ROCKEFELLER WARNS
CLASS AGAINST GRAFT.

Nine Out of Ten Politicians are Grafters
Says John D. Rockefeller—Need of Today
Is Morally Courageous Men.

NEW YORK, Dec. 7.—"Graft seems to be the watchword in every line of life," said John D. Rockefeller, Jr., at the ninth annual dinner of the Young Men's Bible class, attended by about 200 members and their friends, at the Hotel Vendome last night.

"I suppose," he continued, "that of every two men who go into politics one goes not for what he can do for his fellow-men, but for what he can get out of politics. Yes, I should say that four out of every five, perhaps nine out of every ten, go into politics for what they can get out of it for themselves.

"In this life of today, so full of struggle and contest, in the effort to get ahead, to gain wealth, power, influence or position, the watchword seems to be, gain it honestly if you can, but gain it at any cost. No quality should receive such careful consideration and cultivation among men as moral courage. For, unless the young men exhibit this courage, this great republic is doomed to the end of civilization gone before." Mr. Rockefeller said his class would not be broken up, but he hoped another leader would be chosen.

ACCLAIMED IN TOKIO.

Victorious General Given as Warm a Greeting as Togo—A Public Holiday Declared.

TOKIO, Dec. 7.—11.30 a. m.—Field Marshal Oyama and his staff made a triumphant entry into Tokyo today. The enthusiasm and magnitude of his reception equalled that given to Admiral Togo. Despite the inclement weather crowds of students and representatives of various classes and inter-

ests thickly lined the streets, and although exposed to the rain, lustily cheered the marshal and his staff while en route to the imperial palace.

The newspapers of all shades of opinion are highly eulogistic today of the achievements of Marquis Oyama, his generals and the men under his command.

A holiday has been declared in the whole city in honor of the day.

MAURICE GRAU SERIOUSLY ILL

NEW YORK, Dec. 7.—Maurice Grau, the former manager of the Metropolitan Opera Company, according to a private cable dispatch received in this city yesterday is seriously ill in his home in Paris.

When Mr. Grau gave up his management of opera two years ago to be succeeded by Edouard Conzelmann, he was completely broken in health and went abroad to recuperate. He has never returned. Nearly two months ago his health began to fail again and since the last of October he has been steadily losing ground. His trouble is an affection of the heart.

8,000 KILLED AT ODESSA;
SLAUGHTER CONTINUES.

PREMIER MCBRIDE
OF B. C. HERE TODAY

On His Way To a Visit to
Nova Scotia.

Says Haultain is Up Against a Hard Combination in Saskatchewan—British Columbia is Booming.

Hon. Richard McBride, the premier of British Columbia, passed through the city this morning on his way to Halifax. Hon. Mr. McBride is a graduate of the Dalhousie law school and has a large number of friends in the Nova Scotia capital, whom he intends to visit for a few days. Particularly he intends to see Dr. Weldon, dean of the law school, to whom he became very much attached while studying at Dalhousie.

Hon. Mr. McBride, who is a native of British Columbia, has not been so far east for 15 years, and his present visit is to be a very short one. While on his way east he stayed for a few days in Ottawa and had a consultation there with Sir Wilfrid Laurier. On his way back to the west Mr. McBride will travel via Boston and New York. At Toronto he will attend the Borden dinner, at which Premier Roblin of Manitoba, Premier Whitney of Ontario, and in fact all the leading lights of the Conservative party will be present.

Hon. Mr. McBride when asked as to his opinion of the coming election in Saskatchewan said that as his stay in that province was very short he was hardly prepared to discuss the situation. The province, like Alberta, has been manipulated by the federal authorities and the Conservative party was fighting against great odds.

The result in Alberta, said Mr. McBride, was entirely due to manipulation by the Liberals. R. R. Bennett, said Mr. McBride, is a wonderfully clever young man and one of the best stump speakers in America. He thought it very unlikely that Mr. Bennett had retired permanently from politics.

Speaking about his own province, the premier said the Conservative government, of which he is at the head, had now been in power for nearly three years. The country at the present time is very prosperous, the mines are all being worked and every industry booming. The country is essentially a young man's country and although the competition is keen, there are great opportunities for success.

Hon. Mr. McBride said that the situation as regards the Japanese problem is unchanged. During the war the emigration almost came to a standstill, but now that the war is over and the armies are disbanded, there will probably be a large number of unemployed and naturally increased immigration.

British Columbia must remain a white man's country and Mr. McBride thinks that something must soon be done to stem the tide. All they have asked for is what Mr. Chamberlain said when he was colonial secretary. Mr. McBride said that his province was not receiving as fair treatment as Natal and Australia, where restriction laws are in force.

Hon. Mr. McBride said that although it is so long since he has been in the east he remembered well a number of St. John men, mentioning especially Mr. Macdonald, Mr. J. A. Sinclair, whom he knew at Dalhousie and also W. H. Trueman and J. King Kelly. He said also that he would like to have met Supt. Downie, who was a particular friend of his while stationed in the west.

U. S. GENERAL PREDICTS
WAR WITH JAPAN.

CHICAGO, Dec. 6.—A despatch to the Chronicle from Los Angeles, California, says:

At a public reception in his honor Tuesday night Lieut. Gen. and Chief of Staff Adna R. Chaffee of the U. S. army predicted that the United States will again go to war. This prediction was made in the general's address regarding the work of the army. He said:

"Gentlemen, war will come again. There are plenty of men in this room who will see our country at war again. Not on your own soil, perhaps, you must remember that we have now become one of the nations of the earth. We have great interests to defend.

"When that war comes we must be intelligently prepared for it.

"Modern war is not what war used to be. No one is fitted to command troops who is not a scientific and well-trained man. Modern war must be scientifically treated to save human life.

"The Japanese are a military people, but we are not. We do not get on with military preparations as they do, but we should be ready for conflicts."

Famine Threatens People of
Many Russian Cities.

General Sakharoff Was Assassinated in Punishment for Horrible Atrocities Inflicted by Him and Cossacks on Helpless Peasants.

VIENNA, Dec. 7.—Despatches received here from Lemberg say that large numbers of Russian refugees are coming in daily. There are eight hundred of them at Cracow. They all give exciting, terrified accounts of the occurrence in Russia. Many of the refugees were formerly men of considerable wealth and standing but they left everything behind and now are almost reduced to beggary.

The people of Lemberg declare that murders and rioting continue at Kieff. The refugees who have arrived at Podwoloczyska say that excesses against the Jews have occurred at Schornbrunn and Serbinow. No details are given.

Trains from Odessa and Kieff are now arriving at Podwoloczyska on time. The telegraph operators at Gernowitz say that the government of Odessa has posted notices in the streets to the effect that the slightest disturbances will immediately be put down with rifles. Large numbers of troops are stationed in and around Odessa.

An official statement says \$800 persons have been killed at Odessa since the beginning of the troubles. Advice from Bucharest, Roumania, says the people of Moscow and Nikolai are suffering from lack of water, bread, light and meat. Almost all the factories and Jewish homes in Rostoff have been destroyed. In a recent encounter at Odessa between students and troops a single wire, with the exception of the line to Tarskoe-Solo, operated by military telegraphers, was working. Some mail, however, was delivered by volunteers under the escort of police and gendarmes.

Further Capon is continuing to preach to the workmen against a revolution, saying that the strike tactics are sure to eventually bring reaction and jeopardize the freedom purchased by blood. He warns the revolutionists and socialists that they cannot arouse the peasants by their present demonstrations, but are more likely to raise up a counter revolution. He says:

"A hundred fanatical priests with church banners and icons might easily arouse the 'black hundreds' of the country and overwhelm you intellectuals of the cities amidst such horrors as the world has never witnessed."

SIX DAY RACERS ARE
HALF WAY THROUGH.

NEW YORK, Dec. 7.—Thirteen thousand times the six-day bicycle races in Madison Square Garden had circled the caucered shaped track at 8 o'clock this morning. At that time they had completed only a little more than half their long ride. Tricky spurts, dangerous falls down the steep inclines of the track, and the frequent appearance of rolls of money sent into the enclosure by spectators who offered good sums of money as prizes to the team who would outstride their competitors and gain an extra lap filled the hours from midnight until daylight today with excitement.

Once on the incline at one of the turns, Stoll riding at the top of the embankment, slipped and fell and as his wheel slid to the bottom of the track he struck and upset both Achorn and Dussel. The three riders went down like a hand slide, but they remounted and went ahead again with a loss of less than half a lap. Early this morning two women who occupied a box seat sent \$100 into the track for the Achorn-Downey team provided these riders would gain a lap. The team failed to make the distance. Physicians who are attending the riders say that thus far their loss in weight has been scarcely appreciable. There are still ten teams in the race. The score at 8 o'clock was as follows: Rodell-Fedell, 124 miles 4 laps; Vandenberg-Stoll, Root-Fogler, Keenan-Logan, MacLean-Moran, Downing-Bowler and Hopper-Hollister, 131 miles 3 laps; Galvin-McDonald, 134 miles 2 laps; Achorn-Dussel, 124 miles 1 lap; Dore-Hinger-Dussel, 124 miles 0 laps.

NEW YORK, Dec. 7.—During the morning hours the pace was very slow, sometimes not more than 12 miles an hour, and the teams dropped steadily behind the record. They were 27 miles behind at 10 o'clock today, which was the 32nd hour of the race. Dore-Hinger of the Dussel-Dore-Hinger team weakened rapidly during the forenoon losing three laps despite the slow pace. He was seven laps, or more than half a mile behind the leaders at 10 o'clock.

SUSSEX CIVIC POLITICS

SUSSEX, N. B., Dec. 6.—Although nominations do not close until the 7th inst., civic politics are in a decidedly interesting situation. At present the indications point to a council being elected without a contest but no definite statement on this point can be made. Mayor McKay, who has had two terms, retired, and Alderman James A. Murray is in the field as yet without opposition. Ward one is likely to return its old members, Messrs. McArthur and Cripps, as is also ward three, represented by W. J. Mills and H. H. Dryden. In ward two Ald. Miller and McAlister have retired and cards are out from H. R. Ross and Chas. H. Perry. H. W. Pollock and Alderman mentioned but it is stated tonight that his name is withdrawn and a contest is not now deemed likely.

James A. Murray is out for Mr. Murray's old chair as alderman-at-large and may be returned by acclamation. Polling, if any, will take place on Jan. 2. The whole field fairly represents the younger business men and should make a strong board.

HOME FOR INCURABLES

There was almost a full board at the December meeting of the management of the Home for Incapables, among those present being B. H. Turnbull, first chairman, who said that he was glad to see how well the trust was being administered. Dr. Alward, reporting for the grounds committee, stated that G. S. Fisher and he had expended \$75.00 on the grounds and gardens during the year, which money had been obtained by subscription. The treasurer acknowledged \$25 from Miss Annie Puddington, who was elected a life member.

A PLEASED AUDIENCE

The second concert in the Spencer series was a great success. Sunshine Hawks, the laughing philosopher, who was to have appeared, was ill, but Mr. Spencer obtained a splendid substitute in Rev. W. H. Main, of Hartford. Few sermons would have a better effect than Mr. Main's lecture, "The Family That Lives in the Basement." The speaker on the evening of last Thursday, G. M. Campbell. The lecture was full of witty allusion and bright stories that were well told and aptly illustrated the various points.

EX-GOVERNOR MCLELLAN'S OF FIER

Hon. A. R. McClean, ex-governor of the province is in the city. He is devoting considerable time to the new consolidated school at Riverside and says it is progressing well. He thinks that some endorsement or a government guarantee should be made for a sanatorium for the treatment of tuberculosis. He says Golden Mountain near Elgin would be a good site. It has a 1,000 feet elevation and is clear of fog and dampness. He expressed a willingness to donate the site.

GET YOUR SEATS

Those who have not yet done so, should secure seats at once for Lucier's famous minstrel, which are booked for next Thursday evening at the Opera House. The company come highly recommended by the press of the larger cities of the United States. They carry their own brass band and orchestra, opening with a full circle gorgeously attired and thoroughly equipped as only a first class minstrel company should carry. Joe R. Lucier, the noted blind cornet soloist, leads the company and he has one of the strongest aggregations possible to secure from the best of American artists.

No man has more trouble in finding the right kind of patrons than the man who has money to loan. There are men to whom a loan is an inviolable obligation; with whom your money would be as safe as in a bank, and return a greater rate of interest. These kind of clients are worth advertising for.

CANADA AND THE EMPIRE.

British despatches relative to the postponement of the Colonial Conference for a year reveal a decided disappointment over the attitude of the Canadian government toward that conference and toward the imperial solidarity which it is its object to increase.

In announcing to the premiers of the self-governing colonies the inevitable delay in holding the conference, Hon. Alfred Lyttleton made the suggestion that the title "Imperial Council" should be substituted for "Colonial Conference," and that a permanent commission of inquiry should be established to assist the council. Several of the colonial governments have notified their agreement with the suggestions, but Canada's reply was decidedly of the cold water variety.

Sir Wilfrid Laurier suggested that the conference should be styled "Imperial Conference" instead of "Imperial Council," and promised to give full consideration to the proposal to appoint a permanent commission, at the same time expressing doubt as to its usefulness. His objections were "that an Imperial Council might eventually come to be regarded as an encroachment upon the full measure of autonomous legislative and administrative power now enjoyed by all colonial governments," and that a permanent commission "might conceivably interfere with the working of responsible government."

This is not by any means the first stumbling block the Laurier administration has thrown in the way of closer imperial relations, and the London Times is moved to administer the following mild and cautious rebuke: "Sir Wilfrid Laurier is a leader of a party which is to a very large extent dependent on the votes of French-Canadians. Now, thoroughly loyal as the French-Canadians are and contented with existing conditions in the empire, they are inclined to be a little suspicious of any changes towards closer union of the empire. It is conceivable that the proposal may be misinterpreted as being a change in the direction of a diminution of their autonomy or of military contributions. When they realize that neither of these dangers is to be apprehended in the least degree as a consequence of these proposals they will, no doubt, be prepared to come into line with the great body of opinion in Canada and the empire. Meanwhile we cannot but feel that consideration for their views is to some extent reflected in the cautious attitude of Sir Wilfrid Laurier's government, an attitude, which at the same time we recognize as one of friendly readiness to give the proposals the fullest and most sympathetic consideration at the forthcoming conference."

Health Commissioner Greene, of Buffalo, has this to say about spitting on the sidewalk:

"Sidewalk spitting is a disgusting practice. The chief sufferers are women. I have had many complaints from women from time to time about it. Not only from the viewpoint of protecting health, but also from the viewpoint of common decency, this practice ought to be stopped. If a man must spit as he walks along the streets, it ought to be no trouble to him to step to the curb and spit into the gutter. If a consideration for the right of others—the right to walk through the public streets without having their noses polluted—will not move men to cut out this bad practice, a city law will, if I can get it passed."

Oh, no it won't, Mr. Greene. We have a law of that kind here.

A CANADIAN DISGRACE.

For the sake of Canada's reputation, if for no other reason, the hooligans who viciously assaulted Sarah Bernhardt in Quebec last night should be brought to swift and strict justice.

Nothing that has occurred in this country during recent years will tend to prejudice it in the eyes of the civilized world more than this disgraceful thing. In every country where Art is appreciated the famous French tragedienne is known and esteemed as one of the world's greatest actresses. For half a century she has played all over Europe and America, to general acclaim. Never in her career was she so treated as by the French students in Quebec last night whose brutal attack will be prominently featured today in every daily newspaper of America and Europe.

The cause of the affair was an interview in a Quebec paper in which Madame Bernhardt was quoted—misquoting her—as sneering at Canada as a country possessing no men of genius or culture, a country inhabited by a mixed population, partly French, partly English, and under ecclesiastical domination was progressing backwards, like Turkey. The methods used by the Quebecers to reduce these charges will be accepted abroad as substantial proof of their truth. If the hooligans and the blows from sticks which were aimed at Madame Bernhardt and injured other lady members of her company and the rotten eggs and other missiles which were showered upon them had come from admitted rowdies or criminals, Canadians could make some apology. But from students of one of the leading universities, claiming to be gentlemen—what can we say?

The one of Madame Bernhardt's remarks which seemed to arouse the greatest anger was her assertion that French Canadians had no French blood in their veins. Those French Canadians who formed the mob last night

are witnesses to the truth of the sneer. French blood, if it stands for anything stands for chivalry. Either the strain has been eliminated from the veins of many of those in this country who speak the French language, or it has been sadly muddled.

The French students of Montreal and Quebec have been earning unenviable reputations of late for bigotry and rowdiness. But the other instances have been domestic. This last assumes international importance and demands prompt investigation and punishment if the impression is not to go abroad that the Divine Sarah's apologetic accusations are justified.

SAME OLD STORY.

It is not surprising that the provincial government is obliged to make a new borrowing arrangement. That has happened too frequently. This time the rate of interest is four per cent, and the loan is said to be temporary, which means that the government will repay the amount with money permanently borrowed from other parties.

While the details of the arrangement may differ, one thing we may expect every year while the present government holds office, and that is an annual increase in the debt and the interest charge.—Sun.

It is reported that a well-known gentleman from Montreal expects to be in the Dominion field in St. John as the labor candidate when the time is ripe.—St. Andrews Beacon.

FRIEND SOUL.

From the zest of the land of the living, From work and recreation and play, From the getting of love and the giving, I hasten away.

For I have a friend from the highlands, Who's larked with me long on my plain, And now toward his glamorous skylands, We're posting again.

Up yonder his mansions are legion, But he's snubbed on the street with a stare, Here where I'm lord of the region; So turn about's my fair.

We leave the snug inn on the highroad, I wave to my valley with pride, Then we turn up the beckoning by-road, And swing into stride.

WEDDINGS.

PERRY-McAFEE.

SUSSEX, Dec. 6.—A very pretty wedding was celebrated at noon today at the home of the bride's mother, Mrs. Samuel McAfee, of Waterford, the contracting parties being Miss Margaret, formerly with the Sussex Mercantile Company, of this place, and Emery Perry, of the same company at Havrelock. Only the immediate friends and relatives were present. The bride was beautifully attired in a purple velvet dress and hat to match, with pink trimmings. The Rev. Mr. Freeborn, of Waterford, performed the ceremony. Immediately after luncheon the bridal party drove to Sussex, where they took the C. P. R. for a short trip.

Mr. Perry is the eldest son of the Rev. Abraham Perry, now of Norton.

The young couple, who are very popular, have the good wishes of a large circle of friends. Mr. and Mrs. Perry will make their future home in Havrelock.

A very quiet but interesting wedding took place this afternoon at 3 o'clock at the home of the bride's mother, Mrs. Samuel McAfee, of Waterford, the contracting parties being Miss Margaret, formerly with the Sussex Mercantile Company, of this place, and Emery Perry, of the same company at Havrelock. Only the immediate friends and relatives were present. The bride was beautifully attired in a purple velvet dress and hat to match, with pink trimmings. The Rev. Mr. Freeborn, of Waterford, performed the ceremony. Immediately after luncheon the bridal party drove to Sussex, where they took the C. P. R. for a short trip.

Mr. Perry is the eldest son of the Rev. Abraham Perry, now of Norton.

The young couple, who are very popular, have the good wishes of a large circle of friends. Mr. and Mrs. Perry will make their future home in Havrelock.

A FINAL EFFORT TO

SAVE MRS. ROGERS.

RUTLAND, Vt., Dec. 6.—Attorneys for Mrs. Mary Rogers, whose execution is fixed for Friday next, have not given up hope of obtaining another reprieve from Gov. Bell, who is on his way from Chicago. After an extended conference tonight the governor's private secretary was called by telephone, and it was learned that the governor would probably reach Montpelier early Friday morning. While the nature of the new plea for the postponement of the execution could not be learned this evening, it was nevertheless ascertained that several papers had been prepared for the governor's examination, and which it is hoped will result in another stay of execution.

AGED MAINE MAN

SHOT AND ROBBED.

He Carried a Large Sum of Money— Thief Nearly Blew His Head to Pieces With Shot Gun.

PORTLAND, Me., Dec. 6.—David Varney, aged 78 years, and a respected citizen of Kearsar Falls, was shot down in his barn tonight by an unknown person, says a special to the Press, robbed of a wallet which he carried, containing about \$200, and at a late hour was in a critical condition at his home. He was not expected to live more than a few hours. The attempted murder and robbery were of the most cruel and wicked crimes which ever happened in Oxford county. The would-be assassin is still at large but the officials say suspicion points strongly to a Kearsar Falls man and an arrest is probable tomorrow.

Mr. Varney for a number of years has been living with his widow sister, Mrs. Sarah Day, on a little farm which he owns, situated about two miles from Kearsar Falls village. The aged couple have been warned by friends of the danger of living alone in a community so sparsely settled without even the protection of a dog.

This evening, just before sundown, Mr. Varney went out into the barnyard to attend to the chores. As he has not been well of late, Mrs. Day has been accustomed to help in this work, but tonight did not accompany him to the barnyard, following some fifteen minutes later. It was quite dark when the old lady entered the tie-up door she was able to find her way along with difficulty. She saw or heard nothing of her brother and after calling to him two or three times and getting no response, she groped her way up to the tie-up. There, prostrate on the floor she stumbled against the body of her brother. Being aware of his illness and never dreaming of the crime that had been committed she supposed he had fallen in a faint and she hurried for a lantern.

Upon her return she found a stream of blood trickling down the floor from an ugly wound in the head. Varney was breathing faintly but was unconscious. The aged lady made her way out and notified neighbors who removed the victim to his home and summoned medical assistance. A charge of shot had penetrated his head, tearing a ragged hole in the skull. The wound was fatal.

MCCALL WILL RESIGN;

HE OFFERS RESTITUTION.

(Continued from page 1.)

To have to elect a temporary president, Vice president Perkins will retire before long. The published report also stated that the presidency of the New York Life Insurance Company had been offered to John Claflin, a trustee of that company and president of the H. B. Claflin Company and that Mr. Claflin had refused to accept the offer.

The attention of the legislative investigating committee was called yesterday to the affairs of the Mutual Life Insurance Co. of New York, N. Y., whose president, Chas. M. Turner, was on the witness stand most of the day.

NEW YORK, Dec. 7.—Clarence H. Verner applied to supreme court Justice Greenbaum yesterday for a mandamus directing John A. McCall as president of the New York Life, to furnish him with a complete list of the policyholders, their addresses and the amounts of their policies. Verner also wants leave, as a policyholder himself, to inspect the company's books.

The object of Verner's move is to obtain trustees to be used at the election of trustees next April. His counsel, George H. Yeaman, submitted to the court a statement embodying some of the disclosures at the insurance investigation and declaring that there exists sufficient dissatisfaction among the policyholders to warrant the election of new trustees and other officers.

Without a list of the policyholders, said Mr. Yeaman, it would be impossible to organize a movement to displace the present management.

John G. Milburn, representing Mr. McCall, opposed the application strenuously and submitted an affidavit by McCall, in which Verner's motives are attacked.

McCall in his affidavit says that the names and addresses of a policyholder are considered confidential matters in an insurance office and that if a list were given to Verner he might use it to the company's disadvantage and his own personal profit.

Regarding the insurance revelations, McCall denies that the campaign contributions testified to were given for political reasons. He says they were given to help safeguard the interests of policyholders and in accordance with McCall's best judgment. He says that there is an action pending to test the legality of the payments, and should the courts decide against him, he will refund the money from his own pocket.

McCall adds that the insurance investigation is a one-sided affair, and that the dissatisfaction among policyholders is gradually dwindling.

Justice Greenbaum reserved decision.

Tedious Grind in Six Days Race Continues

THE WHEEL.

SIX DAY BICYCLE RACE.
NEW YORK, Dec. 6.—Continuing their tedious grind around the ten lap track in Madison Square Garden, the riders in the six day bicycle race steadily are falling behind the records of former years. At 1 o'clock this morning the Bedell Bros., who hold their lead of one lap gained early yesterday are 220 miles below record. Ten teams still are in the race.

The score at 1 a. m.

Bedell-Bedell	1214 miles 7 laps
Vanderstuyt-Stol	1214 " 6 "
Root-Fogler	1214 " 6 "
Keegan-Logan	1214 " 6 "
Maclean-Moran	1214 " 6 "
Downing-Dowler	1214 " 6 "
Hopper-Hollister	1214 " 6 "
Galvin-McDonald	1214 " 5 "
Achorn-Downey	1214 " 4 "
Dorefinger-Dusol	1214 " 3 "

The record for the 72nd hour is 1,424 miles and 6 laps made by Miller and Waller in 1929.

HOCKEY

ST. JOHN CITY LEAGUE FORMED.
The St. John City Hockey League was launched last night with a membership of four clubs—Mohawks, Y. M. C. A., Neptunes and Beavers. C. E. Hughes occupied the chair in the absence of President Frank White, and the following delegates were present:

Mohawks—W. E. Rising, H. E. C. Sturges.
Y. M. C. A.—David Donald, H. Clavson.
Neptunes—Eric McNeill, W. J. Coates.
Beavers—Geo. McNall, B. J. Taylor.

The only application for membership came in from the Beaver club, and after admission had been granted in proper order the league was declared to be composed of the four clubs, and the delegates settled down to business.

At outside papers had charged the St. John clubs with entering hockey men to this city, it was decided to give no pay on which the cry of professionalism could be hung, as it suited the purposes of outside teams, and the league adopted the following resolution:

"Resolved, that only those shall be eligible for the St. John Hockey League who have been residents of St. John at least two months before December 1st; provided, however, that members of outside maritime province teams of previous years shall be excluded; but further provided that the above shall apply to former bona fide members of St. John hockey teams."

This sweeping declaration of policy cuts the ground under the charges to lightly made by provincial papers, but it seems rather hard that men like Schaeffer and Baine, who are now residing in this city, should be excluded from participation in the game.

A proposition was introduced to secure the services of a suitable person to take charge of the teams and to select the provincial septette. The intermediate and junior teams will be consulted before action is taken.

The secretary was instructed to interview the rink management in regard to the programme for the winter. It was decided to have a team consisting of one member from each club and the president.

The executive meets again Monday. The Y. M. C. A. team, which this year advances from intermediate to senior hockey circles, was the intermediate championship last year without a break, and while rather light, may be looked upon as a good account of themselves in the older class. They were fortunate last year in having an efficient captain and an energetic secretary to keep the team's interest in their work at a high pitch, and it is likely that the same gentlemen will be found this year in the same positions.

CURLING

FREDERICTON CLUB MEET.
FREDERICTON, Dec. 6.—At the meeting of the Frederiction Curling Club held last evening, H. E. Harrison, Geo. E. Howe, D. J. Shea, and Guy Morrison were admitted to membership. The statement of the local rinks was submitted and approved. These rinks are twenty-two in number of four men each. It was decided to play the regular annual matches of presidents against vice presidents on Christmas and New Year's days as in former years.

WRESTLING

TONIGHT'S BOUT.
More than usual interest is being taken in the wrestling match to take place at the York Theatre this evening. Gilbert, the Boston boy, has been taking the best of care of himself, and he is confident that he can give Champion Hardy the contest of his life. Montreal wrestlers are awaiting the result of tonight's bout with the greatest interest. It is expected a large number of enthusiasts will be present, for the wrestlers are sure to furnish some pretty fair sport.

BASKET BALL.

ST. PETER'S LEAGUE.
In St. Peter's League last night the Thistles defeated the Senators 8 to 2; the Emeralds defeated the Milwaukee 7 to 2.

The teams lined up as follows:

Thistles.	Senators.
McGowan	Daley
McCarthy	W. Howard
Colborne	A. Dever
H. Dever	Hodg
J. Murphy	A. Delaney
Emeralds.	Milwaukee.
Coughlan	Buckley
McIntyre	O'Hara
N. Delaney	Howard
A. Murphy	Murray
Harrington	Casey

The league is composed of ten teams and games will be played each Monday, Wednesday and Friday evening. Tomorrow night the following teams play:

Shamrock v. Indians.
Roses v. Alerts.
Two games were played under the auspices of St. Paul's Y. M. C. A. last evening, resulting as follows: Portland Y. M. C. A., 35; Mission, 0. St. Paul's Y. M. C. A., 4; G. L. C's, 14. W. Patterson refereed.

George Emery of St. Paul's team was taken ill in first half and Reginald Schofield was taken as substitute.

THE RING

WENT TO A DRAW.
BALTIMORE, Md., Dec. 6.—Before the Nonpareil A. C. last night Kid Stein, of Philadelphia, and Billy Whistler, of this city, boxed eight rounds to a draw, and Harry Scroggs, of this city, was given the decision over Dan Lewis, of Washington, at the end of

RING NOTES.

Jack Clancy of California and Billy Burke will meet in Philadelphia tonight.

Danny Duane, who had several bouts on, has been forced to call them off as he is ill with pneumonia.

Willie Lewis and Kid Williams of Philadelphia had a hot three-round bout in New York Saturday night. Lewis won.

Tom McCarey, the Los Angeles fight promoter, has made Marvin Hart a flattering offer to meet Jack (Twin) Sullivan early next month.

The winners of the Herrera and Young Corbett, and the Kid Herman and Hanlon bouts to be held at Los Angeles this month, will meet in the same city the latter part of next month for a \$5,000 purse.

Kid Lavigne, the ex-lightweight champion, is planning to return to Paris, and before leaving he would like to have a couple of fights. A Saginaw club is trying to get Jack O'Leary to take him on.

NEGROES DROPPING OUT OF SPORT.
Booker Washington's race is fast losing its hold on the world. There was a time when the black man cut considerable ice in the racing, boxing and other sports, but that time is passed. The negro no longer figures prominently in the game, says an exchange. Matthews, a disciple of Ham, made the Harvard football team last year. There is none of his race on any of the big eastern eleven this season, however. Illinois played several blacks against St. Louis, but they are only ordinary performers, and as the Illinois team of 1893 is the weakest the Varsity has turned out in years the playing of the negroes on it attracted little or no attention.

The decision of the black man in sport is apparent when one recalls the fact that less than ten years ago three of the most noted negroes of re-nowned skill in the saddle, had just passed out of the racing game, giving way to Willie Simms and Tony Hamilton, two negroes, who shone as stars until about five years ago. Albert Cooper and Ed. Jones, known as Brown Dick, two negroes, were regarded as the equals of any white body man in the game, and they were the main attraction of the time. Simms and Hamilton were fashionable riders.

Now all are "has beans." No negro of ability have arisen to take their places, and the black race is practically down and out in sport. The negro never cut any figure on the light harness turf for two reasons. In the first place, he never had a chance to shine in the trotting game, and then, again, it is doubtful if the negro could have ever made good in this game. It requires a nerve and a brain, and the negro has neither. He is a runner and the negro who could breeze a runner and cool him out when given all night to turn the trick probably would find himself up against it if asked to balance the shoes and weights on a harness race, and then climb into a sulky and drive him in competition with clever white men like Gary, Solon, Hickok and the noted reinmen of the turf harness turf.

The brained negro even seen on the turf was Isaac Murphy, the Black Archer of America. Murphy was a master of the game, and he was thoroughbred to perfection. Few white jockeys of modern times would have anything on Murphy were he alive to-day. The black trotter came from the South and trained horses for antebellum turfmen of the old school. Pathfulness and honesty were his principal stock in trade. White competition has driven them out of the business.

What goes about football, horse racing and boxing also goes for even the most headbait. In the last sport the white man has been the star and the black man has been the professional game, while the only white of any account who ever shone as a star was Mister Taylor, and his only white to men like Eddie Egan, Tom Cooper, Paul Kiser and others always conspired to beat him because he was a negro. In time turned even men of his own color snubbed him, and today he is but a memory.

Terrill once went to a party at which Mr. Penner had assembled his friends, and said to his host on entering the room: "My dear Mr. Penner, how glad you must be to see your friends murdered."

TWO CHURCHES OPPOSE UNION.

Brussels and Waterloo Street Strongly Against It.

Opposition Based on Several Grounds—Leinster St. Church Approved the Proposed Amalgamation.

The congregation of Waterloo United Baptist Church, declared against the union after an hour's discussion of the subject, by the decisive vote of 49 to 12.

The meeting opened in the church at eight o'clock with devotional exercises. The pastor, Rev. A. J. Prosser, reviewed the situation from the inception of the movement for union up to the present position of affairs. He cited instances of union in other cities, declared it was a tendency of the times to amalgamate, and in general terms pointed out the advantages of union among churches.

The project was then discussed by the church members, some half dozen of the leading members speaking up on the question. Those who favored union gave the usual arguments that have been set up during the agitation of the matter.

The opposition was based on the ground that in the city proper there would be two churches, Leinster and German, in one section, while the remaining half of the city would be without any family church, and as the Tabernacle does not come under this category.

It was also feared that if the union took place, the two bodies of worshippers from Waterloo and Brussels would not in their entirety transfer allegiance to the Leinster street church, but that as the distance from the Waterloo street church was considerable, many, especially from modern church, build up the outside of the church, would drift off to other churches.

Again, there was the sentiment expressed to be found in any church body making it loath to give up its own church, around which so many associations were grouped, and finally as the Waterloo street church was free from debt, as a result of much effort, it was felt that it would not be in the interests of the church to ask them to assume the necessary obligations in the proposed church.

Although a few voted in favor of union, the feeling was unanimous against the taking of the vote that the Waterloo street church should go on its own way with renewed efforts towards successful Christian work.

BRUSSELS STREET CHURCH.
The congregational meeting of Brussels street church last evening was a bare one, and the feeling was almost unanimous against the proposed consolidation at the Leinster street plant.

The meeting came to order about 8.30, with Rev. Mr. Cohen presiding. The school room, where the meeting was held, was fairly well filled, a large number of ladies being among those present.

After some minor business had been taken up and discussed, the main question of the evening, the matter of amalgamation, was brought forward.

The following resolution was moved, discussed and carried unanimously: "Resolved, that it is desirable that the united congregations worship in the Waterloo, Brussels and Leinster street churches should unite."

So far there had been no difference of opinion, but upon the second resolution, being brought up, a sharp discussion took place. This resolution was as follows: "Resolved, that the united congregations worship in the Waterloo street church, the same to be modernized in every respect."

This resolution was opposed on two grounds. A number of speakers pointed out that the congregation would be losing themselves with the debt of the Leinster street church, which amounts to \$3,000, whereas their own debt was only \$5,000.

It was pointed out that this would not be too heavy a burden if the three congregations could be retained in their own churches, but it was felt that the event of the amalgamation there would be sure to be a considerable defection of members.

The second objection was that it was not desirable to remove two churches from this neighborhood. Different members pointed out that their position at present gave them great advantage in working among the people, which would be lacking with a united church. There was a general expression of willingness to leave the plant, but not to entirely abandon the locality. There was, however, a feeling that the Brussels street church might well be used, as it was the most central of the churches, the oldest, had been thoroughly modernized, and because its seating capacity was 300 greater than Leinster street church.

After some further discussion the following new resolution was passed, with a few dissenting votes:

"Resolved, that we do not accept the second resolution because in our estimation it is not desirable to remove two churches from this locality, and because the financial obligation would be too great a burden."

Quite a number of those present, however, did not vote upon this last resolution.

The following committees were appointed to meet with the corresponding committees from the other two churches tonight in the Brussels street church: William Alwood, J. B. Kierstead, C. E. Vall, A. H. Chipman and G. W. Morrell.

The meeting came to an end about 10.30.

LEINSTER STREET CHURCH.
A large representation of the members of the Leinster street Baptist church held a meeting in the basement of their church last evening to receive the report of the meeting of the united churches. Wm. V. Barbour acted as chairman, A. A. Wilson as secretary.

After the reading of the report the following members took part in the discussion: A. A. Wilson, E. L. Rising, John Bennett, George Mitchell, T. L. Hay, J. E. Vincent and Mrs. J. E. Dean.

The principal arguments advanced in favor of union were that the church would be stronger and better spiritual work of the church as it is there are three ministers to pay, three churches to keep up and the different societies of the churches. If the churches were united they could pay a much larger salary to the ministers, have a more modern church, build up the outside of the church, and do more for foreign missions and other outside work. It was estimated that by union there would be a saving of \$2,500.

Resolved, that we of the Leinster street church agree to unite with the Brussels and Waterloo street churches in forming a new church, said new church to improve and occupy the plant of the Waterloo street church. Carried unanimously.

A committee, consisting of E. L. Rising, A. A. Wilson, T. L. Hay, J. E. Vincent and N. Cameron, was appointed to confer with the other churches in the event of their being in favor of amalgamation.

CHURCH AND STATE SEPARATED

PARIS, Dec. 6.—The senate today, after a long debate, adopted the bill for the separation of church and state, by a vote of 181 against 109. The vote was announced amid enthusiastic scenes and cries of "Long live the Republic" and "Long live liberty."

Former premier Clemenceau participated in the debate contending that the separation of church and state was a necessary condition of national liberation and social pacification.

The bill is the final parliamentary stage of the bill which will be promulgated in the Official Journal tomorrow.

The action of the Vatican regarding the law has not yet been definitely announced. The French clergy while opposing the measure appear to confirm to the new system.

The fundamental principle of the bill ensures the liberty of conscience respecting religion, with restrictions concerning the exercise of religion which are intended to preserve public order, in the future the state will be entirely free from connection with all religious services.

"This shipping business is an awful nuisance,"

"Why, Henry? You have no reason to complain. I'm doing the shopping. All you do is to carry the parcels."

Geraldine—"Papa, I want you to hear some of Reggy's good things; he's full of humor."

Papa—"I heard one of them the other night; he asked me to be his father-in-law."

It was unusual to find Blues and Blacks in Clothing Sales. They are the bread and butter, as it were, of all clothing stocks. But we reserved nothing. We certainly should have a lively time with these suits. Think of a Blue Worsteds Suit worth \$18.00, going for \$12.00.

BOYS CLOTHING—SOME PRICES

Boys' Norfolk Suits, ages 6 to 15 years, were \$2.25.	Now \$1.89
Boys' 2-Piece Pleated Suits, ages 6 to 11 years, were 1.50.	Now 1.20
Boys' 2-Piece Suits, ages 6 to 17, were \$4.50 to \$7.00.	Now 2.65
Boys' Blanket Coats, were \$4.50.	Now 3.35
Boys' Fancy Reefers, ages 3 to 6 years, were \$4.00 to \$6.50.	Now 2.20

MORE SALESMEN NEEDED:

We had extra salesmen engaged when the sale started—enough, as we thought, to do us, but we found we needed more, and have been adding them from day to day, and we find we still need more. Apply at office at once. When the public finds out where the real bargains are to be had, that store is bound to be busy—OAK HALL is that place these days.

Heed the Warning—Sale Ends Saturday.

LAWYER PATRICK AGAIN SENTENCED TO DEATH.

His Strong Plea for a New Trial—Claims He Was Convicted in Manufactured Evidence.

CAPTAIN PRIDE'S FIGHT FOR LIFE

Two Bodies of Victims of S. Lunenburg Disaster Recovered—Sending Supplies.

HALIFAX, N. S., Nov. 6.—Today's developments at the Magdalen Islands show no change in the toll of death as a result of the wreck of the steamship Lunenburg off Amherst Island. A 6-splash from there says six were saved, eleven were drowned, and two of the bodies have been recovered, those of W. McConnell, the purser, and Adolphus Vignereau, the only other passenger besides R. J. Leslie, the master's son. The story that comes today, however, shows that the fight for life was not over. The bodies of the two men, one saved from the second boat, must have been fearfully thrilling. The boat put off from the Lunenburg at 10 o'clock in the afternoon, with the captain, nine of the crew, and the passengers Leslie and Vignereau. The boat was soon swamped, and it was not till 4.30 o'clock, two and a half hours after the wreck, at a point south-southwest of Amherst Harbor, that only his herculean strength that saved Pride. Physically he is one of the most powerful men, with a gross broad chest, short neck and stout frame.

A careful lookout is being maintained for the body of Mr. Leslie and the other dead. The Amelia, the companion steamship of the line, will complete the service, overtaking as much of the traffic as possible.

OTTAWA, Dec. 6.—The deputy minister of marine and fisheries gave instructions today for the government steamer Minto to proceed to the Magdalen Islands with a full cargo of supplies, to take the place of those lost in the wreck of the Lunenburg.

FORMER MINISTER OF WAR ASSASSINATED BY WOMAN

Fired Three Shots at Lt. Gen. Saksaroff Killing Him
on the Spot--Affair Has Aroused St. Petersburg
and Serious Trouble is Feared From Revolutionists

LONDON, Dec. 7.—The St. Petersburg correspondent of The Daily Telegraph in a despatch dated Dec. 5, sent by way of Eydikuhnen, East Prussia, says:
"Lt. General Saksaroff, former minister of war, was assassinated today. A woman belonging to the so-called 'flying columns,' of the revolutionary movement, called at the house of the governor of Saratov at noon today and asked to see General Saksaroff. She fired three shots at the general, killing him on the spot.
The tidings reached St. Petersburg tonight. Count Witte charged Lieut. Radzev, minister of war, with the task of breaking the news to Madame Saksaroff.
The event has created a profound impression in St. Petersburg, owing to the fact that the revolutionists here will follow the example.

"The spectacle of military dictatorship, which has been looming on the city, is slowly gaining consistency, and so far been confined.
I am personally convinced that Count Witte's faith in the good sense and political tact of the Russian thinking classes, which recently was as firm as a rock, is gradually weakening, and with it his hopes for the carrying out of the liberties promised in the emperor's manifesto.
There are signs of a collapse of the post and telegraph strike. Two-thirds of the telegraph operators are daily offering to resume work, but they are prevented from doing so because the wires have been cut or the stations fail to answer signals.
"Father Gapon has gone to Paris under very mysterious conditions, which I am not at liberty to unfold."

MONCTON CLERKS LEAVE
EMPLOYERS IN HOLE
J. B. McManus Goes West For His
Health--Accident in Minn.

MONCTON, Dec. 6.—J. B. McManus of Memramcook, who has been suffering from rheumatism for some time, intends leaving shortly for Banff Springs, in the Northwest, where he will undergo a thorough course of treatment.

A young man employed as clerk in Chas. McIlhenny's furniture establishment, recently left for Boston, leaving behind a board bill and several other unpaid accounts, and also a small overdraw on salary account with his employer. A clerk in another furniture establishment was recently detected pilfering the cash box, and after being made to disgorge, was given a few hours to get out of town. He took advantage of the opportunity, and then his employer, as an afterthought, set an investigation on foot and discovered that the cash drawer had been systematically tampered with for some time, the shortage being estimated at several hundred dollars. Post living,

horses, etc., were the cause in both cases, enquiry showing that the young men had been spending a good deal more than their wages.
Arthur Mitton, a young man employed in Wright & Co.'s mill at Salisbury, had his hand caught in one of the saws the other day, and so badly mangled that amputation of three of the fingers was necessary.

CHAUNCEY DEPEW NO LONGER DIRECTOR

NEW YORK, Dec. 6.—The resignation of Senator Chauncey M. Depew as a director of the Equitable Life Assurance Society, was received today by President Morton. Mr. Morton said that the resignation would be accepted upon a meeting of the directors. Senator Depew's letter was very brief. It read:

WASHINGTON, Dec. 5. The Hon. Paul Morton, President of the Equitable Life Assurance Society.
Dear Sir—I hereby tender my resignation as director of the Equitable Life Assurance Society.
Yours truly,
(Signed)
Chauncey M. Depew.

SERIOUS LABOR PROBLEM FOR C.P.R.

Men In All Labor Departments Will
Ask For Increase In Wages.

MONTREAL, Dec. 6.—The Canadian Pacific Railway management is confronted with the largest and most far-reaching labor problem that it has had to face for the last four years.
Representatives of every labor organization that touches the train service between Fort William and St. John, N. B., conductors, brakemen, trainmen, yardmen, etc., are in session here, engaged in the framing of a new schedule, which is to be presented to the company, demanding increases of wages, revision of hours of labor, and general improvements in the condition of the service.
The headquarters of the representatives of the various brotherhoods is the Albion hotel, but as it is anticipated that negotiations with the company may be prolonged, they have secured a room in one of the large buildings on St. James street for their deliberations. The delegates have been in session for several days, and have, it is stated, made considerable progress in the drawing up of a new schedule.

CANADIAN EDITOR DEAD IN LONDON

LONDON, Dec. 5.—James Johnson, one of the best known and popular Canadians in London, passed away last night. He was unconscious for several days before death. The body has been sent to Ireland for burial.
Mr. Johnson was a journalist. He came to Canada in 1868 from Ireland and after spending several years as editor of the Kingston News went to Ottawa as editor of the Citizen, remaining with that paper until he went to London several years ago. He was president of the parliamentary press gallery in 1889.

THE GRAND FALLS WORK.

Harry McLaughlin of New York is among the guests at the Royal. Mr. McLaughlin is general manager of the Grand Falls Power Co., which has recently, by the judgment of R. W. Scott, secretary of state, been given the right to its name as against the other company incorporated under dominion charter. Mr. McLaughlin is here to see a number of those interested in the proposed work of the company at Grand Falls. He has not much information to give out at present, but expects to be able to make an announcement within a day or two. The financing of the company, he says, is all arranged, and there will be no delay in commencing operations on that score.

KIDNEY DISEASE AND ITS DANGERS

CAN BE
QUICKLY CURED
BY
DOAN'S
KIDNEY PILLS

Kidney disease comes on quietly, it may have been in the system for a long time before you suspected the real cause of your trouble. There may have been backaches, swelling of the feet and ankles, disturbance of the urinary organs, such as, brick dust deposit in urine, highly colored, scanty or bloody urine, bladder pains, frequent urination, stone in bladder, etc.
Perhaps you did not know that these were symptoms of kidney disease, so the trouble kept growing worse, until Nephritis, Scatosis, Rheumatism, Diabetes, Dropsy, and worst of all, Bright's Disease have taken hold of your system.
Doan's Kidney Pills should be taken at the first sign of anything wrong. There is no other safe way, (pastes and liniments are useless), as the trouble must be eradicated from the system.
Doan's Kidney Pills go to the seat of the trouble, strengthen the kidneys, and help them to filter the blood properly and flush off all the impurities which cause kidney trouble. Mr. Thomas Mayhew, Smith's Falls, Ont., writes: "For over four months I was troubled with my kidneys, and my back got so lame I felt miserable all over. After taking five boxes of Doan's Kidney Pills I was as well as ever." Price 50 cents per box or three boxes for \$1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

GETTING EXTRAVAGANT Shore Line Will Persist In Spending That \$250,000.

Col. H. H. McLean returned yesterday from New York, where he had been attending a meeting of the directors of the New Brunswick Southern Railway. At this meeting a report of the work done during the past season was presented, showing that approximately fifty thousand dollars had been expended on the road. The directors seemed highly satisfied with the progress made, and it was decided to complete the improvements if possible during next summer. The total expenditure will be a quarter of a million. A locomotive has been purchased from the C. P. R., and will be sent down here in a few days. Two new snowplows have also been ordered; one is now on hand and the other under construction.

DIED SUDDENLY

OTTAWA, Dec. 6.—Joseph Jackson, registrar of copyrights in the agriculture department, and for forty years a member of the civil service, died suddenly this morning. Heart disease was the cause of his death.

U. N. B. SENATE IN SESSION

Reports Show Institution to Be in Best
of Condition—Government Meets.

FREDERICTON, Dec. 6.—The senate of the university was in session here most of the day. Those present included Dr. Inch, Chancellor Harrison, Judges Barker and McLeod, J. D. Hazen, Hon. G. F. Hill, Hon. L. J. Tweed, W. A. Park, H. V. Bridges and Registrar Coy.
The chancellor and registrar presented their annual reports, which were most satisfactory. That of the registrar showed the institution to be in the best of condition, and the financial standing most gratifying. The students presented a request to have dressing rooms built in connection with the new gymnasium. The matter was referred to the gymnasium committee with instructions to complete the building in a modern manner. In the afternoon the senate had a conference with the faculty and talked over university affairs. The rest of the business done was entirely of routine order.
The government met here this morning and the board of education this afternoon. Members of the administration state that nothing outside of routine business was transacted.
The government did not meet this evening, the premier being tired. The members will go to St. John tomorrow. Islington Lodge, Sons of England, held a most successful tea and sale at the church hall this evening.

VOTED CONSERVATIVE; THEREFORE DISMISSED

Another Old Government Employee
Suffers For This Rash Act—Mr.
Emmerson's Friend Appointed.

MONCTON, Dec. 6.—Another postmaster has been dismissed for political reasons, the victim being Eustache Babin, who was appointed in 1873 and has served the people faithfully for 32 years. There is no complaint against Mr. Babin in connection with the performance of his duties, but he is suspected of having voted conservative. Not only is political spite shown in this case but a considerable number of people in the district, liberals and conservatives, are seriously inconvenienced. The new post office, which has been given to one of Mr. Emmerson's friends, Amos Bourque, is only a mile and a half from the old one, and while the new arrangement there is no post office at the east end for a distance of five miles. Some 14 families are served by the new site, while twenty are inconvenienced. Many old liberals complain of this act of the department and assert that it will do Mr. Emmerson no good.

SUSPICIOUS DEATH IN SUNBURY COUNTY.

Strong Reason to Believe That a Farmer
Who Was Shot Last August
Was Murdered.

A correspondent in Victoria county writes to the Sun:
SOUTH TILLEY, Vic. Co., Dec. 2.—David Lindsay, a very much respected and prosperous farmer of South Tilley, was found on the morning of August 13th last by his hired man, who had come to his work in the morning, lying on the floor of his house a pool of blood, unconscious and dying. His skull appeared to be crushed in and part of his brains were on the floor where he lay.
Just before dark Mr. Lindsay was seen walking round his house by two ladies who were passing. Just after dark a shot was heard by some persons who were near his place at the time and which sounded to be in the direction of his house. This shot was found next morning to have gone off or been fired off in his house. A heavy charge of small shot was in the ceiling of the room, but no blood stains could be seen on the ceiling.
It was thought by some that his gun had gone off accidentally, the shot striking him on the head. There were some, though, who said decidedly that there was something wrong and that someone was responsible for the deed. There certainly was every indication of some one having been there and having left the house after this happened, as there was blood outside the house and blood on the door knobs.
A drawer had been pulled out of his cupboard by a bloody hand and the mark of a right hand with blood on it was to be plainly seen on one side of this drawer and on the front of it.
No inquest was held, although the coroner was present. He did not even examine the wound on Mr. Lindsay's head or take any steps whatever beyond asking one or two persons a few questions to find out by what means Mr. Lindsay came to his death.
Since this happened several things have come to light which seems to bear on the case.

STABBING AFFRAY IN MAINE

AUGUSTA, Me., Dec. 6.—Charles H. Morrill is held at the police station, tonight without bail on a charge of stabbing Ira W. Smith and will be arraigned at the municipal court tomorrow morning. The cutting was the result of a dispute regarding the price of a stove. Both men belong in Augusta.

INCENDIARY FIRE IN THE NORTH END

Ernest Williams' Barn Damaged—A
Lot of Hay Burned.

What looked very much like an incendiary fire occurred last evening in the north end. Between seven and eight o'clock an alarm was rung in from box 143 for a fire in the barn owned by Ernest Williams, situated off Acadia street.
The blaze was in the loft, among a pile of hay, and the smoke was very dense. The firemen, however, were able to save the barn, but little damage being done, though the stock of hay was destroyed.
Mr. Williams had not been to the barn to put up his horse, nor had there been anyone in the building who had any right to be there. It was too early in the evening for idle characters to be seeking a night's lodging, and the police are of the opinion that the fire was either started intentionally or that children playing with matches were to blame.
The loss will not amount to more than \$50 or \$75.

NOVA SCOTIA DOMESTIC MAKES GOOD MATCH.

BOSTON, Dec. 6.—Yesterday it became known through the return of the marriage certificate to the town clerk's office in Brookline, that Miss Ethel Crosby, for some time employed as a domestic by Mrs. Tuckerman, 69 Waverly street, Brookline, was married on Thanksgiving day in this city to Kenneth McLeod, a tea dealer, living in Dorchester.
The wedding was performed by Rev. A. K. MacLennan at the latter's home, 129 St. Botolph street, a couple of intimate friends being present as witnesses. After the wedding both returned to their homes.
When the bride learned yesterday that her mistress knew her secret, she gave notice that her service would end this week. The bride is a native of Nova Scotia, and has lived in Brookline about three years.

A VISITOR FROM NEW GLASGOW.

James D. MacGregor, accompanied by Mrs. MacGregor and Mrs. J. H. Sinclair of New Glasgow, N. S., are among the guests at the Royal. Mr. MacGregor is one of the leading merchants and lumbermen of Pictou county, and is one of the more prominent liberal party workers. He is, by the way, the father of Rob. MacGregor, M. P. for Pictou, and the youngest member of the house of commons. Mr. MacGregor says that business is exceptionally good around New Glasgow, the mines and steel works are running on full time and everyone seems prosperous.

HIGHLY ARTISTIC NOVELTIES FROM MANY LANDS.

An eye-delighting display in M. R. A.'s Art Room. Moderate prices.

Unique Designs in Real Sparkling Cut Glass

We have this year added to our holiday array of beautiful gift-goods a most exquisite collection of Real Cut Glass. These goods are by no means imitations, possessing deep, clear and brilliant cuttings, and exclusiveness in design.

CREAM AND SUGARS,
BON-BON HOLDERS,
OLIVE DISHES,
SPOON TRAYS,
BERRY PLATES,
WATER BASKETS,
WATER PITCHERS,
MAYONNAISE DISHES,
CELERY HOLDERS,
JEWEL CASKETS,
NAPPIES,
BUTTER DISHES.

From \$1.80 Upwards.

High Art in Real Marble.

A conspicuous feature of our Art Room just now is the exposition of beautiful Castella Marble Busts in sizes selling from \$9.25 to \$24. The figures are female, and the execution of a decidedly high class. No imitations.

Marble Pedestals, from 2 feet to inches to 3 feet high, made of the best product of Italian quarries. Sell at \$6.25 and \$8.00. High class goods. Specially imported.

Ceramics A Superior Lot of Art China, Etc.

It is becoming easier every Christmas time to select pleasing remembrances for friends and relatives, as manufacturers of fine pottery, baked China goods and such are rising to the occasion handsomely. Prices exceedingly moderate, too.

GRES BIJOU WARE.

The product of nature in precious stones and jewels closely imitating the generating process of many years. Vases and other ornaments in rich colorings, gorgeously bejeweled.

"CROWN OAK" GOODS.

We have Ovals, Vases, Statuettes, etc., possessing a peculiarly pleasing greenish tint, which in its many lights and shades adds a distinct quality.

TEPLITZ WARE.

Which is made in Austria. Vases, Pots, Flower Holders, Ornaments; in fact, a wide variety of useful and decorative designs. Embossing, jeweled effects, encrustations, etc. Deep rich colorings.

"PATINA" POTTERY.

One of the finest lines in all this display, because of its artistic simplicity. The general effect is that of Eastern water pots, etc. Such as one would imagine of the Holy Land, or parts of Asia Minor. Pale, uncertain colorings, faded and washed—very effective. Most unconventional in design.

IMITATION BRONZES.

It would require a connoisseur to detect these from the real work upon casual observation. A satisfactory assortment of designs in Card Receivers, Jars, Vases, etc. Some have metal linings for water, when used for flowers.

PLASTER FIGURES.

In different sizes, introducing numerous subjects. Hollanders, Dutch Fisher Folks, Children, Warriors, etc. Good colors, and remarkably fine workmanship.

JAPANESE VASES.

Largely smooth-finished vessels in different colors, all having that evidence of Oriental origin. Floral decorations and true Japanese design.

SOME SPECIALTIES.

It would necessitate much more space than is here available to adequately describe the great variety of holiday specialties in our Christmas showroom. A few are as follows:

CUCKOO CLOCKS.

The genuine imported Swiss article. Made of natural wood in that conventional shape, but in various sizes. Single Alarm and Double Alarm. The mechanism is maintained by weights.

GILT MANTEL CLOCKS.

Made in some exceedingly pretty and entirely new designs. Delightful and useful. Thermometers, etc. in the same kind of goods.

BEATEN BRASSES.

In Placques and Jardinières. Truthful in antique effect and possessing a pronounced artistic merit. Only a few pieces of the original order are now available.

SWISS WORKS

Chiefly in carved wood. Miniature Chalets, Salad Spoons and Forks, Crumblers, etc. Paper Cutters, Nut Crackers, etc., etc. Daintily made and something quite new herabouts.

JAP FURNITURE.

Fresh from Kobe, with the sheen and shimmer of lacquered bamboo. What-Not, Tabourettes, Tables, etc. These can be used for other purposes, such as Sewing Tables, Five O'clock Tables, Photograph Stands, etc.

CORONER'S JURY ACCUSES DR. PRESTON AND CAMP.

Find Miss Clark Died From Effects of Illegal Operation---AS Ignored Statement by Miss Clark Was Read.

"We, the jury empaneled to inquire into the cause of the death of the late Edith Floyd Clarke, find that the said Edith Floyd Clarke died on Wednesday, Nov. 22nd, at her home, No. 49 Adelaide road, N. B., as the result of blood poisoning, caused by the abortion, which, according to the testimony of the deceased, as given by physicians and nurses, was the result of an operation performed by Edward A. Preston, of St. John, N. B., for abortion, and we are of the opinion that the Howard D. Camp was a party to the transaction."

After a hearing replete with sensational evidence, the coroner's jury returned the above verdict in the inquest concerning the death of Edith A. Clarke.

The coroner in thanking the jury for their services, said that he believed their verdict was in complete accord with public opinion, and justified by the evidence.

The inquiry, which began on Monday evening, with Coroner Barryman presiding, was conducted last night. There were no new witnesses called, but Dr. Roberts, Dr. Scammell and Mrs. Robert Clarke, stepmother of the dead girl, were put on the stand again, and some new and rather sensational facts elicited.

Dr. Scammell read a statement signed by the deceased Miss Clarke, in which she accused Howard D. Camp of being responsible for her condition, and related particulars of an attempt made by herself to get out of her home after it had been read over to her.

This statement came as a great surprise to all except the few who knew of its existence. Dr. Scammell swore that the statement was secured from Miss Clarke previous to the performance of the operation by Dr. Roberts and himself, and that he was solely for the purpose of protecting themselves in the event of the girl's death. At the time it was read, they had no idea that any medical man had been improperly connected with the case.

His evidence in this particular was corroborated by Dr. Roberts, in whose presence Miss Clarke signed the statement after it had been read over to her.

On Monday the doctors further questioned Miss Clarke and asked her if she had been attended by any other doctor.

Miss Clarke's reply was that Dr. Preston had attended her and used an instrument on her, and received \$25 for the operation. At the same time she stated that her friend, Mr. Camp, had brought her the bottle of ergot.

Dr. Scammell called to see Edith on Monday evening, and left a parcel on the table, which contained a small bottle of medicine and a note. Mrs. Clarke said that Dr. Preston's name appeared on the label, which, however, she did not look at until the following day.

The lawyers for the defense are still of the opinion that the evidence of Dr. Scammell and Dr. Roberts, which connects Dr. Preston and Howard Camp with the case, will not be admitted in any court of law, and take the same view concerning the written statement signed by Miss Clarke, and introduced by Dr. Scammell, which, as it is not witnessed, they say will be ruled out.

A feature of the case last evening was the coroner's spirited remarks concerning the lawyers, who had, he said, attempted to influence the finding of the jury by making anonymous statements through the press, prejudging the case. He was surprised to see such statements in the Globe as appeared there yesterday, credited to an "eminent" lawyer.

The coroner also expressed his horror at such practices, as were shown by the evidence to have taken place here, had been committed in St. John, and hoped those guilty of committing these crimes would be punished.

In his address the coroner also referred to the fact that the post-mortem examination had revealed a condition of the lungs which justified Dr. Roberts' diagnosis. The girl had congestion as well as other trouble.

The coroner took occasion in the course of his remarks to compliment the chief of police on the energy with which he took up the case as soon as it was brought to his attention.

In referring to the statement made by Miss Clarke to Dr. Scammell, accusing Dr. Preston of having passed an instrument on her, the coroner said that he had this statement taken down in writing, and by its proper use the horrible business might have been put down forever in St. John.

There was the same mad rush for admission to the court room last night. Long before seven o'clock, the time appointed for opening the inquiry, a large crowd assembled in front of the door and pressed with such indecent violence that it was with great difficulty that the jurymen and witnesses were able to get through. Some of them could not do so and were obliged to

enter through the window. Charles Damery, foreman of the jury, had his overcoat torn in the scramble, and Dr. Macrae looked rather disheveled when he finally secured admittance. The two police officers who were stationed inside the door had eventually to go outside and disperse the crowd with their batons in order to give Mrs. Clarke and Miss Reynolds an opportunity to enter. In consequence of a telegram received from Solicitor General Jones, Judge Ritchie died Friday morning as the time for the preliminary examination of Dr. Preston and Howard D. Camp. It is understood that the coroner will be represented at the hearing by the solicitor general. Dr. A. W. Macrae and J. A. Sinclair attended the hearing in the interests of Mr. Camp, and Scott E. Morrill and B. F. Gerow appeared for Dr. Preston. The solicitor general was not present, being detained in Fredericton.

DR. SCAMMELL.

Dr. Scammell recalled: "I first visited the deceased on Sunday, the 19th, at the solicitation of Dr. W. F. Roberts, to assist him in performing an operation. I knew that the operation at which I was present was to remove the effects of a miscarriage. It occurred to me that if Miss Clarke died after the operation I would be placed in an awkward position. Dr. Roberts was also of this opinion."

COUNSEL OBJECTS.

Scott E. Morrill arose at this juncture and submitted that any such evidence as was about to be introduced should not be admitted. Mr. Morrill stated that he appeared on behalf of Dr. Preston.

The coroner said he was conducting the inquiry with the object of eliciting all the facts, and said if Mr. Morrill wished it he would send for Dr. Preston and have the evidence taken in his presence.

The coroner remarked that he did not think he was exceeding his prerogative in so doing, as he was in bed, which he was conducting the inquiry. Mr. Morrill again stated that he saw evidence shown to be admitted.

His evidence in this particular was corroborated by Dr. Roberts, in whose presence Miss Clarke signed the statement after it had been read over to her.

On Monday the doctors further questioned Miss Clarke and asked her if she had been attended by any other doctor.

Miss Clarke's reply was that Dr. Preston had attended her and used an instrument on her, and received \$25 for the operation. At the same time she stated that her friend, Mr. Camp, had brought her the bottle of ergot.

Dr. Scammell called to see Edith on Monday evening, and left a parcel on the table, which contained a small bottle of medicine and a note. Mrs. Clarke said that Dr. Preston's name appeared on the label, which, however, she did not look at until the following day.

BRUSSELS ST. CHURCH ACCUSED OF HERSEY.

Some Leinster St. Baptists Object to Union, Because of Alleged Religious Beliefs of Other Congregation.

The meetings of the different Baptist congregations last night were not open to the public, but reports were given to the papers afterwards. George Mitchell, baker, whose place of business is at 223 Brussels street, said that the statement made in the report of the Leinster street meeting that the motion in favor of union was carried unanimously, was untrue.

There was an adverse sentiment expressed at the meeting, said Mr. Mitchell, and he himself was one of the speakers.

Mr. Mitchell made the statement last evening that the pastor of Brussels street church in his preaching ignored the joining work of Jesus and the work of the Holy Spirit, and further that he was informed that there was not over twelve members in Brussels street church who were not in accord with such preaching.

Mr. Mitchell was opposed to union with them on these grounds, because, if they were united with the Leinster street congregation they might swamp them in numbers, and perhaps give a call to a pastor holding similar views.

Mr. Mitchell also at the meeting proposed that the motion before them in favor of union be printed and a copy given to each member for their individual consideration, and to give their opinion of the motion accordingly.

MORE ORIANA SAILORS ARRESTED.

There were but three drunks on the police court bench this morning. Phoebe Dukeshire, of Sheffield street, was fined eight dollars or two months in jail with hard labor. Phoebe was not feeling well this morning and preferred the jail to the cells of the central station.

Two young men arrested on the charge of drunkenness said that they were members of the steamer Oriana's crew. They were fined four dollars each. They paid the fine and left the court. The steamer Oriana which arrived last week after a long voyage from Capetown, South Africa, has apparently a very thirsty crew of sailors and stokers if the testimony of the drunks arrested is worth anything.

The crew were paid off here and for about a week, every day finds some on the police court bench who say they were the Oriana. In all about fifty dollars in fines have been collected from this crew.

SENATOR DOMVILLE FEELS GOOD

Senator Domville arrived today from Ottawa where he went in connection with matters concerning the Central railway of Canada, in which he is greatly interested. The genial senator was happy because the company now the work well in hand and has passed over to the government the \$25,000 deposit required and finished up other business, placing matters on a good working footing. The senator predicts great things for the road in the future. The senator says that there is great interest in Montreal in connection with the mayoralty contest in consequence of the intention of Senator Colborn to run for that important office.

As to the filling of the vacant New Brunswick seats he knew nothing.

FISH ARE SCARCE.

The fish market this week is particularly dull, the scarcity of such fish as are usually to be had at this season of the year being very largely due to heavy weather the fishermen only being able to get out a day or so a week. Tomorrow there will be some small halibut, cod, haddock and smelt with all kinds of cured fish. Some pickled fish have been received. There will be no change in the prices from the past few weeks.

DROWNED MAN'S IDENTITY STILL A MYSTERY.

But Evidence is Accumulating That He Was Joseph White, of Chatham—His Overcoat Found.

The body of the man found drowned back of the Mill street Salvation Army barracks on Saturday morning last and supposed to be Joseph White, a brother of a Mrs. Jimmo, of Chatham, has been fully identified by William Newcombe, of Torryburn, as the man who was acting mysteriously about there on Thursday last. Mrs. Jimmo says her brother left Chatham on Friday, but neglected to say what Friday. If it was last Friday it could not possibly have been her brother. To ascertain this a telegram has been sent to Mrs. Jimmo, asking for the date on which Joseph White left there. No reply has as yet been received.

Mr. Newcombe says the man attracted general attention by his actions and was taken to Rothery in Conductor Coffey's care. He was put on the St. John train. At the depot Officer Collins' attention was called to the man, but the officer did not consider the man's action warranted him in interfering, so he walked quietly out of the depot. There was no charge against him, and he behaved himself properly on railway property.

This morning two men who knew White in Chatham ten years ago viewed the remains, and while satisfied for themselves that the body was that of the man White they formerly knew, would not positively identify him. Detective Killen this morning found an overcoat in the train shed of the depot that he thought might have belonged to the deceased. In the lining at the bottom of the coat were found four grains of barley and one oat. The lining of the coat were covered with spots of red paint and the general impression is that the coat belonged to one of the many painters who have been working about there for some months past.
