BRITAIN OFFERS FACTS

Judgments Given by German Prize Court Reveal Arbitrary Methods.

LONDON, Aug. 30. 10 p.m.—The British foreign office tonight issued the following statement:

"Judgments recently have been delivered by the German prize court at Hamburg in the cases of the steamships Maria and Estavier V. The Maria, a Dutch vessel, was carrying a cargo of wheat shipped from Portland, Oregon, to Belfast and Dublin. She was captured and sunk by the Karlsruhe (a German cruiser) in the Atlantic on Sept. 21. The Estavier V, a Dutch vessel bound for London, was captured in the North Sea on March 15 and taken to Zeebrugge on suspicion of carrying contraband. "The sinking of the Maria was justified by the German prize court on the ground that having regard for the place of capture, the commander of the Karlsruhe was unable to take the vessel into a German port or a port of an ally."

THE WHEAT PROBLEM GROWS IN INTENSITY

Western Canada is nearly finished reaping the greatest crop in her history. Of wheat not a bushel less than a quarter of a billion. But the price is not going to be so big as expected. In fact it dropped three cents a bushel yesterday. It may drop more today. The crop is so abundant in the States and in Canada and nobody is ready to buy the surplus of Great Britain. But the price is a good one, one that is on the side of some profit to the raiser. Hurrah for our big wheat crop!

What is the price of wheat today? Let us take Canadian wheat; Ontario wheat (our good fall wheat) is worth 97 cents in Toronto. Chicago western is worth about 97 cents. These two are about equal grades. Only we are nearer the seaport than Chicago. Therefore the Chicago price is better than the Toronto price.

Now take Canadian western. Canadian wheat, No. 2 northern, is worth 97 cents at Port Arthur. The Canadian farmer has to pay the freight from his home railway station to Port Arthur. This is 15 cents from about Brandon and 15 cents from Edmonton. The average price to the western farmer on his home track is about 80 cents—a good price compared with previous years. This Canadian wheat is better in quality than Chicago red wheat and the spread or difference in the price of wheat at these points is nearly ten cents. The American wheat is bringing more than Canadian wheat. But we are getting a pretty big price compared with previous years—last year's big price was a war accident.

American wheat is also in a better position than Canadian wheat, in that it is nearer to seaports, has the entry to the markets of the world and an immense home milling industry. Canadian wheat is limited in its sale at the present moment to Great Britain or one of her allies and we only allow our wheat to go by New York or other American port when it is accompanied by a bond that it is not to go to an enemy country. The Americans have also got a 10c a bushel duty on our wheat in their market, even if we had not prohibited export except to the mother country or an ally.

Next let us first explain this matter of the American duty on wheat, inasmuch as The Globe of yesterday morning, following the lead of The World, came out in favor of free wheat as between Canada and the United States. The spread between the price of wheat at Port Arthur and Chicago is more than seven cents. It would, therefore, be an advantage to the Canadian farmer if he could ship some of his wheat to the United States. The big Minneapolis mills have to have some of our hard northern wheat to mix with the softer wheat of their own country, and they would buy a good deal more were it not for the tariff duty.

SHOT WIFE AND HIMSELF TOOK POISON AND TRIED TO MURDER ANOTHER MAN

George Johnston Ran From House After Attempting to Kill His Wife, and When Cornered Turned the Revolver on Himself.

MONTREAL, Aug. 30.—Fletcher's Field will be the scene of a warm welcome to Sir Robert Borden on his arrival in Montreal the end of this week, on his way to Ottawa from England, and the military feature of the demonstration to the premier will be notable. Sir Robert will be escorted from Bonaventure station to Fletcher's Field by the various local regiments. The arrangements for the reception were well advanced at a meeting in the board of trade offices this afternoon.

MONTREAL TO HONOR SIR ROBERT BORDEN

Big Military Demonstration to Take Place on Fletcher's Field.

MONTREAL, Aug. 30.—Fletcher's Field will be the scene of a warm welcome to Sir Robert Borden on his arrival in Montreal the end of this week, on his way to Ottawa from England, and the military feature of the demonstration to the premier will be notable. Sir Robert will be escorted from Bonaventure station to Fletcher's Field by the various local regiments. The arrangements for the reception were well advanced at a meeting in the board of trade offices this afternoon.

NEW MAIL BOAT ON FRISCO-SYDNEY LINE

Service Every Three Weeks is to Go Into Effect.

WASHINGTON, Aug. 30.—An arrangement was concluded today between the postoffice department and the Oceanic Steamship Company for an additional 16-knot American mail steamer between San Francisco and Sydney, Australia, via Pago Pago, Samoa and Honolulu. This will result in a sailing from San Francisco every three weeks instead of every four weeks, beginning Oct. 25.

MAYOR CHURCH FAVORS A FULL INVESTIGATION

Mayor Church stated last night that he will move at this morning's meeting of the board of control that the charges made against Ald. Morelli be referred to the county judge for full investigation.

KAISER OFFERS REPARATION TO UNITED STATES

Germany Will Make Complete Backdown in Submarine Warfare.

WILL PAY DAMAGES

Life of No American Will Be Endangered in Future.

Special to The Toronto World. NEW YORK, Aug. 30.—The New York American presents this morning from "a high and authoritative source" the exact concessions on submarine warfare offered to Secretary Lansing by Ambassador Bernstorff. The American says that official confirmation of these concessions is expected by Ambassador Bernstorff within the next 48 hours, possibly within 24 hours. Germany admitted in diplomatic terms that in her submarine warfare she had grievously wronged America. She promised without qualification that the life of no one American citizen should in the future be endangered by her undersea boats. In the exact words of a high official, she pledged herself that "not one American shall go overboard."

RAILWAY TRAIN BURNED BY BRITISH ARTILLERY

Sir John French Reports Absence of Infantry Fighting in Flanders in Past Two Weeks—German Aeroplanes Shot Down.

LONDON, Aug. 30.—(10.50 p.m.)—A report from Field Marshal Sir John French, commander-in-chief of the British army in the field, was given out by the British War Office tonight, as follows: "Since my last communication of Aug. 13 there has been no fighting on our front to record. There has been a certain amount of mining activity, but conditions generally have been normal. Both on the 18th and the 21st we succeeded in shooting down enemy aeroplanes. On the 25th our heavy artillery set fire to a railway train at Langemark station (about five miles northeast of Ypres). On the same evening our royal flying corps co-operated with our allies in an aerial attack on the forest of South Hurat, which was successfully carried out without the loss of any machines."

WARRANTS ISSUED IN WINNIPEG SENSATIONS IN SCANDAL COMING

Members of Former Roblin Government Mentioned in Mathers Report Will Be Placed Under Arrest.

WINNIPEG, Man., Aug. 30.—Warrants have been issued for certain members of the former Roblin government implicated by the Mathers commission report in misdealings with government moneys. Profound and mysterious secrecy has been maintained at all offices which are handling the affair. The warrants, however, were issued at a city police station on Saturday at the request of the attorney-general's department, and arrests are expected. Chief Elliott of the provincial police will serve the warrants. According to The Manitoba Free Press of Aug. 26, the following men are deeply concerned in the building scandal: Dr. R. M. Simpson, who carried the bag for the Roblin machine; V. W. Horwood, the provincial architect; other members of the Kelly firm; Dr. Montague, who became minister of public works in November, 1912; and finally J. H. Howden, attorney-general of the province.

FARMERS OF WESTERN CANADA ASK GOVERNMENT TO BUY CROP

Every Speaker at Big Meeting in Calgary Expressed the Opinion That All Wheat Should Be Purchased.

CALGARY, Alta., Aug. 30.—At a large gathering of grainmen, elevator-men, commission men and representatives of the farmers of Alberta this morning at the Calgary board of trade, it was the expressed opinion of every speaker attending the meeting that the Canadian Government, acting in conjunction with the imperial authorities, or independently, should purchase the wheat crop of western Canada in its entirety. Among those concurring in this view were James Speakman, president of the United Farmers of Alberta; J. A. Valquette, president of the Calgary board of trade; T. M. Tweedie, member of the legislative assembly; Aldermen Arnold, Riley and Hunt of Calgary; R. J. Hutchings, vice-president of the Great West Saddlery Company; and J. R. Sutherland, grain man. "Last fall the government urged everyone who was in a position to do so to raise wheat," said Ald. Riley. "The farmers, and even the townsmen, were urged, even coaxed to go into wheat raising, and the farmers were asked to put every available acre into that product. At that time the price was high, and the farmers were told that the price would be as good as the coming fall, or even better. Now the price is away down. Do you not consider it the duty of the government to take some action?" J. R. Sutherland spoke warmly in favor of Ald. Riley's suggestion, saying that the imperial government needed the wheat, and that if the Canadian authorities took the proper steps they would buy it.

RIDICULES THE SUGGESTION

WINNIPEG, Aug. 30.—Speaking unofficially today, Dr. R. Macell, chairman of the Dominion Grain Commission, ridiculed the suggestion which emanated from Calgary that the Canadian Government buy up the Canadian wheat crop. "The suggestion," he declared, "has been made by someone who failed to give proper thought to what he proposed. The Canadian Government could do no more with a 300,000,000 bushel wheat crop, in the event of the British market being closed, than could private owners under the same circumstances. If the British market is glutted, the purchase of the crop by the Canadian Government would not help matters at all."

FIFTY THOUSAND MORE RECRUITS FRENCH ARTILLERY CREATES BIG HAVOC

Call Expected to Go Out When Sir Sam Hughes Returns. German Batteries Several Times Silenced in Argonne Region.

Special Cable to The Toronto World. LONDON, Aug. 30.—Action against the German lines in France and Flanders, Lorraine and Alsace was still confined to artillery bombardments of the hapless Germans, and, judging from the French official statement, today's bombardment has greatly increased in effectiveness, as a result of the mastery that the French artillery has gained over the German guns. When the guns of the enemy attempted several times to reply to the French fire in the Argonne today the French batteries opened up and silenced them. In Artois, north of Arras, the French guns swept away some of the trenches of the enemy and made direct hits on some German encampments. "Violent encounters are reported in the vicinity of Meuse, Bezauges and Chazelles, in Lorraine, and in the region of Robodeu and Laungis and Linge, in the Vosges."

BERLIN RENEWS ITS EFFORTS TO CREATE DISCORD

Grey Alleged to Have Hinted at British Unfriendliness to Russia.

GROTESQUE FALSEHOOD

Expression of Desire to Assist Germany Attributed to Grey.

BERLIN, Aug. 30.—(By wireless to Saxville, N. Y.)—The North German Gazette publishes an official reply to the recent statement by Sir Edward Grey, the British secretary for foreign affairs, with relation to the speech of Chancellor Von Bethmann-Hollweg at the opening of the last session of the reichstag. The Overseas News Agency today summarizes the reply in The Gazette as follows: "At the beginning of the article alluded to the fact that Sir Edward Grey diplomatically ignored the valuable material contained in reports from Belgian ministers at various European capitals previous to the war, recently published in Germany, but goes exhaustively into the subject of threats against Belgian neutrality. The chancellor never said that Belgium sold her neutrality to England, but asserted that it had been proved by documents that Belgium had fostered British military plans, thus, indeed, violating her neutrality. "Documents found in Brussels, it is asserted, shows conclusively that a British military attaché coolly told his Belgian colleague that Great Britain would land troops in Belgium without her neutrality. "Falsehood Reiterated. "Documents found in Brussels, it is asserted, shows conclusively that a British military attaché coolly told his Belgian colleague that Great Britain would land troops in Belgium without her neutrality. (Continued on Page 2, Column 5).

MINISTERS IN OTTAWA TO GREET CHIEFTAIN

Sir Robert Borden Expected to Arrive Home From England Soon.

By a Staff Reporter. OTTAWA, Aug. 30.—The members of the cabinet have almost all returned to the capital, in view of the arrival in a few days of Sir Robert Borden from Europe. Hon. Dr. Roche, Hon. J. D. Hazen and Hon. Dr. Reid arrived in the city this morning. Those already here are Sir George Foster, acting prime minister; Hon. Frank Cochrane, Hon. T. W. Crothers, Hon. A. E. Kemp, Hon. J. A. Lougheed, Hon. Martin Burrell, Hon. Louis Coderre and Hon. P. E. Blondin. Hon. W. T. White will be here tomorrow, and Hon. Robert Rogers and Hon. C. J. Doherty are expected about the end of the week. Sir Sam Hughes is also expected during the next seven or eight days. With the return of the prime minister and the resumption of cabinet meetings, the policy of the government regarding an election or extension of the term will be determined.

CALGARY FIRM GETS BIG SHELL CONTRACT

Six Million Dollar Order Will Keep Plants Busy. CALGARY, Alta., Aug. 30.—The Canadian Western Foundry and Supply Co., with plants in Alberta cities, have received an order for 86,000,000 shells. The company will not give details of the order, or where the shells will actually be made. It is possible that an additional plant may be erected to help on the work.

Exhibition Visitors Will Find Heaps to Interest Them at Dinsens'. In the entire 51 years that the Dinsens Company, 140 Yonge street, have been catering to the people of Toronto, and far beyond it, they have never had a display of fall and winter goods that compares with what they are now showing. Ladies will be primarily interested in fall millinery and furs. The new styles are extremely fascinating and the values extraordinary. For men—the new fall hat style have mostly all arrived. They include models from the best English and American makers who have helped to make this house "the home of men's smart hat shapes." In fur coats, caps, gaiters and collars the display is choice—the values second to none. Don't leave the city without visiting Dinsens'.

HAMILTON NEWS

DISASTER DUE TO TREES' OBSTRUCTION

Engineer of Train Was Unable to See Motor Car's Approach.

INQUEST ADJOURNED

J. W. Heaton, Only Survivor, Will Testify—Fruit Campaign Proved Successful.

By a Staff Reporter. HAMILTON, Aug. 31.—After hearing many witnesses regarding the terrible tragedy of Saturday, when five people were killed when the automobile in which they were riding was struck by a C. P. R. train at the crossing near the intersection of the King street and Ancaster road, Coroner Simpson last evening adjourned the inquest until Friday evening, so that the evidence of J. W. Heaton, owner and driver of the ill-fated car, who was the only occupant who escaped with his life, can be heard.

From the evidence given by several of the witnesses it was thought that the car was not seen by the engineer until it had been struck, as the view of the road was obstructed by a long row of hedge trees.

Other witnesses told of the finding of the bodies near the tracks and said that everything possible was done to save the lives of the two Peach boys and Mr. Heaton.

Survivor's Story. The following story of the accident was told by Mr. Heaton, who is still in a serious condition at the City Hospital: "The Peach family were visiting friends at St. Catharines, and as Mrs. Heaton and I were going to visit our daughter at Port Rowan they accompanied us.

"My automobile was going about 15 miles an hour, and as we approached the railway crossing I could hear no sound or warning of an approaching train. The approach to the crossing train was a slight rise, and on either side there is a growth of tall weeds which obscured the view and thus prevented me seeing the train until within ten feet of the tracks. When the train suddenly loomed up I immediately put my foot on the brakes, and swerved the car, hoping thereby to run into the bank or roadside and thus avoid being hit. We were too close, however, and the right front wheel of the auto straddled the first rail of the tracks and the next thing I knew the engine struck us about midway of the crossing and clanking side blow. How the car came to rest I hardly know. The whole thing happened so suddenly that there was little or no chance of escape, and I did the only thing possible for me to do, which was to put on the brakes and try to throw the car into the bank at the side of the road."

That Day Successful. In an effort to raise funds to assist in the Canadian Club fund campaign, a day was held yesterday, and in the evening a benefit performance was given at the Temple Theatre. Both proved most successful and probably more than \$4000 was obtained. Early last evening it was announced that \$1800 had been turned in, but there are still 50 boxes to be opened and it is expected that considerably more than \$2000 was taken in. A corps of 350 young girls worked all day on the streets, carrying tags, and the public responded nobly to the appeals for funds.

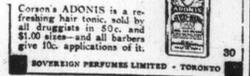

Theatre Crowded. In the evening more than 1000 people had to be turned away from the doors of the Temple Theatre. The place was packed from the orchestra seats to the gallery and it is thought ever a more patriotic crowd gathered in Hamilton. In the balcony were seated the girls who were carrying tags in the campaign, while 700 soldiers crowded into the gallery. These were the guests of John G. Gaudin. Not one dull moment was experienced. For when the play was not on the soldiers kept the crowd interested by singing patriotic songs.

Will the mother country give our wheat a preference in this respect? We are told that Sir Robert Gordon has made some arrangement of this kind, and we may get some of the particulars when he gets to Ottawa on Thursday.

England has such a demand for gold from the States that she may try, incidentally, at least, to give our wheat a lift. But England has had such a hard time of it in the past six weeks or more that she will, in self-defence, force down the price of wheat. She would only be commercial if she did. The Americans have put up the prices for provisions and munitions to the top notch! And the Americans are very insistent on gold or its equivalent in settlement.

If the Dardanelles are opened, England may not need to buy any wheat or flour from the States, by every sense of fairness she should help Russia by buying from her, against the States. But, coming back to Canadian wheat, if England does not want to give us any preference, and she can buy from Russia, and if we find ourselves in competition with the States, we may in self-defence have to repeal our embargo on the export of wheat except to the mother country or ally, and repeal our duty on American wheat, and thus let us into the American market free. For even if the States have lots of wheat to sell, nevertheless their millers would like to get our hard wheat to mix with their softer grades, and thereby improve their flour, both for home use and for export.

Our liveable problem at this moment turns on wheat and flour.

Corona's ADONIS is a refreshing hair tonic, sold by all drug stores in 50c and \$1.00 sizes—and all barbers use the 50c application.

During the intervals between acts, Mrs. Harold Hamilton sang patriotic songs, and pictures of the allied nations and of the fruit campaign were thrown on the sheet. The proceeds will be used for the purpose of supplying preserved fruit for the wounded Canadians in the English and French hospitals, and those in the trenches during the winter months.

A number of additional appointments to the officers' staff of the 88th Machine Gun Battalion were announced yesterday by Lieut.-Col. LeBlatt. Capt. Frank P. Hays of the 13th will hold the second in command; Capt. John E. Parry of the 13th is to be medical officer for the battalion; Major Gordon C. Henderson of the 13th, paymaster; Lieut. C. G. Warner of the 12th York Rangers, and Lieut. W. Armstrong of the 10th Grenadiers, are to be attached to the 88th Battalion; Sergt.-Major Nicholson of the 13th is to be quartermaster. The latter has had years of experience in the ranks, and is one of the best instructors in the unit. He will probably be gazetted an honorary captain when he takes up his work as quartermaster.

Home Guard Anniversary. The anniversary of the founding of the Hamilton Home Guard Rifle Association in this city will be celebrated tomorrow evening at the headquarters, 52 East King street. There will be a battalion parade of all companies, headed by the East Hamilton Conservative Association's brass band and the home guard band. Following the parade the members of the association will assemble at the headquarters where speeches will be delivered by prominent citizens in honor of the organization of the association.

Municipal Phone System. Wilybly Ellis, chairman of the Hydro Commission is gathering data concerning the proposed municipal phone system. As far as the principle of the scheme is concerned, he is up to the city council to take the next step. The hydro commission estimates. It is figured that for \$18 per phone a civic line can be introduced. Chairman Ellis is asking the commission to ask just what this amount includes and what this amount includes. He will probably bring the issue to the attention of the council at an early date.

THE WHEAT PROBLEM GROWS IN INTENSITY

(Continued From Page 1.)

very much against the mother country, and the more wheat who buys from the United States the worse this rate of exchange becomes. The more she bought from Canada and used the wheat in payment of our debts due in Great Britain, the less would the exchange be against her, and the more she could afford to pay.

But, even England does not believe altogether in the principle of buying in the cheapest market of a vital necessity like wheat and flour. England announced a few days ago thru her government in a statement issued to the British farmer that for the next five years she would guarantee wheat to be equivalent to \$1.40 a bushel for all the wheat raised in the mother country in that time. Whether you like it or not, this means a bounty on production, and is to that extent protection in its extreme form, and therefore an abandonment in a way of the principle of free trade. England now knows there is something else besides freedom of trade, and she will have to do many a thing hereafter in order to keep up with her great rival and bitterest enemy, Germany.

Now let us take a look at our shipping facilities. We can hold a good deal over a hundred million bushels in our Canadian stores and elevators at one time. We can hold forty-two millions of bushels in the Port Arthur and Fort George elevators alone. There is no trouble about storage in the market.

And we read in a Port Arthur paper that 2000 extra hands are being put to work at our big wheat elevators at the win ports. Also there are abundance of locomotives are being put to work and manned with railway crews to handle the trains. There are also a fair amount of lake boats in sight, and two million bushels are sent forward daily to Georgian Bay and Lake Huron ports and passed on to the St. Lawrence ports and thence to the St. Lawrence river. We thus can get our wheat to the sea. That is now clear. But who will buy it? Great Britain, we trust; and that she and America will get to tide water all right; it will have to be sold at sea, leaving the British buyer to provide the ocean tonnage.

Will the mother country give our wheat a preference in this respect? We are told that Sir Robert Gordon has made some arrangement of this kind, and we may get some of the particulars when he gets to Ottawa on Thursday.

England has such a demand for gold from the States that she may try, incidentally, at least, to give our wheat a lift. But England has had such a hard time of it in the past six weeks or more that she will, in self-defence, force down the price of wheat. She would only be commercial if she did. The Americans have put up the prices for provisions and munitions to the top notch! And the Americans are very insistent on gold or its equivalent in settlement.

If the Dardanelles are opened, England may not need to buy any wheat or flour from the States, by every sense of fairness she should help Russia by buying from her, against the States. But, coming back to Canadian wheat, if England does not want to give us any preference, and she can buy from Russia, and if we find ourselves in competition with the States, we may in self-defence have to repeal our embargo on the export of wheat except to the mother country or ally, and repeal our duty on American wheat, and thus let us into the American market free. For even if the States have lots of wheat to sell, nevertheless their millers would like to get our hard wheat to mix with their softer grades, and thereby improve their flour, both for home use and for export.

Our liveable problem at this moment turns on wheat and flour.

YORK COUNTY AND SUBURBS

MISS McNAB GIVES A STRAIGHT TALK

Denounces Statements Made Concerning Women's Home Guard.

DAMN IT NOT ALLOWED

No Woman Who Says Such Things Will Be Admitted.

A crushing denunciation of the statements appearing in an evening paper regarding the affairs of the Canadian Women's Home Guard was made at a recruiting meeting held last night at Dundrum Heights, St. Clair avenue, by Miss Jessie McNab, the promoter of the organization. At the outset Miss McNab stated that the organization was backed by the mayor and a board of control, Col. Brock, Lt.-Col. Galloway and many other prominent citizens. Speaking in connection with an executive committee for the Guards, she stated that the only reason a permanent executive had not been appointed was because many of those who wished to have on the board were out of town. As soon as possible a committee would be appointed. "Any person who says that I, as promoter, cannot form my own executive go and make a holiday," she said. She intimated that the board would consist of the members of the board of control, some from the ministerial association and a number from the medical profession referring to the way the funds were handled, she said there had been no graft and there was not going to be. "People wanted me to put the money in the bank in my own name, but I would not allow this and had it put in the name of the society."

She declared that she had come to a lot of expense in connection with the work. "Those two arc lights which illuminate the ground cost me \$100, and there are not enough funds in the association to pay for the damage to my grounds," Miss McNab pointed out. She also stated that she had been taken up in looking after them. "If some of the people finding fault would only come and assist me in this work, things would be different."

In speaking to the recruits, Miss McNab said that she would allow strong words to be used in the regiment, and wearing a military cap. "Any girl who says such things as 'damn it' is not fit to be in the Women's Guard," she said.

War of Principles. Rev. Bell Smith of Langford Avenue Methodist Church, in a stirring appeal to young men to do their duty, stated that there was such a thing as a "war of principles." "If you fall to do what you can to present war, then you are guilty of criminal negligence," he said. "The present war is one of principle, he said that a German worship a deification of the sword, whereas the British worship the cross as a chaplain to the overseas contingent at the commencement of the war, and the British Empire worthy of the title of 'the land of the living' which are being made by the thousands of men at the front? I wonder if the men over in Flanders are saying, 'What the use of all this sacrifice of life on our part when there are thousands over there doing nothing.'"

He called attention to the fact that many subscriptions toward the baseball news immediately on buying a morning paper. "Early in the morning thousands are giving their life blood for their country; there should not be a line of baseball road writers."

Praises Miss McNab. In praising the work done by Miss McNab in organizing the Women's Guard he said: "I hope to God that her society won't be needed, but it's the spirit that counts."

He concluded by appealing to young men to do their duty. "The spirit that counts," he said. "The spirit that counts," he said. "The spirit that counts," he said.

NO FURTHER APPEALS ON REGIMENTS' BEHALF

Militia Department Ready to Supply All Equipment Required.

OTTAWA, Aug. 30.—The militia council has forbidden any further public appeals by overseas battalions for subscriptions toward the purchase of articles of equipment and band instruments, and for the creation of regimental funds. Such appeals must cease unless the permission of the headquarters authorities is obtained. The department is ready to supply everything necessary for proper equipment.

GIRL SERGEANTS ANGRY AT LETTER

Confident That Women's Home Guard Will Be a Success.

RECRUITING IS HEAVY

Made Organization Impossible—Miss L. A. McCully Makes Statement.

At the recruiting meeting last night at Dundrum Heights, a number of young women who were appointed sergeants in the Canadian Women's Home Guard sought out The World-reporter and voiced their disapproval of the statements regarding their organization. "The claim has been made," said one businesslike young woman, "that the Home Guard is not an organized body. We are aware of that fact, but, then, the reason is that we have had time to organize. The society was only commenced two weeks ago, and we had time to organize. There is a large number would join. There are now a thousand in the regiment." Each of the young women intimated that they were confident Miss McNab would make a success of the association.

The sergeants appointed were the Misses W. MacLennan, M. Morse, E. Moss, A. Allen, Vera Harper, G. Edworthy, Mrs. McCully, Ruth Brice, J. O'Brien, Gertrude Harper, A. Dickinson and Mrs. Blac. The sergeants appointed were the Misses W. MacLennan, M. Morse, E. Moss, A. Allen, Vera Harper, G. Edworthy, Mrs. McCully, Ruth Brice, J. O'Brien, Gertrude Harper, A. Dickinson and Mrs. Blac. The sergeants appointed were the Misses W. MacLennan, M. Morse, E. Moss, A. Allen, Vera Harper, G. Edworthy, Mrs. McCully, Ruth Brice, J. O'Brien, Gertrude Harper, A. Dickinson and Mrs. Blac.

NO WATER TO FIGHT FIRE ON DAWES ROAD

Chapman Brick Drying Plant Gutted, Altoho Brigade Turned Out.

A fire which broke out in the drying plant of the Chapman Brick Co. yesterday morning caused one thousand dollars' damage. The outbreak started during the night, and it is thought that lightning struck the building was struck by lightning. Also, promptly on the scene the Toronto Fire Brigade was unable to render assistance owing to the lack of water the only means of supply being a well. Despite the efforts of a bucket brigade, the building, which was practically all framework, and the drying plant, were totally gutted. The loss is not covered by insurance.

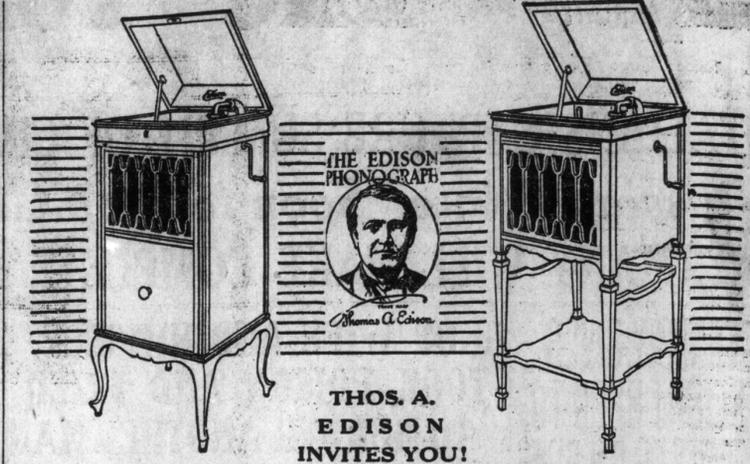

THORNHILL

The first annual show under the auspices of the Thornhill Horticultural Society was held in the skating rink on Saturday afternoon and evening, and proved a very attractive centre, not only for the inhabitants and those living near, but many people from Toronto and surrounding villages were present, and expressed their pleasure and highly praised the numerous exhibits. The entries for flowers, vegetables and fruit were very large and of good quality. Special interest was taken in the children's department, and many prizes were won on their merits by the juniors.

During the period under suspension. Such was the result of the enquiry into the loss of the "Silver Wings," which closed at Halifax today. The sentence of the court was based on the finding that the master was in fault for not using lead, and for reckless navigation.

BREAK IN FLOUR PRICES

MONTREAL, Aug. 30.—Commencing today prices of flour were reduced 75c per barrel. The reason for the reduction is a big decline in wheat prices. This is the first reduction since last June, when there was a drop of about a dollar per barrel.

THOS. A. EDISON INVITES YOU! Hear Them at the "Ex" Mr. Edison has sent five of his personal representatives to the Toronto Exhibition to present to Canadians his new Diamond Disc Phonograph. These men will present continuous recitals and demonstrations in their Exhibit Opposite the Arts Building explaining the work of Mr. Edison, and presenting each caller with a booklet, "Mr. Edison, His Life and His Pet Invention." You are invited to attend, enjoy a real musical program, and receive one of these books. If you do not attend the "Ex," remember There is an Edison Dealer Near You. Call on Him for a Personal Demonstration

TRIO OF FORTUNE TELLERS ARRESTED

Police Raided Three Places Which Were Doing a Wholesale Business.

USED PRINTED FORMS

Made Clients Admit That There Was Nothing Illegal in Readings.

In their propaganda for the elimination of fortune tellers and palm readers, officers of the morality department, directed by Miss Minty, yesterday effected the arrest of three very important principals of the business in Toronto.

The raids resulted in the arrest of Albert James O'Brien, 223 Major street, Madeline Millen, 204 Carlton street, and Nellie Howell, 416 Church street, all on charges of attempting to tell fortunes.

An extensive business has been carried on by this trio, one of them averaging 100 clients a month, while another admitted that on Saturday she turned away 19 people owing to her fear of arrest.

Gave Mail Order Readings. Pamphlets describing their wonderful power were sent thru the country, and mail order readings could be had by sending a photograph of the head, or else having a plaster cast made and sending it in along with a dollar.

Their affairs were run on a very business like basis, each client signing a form similar to the following: "I hereby request Mrs. Howell to give me a reading. It is understood that she does not undertake to tell fortunes or to foretell future events, but only professes to delineate a suitable character and tell me such things as the lines and marks upon my hands indicate to one who is learned in the science of palmistry."

Young Burglars Sent Down. William McElbenny and William Anderson, two 17-year-old lads, appeared in the police court yesterday on a charge of breaking into H. Taylor's jewelry store at 391 Yonge street and stealing a number of rings.

Anderson's own evidence convicted him and he got 60 days, while McElbenny, who is an old hand, and out of jail for only three weeks, was given two years in the penitentiary.

Recruit Under Suspicion. On a charge of committing perjury by swearing that he was born in Montreal, Paul Dumont, believed to be of German origin, who had enlisted in the 38th Regiment, was allowed out on \$1000 bail in the police court yesterday.

Dumont stated that he was 22 years of age, but when his father was asked by a detective how long they had resided in Canada, he imparted the information that it was only 19 years, thereby leaving a shortage of 3 years to be accounted for.

SEVENTEEN DROWNED.

British Naval Officer and Sixteen Boys Victims.

LONDON, Aug. 30.—A British naval officer and 16 boys from the training ship Cornwall were drowned today at Purfleet, near the mouth of the Thames, in a collision between a row-boat and a tug during a squall.

Unavoidable Delay in Delivery of SHIPMENT OF TUMBLER SETS

Necessitates a Further Postponement of DISTRIBUTION DAY Announcement Will Be Made in This Space When They Come.

We regret the disappointment to our readers who are anxious to obtain one of these very handsome sets, but trust they will bear with us as the failure to make delivery is with the factory.

The demand for these thin-blown sterling silver decorated glasses has reached enormous proportions. Every woman of taste who desires something elegant and superior will want to own them.

Some of our readers who have sent in mail orders and have not yet received their sets, are assured that they will be shipped from the first supply received. The World, 40 West Richmond Street, Toronto, or 18 East Main Street, Hamilton.

BRITAIN PARTIALLY TO RAISE BLOCKADE

Goods From Germany and Austria Will Reach United States.

ARE UNDER CONTRACT

Million Dollars' Worth Are Held Up in Rotterdam.

WASHINGTON, Aug. 30.—The British ambassador called at the state department today, personally to explain the extent of British concessions, which are especially intended to meet the growing complaint of American importers that the Christmas trade is threatened by failure to obtain goods made in Germany and Austria, for which they have contracts.

Generally speaking, it is the intention of the British Government to permit the passage thru the blockade lines of goods for which the American importers have entered into contract with German and Austrian firms. Therefore it has been required that the money shall have actually been paid for the goods. Now, it will be sufficient to show that they were regularly contracted for and that the American importer is really the person responsible for them and title rests with him. Goods valued at many millions of dollars have accumulated at Rotterdam and await transportation to the United States. The order applies to these, but whether it will extend to goods yet in German factories, but under contract for delivery on this side of the Atlantic, is yet undetermined.

BATTLE TRIED VETERANS ARE HOME FROM FRONT

Canadian Officers, Home on Sick Leave, Pass Thru Toronto.

TWO ARE DECORATED

Lieutenant Bishop and Captain Hayward Won Honors for Their Bravery.

Along with 18 officers and 22 men of the Canadian contingents who reached Canada Sunday night, under draft of Capt. H. A. Duncan of Collingwood, via the steamer Mississauga, docking at Montreal, was Lieut. A. L. Bishop of the 1st Middlesex Regiment, who lost his right eye and a piece of his skull at Fromelles on May 9. Lieut. Bishop is a Brantford graduate of the R.M.C. who holds a commission in the 1st Middlesex Regiment, registered at the Queen's Hotel yesterday afternoon. He says he will be back in the trenches in November. Lieut. Bishop was carried off the field at Fromelles and for eight days lay in the Boulogne Hospital with a piece of lead in his brain. He praised the work of the Canadian troops in France, but not once did he mention the fact that he had been awarded the Distinguished Service Order for conspicuous bravery.

Capt. Duncan, who is due back in France on Oct. 17, passed thru Toronto, yesterday morning on his way to his home in Collingwood. Capt. Duncan was in several of the severest attacks at Ypres and Festubert. In these battles he lost all but two men of his platoon. He came back from Ypres with 22 men of his whole company of Argyll Highlanders. Capt. Duncan was not wounded, but is suffering from shock.

Capt. Dr. Hayward of Toronto, with the 3rd Battalion, who is convalescent from an attack of appendicitis, has been awarded the Military Cross for one of the brave acts of the war. With his sergeant Dr. Hayward was in a dressing station right on the line of fire, attending to over 20 men needing immediate attention, when the Canadians were ordered to retire, as the German forces were coming up rapidly, covered by the fire of their batteries. Before the station had been demolished by fire, he succeeded in saving the majority of the men left in his charge. The sergeant has also been recommended for the D.C.M.

PAPER WORKERS' UNION PATRIOTIC IN STAND

Relations With German and Austrian Labor Federations Definitely Severed.

LONDON, Aug. 30, 6:45 p.m.—The National Union of Paper Workers has taken the initiative among British trades unionists in refusing to maintain relations with German and Austrian labor federations. The decision was taken in connection with an invitation to a conference in Switzerland with the object of reviving the international organization of trades unions. Executives of the paper workers' union in replying to the invitation, said the organization had decided that it would never again agree to sit in conference with representatives of a nation which applauded the wholesale murder of 1400 unarmed men, women and children when the Lusitania was sunk without a moment's warning.

The executives of the union propose the calling of a conference in London or Paris for the institution of a new international secretariat from interest in which German and Austrian organizations shall be excluded.

SIR DONALD MANN OPTIMIST ON C. N. R. He Believes Steady Improvement in Earnings is to Begin. OTTAWA, Aug. 30.—Sir Donald Mann, who was a visitor in the capital on Saturday, made the prediction that the Canadian Northern Railway System has seen its worst days and that from now on there will be a steady improvement in the condition of the railway. He predicted that the big western crop would be moved rapidly, but would keep the railways, more particularly the Canadian Northern, busy throughout the winter season.

GEO. LAWRENCE Has Reduced Price of Bread to 5 cents

Always FIRST in every good move. For Twenty Years Geo. Lawrence, the Baker, has been the Pioneer of every Price Reduction in Bread. The tremendous wheat crop convinces us that high grade flour will not go higher and possibly may go lower. We therefore anticipate the possibility of cheaper bread, and instead of putting off the drop in the price, we are going to DO IT NOW. Lawrence's Bread is Recognized as the Highest Grade, best tasting Bread in Canada Today. Made only in full size, full weight, legal standard loaves.

Today, Tuesday, August 31st, Ring Up Phone College 321, Give Name and Address, and Driver Will Call.

This is the most sensational and the best news the Toronto Public has yet heard, for it will save hundreds of thousands of dollars to the people of this city.

20 Tickets for \$1

LARGE DECREASE IN BRITISH IMPORTS

Canada's Purchases Only Half of Amount Bought Two Years Ago.

RUSSIA'S TRADE DROPS

Belgian Purchases of Ninety-Two Millions Wiped Out by War.

By a Staff Reporter. OTTAWA, Aug. 30.—Canada's trade with Great Britain during the first six months of the present year amounted to almost \$105,000,000, which considerably more than half consisted of purchases from Canada by the United Kingdom.

The imports of Canada from Great Britain are only half what they were in 1913.

Australia does a much greater business with Great Britain than Canada does. During the first six months of 1915, it amounted to about \$211,000,000, or more than double that of Canada.

But there is an enormous decrease in Russia's trade with Great Britain. In the first six months of 1915, it amounted to about \$11,000,000, or less than one-tenth of what it was in 1913.

The imports of Great Britain from the United States during the first half of 1915 were almost twenty times more than in 1913.

ITALIANS CAPTURE ANOTHER SUMMIT

Peak of Cima Cista Taken by Skillful Manoeuvring.

ADVANCE ON CARSO

Important Basin of Plezzo Passes into Control of Italy's Army.

Special Cable to The Toronto World. LONDON, Aug. 30.—The summit of Cima Cista, 6500 feet high, which dominates the positions on Monte Sialurino on the western side, is in Italian hands.

The Italian reconnaissance parties which pushed ahead found the top of this peak occupied by strong Austrian detachments.

The Italian forces have also advanced beyond the important basin of Plezzo and now cover the entire approach, commanding the approach from Predil Pass, by the upper Isone, and by the Slatnik valley.

WINTER SOON TO NIP GERMAN IN EASTERN FIELD

Military Experts Believe Autumnal Storms Will Shortly Stop Operations.

DANGER SOURCE TO FOE

Heavy Snowfalls Usually Come Soon After Equinox in Russia.

LONDON, Aug. 30.—(3.50 p.m.)—While the reports from the eastern war theatre, embracing the region from Courland to southeastern Galicia, indicate that the Germans and Austrians are still joining with the Russians in combats, military observers here believe that the approaching equinoctial season will limit the further forward movement of the Teutons, and force them to be content with standing on their arms as the winter falls upon them.

Both Berlin and Vienna report that Field Marshal von Hindenburg's forces along the Dvina River in Courland have renewed their activities, which were brought to a sudden halt recently with the success of the Russians in holding Riga as a menace to Von Hindenburg's rear.

The Austrians and Germans are chiefly concerned with the justice of the views held by the militia council and will discontinue the practice which in some cases, has been carried to such an extent as to provoke adverse criticism.

OVERSEAS UNITS MUSTN'T SOLICIT

Militia Department Condemns Practice of Taking Money From Public.

EVERYTHING SUPPLIED

Subscriptions Should Be Given to Other Patriotic Objects.

By a Staff Reporter. OTTAWA, Ont., Aug. 30.—The militia department in an official memorandum issued today, condemns the practice of units organized for overseas service soliciting subscriptions from the public for the purchase of articles of equipment, band instruments and for the creation of a regular fund.

"It should be borne in mind," continues the department, "that units of the overseas forces are supplied by the department with everything necessary for their equipment, and it should not be necessary to appeal to the public for assistance, especially as there are many objects of a patriotic and philanthropic character to which the Canadian public have contributed most liberally."

"The practice above referred to does not commend itself to the militia council and steps will be taken to prevent a continuance of the same, and no such things as appeals for subscriptions will be permitted except by express permission obtained beforehand from the militia council."

"It is hoped," concludes the memorandum, "that units of the overseas forces will recognize the justice of the views held by the militia council and will discontinue the practice which in some cases, has been carried to such an extent as to provoke adverse criticism."

RUSSIAN CABINET TO BE REORGANIZED

Government Will Be Made More Truly Representative of People.

TEN NEW MEMBERS

Five to Be Chosen From Duma and Five From Council of Empire.

LONDON, Aug. 31.—(2.20 a.m.)—The cabinet of the Russian Government is to be reorganized, five of them to be chosen from the Duma and five from the council of the empire, it was tentatively agreed on as a means of making the government more truly representative of the people.

"At first the ministers were opposed to the plan, but now they have modified their views and at a conference yesterday between the Duma leaders and the cabinet, a tentative list of the new portfolio members of the cabinet was drawn up."

"A settlement of this question has been found by the cabinet, and an agreement has been made to devise some means by which the cabinet will be reorganized."

"The cabinet will be reorganized, five of them to be chosen from the Duma and five from the council of the empire, it was tentatively agreed on as a means of making the government more truly representative of the people."

TUESDAY MORNING, AUGUST 31

Dr. McKay's Palace of Efficiency

Not even the opening of the great Exhibition itself can equal the importance of the inauguration of the new Technical School which takes place this evening. This wonderful building with all its progressive and invaluable purposes marks a stage in the growth of Toronto which lifts the city into a more metropolitan position than any place in Canada. There are but few countries outside the first-class powers which will now have a better equipped in this respect than the capital of Ontario.

There has been a long struggle and a difficult period of development of the technical education idea in Toronto. Our city fathers are slow to see the advantage of spending money which does not bring an immediate return in votes. The whole conception of technical education is one of efficiency, and up till the present efficiency is absorbed by the average city father, by which, of course, we mean the gentlemen who shake hands with the voters in the late weeks of the year. Gradually we may hope to surpass this condition of things, and the technical school will be a foremost agency in bringing about a reform which depends upon the intelligence of the community more than upon anything else.

The size of the new school will impress many people, and it would be worth the while of all parents who have children in their teens, to pay a visit to this palace of efficiency and see for themselves the opportunities that are spread before the rising generation. We know in a dim kind of way what a benefit these things have been to Germany, and how that whole nation has been turned into a horde of mechanical and technical experts; but there appears to be an idea in some quarters that education of this kind will turn us all into Hunns without regard for the humanities. The present principal has another conception of technical education than that, and in his hands, and in the traditions he will establish we may be sure there will be no menace to the freedom of the subject nor the liberty of the state, whether of our own nation or any other.

It is a matter for congratulation that the original restricted plans for the school were not adhered to. The splendid block with its 320 rooms and all the appurtenances and equipment necessary to the training of the 7500 students who are expected to enroll themselves, is no more than adequate to the growing demands of the city for such an institution.

An Early and Disastrous Peace

There is going to be no reorganization of the fire department. That much was made clear by what transpired yesterday from the city hall, and by the editorials in last night's Evening Telegram. When The World unmasked the situation the other day it was felt in inner circles that something must be done speedily to end the deadlock. Controller Thompson was set upon and cudgeled into line by Captain Crawford's brigade, and threatened with the terrors of the ballot next January.

The Evening News has been shouting for several days for an investigation of the Hodgson affidavit, which was put in, whatever its merits may be, to block the possible appointment of a candidate not acceptable to the machine. It would never do to have an investigation before the appointment was made, which would head off the long-deferred reorganization. When that point is settled then the Hodgson-Meredith investigation can go on and enable the public to forget the fire department middle.

It may be granted that Acting Chief Smith is not a politician but no one who is aware of the situation in the department would be a great fool to think that he would be a good thing were he not willing to submit to the conditions that have rendered the brigade to the state which has demanded reorganization for a year or more.

There has been no honest attempt made by the Church administration to find a man who would be absolutely

independent who would rule the fire department for the sake of efficiency, and in the public interest alone, and with no other object. Out of the list of applicants for the office it is absurd for anyone to say, as Controller Thompson is made to say, that "we have exhausted all the available material."

It is clear that everything has now been fixed up and Acting Chief Smith's appointment will go thru on greased wheels unless some unexpected snag turns up. Logically and consistently no appointment should be made until the result of the investigation of the Hodgson affidavit is learned. That enquiry, we quite agree with our contemporary, should cut wide and go deep. It will never cut wide enough or go so deep as to show the public why the reorganization of the fire department which has been clamored for thru all these months of the great war is now to be abandoned, and the old methods and the old men re-entrenched in their positions. On a small scale it is the parallel of the allies' undertaking to make peace with Germany next week.

A Three Cent Stamp

Why should we not have a 3c stamp? True, we still have a 2c postage rate. The rate for first-class mail matter is two cents, not three cents, per ounce. The extra 1c stamp you put on your letter is in the nature of a war tax. At first blush this may seem a distinction without a difference, but the difference is manifest. A letter weighing one ounce requires a 2c stamp for postage and a 1c stamp for war tax. A letter weighing five ounces requires ten cents for postage and only one cent for tax. If the rate had been advanced from two to three cents an ounce a five ounce letter would cost fifteen cents instead of eleven.

Having thus stated the case as we think the government would state it, we are still unable to see why a 3c stamp should not be issued. For all practical purposes our letter rate is the same. A letter weighing five ounces requires ten cents for postage and only one cent for tax. If the rate had been advanced from two to three cents an ounce a five ounce letter would cost fifteen cents instead of eleven.

There was some fine hair splitting last session as to the propriety of calling the new stamp duties "war taxes." We do not think the country at large was greatly interested. But if there were any political purpose to be served by refusing to issue a 3c stamp, that purpose by this time has certainly been achieved.

The postmaster-general has been quoted as saying that the international postage rates are subject to the Bern convention. That is true undoubtedly, and explains why we cannot require a six-cent stamp for letters going from Canada to a host of other countries where the 5-cent rate prevailed before the war. But as to domestic mail there can be nothing in the Bern convention to prevent us re-establishing the 3-cent rate as we have done and with it the 2-cent stamp.

As to our mail to Britain and the United States we do, in fact, require 3 cents in postage, and there should be no great difficulty, one should think, in having the postage prepaid by one stamp instead of two. In any event we have no doubt Hon. Mr. Casgrain will soon find a way to accommodate the business public by printing a 3-cent stamp.

The Mills of God

To those whose only regard is the superficial, the present situation of the allies may forecast an ultimate triumph for German arms. In the western area Germany still holds the greater part of Belgium and an important industrial district of France. In the east Russia has had to yield to an enemy better prepared in the artillery arm, which has gained rather than lost importance since the days when the great Napoleon, himself an artillery officer, made it his chief weapon of offense.

TRANSPOET IRISHMAN HAS LANDED CANADIANS

Small Detachment and Thousand Horses Have Reached England.

OTTAWA, Aug. 30.—The transport Irishman, which sailed from Canada on Aug. 12, has arrived in England. She had on board three officers and 100 men for the Field Artillery; four officers and two men, details; and 1000 horses, of which 718 were remounts for the Field Artillery; 150 saddles and 148 light draught horses.

Your Partner's Widow

Would you care to be in business with her? Would you like her to have a say in formulating the policy of your concern?

Isn't it possible that, in the event of the death of your partner, his share in your joint business might pass into the hands of an inexperienced, unfriendly or otherwise objectionable persons?

Why not guard against such a contingency by means of an Imperial Partnership policy? That's the surest way to provide funds to pay off the heirs of a deceased partner.

Or, suppose your death should occur first— Wouldn't it be much more satisfactory if your interest in the business could be paid to your heirs in cash so that the money could be placed in some less hazardous form of investment?

Our booklet "Business Conservation" tells all about it. Ask for a copy today. There's no obligation.

POLITICAL INTELLIGENCE

Tomorrow will probably see the White Star liner dooked in New York which brings home from over sea. Sir Robert Borden, Sir Sam Hughes and Mr. R. B. Bennett, M.P. The prime minister, it is hoped, will bring some good news respecting ocean tonnage for our wheat and possibly some promise of a preference for the Canadian farmer in the English market. Sir Sam Hughes may be trusted to put on more steam in the work of recruiting, equipping and despatching our soldiers to the front. Mr. Bennett, it is said, went to England with the prime minister and at his invitation, as an expert on the railway situation, and he may give some unofficial intimation of the plan for nationalizing our railways, which is now believed to be under consideration by the Dominion Government.

People are naturally inquiring whether we are to have another session of parliament, and what business will be brought down by the government. Financial legislation is imperatively required. The railway problem will have to be dealt with either in the old slipshod way of temporary help or by a bold, progressive program of nationalization. There is so much to be done that no one likes to think of frittering the winter away with an old-time pre-election session of parliament, devoted to party politics. Hence there is talk of an arrangement of some kind by which an election may be deferred until after the war.

The newspapers all over the country are discussing the possibility of a coalition government, the propriety of extending the lifetime of the present parliament, the necessity for an immediate appeal to the country.

Summing up the situation, after reading all that the papers say, we are of the

KINGSTON INFANT DIES FROM BURNS

Little Daughter of Canadian Soldier Perishes as Result of Fire.

HOSPITAL AT CAIRO

Queen's University Institution Now Established in Egypt's Capital.

Special to The Toronto World.

KINGSTON, Ont., Aug. 30.—The two-year-old daughter of Mr. and Mrs. Osborne E. Taylor was so severely burned this afternoon that death shortly ensued when fire broke out in the home from a coal oil stove. Sherman MacDonald entered the burning building and removed the child, but it died on the way to the hospital. The father is connected with the transport service of the 21st Canadian Battalion at Shorncliffe camp.

The military authorities are making preparations for the housing of soldiers here this winter. The board of education has been asked for the use of Victoria School. Kingston will winter three batteries and two battalions.

Dr. J. C. Connell, dean of the medical faculty of Queen's University, received a cablegram from Lieut.-Col.

MAGUIRE RESENTS MEREDITH CHARGE

Insists on Investigation and Wants to Pay for It Himself.

PROMOTE ACTING CHIEF

Board of Control Likely to Send on Smith's Name to Council Again.

Ald. Maguire, who returned to the city from Windermere, Muskoka, yesterday, lost no time in getting to the firing line in regard to the statement made about him by Ald. Meredith at the last meeting of the city council, when the alderman repeated the alleged statement of George A. Hodgson that Ald. Maguire had offered for \$500 to put an annexation deal thru the council.

"I want an investigation up to the hilt," said Ald. Maguire, "and if the council does not take it up I will pay for it myself." He went on to say that there was nothing in the charge, and pointed out that he had always been against annexation. Today he will ask the board of control to investigate the charge.

The Hodgson affidavit does not interest Ald. Maguire, but he will vote for an investigation into the whole affair if it comes before council. Mayor Church also favors an investigation.

Smith Again Favored.

It is now certain that Acting Chief Willmer Smith will be the nominee of the board of control for the position of fire-fighting chief. Mayor Church and Controller Foster have been in favor of sending Smith's name on right along, and in the hope that something may be done. Controller Thompson has fallen into line and will vote with them, thus making the necessary majority for Smith. Controller Thompson still in favor of a commissioner, but sees no chance of getting a name that will pass council, and, therefore, has decided to vote with the mayor.

Canadian Agent.

Chief Smith should have the position of chief, and will vote that way as the board is leaning heavily with the motion that commissioner be appointed.

Asked as to what he thought of a commission, the controller stated that he would appoint three men, one a member of the city council, a county judge and a representative of the Manufacturers' and Underwriters' Associations, appointed by them.

More Applications.

Applications for the fire commissionership continue to come in. Two more were received by the mayor yesterday, one from E. O. Wynne-Roberts, who was at one time administrative head of the Cape Town Fire Department, and the other from Fred Macdonald, a well-known confectionery, grocers' and druggists' sundries.

SCHOOL INSPECTORS ARE MUCH DISSATISFIED

Management Committee Will Reconsider Districts at Informal Meeting.

Toronto's seven public school inspectors are stirred up over the new assignment of districts and, in consequence, Dr. Steele, chairman of the management committee of the board of education, has called "an informal meeting" of the committee for tomorrow afternoon. An interesting feature of the affair is the fact that the new list was put thru last Thursday, when three of the inspectors were absent. One of the absentees has made things so lively that the informal meeting method has been resorted to as it is irregular to call a special meeting, pending the meeting of the board on Thursday night. Chairman of the other committees are particularly over the task the management has in the work of adjusting the clashing interests. The changes are caused by the enlargement of the board of inspectors.

ARCHITECT GETS COMMISSION.

Special to The Toronto World.

ST. CATHARINES, Aug. 30.—Joseph D. St. Catharines, architect, who during the South African campaign was sergeant-major of the Royal Engineers, and since settled in Canada, has been granted a commission with the Royal Engineers being raised in Canada and has been placed on the director-general's staff. He leaves tomorrow for Ottawa.

PASSENGERS WORE IDENTIFICATION TAGS

NEW YORK, Aug. 30.—Passengers arriving here to lay aboard the steamer Espagne from Bordeaux, wore identification tags, issued to them before sailing, so that they might be identified in case German submarines should send their ship to the bottom while they were passing thru the war zone. It was the first time that such tags had been worn by passengers aboard a liner reaching here from Europe since the war began.

THE HOME OF THE UNDERWOOD.

The Underwood Building is at 135 Victoria street, a few steps from Queen and Yonge streets. Visitors are cordially invited to make use of our office. Come in and get acquainted; leave your parcels; use our telephones; write your letters. We shall be pleased to show you through our plant, the best of its kind anywhere, and fitting headquarters for the Underwood typewriter. Here you will find a stenographers' employment bureau—the largest in Canada; a public copying office; a printing plant; a retail stationery store. You will see the Dalton Adding and Calculating Machine; Roneo Duplicators; office furniture; loose-leaf binders and supplies; filing equipment. You will find a staff of 150 people eager to serve you.

ALLEGED DYNAMITARD SILENT WHEN ACCUSED

Charles Respa of Detroit Was Arraigned at Windsor Yesterday.

WINDSOR, Aug. 30.—Arraigned before Magistrate Miers in Walkerville Police Court today, Charles Respa, of Detroit, stood mute when two charges, one of conspiring to dynamite the Peabody Overall plant at Walkerville, and the other charging him with the actual commission of the deed, were read to him.

He was remanded for eight days.

Almost as startling as was the unearthing of the dynamite plots here two months ago and the arrest of William Leffer, now serving ten years' sentence in Kingston Penitentiary for his connection with the conspiracy, was the arrest of Respa on Bois Blanc Island last night, by Provincial Officers Nash and Smith.

Secret service operatives have had him under surveillance ever since the Peabody plant was damaged by dynamite, and the attempt had been made to blow up the Windsor Armouries.

DIVIDE TORONTO INTO DISTRICTS

Canadian Business Women's Club is Organizing Big Campaign.

FOR MOTOR AMBULANCE

Field Kitchen Also Will Be Purchased With Money Subscribed.

For the purpose of dividing the city into districts and appointing captains for each, an organization meeting was held last night by the Canadian Business Women's Club.

Subscription can be sent direct to Miss Margaret Pennell, care of J. J. Gibbons, Limited, 119 West Wellington street.

Miss Pennell yesterday was asked by a domestic if domestic servants were included among self-supporting women, and her reply was that they were.

After careful thought and discussion, it was felt that in no more fitting manner could this fund expression than in raising money for the purchase and equipment (on behalf of the women wage-earners of Toronto) of an army motor ambulance and field kitchen for service at the front.

Every self-supporting woman is invited to contribute towards this motor ambulance and field kitchen fund, and in order to facilitate the collecting of subscriptions, we enclose a donation form upon which the various amounts collected may be entered, and which should be returned to the treasurer of the fund, Miss Margaret Pennell, care of J. J. Gibbons, Limited, 119 West Wellington street, telephone Adelaide 1900.

We will greatly appreciate your cooperation in this matter, and for the women and girls with whom you are associated in business, or who comprise your staff.

At a later date a mass meeting will be held and every self-supporting woman in the city is invited to be present to hear reports of the progress of the work and addresses from prominent speakers. The date of the meeting will be announced in the newspapers.

We count upon your interest and assistance.

Yours faithfully, The Canadian Business Women's Club.

IMPERIAL OIL COMPANY IS ERECTING BUILDING

International Petroleum Company is Not Interested in New Site.

A director of the Imperial Oil Company informed The World yesterday that it was that concern and not the International Petroleum Company which proposed to erect the building at the corner of Church and Court streets.

The building was an out-and-out Canadian concern, although the Standard Oil Company of New Jersey held a large block of stock in it. The new building has been decided on to unite the interests of the company in Toronto, which employed a staff of one hundred

THE WEATHER

OBSERVATORY, Toronto, Aug. 30.—(3 p.m.)—Rain has fallen heavily today from the Ottawa Valley to the Maritime Provinces, elsewhere the weather has been fair, with exception of a few scattered showers over Lake Superior, and in the west very warm.

Minimum and maximum temperatures: Prince Rupert, 50-62; Victoria, 52-70; Vancouver, 52-70; Kamloops, 55-84; Edmonton, 52-63; Calgary, 48-56; Saskatoon, 56-80; Medicine Hat, 56-86; Moose Jaw, 55-84; Regina, 44-53; Prince Albert, 44-50; Winnipeg, 44-53; Fort Arthur, 44-50; Pelly, 40-50; London, 53-65; Toronto, 56-65; Ottawa, 55-62; Montreal, 56-70; Quebec, 56-62; St. John, 54-62; Halifax, 53-74.

Lower Lakes and Georgian Bay—Westerly to southwesterly winds; fine, stationary or a little higher temperature today; warmer on Wednesday.

Ontario Valley and Upper St. Lawrence—Fair and cool today; higher temperature on Wednesday.

Guif. North shore and Maritime—Moderate to fresh southerly winds, with showers clearing on Wednesday.

Superior—Fresh southerly to southwesterly winds; generally fair and becoming warmer.

All West—Generally fair and decidedly warm, but a few scattered showers or thunderstorms.

NEUTRALS' RIGHTS LITTLE REGARDED

German Policy as to Contraband Shown Up by Britain.

(Continued From Page 1.)

allied power, and so acted pursuant to article 113 of the German naval prize regulations. This was said not to prevent further explanation and payment of indemnity to the owner was refused.

The judgments show that in considering the question of destination of conditional contraband the German prize court held that it is to be guided by a communication of the chief of the general staff of the navy, addressed to the court on August 17, 1914, concerning ports to be regarded as fortified places or as bases of operations and supply for the British armed forces in Great Britain, issued by 'supreme command.'

As the court in such cases holds that such places as Liverpool, Poole, Barrow-in-Furness and Grangemouth are bases or fortified places, it may be inferred that these are included in the list referred to.

In order to rebut the presumption thus set up that conditional contraband destined for such places is intended for military or naval use, the court held that counter proof must satisfy the most rigorous conditions. It would only be possible to furnish it in rare cases. With regard to the cargo of wheat aboard the Maria he held that there was no means of ascertaining with the least certainty what use the wheat would have been put to on the arrival of the vessel at Belfast, and whether the British Government would not come upon the scene as a purchaser.

The effect of these decisions appears to be to abolish in practice the distinction of absolute and conditional contraband of war.

or more people now doing business in rented premises. The negotiations for the site are not closed yet, and will not be until the end of the week.

The directors of the Imperial Oil Company are W. C. Teagle, J. L. Englehart, F. H. Smallman of London, C. O. Sillman of Sarnia, Albert and Joseph Rogers of Toronto, W. T. McKee of Sarnia and Geo. W. Mayer of Sarnia.

FOREST FIRES ALONG THE PACIFIC SLOPE

Puget Sound Clouded With Smoke Until Navigation Was Perilous.

SAN FRANCISCO, Aug. 30.—Forest fires today were reported along the Pacific slope from Vancouver to the Mexican line and east to Idaho. For the most part the damage threatened was to water sheds rather than standing timber.

Smoke from the fires clouded Puget Sound until navigation was perilous, two boats having suffered within a week. One grounded and the other was run down at Bar Island, by fire.

Many fires were burning tonight in Oregon. Seven started by lightning in the vicinity of Medford several days ago still were giving trouble.

Harper, Customs Broker, 39 West Wellington st., corner Bay st.

COMMISSIONERS WARN NEW TORONTO HOTELMAN

Judgment Reserved on Charges of Illegal Selling After Hours.

In reserving decision on the case of William O'Meara, proprietor of the New Toronto Hotel, who was on the carpet before the Ontario Licensing Board yesterday for an alleged breach of the act in selling liquor after hours, Acting Chairman Dingman told O'Meara to be very careful.

As all outlying hotels are decidedly on trial.

The evidence of four men who were in the bar shortly before closing time was taken. Philip Martin, bartender, said he never sold liquor after hours.

James Allen repeated the story of the fight with Solomon and Yahnus, one of the license inspectors, and Charles Northcote declared that from the actions of the inspectors he took them for highway robbers.

INVITATION MUSICALES IN TORONTO'S FINEST PIANO SHOWROOMS DURING EXHIBITION

Gourlay, Winter and Leeming, Limited, Reopen Their Yonge Street Store.

(Continued From Page 4.)

The blue, which points out close contestants.

A beautiful piece of crocheting by Miss Oats got first prize and the name and at 3:30 in the morning she appeared at intervals in other parts of the section. Standing in admiration before the dainty model, a whisper came from the little crowd that she was to have a paper people, to the effect that Miss Oats intends to give all her prize money out of the realistic in china painting and to adhere more and more closely to the conventional realm. The longest of the longest knot of knots department was made this year.

Eighty years old was a sign that stood above the entrance to the section that contained specimens of beautiful crocheting, knitting as regular in rib and stitch as if it had come from a machine, pretty warm woolen jackets, warm bedroom slippers and other comforts.

Two of the sterner sex stood admiring the attractive collection, and one remarked as he bent to examine more closely: "Dear me, it is that thirty years old!" But the rarer in question could claim no such longevity, it was the worker that might run up the record of four score years, only the spectator had failed to grasp the meaning of the notice which was meant to carry information to the public, especially with respect to the work of our octogenarian women, and a good deal of it would do credit to the most waxen of delicate fingers and the complexion of the brightest and youngest of eyes.

One of the things attracting a coterie of admirers to the wood-carving section. It is a chain of links varying in size, many of the links containing dice, bullets or other model, and the whole, the dice being evidently carved from the same piece. A hand, the maple leaf, an anchor and other devices are also to be seen.

There are many curious and clever specimens in the wood-carving division.

Children's Department.

A joy to the children is the corner where are to be found models of vessels in full sail, a signaller all ready to receive the signal for occupation, and above all various aeroplanes and aircraft generally, ready to fly. Dolls are also in evidence. Red Riding Hood is a very clever specimen of sewing and homemade cooking all made

THE SOCIETY

Conducted by Mrs. Edmund Phillips.

Mr. and Mrs. T. A. Gibson announce the engagement of their daughter, Jessie Carnegie, to Mr. John R. Cartwright, lieutenant, 3rd Battalion, Canadian Expeditionary Force, and son of the late James S. Cartwright, K.C., and Mrs. Cartwright, of Toronto.

Dr. Edmund E. King and family have returned from their summer home, "The Pines," Hastings, Ont.

Mr. and Mrs. W. L. Palmer, Parkdale, announce the engagement of their daughter, Lorene Beatrice, to Frederic Eugene Jones, of the Royal Canadian Mounted Police, Toronto, marriage to take place in September.

An impromptu dance will be held at the Royal Canadian Yacht Club on Wednesday evening next, from 8.30 to 11.30 o'clock.

Lieut.-Col. and Mrs. Van Nostrand, "Green Gates," York Mills, announce the engagement of their daughter, Miss Margaret, to Lieut. William Basil Wedd, son of Mr. and Mrs. William Wedd, Jr., the marriage to take place early in October in London, England.

Mr. Paul Wells has returned from the Royal Muskoka and other resorts on the lakes.

The marriage of Miss Evelyn Jarvis to Mr. Ralph Hinshelwood will take place on Wednesday afternoon at half-past two o'clock in St. Simon's church, 480 Bloor street, Canada. The bride, one, only relative of the bride and groom being present, on account of a recent family bereavement.

Mrs. M. E. Oliver of 252 Davenport road will return to Toronto from the seaside on Sept. 1.

The marriage of Miss Dorothy Harriet Wright to Mr. Frederick Watson took place at Long Branch, Aug. 18. The bride, who was given away by her father, wore a wedding gown of white satin, trimmed with Chantilly lace and pearls. The bridesmaid was Miss Ella Umpley, pale blue crepe de chine, and the groom's mother, black satin.

The wedding of Misses Dorothy Trimble and Marguerite Wright, the bride's mother wore a gown of elephant's tusk grey, with Chantilly lace and pearls; the groom's mother, black satin, with light blue ribbon.

The wedding ceremony was performed by the Rev. Mr. Humphreys, and the best man was Mr. Melville Watson, the groom's brother. The wedding march was rendered by Miss Alma Barrett. There were 140 guests at the banquet which was given at the Royal York hotel for Muskoka. Mrs. Watson wearing a traveling suit of Belgian blue.

PARKDALE CHAPTER, I.O.O.F.

The members of Parkdale Chapter, I. O. O. F., have shown much enthusiasm during the past few weeks at their weekly meetings by the ready response to assist in the work of supplying comforts for our armed soldiers.

Members have been sent to the Red Cross Association: 300 compresses, 500 wipes, 500 bandages, 500 towels, 84 surgical socks; also a number of pillow cases and socks. A large number will be discontinued during exhibition.

PRESENTATION TO MR. PIKE

On Saturday morning the employees of Messrs. Heintzman & Co., 185 York street, waited on Mr. Ambrose T. Pike, retiring sales manager, and Mr. Charles T. Heintzman made a presentation of a gold watch on behalf of the company and employees. Mr. Pike, who has been with the Heintzman Company for the past ten years, has been appointed manager of the new retail salesrooms of The Cecilia Company, Limited, 420 Yonge street, Toronto.
