### Quarterly Conference

Held over from last week

The regular quarterly conference of the Alberta Stake of Zion convened in the Cardston Assembly Hall, Saturday morning, August 17, 1907. Besides the Presidency of the Stake, Patriarchs, High Councillors and Bishops, Elders Rudger Clawson and George A. Smith of the Apostles Quorum and Elders Thomas Hull and Bishop Fred Clawson of the Mutual Improvement Associations, Salt Lake City.

The opening hymn, "The happy day has rolled on." Prayer was offered by Elder John A. Silver.

Singing, "Awake ye saints of God, awake."

Elder Edward J. Wood of the Stake Presidency opened the Conference with a report of the Stake Presidency for the last three months. They had visited all the wards and branches in the Stake and held meetings with good effect. He said that the monthly priesthood meetings were well attended and that a spirit of peace and contentment seemed to be in the midst of the people.

Elder Josiah Orr of the Bishopric of the Orton Ward, near Macleod, reported the condition of that ward.

Sister Aggie Campbell representing the General Board of the Young Ladies Association, Salt Lake City, spoke of the necessity of honoring the law of tithing and told of an experience in the case of a non-believer in the Gospel who had testified to the "blessings resulting from obedience to the law."

Elder Henry L. Hinman was the next speaker. He spoke of the advantages of saints living together in towns and villages where they might gather often to testify of the truth of the Gospel and the divinity of the work performed by prophet Joseph Smith. He hoped that the youth of Israel would not be contaminated with the iniquity that is spreading abroad throughout the land.

Bishop N. W. Tanner of Aetna Ward was called upon to report the condition of his ward. He said that the people were united and that the visits of the Home Missionaries were greatly enjoyed and appreciated by the people.

The choir then sang "When shall we all meet again."

Elder Thomas Hull next addressed the congregation. He referred to the splendid reports that had been given and said that it was an evidence that much good was being performed by the people. He read the hymn, "Awake, ye saints of God awake," and earnestly impressed upon the saints the necessity of remaining faithful and true to the Gospel as it had been revealed in these last days.

The choir then sang, "I'll praise my Maker while I've breath."

Bishop Clawson also spoke for a few moments. In the course of his discourse he impressed upon the people the necessity for being grateful for the blessings they had received and the great advantages and liberties which they enjoyed in this goodly land. He urged them to be active in every good word and work as this would keep them alive to their duties and responsibilities.

Elder George A. Smith was the last speaker at the morning meeting. His address was mainly along the line of the great blessing the presence of the patriarchs is to those who know the will of the Lord and strive to do it. He reviewed the work of the Patriarchs from the days of Abraham until

the present time and told of the great good they had done for the people and also of the power which the Lord had imparted unto them.

Singing, "Inspire of the ancient seers."

Benediction was pronounced by the stake clerk, Elder Sylvester Low.

The conference re-convened at 2 p. m. with Counsellor Thomas Duce presiding.

Singing, "Now let us rejoice in the day of salvation."

Prayer by Elder John A. Woolf.

Singing, "O God our help in ages past."

Elder Thomas Duce made the opening remarks. He testified to the faithfulness of the saints in the Alberta Stake and referred to the prosperity which seemed to be pretty general among the people. He exhorted the saints to constant prayer and thanksgiving.

Bishop Frank Leavitt reported the Leavitt Ward. The organizations were all in good working order and prosperity was attending the people.

Elder Frank Earl, returned missionary, told of some of his missionary experiences in the United States.

Elder Ambrose Woolford, who has just returned from a mission to Great Britain, related some experiences and testified to the truth of the Gospel of Jesus Christ.

Singing, "Onward Christian soldiers."

Elder Rudger Clawson expressed his satisfaction at the favorable circumstances surrounding the saints. He read the hymn, "O my Father thou that dwellest," and spoke of the grand and beautiful truths contained in the same. He said that things on earth were typical of the things in heaven. He spoke at some length on the evils of race suicide and the consequences of those who would indulge in the same. He said that they would bring down the wrath of an offended God.

Elder George A. Smith spoke along the same lines as Elder Clawson. He paid a eulogy to the gentler sex as more religiously inclined than the brethren. This fact he said had a great tendency towards assisting mankind for they come more directly under the influence of mother in the early part of their life and the lessons that are learned then are not soon forgotten. He related an incident of the fidelity of a mother's love and quoted the commandment, "Honor thy father and thy mother that thy days may be long in the land which the Lord thy God giveth thee." He invoked the blessings of the Lord upon the heads of the mothers in Israel.

Singing, "Behold the mountain of the Lord."

Benediction was pronounced by Elder Johans Anderson and the conference adjourned until 2 p. m. on the following day.

The meeting on Sunday morning was held under the auspices of the Stake and Local Sabbath School Organization. Reports from the visiting officers were heard and Sunday School Exercises were rendered.

The regular meeting of the Conference convened at 2 p. m. with Counsellor Stirling Williams presiding.

Singing, "Come, come ye saints, no toil or labor fear."

Prayer was offered by Elder H. R. Sloan.

Singing, "My God the spring of all my joys."

Sacrament was administered by members of the Cardston Ward and the General and Local authorities were presented and sustained.

Elder Rudger Clawson was the first speaker. He eulogized the Choir for the splendid way they

## Canada's Banking System

Prince Rupert Empire: The Calgary Eye Opener and the Vancouver World have discovered that the Canadian banking system is not what is claimed for it by its admirers. Nearly every business centre in the West, from Winnipeg to Vancouver, has been treated to a dose of financial medicine not to its liking. The Canadian banking system is all right for the banks and for the big cities in which the banks have their head offices; but were the branches of these banks in the smaller centres and towns replaced by local banks, with capital furnished by local capitalists, and managed by local officers and boards of directors, it is not unfair to assume that there would be fewer "squeezes" and withdrawals of credit in towns like Vancouver and Calgary and Winnipeg than there are under the present system. THE BRANCH BANKS "MILK" THE SMALL TOWNS AND CITIES, AND THE MONEY GOES TO THE HEAD OFFICES OF THE BANKS IN TORONTO AND MONTREAL, and these banks keep the surplus, often millions of dollars, out at interest in New York, Boston, Philadelphia and Chicago, where it is used in stock and grain speculation. Of course, it will be said that the Canadian banking system protects the bill holders and the depositors to a greater extent than the banking system of the United States. Every piece of paper money issued in the United States is absolutely safe, as safe as the issues of the Canadian banks. If a Canadian bank fails, which does not often occur, the depositors and the stockholders take chances in getting one hundred cents on the dollar, as do the depositors and stockholders in banks that fail in the United States. The question is: Would local banks, with local capital, managed by local officers and directors, be better for the smaller towns than branches of banks whose officers and directors live in big centres like Toronto and Montreal? Had Vancouver half a dozen local banks, with capital furnished by local capitalists, and managed by local officers and directors, it is safe to say it would be in a better financial position than it is today with its dozen branch banks and its millions of deposits out at interest in New York and Chicago. A surplus is a good thing to have at home. Canada's surplus money is not at home, and is not likely to be under its present banking system.

had rendered the songs of Zion. He read the hymn, "Come, come ye saints, no toil or labor fear," and spoke of the jolly of worrying. He counselled the saints to guard against unnecessary troubles. He feared that the great danger lay in the accumulation of wealth which seemed to be poured out upon the saints here. He exhorted the people to not be unmindful of the Lord in all that they might receive but to ask His blessings upon all they enjoyed and also His protecting care. They should be faithful and true at all times.

The choir then sang an Anthem.

Elder George A. Smith read a statement of the affairs of the Alberta Stake in comparison with the affairs of the church in general. On the whole the report was very favorable to the Alberta Stake of Zion. He said that the saints could not be saved in ignorance. They must enlighten their minds and quicken their understandings. Reverse seems necessary to our progress spiritually and temporally and continued diligence is the only factor that will safely tide us through. He exhorted the saints to be humble and faithful and cling fast to the true and everlasting word of God. He bore testimony of the divinity of the work engaged in by the prophet Joseph Smith and how that the Lord had called him and for-ordained him for the great mission that he performed upon the earth.

Singing, "Lord thou wilt hear me when I pray."

Benediction by Bishop V. I. Stewart.

The conference adjourned until 7:30 p. m. This meeting was occupied by the Mutual Improvement Associations and was given over largely to the work of the same along the new lines that had been mapped out in Recreative Reading.

At the closing of this meeting the Conference adjourned for three months.

### Fred Karren's Political Speeling

Magrath has a unique character in the person of the noted Fred Karren. Fred is the best "single handed talker" we ever met. He talks both loud and long and entertainingly. During the Municipal Contest at Magrath, Fred was one of the chief expounders of the ticket headed by Christian Jensen, Jr. Here are a couple of his droll samples at a meeting held in Magrath Public School last Saturday night; "Look at the Honourable Christian Jensen, the man we have named for the mayor of the Garden City. Chris is one of the shrewdest and best men I ever saw. He is one of the most economical souls I ever met. When he gets those "coin hooks" of his, onto a dollar he squeezes it until the eagle screeches, "15 or 20 per cent, please."

Speaking of George W. Heathershaw, he said: "Did you ever find a better man than the Honourable George W. Heathershaw, the man we have selected to occupy a place on the Council? Do you remember the year our crops failed, the year when we were so cussed poor that we couldn't flag a broad wagon if we knew the driver? Who was it stood between the people and the Massey Harris Company when the notes began to fall due and said to the Company, "Gentlemen you can better afford to carry these people over another year than they can afford to pay you." It was the Honourable George W. Heathershaw. Why since that time George has been in the Hospital twice to my certain knowledge undergoing an operation for the enlargement of the heart but the doctors have been unable to reduce it and he keeps on in the same big hearted way that he always has." It was after this orator for three quarters of an hour that this orator of the Garden City talked for his ticket and the support of Mr. Jensen and his colleagues,

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists and dealers.

DAVID H. ELTON,  
Editor and Proprietor.

Cardston, Alberta, Canada  
Friday, August 30, 1907.

We had the pleasure of riding on the train with a trio of wealthy capitalists from Illinois the other day. These gentlemen said, "The eyes of our country are upon Southern Alberta and the Cardston District. You may travel where you will in the North West and you will not see grain fields in the advanced condition that they are in your district." If the eyes of the fine people of Illinois are upon us we have got to get out and dust for they will soon be coming along and we must put on our "glad rags."

The Alberta Press Convention meets in Cranbrook on September 13th. Every member of the fraternity should be there. There is no doubt but what the welcome in Cranbrook will be all that the whole-souled Fred Simpson and the good people there can make it. There is no doubt but what it will be one of the largest and best conventions held in the newspaper interests in the West. Get the glad mitt ready Fred for the boys will be there in good round numbers, according to present prospects.

This is the way "Old Man" of the Cranbrook Herald writes, Dear Dave: How about Southern Alberta and the Press Convention? Have not heard from any of the boys. Stir them up and bring a good crowd from God's summer-land. The bananas are ripe in Cranbrook. We are waiting for you so get ready for the pilgrimage.

If you toot your little tooter and then lay away your horn there's not a soul in ten short days will know that you were born. The man who gathers pumpkins is the man who plows all day, and the man who keeps it humping is the man who makes it pay. The man who advertises with short and sudden jerks, is the man who blames the editor because it never works. The man who gets the business has a strong and steady pull and keeps his trade and paper from year to year quite full. He plans his advertisement in a thoughtful, honest way, and keeps forever at it until he makes it pay.

The Cardston correspondent in the Southern Alberta News takes a great big running kick at the Alberta Railway and Irrigation Company for their neglect in attending to the complaints of the local merchants with regard to the pilfering that has been alleged to be carried on with edible goods.

Mrs. E. N. Barker came in on Tuesday from New York City. It is just 16 years ago since she left Cardston with her husband Mr. E. N. Barker. During that time they have covered a goodly portion of the U. S. A. and are now settled down among the good people of Cardston once again. There can be no doubt but what Mrs. Barker will favour us with a few of her impressions on returning to the old place which we know will be far more appreciated than any attempt we may make to convey the same to our readers.

On the front page will be found an announcement regarding the Musical College to be opened at Cardston. We wish to repeat the necessity of those who wish to take courses in the same making their entries at just as early a date as possible. Terms and particulars will be given by applying to those named in the call. Don't hesitate but see these gentlemen and let them know what you want. They will enter your name on the list and give you all the instructions necessary.

Some of the grain is lodged a little owing to the heavy rains but, as Mr. Martin Wolf says: "The men with grain heavy enough to lodge will never go broke in Alberta." There's always some encouragement, you see. It's just like the man having more money than his physical strength will enable him to tote—that's the state of affairs in the Cardston District WITH THE FARMERS.

### Unnecessary Expense

Acute attacks of colic and diarrhoea come on with out warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases and no family should be without it. For sale by all druggists and dealers.

### Harvest Help

The Department of Agriculture has interested itself in securing a share of the harvest help coming to the west this season. Arrangements have been made with the railway authorities to ticket a sufficient number of harvest hands to Alberta points to ensure a safe harvesting of the crops. The Department will send a representative to Winnipeg in order to see that the Province gets its fair quota of men and also to prevent a larger number going to any one point than is necessary to meet the demand. As these men will be only ticketed to the station, farmers requiring help should leave their name and location with their nearest railway agent or arrange with friends in town to secure and send out to them the help they need.

### Game Laws.

The STAR is requested to bring to the attention of prospective sports the following clauses of the Game Act, assented to by the Lieutenant Governor on March 15 1909.

- Game Birds Protected.
- Clause 5, No person shall hunt, trap, take shoot at, wound or kill,
- 1 Any bird of those species of the Anatidae commonly known as ducks and swans, between the 1st day of January and the 23rd day of August; provided always that any person may at any time take and kill in that portion of the province lying north of township 50, any white-winged scoter,
  - 2 Any bird of the family Guidae, commonly known as cranes between the 1st day of January and the 1st day of September;
  - 3 Any bird of the family Rallidae or rails and coots between the 1st day of January and the 1st day of September;
  - 4 Any bird of the family Limicolae, or shore birds, including snipe sandpiper, plover and curlew between the 1st day of January and the 1st day of September.
  - 5 Any bird of the family Gallinae commonly known as grouse partridge, pheasant, ptarmigan, and prairie chicken before the 15th day of September, 1908, and between the 1st day of November, and the 1st day of October in each year thereafter, provided that no English pheasant shall be taken or killed at any time, nor shall more than twenty birds of the family Gallinae be killed by one person in any one day nor more than two hundred in the season; and no person other than a game guardian in respect of game forfeited shall at any time buy, sell, barter, or exchange any bird in this sub-clause mentioned.

Clause 3 reads: No person shall hunt, trap, take shoot at, wound, or kill any animal or bird mentioned in this Act on the first day of the Week commonly known as Sunday.

The law in respect to these clauses will be rigidly enforced and positively no Sunday hunting will be allowed.

## Local and General.

Percy Shaw came in on Tuesday from Lethbridge.

President Wood was in Taber the early part of the week.

Professor Brimhall and Mr. and Mrs. J. W. Knight of Provo are in the district.

It is quite likely that the Magrath Choir will enter the contest for the SILVER CUP during the Agricultural Fair next month.

Mrs. S. L. Eversfield returned on Tuesday from a couple of days' visit with friends and relatives in Lethbridge.

Mr. D. H. Elton was the Deputy Returning Officer at the first Town Election held in Magrath on Monday last.

Mr. and Mrs. William Burton are enjoying a trip to Banff and points of interest along the Crow's Nest.

Z. W. Jacobs of Magrath seems to be the popular magistrate of the eastern towns. He very frequently goes over to Raymond to adjust their "little troubles."

President H. S. Allen of the Taylor Stake, Raymond, came in on Tuesday to spend a day here in connection with his local interests.

Mrs. James P. Low and members of the family came in on Monday from Logan, Utah where she has been spending a visit for the last three months.

Plenty of tents again for rent for harvesters and threshers one extra large for dining room 14 1/2 by 16 1/2.

W. O. Lee and Sons.

WANTED—Twenty men with binders to cut grain on Sec. 4 Tp. 4 Rg. 24. Apply to foreman on land.

Sgd. W. L. Thompson, Spring Coulee.

The Court House is fast nearing completion and the building reflects great credit upon the workmanship and the splendid material—both of which we rightfully and honestly claim.

It is one thing to lose a bunch of keys; another to find them; still another thing to find them before the ink is dry. That's just what we did last week for one of our good business men.

A large elevator is being placed in the Cardston Electoral District just between Magrath and Spring Coulee. It will be one of the biggest elevators along the line. The cribbing for the structure is already on the ground.

Passengers, baggage and parcels taken with the mail west every Tuesday and Saturday to Leavitt, Beazer, Mt. View and Caldwell. Stage leaves Post Office at 7:30 a. m. Leave parcels at residence or phone no. 3 W. O. Lee Contractor.

FOUND—Ladies' Rain Coat between Cardston and the Flour Mill. Owner may have the same by calling at THE STAR office and paying for this advertisement.

Elder T. F. Earl of Mountain View, who has been laboring in the state of Virginia as a Missionary, is back again enjoying the harvesting season in Southern Alberta.

The "Principal" event of the week is the arrival of a fine baby-boy in the home of Mr. and Mrs. Walter Low. Grappa, James P. was among the first to congratulate the new-comer.

A series of afternoon teas will be given by the Ladies Auxiliary of the St. Andrew's Church, Cardston. The first of the series will be held at the home of Mrs. S. H. Campbell, Friday afternoon, Sep. 6th. Each caller is expected to leave a silver coin instead of the usual calling card. All are cordially invited.

John Blue of the Edmonton Bulletin who spent a few days here a week ago has contributed a very fine article to his paper which we shall be pleased to reproduce next week.

Mr. William Laurie left for Battleford on Wednesday. Battleford is the home of Mr. Laurie's parents and the place where his father was the pioneer in the newspaper line.

The "Lakers" are mostly back but they don't tell such whopping big stories about the fish this time—that is not those who went to the Kootenais. The fish of course are all right and for the most part safe and sound in their natural element.

Miss Gigot left on Thursday for her home in Nelson, B. C.

The Star is in receipt of a letter from Miss Mac Harris Anson of the Minneapolis Journal, in which she says: "In spite of the fact that I spent less time in Cardston than anywhere else, I find it made a great impression upon me and I have thought of all of you a great many times." Miss Anson is preparing a story of Cardston and already has requests from half a dozen of the leading magazines for the same. She is a very clever and thoughtful writer and there is no doubt but what her contribution will be a splendid addition to the many nice things written of the finest little town in the Dominion of Canada.

## Cardston Grain For GOVERNMENT.

Mr. A. E. Humphries of Lethbridge and Mr. J. Polson, Dominion Government Immigration Officer, Winnipeg, were callers at THE STAR office last Friday. Mr. Polson stated that he had made arrangements with Mr. J. W. Woolf for the use of 2,000 sheaves of grain which would be sent to all parts of the United States and Europe. This is a pretty big order and the first of its kind to be given to the Cardston District. Mr. Polson understands his business and knows where to look for the best grain. There is no doubt but what Cardston will continue to come to the front owing to the fact that no other district has captured the prizes we have for the grain that makes Alberta famous—that's ALBERTA RED.

## MUSICAL COLLEGE.

In view of the establishment of a college for vocal and instrumental music at an early date, all who desire to take such courses will kindly apply to Mr. Robert Ivey or Mr. S. L. Eversfield or the Rev. A. W. R. Whiteman. It is anticipated that the courses will begin October 1st. It is of the utmost importance that all names should be given in as early as possible.

## Magrath Election.

There was a lively election at Magrath on the 26th. Two full tickets were in the field. 150 votes were polled during the day and the political excitement was kept at a high pitch. Levi Harker was elected the first Mayor by an overwhelming majority. He is supported in the Council by Messrs A. O. Wooley, C. W. Sanders, J. B. Ririe, A. J. Hudson, George J. Forsyth and George A. Hacking. The ticket headed by Levi Harker was called the "People's Party" and that headed by Christian Jensen, "The Citizens Party." Messrs George A. Hacking and A. J. Hudson were nominated by the "Citizens Party." The two defeated ones on the "Peoples Party" tickets, were Messrs John L. Gibb and C. W. Stoddard.

The voting was as follows:  
For Mayor  
Levi Harker 98  
Christian Jensen 50  
For Councillors  
Austin Bennett 60  
George Forsyth 75  
Daniel Flower 67  
John L. Gibb 74  
Geo. A. Hacking 75  
G. W. Heather-shaw 72  
A. J. Hudson 76  
J. B. Ririe 75  
C. W. Sanders 99  
James Stacey 63  
C. W. Stoddard 65  
O. A. Wooley 79  
Messrs Orson A. Wooley, C. W. Sanders and A. J. Hudson will serve until December 31st, 1909 and Messrs George A. Hacking, J. B. Ririe and George J. Forsyth will serve until December 31, 1908.

It will be seen from the above that Dr. Sanders polled the highest number of votes on the ticket.

## All in Now.

Ten years ago a farmer put his initials on a dollar bill. The next day he went to the nearest town and spent it with a merchant. Before the year was out he got the dollar back again. Four times in six years the dollar came to him for produce and three times he heard of it in the pocket of his neighbors. The last time he got it back was four years ago. He sent it to a mail order house. He has never seen that dollar bill since and never will. That dollar will never pay any more school or road taxes for him, will never build or brighten any of the homes of the community. He sent it entirely out of the circle of usefulness to himself and his neighbors.—Medicine Hat News.

## IT IS A WONDER.

It would seem as though the highest success that has ever attended the efforts of the farm machine manufacturer since horse machinery took the place of hand machinery is that attained by the Massey-Harris Company with their Binder. Already this year farmers have been cutting grain, green for hay, which has been so heavy and thick that were it left to ripen, oats would produce 100 bushels to the acre, and wheat 50 bushels, and yet this marvel of mechanism has been able to cut and elevate and positively lift anything that it has come against.

One special feature of the Massey-Harris Binder is that it has floating elevators, which open and shut according to the quantity of grain being elevated, it can therefore handle the lightest as well as the heaviest crop in Alberta, and do it with equal ease and satisfaction.

No greater compliment could be paid to any machine than that the astute, intelligent, and wide awake American farmers, who are naturally inclined to patronise machines made in the land of their birth, yet pay a higher price for the Massey-Harris Binder in order to be able to harvest easily and without trouble the immense crops of this gem of the Western Province!

To have a machine that will do the work at any time, in any crop, and under any circumstances, seems to be the desire of the farmer, and is apparently met in the Massey-Harris Binder.

## The Jap Question.

Edmonton, Alta., Aug 21—Hon. Frank Oliver, minister of the interior, has returned from British Columbia where he went to investigate the conditions connected with lands in the railway belt as well as trouble with the Japanese influx. The minister visited Banff, Field, Golden, Revelstoke, Salmon Arm, Kamloops, Vancouver and New Westminster. In these different places he discussed with the boards of trade the conditions affecting the administration of the lands in the railway belt and secured valuable suggestions. Hitherto, Mr. Oliver said, the administration of lands in the railway belt which is stretched 20 miles on either side of the line of the C. P. R. It had been practically under the same law as applied to the prairie country, but as the different resources of railway belt came into promise it becomes apparent that the regular conditions applicable to the prairies are not suitable to the railway belt. Grazing interests in the interior are in conflict with those of the dry farms who propose to raise grain without irrigation and with the fruit farmer who depends upon irrigation.

In the western valley of Columbia the conflict of interest is being

**SYNOPSIS OF  
Coal Mining Regulations**

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, Alberta, the Yukon Territory, the North-West Territory and British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre, not more than 2,500 acres will be leased to one applicant.

Application for a lease must be made to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

Every lessee of coal mining rights which are not being operated shall furnish the district agent of Dominion Lands with a sworn statement to that effect at least once in each year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,  
Deputy Minister of the Interior.

**SYNOPSIS OF CANADIAN NORTH-WEST  
HOMESTEAD REGULATIONS**

ANY even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded by any person who is the head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for homestead entry or inspection must be made in person by the applicant at the office of the local Agent or Sub-Agent.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY,  
Deputy Minister of the Interior.

**SYNOPSIS OF CANADIAN NORTH-  
WEST MINING REGULATIONS.**

Coal.—Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of \$5 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner having discovered mineral in place may locate a claim 500 x 500 feet.

The fee for recording a claim is \$5.

At least \$100 must be expended on a claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid, the locator may upon having a survey made, and upon complying with other requirements purchase the land at \$1 per acre.

The patent provides for the payment of a royalty of 2 1-2 per cent on the sales.

PLACER mining claims generally are 100 feet square; entry fee \$5, renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental \$10 per annum for each mile of river leased. Royalty at the rate of 2 1-2 per cent collected on the output after it exceeds \$10,000.
