CHILD WAITRESS DETAINED AND THREATENED

Hebrew Charities Call Attention to Case of Suspected White Slavery—Samuel and Annie Cornwater Arrested for Actions Respecting Fifteen-Year-Old Girl.

On a charge of attempting to procure a 15-year-old Russian Jewish girl for immoral purposes, Samuel and Annie Cornwater, 88 Agnes street, were arrested by officers of the morality department yesterday afternoon.

The arrests were made following investigations of the Associated Hebrew Charities, who declare white slavers are operating in the old St. John's Ward, and are bending every effort to stamp out the evil. According to the child's story, she first met the two prisoners thru the medium of an employment agency. She secured a position with them, and alleges that while employed as waitress in an ice cream parlor at 88 Agnes street, offences were made to her to lead an immoral life.

She refused, and only upon a threat to scream and attract passers-by, was she allowed to leave the house. She went to a Palmerston street residence, where she told her story, and upon being taken to the morality department, repeated it to Inspector McKinney.

Samuel Cornwater was released on bail of \$1000 last night, but the woman spent the night in No. 1 cells. Both will appear in police court today.

GARDEN IS IN WASHINGTON.

WASHINGTON, March 2.—Sir Lionel Gordon, British minister to Mexico, reached Washington tonight from New Orleans, on his way to London. He is expected to see President Wilson tomorrow and tell him of the latest developments in the situation at Mexico City.

DECISIVE ACTION IS HINTED AT BY WILSON

President, While Determined to Continue "Watchful Waiting" for Present, Admits Intervention May Yet Prove Only Solution of Problem in Mexico.

WASHINGTON, March 2.—President Wilson revealed to those who discussed Mexican affairs with him today that he fully realized the gravity of the situation resulting from the killing of Wm. S. Benton, a British subject; the reported murder of Gustav Bauch and Clemente Versara, American citizens, and Gen. Carranza's denial of the right of the United States to look after the interests of foreigners generally in Mexico.

The president spoke approvingly of armed intervention, but at the same time pointedly referred to the size and power of a country like the United States as being sufficient warrant for a calm and patient course while compliance with the American demands was being sought.

Callers got the impression from the president that he was determined to try every peaceful means at his disposal to solve the Mexican problem, but that he realized certain eventualities might mean a drastic course. He spoke with a firmness that showed his determination not to be stamped into action by radical speeches in congress, but with a hint that when the necessity arose the American Government could be expected to move decisively and effectively.

Hinges on Britain's Attitude

Upon Great Britain's attitude toward the Benton case depends largely the extent to which the United States will become involved. Should England show an inclination to let the Benton case await a final adjudication at a time when a firm government is established in Mexico, the United States will not feel called upon to challenge Gen. Carranza's specific refusal to supply the Washington ambassador.

LEMIEUX ALONE IN DEFENCE OF ADMISSION OF ORIENTALS EXCLUSION DEMAND OF WEST

Hon. Frank Oliver Took Issue With Ex-Minister and Denounced Asiatic Immigration in Strong Terms—Roche Defended Deportation of Sikh Priest From Canada.

(Special to The Toronto World)
OTTAWA, March 2.—Oriental immigration, heretofore discussed exclusively by British Columbia members, was the subject of a debate in the house today in which only two members from the Pacific province participated. The debate was also peculiar insofar as Hon. Frank Oliver and Hon. Rodolphe Lemieux lined up in direct opposition to each other. Mr. Oliver, who brought on the discussion by a motion for a return of papers relating to the deportation of some Hindus at Vancouver and the order in council which followed prohibiting the entrance of all laborers and artisans at British Columbia ports was frankly and vehemently against all Asiatic immigrants, including Chinese, Japanese and Hindus. In this position he was supported by Mr. Knowles, the Liberal member for Moose Jaw; Mr. Stevens, the Conservative member for Vancouver, and Mr. Burman, Conservative member for Victoria, B.C.

Mr. Burman said that if Hindu immigration was permitted it would cause a feeling in British Columbia which he would rather not voice at this time in the house.

Lemieux stood alone in his defence of the Orientals. He paid an eloquent tribute to the Japanese and deprecated any increase in the Chinese head tax. He admitted that the Hindus were undesirable immigrants, but reminded the house that they were British subjects and many of them soldiers of the king.

Dr. Roche, minister of the interior, briefly defended the deportation of a Sikh priest, which Mr. Lemieux had criticized. He said the action of the government in prohibiting for a time the entrance of artisans and laborers into British Columbia had been warranted.

George C. Carothers, special agent of the state department, left here tonight to visit Carranza. His mission is said to be a discussion of the general situation with regard to foreigners, rather than to hold a specific conference over the Benton problem.

Mann Off to South Africa

LONDON, March 2.—Tom Mann, English labor leader, who has been at the head of many strike movements, will go to South Africa Saturday to organize a labor agitation in retaliation for the expulsion of the South African labor leaders after the recent general strike.

CARRANZA GAVE VILLA SUPPORT

Action in Halting Benton Commission Met With Approval of Constitutionalist Party.

NOGALES, Mex., March 2.—Gen. Venustiano Carranza, supreme chief of the constitutionalists, today upheld the action of Gen. Villa in halting the commission investigating the death of the British subject, William S. Benton.

He took the stand that requests for any information regarding Benton's death should come to him as directing head of the revolution thru the diplomatic agents of Great Britain. This had been explained as his stand in the matter in the last communication to the state department at Washington, which had asked and been refused information about the Benton case.

The Benton incident held all the attention of the constitutionalist commander-in-chief during the day. For the first time he summoned the entire membership of his provisional cabinet to consider the matter.

CAROTHERS TO SEE CARRANZA

EL PASO, Tex., March 2.—The Benton investigation commission wended on the diplomatic sidetrack here today, while Washington and Carranza were reported to be rounding out the new phase of negotiations direct thru an American consul.

George C. Carothers, special agent of the state department, left here tonight to visit Carranza. His mission is said to be a discussion of the general situation with regard to foreigners, rather than to hold a specific conference over the Benton problem.

CONCESSIONS TO ULSTER WILL BE VARIOUS

While Ulster Will Not Be Excluded, Education and Licensing Will Be Under Imperial Control, Says Daily Chronicle—Official Announcement in Fortnight.

LONDON, March 3.—Commenting on Premier Asquith's promise to introduce the Irish home rule bill for the last time with a statement of what concessions the government is inclined to make to Ulster, The Daily Chronicle says the cabinet will not consent to the dismemberment of Ireland, but will propose that education and licensing remain under imperial control, as already provided for in the case of the police for a period of six years.

The newspaper says also that the postoffice will remain under the imperial parliament; that provision will be made for a board of patronage so as to insure that all public appointments will be made on merit, and not on a sectarian basis; that the Ulster members of the Irish Parliament will have a right to veto legislation intended to Ulster's interests, and that the Ulster members of the Irish Parliament from it by a plebiscite in five years.

Should the opposition reject the above offer, The Daily Chronicle says, the government will proceed with the bill on its present lines. Suggestions made afterwards will be placed on a separate paper accompanying the bill to the house of lords. The Chronicle says it is expected that the government will make its offer within a week.

PRESCOTT LIBERALS CALLED TO DISCUSS EVANTUREL CASE

From Opinions Expressed, It Looks as Tho His Retirement From Public Life Will Be Demanded.

VANKLEEK HILL, Ont., March 2.—The executive of the County of Prescott Liberal Association has been summoned by President J. N. Lapointe to meet in Vankleek Hill on Saturday, March 7, to consider the question of Gustave Evanturel, M.L.A. and his expulsion from the party.

FISHERIES PACT NOW EXPECTED

Hon. J. D. Hazen Said Canada Would Be Responsive to Belated Overtures of United States.

OTTAWA, March 2.—(Special.)—Hon. J. D. Hazen, minister of marine and fisheries, interrogated by Sir Wilfrid Laurier in the house today made a brief statement respecting the status of the international fisheries treaty. That treaty, he said, had been concluded with the United States in 1908 and a joint commission had been appointed to prepare the regulations thereunder for fishing in water contiguous to the international boundary line. Prof. David Starr Jordan was chosen by the United States, and Prof. Prince of the fisheries department by Canada.

They had agreed on regulations, and pursuant to the treaty the Dominion parliament had made them effective by legislation in 1910. For some reason the United States congress had failed to implement the treaty and this government had notified Washington that it would withdraw from the treaty unless the regulations were brought into effect in the United States by March 1, 1914. That date has now passed, but in view of assurances from Washington that the Dominion Government had consented to wait a reasonable time in the hope that the treaty would be fully ratified.

MINISTERIAL CRISIS EXPECTED IN ITALY

ROME, March 2.—A ministerial crisis is expected to occur during the present week after the cabinet has obtained a vote by parliament approving its appropriation bill for the Colony of Libya, North Africa. Premier Giolitti, it is said, considers the making secure of this new colony will be his crowning work and that he desires to retire and leave the reins of government to another.

UNIVERSAL PENNY POSTAGE.

PARIS, March 2.—Sir John Henniker Heaton, "father of the Anglo-American penny postage system," in a speech before the British chamber of commerce in Paris tonight prophesied the introduction of a universal 2-cent postage rate within a year.

Men's Fur-Lined Coats.

Dineen has something very special in men's fur-lined coats. It is an exceptional opportunity to secure a first-class garment at an actual reduction. These coats were just turned out of the workrooms and were made to sell at \$100. Today fifteen in all are being offered at \$75 each. Only the best of English beaver cloth is being used in the shells, and you have a choice of Persian lamb or otter collars. All the coats are lined with selected muskrat. These furs are increasing in price and now is the time to buy. The W. & D. Dineen Co., 140 Yonge street, corner Temperance street.

AGED WOMAN IGNITED HER CLOTHING—SERIOUS

Mrs. Sarah Bush Was Attempting to Light the Gas—Is in Hospital.

While attempting to light the gas in her bedroom at 18 Gordon street last evening, Mrs. Sarah Bush, aged 82, ignited her clothing, and before other inmates of the house could extinguish the flames, the aged woman was badly burned about the head and shoulders. She was conveyed to the Western Hospital, where it is reported she is in a serious condition.

NINE SEAMEN MAY BE LOST

Two Coal Barges Foundered in Storm and All Hands Probably Drowned.

PROVIDENCE, R.I., March 2.—Fears that nine lives were lost on the coal-laden barges Frank Pendleton and Josephus, which were torn loose from the tug Edgar F. Luckenbach, off Fire Island lightship in last night's gale, were expressed here tonight. The tow was bound to this city from Norfolk.

Capt. Partridge of the Luckenbach reported the barges were quickly swept out of sight after the hawsers parted. With a tug belonging to the same line the Luckenbach searched the stormy waters of Long Island Sound all day today without hearing any news of the missing boats. Both barges were old, and seafaring men here believed that they foundered quickly with all hands.

OTTAWA THINKS LOAN TO C. N. R. IS PROBABLE

Finance Minister's Guarded Words Not Accepted as Evidence That Railroad Will Not Receive Aid Sought—Demand Made That C. N. R. Disclose Condition.

OTTAWA, March 2.—The only subject of discussion here tonight in the financial assistance which parliament will be asked to extend at this session to the Canadian Northern Railway Company. Finance Minister White's statement is not taken to mean that no relief is to be given. The primary object of the minister's statement, given to The London Times, and to be produced in some Canadian newspapers, was to reassure the British investing public that the government intended to apply the proceeds of the new \$5,000,000 loan to refunding operations. The assurance was again repeated, and most emphatically, that the proceeds of the loan will be applied to retiring treasury bills, to the purchase of Grand Trunk Pacific 3 per cent. bonds guaranteed by the government of Canada, and to completing the loan to the Grand Trunk Pacific Railway Company, authorized by parliament at the last session.

No Application Received. Incidentally Mr. White meets the rumor that the money might be diverted to the Canadian Northern Railway Company by way of loan in the following words: "The minister stated that there was no truth whatever in a rumor current here that the government had in view a further issue later on for the purpose of making a loan to a railway expected to be received by the assistance by way of loan had been, or was, expected to be received by the government from any railway or other company."

It is understood that Mr. White takes the position that the government could not go into the market again and raise another \$25,000,000 for the purpose of making a loan to the Canadian Northern, and that whatever assistance was given will have to be by the guarantee of bonds or something of that kind. The general impression here is, however, that the company will acquire a cash subvention of some kind, and that in the end the same will be arranged for.

Ignore Guarded Denial.

It is regarded as significant that The Ottawa Evening Journal and The Montreal Star, both strong supporters of the government, know Mr. White's guarded denial and publish elaborate editorials on the subject of the financial aid to the C. N. R. (Continued on Page 2, Col. 4)

CANADIANS TO GO TO BISLEY

(Special to The Toronto World.)
OTTAWA, March 2.—At the opening of the house this afternoon Col. Sam Hughes, replying to a question by E. M. Macdonald of Plouffe, made the following statement respecting the participation of the Canadian team in the Bisley meet: "The National Rifle Association has been the outset strongly in favor of the position taken by Canada. But the war office, which is unofficially associated with the national association but very closely associated, as it provides ammunition, and also range officers, has made it a condition of its continued support in this matter that the rear aperture sights should not be used. That would rule out the Canadian rifle."

"On Feb. 14 the National Rifle Association held a meeting of the whole club and it was resolved, with practically unanimity, that the association should petition the war office to remove its objectionable regulations, for this year at all events. Accordingly the war office has yielded to the request of the association and the rear aperture sights are removed; the rear aperture sight will be allowed this year as usual."

"Under these conditions the Dominion of Canada Rifle Association, I understand, intends sending a team as usual."

NEW COVENANT ON HOME RULE

Roberts and Kipling Sign Milder Circular to Assist Ulster in the Crisis.

LONDON, March 2.—Lord Roberts, Viscount Milner, Baron Balfour of Burleigh, Rudyard Kipling, Prof. Albert Venn Dicey and Sir William Ramsay, and a score of less prominent persons, today issued an appeal to their fellow-countrymen to follow their example in signing a declaration which is milder in form than the Ulster covenant, by which they hold themselves in case the Irish home rule bill becomes a law without first being submitted to the judgment of the nation. "Justified in taking or supporting any action that may be effective to prevent it being put in operation."

The signatories of the appeal are careful to point out that by signing the declaration "no man will pledge himself to take any particular action of which his conscience or judgment does not approve."

English Companies Make Good. It is pleasing to know that the English dramatic companies which have invaded Canada recently have all made good with their patrons. NO SHRINKAGE IN SHIP WAGES

York Council Revoked Reduction Ordered by the Road Commissioner.

VERY BUSY SESSION

Final Arrangements Made for Lighting Swansea and Runnymede.

Workmen employed by York Township have been protesting lately because the rate of pay had been reduced by the commission from 25 to 20 cents per hour, but the township council at their meeting yesterday decided to restore the old rate, so that there will be no further cause for complaint.

The first intimation I had of a reduction having been made," said Reeve Syme, "was when I read reports in the press, and I think it was in the afternoon of the 28th, and I was consulted before any change was made, as we are held responsible for it."

A Hutchinson of Swansea appeared to protest against an overflowing cesspool at the corner of Elizabeth and Bloor. He claimed that there would be an epidemic of typhoid fever in the district if the nuisance was permitted to continue. The matter was referred to the board of health.

With regard to street lighting in Swansea and Runnymede the reverend informed Mr. Hutchinson that arrangements had been made with the Hydro-Electric Commission by which these districts will be lighted this summer.

Will Repair It. A letter was received from the C.P.R. in reply to a complaint regarding the town line road between York and Scarborough, which has been damaged by the construction work in connection with the doubletracking of the line. The company stated that the right way will be put in shape as soon as the weather permits.

A petition was presented for a sewer and pavement on Arlington avenue, but nothing can be done with it until the property on the west side of the street has been registered. The petition was, therefore, referred back to the district which has been disposed of.

Good Reason Needed. A request in a petition for the street to be changed to Thorncliffe road was not granted, the reason being that no good reason would be given to justify changing a street name, which had been in use for many years.

A petition was received asking that Union school section 24, York, and 3 Bloor be dissolved, and that the school district had deferred making provision for school children as the district might be annexed at an early date, but the board headed a deputation opposing the abolition of the school, and pointing out that the people in the York side could build a new school at any time by making application to the board.

Not in Order. As the petition for dissolution was not in order the matter was referred to Mr. Barrett who got another hearing at the next meeting.

A letter was read from the Great West wharves Union asking that the council should make provision for the wharves on the Georgian Bay Canal and request that the St. Lawrence wharves be disposed to thirty-five feet. No action was taken in reply to a request from the township for certain sewer connections City Commissioner of Works Hertz stated that as former agreements had not been fully executed no permission for further connections could not be granted.

DR. J. L. HUGHES ON VOTES FOR WOMEN

Are More Entitled to It Than Foreigners Who Cannot Read, He Claims.

"Woman Suffrage" was the subject of an address delivered by Dr. James L. Hughes to the Riverdale Business Men's Association last night in St. John's Presbyterian Church schoolroom, Broadview avenue.

In opening, Mr. Hughes stated that a large number would not favor woman suffrage as they believe it contrary to the teachings of the Bible. "That is not so," he said. "God said women were to be helmsmen to men, and that they were to be placed on a level with men in all things, according to two leading theologians, and that the woman meant someone who would be able to help in the work of the kingdom, and to help thought that the woman became subordinate to man she would be sinning.

"A woman has individuality and responsibility," said the speaker, "and it is her duty to use both."

Contrast Necessary. Answering the question that women are not like men, and, therefore, should not vote, Dr. Hughes stated that that was the very reason why women should be allowed a voice in public affairs. "God is not good for man to be alone, and it is not good for him to be alone in public works," he said.

Referring to special works for which women were most suited, the doctor stated that women were needed to adjust factory conditions especially.

Supporting his statement that women are the moral force of the race, the speaker referred to the vicious condition of Seattle three years ago, with the mayoralty running on a policy dictated by vice, and it was not till women got the vote in Seattle that this condition was changed.

Should Have It. "I believe women should have the vote to protect the home," continued the doctor. "The enemies of the home all have it, so why not those whose duty it is to protect our younger children?"

Referring to the argument of the women's sphere being the home, Dr. Hughes stated that, while in Jamaica, he noticed that the women were not in the home, but were in the streets, and that they were burdened with their lords and masters working in life in luxury, while they were working.

"Women should vote, because they have to submit to the law, and it is only right that they should help to make the law."

Dr. Hughes referred to the argument that women are not as strong as men and pointed out that foreigners who had been in the country long enough to read and write English were allowed to vote.

A Proved Success. One of the doctor's reasons for advocating woman suffrage lay in the fact that in every place where women vote it has proved successful.

"Another big reason put forward by anti-suffragists is that it is not womanly for them to vote. I do not womanly when it is not right for a woman to be educated," said the doctor.

The argument that "women's brains

N. TORONTO TORIES HELD HIGH REVEL

Members of Roused Enthusiasm With Addresses on Issues of the Day.

RECORD ATTENDANCE

Boxing Bout Between Student and Champion a Pleasant Interlude.

Two prominent members of the Ontario Legislature—J. I. Hart of East Simcoe and A. C. Pratt of North Norfolk—attended the North Toronto Conservative Club last night with interesting addresses on the issues now before the provincial legislature.

The hall was filled to capacity, and President H. H. Ball occupied the chair. Referring to the premier's illness, Mr. Pratt said that they hoped to see Sir James Whitney with them soon again. He congratulated the constituents of East York on their choice of G. S. Hagg as member. He was not there to defend the government, as every man knew Sir James had carried out all his promises to the people, and would continue to do his duty in that respect.

Touching the temperance question, Mr. Pratt said the best thing that Mr. Rowell could do was to remove the bar at the Ontario Club, and his refusal to do so proved that the Liberal leader was not sincere in his campaign.

He prophesied that the temperance question would be the ruin of the Liberal party. "They started with wonderful assertions that they were going to abolish the bar," he said. "They made those assertions so often that they actually believed them, and told the same stories of their intentions to the electors, who were not fooled."

Mr. Pratt claimed that between 1890 and 1906 Mr. Rowell had better opportunity to abolish the bar than he had at present. The Conservative party, he said, had forwarded the cause of temperance more than the Liberals, and on the 1st of May next twenty-four more licenses would be wiped out.

Public Opinion Strong. There were now only about 1500 licenses, as compared with 6185 under the Liberal regime. Temperance was coming, he said, and it would come from the end of the town, in order to connect the West and Woodbridge electric line. The council is willing to do this, as the agreement says that the company must bear cost of such alteration or improvement.

In order to start negotiations, the following resolution was passed and a copy sent to the Ontario Club. Resolved, That the clerk notify the Corporation of Weston with respect to the proposed alteration of the street, and that the clerk further notify said railway to be in readiness to proceed with the portion of the street as per annexed plan.

Resolved, That the corporation of Weston be notified to proceed with the portion of the street as per annexed plan, and that the corporation of Weston be notified to proceed with the portion of the street as per annexed plan.

WESTON COUNCIL DISCUSSED RADIAL

Resolution Passed That Company Be Asked to Implement Contract.

STREET TO BE PAVED

Long Drawn Discussion Regarding Pool License—Deputations Present.

The greater part of the time of last night's meeting of the Weston Council was taken up in discussion of the agreement between the corporation and the Toronto Suburban Railway Co., which was explained by Councilor Master, met with favor in the eyes of the council.

It was stated that the railway company had agreed to lay tracks on either side of it, and that which said that in case the town should have the material of which the road was constructed, the railway would be obliged to change the material with which their right of way was constructed to comply with it.

The council desires to improve the main street of Weston, but they at the same time wish to have the railway tracks laid in the middle of the street instead of on the side of it. The question of having the railway tracks in the middle of the street was discussed, and the plan outlined by Councilor Master to bring about this result was as follows:

The company would notify the railway company of their intention to improve their main street, and request the company to lay their tracks on the side of the street, and to lay their tracks on the side of the street, and to lay their tracks on the side of the street.

Resolved, That the company be notified to proceed with the portion of the street as per annexed plan, and that the corporation of Weston be notified to proceed with the portion of the street as per annexed plan.

STORM DEMOLISHED MISSION BUILDING

North Earlscourt Methodist Church Blown to Pieces Yesterday.

OTHER DISTRICT NEWS

Who Should Pay for Township Fire Calls? City Residents Ask.

During the height of the storm, about 10 o'clock yesterday morning, the North Earlscourt Methodist Church, situated on the highest part of Dunvegan road, was demolished. The building, which was a portable structure bolted together, and its foundation.

Mr. Frank Barforth, a student from the Methodist College, is in charge of the erection of a new building. The building was almost wrecked by a wind storm about two months ago. During the evening service on Sunday, the preacher, Dr. Woodyear, was much concerned about the excessive rocking of the building, and fearing an accident, curtailed the service.

Rev. Archer Wallace, speaking to the Main street, said that the church would never be used again for the purpose of a more solid character would have to be erected. The membership being about three hundred, and the Sunday school attendance one hundred and fifty. A meeting was held last evening to consider what could be done to replace the Dunvegan road building on a house at Dunvegan road under Windermer avenue. The meeting was held last evening, and there was a large attendance, and the inclemency of the weather.

clear himself against oriental immigration. The Hindu subjects were British subjects, but that had nothing to do with the matter.

May Not Extend Order. Hon. W. J. Roche, minister of interior, said that the Sikh priest referred to had not been deported because he was a Hindu, but because he was an undesirable person.

Japanese Good Friends. Hon. Rodolphe Lemieux said the Chinese who came to Canada were content to be domestic servants or to follow menial occupations, and there was a considerable demand for their services.

As to Hindu Immigration. Mr. Lemieux denied that they were undesirable, but on the contrary, averred that the Japanese on every point of view rivaled in progress and efficiency the nations of Europe. He called attention to the rapid growth of the Japanese trade.

Mr. Stevens (Vancouver) presented in trenchant form British Columbia's objections to oriental immigration. He said that the majority of them were undesirable, but that they were British subjects.

Unfair Discrimination. He said that in the case of the Hindus an order of deportation had been nullified by the courts issuing writs of habeas corpus. He was at a loss to understand why the government officials had obeyed these writs in British Columbia in view of the fact that in the Thaw case they had treated a similar writ with contempt.

Not British Citizens. Mr. Stevens took the people of British Columbia into consideration, and declared that the majority of them were approved of the expulsion of Thaw, but it seemed to be the policy of the government to show less consideration to undesirable immigrants from the United States than to the undesirable immigration from India, China and Japan.

Death from natural causes. A verdict returned by Coroner Young's jury emphatically declared that the death of Mrs. Theresa Hunter, who died in the General Hospital on Saturday last.

NEWS OF SPECIAL INTEREST TO WOMEN

SURPRISING STYLES SHOWN IN THIS YEAR'S FASHIONS

Rich High Colors, Narrow Skirts With Bustle Effects, and Comfortable Designs Shown at Eaton's Spring Fashion Parade by Living Models.

When Dame Fashion issues her mandates, nothing daunts her with their carrying out, so the snow, drifted and winds blustered yesterday-morning, the women of the city gathered in large numbers to witness the opening march of the spring fashion parade at the T. Eaton Company.

High colors have gained in richness. The reds and blues are of the Roman school, and in the prettily patterned colored embroideries the Japanese influence is strongly marked, as it is likewise in the beaded tassels of the girdles and the kimono cut of many of the coats.

Broadtail more is one of the season's innovations. A mignonette green suit in this fabric, designed by Paul Poiret, illustrates some of the chief features of the new mode. The coat is loose and pointed at the back with a bolero front. A capuchin hood is topped by a little fluted collar. The tunic, which is filled, has raglan sleeves and opens over a peg-topped skirt shorter in front than at the back.

Bustle effects are pronounced, though their accompaniment, the bell sleeve, is retained in a modified form. Some of the coats, which are all loose, have a Russian effect, others are cape-like. With one exception the silk skirts shown were unobtrusive devices to add to ease and grace of poise.

A very pretty model was in dainty lavender gray tulle, with a long pointed coat of the same material. The tulle, with a deep border of the silk embroidered at the pointed corner with Japanese clusters, gives an over-the-skirt effect. The ground of the coat is cream. This is belted with the silk, and

CORN CAKES—Press a half a can of corn thru a sieve to remove the pulp. Add one cup of rich milk, two beaten eggs, one teaspoon of sugar and a half a teaspoon of salt and a cup and a half of flour containing two teaspoons of baking powder. Bake in a pudding pan or in gem pans.

Apple and Tapioca Pudding

Soak the tapioca or prepare it as directed, if you use the package article. Cook it until transparent and pour into a pudding dish. Add the beaten yolks of two eggs and a cup of milk to each cup of tapioca. Flavor and add a pint of thick, sweet, rich apple sauce. Grate nutmeg over the top and put in the oven. Beat the whites of the eggs stiff and sweeten them. Season with cinnamon. Heap this on the pudding and brown nicely. Serve very cold.

Baked Omelette

Beat the yolks and whites of four eggs separately. Sift flour, one tablespoon of melted butter, four tablespoons of milk, one teaspoon of salt and one of sugar. At the last moment add the whites of the eggs into a buttered baking dish and bake twenty minutes in a hot oven. Must be covered the first fifteen minutes.

TUESDAY MORNING, MARCH 3.

CONTINUITY IN CIVIC GOVERNMENT

The Port Arthur Daily News wants to know if some use could not be made of our ex-mayors, and sorrow over the fact that after two terms a good man is given to understand that he is no longer wanted, and that others are waiting for his shoes. Probably the only way to avail itself of the experience of ex-mayors would be to appoint them honorary aldermen with the right of debate but no vote. They would probably not attend the council meetings and would be dreadfully snubbed by elected aldermen if they did. Ex-mayors are usually too busy with their own affairs to take any further obligations upon them for a municipality, but any ex-mayor who wishes to do so would be welcomed as a candidate for the council as alderman or controller. One of the real weaknesses of the Canadian municipal system is lack of continuity. This weakness inheres in the party system, out of which the municipal system has grown. In business the continuity of the firm is preserved in the executive heads. The employees are the transients. In the city service the employees are the permanent force relatively, and the employers are the transient—the very transient element. This fundamental weakness is remedied in the German system, practically the same form of government advocated by Mr. S. S. McClure last week, in which stability is centred, not in the council nor in the employees, but in the executive heads or commissioners appointed by the council whose duties are almost confined to making these appointments.

A PURCHASING BOARD.

Controller McCarthy has proposed a new solution of the purchasing department problem, and it is one which offers many substantial advantages. To begin with it has the merit of not disturbing the present departments, nor will it increase expenditures as some other proposals would do. Controller McCarthy suggests that instead of appointing a new purchasing agent a purchasing board be created, consisting of Commissioner Harris of the works department, Commissioner Chisholm of the property department, who has been regarded as the most likely head of the new department, and City Clerk Littlejohn. These three officials represent the departments for which most of the purchases have to be made, and are therefore more competent to oversee the operations of the department than any others. Their co-operation would guarantee the absolute impossibility of anything but the most efficient and reliable conduct of the department's affairs, and this is a highly important consideration where the handling of about \$4,000,000 a year is in question. The creation of such a board, as Controller McCarthy has observed, "would bring to the management of the department a combination of honesty, knowledge of supplies, and of municipal practice that would carry the confidence of the public." Perhaps as important as these considerations is the point Controller McCarthy also makes, which is that efficiency rather than the creation of new officials should be the aim of the council. The purchasing board would secure efficiency and keep good men where they are needed.

CONSTITUTIONAL CRISIS IN SWEDEN

Among the small nations of Europe whose rights and liberties are mainly dependent on the goodwill or larger international obligations of that continent Sweden might easily be supposed to hold an enviable position. With Norway it forms a peninsula, comparable in the north to Italy or Spain in the south, and its only land neighbor is Russia. Just in that circumstance lies part of the trouble in Sweden. Russia is a continually aggressive power. Unresting and unshaking that empire continues its process of expansion. Curbed here, it expands at some other point of its long-flung frontiers. Checked by Japan in the extreme east, and for the moment in Asia Minor, it has practically severed Northern Mongolia from China and brought that vast area within its sphere of influence. Russia has always coveted a seaport on the open North Sea, and Sweden bars the way. For years the Russian Government has maintained a claim to an area presently contained in Sweden, a claim never abandoned. In the course of years, should the opportune

HELPING CITY DEVELOPMENT.

Superior (Wia.) Telegram: The Public Service Commission this month gives some interesting information on the topic of "Rapid Transit and Municipal Growth." It shows that the long ride with the single fare, such as is now afforded in the most of the growing cities, is a wonderful promoter of development. It points out that the modern electric cars make good time, so that employees can conveniently work in parts of the city distant from their homes, and with the single fare the expense is not great. A double fare would greatly change the situation, this brings to mind the need of a single fare street car service connecting all parts of Superior with the new street plant. It is true that a double-fare service would be much better than no service, but it would not so well fill the requirement for general growth.

PRESIDENT AND PREDECESSOR.

In the current issue of The Philadelphia Saturday Evening Post President Taft pays a notable tribute to his successor. "It is a real satisfaction," says Mr. Taft, "to one who knows the atmosphere of Washington, to note the success of a strong character in the White House, in dealing with the situation and improving the opportunity it offers." Later in the article, the ex-president speaks of Mr. Wilson's masterful personality and attitude. "First," he remarks, "he knows what he wishes, and second, is determined to get it, and his party associates are convinced of both facts."

LEADERS IN FOREIGN TRADE.

In 1913 the United Kingdom, with a population of approximately 47,500,000, conducted a total foreign trade aggregating, exports and imports together, \$7,020,755,000. Germany, with about 70,000,000 population, had a foreign trade of \$4,986,240,000, while the United States, with a population approaching 100,000,000, aggregated \$4,276,000,000. Britain's lead was mainly in imports, which far exceeded those of either of its chief competitors. The excess of exports over imports on the huge debt due by foreign countries, the tolls levied by its shipping and the international exchange centre ensures Germany and the United States have thus a long way to make up before they can draw abreast of the United Kingdom in the aggregate volume of trade. But it is possible enough that one or other may before long lead Britain in exports. In 1913 Britain's exports increased nearly eight per cent. over 1912, as against a 12.5 per cent. increase in German exports, and a 3.5 per cent. increase in American. Germany, last year, was a little over \$200,000,000 behind, and if the present ratios of increase are maintained may soon lead the world in exports.

Another Protest.

Editor World: I wish to protest against the closing of the special class at Grace Street School. My little girl has been attending for the last two years, and we have noticed a great improvement in her handwriting. She is a very good student, and during the absence of her teacher, and during this severe winter weather, we have seen many unfortunate children in this city. My little girl, while in this class, learned several kinds of needlework and other useful things, which are essential to a livelihood than book learning. I have seen children who have been living by handwork and the training given them in this class fitting them so that they will not be a charge on the city or the community. Which is better to train them to be self-sufficient than to have them a charge on the city? I hope, Mr. Editor, you will do your best to help this class open.

Costs in cause. Ridd v. Smith—Green (Bicknell & Co.), for defendant, obtained fiat on consent for transmission of two affidavits to Chicago for purpose of cross examination.

Single Court.

Before Middelton, J. Bury v. Shields—W. J. Elliott, for plaintiff, obtained order giving leave to set down and continuing injunction to trial, but order not to issue for a few days.

Another Protest.

Editor World: I wish to protest against the closing of the special class at Grace Street School. My little girl has been attending for the last two years, and we have noticed a great improvement in her handwriting. She is a very good student, and during the absence of her teacher, and during this severe winter weather, we have seen many unfortunate children in this city. My little girl, while in this class, learned several kinds of needlework and other useful things, which are essential to a livelihood than book learning. I have seen children who have been living by handwork and the training given them in this class fitting them so that they will not be a charge on the city or the community. Which is better to train them to be self-sufficient than to have them a charge on the city? I hope, Mr. Editor, you will do your best to help this class open.

MATHEWSON NOT FOR THE FEDERALS

Big Six Signs Contract With Giants—President Gilmore Still Talking.

CHICAGO, March 2.—President Gilmore of the Federal League announced tonight that "a Pittsburg millionaire" had decided to become backer of the club in his town.

The announcement was made after a conversation over the long-distance telephone between Gilmore and the millionaire.

The telephone conversation led President Gilmore to declare any attempt by organized ball to sign players already signed by the Federals would be the beginning of a war that would threaten the foundation of the Federal League.

It is reported that Tom Seaton, the Philadelphia pitcher, would join the Chicago Federals.

Much disappointment was shown by the Federal managers when it was learned that Christy Mathewson had signed a contract with the Giants.

The Egyptian Mail (published at Cairo), for Feb. 2, contained the following account of the baseball game between the world-touring White Sox and Giants.

Year relay race for novices—Won by the first year.

Individual champions: A. Fitzpatrick, 20 points; V. C. Puleston, 10 points; S. W. Beaumont, 9 points.

The second year won the inter-year championship by a majority of three points over the first year.

AMERICAN A.A.U. FUND FOR OLYMPIC TEAM

NEW YORK, March 2.—Plans for the collection of a large amateur athletic union fund for the American Olympic team of 1916 were outlined here today at a conference between President Andrew J. Hill, Jr., and Secretary James E. Sullivan of the A.A.U.

It was decided to open the campaign for 1916 funds with a circular letter to each club and allied organizations requesting the assessment of a given sum on each member of such club.

The A.A.U. officials hope to collect close to \$100,000 from within their own ranks during the next 18 months by means of a persistent subscription campaign.

COULD ALSO USE HIM IN KINGSTON. KINGSTON, March 2.—In today's issue of The Queen's University Journal it is suggested that the Intercollegiate Athletic Union secure a professional wrestler as referee for its assault-at-arms and wrestling events, as it claims the decisions in some of the events at Montreal on Saturday night were very bad.

THE CONSOLATION SERIES. PARIS, March 2.—In the second game of the consolation series Paris was defeated by Preston by the score of 7 to 5. It was the fastest game of hockey ever played in Paris. The loss was in good condition and every player was in good shape.

The line-up: Preston (1)—Goal, Short; right defence, Bowman; left defence, Walker; rover, Eburn; centre, Schlegel; left wing, Vondere; right wing, Bowman.

PARIS (2)—Goal, Brown; right defence, Magee; left defence, E. Gill; rover, W. Gill; centre, Wooden; left wing, McLaughlin; right wing, Peables. Referee—Allan Kinder of Preston.

AMERICAN A.A.U. FUND FOR OLYMPIC TEAM

NEW YORK, March 2.—Plans for the collection of a large amateur athletic union fund for the American Olympic team of 1916 were outlined here today at a conference between President Andrew J. Hill, Jr., and Secretary James E. Sullivan of the A.A.U.

It was decided to open the campaign for 1916 funds with a circular letter to each club and allied organizations requesting the assessment of a given sum on each member of such club.

The A.A.U. officials hope to collect close to \$100,000 from within their own ranks during the next 18 months by means of a persistent subscription campaign.

COULD ALSO USE HIM IN KINGSTON. KINGSTON, March 2.—In today's issue of The Queen's University Journal it is suggested that the Intercollegiate Athletic Union secure a professional wrestler as referee for its assault-at-arms and wrestling events, as it claims the decisions in some of the events at Montreal on Saturday night were very bad.

THE CONSOLATION SERIES. PARIS, March 2.—In the second game of the consolation series Paris was defeated by Preston by the score of 7 to 5. It was the fastest game of hockey ever played in Paris. The loss was in good condition and every player was in good shape.

The line-up: Preston (1)—Goal, Short; right defence, Bowman; left defence, Walker; rover, Eburn; centre, Schlegel; left wing, Vondere; right wing, Bowman.

PARIS (2)—Goal, Brown; right defence, Magee; left defence, E. Gill; rover, W. Gill; centre, Wooden; left wing, McLaughlin; right wing, Peables. Referee—Allan Kinder of Preston.

FOUR SCHOOL BOY LACROSSE LEAGUES

Splendid Results of the Missionary Efforts in Western Ontario — Possibilities.

The whole of last week was devoted by Mr. Frank Doyle, secretary of the O.A.L.A., and Mr. Joe Lally of Cornwall to the work of organization of school boy lacrosse leagues in western Ontario.

Mr. Doyle has returned to the city well satisfied with the results. The men in attendance were eager to hear all the proposals and anxious to help, and as a result four leagues are already organized.

The campaign opened in Brantford, and in this town, which holds the G.O.A.L.A. medal, was one of the most successful.

Mr. Doyle has been closely connected with the movement to work up lacrosse in the school boys.

There was a good one. A local committee was selected, and on it are Mayor Spence, five of the school board, and a layman.

They had a meeting last week after the visit of the organizers, and the outlook would not be necessary. The organizers thought that their team, on which Dromi and Pinlayton, Jack White and Arthur Ferguson, were the main players.

The meeting in London was one of the most successful of the week. There is one school league in London, and they have been playing lacrosse for several years.

SEARCHERS FOUND HORSEMAN DYING

Frank Truedell, Well Known in Eastern Ontario, Victim of Paralysis.

(Special to The Toronto World) KINGSTON, March 2.—The death occurred this afternoon at Collins Bay of Frank Truedell, well known in Eastern Ontario race tracks, who was stricken with paralysis, and was found on the ice at the bay one day last week, when search was instituted for him after his horse, which he had been training for the Collins Bay ice meet, arrived home without a driver.

WEST LAMBTON WAS HIT HARD BY STORM

(Special to The Toronto World) SARNIA, March 2.—Since 2 o'clock Sunday morning Sarnia and vicinity has been swept with one of the fiercest winds of the year, accompanied by a sudden drop in the temperature to near the zero mark. The wind from off the lake attained a velocity of nearly 50 miles an hour. A northwest blow sent the ice out of the lake into the river with such force that the river was jammed and ferry communication between Sarnia and Port Huron was cut off.

OLD HESPELER RESIDENT SUMMONED BY DEATH

(Special to The Toronto World) GUELPH, March 2.—(Special)—Following a paralytic stroke a week ago the death took place at 6 o'clock this morning at her home in Hespeler of Mrs. James Charlesworth, mother of Mr. J. W. Charlesworth of this city. She was in her 85th year, and had lived for many years with her husband and family near Hespeler. Her husband predeceased her some time ago. She leaves four children, J. W. Charlesworth of the O.A., Dr. Charles Charlesworth of Blyth, and Henry and Mary at home.

DEATH OF MRS. CANNON

(Special to The Toronto World) GUELPH, March 2.—(Special)—The death occurred at the residence of her son-in-law, J. W. Alderson, 58 Merion street, Guelph, yesterday, of a pioneer of this part of Ontario, in the person of Mrs. Mary Jane Cannon, widow of the late William Cannon of Brant Township, in the County of Bruce. The late Mrs. Cannon was born in Ireland, and when five years of age came to this country with her parents, the family settling in the Township of Caledon, near Orangeville, 78 years ago.

(Special to The Toronto World) WINDSOR, March 2.—Ratepayers of the city will be asked tomorrow to sanction bylaws which will give exemptions to three new industries. The Central Ice and Cold Storage Company proposes to erect a plant with a daily capacity of fifty tons of ice. The plant will cost in the neighborhood of \$150,000.

POOLROOM KEEPER FINED

(Special to The Toronto World) BROCKVILLE, March 2.—Charles James, proprietor of a local poolroom, pleaded guilty in the police court to allowing gambling on the premises. Eight players or spectators, as the law covers both, also entered a plea of guilty. The magistrate imposed fines aggregating \$231, which were paid.

FACTORY WALLS WERE BLOWN IN

Gales Wrought Havoc at Woodstock Yesterday—Hydro Off Temporarily.

(Special to The Toronto World) WOODSTOCK, Ont., March 2.—As a result of the storm gale which prevailed here yesterday and early this morning about 30 feet of the north wall of the Canada Furniture Manufacturers' factory was blown in over the packing-room at 5 o'clock this morning and a large quantity of finished goods, together with a large stock of mirrors, were much damaged. The total damage will amount to considerably over \$1000.

GUMNOSIS FOUND IN PEACH TREES

Prof. McCubbin Has Discovered Contributory Causes of the Canker.

(Special to The Toronto World) ST. CATHARINES, March 2.—The presence of the canker or gummosis on the peach has been found in the Niagara district in severe form by Prof. A. W. McCubbin of the Dominion Field Laboratory of Pathology, who is conducting experiments here. He has also found it on sugar maples and on poplars at Thorold, which he attributes to brown rot fungus following the rotting of fruit in many cases. As the result of an experiment with aspy (twigs exposed to the frost), he has found that cold weather and moisture are contributory causes to the canker. He found very little in peach trees in the Stamford and Fonthill districts.

A REMEDY SUGGESTED

Clean Out Gum and Dead Matter and Let Sun Work.

(Special to The Toronto World) ST. CATHARINES, March 2.—A great deal can be done toward helping to heal over cankers, especially those which endanger important parts of the tree, such as the trunk or main limbs. The best time to clean out a canker is just after a rain when the gum and dead bark are soft and come out easily. All this gum and dead matter should be scraped out so as to expose the canker to the sun and air. This gum is especially harmful because it holds water for a long time, thus supplying moisture for the growth of fungi which rot the exposed heartwood. After cleaning out a wash of formaline, one to ten (1 to 10 per cent.) or corrosive sublimate 1-1000 is advised.

EXPORTS NOT INCREASED BY CUT IN HAY TARIFF

(Special to The Toronto World) KINGSTON, March 2.—(Special)—United States Consul F. S. S. Johnson says January and February, 1917, show decrease in exports to the States, but hard times have in no way affected trade conditions between Kingston and the United States. The tariff on hay, reduced in October last from \$4 to \$2 a ton, has not had the desired effect. The amount exported is considerably less than for the same period in 1915.

FELL FROM WINDMILL FARMER WAS KILLED

(Special to The Toronto World) WOODSTOCK, March 2.—(Special)—A fatal accident occurred on Sunday yesterday at the farm of J. S. Nichol on the Governor's road, near Ingersoll Junction, when Albert Watkins, a neighbor, climbed to the top of a windmill in response to a request from the Nichol home, and while making some adjustments fell to the ground and was instantly killed.

GALT FEARED CONFLAGRATION

(Special to The Toronto World) GALT, March 2.—(Special)—Last night Bremen remained on duty all night in fear the terrific wind might develop an otherwise easily handled blaze. The fire, which occurred, one at the ruins of the Shurley Dietrich factory, and the other at Dickson School. Prompt action averted threatened destruction.

NARROWLY ESCAPED DROWNING

ACCEPTS CHATHAM CALL

(Special to The Toronto World) CHATHAM, March 2.—Rev. D. R. Dood, B.D., of Stratford, has accepted a call extended by the Central Baptist congregation of this city, and he will assume his duties as pastor on March 22.

NINETY DOLLARS FOR COWS

(Special to The Toronto World) HARRIETSVILLE, March 2.—At a sale of grade Holstein cows E. Abbott realized an average of \$90 for each cow sold. Some horses sold at \$185, \$225, \$190; two colts a year old brought \$44 and \$65.

AYR GETS CHEAP POWER

(Special to The Toronto World) AYR, March 2.—The council has received the hydro bylaw and will pass it. The commission has already cut the rate, so it will cost the citizens \$7.40 per horsepower. When the town first thought of hydro the rate offered was \$87.50, so it has been cut 50 cents. It is probable that hydro will reach here this summer.

ASSESSMENT INCREASES

(Special to The Toronto World) LONDON, March 2.—The assessors appointed by the board of control commenced their duties today. It is expected the assessment will be increased by a large amount, certainly not less than \$5,000,000.

TO BUY GRAPHIC METER

(Special to The Toronto World) ST. MARY'S, March 2.—(Special)—The water, light and heat board of St. Mary's have decided to purchase a graphic meter, at a cost of \$350, to check up the hydro reading.

MRS. A. P. ROSS DIED ON SUNDAY

She Was One of Cornwall's Oldest and Best Known Citizens.

(Special to The Toronto World) CORNWALL, March 2.—One of the oldest and most highly esteemed residents of Cornwall passed away at noon on Sunday in the person of Mrs. Ross, wife of A. P. Ross, ex-M.L.A. The late Mrs. Ross has been ailing for some time, but was able to be about until about two weeks ago. Her maiden name was Elizabeth Caroline Clark and she was a daughter of the late David Clark of the South Branch, where she was born 78 years ago. She was married to Mr. Ross at Marston, Iowa nearly sixty years ago. Mrs. Ross was the mother of one child, the late Mrs. Algire, wife of Dr. D. O. Algire, M.P. for Stormont. She is survived by her aged husband and one sister, Mrs. Grant of Grant's Corners. Mrs. Ross was a prominent member of St. John's Presbyterian Church until quite recently. The funeral will take place on Tuesday afternoon to Woodlawn Cemetery.

BURNED THE MORTGAGE ON FINE GALT CHURCH

(Special to The Toronto World) GALT, March 2.—Tonight the trustee board of Ainslie Street Methodist Church ceremoniously burned the mortgage on the church building, which is wiped off. On the occasion of the 25th anniversary celebration the congregation packed the church.

Ministers present who spoke were: Dr. J. O. Smith, Montreal; Rev. A. J. Johnston, both former pastors and Rev. F. Wootton, now pastor.

DISPERSION SALE OF STOCK

(Special to The Toronto World) GLADSTONE, March 2.—A herd of dairy cows was disposed of at a dispersion sale on the estate of the late A. McCallum. The prices averaged \$78 show decrease in exports to the States, but hard times have in no way affected trade conditions between Kingston and the United States.

STUDENT LIBERALS SLATE NOMINEES

(Special to The Toronto World) G. A. Maclean Choice for Highest Office in University College.

University College Liberals held their nominations for the annual Ltd. elections yesterday afternoon, when the caucus of that party was held. The Liberals turned out in large numbers, and nominated strong men for what promises to be one of the liveliest elections since politics commenced to occupy as large a part in student activities as they do at the present time. The introduced list of nominees, known as the Progressives, has been responsible for the change as both of the two parties have been equally weakened, and all three have a chance to come out victorious.

CLAIMS ARREST WAS DUE TO A MISTAKE

(Special to The Toronto World) CHARGED with fraud, G. W. Bleeker, who gives his address as 4 Temperance street, was arrested by Detective Cronin last evening, and released on bail. The complainant is J. P. Maguire, who alleges that in January last Bleeker tendered him a cheque for \$25 in payment for real estate, which, when presented for payment, was returned marked "no account."

REV. JAS. HARRIS CALLED BY DEATH

Pioneer of Methodism in Canada Died Suddenly Yesterday Morning.

(Special to The Toronto World) GUELPH, March 2.—(Special)—At the advanced age of 86 years Rev. James Harris, one of the oldest Methodist ministers in Canada, passed away suddenly at his late residence, Kerr street, at 3:30 o'clock this morning. He went out for a walk as usual on Saturday, the day being fine, but on Sunday was not feeling quite so well. He became worse in the night and at 3 o'clock the household was aroused. Before medical aid could be secured, however, death came to relieve his sufferings.

SCHOOL BOARD MEMBER WAS FORCED TO RESIGN

(Special to The Toronto World) BROCKVILLE, March 2.—(Special)—For accepting payment from a union school board of the Townships of Eley and Wolford, of which he was a member, Wm. Streets was unseated after a hearing before Judge McDonald.

STRATFORD BUILDINGS DAMAGED BY STRONG GALE

(Special to The Toronto World) STRATFORD, March 2.—The gale which raged yesterday and today did considerable damage in the city. The wind tore out a portion of a house occupied by J. Mac, and when he and his wife and family took refuge in a barn, ripped the roof off that building. A roof was also blown off a livery stable, doors were torn from the Grand Trunk Hotel, and many plate glass windows were smashed.

A LIBERAL CLUB SAYS P. C. LARKIN

(Special to The Toronto World) Candidates for Membership in Ontario Club Are So Informed.

"The Ontario Club is a Liberal Club," said P. C. Larkin, its president, in a speech last night in speaking of the statement concerning its political hue made by N. W. Rowell, K.C., in the legislature yesterday. "A candidate for membership in the Reform Club of London is Liberal, or the Carlton Club of London is Conservative. A man to be admitted a member of the Ontario Club does not have to swear he is a Liberal, but if he were a pronounced Conservative, he would not be elected. But many men are of not pronounced political views, and if otherwise eligible, and not connected with any political party, they would be elected to membership. But it is primarily a Liberal organization formed by Liberals to further Liberal principles. The Ontario Club was opened by Sir Wilfrid Laurier and every Liberal minister of the late Dominion cabinet has been a member of this club." Mr. Larkin said that Mr. Rowell was simply a member of it.

PARLIAMENT SETTLING DOWN TO DISCUSS RAILWAY ISSUES

Bill to Amend Railway Act is Arousing Keen Interest—Consideration of N. T. R. and C. N. R. Affairs and Railway Rates is to Fore.

(Special to The Toronto World) OTTAWA, March 1.—(Special)—The present session of parliament so far has been a session of drift and settling down to what might be called a "railway session."

In the first place the government has promised parliament a bill to revise and codify the Railway Act of 1903, and the amendments thereto, made from time to time, which will constitute almost a new railway act. Since 1903 the jurisdiction of the railway commission has been extended to telephone, express and sleeping car companies, and there is strong disposition in and out of parliament to extend jurisdiction over inland navigation and ocean freight rates. Control of capitalization of transportation companies will no doubt soon be vested in the railway commission, and the power of the railway commission may be extended to suburban train service and commutation rates. The fact, however, that so important a government measure as the new Railway Act is to be introduced in the senate instead of the house is naturally a matter of comment, and fears are expressed in some quarters that the bill may not be crystallized into law at this session, but its introduction is bound to provoke considerable discussion of railway regulation and control.

ENTRANCE EXAMS DATES ANNOUNCED

(Special to The Toronto World) Pupils Will Be Hard at Work in Middle of June.

(Special to The Toronto World) JUNIOR high school entrance examinations for this year will be held on June 17, 18, and 19, and the junior public school graduation examinations on June 15 to 19. All candidates who purpose writing on either of these must notify the public school inspector either directly or thru this public school notice now issued.

PAMPHLET IS ISSUED

(Special to The Toronto World) Instructions Governing Actions of Candidates Given in Detail.

The usual instructions governing the actions of candidates in the examination room are given. "Any pupil who is found copying or allowing another to copy from him, or who brings into the examination room any book, note or paper having reference to the subject on which he is writing shall be required by the presiding officer to leave the room and his paper, and the papers of all guilty parties shall be canceled." This is one of the solemn warnings given.

Reorganizing Railway Board

(Special to The Toronto World) The loan to the Canadian Northern may not be proposed to parliament until late in the session, but many of the Conservative members are insisting upon the case for the railway reorganization being presented in time for serious consideration by the house. The discussion upon the loan will naturally bring to the fore many questions relating to the general transportation policy of the country, and involve a further consideration of basic questions like the equalization of freight rates between eastern and western Canada, governmental control over the issue of railway securities, limitation upon the present indiscriminate granting and renewal of railway charters, etc.

STUDENT LIBERALS SLATE NOMINEES

(Special to The Toronto World) G. A. Maclean Choice for Highest Office in University College.

University College Liberals held their nominations for the annual Ltd. elections yesterday afternoon, when the caucus of that party was held. The Liberals turned out in large numbers, and nominated strong men for what promises to be one of the liveliest elections since politics commenced to occupy as large a part in student activities as they do at the present time. The introduced list of nominees, known as the Progressives, has been responsible for the change as both of the two parties have been equally weakened, and all three have a chance to come out victorious.

CLAIMS ARREST WAS DUE TO A MISTAKE

(Special to The Toronto World) CHARGED with fraud, G. W. Bleeker, who gives his address as 4 Temperance street, was arrested by Detective Cronin last evening, and released on bail. The complainant is J. P. Maguire, who alleges that in January last Bleeker tendered him a cheque for \$25 in payment for real estate, which, when presented for payment, was returned marked "no account."

PARLIAMENT SETTLING DOWN TO DISCUSS RAILWAY ISSUES

Bill to Amend Railway Act is Arousing Keen Interest—Consideration of N. T. R. and C. N. R. Affairs and Railway Rates is to Fore.

(Special to The Toronto World) OTTAWA, March 1.—(Special)—The present session of parliament so far has been a session of drift and settling down to what might be called a "railway session."

Satisfy That Longing For Music

Come out of the ranks of the listeners and be a performer of music. Whether you have had a musical training or not, the marvelous Gourlay-Angelus affords a means of expression to everyone who loves music.

GOURLAY-ANGELUS

are clearly manifested in accompaniments. The art of accompanying a soloist is attained to the highest degree of excellence on a Gourlay-Angelus. Clever exclusive devices allow the melody to predominate, a chord to be emphasized, or any liberties in tempo to be taken by the soloist.

TESTED ENDURANCE

The Gourlay-Angelus, with its wonderful mechanism and possibilities, lays claim to the interest of every lover of music. Call and investigate its merits. The Diaphragm Pneumatics alone have established incomparable records of tests for endurance. There's not the slightest evidence of wear after the most strenuous experiments. Hence, the life of a Gourlay-Angelus is immeasurable.

Let the powerful influence of a Gourlay-Angelus enter your life. It provides the rarest kind of musical instrument.

FURS' NIGHTS AT TORONTO THEATRES

ENGLISH PLAYERS AT THE PRINCESS

Tom Terriss and His Company Given a Good Reception.

SCENERY WAS DELAYED

Will Arrive in Time for Use in Tonight's Two Plays.

Tom Terriss and his company of English players opened a week's engagement for the production of plays from Charles Dickens' books last night at the Princess, the car of scenery for the "Christmas Carol" and "The Cricket on the Hearth" having been delayed by the storm somewhat from Toronto and Montreal. It is to be here by the morning, and the production of "Fagin, the Jew" and "The Christmas Carol" will be given tonight.

LAURENCE IRVING'S REPERTOIRE

The plays which Laurence Irving, the great son of the late Sir Henry Irving, will present at the Princess Theatre next week, under the auspices of the British-Canadian Theatre Organization Society, are among the most attractive that have been seen in Toronto for many years.

THE LION AND THE MOUSE

Large audiences at the Strand yesterday followed with keen interest the remarkable moving picture play founded upon Charles Klein's famous drama "The Lion and the Mouse."

PASTON COMEDY WAS WELL GIVEN

A. E. Anson and Diardie Doyle Appear in "Nobody's Daughter."

PLOT IS PECULIAR

Lacks in Continuity, But Puts New Face in Problem Play.

The presentation of "Nobody's Daughter," a Geo. Paston comedy, at the Royal Alexandra last evening brought a bumper house. The tale was well given in British Isles counted in no small degree in the attendance, for Toronto audiences seem to grow daily more susceptible to the charms of the action from across the sea.

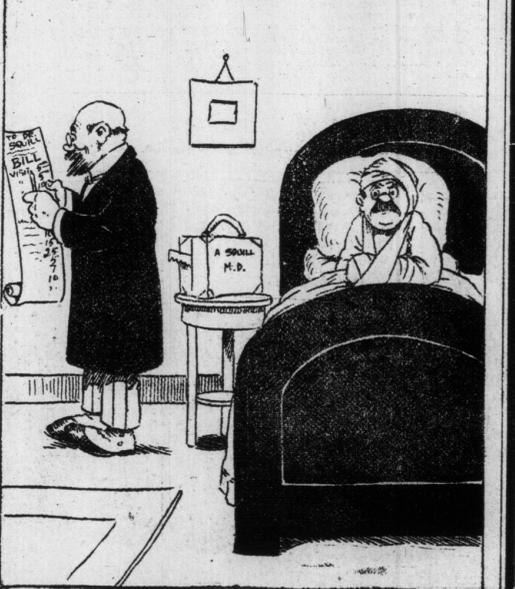

BIG JUBILEE BURLESQUE PURE PLOTLESS COMEDY

The Gayety Theatre this week presents to its patrons something decidedly new in the burlesque line.

"AT BAY"—ALEXANDRA THEATRE

Tomorrow at the Alexandra Theatre the seats will go on sale for next week's attraction, "At Bay," the George Scarborough romantic drama of laughs and thrills, which has just completed five months of popularity in New York.

AND THE WORST IS YET TO COME

EUGENIE BLAIR IN "MADAME X"

Popular Emotional Actress in a Popular Play.

AN APPEALING DRAMA

Grand Patrons Thoroughly Enjoyed the Presentation by a Capable Company.

Eugenie Blair is no stranger to Toronto players. She has given them many hours of delightful entertainment in many roles, scoring heavily in them all, but it is safe to say that she has never appeared to better advantage than she did last night, when she opened a week's engagement at the Grand Opera House in Alexandre Bisson's powerful drama, "Madame X."

TO DISCUSS WIDENING

A meeting of the Tonge street Property Owners' Association will be held at 8.15 tonight in the Staunton paper factory to discuss the works commission's proposed plan for the widening of Toronto's main thoroughfare.

SHEA'S PUTS ON VARIEGATED BILL

Program Devised to Suit Tastes of Widest Number of People.

FANTASY IS A FEATURE

Splendid Costumes and Light Effects Play Prominent Part.

A much variegated bill is that offered the patrons of Shea's Theatre this week. Music, comedy, magic, trapeze work and equilibristic black face artists and a gorgeous fantasy make a pleasing attraction with something to cater to the tastes of everyone.

MONTE CARLO GIRLS HAVE A FINE SHOW

The offering of Frank Stanhope, Eddie Davy, Harry Frankel and Frank Rickett, "The Big Four Quartet," appearing at the Star Theatre this week with the Monte Carlo Girls, is, without a doubt one of the best bits of minstrelsy seen in the Star this season.

ELMAN'S GREATEST FEAT

The star number that Mischa Elman will play with the Toronto Symphony Orchestra on Thursday evening next is one that has made him famous with thousands of concert goers in Canada.

AT THE PARK THEATRE

It is as good as taking a lesson in the art to witness the demonstration of the hesitation waltz and the tango whirlwind dances given by Hayes and Hutton, the metropolitan novelty dancers appearing this week at the Park Theatre.

ONTARIO CLUB NON-POLITICAL

Rowell Denies Responsibility for Its License—Does Not Deny Membership.

NOT LIBERAL QUARTERS

Members Belong to Both Political Parties, He Says in Legislature.

At the session of the house yesterday afternoon, Mr. Rowell took occasion to call attention to an item in The London Free Press which had apparently followed a challenge on the floor last week to explain his position with reference to the license now operated in the Ontario Club. Without denying his membership in it he stated that he was not any more responsible for its conduct than any other member, nor was it as alleged, the official headquarters of the Liberal party. It was to his belief high-class and well run, but had a license which he wished to cancel. He stated that he was primarily responsible for the proper conduct of the club was entirely without foundation; that the club combined both Liberals and Conservatives; that it was a social club of the same standing as the Albany, National or Toronto Clubs, and had no voice in shaping the policy of the Liberal party. He stated that he had not only been doing his best to secure the abolition of this, but of every other one in the province, but had received little support from the government.

TAXATION REFORM IS FORESHADOWED

By Motion of Col. Mayberry Asking More Freedom for Municipalities.

WOULD MAIL TAX BILLS

Member for Bruce Has Suggestion - Matters for Debate Opening Up.

The problem of tax reform is beginning to show signs of life again, and the field is being cleared for debate on some of its features. J. G. Anderson of Bruce brings in a motion to allow the mailing of tax bills in the counties instead of the personal delivery now in use. This was followed by a motion of Col. T. B. Mayberry of Norfolk, asking that the assessment of lands and buildings be allowed to become subject to a differential system. An old measure in the shape of allowing an individual to bring action against the T. N. O. Railway without first obtaining a fiat from the attorney-general, was brought in by Mr. Rowell, for approval.

RECORD OUTPUT FROM THE MINES

Annual Report Shows Nine Per Cent. Increase Over Previous Year.

GOLD FROM PORCUPINE

Four and a Half Million Dollars Was the Output.

The mines of Ontario last year put themselves on record for output. The returns show an increase of 9.2 per cent. on those of 1912, and 26.2 per cent. in advance of 1911 figures. More than three-fourths of the nickel-copper production came from the Porcupine mines, which are now recognized as the backbone of the industry in the province. This information is contained in the annual report of the department of mines just issued. The total gold value realized was \$4,552,218, the bulk of it coming from the Porcupine mines. In all this district produced 207,528 ounces, which constituted 94 per cent. of the whole yield. The Kirkland Lake district is commented on as the likely home of much of the future production, English capital having become greatly interested. In silver no less than sixteen and a half millions was computed as the value of the ore, and this is slightly behind the high water mark of this commodity which was reached in 1911, but the decrease has not been very rapid. It is ten years since this field began to be well worked, and in that time the total yield had had a value of over ninety-eight million. Cobalt, as the centre of the industry, will not decline for some time, as efforts are being made to drain lakes and to follow up eight veins. Cobalt Lake itself will be drained.

MOOSE IN TROUBLE BANK WANTS MONEY

Fourteen Members of Toronto Herd Implicated in Assize Court Action.

In the non-jury assize court yesterday afternoon, brought against fourteen members or ex-members of the local herd, Loyal Order of Moose, for payment of \$1400 to the Bank of Quebec, was heard and adjourned until Thursday. The action against the defendants, has been discontinued, and judgment has gone against Whitley and Murphy, two of the others. These fourteen men signed a note, it is alleged, for the sum named. Percy Strickland, manager of the branch in question, at the time the note was issued, gave evidence yesterday, that bank held him liable for the money, he said.

YOUTH AUTHOR OF BOMB MURDER?

Note Found Near Body of Slain Man Led to Arrest.

DECATUR, Ill., March 2.—"If anything happens to me, John Bauman," This note, found on the body of E. W. Mennerich, who was killed in his home by a bomb received by mail, resulted in the arrest today of Bauman, who is only 18 years old. The coroner's jury has recommended that the youth, who is said to have assaulted Mennerich last week after a quarrel, be held to the grand jury pending a further investigation of the case. United States postal inspectors are investigating a charge that a friend of Mennerich's wife, from whom he was separated, may be implicated. An effort is also being made to trace the package back to the office from which it was mailed, and so identify the sender.

It Is of Interest To Every Woman

How Dodd's Kidney Pills Cured Mrs. Lance.

Pembroke Woman Suffered for Fifteen Years Before She Found Quick Relief and a Complete Cure.

PEMBROKE, Ont., March 2.—(Special.)—The peculiar interest to women is the story of the cure of Mrs. Moritz Lance, well known and highly respected here. Let Mrs. Lance tell that story in her own words: "For about 15 years I was a very sick woman," she says. "My sleep was broken and unrefreshing and I had a bitter taste in my mouth in the morning. I was often dizzy and flashes of light floated before my eyes. My limbs were heavy and I had a dragging across the loins. At last Rheumatism was added to my troubles and I also suffered from numbness, drowsy and gravel. I felt that my kidneys were the cause of all my troubles, and decided to try Dodd's Kidney Pills. From almost the first they did me good, and after taking 12 boxes I am again a well woman. Women who suffer should learn that the cause of their troubles is bad kidneys. Having learned that, the rest is easy. Thousands of Canadians will tell you of their own experience that Dodd's Kidney Pills always cure bad kidneys."

PROPOSES BOARD FOR PURCHASING

Controller McCarthy Has Plan to Make New Departure Efficient.

TO NAME THREE FOR IT
Would Not Take Commissioner Chisholm From His Present Tasks.

A civic purchasing board will be proposed by Controller McCarthy, and the argument for it is a strong one in the best interests of the city that it is believed the city council will probably fall in with it. He will suggest that Commissioner Chisholm, Commissioner Harris and City Clerk Littlejohn form the purchasing board. These three heads of departments require the bulk of the city supplies that are purchased. Controller McCarthy says:

"The mystery block at Yonge and Carlton streets is still a mystery. Now comes a still bigger mystery, and here it is: The city has been asked to co-operate with private capital in swinging a \$20,000,000 subway proposition, and to keep mum about it until Nov. 1 next.

WHEAT ROSE ON DAMAGE REPORTS

Shorts Hastened to Cover and Prices Were Marked Up.

CHICAGO, March 2.—Innocent crop damage has a rallying effect today on wheat, especially the July delivery. As a result, the market closed steady at prices ranging from 1/4c off to 3/4c up on a contract with Saturday night. Corn made a net gain of 1/4c to 1/2c, and oats of 1/16c to 1/8c. In provisions the finish varied from a shade decline to a rise of 1/16c.

Something of a stampede occurred among wheat speculators who earlier in the day had been rather free in selling short on account of an absence of reports that autumn-sown fields had been injured by the weather. They ran to cover when scattering advices came from Nebraska, Missouri and parts of Illinois, that alternate thaws and freezing had worked considerable harm. It was the first time this season that crop damage news appeared genuine.

India's Crop Good. Weakness at the close was partly a consequence of an official report from India, that the acreage there was 9,122,000, against 9,288,000 a year ago. The general supposition had been that India would have little or no wheat for export. Corn showed undeniable strength, the offerings today were 100,000 bushels and a few more. Country deliveries were said to be virtually nothing. Calves were light, but values hardened in sympathy with corn. In the provision section, hams were good buyers, but on the evening bulge there was considerable selling of a speculative sort. In the end the market ruled easy.

ST. LAWRENCE MARKET.

On account of the storm there were no receipts of grain or hay, and prices given are for the previous day.

Glimpses at the New Spring Dress and Suiting Fabrics

With an almost bewildering loveliness the early spring fabrics have come. In all their dainty colorings and exquisite textures. They are direct importations, including the very latest and best products of Europe's greatest dress goods manufacturers. In weave, finish and color range the variety is infinite.

Wednesday's display offers you a satisfactory solution for the most difficult problems of texture. We invite your inspection while the lines and color ranges remain unbroken.

Crepes finish reigns almost supreme for spring and summer. We are featuring creped effects in charming colors, combinations and designs. Fashionable honeycomb fabrics and crepe basket weaves.

Checks come in the popular shepherd and fancy small checks.

Plaids offer a wonderful assortment of colors, ingeniously blended, and hold first place for the spring sporting coats and jacket coats.

Gaberlines in broche weaves are much in demand for soft draperies. Duveline is included for the more dressy spring gowns; beautifully soft and rich in colorings. (Second Floor.)
