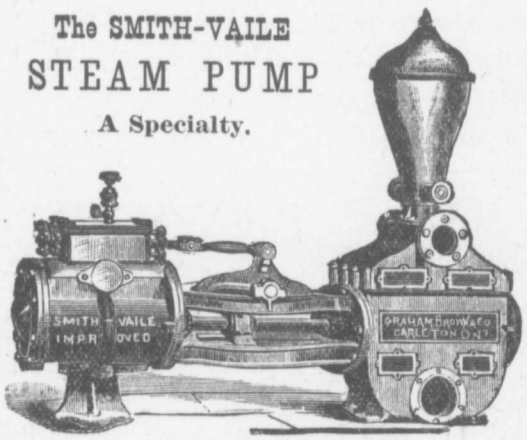
STEAM PUMP

A Specialty.



In putting the above Steam Pump on the market, we do so with the knowledge of the large number of Steam Pumps already put up for sale, but as they are nearly all manufactured out of the Dominion, we saw the necessity of putting a good, reliable home-made Steam Pump on the market, and after due consideration, have fixed on the Smith-Vaile Steam Pump as being the most suitable in every way to meet the requirements of Steam Pump uses. In offering it to the public we do so with the certainty that the purchaser will be well satisfied. It is the simplest and most durable in the market for the following reasons:

1st A plain Slide Valve.
2d Simplest in construction.
3d Made of the best material.
4th A positive connection from Piston Rod to Main Valve.
5th Gradual closing of steam valve as it approaches the end of its stroke.
6th Using no Springs, Tappets, or Revolving Valves in Steam chest.
7th An improved removable Water Cylinder.
8th Adapted for either hot or cold water.
9th No dead centres.
10th Can be run at any speed.
11th Using the Improved Removable Water Cylinder.

PREFACE.

THE PUBLISHER has much pleasure in presenting the Counties of Carleton, Lanark, Prescott, Russell and Ottawa Directory to its numerous patrons, and trusts that it will be found, alike by them and the public generally, a reliable index to the manufacturing, business, legal and agricultural interests throughout the section of country to which it appertains, which is precisely what it aims to be.

THE greatest care has been taken to render the work complete and accurate in all its details, and it is confidently believed that it will be found reliable. To the press, the many gentlemen who kindly furnished the publisher with much useful and interesting information, and the manufacturers, professional and business men, for the generous support they so liberally bestowed upon the undertaking, the publisher begs to tender his sincere acknowledgments.

TOWNS AND VILLAGES

LANARK COUNTY.

ALMONTE

Is a thriving town on the north side of the county of Lanark, and having a population of nearly 3000. It is beautifully situated on the Mississippi—the stream rendered famous by the legal proceedings known as the Caldwell-McLaren case. Just in the centre of the town, the river, which is here about three hundred feet wide, forms some very romantic falls, and provides the power which has given to Almonte many of her manufacturing industries, and obtained for the town itself the appellation of "The little Manchester of Canada." It is within the recollection of many now living, when only one house stood on what is now a growing town, and the best approach was by a blazed road, now it is on the main line of the Canadian Pacific Railway, and the country all round is in direct communication. The name which is Mexican was given to it by some early settlers, to whom it had become familiar by reading the events of the Mexican war, in which a General Almonte took a leading part. There are quite a number of manufacturing industries in the town, amongst which may be mentioned the one, which is no doubt not only the largest in the Province of Ontario, but in the Dominion of Canada, and is known as "The Rosamond Woollen Company," whose operations are carried on in a very substantial and imposing stone building, about one hundred and sixty feet long, six stories high, and surrounded by all the necessary buildings, such as dye house, pickers' room, store room, engine and gas house, office, &c., standing in beautifully laid out grounds on an island which forms part of the town. This industry employs about 225 hands, and pays annually in the shape of wages about $50,000; the products being fancy tweeds, coatings, serges and sometimes flannel, and aggregates in the year about half a million yards. On the same island are the works of the Almonte Knitting Company, Limited, running three sets, employing about 65 hands, paying about $1100 to $1200 per week wages, and making an annual output of $75,000 in men's heavy underwear. Next in importance to the Rosamond Woollen Mill is the very lofty mill owned by Messrs. Elliott, Shirreffs & Co, employing five sets of machinery, and about eighty hands in the manufacture of woollen goods to the extent of nearly 200,000 yards yearly. Our space will not allow us to go more into details with the manufactories, and must therefore say there are besides those named four other similar manufactories, and also sash and door factories (2), a large foundry, saw and shingle mills, grist mills, carriage factories, and other smaller industries. Almonte can also boast that her activity in commercial matters has not made her forgetful of the higher pursuits, and for the education of her rising population two very lofty and commodious stone buildings have been erected, in which there are High and Public Schools, employing twelve teachers, whilst in addition there is the separate school with an efficient staff. The town is also well supplied with Churches, there being no less than six, viz.:—Presbyterian (2), Baptist, English, Roman Catholic and Methodist, the first five having good stone buildings, nearly all free from debt, and all but one have Manses attached. Two newspapers are also published weekly, the Almonte GAZETTE and the Almonte TIMES. The town was municipally connected with the township of Ramsay until 1871, when it became an incorporated village, and in 1880 it was erected into a town. A very fine Town Hall is in course of construction and a Steam Fire Engine has been procured. Distant from Ottawa 32 miles.

CARLETON PLACE.

One of the most important, prosperous and progressive places in central Canada, is pleasantly situated on both banks of the Mississippi River, in the township of Beckwith, county of Lanark. In its immediate vicinity is Mississippi Lake, a beautiful sheet of water, dotted with several islands, some of which, Prettie's Island amongst others, possess very attractive features for pic-nic and excursion parties. The Mississippi, however, while well adapted to affort to those fond of boating a safe and pleasant indulgence in that manly and invigorating pastime, also serves another purpose, which, though not so amusing, is more practical; it is a first class water power and in this respect, is utilized to a large extent by a number of enterprising manufacturers, whose names and manufactures will be found in the Directory following this brief sketch of a town which undoubtedly has before it a bright future.

It appears that the first settlement in Carleton Place or vicinity was made on lots 14 and 15 of the 12th concession in 1818 by Edward Morphy, and his sons William, John and James. Up to 1830 it was known as Morphy's Falls, but in that year, through the influence of Caleb S. Bellows, the then postmaster, the name was changed to Carleton Place. By the completion of the Canada Central and Brockville and Ottawa Railways, now part of the Canadian Pacific Railway system, to Carleton Place, a marked impetus was given to the progress of the place, and that progress has been, and is likely to be, steadily maintained. Its situation at the junctions of the main line and Ottawa branch of the Canadian Pacific Railway has raised it to the position of one of the most important stations on the line betwen the two termini; and its importance as a railway centre is still further advanced by the completion of the Ontario and Quebec Railway, of which it is one of the most important stations. The last named road is leased for a term of 999 years to the Canadian Pacific Railway, and is open for freight and passenger traffic between Toronto and Montreal by Carleton Place and Ottawa. With the enterprise which characterises all their movements, and also in order to meet the requirements of the large passenger traffic that centres in Carleton Place, the Canadian Pacific Railway Co. have erected, during the present year (1884), a commodious station, containing waiting and refreshment rooms, etc., of the best character.

The main building is 30 x 60 feet and two stories in height, while the extension, in which is the dining hall, &c., is 30 x 80 feet and one and half stories in height. It is the best station on the Eastern Division of the line between Montreal and Sudbury. In 1871 Carleton Place was incorporated as a village, and owing to its steady increase, it now contains a population of 2750, and is one of the four most important places in the county, the others being Almonte, from which it is distant 8 miles, Smith's Falls, 18 miles and Perth, 30 miles, by the Canadian Pacific Railway. From Ottawa, the capital of the Dominion, it is distant 29 miles, from Montreal, 149, and from Toronto, by the Ontario and Quebec Railway via Smith's Falls and Carleton Place, 199 miles.

Henry Taylor, Importer of Shelf and Heavy Hardware, Gore Street, Perth, Blacksmiths' Supplies at the lowest Market Prices. Issuer of Marriage Licenses and Certificates.

THE

Central Canadian

PUBLISHED AT

CARLETON PLACE

ONT.

WHICH IS THE HUB OF THE RAILWAY AND MANUFACTURING UNIVERSE OF THE OTTAWA VALLEY.

The "CENTRAL CANADIAN" is the Only Paper in the County whose Publisher has made Affidavit of its Circulation. In these days when Publishers feel no Twinge of Conscience in Overstating their Circulation by Several Hundred Copies, the Newspaper Directories have asked for Sworn Statements. The "C. C." Alone Stood the Test, and its Publisher asks all Doubters to Verify his Word by Personally Examining his Book.

The Paper is Liberal Conservative, and is Essentially Local. It Cultivates the Local Field, and Garners what are Admittedly the Brightest Gems of Locals of Any Paper in Canada. In this respect it is Without a Peer, and

NONE DARE ATTEMPT TO IMITATE THE DASHING, HUMOROUS STYLE.

It is Weekly, a Dollar, of Four Clear Pages, and altogether a Model and Unapproachable Paper.

ALLAN HOUSE.

Situated in the Centre of the Town,

Town Hall Square, - Gore Street,

PERTH, ONT.

The ALLAN HOUSE, long known as one of the best Hotels in the Province, offers to Tourists, Commercial and other Travellers, the Comforts of a Really First-Class Hotel at Moderate Charges. In Connection with the Hotel is a

Billiard Parlor, Containing Three Tables.

Combining all the Latest Improvements.

Good Sample Rooms for Commercial Men. Free 'Bus to and from all trains. Livery can be had by applying at the office.

I. C. GRANT, Proprietor.

PERTH.

The county town of the County of Lanark is situated on the River Tay, a branch of the Rideau, where the Townships of Bathurst and Drummond on the north join North Elmsley on the south, near the north-east corner of North Burgess. Perth is situated nearly in the centre of the above mentioned Townships, in fact upon adjacent corners of all four.

In the vicinity of Perth are large deposits of mica, plumbago, iron and phosphate of lime; gold also has more recently been discovered in paying quantities. There are two weekly newspapers published in Perth, the *Courier* and the *Expositor*.

In it are, of course, situated the County buildings, which are built of cut free stone, and are very fine structures. It is also noted for its large and finely built churches and parsonage houses. It contains a large and commodious public school, a Roman Catholic separate school and a large finely constructed white brick Collegiate Institute. Great interest is taken in educational matters, and the standard of the school of the town ranks very high. Perth has for some years been a terminis of a branch of the Canadian Pacific Railway, but is now on the main line of the Ontario and Quebec Rail road which runs from there to Toronto. At the latter place it connects with the Toronto, Grey and Bruce to Owen Sound, and also with the Credit Valley to St. Thomas. These three railways have been leased to the C P.R. for 999 years. The Ontario and Quebec is now in operation for the carrying of emigrants from Montreal to Manitoba. At Owen Sound the Railways will connect with the C.P.R. line of steamers to Thunder Bay, and thence by rail over the C.P.R. to Winnipeg and westward.

The C.P.R. have also established car shops for the manufacture of flat and box cars at Perth, and give employment to from 140 to

FRANCIS WRIGHT, Proprietor, 446 Wellington Street. Correspondence Solicited.

200 men. These works have now been in operation since 1882, and have given quite an impetus to the business of the town. The Tay Canal is also under construction, and will be completed during the year 1884. It will connect Perth with the Rideau Canal, giving the town direct communication by water with Montreal and Kingston.

In addition to these improvements the Toronto & Ottawa Railway, a part of the Midland system, passes through the town. The right of way of this road has been bought and paid for and the greater part of the grading done between Perth and Bridgewater to the west. It is likely that this road will shortly be completed.

The Ontario and Pacific Railroad from Cornwall to Perth will likely connect at Perth with the Toronto and Ottawa. This road is also likely to be commenced at a short date, and will be completed probably during the year. A bonus of $3,200 per mile has been granted to it by the Dominion Parliament at the last session.

These improvments all combined have tended to a marked improvement in the town. Real estate has gone up in value and the town presents a business-like appearance. The town will without doubt shortly become one of the most important places in Eastern Ontario.

Perth was incorporated as a town January 1st, 1854, and contains a population of 3,500.

Before closing the description of Perth it might not be amiss to state for the benefit of the travelling public, that they will find at the Allen House all the comforts and conveniences that are only to be obtained in a first class hotel, while the fact of its being situated in the centre of the town, in the vicinity of the post office and other public buildings is certainly a convenience to its guests.

SMITH'S FALLS.

In, or about, 1826 William and James Simpson, in connection with Mr. Ward, laid out the original village plot, through the agency of John Booth, P. L. S. In 1826 the survey of the route of the Rideau Canal, on which Smith's Falls is situated, was, at the instance of the Imperial Government, commenced by Mr. Clines, and completed by Colonel By.

Smith's Falls, which was incorporated as a village in 1853, and as a town in 1882, is composed of a portion of the Townships of Montague, North Elmsley and South Elmsley, and is one of the most important manufacturing centres, not only in the County of Lanark, but in Central Canada.

It contains manufactories of woollens, agricultural implements, stoves, ploughs, axes, mill machinery, leather and woodenware, as well as saw and grist mills, &c. The *News*, a weekly newspaper is published here. In the unusual width of its streets, and its appearance generally, Smith's Falls compares most favorably with any place in the province, and impresses one with the conviction that it is alike one of the healthiest and most prosperous towns in the Dominion.

Smith's Falls is a station of the Canadian Pacific Railway, by which it is distant from Perth, the county town, 12 miles, from Brockville, on the St Lawrence River, 28 miles, and from Ottawa, the Capital of the Dominion, 50 miles. Its area is 600 acres, while its population is not less than 2,300.

WILBUR,

A post office on lot 4, in the 12th concession of Lavant township, in the vicinity of Wilbur station, on the Kingston and Pembroke railway. On the same lot on which the post office is situated are extensive iron mines, into which a switch from the main line of the above-named railway runs. These mines are the property of B. Caldwell & Sons, who commenced running them on the 5th day of January, 1880, and worked them exclusively for about a year, when they leased a part to the Bethlehem Iron and Manufacturing Co., of Bethlehem, Penn., who have carried on mining ever since to a large extent. The vein varies in width from 10 to 30 feet and is of the best magnetic ore, assays from Professor Chapman, Toronto, giving as large as 65 per cent. metallic iron. The Messrs. Caldwell have also a steam saw mill in the immediate vicinity on the shore of Caldwell lake, employing about fifty men.

OTTAWA COUNTY.

POST OFFICES.—North Nation Mills, Cote du Moulin, lot 7; Papineauville, Grande Presqu'Ile, lot 18; Plaisance, Cote du Front, lot 79; St. Amedee, Cote St. Amedee, lot 36.

As there were no means by which the post office address of every farmer in this Parish could be definitely fixed, it was considered advisable to give the exact location of the post offices instead; thus allowing correspondents to use their own judgment which, doubtless, in most instances will be correct.

All names not otherwise designated are understood to be Farmers, and are Owners unless marked Occupants or Tenants.

The First Column of Figures gives the Range; the Second the Lot.

In Italics *f s* signifies Farmer's Son; *o* Occupant; *t* Tenant.

THE LAW SOCIETY OF ONTARIO.

The Law Society was first established in 1797, by the Act 37 Geo. III., c. 13, which enabled the then practitioners of the law to form themselves into a society, and make rules for its government By the Act of 1822, 2 Geo. IV., c. 5, "the Treasurers and Benchers of the Law Society" were formally incorporated; and under these and other statutes the Society has continued to be governed by a Board of Benchers, in the same manner as the various Law Societies of England. By Revised Statutes of Ontario, c. 138, the Benchers theretofore appointed, from time to time by their own body, are made, exclusive of *ex-officio* members, elective by the Bar, the *ex-officio* consisting of the Attorney-General of the Dominion for the time being, if a member of the Bar of Ontario, and all members of the Bar of Ontario who have at any time held the office of Attorney-General of the Dominion or of Ontario, or of Attorney or Solicitor-General of the former Province of Upper Canada, and any retired Judge of the Superior Courts of Law or Equity of Ontario; the *elective*, thirty in number, being chosen by the ballot, for a term of five years, by the members of the Bar, in manner prescribed by the Act. Vacancies during the term are filled by the remaining Benchers. On the first day of Easter Term, annually, the Benchers appoint one of their body to be Treasurer, who is also President of the Society. The Benchers sit in Convocation every term for the call of Barristers, the admission of Attorneys and Solicitors to Practice, and of Students to enter the Society, the fees paid by whom form the revenue of the Society. Osgood Hall, appropriately named after the first Chief Justice, is the Ontario "Inn of Court," or headquarters of the Society, in which is provided accommodation for the Court of Appeal and Courts of Equity, and for the sittings in term of the Superior Courts; with a valuable and extensive library.

In respect to elections for the Local Legislature of Ontario, the Judges of the Court of Appeal and of the Superior Courts of Law and Equity meet annually in Michaelmas Term and severally select, by a majority of votes, a Judge of their respective Courts to be placed on the rota for the trial of election petitions. INSOLVENT DEBTORS' COURTS.—These Courts, which had reference to traders only, were regulated by the Act known as the "Insolvent Act of 1875," which consolidated and assimilated the practice in Bankruptcy and Insolvency in the several Provinces of the Dominion. The County Judges in the several Counties presided, and official assignees were nominated by the Governor in Council, and were officers of the Court having jurisdiction in the County or District for which they were appointed. And appeals lay to the Court of Appeal of Ontario. This Statute has now been repealed and the Courts and Assignees are only continuing to wind up pending cases.

SURROGATE COURTS.—The jurisdiction of these Courts relates to all testamentary matters and causes, and to the granting and revoking of probate of wills, and letters of administration of the effects of deceased persons having estate or effect in Ontario, and all matters arising out of or connected with the grant or revocation of probate or administration, subject to an appeal to the Chancery Division. The County Judges are also Judges of the Surrogate Courts. *Chief Surrogate Clerk at Toronto*—Sir J. L. Robinson, Bart.

DIVISION COURTS, for the summary disposal of cases by the presiding Judge, being the County Judge or his Deputy, or any Barrister appointed to hold the same; but a jury of five persons may be demanded in certain cases. Their jurisdiction extends to actions of debt or contract where the balance claimed is over $100 and under $200 when the amount is ascertained by the signature of the defendant, subject to an appeal to the Court of Appeal, and to $100 in other cases; but the sums of the account to be gone into cannot exceed $400; injuries or torts to personal chattels amounting to $60, and personal actions to that amount, if not excepted from their jurisdiction; but not to actions for gambling debts, liquors drunk in a tavern, or notes of hand given therefor, ejectment, title to land, &c., or any toll, custom or franchise, will or settlement, malicious prosecution, libel, slander, crim. con., seduction or breach of promise, or actions against a J. P. for anything done by him in the execution of his office, if he objects to it. * The indicated decrease of the population of the City of St. John is attributable to the great fire which occurred in the year 1877, when half of the city was laid in ashes. Great numbers were thereby driven into the surrounding districts, and many whose business and social ties were thus severed did not return to the city.
