

ALL ABOUT IT.

Account of Mr. Tracy's Appointment as City Engineer of Vancouver, B.C.

The following reference to the appointment of Mr. Thomas Tracy, of this city, to the position of city engineer for Vancouver, B.C., is taken from the News-Advertiser of that city.

Four applications were read from those: H. Parr, late city engineer of Winnipeg; Charles E. Smith, C.E.; Fred J. L. Tyler, C.E., engineer for Sumas Dyking Company, and from J. J. Blake on behalf of Thos. H. Tracy, of London. An application had also been received from Henry Rattan, of Winnipeg, but he had withdrawn it by telegraph.

Mr. Blake's letter was as follows: To the Mayor and Aldermen of the City of Vancouver.

GENTLEMEN—I am instructed by telegraph from Thos. H. Tracy, Esq., of the city of London, Ontario, to apply in his name for the position of city engineer of Vancouver.

Mr. Tracy had not time to make an application or to forward his testimonials. However, these latter were in the hands of the council of last year, and will no doubt be remembered by the members of this council who were present at that time.

Mr. Tracy has been engineer of the city of London for seventeen years, and is about 45 years of age. He planned and constructed a system of waterworks for the city in A.D. 1875, and has had charge of the system ever since. The sum expended in construction and extension was about \$600,000, and great satisfaction is expressed at the manner in which the work was done.

Since constructing the London system Mr. Tracy has been consulting engineer in other cities and towns of Western Ontario which were placed in water systems. Mr. Tracy also takes as sanitary engineer of sewerage for the city of London, Ontario, and has been in charge of the system for about 15 years. He has been in charge of the system for about 15 years.

Mr. Tracy is also an expert surveyor. He has laid down in London, Ontario, a complete system of sewerage for the city, and has been in charge of the system for about 15 years. He has been in charge of the system for about 15 years.

The salary required by Mr. Tracy is \$255 per month. He is a native of the Canadian month. He is a native of the Canadian month. He is a native of the Canadian month.

Mr. Tracy is also an expert surveyor. He has laid down in London, Ontario, a complete system of sewerage for the city, and has been in charge of the system for about 15 years. He has been in charge of the system for about 15 years.

Mr. Tracy is also an expert surveyor. He has laid down in London, Ontario, a complete system of sewerage for the city, and has been in charge of the system for about 15 years. He has been in charge of the system for about 15 years.

NURSE GRADUATES

Receive Their Medals and Diplomas at the Hospital.

The City Hospital, thanks to the decorative taste and skill of its efficient staff of nurses, was made to assume its most cheerful face last evening. "We don't graduate every day," was the way in which the nurses expressed themselves, and from the appearance of the hospital it was evident that they intended to make the most of that very pleasant time.

Immediately on entering the main hall the visitor was refreshed with the fragrance of countless bouquets which adorned the tables and stands in the several rooms. It was all because four of the nurses were graduating and were to be presented with their medals and certificates. Many a delighted visitor envied them their happiness.

It was so apparent—their happiness. It included the entire staff, and a pretty picture they made in the modest but neatly fitted uniforms and caps as they gathered in the new ward to share in their companions' pleasure.

When Chairman Col. Lewis, of the Hospital Trust, sought to bring the gathering to order there was not a vacant chair in the new apartment. Among those who occupied prominent seats near the chairman were Aldermen Taylor, Gathorne, James Fitzgerald, Skinner and P. J. Fitzgerald, Mr. J. H. Flock, Doctors Eccles, Flock, Arnold, Kennedy, Murray, McCallum, Superintendent Balfour, Rev. Canon Smith, Rev. James H. Ballantyne and Hospital Trustee Fardon.

The graduates were then asked to step forward. They were Misses Bella Leslie, Frank Buchanan, Jennie Lind and Carrie Watkins, and each wore a magnificent bouquet of roses. Their certificates came first on the bill of fare, being presented respectively by Doctors Eccles, Flock, Arnold and McCallum.

Following this the handsome gold medals donated by the hospital trustees were presented by Trustee Fardon, Rev. J. Ballantyne, Rev. Canon Smith and Superintendent Balfour. The speeches by the gentlemen presenting the certificates and medals were all appropriate and kindly.

Each of the speakers trying to outdo the preceding one in framing complimentary sentences. As the several certificates and medals were presented the accompanying round of applause that was each time associated with the proceedings spoke clearly of the appreciation in which the recipient was held by her associates. The proceedings in the ward were terminated by Col. Lewis, who presented each of the graduates with a handsome Bible.

The visitors were then ushered into the dining room, where an excellent supper was served by the nurses. When all had been entertained in this manner the things were cleared away and a pleasant hour was spent in social enjoyment, the programme being supplemented by recitations from Dr. Flock and comic songs by Bert Leys. The company dispersed at the small hours of morning.

Bygiene and Sanitation. Our Canadian doctors should always interest themselves in every branch of practical hygiene and sanitation. Their education should fit them for considering the best means of promoting health and to warn against all things which have a tendency to destroy it. To-day few physicians who visit families in their charge, ever look into or examine the conditions which surround those families, whether or not they tend to health or disease.

It is to be regretted that the great subjects of hygiene and sanitation are so much neglected in our large centers of population. Seeing that this is the case we must guard ourselves and families from the malarial, ellavias and contagion which surround us every day. Our health should be in a constant state of readiness to meet any sudden transition from warmth to extreme cold, with piercing, chilling wind; from dry to sloppy, "muggy" weather, all combine to make the season most trying one, even to the hardiest constitution, while to those with weak constitutions the season is one of positive danger.

Undoubtedly the greatest danger at this season of the year is from cold in the head, which very few escape, and which, if not promptly and thoroughly treated, develops into catarrh, with all its disagreeable and loathsome effects. Catarrh, neglected, almost as certainly develops into consumption, annually destroying thousands of lives. At this trying season no household should be without a bottle of Nasal Balm. In cases of cold in the head it gives almost instant relief and effects a speedy cure, thus preventing the development of catarrh. Where the latter disease has already secured a hold it is equally efficacious, and with persistent use will cure the worst case. From the outset it sweetens the breath, stops the nauseous droppings into the throat and lungs, dispels those dull headaches that afflict the sufferer from catarrh. Nasal Balm is not advertised as a cure-all—it is an honest remedy which never fails to cure cold in the head or catarrh when the directions are faithfully followed, and thousands throughout the country have reason to bless its discovery. Nasal Balm may be had from all dealers, or will be sent post-paid on receipt of price (50 cents, small, or \$1, large size bottle), by addressing Fulford & Co., Brockville, Ont.

Thousands of Lives Lost. Poets and novelists go into ecstasies over what they romantically call "beautiful spring" and "gentle spring," and while, no doubt, everyone is glad to see winter release its icy grasp, "beautiful spring" is not, after all, one of the most deadly seasons of the year. Sudden transitions from warmth to extreme cold, with piercing, chilling wind; from dry to sloppy, "muggy" weather, all combine to make the season most trying one, even to the hardiest constitution, while to those with weak constitutions the season is one of positive danger.

Undoubtedly the greatest danger at this season of the year is from cold in the head, which very few escape, and which, if not promptly and thoroughly treated, develops into catarrh, with all its disagreeable and loathsome effects. RAILWAY RUMBLINGS.

The C. P. R.'s New York Connection—Extraneous—Extraneous—Extraneous.

Beginning next week the Manitoba and Northwestern Railway Company will run through express trains from Winnipeg to Yorkton three times a week.

The Lake Shore talks seriously of removing its terminals on the eastern division from Erie to Westfield, N. Y.

The positions of trainmaster and general baggage agent on the Cincinnati, Wabash and Michigan road have been abolished.

It is reported that the Grand Trunk Railway work shops will be removed from Belleville and Brockville and concentrated at Kingston.

The New York Central has made another reduction in its commutation rates at New York. The average rate on monthly tickets between New York and White Plains is reduced from 12 to 10 cents.

Mr. Van Horne has wired Brantford that the recent deals of the C. P. R. in the States will not affect the construction of the road through from Woodstock.

The Lake Erie and Western will send all its live stock traffic east over the Erie, which still hauls private cars. The business is turned over to the Erie & Lake.

The Chicago, Burlington and Quincy February statement, including all controlled roads, shows gross earnings, \$2,237,904; decrease, \$351,500; deficit after deducting operating expenses and one-twelfth of annual charges (estimated for 1891) \$184,479; increase, \$200,000.

The Kansas City, Fort Scott and Memphis road, with its 1,000 miles of line, has been in active operation for over twenty years, and, its officials say, a passenger has never been killed on the system.

It is officially announced that the agreement made between the Canadian Pacific and the New York Central for the use of the latter company's tracks and terminals relative to freight traffic only, no arrangement for passenger service having been made.

F. W. Connors, a conductor on the Susquehanna division of the Erie, claims that in twelve years spent as a brakeman he made the biggest time on record on that road, 4,799 days, or an average of over 398 days per year.

Grand Trunk Railway return of traffic for the week ending March 28, 1891: Passenger train earnings, 1891, \$125,608; 1890, \$113,009; freight train earnings, 1891, \$235,235; 1890, \$230,296; total, 1891, \$360,843; 1890, \$343,305; increase, 1891, \$17,538.

It has been ascertained that shortly before the late general election in Canada, the proprietors of the Temiscouata Railway tried to make arrangements by which the Short Line Railway from Fredericton to Moncton should be built by the Government and connected with their road, while the line was run through train service to Halifax. The agreement was submitted to Sir John Macdonald, who said the Government could not undertake to carry out the conditions.

Children Cry for Pitcher's Castoria. An Eye-Opener for Connoisseurs and Others on Imported Cigars. As it well known to all tobacco smokers that the Yucata Abojo district is conceded to be the finest on the Island of Cuba, and that no other tobacco is equal in quality or command as high prices in the market, we wish to inform the connoisseurs of imported Havana cigars that seven-eighths of the imported cigars brought into the country are not of Yucata Abojo tobacco. In order to convince the public that we are sincere in what we state, we will pay to the charitable institutions of this city the sum of \$1,000 our statement can be disproved. We will also forfeit for the same purpose a like sum if our La Cadena brand of clear Havana cigars is not manufactured exclusively of Yucata Abojo tobacco. S. Davis & Sons, Montreal.

Mrs. James Dix, Brock street, Kingston, Ont., says: "I suffered with an indurated throat and had cough for seven months, was treated by physicians without success, when six doses of Miller's Emulsion of Cod Liver Oil cured me. It is as palatable as cream. For sale by all druggists."

Children's Portraiture.—Frank Cooper's portraits of children are greatly admired. If there is one department in our profession we have got down finer than the others it is the portraiture of children of all ages, the lively boys and girls just entering their teens. The children! Yes; bring the children, singly or bring them in groups. F. Cooper, artist, photographer, Duns street, near Richmond.

Sewing machines of all kinds repaired, umbrellas mended with dispatch, saws and cutlery sharpened. T. P. COMBE, 383, Talbot street.

NEW CARPETS!

JOHN KAY, SON & CO.

The Carpet and Furnishing Warehouse of the Dominion.

This season's importations excel anything heretofore exhibited. They are on such a colossal scale, almost sufficient to meet the wants of the entire country, with prices that cannot be beaten. One feature—not only in the carpet, but other departments—is that the greater portion of the styles and class of goods are not to be found anywhere else in Ontario. They comprise:

TEMPLETON'S VICTORIAN AXMINSTER CARPETS, which cannot be imitated in inferior goods. Also their Parquet Squares, now so much in demand. Sizes, 6.0x9.0, 7.0x10.6, 9.0x12.0, 10.6x12.0 and 12.0x15.0 feet.

THE MOSAIC VELVET CARPET, which with 7-8th border makes the carpet 14 feet 3 inches wide, and can be made any length. It is practically in one piece, showing no lumpy seams. Solid colors in New Blue, Terra Cotta and Gold.

PATENT AND ROYAL AXMINSTERS, WILTONS AND VELVETS—Our stock in these goods is so well known that it is needless to say much, except that we have excelled ourselves. We have had 4-4 stairs made to match hall carpets.

BRUSSELS CARPETS—We find it difficult, owing to the immense quantity coming in, to place the goods in stock. So in order to make room we have reduced all patterns of which we have only two pieces and under to \$1 and \$1 10 cash. Some of these are our extra quality at \$1 35 per yard.

In the Spring
Take Hood's
SARSAPARILLA.

For a good spring medicine we confidently recommend Hood's Sarsaparilla. By its use the blood is purified, enriched and vitalized, Scrofula and all other humors are expelled, that tired feeling is entirely overcome, and the whole body given strength and vigor. The appetite is restored and sharpened, the digestive organs are toned, and the liver invigorated. Those who have never tried

Hood's Sarsaparilla
The Spring Medicine

Nothing but recognized merit, assisted by skillful, original and honest advertising, has given Hood's Sarsaparilla the largest sale and made it the medicine first in the confidence of our countrymen.

"I have been troubled for many years with violent headache. Hood's Sarsaparilla did me so much good that I am almost wholly cured. I earnestly recommend it to all who suffer with headache." Mrs. E. SARGENT, Gates Avenue, Brooklyn, N. Y.

Hood's Sarsaparilla
Purifies the Blood

"For years at irregular intervals in all seasons, I suffered the intolerable burning and itching of blood poisoning by it. It would break out on my legs, in my throat and eyes. Last spring I took Hood's Sarsaparilla, as a blood purifier, with no thought of it as a special remedy for my poisoning, but it has effected a permanent and thorough cure." CALVIN T. SHUTE, Westworth, N. H.

Hood's Sarsaparilla
Makes the Weak Strong

Hood's Sarsaparilla is sold by druggists, \$1; six for \$5. Prepared by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

A CRICKET CONUNDRUM.
What Are London's Willows? Wielders Going To Do?

Baseball, Golf, Turf and Other Sporting News.

CRICKET.
The other day in Melbourne a lady cricketer was observed to play with remarkable dash and vigor. Unfortunately a perfidious wind blew her cap off, and with her cap floating mass of curls. She turned out to be a medical student of the masculine order.

"Will Londoners take a more active interest than heretofore in cricket?" was the question put by the ADVERTISER sporting editor to a well-known veteran of the game. "Yes! I am positive that the coming season will see the cricket clubs stronger than ever."

Mr. A. A. Booker's scheme for a trip around Lake Erie will come up again in the London Cricket Club, and a team should be got together that will make things warm for Detroit, Cleveland, Erie, Buffalo, Toronto and Hamilton. The idea is a good one, and would have been acted on last year had it been broached early enough.

THE TURF.
The Connecticut trotter Hyias Boy has been sold in San Francisco for \$10,000.

ATHLETICS.
Charles Blatt, the champion horsehoe breaker, has accepted a challenge from Montclair, the French champion, to break from 10 to 20 horseshoes with his hands for \$1,000.

Patsy Kerrigan, of Boston, and Tom McManus fought at Hot Springs for \$2,000 and 50 per cent. of the receipts, which amounted to \$3,000. Four ounces gloves were used, and Kerrigan won easily, knocking out McManus in the ninth round.

Dick Barker, seven feet high, the Queensland giant who Australians thought was drilling might be able to whip John L. Sullivan, fought his first go last month with Jack Perry, a man 11 inches shorter, but good at his weight. Barker won easily.

A young Scotch athlete, who is to make his appearance at some of the principal Scotch gatherings this summer, is expected to rival the feats of Donald Dinnie. He comes from the same county as that famous athlete, namely, Aberdeen, and is a finely

ONTARIO LEGISLATURE.

The Budget Debate Ends Without a Division.

Hon. A. S. Hardy Replies to Hon. Mr. Meredith in Lively Style.

Toronto, April 2.—The long debate on the budget has ended. Though the Opposition indulged in much criticism it did not challenge a division on the policy of the Administration.

A bill to incorporate the town of Mimico, in the county of York, was read a first and second time.

The following petitions were read: By Mr. MacKenzie, Lambton—From the Sarnia and Lambton Southern Railway Company, asking for an extension of time under which to commence work, charter expiring this year. The petition says: "It is believed arrangements will shortly be made to enable your petitioners' company to proceed with the construction of the said railway."

By Mr. Clarke, Wellington—From the township of Nichol, against the request of the county of Wellington for power to alter the boundaries of the township, to be taken by the Government side rise to answer. It was evident, however, that the Ministerialists were weary of the debate and ready to vote. Seeing that there was to be no speaking on the other side, the Opposition turned their attention to Mr. Metcalfe, who was evidently expected to rise. There was a round of applause as Mr. Metcalfe stood up. He responded with humorous effect some of the phrases of the race track and prize ring, and gave praise to most of the members of the Government who he faulted with very few.

His principal argument was that Ontario's educational system of the Province was too much of the nature of a hot-house, forcing too quickly the growth of intellect in the children.

Mr. Meredith, finding no member on the Government wishing to speak, rose to answer. He was applauded by his followers, and spoke with vigor. He contended that the debate had shown the surplus to be not saved revenue, but assets coming to the hands of the Government as custodians of the wealth of the Province.

The increase of license fees, it had been shown, was not made to advance temperance, but to increase revenue. He ridiculed the statement made by Mr. Charlton last night on the authority of the Dominion Government that the timber of the Province would last seven years. It was no answer to say that the Ontario Government managed its resources better than the Dominion. He referred to Mr. Ross' statement last night that the members of the Opposition were gloomy and pessimistic about the position of the Province, and retorted the same spirit in reference to the Dominion. He declared it was the chief fault of that party and the chief barrier to their progress in the confidence of the whole people that they had not faith in the people or the country. He thought it a pity that by keeping the incurables in the present asylums they were kept out of which might be cured if admitted to medical treatment in good time. He gave his own cordial support to the interests of education, but insisted not the less that there was a feeling in the country that too much money was given to the high schools comparing it with the amount given to the primary schools. He admitted that in view of the magnitude of his task and the serious character of his responsibilities the Minister of Education deserved the sympathy and support of all the members of the House, and assured him that so long as he performed his duties in the interest of education he would have the cordial support of the members of the Opposition.

He declared that the Opposition wished to abolish the subsidy system, as suggested by Mr. H. E. Clarke, but thought it would have been better had no Dominion been mentioned. He declared he was agreed to. The House ought to be told what the Government proposed to do in reference to getting a larger subsidy from the Dominion. "In my judgment," said Mr. Meredith, "the expenditure has reached a point which was on both sides will think it ought not to exceed, and any attempt to add a large sum of money against the interest of the whole Dominion, and especially of the Province of Ontario, which is the largest taxpayer, and I think it is of the utmost importance that the people of this Province should know whether gentlemen opposite are going to demand increase in the subsidies. A gentleman whose opinions they received with respect had told gentlemen opposite that

the large expenditure of the Dominion stood in the way of carrying out their policy in Dominion matters, and yet apparently he challenged the Attorney-General to make a plain statement on this subject, and expressed the hope that this debate would not close without some explanation being made.

Hon. A. S. Hardy rose to reply. He ridiculed the idea that the Government had ever pretended that it had continued the identical investments made by the Sanfield Macdonald Government, or had carried out the policy of the late Government. He declared that the Administration left in the treasury, the contentions simply was that over and above the liabilities of the Province there was a large surplus, as shown each year by the treasury. Mr. Campbell had complained of the amount spent for colonization roads, yet wanted more money spent in Algoma. Economy, like charity, in his case, did not begin at home.

Mr. McCleary had ventured to prophesy regarding the future of our public schools. But Mr. McCleary had said he (Mr. Hardy) was in Welland county and had made certain statements in last election campaign. As a matter of fact, he was not in the county and had not made anywhere the speech referred to. "When he deals in this fashion with facts which he claims to be within his own knowledge," said the Commissioner, "what are we to expect when we turn him loose in prophecy?"

Mr. Clarke, the deputy Opposition leader, had advocated direct taxation, despite his leader's denial. Mr. Hardy quoted Mr. Clarke, as reported in the Empire:

"Instead of joining with other Provinces in asking for any increase at the present time, I should much rather see Ontario joining a league to go away with the subsidies altogether, and allow each province to find the money to meet its own requirements."

"Where is it to find the money?" queried the Commissioner. "What! ingenious theory does the honorable gentleman suggest if not direct taxation? The honorable leader kept out of the last contest while this question was being discussed. Perhaps they have whispered together about this matter. Perhaps the leader is not prepared to announce himself for direct taxation, but if the subsidy is given up, how, in the name of all that is reasonable, are you going to get your money? I am not afraid of direct taxation if necessary." "Ah!" put in Mr. Meredith, "I am not afraid of direct taxation if it is necessary," repeated the Commissioner, "but I am not so much in love with taxation as you are when it is not necessary."

Outside of the nursery if any you will not hear it said that direct taxation is better than no taxation. (Applause.) But gentlemen opposite referred to subsidies which the only people who love taxation for its own sake."

Mr. Meredith.—The abolition of the subsidies would mean a reduction in taxation. Mr. Hardy.—Why then did the Dominion Government take last year \$4,000,000 more than they needed? Is there any man outside of those buildings, who believes that the Dominion Government would abate taxation if we gave up to them this \$1,225,000 we now receive as a subsidy? (Applause.) The subsidies were based on the idea of the Province receiving 20 per cent. of the taxation, but since Confederation taxation had risen so in excess that the subsidies now represent only 11 per cent. of the taxation. As showing how the money was spent he referred to the returns showing the Dominion railway subsidies and ridiculed the idea of spending the money of the whole people on many of the small local roads there named on the plea that they were "for the general advantage of Canada."

Referring to Mr. Meredith's allegation that the Government had admitted that the increase in liquor license fees was not to promote temperance, but to promote revenue, he reminded the House that the Attorney-General's statement was that it was not only to promote temperance, but to increase revenue. In conclusion Mr. Hardy vigorously defended the timber policy of the Government.

The sale of timber in the Rainy River district had taken place because it was necessary to provide timber for the local mills, or 1,500 persons would have been thrown into the wilderness.

Mr. Hardy's speech finished the debate, and the House went into Committee of Supply.

After recess the bill to increase the efficiency of the local courts of York county received its third reading, being the first bill to pass the House this session. The bill to amend the University Federation Act, and that to amend the act respecting dentistry, both of which have been previously explained, were read the second time. Mr. Ross proposed then to go on with the High Schools Consolidation and Amendment Bill, but Mr. Meredith protested, the House not being well attended, and the measure requiring discussion. In vain did Mr. Ross explain that he wanted a discussion now, the committee stage to be taken in a week, when the debate could be gone carefully into and then further delay allowed. The bill to amend the law respecting barristers and solicitors was read the second time, and then, failing anything else, the Government called for Committee of Supply again, and the estimates were gone on with.

When the vote under the head of immigration was reached Mr. Meredith asked for an explanation of the increase from \$5,800 to \$10,000. Mr. Dryden replied that a special effort was being made, as had during the afternoon been explained by the Commissioner of Crown Lands, to induce settlers to the Rainy River district. That was the reason of the increase.

Mr. Harcourt called the attention of the members to the fact that while the amount to be spent by the Province on immigration was \$10,000, the amount expended by the Dominion last year was \$110,000. The House adjourned at 9:40.

AFTER THIRTEEN YEARS.

A Father Recovers His Child Who Was Stolen by her Nurse.

SPRINGFIELD, Ohio, April 3.—The daughter of William Foster, a wealthy citizen of Chicago, has been restored to her father, who for thirteen years had mourned her as dead. Thirteen years ago Mr. Foster lived in Indianapolis with his wife and a lovely daughter of three years. A woman who was employed as housekeeper and nurse conceived a strong love for the little girl and seemed to care for her as her own. One day both child and nurse were missing. The parents notified the police and a long search was instituted, but nothing came of it.

The mother died of grief soon after her child's disappearance. The husband drifted to Chicago. Not long ago he received an anonymous communication which put him on the track of his lost child. The baby had been abandoned by the nurse near Sonoma, Ohio, who gave her to a rich farmer of Fostoria named Reynolds, who brought her up as his own child.

There Mr. Foster found her. It is supposed that the nurse became conscience-stricken and wrote the note which gave Mr. Foster the clue.

In a suit at Chicago Thursday, Judge Alford held that a wife could maintain a civil suit against her husband. The question is one that has never before been raised in an Illinois court.

Powell's Great Bankrupt Sale

A Wonderful Sixteen Days it has been since Powell's Great Bankrupt Sale Commenced.

Thousands of buyers have emptied their purses, and these thousands of buyers are almost continually talking to their friends and neighbors about the extraordinary bargains that are yet to be had at Powell's Great Bankrupt Sale. The reason why the crowds continue to come to this Great Sale, they know that they can save dollars on a \$10 parcel of drygoods. As they look through the stock, they note that from the finest French Dress Patterns or Robe Dress, to the elegant Black or Colored Silk Dress, or Black or Colored Henrietta Goods, in either Wool or Warp, down to the heavy Staple Goods, such as Suits, Coats, Shirts, Hosiery or Gloves, or Millinery, or Mantles, or Dress Laces, are all sold at the Bankrupt prices, which means about half the regular price or present value of such goods. All please remember the door does not open until 10 o'clock each morning, at that hour we are fully ready for the biggest crowds. No goods kept; everything sold for spot cash. Don't forget that this Great Sale is at

and errors in measurements by
an ordering, we will dispose of

ON CORSET CO.,
6 Clarence Street

A high-contrast, black and white photograph showing a close-up of a torn, serrated edge of a document or paper. The top portion is light gray, while the bottom portion is solid black, creating a stark horizontal division.

A high-contrast, black and white photograph showing a close-up of a torn, layered material, possibly a book binding or a piece of paper. The top edge is jagged and shows multiple layers. The bottom half is mostly black, with some white specks and a small, light-colored rectangular object visible near the center.

THE WEATHER PROPHECY.

Toronto, April 3.—11 p.m.—The storm central over Western New York yesterday is now central off Portland, Me. It is snowing in Quebec and New Brunswick, and raining in Nova Scotia. Cloudy weather, with falls of snow or rain and lower temperatures, prevail over Ontario, and in the Northwest the weather is fine, with higher temperatures in Alberta and Saskatchewan. Minimum and maximum temperatures: Calgary, 22°—54°; Qu'Appelle, 4°—24°; Winnipeg, 2°—24°; Regina, 3°—24°; Montreal, 32°—54°; Toronto, 32°—54°; Hamilton, 32°—54°; local temperature—highest, 48° above zero; lowest, 40°.

TODAY'S PROBABILITIES.

Toronto, April 4.—1 a.m.—The indications for the next 24 hours for the lower lakes region favoring the continuance, and as far east as Belleville are: Fresh to strong north and northwest winds, cloudy to fair and comparatively cold, with local snow flurries; fine and cool on Sunday.

LONDON AND ENVIRONS.

—Mrs. W. W. Rutherford is visiting friends in London. [Aylmer Sun.]

—Rev. William McDougall's lecture in Paris has been postponed till April 14.

—George Clappitt returned home last evening after a three months' course at the Royal Military College, Kingston.

—Mrs. Lambert, of near Stratford, who has been undergoing treatment in the City Hospital for some time past, returned home yesterday.

—Mrs. George Gafney, of London township, has left for Denver, Col., where she will visit her daughter, Miss Eva Gafney, a nurse graduate of the London Hospital.

—Dog owners will be allowed two weeks in which to pay their taxes this year. The notices will accordingly be sent out earlier. Residents of No. 2 ward have already been served.

—Much complaint is heard respecting the uncleanliness of the Covent Garden market. The contract for cleaning that place expired several days ago and has not yet been renewed.

—Rev. W. J. Clark, of this city, lectured on Temperance at Macnab Street Presbyterian Church, Hamilton, last evening.

—The hucksters will protest against the adoption of the recommendation of No. 3 Committee respecting their suppression.

—Rev. R. Hicks, late of St. Paul's, and who left to-day for his new charge in Simcoe, was made the recipient of a pleasant surprise on Wednesday evening.

The Dean of Huron, Canon Newman, Smith, Davis, Richardson, Prof. Williams, Rev. Messrs. G. B. Stacey, W. T. Hill and E. N. English called on him and presented him with an address and a handsome clock.

Mr. Hicks replied feelingly and assured them the kindness would not be forgotten. The remainder of the evening was spent agreeably, refreshments being served, and all extending their best wishes to the worthy young divine.

Election of Benchers.

The scrutiny and counting of the votes cast at the election of benchers of the Law Society was begun in the convocation room at O'Connell Hall Thursday. The treasurer of the society, the Hon. Edward Blake, Q.C., presides and takes an active part in the scrutiny and count. The official scrutineers are Messrs. J. Robertson and E. M. Morson, barristers, and Mr. Amelius Irving, Q.C., at the request of the treasurer, is also assisting in the work. It will probably be a week before the count is complete and the result known.

London Masons at St. Thomas.

At St. Thomas Lodge, No. 44, A. F. and A. F., the first degree was completed Thursday night. Worshipful Master Dubber sat in the chair, and Rt. Wor. Bros. Doherty, McKay and Slater occupied seats in the East, while Rt. Wor. Bros. Manson, D.D. G.M. and G. C. Davis, grand junior warden, of this city, were distinguished visitors. The work was performed by the doing night. Worshipful Master Dubber sat in the chair, and Rt. Wor. Bros. Doherty, McKay and Slater occupied seats in the East, while Rt. Wor. Bros. Manson, D.D. G.M. and G. C. Davis, grand junior warden, of this city, were distinguished visitors. The work was performed by the doing night. Worshipful Master Dubber sat in the chair, and Rt. Wor. Bros. Doherty, McKay and Slater occupied seats in the East, while Rt. Wor. Bros. Manson, D.D. G.M. and G. C. Davis, grand junior warden, of this city, were distinguished visitors. The work was performed by the doing night. Worshipful Master Dubber sat in the chair, and Rt. Wor. Bros. Doherty, McKay and Slater occupied seats in the East, while Rt. Wor. Bros. Manson, D.D. G.M. and G. C. Davis, grand junior warden, of this city, were distinguished visitors. The work was performed by the doing night. Worshipful Master Dubber sat in the chair, and Rt. Wor. Bros. Doherty, McKay and Slater occupied seats in the East, while Rt. Wor. Bros. Manson, D.D. G.M. and G. C. Davis, grand junior warden, of this city, were distinguished visitors. The work was performed by the doing night. Worshipful Master Dubber sat in the chair, and Rt. Wor. Bros. Doherty, McKay and Slater occupied seats in the East, while Rt. Wor. Bros. Manson, D.D.
