SPLENDID SHORTHORNS SOLD TO AMERICANS

LUCAN, May 12.—Several carloads of splendid Shorthorn cattle and Herefords have been sold by Neil to buyers of Salt Lake City, and will be shipped across the border shortly. It is stated that excellent prices were paid for the animals, all of which are high grade.

Proprietor McCaughey of the Commercial Hotel, London, was sentenced to ten days in Goderich jail for a second violation of the Canada temperance act.

SYSTEM WAS FULL OF POISON

Pain in Back So Bad at Times She Could Scarcely Walk—Thorough Cure Was Effected.

Flamboro, Ont. May 11.—At the season of the year there is a great deal of suffering from poison in the system. Living too much indoors, breathing vitiated air and eating artificial foods all tend to derange the normal action of the kidneys, liver and bowels.

With these filtering and eliminating organs sluggish and inactive poisons are left in the blood, poisoning the whole system and set up pains, aches and serious disease. The writer of this letter was in a serious condition from constipation and kidney trouble when she began using Dr. Chase's Kidney-Liver Pills and was entirely cured.

Mrs. Ed Miller, West Flamboro, Ont., writes: "I can truthfully say that Dr. Chase's Kidney-Liver Pills have cured me of kidney trouble, suffered with constipation almost ever since I can remember, and for four years had pains at the left side of the back. If I would have to sit and rest, that I think, was terrible for a woman of twenty years. The condition of my blood was shown by pimples, blotches, and a general feeling of being unwell. I suffered so much from pains and stiffness in the back I am sure my system was full of poison. Dr. Chase's Kidney-Liver Pills have entirely cured me, and I feel better than I have felt for many years."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 2 to a box, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting substitutes. Imitations only disappear.

All About the Fight in the Blood!

In the blood there are the Red Corpuscles and the White Corpuscles. It is the duty of the Red Corpuscles to stimulate the blood, and the White Corpuscles to become weakened, they are sometimes devoured by the White Corpuscles—then comes great disarrangement in the body—pimples, blotches, tumors and skin eruptions, all caused by impure blood. HAZEL CHUBBUCK'S BLOOD PURIFIER AND TONIC REMEDY purifies and strengthens the blood by nourishing the nerves, and the Red Blood Corpuscles. Excellent spring tonic, takes away that tired feeling that comes as a result of too close confinement of the winter months, gives power to the inactive muscles, tones up the nerves, strengthens the heart and stimulates the appetite. Makes the pale cheeks as ruddy as burning. Price 50c a box, 2 for \$2.50. Sold by all dealers, or by mail postpaid, C. B. Hocking, Elm St., Litchfield, N. B.

CAPTAIN MCKEEVER OF LISTOWEL, WHO BROUGHT DOWN 35 HUN AIRPLANES

Following the wind-up of final examinations on Saturday, this week is to be a busy one for the Western University in connection with the closing exercises for the year. The results of the examinations will be published on Wednesday morning, and in the meantime students are waiting anxiously to know how they have measured up. In the medical department, the students stood that J. P. Weir of Hyde Park has led the graduating class in his final examinations, as he has done throughout his entire undergraduate course. The annual convocation will be held on Thursday evening at Wesley Hall. The chancellor of the university, Hon. W. J. Roche, LL.D., of Ottawa, chairman of the civil service commission, will confer the degrees on the successful students and deliver an address on some phase of present-day education. The address the graduating class will be given by President Brathwaite. The scholarship, medal and prize will be presented by the various donors, and there will be other interesting features.

In accordance with the plan initiated last year, the convocation proceedings will extend over several days. On Monday evening the university dance is held in the gymnasium in Oxford street. Tuesday is largely given up to the various class meetings for election of new officers. On Wednesday, the annual field day will be held at Springbank Park and the prizes presented at the banquet the same evening at the Tecumseh House.

In addition to the convocation on Thursday Dr. and Mrs. Brathwaite will entertain the members of the graduating classes at a luncheon at the residence and in the afternoon a meeting of the university senate will be held.

Dr. Brathwaite will deliver an address on the subject of "The Future of the University" and will also present the prizes to the successful students.

The convocation will be held at Wesley Hall, and will be a most interesting and profitable occasion for all concerned.

SICK WOMAN NOW WELL

Took Lydia E. Pinkham's Vegetable Compound. Read Her Letter.

Pottsville, Pa.—"For a long time I was bothered with pains in my side and was so weak from my trouble that I could not do any lifting or hard work of any kind. If I tried to straighten out when lying down it seemed as though something would tear loose. Lydia E. Pinkham's Vegetable Compound has restored my health and I am quite myself once more."

—Miss HAZEL CHUBBUCK, Pottsville, Penn.

Thousands of women drag along from day to day in just such a miserable condition as was Mrs. Chubbuck, or suffer from displacements, irregularities, inflammation, ulceration, backache, headache, nervousness, or "the blues."

Such women should profit by Mrs. Chubbuck's experience and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and find relief from their sufferings as she did.

HAS ALL BEEN TOLD?

PRESUMABLY the General Maurice episode has passed without any result further than the placing of the general on the retired list and the indorsement of the Lloyd George Government by the House of Commons.

The directness with which the premier dealt with the charges made and his denial of any deceit, together with the apparent proofs given of the correctness of his statements must leave those interested in the incident wondering how General Maurice was led into making his assertions and by whom; or if there has been some huge mistake. The portion of the British Press which upholds Lloyd George appears to take it for granted that political intrigue was at the bottom of the affair, and that General Maurice lent himself to this. If that were true, one wonders what he had to gain. He had risen far in his chosen profession, and, unless he were ambitious enough to aspire to Foch's position, there was little more he could gain as against everything to be lost. It was not even a gambler's chance he took, rather that of an imbecile.

There appears to be a belief that he was strongly opposed to the appointment of a French generalissimo and that the appointment of General Foch was at the root of all the trouble. It is noted that, recently, he likened the present struggle to the battle of Waterloo, and asked "But where is Blucher?" This was interpreted as a "knock" for the French reinforcements having reached the British front, and it brought an immediate response from Field Marshal Haig in the form of an announcement that they were beginning to come. Then followed the charges against the ministry.

To believe that ex-Premier Asquith intrigued against Premier Lloyd George and that Maurice allowed himself to be used as a tool to stigmatize both in a way which does not seem just or British. Mr. Asquith has given the lie to such insinuations and his past record does not stamp him as a man who would stoop to these tactics. General Maurice has, so far as is known, an unblemished record and nothing that he said or did while acting in the important post filled by him before the trouble could lead to the belief that he was a fool, which he would need to have been if he were going to commit professional suicide at the bidding of any politician.

There are many who believe that there is something still to be told concerning the charges and their inception, but it may remain a secret. They do not credit any wrongdoing to the premier or his colleagues, but they are not prepared to accept the view that Maurice was just a disgruntled "sniper" or a politician's tool.

CONSIDER DAIRIES TOO.

SINCE IT WAS reported that the authorities that were considering the fixing of a price for milk to be paid by condensing or powdered milk factories to the producers, and since no announcement has been made of any decision being reached, it is not too late for them to consider another branch of the dairy industry along with condensers.

While it would be only just and right to fix the price, as nearly as is possible, to be paid by condensers as the price has been fixed to cheese factories, it is just as essential that similar measures shall be taken regarding city dairies. In the country districts, wherever there is a railway station near, the Toronto dairy is a competitor of the cheese factory and condenser. If there is to be a limit set on the price paid by one, there should be a limit for all. It will do no good, but only harm, to the cheese industry and to the condensers if these are governed by regulations while the city dairies are permitted to pay what price they choose; it will simply mean that all who can send their milk to the latter at high prices will do so.

Once price-fixing for any foodstuff is begun it ought to be carried to its logical conclusion, otherwise grave injustice will be wrought.

NO FIGHT TO BERLIN.

EVEN THOUGH the Germans fail to break through the Allied lines in the west, and have to give up the attempt to reach Paris or the channel ports, it is possible for the Allies to break through the German defences or drive the enemy armies back to Berlin? This is a sample of the question which is asked daily and which worries many persons. Such a feat is possible, but it is most improbable that it ever will be necessary.

The present German offensive has at least two objectives: (1) To break the Allied resistance in the west, and (2) to encourage the Teutonic nations and their allies by the victory. The second is fully as urgent as the first and entirely dependent on it.

Austria-Hungary has reached the limit of weariness. The people are starving and discontent is everywhere. Only a great victory of the most certain importance can hold them in line much longer. Turkey is bankrupt and her internal conditions are bad, while the Bulgars have given proof that they are eager to make peace at the first opportunity. The German nation is wavering and demanding the fulfillment of some of the bombastic promises of Wilhelm, Ludendorff and Hindenburg. It has been disappointed grievously by the failure of the Ukraine to supply food, and is crying aloud for some alleviation of its present sufferings. Without a complete and crushing defeat of the Allies in the west, no relief

is in sight. The Germans must win in the west or lose the war.

It has been pointed out that an Allied drive through Lorraine and occupation of territory there of about 35 miles in depth would paralyze Germany by shutting off her mineral supplies. Without these she could not continue the struggle more than a few weeks. This territory will not be won in pitched battle without terrible losses, but it can be taken eventually. There will be no need to drive right through to Berlin, much as some desire to see this done and Germany battered as have been Belgium and France. It is safe to predict that if the Allies do occupy the German capital, the greater part of the journey there will be made through peaceful country and people who have laid down their arms.

THE SOLDIERS' MENTAL ATTITUDE.

AERICAN newspaper correspondents, writing in a most enthusiastic and optimistic strain of the United States army in France, draw attention to the fact that it is the most serious in its interest in the war and its intention to win at any cost. They consider this an indication of certain victory.

The correspondents are treading on dangerous grounds when they begin to compare the apparent mental attitude of the members of the various Allied armies and are liable to make the same mistake as the Germans made. The enemy thought it an indication of weakness and laxity when he discovered that British soldiers who were fighting desperately hard one day were playing football with the joyousness of schoolboys the next. The Teutons came to the conclusion that the Britishers were not in earnest and that it would be easy to deal with them by propaganda and a little terrorizing. They have found out their error and have learned that the smiling Tommy is perhaps the most dangerous and dogged of all their adversaries. He does not carry a placard to announce his feelings to the world; when he is hurt he grins; when he feels a little bit blue he sings comic songs; when he is most in earnest he appears the least thoughtful. The British soldier is a peculiar man, hard for others to understand, but there is no one who has a keener interest in the war and no one who will endure more to insure victory. The past is sufficient proof of this.

The Americans, taking life more seriously, may be just as competent and just as dangerous to the Germans. They have adopted a different mental attitude to that shown by the British, and it may suit them better. There is, however, a danger in taking life too seriously; the danger of allowing setbacks and reverses to appear worse than they are. It will be well if the Americans keep their deadly earnestness without letting war "get on their nerves." They form an intelligent army to which the world looks for great assistance in overcoming the German menace.

THOUGHTS OF THE NIGHT.

Do you ever think as you sit at night
Neath the starry summer sky,
Of the battlefields and the men who fight
And the souls that are passing by?

Do you think as you watch the slow moon rise
Or the sun sinking low in the west,
That the same light shines on the battle lines
Of those whom we love the best?

As you sit alone in the soft warm dusk
And your thoughts go flitting afar,
Do you think of the lips forever nuzzled,
Of those who have died in war?

Do you think as you watch the pale stars come,
And your thoughts bring a gentle sigh,
That dying eyes watch the selfsame skies
As their souls go passing by?

I think these thoughts as I sit at rest
When the cares of the day are done,
And I pray for a peace that will bring release
To those who are carrying on.

Stretching their way to light—
There in the gloom of the silent pool
Dreaming—arise lilies white!

Out of the sorrow and pain of war
Flowers of the soul will grow—
And God's benediction linger o'er
The prayers that seek Him so.

Evidence, Simple and Convincing

Could the Canadian motorist only visit the new Goodyear Tire factory at New Toronto he would quickly see the reason for the lower cost-per-mile of Goodyear Tires. Here is evidence, simple and convincing, of the in-built merit of our product.

The very atmosphere of the giant plant seems vital with sincerity. From the receiving room, where raw material pours through in a continuous stream, to the shipping department, whence leave the the tires that uphold the good name of Goodyear—every man performs his task

earnestly. No visitor can escape the impression of multitudinous duties minutely performed.

Inspection reaches a maximum here. Raw material—ordered to special Goodyear standards—is keenly analyzed. Men and machines work under argus-eyed inspectors. Because our men believe in the ideal to which they build—"Protect our good name"—they welcome inspection. They believe in making all the tires perfect.

This is the manufacturing policy that has built the largest output of automobile tires in the world.

Goodyear Tires, Tubes and Tire-Saver Accessories can be obtained from Goodyear Service Stations everywhere. Watch for this emblem and enjoy the benefits of Goodyear Service wherever it is displayed.

Pimples are caused by the blood being
out of order. Those festering and run-

of the body, and although they are not
a dangerous trouble they are very un-

There is only one way to get rid of
this obnoxious skin trouble, and this is
by giving the blood a thorough cleans-
ing by the use of Burdock Blood Bitters.

This sterling remedy has been on the
market for over 40 years, during which
time we have received thousands of
testimonials as to its curative powers
over all skin diseases.

Mrs. Victor G. Fry, North Battleford,
Sask., writes: "I used Burdock Blood
Bitters when I was about eighteen. I
was so bad with pimples and running
sores, that when I went down town I
would hold my head down when I would
see anyone coming, my face was such a
sight. I got two bottles, and my face
began to clear, so I kept on until I had
a beautiful complexion. I have recom-
mended it to everyone who is in a run-
down condition, as it builds up the
blood, and when the blood is all the
face is clear."

AMATEUR BASEBALL LEAGUE FORMED--LEAFS WIN A GAME AT LAST

Manhattans, Blue Labels and Orients Form League

These Three Clubs, With an Independent Nine, To Be Represented in Four-Team Baseball Association Play at Springbank.

There will be baseball every Saturday in this city during the summer. A meeting of representatives of the Orients, the Manhattans and the Blue Labels was held yesterday, and it was unanimously decided to form a four-team league. Complete arrangements have not been made as yet. The schedule will be drawn up some time this week, however, after which the first practices of the teams will be held. According to statements made at the meeting, material for a four-team league is exceptionally good, despite the fact that the war has claimed 75 per cent of local baseball specialists. An independent nine, which will be chosen later, will complete the league. The Forest City Club has definitely decided not to enter a team, and the fourth aggregation will be organized by some other local association or may be formed by a manufacturing plant. The baseball situation as it affects the local clubs was uncertain for a time owing to the proposed formation of a Canadian league. When "Knotty" Lee was advertising his project of reorganizing the old circuit, local players were of the opinion that a Canadian league would interfere with a London inter-club baseball association. This accounts for the delay in establishing baseball in the city.

HEART WAS BAD, NERVES ALL GONE

Very important it is in this age to have a clear, cool head, a strong heart and steady nerves.

Too much rush and bustle, work and worry, fall to the lot of women attending to their household duties and social obligations. The constant strain under which they continue day in and day out will soon shatter the strongest system. Before long the heart gets weak, flutters and palpitates, the nerves become unstrung, you start at the least sound, the pulses become weak and irregular, and finally come physical breakdown or nervous prostration.

Milburn's Heart and Nerve Pills are the remedy you require to strengthen your heart and steady your nerves. Mrs. Jackson, 467 Bloor street, Peapack, Ont., writes: "Fifteen years ago I was so bad with my heart I could not walk across the house, my nerves were literally all gone, and I was frightened at my shadow. I commenced to take Milburn's Heart and Nerve Pills, and was soon able to do my own work. I have told dozens of people about them, some as bad as I was, and today they are also doing their own work. If more people would take them there would not be so many weak hearts."

Milburn's Heart and Nerve Pills are 50c per box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

KENTUCKY TURF CLASSIC WON BY KILMER'S EXTERMINATOR

Rank Outsider Gains Greatest Honor of American Track—Escoba Second and Viva America Third—War Cloud, Overwhelming Favorite, Finishes Fourth.

LOUISVILLE, May 12.—One of the greatest crowds that ever witnessed the Kentucky Derby yesterday saw W. S. Kilmer's recent acquisition, Exterminator, ridden by Jockey W. Knapp, win the forty-fourth renewal of the classic handsily by one length from K. D. Alexander's Escoba. Right bouncer back came Viva America, which had set the early pace, while the public choice, A. K. Macomber's War Cloud, was fourth. The race was run over a sloppy track, and under the conditions the time of 2:10 4-5 was good.

BY REX

"Exterminator" won the Kentucky Derby. So far as the great turf classic is concerned, he lived up to his name.

Jersey City fans deplore the fact that their team has not an appropriate nick-name. Why not call them the "Cows"?

Or if there is any objection to that, call them the "Shirts."

Schneider caught for Cincinnati, and Snyder for St. Louis, when these teams played on Friday last. But the fans thought the umpire was in error when he called out the batteries.

Heard an argument over the pronunciation of the word "ski." One man claimed its correct articulation was "she." The other said it was "ske," basing his assertion on the belief that the word was a masculine noun, and therefore could not be "she." He is not yet out of the hospital.

The St. Louis Cardinals were beaten by Cincinnati after using a number of substitutes. In other words, they played their last "Cards" and lost.

Shooker, formerly of the Ottawa Canadian League team, allowed one hit in three innings, playing against the Braves. London fans have cause to remember this boy. He gave a shock to our pennant chances more than once. In fact, Bobby Hook was when a member of the London pitching staff, who offered anything like a "Shocker" absorber.

Ty Cobb has developed into a great little kiddie. He lets his brother baseball artists lead the league for the first time, and then—boom!—and the peach has a substantial margin over Speaker, Jackson and the rest of them.

The Willard-Fulton bout is called off. Fans will regret this for the sake of the fast sport and the risk of the two pugilists. Willard took great pleasure in allowing Fulton to chase him for a match until public sentiment was aroused against the project. He is paying now for his independence.

Baseball is conceded a rougher pastime than cricket. And yet in the latter game the players do not wear mits. The wicket keeper does not use a mask. The ball is harder and more treacherous than a baseball, and the pitch is bad the batter is liable to pay a visit to the hospital for repairs.

A. M. C. ELEVEN TRIMS W. O. R. SOLDIERS IN SECOND GAME OF YEAR

The A.M.C. cricket team registered its second victory of the season by trimming an eleven from the Western Ontario battalion. The pitch was not in good condition, which accounted to a large extent for the poor scores of both teams. The count was 64 to 75, the "Med" scoring the latter number of runs for seven wickets.

Stabler, the crack player for the A.M.C., was not present at the game, but Wilson supplanted him as the star batsman of both teams. The A.M.C. intend taking on several teams before the end of the season. With the approach of cricket weather, some good games should come off in the near future.

DRIFTING SOIL, FROSTS, HAMPER WESTERN CROPS

[Special to The Advertiser.] Winnipeg, Man., May 12.—A serious state of things is resulting in the farming districts of Western Canada from the drifting of soil due to high winds prevailing all this month. No rain has fallen, and if heavy moisture does not come within ten days the outlook is critical for the crop. There were sixteen degrees of frost Saturday night, and some snow fell in Saskatchewan and Northern Manitoba.
