DEATH OF JUDGE BORDEN.

Judge R. A. Borden died at Moncton, March 26th.

The late Robert Allison Borden was born Feb. 3rd, 1846, at Avonport N. S. He was the son of the late George Newton Borden and Miriam Crane Borden, daughter of the late Col. Crane. He was a direct descendant of Perry Borden, the founder of the Borden family in Nova Scotia. The late Judge Borden was a second cousin of the Rt. Hon. Sir Robert L. Borden, Prime Minister of Canada, and also of the late Sir Frederick Borden. His early

education was received at Acadia Villa Seminary under the principalship of Dr. Patterson. He afterwards entered Mt. Allison University, graduating from that institution in 1866. He entered the law offices of Wetmore and Barker in St John where he studied three years, being admitted to the bar in 1869.

He entered upon the practice of his profession in Moncton and was associated first with the late C. A. Holstead, afterwards with Harvey Atkinson and the late C. E. A. Synnolds. On March 2nd, 1912, he was appointed County Court Judge for Westmorland and Kent Counties in the place of W. W. Wells, resigned. This honored position on the judiciary he held until his death. The deceased was a member of Keith Lodge A. F. & A. M. and also of the I. O. F.

During the many years that he practised his profession in the city the late Judge Borden won the general esteem and respect of citizens. He ably performed the duties of his office as County Court Judge, and his death will be the cause of widespread regret.

Judge Borden is survived by his widow, who was formerly Miss Smith, of Sussex, and one daughter, Miss Lila Borden, residing at home. The late Judge Borden is also survived by his brother, Rev. Dr. B. C. Borden, President of Mount Allison University; and one sister, Mrs. R. S. Smith, of Somerville, Mass. Mrs. Harris, wife of Lieut.-Col. Leonard Harris, who recently returned from England, is a niece of Mrs. Borden.

The late Mrs. J. W. S. Black, of Sackville, formerly Miss Sadie Borden, was a daughter of the late Judge Borden, and her son, Master Robert Snowball Black, known as "Bobbie", a grandson, is now attending school at Rothesay.

ENTERTAINED MEMBERS OF SON'S BATTERY.

W. C. Archibald, landscape architect of Wolfville (N. S.), is in the city. He has a son in the 5th Battery in France. A number of soldiers attached to this battery returned home wounded a few days ago and Mr. Archibald took the opportunity presented to make them his guests at a social held at the home of Miss Brand, 7 Dorchester St. By so doing he desired to show his personal appreciation and gratitude for their many deeds of valor in battles at Moquet Farm, Sugar refinery, at Courcelette and Paschendale. Gunner Archibald was a graduate of Acadia University in Wolfville N. S. and was a medical student at McGill University when he enlisted and crossed overseas.

Mr. Archibald gave an eloquent address to the assemblage in which he pointed out that the gathering was for two purposes, to honor the 5th Battery overseas and the wounded men who have returned after upholding the traditions of their forefathers by deeds of valor on the blood-stained fields of France. He told how the war had deeply stirred both the principles of right and defence of our loved ones. He pointed out that it was not what men said but what they did that counts. In conclusion, Mr. Archibald gave a sketch of the life of his son and told of his youthful hobbies as a small boy and later his life as a student. His remarks called forth hearty applause.

Address were given by a number of the returned officers and men and also by F. J. Dykeman, whose son recently returned from overseas. Musical numbers were rendered after which a bounteous repast was served. — St. John Telegraph.

Mr. and Mrs. H. G. Turnbull of Digby have received the sad news that their son Private Gerald Turnbull had been badly scalded in France, and was in a French hospital and is recovering from his injuries.

The bride looked charming dressed in a blue travelling suit with crepe de chine hat to match. The wedding march was played by Miss Jennie Layton, of Truro, Miss Helen Dunlap, of Truro, sang a solo very sweetly. Three were between fifty and sixty guests present, including the groom's mother, Mrs. Arthur Rockwell, and his aunt, Mrs. C. P. Hogan, of Steam Mill Village. Following the ceremony a dainty collation was served.

The presents received, were numerous and valuable, testifying to the popularity of the contracting parties. Mr. and Mrs. Rockwell left at five o'clock for a short wedding trip to St. John and other points in the maritime provinces. There was a large crowd at the depot to give them a send-off.

## IN MISERY FOR YEARS

**Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.**

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."

—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

### MARRIED IN ENGLAND AND WELCOMED HOME AT CANNING.

The following is from the Hants and Berks Gazette of Middlesex, Eng. Private Porter referred to is a son of the late Banvard Porter, of Blomidon and a brother of Mrs. C. A. Spinney of Kentville. He was wounded eleven months ago having gone through three engagements. He received his wound while in a raiding party a bullet passing through his body and a piece of shrapnel through his leg. He laid on the battle field 48 hours before being found. He has been in hospital ever since time until of late. He arrived at his home in Cornwallis last week on a hospital ship and his wife will follow him in an early boat this month. His body wound has healed pretty well but his leg still troubles him and he will be obliged to go to a hospital here. Pte Porter has been warmly welcomed welcomed by his many friends who met him at Canning station on Monday.

A very pretty wedding took place at the Parish Church on the 9th inst., the contracting parties being Pte. Herman Artherton Porter, of the 25th Batt. Canadian Regt., and Annie, eldest daughter of Mr. and Mrs. T. Lilley, of 63, Geo. St. Basingstoke. The bride was tastefully attired in white embroidered silk with wreath of orange blossom and veil, the bodice being draped with real Old Spanish lace, and carried a sheaf of arum lilies (the gift of the bridegroom). She was given away by her father, Mr. T. Lilley. Miss Ruth Lilley (sister), Miss Hilda Marshall (cousin), and Miss Annie Brown (niece), who attended as bridesmaids, were pretty attired in cream, trimmed with pale blue, with hats to match, and wore gold bangles (the gift of the bridegroom). The ceremony was performed by the Rev. E. Hall, and Mr. Reginald Leaney undertook the duties of best man. The usual wedding festivities were afterwards duly observed at the residence of the bride's parents, where many guests assembled. The happy pair were the recipients of numerous and useful presents from relatives, friends and fellow workers at Messrs. John I. Thornycroft and Co.'s.

### VALUE OF JERUSALEM.

What the British Gained by Taking the Holy City.

(American Review of Reviews) What is the advantage gained by the British in the possession of Jerusalem? Strategically the same advantage which the possessors of Egypt have always found in the possession of Palestine. That land is a fortress by which to hold the Asiatic invader far away from the Egyptian frontier, and from which to threaten him with attack. True it is not easy of access from Egypt, nevertheless, given a strong, hostile power in Asia,

Egypt has always found it necessary to hold Palestine in order to protect itself. Politically and morally the gain is enormous. The conquest of Jerusalem will find its echo not only among the twelve million Jews, orthodox infidels and believers, who look to Jerusalem as their sacred city and who are rejoicing that its reclamation from Turkish misrule and tyranny may mean a Jewish national revival. Jerusalem is a sacred city for many times twelve million Christians, and many times twelve million Moslems. Its conquest by the British will consolidate politically, by its moral influence, the British position in Egypt, enhance Britain's prestige with its Moslem subjects in India, as also that of her allies in Moslem Africa, and it will tend to range all the Arabic-speaking subjects of Turkey on her side. It will have a profound influence on the minds of countless Russian peasants who look to a pilgrimage to Jerusalem with certainty as great a longing as do the most pious Jews, and it may consequently prove hopeful in the general attitude of Russia toward the allies.

It will touch profoundly also the religious sentiment of France and Italy and Spain and Austria, from which Roman Catholic Pilgrims in thousands yearly visit Jerusalem as a pious act. The simple people in those countries cannot help but look with a certain favor on the Christian power which has redeemed the Holy City and the sacred sites from the infidel. What part pilgrimages to the Holy Land play in all those countries, those only can realize who have visited Palestine. Enormous sums of money have been invested in hospices and institutions of every sort for the entertainment of pilgrims. Schools, hospitals, and religious establishments, Russian, Italian, Spanish, French, Austrian, German, English, Armenian, and even Abyssinian dot the Holy Land, and cluster especially in and about Jerusalem.

WOLFVILLE

Sunday was a memorable day  
in the history of the Baptist  
Church. At the Communion  
Service sixty five were receiv-  
ed into the church. Fifty two  
of those had been baptized of  
late and thirteen received by  
letter. Among the number were  
8 or 9 from the Horton moun-  
tain section where Dr. Purvis  
Smith and Mr. Cain had been  
laboring with effect.

Mrs. Dr. Purvis Smith is sell-  
ing her property here and next  
week she will leave for China to  
join Dr. Smith, who is hard at  
work in hospital work there.  
Although advancing in years  
Dr. Smith is doing what would  
require several surgeons here.  
He has charge of a hospital and  
does all the surgical work a-  
lone. Mrs. Smith will be ac-  
companied by her two boys.

Mr. and Mrs. Frank Porter

KINGS COUNTY POULTRY CLUB.

A meeting of the Kings Co.  
Poultry Club was held in the  
Town Hall, Wolfville on Mon-  
day, April 1st only a small num-  
ber of members being present.

It was decided to hold the  
next show at Wolfville on Novem-  
ber 27th, 28th, 29th, subject  
to a suitable building being se-  
cured.

The president announced that  
Sir Robert L. Borden had kind-  
ly consented to present a Silver  
Cup for competition among the  
Kings County Poultry breeders.  
This cup will be awarded for the  
four best birds (cock, hen, cock-  
erel and pullet) of any one var-  
iety in the show, and is to be  
won three years. In addition  
to this, there have already been  
several cups promised by pro-  
minent Wolfville merchants and  
others, to be awarded on dis-  
plays of various breeds which,  
with those already in competi-  
tion, will make at least ten Sil-  
ver Cups to be competed for at  
the Sixth Annual Show. It is  
hoped, by the management, that  
every breeder in the county will  
be stimulated, by this announce-  
ment, to make great efforts to  
hatch and rear the chickens  
necessary to win one of these  
cups, and help to make the show  
a record success.

It is to be regretted that the  
lack of interest in our poultry  
industry is so great, as was  
manifested by the small attend-  
ance at the meeting. The Kings  
County Poultry Club is great-  
ly in need of members and any-  
one wishing to join will be  
heartily welcomed. Encourage  
the boys by showing your in-  
terest, and send in your name  
with \$1.00 membership fee, to  
the Secretary.

IMPURE BLOOD IN THE SPRING.

The Passing of Winter Leaves People Weak and Depressed.

As winter passes away it leaves many people feeling weak, depressed and easily tired. The body lacks that vital force and energy which pure blood alone can give.

Dr. Williams' Pink Pills for Pale People are an all-year-round blood builder and nerve tonic, but they are especially useful in the spring. Every dose helps to make new, rich red blood. Returning strength commences with their use and the vigor and cheerfulness of good health quickly follows.

There is just one cure for lack of blood and that is more blood. Food is the material from which blood is made, but Dr. Williams' Pink Pills double the value of the food we eat. They give strength, tone up the stomach and weak digestion, clear the complexion of pimples, eruptions and boils, and drive out rheumatic poisons.

If you are pale and sallow, if you feel continually tired out, breathless after slight exertion, if you have headaches or backaches, if you are irritable and nervous, if your joints ache, if your appetite fails and food does not nourish nor sleep refresh you, Dr. Williams' Pink Pills will make you well and strong. To build up the blood is the special purpose of Dr. Williams' Pink Pills, and that is why they are the best spring medicine.

If you feel the need of a tonic at this season give Dr. Williams' Pink Pills a fair trial and you will rejoice in new health, new strength and new energy. Do not let the trying weather of summer find you weak and ailing. Build yourself up now with Dr. Williams' Pink Pills—the pills that strengthen.

Ask for Dr. Williams' Pink Pills for Pale People and do not be persuaded to take something else. If your dealer does not keep these Pills they will be sent by mail, post paid, at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

'CASH AND CARRY' GROWS IN FAVOR.

Reports received by the Canada food board from all parts of Canada show that the "cash and carry" system recently inaugurated by individual grocers and other storekeepers in Canadian cities, is rapidly becoming general. The stores which have tried the plan of lower charges for customers who carry home their own purchases by allowing a rebate, thus saving delivery costs, report most satisfactory results. The food board is aiming to solve one phase of the cost of living problem by eliminating as far as possible present wasteful delivery methods. It is believed the most practical way of educating both merchants and customers as to the wisdom of saving the delivery cost is to demonstrate the practical working out of the "cash and carry" system by examples in every centre. Increased trade by the merchants who have already adopted the system, by allowing a consideration to the "cash and carry" customers, are forcing rivals to adopt the same system.

In addition to the money saving thus effected, the board looked also to a great saving in labor especially in the class of labor now most urgently needed. It is believed that hundreds of drivers of delivery wagons will thus be relieved for driving farm horses in the spring seeding operations. The greatest scarcity of farm labor just at present is of men who know how to handle horses, and the best source of supply seems to be the delivery wagon drivers in the cities.

There will be a Dominion-wide educational campaign to stimulate food consumers to help food production this year by reducing delivery costs by thoughtful ordering and by carrying

home their own parcels. There is every reason why the person who pays cash and carries his own parcel should receive better consideration as regards price than the person who has his goods delivered and charged. The public of Kentville will co-operate if the storekeepers make it worth their while as has been done successfully in other centres.

A CLOSE SHAVE.

A man went into a barber's in Cowcaddens, Glasgow, to be shaved. The barber cut him and nicked him and gashed him. When the job was over the victim said—

"Give me a drink of water, please."  
"You aren't going to faint, I hope," said the barber, handing him a glass.  
"No," said the man mildly.  
"No; I just want to see if my mouth'll hold water."

GERMAN HYMN OF HATE.

(The verses below are memorized by the German soldiers in the long hours in the trenches, and the spirit of them sinks in and becomes part of the man himself. Found on every German soldier captured in the recent advance in Italy, among the few cherished papers each one carried. This has taken the place of Lissauer's "Hymn of Hate," for which he was decorated by the Kaiser.)  
Sons of Germany, to arms!  
Oh, artillermen of ours, the mighty cannon, your invulnerable brother, is calling you.  
Oh, riflemen of ours, see. You are the conquering force. Even unto death let there be no thing to constrain you. Wherever you turn you enter wheresoever you enter is Germany.  
Oh, horsemen of ours, spur, rear, sweep all away before you.  
Your will, spur of your horse, is

Creative Canadian Literature

Although there are no books more sought after by collectors of other than "Canadiana," Canadians themselves have hitherto paid little attention to their own literature. When, therefore, Lord Shaughnessy of the Empire, who himself is a great reader of works by Canadian authors, and has an extensive library, was recently asked to present the nucleus of a library to the University of Toronto, an available list could be found which could be considered representative of what was creative and original in Canadian literature. With the help of well informed booksellers and librarians such a list was compiled and the nucleus of this Canadian library in New York has been formed. The list was confined almost exclusively to fiction and poetry, as the intention was to emphasize the creative character of Canadian literary expression. Several books which otherwise would have been included, such as Jerry Snyder's "In the Wake of the Eighteen-Twelvers" and Edith Eaton's "Mrs. Spring Fragrance," could not be obtained, as they are out of print. As a guide to those who are interested in the growth of an original Canadian literature, Lord Shaughnessy's list should prove of great interest. Here it is:

Table with 2 columns: Author and Title. Lists various Canadian authors and their works, including titles like 'Canada in War Paint', 'The Corallower', 'Pipes of Pan', etc.

### EXPLOSION IN ANNAPOLIS.

(Spectator).  
What might have been a very serious explosion happened in the kitchen of G. G. King's house last Saturday morning, when the stove was blown to pieces and Mrs. King sustained several cuts and bruises. It seems that she had been doing some painting in the pantry the day before and left the doors open at night for the paint to dry not anticipating that the mercury would drop to zero with a gale of wind before morning. On lighting the fire in the kitchen range, however, the explosion occurred, the water-jacket having been frozen solid. Mr. King happened to be out of the kitchen at the time and escaped damage altogether.

### THE QUEBEC RIOT.

Five Citizens Killed, Five Soldiers and Two Citizens Wounded.

Quebec, April 1.  
The riotous faction in Quebec and the military forces which have been taken over the policing of the city, fought a battle here tonight in St. Roches, the lower town section of the city, as a result of which five civilians were killed, five soldiers were wounded and 100 men placed under arrest. The fighting lasted from 8.30 till midnight, and during this time the snipers fired revolvers haphazard at the military from doorways and from behind snow banks. The military, who fired on the disturbers with machine guns, were much hampered in locating them, by reason of a thick fog, which settled on the city.

Quebec, Nov 3rd—Gen Lesgard with a strong body of trained militia has now the situation under control and no further riots are expected.

### WHOPPERS.

Two soldiers, an Irishman and an Englishman, having met in Wanders, began to talk of the hairbreadth escapes they had in battle.

"Well," said the Englishman, "one day, in the height of an engagement, a shell took the hair off my head. Now, what do you think of that for a haircut?"

"Sure," said Pat, "when I was in a battle a bullet from one of them Maxims whizzed by me and took off every hair of my face. What do you think of that for a close shave?"

### THE EMPIRE'S BIGGEST BARN.

What is termed the largest barn in the Empire is situated not far from Swift Current, Sas. This exact location is eight miles from a town called Prussia (This was named before the war began). This barn was built by a Mr. Smith in order that he might put his cattle inside during the severe winters of the prairie provinces.

The barn is built of lumber and cement, and contains the following material:—

875,000 sq. feet of lumber, 30,000 sacks of cement, 60,434 sq. feet of corrugated iron roof.

It has 126 windows, 16 doors, and 7 ventilators, each 36 in. square (in roof.)

The barn is 100 feet long, 128 feet wide, and 62 feet high. The painting of it would take 50 men one week to do it once over.

The farm on which this barn is located contains 10,000 acres of which 2,000 are irrigated.

Between 2,000 and 3,000 cattle can be kept in the barn at one time. The cost of labor and material would be in the neighborhood of \$100,000, as all the materials, such as lumber, iron, cement, and gravel, have to be hauled by wagon and horse eight miles.

### MUST PLAN FOR TEN YEARS FUEL SUPPLY.

"Canada must plan for a fuel supply, not merely to ra decade to come," said Prof Gillespie, the chairman of the Toronto branch of the Canada Society of Civil Engineers, in discussing the plans and purposes of the conference which has been called to meet in Toronto, Mar. 26-27 to discuss the fuel situation in Canada.

Prof. Gillespie declares that the situation is serious. "I would not be surprised if the United States should soon put an embargo on its coal. Canada has large fuel resources even if they are not ideal, it is our purpose to have the men who know tell the facts as they are about these fuel resources so that the public will know the situation as it is."

### SPRING WEATHER HARD ON BABY.

The Canadian spring weather—one day mild and bright; the next raw and blustry is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for the fresh air so much to be desired. He is confined to the house which is often over-heated and badly ventilated. He catches cold, his little stomach and bowels become disordered and the mother soon has a sick baby to look after. To prevent this an occasional dose of Baby's Own Tablets should be given. They regulate the sto-

ing or curing colds, simple fevers, colic or any other of the many minor ailments of childhood. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine, Co., Brockville, Ont.

## Military Service Act

### Important Announcement to All EXEMPTED MEN and to the Public Generally

**I**N dealing with the very large number of claims for exemption brought forward for consideration in connection with Class 1 under the Military Service Act, it has occurred, as was inevitable, that as a result of false statements and difficulties put in the way of investigation, some individuals have secured exemption whose proper place is in the Army.

It is not the intention of the Government to allow these men to evade permanently their obligation to bear their part in the military defence of the Country and of the ideals for which we are fighting. To do so would defeat the purpose of the Act, and cause grave injustice to men in the second class necessarily called out to fill their places.

#### Exemptions Granted on False Grounds

It is, therefore, proposed to scrutinize carefully all exemptions granted to date in order to separate those which have been granted on false or insufficient grounds from those that are well founded.

With this object in view the various Registrars under the Military Service Act have been instructed to issue a series of questionnaires to exempted men. These questionnaires must be filled up correctly and returned promptly under penalty of forfeiture of exemption for failure to do so.

#### Exempted Men Who Have Changed Address

It is therefore important in their own interest that all exempted men who have changed their address since their exemption was granted and who have not already notified the Registrar of such change should notify him at once. Under the Regulations it is the duty of exempted men to keep the Registrar advised of any change of address, and failure to receive the questionnaire by reason of neglect of this duty must be treated as equivalent to failure to return the questionnaire after receipt.

#### Citizens Urged to Assist

In many instances information has been furnished by members of the public which has led to the cancellation of exemptions obtained by false or misleading statements. Further co-operation of this character is invited. The Government regard it as the Duty of all loyal citizens, not only to the Country, but to the men at the front, to assist in this way in securing reinforcements on a just and legal basis. Correspondence of this character will be treated as strictly confidential and will receive the fullest investigation.

### "CLASS B" CALLED TO THE COLORS.

OTTAWA, March 29—Responding to a demand from the military authorities, the Military Service Council has decided to call up for service men in medical category "B" under the Military Service Act. Category "B" men are liable for overseas but not for combatant service. They are being called out because of the necessity of securing more men for railway construction and similar service. The official memorandum follows:—

"A military demand for men other railway work has arisen, and it has therefore become necessary to draft all men in medical category "B" in respect of whom no other grounds for exemption exist.

"The Military Service Council is therefore issuing instructions to registrars to take immediate steps to call up such men.

"Under the procedure heretofore adopted questions arising in regard to the exemption of men in medical category "B" on other grounds were postponed until men in the same medical category should be called up, and these men, as well as their employers and relatives will therefore be given an opportunity of presenting claims for their exemption.

### NO DRONES IN NEW JERSEY

New Jersey's anti-lodging law by proclamation of Gov. Edge is in effect. Every able-bodied man between the ages of 18 and 50 must work. No matter what the man's wealth or poverty he must work.

"Millionaires who flatter themselves that they can evade law by sitting in the lap of luxury are going to make a great mistake," says Gov. Edge. "If you live in Jersey you've got to work."

The State of New Jersey realizes the strenuous times in which we live, and the necessity for all to be busy in the world's hive.

### FOOD WASTE TO BE STOPPED IN CANADA.

Prosecution and enforcing of penalties in regard to food waste has been placed in the hands of municipal authorities under drastic new regulations. These regulations were drafted by the Canada Food Board and they provide machinery and authority for preventing or punishing wilful waste of any food product either by individuals or by cold storage or other companies which handle food.

### Word comes from the Secretary of the Field Comforts Society at Halifax, that there is great need for socks for the boys in the trenches. They never have enough. She also says the parcels are shipped right over and given to the most needy regiments and the boys are told where they are sent from. Those from Canada of course go to the Canadian regiments and perhaps some of our own personal friends may be the boys who will get the socks from Kentville. Mrs. A. E. Calkin has a supply of nice yarn and any of the ladies who wish to knit for Field Comforts will be gladly supplied by her. Let us try and get a parcel ready before long.
