CUBA HAS MANY TROUBLES

BUT WILL COME OUT O. K.

Several Questions of a More or Less Serious Nature Have to Be Solved by the Government, But There is No Reason for Anxiety

HAVANA, Sept. 30.—The small band of rebels which has been traversing the country about Mayari, in Santiago province, has according to late despatches, again exchanged shots with the pursuing rurales. The latter are close on the heels of the bandits. While there are signs of unrest in various parts of the island, the opinion prevails here that no serious disturbance is likely.

In commenting on the situation the Diario De La Marina, says: "A combination of circumstances, circumstances having no link one with the other appears to make the situation at first sight more serious than it really is. Each one of the problems that at present confront the administration—the yellow fever epidemic, the conspiracy of Parra, Miret and Ducas, the extensive bands of outlaws in the country and the railway strike—is of an alarming character, but except for the tendency of the strike to become general and stop railway communication throughout the island, these events are of no great importance in themselves.

The yellow fever has not spread and there appears no danger of a general epidemic, as cases are comparatively few up to the present time. The conspiracy was a very ridiculous one and even if it had succeeded in inducing some fools to take the field it would have been nipped in the bud. The Mayari band of outlaws cannot be considered of more importance than many other previous bands of Guerrillas which have occasionally appeared in Cuba.

"There is no reason, therefore, for extraordinary alarm, or for believing Cuba is on the brink of an abyss. "Even the strikers have not as yet committed any act of vengeance. If their disagreement with the railway companies is not settled other men will be bound shortly to follow suit. Most persons think that the railroad and other strikes offer more prospects of serious trouble than the threatened revolution.

The lighter men of Havana harbor will probably strike today and the stevedores in a few days. "Governor Mazon has determined to deal with outlaws and insurgents with a strong hand. His orders of the Bureau, it is stated, are to capture, kill or drive them into the ocean."

GAYNOR AND GREENE'S CHUM

HAS GOT A GOOD JOB

Capt Carter, who served five years, is now at work again—his friends are still in jail.

SANANNAH, Ga., Sept. 30.—Oberlin M. Carter, formerly Captain in the Engineer Corps of the U. S. Army, who was sentenced to serve five years in prison in Leavenworth, Kansas, after conviction by a court martial, of conspiring with Greene and Gaynor to defraud the United States Government with river and harbor contracts in this district, is consulting engineer of the Florida East Coast Railway at a large salary, and will have an active part in the extension of the line from Miami to Key West.

CATHOLIC MISSION WAS DESTROYED BY BOXERS

French Missionary Was Murdered, But the Other Residents are Safe.

SHANGHAI, Sept. 30.—Details received here today in regard to the outbreak of Boxerism at Kanchow, 400 miles south of Kiang, province of Kiang, last week, say that the buildings of the Catholic China Inland Mission there were destroyed as the result of riots organized against "the worshippers of the Great White God," a French priest was killed, but the other missionaries and their families are safe.

The Chinese officials have sent detachments of soldiers to Kanchow to restore order and have taken steps to protect the missionaries.

BETTER PAY FOR THE TEACHERS THIS YEAR

Dr. Inch Says the Scheme Will go into Effect at Once.

Brass Plates from Nelson's "Victory" for Every School in the Province—A New Book on Weeds

B. will also get the additional grant of \$5,000 for this year.

TAFT WILL DO SOME DIPLOMATIC LYING

He is Expected to Say That the Most Friendly Feeling Has Always Existed Between Japan and the U. S.

TOKIO, Sept. 30.—U. S. Secretary of War, Taft, in the course of his speech at the municipal dinner to be given in his honor, is expected to emphatically deny the reports that the relations between the United States and Japan were at any time strained. This has developed as a result of a publication in the Asahi of a special despatch from London, asserting "on high authority" that the Washington statesmen are "tired of the hectoring attitude of Japanese officialdom," and a despatch of the American battleship fleet to the Pacific and the changed tone of Japanese since the orders were issued.

KIPLING SORRY HE WROTE THE LADY OF THE SNOWS

Famous Author Has Many Nice Things to Say of Canada—He Seeks Information.

MONTREAL, Sept. 30.—Rudyard Kipling seems almost sorry he wrote, The Lady of the Snows. In an interview Saturday he wouldn't admit it, he laughed and changed the conversation, but he proved his repentance by his earnest and forcible praise of Canada, her resources, her progress, and even made a few complimentary remarks about the atmosphere and climate generally. He is a hard man to interview, this short, stocky man, with large head and eyes that go through you. He has a thirst for information and asks more questions than the interviewer ever thought of. He would not talk of Hindu immigration, for he said he knew nothing of it, and had heard nothing of it. "The Hindus in Canada, I know nothing of, I am going west and will see him. I know him at home, but that is different." Asked as to his writing a Canadian book, he replied he might but could not say. "But," he added, "the great Canadian book will not be by me or any outsider. It will be by a Canadian. You are a young country, you are growing. Go on growing, go on developing your resources, and some day in the fullness of time will come the Canadian book."

SUNBURY COUNTY ELECTIONS

PROMISE TO BE EXCITING

FREDERICTON, N. B., Sept. 30.—Sunbury county election is a question takes place tomorrow, and the feeling in that county over the general contests is very warm. There are elections in all the parishes except Sheffield and Maudslowe, and in Sheffield where it was intended to allow the old councillors, Taylor and Burpee to be elected by acclamation. Mr. Burpee failed to file his nomination papers, with the result that another election will have to be held in this parish. Maudslowe elects Councilors Perley and Banks by acclamation, but in each of the other parishes there are four applicants for honors.

THE PLAGUE IN ALGERIA.

PARIS, Sept. 30.—The existence of the plague at the port of Oran, Algeria, has been officially established. The scourge broke out in the lower part of the town. TOO GREAT PROSPERITY CAUSES MONEY TIGHTNESS

G. A. Bogart, of the Dominion Bank, Thinks the Banks are Adopting a Wise Policy—More British Capital Coming This Way

WINNIPEG, Man., Sept. 30.—"Don't look for any easy money until next summer at least," said Mr. C. A. Bogart, general manager of the Dominion Bank. "What do you think is the cause of the money stringency?" Mr. Bogart was asked. "Over prosperity, and there is not enough money in Canada. We have a wonderful country here and we want new money to develop it. I think the Canadian banks are adopting a very wise policy in endeavoring to restrict speculation of over description and looking after the legitimate wants of the legitimate borrowers. Just now they are and have been making every effort to get the crop moved quickly or get it out of the country and get the money back. It's money we want and there is no doubt people can do a great deal to assist the banks in getting the crops out. Last year a great many things kept us back. The season opened late and the strike of the longshoremen in Montreal delayed it a good deal."

GORKERY WILL CASE IN PROBATE COURT

One of the Heirs Wants Admission of a Lost Will or Administration of the Estate.

The Corkery Will Case—In the estate of Johanna, widow of Joshua Corkery, an application was made by Mrs. Annie Mullin, the only daughter of the deceased, for the probate of a lost will or falling that for administration of her mother's estate. Joshua Corkery left an estate entered by the executors at \$30,000 real and \$30,000 personal property. The real estate was chiefly situated in the city and county of St. John, but a portion of it was also situated in Woodstock. By his will Joshua Corkery gave his daughter Annie a legacy of \$4,000 and a freehold lot known as the Scoles property on Main street, St. John. All the rest of the real estate situated in St. John he left to his widow Johanna for life and after her death to his sons Michael and David, who were appointed executors. Michael Corkery died in 1882, leaving David Corkery as sole executor. The Woodstock property was left to his son Joshua for life and after his death to the sons Michael and David in equal shares. The personal property of \$30,000 to Joshua's children or grandchildren, also a legacy of \$1,000 to Joshua Corkery.

Jekyll and Hyde Phase in a Sensational Murder Trial in North Carolina

RALEIGH, N. C., Sept. 30.—A murder trial of widespread interest is scheduled to begin here today, when Dr. Thomas L. Rowland, and his second wife, the widow of Charles R. Strange, a locomotive engineer, are to face the charge of having murdered Mr. Strange by poison so that they might wed. Effort will be made to prove that Dr. Rowland was a "Dr. Jekyll and Mr. Hyde," and that his appearance while secretly making a study of deadly poisons and plotting murders. He was even arrested on a charge of having poisoned his own child in order to get some money, but he was let go because the chemists could find no trace of poison in the test which they made.

Coroner Hay has empaneled a jury. The dead man is of sandy complexion, about five feet six, probable age 30, no whiskers, remaining features with no other marks of identification. He wore laborer's clothes and the supposition is that he died from the effects of a drunken debauch.

TRAGEDIES.

BANGOR, Me., Sept. 29.—On Saturday night Pietro Falco Domenico, a helper to the engineer of a coal shovel on the Maine Central, was caught in the jaws of the shovel and crushed to death. Coroner Finnegan decided that no inquest was necessary. Domenico was 20 years old and survived by his parents and several brothers and sisters in Italy.

BANGOR, Me., Sept. 29.—On Sunday afternoon Thomas Merriman, of Portland, an American express messenger on the line between Bangor and Boston, was found dead at the entrance belonging to John Doyle in Glenburn. He had been partridge shooting. His shot gun, with one barrel empty, was found near the body, and it is believed that as he was climbing the fence separating the pasture from the main road, the weapon was accidentally discharged. Coroner Finnegan, of Bangor, who investigated, stated that there was no suggestion of foul play.

NORFOLK, Sept. 28.—Mrs. H. G. Munson, and Mrs. Henry Holmes, both of Springfield, Mass., here to attend the Millennial Dawn Track Society Convention, were killed tonight on Main street by a Norfolk and Western shifting train. The police had to interfere to prevent Mr. Holmes jumping into the dock.

BOSTON, Sept. 29.—The body of a man hanging from a beam by a rope in the ruins of a storage shed at the New England Rope Co., 185 A Street, South Boston, was found today by a watchman. The body was later identified as that of Edward Carroll, of 6 Loring street, South Boston, and suicide was ascribed to dependency over being out of work.

ATLANTA, Ga., Sept. 29.—Four persons were killed early today in a collision between a freight train and a work train on the Seaboard Air Line R. R., near Alamog, Ga. The dead are—Engineer Charles Hines, the negro fireman and negro brakeman, and unknown white man, supposed to be a tramp.

The wreck was caused by a washout. SEBASOPOL, Sept. 29.—Three terrorists, disguised as officers, penetrated the barracks here on Saturday in a daring attempt to provoke a mutiny among the troops. The ruse was discovered, they fired upon the officers, mortally wounding Captain Novor and severely injuring another officer named Pletoff, and escaped in the confusion that followed.

SENATOR PLATT WANTS TO BE BACK IN POLITICS

He Talks on the Possibilities of His New York National Convention.

NEW YORK, Sept. 29.—Senator Thos. C. Platt, rejuvenated, he says, and more fitted for hard work at Washington than for some time before, talked politics today with some of his old time enthusiasts.

"If my legs were as strong as my mind," he said, "I would get back into political harness without delay. As it is, I shall stay in my rooms until December and then go to Washington to resume my duties in the Senate. I feel now that I shall be fit for more hard work at Washington next winter than I have been capable of for some time. I like the Senate and I am looking forward to a pleasant service during the rest of my term in that great body.

"Who will get the New York delegation in the next Republican national convention?" Senator Platt was asked.

"It won't be Roosevelt and it may not be Hughes," he replied.

"The Governor is shrewd enough to know that the slightest move of his part to take the delegation would be fatal to his aspirations. He may convince the Republican voters that they cannot do without him.

"The Republican of New York has other material besides Hughes and Roosevelt. There is Eliza Root for instance. Before an Ohioan or any other outsider shall have our delegation, Root must be considered. New York can't be delivered to an outsider as easily as some folks seem to think it can be."

Rev. C. W. McConnell of Frederick passed through the city Saturday on his way to Worcester, Mass., to attend the Central and Wesley Memorial Methodist churches yesterday.

PROVIDENCE SCHOONER

LOST TWO OF HER CREW

PROVIDENCE, Mass., Sept. 28.—The Providence scho. Annie M. Peary, Capt. Joseph C. Abrie, arrived late today from the fishing grounds, reporting the loss of two of her crew. During a heavy gale early this morning, when about fifty miles off Highmore, the sea boarded the vessel, sweeping the two men from the deck while setting a tri-sail.

A dory was launched and effort was made to rescue the men, but both drowned before they could be reached.

Both were Portuguese and names are unknown. They have been engaged in fishing from this port about a year. One of them was married, the other being a single man.

BASS ARE REAL CUTE.

It is related for a fact that the reason bass jump—and it is common practice of the fish—because they wish to acquire grass and strength in testing their ability against that of the fisherman.

Several men who say they know what they are talking about, point out that bass do most of their jumping during the spring and are especially active just before the open season begins.

At this time they may be seen doing long distance jumps, sometimes and side stepping.

One bass expert goes so far as to say that he spent an entire afternoon watching a three pound bass dragging a long willow sapling through the water and acting as if it were caught on a hook.

"Leaping into the air it would turn in a half circle as if to disgorge the ward in an endeavor to snap the barb, and then it would swim back-branch.

This fisherman asserts that what jumping bass do during the summer is merely to keep in practice and not get stale.

DIFFERENT BACKBONES.

(Lippincott's) class of a school in South Boston gave the following definition of the difference between the backbone of a man and the backbone of a cat.

"A man's backbone runs up and down while the backbone of a cat runs sideways. A cat is liable to sit and throw up her backbone."

Another boy said of the spine: "The spine is a long bone reaching from the skull to the heels. It has a hinge in the middle so that you can sit down otherwise you would have to sit standing."

Were Detained in Prison Without Trial, Attempted Escape, and Were Strangled.

BELOGRADE, Servia, Sept. 29.—An extraordinary occurrence in the government prison here today resulted in the death of two former army officers and serious street rioting.

Other accounts, however, say that the two officers were strangled by the guards, who then emptied their revolvers into the lifeless bodies of the unfortunate men.

ARMED WITH CAMERA IN HAUNTS OF BIRDS

Hazardous Adventures of London Photographers in Search of Subjects

Nerve and Patience Needed in Quest for Pictures Within Close Range—Some Curious Devices.

LONDON, Sept. 28.—Few persons who see the wonderful cinematograph films of wild birds in their nests which are being shown at the Alhambra realize the hazardous adventures through which those two nature photographers, Messrs. Cherry and Richard Kearton, passed in order to obtain living pictures of birds in the wild.

DECEIVING THE BIRDS

"We had to cut down trees, and gradually build a bower wherein I could hide myself and wait for the bird," said Cherry Kearton, who does most of the photography. It rained every day, drenching me to the skin, and on this snow-covered mountain I hid and waited for three days from 8 in the morning until 6 in the evening.

PART OF THE LANDSCAPE

Sometimes the photographer must disguise himself as a tree trunk for birds in the bushes; in fact, his chief aim, said Mr. Kearton, is to harmonize with the country and be a part of the landscape.

LOCAL NEWS.

A flow of water across Gilbert's Lane has been reported by the police.

Archdeacon Newnham, of St. Stephen, came in on the Boston express. John Hughes has been reported by the police for working in the city without a license.

The monthly meeting of the W. C. T. U. will be held on Tuesday at 3 p. m. at their rooms on Germain street.

Yesterday afternoon at the Church of the Good Shepherd, Fairville, a very impressive ceremony was held in connection with the unveiling and dedication of a lectern which has been placed in the church in memory of the deceased wife of Rev. Leighton McKee. His Lordship Bishop Richardson gave an address and a special service was read.

The union meeting of the Women's Missionary societies of all the different denominations in the city, will be held on Thursday afternoon at 3 o'clock in the Sunday school room of St. David's church. Addresses will be delivered on missionary topics and missionary work in general will be discussed. It is hoped that there will be a good attendance of representatives from the local societies.

A gang of tough-looking men who had been engaged to work on the Active, the steamer which has been chartered to run on the South Shore route, went on strike yesterday afternoon. The steamer was late in reaching port and arrangements had been made to have the men begin work at 1 p. m. yesterday. The men asked eighty cents per hour, which is the rate per hour paid for Sunday work on the winter lines. Another gang was got together and work was commenced at 6 p. m. Twenty-four men were involved.

Some Western Union messenger boys, actuated by a desire to get their names in the papers, and also anxious to see the ball game on the Victoria grounds, decided to go on strike at noon on Saturday. The ostensible reason was that they wanted three cents a trip for delivering messages instead of two cents, which is now paid. They knew they would not get the three cents, but they had the afternoon of which was nearly all they wished. Some of them are enjoying a longer vacation than anticipated, for the management decline to take them back. Several others who were sorry for what they had done have been permitted to return, while the places of the leaders of the strike have been filled.

The School for the Deaf, at Lanester, opened two weeks ago and the attendance at present is twenty. It is found that almost a majority of the pupils, who are scattered through the province, are kept at home by their parents during most of September and part of October to assist in farm work, and are not sent to school until some weeks after the institution opens. They are now coming in slowly and in a short time it is expected that the whole number will be present. There will probably be just as many pupils this year as last. Some work is now being done in the institution in the way of improving the heating plant. A new boiler is being put in and changes made in the piping which will provide a greater measure of comfort for the inmates.

PRIZE WINNERS IN LIMERICK CONTEST

Seventy One Coupons Were Received Last Week

A New Verse is Provided for This Week's Competition—Some of the Answers Were Very Good.

The prize winners in the first week of the Star's limerick contest were as follows: First prize, Ernest P. Weldon, 23 Union street, St. John. Prize, \$2.50. The line submitted by Mr. Weldon was: "For where there's a will there's a way."

Second prize, M. Pearl Sprague, 522 Main street, St. John. Prize, \$1.25. The line submitted by Miss Sprague was: "Her motto was work before play."

Third prize, J. T. McEwan, 24 Prince William street, St. John. Prize, \$1.44. The line submitted by Mr. McEwan was: "Now guess why she failed? It was in the final selection the three following lines were regarded as the best in the lot next to the winners."

"For she'd worked while her friends were at play," sent in by Miss Myrtle Maher, 179 Westmorland road.

"I deserve it," with the interest already aroused a much larger number will be received during the present week.

Considerable difficulty was experienced in selecting what are regarded as the best lines sent in. The plan adopted was this: Eight members of the Star staff were given separately the coupons and each one picked out from all those submitted the six which he or she considered the best. All so selected were submitted to further examinations and finally were brought down to the required three. There is not a great deal of choice between those which won the prizes and several which followed, some of the lines which were favored but which did not win prizes are as follows:

"But she failed to her utter dismay," sent in by G. G. D. McNichol, 57 Coburg street, St. John.

"But the teacher had something to say," sent in by Emma K. Nye, 52 Somerset street.

"Which made her feel happy and gay," sent in by Arthur J. White, 125 Adelaide street.

The competition will be continued this week. On page seven of today's paper the coupon will be found. The conditions are exactly the same as in last week's contest, with the exception that a different verse will be provided. The verse for this week is:

A young man from Montreal, Que., "Thought he'd like a long voyage at sea; But he hurried back quick, For the waves made him sick, ? ? ? ? ?

There are more chances for the exercise of original poetic talent than in the verse furnished last. Cut out the coupon on page seven, fill in the blanks and enclose it with ten cents to "Limerick, Star Office." Try it as often as you like, the more the merrier. See if this week's prize cannot be brought up to ten dollars.

JAPANESE LOOTED AN ALASKAN VILLAGE

SEATTLE, Wn., Sept. 29.—A report has been made to the United States Consul Smith, of Vancouver, by Capt. Monro, of the schooner Case, of the alleged pillaging of the Alaskan village on Litik Bay, on the southwest Kodiak Island by the crew of a Japanese sailing schooner operating in the Bering Sea this season. The Case called at Litik Bay for water, and the Russian priests asked Capt. Monro to inform the United States authorities of the outrage. The Japanese landed from the schooner, broke open houses and looted right and left. All manner of things were dragged from the houses. Another report was received that the Japanese scullers had landed on Shokoff Island, and killed cattle running on ranches there.

His Plans Prohibit a Visit to St. John—His Letter Was Received by Mr. Henderson Today

A letter was received from Rudyard Kipling this morning by George A. Henderson, secretary of the Canadian Club, stating that Mr. Kipling would not be able to address the Canadian Club here. In his letter Mr. Kipling said he was extremely sorry but was afraid that during the short time he would be in Canada he would not be able to get down to St. John, otherwise, for old times' sake, he would be pleased to come here.

The letter was written while the author was on board the steamer and had been delayed in transmission.
