## INTRODUCTORY.

---

We ask the public to consider carefully our report of the year's work, and if the results indicate that we are warranted in our belief that the field of work among young women is one of great usefulness and worthy of financial aid, we shall be pleased to receive practical evidences of their sympathy by contributions sent to the "Y" Rooms, 276½ Dundas Street.

OUR LIBRARY CONTAINS OVER 360 VOLUMES.

OUR MAGAZINE TABLE is supplied with the following Monthly Magazines:

Review of Reviews,	Current Literature,	Cosmopolitan,	Harper's,
London Illustrated News,	Frank Leslie,	Munsey's,	Quiver,
Ladies' Home Journal,	Delineator,	The Evangel,	The Gazette,
Woman's Journal,	Oak and Ivy Leaf,		

A bright, pleasant place to spend the lunch hour and enjoy a cup of hot tea, coffee, etc.,

ults

ANNUAL REPORT OF THE PRESIDENT

— OF THE —

Young Women's Christian Temperance Union  
OF LONDON, ONT.

The year which we began with many fears and misgivings has passed from us and as we come now to take a retrospective glance at our work and see the many mountains of difficulty that have been removed and the manifold mercies which have been vouchsafed to us, we are filled with gratitude to Him who has been our Great Deliverer in times of perplexity, and the Giver of All Good in times of necessity. To God we would ascribe all the praise for whatever has been accomplished and would invoke the Divine blessing upon it all.

The prospect at the opening of the year looked dark: Mrs. S. E. Allen, who has presided so ably over the Union since its inception, was, through press of nearer duties, compelled to give up the work which she had faithfully carried on so long, at the same time our General Secretary, Miss Lizzie Kirkpatrick was taken from active service among us and is still, because of great weakness, kept from the work which she has been instrumental in God's hands in building up. We have all missed her loving sympathy and kindly aid and we trust that God in His tenderness will give her strength to bear the burden of suffering, and in His own good time restore her to us again.

In spite of these difficulties we are pleased to be able to report a year of growth and progress. Miss Mary Kirkpatrick has filled the office of General Secretary in a manner only second to the one whose place she took, and has materially helped to keep our "Y" work moving forward.

During the year we planned and carried out a course of lectures which we believe have never been excelled in the city. For the small sum of one dollar we sold tickets for the following course: "Elizabeth Barrett Browning," by Rev. H. G. Miller; "Light," by F. W. Merchant, M. A.; "Women of Tennyson," by Wm. Houston, M. A.; "Media," by Prof. Andras; "Microscopy," by Jas. Bowman, Esq.; "Midsummer Night's Dream," by J. Andras, M. A. All who heard the various lectures were delighted with the intellectual treat afforded and we desire to publicly express our most hearty thanks to the gentlemen who so freely gave their services and to whom we are indebted for the many pleasant and profitable evenings spent and for financial results which greatly aided us in our work.

Our Union rejoiced, with all temperance workers, at the grand success of the Plebiscite campaign as we felt that we too had had a small share in the work. Through our Juvenile and Scientific Temperance Department this was accomplished. A Band of Hope was faithfully carried on throughout the winter months and we do not doubt that the little child's influence was felt and the educational value great.

During the year our Annual Reception for Honorary Members and friends was held, a most enjoyable evening was spent by all present, reports of our work were read and an interesting and unique programme was carried out.

The branch of work which requires our best efforts and is the most important, is the "Young Women's Christian Association." This has grown from a very small be-

gining to the large and increasingly useful place it now occupies. Here we are trying to work out the beautiful "Y" text "That our daughters may be as corner stones, polished after the similitude of a palace." Miss Wright, President of the Ottawa, Y. W. C. A. thus outlines the object: "The work of the Association is not of a reformative but of a formative character. It is not to be a refuge for wrecks of hope and love, neither is it of a benevolent character, as the young women brought under its influence are not objects of charity, but respectable, self-supporting, independent young women who resent benefaction or even patronage. It is as its name indicates, an Association of Christian Young Women, having for its aim and object the moulding, fashioning and polishing of God's own corner stones—our daughters. A corner stone polished implies strength made beautiful, power of endurance made lovely, usefulness made radiant and the mightiest burden borne with meekness and gentleness."

We would that the generous-hearted people of London would see the claims of this work and would follow the good example Ottawa has set in erecting a handsome building, where we would have room to carry out the high ideals that we have set before us. The success which has attended our Association in its "Summerholm" branch carries with it great hope for the future; God's hand has been so plainly seen in the working of the Association that we can trust Him, fully knowing that if we faithfully improve the many advantages He has given us He will lead into greater things. The class for Bible Study, every Tuesday evening, has been rapidly growing and earnest work has been done.

Through the fall and winter months the Calisthenic Class was held every Thursday evening and many were physically benefitted thereby. This class has now been succeeded by an Art Class, started through the kindness of Mr. J. W. Davidson, late of Scotland, to whom we owe a great debt of gratitude for his freely-given services.

ICES.

In connection with the Dominion Convention of the W. C. T. U. a conference of "Y" workers was held, presided over by the beloved Dominion President, Mrs. Williams. Both afternoon and morning our rooms were filled to overflowing and a most pleasant and profitable day was spent in discussing papers on "Flower Mission Work," "Kitchen Garden" and "Sailor's Mission," in listening to encouraging reports from "Y" Unions and Miss Tye's practical talk and object lesson on "Bandaging."

Our "Y" meetings have been regularly held the second and fourth Thursday of each month. At these meetings, all our business is transacted and reports of work are read. Although our membership is small, it is very active, each member having worked well and carried her share of responsibility, the labors of the President have not been heavy.

To all who have in anyway assisted the Y. W. C. T. U. we offer our grateful acknowledgements. To any who have a desire to work for and with young women, or for the cause of temperance, we hold out a welcoming hand, and to the public generally we commend our work.

This report contains only a brief review of our various departments; for a thorough knowledge of our work we would refer you to those which follow, if after reading them you think that the work is worthy we would ask you to show your sympathy with it by financial aid. And now we leave the past and with renewed vigor press onward, trusting that the year upon which we have entered may be a year of marked prosperity and continued growth.

Yours very truly,

MINNIE TREBILCOCK.

## ANNUAL REPORT OF RECORDING SECRETARY.

In looking over our "Y" year just closed, we see that it has been filled with "good things" from our Heavenly Father, and we offer thanks to Him for all that He has done for us, for without Him we could have done nothing. Though so few in numbers, yet are we strong when we have Him with us; when we think of our work and the money needful to carry it on we are almost appalled, but He has done what He promised—"Supplied all our need." Could we not have done more if we had asked Him to do more through us, and our faith had been stronger? "According to your faith be it unto you" and "All things whatsoever ye shall ask in prayer, believing, ye shall receive." Will we not do more in His strength this coming year?

The aims in all our work are to lead others to serve our Master; help those who are following Him, and brighten all the lives with which we come in contact. Are we not treading in our Saviour's footsteps, "Who went about doing good," if these are our motives? Will we not pray and earnestly desire to be more Christ-like?

There were eighteen meetings held during the last year; each was opened by a hymn and prayer, followed by a Bible reading, which invariably has been most helpful and very much enjoyed by all present. Then comes the business part of our meeting, while once a month we have reports from the different departments of our work, which are very encouraging.

The series of lectures of last winter was very successful, as they were profitable and very much enjoyed by all who attended, and they proved a success to us financially, as

they very materially increased our income. We wish to thank our kind friends who aided us in this way by their time and talents.

A very pleasant time was spent one evening last winter, when we met our honorary members and friends in our rooms. We hope our friends found the evening as enjoyable as we "Y's" did.

Miss Peel represented our "Y" Union at the School of Methods held in Parkhill last spring, from which she brought us a very inspiring report.

At the close of the Dominion Convention of the W. C. T. U. on June 6th, we held a "Y" Conference in our rooms. Both the morning and afternoon sessions were well attended. The former was presided over by Mrs. Williams, President of the Dominion W. C. T. U., the latter by Miss Douglass, Superintendent of "Y's." Both sessions were made very interesting by the suggestive talks and reports that were given. In the afternoon the School of Methods, conducted by Mrs. Williams, was very much enjoyed.

Hoping that this report and all the others of this year, compared with those of next, will be as dawn compared with noon. "He is able to do abundantly above all that we ask or think."

Respectfully submitted,

GRETTA JARVIS,

## REPORT OF GENERAL SECRETARY.

△ △ △ △

In recording the statistics and facts of another year's work, we are more and more convinced that the opening of the "Y" rooms for the young women of our city was a beneficent and much-needed work. Not only have they provided a resting place for the weary and overworked, and a pleasant meeting place for social intercourse or quiet reading, but their home-like influences have brightened many a life. The work accomplished by and through these rooms cannot be estimated, in its far-reaching results, by numbers, but the following figures may give some idea of the attendance :

The total attendance during the year has been 14,092, of which 8,391 attended during the day, 5,701 in the evening, and 3,183 during the lunch hour. The latter is an encouraging phase of our work, and was one of the chief incentives, among others, which impelled us to open our rooms in the daytime, viz., that young women engaged in various occupations in the city might eat their lunch and enjoy a cup of hot tea, coffee or other beverage in our pleasant apartments. Many have taken advantage of this privilege, and the rooms, from twelve to half-past two o'clock each day, are enlivened by young women, who are variously engaged, either in attending to the wants of the "inner woman," reading books or magazines, playing the piano, or whatever pleases them best.

The rooms have been the means of centralizing many organizations engaged in good work for God and humanity, among which may be mentioned the Women's Christian Association, the City Branch of the Order of the King's Daughters and Sons, the McAll

Mission, Housekeepers' Mission, Protestant Orphans' Home Board, and the Local Branch of the National Council of Women.

A series of lectures under "Y" auspices were given in the rooms during the months of February, March and April, on scientific and literary subjects, by prominent lecturers and educationalists. These were all of a high order of merit, and were well attended.

Our library now contains three hundred and sixty well-selected volumes, and we hope, from time to time, as our exchequer shall permit, to add to that number. Realizing the importance of good reading and its effect upon the character of those who read it, we feel that no better investment can be made than the purchase of good books. As has been well said: "The companionship of noble thoughts helps to shape our course and refine our lives." Our magazine table is well supplied with the current magazines and literature of the day, and, in their company, many an hour is pleasantly and profitably spent.

Numerous applications for girls for domestic service and other employments were received, and we were able to secure situations for many who applied. Odd days of work were obtained for others who desired that kind of employment. Several young women were directed to suitable boarding-houses, and, in some instances, shelter was secured for homeless young women.

Provisions and clothing were supplied where the needs were found to exist, and in numberless other ways the helping hand extended to those less fortunate. "Opportunities have come reaching out their hands to us every moment, not to do great things, perhaps, but 'little, nameless, unremembered acts of kindness and of love.'"

## ANNUAL REPORT

—OF THE—

# Young Women's Christian Association.

A review of another year's work reveals to us many causes for thanksgiving, and encourages us to go bravely forward in the work which we have begun. Our Y. W. C. A. motto, "Not by might, nor by power, but by My Spirit, saith the Lord," has been most fully exemplified in the past year, and we feel that the same Divine guidance will help us to overcome the difficulties and solve the perplexities of the future. An organization which aims to promote the social, physical, mental and spiritual welfare of young women cannot but be productive of good in any community in which it exists, and its objects, we are sure, have only to become known to be appreciated and to secure that practical aid and sympathy which are necessary to the effectual carrying on of the work. We are pleased to note, in this connection, that an increasing number are becoming cognizant of the work done for and by young women in the "Y" rooms.

The membership of the Association has steadily increased during the past year, not a month having passed without contributing its quota of new members, 89 in all, which makes the total membership 250. Many changes have taken place in our ranks. Some have married; some have moved to other cities or lands, and two of our active members, who rejoiced with us when we gathered around our Thanksgiving board, have been called Home.

Eleven business meetings were held, the first two of which were devoted to a revision of the constitution and by-laws of the Association.

A Worker's Bible Training Class was formed in October, and has continued to hold its meetings every Tuesday evening during the year. Much good has resulted from these weekly gatherings for Bible study and Christian intercourse, and many have obtained through them a more intimate knowledge of the Word of God.

A Calisthenic Class was held on Thursday evenings during the fall and winter months, when, by means of various exercises, the physical natures of the members were strengthened and developed.

A Glee Club met for a portion of the year, and its meetings were much enjoyed.

In June, an Art Class was formed through the kindness of Mr. James Davidson, late of Scotland, and a graduate of the London, England, Art School, who generously offered his services free, one night each week, to the members of the Association for the study of the fine arts. The average attendance at this class has been twenty. Much interest has been shown by all its members, and some very creditable work has been done. We hope this year to do more work along purely educational lines, and also to start a cooking class.

Literary evenings have been held on the fourth Saturday evening in each month, when some poem by one of the masters of English poetry has been read and discussed, among which may be mentioned Coleridge's "Ancient Mariner," Longfellow's "Evangeline" and Shakespeare's "Mid-Summer Night's Dream." These distinctly literary evenings have been varied by two bright and interesting talks on The "World's Fair, and What I Saw There;" by an evening with Mrs and Miss Bishop (the Black Jenny Lind), who very good-naturedly entertained the members of the Association and their friends with several vocal solos and duets, which were much enjoyed by all present; by several evenings which were devoted

to the study of hymns, their origin, authors, and the circumstances under which they were written—the hymn under discussion being sung immediately after its story was told. These evenings proved both pleasant and instructive, and the light so cast on their history gave a new meaning to the old familiar hymns. The delegate to the first Dominion Y. W. C. A. Convention also gave a very interesting and helpful talk one Saturday evening on the subjects discussed at the Convention and the methods by which other Young Women's Christian Associations carry on their work. Temperance evenings were held on the third Saturday evening of each month. Short programmes, with appropriate hymns, recitations, or a paper on some phase of the temperance question, were provided for each of these meetings. The Children's Temperance Band, who had been taught by the Superintendents of the Juvenile and Scientific Department of the Y. W. C. T. U. enlivened one of our evenings by a varied and pleasing programme of temperance songs, recitations, marches, etc. An instructive talk, illustrated by Dr. Kellogg's chart, was also given. We were favored with an earnest address on "Temperance" by Mrs. Thornley, Provincial and Local President of the W. C. T. U., which was listened to with the closest attention by all who were privileged to hear it. Thus have we sought, through the medium of these Temperance Evenings, to educate our members along temperance lines and to instill into their minds a true conception of the evils of the liquor traffic. As a result many of our members have signed the pledge.

Receptions have been held monthly. These have taken various forms, but all have tended to develop the social side of our natures and to knit the members in closer bonds of union. The first one, held in the beginning of the Association's new year, was fittingly named a "Welcome Home" to Miss Von Brockdorf, who proved such a kind and devoted friend to the Association in its earliest beginnings, and who rejoiced to see the growth and progress which it had attained. This bright and informal gathering

was the means of inducing not a few strangers to become enrolled as members. Feeling that, as an Association, we had much to be thankful for, a Thanksgiving tea was held on Thanksgiving Eve. Over one hundred members sat down to the tastefully arranged and prettily decorated tables. Toasts were responded to by the conveners of Lookout, Reception, Membership, Programme, Library, Room, and Sick Visiting Committees. Much information was acquired from these short after-tea speeches as to the work done by the various committees, as well as practical advice as to what still remained to be accomplished. Several receptions took the form of National evenings—such as the Scotch evening, when Scotch songs and recitations were rendered by Misses Gilmour Phillips and others. A paper on Burns, "Scotland's Peasant-Poet," was also read. The rooms were appropriately decorated with Scotch emblems, and refreshments such as scones, oat-cakes, etc., were served. The American evening was varied by personations in costume of such noted American women as Harriet Beecher Stowe, Frances Willard, Lucy Stone and Lucretia Mott, who told the story of their life and life's work. These were interspersed with American songs. The evening of the 17th of March was appropriately dedicated to Old Ireland. A paper was read on two Irish poets, Moore and Goldsmith. Selections from the Irish Melodies were sung and Irish recitations given. Refreshments were served, and 200 young women have pleasant recollections of St. Patrick's Day, 1894. Believing that giving should be practised as well as receiving, a "Pound Social" was held in place of the usual February monthly reception. Instead of providing refreshments for their own delectation, the members brought provisions for the poor and needy, As a result, seven baskets were filled and distributed, and seven families were made happier by the Y. W. C. A.'s "Pound Social." A "Summerholm" concert was held in May. A good programme of vocal, piano and violin solos was provided by local talent. This being one of the occasions when the Association combined business with pleasure, a collection was taken at the

door, the proceeds of which went towards liquidating the debt on "Summerholm." Strawberries and ice cream were the menu provided at the June reception, and, together with a varied and interesting programme, were much appreciated. The members celebrated their return from vacation by an evening devoted to "Outing Experiences," when pleasant and entertaining reminiscences of Summerholm were given by those who had spent happy days or weeks there. Such are some of the many pleasant and helpful ways in which the members of the Association spend their social evenings.

The King's Daughters Branch of the Association has continued its good work of awakening and stimulating the spiritual life of those who come under its influence, of helping the poor and needy, and of comforting the sick and sorrowing. The Circle is divided into six minor Circles, each of which holds a meeting of its own each month and carries on its own line of work. The united Circles hold a monthly consecration meeting, at which reports from the minor Circles are presented. Bible study forms a prominent part of these, as well as of the smaller Circles' meetings. There have been a source of help, as well as a great blessing, to many. The combined Circles expended \$82.00 in provisions and in helping special cases which, from time to time, were brought to their notice. One of the Circles planted a flower garden, tended it themselves, and distributed flowers from it to the sick whom they visited. Weekly services have been held at the Refuge, and the Hospital has been regularly visited. Six families were supplied with Thanksgiving dinners, and nineteen families with Christmas cheer. A tenth of the collections is set aside as a shut-in fund, to purchase needful articles for use in the sick-room. Thus do the Y. W. C. A. King's Daughters Circles seek, while looking up, to also lift up, and exemplify that "the faculty of doing good, by an eternal law, is multiplied and magnified according to the use which is made of it."

A report of our Young Women's Christian Association would be very incomplete without mention being made of "Summerholm," the Association's pleasant retreat at

P.S. - A Handsome Christmas Calender given to each purchaser of 50c and over on Dec. 23 and 24

New Orchard Beach, Port Stanley, where so many of our members have enjoyed a delightful outing under pleasant and home-like conditions. The past season has been a most successful one. During the two months "Summerholm" was open, over 70 members of the Association spent a week or two under its hospitable roof, and all returned to their duties refreshed and invigorated by their sojourn at "Summerholm," and grateful to the Giver of all good gifts, who had put it into the minds and hearts of kind friends to make "Summerholm" a blessed reality.

We have endeavored in this brief outline to give some idea, however meagre, of our work and what it aims to do for the advancement of young women. Much has been accomplished, but, onward, ever onward, must be our motto if we would achieve all that is possible for us in this great work.

MARY KIRKPATRICK,

*General Secretary.*

### EVANGELISTIC - REPORT

This most important department of our work has been carried on successfully throughout the year. Each meeting has been opened by a hymn and prayer, followed by a Bible reading given by one of the members. Among the subjects discussed were "Faith," "Forgiveness," "Service," "Thanksgiving," "Holiness," "Greatness of God," "Self-denial," Mark viii, 34-39. Bible readings were also given on the thoughts contained in Psalm ciii., John xv., 1-9, Numbers vi., 1-8. On different occasions papers were read, having for their subjects "Strength," "Thoughts, and their influence on our lives," Philippians iv., 8, "Gleanings from Drummond's 'Natural Law in the Spiritual World.'" Our thanks are due to the members who have assisted so willingly in this department.

Respectfully submitted.

REPORT OF  
**SCIENTIFIC AND JUVENILE TEMPERANCE DEPT.**

— OF THE —  
Young Women's Christian Temperance Union

The motto of our Union is prevention rather than cure, and one of the ways in which we endeavor to carry this out is by inculcating into the minds of the young girls in our Temperance Band sound and scientific reasons for total abstinence. This Band held regular meetings every Saturday morning, and by means of bright songs and short, interesting talks on live temperance topics, we believe a healthy temperance sentiment has been created in the youthful minds of the members.

During the Plebiscite campaign this Band provided a programme of songs for a meeting of young people held in Victoria Hall, and also for the monthly temperance meeting of the Association. We hope to continue this work among the young, and that it will increase in interest and usefulness.

## TREASURER'S STATEMENT

FROM SEPTEMBER, '93, TO SEPTEMBER, '94.

We, the members of the Young Women's Christian Temperance Union, gratefully acknowledge the kindly assistance of the citizens of London in the organization and carrying on of our departments of Christian work. Our success in the past has been so marked that we are encouraged to solicit the continued interest of the public, feeling confident that a bright and still more successful future awaits us, wherein God's blessing may attend our efforts to work in this part of His vineyard, and help us to realize more fully that faith with works is faith made perfect. A list of the contributors to the Y. W. C. T. U. will be found on the inside last page of cover.

## REPORT OF "SUMMERHOLM"

△ △ △

We are pleased to report that the past season at "Summerholm" was a very successful one. During the two months it was open, over seventy young women were resident members, and all were benefitted by the rest and change of scene afforded them at their pleasant outing-home. Each succeeding year impresses more forcibly upon us the importance of this, our first venture in real estate, and the beneficial results which accrue to our members from the lake breezes and pleasant home-life at "Summerholm" are evidenced all through the winter months by the increased interest in the Association and in each other, fostered by their sojourn under one roof for a short season during the summer months.

It was deemed advisable, at the commencement of the season, to procure the services of a permanent matron, and to meet the additional expense the board was raised from one dollar to one dollar and fifty cents a week. This met with the approval of a majority of the members, and we were fortunate in securing, for our first matron, Mrs. Carter, who very efficiently filled the position.

Last fall the grounds were cleared of stumps, levelled, and sown with grass seed. Their improved appearance amply repaid us for the outlay. A wire fence was also placed around the grounds to define their boundaries. As there still remains a debt of one hundred dollars on "Summerholm," we were unable to add verandahs or other necessary improvements. We subjoin a condensed financial statement, and regret that lack of space prevents our printing a complete list of shareholders and contributors, but would take this opportunity to again thank those citizens whose sympathy and practical aid enabled us to buy and build "Summerholm." The members of the Association are making strenuous efforts to free "Summerholm" from debt, and any
