APPEAL

TO THE HOSPITALITY AND PUBLIC SPIRIT OF OUR CITIZENS.

MR. F. W. JAMES, representing the Exhibition Association, will call upon householders during this month, to solicit their co-operation in the matter of

HOUSING VISITORS

To Our Great Exhibition, St. John, 30th August to 6th September, 1902.

A PRIVATE REGISTER will be kept at the EXHIBITION OFFICES, Water Street, and parties willing to assist in this matter so vital to our Show's success, will greatly facilitate work by sending their names and addresses in now, without waiting for our representative's call. No names will be published where privacy is desired.

When it is remembered that during the 1900 Exhibition visitors were forced to WALK THE STREETS ALL NIGHT through lack of housing accommodation, and that this year a very much greater influx of visitors than ever before is already assured, the necessity for the above appeal will be obvious.

While thanking those who have already placed their available apartments at the disposal of Exhibition visitors, the Association feels that the matter has not yet received the serious consideration it merits from our Citizens, the accommodation offered being FAR SHORT OF THAT REQUIRED.

ONE OF OSWALD'S JOKES.

When a play written by a man who had roused Oswald's anger by reading a newspaper at a wedding of one of his friends was produced, he prevented its success by inducing 200 of his friends to attend it carrying great books. These young men, who occupied prominent seats, read their books while the performance was going on, and whenever there was any applause each one of them, as if moved by clockwork, turned over a leaf. The rustling of the leaves and the spectacle of the men absorbed in reading made the performance a complete failure.

MR. CHAMBERLAIN INJURED.

LONDON, July 7.—The Colonial Secretary, Jos. Chamberlain, was somewhat cut on the head today as the result of a cab accident. His hansom passing through the Canadian arch when the horses slipped and Mr. Chamberlain was precipitated forward with great violence.

WOMEN'S COUNCIL

Mrs. Robert Thomson Was Today Re-Elected President.

Interesting Discussion of Matters Relating to the Work of the Council.

At Saturday's session of the National Council of Women, Mrs. Boomer, speaking of women on school boards, said that New Brunswick, with sixteen, is the banner province. There was an interesting discussion on the question of securing good domestic service. Several other reports were submitted. In the afternoon the ladies were entertained at a picnic at Manchester's Beach. They went out on buckboards, and luncheon was served at the beach. The ladies expressed their gratitude to James Manchester, Senator Ellis and a gentleman who declined to give his name, but who engaged a band to provide music.

TODAY'S PROCEEDINGS.

At the council meeting this morning the president, Mrs. Robert Thomson, said there was a considerable amount of business yet to do. This would have to be hurried up or the trip through the falls must be postponed. The election of officers was then commenced. Mrs. Wilson read the nominations from the executive which were unanimous. The officers for the coming year are: President—Mrs. Robert Thomson, St. John. Vice-presidents—Lady Laurier and Lady Taylor. Provincial vice-presidents—Ontario, Mrs. Hoodless; New Brunswick, Lady Tilley; Nova Scotia, Mrs. R. L. Borden; Prince Edward Island, Mrs. Alex. Anderson; Manitoba, Mrs. MacEwan; Northwest Territories, Mrs. Kate Cummings; British Columbia, Miss Perrin; Quebec, Mrs. Dauderand. Treasurer—Mrs. Learmont. Corresponding secretary—Mrs. Willoughby-Cummings. Recording secretary—Miss Laidlaw. The results of the election were received with great applause. Mrs. Thomson gratefully thanked the council for the honor done her. Lady Taylor, a former president, paid a high tribute to the president and other officers.

The resolutions were then taken up. The following was moved by Mrs. MacNaughton of Montreal: "That the National Council of Women of Canada endeavor to secure one hundred annual national patrons at an annual fee of \$10.00 (already endorsed by the executive)." Lady Taylor moved in amendment that as the treasurer has already acted on this resolution it will not be passed. The amendment carried.

"That in the following sections of the constitution and standing orders of the National Council of Women of Canada the words 'annual' or 'annually' be struck out, and the words 'biennial' or 'triennial' and 'biennially or triennially' take their place." The resolution was seconded by Miss Laidlaw.

Lady Taylor moved in amendment: "Whereas the change from annual to biennial or triennial meetings would be a radical change, involving a re-adjustment of all the existing methods of council work, be it resolved that the annual meeting in July, 1902, appoint a committee of twelve, consisting of six general officers and six other six members as may be chosen, to consider the whole question, together with any other changes that are or may be suggested, and to make such recommendations as they may deem advisable to the annual meeting in 1903."

The amendment was seconded by Mrs. MacNaughton, and the words "financial or otherwise" be inserted before "may be suggested," and the words "as far as possible to represent each province," after words "may be chosen." Lady Taylor embodied these words in her amendment.

Lady Taylor supported her amendment strongly.

Mrs. MacNaughton defined her resolution on the ground that biennial or triennial conventions would be less expensive and the money thus saved might be put to the furtherance of the work of the council.

Mrs. MacNaughton proposed the following amendment to the amendment: "That the words 'to the annual meeting in 1903' be omitted, and that the words 'to this meeting before its close,' be substituted for the omission," but after some discussion withdrew it, after explaining the stand of the Montreal council in the matter.

Miss Machar, of Kingston, said she had been instructed by her local council to vote for biennial councils, but would be satisfied with representation on the committee.

Lady Taylor's amendment was unanimously carried. Considerable discussion followed over the names of the committee, and Mrs. E. A. Smith proposed that each province represented at the council, nominate its own member to this committee.

Mrs. Boomer, in reply to Mrs. E. A. Smith, said that the national council knew the national workers better than the local members. Therefore, in her opinion, it would be better for the council to appoint members than for the provincial representatives to do so.

The amendment was put, after some considerable discussion and lost 28 to 15. Lady Taylor was willing to incorporate the three other names to the committee suggested by the mover of the

amendment. That was done. Miss Laidlaw moved in amendment that as the general officers were national, that each province be represented by a member. Seconded by Mrs. E. A. Smith.

Mrs. Dennis expressed the opinion that too much valuable time was spent on this subject.

Mrs. Hoodless strongly supported Miss Laidlaw's amendment. The amendment was carried by a vote of 32 to 18.

Lady Taylor then offered the following names, besides those of the general committee: Miss Perrin, British Columbia; Mrs. Forget, North-West Territories; Mrs. MacEwan, Manitoba; Mrs. Gibbs, Ontario; Mrs. Borvy, Quebec; Mrs. J. V. Ellis, New Brunswick; Mrs. R. L. Borden, Nova Scotia; Mrs. J. E. B. McCready, P. E. I.

These were made the committee to consider the question of annual or biennial meetings. The Montreal delegates presented the following resolutions: "That the organizing secretary and central office be retained."

"That further provision be made for the secretary's travelling expenses," and then withdrew them with the understanding that they receive the attention of the committee just appointed.

Mrs. S. D. Scott moved the following amendment proposed by the St. John local council.

"That the resolution of the convenor of the standing committee on Doukhobor industries be not acted upon at present by this council, but be relegated to the committee proposed by the Toronto local council to consider the question of amending the national constitution, if that committee be appointed."

The amendment carried. Mrs. J. L. Hughes, on behalf of the Toronto council, moved, seconded by Mrs. Grant, "That the next annual meeting do appropriate the sum of \$400 as salary to a corresponding secretary, and that other financial details in connection with the office be left to the annual meeting."

Mrs. Griffin moved in amendment that the matter be left over until the treasurer's report was brought in and the council knew where it stood financially. Seconded by Mrs. Hudson.

Mrs. Hoodless thought the council would be quite satisfied in appropriating this amount. In fact it would be disgraceful not to do so.

Mrs. Griffin's amendment was put and lost 31 to 15. The original motion was then put and carried by the same vote.

Lady Taylor moved that the other financial matters be taken up Wednesday.

A resolution from the Victoria council that each province be allowed the right to hold a provincial convention annually electing its own staff of officers, the organizing secretary, if possible, being the organizing secretary of the province, was not pressed, with the understanding that the matter be left to the executive committee.

Mrs. Willoughby-Cummings, for the Toronto council, moved, seconded by Mrs. Machar, "That as a means of reducing the expenditure of the annual meetings, the report of the same at the meeting of this year, contain full minutes of the meetings as confirmed at the same, taken from the minute book, together with the papers read, or extracts from the same, so saving the cost of a long hand report, while giving a complete record of the meetings."

Mrs. Griffin moved as an amendment on behalf of the Ottawa council that an abstract of the minutes be given instead of the full meeting. Seconded by Lady Taylor.

The motion was carried thus amended.

Mrs. Boomer, on behalf of the London council, moved, seconded by Mrs. E. A. Smith, "That each local council pay an annual fee to the national council at the rate of \$1 for each society affiliated with it, instead of the uniform annual fee of \$5; further, that each local council pay to the national council an aid, a certain fixed amount proportionate to the number of societies affiliated with it." Mrs. Boomer said this would give the national council additional income to the extent of \$190.

Mrs. E. A. Smith expressed the opinion that it was only just and fair to pass this resolution.

Miss Harriet Peters, for the St. John council, moved in amendment, seconded by Mrs. S. D. Scott, "That after the word 'aid' be added the words 'a certain amount' be decided upon by each local council, as at present."

Mrs. Dennis, on behalf of the Halifax council, supported the amendment.

Lady Taylor thought that this matter was going down deep into the principle of the council and quite against the spirit of the constitution that all unions great and small should have equal influence in the council.

Mrs. Boomer said it was necessary to get a firm financial basis and a settled income. She was willing to reduce the amount from \$1 to fifty cents.

Mrs. Willoughby-Cummings said the result of the passage of the resolution would be an increase in fees, but a reduction in council aid amount.

Mrs. Hoodless said the only way to get a proper vote would be by calling the roll of council.

The amendment was carried and Mrs. Lady Taylor moved, seconded by Mrs. Hodgins, that the matter be relegated to the special committee appointed earlier in the session.

The council then adjourned.

NOTES.

The president suggested this morning that all members desiring to communicate private information to each other should adjourn temporarily from the council room.

Mrs. Hoodless, who speaks tonight is president of the Ontario Normal School of Domestic Science and Art at Hamilton, and is the representative of the Ontario government on this work.

The following ladies have charge of the dining room today: Mrs. Chas. McLaughlin, Mrs. Purdy, Mrs. Geo. McLeod, Mrs. Frank Stetson.

On Tuesday evening, under the auspices of the Victorian Order of Nurses will be held in York Theatre. At this work of the order will be freely discussed. Dr. Worcester, of Waltham, will be the speaker of the evening.

BAPTISTS IN SESSION. Church Reports—Baptist Minister Joins Dowie's Church—Grave Charges Against Ministers.

The Southern Baptist Association resumed business this morning with Rev. H. H. Roach in the chair.

A draft act to incorporate the trustees of the Eastern, Western and Southern Baptist Association was read by W. E. McIntyre, and after considerable discussion was endorsed by the association and referred back to the committee for action.

Letters were read from the balance of the churches connected with the association.

The Bussells street church, St. John, has added 13 members, four by baptism, and has lost nine members by death and removal. They have raised \$2,522.34.

Into the Fairville church ten new members have been baptised and seven received by letter. Two have died and four have been lost, five by removal. \$1,539.60 has been contributed. The church debt has been greatly decreased.

In Carleton two have been baptised, twelve otherwise received, two have died, three moved away and \$2,105 has been raised.

Germain Street Baptist church reported sixteen baptisms and 8 otherwise received. Ten have died and thirty-eight otherwise removed. \$6,009.46 has been raised. The Sunday school has been doing a splendid work and the Home Department is one of the largest in the province.

As the report from the 3rd Springfield church stated that Rev. W. Bluet and wife had left that church and had joined the "Zion Christian Catholic Church" (Dowie's organization), a committee was appointed, consisting of Rev. John Hughes, Bro. Thus, Rev. B. N. Nobles, and Bro. Fields to investigate Mr. Bluet's standing in the association and report at the afternoon session.

Dr. Manning moved that only that amount of the Tabernacle church collection taken the day previously that exceeded the average weekly contributions be returned by the association.

On motion it was decided that the monies so received by the association be divided equally between Home and Foreign missions.

Reports were then called for from several committees when it was found that owing to some negligence, the chairmen had not been notified of their appointment, and so had prepared no report. In other cases members of committees appointed last year had left the province. The nominating committee was instructed to fill the vacancies.

In reference to the enquiry into the standing of Rev. Mr. Bluet, Rev. W. E. McIntyre thought the committee appointed should be authorized to enquire generally into the standing of ministers of the association. Charges many of them very damaging—had been made against several ministers connected with the association, and he thought they should be investigated by a committee in the interest of the church.

Eight cars filled with tramps were telescoped and shouts of pain came from men buried in the wreckage. Many of the tramps were not severely injured and as soon as they gained their liberty they ran away. The wreck was caused by the train breaking in two. There were at least fifty tramps stealing rides in the cars that were derailed.

THE BODY RECOVERED. ST. STEPHEN, July 6.—The remains of Nell McMahon, who was drowned on Saturday at Milltown, were recovered this afternoon about two hundred feet from the place of the accident. STONED BY STRIKERS. PAWTUCKET, R. I., July 6.—This afternoon two cars of the Pawtucket system were surrounded in Lincoln by a crowd of about five hundred persons. Rev. Geo. Steel's farewell. Rev. Geo. Steel, who for the past five years has been the pastor of Portland street church, preached his farewell sermon last evening. The congregation was very large, almost every seat being occupied.

In opening his address Mr. Steel said that while they were probably listening to him as their pastor for the last time, they must not expect him to say anything different from what he had been doing during the past five years.

In conclusion Mr. Steel referred to his labors in this city, saying that while he had endeavored to take an active part in all movements tending toward the betterment of the city, he had given to his congregation the best he had. If he had been at fault, the fault was of the head not the heart. He regretted leaving the several organizations he had been connected with, but more deeply regretted leaving his present congregation, and would carry away nothing but the kindest feelings for all. During his stay several things had been accomplished in the way of church improvements, a new organ put in, etc. During his stay 100 of the congregation had died, fifty-six couples had been married. At the time he entered on his ministry there were 255 members on the church roll, now they had 331, of which 173 were on the roll five years ago; 164 new members had joined. After asking that they not entirely forget him Mr. Steel closed by asking a kindly welcome for their new pastor and their earnest prayers for his success.

PROPOSED ANARCHIST COLONY.

But the "Reds" are in no hurry to go there.

BERLIN, July 5.—German anarchists announce that they are preparing to support the project of their Chicago brethren for the establishment of an anarchist colony in the province of Santa Catharina, in Brazil. An appeal outlining the details of the scheme, signed "J. D. Mark, 331 Walnut street, Chicago," is published in tonight's Neues Leben, the Berlin official organ of the German anarchists. Mark states that the Chicago "reds" have acquired 3,000 acres in Brazil for the purpose of founding an industrial colony and refuge for anarchists of all countries.

CHICAGO, July 5.—Referring to the despatch from Berlin regarding an anarchist colony, it is certain that few, if any of the Chicago anarchist leaders will go to Brazil to join the anarchist colony there. Some time ago an appeal was printed over the signature of J. D. Mark in the local anarchist organ, Free Society, but neither Abraham Isaak, Henry Travaglio, G. Ciancetta, H. Havel, nor any of the other well-known local "reds" has expressed any intention of joining the scheme. The plan is to get a large number of anarchists together in Brazil and try the experiment of living in a communistic society without law or government. A number of anarchists are said to have settled there and are satisfied with their lot. The initiative of founding the colony came from the men already settled in Brazil, and many of the Chicago "reds" are giving their moral support, but at present express no intention or desire to go there.

WANTED—A case of Headache that KUMFORT Powders will not cure in from ten to twenty minutes.

THE BAPTISTS.

At Saturday afternoon's session of the Southern Baptist Association reports of churches were submitted. Prayers were generally of an encouraging nature.

The Fabernacle, St. John, reported an increase in membership during the past year of 9, 5 having been added by baptism. The amount contributed for various local purposes was \$955.61.

The main street church, St. John, has been increased by twelve members, five of whom were added by baptism. Amounts contributed total \$4,487.02. Prayers meetings have been largely attended and interesting. Eight members have died and five removed.

A highly encouraging report from the home mission board was presented by Rev. B. N. Nobles during the afternoon session; 18 mission circuits have been served during the past year by 21 pastors and 6 students. There have been 61 additions to these churches by baptism. The total amount contributed by these circuits toward pastors' support was \$2,701.69, toward denomination, \$300.78. The total expenditure of the board in supplementary pastors' salaries was \$1,114.32. The board regretted that owing to scarcity of pastors a number of circuits had been left without pastoral oversight. Aside from this the outlook for the future seems brightening.

After a discussion, during which many of the delegates expressed gratitude at the good work done by the board, the report was adopted.

In the evening an educational meeting was held at which Dr. Keirstead spoke on behalf of Acadia College and other affiliated schools at Wolfville—Horton Academy and Acadia Seminary. He said the seminary had last year an enrolment of 182 young ladies, of whom 86 were in residence; the academy had 30 students and the college 128. The provision for education of young ladies is very good; the building is large, well constructed, well heated and ventilated, with music rooms separate from the main building, with a hospital and trained nurse in attendance, with fine gymnasium and up-to-date equipment. The staff includes four teachers holding the degree of M. A., who has studied abroad and have had years of experience in teaching in the United States and elsewhere, and other teachers of approved ability and training. A man, a graduate in music of a leading German university, has been placed at the head of the musical department, and he will be assisted by lady teachers of acknowledged skill. The expenses are moderate. The Rev. H. T. DeWolf, A. M., is the principal.

Horton Academy, under the direction of Principal Horace L. Brittain, M. A., offers instruction in literary and commercial pursuits and has a manual training establishment with a competent teacher.

Acadia College has a staff of twelve professors and gives education and culture of the greatest value to the students. He then discussed some of the principles on which these schools are founded. Baptists believe in regeneration by the spirit of God, individually, and in Christ, and obedience to the teachings of the Word of God. The new life begun in the spirit is to be developed and made influential in the world by education and experience. This education is broader, more adequate, more fully correspondent to all the facts of mind and of life under the Christian ideal and of higher than when conducted on a purely secular basis. The student is finding the thoughts of God in the researches of science, the study of mind and the reading of history. God is light and Christ is mind, and to be a Christian is to have the best knowledge and to seek its enlargement. Baptist schools are a necessity to Baptists and of vast good to the public.

HOMEWARD BOUND.

OTTAWA, July 6.—The official announcement of the home coming of the 3rd, 4th, 5th and 6th Canadian Mounted Rifles was received this afternoon through a message to the governor general from the men at Port Natal.

The men sailed on July 2nd, and are due in Canada on July 23rd. These men did not see any fighting in South Africa, but their desire can be taken as an expression of what their deeds would have been, and no doubt they would have acquitted themselves as creditably as the soldiers of the other regiments have done. Although they have simply gone through a long sea voyage and had scarcely landed when they were called back, they return minus several of their comrades. One was killed at sea, one died on board ship from sickness and one has died since their return stay in South Africa. Several have also suffered from enteric fever and are dangerously ill at Port Natal. There are still about 1,000 men of the four regiments in Africa and about one quarter of the commissioned officers' names do not appear in the list sent. They will probably leave the latter part of the present week on the troopship Cortina, when she lands at Halifax all of the Canadians except a few who have joined the British regiments and the South African constabulary will be at home. The men on the Cestrian will no doubt receive a great welcome on their arrival at Halifax.

The following is the list sent today: 3rd regiment—Lieut. Col. V. A. S. Williams, Captains C. T. VanStraubelie, H. W. Henderson, S. A. Mackenzie, W. W. Nasmyth, E. C. Arnold, Lieuts. H. Reed, C. H. Hill, A. H. Leet, V. B. Patterson, A. E. Shaw, G. S. Sparkes, V. W. Odium, W. G. Bishop and W. P. Butcher, non-commissioned officers and men 409.

4th regiment—Lieut. Col. Boulanger, Captains Mackie, Good, Pope and Dunning, Lieuts. Lawlor, Stewart, Sully, Williams, Dickie and Papeau, non-commissioned officers and men 406. Surgeon Major Elliott.

6th regiment—Lieut. Col. Irving and Gordon, Captains Uniacke and Ross, Lieuts. Cooper, Garshore, Bradburn, Robin, Irvine, Sullivan, McKinley and Holland, N. C. officers and men 424. Ten irregulars were discharged.

THE REV. H. A. S. HARTLEY, Formerly of St. John, is Jailed in Glasgow, Scotland.

(Edinburgh Scotsman, June 11.) The Rev. Henry Alexander Saturnine Hartley, an elderly and respectably dressed colored minister, pleaded guilty, at Glasgow Central police court on Monday, to a charge of fraud. The charge bore that accused represented the William Martin, hon. secretary of the Royal Humane Society in Glasgow, that he rescued from drowning in the Clyde, at Paterson street, a man named Jules Francois, of St. Pierre, Martinique, and thus attempted to induce Martin to deliver him the society's award. Mr. Neilson, who prosecuted, stated that he did not know who the man was, but on a previous occasion there had been presented on behalf of "The Rev. Henry Saturnine Hartley, M. D.," a claim for recognition in respect of the rescue of a man in the West Indies a year ago. Instead of being enrolled in the annals of gallant deeds, that claim was refused as being spurious. On the present occasion, the locus had been transferred to Glasgow and again the rescue had been found to be not the plain matter of fact that it appeared from the schedule filled up by the accused, but simply the work of his imagination. Accused was sent to prison for fourteen days.

Rev. Sir Henry Alexander Saturnine Hartley, B. A., M. A., Ph. D., D. D., Th. B., M. D., F. N. U., E. C. T., etc., etc., was a former pastor of St. Philip's church in this city, and also of Amherst. He is a native of Trinidad. He received his degree of M. A. and Ph. D. from the National University of Chicago, his D. D. (honorary) from Wilberforce University; his LL. B. in regular course from a college in Nashville, his M. D. from Mcbrary Medical College, in Nashville, and he was made a Sir Knight of the Crown of Thorns, an oriental Masonic order, by Arabian members at the Chicago World's Fair. Rev. Dr. Hartley after graduating at Mcbrary Medical College, went as a medical missionary to some Indians in South America. Was later at Boca Del Toro, Colombia, went from there to Hayti, and now turns up in Glasgow. Manifestly the Glasgow authorities are no respecters of persons, or they would never jail a man with so distinguished a record.

REV. J. D. FREEMAN. Says Farewell to His German Street Congregation.

Rev. J. D. Freeman, who goes to Toronto, preached his farewell sermon in German Street Baptist church last evening. In his pastorate of fifteen months he has endeared himself greatly to the people. The conclusion of his eloquent address last evening was as follows:

A farewell word. Let it be brief as befits the brevity of my ministry with you. Yet I can not forget that I am saying good-bye tonight to the goodly fellowship of Baptists in these maritime provinces. They have been good to me, and I love them. They have given me a large place to work among them, and I have been proud to occupy it to the best of my ability. I could have been happy in the thought of further years of service in the ranks of the ministry of these provinces by the sea. "This is my own, my native land." Eight of the best years of my life I have been permitted to work within a day's journey of the place where I was born. No people can ever be quite so dear to me as these. Will the reporters be good enough to tell them that I am going lovingly in the Lord. Especially give my love to the dear old church in Fredericton. This is also my good-bye to the citizens of St. John. My fifteen months of service here have brought me many friendships, which I shall always cherish. It is a good thing to be minister to live in. I have ever found it people pleasant in social intercourse. The standard of civic morality here, I believe, is high, and the prevailing tone of public sentiment is wholesome. The press is able, and some of the men I appreciate most highly are those of the note-book and the quill. Relations with the ministers of all denominations have been exceedingly cordial, and they have my respect and love.

And now, dear people of this church, let me publicly thank you for all your co-operation and loving appreciation from the first day even to now. The plant of love has been steadily growing in your hearts and in mine, has it not? It has borne bright blossoms and precious fruit already. Let it grow! I shall not try to pluck the roots of it out of my heart. They are there to stay. Let them stay in yours. You have room for them. They will not weaken the hold of my successor. They will entwine themselves with your love for him and all will be the stronger for them. I love you for your love of me, and more for your love of Mrs. Freeman and the boys. My greatest joy in leaving you is to know that some have found the way of life during my ministry and that many have been cheered on in the Christian course. My greatest sorrow is that others are still living for this world alone and without the fellowship of Jesus Christ. May God lead you all into the blessed life. May he gather you, one and all, and all your loved ones, into the heavenly fold. Good cheer to you, and good night and good-bye!

OF PERSONAL INTEREST. Dr. Coburn and bride of Canterbury are visiting Mr. and Mrs. E. J. Armstrong at Rothesay. Mrs. Geo. G. Weddell and family will leave for Halifax on Wednesday morning by the Prince Rupert. They expect to remain in the Annapolis Valley a few days before proceeding to Halifax. Geoffrey Stead, who has severed his connection with the staff of the Bank of Montreal, left yesterday for Montreal to accept a position with the firm of A. F. Riddle and Co., bankers and brokers, in that city. Mr. and Mrs. E. A. Goodwin and Miss Goodwin have been entertaining a number of friends at their camp, Loch Lomond, during the past week. At present Rev. H. P. and Mrs. Waring and Miss Grace Smith are their guests.

The Local Situation.

Rumors were being galore last evening as to changes in the personnel of the two local teams. It is generally understood that Vail will leave shortly, possibly today, for Hamilton. Others mentioned as leaving are Wiggin, McAllister and Bodfish. The Alerts have a new man coming, who is expected to leave Boston today. His name is Thompson and he is said to be a first-class third baseman. The public will soon have a chance to see what changes take place, as the teams will play on the Shamrock grounds on Wednesday afternoon.

YACHTING.

Saturday's race over the Rothesay course settled the contest for the Fugatey cup, which is now the property of the yacht Canada, which won it then for the third time. The starters were the Canada, Winoque, Wabowwa, Gracie M. and Robin Hood, which finished in the order named. A good stiff northerly breeze prevailed and it was a most exciting race. It will be remembered that the Wabowwa, Gracie M. and Clytie each won a race in the contest for this cup.

Peculiar Shapes of the Craniums of Some Prominent Citizens of St. John.

Passing from the clergy and newspaper men to the legal profession, one distinct characteristic is noticeable. Lawyers are all long headed. This applies in a certain degree to doctors, but those are the doctors who would have made better lawyers-it may be unwise to say that most of them are included in this. Here is the head of one of the St. John judges, a man who is both physically and metaphorically long headed.

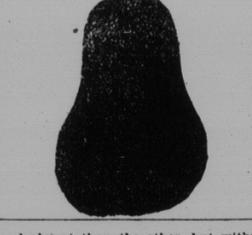

He has worked his way from the lowest to one of the highest points in his chosen profession, and his work has always been head work. This might be supposed by a glance at the bumps, it is also a fact that the learned gentleman's hair has been worn off, and on that account the existing irregularities stand out more prominently than would otherwise be the case.

Compare with his head that of a leading lawyer whose office is not over half a mile from the post office.

This man is known as one of the most clear headed in his profession, cool and collected at all times and always looking ahead.

Of a different type is the owner of this head. He is rather more impulsive.

and abrupt than the other, but withal is known as a clever man. The fourth example of the legal profession is that

of a member of the government. Concerning him it need only be said that although his head is long like those of his brethren, it is no longer than he needs for he is a member of the government.

The next specimen is that of a doctor.

It is somewhat swollen but this is said to be due to the fact that his new

hat was purchased the day before he was married. No person can be found to verify this statement. At any rate he is a doctor and has a very good head. The latter said it was quite easy to fit although the intending wearer was somewhat particular, which he doubtless had a right to be. Compare with this the two following heads of well-known practitioners.

The first one is bald. Persons carrying a head like this are usually bald or ought to be. The second is perhaps one of the most peculiar shapes in the city. It requires a hat of exactly the same size as that worn by the editor, shown in No. 4, although two more contrasted shapes could scarcely be imagined. It may be possible judging from a glance at the two conforms shown above, that doctors differ in more ways than one.

GONE NUTTY.

The Rev. (T) Lewis Austin, whose attention was attracted by the slanders of the police on the streets and squares, has fallen upon evil days. From St. John he went to Liverpool, N. S., and believing himself to be called like Jonah for the purpose of reforming that town he held forth in the same manner as was his custom in this city. But the Liverpool people, believing that they didn't need reforming, refused to stand for the reverend Lewis, and without any mercy took him in custody. He was examined by a physician, who decided that his upper works were out of gear. The doctor's verdict resulted in Austin being sent to that cranial repair shop near Halifax, known as the Mount Hope Asylum.

NOT A VESTED CHAIR.

The officers of Centenary Methodist church state that the rumor which is now being circulated about the city in regard to a vested chair for Centenary is incorrect. The story originated from the fact that a number of the members of the church expressed a desire to have the choir strengthened. Quite a few of the congregation are in favor of the introduction of a vested choir and there is a feeling that additional singers could be secured were this introduced. But as yet no steps have been taken by any of the church boards.

BURIED YESTERDAY.

The funeral of the late Michael Flood, which took place yesterday afternoon from the church of St. John the Baptist, was very largely attended. At half-past two o'clock the burial service was conducted by the Rev. W. C. Gagnon, after which the body was taken for interment to the new Catholic cemetery. The pallbearers were Chief Justice Tuck, D. C. Clinch, George S. Fisher, James Coll, James Reedy and Michael Potter.

POLICE COURT.

He Was Given Full Measure—Some Blank Verse.

James Peck, a young fellow who should have known better, got drunk on Brussels street and was arrested on Saturday evening. He had, of course, purchased the liquor before seven o'clock. This morning Peck pleaded guilty to the charge of drunkenness and was fined at the rate of thirty-two dollars a bushel.

On Saturday night Jim Clancy went down to St. Patrick street and told his brother many things in words not very sweet. The brother fired him from the house—this Jimmy considered wrong, so he continued making remarks till a policeman came along. And that was the finish of Clancy—poor Jimmy Clancy. He didn't know just what befell till he found himself sleeping in a cell and this morning, still feeling far from well, he sat with the usual throng. And Jimmy was soaked for eight.

John Kinella wandered down to Lawton's wharf and gave himself up to pleasant dreams. The cops don't believe in dreams. They aroused Kinella and this morning were cruel enough to say that he had been drunk. Eight or two months.

Dew Parks was arrested for assaulting and beating James O'Brien on Main street. He pleaded not guilty and was remanded.

BASE BALL MEN LEAVE.

Vail, who has been pitching for the Ross, left this morning for Houston, where he will play for the remainder of the season. Bodah of the Alerts has gone to Carleton, and Wiggins, the third baseman, left this morning to join one of the northern Maine teams.

WENT OFF TOO SOON.

On Saturday afternoon, at Red Head, the young son of Charles H. Smith of 144 Waterloo street, was injured by the discharge of a shot gun. A heavy charge of partridge shot was distributed between his legs and one hand. Dr. G. A. B. Addy was called and extracted as many of the shot as could be found. The boy is now doing nicely.

THREE BATHING HOUSES.

An Important New Departure Below the Barrack Square.

The popularity and genuine worth of bathing houses in St. John has been amply illustrated by the erection of three such structures on the beach alongside the I. C. R. extension and immediately below the Barrack Green.

The Rev. W. C. Gagnon, of St. John the Baptist (Broad street) church, saw the need of such an institution. The reverend gentleman, who is a devotee of nature, saw that seclusion could not be obtained in his daily summer ablutions on the beach, hence a short time since, in conjunction with a number of other gentlemen, he petitioned the Common Council for the privilege of erecting a bathing house on the "beach."

The spot selected is an ideal one, with a pure, sandy bottom, and well sheltered. There is not found that feeling of disturbance and unequity, which was present in the period previous to the bathing-house era. Here in the early morning one can greet Father Neptune and at the same time digest his (or her) morning journal; a key cup of coffee or tea can be furnished to soothe the nerves, and a luncheon in the open air, always an enjoyable adjunct to an outing of any nature is often a feature.

The advantages of this bathing spot are many. The beautiful vista, sea spread out before one's view as the eye gazes upon ever-restless Fundy, is itself a treat worth going a long way to witness. The passing of the ships, the flight of the birds, the commerce of the deep, all in a panoramic view, have their attraction for the lady or gentleman who may be for the moment enjoying the comfort of "the bathing house on the beach," as the pioneer structure has been termed.

The up-to-dateness of the bathing house in question is very noticeable. Boxes and compartments for wearing apparel are under separate key and cover. The house is nicely floored, modest, but complete in its appointments.

At the erection of the reverend gentleman's establishment, two other bathing houses have sprung up on the beach, one in close contiguity and the other a little further removed. One of the newer buildings is quite large, and will be used by about thirty or forty ladies and gentlemen. This building is equipped with floats, preservers, etc. All that is modern and comfortable is found in the larger and more commodious structure. The other new building is adjoining Father Gagnon's, and also has a good view of the place where the waves are wont to roll.

So many ladies and gentlemen have taken an interest in erecting bathing houses, it behooves the council to see that "the beach" is kept free from all objectionable matter, that the passing of the hoodlum should be effected; that the police should safeguard the interests of good citizens who wish to enjoy a few minutes quiet away from the humdrum cares of a busy day.

JOHN E. MOORE'S NEW MILL.

John E. Moore's new mill at Pleasant Point is being rapidly finished and will be started for the first time on Friday or Saturday of this week. It stands on the site of the old Barnhill mill, which was burned two years ago.

The main building is 156 ft. long by 34 ft. wide. It was built by day's work under the personal supervision of Mr. Moore. The mill is now equipped with a hand saw, one edger and one lath mill, but it is Mr. Moore's intention to add next winter box, stave and heading machines. Three tubular boilers, with patent furnaces and an up-to-date engine of 225 horse power have been ordered and placed in the mill by the St. John Iron works. There is also in the building a waste furnace for the burning of all refuse, and this will do away with outside fires which are so frequently a source of danger. The capacity of the mill when working full time will be 50,000 ft. per day, and a force of about seventy men will be employed.

Mr. Moore has sufficient logs on hand to run the mill during the whole season.

HOME TO IRELAND.

Officer James Semple of the North End force has obtained two months leave of absence and left on Saturday night on a visit to his parents in Ireland. His place on the force is being filled by Charles Amos, who served for some years, and who resigned about a year and a half ago. Officer Amos went on duty on Saturday.

WHOSE FAULT IS IT?

Clouds of dust crept up and down the principal streets today, and there were no watering carts to say the least. It has sometimes been said that the city fathers throw dust in the eyes of the citizens, and the dust rises up and mocks them. This is a fine state of affairs surely. Who is responsible?

REV. FATHER MURRAY DEAD.

A despatch to the Star today says:—"Rev. Father John Murray, of the parish of Johnville, died at four o'clock this morning." Rev. Fr. Murray has been ill for some time. He was well known in St. John, and in the parish of Johnville his earnest labors had won for him the love of his people.

A 20 LB. TROUT.

Great Angling in the Waters of Moose Lake. (Ottawa Journal.) R. C. Code, H. B. E. Lane and C. H. Blanchet, a trio of well known anglers, have just returned to the city after a three days' sojourn upon the waters of Moose Lake, the property of the Ontario Fishing and Game Club. This lake is filled with trout which range in weight from two to four pounds. Occasionally some larger trout are caught, but records of such a catch are rare. These gentlemen, however, have established a new record which will no doubt last for some time. Fully seventy-five good sized fish of this lake, and in the number were two trout which weighed fifteen and twenty pounds, respectively. The latter trout look a fancy to Mr. Code's hook, and the fifteen minutes of sport which were consumed by this gentleman in getting such a huge trout in the boat will live long in his memory.

CUMBERLAND IN COLLISION.

BOSTON, July 7.—The steamer Cumberland, which left here today for Portland, Me., and St. John was compelled to return because of a collision with the United Fruit Company's steamer Admiral Farragut, below Boston Light. The Cumberland was considerably damaged, but succeeded in reaching her dock and landing her passengers.

The Cumberland, a wooden vessel, was struck near the starboard gangway and a large hole was stove in her side. The Admiral Farragut being a steel steamer was not seriously damaged. Her stem was bent and she was somewhat injured forward.

Warrants were sworn out today at Harrisburg, Pa., for the arrest of ten strikers, for inciting men to riot at Williamstown.

THE IMMACULATE GLOBE.

Discovers That Church of England People are Not "Firm and Honest." (St. John Globe, Saturday.) If the conditions of King's college are deplorable the reason largely is because the Church of England in these provinces has not taken a firm and an honest stand upon the question of education. When non-sectarian education became the battle cry of a political party members of the church ran with the hounds. Professing with one breath to be delighted to see education emancipated from clerical control they declared on the other that there should be religious teaching in education. Probably they were in a dilemma. The Catholics were outspoken in their protest against the divorcement of religion and education. For the Church of England to take sides with the Roman Catholics while the latter upheld the unpopular side of a question was not to be thought of. What has happened? The Roman Catholics, driven to endeavor to avert a crisis, have built a number of institutions of a higher class, devoted among other things to the teaching of the doctrines of their church. The Episcopalians believing almost as strongly as the Roman Catholics in combining religious and secular training have been paralyzed by the position into which they allowed them-

THE VETERAN BEAR HUNTER.

Philip Tear of LePreaux, arrived in the city on Saturday, bringing with him the skins of seven large bears, part of his seasons' catch. Mr. Tear says the bears are quite numerous, and his line of traps extends for many miles in the best locality of most dense forests. Mr. Tear is loud in his praise of the Harrington bear traps, and will use no other. He says his success depends chiefly on the use of these famous traps.

The government has issued orders that the Indian and colonial troops now in London shall postpone their departure indefinitely. This order is due to the strongly expressed desire of the Indian contingent especially to see the King before they return home, and they also indicate an intention to retain the troops here until the coronation. The colonial and Indian troops will participate in the reception to be given Lord Kitchener when he arrives in London about July 12.

JULY BRIDES.

BECK-CONWAY. A very pretty, though quiet wedding took place in the Cathedral this morning when Edward Beck of Princess street, was united in marriage to Miss May Conway, daughter of the late Charles Conway of 166 Brussels street.

The ceremony was performed at six o'clock by the Rev. Francis McMurray in the presence of only a few friends of the contracting parties. Miss Conway was attended by Miss May McCordie, while Charles Conway, of No. 1 Hook and Ladder Co. assisted the groom.

After the ceremony the party drove to the bride's home where breakfast was served.

Mr. and Mrs. Beck will reside at 14 Wall street.

ROBINSON-WOOD.

In Saturday afternoon at Centenary parsonage, Rev. George M. Campbell officiated at the marriage of William Chandler Robinson of Bangor, purchasing agent of the Bangor and Aroostook Railway, and Miss Annie L. Wood of Fredericton. The ceremony was a very quiet one. This morning Mr. and Mrs. Robinson left for Bangor where they will reside.

HE HAS GONE.

"Farewell, a Long Farewell to All My Greatness."

On Saturday evening, accompanied by a spotless reputation, and the kindly wishes of detectives and policemen, Jimmy Briggs shook the dust of St. John from his feet and the fog from his face, and sailed away to the land of his birth. His departure was marked by no pomp or pageant, no noise of bursting fireworks or aldermanic parades. The school children were not massed to chant a farewell, nor did the militia line the streets. But in spite of this seeming neglect Jimmy left the city in a peaceful and even joyous frame of mind. His sojourn in this land has been, if not exactly praiseworthy, at least famous. Arriving here, as he did, a stranger, he gained in a very few weeks a prominence which is not given to even the oldest inhabitant. For a few short weeks his star was in the ascendant, and its twinkling was marked by a brilliancy which surprised many. But Jimmy Briggs is gone. Those who had been reason to remember his innocent and childlike features will see him no more—at least they hope they won't—but in a serene climate where Kelson lives, it may be that for him the stream of life will flow more peacefully, undisturbed by the rocks of prosecution and the sand bars of provincial jalls. Jimmy Briggs has gone.

LOCH LOMOND RACES.

There will be a yacht race at Loch Lomond on Saturday, July 12. The distance will be six miles. It is expected ten or a dozen boats will compete for the Wright cup.

On the following Saturday, the 19th inst., Commodore Wright purposes having a regatta at Loch Lomond, the proceeds from which will be appropriated to build a steeple to the Episcopal church at Loch Lomond.

Raymond & Doherty have kindly donated a very handsome cup, with Tourist Association views of St. John engraved on it, for next Saturday's race.

S. H. Barker has placed his steam yacht at the service of the judges and the press. Buses will leave Love's stable at 8 a. m. and 1.30 p. m.

The regatta on the following Saturday will be a subscription affair, the proceeds to go to the steeple fund.

ADVERTISING THE PROVINCE.

Rev. Henry R. Rose, who is in the province collecting data for a series of illustrated lectures, spent Sunday with W. S. Fisher at his summer home at Westfield. This forenoon Mr. Rose met a number of prominent citizens at the board of trade rooms, where an interesting and enjoyable hour was spent in discussing the attractions of the province. Further arrangements for Mr. Rose's trip have not been quite completed, but he will probably spend this afternoon at St. Martin's and will go to Hampton tomorrow.

At the meeting this forenoon Messrs. McKewen and George Robertson, secretary of Mr. Rose's work, and the former said that the monies expended by the government brought better results than the small grants given the Tourist Association. D. J. Purdy, M. P. P. and W. S. Fisher also spoke.

PERSONAL.

Ex-Governor McClellan is in the city today.

Mrs. Barnes and Miss F. H. Barnes of Windsor, N. S., who have been visiting in the city went to Moncton today.

Mrs. F. Caverhill-Jones will receive her friends at 180 Germain street on Tuesday and Wednesday of this week.
