FORD MOTOR CO.

CLOSED DOWN

Lack of Coal Responsible for Unemployment—105,000 Men.

Detroit, August 27.—One hundred and five thousand employees of the Ford Motor Company throughout the country will be without jobs after September 1st.

In addition, several hundred thousand other workmen employed in industries furnishing materials for the Ford plants will be affected.

Henry Ford gave these figures Saturday in a statement that his Detroit motor plants located in Detroit suburbs and his assembling plants throughout the country would be closed on that date because of the coal shortage.

PAINT STOLEN

FROM STEAMER

Interesting Details of Effort to Dispose of Stolen Goods at Campbellton.

The alleged thief of a quantity of marine paint which was presumably stolen from the Canadian Conqueror while in the stream below here last July will appear for trial tomorrow at the county court at Dalhousie.

On the night of July 12th last a quantity of marine paint which was ship's stores was taken from the steamer Canadian Conqueror while she was lying at anchor off Point a la Poudre, about six miles below here. It is alleged that the paint was brought to Campbellton by boat, thence to Athol and from there across the river on a scow to the Chaleur Bay Mills wharf. The reason for these various moves is not known but as they resemble a slow, heady game of checkers, it would appear that they must have been executed for strategic reasons. It is also believed that the treasure was being held until it appeared for an attractive price or was preparing to secret his booty until a more favorable time is not known but moving the stolen "checkers" back again to Campbellton proved an unprofitable manoeuvre for no sooner had he docked with his treasure when another point pirate arrived at the wharf and relieved him of the responsibility of finding a buyer.

Apparently this party was a better salesman for he immediately disposed of the lot to a contractor in town from whom the authorities seized it a few days later. When sufficient evidence had been secured the parties were apprehended. They will appear for trial tomorrow in Dalhousie at 10 a.m. when the warden and chief officer of the Conqueror answering a summons from Montreal will give evidence.

The Graphic has been informed that it is the intention of the owners of the vessel to make a thorough example of the offender in this case so that nothing of this nature will occur in the future.

NEW BRUNSWICK POTATOES.

The fame of New Brunswick potatoes has gone abroad, and it is said there will be this year a demand for 250 to 300 carloads for export for seed purposes in the United States. It is said also that Prince Edward Island will be called on for about 125 carloads. The Dominion deputy for agriculture, Dr. Grisdale, says the demand will be very heavy. The provincial potato crop this year promises well, despite the hard fight in some sections to subdue the bugs, and the appearance in a few sections of rust. The total yield for the province will undoubtedly be large.

TOBIQUE ROAD

IMPROVEMENTS

Permanent Job Being Made of Long Stretch of This Highway.

Some time ago, upon a visit to Restigouche, inspecting the roads, Hon. P. J. Vernet, Minister of Public Works for N. B. was prevailed upon to run out the Tobique road.

That ride must have been an eye opener to the Hon. Minister, for almost immediately things began to happen. It was admitted by all that not for years was the Tobique road in the condition it was after the heavy rains of June. It was almost impossible for autos, and the numerous teams using this thoroughfare could hardly haul half a load of lumber or pulp wood.

The Hon. Minister upon that occasion promised speedy relief, and now for over a month a large crew of men and teams have been working at Val d'Amour. They have built a fine concrete culvert at the church, have crib wharfed and turpined about a mile and a half of road. At other points the road is being widened, and all along the worst spots are being filled with gravel, until now the road is in good shape.

The work has been under the supervision of Mr. Napoleon Audet, who has demonstrated great ability in his job. The Graphic understands that this will be made a trunk road joining the Campbellton-Bathurst highway somewhere beyond Balmoral.

POPULAR COUPLE

MARRIED HERE

Dr. John J. MacPherson and Miss Irene Murray Married Tuesday.

A nuptial event of more than local interest took place here Tuesday afternoon at 4 o'clock when Miss Irene Murray of this town, and Dr. John J. MacPherson were united in marriage by the Rev. Hugh Miller, M. A.

St. Andrew's Presbyterian Church which was the scene of the ceremony, was beautifully decorated for the occasion by girl friends of the bride with ferns and golden glow. The building was filled to the doors testifying to the esteem in which this popular young couple are held.

The bride entered the church on the arm of her father to the strains of Lohengrin's Wedding March played by Mrs. W. F. Campbell, and looked charming in a beautiful wedding gown of white crepe meteor and Spanish lace with pearl trimmings and circular bridal veil with pearl and orange blossoms. She carried a shower bouquet of opheelia roses. Miss Muriel Stevens who attended her was a gown of silk green georgette with silver lace trimmings and a large picture hat to correspond. Mr. Wm. Ferguson attended the groom, while Mr. Wm. G. Mott and Mr. Robert Henderson acted as witnesses. Soft strains of music were played by the organist while the ceremony was being performed and during the signing of the register Mrs. Hugh Miller rendered a beautiful solo of "O Perfect Love."

After the ceremony Dr. and Mrs. MacPherson received their friends at the home of the bride's father. The drawing room was tastefully arranged in a color scheme of yellow and the dining-room in rose. Mrs. H. H. Luman presided over the daintily appointed tea table which was centered with a beautiful bouquet of rose-colored sweet peas. Mrs. W. H. Miller cut the lace while Mrs. F. W. Campbell and Mrs. C. M. Snow replenished the tea-cups. Assisting in serving the guests were Misses Maud Lodge, Jeanette Dunlop, Blanche and Helen Crockett. During the reception Miss Greta Metzler and Mr. Wagner rendered pleasing and appropriate music.

The groom's gift to the bride was a substantial bank account, to the bride's maid an onyx and pearl ring, to the bridesmaid a pair of Massicot cuff links, to the ushers a set of cuff links and studs, and to the organist a string of pearls.

The bride who is one of Campbellton's most popular young ladies was the recipient of many beautiful and costly gifts including furniture, cut glass and silverware. The groom who has been practicing his profession in Campbellton for the last four years is not only one of town's most popular young men but a most capable physician for his age and gives promise of becoming a notable surgeon. Moreover he takes an active interest in the welfare of the community as well as in all charitable and philanthropic causes.

The happy couple left on a honeymoon trip to Toronto and New York. The send-off was really a rare one for hundreds of friends of the popular couple gathered and extended hearty good wishes with showers of confetti and rice.

The bride's going away costume was a three-piece travelling suit of navy blue duvetyne with grey squirrel collar and grey and blue hat to match. She also wore a bouquet of American beauty roses.

On their return, Dr. and Mrs. MacPherson will reside in their bungalow on Roseberry Street here. The Graphic joins heartily in wishing the young couple a prosperous and felicitous journey through life.

JAPANESE WARSHIP AND CREW WENT DOWN

Tokio, Aug. 30.—The Japanese cruiser Nataka went down in a typhoon off the Kamohaka coast Aug. 26, with virtually all hands. Practically none of her crew of 300 was saved. The destroyer Makih has been ordered to the scene of the disaster.

CHAUTAQUA

SEPT. 30, OCT. 1-2-3
Chautauqua will soon be here again and a splendid treat awaits the people of our town. The dates are September 30th, October 1st and 2nd. The entire season ticket is only \$1.00 and you will get a high class and wholesome entertainment as a great lecture by Homer B. Hulbert, F.R.G.S. and the fun given by the Junior Chautauqua Stunt Party. Fuller details will be given later. Keep dates open!

MAYOR McKAY

IS VICE-PRES.

Elected to Important Position on N. B. Union of Municipalities.

The meeting of the New Brunswick Union of Municipalities was held, at Edmundston last week, and was well attended. The many questions discussed were of deep interest and every delegate carried home with him much valuable information.

In the election of officers His Worship Mayor Norman C. McKay was elected Vice-President of the Union. The following officers were elected: President—J. W. MacPhail, Perth, Warden of Victoria County. Vice-President—N. C. McKay, Mayor of Campbellton. Honorary Secretary—J. King Kelly, St. John County Secretary.

Other members of the executive—Mayor J. D. McKenna, Sussex; C. E. Keith, Berry's Mills; Mayor C. E. Fish, Newcastle; Alderman Legere, Edmundston; Alderman E. P. Smith, Sackville; Councillor Allen, Marysville; Mayor Crowhurst, Sunny Brae; Mayor J. Y. Mercereau, Chatham; Warden John Thornton, St. John.

NEW STORY BEGINS

WITH NEXT ISSUE

Will Run About Four Months—Worth Price of a Year's Subscription.

The first chapters of Peter B. Kyne's latest story "Webster's Man" will begin in the next issue of the Graphic.

The manuscript has been received and everything is set for its appearance in our next issue. Millions have read "Cappy Ricks," "The Last Chance" and "The Valley of the Giants."

In this story—"Webster's Man"—his principal characters are fully up to the standard attained in his other tales. The scene is laid in one of the turbulent Central American republics, where one of these sleep-on-the-surface but fiery-underneath revolutions has taken place, and the incidents which occur are full of life and action.

There are remarkable depictions of odd human derelicts from more favorable portions of the world—soldiers of fortune as well as beach combers in tropical lands.

The tale is a drum-beat, thrilling to the pulse and awakening to the emotions. The story will run for about four months, and it alone is worth the whole price of a year's subscription.

Read our sewing set offer on another page. This set cannot be purchased at any price, except as offered.

HOSPITAL BOARD

BUYS RESIDENCE

Will Provide Home For Nurses and Probationers—Hospital Crowded.

The Soldiers' Memorial Hospital Board have fortunately been able to purchase from Mr. Chester Fairley his new residence near the hospital, and with some alterations and improvements will make a very comfortable home for the nurses and probationers.

This step was made necessary because the private wards at the hospital have been crowded and more space was required. The rooms occupied by the nurses and probationers in the main building will be fitted up as private wards.

The Graphic understands that the price paid was \$4500 which is a very reasonable one.

Mr. Fairley has begun the erection of another residence for himself on the adjoining lot.

CANADIAN DOLLAR

ONCE AGAIN PAR

New York Aug. 30.—The Canadian dollar is once again at par with the New York money market. "Par" was the word for the first time in seven years. August 15, 1915, was the last date upon which Canadian dollars were on even terms with those of the United States in this market.

CIRCUIT COURT

AT DALHOUSIE

McNeil Assault Case Thrown Out—True Bill Against Carr.

Dalhousie, N. B. Aug. 29.—The Restigouche Circuit Court was opened here this morning with Mr. Justice Barry, of Fredericton, presiding. T. C. L. Ketchum, of Woodstock, is court stenographer.

There were two criminal cases on the docket, and in one, that against a man named McNeil of Campbellton, who is charged with indecent assault, the grand jury found no bill; in the other case, against John Carr, charged with theft from a Canadian Mercantile Marine ship, a true bill was found and Friday next was named as trial date. There are a large number of civil cases on the docket and the trial of the first was to commence this afternoon. The court will probably be in session all this week.

CON. JOS. AHEARN

SEVERELY INJURED

Train Stopped Suddenly Throwing Conductor Full Length of Car.

Moncton, Aug. 29.—An accident of a rather unusual nature took place at Jacquet River early yesterday morning when Conductor Joseph Ahearn, of Williams street, this city, sustained an injured back and was otherwise badly shaken up.

It appears that the train came to such a sudden stop that Conductor Ahearn was thrown from one end of his van to the other resulting in severe injuries. The Maritime Express which was due to pass Jacquet River shortly after the accident was stopped and the injured man placed aboard and brought to the city, where he was met by the ambulance and conveyed to his home. From inquiries made at his residence late last evening it was learned that he was resting comfortably, but that the extent of his injuries would not be known until an X-ray examination had been made.

PAPER MILL FOR BATHURST

Bathurst Company Planning For Immediate Erection of Newsprint Mill

Bathurst, Aug. 25.—One of the most cheerful bits of news that has been given out for some time is the fact that the Bathurst Company Limited is starting the erection of a mill for the manufacture of newsprint in the future. In an interview with Angus McLean, general manager of the company, authorized the statement that preparations for construction of the new building necessary to house the machinery for the new mill are now being made, and that work is expected here any day now, and the construction will be undertaken.

VERSERS HAVE NO PLACE IN MODERN LIFE, SAYS POET

W. B. Yeats.
A poet deprecating his own wares in the position of W. B. Yeats, celebrated English versifier. Realistic literature and truth to fact not poetry and fancy, are the needs of the present generation in his belief. Yeats not only looks and dresses the part of a poet, but he has been accorded first place among modern writers of verse, yet he says there is no place in the modern world for poetry.

SUPERIOR GOES TO BATHURST

Rev. Fr. LeCouteur, Formerly of Halifax Takes Charge of Bathurst Seminary.

Rev. Father LeCouteur, for nine ideal spiritual father who did such ten years Superior of the Holy Heart Seminary on Quispou Road, leaves Halifax tomorrow for Bathurst, N. B., to take up his appointment as Superior of the Bathurst Seminary there. The kindly genial priest with the courtly manner of the French school, leaves his post in Halifax among Catholic young men for the priesthood, will leave behind him hosts and hosts of friends he has made there, not by any means confined to his own religious faith, and he will have the best wishes of them all for success in his new position.

Father LeCouteur came to Halifax from France about twenty-seven years ago and has labored hard and steadily in the interests of the Seminary of the Holy Heart, and it was there in 1912, that he celebrated the twenty-fifth anniversary of his ordination to the priesthood. To none has he been more beloved than the students and priest-graduates of the Seminary—Halifax Echo.

ROADS AND BRIDGE DAMAGE \$100,000

Whole Sections of Roadway Along Bay of Fundy are Carried Away In Recent Storm

Fredericton, Aug. 29.—Damage to provincial roads and bridges in New Brunswick as a result of the deluge of rain last Saturday was roughly estimated today at not less than \$100,000.

Hon. P. J. Veniot, Minister of Public Works, arrived here last night from Bathurst and he has been receiving reports all day today of conditions in the various counties of the province. He declined to make any estimate of the present flood damage at noon today, saying it was "yet too early to make an accurate estimate."

With a situation as the present is practically unprecedented in the history of this province," declared Hon. Mr. Veniot.

FATAL ACCIDENT AT ASHPILE

J. R. Cyr of Carleton Crushed By Falling Ashes—Dies in Few Minutes.

FATAL ACCIDENT
While at work at the C. N. R. ash pit here, leading a team with ashes, J. Romeo Cyr of Carleton, P. Q., a lad of about 18, was almost instantly killed about 4.15 on Tuesday afternoon when a large overhanging portion of the ash pile at which he was working, suddenly fell in crushing him beneath it.

At the time of the accident the material was being taken from a part of the pit, which owing to the deep excavation in the side resembled a sort of cave and it was this undermined portion that gave way crashing down upon the unfortunate youth a possible two tons weight, before he had time to escape.

Mr. J. I. Boudreau uncle of the deceased and in whose employ the young man was at the time of the tragedy, happened to be nearby and got into telephonic communication with doctors who immediately hastened to the scene. When the seriousness of the case was also called. Two doctors arrived in the course of a very few minutes but owing to the serious injuries the young man had received, and the medical assistance was futile, and he died about five minutes after the accident.

The deceased, who belonged to Carleton, for the last few years made his home here with his uncle, Mr. J. I. Boudreau of whose house he was a cheerful addition to the family, and where he will now be greatly missed.

The unfortunate young man leaves to mourn the loss of an affectionate son his parents, Mr. and Mrs. Andre Cyr of Carleton, P. Q.

OBITUARY.
David T. Johnston.

Chatham World: We are again called off to record the passing of a well known citizen, David T. Johnston, who died Friday, aged 74 years. He was the eldest son of Dr. James B. Johnston, who practised in Chatham more than sixty years ago.

Young man he was employed at the mercantile establishment of his brother-in-law, Adam D. Shireff, and afterwards was for some years bookkeeper for a shipping concern at Charlottetown, P. E. I. Of recent years Mr. Johnston followed the occupation of professional bookkeeper and was engaged as such in auditing and accounting at various towns in New Brunswick. Mr. Johnston married Miss Martha Benson and is survived by his widow and one son, Earl Harold, Moncton, as well as one brother, Charles of this town, and one sister, Mrs. A. D. Shireff of Seattle, Washington.

"The Bobby's Little Job."
"You are working too hard," said a policeman to a man who was drilling a hole in a safe at two o'clock in the morning.

"What's that?" asked the burglar.
"I say, you need arrest," replied the policeman.

Public Works Department Doing Much Good Work

Department's Reports Upon Work Accomplished Upon Our Roads and Bridges During the Present Season—Many Farmers Own Their Own Automobiles.

An interesting summary of the work which is being done at present by the Provincial Department of Public Works, with relation to the construction of permanent bridges, the repair and maintenance of the roads, along with some interesting sidelights on other phases of the work of this department, was given recently by Hon. P. J. Veniot, Minister of Public Works. Hon. Mr. Veniot expressed the conviction that if there is a continuance of Federal aid for road work for another five year term, every mile of the 1,650 miles of main trunk roads will be reconstructed up to the standard. With regard to the registration of automobiles, he expected that including automobiles and trucks, there would be 16,000 registrations by the end of October, had an interesting fact in connection with this is, that 60 per cent at least of these registered owners are in rural districts, whereas in 1917 only 10 per cent of the registrations were from the rural districts. Mr. Veniot justly considers this great increase of rural automobile owners largely to the improved condition of the roads.

In connection with the Rule of the Road proclamation, he said he could see no reason why the proclamation should be withdrawn because Nova Scotia had seen fit to "allow" the legislation passed in that province with regard to the "drive to the right." On the question of an additional automobile tax, he would give no guarantee that there would not be an additional tax for 1923.

Hon. Mr. Veniot who just returned yesterday from Grand Pre, where the Acadia people dedicated to the memory of their ancestors a beautiful monument, expressed himself as very much pleased to see the good feeling extended by the English people, and manifested by their attendance in large numbers at the dedication. Several of them were invited to speak, he said, and he felt that by the expressions of their good will they had laid the foundation for a better understanding between the French Acadians and the English speaking people of the Maritime Provinces. He mentioned the fact that there are 185,000 Acadians in the three provinces.

Bridges.
Asked concerning the permanent bridges at present under construction, the Minister gave the names of the different bridges so far as his memory could serve him, but he was unable to recall by memory to which of the different contracts had been awarded. It is interesting, and probably to many will be surprising, to note the number of bridges which are being constructed by the Provincial Government.

In Restigouche County there are being constructed, Richards West bridge and Finger Board bridge; in Gloucester, the Nigadoo, Bass River and Little River bridges in Northumberland, the Peter Bruce, Mill Cove and several smaller bridges of a permanent nature; in Westmorland, the Dunlop, and John Allen Aboldeau bridges; in Kings, Hammond River, Albert Hall and Warren Hall bridges;

In regard to the roads, Mr. Veniot said that the government was doing work on the main trunks under Federal aid in every County of the Province, and the most extensive work is being done in the following highways: St. John-St. Stephen; St. John-Fredrickton-Woodstock; Indian Reserve in Madawaska and north of Andover on the old Bathurst road and Bathurst to Chatham; on main trunks through Carleton Place and Tracadie village; the Indian Reserve in Restigouche County and north of Dalhousie Junction as well as in Queens, Kings, Albert and very important re-construction work from Moncton through Fox Creek Village for three miles, as well as re-construction of two miles linking up in all, somewhere in the vicinity of ninety miles of main trunk roads are being constructed and reconstructed, not including important work on secondary trunks and principal branch roads.

There has been spent on all classes of work \$1,200,000. For Federal road construction after the moment in Charlotte, the Bonaventure bridge, in Sunbury, the Mer-Quin bridge, carried away by freshet, is being replaced and the work shortly will be completed; in Kent the Giroud and Mackintosh Hill bridges, and tenders are being called for the east branch of St. Nicholas river and Brown Shipyard bridges. Besides the bridges mentioned above there are a number of smaller bridges being constructed under departmental organization. He said that contracts would be let for two more bridges today. He expected that the Newcastle Bridge would be ready for traffic within the next ten days.

The Roads.
In regard to the roads, Mr. Veniot said that the government was doing work on the main trunks under Federal aid in every County of the Province, and the most extensive work is being done in the following highways: St. John-St. Stephen; St. John-Fredrickton-Woodstock; Indian Reserve in Madawaska and north of Andover on the old Bathurst road and Bathurst to Chatham; on main trunks through Carleton Place and Tracadie village; the Indian Reserve in Restigouche County and north of Dalhousie Junction as well as in Queens, Kings, Albert and very important re-construction work from Moncton through Fox Creek Village for three miles, as well as re-construction of two miles linking up in all, somewhere in the vicinity of ninety miles of main trunk roads are being constructed and reconstructed, not including important work on secondary trunks and principal branch roads.

Mr. Veniot said that the automobile fund at the present time stands at about \$289,000, which is about \$13,000 above the total for last year. There are still two and a half months to run in this fiscal year, and while the estimate he made last winter was \$300,000 he fully expects to get that amount. These would be no additional automobile taxation for 1922, but he would give no guarantee that there would not be an additional tax for 1923.

Asked if the government had other public works in contemplation, the Minister replied that there were other works which would be taken on in the future, but he was not in a position at the present time to make any statement concerning them.

Automobiles.
Mr. Veniot said that the automobile fund at the present time stands at about \$289,000, which is about \$13,000 above the total for last year. There are still two and a half months to run in this fiscal year, and while the estimate he made last winter was \$300,000 he fully expects to get that amount. These would be no additional automobile taxation for 1922, but he would give no guarantee that there would not be an additional tax for 1923.

Asked if the government had other public works in contemplation, the Minister replied that there were other works which would be taken on in the future, but he was not in a position at the present time to make any statement concerning them.

CHAIRMAN WRITES APPRECIATION

Good Work of Ladies of Matapedia and District Greatly Appreciated by Board.

Campbellton, N. B., Aug. 28, 1922
To the Editor of The Graphic.

Sir:—
In your issue of last week, you stated the financial results of the Matapedia picnic held on the grounds of the Restigouche Salmon Club on August seventeenth last.

With your permission I desire to express on behalf of the Trustees of the Restigouche and Bay Chaleur Soldiers' Memorial Hospital our high appreciation of the splendid work that has been done, not only this year but last year as well, by Mrs. Percy Baker and her noble band of helpers from Matapedia and all the hamlets and countryside along the Restigouche on the Matapedia and Upsalquitch Rivers from Flatlands and westward therefrom. When every kindly contribution so liberally towards the success of this picnic, it would be very unwise to attempt to name all the districts or persons who are entitled to special mention and our thanks, but the major portion of the undertaking was accomplished by the industry, organization and enthusiasm of the ladies.

The gross receipts amounted to \$1,800.00 and of this total over \$1,200 was taken in on the day of the picnic. The other \$600.00 was contributed by donations sent in by various persons through the solicitation of the different members of the Committee. This result was only attained by the splendid leadership, careful organization, coupled with able and willing assistants working for an object that appealed to the hearts and sympathies of the people.

This substantial financial assistance is not only very welcome, but quite necessary if we are to carry on our Hospital work with success and meet our heavy obligations as they mature. Out of the freewill offerings of the people of the Restigouche and Bay Chaleur districts, we have built and equipped an hospital that is a source of pride and gratification to all our friends. We have a staff of nurses whose qualifications are on a plane with the very best in Canada and their work has been entirely satisfactory. The other members of our hospital staff are faithful and efficient.

Recently we have been compelled to purchase a building to house the hospital staff, so that more room may be provided for patients. We cannot stand still. To do this, we have had to incur further financial liabilities. We ask for the continued support of the public that we may carry on the work we have undertaken. The "Matapedia Picnic" is an example of what can be accomplished where there is leadership and co-operation.

Your faithfully,
H. F. McLATCHY
Chairman of Trustees.

FLAG DAY.
A Flag Day will be held Friday, Sept. 1st in aid of the new church at Atholville.

AMERICA WANTS SLICE OF CANADA

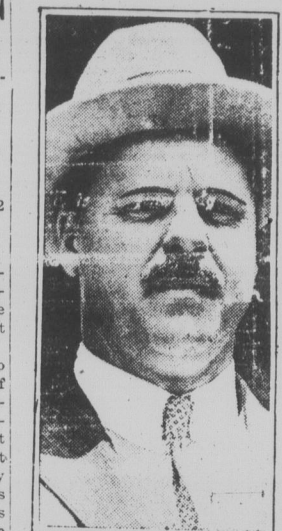

Representative MacGregor Asks For Cession of Great Lakes and the Niagara Peninsula

Washington, Aug. 16.—Still another United States legislator is out after a slice of the Dominion of Canada. Representative MacGregor, of New York, in the House yesterday.

Representative MacGregor is not at all selfish in making this proposal. On the contrary, he is altruistic. The shift of territory, he holds, is not designed to benefit Uncle Sam, but is for the purpose of assisting the slice of Canada that he proposes to remove to the southern side of the border.

After outlining his little plan for benefiting Canada and humanity Mr. MacGregor devoted the remainder of his speech to an attack on Great Britain based on the ill-fated note regarding international debts.

NEW ATTACHE AT BRITISH EMBASSY

Eric Buxton.
Eric Buxton, recently arrived commercial attaché at the British Embassy, is a diplomat of worldwide experience. He has served in France, Spain, Portugal, North Africa, Argentina and Uruguay.

SCOTTISH CURLERS COMING TO N. B.

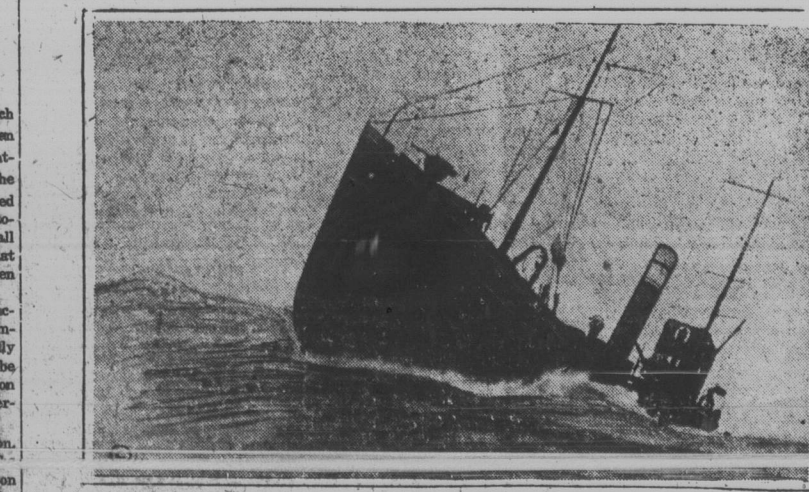

Will Land At Halifax Early in January and Later Come to Moncton.

Toronto, Aug. 28.—The Ontario itinerary of the Scottish curlers, who will visit Canada during the coming winter, has been arranged by the executive of the Ontario Curling Association. No dates have been fixed because the exact date of the arrival of the Scotsmen is not known. The expectation is that they will land at Halifax early in January.

After spending five days in Halifax the Scots will go to Moncton, N.B., Quebec and Montreal. Their first stop in Ontario will be at Kingston, where they play two days. They then go to Peterboro for one day; Owen Sound, one day; London, one day; Hamilton, two days; Galt, one day; Owen Sound, one day; London, one day; and Detroit, two days.

From Detroit the tourists will go to Chicago, St. Paul, Minneapolis and Winnipeg. Some of the rinks may go even further West in Canada. There will be thirty players, but the party probably will include about fifty people.

A GOOD CITIZEN.
You have said a lot about the fellow who causes two blades of grass to grow where one has grown, but what about the man who makes a mile of good road take the place of half a mile of hog wallow?

British steamer "Blue Sky," snapped just before it sank in the North sea with all hands. Disabled, the British steamer "Blue Sky" fought its way through the raging North sea for hours. Suddenly it was overtaken by a wave and the ship plunged beneath the waves stern foremost.

Late Summer Demands New Togs

By ELOISE.
Here are two attractive sweaters of broad of the ever-popular sweater the slip-on style. The one in the center is a charming style. The other is a dark brown wool sweater. It is suitable for many hours of wear. The one in the center is a dark brown wool sweater. It is suitable for many hours of wear. The one in the center is a dark brown wool sweater. It is suitable for many hours of wear.

lous to the opening of the season may do so by paying a fee stipulated by the Provincial Government.

CHEAP POTATOES.
Unless late blight, strikes in, which is not very probable under existing conditions, the potato crop in Kings county will be the largest for many years. Potatoes in this vicinity are at present bringing seventy-five cents a bushel, but it is thought when "potato digging time" comes, now not far distant, the ruling price in the field will be lower than for many years—Sussex Record.

FLAG DAY.
A Flag Day will be held Friday, Sept. 1st in aid of the new church at Atholville.

GOLDBERG-SMITH.
The marriage of Miss Jessie Smith, daughter of the late Capt. R. B. Smith and Clara Chisholm of New Carlisle, Can., to Albin John Goldberg, Minneapolis took place in Hibbing, Minnesota, Aug. 19th. The ceremony was performed by the Rev. Santella, pastor of the Presbyterian Church. The groom is one of the instructors in the Hibbing High School. After the ceremony the bride and groom left by auto for a trip to Ontario, Canada. They will be at home Sept. 1st, at 2917 First Ave., Hibbing, Minn.

LUKE-MURRAY.
The home of Mr. and Mrs. Michael Murray was the scene of a wedding on Thursday evening, Aug. 24th, when Miss Ethel Cathryn Murray was united in marriage to Mr. William Howard Luke of Bathurst. The ceremony was performed by Rev. W. Camp, B. D., in the presence of a few immediate friends. The many friends of Miss Murray wish her a very happy married life. Both Mr. and Mrs. Luke are deservedly popular young people. They will reside in Bathurst.

CHARLO.
Mrs. J. E. Cook left Friday morning to visit her parents, Mr. and Mrs. Chapman in Elmfield.

Mr. Roy MacLean of Campbellton spent a few days here with friends. Mrs. John T. Reid and Miss Dorothy Reid have returned to Campbellton.

Miss Florence Jamieson left for Bathurst Saturday morning to join Mr. and Mrs. Percy Branch on a motor trip.

Mrs. Robert MacNair and Mrs. George MacNair spent Wednesday in Campbellton.

Miss Nellie Jones of Dalhousie is the guest of her aunt, Miss Jenny MacLeod.

Miss Jenny MacLean entertained her pupils in music at her home on Thursday afternoon.

Mrs. Wm. Beaton was a visitor to Campbellton on Tuesday.

Mrs. George MacNair and daughter Violet and Ruth left Monday night for an extended trip to Ontario.

Mr. Jas. R. MacPherson and Miss Frances MacPherson were in Campbellton Tuesday attending the MacPherson-Murray wedding.

Mr. Bert Brown spent Wednesday in Campbellton.

The school reopened Monday the 28th with Mr. J. Gilbert Turner of Fredericton in the advanced department and Miss Bessie Cook in the junior department.

Miss Marjorie Adams has returned to her home in Campbellton.

PETER B. KYNE

This eminent Californian has an independent and assured place among American fiction writers. His popularity is immense and to the present day he occupies a position as an exponent of the West somewhat similar to Bret Harte's in the last generation. Millions have read "Cappy Ricks," "The Long Chance," and "The Valley of the Giants." In a later story, "Webster—Man's Man," his principal characters are Americans, but the most stirring incidents occur in one of those sleep-on-the-surface but fiery-underneath revolutionary Central America countries. You will have the pleasure of reading it as a serial in this paper. Be sure to get the opening installment.

BITUMINOUS COAL FOR CANADA FROM STATES

Washington, Aug. 24.—It was announced by officials of the Federal Fuel distribution organization that heavy allocations of bituminous coal have been made for Canada. This coal is to be shipped from Pennsylvania. No details as to the amount which is to be sent to the Dominion are available.

Adopted Snake, Frog and Mice—Keeps Them in Cages Made by Himself.

By Himself.

Serving a life sentence in St. Vincent de Paul penitentiary for murder of a fellow man is a felon with a strange idea of pets.

He has a snake, a frog and some mice, all kept in cages made by his own hands in the tinmith shop at the big penitentiary. He is considered by the authorities of the prison to be a man that can be trusted and daily picks his trade of a tinmith in the shop, fashioning bread boxes out of tin.

Not only does he fashion the bread boxes but he also does the painting on the exterior of the boxes, on which he inscribes scenes that linger in his memory of days before he was confined behind prison walls.

Among the large number of prisoners who are confined to the institution perhaps this man's case is the strangest. He has already served a number of years in the penitentiary.

Shortly after he was put to work in the tinmith shop he requested that he be supplied with a box of paint and some brushes. He conceived the idea of making fancy bread boxes. He also conceived the idea of painting them with his own designs. The designs he paints are for the greater part pastoral scenes, no doubt memories of his boyhood days when he was a free man.

He is now getting to be a worn old man.

Prisoners in the penal institution are allowed exercise every day. This man noticed a reptile one day in the yard of the jail. He picked it up and made a pet of the creature. Permission was granted him to keep it, as it was a non-poisonous species.

He fashioned a cage, made of the leavings from his daily work in the tinmith shop.

The next addition to his family was a frog. He found it croaking and hopping around the yard of the penitentiary, and after asking permission of the warden was allowed to add it to his collection.

He fashioned a cage, made of the leavings from his daily work in the tinmith shop.

HEAVY RAINS DO MUCH DAMAGE

Rivers Over Flow Banks and Much Damage Done in Southern Counties.

St. John, August 28.—Southern New Brunswick was deluged by torrential rains, which set in on Saturday. Since the storm moved over this province six inches of rain has fallen. In ten hours on Saturday night, 5.18 inches

fell in St. John, the greatest on record there. Miles of low lands in the suburbs are under water, and geese swam in the old Westmorland Road.

Lightning struck several buildings in various sections. The home of John Ross, at Morrisdale, near Westfield, was struck by a bolt on Saturday night and destroyed, the family escaping with difficulty. The Kennebecasis River in the vicinity of Bloomfield is out of its banks, heavy damage to farm lands ensuing.

While the southern section of the province suffered by Saturday's rain storm, the North Shore had little rain. At Campbellton Saturday and Sunday

were fine with a heavy shower only Saturday. Monday it rained heavily, but the rain was greatly needed.

SUCCESSFUL CONCERT.

A very successful musical concert was rendered by local talent in aid of the new convent school on Monday evening last at the Imperial Theatre. The interior of the building was very prettily decorated with bunting and potted plants and a fairly large and very appreciative audience attended the recital which was staged under the direction of Mr. and Mrs. J. B. Legere who are receiving congratulations on the success of the event.

Among those who took part very capably were: Miss Gallant of Montreal, Mrs. J. W. Howard and the Misses Ellen LeBlanc and Gertrude Corriar.

Miss Gallant's vocal selections received repeated encores while her recital work displayed exceptional merit. Mrs. Howard rendered a beautiful solo while the other two young ladies mentioned, sang a very pleasing duet.

The sale of candy and tea cream during the intermission was greeted with evident appreciation by those present and this item of the entertainment proved a lucrative one. The total proceeds amounted to \$150.00.

D. GOLDENBERG & CO. CLEARING SALE

An Absolute and Genuine Stock Reducing Event. Our stock is too large for the present amount of business. We must reduce our stock regardless of cost price. POTATO THIEF SHOT.

It is rumored that the police were this morning looking for a man of medium size who has an abnormal bulge on his hip. No, it's not hootch. Listen and we'll tell you.

For some time the owners of a fine field of potatoes, which is situated near the foot of the Sugarloaf, have been aware that some one has been making frequent nocturnal visits to the field and thereby furnishing his table with nice new potatoes. Last evening about dusk one of the owners of the potato patch, provided himself with a gun and went into ambush to lay the squid thief. The culprit made his accustomed call but instead of carrying off his usual burden of newly-dug potatoes he took with him, and in a rather precipitous manner a broadside of partridge shot which took effect, it is alleged by the defender

of the potato patch, somewhere in the vicinity of his hip pocket. Hence the abnormal bulge caused by a bandage—and the anxiety of the local authorities.

PERSONALS.

The Campbellton Tennis Club enjoyed a delightful dance on Friday evening last at the home of Mr. and Mrs. Rufus Martin.

Miss Flora Adams of Matapedia is visiting in New Richmond the guest of Misses Marjorie and Irene Lynd.

TO USE OIL BURNERS.

Detroit, Mich., Aug. 22.—Owing to the shortage of coal the Ford Motor Company's highland park plant has been equipped with oil burners, it was announced today. The change was made without loss of time to any of the 42,000 employees.

TRAYERS—CRASWELL.

The home of Mr. and Mrs. James A. Craswell at Pleasant Point near Matapedia was the scene of a pretty wedding on Wednesday evening, Aug. 30th at 8 o'clock, when their daughter Emily S. was united in marriage to Mr. Ivan E. Travers of Campbellton. The ceremony which was performed by the Rev. Mr. King of Matapedia, took place on the verandah of the house beneath an artistic arch of vines in the presence of relatives and a large number of invited friends. The bride, who was given away by her father, wore a becoming gown of duchess satin with shadow lace trimming and a bridal veil held with orange blossoms and carried a bouquet of opelia roses and maiden hair fern.

After the ceremony dainty refreshments were served. The bride's popularity was attested to by the many beautiful and costly gifts she received. The happy couple left this morning for a honeymoon trip through Nova Scotia and on their return will reside at Campbellton. The many friends of the popular young couple join heartily in wishing them a long and happy wedded life.

BASEBALL GAME

ON LABOR DAY

Labor Day, Monday, September 4th

promises an event which will be a

genuine treat for the baseball fans.

After many futile attempts to secure

a good team to play our local nine on

Labor Day, the management of the club

has completed arrangements with the

Mont Joli team and they will arrive on

the Maritime Monday morning and

meet our boys at 10.30 on the O'Leary

field diamond. In addition the local

band, now consisting of almost a score

of pieces, will be in attendance.

Without doubt this will be a great

game. Mont Joli has the strongest

team of any baseball club between

here and Lewis and anyone who likes

a snappy game of baseball will be

missing something really good if

they fail to be on hand. The exe-

cutive of the local club respectfully

solicits the co-operation of the fans in

making the occasion an all round suc-

cess. Tickets are now on sale.

COL. MERSEREAU Laid to Rest
Funeral at Doaktown Attended By Large Number of Citizens From All Points.

Colonel Geo. W. Mersereau was laid to rest on Tuesday by the banks of the Miramichi among the hills and dales he loved so well.
Never in the history of Doaktown has such a gathering taken place; the church, a distance of a mile, was literally covered with automobiles, carriages and foot passengers.
After a short service at the house the melancholy strains of the Dead March intimated that the last journey of our old friend and comrade had begun.

BABY'S OWN SOAP
Best for Baby Best for You
ALBERT SOAPS LIMITED - MONTREAL

Is Now a Healthy Boy
"From a puny, delicate child, my little Johnny has become a strong sturdy boy."

One mother writes:—"If you had seen my little Johnny four months ago and you were to see him today, you would never believe that he is the same boy. Then he weighed only 40 pounds. To-day he weighs 80 pounds, almost double what he weighed four months ago. His trouble first started with a cold, which we never noticed because he was strong and like all boys of his age occasionally caught cold. After a while we began to notice that his cough, instead of getting better, was getting worse, that he was looking pale and losing weight. He seemed to be tired all the time, had no energy to do anything. Before he caught this cold he had no trouble with his lessons and remained at the head of his class without much study. But we began to notice a change. He didn't seem to care whether he knew his lessons or not and nothing seemed to interest him. He coughed so much and so hard at times that his face would become purple and we thought he would surely burst a blood vessel. Medicines and cough mixtures didn't do him any good. Finally, in desperation and as a last resort, we tried Carnol. In a short time his cough had almost disappeared. His appetite was returning and he was beginning to take an interest in his studies. And, thanks to Carnol, he has become as strong and healthy as he has ever been."

Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it has not done you any good, return the empty bottle and he will refund your money.

DOUGLASTOWN.
It has been learned from ecclesiastical authority that the diocese of Rimouski has been divided and a new diocese bearing the name of Gaspé with the seat in Gaspé Basin, has been organized. The new diocese will extend from Cap Chat to Matapédia and Rev. Mgr. Langlois of Laval University, Montreal, is expected to be appointed as the new bishop.

Miss Elizabeth Gaul returned home recently from Cap Chat to Matapédia for a few weeks. She is the guest of her parents, Mr. and Mrs. John Brand.

Mr. and Mrs. Ambrose Mulrooney are receiving the congratulations of their friends on the arrival of a baby daughter at their home last week. Miss Ellen Brand of Cap Chat, Quebec, was a passenger on the S. S. Gaspé which docked here early on Saturday morning. She is the guest of her parents, Mr. and Mrs. John Brand.

Mr. Michael Kennedy and Miss Lillian Carberry, accompanied by Mrs. Lillian Carberry, were visitors to Madeline last week.

Mr. Birks of Halifax, N. S., motored here last week on a business trip in connection with the fisheries. We regret very much to announce the death of Rev. Father Mortimer L. Shea, the zealous pastor of St. Aloy's Church, Montreal, whose death took place at the Hotel Dieu Hospital, in that city on Thursday, Aug. 10th, after a prolonged illness. Rev. Fr. Shea is known by some of our parishioners who have spent some time in Montreal.

Mr. and Mrs. Gordon T. Kennedy of Campbellton, N. B., spent the weekend here as the guest of Mr. and Mrs. David Kennedy.

Mr. and Mrs. Leo Lacovier and a party, of friends all of Gaspé Harbour motored here on Sunday morning for the funeral of their late comrade.

CHANDLER.
The field day organized by the Chandler Athletic Club, and which took place on their grounds Sunday the 29th inst was decidedly a success for all concerned.
There was a large crowd on the field, the weather being perfect for the sports. The entries in the events were numerous, and the decisions were closely contested.
Sharp at two o'clock the opening event, baseball game, Bonaventure vs. the Chandler Athletic Club's team the C. A. C. The visitors made a very good showing the first few innings but were unable to stand against the superior playing of the champions of the town league. The final score was twelve to seven in favor of the C. A. C. team.

The following is the list of events and winners:
100 Yard for Boys under 16—1st, C. Beaulieu; 2nd, Ray, Rebel.
100 yards for Girls under 16—1st, Miss M. Cabana; 2nd, Miss L. Lebevre.
100 yards for Children under 10—1st, M. Poirier; 2nd, E. Comeau.
Half Mile Open—1st, J. Fleishmann; 2nd, S. Nadler.
Wharrior Race—1st, F. Sutton; 2nd, A. LeGace.
1 Mile Open—1st, J. Duguay; 2nd, Ant. Cornier.
Tug of War—Eight men on each side, Bonaventure vs. Chandler, Bonaventure.

VESSEL COMPLETE LOSS.

Quebec, Aug. 24.—The salvage steamer Lord Strathcona, which went to the aid of the British cruiser Raleigh, on the rocks at Point Amour, on the Labrador coast, is enroute for Quebec. It is considered that the vessel will be a complete loss.

Running Jump—1st, J. Fleishmann; 2nd, S. Nadler.

Miss Mary Coleman has returned from a visit to Campbellton where she was the guest of Mr. and Mrs. John Collier.

Mr. William Gallop, accompanied by Mrs. Albert Gallop and Mrs. R. J. Coleman, motored to Campbellton on Thursday.

The Dalhousie Superior School reopened on Monday for the fall term, with the personnel of the teaching staff the same as that of last year: George E. Scott, principal, and Miss Mary Farrell, Miss Gertrude Kelly and Miss Emma Harquail, assistants. The primary department is overcrowded.

Murray McKay was a visitor to Campbellton last week.
Mrs. Albert McFarlane of Campbellton, is the guest of Mr. and Mrs. Albert Gallop.
Mrs. W. M. Hamilton and Miss Jennie McLean of Charlott, are visiting Mrs. L. D. Jones.

Mr. and Mrs. Fred Gallop, of Fredericton, are spending a few days with Mr. and Mrs. Edgar Shirley.
James A. Miller, having successfully passed his examinations, will enter the Normal School, Fredericton, next Monday.

The following guests registered recently at the Queen Hotel: W. H. Whalen, Grand Arme; W. L. Oullette, B. O. Bates, J. Woodworth, Campbellton; P. W. Lynd, New Richmond.

Cause of Low Apple Yield.
When whole orchards are planted to one kind of apples the fruit is often disappointing. The cause of the low yield and the inferior fruit is, says a recent scientific authority, the same as that of deterioration among animals; namely, inbreeding. Investigations carried on in many orchards under varying climatic conditions show that "self-sterility" is more common in any given variety of apples than in self-fertility. Blossoms should be fertilized with pollen from other varieties if the fruit is to attain its maximum size, shape, quality and color.

Advent of the Piano.
To deliver in musical history "The Bazaar's Opera" is interesting because it fixes the date of the first use in public of the piano. At a performance in 1747 it was announced that a Miss Buckler would sing a song from "Judith," accompanied on a new instrument called the pianoforte, a novelty that was a strong drawing card.

Steel That Will Not Rust.
Rust has always been the great enemy of steel. But now a new steel can now be produced in quantities and at a normal cost means, if correct, that the metal will be used for many new purposes.

A man's chew!
Where steady nerves count
Under the most trying conditions men always choose KING GEORGE'S NAVY CHEWING. Its big plugs of moist, tough, full flavored tobacco never fail to satisfy—that's the reason. Sold everywhere—2 big plugs for 25c. Some value! Some tobacco!

King George's Navy CHEWING TOBACCO
Rockley Tobacco Co.

COUNTERFEITERS OF WHISKEY LABELS ARE ARRESTED

Pittsburgh, Pa., Aug. 25.—A printing plant which has been flooding the country with fake whiskey labels has been uncovered here, its operators taken into custody and counterfeit stamps whose face value is estimated at \$250,000 seized.

According to secret service operatives the seizure on the plant of the Golden Rod Printing Company unearthed the greatest revenue stamp at the counterfeit plot in the history of the United States.

The operatives say that this plant netted with the plot has not yet been the source of most of the disclosed, but officers say he is im-

plicated. The prisoners were turned over to federal officials and released under \$5,000 bond each.
Federal agents say the seizure of the plant has ended a three-year search. The plant, they said, was one of the most complete counterfeit outfits they ever saw.
In his statement, Zaslav said the stamps and labels were distributed in the main by mail in counterfeit Treasury Department envelopes, which were also turned out at the plant. The stamps were sold for \$60 a hundred, he said.

Subscribe for the Graphic, \$2.00 per year; to the United States \$2.50.

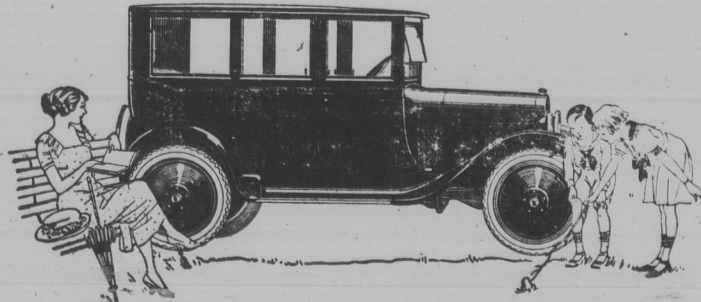

RODGE BROTHERS SEDAN

The car's usefulness is admirably in keeping with its innate goodness.

In summer it protects you from heat; in winter it protects you from cold. Day in and day out it insures you against expensive upkeep and repair costs.

Recent improvements have greatly increased its sturdiness and the trim beauty of its body lines.

The Price is \$335.00 delivered.
C. GORDON ANSLOW & CO.
CAMPBELLTON, N. B.

5 REASONS WHY
The grade of Imperial Polarine Motor Oils recommended for your car—
(1) Saves friction and wear
(2) Increases power
(3) Lowers Gasoline costs
(4) Reduces depreciation
(5) Gives more lubrication per dollar
Consult the Imperial Chart—the guide to proper lubrication.
IMPERIAL OIL LIMITED
Manufacturers and Marketers of Imperial Polarine Motor Oils and Marked in Canada of Gargyle Mobil.

IMPERIAL Polarine MOTOR OILS
