers of the Chamber of Commerce, he said, until the channels and ports were deepened at an estimated cost of \$500,000,000 to one billion dollars. The international engineers estimated the cost of the canal and power plants at \$222,000,000. Mr. Outerbridge said that ocean steamers of 10,000 to 20,000 tons could not, in his opinion, navigate the canal as proposed without danger. Certain points which should, he said, overwhelmingly condemn the canal project were: One, misleading estimate as to cost; second, navigation of the St. Lawrence River is open only seven months of the year; third, the canal would be absolutely useless lake ports and channels were deepened at an enormous cost; fourth, insurance rates on the St. Lawrence River are higher than for Atlantic ports especially in the fall and spring when the dangers of fog and ice are most pronounced; fifth, the operating cost of ocean steamers through such a canal under the most favorable circumstances would be far greater than the cost of transporting grain through elevators to ocean ships to a real ocean port; sixth, that as a power proposition, even if it could be justified on economic grounds, it is one in which the government of the United States would be justified in pledging its credit or spending the money of its people raised by taxation; seventh, its willingness to furnish capital for the canal it is apparent that the appeal to governments to build is evidence that the private interests have not sufficient faith in the returns to be had from it; eighth, Panama Canal, that of cutting off enormous distances between this country and its possessions or as a matter of naval and military protection of the country's coast in case of war.

#### SCOTTISH CENSUS RETURNS.

Provisional but substantially correct figures of the census returns for Scotland have now been issued, showing a total population of 4,822,157, giving an increase as compared with 1911 of 2.5 per cent. While towns and counties on the east coast show a slight reduction, these are more than made up by increases on the west coast. The four largest cities show returns as follows:—Glasgow has now a population of 1,034,069, an increase of only 25,982 in the last decade; Edinburgh stands at 420,267, a reduction of 3,779; Dundee at 108,217, a reduction of 8,194; and Aberdeen, 108,969, a reduction of 4,922.—The Christian Science Monitor.

### FRENCH WILL HARNESS TIDES

The Scheme to be Tried Out—If Successful Hydraulic Forces Will be Employed.

Paris, Sept. 14.—Some particulars of the project, which has been approved by the minister of public works, of employing the hydraulic forces of the tides may be given. The experiment is to be made at Aber Wrach, near Brest, on the coast of Finistere. There is a special official commission which has studied the scheme, and after long deliberations presented to the government a plan in detail. This plan was approved by the responsible minister and steps are being taken to execute it, and thus to harness the tides. If it can be shown that the development of electrical energy from the ocean is a practical proposition there will undoubtedly be other schemes. Indeed, at the present time there is an American proposal to exploit sea power on another part of the coast. Aber Wrach is well selected, for the tides there are particularly strong. A barrier is to be erected in the indentation of the coast about 150 yards in length. The barrage is to be on the same level as the land, which means that at spring tides it will be three or four yards above the water. In the hollow centre of the construction, which is to be of reinforced concrete, machinery is to be installed. Turbines and alternators will be placed in the centre of the

### A GREAT BILL AT OPERA HOUSE

Mid-week Bill One of the Best Yet; All Five Acts Proved Popular With Patrons.

Yesterday was a banner day at the Opera House, the large audiences that filled the theatre both afternoon and evening, went away highly pleased, and many were the favorable comments as to the high standard of the acts presented.

Malla-Bart Company appeared in their big comedy success, "The Baggage Smasher," which made such a tremendous hit at the exhibition last week. Mr. Malla, who was seriously hurt the first day of the fair, is back at work again, and, needless to say, there is a marked improvement in the offering. Malla-Bart Company are comedy athletes. They deliver a carload of laughs that kept yesterday's patrons busy clearing away the tears of laughter. Gallette and Kolin, another big feature act on the bill, presented a comedy surprise novelty. Miss Kolin is a very graceful dancer, and Mr. Gallette is a tutor of monks and possesses several very clever monkeys, whose comedy antics were the cause of much gaiety and mirth to the audience.

Other features on the bill include Frank Mahey, banjost, who proved a popular attraction. His several selections on the banjo were received with hearty applause. Coffman and Carroll presented a skit entitled "Two Tones of Brown." The scene represents a southern railroad station. Mr. Coffman is a colored porter and Miss Carroll a fair traveler. That is all there is to the plot. The rest of it is the brightest kind of dialogue and songs. Bert and Lottie Walton appear in a comedy and acrobatic dancing offering that won instant favor with the audience. The picture programme included another chapter of "The Avenging Arrow," popular serial drama, and a Jimmy Aubrey comedy that has a laugh in every foot of film. This programme will be continued today and Thursday at the usual popular prices.

The Longshoremen's Association will take no action regarding a proposed reduction of their wage schedule until their regular monthly meeting, which will be held in October. This is what an official of the union said yesterday. The existing agreement here is seventy cents per hour for general cargo, and eighty cents per hour for grain.

### RULE OUT THE OBSOLETE IN THE LANGUAGE OF AIR

Progress of Youngest Science Shown as Army and Navy Adopt the Latest Terms—"Blimp" and "Aero" No More.

Washington, Sept. 13.—Standard aeronautical terms, devised and compiled by the National Advisory Committee for Aeronautics, have been officially prescribed for use in the army and navy. Hereafter, the new order states, the officers of the two air services will use the regulation nomenclature.

For some time, aerial experts point out, laymen have been calling anything that traverses the air an "airship," whereas the word "aircraft" should be employed. They say that all balloons, rigid and non-rigid airships, or lighter-than-air craft, are constantly being termed "blimps," a slang word now obsolete, but originally used to designate a non-rigid in an airplane fuselage slung beneath the gas bag.

The word "hydroplane" has often been misused in referring to a seaplane; "hydroplane" designates a sea sled, which planes on the surface of the water but does not take the air. An airplane has been called an "aero," which, it is explained, is as wrong as calling a boat a "water." The words "aeroplane," "hydro-aeroplane" and "dirigible" have been done away with and "airplane," "seaplane" and "airship" have taken their places.

According to the recent published report of the National Advisory Committee "aircraft" constitutes any form of craft designed to navigate the air and is divided into "aerostats" and "airplanes." Aerostats comprise lighter-than-air craft, embodying a container filled with a gas lighter than air, such as hydrogen and sustained by its buoyancy. They include "airships" and "balloons."

"Aeroplanes" Officially "Aeroplans." The word "airplane" is now used to designate craft heavier than air, obtaining their support from the action of the air on the wings, and driven through the air by screw propellers. "Tractors" are airplanes having their propellers in front, "pushers" having them in the rear. Usually airplanes are equipped for land work with wheeled landing gear, but when fitted for alighting on water with a boat or pontoons, the term "seaplane" is used.

"Airships," as the craft formerly known as lighter-than-air are now called, are divided into three types, in which the form is maintained by a metallic frame within the gas bag or envelope; non-rigid, whose envelope is kept taught by the pressure of the contained gas, and semi-rigid, maintained by a rigid or jointed keel and also by gas pressure. These three types are all propelled by gas engines located in a hull or car, or in individual engine houses suspended below the supporting envelope, and controlled by means of rudders and fins.

The second division of the aerostat class, have no power plants nor means of controlling their horizontal flight. They include free, or light balloons of the old style spherical type; captive, secured by a cable to the earth; barrage, captive balloons used in forming an aerial barrage against airplane attacks; kite, an elongated captive balloons such as the Caquot observation balloon, which has tail fins to keep it headed into the wind; nurse, a small heavily fabricated balloon used for storing gas and filling service balloons; and pilot and sounding balloons employed in securing meteorological data.

The heavier-than-air types of aircraft now officially termed airplanes, are divided into several classes according to the number of planes or wings, which are usually superimposed, namely: monoplanes, biplanes, triplanes and multiplanes. There is also the Langley type of airplane, which is still called the tandem from the arrangement of its double set of wings on approximately the same level.

"Seaplanes," airplanes designed to rise from or light on the water, are classified in two groups; boat seaplanes, having a central hull not unlike a boat, and float seaplanes, whose landing gear consists of one or more floats or pontoons.

What to Say to the Airman.

Among the new and often misunderstood terms are the following:

Aerostat.—The pilot of an aerostat (airship or balloon).

Airplane.—A land field equipped with hangers and shops.

Aviator.—The operator or pilot of heavier-than-air craft, such as airplanes and seaplanes.

Bank.—To incline a plane laterally in turning to prevent skidding.

Ceiling.—Maximum height to which an airplane or airship can climb.

Fuselage.—Body of an airplane, including engine and passenger seats.

Glider.—An airplane without a power plant.

Helicopter.—An aircraft deriving its support not from wings but the vertical thrust of propellers.

Naucle.—Enclosure for passengers or engines, but unlike the fusage, it has no tail unit.

Ornithopter.—An aircraft deriving its support and power from flapping wings.

Pancake.—To land by an airplane by leveling off higher from the ground than normal, causing it to stall and descend nearly vertically.

Side Slipping.—Sliding on a bank, toward the ground.

Skids.—Runners used with landing gear, also on lower wing tips, as a protection.

Slidding.—Sliding sideways away from the ground on a bank; opposite to slipping.

Soar.—To fly on a level without power.

Spin.—An uncontrolled maneuver in which the airplane descends nearly vertically while turning rapidly in the form of a helix or a "workscrew."

### Cleans and Whitens.

A little shaken into the toilet bowl renders it free from odors and snow-white.

### Snowflake

Taxi—To run an airplane over the ground or a seaplane over the water under its own power without taking the air.

Zoom—To climb rapidly at a very steep angle.

Smallpox Outbreak.

Santiago, Chile, Sept. 14.—There is a serious epidemic of smallpox here. About 2,000 cases have been reported. The government has made vaccination obligatory.

### The most marvelous machine in the world—and how it is neglected

AWAY back in the school books was a lesson on physiology.

Rather dull as a lesson. Yet it was the story of the most marvelous machine ever created—and how the machine gets its power and does its work.

That machine is the human body.

Some day the mechanical expert of this machine—the doctor—finds out for us where we have missed the lesson and neglected the machine.

GRAPE-NUTS food was made in accordance with the school book lesson on what the body needs and how its needs may best be supplied.

It is possible for a delicious food to be a scientific, "power" food. Grape-Nuts is such a food.

#### Perfecting Natural Gifts

Twenty hours of continuous baking has done certain wonderful things to the nourishing properties of whole wheat and malted barley flour, from which Grape-Nuts is made—and has produced a food in the form of crisp, golden-brown granules.

You chew Grape-Nuts thoroughly.

The rich, sweet flavor of Grape-Nuts is the reward of chewing. Nature meant the teeth to be used. Primitive people, who keep the natural teeth sound and perfect to old age, are eaters of food which requires chewing. Grape-Nut gives the teeth work to do.

Perhaps you remember a little of the physiology lesson, now—how the salivary juices respond when the food is thoroughly chewed—and the first important step in digestion is taken.

#### Life-Giving Properties

Wheat and malted barley are richest of all grains in the food elements required for human use. In Grape-Nuts all the essentials provided by nature in these grains are retained and perfected. The long, slow baking process which produces Grape-Nuts turns the grain's starches into natural sweetness and breaks up the nutritive solids into forms easily assimilated by the body.

The exceptional nourishment from Grape-Nuts is secured with no tax upon the digestion.

#### Penalties for Mistakes

When the doctor, as the mechanical expert of the bodily machine, comes to give advice in case of trouble, he finds that harm as well as good, often has resulted from food.

"Starchy" foods have been the subject of many warnings. Food which passes too slowly through the digestive tract causes disturbances to which much of the slowing down, wearing out, and failure of the bodily machine is traced.

A characteristic of Grape-Nuts is that it digests quickly and completely—without fermentation in the intestines.

#### A World Service

There is, therefore, a reason why, throughout the world, Grape-Nuts has steadily grown in favor these many years, as a food for fitness, as well as charm to taste.

You can apply that reason to your own benefit.

Ready to eat from the package, always crisp, naturally sweet—served with cream or milk and a little sugar if desired—Grape-Nuts is an ideal dish for breakfast or lunch.

BASEBALL

Hooper's Busy Day.

New York, Sept. 14.—Harry Hooper of the Chicago White Sox stole Ruth's thunder yesterday. He hit two home runs, a single, drew a couple of bases on balls and scored four runs in the western team's 15th triumph over the Yankees this season.

Hooper shared his brilliant performance with his team mate, Pitcher Dick Kerr, whose victory was the sixth in seven games he has pitched against the Yankees this season.

New York's defeat added Cleveland's cause in the American League pennant race. By winning from Philadelphia, the Indians narrowed New York's lead to five points.

Double-Header on Thursday.

The Perth baseball team will play the Commercial's double-header on the East End grounds, on Thursday afternoon, the first game beginning at two o'clock.

Manager Tris Speaker of the Cleveland Indians is suffering from a contusion of the right knee joint and did not leave with his team yesterday when it left on its invasion of the east.

Speaker sustained the injury when he tripped over first base in the last game with St. Louis. Speaker will be out of the game indefinitely.

Tender Defeats Friedman.

Philadelphia, Sept. 13.—Lew Tandler, Philadelphia lightweight, won a hard fought eight round bout with Sailor Friedman, of Chicago, by a slight margin tonight at National League Park.

The fight was fast from start to finish, both men landing a number of terrific blows. Neither, however, was knocked down.

Bout for Pat Moore.

Chicago, Sept. 13.—Pat Moore of Memphis, Tenn., was matched yesterday to meet Midget Smith of New York, in a ten round bout at Aurora, on Sept. 3.

The match was substituted for one in which Smith was to have met Jack Sharkey.

Joe Gans Gets Decision.

Rochester, N. Y., Sept. 14.—Panama Joe Gans of New York was given a decision over Sailor Darden of Boston here last night in a 15-round bout.

Bout in Boston.

Boston, Sept. 14.—Mike Morley of Hartford, Conn., won a decision over Nate Siegel of Boston in a ten round bout here last night.

An Early Big One.

James W. McKenzie had been breaking well on the Victoria alleys last night, and has early set the pace for the high rollers with a fine string of 143.

The bowling feature of his performance was the scoring of three strikes in succession, something that is done very rarely.

The bowlers are away to a good start and attendance at the "Vic" and Y. M. C. I. alleys gives promise of another season of big interest.

New State Record.

Syracuse, N. Y., Sept. 13.—A new record for the Empire State stake was made here this afternoon when Grey Worthy, owned by Walter Cox, trotted the mile in the second heat in 2:02 1/4.

The old record was 2:03 1/4, made in 1919 by McGregor the Great, another Cox horse.

Woodstock Races.

Woodstock, N. B., Sept. 14.—Margaret Dillon, 2:01 1/4, is the favorite over Dr. Braden, 2:02 3/4, in their \$3,000 free-for-all race here this afternoon.

The entry of H. C. Tralser's Sunshine Stable of Boston was made favorite in the betting because of her win at Presque Isle last week, when she paced three heats all better than 2:06 and smashed all State of Maine records.

ton in July by Roy Volo, which will meet John H. Braden next week for the "down east" championship, will probably be broken.

The other events on the card today are the 2:20 pace stake, in which Donald Keith, 2:12 1/4, is the favorite, and the 2:25 trot, which will bring together a brand new field of trotters, including Uscie, a 2:20 1/4 Edward Island entry, which will make her first start on the Maine and New Brunswick circuit.

Grand Circuit.

Grey Worthy, Walter Cox's grey gelding, won the \$10,000 Empire State stake for 2:12 trotters, the feature event of yesterday's racing on the grand circuit, and set up a new record by trotting the second in 2:02 1/4.

In the 2:07 class, purse \$1,000, Jane the Great took three straight heats, the best time being 2:06 1/4. Klio won the best in the three heats in the 2:14 class trot, purse \$1,000. Best time was 2:08 1/4.

Races at Maine Fair.

The Maine state fair opened yesterday and was marked by good horse racing. The weather was fine, and large crowds attended. In the 2:17 stake purse, \$500, Diamond Q. made it three straight heats, the best time being 2:18 1/4.

Red Russell repeated the trick in the 2:14 class trot, winning first money in the \$500 purse. Best time in this race was 2:15 1/4.

In the 2:07 class, purse \$1,000, Jane the Great took three straight heats, the best time being 2:06 1/4. Klio won the best in the three heats in the 2:14 class trot, purse \$1,000. Best time was 2:08 1/4.

St. John Horse Wins.

The Finisher, a St. John horse, with Ryan up, took three out of five heats at the St. Stephen exhibition races yesterday in the 2:25 trot and pace, taking first money of a purse of \$400.

Woodstock Races.

Billy Keyes, the St. Stephen reinsman, drove two winners at Woodstock yesterday. In the 2:14 trot class, purse \$400, Alfred King made it three straight heats. Best time was 2:15 3/4.

In the 2:20 trot and pace, purse \$400, Keyes likewise drove a winner, Rags F., but the race went four heats. Best time was 2:18 3/4.

Chicago Runner Clipped 5/8-3 Seconds Off the Mark for One Mile.

Norman General, a Brantford Indian, won the National Exhibition twelve-mile marathon on Saturday at Toronto from the classiest field of runners ever gathered in Canada.

He eliminated his opponents in fine fashion, running strong from the start and finished nearly a lap ahead of his nearest contender, Jimmie Moorecroft, of the Gladstone A. C. Moorecroft finished three-quarters of a lap ahead of Frank Wendling, of Buffalo.

The athletic field day, staged by the National Exhibition, was the largest and most successful ever conducted in similar examples, star athletes being present from many parts of Canada, as well as other United States cities.

About 25,000 people watched the events from the grand stand and the railings.

In the one mile handicap, Jolie Ray of Chicago, clipped 5/8-3 seconds off the Canadian record, ran in his endeavor to beat the world's record, gave away up to 380 yards. He finished fourth in 4:15 flat. The winner was Ralph Baines, of Hamilton, who started from 175 yards. Results:

1,000 yards, open handicap—1, M. Muir, St. Mary's; 2, G. J. Bertsch, Buffalo; 3, A. T. Heck, Buffalo. The 1,000 yards open handicap was won in 2:15 1/2-5, which makes a new Canadian record.

100 yards open, final—1, W. D. Hoyer, Boston; 2, E. O. Gourdon, Boston; 3, H. Lochmicht, Niagara Falls. Time 10 seconds.

220 yards open, boys eighteen years and under—1, Percival Muirhead, Joesmanville; 2, S. Bann, Baltimore; 3, Jesse Slingshiff, Baltimore.

Running broad jump—1, E. O. Gourdon, in Harvard University. Distance, 23 feet 2 inches.

100 yards open, boys eighteen years and under—1, E. Bascom, Hamilton; 2, J. Battersworth, Baltimore; 3, A. T. Christie, Hamilton.

One mile bicycle, final—1, C. Smith, Buffalo; 2, M. Webster, Toronto; 3, J. Scheider, Buffalo; 4, (special prize), L. Broderick, Toronto. Time 2:14-5.

320 yards, open, final—1, Alex. Panton, Broadview; 2, M. Lochmicht, Buffalo; 3, W. S. Arnot, West End. Y. Time 2:21-5.

One mile open handicap, Canadian record, 4 miles, 20:35 seconds—1, Ralph Barnes, Hamilton; 2, Charles Thorpe, Peterboro; 3, A. G. St. Clair, Toronto. Winner's time, 4:09-5-5. Jolie W. Ray in this race made the mile in 4:15 flat, knocking 5-5 seconds off the Canadian record.

Exhibition marathon, twelve miles—1, Norman General, Brantford; 2, Jas. Moorecroft, Gladstone A. C., Toronto; 3, Frank Wendling, Buffalo. Time 1:49:35-2-4.

100 yards, open, final—1, W. D. Hayes, Boston A. A.; 2, A. D. Gourdon, Boston A. A.; 3, Marville Lochmicht, Niagara. Time 10 seconds.

1,000 yards, open, boys eighteen years and under—1, E. Bascom, Hamilton C. I.; 2, Jack Battersworth, City College, Baltimore; 3, A. T. Christie, Hamilton C. I.

Three mile bicycle handicap—1, D. Patterson, Toronto (1:50 yards); 2, Frank Brown, Toronto (1:50); 3, R. Sparks, Toronto (1:50). Time 6:52-5.

One mile international high school relay—1, Hamilton (R. Shea, J. M. Crawford, A. Smith and H. Ayvith); 2, Toronto; 3, Baltimore. Time 3:37-4-5.

Tug-of-war—Toronto Police won this event.

Running broad jump—1, F. O. Gourdon, in Boston A. A.; 2, W. E. Schmitz, Detroit A. A.; 3, W. A. Reid, Toronto. Distance, 23 feet 6 1/2 inches.

One mile international medley relay—1, Boston (W. D. Hayes, E. O. Gourdon, J. W. Driscoll and H. C. Cutbill); 2, Chicago A. A.; 3, University of Pennsylvania. Time 3:37-4-5.

100 yards, boys fifteen years and under, final—1, Clifford Crimi, Buffalo; 2, G. J. Bertsch, Toronto; 3, Howard Lewis, Hamilton. Time 10-3-5 seconds.

Commission Arranged.

Continuing, the Rev. Mr. Burnett said, "I want to take this opportunity of arranging the policy of the present government of this province. I do it because of intense indignation at the evil that have resulted since this policy came into operation. In the first place, I arraign it because it is based upon an un-Christian principle. The principle which the government will itself admit is the foundation of the policy is the sacrifice of the weak for the strong."

Elaborating this point, the preacher argued that all history showed that it was the weak who went to the wall under any system of selling intoxicants; whereas the Christian principle was that the strong man must bear the infirmity of the weak. "I denounce this policy because it is anti-Christian, based upon an un-Christian principle. The principle of Christianity is the survival of the unfittest; their principle is the survival of the fittest, and let the unfit go to the wall."

Another ground of indictment was that the tavern was the enemy of liberty, as it tended to deprive a man of the full expression of the powers of his being. But a more serious arraignment of the tavern was that it is the centre of crime and moral disorder. "Nobody can tell me," said the speaker, "but when you have a machine in operation whereby the night after night are gathered all the lowest elements of the city in one place, that it will not bring about bad results."

The effect upon social and family life was also dwelt upon by Mrs. Burnett, who spoke of the legs in money and happiness caused by the tavern. "It is all very well for men in their cushioned chairs at Westmount to make their

laws and say there is no evil in liquor; but let them come downtown and live where I am (Torrance street), then they will know."

Where Mr. Burnett explained that he was in principle a Liberal, so that he was not in any way influenced by political motives in thus criticizing the government of the province. He deplored the licensing of what were respectable restaurants, declaring that in this way many young men would be encouraged to drink wine and beer, the tendency of which, he said, would be to create a host of drunkards.

REGATTA PLANS CANCELLED.

Routine business occupied the time at a meeting of the St. John Rowing club, held last evening with J. C. Cleary in the chair. The suggestion regarding a regatta to be held in Courtenay Bay was discussed fully. It had been proposed to stage a four-oared race between the McGinnis crew, the Renforth crew and a crew from the Rowing Club, as one of the main features of the regatta. It was decided, however, that, owing to the lateness of the season, the project would be abandoned.

FOR BETTER RACIAL FEELING.

Le Pays: "Some sixty English-speaking pupils are going to colleges at St. Hyacinthe to learn the French language. This is an excellent movement, and one which deserves to be accentuated. No doubt it will contribute towards a better appreciation of our language and those who speak it. It is to be hoped that within a short time all the educational centres in the Province of Quebec will have within their walls a contingent of pupils from Ontario who, by their influence, will be able to attenuate the regrettable racial animosity which has been so long exploited by the extremists alike of Ontario and Quebec."

ENGAGEMENT.

Mr. and Mrs. W. H. Tennant, Amherst, N. S., announce the engagement of their only daughter, Dorothy Havlock, to Wilfrid Wright Parry, son of Dr. and Mrs. W. T. Owen Parry. The marriage will take place the latter part of September.

SUPT. BAIRD INJURED

Supt. Baird of the experimental farm, Nappan, was quite badly injured on Wednesday by his forearm coming in contact with a revolving knife. The arm was slit about four inches and required several stitches to close.

COAL FROM JOGGINS

The first water shipment of coal for a number of years from the Joggins was made a few days ago when the schooner Edna May cleared with a cargo for Grand Manan. This is the first of several shipments to be made by water this fall.

HOME TROUBLE.

In the police court this morning, William Butler of Britain street was charged with having assaulted his wife yesterday. He pleaded not guilty. Mrs. Elsie Anderson, a neighbor, gave evidence. The case was postponed to this afternoon.

THE NEW KINDERGARTEN.

A number of children met at the new kindergarten in the Syrian Hall this morning and were registered by Miss Ross and Miss Kierstead, who are in charge. Actual work will not be commenced until next Monday morning, as the room is being redecorated.

NOVELTY SHOWER.

Friends gathered at the home of Miss Letha Duffy, 204 Chesley street, on Monday evening and tendered her a novelty shower. Many beautiful gifts were received, including silver, china and linen. The evening was spent in music and dancing. Refreshments were served. Miss Duffy is to be a principal in an interesting event in the near future.

BURIED TODAY.

The funeral of Peter Murphy was held this morning from his late residence, 185 Waterloo street, to the Cathedral for high mass of requiem by Rev. R. McDonald. Rev. R. McCarthy was deacon and Rev. S. Oram sub-deacon. Interment was in the Old Catholic cemetery. The pallbearers were relatives. Many floral offerings and spiritual bouquets were received.

The funeral of William H. Foley, who died in Moncton recently, was held from the home of his son, in Fairville. Rev. C. T. Clark conducted the service. Interment was in Greenwood cemetery.

BENEFIT DANCE.

A benefit dance was held in the Odd-fellows Hall, West St. John last evening, in aid of the Street Railwaymen's Union, No. 668. Dancing was enjoyed until a late hour. Refreshments were served. The committee in charge was under the sponsorship of Mrs. Jones, who was assisted by the wives of members of the union on the West side, Mrs. J. White, Mrs. J. Williamson, Mrs. G. Cheyne, Mrs. Scribner, Mrs. Sewell, Mrs. F. Mitchell, Mrs. A. Peene, Mrs. C. Hill, Mrs. W. Anderson, Mrs. F. Johnson and Mrs. H. MacDonald. A nice sum was realized. F. A. Campbell furnished a union bus to take the Fairville people to their homes.

WATERLOO STREET.

A property owner in Waterloo street called on the Times this morning to say that he and others felt very strongly that Waterloo street should be paved, even before that treatment is given the Marsh Road. He said the traffic is always heavy, and the street in bad condition. It is a thoroughfare and while the pedestrian traffic is always large and sometimes congested there is also a great motor traffic. The taxes of property owners have been much increased and they are not getting a compensating benefit. The street is littered with rubbish and can never be kept as it should until there is a proper surface. The citizen said he would not ask for heavy paving material, but for a proper curb sidewalk and surface that would insure cleanliness and comfort.

OVER A SMALL SUM.

Patrick McIntyre and Frank O'Neill were before the magistrate this morning charged with acting together and creating a disturbance in Peters street. Both pleaded guilty. Policeman Donahue told of seeing them at 7.15 and asserted that they were into an argument and were creating a disturbance. It appeared that the trouble arose over the magnificent sum of twenty cents claimed by one to be due and owing by the other and it was claimed that no part of the debt had been paid by the debtor. It was said the cause of action arose out of a pool game at the corner pool room. The magistrate had much ado to extract from the two accused the nature of the argument but finally obtained the cause. They were fined and the fine was allowed to stand. Both left the court wreathed in smiles.

ARREST FOLLOWS

ANNAPOLIS FIRE

Wm. Webber of Digby is Charged With Having Two Antique Chairs Missing from a Church.

Digby, N. S., Sept. 14.—William Webber, 21 of this town, was arrested here last night by Chief of Police Horace Kennedy of Halifax, charged with having in his possession two antique mahogany chairs valued at \$500 and missing from St. Luke's church, Annapolis Royal, since the night of the great fire last week.

PROMINENT MEN AT THE FUNERAL OF HON. MR. POWER

Halifax, N. S., Sept. 14.—Many persons of prominence, including the lieutenant-governor of Nova Scotia, judges, senators and members of parliament attended the funeral of Senator L. G. Power today. Requiem high mass was celebrated in St. Mary's cathedral.

GOOD RECORDS IN PAYMENT OF THE WATER RATES

Twice this week the record for water assessment payments at city hall was smashed. On Monday about \$31,900 in water rates was received in the office of the city chamberlain in payment of this year's levy, the amount being the largest received from this source in any one day in the history of the city. But Tuesday the last day of the discount period brought forth an even greater response and the total for that day will exceed \$42,000. The total assessment was \$176,282.15. Up to last night \$135,000 had been received and there is still a large quantity of mail receipts to be checked up and counted. It is expected that the total paid in during the discount period will be at least as large as the amount received in that time in 1920—\$139,000. There still remains about \$30,000 in water taxes to be collected.

SEPTEMBER BRIDES

(Continued from page 1.)

Sinclair-Parlee.

An interesting event took place at four o'clock this afternoon at the residence of Mr. and Mrs. Herbert W. Parlee, 120 Main street, when their daughter, Miss Greta M., was united in marriage with Frankie Murray Sinclair, son of Mr. and Mrs. Frankie Sinclair, King street east. The ceremony was performed by Rev. G. D. Hudson, pastor of the Victoria street United Baptist church. The house was profusely decorated with flowers and the bride looked altogether lovely in her wedding gown of ivory tulle and silk, carrying a shower bouquet of Ophelia roses. She was attended by her sister, Miss Zella Parlee, wearing a dress of pale blue satin with pink trimmings and a large pale blue sash with pink and blue streamers. She carried a large bouquet of pink sweet peas.

Little Miss Norma Parlee was flower girl and looked very winsome in a dress of white net over pale yellow, with poke bonnet. She carried a basket of golden glow prettily arranged. The groom was supported by Burton Wisely. Immediately after the ceremony Mrs. Blake Ferris sang very sweetly "O Promise Me." At five o'clock a buffet luncheon was served and the bride and groom left by C. N. R. for the Pacific coast and intermediate points on an extended honeymoon of two months. On their return they will reside at the Esplanade apartment house, Lancaster Heights. The bride traveled in a suit of navy blue velour trimmed with beaver and French hat of navy blue.

Mrs. Parlee, mother of the bride, wore a gown of blue canton crepe with panels and flowers of grey and corsage bouquet of deep red roses. Mrs. Sinclair was becomingly gowned in black canton crepe trimmed with gold lace, and carried yellow roses.

The groom's present to the bride was a diamond and platinum dinner ring; to the bridesmaid a pearl ring; to the groomsmen a pearl stick pin; to the flower girl a pearl pin. The gifts were very numerous and valuable and included a very substantial check and baby grand piano from the bride's father and a check and chest of silver from the groom's parents. The bride is a graduate nurse of the Royal Victoria hospital, Montreal, class of 1919. The groom is a member of the firm of Linton & Sinclair. Mr. and Mrs. Sinclair will have the best wishes of a large circle of friends for a long and happy married life.

O'Leary-O'Leary.

St. Peter's church was the scene of an interesting event this morning at six o'clock, when the nuptial mass, Rev. Denis Coll, C. S. R., united in marriage Miss Mary Agnes, daughter of William O'Leary, Murray street, and Francis Harold O'Leary of this city. The bride, who was given away by her father, was attired in a very becoming suit of brown trimmed with mauve and wore a large hat. She carried a white prayer book. The church organist played the wedding march as the bridal party entered the church. Following the ceremony a dainty wedding breakfast was served at the home of the bride's parents, where James Duffy delighted all present with several solos. Mr. and Mrs. O'Leary left on the Boston boat this morning for Boston and other cities in the United States, where they will spend their honeymoon. On their return they will reside at 44 Murray street. The groom is an ex-service man, having been overseas with the 10th Siege Battery. Both he and his bride are popular in the city and a host of friends will extend best wishes. Many presents were received, testifying to the esteem in which they are held.

Short-Whelpley.

Portland Methodist church was the scene of a quiet but pretty wedding this morning at six o'clock when the pastor, Rev. H. B. Clarke, united in marriage Miss Florence Maude, daughter of Mrs. and the late Henry T. Whelpley of 55 Harrison street, and Aubrey A. Short. The bride was becomingly attired in a suit of navy blue serge with seal scarf and hat to match and carried a bouquet of American beauty roses. Little Miss Margaret Holder, niece of the bride, made a pretty flower girl. The bride was given away by her cousin, Frank Whelpley. The groom is one of the original members of the 26th Battalion and is now employed as shipper with the Willet Fruit Company. After a short honeymoon trip Mr. and Mrs. Short will reside at 100 St. James street. Many and beautiful presents testified to the good will of friends for both the bride and groom.

POLITICAL GOSSIP

Many rumors of the way in which the parties will stack up in the coming federal contest have been current since the announcement of the pending election, and each day brings forth its new crop. It was said today that Hon. R. W. Wigmore, minister of customs and excise, will retire and that Hon. D. J. B. M. Baxter, K. C., is named as government member from this province. While early reports have been that Mr. Wigmore is a candidate for the vacant senatorship in New Brunswick, this opinion is gradually wearing away. George B. Jones, M. P. for Kings, has been named as a probable candidate for the federal contest in Royal. What disposal will be made of the present minister of customs and excise is a matter of conjecture, but the feeling is expressed that some berth in the government employ will be found for him. There is also talk of Dr. Baxter and L. P. D. Tilley as the St. John-Albert Conservative ticket.
