THE LIQUOR QUESTION is again discussed in this week's Advocate, which says Chatham is represented by two liquor-dealers. This is, of course, an assertion that the editor of the ADVANCE is a liquor-dealer. It is possible that the Advocate has been told this, still that does not justify its statement, any more than it would be justified in saying that P. G. W. P. Anslow is a drunkard because editor Anslow was reported a few years since as having got so tipsy in a licensed rum-shop in Bathurst that he missed the train.

NARROW ESCAPE. Five persons narrowly escaped drowning in the Miramichi last Thursday, through carelessness and inexperience in boat-sailing. The races of the Miramichi Yacht Club were being sailed and all the boats of the first class, save the "Fedora," had beaten down from Newcastle and rounded the pilot schooner "Proctor" which was the flag boat at the turning point. The "Fedora" is a schooner-rigged lapstrake craft about 25 feet long, was well ballasted and had five hands on board, viz., the owner, Mr. J. L. Stewart, Messrs. Albert Patterson, P. A. Noonan, Jas. Quinn and a lad named Lobban. She was far behind the others, beating down and was carrying fore-sail, main-sail and a staysail. She was later being badly set for windward work and extra puff of wind carried her over and seemed to catch all hands napping, for she took in water and as neither the staysail nor fore-sail sheets were let go, the helm put down in time, she filled and sank, "all standing." Fortunately, she was out of the main channel, in about 18 feet of water, and those on board scrambled to windward, holding and climbing by the rigging until the hull took bottom. Mr. Stewart, being at the tiller, had only the reef-points and leech of the mainsail to climb by and was, for a few seconds, submerged but managed to reach and sustain himself at the surface where the party held on by fore and main rigging, until the judges' steamer "Proctor," owned by Mr. John C. Miller, and which was following the two leading boats, rounded and ran back to the rescue. Mr. Stewart was considerably exhausted when hauled on board the steamer, but all were able to help them selves more or less, and they were soon landed on the Muirhead wharf, not much the worse for the ducking. It was providential that the upset did not take place a minute or two earlier, when the unfortunate boat was in the main channel, as, in that case, there is every probability that the result would have been the drowning of at least two or three of those on board.

Yacht Club Race. The Miramichi Yacht Club's second race of the season took place last Thursday, over the course from Newcastle to Chatham and return. Commander J. C. Miller's steamer "Dervy" was judged best. The two boats of the second class, Mr. Anderson's "Squire" and Mr. Watt's "Mackerel" were started first, the prizes for the race being the "Kilbride," owned and sailed by Commander J. C. Miller, the "Blondy" owned and sailed by Mr. W. B. Gould, Miller, who was fighting forest fire at Mortimore, and had Mr. McLemont of the Quebec Yacht Club as sailing master; and the "Fedora" owned and sailed by Mr. J. L. Stewart, who was fighting forest fire at Mortimore, and had Mr. McLemont of the Quebec Yacht Club as sailing master; and the "Fedora" owned and sailed by Mr. J. L. "Squire" got under the lee of a wharf at the end of her first tack, and did not sail until "Mackerel" had a good lead. She lost a little on the way down, though holding on to "Mackerel" very well, and gained a little on the run up. Both boats sailed remarkably well for their size, making good time. Mr. Watt won his race and the cup, the prize being now his personal property, with a membership in the Club's races always participated in the Club's races, which was not the interest in them, was not satisfied, her owner and sailing-master, Rear Commodore Laggie, being present, and on taking his accustomed place, by the illness of his mother.

lar points and save property, while business concerns have had to engage guards for the same purpose. The occurrence of cases of which we have heard, in which hard, and even heroic work has been done in fighting fire during the past fortnight will fill columns of the Advocate. We regret that the space at our disposal does not admit of our publishing them. Reports from the Richibouctou Road, Chatham Junction, Bathurst Road, along the Southwest and Northwest Miramichi at Mortimore, down the coast and elsewhere all tell the same story of losses made and still greater ones prevented by hard and self-sacrificing work. There have also been many false alarms and false reports, causing undue excitement, but these were the natural outcome of the time, circumstances and excited condition of many who were predisposed to taking alarm and believing the worst, when even the facts were bad enough.

W. G. T. U. The eleventh annual session of the Maritime W. G. T. U., was held at St. Stephen, beginning 4th inst. Fifty delegates being present. Indeed, it may be said to have begun on the preceding evening when a reception was held in the Temperance Hall, and Mr. C. N. Vroom, of Howard Division, delivered an address of welcome. The regular session was devoted to routine work. At the afternoon session Mrs. Main, of St. Stephen, conducted the exercises. The work of the meeting was the revision of the constitution and by-laws. The most important amendments were that county superintendents shall take the place of the divisional superintendents who now have charge of four counties; that delegates instead of three be sent from each local union, and that the date of meeting be the third Wednesday instead of the first Wednesday in September.

On Wednesday evening a public meeting was held in the Methodist church. Rev. R. Weddell offered prayers. Mrs. Turnbull read an eloquent address. Papers were read by Mrs. T. B. Smith of Windsor, and Mrs. Trenholm of Hantsport. A pleasing feature of the meeting was the presentation to the Maritime Union of a silken banner by Mrs. Todd, of St. Stephen.

On Thursday the constitution of local societies was discussed for

A DETECTIVE VICAR.

By MISS M. F. BRADDOCK.

"Yes, of course, I shall be able to explain," said George Canfield, calm and bold, now that he found himself face to face with actual peril, "but it is a most painful position. I feel that a trap has been set for me."

"You had better hold your tongue," said the doctor, "or you will find yourself in the London mail left without George Canfield, who was conveyed in a cab to the jail, where he was subjected to the ignominious process of having his pockets searched by a jailer. In one of them was found the little bottle given him by the vicar."

"Dear old lady! I can fancy her and all her neat and careful arrangements for my comfort," mused Mr. Canfield, "I know how distraught she will be of the maid, and how she will insist upon getting up at four o'clock in order to see to my breakfast. And then when the time comes, and she has to see to my needs, what agonies she will suffer, for I have never acknowledged her to be my mother, and she has never broken my name in her life."

"The vicar treated and fumed at the thought of his mother's anxiety. He was an only and an adored son—fifty-two years of age a confirmed bachelor, loving no one on earth as well as his mother, and his mother whose cherished companion he had been from childhood upward. Had she not removed her dear little girl, what a life would she have led in the high street at the time her boy was at school? Had she not followed him to Cambridge as faithfully as a sister follows a camp? And now she had one of the prettiest houses in South Kensington, and her son was first curate at the most intensely Gothic church in the locality. George Canfield's mother was the love of his life."

"For God's sake, tell me what to do!" he cried. "There is a lady in the carriage dead or dying. Indeed, I fear she is actually dead. She was placed in my charge by a stranger at Grandchester, where she was first treated. It will be an awful shock for her friends, perhaps, how am I to find them? How am I to find the dead woman's relatives?"

"The station master was a business-like man of commanding presence, and Mr. Canfield turned to him for protection. "What am I to do?" he asked, when the guard had briefly stated the case. "Nothing, I should think," answered the station master, shortly; "but you'd better stay close to the platform. You'll be better off there than in the carriage. You'll be better off there than in the carriage. You'll be better off there than in the carriage."

"I mean that this poor creature has died from the effects of a narcotic poison. "Great heaven! cried the vicar, "what a presentation there was some time ago to the nearest waiting room. Three minutes more and the train would have conveyed a police constable appearing as if by magic and planted himself at the curate's side. "Nobly have to meet the lady," he said. "There must be a mistake somewhere."

"Do you pardon me, sir," said the constable, "I shall be wanted as a witness at the inquest?" "Yes, sir, most likely, sir. It will be my duty to detain you. Better not talk too freely, sir. Any statement you now make may be used against you later."

all inquiries possible in a limited time. He had been unable to find any cabinet maker who had done an eyelid for the previous evening. He had next hunted out the only hat-maker in the city, and found in Grandchester, with the same result. Time had not allowed him to visit the numerous chemist shops in the city, and that remained to be done.

There was no evidence on Mr. Canfield's behalf, except the vicar of Freshmead's evidence as to the fact that he had parted with his eleven o'clock train on the previous morning at the Freshmead Road station. Freshmead was seven miles from Grandchester.

"What was Mr. Canfield going to do when he left you?" asked the coroner. "He was going to spend the day in Grandchester. He has friends or acquaintances in that city?"

"He was going to look at the cathedral and law office and spend an hour or two in the Oldbury library." "He was to do something, I suppose?" "He was to dine at a restaurant. There are a good many dining places in Grandchester; he could take his choice among them."
