Replayed Cricket Game at Bridgetown Results in Win for Annapolis County

The large number of spectators present Saturday afternoon were rewarded by witnessing one of the best games of cricket of the season, the play of both sides being very keen and interesting. The previous game at Kentville resulted in a tie of 95 runs each and in the replay Saturday both teams were at full strength. Kings County batted first and scored 55 runs. Saunders, of Wolfville, securing 14 and Vereker, of Kentville, 12 not out. Annapolis County started strongly and a long partnership by H. MacKenzie and C. Ollerhead put them in a winning position, the latter playing a fine inning of 28. W. Donat and R. Whiteway both reached double figures.

Both elevens were entertained at luncheon by the Bridgetown Club at the Riverside Inn and tea was served on the grounds by the ladies. Increasing interest is being taken in cricket at Bridgetown and the Kings County eleven, who are a thoroughly good sporting team are always welcome visitors. Annapolis County now have to play Hants County for the championship of the Annapolis Valley. A league game between Wolfville and Bridgetown will take place at Bridgetown on Thursday.

PAULINE FREDERICK WINS IN NEW PICTURE

Emotional Screen Star Seen in "The Mistress of Shenstone," An R-C Photoplay.

"The Mistress of Shenstone," the new Robertson-Cole super-special release starring Pauline Frederick, appears at the Primrose Theatre Friday and Saturday.

The story is a screen adaptation of the novel of the same name by Florence L. Barclay, eminent English

THE ST. JOHN EXHIBITION

A Ship's Mast is to be Erected in the Centre of the Grounds With Yards Complete

Something new and novel in lighting effects is being planned this year for the St. John Exhibition, which opens its doors on September 3rd, and which promises to be the biggest fair in history.

A ship's mast is to be erected in the centre of the grounds with yards complete and will be completely lighted, thus making the open spaces during the evening, light as day. Another change of importance is the removal of the poultry department from underneath the grand stand, to a space in the Agricultural Hall. The space underneath the grand stand is to be a part of the Mid-Way, thus relieving the congestion on the road in the rear, and giving more space for mid-way attractions.

Announcements of importance regarding the amusements booked for the fair are now made. The exhibition has secured some of the most famous acts in the museum world, and those who attend the exhibition are sure of a rare treat.

P. C. Bonnette, the King of Parachute Jumpers, will give daily exhibitions in front of the grand stand, rising to a height of nearly a mile in the balloon and making several successful drops from parachutes, featuring the smoke discharge descent. Mr. Bonnette has an experience of many years in this particular act, and has had several narrow escapes from death.

Also coming for open air performance is the famous baboon family. These educated simians will convince many skeptics of the truth of the Darwinian theory, and they wind up their last performance with the famous barber shop scene.

Also there is a trick bicycle act, and a high wire act, both of comic nature, and the Mello-Barte Troupe, featuring the slap stick team with the successful record of three years run at the New York Hippodrome.

Manager Porter reports the live stock filling up, with several inquiries from Ontario and Quebec exhibitors, who have never before shown in St. John.

Further interest is being taken in the announcement that an exhibit of fisheries will be made by the Canadian Government, being most complete of the kind. Some years ago there was an exhibit of this kind, and crowds were always thick about the tanks where the live fish were sporting themselves. This is also a feature of the National Exhibition held at Toronto every year.

Plans are being completed for the N. B. Kennel Club show in connection with the Exhibition. Announcement has already been made that a special effort will be put forth to bring some of the best Nova Scotia dogs to the show. It will be of interest to Nova Scotia owners to know that a special trophy in the form of a handsome silver cup will be offered for the best dog owned in the Province of Nova Scotia.

As the work proceeds and plans mature, the fact is becoming evident that the St. John Exhibition will establish a new record this year in illustrating the agricultural, livestock, industrial possibilities and natural resources of the Maritime Provinces.

WEST DALHOUSIE

Mrs. Wm. Todd's sister, Mrs. Carey, is visiting here.

Mrs. Mary Carter has arrived home after being away on a short visit.

Mrs. Manley Brooks' brother, Mr. Fred Swasey, of New York City, is spending his vacation at Dalhousie West.

Rev. Mr. Durkee, of Springfield, held services in the Baptist Church Friday evening and Sunday morning; also a conference meeting Saturday afternoon.

The Baptist S. School held its picnic on Wednesday, July 27th, at the grounds at Beeler's and Peters' cook house. Although very warm weather was experienced, a very enjoyable time was spent. Thanks are due our Supt., Mr. Fred Balcom, for his great kindness in doing all in his power to help all to have an enjoyable time.

VIRGINIA EAST

Mr. Richard Wambolt, of Lake Munro, spent Sunday with his sister, Mrs. David M. Wright.

Mr. Ernest Trimmer, of Clementsville, spent Sunday with his sister, Mrs. John Riley.

Master Maurice Fancy, of West Spring Hill, spent Sunday at Q. H. Ford's camp, Virginia East.

Mr. George Riley and brother, Mr. Boyd Riley, of Bear River East, spent Sunday with their brother, Mr. John Riley.

Miss Roxie Martan and her two brothers, Mr. Everett Martan and Master Regie of Kempt, spent the week-end with their cousin, Miss Elsie Dunn, of Virginia East.

SCHNOONER SUNK OFF SHELburne

Boston Vessel Ramm'd as Crew Leaps Across to Deck of the Other Ship

Shelburne, July 30—Twenty men, the crew of the Boston schooner, Genesta, which was sunk while fishing on Brown Bank, 70 miles off this port this morning were brought here this afternoon after colliding with the three-masted schooner Mary G. Duff of Lunenburg.

The commander of the Genesta, Captain Robinson, of Pablico, Yarmouth county, states that at the time of the collision the weather was very thick and the impact was so great that it stove the bow of his vessel completely in.

While the vessels were still together the crew jumped to the Mary G. Duff, returning to their own vessel later and took whatever they could manage to get. Soon after leaving the vessel the second time she went to the bottom.

The Genesta makes a weekly trip to and from Boston and at the time of the accident had about 50,000 pounds of fish aboard. She is owned by O'Hara Bros., of Boston, and is 16 years old. Most of the crew belong to Yarmouth county and will leave for their homes in the morning. In the meantime they are being looked after by the people of Shelburne.

CLARKE BROS. FACTORY BURNED

The large clotheshop and dowl factory of Clarke Bros., Ltd., at Lake Jolly, 14 miles from Bear River, was destroyed by a fire which broke out from some unknown cause, but apparently in the boiler house Saturday morning.

Efforts of the company's fire department kept the flames confined to the mill proper and all the stores, warehouses, blacksmith shop, barns, cookhouses and dwellings were saved. The total loss is estimated at \$50,000 which is partially covered. The insurance is held in the agency of Douglas Rogers, Amherst. It is too soon to obtain a statement as to the future, but it is known that with the spare machinery and equipment owned by the company and located at other points in the country the manufacture of hard wood products can be commenced soon.

A FAMILY RE-UNION

A family event took place Friday afternoon, when upwards of one hundred of the Robbins family and their descendants, gathered for a picnic at the farm of Councillor Austin L. Robbins, at Chebogue Point. This village, at the top of the Peninsula on which Yarmouth is situated, was formerly peopled mostly by the Robbins family. The time was spent in introductions, reminiscences, games for the children, quiet talks for the old folk, among whom were several of 80 years and over.

Among those present were Rev. and Mrs. Joseph Robbins of Concord, N.H.; Rev. and Mrs. Joseph C. Robbins, of New York, and Rev. and Mrs. Clyde Robbins, recently invited to the church at Bridgetown.

FURNITURE MEN VISIT BRIDGETOWN

Owners and managers of furniture plants throughout Canada, making a special trip through the Maritime Provinces, registered at the Pines, Digby, last week. The party consisted of Mr. Salter, of the McLagan Furniture Company; Mr. Tremblay, of the Kendall Bed Company; Mr. Farquharson, of Farquharson & Gifford; Mr. Stedley, of the Imperial Bed Company; Mr. Anderson, of the Stratford Chair Company; Mr. Moon, of the Stratford Manufacturing Company. The party was conducted by D. W. Burns, of New Glasgow, Maritime representative of the above firms. They motored to Kentville by the Pines bus, calling at Annapolis Royal and Bridgetown en route.

RECEPTION TO REV. AND MRS. RICHARDSON

(Yarmouth Telegram)

The vestry of Zion U. B. Church was the scene of a most pleasing affair last evening, when a large proportion of the congregation and many of their friends gathered to meet the Rev. M. S. Richardson, who succeeds Rev. A. T. Dykeman as pastor of that church, and Mrs. Richardson. The vestry was filled practically to its capacity, and the platform was pleasingly decorated with pink and crimson ramblers and dahlias. The chair was occupied by Mr. J. W. Grant, who in a few brief remarks expressed the pleasure it gave him to see such a gathering on what he considered a very auspicious occasion, and one of marked interest to Zion.

A very delightful programme was presented, consisting of piano duet by Mrs. W. E. Miller and Miss Annie Miller; piano solo, Miss Penelope Giamoni; vocal solos, Mrs. R. U.

ENTERPRISING LOCAL FIRM

Bridgetown Will Have Some New Houses Erected in the Near Future

We are pleased to state that building prospects in Bridgetown are looking much brighter through the enterprise of the firm of J. H. Hicks & Sons, builders and contractors. Mr. H. B. Hicks, of this firm, has purchased from the Beckwith estate the property known as the Lawn Tennis grounds on Granville street East on which he will erect a private residence for himself. His firm has also purchased several building lots from Mr. Abram Young, Granville street West, on which they will erect cottages for sale or to let. It is business of this kind which builds up our town, and we wish this well known firm every success and trust that they will find sufficient encouragement to warrant the continuance of real estate ventures similar to the above. Mr. E. A. Hicks, of the same firm, built the last dwelling erected in Bridgetown.

Corbett, and Mrs. Blakeney Brown, Port Lorne, and Mrs. Hattie Sanior, who resided with her father. He also leaves three brothers, Simon O'Neal, at Arlington; George, of Melvern Square, and William, of Hampton.

The funeral took place Wednesday, the services being conducted by Rev. D. W. Dixon, pastor of the Baptist Church, of which the deceased was a member.

LOCAL DEATH ROLL

LEWIS JOHNSON RICKETSON
Mr. Lewis Johnson Ricketson, son of the late Walter Ricketson and one of the most prominent and highly respected farmers in the Annapolis Valley, died at his home in West Paradise, at 9 o'clock Sunday morning, aged 58 years. He had been ill for the past eighteen months, during which time he had visited Halifax for special treatment, had the best of care from local physicians, trained nurses and extreme kindness from an affectionate family. The deceased was a member of the Baptist Church, having been baptized by the late Rev. F. M. Young, more than thirty years ago. He leaves a widow, two daughters, Walter and Annie, and one son, Walter, all at home, to whom is extended the sympathy of the entire community in their sad bereavement. The funeral took place from his late home yesterday afternoon at two o'clock with interment in the Riverside cemetery, the services being conducted by Rev. Clyde W. Robbins, the new pastor of the Bridgetown Baptist Church, who arrived here via Monday's express from Yarmouth. The pall bearers were: Karl Freeman, C. L. Pigott, F. H. Fowler and Allison Fitzgibbon. Rev. Denton also assisted in the funeral service.

MARY ELLEN BANKS

At Chadwick, N.Y., June 24th, Miss Mary Ellen Banks, daughter of Mr. Owen S. Banks, in the 19th year of her age. Miss Banks had been in failing health for some time so her death was not altogether unexpected. Her mother predeceased her only three weeks. The sympathy of all his friends will go out to Mr. Banks and his family in their sad bereavement. A local exchange says: Miss Banks had been a resident of this village only a short time, but she had endeared herself to many friends all of whom will regret to know of her death. Miss Banks was a granddaughter of Mrs. M. Whitman, of Margaretville.

REBECCA WYMAN

Rebecca Wyman, widow of George Wyman, of Short Beach, died in Lynn, Mass., Sunday, aged 80 years. The body was brought to Yarmouth Tuesday on S. S. Prince George for burial in Darling's Lake cemetery. She leaves three sons, Arthur, Robert and Colpel, and five daughters, Mrs. Chas. Churchill, Mrs. H. A. McKenna, Mrs. Ella, Digby; Mrs. Gilbert Churchill and Mrs. Ada Rodney.

JOHN O'NEAL

Mr. John O'Neal passed away at his home in Arlington Monday, July 25th, aged 74 years. His wife predeceased him five years ago. He is survived by four daughters, Mrs. Melicia Slocomb, of New Hampshire; Mrs. Geo.

GEORGE S. HEAGEN

Geo. S. Heagen, for twenty years a resident of Ivorston, Conn., died at the home of his daughter, Mrs. Garfield Spencer, early on the morning of the 21st inst. For several years he had been a sufferer from rheumatism and heart trouble, and for the past few weeks had been confined to the house. He was sixty-three years of age. He leaves a wife, three sons and two daughters, Mrs. Garfield Spencer and Enslay, of Ivorston, Conn.; Frank, of Poquonock, Conn.; Louis, of Thomaston, Conn., and Mrs. Elmer Burdick, who, owing to the illness of her father, came from Denver, Colo.

MRS. EMERSON MITCHELL

Catherine, wife of Mr. Emerson Mitchell, died at her home in Hampton Friday, aged 79 years. She leaves a husband 83 years of age and eight children: Mrs. Edgar Titus, Hampton; Mrs. Hamilton Shearer, Paradise; Mrs. Loran Elliott, Mrs. Ida McGowan, Lizie and Ella, all in Massachusetts; Mrs. Ernest Fash, Hampton, and Freeman at home. She is also survived by two sisters, Mrs. Norman Milberry and Mrs. Albert Mitchell, both of Hampton, and one brother, Mr. James Taylor, who resides in Digby County. The funeral took place Saturday afternoon, the

BETTER BUSINESS CONDITIONS

Gain Made in 1921 of \$107,072-106 in Favor of Canada—A Big Increase

Ottawa, August 1st.—That Canada's trade with the United States is reaching a more normal level is shown by figures made available by the External Trade Division of the Dominion Bureau of Statistics.

In 1919, Canada exported goods to the United States, with a value of \$425,982,496, and imported goods from that country to the value of \$695,315,558, leaving an unfavorable trade balance of \$269,333,062.

In 1920, goods Canada imported from the United States were valued at \$860,509,487, while the exports only amounted to \$488,874,570, with a resultant balance of \$371,634,917 in favor of the United States.

In 1921, and for the year ending June 30, Canada imported goods from the United States with a value of \$766,392,077, and exported to the value of \$501,323,226, reducing the trade balance in favor of the United States for the year to \$265,068,851, a gain of \$107,072,106 over 1920.

Ottawa, Aug. 2.—A cablegram received from the Intercolonial institute of Agriculture gives the following preliminary estimate of crop production for last year corresponding figures for last year being given in parentheses.

Wheat—Spain, 143,140,000 bushels (138,306,000); Hungary, 41,887,000 bushels (29,139,000).

The total production of these two countries including Belgium, Bulgaria, Finland, Alsace-Lorraine, Greece, Canada, United States, India, Japan, Algeria, Morocco and Tunis is 1,712,000,000 bushels compared with 1,728,000,000 bushels last year. This year's total production is 87.6 per cent of the two previous years.

Oats—Spain, 32,500,000 bushels (35,650,000) total production, including Spain, Bulgaria, Finland, Alsace-Lorraine, Greece, India, United States, Algeria and Tunis, 1,828,000,000 bushels, (2,142,000,000).

The grand total for wheat, rye, barley and oats taken together is 4,265,000,000 bushels compared with 4,568,000 last year, a decrease of 303,000,000 bushels.

Montreal, Aug. 2nd.—The fact that Canadian trade with France is not adequately supported and encouraged under the *modus vivendi* at present existing, which lacks the force of a formal convention or treaty, was suggested in a communication from the British Chamber of Commerce in Paris which reported to the council of the local board of trade at a meeting held here to-day.

Canadian members of the French body pointed out the grave prejudice caused to Franco-Canadian traders by the above condition, and stated that unless action was taken by the Dominion Government Canadian traders would shortly be placed in a very serious position as under the French General Tariff though a considerable number of goods were laid under heavy duties, but in no case did this affect articles of United States origin.

FARMER'S INFLUENCE STRONGER IN U. S.

Washington, August 3rd.—Reports of recent elections in Western Canada, in which there is disclosed a perceptible growth of farmer strength at the polls are attracting much notice at Washington.

They are in consonance and keeping with the developments in Washington and in various parts of the United States. Not only is the movement for the formation of farmers' organizations growing all through the leading agricultural states and this movement being felt in politics, but the recent formation of an agricultural group of "bloc" in the house and in the senate is becoming something more than a mere formality.

It is generally assumed here that the experience of Canada in respect to the growth of agricultural sentiment as a force in politics and legislation will closely parallel that of the United States.

ANOTHER DRY PROVINCE

Sell Water At McAdam At \$1.00 A Barrel.

Fredericton, N.B., July 27.—A condition almost unprecedented in New Brunswick exists at McAdam, where water is being sold to the people at \$1.00 a barrel. A man named Little hauls it from a lake some distance from town. McAdam is dependent largely upon springs and wells for the supply. Wells and springs have gone dry.

At Marysville, an incorporated town, many of the people are suffering from failure of accustomed sources of water supply. In parts of New Brunswick brooks never known to go dry in memory of man are now out of existence.

WEYMOUTH SCHOONER ARRIVES AT YARMOUTH

Low Freights Have Hauled Up This Vessel Twice.

Yarmouth, July 27.—The Weymouth schooner Edith Belliveau, Capt. Bernard Bonenfant, and owned by Benjamin Belliveau and Company of Belliveau's Cove, has just arrived here with a cargo of 400 tons of hard coal. The schooner left New York last Friday night and Capt. Bonenfant reports nothing but light winds, calms and fogs throughout the run to this port. At eleven o'clock last night he made the Lurcher Lightship, seventeen miles from Yarmouth Cape, but at the time the fog was dense and it was again flat calm. From then until this evening about six o'clock the schooner drifted with current and tide until the tug Wanda returning from the wreck of the steamer Binghamton, sighted the Belliveau through the fog, passed a line aboard and brought her into port.

This is the schooner which her owners last fall loaded with lumber but owing to the West India market going to pieces they tied her up at Yarmouth with the cargo all on board, and she laid there until this spring when they sent her to Porto Rico. After discharging there she returned to Bermuda and loaded scrap iron for St. John, and after delivery of that cargo she was again owing to the freight depression, laid up for a month at Belliveau's Cove, when she was chartered to carry lumber to Bridgeport, and she is now on her return from that trip.

WILLIAMSTON

Miss Eileen Shankel has gone to Liverpool to spend her vacation. Mr. and Mrs. Elbert Whitman drove to Weston last week and are visiting her mother, Mrs. W. Hsiey.

Mr. Henry Baker and family are visiting his father and sister, Mr. Holmes Baker and Mrs. Sophia Marshall.

Master Stewart Whitman, of Granville, is spending his holidays with his grandparents, Mr. and Mrs. Willard Whitman.

Mrs. A. P. Dodge, of Middleton, and Mrs. Brenton Harris and son of Montreal, were guests of Mrs. E. C. Shafner, on Friday.

Mr. and Mrs. Brooks and daughters, of Hampton, were calling on friends Thursday. Miss Stella Brooks intends teaching in the West next term.

Mr. and Mrs. K. Hsiey and children, of Bridgetown, Mrs. S. Hsiey, of Berwick, and Miss Blanche Hsiey, of Drumheller, Alta., were guests of B. Bishop on Thursday.

Mrs. Sellig, who has been residing here for a short time, died on Friday morning of blood poisoning, following the birth of a child (still-born). Much sympathy is felt for the young husband.

Mr. and Mrs. L. H. Stoddart, of Lawrencetown, and Mr. and Mrs. H. T. Bishop and children, motored to Hantsport on Saturday, where they will spend the week-end with Dr. and Mrs. Fred Shankel.

Miss M. Freeman, our popular music teacher, left on Wednesday to visit her brothers and friends in different parts of the Province, after which she plans to leave for the far West to spend the winter with her sister. Miss Freeman will be greatly missed in the community as her pleasing manner and musical talents have been a great aid to any gathering at which she was present.

THE PLANS TO AID THE UNEMPLOYED

Ottawa, August 1st.—Preliminary negotiations are being undertaken with a view to outlining some method of concerted action to relieve unemployment during the winter. It is feared that a large amount of unemployment in every city is inevitable, and as a matter of preparedness returned soldier organizations, organized labor bodies, municipalities and provincial as well as federal governments are seeking to get into conference that they may outline a plan of handling the situation.

All the provinces, it is stated, are replying favorably to the suggestion of Senator G. D. Robertson, minister of labor, that provincial conferences of all interested be held to seek a solution of the problem. In Alberta and Ontario these conferences have already been called and will give representation to employers, labor, returned soldiers and municipal authorities. When the provinces have outlined their plans, it is suggested that there may be some scheme of co-ordination through the federal labor department machinery.

P. E. I. ADOPTS THE BLUE BIRD

In a third Maritime Province the largest wholesale house has taken over the distribution for Blue Bird Tea. The latest is Prince Edward Island where Messrs. DeBlois Bros., after experiencing the swelling tide of demand for Blue Bird Tea placed an initial order for 5,000 pounds and put one man on the road, Col. Peake, especially to serve the trade with Blue Bird Tea.

ODDFELLOWS' GRAND LODGE

Preparations Are Being Made For a Big Convention at Halifax Next Week

The programme for the new Brunswick, Nova Scotia, Prince Edward Island and Newfoundland I.O.O.F. Convention in Halifax August 8th to 11th has been completed and is as follows:

Monday, August 8: 8 a.m. Committee Meeting. All day.

TUESDAY

10 a.m.—Opening Session Grand Encampment. Opening Session Rebekah Assembly.

2 to 2:30 p.m.—Memorial Service by Rebekah Assembly.

2:30 p.m.—Session Rebekah Assembly. Session Grand Encampment.

7:30 p.m.—Rebekah Degree (the balloting to be precised), followed by a Reception to Grand Officers and Members.

9 p.m.—Special Session Grand Lodge to confer Grand Lodge Degree.

WEDNESDAY

10 a.m.—Opening Session Grand Lodge, Session Rebekah Assembly.

11 a.m.—Reception to Grand Officers and Members by His Honor the Lieutenant-Governor. The Premier of Nova Scotia and His Worship the Mayor of Halifax. A photograph of the delegates will be taken at the close of the reception.

2:30 p.m.—Session Grand Lodge. Decoration of Chivalry.

4:00 p.m.—Exemplification of First Degree, by Degree staff of Amity Lodge, No. 40 I.O.O.F.

8:00 p.m.—The Sisters of Rebekah will be "at home." Annual re-union of the Past Grand Officers Association.

THURSDAY

9:30 a.m.—District Deputies Meeting, Rebekah Assembly.

10:00 a.m.—Session Grand Lodge. 2:30 p.m.—Session Grand Lodge.

8:00 p.m.—Reception to Grand Sire at the Public Gardens.

The time for the School of Instruction for the Sisters of Rebekah will be announced by the Assembly. The Patriarchal Militant Degree will be conferred during the session. Visitors coming to Halifax from outside jurisdiction include Grand Sire, Supreme Head of Order, Grand Master and Grand Secretary Province of Ontario, Grand Master and Grand Secretary Province of Quebec, Past Grand Master Cox, Toronto, and publisher of Dominion Independent Oddfellow.

The local executive on arrangements consists of P.G.M.G.R., W. S. Rogers (chairman); P.G.P.F.G.R., A. F. Messervey (vice-chairman); D.G.P.P.G.R., H. L. Hart (treasurer), and P.G.R. Martin Archibald (secretary).

MILFORD

Miss Daisy Mailman, of Middleton, arrived home Wednesday to spend a few weeks.

Mr. Ralph Gates returned to Annapolis Royal Sunday, having spent a week at his home at Milford.

Miss Minnie Gates and Mrs. David Hsiey, who are working at Kedgebrook, spent Sunday at their homes at Milford.

Mrs. Robert Wood and two children, of LeQuille, returned home Sunday, having spent a week at her mother's, Mrs. Edgar Gates.

Don't Want to Eat Anything?

Do you feel "fed up" all the time?—as if nothing in the world could please you— you eat just to keep alive. Then you are suffering from stomach trouble, and will find instant relief in HAWKINS' DYSPEPSIA REMEDY. Your ailments can be relieved by this well-known preparation; Indigestion, Dyspepsia, and any other stomach trouble becomes foreign to your system by its use. It also tends to relieve kidney trouble, pains in the back, etc. If you want to feel yourself again, use a bottle of this famous medicine at all Drug Stores—50c. THE CANADIAN DRUG CO., LIMITED ST. JOHN, N.B.

ADRIFT TWELVE DAYS IN A DENSE FOG

Nantucket Islander Had Decided To Cut Off A Toe To Use For Bait.

Rockland, Me., July 27.—After being adrift twelve days in a disabled motor boat, A. B. Tunning, of Nantucket (Mass.), was rescued by fishermen last night off the island of Matinicus, twenty miles from here. He was much exhausted and nearly starved. Tunning left Nantucket on July 13 to go to Plymouth in his motor boat to see the Pilgrim pageant. The engine became disabled off Nantucket and the 42 foot boat drifted to sea in a fog. The man had no nourishment except a little fruit which he ate early that day, and no fresh water except that caught during occasional showers. The fog held thick most of the time and he saw no vessel during the entire twelve days, except a Boston steamer which was too far away for him to attract attention. Tunning's mind wandered somewhat after his rescue last night, but in lucid moments he was able to tell briefly of his experience. He said he was on the point of cutting off a toe to use as bait for fishing when he had to go another day without food. He had kept up his courage from day to day, he said, by expecting each day that he would be rescued the next.

MT. HANLEY

Miss Kathleen Poole, from St. Croix, is the guest of her cousin, Miss Clara Armstrong. Preaching service, July 31st, at 7:30 o'clock; Sunday School at 1 o'clock, Mission Band at 11 o'clock. Misses Grace and Margaret Dunn and Curtis Dunn were the guests of their aunt, Mrs. C. W. Barreau, on July 24th.

Mrs. Charles Parks, from Port Wade, spent a few days lately the guest of her sister, Mrs. Frank Mosher, of this place. Mr. Andrew Lee, of this place, accompanied by Mr. and Mrs. John McAndrews, of Port George, motored to Bridgetown, July 24th.

Mrs. Ethel Boome and three children, Ethel, Hazel and Harold, from U.S.A., are the guests of the former's parents, Mr. and Mrs. Edward Pierce, for a few weeks. Mr. and Mrs. P. O. Pierce, of Brooklyn, accompanied by Mrs. H. L. Elliott, Roscoe Elliott and Sterling McKenzie, of this place, motored to Granville, July 17th, and spent the day.

Mr. and Mrs. Hardy Elliott, of Kentville, motored in their McLaughlin car and spent the week-end the guest of the latter's parents, Mr. and Mrs. Edward Pierce. On their return to Kentville they were accompanied by Miss Ethel Boome.

Recent guests at the home of Mr. and Mrs. I. J. Fritz were: Mr. and Mrs. Percy Pierce Brooklyn; Mr. and Mrs. A. M. Healy, Outram, Mr. and Mrs. Byron Fritz, Clarence Fritz, Douglasville; Archie Pierce and Jack Hayes, Cottage Cove.

93-YEAR-OLD LADY SAYS YOUNG ARE LAZY. Montreal, August 1st.—In the opinion of Mrs. Anne Bertrand, 93 years of age, who arrived here today on a tour of the province with her grandson, of Berlin, N.H., the younger generation is extremely lazy, and too fond of easy jobs. In my day, said Mrs. Bertrand, girls used to milk cows and do cooking, and were not ashamed of it, but the girls of to-day seem to do nothing but run about the streets half dressed, on the look-out for a man with enough money to support them in laziness for the rest of their lives.

Mrs. Bertrand arises at six o'clock, every morning and seemed to be surprised to think that anyone should consider her trip through the province at all strange.

Late this afternoon the skies cleared at Winnipeg. At that time it was raining in Moose Jaw and threatening rain at Regina and Saskatoon, while at Prince Albert the sun was shining. The Calgary district got a shower during the afternoon.

CROP ABOVE AVERAGE EXPECTED IN WEST

Winnipeg, August 1st.—Taken as a whole, the grain crop is one to gladden the heart," comments the Winnipeg Tribune, editorially to-night. "There is no doubt," says the editorial, "that unless there is a very extraordinary and unusually sudden change in conditions, the Canadian North-west will yield a harvest this year well above the average."

Montreal, August 1st.—While bathing, Thomas Hood, of Verdun, felt a body touching his feet under the water. He told his companions and one of them dived and brought up the body of T. Duval, ten years old, of Doucourselles street, who had been drowned without any of the scores around being aware of the tragedy.

The Supreme Court

ARISTIANA HUDSON, Plaintiff AND CHARLES HUDSON, Defendant

At Public Auction by the Sheriff of the County of Annapolis at the Court House at Annapolis, on Tuesday, the 6th day of September, A. D., 1921, at the hour of ten o'clock in the forenoon, all the estate, right, title, interest, claim, property, and land herein of Charles W. Hudson, the defendant on in, to, out of a certain piece, or parcel of land situate lying and being in Bridgetown in the County of Annapolis, bounded and described as follows:

BRIDGETOWN DE. FEATS KENTVILLE

The ball game in Bridgetown Wednesday afternoon was largely attended when the home team defeated Kentville, the champions of the Eastern league by a score of 15-2.

IN FAVOR OF SMOKE (Los Angeles Times)

It is this to be a smokeless world, it will have to be accomplished without the aid and consent of the editors.

MAY FORM CANADIAN BRIGADE OF GUARDS

Ottawa, August 1st.—The Citizen, in its news columns this afternoon, says it is intended that representation has been made to representatives of the militia council for the authority whereby a Canadian brigade of guards may be formed.

MONTREALER PLANS TO SWIM THE CHANNEL

Ottawa, August 1.—Omer Perreault, of Montreal, who is shortly to try and swim the English Channel, will try a long distance swim from the Inter-provincial bridge Saturday to Rockland. Perreault and his manager are now in Ottawa endeavoring to raise funds to send Perreault to Europe.

APPLE BOXES

Best authorities in the field of apples all agree that better grades particularly could be used in which to ship.

Barboursville, who was of Barboursville, and lived a long time in Waterbury, now a resident in (Mass.), is visiting her mother and relatives in the Valley.

COULD BEAT HANDS SHUCKING HIS CORN

At Least J. A. White Would Bet So, After Being Relieved Of Dyspepsia By Tanlac.

"My wife and myself have had stomach trouble," says Mr. J. A. White, residing on the Lexington Pike, R.F.D. No. 6, near Lexington, Ky., "and have both been nervous and run down."

"We could not see anything without suffering afterwards and could not sleep at night. We were regular nervous dyspeptics. We tried many remedies without permanent benefit until we heard of Tanlac. I got this medicine and began using it. We noticed immediate results. We are both greatly improved by Tanlac. We give all credit for the change of health to Tanlac. It is a remarkable medicine."

"I personally feel so good that I told my hands a day or two ago that I could beat any of them shucking corn. I meant it and believe I could have beat 'em all."

"Of all the medicines that afflict humanity chronic dyspepsia, such as Mr. and Mrs. White suffered from, is probably the most prevalent and hours might be consumed in describing the sufferings, mental and bodily, of the victims of chronic dyspepsia."

A morbid, unreal, whimsical and melancholy condition of the mind aside from the nervous physical suffering, is the usual state of the average dyspeptic and life seems scarcely worth the living.

Tanlac, the celebrated medicine, was designed especially for overcoming this distressing condition and millions of people have taken it with the most astonishing and gratifying results. It seems to go straight to the spot, toning up and invigorating every organ of the body.

BRIDGETOWN DE. FEATS KENTVILLE

The ball game in Bridgetown Wednesday afternoon was largely attended when the home team defeated Kentville, the champions of the Eastern league by a score of 15-2. No runs were made until the 4th inning when Bridgetown scored six. In the fifth the visitors made their first run and the home team four. The only other run which the visitors scored was in the seventh inning which made a total of two for Kentville. The home team scored two in the sixth inning, and three in the seventh, making a total of 15.

The following is the official score: Kentville 0 0 0 0 1 0 1 0 0 Bridgetown 0 0 0 6 4 2 3 0 0

IN FAVOR OF SMOKE (Los Angeles Times)

It is this to be a smokeless world, it will have to be accomplished without the aid and consent of the editors.

OCEAN PASSENGER RATES TO BE CUT

Reduction Of Ten Per Cent. Of Rates To Europe Expected On August 31

Present plans of trans-Atlantic passenger lines call for a reduction of ten per cent. in minimum first and second class rates to Europe, beginning August 31, according to the Wall Street Journal. Westbound rates probably will not be reduced until October 31. Rates for the better accommodations on the liners will be lowered at the same time as the minimum rates, but the extent of these reductions may vary among the different lines.

While a greater cut than ten per cent. is not at present contemplated, it is not denied that the outlook for winter business, combined with lowered costs of operation, may lead to reductions as great as twenty per cent. Nothing has been definitely decided yet.

Due mainly to the fact that more passenger vessels are running this summer than last, the period when every ship sent out with cabin accommodations fully booked has ended somewhat sooner. Even the most popular ships are now leaving with room to spare.

Passenger agents are frank to say that 1921 summer rates will not be duplicated next year. The impossibility of maintaining rates 125 per cent. above those of 1914 is realized, especially in view of lowered operating costs. Immigration restriction has probably more than cancelled the advantage gained from lower costs, but the travelling public is not expected to take that into consideration.

Contemplated reduction of 10 per cent. represents the lines' effort to spread the tourist trade more evenly over the year. It is pointed out that not only on the ocean, but everywhere in Europe, fall and winter rates are lower than summer, while congestion is avoided. Weather conditions in September and October are described by experienced travellers as "ideal."

WESTERN MAYOR RAPS EASTERNERS

Ottawa, July 27.—To all interested in municipal government the sessions of the Union of Canadian Municipalities to-day in the city hall were of intense interest. The delegates evidently felt so, for, despite the great heat, there was an almost 100 per cent. attendance. That the convention is not one of these cut and dried affairs is shown by the fact that there were many sharp divergences of opinion amongst the members.

One of the members deplored the fact that the western municipalities were not taking the same interest in the union as were the cities and towns of the east.

Mayor W. D. L. Hardie of Lethbridge, sprang to his feet. "Do you know why that is?" he said. "We give up a week or ten days to come down here from the west and when we get here we find that you men are so damnably important in eastern cities that you must occupy all the time on the programme with your problems."

The incident, however, passed off good-naturedly.

FIRE AT CHATHAM

Chatham, July 27.—Fire broke out this afternoon at the J. B. Snowball Company's big saw mill here. The fire, which was of unknown origin, started in the planing mill and this building was soon destroyed. The boiler plant then caught and was almost totally destroyed. The firemen put up a good fight with a strong wind fanning the flames on the big mill itself and were able to save this.

Had the fire got beyond control the whole stock of sawn lumber would have been a total loss. The only manufactured lumber destroyed was a car of planed boards which was on the siding when the planing mill was burned. The loss to the company will be heavy. The planing mill of the company was the only portion under operation this season.

ANNAPOLIS JUNIORS ARE AFTER BRIDGETOWN TEAM

Sports Editor, Halifax Herald.—It was recently published in The Halifax Herald that the Bridgetown junior baseball team has not been defeated this season and I wish to inform you that the Annapolis Royal Juniors defeated Bridgetown 8 to 4 in an 11-inning game.

Their captain states that they are open to meet all comers, but they are tired to get them to play in our town several times, without success.

Lawrence Patterson, Captain Annapolis Royal Junior Baseball Team.

Four Nova Scotia tern schooners, bound to provincial ports with hard coal, passed City Island on Saturday. The Leo LeBlanc, Hiram D. MacLean, Ada A. McIntyre and Northcliffe. Schooners Grace Lee, from Westport, and Regina C., from Meteghan via North Head, arrived at St. John on Monday. The former cleared for Fredericton.

WOMAN HAD THRILLING EXPERIENCE

Mrs. W. E. Stone Rescued After Eight Days on Ledge of Rock, With Body of Her Husband Far Below

Banff, Alta., July 30.—Rescued after eight terrible days on a rock ledge at the base of Mount Eon, with the dead body of her husband far below, where it had fallen, Mrs. W. E. Stone, of Lafayette, Ind., to-day was being carried nine miles on a stretcher to a camp at Marble Creek where she is expected to arrive Thursday morning.

The body of Dr. Stone, who was President of Purdue University, has not yet been recovered. Mrs. Stone is reported to be gaining in strength. When search parties found her she was almost dead from exposure and lack of food.

Fragmentary information received here makes it possible roughly to reconstruct the tragedy. Dr. Stone and his wife, both competent mountaineers, left Banff on July 15th to attempt the ascent of Mount Eon. On the following day, at the foot of the mountain, they discarded their heavy clothing and camp equipment, etc., and started the climb.

Shortly afterwards, Mrs. Stone slipped into a crevice and fell on a ledge seventeen feet below the slope. Her husband was unable to raise her to the surface with a rope, and lowered himself to her level. Then, with his wife in his arms, he tried to climb back, but lost his footing and fell into a deeper crevice to his death.

Mrs. Stone slipped back to the ledge where she had lodged originally, and, unable to get away, was found there by a rescue party eight days later. The body of Dr. Stone was jammed between two jagged rocks and he must have been instantly killed.

Mrs. Stone was given first aid at a temporary camp at the base of Mount Eon, and in the meantime better quarters at Marble Creek hurriedly were established. Owing to the extremely difficult country she has to be carried every foot of the nine miles on a stretcher. A route has been chosen which avoids all summit crossings, and it is thought that Mrs. Stone is strong enough to withstand the hardship of the journey.

GREENFIELD TO BE ALBERTA PREMIER

Calgary, July 27.—Herbert Greenfield, of Westlock, is premier designate of Alberta, to succeed Hon. Chas. Stewart, whose government was defeated at the polls by the United Farmers of Alberta on July 18th. Mr. Greenfield, who is vice-president of the United Farmers' Association, was the choice to-day of Farmer members-elect and in due course he will form his cabinet and take over the administration.

HON. F. B. McCURDY IN SYDNEY

Sydney, July 27.—No definite statement as to when work on Sydney terminals, for which \$100,000 has been voted, could be obtained from Hon. F. B. McCurdy, Minister of Public Works, who arrived here this morning and spent the day looking over the site of the proposed new wharf and dry docks. With the Minister are members of his family and A. L. Davidson, M.P., Digby-Annapolis.

FLAMES BREAK OUT ABOARD MAURETANIA

The Interior Of The Mammoth Liner Presents A Sorry Spectacle.

Southampton, July 29.—After a battle lasting many hours the flames on board the Cunarder Mauretania, which broke out as she was lying at her dock here yesterday afternoon, were finally conquered by the firemen to-day, but not before the interior of the mammoth liner presented a sorry spectacle from fire and water.

The damage is not so extensive as was feared at first, but it is serious enough and considerable time will be required to put the big vessel into shape. Meanwhile the passengers booked to sail on the Mauretania will be transferred to other ships. No estimate of the damage in money is possible as yet.

The fire originated in a first class cabin on the starboard side of the B deck and fifty cabins on that deck, extending across the ship and forward of the engine room bulkhead for eighty feet were destroyed. The flooring of the main saloon on the D deck was badly burned and buckled. The priceless carved wood panelling in the saloon for which the Mauretania was famous, is untouched except for a few scorched places. The flooring of the upper saloon of the C deck was severely damaged, while the woodwork around the funnel casings between the A and B decks was completely burned.

Other parts of the ship were badly damaged by water, but not irreparably.

LOCAL DEATH ROLL

JAMES I. HALE (Berwick Register)

After a lingering illness of six months' duration, Israel Hale passed away at his home on Brooklyn St., on July 19th, aged 61 years. The deceased had suffered from cancer for more than eighteen months, having passed through an operation which prolonged his life for a time. During all his illness he was tenderly cared for by his faithful wife and children.

He leaves to mourn their loss, his widow, three daughters, Sadie (Mrs. Ferguson), of Saskatchewan; Clara and May at home; two sons, Stanley, of Brooklyn Street, and Frank, of Granville, Annapolis County, also an aged mother, two sisters and three brothers. The funeral service was held at the home, conducted by Rev. N. A. Whitman, of Billtown. The favorite hymns of the deceased were sung. The interment was at Billtown, beside a daughter, Flora, who passed away some two years ago.

Among the floral offerings were a pillow from the family, wreath from brother Fred, sprays from Mr. and Mrs. George Hale and Raymond and Floyd Dunklee.

Our sympathy is extended to the widow and children, who have lost a kind husband and father.

FRED ROSS BOGART

Fred Ross Bogart, son of the late Capt. Eugene S. Bogart and Mrs. Elizabeth Bogart, of Lower Granville, died very suddenly in the Methodist Episcopal Hospital, New York City, Monday afternoon, July 25th. The first intimation of his illness was received by his mother at eleven o'clock Monday morning when Mrs. Bogart received a telegram stating that he had been stricken suddenly with spinal meningitis and for her to come immediately. With her daughter, Miss Eugenia Bogart, she went to Annapolis Real, caught the west-bound D.A.B. Express and arrived in Yarmouth to connect with the steamer Prince Arthur for Boston the same evening. Just a few minutes before that ship sailed Mrs. Bogart received the depressing news that her son had died.

Mr. Bogart was a student of Acadia University in 1907, and as such will be well remembered by many persons. For the past fifteen years he has held a position as a mechanical engineer with Link Belt Co. of New York and Philadelphia. He was 27 years of age and besides his mother and sister mentioned, he leaves a widow and son, Eugene, in New York, another sister, Mrs. Charles R. Dyas, in Parrsboro, and a brother, John H. Bogart, in Tompkins, Sask. Dr. J. B. and A. S. Bogart, well known New York physicians, are uncles of the deceased.

R.N.W.M.P. FOUNDER IS DEAD IN ENGLAND

Winnipeg Man., August 2.—Word was received here to-day of the death in England on July 6th, of Major General Sir George Arthur French, K.C.M.G., first commissioner and organizer of the R.N.W.M.P.

As founder of the force, he played a great work in the early history of Canada, and was decorated for his work in leading a party of mounted across the Rocky Mountains in 1874. He also served in the Fenian raid and the first Riel rebellion. Two sons and three daughters survive, one son, Major John A. French, being engaged in fruit farming in Sooke, B.C.

PUTTING BRIDGETOWN ON THE MAP

One of the best advertisements that has ever been Bridgetown's privilege to obtain was arranged for last Saturday morning when Mr. A. W. Stevens, business manager, and Mr. E. J. Savage, camera operator, with the Eastern Canada Film Co. secured moving pictures at Bridgetown, taking in our best scenery, interior and exterior views of our local industries and other subjects of interest.

Local Happenings

Elvin Stanley Oakes, of Albany, was successful in obtaining a "B" certificate making an aggregate of 446. Several auto parties visited Margareville last Friday and enjoyed the cool sea breeze from the Bay of Fundy.

The W.M.A.S., of the Baptist Church, will be held in the Vestry of the church Tuesday evening, Aug. 9th, at 8 o'clock. The baseball match between Annapolis and Digby, played at Annapolis on Wednesday afternoon, was won by Annapolis by 4 to 2.

Bridgetown plays Middleton at Middleton this afternoon. We hope the game will prove a good one. We wish the senior boys every success.

The Bridgetown juniors defeated the Annapolis juniors at Annapolis Monday afternoon, the score being 3-2. This was one of the best ball games of the season.

A large automobile belonging to Mr. Reid, of Reid and Archibald, the contractors who are building the Annapolis-Granville bridge, was damaged in a collision with a Ford at Smith's Cove last Saturday.

Cwing to unforeseen circumstances the Annual Garden Party on the Rectory grounds, Clementsport, N.S., advertised for the 10th inst., is postponed until the following Wednesday, August 17th—Remember the date.

Work is progressing very favorably on the new bridge at Granville Ferry. Several spans have been placed in position and it is hoped the work will be completed this year. This bridge will prove a great convenience, not only to Annapolis and Granville Ferry, but to the residents from Victoria Beach to Bridgetown and for many miles east and west of Annapolis on the north side of the river.

The summer "Chapter" meeting of the clergy of the Rural Denary of Annapolis will be held at Round Hill on Monday and Tuesday of next week. Besides routine work papers for discussion will be read by Rural Dean Driffield, Archdeacon Vroom and Archdeacon Watson. The preacher of the "ad clerum" sermon at the 8 o'clock service on Tuesday morning will be the Rev. A. W. L. Smith, Rector of Clementsport.

The officers and members of Autumn Leaf Rebekah Lodge, with the Oddfellows as their guests held a picnic at "The Pines", Paradise, Wednesday afternoon, which was largely attended and a bounteous supper served, at which the guest of honor was Mr. C. S. Bothamley, owner of the beautiful grounds where the picnic was held.

THE BOYS' WORK BOARD

The quarterly meeting of the "Local Boys' Work Board" was held in the Board of Trade rooms on Monday evening last. In addition to the usual business, committees were appointed to arrange a series of local inter-square debates during the coming autumn and winter, also to confer with the other towns concerned and making the necessary arrangements for the Davidson Cup debating contest.

ANOTHER NEW STEAMSHIP COMPANY

A new company to engage in the transportation business between Digby and St. John has been organized and expects to start operations within the next two weeks. It will be styled the Digby Steamship Company Limited, and they have purchased the steamer Centreville, which was sold at auction last week for \$1110. The steamer will be commanded by Capt. R. D. Russell and a general freighting and towing business will be carried on.

WEDDING BELLS

GIDNEY-ROSS
On Tuesday morning, July 15th, the home of Mr. and Mrs. W. T. Johnson, Auburn, was the scene of a pretty wedding, when their niece, Miss Thelma Floyd Ross, daughter of Mr. and Mrs. Floyd Ross, Westport, Kings Co., was married to Elwood Morse Gidney, only son of Mr. and Mrs. Howe Gidney, Mink Cove. The bride was given away by her uncle and looked very charming in a dress of white satin with pearl trimmings, and wore the conventional veil with oriental flowers and band of pearls. She carried a beautiful bouquet of white carnations and stocks, with sprays of fern. The marriage was solemnized by Rev. W. I. Bridgeman, Rector of St. Mary's, Auburn, on the lawn, under a floral bower, in the presence of near relatives and a few old friends of the family. Miss A. S. Bishop played the wedding march. The groom's parents were present, also his cousin, Miss Muriel Tibert. After refreshments were served, Mr. and Mrs. E. M. Gidney left for a short trip to visit places of interest in Digby and other Western Counties. They received many valuable presents including cheques, linen, cut glass, and silver. Among them was a beautiful dinner set from the Trask Artesian Well Co., where the groom is employed, also a chest of linen, and cabinet of silver from the groom's parents. The only regret was that the bride's mother could not be present, on account of her serious accident.

DANIELS-WHITE
A very pretty wedding took place at North Williamston on Wednesday evening, July 20th, when Miss Mabel Beatrice White, youngest daughter of Mr. and Mrs. Outhit White, and Harvey Alexander Daniels, of Lawrence-town South, were united in holy bonds of matrimony in the presence of a large number of relatives and friends. The ceremony was performed by Rev. A. H. Whitman, of Lawrence-town. The bride was daintily dressed in white satin with silver and head trimmings and carried a beautiful shower bouquet of sweet peas and maiden hair fern. The bridemaid, Miss Minnie Daniels, sister of the groom, was gowned in pink crepe de chene. The groom was attended by Mr. Everett White, brother of the bride. After the ceremony and congratulations, a dainty tea was served to a large number of guests and friends from Lawrence-town South, Bridgewater, South Williamston and Lawrence-town. The groom's gift to the bride was a purse of money. Among other gifts were silver, linen, glass, china and a nice sum of money. At a late hour the happy couple left by auto for Bridgewater on a short trip. Upon their return they will reside with the groom's parents, Mr. and Mrs. Wakeman Daniels, of Lawrence-town South. The bride and groom, who are well known in their native villages, have the best wishes of their many friends for a long and happy married life.

WELCH-WALLIS
A quiet wedding was solemnized at the Little Church Around the Corner, New York City, on Thursday evening, June 30th, at 8 p.m., when Miss Nell Wallis, daughter of Mr. James Wallis, of Yarmouth, became the bride of Capt. John Fisher Welch, of the S.S. Wilkastein, at present in New York. The bride was given away by her brother, Mr. Percy Wallis. She wore a belle colored canton crepe gown, with dark blue hat and a corsage bouquet of white lilies of the valley and gardenia, and was attended by her sister, Miss Hazel V. Wallis. Only the immediate friends of the bride and groom were present. The groom's gift to the bride was a platinum bracelet set with diamonds and sapphires. The bride and groom, who are well known in Nova Scotia, have the best wishes of their many friends for a long and happy married life.

STRANGE-JONES
A pretty wedding took place at the residence of the bride's uncle, Capt. W. O. Wilson, East Princeton, Mass., recently, when Alice Estella, daughter of Isaac S. Jones, of Clementsport, was united in marriage to Abiathar Everett Strange. The bride, who was unattended, wore her going away gown of silver grey canton crepe, with hat of the same tone. She carried a bouquet of opheila roses and bouvardia. The ceremony was performed by the Rev. Benjamin Swift. After luncheon the bride left by auto on a wedding trip to Newport, R.I. Mr. and Mrs. Strange will reside in Swansea, Mass. The bride is a well known Primary teacher, but for the past two years has been teaching in the public schools of Massachusetts.

Conductor Addie Nichols, on Wednesday, purchased at auction the property of John H. Killam for \$3550, says the Yarmouth Light.

DOMINION EXPRESS 10, FORDS 9

The Dominion Express team took the Ford team into camp on the Rockwood Park Diamond last evening to the tune of 10-9. Starting on high gear with seven runs to their credit in the first two innings the Tin Elizabeths met with a blow-out at the finish and only got two runs in the last five. The game produced a second Babe Ruth in the shape of the Henry's second baseman, Hoyt, who made two home runs. The batteries were for the Dominion Express, Murphy and Sharkey, and for the Fords, Lathan and Stewart. Each team has a game to its credit and the service department will be kept busy overhauling the Fords for the next game.

BASEBALL FANS MEET IN BRIDGETOWN

The Annapolis Valley baseball executive met here Thursday afternoon to decide the protests filed by Berwick and Windsor against the Kentville games, and also to arrange dates for the playoff between the two sections of the league. Berwick was allowed the protest on the grounds that Kentville could not put back into the game a player who had been replaced by a pinch hitter. Windsor was also allowed the protest that the umpire-in-chief could not over-rule a decision of the base umpire in judgment. Jack Malcom was granted a release from the Annapolis Association, and it is expected will play with Bridgetown for the remainder of this season. The meeting was well attended, there being representatives present from all the towns except Annapolis. In the absence of Dr. Coit, president Loring Andrews presided.

Rev. Clyde Robbins, Pastor. Sunday School at 10 a.m. Preaching service at 11 a.m. and 7:00 p.m. B Y P U Friday evening 7:30. Weekly prayer service of the church on Wednesday evening at 7:30. Preaching every Sunday afternoon at Centrelea at 3 o'clock.

SUMMER BARGAINS

This time we shall far exceed all the offers we have made before and never will a dollar have such tremendous value. THE REASON: We wish to break all previous records with this sale, and nothing has been left undone to assure remarkable results. No goods charged. No approvals.

<p>MEN'S UNDERWEAR</p> <p>Stanfield's Silk and Wool Shirts and Drawers were \$3.00, now \$1.75. Stanfield's Cotton and Wool Shirts and Drawers were \$2.00, now \$1.25.</p>	<p>WASH SKIRTS</p> <p>3 dozen Ladies' Wash Skirts, all new goods. While here: Reg. prices \$3.50 4.95 5.75 Sale prices 2.25 3.50 3.95</p>	<p>CHILDREN'S DRESSES</p> <p>200 Children's Dresses, in big variety of colors, 2-14 years. Prices from 50c. to \$3.75, all reduced 1-3 to 1-2.</p>
<p>MEN'S SOX</p> <p>Men's Silk Lustré Sox in White and Black only sizes 10 and 10½. Reg. price \$1.00 pair, now 75c. Men's Black Lustré Sox, regular price 75c, now 50c. Men's Grey Lustré Sox, regular 60c, now 48c.</p>	<p>SILK HOSE</p> <p>5 dozen only, Ladies Black Hose, sizes 9 and 9½ only. Reg. price \$1.50, now \$1.00.</p>	<p>GIRLS' MIDDLES</p> <p>39 Girls' Middles, Regular prices 1.90 2.25 2.75 3.50 Now 1.25 1.50 1.90 2.25</p>
<p>MEN'S CAPS</p> <p>7 dozen only, Men's Summer Caps, all dark colors, priced up to \$2.50, all to go at \$1.25 each.</p>	<p>WHITE VOILE BLOUSES</p> <p>4 dozen only, Ladies' White Voile Blouses, sizes 34 to 44. Reg. prices \$1.90 2.50 3.00 Sale prices \$1.39 1.75 2.00 Reg. prices \$3.25 3.75 Sale prices \$2.25 2.50</p>	<p>MEN'S SHIRTS</p> <p>10 dozen Men's Work Shirts in large variety of patterns, all sizes, 14-16½. Now \$1.14.</p>
<p>MEN'S PANTS</p> <p>3 dozen Men's good strong Tweed Pants, all sizes, well made and trimmed. Price \$2.25. Think of it.</p>	<p>MISSES' HOSE</p> <p>12 dozen Misses' Black Rib Cotton Hose, sizes 5 to 10, to clear at 20c, 25c, and 30c.</p>	<p>MEN'S OVERALLS</p> <p>Men's Black Overalls in large sizes only, \$1.50</p>
<p>MEN'S SUSPENDERS</p> <p>5 dozen only, Men's Suspenders, first quality, were 75c. and \$1.00, now 50c.</p>	<p>LADIES' VESTS</p> <p>15 dozen Ladies' Summer Vests with and without sleeves. Priced 65c, 75c, 85c, 90c. Now 50c, 55c, 60c, 75c.</p>	<p>BOB LONG OVERALLS</p> <p>Black and Blue, \$2.00.</p>
<p>BOYS' SWEATERS</p> <p>4 dozen Boys' Summer sweaters, long or short sleeves 49c.</p>		

JOHN LOCKETT & SON BRIDGETOWN, NOVA SCOTIA

Digby County Monitor

Miss Edrie Titus has returned from a visit to Moncton.

Mrs. Walter Reading, of Truro, is visiting her father, F. W. Young.

Mr. and Mrs. H. W. Bowles have returned from a trip to Shelburne.

Mr. D. H. Thumber and family, of Boston, are the guests of James Ellis, Lighthouse Road.

Mr. Andrew Merkel's yacht Kite II led the Halifax squadron to Cleat during this week's cruise.

The Toronto Mail says: Mrs. Alfred Wright and her daughter, Miss Helen Wright, are at Digby, (N.S.)

Mrs. Harry Squiers and Miss Phyllis Squiers, of Philadelphia, are guests of Mr. and Mrs. A. J. Westhaver.

Mr. Geo. E. Graham, general manager of the D.A.R., and Mrs. Graham, spent the week-end at "The Pines."

Mr. Lloyd Guptill, New York, is spending his vacation in town, the guest of his sister, Mrs. A. D. Daley.

Mr. Clarence Jameson, of the Civil Service Commission, Ottawa, is spending the summer at his home in Digby.

Misses Florence and Hazel Young are guests of their parents, Mr. and Mrs. Alex. Young, Lighthouse Road.

Mr. Henry Raymond, of Boston, who has been spending his vacation here with relatives, left to return Thursday.

Mrs. (Capt.) McAnn and daughter, Miss Jennie, of Moncton, are the guests of the former's sister, Mrs. W. Fairweather.

Mr. John Wilson, of the Boston Transcript, who has been spending a few weeks at the Pines, returned home on Monday.

Miss Kathleen Griffith, of Lynn, Miss., who is the guest of Mrs. Guy Morehouse, spent the week-end with friends in Halifax.

Rev. D. Farquhar and Mrs. Farquhar, of Weymouth, left for Berwick on Monday to attend the session of the Camp Meeting which opened Aug. 2nd.

Mr. Earl Winchester, who broke his leg last winter at Annapolis and who has been undergoing treatment at Halifax, returned home a few days ago.

Mrs. Isabelle Crowell and Miss MacIntosh, of Sydney, and Dr. T. H. MacDonald and James McPherson, of New Glasgow, are guests of Mr. and Mrs. G. A. Vye.

Thomas H. Francis, Editor of the "Forward," Halifax, and Herbert Wallace, of Wallace Bros., also of Halifax, visited Digby this week. From here they went to Yarmouth.

Rev. F. A. Bower, of Morganton, N.C., has arrived from Boston. Mrs. Bower, who has been visiting her mother, Mrs. Howard Anderson, went to Yarmouth to meet her husband. She was accompanied by Mrs. Anderson. Mr. and Mrs. Bower proceeded to Shelburne to visit relatives and Mrs. Anderson returned to Digby.

Buy your Seeds while our stock is complete.

FLOUR AND FEED

Purity Flour in barrels, 98 and 24 lb. bags. Royal Household Flour in barrels, 98, 49 and 24 lb. bags. SHORTS, BARLEY MEAL, FEED FLOUR, CORN MEAL, CRACKED CORN, COAT, OATS, MIDDINGS AND BRAN. All at lowest market prices.

SUMMER FEEDING OF THE LAMB CROP.

(Experimental Farms Note)
There are many advantages at the hand of the intelligent farmer who practices summer feeding of his lamb crop. Every farmer breeding sheep, either for the block or for the prepared market, should realize that his net profit is measured by his degree of success in raising a lamb crop fit for market when the market demands are greatest.

If we stop to consider that in recent years the highest prices have been paid on the market for lambs in the early part of the season; that ever two-thirds of the lambs have been marketed between September 15th and November 1st; and that the method of selling lambs by grade, both for slaughter and as breeders, is fast coming into practice, we can readily see that the man who has his lamb crop developed to meet the market requirements early in the season has a decided advantage over the man who has not done so. It is not meant from this that every farmer should adopt the practice of raising early lambs, as this is impracticable on many farms owing to lack of housing facilities, etc., but the point is this:—the lambs should be better fed during their growing season than is generally the case.

Lambs raised under favourable conditions should at least weigh sixty-five pounds at four months of age, but a large percentage of the lamb crop of the country finds its way to the market every fall at five and six months of age weighing less than sixty-five pounds. This indicates that the lambs have been neglected during the summer months. The practice of feeding lambs just as soon as they will take feed has been followed in many districts and undoubtedly has given good results, especially if the ewes have a small milk flow. If the ewes are fed their grain in a low trough, the lambs will generally begin to eat with their dams at about two weeks of age. As soon as they are noticed doing this a portion of the pen should be set apart as a feeding place for them in which they will find a grain ration of equal parts by weight of wheat, bran and oil-cake. When the flock is put to pasture, if the pasture is good, very little is gained from feeding grain to the ewes, but a little grain fed to the lambs will give very good results. A sheltered place where the flock is in the habit of gathering should be selected and a small pen or creep constructed into which the ewes cannot get, where the lambs can eat. At the age of one month they will eat and use to advantage about half a pound per day of equal parts by weight of bran and oil-cake, and it should be borne in mind that liberal feeding is the source of liberal growth. It is possible to over-force lambs by injudicious feed with such foods as cornmeal, but it is seldom, if ever, that this results from feeding the above mixture.

Lambs that have been fed a little grain before weaning will not only have put on a few pounds extra weight, but they will be accustomed to grain feeding and when changed to the grain ration before going to the fall fair or to the market, as the case may be, they will experience no bad effects from the change. It is at this particular time, when the farmer is anxious to have every day's feeding tell, that he will realize the advantages of summer feeding.

DEVELOPING PELLETS FOR WINTER EGG PRODUCTION
(Experimental Farms Note)
For the greatest ultimate success in egg production, pellets, from the time they are hatched, should be so handled that they will not receive any check. From "shell to laying pen" should be one period of continuous growth.

A pullet that is stunted at some stage in its development is a pullet that is ruined, not as a heavy continuous production is concerned.
Hens Hatched Chicks.—The big danger to hen-hatched chicks is vermin, see that "biddy" is treated for lice before the eggs hatch and then, at regular intervals, treat the chicks with a good disinfecting powder. Most of the commercial powders will be satisfactory. Ordinary road dust with a little flowers of sulphur added will serve the purpose.

Incubator Hatched Chicks.—The period when artificial heat is removed is one when the chickens require close attention, otherwise they are liable to crowd and very little of this will give the chicks a serious set back.
Put wire netting across the corners of the house so that the chicks cannot crowd into them, and trample each other to death. Visit the house several times in the evening and if

about the third week in June, in the Maritime Provinces.
The yield of seed will be determined largely by the stand of plants and freedom from grasses; an acre of good growth properly matured should give 200 pounds. The second growth should not be cut too early; the heads should be dead and the seed well matured before cutting. If there is much grass in the clover it is well to allow the cut area to remain in swath a day or two until the grass has dried up. It is necessary to rake it into windrows before the clover dries too much or else the ripe heads will be broken off and the seed lost. For the same reason it is wise also to rake it in the morning when not too dry. The windrows should be light, thus saving dragging too far and facilitating drying. It is usually better, under our conditions, to leave in light windrows until fairly dry and then pile carefully in small piles to cure. Just as soon as the crop can be stored without heating, place it under cover. Threshing can be done only with a clover huller. If a huller is not available for threshing there is little advantage in growing the seed, as the common threshing mill will not beat out the seed.

THE BEST SEED CROP FROM ALKIC CLOVER is obtained from the first crop. This is allowed to ripen thoroughly before harvesting and is handled as stated above. Should the weather be wet at harvesting time, care is necessary to prevent heating and sprouting in the piles. If the seed is matured, the sooner the growth is dried out and placed under cover the better and, if the weather keeps damp for a long period, the only thing to do is to spread the clover thinly to get it dry enough to store.

SUMMER FEEDING OF THE LAMB CROP.

(Experimental Farms Note)
There is any crowding drive the chicks to the centre of the house and stay with them until they settle down. The sooner the chicks can be induced to roost the better.

During the hot summer weather, spray the houses occasionally with a good disinfectant and if there are any traces of red mites, keep right after them, as it is good-bye to healthy growth in the chickens if these pests ever get headway.
As soon after "weaning" as possible, get the pullets on to good fresh range. Hopper feeding will be found most convenient. Keep mixed grain and a good dry mash before them where they can have free access to it. See that they have an abundance of succulent green feed and always a supply of fresh water. If butter-milk can be obtained nothing is better to produce healthy, vigorous growth or to bring the pullets into production.

Get the pullets into winter quarters before they start to lay, so that they will not receive any set back. On housing them, bear in mind the change in conditions. Induce them to consume large quantities of green feed and to exercise for all the scratch feed.

CULLING THE FLOCK
(Experimental Farms Note)
The hatching season should now be over on the well regulated poultry plant and attention directed to culling the flock to make room for the growing youngsters.
In the first place there should be vigorously culled from the flock all birds that show any physical defects such as crooked beaks, backs or breasts, excessively long toe nails, sunken eyes and long "crow" head, knock-knees or other sign of poor stamina and low vitality.
At this season, if they have not already been discarded, the hens over two years old, unless possessing the characters of extra high production and retained as breeders on this account, should be marketed as soon as they stop laying, show signs of broodiness or moult.

When trap nests are used, this condition is readily noticeable, but if not the hens that have stopped laying can be easily distinguished by their shrinking comb and fading colour of face and wattles, also by the contraction of the pelvic bones.
These bones, slightly protruding on each side of the vent, remain spread to the width of about three fingers placed perpendicularly between them, as long as the hen is laying. In the poor produce they will be found closed to the width of only one finger and when the latter condition is evident early in the season, when the bird has given up too soon and is not the type that makes the high record.

Vigour, health and high producing qualities are shown by distinctly visible characters and all birds that don't carry these qualities in a marked degree should disappear from the flock.
The high-producing characters of primary significance are: full, red comb, bright bulging eye, long keel bone with lots of width between stern extremity and pelvic bones showing depth of body with capacity for feed and room for the producing organs; fine pelvic bones spread well apart and an elastic, velvet texture to the skin of the abdomen.
Hens that moult late in the season and in the yellow-skinned varieties those individuals that fade out white in the sections that show pigment, namely the skin, beak, shank and earlobe, also indicate the possibility of high production and should be kept in preference to those that do not carry these qualities.

There are more intricate decisive characters that help in the selection of good from poor layers, but the foregoing will be of some use, in an elementary way, to the farmer in selecting his breeders to carry over to the next season. If carefully followed, they will eliminate most of the undesirable specimens that are a source of expense without profit and rob the deserving hens of the flock of their creditable record.

"CLOVER FOR SEED PRODUCTION"
(Experimental Farms Note)
It is wise to plan for a supply of red clover seed for next spring without having to buy. This can be done by cutting an acre of strong growing clover about the 20th of June and getting the seed from the second crop. There is a tendency to delay this cutting until the clover has reached its full growth. This may result in the seed which is produced from the second growth not being properly matured before the fall frosts. Failure in getting a good yield of seed of good quality is largely due to this fact, hence the desirability of cutting the clover

Hens that moult late in the season and in the yellow-skinned varieties those individuals that fade out white in the sections that show pigment, namely the skin, beak, shank and earlobe, also indicate the possibility of high production and should be kept in preference to those that do not carry these qualities.

There are more intricate decisive characters that help in the selection of good from poor layers, but the foregoing will be of some use, in an elementary way, to the farmer in selecting his breeders to carry over to the next season. If carefully followed, they will eliminate most of the undesirable specimens that are a source of expense without profit and rob the deserving hens of the flock of their creditable record.

"CLOVER FOR SEED PRODUCTION"
(Experimental Farms Note)
It is wise to plan for a supply of red clover seed for next spring without having to buy. This can be done by cutting an acre of strong growing clover about the 20th of June and getting the seed from the second crop. There is a tendency to delay this cutting until the clover has reached its full growth. This may result in the seed which is produced from the second growth not being properly matured before the fall frosts. Failure in getting a good yield of seed of good quality is largely due to this fact, hence the desirability of cutting the clover

SUMMER FEEDING OF THE LAMB CROP.

(Experimental Farms Note)
There is any crowding drive the chicks to the centre of the house and stay with them until they settle down. The sooner the chicks can be induced to roost the better.

During the hot summer weather, spray the houses occasionally with a good disinfectant and if there are any traces of red mites, keep right after them, as it is good-bye to healthy growth in the chickens if these pests ever get headway.
As soon after "weaning" as possible, get the pullets on to good fresh range. Hopper feeding will be found most convenient. Keep mixed grain and a good dry mash before them where they can have free access to it. See that they have an abundance of succulent green feed and always a supply of fresh water. If butter-milk can be obtained nothing is better to produce healthy, vigorous growth or to bring the pullets into production.

CULLING THE FLOCK
(Experimental Farms Note)
The hatching season should now be over on the well regulated poultry plant and attention directed to culling the flock to make room for the growing youngsters.
In the first place there should be vigorously culled from the flock all birds that show any physical defects such as crooked beaks, backs or breasts, excessively long toe nails, sunken eyes and long "crow" head, knock-knees or other sign of poor stamina and low vitality.
At this season, if they have not already been discarded, the hens over two years old, unless possessing the characters of extra high production and retained as breeders on this account, should be marketed as soon as they stop laying, show signs of broodiness or moult.

When trap nests are used, this condition is readily noticeable, but if not the hens that have stopped laying can be easily distinguished by their shrinking comb and fading colour of face and wattles, also by the contraction of the pelvic bones.
These bones, slightly protruding on each side of the vent, remain spread to the width of about three fingers placed perpendicularly between them, as long as the hen is laying. In the poor produce they will be found closed to the width of only one finger and when the latter condition is evident early in the season, when the bird has given up too soon and is not the type that makes the high record.

Vigour, health and high producing qualities are shown by distinctly visible characters and all birds that don't carry these qualities in a marked degree should disappear from the flock.
The high-producing characters of primary significance are: full, red comb, bright bulging eye, long keel bone with lots of width between stern extremity and pelvic bones showing depth of body with capacity for feed and room for the producing organs; fine pelvic bones spread well apart and an elastic, velvet texture to the skin of the abdomen.

MEMORIAL SERVICE AT KARSDALE

A Large Crowd Assembled to Pay Their Last Tributes to the Late Avery B. Johnson

A memorial service was held Sunday, July 24th, at 3 p.m., in the Karsdale Baptist Church in memory of the late Avery B. Johnson, whose sad and untimely death under such distressing circumstances, has been already reported.

The gathering was a large and impressive one. Relatives and friends came from far and near to express their sympathy and to pay their respects to the memory of one who was widely known and respected by all who knew him.

He was born at Karsdale some 44 years ago and spent his boyhood in that community, attending the public school, and living in intimate association and on terms of warmest friendship with the residents thereof.

Very early in life he went to sea and followed that occupation until the day of his death and in fact, in company with three others, perishing with the ship, while at the post of duty.

The sad intelligence of his sudden death cast a cloud of sorrow over the community of Lower Granville.

He leaves to mourn their sad loss, his father, Mr. Edgar Johnson, of Karsdale, N.S.; two sisters, Mrs. Frank P. Covert and Mrs. A. D. Cuthouse, both of Karsdale, and three brothers, Capt. Jas. Johnson of Annapolis, Mr. Charles E. Johnson of Bridgeport, Conn., and Mr. Frederick C. Johnson of Bridgewater, N. S.

The service was conducted by Rev. W. G. Heiser, pastor of the church, who began by expressing sympathy and by calling attention to the circumstances surrounding the death of the departed.

He chose the words of Christ as recorded in the eleventh chapter of John and the twenty-fifth verse as the text, preaching a sermon suitable to the occasion and of such a nature as to bring comfort to the hearts of those who are so sadly bereaved.

SUMMER HEAT HARD ON BABY

No season of the year is so dangerous to the life of little ones as is the summer. The excessive heat shows the little stomach out of order so quickly that unless prompt aid is at hand the baby may be beyond all human help before the mother realizes he is ill. Summer is the season when diarrhoea, cholera infantum, dysentery and colic are most prevalent. Any one of these troubles may prove deadly if not properly treated.

During the summer the mothers' best friend is Baby's Own Tablets. They regulate the bowels, sweeten the stomach and keep baby healthy. The Tablets are sold by medicine dealers, or by mail, at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

ABOUT WOMEN ORATORS

To the Editors: I have been shown a clipping from your paper taken from the Rockland Courier-Citizen which reads as follows:

TURKS SHIFT GOVERNMENT SEAT

Report of Villages Set Fire By The Fleeing Nationalist Troops.

London, Aug. 1.—The Turkish Nationalist government, on account of the successful Greek advances in Asia Minor, has been obliged to transfer the seat of its government and the Turkish Nationalist assembly to Sivas, according to Constantinople despatches to the Exchange Telegraph Company.

Athens, Aug. 1.—An announcement by the Greek official agency late yesterday said the Turkish losses in killed, wounded, prisoners and missing amounted to seventy-five per cent of their entire fighting strength in Asia Minor.

Constantinople, Aug. 1.—The Turks have halted forty miles east of Eskishehr, at the pass at Altikeek, and also at Sel-el-Ghazi, where a counter offensive stopped the Greek advance.

There seems to be no doubt that the Greeks obtained an important initial success in the taking of Kutala and Eskishehr, due to their great superiority in artillery. Allied military observers, however, do not consider that a decision has been reached in the fighting.

TURKS FIRE VILLAGES Eskishehr, Asia Minor, Aug. 1.—The Greeks entered Eskishehr headed by Prince Andrew, but did not stop there. They continued their retreat, the retreating Turks into the open plains beyond the city. The Greek advance was made with the utmost rapidity. By night its path was lighted by scores of immense blazes all along the road and up the mountain side, consisting of burning villages which had been fired by the retreating Nationalists.

From Alnegul on, in a radius of fifty miles around Eskishehr, few villages are left. Turkish prisoners say it is the purpose of Kemal Pasha, if he must withdraw in this district, to leave the Greeks nothing but homeless refugees to feed.

The roads are choked with fleeing Turkish refugees from burning villages, making their way towards Brussa, in carts, on asses and afoot, with nothing but hastily gathered in-gotten belongings.

The statement says the Greeks have driven such a wedge into the Turkish Nationalist lines that the Kemalist forces at Angora, the capital on the northern branch of the Bagdad railway, have been cut off from those at Konieh, on the main line of the railway, 150 miles to the south.

"Having occupied Afium Karahissar, Hattis, Eskishehr and Bitlenjik, which now comprise our consolidated front," it says, "our troops in the northern sector and those of the southern sector have effected a junction and formed a connecting link. In the centre the enemy front has been broken and his troops at Angora have been separated from those at Konieh."

MIDDLETON (Cutlook)

Mrs. W. H. Miller is visiting friends in Williamston.

Mrs. Bertha Pool, of Bridgetown, was admitted to the hospital on the 25th.

Mrs. Chas. Shaffner and Marion left Tuesday for Annapolis and other points.

G. A. Jackson and daughters, Irene and Edith, of Clarence, were in town Monday.

Margaret Cummings is spending her holidays at Clementsvale, guest of Mrs. Wm. Fyfe.

Rev. Arthur Hockin, of Berwick, was the week-end guest of his son, Rev. J. G. Hockin.

C. A. Potter, of New Glasgow, has been visiting his parents, Mr. and Mrs. J. H. Potter.

Miss Evangeline Elliott, of Clarence, recently from the West, was in town last Friday.

Miss Catherine Dodge is spending a month in Bridgetown attending the Inspectorial summer school.

DYNAMITE BOMBS SHAKE LIBSON

Festivities of St. John's Eve Rudely Interrupted by Terrific Explosion.

Libson, July 27.—The festivities of St. John's Eve were interrupted by the explosion of three dynamite bombs of enormous dimensions, placed by unknown hands in different parts of the city, outside three printing offices of which the printers are on strike.

The first explosion was so terrific that although Libsonites are becoming accustomed to bombs, real panic was produced among the merry-makers in the streets of the Bairro Alto who, leaving their open air balls and bonfires, fled into the lower part of the town. Although there were no victims the force of the explosion brought down the ceilings of the houses near which it burst. A dense and suffocating smoke filled the whole street and many people fainting.

Another bomb did less damage in the Rua dos Corrieiros, and the third, which was of the same powerful type as the first, burst near an open air ball seriously wounding three persons. Some arrests were made of workmen but no real clue has as yet been discovered.

Another case of attempt against the life of a judge of the tribunal of public safety was also made about the same time, two shots being fired at him in the street without wounding him.

A WOMAN'S RIGHT TO GOOD HEALTH

Most Troubles Afflicting Women Are Due to Poor Blood.

To every woman belongs the right to enjoy a healthy, active life; yet nine out of ten suffer from some form of bloodlessness. That is why one sees on every side pale, thin cheeks, dull eyes and drooping figures—sure signs of headaches, weak backs, aching limbs and uncertain health. All weak women should win the right to be well by refreshing their weary bodies with the new, rich, red blood that promptly transforms them into healthy attractive women.

This new, red blood is supplied by Dr. Williams' Pink Pills which reaches every organ and every nerve in the body. Through the use of these pills thousands of women have found benefit when suffering from anæmia, indigestion, general weakness and those ailments from which women alone suffer. Among the many women who tell of the good Dr. Williams' Pink Pills have done them is Mrs. L. Hicks, Round Hill, N.S., who says: "I became very much run down in health; my blood seemed weak and watery, my strength failed, and I was so easily tired that my work was a burden. I had often read about Dr. Williams' Pink Pills and decided to try them, and I can truly say that after using three boxes I found myself gaining, and under a further use of the pills all my old-time energy and vitality was restored. Out of my own experience I can strongly recommend this medicine."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail, at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

ELEPHANTS CARRY BLUE BIRD

One of the noticeable features of the big Sells-Floto Circus Parade at most points in the Maritime Provinces recently was the herd of fine elephants carrying on the back of the biggest a banner advertising Blue Bird Tea.

The appropriateness of this, in view of the native home of the elephant and the tea, so struck Herman Joseph, the noted clown, that in many places he made a feature of introducing remarks about Blue Bird Tea into his lines, asking his audience if they tasted the tea which "Brings Happiness."

More Triplets Due

There is going to be a harvest of triplets and twins. During the next year babies will arrive by two, three, and even four. The prediction is made by Professor Charles Kirschoff, who is confident that the influence of certain stars will be felt with an effect as powerful as that which the moon exerts on tides.

He explains the coming harvest of babies in plurality as follows: "The planets Mars and Venus were in conjunction on January 5th. That means increased fecundity of the human race."

Kentville correspondent: Miss Mary O'Connor, secretary to President Besler, of the Central Railroad Company, New Jersey, spent a day at "Cornwallis Inn," leaving for Digby, where she will be a guest at "The Pines" for a few days. Miss O'Connor expressed herself as delighted with the Valley.

CASTORIA For Infants and Children In Use For Over 30 Years Always bears the Signature of *Chas. H. Fletcher*

TIED HER GIRL TO TRACK

Woman in Quebec Has Since Been Placed in An Asylum.

Quebec, July 26.—The shocking treatment of a child by her twelve year old daughter, and, after inflicting cruel punishment upon the child, finally dragged her to the railway tracks of the C.N.R. line and bound her to the rails, leaving her to her fate.

It appears that the woman recently took a violent dislike to the woman who had displayed evidence of insanity of late, and in consequence of her violent treatment of her child, had her interned in an asylum.

The screams and sobs of the child attracted the attention of a farmer working nearby and he rescued her a few minutes before the train passed by.

When the townfolk learned of the action they reported the matter to the authorities, who found that the woman had displayed evidence of insanity of late, and in consequence of her violent treatment of her child, had her interned in an asylum.

FIFTY YEARS OF HAPPINESS

Clarence Couple Celebrate Anniversary Right Royally.

The thirteenth day held no terrors for Miss Huldah I. Edgett, formerly of St. John, N.B., and Mr. S. N. Jackson, Clarence, N.S., in the year 1871, for it was the thirteenth day of July that year they chose to become man and wife and to share the trials and responsibilities of life together.

They were married on a Wednesday, which was the thirteenth day of July, fifty years ago, by the late Rev. Nathaniel Vidito, who for over forty years had been pastor of the Clarence and Paradise United Baptist Church.

Since this interesting ceremony took place fifty years have passed by and many changes have taken place, but Mr. and Mrs. S. N. Jackson are still here to tell the many interesting and happy experiences that they have had during the last half century.

This year they celebrated their golden anniversary, on July 13th, and all curious enough the day fell on a Wednesday. Mr. and Mrs. S. N. Jackson celebrated this glorious event in the same house in which they were married, being the present home of Mr. and Mrs. G. Avari Jackson.

The happy couple entertained in the same room where the nuptial knot was tied. Here they received over one hundred callers who arrived between the hours of 2 and 5 p.m., to extend well wishes and hearty congratulations. Besides the numerous friends who called to pay their respects over fifty letters of greetings were received.

The occasions will long be remembered by all those who were present, as Mr. and Mrs. G. A. Jackson assisted by their two daughters, Edith and Irene, did everything possible to make the event a most happy one for the honored guests and their visitors.

Mr. and Mrs. S. N. Jackson enjoyed the event very much and certainly appreciated the kindly interest taken by their numerous friends at home and abroad.

HALIFAX JOBLESS HOLD A PARADE

Halifax, July 27.—"We can't eat grass," and "Canada, the home of fish, fruit, meat and wheat." "Why should we starve?" were among the inscriptions on banners carried by a crowd of six hundred unemployed who to-day waited on civic and provincial authorities to ask for work.

Marching in orderly fashion from Halifax Common to the city hall, the crowd presented its demand to Deputy Mayor John Murphy. The Deputy Mayor assured the men that the city council was heartily desirous of providing work for them and that he intended to immediately call an emergency meeting of that body.

The crowd then marched to the provincial building where W. B. McCoy, secretary of industries and immigration, said that the government was moving heaven and earth to find work.

APPLE CROP

Ottawa, August 2nd.—The apple crop throughout the dominion, though seriously affected by recent drought, is still likely to average better than last year.

The best reports, according to the department of Agriculture, come from New Brunswick and P.E.I., where there is a heavy set for all varieties. Baldwins and Kings promise well in Nova Scotia, but in other varieties there has been a heavy drop. Quebec anticipates a crop something larger than that of last year. In Ontario about eighty per cent. of that of 1920 is expected.

KING'S NOVA SCOTIA MOUNTED RIFLES

Appointments, Promotions and Transfers are Announced, Taking Effect from April 15th.

It will be good news to all to learn that Camp Aldershot will again be in action. Camp opens August 23 for nine days drill and instruction. The Regiment going into camp is The King's (Nova Scotia) Mounted Rifles, (6th C.M.R. Bn. C.E.F.), formerly the 14th King's Canadian Hussars.

The following appointments, promotions, and transfers are authorized on reorganization of the Regiment as "The King's (Nova Scotia) Mounted Rifles," with effect from the 15th April, 1921.

To be Lieutenant-Colonel and to command the Regiment—Lieutenant-Colonel T. A. Lydiard, Kentville.

To be Major, Second in Command, Captain B. W. Roscoe, D.S.O., Kentville.

To be Provisional Major, Second in Command, Henshaw, M.C.

To be Provisional Major—Lieut. and Brevet Captain G. R. Parsons, M.C.; Provisional Lieut. G. A. Chase, M.M.

To be Captain—Lieut. and Brevet Captain J. P. Knowlton, Kentville.

To be Provisional Lieutenant—G. R. Young, Kentville.

To be Provisional Musketry Instructor, with Provisional Rank of Captain—Lieutenant and Brevet Captain W. J. Sangster.

To be Quartermaster, with the rank of Lieutenant—George Gill, D. C. M.

To be Captain—M. P. Neily, Middleton.

To be Chaplain—Major D. G. Ross, Kentville.

To be Paymaster—Capt. E. M. Arnold.

Recruits wishing to join should communicate with the squadron commanders in their nearest locality as follows:

"A" Squadron, Canning, Major Henshaw.

"B" Squadron, Kentville, G. A. Chase or Captain J. Knowlton.

"C" Squadron, Middleton, Major G. R. Parsons or Captain Neily.

FIVE PERSONS INSTANTLY KILLED

Automobile Crashed Head-on into Tram Car Shortly After Midnight

Cleveland, Ohio, July 27.—Five persons were killed, four of them almost instantly, when a shuttle car on the Abbey Avenue Viaduct and an automobile crashed head-on shortly after midnight, were identified this morning.

One family was wiped out when John M. Francyk, aged 40, a garage owner, his wife, 37, and their two children, aged ten and nine years, were killed. The fifth person killed was Mrs. Anna Branloff, 39.

Max Branloff, 40, her husband was seriously injured.

Each of the dead sustained a fractured skull.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

Farms Wanted

We have over 1000 inquiries in our office for Valley Real Agency such as the following: A Scotch immigrant now living in Truro wishes a small farm capable of carrying five or six cows with poultry, small fruit and some orchard, price \$4000 to \$4500, about \$3000 to pay down. A St. John man wants large mixed farm, price about \$8000 will pay \$5000 cash. A former Nova Scotian, now living in Saskatchewan wants nicely located small fruit farm with good buildings, price \$5000 to \$7000, will pay cash in full. A North Sydney man wants small place near town, suitable for gardening and poultry with small orchard, location near sea or river, required cash to pay down about \$3000. Cumberland County man wants \$4000 stock farm with large pasture. Man from New Germany will pay cash for small, well located mixed farm with some pasture, price about \$3500. Dartmouth man will pay \$1500 cash on good mountain farm. Manitoba farmer wants first-class fruit and mixed farm near High School, will pay \$10,000 cash. Man from Alberta has \$2000 to pay on small fruit farm near Lawrenceton or Berwick. Man from Morley, Colorado, will pay \$3000 on 100-acre farm, half tillable, balance wood and timber.

Let us sell your place. Write for terms. Valley Real Estate Agency (Head Office, Wolfville) KENNETH LILSLEY BRIDGETOWN, N. S.

Picnics seem to be the order of the day. On Thursday p.m. the young ladies of Mrs. Edgar Mason's Sunday School Class and the young men of the Melvern Square class, to the number of about 25, went in a four-horse team, driven by Aubrey Marshall to Mack's Lake at East Dalhousie, where a very enjoyable afternoon was spent, returning at a late hour in the cool of the evening. A splendid time was reported by one and all—games, singing, swimming, class yells, etc., and at 6 p.m. a bountiful repast was partaken of.

AN ACT

To Amend Chapter 103, Revised Statutes, 1900, "The Medical Act"

Be it enacted, by the Governor, Council and Assembly as follows:—

(3) Any person shall be held to practise Medicine "within the meaning of this section who shall—

(a) By advertisement, sign or statement of any kind, allege "ability or willingness to diagnose or treat any "human disease, defect, deformity or injury;

(b) Advertise or claim ability or willingness to prescribe "or administer, or who shall prescribe or administer any "drug, medicine, treatment, or perform any operation, "manipulation or apply any apparatus or appliance for the "cure or treatment of any human disease, defect, deformity "or injury;

(c) Act as the agent, assistant or associate of any person, "firm or corporation in the practice of medicine as herein "before set out;

" Provided always that this section shall not apply to the "practice of dentistry, or pharmacy, or to the usual business "of optometry, or to vendors of dental or surgical instru- "ments apparatus and appliance, or to the ordinary calling "of nursing

" Provided also that this section shall not interfere with "any advertising or selling of patent medicine.

" Provided further that nothing in this section shall be "contrived to prohibit the practice of the religious tenets or "general beliefs of any church."

5. This Act shall not come into force until the first day of January, A. D. 1922.

The above is a true copy of part of the Act passed at last meeting of legislature. The public can plainly see that the Medical Board is trying in every way to get Absolute Control of All Health Methods in the Province of Nova Scotia and your Legislators are backing them up in this

GIGANTIC MONOPOLY

Medical Science is a continual experiment backed up by Compulsion. This is corroborated by many noted M. D.'s. Here are a few:

"Were there no physicians on the face of the earth, there would be less sickness and less mortality than now prevails." Dr. J. Johnson P.R.S. (London).

"Thousands of desperate cases of chronic diseases could be easily cured if some one had sense enough to tell the poor victims to quit taking medicine." C. S. Carr, M.D., Columbus Medical Journal.

"It is only because we conceal from the patient our real intention and deceive him into believing that we have medical resources, which in fact we do not possess, that he takes the medicine at all." Richard Cabot, M. D., Chief, Medical Staff, Massachusetts General Hospital.

"Any suffering person who has tried out a diagnosis of treatment from regulars with little or no effects, should be at liberty to have other 'forms of treatment.'" Richard Cabot, Chief, Medical Staff, Massachusetts General Hospital.

Chiropractic does not ask for compulsion. Simply asks for Investigation. The Chiropractor's Practice depends upon his results.

The majority of a Chiropractor's patients are those who have failed to get results through the regular Medical Practitioner

Is it Humane that they should be deprived of this chance?

There is not a medical man in Nova Scotia who understands what we have investigated Chiropractic.

Any person calling at my office can see an Authentic Copy of Bill.
