

FORTY-FOURTH YEAR

BENTON'S MURDER COMPARED WITH ARREST OF U.S. MARINES

United States Would Declare War for Dignity But Was Not Aroused Over Murder of a British Subject—British Press Views.

LONDON, April 16.—Contrasting the action of President Wilson in connection with the arrest of American blue jackets at Tampico with what was done when William S. Benton, the British ranch owner, who was killed at Juarez, The Manchester Guardian says to-day:

"Intervention which murder and robbery failed to bring about is apparently to be the punishment for a merely symbolic slight on American dignity."

Expressing its admiration for the ability and the motives of President Wilson, The Guardian says it is impossible to suppress doubts and misgivings on his Mexican policy. It continues:

"Why should Villa murder with impunity and General Huerta be chastised with the whole strength of the right arm of the United States for a mere breach of international politeness. It would be far easier to bring

Villa to a better frame of mind than to teach Huerta manners. In the one case it would have been enough to threaten the rebels that the embargo on the exportation of arms and ammunition from the United States would be reimposed, but what sort of guarantee is there that the capture of Tampico by the American fleet will either mean Huerta's manners or relieve the hardship of foreign subjects in Mexico or help any of the interests President Wilson is anxious to serve.

"If the United States is anxious for an excuse for intervention in Mexico an insult to her flag will serve very well, but no one knows better than President Wilson that armed intervention once begun cannot easily be confined to the limits that are set for it at the beginning. It is next to impossible for one country to make itself partly responsible for the good government of another and independent country."

IMPORTANT MOVE BY C.P.R.—THROUGH TRAINS ON M.C.R.

ST. THOMAS, April 16.—A rumor that has been in circulation to the effect that the C. P. R. would take over the M. C. R. Canadian line, was disposed of yesterday when it became known that the C.P.R. had practically completed arrangements for the running of fast passenger trains No. 17 and 18 over the M. C. R. between Watford and Chicago, after June 1. These trains now run by way of London, but by using the T. H. and B. to Watford, and the M. C. R. to Detroit, two hours of running time

between Toronto and Detroit would be cut off. The utilizing of the Detroit River tunnel, instead of ferrying cars across the river, would be one means of saving time. Some trains will also use the M. C. R. west of Detroit, but the remainder of trains will continue to run over the Wabash west of that point. It is also said that the running time of trains between Montreal and Chicago will be cut, in all five hours, making them the fastest trains between those points.

Another Dash To South Pole

[By Special Wire to The Courier] NEW YORK, April 16.—A London cable to the New York American says: It is now practically certain that another Antarctic expedition will start in 1915. This enterprise will be international in character in that England and Sweden are negotiating and are expected to carry it through. The plans contemplate establishment of a scientific station in Graham Land for the exploration of the surrounding area and an investigation of the whales which inhabit the southern seas.

COMPLETION OF L.E. AND N. A BIG JOB FOR THE YEAR

Two Months Work to Ballast Line Between Brantford and Galt—Connection With C. P. R. at Galt Not Yet Established.

That it will take the best part of the year 1914 before the Lake Erie and Northern Railway is in actual operation might be taken from an official announcement made to-day as to the progress of the work on the line. It will require two months to complete the ballasting on the road between Brantford and Galt, and there remains a whole lot of important work at the Galt end.

Just when the work at Lorne bridge will be recommenced is a matter of conjecture. It is figured, however, that the job can be completed while work in other directions is progressing. At Galt no start has been made in tearing down the McDougall factory; in fact, the property has not yet been bought. It is expected, however, that expropriation proceedings will be commenced within ten days. The removal of the factory is necessary before the L. E. and N. can reach the C.P.R. In addition, a mile and a half of C.P.R. track, with a grade at present of three per cent., must be reconstructed to meet the standard of the L. E. and N.

The Waterford bridge is rapidly nearing completion, but the Brantford bridge remains as another big job. When the ballasting is completed between Brantford and Galt the ballast trains will go to Simcoe, from which place rails will be laid both ways out of the town. During these operations the Brantford bridge can be constructed. On the whole, the completion of the road looks to be a formidable contract yet.

LONDON IS WORKED UP OVER TRIAL

Thomas Riley is Brought Into Court Today

Shot Bartender at Hotel Cecil Last Nov.

[By Special Wire to The Courier] LONDON, ENGL., April 15.—A court room crowded to capacity with surging humanity that filled the seats, the aisles, and every available inch of floor space, marked the opening of the trial of Thomas Riley, charged with the murder of George Blackburn, bartender of the Hotel Cecil, in November last.

Hours before the trial opened a continual stream of people flocked to the main entrance of the court house, filling the passages until the door was finally locked and the curious ones were forced to gain admittance through a rear door. Up the stairs a seemingly endless procession pushed slowly to the court above.

Within a scant half hour every seat was occupied and late comers were forced to stand in the rear, between seats and any place where there was room to crowd.

Promptly at 9.30 a hush fell over the whispering assemblage. All eyes turned impatiently, curiously to the small partly concealed stairway up which the prisoner would be conducted to the box to stand trial for his life.

Accompanied by Detective Harry Down, and wearing a plain black suit, the prisoner slowly mounted to view.

Slowly he entered the box. Casually he gazed around over the sea of faces apparently he did not realize the grimness of the situation.

Just 30 minutes were used in the selection of the jurors. During that brief hour forty-three tradesmen were called by the clerk of the court. Of this number nineteen were challenged by E. D. Meredith, K.C., and P. H. Bartlett, counsel for the defense, while Crown Attorney J. B. McKillop, K.C., asked six to stand aside. There were six still waiting when the twelfth juror was selected.

Both Crown Attorney McKillop and the counsel for the defense appeared to have a decided aversion to having London men on the jury.

Means Giving Up Old Charter

The announcement that C. P. R. trains will run over the M. C. R. to Waterford after June 1, thereby cutting off two hours' time to Windsor, is taken to mean locally that the old charter held by the C.P.R. to build a line from Buffalo to Brantford will be abandoned. For many years the C.P.R. has had the objective to reduce the time between Fort Erie and Windsor, and the use of the M.C.R. line will mean its attainment.

A BIG SHORTAGE

Is Reported in Private Owned Bank at Madoc, Ontario.

[By Special Wire to The Courier] MADOC, April 16.—It is currently reported that the two auditors who have been investigating the affairs of the Dale private bank, which closed its doors two weeks ago, have about completed their labors, and have discovered a shortage of upwards of \$400,000. This will be galling news to the twelve hundred or more depositors of the bank, who have been anxiously awaiting the result of enquiry.

Farmers of the surrounding district were among the bank's chief patrons, but it also held the funds of the village and township, 18 cheese factories, 7 churches, all local branches of fraternal organizations and the Modac Electric Light System.

It is rumored that the funds of the bank were used in handling various real estate propositions, chiefly in the West, and that many of these deals were failures. Stock speculation is also said to have played a part in bringing misfortune on the institution.

The books indicate that nearly \$100,000 was invested in Western lands, including lots at Port Mann, which, it is said, are of little value as yet.

It has been intimated that action may be taken against the management of the bank should the state of affairs prove as disastrous to the depositors as is now reported.

GOES TO BRAZIL

LONDON, April 15.—The appointment of Sir Lionel Carden as British minister to Brazil was officially announced to-day. It is understood that Sir Lionel will proceed direct to Rio de Janeiro from Mexico City, to which place he is now on the way.

Nurse's Death Due to Overdose of Alcohol Taken as a Stimulant

Verdict of Coroner's Jury in the Case of Mrs. Isabella Dempsey.

GALT, April 16.—The jury impaneled by Coroner Radford to investigate into the death of Mrs. Isabella Dempsey, a nurse, who died suddenly on Sunday night at a farmer's near Galt, after a short deliberation returned a verdict that deceased came to her death from an overdose of alcohol as a stimulant for her heart.

The 16-year old daughter and 14-year-old son of the deceased on the witness stand stated that Mrs. Dempsey had been complaining for some months back about having a weak heart and that she had taken stimulants on these occasions.

The chief witnesses were the doctors and the farmer, Mr. R. Jamieson, who stated that she had secured a bottle of alcohol, both of which were found empty after her death. The husband of the deceased woman was present at the inquest. The funeral took place yesterday morning.

VALUE OF \$114,000 PLACED ON THE GOLF COURSE YESTERDAY

But Judge Snider, One of the Arbitrators, Did Not Agree With Estimate—Conflicting Evidence Is Given in Proceedings.

The links of the Brantford Golf Club have been seriously damaged by the cutting of the railway line being made by the L. E. and N. The links have lost the seventh, eighth and ninth holes, which were situated in the valley which was looked upon by local golfers and provincial experts as the hub of the course. The ninth hole was the feature of the three, and was the one for which the Brantford course was noted. With the advent of the railroad, however, these holes were ruthlessly destroyed and the once ideally situated course is but a wreck of its former self. To restore the links it is considered necessary to take in a large portion of the Cockshutt property which at present adjoins the links. It is seven or eight years since the ground was laid out and many local enthusiasts are none too pleased at the deprivations of the railroad constructors.

The matter was carried to a board of arbitration who yesterday had the matter under consideration at the Court House. The board consisted of Judge Snider Mr. A. E. Watts and T. Woodruff. Mr. W. S. Brewster, M. P., represented the Lake Erie and Northern Railroad, and Mr. W. T. Henderson K.C. appeared on behalf of the Golf Club. Giving evidence before the board yesterday, John Cummings, the professional golf expert, attached to the Toronto Golf Club, said he had been a golfer all his life and has been actively engaged for something like 25 years, first learning the game in Scotland. Fourteen years ago he took up the Canadian engagement, and since then he had advised upon plans and laid out the principal links in the east of the province. He had laid out the Stratford course about eight years ago and he considered the ground as it was then formed ideal links. This was especially so in the case of the lower part or valley of the links. This valley contained the three last holes, seventh, eighth and ninth, which were the best of the course. He considered the last

hole of exceptional merit. As a golf course the links had, previous to the coming of the railroad, been second to none in the country. He could see no other remedy than the taking over of one of the adjoining property, which would to some extent bring the links up to a good standard. The club house would have to be removed, as with the railroad in such close proximity it could not be considered as a health resort. The smokestacks and dust caused by the train had interfered with the environment of the club house, and he did not consider the \$2600 mentioned as exorbitant for the damage occasioned in the change of situation rendered necessary for the club house.

Mr. A. Byers, giving evidence, refused to state the amount which had been expended last fall in making alterations to the club house, or furthermore the cost of erecting a wall. He stated that these particulars had been given out last fall, and he had not carried them in his mind. He did not see that this was a point in the arbitration. He contended that \$2,000 for the depreciation to the club house premises was not excessive, as suggested by Mr. Brewster, who claimed that that figure was about three times too large.

Mr. Dowling's Estimate.

The next witness was called by Mr. Henderson, who called J. S. Dowling, real estate agent of Market street. In answer to Mr. Henderson, he said that he valued the 75 acres of the Golf Links at \$114,000 before the railroad had been cut through the land. Since the best part of the grounds, composed of the valley of the links, had been taken up by the railway, the value had been depreciated and now he estimated the links would be worth about \$29,000. Judge Snider asked him if he thought that the grounds had depreciated in value to the extent of \$85,000, to which Mr. Dowling replied that this was his estimate.

Judge Snider did not agree with this, with the result that cross-examination by Mr. Brewster was not considered unnecessary.

HUERTA YIELDS TO DEMANDS

American Flag Will be Properly Saluted by Mex. Guns.

Wash. Officials are Pleased Trouble is Averted.

[By Special Wire to The Courier] WASHINGTON, April 16.—Huerta has promised Charge O'Shaughnessy to salute the American flag in apology for the arrest of United States bluejackets at Tampico.

The news was received at the White House to-day just as Secretary of State Bryan and Acting Chairman Shively of the Senate Foreign Relations committee, went into conference with President Wilson.

Unless Huerta changes his mind, the crisis promises to pass over within the next twenty-four hours.

"The president has some very interesting news," said Senator Shively. "The situation is highly encouraging."

Then it was made known that despatches from Charge O'Shaughnessy had described his conference with Huerta last night as "very cordial and satisfactory," and officials said they were convinced that unless the Charge had misrepresented Huerta's intentions there was no doubt that compliance with the American demands for apology would be forthcoming within the next few hours and that the crisis would be passed.

The text of the despatches was not made public nor was any formal statement made describing them.

No orders were issued to the ships already steaming toward Mexico, nor was there any change in the plans for enforcing President Wilson's demand. Some officials gave it as their personal view that after Huerta had apologized and saluted the American flag, some of the ships now under way might be turned back but certainly not before.

It was pointed out that all administration officials were gratified by the news that Huerta was about to yield, but that there was no disposition to temporize or delay further, and that the plans for action would go as far as he until all cause for action had been removed.

CONDITIONS IDEAL

For Seeding in Province of Saskatchewan—Favorable Outlook.

[By Special Wire to The Courier] SASKATOON, Sask., April 16.—"Conditions for seeding are ideal," says Dean Rutherford of the University of Saskatchewan. He adds that conditions are good all over the province. The ground is warming up well and owing to the light snowfall, work has not been delayed by quantities of water lying on the land. There is moisture, however, he considers in the soil from the heavy rains of last fall. In the Southern and Eastern portion of the province farmers are busy on the land which is in exceptionally good condition.

DENIES THE CRIME

Chinaman in Vancouver Maintains Sullen Demeanor.

[By Special Wire to The Courier] VANCOUVER, B. C., April 16.—Jack Kong, the Chinaman accused of the murder of Mrs. Millard, will be brought up for trial this morning. Kong, according to the police, maintains a sullen and sulkily demeanor, which is in strong contrast with his former disposition, when he occupied the time in whistling popular airs. According to a statement made by the chief of police, Kong will absolutely deny the crime for which he is being held. He now contradicts the story that he told to the husband of the murdered woman and Crown Prosecutor Kennedy.

BALFOUR HAS WAR CRY READY FOR ELECTION

Former Premier Thinks That Home Rule Bill Should be Allowed to Pass House.

[By Special Wire to The Courier] MONTREAL, April 16.—It is stated definitely, says a London cable to the Daily Mail, that former Premier Balfour and former Irish Secretary Walter H. Long, who are leading the "die hard" section of the Opposition, are endeavoring to induce the Unionists to force the Government to pass the Home Rule Bill without amendment. The idea is that the covenanters will then be mobilized, and the Government, being unable to face the situation, will be forced to resign, and the Unionists will form a ministry and go to the country on the cry:

"Will England lend the army to John Redmond to coerce Ulster?" Mr. Balfour believes that this cry, with the aid of the popular dislike of the Insurance Act, will be a winning card.

Confirmatory information comes from the Unionist headquarters in the shape of a report that the party is about to spend huge sums in the constituencies with the view of emphasizing the meaning of the Ulster question to the proletariat.

MILITANTS ACTIVE

LONDONDERRY, Ireland, April 16.—Militant suffragettes made their first onslaught on this city to-day when an "arson squad" set fire to and burned to the ground a large residence. A paper bearing the words "fair play for women. Apply for damages to Sir Edward Carson. Stop the torture of women," was found on the premises.

GOODS RECOVERED

FORT WILLIAM, Ont., April 16.—Goods stolen in transit from C.P.R. cars at Chappleau have been recovered to the value of \$25,000, and it is supposed that a gang have been operating there for some months. Two men suspected of being implicated have disappeared. The stolen goods included heavy articles, even pianos.

He Owned A Whole City

[By Special Wire to The Courier] MONTREAL, April 16.—A London cable to the Daily Mail announces the death at Huddersfield of Sir J. W. Ramsden. He owned all the city of Huddersfield except one house and plot. He often tried to buy that, but in vain.

On one occasion he offered to cover the site with sovereigns as a purchase price, but the Quaker owner demanded that the sovereigns should be placed edge-ways, and then the negotiations were broken off.

MUCH EXCITEMENT

In New Brunswick Legislature Over Scandal Charges Laid.

[By Special Wire to The Courier] FREDERICTON, N. B., April 16.—In the expectation that there would be some ventilation of the charges against Premier Fleming in the legislature last night the galleries were crowded when the house opened.

Frank B. Carvell, M.P., for Carleton County, occupied a seat near the members' desks, and was an interested spectator of the proceedings. Nothing was done however, Mr. Dugal, Opposition leader, asked a couple of questions referring to Mr. Berry, chief lumber scaler, whose name has been bracketed with that of the Premier in some of the charges. Mr. Dugal wanted to know why certain sums had been paid Mr. Berry in excess of his salary, the idea evidently being that the sums were illegal and the government desirous of hiding them.

Hon. James A. Murray, acting minister of lands, said the sums paid to Berry were by agreement at the time of his appointment and all were entered in the auditor-general's report.

It is expected that the charges against the Premier will be discussed at some length to-day. The opinion is that there will be a complete investigation by a royal commission, or a committee of the house.

CZAR'S SON BETTER

NEW YORK, April 16.—A cable from St. Petersburg to the New York American says: It is reported on good authority that the Czar's little son has now fully recovered his health. He has lost the pallor he had when the court went south to Livadia last fall and now has a fresh, healthy appearance. His physical movements are free and there is no trace of the former stiffness in the left leg.

Chief Justice Sir Glenholme Falbridge reserved decision on a case of interest in regard to the bilingual school question arising in Glengarry.

Retail Grocers of Province May Join With Retail Merchants

Three Londoners Elected to Office at the Annual Meeting.

TORONTO, April 16.—A movement to unite the Ontario Retail Grocers Association with the Retail Merchants Association was started yesterday afternoon at the convention of the grocers in the Temple Building. Its executive committee will go to the murdered woman and Crown Prosecutor Kennedy.

The trial of six medical men charged with cruelty to dogs after vivisection crowded a Philadelphia court room.

The union will be made. The question of union goes to the executive committee. When it has been found out how all other grocers stand on the matter, negotiations with the retail merchants will be started.

The officers were elected for the coming year as follows:

President, J. W. Mellen, of Brantford; first vice-president, J. A. McIntosh of Hamilton; second vice-president, A. Palmer, of London; third vice-president E. Barnsdale, of Stratford; secretary (re-elected), Thomas Shaw of London; executive committee, E. T. Mason of Peterboro; C. McCauland, of Paris; E. H. Hasell of Hamilton; F. Harg of Brantford; A. Phillips of Ottawa; J. D. Winters of the Grocers' Association will be asked their opinions of suggested arrangements and if all are satisfied the union will be made. The question

LORD CROMER TAKES A FLING AT MILITANTS

Crazy Sex War, He Says, is Having Disastrous Results in England.

[By Special Wire to The Courier] NEW YORK, April 16.—A cable to the New York American from London says: Lord Cromer, the great Egyptian, has been having another fling at the militants.

Of all the determined opponents of women's suffrage, he is the greatest. He it was who formed the anti-suffrage league, and his strictures on all that has to do with women's votes are almost as severe as were his crushing edicts in Egypt.

He was in the van of the hostile forces at Lady Haversham's anti-suffrage "at home" at her house in Grosvenor street last night, and made one of his scorching speeches.

Lord Cromer's speech was punctuated with applause, especially when he said that he could not imagine anyone giving into the militants now. He further in accord with those who hold that if a woman in prison refused to take her food she should be allowed to commit suicide.

"This wretched sex war," proceeded his lordship, "is making men less courteous to women and women more aggressive to men."

He added that as far as giving women scope for their activities went he was a Liberal, almost a radical, but when it came to the question of giving them a political vote, he was one of the most antiquated of Tories.

BANQUET AT THE Y.M.C.A.

First Annual Affair Held by the Dormitory Men Last Night.

A very enjoyable banquet was given last night in the Y. M. C. A. when the officers of the Association tendered the Dormitory men a splendid supper which was followed by an excellent programme.

After the supper was finished, Mr. T. L. Wood, president of the Association in a few witty remarks mixed in with some sound advice to the dormitory men, introduced the principal speaker of the evening, Mr. J. W. Hopkins, Secretary of the Toronto Central Y. M. C. A. and a former Brantford man.

Mr. Hopkins in rising, conveyed the greetings of the Toronto Association and expressed his pleasure at being present at what he termed his home association.

He spoke to the men chiefly on the relationship which ought to exist between them. "It makes quite a lot of difference," said Mr. Hopkins, "to a young man coming into the city a stranger, what his social surroundings are." He emphasized the fact that a man should be in perfect sympathy with the work and regulations of the Association.

He went on to give the men a lot of good sound advice to which they listened attentively. He impressed upon the men the necessity of serving others at all times.

Following Mr. Hopkins' speech, Mr. G. L. Goodwin secretary of the Association, took the chair, and called upon the two dormitory men for their part of the programme. To say one number was better than another, would be difficult. Each number was rendered in splendid fashion and received hearty applause by the men.

Perhaps the best number on the programme was the solo rendered by Mr. Verne O'Neil of Woodstock, who delighted the audience with "Three for Jack" followed by "Sons of the Army" for an encore. Mr. O'Neil possesses an excellent baritone voice and his numbers were received by great rounds of applause.

Following closely on this number, was a splendid quartette by Messrs. O. Dinger, Geo. Langford, B. Vollick and P. F. McClary, who sang in splendid harmony the ever popular "Juanita." This quartette was selected only a few days ago and their numbers were rendered in excellent voice.

Mr. Herbert Bradley delighted the audience with a splendid reading of one of Robert W. Service's poems, "Lone Trail."

Another contributor from outside the association, who deserves special mention, was Mr. A. H. Farrell, who delighted the men with two splendid and "In the Garden of My Heart" and an excellent violin solo "Cavellera Rusticana."

A quartette composed of Messrs. K. W. Brown, N. A. Weir, P. F. McClary and B. Vollick delighted the men with a well rendered "Rebecca of Sunnybrook Farm." Mr. Deakin sang "Asleep in the Deep" and for an encore sang a humorous selection which was exceptionally well rendered.

W. Davis gave two very clever lady impersonations which were greatly enjoyed. Mr. J. Valentine very kindly acted as accompanist for the evening in a very capable manner.

A hearty vote of thanks was tendered the Board of Directors and those who had taken part in the entertainment by Mr. R. J. Campbell and was ably seconded by Mr. G. Pickles.

Following a short reply by Mr. F. W. Thompson the popular Recording Secretary of the Association, the gathering broke up by the singing of the National Anthem.

This function will be in future an annual affair.

Clement, 88 Albion street, two story brick house to cost \$2,000, and another residence at 90 Albion street, to cost \$2,000; Jas. Heath, corner of Rawdon and Drummond Sts., a two story brick house, to cost \$2,700.

Will Hold Meeting.
A meeting will be held in Victoria Hall under the auspices of the Trade and Labor Council, on Thursday, April 23rd, when Mr. W. S. Brewster, M.P.P. will address the working men and others on the subject of the Workmen's Compensation Act. Mr. Brewster will explain in detail the workings of this bill, which address should be heard by every wage earner. The meeting is open to all classes of citizens.

Sports Committee.
There will be a meeting of the General Sports Committee of the Old Home Week in headquarters, room 12 Temple building, on Friday, April 17th, at 8 p.m. sharp. The sub-committee which was appointed at the last meeting will have their report ready to submit and considerable other business will have to be attended to. Several members of the committee have another meeting to attend that evening, and the chairman particularly requests that every member of this committee be on hand.

Shriners for London.
The Shriners are preparing to entertain at least a thousand nobles at the spring ceremonial session of Mocha Temple on April 24, at London. The notices have gone out from present indications it will be a most entertaining evening. Visitors are expected from Toronto, Hamilton, Buffalo, Grand Rapids, Detroit, Saginaw and other cities. Ill. Potentate Henry Roe is making arrangements for something unique in the way of a program and when he starts out to do anything along that line there is no doubt of its success. Brantford Shriners are going up strong. Bert Inglis is chairman of the musical committee for the event.

MUSIC COMMITTEE

First Meeting in Connection With Old Home Week Plans.

The general music committee of Old Home Week last night held their first meeting in headquarters at the Temple Building. There was a large and enthusiastic attendance, and the chairman, W. N. Andrews, occupied the chair. Although nothing definite was decided upon in the way of furnishing bands for the week, yet the committee assures the public of an abundance of music for the entire week.

It was proposed at the meeting to hold a big pantomime on one day, to be accompanied by a monster choir, composed of the members of all the choirs of the various churches of the city. This choir will also be augmented by a gathering of children to form a living flag.

On Friday night, Aug. 15, it was proposed to hold a mammoth tattoo at Agricultural Park.

With all these propositions before them the committee will proceed to ask for prices for the entire week of different bands, also the estimated cost of a fireworks display, after which they will definitely decide upon their part of the program.

One week from to-night, April 23, the committee will hold another meeting at headquarters, when a representative from every church choir in the city will be asked to attend to discuss the proposed monster choir.

INCREASE IN SALES
The total sales of the "Salada Tea Co. last year amounted to as much as the total business during the first twelve years they were introducing Ceylon tea into Canada and the United States. Their increase alone in 1913 over 1912 amounted to more than the total business done during the first five years of their existence, and during the first three months of 1914, their ratio of increase is the largest they have ever had.

BWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY
Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

Laid at Rest

The funeral of Alexander Busznek took place yesterday from Mr. Beckett's undertaking parlors to Grace church where Dr. Mackenzie, assisted by Rev. Mr. Saunders, conducted the last sad services, after which the cortege proceeded to the place of burial in Mount Hope cemetery, where Rev. Saunders officiated. A number of the friends of the deceased attended, including his wife who had lived apart from him for several years in St. Catharines.

Paris News

PARIS, April 16.—This afternoon an especially pretty home wedding took place at "Maple Lawn," Paris, the home of the bride's parents, Mr. and Mrs. D. M. Lee, when their second daughter, Miss Lilovette, became the bride of Mr. Wm. M. Miller, eldest son of Mr. and Mrs. James Miller, Paris Plains South. The bride was becomingly gowned in pearl white silk crepe, with bugle and tulle trimmings, and carried a bridal bouquet of roses and lilies of the valley. To the strains of Mendelssohn's wedding march, played by Miss Edith Miller, sister of the groom, the bride entered the room on the arm of her father, the ceremony being conducted by Rev. J. Brandon. The bride was unattended. At the close of the ceremony the assembled guests sat down to a sumptuous repast. Later in the evening Mr. and Mrs. Miller left for Hamilton and Toronto and points east. The large number of beautiful presents bore evidence to the exceeding popularity of the bride.

Last evening two of our highly esteemed townspeople, Mr. and Mrs. Thomas Evans, celebrated their golden wedding with their family and a few warm friends. Mr. Evans was born in Toronto, but two years later moved with his parents to Ottawa, and from there to Dundas. In 1856 he came to Paris where he has since resided, and during that period saw the town grow from a few scattered log houses and shanties, to the present stately homes and large public buildings, to say nothing of the progress and substantial manufacturers that Paris has. On April 14th, 1864, he was united in marriage to Miss Matilda Simson, daughter of the late Captain Simson of St. Andrew, N.B. Their married life has been a happy one, and Mrs. Evans by her kindly disposition, has endeavored herself to a wide circle of friends outside the immediate family connections. Regarding Mr. Evans, he also had been honored by his fellow citizens, he having represented them for years at the council board as alderman, deputy reeve, reeve and mayor. He also had the honor during the occu-

pancy of the mayor's chair, to present a delegation at Paris Junction, to our present King and Queen, while they were on their tour of Canada. It is not often when one celebrates golden wedding that the groomsmen and bridesmaids are spared to be present, but such was the case here in the persons of Mr. and Mrs. Thomas McCammon Paris. Those of the family present were: Mr. and Mrs. Fred Evans, Paris; Mr. and Mrs. Harry Evans; Mr. and Mrs. Davidson of Carnduff, Sask.; Mr. and Mrs. Myers, Brantford; Carrie, of Saskatchewan; Lottie and Edna at home; Mr. and Mrs. Percy Evans of Edmonton, Alta, were unable to be present.

Mrs. Thomas Evans were the recipients of a large number of valuable gifts accompanied by the wish that they might long be spared to each other as also their family and friends.

Mr. Robert Dawson and her brother, Mr. Frank Showers of Burford Township, have returned from attending the funeral of their sister, Mrs. Wm. Brown of Grand Rapids, Mich. The deceased was a daughter of the late William Showers of Blenheim Township. The late Mrs. Brown leaves to mourn her loss one daughter, her husband having predeceased her last January. Their many friends in Paris will sympathize with them in their trouble.

QUEEN'S CHINA MUSEUM
NEW YORK, April 16.—A London cable to the New York American says Queen Mary has just arranged at Windsor Castle a museum of English china. It is in the private apartments each variety arranged in a separate room, over the door of which the name of the pottery is inscribed. Wedgwood is the Queen's favorite china, and her collection is as fine as any in England. Queen Mary is now arranging and cataloguing her collection of English laces at Buckingham Palace.

SIR DONALD IS HOPEFUL OF ASSISTANCE

C. N. R. Has More Feeders Than Any Other Line on the Continent.

[By Special Wire to the Courier] MONTEREAL, April 16.—Before leaving for Ottawa last night, Sir Donald Mann, Vice-President of the Canadian Northern Railway, said that he did not think there would be serious opposition to any reasonable assistance the government might give the company. He said that even if the C. N. R. when completed, would have cost \$400,000,000 this would work out a less than \$4,000 a mile, as there would be 10,500 miles of road. He pointed out that the country had never been called upon to pay for any responsibility which the government and parliament might have assumed for the railway in the past.

TWO Sir Donald Sir Donald said that if everything went all right at Ottawa he felt certain the company's lines would be hitched up before the end of the year. "A great many of our feeders have been carrying freight to Ottawa and competitive lines, while when our main line is finished the profit will come to the Canadian Northern," he added.

"No railway on this continent has ever completed a main line possessing as many feeders and branches as in the Canadian Northern system."

Tennis Courts Decided Upon The tennis courts which have been under consideration at the Y. M. C. A. have been decided upon, and the space adjoining the Y. M. C. A. upon Darling St. will soon be the scene of two splendid courts. At the present moment a letter of refuse adorns the green, which was at one time the best bowling green in the city. It has been the scene of many a memorable contest. To-day a man will commence to clean away the rubbish, and with a little attention the green will be numbered among the best courts in Brantford. It has not yet been decided how the charges for the use of the courts will be made, whether it will take the form of an annual subscription or be a nominal sum per game. It will be taken up to see which is the best system.

Congregationalists Meet in London The spring meeting of the Western Association of Congregational churches, which opened on Tuesday in the Southern Congregational Church, Horton street, London, was concluded last night. The officers for the ensuing year, elected yesterday afternoon, are as follows: President, Rev. W. B. Spence, of Guelph. Secretary, Rev. M. T. Walker, of Bellwood. Treasurer, Rev. Byron Simmons, of Burford. Home missionary representative, Rev. W. H. A. Spence, of London. Chairman, credential committee, Rev. W. E. Gilroy, B. A., of Hamilton. Registrar, Rev. D. A. Armstrong, of Promé.

KILLED AT CALEDONIA. CALEDONIA, Ont., April 16.—John Carroll, 65 years of age, was killed by a Grand Trunk train last night shortly after 8 o'clock, while on his way home from this place. He was walking along the tracks and evidently failed to hear the approach of the train. The body was not found until this morning. His wife, four sons and two daughters survive.

OTTAWA CIVIC SCANDAL. OTTAWA, April 16.—Judge McTavish this morning opened the judicial enquiry into charges made by Alderman Low that he had been offered a bribe of \$1,000 in connection with the recent vote on the water supply question. Owing to other engagements, the judge adjourned the hearing to May 1 without taking any evidence or doing anything but mapping out a course of action. There are very few witnesses to be heard, so that the case will not last long.

LONDON IS WORKED UP

(Continued from Page 1)

Every London talesman was challenged or asked to step aside. As usual, the jury as chosen, is almost wholly composed of farmers, 9 out of the 12 being agriculturalists.

In making his initial address to the jury Crown Prosecutor Crosswick indicated the court's endeavor to prove the shooting of Blackburn to be a cold blooded premeditated murder. With these thrilling emphasis the prosecutor dwelt on the reported asser-tion of the prisoner to Harry Andrews: "I'd like to shoot that Black —" after Riley had left the bar of the Cecil House in the afternoon.

The crown prosecutor made no dramatic attempt to play upon the emotion of the jurors as he told the story of the shooting but his clear and concise summary of alleged crime was effective.

The first entry of Riley, his scuffle with the aged drayman, Blackburn's admonition to Riley to "cut it out," the latter's throwing of the beer over the bartender, was related to the jury. Then came the recital of the remainder of the drama. Blackburn throwing out Riley, the latter's attempt to apologize, Blackburn's refusal, the ensuing scuffle, and Harry Andrews' effort to get him out. Then came the reported statement of Riley to Andrews as they left the hotel: "I'd like to get that Black —"

The rest of the story of the drama is told by chapters.

Chapter two was the return of Riley; chapter three, the shooting and escape of the murderer.

From the line of cross-examination taken by Mr. E. D. Meredith, K. C., in examination of Beattie, a crown witness, the defence will be based on Riley's drinking.

Repeatedly counsel endeavored to force a statement from the witness that Riley's appearance was that of a man on a prolonged spree, Blackburn he endeavored to paint as a man inclined to swear.

Herbert C. McBride architect, was the first witness called. He testified to drawing plans for alterations to the Hotel Cecil, where the shooting occurred, and gave an accurate description of the location of the doors of the bar.

Howard Beattie, 273 Clarence St., followed. He testified that he knew Blackburn, bartender at the Hotel Cecil. He was a short, stout and robust man. Witness went to the hotel at 1 o'clock.

"Where was Blackburn?" he was asked. "Behind the bar," was the reply. "When did Riley enter?" "He came in shortly after, accompanied by a friend, Andrews."

"Who were in the bar at the time?" "There were several draymen talking and foaming."

"What happened then?" "Riley and his mate joined them. "Then?" "After a time Blackburn, thinking that Riley was going mad, said: 'Cut that out.' Riley had a small glass of beer."

"What did Riley do?" "When Blackburn asked him to stop he spilled his beer on the bar. Riley left by the north door, but entered almost immediately and apologized. Blackburn would not accept the apology, but said: 'Get out or I'll put you out.'"

EBENEZER SMITH HAS PASSED AWAY He Was an Old Soldier and a Highly Esteemed Resident of Brantford.

The death of Mr. Ebenezer Smith 57 Oxford street removed an excellent citizen. Deceased was a member of the Connaught Rangers, British Army, from the time he was fifteen years old, and was severely wounded in the right leg during one of the engagements. This led to his enforced withdrawal from the service, some eight years ago, when he came to Canada.

On the organization of the new field battery, he immediately offered his services, which were gladly received. He leaves a wife and children to whom sincere sympathy will be extended. Rev. Mr. Brown officiated at the funeral and members of the battery attended in a body, and also representatives of the Veteran Association.

GETS PROPERTY BACK TORONTO, April 16.—The court here to-day gave judgment which gives back to Mrs. Sharpe of this city the property she conferred on "The God," otherwise Frank Dutton Jackson, who is in Bellevue hospital, New York at present. The next step will be proceedings in New York, to annul the marriage.

THE U. S. FLEET DEMONSTRATION.

A United States paper makes the boast that probably no other power could have so effectively made a fleet demonstration as Uncle Sam has in the case of Mexico. To feel pride in the prompt manner in which President Wilson took steps to vindicate the national honor in the matter of the unwarranted arrest of some of his marines, is, of course, natural, but to say that his display of force could not have been equalled by any other nation is ridiculous.

Table comparing U.S. and British fleet statistics. Columns include ship types (Battleships, Battle cruisers, etc.) and counts for both nations.

SEWAGE DISPOSAL.

Winnipeg is at present experimenting with reference to the disposal of the sewage of that place. Hitherto, the discharge has been into the Assiniboine and Red Rivers, and the fouling of these streams has become intolerable and a great menace to public health.

The crude sewage first enters sedimentation tanks, and is separated from the sludge. The effluent from this first process then passes to an aeration machine known as the hydro extractor, a machine very similar to those used in the purification of sugar.

U. S. POLITICAL TREND.

Last week there was an election in the seventh New Jersey Congressional district, and the result has possessed a two-fold significance. It shows that the Wilson administration has been repudiated in a district easily Democratic two years ago, and that the Progressive party has lost so much ground in that district as to be virtually negligible.

CARROLL DEFINITION OF A TARIFF WALL

Protection for His Home Industries and Free Trade for Others.

OTTAWA, April 16.—The House resumed yesterday after the Easter recess and dropped methodically into the budget debate, but the Opposition at the close of the day had not produced the promised amendment.

The tariff was in reality the main issue in New Jersey, and the great manufacturing district, which includes the city of Paterson, gave a tremendous majority against the policy in this regard at present prevailing in Washington.

W. F. Carroll, of South Cape Breton, who resumed the debate to-day, blundered into a perfectly good illustration of the Liberal attitude. He was all in favor of a tariff wall around the industries in his district, but he was more than willing to remove the duties with respect to industries in other parts of the country.

HEARING CASES BEFORE KADI IN COURT TODAY
Fifteen Gallons of Beer Consumed in Three Days—A Theft Charge.
The question of how a man and his wife could consume 15 gallons of beer in three days and keep within the limits of the law was put before Magistrate Livingston this morning, when John Galka was charged with a breach of the Liquor License Act. It was proved that defendant who lives at 58 Wadsworth street, had ordered and received two small kegs of beer on Saturday, April 11th, and on Monday when the house was searched, that all the kegs were empty. He said that a mistake had been made, as he lived in a double house, and that some of the beer might have been ordered by his neighbor. He also said that he let some of his rooms to boarders who might have ordered the liquor. The magistrate decided that the beer was only got for one purpose, and that was for sale. The man and his wife could not have imbibed the whole of the spirit in the time mentioned, and he therefore imposed a fine of \$100. Tony Kurtz was fined \$100 for a similar offence. Yesterday he stated that he had only purchased one cask of beer during four months, and that was for his wife. This morning, the driver of Mr Coulson testified that he had delivered several kegs lately, the usual custom in the case being to supply a couple of kegs on Saturday, one of which was emptied and refilled on Monday. The defendant usually ordered two kegs at a time. The magistrate was satisfied that the statement of defendant was not true, and he inflicted a fine of \$100. This was the second fine of that amount during the sitting.

A Football Game
A group of four young fellows, feeling hilarious at the Grand Trunk station yesterday, noted a quiet looking Armenian, and when his hat blew off they proceeded to have a game of football with it to the distraction of the owner. The game continued until P. C. Borewick came upon the scene when the players hastily decamped, and the hat returned to its owner, who with tears in his eyes thanked the officer. As a sequel to the affair, Joe Atfield, one of the four, came before Magistrate Livingston this morning and was fined \$3 for his part of the game. As a usual happens, he claimed that the police had got hold of the only innocent member of the four. A curious fact was that in spite of the officer's statement that the hat, which was a "Christie", was badly dented and battered in the game, the Armenian declared his hat was alright and he did not want any money to get another.

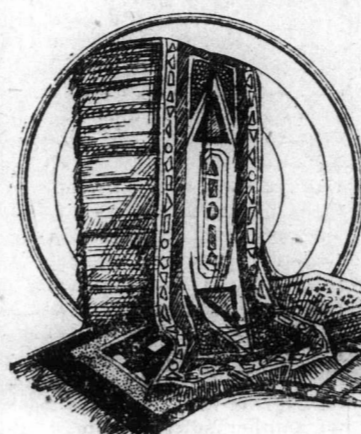

A Theft Charge.
Thomas Palmer was brought back from Montreal by Sergeant Wallace, and was charged with theft at the court this morning. The articles stolen consisted of a gun, chronometer and an engineering instrument, altogether valued at about \$125. He pleaded guilty, under provocative circumstances.
According to defendant's story, the L. E. and N. Railway company, owed him some money and he took the articles to balance his account with them. He had been a resident engineer at Waterford and whilst there had bought an automobile. This had reduced his livery expenses, but the expenditure was not allowed to him. He claimed the expenses incurred in running the auto, and in lieu of them he took the instruments. The instruments had been returned and he (defendant) did not see why the charge had been laid after this action. In view of this, the magistrate asked why undue haste had been made in effecting the arrest and Mr. Kellett informed him that he had been instructed by his company to issue a warrant. He did not want to press the charge, as all the stolen articles had been returned. His side of the story was that defendant had tampered with his expense bills, making the defalcations amount to over \$100. The young man, who was 24 years old, had been living in a style which his income did not warrant and he had told Palmer that his employers did not approve of his mode of living. Defendant had laughed this off. Palmer expressed his penitence. He knew he had done wrong, he said, and had only thought that he was

LOCAL FIREMEN ANSWER TWO CALLS
Grand Valley Car Had a Hot Box—False Alarm Turned in From George Street

Last night at 10:55, a telephone call was turned in from Market and Colborne street that one of the Grand Valley cars was on fire at that corner. Captain Kingswell and fireman Curtis responded to the call with two chemical tanks and found of the car in a blaze. In a short time they had the fire out with little damage being done. A hot box was the cause. At 11:02, while there men were working at the car, another telephone call came from Benwell's Hotel, that Stedman Bros. factory on George street, was on fire. The firemen made an exceptionally quick run but found on their arrival that the night watchman had been burning some old cloth and paper, etc., and sparks were flying out of the chimney. The firemen investigated the place thoroughly, but found everything all right and in no danger of damage being done.

It is proposed to spend \$1,000,000 on statues to commemorate the hundred years of peace between Great Britain and the United States.

NO RECIPROCITY IN LICENSES IN ONT. PROVINCE

Clause Advocated by Members of Motor League Thrown Out.

PARLIAMENT BUILDINGS, Toronto, April 16.—The Motor Vehicles Act, which from its introduction into the Legislature has been backed by the Ontario Motor League received a battering yesterday at the hands of the members of the Private Bills committee. Practically every clause which marked a radical advance on the present legislation was considered to be an unnecessary subject for legislation and struck out accordingly.

The matter of reciprocity in licenses between Ontario and the United States was brought up but the committee was not willing to take a stand on it until the highway bill had been thoroughly considered in its relation to this question.

Hon. Mr. Hanna is not strongly in favor of it.

"Reciprocity would mean that everything would be ripped and torn to pieces from Niagara Falls to Windsor, and the roads would be in the fields forty rods back."

The clause was struck out of the bill for consideration in different form in the House.

Little quarter was shown the clause proposing to raise the provincial speed limit to 25 miles per hour with municipalities having certain reducing rights, and it was thrown out.

The matter of lights for cars and bicycles was left in the hands of a sub-committee to report on.

The Allan liners Calgarian and Alsatian will use Quebec as their Canadian port.

WOULD CHANGE SYSTEM OF COST

An Important Matter Re Collegiate Institute is Before the Government.

(By Special Wire to The Courier)

TORONTO April 15.—Thomas McGarry, M.P.P., for Renfrew, introduced an influential deputation to Hon. Dr. Pyne, Minister of Education to-day, comprising representatives from some fifty school boards throughout Ontario. The speakers were Messrs. S. T. Chown, Renfrew; E. A. Doolittle of Orillia; A. S. Wei Sarnia and Rev. J. C. Tolmie, Windsor.

Mr. Chown, as the chief speaker, pointed out the injustices of the present system of apportionment of the high school cost and asked that a more-equitable basis be formulated under which county pupils would pay a fairer share of the cost as well as the interest on the cost of the schools which is now borne entirely by the residents of the high school districts. The deputation pointed out that the cost maintenance was contributed to, but instances were given of municipalities expending several thousands of dollars for additions to high schools for the accommodation of county pupils, and total cost of which was borne by the high school district. There are 125 schools to be affected by the proposed change. In some districts special grants are made by the counties towards the maintenance of the high schools.

HOME RULE SHELVED FOR A FORTNIGHT

Next Few Days Will be Taken Up With Welsh Disestablishment.

LONDON, April 16.—Despite rumors to the contrary it is not expected that the Home Rule Bill will come up for further discussion until the end of the present month, or the beginning of May. Next week, and the following week are already practically booked for the Welsh Bill and the budget and the meantime a long series of questions have been drafted dealing more particularly with naval preparations. By Mr. Churchill for the protection of stores and ammunition in Ulster. Questions were put to the Prime Minister yesterday with a view to ascertaining who was expected to take the initiative in making "suggestions" in regard to Ulster. Mr. Asquith assured the House that the Government would announce the form which these should take in due course.

It is apparent that no conversations between the leaders are immediately possible, if they take place at all. Suggestions continue to be framed by the Unionists. Mr. Cassel has drafted one providing that members returned from Ireland, under the Home Rule, shall be entitled to deliberate or vote on any bill, motion or resolution relating exclusively to Great Britain.

Godfrey Locker Lampson suggests the withdrawal of Customs and Excise and Post Office service from the purview of the new Parliament, while James Hope wants to indicate to the Lords that they may exclude Ulster from the bill and include the judiciary, including the county court judges, as matters reserved to the Imperial Parliament.

Hibernian 1, Dumbarton 1.

ANOTHER DEMONSTRATION

HAMILTON, April 15.—Following the action of five hundred unemployed men yesterday in storming the city hall and calling on the mayor and controllers to supply them with work, another demonstration was made to-day. Early this morning several hundred men swarmed around the city hall, and after being driven away from there by the police, marched in a body to the home of Mayor Allan. He advised them to apply to the city work yards, where notices were posted of the number of men required. The civic authorities fear trouble.

Mr. Cockshutt Shows How Binder Twine Industry Was Killed

And Price of That Commodity Became Higher After Duty Was Removed—His Speech From Hansard.

Continuation of Mr. Cockshutt's speech on the Tariff.

Mr. Cockshutt: I have never known any political economist to contend that the price of an article could be raised above the amount of tariff exacted, that is, the whole duty, which is twenty per cent on some articles and fifteen per cent on others. Prices could not possibly be more than the duty in advance of the prices in the United States, because the manufacturers there would immediately send their implements over the border. I have here an immense list of articles that have been imported into Canada. This list, which is from the Department of Customs, is entirely authentic. The imports of agricultural implements under the existing tariff, which are, as I say, from seventeen and one-half per cent to twenty per cent are as follows: in 1911, \$4,510,000; in 1912, \$4,221,000; in 1913 \$4,440,000; for nine months in 1913, \$2,658,000. If you take the whole line of articles which I understand were included in the argument of the hon. member for Moosejaw (Mr. Knowles) in his resolution the other day, and which embraces engines and threshing machines and all the larger items, then we have the following, which is very much more: in 1911, \$4,887,000; in 1912, \$5,237,000; in 1913 \$5,014,000; for nine months in 1913, \$3,175,000. If \$10,000,000 could come in in 1913, under the tariff of from fifteen to twenty per cent what would be the result if they were put on the free list, and all that vast amount of agricultural implements brought into Canada free of duty? It would mean that all the capital invested in that business in Canada would be wiped out; that over fifty manufacturing concerns employing from \$45,000,000 to \$50,000,000 of capital, 10,000 hands hands and supporting 45,000 to 50,000 dependents, would be wiped out at the behest of my hon. friend.

He says he is a strong friend of the manufacturers. Well, if he will trust the manufacturer to look after themselves and not take them under his wing, we will feel a little more comfortable.

Mr. Carroll: Has the hon. member figures to contradict those supplied by the hon. member for Assiniboia as to the prices in Winnipeg and Minneapolis?

Mr. Cockshutt: I am only making the bald statement that, on the face of it, his information is false, for the reason that the prices could not be advanced by more than the amount of the duty. No tariff could advance the prices of goods beyond the amount of the duty that is exacted. When my hon. friend quotes a sixty per cent advance, he must know that he is not speaking by the book. I think my hon. friend must realize that he will not get any farmer to believe that the price of implements is fifty to sixty per cent higher in Canada than in the United States.

Mr. Turriff: I was quoting the figures given by the Grain Growers' Guide. The Grain Growers' Guide will prove to my hon. friend that they are right and he is wrong.

Mr. Cockshutt: If my hon. friend's contention is true, supposing he knocked off 20 per cent, he would still be getting 30 to 40 per cent more in Canada than in the United States. In other words if you remove the amount of duty, you have a vast difference of 30 to 40 per cent, according to my hon. friend. Anybody can see at a glance that those figures cannot be correct, and that wholesale prices must have been taken as against retail.

My hon. friend has made an accusation against the firm carrying my own name. Although I dislike to refer to a matter that is so personal, I feel that I cannot allow his statement to go unchallenged. According to 'Hansard' of last night, he makes the following statement, referring to myself:

"The hon. gentleman could sell a Cockshutt plow in the United States years ago, and pay a 15 per cent duty."

You notice he says we pay the duty.

—and 45 per cent duty on the repairs, and undersell us compete to the extent of selling trainloads in the United States."

That sounds very fine. I wonder if my hon. friend thinks that is correct. The United States duties on agricultural implements during the last few months have been entirely removed. I have yet to learn of one plow having gone across the line, either our own or any other make. Just the other day I asked a leading implement dealer, who knows more about such matters than I do, and he stated that even with the removal of the duty, he does not think that an agricultural implement has gone from Canada into the United States. My hon. friend has rather tantalized me to give him a little bit of history with regard to a shipment of plows once to the United States. Let me tell him how his friends, the Ameri-

cans will treat him if he ever gets into their hands, because we know with regret that when we deal with Uncle Sam we have to go in with a coat of mail and with shining armor if we are to come out again with a whole skin. What happened to the train load of Cockshutt plows, to which my hon. friend referred? They were seized at the border, condemned for under valuation, dragged through the courts and fined thousands of dollars, although these plows were entered at a higher price in the United States than American concerns were entering their plows at the city of Winnipeg. My hon. friend wants to place the farmers in the same position. What has happened with regard to potatoes? We send the potatoes across the border. As soon as we began to get a market the Americans say that our potatoes are diseased, not fit to mix with American potatoes of high standard. They are condemned because they are diseased. Ship your cattle over the border, and as soon as you begin to get a market established, quarantine and the tuberculosis test will do the trick. My hon. friend would not be sending his wheat into the United States for more than a month or two before the Americans would find smut in it, or that it was not properly classified, and I will defy my hon. friend to go into the United States and get a clean deal on his wheat. The whole history of trade with the United States from start to finish is that when it comes to carrying out their side of a commercial bargain, they do not do it right. They have not learned the principle of British fair play and honesty. I am sorry to have to say that, but I can speak feelingly. If my hon. friend tries it with his wheat, he will find the same as others have done with potatoes and agricultural implements and fish in cans. The fish go in free, but they catch you on the cans.

When my hon. friend the Minister of Finance said that he did not believe in interlocking legislation, he struck a true chord that will find a responsive ring throughout the Dominion of Canada from every business man. These hon. gentlemen would hand us over, body and soul, to the United States; they would interlock our tariff with that of the United States; they would let Washington dictate the interpretation of the tariff, and we would be hunted in the United States and dragged from court to court for interpretations on this, that and the other thing. My hon. friend knows that that has been the history of trading with the American people from away back. Even when it comes to carrying out financial obligations, we find that they are very slow to do so. We hope to have a fair settlement in regard to the Panama canal tolls, but it is taking a great deal of backbone on the part of Mr. Woodrow Wilson, the President of the United States; and if he succeeds in that, he will put a plume into the American flag that has not been there for some years.

Mr. Turriff: How does it happen, if the Americans treat the Canadians so badly in all commercial deals, that Canada does about sixty per cent of her whole trade with those same Americans?

Mr. Cockshutt: I can tell my hon. friend that very easily. They are always very ready to sell to you, but they are never ready to buy from you.

HELPS THE SICK TO GET WELL

A Good Friend to GIN PILLS

The letter below is only one of many that attest how GIN PILLS are regarded by those who have used them.

"I think it my duty to tell you that GIN PILLS are a sure cure for Kidney Trouble and La Grippe. I suffered so much with my kidneys and La Grippe until I used GIN PILLS, and now would not be without them in the house. I shall always recommend GIN PILLS to anyone I know is suffering with their kidneys."

MANSON'S BLOOD & NERVE TABLETS are the ideal tonic for pale, thin people. 50c. a box—6 for \$2.50. 207

If my hon. friend knows anything about the returns, he knows that for every dollar we sell to the United States they sell from three to four dollars to us. It is an easy thing to buy; and my hon. friend and some of his friends opposite have the idea that the more you buy the better off you are; the more you buy abroad, the better the country is. I have heard several hon. gentlemen opposite preach that doctrine; they do not take any stock in the balance of trade. A man that buys more than he sells will soon go into bankruptcy; but my hon. friend would let us go on buying four or five times as much from the United States as we sell to them, and say: What a trade we have with the United States! My hon. friend knows that his best market is in Great Britain. The people of Great Britain can yet take his wheat; they are the only people in the world who are taking more from us than they are sending to us.

Mr. Lemieux: What about our cattle?

Mr. Cockshutt: I do not think we have many cattle to send over there at this time. Our meat would probably bring a very good price in Great Britain, but judging from the prices now prevailing in the home market, I think every one will agree that we should keep most of our cattle at home to feed our own people. The home market which our hon. friends opposite often pooh pooh is really the only good market in which to make money. If my hon. friends would remember that about 80 per cent of the farm products of Canada are bought at high prices by the citizens of Canada and consumed in the home market, it is well worth preserving. To those who think that the United States is such a fine market for implements, I may say that they can have that 90,000,000 market for ten cents, so far as I am concerned.

HAD TO STOP WORK FROM THE PAIN

Suffered Ten Years Until "Fruit-a-lives" Cured Him

ST. THOMAS, ONT., May 22nd, 1913.
I was troubled for ten years with the most distressing Constipation and Indigestion of the worst form.
No one could have been worse with these troubles than I was for this long time.
The pain from indigestion was so severe that many times, I have had to stop work and lie down until the acute spasms passed away.
I took a lot of medicine—in fact, I guess I took about everything that was advertised—and gave them all a fair test—but got no relief. About a year ago, however, I was advised to try "Fruit-a-lives". I am mighty glad I did so for they seem to be made exactly for me.
They gave results in a very short time and I am now free from these diseases and enjoying perfect health.
My wife also used "Fruit-a-lives" and we both think they are the best medicine ever made."

SMITH OR MORAN SHOULD DEFEAT JACK JOHNSON

Tommy Ryan Says He Sees No Reason Why He Cannot Win.

NEW YORK, April 16.—Tommy Ryan thinks there is no reason why Gunboat Smith or Frank Moran should fail to make good.

"I haven't seen Smith fight," he said, "but a lot of people have told me he is an awkward fellow. What does that signify? No two men box alike. Fitzsimmons was awkward how to fight. He knew how to win fights, and Smith seems to know how to doubt by his record. I have not a jotting that he beat Langford when he got the decision over him in Boston, and anyone who can beat Langford is a fighter. He isn't afraid of anyone, and he'd have a chance with Johnson."

"The big negro was a great fighter at his best, but I don't care who they are or what color they are, when they dissipate they go down like all the others. Johnson has lasted a long time, but he will go down hard when he goes."

"To my mind, Jeffries was the greatest man physically the ring ever saw. His strength was wonderful. He wasn't aggressive, but he was game, and he could beat any man who came at him. I knew Fitzsimmons would rush Jeffries at Coney Island and never stop rushing, and I told Jeffries to keep his guard up and nail Fitz as he rushed in. Jeffries was at his best that night. Afterwards he went back like all champions who live too fast a life."

Wild Ravings

(Ottawa Free Press)

One feature about this spring, it is not likely to drive any poets to the booby house. To date it has been some if not safe.

One murder, one fire and Frank Shaughnessy leaving town all in the same day, gives Ottawa a very metropolitan atmosphere.

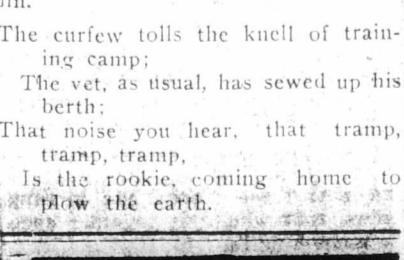

The Ontario Hockey Club is to be commended on its suggestion that all gates be split. Such thrift has not been displayed since the days before the cash registers were invented.

With sniffer haths in their hotel at Chatham, those ten Ottawa pitchers should develop lots of smoke in training camps.

Summer isn't far off. Shag Shaughnessy has gone to Fort Wayne, the big leagues have opened, the street pianos are grinding out 1914 airs and Rubie Deneau calls Doc. Reising a choice brand of citrus fruit.

Only two of last year's Canadian League Clubs have not claimed the 1914 pennant, viz.—Guelph and Berlin.

The curfew tolls the knell of training camp; The vet, as usual, has sewed up his berth; That noise you hear, that tramp, tramp, tramp, Is the rookie, coming home to plow the earth.

New League Will Bring Action Against Five Players Who Jumped.

CHICAGO, April 16.—Suits for damages aggregating \$65,000 will be begun in a few days by the Federal League against five ball players who, it will be claimed, refused to live up to their contracts with its clubs.

This was announced by President Gilmore on his return yesterday from the eastern cities of the Federal circuit. Blanding, Killifer and Kahler will be used for \$15,000 each and Williams and Baumgardner for \$10,000 each, he said.

Gilmore said that while he was in Baltimore three members of the New York Nationals called on him and said they were willing to play in the Federal League if offered inducements they liked. He promised to take them on, he said, if any of his clubs wanted men. He refused to make public their names.

REFEREES ARE APPOINTED

Football League Selects Their Own Men for Saturday's Games.

At a meeting of the Brantford-Paris Football league held last evening at the Y.M.C.A., every club was represented. The reports of the delegates, Mr. C. Patullo, (Scots United), and Mr. A. Mears (Wanderers) who attended the meeting of the Ontario Football Association, at Toronto last Saturday, were received. They informed the league that the Brantford and Paris League had been enthusiastically received into the Ontario Football Association. This means that Brantford and Paris will now compete for the championship of Ontario.

Permission was granted to the Dragon Club to change their name to "The Wanderers."

Referees were appointed for next Saturday.

Scots United v. Dufferin Rifles at Agricultural Park—Foster.

Tutela v. S.O.E. at Tutela—Mears.

Wanderers v. P.S.A. at Recreation—Holister.

The kick off will be taken sharp at 5.30, and clubs must be in line by that time, as referees are instructed to call the game sharp on time on account of the early darkness.

EARL HAMILTON JUMPS BACK TO THE BROWNS

PARSONS, Kan., April 16.—Earl Hamilton, pitcher who jumped from the St. Louis American League club to the Kansas City Federals last Thursday, yesterday agreed to rejoin the St. Louis team.

Hamilton reached his decision after an all-day conference with President Hedges of the St. Louis club, at Hamilton's home in Oswego, Kansas, near here.

Hamilton and Hedges left for St. Louis last night. While neither would discuss the days developments with newspaper men, Hamilton told friends he was getting a "big increase" in salary from the St. Louis magnate, and considered it to his interest again to join the St. Louis team.

Ontario Olympic Committee TORONTO, April 16.—President Thomas Brownlee of the Ontario Amateur Athletic Union, yesterday announced his provincial Olympic committee as follows:

Chairman, Thomas Brownlee. Secretary, Walter Trivett. Track and field, Jack Tait. Joe Goulding.

Whealsmen, G. L. Mackay. Oarsmen, L. J. Ferguson. Boxing, L. J. Wookey. Tennis, F. Summerhays. Swimming, A. J. Hardy. Football, Lou Brown and Elwood Hughes.

"Hard Going" Leaving On a Midnight Freight

STOPOVER, April 13, '14, Mr. Nelson. B. B. C.

Dear Sir—I know you will be glad that I am leaving Stopover to-night on the midnight freight.

If it is right they are going to call the Toronto Canadian League team the "Scarecrows," because they were placed in Toronto to scare the Federals away, they ought to call Hamilton's bunch Yates' Yeggs, as it won't be long now before they start to blow up.

Three Fingers Brown. Brantford people must have the baseball fever in its worst form. I hear when a man goes into a bar-room al he has to do is yell Beck and he is headed a beer; so I suppose if a man shouted one ball and one strike he would receive a half and half; or if when the bartender was pouring out a glass of whiskey some one said "Brown" the drink dispenser would stop at three fingers.

It must be funny to hear visiting players kick about Brantford's diamond being dead. You would think they would be surprised to find it alive after seeing Gabby Ivers slide once.

Rags and Bones. If Midge Craven of St. Thomas, is paying good money for all the bone he is signing up he must be above the salary limit already. Perhaps he thinks if he gets the bone now the league rag will be his at the season's first hit.

Real Live Scouts. Dick Eacrett says an Indian listener should make a good baseball scout, as they can smell a whiskey cork a mile away, and a good many ball players carry around the same perfume as a cork.

All Were Dead. Maybe you will not hear so much kicking from the fans this year about the odor from the West Brantford dump. Last season numerous complaints were sent to the Health Board but if the truth was known it was not the garbage that caused the smell; it was arms of the Red Sox pitchers. Anything that is dead should be buried.

The Preserving Season. Any lady sitting in the Grand Stand during the preserving season seeing a manager handing a pitcher his release, after such pitcher with his glass arm has been jarred off the rubber by the opposing batsmen, understands that the pitcher is "done up," and the manager is "sealing his can." Then again she has often seen the ball pickled for a home run.

As you settle in your grand stand seat. Of trouble there's no sign. But soon you'll have someone's feet A-pressing against your spine.

Yours, HARD GOING.

BASEBALL TRUST TRIES TO GET TINKER AGAIN

More Baseball Will be Played in the Courts Than on the Field.

CHICAGO, April 16.—The Chicago defendants in the two suits filed against the Federal League by the Philadelphia Nationals were served with summonses today. Tinker was handed his notice as he was boarding a train for Princeton, Ill. where the first and second teams will play an exhibition game.

The papers in the suits for injunction to restrain the Federals from attempting to hire Philadelphia players and for \$25,000 damages are returnable to the May term of the District Court and counsel for the National League club stated to-day they would be ready to proceed at once.

Wants to Draw Plans.

Saxon Hunter, of the firm of Hunter and Smith, architects, of Toronto, wants to draw plans for a fireproof market building for this city. Mr. Hunter is an ex-Brantford boy and a grandson of Benjamin Hunn who was for some years city relief officer of this city.

Clean Up Time.

Now that spring is here, Sanitary Inspector Glover has given out his annual warning to the citizens to clean up their yards. He calls special attention to the residents and merchants along the south side of Colborne street where the yards in the rear are in very bad condition. Mr. Glover stated this morning that property owners would not get the length of time to clean their yards this year as they did last. If the yards are not cleaned up and put in a sanitary condition immediately action will be taken against some of the delinquents.

In Bad Condition

The roadway on Rawdon street is in such a bad condition that cyclists and motor cyclists have to take to the sidewalks. This fact was brought to the attention of the city this morning by a letter from Mr. Robert I. Kett, a resident of that street who complained of the wretched condition of the road. In some places the mud is so thick that it makes traffic almost impossible, while in others Mr. Kett termed it as a "gully." People riding on the sidewalks with motor cycles and bicycles endanger the lives of pedestrians, and Mr. Kett asked the city to take some steps to prevent this practice by repairing the road and by making it passable.
