Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. A letter was read from J. N. Keynes, Secretary of the Council of the Senate of the University of Cambridge, enclosing the draft report of the Council of the Senate of the University of Cambridge, to which the application of this University to be admitted to the special privileges of affiliation had been referred.

A letter was also read from Edward T. Turner, Registrar of the University of Oxford, enclosing the Decree admitting this University to affiliation, unanimously voted in a Convocation duly holden on Tuesday, November the 26th, 1895

The communications from the Universities of Oxford and Cambridge were ordered to be referred to a Special Committee consisting of President Loudon, Rev. Dr. Sheraton, Rev. Dr. Caven, Chancellor Burwash, Mr. B. E. Walker, Mr. King, Dr. Graham, and Professor Hutton (Convener).

The above communication from the University of Cambridge was referred to Mr. Hodgins, the former Chairman of the Special Committee, who thereupon made the following report:—

TORONTO, 19th November, 1895.

DEAR MR. VICE-CHANCELLOR:—I have read the letter of the Secretary of the Council of the Senate of the University of Cambridge to the Registrar, dated the 30th ultimo, on the application of our University for Special Affiliation, and would suggest a reply to the following effect:—

The application of the Senate to the University of Cambridge asked that we should be granted the same privileges as those conferred upon the University of Adelaide, by which our matriculated students who had passed the first and second annual examinations for the degree of Bachelor of Arts, Laws, or Medicine, in our University, should be entitled to be admitted to the privileges of affiliation in the University of Cambridge.

The draft of the proposed Statute recommended by the Council of the Cambridge Senate provides that matriculated students in the Faculty of Arts may be granted the privileges of affiliation, and to that extent it is a partial grant of our application, and is satisfactory. But there is nothing in the Secretary's letter, nor in the draft statute or grace, informing the Senate of any objection to the grant of similar privileges to our matriculated students in the Faculties of Law and Medicine, and such as have been granted by the grace of the Cambridge Senate, to the matriculated students of the University of Adelaide.*

The Cambridge University Calendar, under the title of "Proceedings in Medicine," states that "Medical study out of the University shall in all cases be understood to mean study at some well-known School of Medicine, which shall have been recognized by the Special Board for Medicine."

And in the list of "Colonial and Foreign Schools of Medicine and Hospitals recognized by the University of Cambridge," appear the names of Johns Hopkins University and McGill University, the curricula and standards of medical lectures and examination in which are similar to those in the University of Toronto.

It will be necessary for you to ascertain from the Secretary of the Council the decision of the authorities of the University of Cambridge respecting our University's application for affiliation privileges in the Faculties of Law and Medicine.

* See page 10, *ante*.

The application sent by our Senate to the University of Cambridge stated that "this University is willing to accept and observe the conditions prescribed by the general regulations of the University of Cambridge for Affiliated Institutions." A copy of the General Regulations, which the Secretary of the Council has enclosed, was attached to the draft form of application prepared by the Senate Committee, which our Senate adopted and ordered to be forwarded to the Vice-Chancellor of the University of Cambridge.

It would be proper to inquire if the Council of the Senate requires any further assent of this University to these general regulations.

Yours faithfully,

(Signed) THOMAS HODGINS,

WILLIAM MULOCK, Esq., Q. C., M. P.,
Vice-Chancellor of the University of Toronto.

SIR,—I am directed by the Vice-Chancellor of this University to enclose a copy of the report of Mr. Thomas Hodgins, Q.C., the former chairman of the Special Committee on the application of the University of Toronto for the grant of special affiliation privileges from the University of Cambridge, in answer to your communication of the 30th ultimo.

DEAR SIR,—The Affiliation Committee of the Council of the Senate have considered your letter and enclosure of 22nd November, 1895, and they have requested me to reply on their behalf.

The Committee made no proposal with regard to students of Law in the University of Toronto, as they had no information concerning the nature of the

course which such students are required to pursue. The Calendar (page 188) merely states that the curriculum in law is at present in process of revision.

The principal reason why no proposal was made with regard to students of Medicine was that the examinations for the degree of M.B., subsequent to the Junior Matriculation Examination, appeared to include none but scientific and professional subjects, and hence the Committee came to the conclusion that they had not sufficient evidence before them that students of medicine would have shewn such proficiency in the subjects of general education as would justify this University in admitting them to an Honor B.A. Examination. It is to be observed whilst affiliation under the existing regulations exempts all students, including students in medicine from the previous examination in Arts, it shortens the course only for the B.A., or the LL.B. degree in honors, not for any other degree.

The above remarks will shew why the Committee proposed to limit the privileges of affiliation in the case of the University of Toronto to those matriculated students who had passed the first and second annual examinations for the degree of B.A. The Committee will, however, be quite ready to reconsider the question if they are desired to do so by your University. In this case I shall be glad to receive information as to the prescribed curriculum for students of law, and it may be advantageous that I should be furnished with specimens of the papers set in the Junior Matriculation Examination. You will observe that in the case of the University of Adelaide, affiliated students must have satisfied the examiners in certain specified subjects in some one or more of the examinations, other than the Junior Public Examination, held by that University. A somewhat similar proviso might, if necessary, be introduced in the regulations for the affiliation of Toronto.

I do not know whether you have any students who are likely to desire to be admitted to the privileges of affiliation here in the near future. Should this be so, it may be well to proceed with the draft regulations as already sent to you, and supplement them by further regulations later on. If, however, there is no pressing need for hurry, it will be better to wait until we can decide the whole question at once.

I may perhaps point out that, independently of any modification in the conditions of affiliation, the object in view with regard to students of medicine, as indicated by Mr. Hodgins' letter, might be in a large degree attained if the University of Toronto were to be recognized by the Cambridge Special Board for Medicine as a Colonial School. Students preparing for the Cambridge M.B. degree might then spend two out of the required five years of study at Toronto, either before or after the required three years of residence at Cambridge. For this recognition an application on behalf of the University should be made to the Special Board, and there is good reason to believe that it would at once be granted.

No further notification of assent to the General Regulations for affiliation is necessary for our purposes. But I shall be glad to hear from you further with regard to the special Regulations proposed for Toronto.

I am,

Faithfully yours,

(Signed) J. N. KEYNES.

TO JAMES BREBNER, ESQ.,
Registrar, University of Toronto.

Extract from the Minutes of the Senate, 10th January, 1896.

A letter was read from J. N. Keynes, Secretary to the Council of the Senate of the University of Cambridge, respecting the application of this University for admission to the special privileges granted to Colonial and Indian Universities.

The communication was ordered to be referred to the Special Committee to which previous communications from the Universities of Oxford and Cambridge on the same subject had been referred.

Meeting of the Senate, 21st February, 1896.

On motion of Professor Hutton, seconded by Dr. Cavan, the following report of the Committee on the affiliation of this University with Oxford and Cambridge Universities was unanimously adopted.

Report of the Special Committee of Senate re Oxford and Cambridge Affiliation.

Your Committee beg to recommend:—

(1) That the Registrar be instructed to inform the authorities of the University of Cambridge that this University accepts affiliation with Cambridge in respect of the Arts Course, on the terms proposed.

(2) That the Registrar further, in accordance with the suggestion made from Cambridge, apply to the Cambridge Special Board for Medical Studies, for the admission of this University, in respect of its medical course, as a Colonial School of Medicine.

(3) That the Registrar, at the same time, enquire of the same correspondent whether it will be of any advantage to this University to receive the same affiliation in Medicine as has been granted to the University of Adelaide, and if so, whether the higher standard of matriculation contemplated by the Medical Council will entitle our medical students, when it comes into force, to affiliation with Cambridge such as the University of Adelaide possesses, and if not, what evidence of proficiency in the subjects of the Arts Course, and what examination of that course will be required by the University of Cambridge for this purpose.

(Signed) MAURICE HUTTON,
Chairman.

*The Registrar of the University of Toronto to the Secretary of the Council,
University of Cambridge.*

UNIVERSITY OF TORONTO,
Registrar's Office, March 1st, 1896.

DEAR SIR,—I am directed to inform you that the Senate of the University of Toronto accepts affiliation to the University of Cambridge, in respect of the course in Arts, on the terms proposed in the draft report of the Council, dated the 21st of October, 1895.

It may be well to make some explanations with respect to the Curriculum in Law. In 1888 the University established the Honor Department of Political Science and prescribed a course of study, which was not materially changed until May, 1895. The Curriculum in Law was based on this Arts course, the work of the first year of the pass course in Arts was prescribed for Matriculation in Law, the work in Political Science of the second year in Arts—when the honor course began—was that for the first year in law, and this continued throughout, so that when a student completed his course in Honor Political Science, he had but one more year's work before his examination for LL.B.

I send herewith a copy of the Curriculum in Law for 1891-1895, which will remain in force until July 1st, 1897, so as to enable students in Political Science, who graduate in Arts this year, to take their degree in law under the old curriculum.

The committee of the Senate having in charge the revision of the Curriculum in Law, has not yet reported, but I hope to see the work completed before the close of the session, when I shall forward you a number of copies.

In accordance with your suggestion, I have been instructed by the Senate to make application to the Special Board for Medicine for the recognition of this University, in respect of its Faculty of Medicine as a Colonial School.

I have been instructed to enquire whether it will be of any advantage to this University to receive the same affiliation in medicine as has been granted to the University of Adelaide, and if so, whether the higher standard of matriculation contemplated by the Medical Council will entitle our medical students, when it comes into force, to affiliation with the University of Cambridge, such as the University of Adelaide possesses; and if not, what evidence of proficiency in the subjects of the Arts course and what examinations of that course will be required by the University of Cambridge for that purpose.

I may be permitted to explain the reference to the Medical Council, which is the licensing body for Ontario. For many years it accepted for matriculation a certificate of matriculation in any Canadian or British University, and as a consequence, the standard varied very greatly. In 1890 an arrangement was made, by which the examinations for matriculation in this University and for the various grades of teachers' certificates in this province, were to be conducted by a joint board, of which half of the members are appointed by the Senate of this University, and the other half by the Minister of Education for the Province. The University retained its right to fix the standard, and within a short time, the Law Society, the Medical Council and other educational institutions required students entering upon course of study with them to pass this matriculation examination.

The Medical Council in June last, after the new Curriculum in Arts had been issued, passed the following regulation: "Everyone desirous of being registered as a matriculated medical student in the register of this college, except as hereinafter provided, must on and after the 1st day of November, 1897, present to the registrar of the college the official certificate of having passed the Junior Matriculation Examination as conducted by the Education Department of Ontario, with not less than second class honors in each of the following subjects: English, Physics, Chemistry, Botany and Zoology; or in lieu thereof an official certificate of having passed the Junior Matriculation Examination as conducted by the Education Department of Ontario, and in addition thereto a certificate of having passed, not sooner than in the ensuing year, the Arts examination held at the end of the first year of the University course by a recognized University." This is much more than the University requires and will not be taken by all our students in medicine, only by those who propose to practice in Ontario. By reference to

the Curriculum in Arts, where the conditions for matriculation—the same for both Arts and Medicine—are defined, you will see that this University now requires a candidate to pass an examination in three languages, Latin and either French or German are compulsory, and in addition either Greek or the second Modern Language with Physical Science.

I am sending you a full set of our examination papers for 1895, which will show the character of the papers set in all the faculties and departments of this University.

If any further information is required, I shall be very glad to furnish it to the council.

I am, Sir,

Yours very truly,

(Signed), JAMES BREBNER,

J. N. KEYNES, ESQ.,

Registrar.

Secretary of the Council of the Senate of
the University of Cambridge.

The Secretary of the Special Board of Medicine, University of Cambridge, to the Registrar of the University of Toronto.

ST. JOHN'S COLLEGE,

CAMBRIDGE, 8th May, 1896.

MY DEAR SIR,—The Special Board of Medicine to-day agreed to recognize the University of Toronto as a Colonial School of Medicine, at which candidates for the medical degrees of this University may attend lectures and other courses of instruction.

Yours very truly,

(Signed), DONALD MACALISTER,

Secretary.

JAMES BREBNER, ESQ.,

Registrar, University of Toronto.

The Secretary of the Council, University of Cambridge, to the Registrar of the University of Toronto.

SYNDICATE BUILDINGS,

CAMBRIDGE, 11th June, 1896.

DEAR SIR,—I have pleasure in informing you that on Thursday last the Senate passed a Grace confirming the recommendations relating to the University of Toronto contained in the report of the Council, of which I enclose a copy herewith. The effect of this is to entitle properly qualified students in Arts of your University to the privileges of affiliation in this University.

Early last month the Special Board for Medicine, in pursuance of their powers, placed the University of Toronto on their list of recognized Schools of Medicine. I am, however, officially informed that your students in Medicine will not (as Toronto or Cambridge students) be eligible for registration by the General Medical Council of the United Kingdom unless they have passed either the Departmental Arts Matriculation Examination, conducted by the Education Department of Ontario, or the Previous Examination of this University.

Affiliation, as I have already explained, exempts from a year's residence only those students who are proceeding to an Arts degree in Honors at Cambridge. If, however, you still desire that privileges of affiliation be extended to matriculated students in Medicine of your University, the Affiliation Committee are prepared to propose to the Council of the Senate that matriculated students of the University of Toronto who have completed therein two academical years of study, and have passed the Departmental Arts Matriculation Examination, and the first and second annual examinations for the degree of Bachelor of Medicine, shall be entitled to be admitted to the privileges of affiliation, provided that in some one of these examinations or other examinations conducted by the University of Toronto, they have satisfied the examiners in Latin, or other language not being English, Mathematics and Physics.

This arrangement would—

- (1) Entitle a student affiliated under these conditions to be registered by the General Medical Council;
- (2) Excuse him from the Previous Examination;
- (3) Enable him to be a candidate for the B.A. degree in Honors at the end of two year's residence at Cambridge;
- (4) In conjunction with the recognition of the Special Board for Medicine above referred to, enable him to proceed to a degree in Medicine at the end of three years of medical study in Cambridge.

As regards the affiliation of students in Law in your University, the Committee will be happy to consider the appropriate conditions so soon as they shall have received the copies which you kindly promise of the revised curriculum.

I am, faithfully yours,

(Signed), J. N. KEYNES,
Secretary of the Council of the Senate.

To the Registrar of the University of Toronto.

[Enclosure.]

Grace of the Senate of the University of Cambridge.

1. That the University of Toronto be adopted as an institution affiliated to the University of Cambridge.
2. That matriculated students of the University of Toronto who have completed therein two academical years of study, and have passed the First and Second Annual Examinations for the degree of Bachelor of Arts, be entitled to be admitted to the privileges of affiliation.

Extract from the Minutes of Senate, June 23rd, 1896.

The foregoing communication was read from J. N. Keynes, Secretary of the Council of the Senate of the University of Cambridge, enclosing a copy of the Grace of the University, granting to the University the privileges of affiliation in the Faculty of Arts, and suggesting that the Senate apply for similar privileges respecting the Faculty of Medicine. On motion of Prof. Macallum, seconded by Mr. J. M. Clark, it was *resolved* to make application for the privilege of affiliation in respect of the Faculty of Medicine, and that Chancellor Burwash, Professor Cameron and Professor Macallum, be appointed a Special Committee to draft the necessary application.

The Chairman of the Special Committee to the Secretary of the Council, University of Cambridge.

LONDON, W. C., September 4th, 1896.

DEAR SIR,—The Senate of the University of Toronto on the 23rd of June last, appointed a committee to deal with the question of affiliation of the University of Toronto with the University of Cambridge as regards medicine, and referred to this committee your communication of the 11th of June, with full powers to act for the University of Toronto.

This committee has had the matter under consideration and begs to accept the privileges of affiliation offered to students of medicine who have passed the Arts Departmental Matriculation of Ontario, and the first and second examinations in medicine of the University of Toronto.

The committee desires in addition to point out that the September Matriculation Examination of the University of Toronto is fully equal to the Arts Departmental Matriculation of Ontario from a literary standpoint, though not accepted by the College of Physicians and Surgeons of Ontario for purposes of registration, because that body seeks a common standard for all schools and colleges, such as the Arts Departmental Examination affords; and this committee would ask the University of Cambridge to accept the Matriculation Examination of the University of Toronto, which is practically the same as the other as a first step towards proceeding to the degrees in medicine of the University of Cambridge, even although such degrees be not registrable for the purpose of medical practice.

Yours obediently,

(Signed) I. H. CAMERON,

Chairman of the Committee.

J. N. KEYNES, Esq.,

Secretary of the Council, University of Cambridge.

CORRESPONDENCE WITH THE UNIVERSITY OF TRINITY COLLEGE, DUBLIN.

TORONTO, 10th February, 1896.

REV. SIR,—The Senate of the University of Toronto have adopted a resolution, of which I enclose a copy,* and I now write to request to be informed of the terms and conditions upon which our University may be admitted to the special privileges mentioned on pages 9-10 of your Calendar.

Do the regulations of Trinity College mean that a student of a Colonial University who is of the proper standing for taking the degree, may be admitted to your University, and proceed to obtain a degree?

And does the expression "exercises for the degree" in section 3, mean that the examination questions for the degree, and the answers of the candidate in the Colonial University, are to be transmitted to the Regius Professor in your University?

In Oxford and Cambridge, an undergraduate in a Colonial University, who has passed his second year's examinations there, can be admitted into either University without examination, and may proceed to a degree in two years from his admission. Am I right in assuming that a similar policy has been adopted by the University of Dublin?

Your obedient servant,

(Signed) THOMAS HODGINS.

The Very Rev'd GEORGE SALMON, D.D.,
Provost of Trinity College, Dublin.

PROVOST'S HOUSE, TRINITY COLLEGE,
DUBLIN, February 20th, 1896.

DEAR SIR,—The regulations which you quote from p. 9-10 of the Calendar only relate to students who have obtained their education in Arts here. The old statutes enact that no one can get a degree without attendance in person to receive it, and this rule remains unaltered with respect to persons residing in these islands. But the regulations which you quote form a comparatively recent provision for the case of men who go abroad after having obtained the B.A. degree, and desire to proceed to higher degrees, and for the rare case (which has sometimes occurred) of men going away in the short interval between their passing the degree examination and having the degree formally conferred.

There are no "*ad eundem*" regulations except in the cases of Oxford and Cambridge, save that graduates of any chartered university are not required to pass a matriculation examination.

I dare say if it came before us as a practical question, we should not be unwilling to do as much for members of Indian and Colonial Universities as is done in Oxford and Cambridge. But though we have had Canadians who have got their whole education here, (when a tutor I have had such among my own pupils), I do not remember a case of a student desirous of completing here an education begun in Canada.

I am, very truly yours,

(Signed), GEO. SALMON.

THOMAS HODGINS, Esq.,
Toronto.

*Report of the former Chairman of the Special Committee on an application
to the University of Trinity College, Dublin.*

TORONTO, 28th September, 1896.

DEAR MR. VICE-CHANCELLOR,—Pursuant to the resolution of the Senate adopted on the 8th of June last, authorizing me to arrange, if I could do so, with the University of Trinity College, Dublin, for the affiliation of the University of Toronto on the same terms and conditions as those on which the University has already been affiliated with the Universities of Oxford and Cambridge, I have the honor to report that, after receiving in Dublin the resolution of the Senate, I called on the Reverend George Salmon, D.D., Provost of Trinity College, and explained to him the desire of the Senate for the affiliation of our University. He informed me that the sessions of the College Board were then over, and that it would not meet again until October, but he introduced me to several of the Senior Fellows of the University, members of the governing Board, to whom I explained the position of our University, its educational standards, the action of the Universities of Oxford and Cambridge in granting to us the privileges of affiliation, and the desire of the Senate to obtain similar privileges from the University of Dublin. And I also fully explained to them the reasons why such privileges should be extended to the University of Toronto, and answered, I trust satisfactorily, the questions asked of me by such members of the Board as I had the privilege of meeting.

They informed me that their University had not as yet made regulations similar to those adopted by Oxford and Cambridge for the affiliation of Colonial Universities. But they expressed themselves individually favorable to the policy of such regulations, and stated that if the University of Toronto presented a similar application to that presented by it to Oxford and Cambridge, it would be favorably considered, unless, as one member subsequently stated, some legal impediment in their charter, statutes or rules might prevent the University granting such affiliation privileges. But he also added that if any such impediment existed which could be got over by what he termed "a Queen's Letter," he was satisfied that such Queen's Letter could be obtained.

I therefore suggest that the Senate transmit to the University of Trinity College, Dublin, a formal application for the grant of affiliation privileges similar to those granted to the University by the Universities of Oxford and Cambridge: and I think from the observations made, and the interest manifested by the Provost and Senior Fellows in our University, that it will be successful, unless as above stated, some legal impediment may be found to interpose.

I have the honor, etc.,

(Signed) THOMAS HODGINS.
