Dizzy-Dazed-Dumbfounded-Giddy as a goose.  
Surely this confused condition is not conducive to  
a clear relating of events.

And yet I must though in my enthusiam there might  
be a mixing of metaphors, some silly synonyms and  
a reckless use of my best adjectives.  
For, dear sisters I've been through dress land!

But, let me begin at the beginning and tell you  
just how this adventure came about. I had start-  
ed out on a joyous jaunt in quest of a summer  
dress. "I'll stop at Farrah's" I decided, and I  
did-stop and stay fully one hour.

I saw dress after dress, in Canton Crepe, Taffeta,  
Satin Charmeuse, Crepe Knit and Silk. They are  
not radically different-but they have all the new  
little individualities that make the style for this  
season.

I tried many of them on and felt the luxurious  
materials of which they are made and examined  
the wonderful workmanship and the little details  
that mean so much in a dress.

To complete my amazement the courteous young lady clerk  
who was waiting on me, informed me that all these beauti-  
ful dresses that ranged in price from thirty five dollars up to  
sixty five will be offered on very special sale for Wednesday  
afternoon June 20th at two extremely low prices.

**\$17.95 & \$23.95**

Frankly the variety was dizzying-but so satisfying-There's  
many a saving to gain by going! I vouch for that! and if  
you are wise you'll follow my foot steps-and be glad you did!  
Go to A. D. Farrah & Co. for your dress

This Offer for Wed. Afternoon June 20th

## PRESENTATION TO REV. J. B. CHAMPION

The Congregation of the Methodist church met in the basement of the church on Thursday evening, 14th inst. to give honor to Rev. and Mrs. J. B. Champion who will soon be leaving for Maidstone, Ont. to which place he has been transferred.

After a pleasant social evening Mr. and Mrs. Champion were called to the platform and on behalf of the congregation Mrs. T. A. Clarke, President of the W.M.S. and Ladies' Aid read an appropriate address, expressing their appreciation of the work done and also their regrets of the leaving of Mr. and Mrs. Champion and family. The address was accompanied by a substantial sum of money, which was presented by Mrs. Arthur Petrie.

The secret had been well guarded and both Mr. and Mrs. Champion were completely taken by surprise.

In a few appropriate words Mr. and Mrs. Champion expressed their appreciation of the people and regrets at their leaving. After the presentation, refreshments were served to the gathering.

Mr. and Mrs. Champion and family leave on Wednesday the 27th inst for their new field, and Mr. Champion will begin his new work on the first Sunday in July.

The following is part of the address:

We, the members of the congregation have gathered here this evening to spend a social hour with you Mr. and Mrs. Champion, with whom for the past three years we have been so closely associated in all matters pertaining to this Methodist Church.

We have appreciated the splendid help of your family, who, from the eldest to the youngest, were always ready and willing to help out in any enterprise for the advancement of our church work. We will miss you all.

In Mr. Champion we have had a preacher whom we consider much above the average. His cheery and sympathetic nature have made him a welcome friend, in the house of joy or in the house of mourning. His desire for united Christian effort has brought about a very cordial relationship with the other churches of the town, and we feel sure their ministers will feel a distinct loss because he is leaving Newcastle and New Brunswick.

Our Women's Missionary Society and our Ladies' Aid will miss Mrs. Champion, who was always ready for any whole hearted service, and capable for any office or work in either society. The Sunday School and Young People's Societies will miss her and all the members of the family.

We know we will never get any one in the parsonage who will more readily respond to our needs. In this envelope we are enclosing a few "notes" from your friends in the congregation, which we trust you will read with pleasure and profit.

They are accompanied by sincere good wishes for a happy future, and we all hope you will enjoy your new home, and that the milder climate will yield the health and strength so much needed for your work.

We have always watched for tidings of our ministers who went out from us, and we assure you

## NELSON MAN'S FATE IN NORTH QUEBEC

Details of the Drowning Accident at Sturgeon Falls Re-ceived in Province

St. John, N.B., June 9—The first details of the fatality at Sturgeon Falls, which occurred a few days ago, when a party of eighteen young men were en route into the wilds of northern Quebec on a geological expedition, and as a result of which two of their number were drowned, reached the city this morning in a letter received from her son, Dr. Wm. F. James, who was in charge of one of the parties.

In his letter written from Villa Marie, Que., Dr. James said they were all in a motor boat which became disabled as they neared the falls. He with two others jumped into a canoe and endeavored to tow the disabled craft out of the current, but the tow rope was too short and their efforts were unavailing. The motor boat went through the falls and those in it were not even wet. During the excitement Everett Dolan of Nelson, N.B., and Thomas Lawlor of Ireland, either jumped overboard or fell out of the boat. Just exactly what happened to them is not known. When the boat had safely passed over the falls and it was discovered that two of the members were missing, every effort was made to locate them, but without success.

Dr. James said that Hon. Charles Stewart, Minister of Mines, was at Villa Marie and they were preparing to go to Sturgeon Falls in an effort to locate the bodies.

## BASEBALL

Baseball fans were treated to a real fast game of ball last Tuesday evening on the Nelson diamond between Newcastle and Nelson. A large number went across the bridge from Newcastle to root for their home team. The game ended in a tie, the score being 4-4. The class of ball played by both teams speaks highly of the members of these two aggregations and before the baseball season is completed, both teams will be playing exceptionally good baseball and will be well up to the head of the list in the winning of games. Jeffery for the locals, and Johnston of Nelson both cracked the pill for a homer. The batteries were Craik and McKenzie for Newcastle and Ward and Coughlan for Nelson.

On the same evening Chatham defeated Douglastown, handing them a blank, 4-0.

there will be no exception in your case. And we know that when we hear of you it will be that you are carrying out the thoughts of the beautiful hymn: "Go labor on, and be spent." And as you follow this course, we, your friends and wellwishers will pray that the God of Peace, Who brought again from the dead our Lord Jesus that great Shepherd of the sheep, through the blood of the everlasting covenant, make you perfect in every good work to do His will, working in you that which is well-pleasing in His sight, through Jesus Christ, to whom be glory for ever and ever. For and in behalf of the members of the Methodist Church.

A. J. CLARKE

**THREE CHURCHES WILL NOW UNITE**

The action of the general assembly of the Presbyterian church in Canada which voted 426 to 129 in favor of church union, will unite the Methodist, Presbyterian and Congregational churches into the United Church of Canada after twenty years of negotiations on the matter. Numerically the Methodist and Presbyterian denominations are two of the three strongest Protestant churches of the Dominion, the other being the Anglican or Episcopal church. The Congregational is also a fairly large and active denomination. The proposal for union was accepted without any serious opposition by the Methodists and Congregationalists, but a long and determined struggle had marked its progress with the Presbyterians. Twice the issue has been sent down by general assembly to the people. In 1922 the vote stood approximately 113,000 for union and 50,000 against. In 1915 the vote for was also about 113,000, while the vote against was 74,000. The assembly the following year decided on account of the division over the question to postpone action until after the war.

In 1921 the assembly took up the question again, going on record as in favor of union, although with an active opposition present also. A joint committee of the uniting churches was authorized to have lawyers prepare drafts of the bills to be presented to Parliament giving statutory effect to the union. With their drafts before it the general assembly voted to go ahead with the union without delay.

While completion of actual organic union will take several years, it is believed, owing to the necessity of getting bills through Parliament and the great amount of detail in the fusion of the various departments in the work of the denominations, in a lesser way the effect will be immediate. A number of congregations will unite with the Methodist or Congregationalist congregations almost immediately. In fact, many individual unions of churches in scattered districts have already been effected.

It is not expected that many

churches in the cities will pass out as the result of the organic union of the three denominations. One of the great arguments in favor of union was that in rural districts, particularly sparsely ones, struggling congregations of Methodists and Presbyterians side by side would be much stronger and more effective in Christian work if united.

In dogma and ritual the three denominations are so nearly alike in this country that the men behind the union proposals had no serious difficulty to the majority of the people in the uniting churches. However, in the church organization it was less easy. A compromise was reached which perpetuates the names held dear by each denomination. A name, for example of the Presbytery will be retained by indicating the group of congregations in one locality while the larger organization, more or less province wide, will retain the name of conference, as now used by the Methodists.

The greatest difference was in regard to the placing of ministers. In the Presbyterian and Congregational churches, the call system is in vogue, whereas in the Methodist church the stationing committee fixes the pastorates, and they are changed every four years. A compromise has been reached on this point by permitting ministers to be called but providing for the stationing committee to oversee that there be no charges without preachers while there are preachers available. The churches unite their property holdings.

The Supreme Court of the new church will be called the Council and the present assembly will consider the manner in which the Presbyterian representation on this council will be named.

A number of congregations of the Presbyterian church will not go in to the union. Opponents of the fusion made this clear in a statement handed out by them. Accordingly provision for any congregation to vote itself out of the present church and the new united church is provided for. There will also be an understanding in regard to the property holdings. It is expected that these congregations will retain the name "Presbyterians."

**Ottawa House Will Close This Month**

The Liberals in caucus discussed the sessional program and the date of prorogation. The belief is now prevalent in Liberal circles that it will be possible for parliament to prorogue by the end of this month.

This is understood to provide for the passage of the Bank Act, but the passage of a redistribution bill is regarded as doubtful. If it is decided to go ahead with redistribution this session it is expected that it will be necessary to sit some time into July.

**MEMO CALLING ON PRESBYTERIANS TO STAND FAST**

The federal sub-executive of the Presbyterian Church Association state that the general executive of that body representing all the provinces will be announced in the course of a few days. In the meantime they have issued a statement, which reads in part: "The General Assembly has passed a union resolution and is taking the necessary steps to put it into effect. We are advised by most eminent counsel that the assembly council is beyond its powers. We believe that no body of men however constituted has the right to put an end to the Presbyterian church and put us into another communion against our judgment and in humble dependence upon Almighty God we purpose continuing the church of our fathers. We call upon all in our communion who love the Presbyterian church and wish to see it continued to stand fast assuring them that with the blessing of God there is going to be a Presbyterian church from coast to coast notwithstanding the resolution of the assembly."

THE NURSES' HOME

It is fitting at this time that the people of Northumberland County should be well informed in regard to the drive which is being conducted in the interest of extending the Miramichi Hospital, Newcastle, and building a Nurses' Home in connection with that institution.

As in the case of all institutions of this nature, whose service is extended to suffering humanity, although accommodations seemed adequate when the Hospital was built in 1915, it has now come to the time when the Hospital growth has made it necessary to provide a children's ward in that wing of the Hospital, now occupied by the nurses. We might say further that the nurses, since being moved into their present quarters, have been, through cramped space, subjected to much discomfort, and it is of the utmost importance that the nurses be given those comforts which will insure greater efficiency in their work, and also help to bring to this Institution a class of student nurses who will bring honor to the Hospital.

Arguments may be advanced that the sum asked, namely \$35,000 is too large to be put into a Nurses' Home, but we would remind our people that to serve this generation and also the next generation we must build for permanency.

Let us think on these things and may our offerings be generous the week of July 15-22.

The object is a worthy one and demands the support of every red-blooded citizen in our county.

Do we stop to think that the Miramichi Hospital, through prompt medical treatment has saved the lives of many people in our County, which in a great many cases would not be possible if the patients had to go to outside hospitals for treatment.

CASH-IN-ADVANCE TALK

We wish every subscriber thought enough of this paper to pay his or her subscription strictly in advance. Many of them do, but some do

not. We think a great deal of our subscribers. There is nothing within the bounds of reason we would not do for them. But some thoughtless souls overlook some facts concerning this paper which we now bring to their attention.

Subscriptions do not sustain this paper. It takes lots of advertising to make up the deficit between the cost of running this paper, and the subscription revenue.

It costs money, time and effort to secure subscribers and keep them renewed. That cost must be passed on to subscribers and advertisers. The losses in the business must be absorbed by the profits, if there are any.

Certain credit arrangements are essentially necessary in any business. We have been pleased to extend reasonable credit on subscriptions to subscribers who needed credit. But we cannot believe that all who accept credit really need it. Certainly credit should not be considered for an indefinite period.

Our subscription is a permanent asset of this paper. Many subscribers have been listed for years and years. They are like old friends to a publisher. If we had to go out and renew every subscriber our subscription costs would be prohibitive. We are striving to furnish a high class publication at lowest cost. Your co-operation in the matter of subscription payments is earnestly requested.

PRESENTATION

A very pleasant event took place at the home of Benjamin McTavish, Whiteville, on Saturday evening when a large number of friends of his daughter, Miss Bertha McTavish, gathered to honor her on her seventeenth birthday. Miss McTavish the efficient organist in the Presbyterian Church, was presented on behalf of the congregation with a well filled purse. The presentation was made by Mrs. Chas. McKay, and was accompanied by an address which was read by Rev. W. McN. Matthews of Millerton, who was also present and paid a tribute to the excellent services rendered by Miss McTavish. The evening was very pleasantly spent in games and music.

GIRLS AND WOMEN HELD BY ANAEMIA

Rich, Red Blood Needed to Restore Their Health

There are thousands of growing girls and women held in the deadly clutches of anaemia. Slowly but surely a deathly pallor settles on their cheeks; their eyes grow dull their step languid; their appetite fickle. Daily they are losing their vitality and brightness. Pains in the side, headaches and backaches follow, and life seems to be scarcely worth living. What is needed in cases of this kind is new, rich red blood which will bring back to weak, ailing girls and women the charm and brightness of perfect health. To obtain this new, rich blood try Dr. Williams' Pink Pills. Their action is directly upon the blood; they supply the elements necessary to make it rich and red, and in this way they bring back the glow of health to the cheeks; brightness to the eyes, and a lightness to the step. Among those who have found benefit through the use of Dr. Williams' Pink Pills is Miss Emma J. Johnston, R.R. No 1, Chilton, Ont., who says:—"In the spring of 1921 I felt weak and very much run down. It was with difficulty I forced myself to work at all. I had headaches, was very pale and felt constantly tired. In our local paper I ran across the testimonial of a lady who told of the benefit had from using Dr. Williams' Pink Pills, and I decided to give them a trial. Very soon I felt a change for the better, and by the time I had taken five boxes I felt like a new person. The tired, worn out feeling had vanished and I could go about my work from morning 'till night without any difficulty. I certainly cannot speak too highly of Dr. Williams' Pink Pills and when I meet anyone weak and run-down I strongly advise them to give these pills a trial."

You can get these pills through any medicine dealer or by mail at 50 cents a box from the Dr. Williams' Medicine Co., Brockville Ont.

Nurses for Training

ARE IN

GREAT DEMAND

The recovery of the sick depends largely upon the proficiency and well being of the NURSING STAFF. We must be in a position to offer the very best facilities to would-be nurses in Northumberland County.

If You Were Ever an Hospital Patient

You will appreciate what the nurses did for you. You will be given an opportunity during the week of JULY 15-22 to show your appreciation in a tangible manner

It is Necessary, Expedient and Pressing

That a NURSES HOME, in connection with the MIRAMICHI HOSPITAL be built at once, to provide suitable quarters for the nurses, and incidentally make room for a CHILDREN'S WARD in the Hospital.

There is no Part of the County

That has not had occasion to send its sick to the Miramichi Hospital. The very first patient admitted came from the Parish of Blissfield.

Every Part of the County

Will be asked to assist in making the MIRAMICHI HOSPITAL NURSES HOME project a success. By willing co-operation Northumberland County can supply the present need.

## CERTIFICATES CANCELLED AS FIRES SPREAD

Latest estimates increase the value of forest damage by fires in New Brunswick to not less than \$5,000,000. The fires in the richest virgin forests of the province have continued to burn unabated.

As a result of the serious situation Hon. C.W. Robinson, Minister of Lands and Mines, has issued a proclamation ordering prohibited, all forest travel in the eight northern counties of New Brunswick: Restigouche, Madawaska, Gloucester, Northumberland, Kent, York, Carleton and Victoria.

All existing forest travel certificates for that territory have been cancelled and by the same proclamation the prohibition of all brush and slash burning through the entire province effective since May 15 is continued indefinitely. The Minister has also sent instructions to all fire wardens, who are created special constables under the fire law, that all violators are to be forthwith arrested and held for prosecution under the provisions of the criminal code.

### Thankful Mothers

Once a mother has used Baby's Own Tablets for her little one she would use nothing else. The Tablets give such results that the mother has nothing but words of praise and thankfulness for them. Among the thousands of mothers throughout Canada who praise the Tablets is Mrs. David A. Anderson, New Glasgow, N.S., who writes:—"I have used Baby's Own Tablets for my children and from my experience I would not be without them. I would urge every other mother to keep a box of them in the house." The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach; drive out constipation and indigestion; break up colds and simple fevers and make teething easy. They are sold by medicine dealers or by mail at 25c a box from the Dr. Williams' Medicine Co., Brockville, Ont.

### ADVICE TO GIRLS

Agnes Ayres Gives It Forcefully in "A Daughter of Luxury"

There's a caution for girls voiced in a "Daughter of Luxury." Agnes Ayres new Paramount picture coming to the Opera House Wednesday and Thursday. It is to never believe you recognize a gentleman friend on the street by the set or size or shape of his shoulders. If you do, you are liable to get fooled as Mary Fenton, the role played by Miss Ayres, did. Mary sees a man on the street whose shoulders (he is back to her) look familiar. She hurries up to him, glad to see anyone from her home town, who may help her in her plight, for she is hungry and destitute. She speaks his name joyfully—the man turns, and he proves a complete stranger to her. Frightfully embarrassed, Mary stammers and flees. The man follows her. What happens the picture thrillingly shows. Tom Gallery is leading man.

### Ground Wood Pulp Manufactured At Bathurst Mill

The ground wood pulp mill of the Bathurst Company, Ltd., began operations on Wednesday. The first sod for the mill was turned eight months ago, thus registering what is said to be a world's record in construction work of this kind.

The ground wood pulp mill is the first unit in a newspaper making enterprise. The paper mill is being completed and it is expected that newspaper will be rolled out of this mill in July.

The installation of the huge paper machine is now well advanced and it is expected that by the middle of July all will be in readiness to make the manufacture of paper in Bathurst a reality.

## MISS C. THERRIEN GAINS 15 POUNDS

Declares Tanlac Entirely Overcame Indigestion, Palpitations, Dizziness And Weakness

"Mother certainly did me a good turn when she had me try Tanlac for the treatment restored me to perfect health again," recently said Miss Cecile Therrien, popular young lady residing at 230 Joliette St., Montreal.

"It was about three years ago I suffered for a whole year with indigestion, palpitation of the heart and general debility. I became terribly thin and underweight, and felt weak and dizzy all the time.

"Well mother got me started on Tanlac and the treatment made my digestion good and ended that palpitation and weak, dizzy feeling altogether. I gained about fifteen pounds, and recovered my health so completely that I haven't had any trouble since, but have been feeling better than I ever have before. I think Tanlac is just wonderful."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are nature's own remedy for constipation. For sale everywhere.

### OFF TO PETAWAWA

The 90th Battery, C.F.A. were inspected on Thursday, June 14th by Colonel Commandant J. Houlston, M.D. No. 7 and Lieut. Col. H.C. Sparling, St. John.

The inspection passed off very successfully, the General expressing himself well pleased with the men, commending them on their appearance and their training.

The Battery, under the command of Major J.L. Lawlor, left on the Limited Friday to train for and take part in the C.F.A. Competitive Shoot which will be held on Saturday, June 23rd. The Battery will be in camp from June 17th to June 24th and will arrive home again on the 25th.

The names of five officers and thirty-eight other ranks are on the muster roll which completes the slate.

Last year this battery won the McDonald trophy and it is the ambition to win it again this year and even capture higher honors.

**Studebaker**  
LIGHT-SIX  
\$1375

The fuel economy of the Studebaker Light-Six has been positively proved by 27 world-wide tests, which established an average of 26.9 miles to the gallon of gasoline. Light-Six consumption of gasoline and oil is low. The mileage runs high. And its low repair cost will be attested to by Studebaker's limited volume of repair parts sales, which in 1922, averaged only \$13 per car for all Studebaker automobiles in operation.

When you consider that the cost of the Light-Six is but \$1375, and that your purchase will enable you to enjoy the economy, smoothness of operation, and the flexibility of a perfected six-cylinder engine, isn't it sound business to invest in a Studebaker Light-Six—just as thousands of other buyers have done?

**THIS IS A STUDEBAKER YEAR**

**FOREST INCOME OF 200 MILLIONS MENACED BY FIRE**

In the last analysis, adequate fire protection resolves itself down to the question of whether or not the people of this country wish to save their wood-using industries. Let us look into the service of these to the country. The value of the unmanufactured pulp and paper products is \$250,000,000 per annum. The various companies have invested in the business some \$375,000,000. They employ 33,000 men in the mills and in the forest and they pay them each year \$40,000,000 in wages. Isn't that business worth saving?

The value of lumber, lath and shingles produced in one year is \$150,000,000. Lumber means boards and deals, dimension stock—not the finished product, as in the case of paper. I can't find just how much is added to this value by the various minor wood-using industries. With reservations, I will say that the minor industries, which depend entirely upon wood, produce products to the value of \$60,000,000 annually. They have an invested capital of over \$50,000,000. They employ 13,000 people and pay annually in wages around \$14,000,000. Is it not worth some effort to keep these industries going?

Are these worth while? To these should be added the industries that depend in essential part but not entirely, upon forest products. These, such as horse-

rawn and motor-drawn vehicles, produce each year products valued at \$86,553,514. The capital invested totals over \$65,900,000. The employees number over 9000 to whom are paid wages amounting to nearly \$12,000,000.

Going back to the lumber industry proper, we find that its invested capital reaches \$250,000,000. It employs 55,000 men, and gives them \$600,000,000 in wages annually. That business is worth saving too, is it not?

There are more than 100,000 people in Canada at work converting the forest product into wealth in some form or other. They are chiefly heads of families or the bread winners of families, thus they represent probably a half million people dependent upon the forests for a livelihood. Are they worth while in their work? Are they worth while to the country?

Must Invest in Protection

Let me emphasize that our great pulp and paper companies, the great lumber concerns will not exist many years longer unless there is more effective fire protection. In order to get more effective protection, the public must invest more money in it. When we consider the area actually under license or pulpwood concession, the amount expended on it as a whole, averages less than one per cent per acre per year. In other words we spend less than a cent an acre as an insurance rate on forest lands whose supplies at the present day yield us products to the value of \$500,000,000 annually.

**QUESTIONS AND ANSWERS FOR THE OUTDOORS MAN**

Q. Is there any company in Canada planting a tree for every one they cut down?  
A. No, for the reason that no conceivable amount of tree planting can keep pace with the destruction of trees caused by campers, and smokers. One unextinguished camp fire may easily destroy, in a day, more young trees than a corporation or government could plant in a month. Until the forest fire menace is conquered Canada will not see wholesale reforestation by the planting process. The risk is too great.

Aeroplanes at Work

Q. How many aeroplanes are being used in Canada this season?  
A. About twenty five, most of them for forest survey, aerial photography and scouting for fires.

Transplanting Maple Trees

Q. Is it safe to transplant maple trees at this season?  
A. A very unsafe process. Wait until the leaves are off in the fall and then make sure to dig wide about the roots. Take up plenty of the earth and destroy as few as possible of the fine hair roots.

Causes of Forest Fires

Q. What are the common causes of forest fires?  
A. Unextinguished camp and cooking fires, lighted cigarettes and matches. The woods are usually destroyed by the people who need them most, the fisherman, the camper and other pleasure seekers.

MOTHER OF LARGE FAMILY

Recommends Lydia E. Pinkham's Vegetable Compound to Other Mothers

Hemford, N. S.—"I am the mother of four children and I was so weak after my last baby came that I could not do my work and suffered for months until a friend induced me to try Lydia E. Pinkham's Vegetable Compound. Since taking the Vegetable Compound my weakness has left me and the pain in my back has gone. I tell all my friends who are troubled with female weakness to take Lydia E. Pinkham's Vegetable Compound, for I think it is the best medicine ever sold. You may advertise my letter."—Mrs. GEORGE L. CROUSE, Hemford, N. S.

My First Child Glen Allen, Alabama.—"I have been greatly benefited by taking Lydia E. Pinkham's Vegetable Compound for bearing-down feelings and pains. I was troubled in this way for nearly four years following the birth of my first child, and at times could hardly stand on my feet. A neighbor recommended the Vegetable Compound to me after I had taken doctor's medicines without much benefit. It has relieved my pains and gives me strength. I recommend it and give you permission to use my testimonial letter."—Mrs. IDA RYE, Glen Allen, Alabama.

Women who suffer should write to the Lydia E. Pinkham Medicine Co., Cushing, Ontario, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women." C

301,980,268 feet of lumber were produced from mills in the Ottawa Valley last season as against 238,116,764 feet in the 1921-1922 season.

Last season's grain shipments through the port of Montreal exceeded 153,000,000 bushels. Revenues reached \$3,469,810 providing a surplus of \$266,362.

Forest rangers of the Quebec and New Brunswick forestry departments will co-operate to the extent of covering fires on either side of the provincial border.

Two thousand maples and one thousand green ash trees, natives of Saskatchewan, were shipped to the Canadian War Memorial Park at Poperinghe, Belgium, recently.

Vancouver is to have direct consular trade relations with Spain. A vice-consulate has been established there which embraces the prairie provinces and is the only one west of Montreal.

During the year 1922 boring operations for the discovery of oil and gas in Alberta were continued to the extent of 230,000 feet, resulting in the discovery and development of a field with an output of 180,000,000 feet per day.

Despite reports of adverse conditions in the prairie provinces, Saskatchewan officials estimate that after paying all expenses the farmers of that province last year had \$100,000,000 in net proceeds to apply on debt.

In 1906, in Iowa, a single head of oats was selected as being a desirable variety. In thirteen years this single head had multiplied to the extent that 1,500,000 acres were sown to it and showed an increased production of 6,500,000 bushels.

One of the largest timber sales that the Canadian Pacific Railway has made in several months has just been made on Vancouver Island. A group of Seattle lumbermen have acquired 12,000 acres of timber land at Horne Hill. The timber on this stand exceeds 200,000,000 feet.

Part of the plans for keeping the St. Lawrence open all winter submitted by Dimitry Jonavici, Roumanian engineer, to the Federal and Provincial Governments would call for the erection of a nine mile dam at the east end of Belle Isle strait, which would prevent the cold currents from the north entering the river.

The Bungalow Camps to be opened this year by the Canadian Pacific Railway in the French River, Nipigon and Lake of the Woods districts of Ontario will consist of a community house, containing a dining room with stone fireplace, surrounded by several double and single bungalows comfortably furnished for the accommodation of from one to four persons. A number of canvas houses will also be used.

The official opening of the Banff-Windermere Highway will take place on June 30th at Kootenay crossing, B.C. Motorists from all over Alberta, British Columbia and the Western States will be present in large numbers. A lunch will be provided for several thousand people at Kootenay Crossing. Prominent representatives will be present from the Canadian and United States Governments and from provincial and state governments on both sides of the line. The official opening will be marked by the cutting of red white and blue ribbons stretched across the roadway.

He said the Prince was making daily speeches before trade groups in the interest of the exposition which will be held at Wembley in connection with the international advertising committee.

St. John To Have New Eight Story Hotel

St John is to have a new modern eight story hotel of reinforced concrete construction, designed by Ross & McDonald, architects, Montreal, and operated by the United Hotels of America, who will also control the largest share of the stock.

The new hotel is to be known as the Admiral Beatty, and will be situated on the site of the present Dufferin Hotel, extending as far as the Imperial Theatre, a distance of 160 feet, and running the same length on Charlotte street.

The new hotel, according to present plans, will have slightly over two hundred rooms, but there may be minor changes.

The ground floor of the hotel will be situated the dining room, office and lounge.

The storey above will be known as the mezzanine floor, with balcony, and here will be placed the large banquet hall or ballroom, also private dining rooms.

The building will be of fireproof construction, stone-faced for the first three stories, and of straw-colored brick for the remaining five floors.

Each room will have a bath or bath connections.

The financial end of the hotel project is on a sound basis and the expectation is that the proposed hotel will be built and in operation in about a year.

Delayed Examination Cost Family \$20,000

The Hartford Courant prints a story of the death of Edsie Fieldman, of Winstead, Conn. Mr. Fieldman was injured in a crossing accident, dying in a few hours afterwards.

This one out of the thousands of crossing accidents that are taking place every week, stands out

When Remitting Send a DOMINION EXPRESS MONEY ORDER

on account of the fact that Mr. Fieldman had signed an application for a \$20,000 policy and had given the agent his cheque for the first premium, but had deferred going to the doctor for the medical examination.

Agent tried to get action On the morning of the accident the agent had gone to Mr. Fieldman's home to try to induce him to be examined during the day.

On the morning of the accident the agent had gone to Mr. Fieldman's home to try to induce him to be examined during the day.

If Mr. Fieldman had been examined on the day the application was signed, the policy would have been in effect at the time of his death and the estate would by this time have received a check for \$20,000, the amount he was in position to carry and which he had paid for with the understanding that the policy and all its benefits would become effective just as soon as the medical examination was O. K'd at the home office.

Doubtless all of Mr. Fieldman's neighbors are struck dumb by the incident, by the realization that a man can deprive his loved ones of so much money by a few hours or a few days delay.

Is it not possible to take Mr. Fieldman's story into the home of every prospect and to use it to save others from making the same fateful mistake?

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Food are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.
