## AN APPEAL TO LIBERALS OF N. B.

Money to Break the Fetters of Combines and Corporations Urgently Needed.

Ottawa, May 1, 1913

Efficient organization is the keystone of success in business or politics. The recognition of this fact and the request to their supporters to join in sharing the necessary expense brought success to the Democratic leaders and their party in the United States presidential elections last year. The funds for legitimate party purposes such as organization, printing, publicity and travelling expenses were raised by a popular subscription.

The Liberals of New Brunswick are in need of more thorough organization, of committee work, and wider distribution of party literature, for which purposes a considerable sum of money will be required. We believe all loyal supporters of the Party will be ready and willing to subscribe to such a fund and we ask them to do so.

The Liberals are today fighting in the house of House of Commons for free speech and the people's liberties. We do not know how soon they may be called upon to struggle for their rights at the polls.

We must be ready. The Liberal Party must be ready and the only way to be prepared is to organize.

In asking the financial assistance of Liberals for that purpose we are inviting every member of the party to co-operate and stand shoulder to shoulder with us in this memorable struggle. We neither expect nor desire assistance from the Trusts, or wealthy Corporations, whose interests may clash with the interests of the common people, and this appeal is therefore made to the masses of the electorate, who desire to maintain the Rights of the people. It is far more desirable in the interests of the party that the subscriptions should be general, coming from every parish in the province, in other words, that there should be a large number of subscribers for small amounts rather than a small number of subscribers for large amounts.

Subscriptions for any amount from one dollar and upwards will be received by those in the different polling districts in the parishes who are authorized to do so, as well as by the county treasurers, who will forward all amounts they receive directly, as well as those from parish collectors, to the Provincial Treasurer, Howard P. Robinson, President Atlantic Bond Co., St. John, N. B., who will acknowledge the same.

The funds collected will be expended under the direction of the undersigned Provincial Committee representing the Liberal Members from New Brunswick in the House of Commons, and subject to the audit of Henry E. Hill of St. Stephen.

H. R. EMERSON  
 F. B. CARVELL  
 O. TUGEON

Dr. I. B. Curtis has consented to act as treasurer for this polling district and will receive sums small as one dollar for the purposes above mentioned.

## FREE SPEECH KILLED BY THE TORIES

Because they fear to face the people of the country with their naval policy, the Tories have applied the gag in parliament and placed another blot upon the record of the party. The Liberals resisted the application of closure to last, and the cry of "shame" with which Sir Wilfrid Laurier greeted its application by Mr. Borden and his supporters will be echoed throughout the length and breadth of Canada. The question, however, is not settled, for there can be no reasonable doubt that the senate will throw out the bill. Mr. Borden will then be thrust upon the horns of a dilemma. Either he must go to the country, or he must admit that there is no emergency and that the whole naval policy was a play to the galleries, which he was willing should cost the people of Canada thirty-five million dollars. The Standard this morning boldly asserts that there will be no appeal to the country. The boast, however, may presently be shown to have been ill advised.

Mr. Borden is responsible for a condition of affairs which can only be regarded with deep regret by thoughtful citizens. Before he came into power there was complete unity of sentiment in this country, outside of a small group of Nationalists, with regard to the question of naval defence. There was also harmony of action between Canada, Australia and other Dominions in regard to this matter, with the full approval of the Admiralty. Today, as was shown by yesterday's cables to this paper, there is a lack of harmony between the Dominions, while in Canada there is a sharp cleavage between parties, and instead of the harmony which existed under Sir Wilfrid Laurier a bitterness has been engendered which cannot but have unpleasant results. It is clearly the duty of the people at the earliest opportunity to have done with Mr. Borden, and get back to the policy which prevailed under the guidance of that far-seeing imperial statesman, Sir Wilfrid Laurier.—Evening Times

Mrs. William Rourke.

Mrs. Francis M. Rourke passed peacefully away at her home in Bath on Tuesday evening, April 29, after a long and painful illness of seven weeks at the age of 85 years and 10 months. She bore her suffering very patiently until called home to be forever with the best. She was loved by all who knew her and will be greatly missed in the community, where she had spent all her life. She was the daughter of the late George DeMerchant, of Bath, and was married to the late William Rourke, who died in 1886. Deceased leaves five sons and four daughters to mourn the loss of a kind and loving mother. The sons are Horace, Leonard, Stephen and Wesley, of Bath, and Rensford, of Upper Brighton; the daughters are Mrs. Jas. DeMerchant and Mrs. E. S. Secord, of Bath, Mrs. Adolphus Gray of Hartland, and Mrs. S. E. Giberson, of Muniac, one sister Mrs. Shepherd Banks, of Bath, and one brother Arthur DeMerchant, Andover. Twelve grandchildren and four great-grandchildren. The funeral took place at Upper Bath conducted by the Rev. D. E. Brooks, assisted by the Rev. G. A. Giberson. Interment was made at the Currie cemetery.

G. C. Watson is having a nice wide verandah in front of his residence.

## A CALL TO LIBERALS.

The Liberals in New Brunswick are called upon to organize for a political battle which may come during the summer. It seems highly probable that the naval bill will be thrown out by the senate, in which case Mr. Borden, if he keeps the pledge which he made, will go to the country. Whether the struggle comes sooner or later, it is necessary for the Liberal party to be thoroughly organized and ready to give a good account of itself. The issue between the two parties in Canada is clearly defined, and the result of the next appeal to the people will have a most important bearing upon the future of this country.

The Liberals of this province have every reason to look forward with confidence to an appeal to the people, and no effort should be spared on their part to complete an organization which would place them in a position to meet the enemy in the field. They cannot hope for and do not desire the assistance of the frusts and combines, and therefore appeal to the rank and file of the party for the funds that are necessary for the legitimate purposes of organization. The appeal is issued over the signature of Messrs. Emerson, Corvell and Turgeon, and the response should be prompt and universal. The appeal is printed on another page of this issue and is commended to all Liberals and to those independents and former Conservatives who believe that the interests of Canada would be best served by a return to power of the party led by Sir Wilfrid Laurier, who has done more than any other Canadian for the cause of Canadian unity, and who is in the broadest and truest sense a great imperialist, under whose guidance for so many years Canada has advanced along the pathway of progress and prosperity.

## THE ROADS.

Notwithstanding there has been much less snow and rain than usual the county roads are the despair of motorists and those who have driving or hauling to do. The editor drove over 25 miles of Carleton county roads a few days ago. There was no mud—less than at any time last year,—but the broken down culverts and holes made speed impossible and travelling tedious. At night the condition makes the roads not only a menace to life and limb but practically impassible. The road law of the iniquitous old government was blamed for much, but the highly-praised Hazen law is infinitely worse in its results. Like "waving the old flag," it seemed a gooey thing for getting votes, but it failed in any myre practical purpose.

Intelligent road making and value for the money is what is required, and needed without another day's delay.

## NOTHING FOR FARMERS.

The budget debate brought down in Parliament on Monday showed that the Dominion has a surplus of \$55,000,000 for the fiscal year. The total revenue was nearly 200 millions, made up almost altogether from customs and excise duties paid by the people. The huge surplus proves that the people are paying too

much for the protection of millionaire manufacturers; paying more than is needful by about \$50 a family. In view of this great surplus the finance minister finds the government can remove the duty on traction-ditchers, which means that Carleton county farmers may now import one of these useful implements without duty. With the exception of a slight reduction on cement, the consumers are given no share in the prosperity of the country. Those who had hoped for a reduction of the tariff on the necessities of life, and particularly on farm machinery, are disappointed.

The finance minister says that the great surplus indicated that no revision of the tariff is needed, plainly implying that the Tory conception of tariff revision is to raise the tariff still higher. From the Liberal, from the farmers' point of view, the indication is that a generally reduced tariff could well be afforded.

## BORDEN'S FLIGHT.

"No policy which Mr. Borden may inaugurate with respect to the Senate can possibly rescue him from the situation in which he finds himself today in connection with his proposal to borrow \$35,000,000 from Great Britain and send back to that country a cheque for the amount on the plea that Canadians are incapable of constructing or controlling their own ships of war."

## Grace Lillian Britton.

At her home in Windsor on Tuesday morning, May 6, after a lingering illness of consumption, Grace Lillian Britton, oldest daughter of Mr. and Mrs. G. O. Britton passed peacefully into rest at the age of 21 years and 2 months.

Deceased was a member of the George St. U. B. church, Freder-

tion, having united with that church during her stay at the normal school, from which she was graduated with honours about one year ago, but was never able to take up her work as a teacher owing to poor health.

The funeral services were held at the Windsor church, conducted by the pastor, Rev. J. A. Cory and assisted by Rev. S. W. Schurman and Rev. C. S. Young.

Mrs. J. Cook, Miss Clara Wasson and the operators of the Farmers Telephone Co. sent beautiful floral offerings, and many friends gathered to offer their sympathies to the bereaved family and to pay a last tribute of respect to the memory of the departed one.

Interment was in the Windsor

cemetery, where the Young People's Helping Hand Society lined the grave with beautiful evergreens.

Deceased will be greatly missed by those in the sorrowing family as well as by the large circle of friends to whom she endeared herself by her pleasant manner and Christian life. But to them all there is the consolation of the new life beyond the grave. She leaves father and mother, four sisters and one brother and a grandfather to mourn their loss.

# Paralysis and Locomotor Ataxia

The most dreaded results of neglected nervous diseases—Study this chart and the symptoms stated here to learn if you are in danger—  
**DR. CHASE'S NERVE FOOD will cure you.**

To understand paralysis and locomotor ataxia, which is paralysis of the limbs, and their causes, it is well to remember that every movement of the body or its members is due to the contraction of muscle, which can only take place under the influence of nerve force. As this all-important nerve force is created in the nerve centres of the brain and spinal cord, and conducted along wire-like nerve fibres to the various parts of the body, any derangement of the brain, spinal cord or nerve fibres may result in paralysis or loss of the power of movement.

A.—The Cerebrum is the centre of intelligence and thought.  
 B.—The Cerebellum controls the action of the voluntary muscles.  
 C.—The Medulla Oblongata.  
 D.—The Spinal Cord carries nerve force from the brain to the nerve fibres.  
 E.—Cauda Equina.  
 F.—Sciatic Nerve, the derangement of which is known as sciatica and sciatic rheumatism.

## Paralysis, then, is the natural result of all neglected nervous diseases.

If you find yourself nervous and irritable, over-sensitive to light, sound and motion, addicted to continual movement or tapping of the fingers, twitching of the limbs during sleep; if you have nervous headaches or dyspepsia, are unable to sleep or rest, feel downhearted and discouraged, and unfit to fight the battles of life; if your nerves are weak and exhausted, your blood thin and watery, you have every reason to fear paralysis of at least some part of the body, and consequent suffering and helplessness.

Paralysis can always be prevented, and partial paralysis actually cured, by the timely use of Dr. Chase's Nerve Food. The time to begin treatment is when any of the above-mentioned symptoms become apparent. These are indications of a degeneration of the nerve cells, and when nerve force becomes exhausted paralysis is bound to follow.

## Dr. Chase's Nerve Food

acts on the system in an entirely different way to ordinary medicines. It is neither a stimulant to whip tired nerves to renewed activity, nor a narcotic, or opiate, to deaden the nerves. On the contrary, it is a food cure, which forms new red corpuscles in the blood and creates new nerve cells. Every day it is bringing back health, strength and vitality to scores and hundreds who have become discouraged through the failure of doctors and other treatments to cure them. Why not get started on the way to health at once by using this great, food cure? Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50. ## Our Neighbours

[All the correspondence on this page was intended for the last issue.]

### Cloverdale.

Ora Wallace has completed the work on the Day Brook fill and returned to his home in Hartland.

A party of young people spent a very enjoyable evening on May 5 at the home of Albert Jones. A number of games were played after which an oyster supper was served. A good time was enjoyed by all.

Our merchant, C. H. Wallace, was in Hartland on Monday on business.

The Cloverdale Sunday school is organized with a large attendance, over fifty being on the roll.

An organ for the Sunday school has been considered necessary for which a basket social was held Friday evening at the Cloverdale school house.

The Ladies' Aid had a sale of useful and handsome articles.

Murray Hill left for Tobique on Monday, he will work in George Upham's mill on the Odell.

Herbert Adair landed his drive on the Odell for Mr. Upham. He was home just a few days and returned to oversee the building of a dam on the Odell river.

William Burrell and Frank Adair have returned from the drive on the Tobique.

Augusta Orser has returned home from Jacksonville.

We are glad to hear that Mrs. Geo. Wallace is recovering from her tedious illness.

Arthur Chute and wife from Lower Hainsville were visiting their son, Rankin, of this place last week.

Work will be commenced on the Union church as soon as the rush of planting is over. A meeting was held Thursday evening to elect new officers and look over the plans.

The roads here are in better condition than they were last summer.

Joseph Wallace is laid up with a sprained ankle.

### Wicklow.

Beecher Durost gave an interesting talk on agriculture last Saturday night, but he did not tell us how we would get a better price for our produce.

Mrs. Jack Earl is visiting her brother, Hugh Tweedie, for a few weeks.

The six months old baby of Mrs. Peter Moody died at the home of her father, Albert Olmstead on Wednesday.

Walter Southam has been laid up for the past two weeks with a swelling on his face caused by an ulcerated tooth.

The Methodist Ladies Auxillary met at the home of Mrs. Fred White on Thursday.

Quite a few from this place attended the funeral of Mrs. Samuel McCain at Florenceville on Friday afternoon.

Mr. and Mrs. Frank Tweedie are receiving congratulations over the arrival of a young daughter in their home.

Mrs. Stephen Orser is visiting her daughter, Mrs. James McIsaac.

### Foreston.

John Brooks and wife have moved away for the summer. We all miss them very much.

Miss Matilda Grant who has been visiting at Mrs. Ester Brooks is going to Houlton for a while.

Seeing an ad. in last week's issue of a farmer in Upper Brighton having luck with his sheep, thought I would tell of a farmer here having seven ewes and twelve lambs. Which do you think had the best luck?

Howard DeWitt has purchased a new farm. We all wonder what will be next.

Frederick Harvey who has sold his farm is going to move to Woodstock in the near future. We all wish him and his family every success in their new home.

Mrs. Edward Brooks who has been sick all winter, is slowly recovering.

Rev. J. A. Corey of Knowlesville holds service in Biggar Ridge church every Sunday at 10.30 a.m.

Mrs. Ester Brooks and sister-in-law, Mrs. Matilda Grant, spent Sunday afternoon with Asa Brooks.

### Bristol.

The United Baptist church is undergoing extensive repairs. While these repairs are being made the services of this church are being held in the Presbyterian building and the Sunday school and Methodist services are held in the Forester's hall.

Theodore Rogers who lost his house by fire last fall is building a fine residence in the village near the Primitive Baptist church.

Edward McCluskey has made extensive repairs to his dwelling and given it a new coat of paint.

Mrs. S. E. Estabrooks returned on Saturday from Knowlesville where she has spent several weeks with her daughter, Lois Frost, who has been very ill of typhoid but is now convalescent.

There is an old saying that "history repeats itself." From the fact that pilgrimage to Egypt is becoming popular we are almost led to believe that the old adage is true.

Rev. Mr. McCluckey who is supplying for the United Baptist church preached an eloquent and impressive sermon on Sunday evening from Matt. 18: 3.

## PRIZE WINNERS IN DIARY CONTEST

\$200 in Gold and Other Valuable Prizes for Best Diaries Kept in Dr. Chase's Almanac.

Many of our readers will scan with interest the following list of names to see if they are among the best writers of a diary in this great country.

The committee of judges this year were the following well-known newspapermen: J. F. McKay of The Globe, Geo. E. Scroggie of The Mail and Empire, and Mr. Somerville of The World. After careful consideration of each of the almanacs entered in the 1912 contest the prizes have been awarded as follows:

(1) \$50.00 in gold, Mrs. William Shaw, Winchester, Ont.; \$25.00 in gold, Miss Enid Simpson, Bay View, P. E. I.; \$25.00 in gold, Mrs. A. C. Russel, Avonton, Ont.

If you have not been successful do not let that keep you from trying again this year. The old saying that "practice makes perfect" applies to keeping diaries as well as other things.

Should you not have a copy of Dr. Chase's Almanac, Edmansson, Bates & Co., Limited, Toronto, will be pleased to mail you one and answer any questions about the Diary Contest, which has become so popular with many thousands of people.

### Mrs. Samuel McCain.

On Wednesday, April 30, Mrs. Samuel McCain of Florenceville passed away, aged 50 years. Deceased had been in ill health for over a year with a disease of the throat, and although she suffered greatly at times, yet recent signs of improvement gave hopes of recovery, and when death came it was very unexpected.

She is survived by a sorrowing husband and one son, Claude, who resides at home; also four brothers, Andrew and James McKay of Florenceville, and Daniel and John in the west, and one sister, Mrs. Hugh McCain, of Florenceville.

Mrs. McCain had a loving and cheerful disposition which won for her a large circle of friends. She was a faithful follower of the Lord Jesus Christ and bore her illness with a firm trust in the Master and resignation to His will. She was a devoted member

### Minstrel Show was a Success.

The Hartland Minstrel Club put on their show for the second time on Tuesday evening and scored another success. The box-office receipts amounted to \$50.50, and considering that the price admission was little more than half that at the first performance the result is very satisfactory. In the grand circle there were 22 very funny coons with A. W. Kyle as interlocutor. Entirely different songs and brand new jokes made the program as fresh as on the first night. Added to the attractions was a fine club swinging stunt by Bob Hull. Randolph Winslow of Woodstock won much applause by his song and dance; and Dan Coughlin, in a similar role, maintained the reputation he earned on the first performance. Many considered the work of Guy McGinley as the best thing on the program at the first performance, and on Tuesday evening his share of the show was every bit as good. M. L. Hayward's local hits were original and really witty. Mrs. Harry Gillin presided at the piano and showed much skill.

During the intermission bonbon boxes were sold by young lady friends of the club.

## Concrete is the best building material

A BROAD statement—Yet literally true. The aim of man from the beginning has been to make his building materials as nearly like natural stone as possible. The great labor required to quarry stone led him to seek various manufactured substitutes. The only reason he ever used wood was that it was easiest to get and most convenient to use. Wood is no longer easy to get. Like most building material, its cost is increasing at an alarming rate. The cost of concrete is decreasing. So, from the standpoint of either service or economy, Concrete is the best building material. Canada's farmers are using more concrete, in proportion to their numbers, than the farmers of any other country. Why? Because they are being supplied with

### Canada Cement

a cement of the highest possible quality, which insures the success of their concrete work. The secret of concrete's popularity in Canada lies in the fact that while we have been advertising the use of concrete, we have also been producing, by scientific methods, a cement so uniformly high in quality that the concrete made with it gives the complete satisfaction our advertisements promised. Concrete would not have been in such universal use today, had an inferior grade of cement been supplied. Insist upon getting Canada Cement. It is your best assurance of thoroughly satisfactory results from your concrete work. There is a Canada Cement dealer in your neighborhood.

Without this label it is not "Canada" Cement.

## VIEWS OF AN ORANGEMAN

In the Grange Sentinel of April 10 Bryan of Gallingeron, Ontario, writes as follows:

"Editor Orange Sentinel:—Your paper reaches me through a friend and I beg to state that in my opinion it would have a much wider circulation both among members of our order and among Protestants generally if you did not take such a one-sided stand in politics. I do not understand how you can ask members of our order to support the Borden-Rogers-Pelletier-Nantel-Blondin combination. The three latter represent the church party in the province of Quebec. In my humble opinion our order was duped in the last dominion elections. Many Orangemen in Canada will refuse to support said combination in the next fight.

"So far as Sir Wilfrid Laurier goes, I believe he has always tried to be fair to all classes and creeds."

#### Mail Dispute at Mt. Pleasant.

Mount Pleasant  
May 13, 1913

Dear Editor: I notice in your issue of May 1 an article of A. H. Greer's stating that he has decided, at last, to have his mail come to my office, and that he has gained a victory in the strife he has made over the matter. These statements are certainly surprising and amusing to all who are familiar with the facts of the case, and we do not see how Mr. Greer can expect the people to accept his claim of victory in the face of his announcement to give in.

However, we are glad Mr. Greer has decided to quit, and assure him we will do our best to give him a good mail service, and so far as being friends is concerned we were friends, but if not hope we may always be such in the future.

#### Had Something to Talk About.

The Standard prefers another grave charge against Mr. Carvell. It says that he "trampled the rights of the people of Canada to the ground in insulting them by holding up business for two hours while he talked and talked." Mr. Carvell's crime was that he asserted the ability of Canadians to build ships and man them.—Times.

#### Card of Thanks.

We wish to thank our many friends for the sympathy and kindness shown us during the illness and death of our beloved daughter, Grace. We also extend our thanks to the operators of the Farmer's Tel. Co., and others for their floral offerings.

## Mammoth Anniversary Sale

Our Second Anniversary

Just Two Years Old This Month Under the New Management

**To the Public:** Just two years ago this month I took over this business of my late father, B. B. Manzer, who succeeded the late R. B. Belyea & Co., who established this business in 1873. To show the public my appreciation of their much appreciated trade, I offer you the following bargains on my second birthday, and every year we will feature this event. One thing in particular I wish you to bear in mind; and that is that all our stock is new and fresh. We don't offer you old shop-worn or moth-eaten goods, ten to twenty-five years out of date; but we do offer you the Season's Latest Creations in every department of our store. In comparing values, be sure and remember this fact, and also that we must sell cheap, as we keep no books of any kind or description, but buy for cash and sell for cash.

## The People's Shoe Store

### A Refuge for Weary Feet

Hundreds of weary and disgusted feet come in here and go away glad. If we can't fit you properly we don't expect you to buy the shoes. We have your size, because we have every fractional size made, in all of our various lines. We take just as much pains in fitting a child as we do a grown-up. We want every shoe we sell to serve as a walking advertisement for this up-to-date store. No one can understand us, quality for quality.

### The Finishing Touch

Every woman realizes that the shoe is one of the most important items of dress, as it gives the finishing touch to her costume. We sell shoes that are not only stylish and attractive when you take them from our store, but which maintain their shape through a season of wear. A cheap shoe in the sense of being of inferior material and workmanship, is something we do not tolerate on our shelves. We represent the high-class manufacturers, who have a reputation to sustain. You find here everything in footwear, and at specially attractive prices just now.

### The Three Graces

Fit, style and perfection of workmanship are the three graces which contribute to the superiority of our shoes. With one of these qualities lacking the other two would fall to meet the ideal. This combination is reached only through long experience in catering to a discriminating trade and in making a painstaking study of the great and complex industry of modern shoemaking. We clothe the feet of the entire family as they should be clothed, and reduce your year's shoe bill to the minimum.

Keep your feet in good humor. Slip them into a pair of cool "Gold Bond" Oxfords.
