ANNEXATION IDEA STRONG IN HAMILTON

Property Owners South of Aberdeen Ave. and Garth St. Want to Come In.

HAMILTON, Nov. 26.—(Special.)—The property owners in the district south of Aberdeen-avenue, south of Garth-street as far west as the golf links, are circulating a petition to be annexed to the city. Among other things they want a sewer system to be laid out and a by-law to the ratepayers next January for \$68,000, of which \$28,000 will be needed to complete the east end sewer system and the remainder for extending the Catherine-street and Ferguson-avenue sewers to the residential district.

Too Many in Asylum. Mayor Stewart told the finance committee this afternoon that there were many people incarcerated in the Hamilton Asylum who should be in the House of Refuge. Aid. Evans charged that these people had been put into that institution thru the jockeying of the doctors. No action was taken, although the opinion expressed that the number of polling districts for municipal election purposes was cut down from 15 to 11.

Freeze Out Game. The majority and minority shareholders of the Great Spring Brewing Co. had a lively time at the annual meeting yesterday. No dividends have been declared for ten years, although this year the minority people claim there is \$24,000 that should have been used for that purpose. They claim that the directors are trying to freeze them out and that they are using up the profits in directors' fees and buying stock in the Hamilton Brewing Association. It is probable that the matter will be aired in the courts.

Aid. Bailey Entertains. Aid. Bailey, chairman of the finance committee, this evening entertained his committee and some of the civic officials at a dinner at the Royal Hotel and a theatre party at the Savoy.

Can't Blame Mayor. Because the board of works did not pass by last night allowing the Cataract Railway access to the barns, the company is building, the company this morning stopped the work, and threw some 150 laborers out of employment. The laborers paraded the streets with a placard saying that the board of works was to blame.

Adam Hope, second son of the late Senator Adam Hope, died last night. The funeral of the late Senator will be held Saturday afternoon at 3 o'clock.

A son of Mrs. McEwan, who is confined in the Hamilton asylum, and whose case is being investigated by Police Magistrate Jells, waited upon the magistrate this morning, and declared that his mother was perfectly sane, but was in a rundown and nervous condition.

It is said that the Hamilton and Dundas Railway will be double-tracked next year.

Tom Day, the boxer, has given his lawyers instruction to proceed against the Hamilton Spectator for alleged libel. He complains of the article for which F. C. Mills of the Times took action.

Shoplifter's New Trick. Lettie Hatley pulled off a new stunt in the shoplifting line Wednesday morning when she stole a silk blouse and then turned it in at the exchange office and drew the price, five dollars. But she did it early in the morning and as it happened that there were just two of the garments in stock and the one that she stole had been made at the counter at that time the trick was discovered.

Yesterday morning she was arrested by Detective Murray.

Fred Campbell, the prospector, charged with receiving stolen ore from Cobalt, was sent back to Haliburton.

At the Princess.

Italian Grand Opera. Yesterday night Ivan Abramson's Italian Grand Opera Co. opened a brief series of four performances at the Princess Theatre. The opera presented was Verdi's Aida, a work demanding for its satisfactory performance a very high standard of excellence in histrionic as well as in musical ability. It was unfortunate that a larger audience was not attracted, but what was lacking in numbers was compensated for by the enthusiastic approval accorded the efforts of the artists, for Mr. Abramson's company is an admirable and well organized operatic organization that proved itself fully equal to the call made upon it. No better Italian opera aggregation has been seen in Toronto and it is seldom that the musical public has so favorable an opportunity as that now offered, and it is certain that those who attend will not be disappointed.

The leading role of Aida was taken by Mme. Helene Therry, whose voice is a soprano of exceptional range and remarkable dramatic quality. Mme. Therry is also an actress of real power and her great scenes were given with impressive effect. Mile. G. Strauss took the part of Amneris, is a mezzo-soprano, pure and rich in tone, who also exhibits marked dramatic talent and well deserved the appreciation she received. Mile. M. Bossi, as the priestess, also sang with fine expression. N. Barlas Radames was in the successful role of Ramfis. He has a robust but free tenor of good range that met the requirements of the part to satisfaction. A. Pacini in the role of Amonasro, G. Lamer as the High Priest and D. Dragoni as the King, maintained the general excellence. The orchestra under the leadership of A. Forneri, deserve warm praise, as did the chorus, who were thoroughly trained and sang with force and expression. Tonight Donizetti's Lucia de Lammermoor will be given and will be followed by Il Trovatore, the Saturday matinee while the engagement will conclude with the ever popular Quality. New artists will appear in these presentations.

The recital by the famous Kreisler Quartet is one of the full-letter occasions in the season's musical calendar, thanks to the Women's Musical Club. The program to be given this evening in Conservatory Hall, beginning at 8.30, is as follows: Haydn, quartet in E flat major; Beethoven, quartet in C major; Chopin, Debussy, two movements from quartet in G minor; Grieg, unfinished quartet in F major.

BUSINESS IN THE CITIES.

How They Draw the Best Business From the Towns Adjoining. HAMILTON, Nov. 17.—Yesterday I had a delegation of three young men from Brantford asking me why we did not start a Semi-ready Wardrobe in their city," said Joseph McClung, proprietor of the Semi-ready store on James-street. "They showed their sincerity by purchasing three suits and an overcoat, and emphasized the impossibility of getting such good clothes in their own town."

Mr. McClung says that he has customers come from all the towns adjoining to Hamilton, and that a big percentage of their business in the Toronto Semi-ready store is with the best-dressed young men in the provincial towns. Merchants in the towns adjoining Toronto say they can make more money selling ready-made clothes, more they lose sight of their loss in the quality of the goods they buy and their trade is lost to their town.

Mr. McClung says that in the towns they can make clothes cheaper than semi-ready tailoring, and point to the ready-made suits at \$30, \$35, and \$38, but they do not compare with the Semi-ready suits at \$15, \$18 and \$20. The Semi-ready Company, wholesale tailors, claim that their suits save the buyer from \$5 to \$15 when the quality, style and tailoring is taken into consideration.

DEUFFERIN PARK BOOKIES SUMMONED TO POLICE COURT. In court yesterday Thomas and John Hare, Fred Allen and Michael Stack were charged with conducting a gambling house in connection with the racing at Dufferin Park. H. Dewar, K.C., secured a remand until Tuesday.

Inspector Archibald says information has been secured to define the word "place" so as to overcome the technicality which quashed the Woodbine prosecution.

Chicago and Return, \$10.00. Account of the International Live Stock Exposition. Good going Nov. 29 and 30. Dec. 1, 2, 3, 4, return limit Dec. 12, 1908. Splendidly equipped trains leave Toronto 8 a.m., 4 p.m. and 11 p.m. daily. Secure tickets and make reservations at the office, northwest corner King and Yonge-streets.

Sons of England Banquet. St. George's Lodge, No. 27, S. O. E. B. held their annual dinner at the Rooyad Canadian Hotel last night. Mayor Oliver, Joseph Russell, M.P., select. Controllers Harrison and Hooker, Ald. Geary, Rawlinson, Church, ex-Ald. Davis and A. Chamberlain, president of the British Welcome League, were present. Dr. Norman Allen was in the chair.

Single Tax Officers. The Single Tax Association elected their officers for the coming year at their banquet in Williams' Cafe last night. They are: President, Aid. J. W. Bengough; vice-presidents, D. B. Jacques, Julian Sale and J. Thompson; T. E. Rawson, Milton Kerr and Charles Phillips; secretary, L. B. Walling; treasurer, W. A. Douglas.

I. L. P. Officers. The Independent Labor Party elected officers last night as follows: President, John W. Booth; vice-president, T. McCann; secretary, H. B. Woodrow; treasurer, J. McQuillan; executive, John Corcoran, John Gardner and C. Lavioie.

GIRL FOILS BURGLARS.

Burglars entered the residence of D. L. Streight, manager of the Islington branch of the United Empire Bank, between 3 and 4 o'clock yesterday morning, presumably in quest of a large amount of money which the manager brought out from the city during the previous day. Miss Olga Streight heard the invaders prowling around and aroused her father and brother. The latter fired five shots after the retiring burglars. The household belongings downstairs had been pretty well upset, but only a few articles are missing. The money had been placed in the bank vaults. The burglars evidently knew of its having arrived from Toronto, but made a mistake as to its place of keeping.

WANT THROAT INSPECTOR.

That a third inspector be appointed to inspect such public school classes as may be assigned to him and to supervise high schools and make such reports regarding them as may be required by the board of education in conformity with the regulations of the education department. Trustee Ogden's motion as above was passed at the meeting of the management committee of the board of education yesterday afternoon. It came as an amendment to a motion by Trustee Houston to have the high schools made mutually independent of each other, with the principal of each given full permission to use to the limit the powers vested in him by the education department. Only Trustee Leves supported Trustee Martin's motion to have supervisors abolished. The little difference of opinion between Dr. Hawke and Superintendent Kurrer of Mimico Industrial School was patched up. Mr. Ferrier explained that in allowing Mrs. Brennan to teach as an "occasional," he had acted under permission of Dr. Ogden. W. J. Gage, on behalf of the National Sanitarium Association, and Toronto Free Hospital for Consumptives, obtained permission to have "red cross" stamps introduced into the schools, the proceeds to go to the institutions.

St. Joseph's H. S. Prizes.

The 27th annual distribution of premiums of St. Joseph's High School was held yesterday afternoon in the De La Salle Institute.
The honor list was:
In the collegiate course, the education department in Toronto, certificates of admission to the normal school to Misses Lottie Ramsperger (honors), Irene O'Driscoll (honors), Annie Smith, Mona Clark and Mary Malone.
Matriculation in arts, Toronto University, awarded to Misses Mary Malone, Mona Clark, Helen Clark, Mary Fahney, Mary O'Connell, Lottie Ramsperger, Nellie O'Driscoll and Irene O'Driscoll.
A special prize in Christian doctrine, presented by the superiors of the Community of St. Joseph, equally merited by the Misses Marie Christie, Mary Fahney, Mary O'Connell and obtained by Miss Mary O'Connell.
For obtaining honors at normal school entrance, a silver watch, presented by J. Stetz, awarded to Miss Lottie Ramsperger.
For obtaining highest marks at high school entrance, a gold medal, presented by Rev. Father LaMarche, awarded to Miss Marguerite Blagdon.
In the commercial department, the Dominion Business College has awarded diplomas for stenography and book-keeping to the following young ladies:
For stenography, Miss Gladys Corbett, awarded to Miss Laura Le Grandeur, Miss Edith Lord, Miss Eva Sauriol, Miss Annie Coughlin, Miss Gladys Woodlock, Miss Margaret Hanley, Miss Adelaide O'Donnell, Miss Margaret O'Connor, Miss Kathleen Lynch, Miss Margaret Freeman, Miss Gertrude Corbett, Miss Theresa Hurley. For stenography, awarded to Miss Barbara Theurer, Miss Mary Dee, Miss Josephine Nolan, Miss Gertrude Corbett, Miss Mary Lougeran. For bookkeeping, awarded to Miss Agnes Perry.
Archbishop McEvoy, in a short address, gave the girls some good advice and told of St. Catharines, who was noted for her learning and piety, who was martyred for her faith. The di- plomas they had just received were not worth much unless the recipients had the grace of God, too. Each girl should be a power for good. It was not necessary for them to go to conventions, get up on the platform, deliver speeches and make fools of themselves. When they did should take time to attend to them. God expected a woman who got married to make her home virtuous and happy. By making a home happy she was a power for good in the country.
Some girls married the first fool they met. They did not need to be in a hurry, they should take time to look around, and besides, there were lots of fools to marry, anyway.
His grace hoped that a good many of the young ladies would be called to the vocation of married life. It was not necessary for them to all become nuns.
In closing, his grace said that good women would be an honor and a credit to their school.

Church Sale of Work

Mrs. S. Smith, 92 College-street, will receive on the first Tuesday of December, and afterwards on the third Tuesday of each month.
At St. Patrick's Church, Proton, Ont., on Wednesday, Nov. 15, at 9.30 a. m., the marriage of Miss Margaret Mulhall, eldest daughter of John Mulhall, to J. P. O'Rourke, son of the late M. J. O'Rourke of Pine Grove, was solemnized by the Rev. Father Murphy, emmized by the Rev. Father Murphy.

The bride was given away by her father, and looked charming in a suit of navy blue French serge, with white plumed hat, and carried a handsome bound prayer book, the gift of Rev. Father Hand, Toronto. The bridesmaid, Miss Mary Mulhall (sister of the bride), also wore navy blue suit with hat to match. The best man was M. O'Rourke of Toronto. After the ceremony a large reception of relatives and friends was held at the residence of the bride's father, Buena Vista, where the presents were seen and a sumptuous wedding dinner was served. The health of the bride was proposed by her grandfather, John Mulhall, and shortly after Mr. and Mrs. O'Rourke left for western Ontario. On their return they will reside at Pine Grove. The groom's gift to the bride was a gold watch and fob; to the bridesmaid a topaz ring, and to the best man a pair of gold initialed cuff links. Those from a distance were: Mrs. M. O'Rourke and Master Jack of Pine Grove, Miss O'Callahan, Shelburne, and M. O'Rourke, Toronto.
Mrs. J. H. Castle, Rochester, N.Y., is in town for the founder's day "at home" at McMaster University, this evening.

OBITUARY

Henry P. Coburn.
The business community of Canada has received a shock in learning of the death of Henry P. Coburn, vice-president and general manager Sawyer & Massey Co., Limited, which took place at his late residence in Hamilton, on Wednesday evening, the 28th inst.
Mr. Coburn had recently returned from spending a vacation accompanied by his late wife at their old home in Stamford, Connecticut, at which time he was smitten with a severe attack

of congestion of the lungs, which left him in a weakened state of health resulting on Monday last in a stroke of paralysis, from which time until his passing away he did not recover consciousness.
Mr. Coburn, who was in his 73rd year, had been associated with the business of which he was vice-president and general manager for 44 years. His business career was one of great success, having entered the service of L. S. Sawyer & Co. in 1844 as a clerk, advancing thru every department of the business until the reorganization of the company, which took place in the year 1888, under the name of Sawyer & Massey Co., Limited, when he was chosen by the directors as its vice-president and general manager, which office he held and filled so satisfactorily until the time of his death.
His good name and favorable reputation as a manufacturer and business man is known throughout Canada and the United States. His life was one of great simplicity, a kind, genial and sunny disposition, ever ready to lend a helping hand with a kindly word and financial aid to the needy and deserving.
Mr. Coburn was indeed a philanthropist, having given generously of his means to the Presbyterian Church, of which he was a life member; to the Y. M. C. A. and Y. W. C. A., of which societies he was a director, and to many other charitable and benevolent institutions. He was born at Draucut, Massachusetts, Aug. 21, 1815; was twice married, first on Sept. 21, 1847, to Elizabeth S. Wallace of Antrim, New Hampshire, and secondly, on Sept. 21, 1877, to Alla A. Hoyt of Stamford, Conn., who survives him.
The funeral will take place from his late residence in Toronto, on Wednesday, at 3 o'clock Saturday afternoon.

The Seagram Horses Bring Fair Prices At Repository Sale

The sale of Seagram's horses at Grand's Repository yesterday morning resulted in some good figures. C. A. Burns was in the box and worked hard and patiently to extract the unwilling dollar. The sales ring was a picture with its plentiful decoration in black and yellow (Mr. Seagram's colors), its black and yellow top-bound, well-tan-barbed enclosure, its comely new auctioneer's stand and its tiered rows of seats on each side, from which the small boys were most wisely excluded. There was a generous crowd in attendance, including the majority of the better known horsemen of the city and a number from a distance. Bidding was fairly brisk. Mr. Seagram's desire being for business and not for talk. Of course several bargains were forthcoming. The first probably being the two-year-old Merida, by Havoc-Martydon, by Imp. St. Blaise, that W. Lomas, Drayton, secured for \$60. Ira Bates also got a good proposition cheap when he secured Milverton, 3 years, by Milverton, 3 years, by Kendal, for \$20. Milverton was thought by the stables as a promising candidate for the King's Prize. He is a stoutly built colt very much of the build of old Bonack, and should carry weight and go far. Merry England, who could doubtless be trained to jump, was given away for \$25 to Mr. Moss of Preston. Mr. Seagram showed his esteem for the son of Imp. St. George and Wekonowit by selling \$3,000 that he wishes to breed a few more to him. Milner, rather weaved in the back, but seemingly an honest and vigorous as a two-year-old, went to Tommy Crow for \$20. Altio the son of St. Simon and Blaise, although a daughter, Marquis, is 18 years old, he must be accounted as cheap as dirt at a couple of centuries. Montague Allan, whom everybody will welcome into the ranks of breeders, took a couple of superior brood mares, paying three by P. F. \$170 for the four-year-old Reine de Saxe, by Cobourg-Princess Flavia, by Prince Rudolph, and the ridiculously low figure of \$90 for Sans Coeur, a six-year-old mare by Imp. Golden Garter (son of Ren d'Or-Derby-Sandra, by Winkloo-St. Lager) out of Heartless, by Imp. Kantaka. H. R. Marshall paid \$120 for a two-year-old half-brother to Inferno, which he proposes to use as a polo pony. T. J. Smith of Vancouver took a couple, including the jumping mare, Cattie Campbell, 5 years, by Love Wisely-Lady Campbell, by Barcoline, for which he paid the highest price of the sale, namely \$340. The list of purchases and prices follows: Milner, foaled by St. Simon-Marquise, by Blair Athol-T. A. Crow, \$200; Merry England, foaled by Imp. St. George-Wekonowit, by Imp. Masetto P. Moss, Preston, 205; Mordant, b.m., foaled 1902, by Bon-dora-East Black, by Imp. Water-cress, E. J. Jones, Brampton, 70; Wenallour, b.m., foaled 1897, by Imp. Midlothian-Nape, by Enquirer, W. REV. WALTER J. SOUTHAM RECTOR OF ALL SAINTS

Young Preacher Identified With Students' Movements Succeeds Late Canon Baldwin.

Rev. Walter J. Southam, B.D., has been appointed by Archbishop Sweatman as rector of All Saints' Church to succeed the late Canon Baldwin. Mr. Southam, who has been engaged in special work in connection with Wycliffe College, was born in England in 1888, and came to Canada in 1908. For two years he was engaged in missionary work in the diocese of Rupert's Land, under Archbishop Macbray and on leaving the diocese returned to the United Kingdom and Wycliffe College, from which he graduated in 1896. He was ordained by Right Rev. Dr. Hamilton, bishop of Ottawa. Later he took a post graduate course at the University of Chicago, obtaining the degree of B.D. His first parochial work was two years as curate of St. George's Church, Ottawa, where he was most successful, especially in connection with his work among the young men. Mr. Southam was travelling secretary for the Canadian Church Missionary Society, and was selected to labor in East Africa, and his special qualifications for work among young men led John R. McIt, head of the student mission movement, to request that he be transferred to China. There he worked in close association with the late Bishop of Victoria at Hongkong, and after five years returned to Canada on furlough. Owing to reasons of health he did not return to China, but became organizer of the student volunteer and young men's movement, and had charge of the big students' convention at Nashville, Tenn., in 1907. Lately Mr. Southam completed an important undertaking in connection with Wycliffe College, from which he held his license since returning from China. The appointment meets with the approval of the congregation of All Saints' He will begin his incumbency about the new year.

TOO MANY LICENSES.

Sons of Temperance Think So of Durham County Most Active.

The Grand Division Sons of Scotland at convention yesterday, passed a resolution approving the license reduction movement, which the report of the legislative committee said would cut off bars which are now crowding each other for standing room in the business section, the only section in which they have been allowed to operate for many years. If successful, it would encourage the movement for repeal of the "three-fifths" local option clause and hasten local option contests in every city in Ontario. Durham County was awarded the grand division trophy for largest membership increase. In the contest for most finished ceremonial work, lodges in Kettitoby and Orient were adjudged equal. The Toronto delegates to the National division, which meets in Worcester, Mass., in June next, were appointed as follows: Senator G.W. Ross, Henry O'Hara, John McMillan, James Brock, David Miller, C. Holland, F. C. Ward, W. H. Orr, J. A. Miller, H. F. Hall, Miss M. Caswell and Miss H. A. McCarthy.

Mother Gave Her Child Away. Had Given up all Hope of Living. Heart Trouble was Cured by Milburn's Heart and Nerve Pills.

Mrs. Andrew Savoy, Gratian's, N.B., writes: "In the year 1905 I was taken sick and did not think I could live any length of time. My trouble was with my heart and people told me that nothing could be done for a case like mine. I consulted the very best doctors but they could do me no good. For seven weeks I could hardly cross the floor. I had no pain, but was so weak nobody in the world can believe how I felt. I had given up all hopes of living and had given my little girl to my sister-in-law. "One day a friend came to see me, and calling me by name, said, 'Lizzie, if I were you I would try a dose of Milburn's Heart and Nerve Pills as they are good for heart trouble.' My husband got me a box, but for two days I was not feeling any better, but on the fourth day my husband said, 'I believe those pills are doing you good.' I was able to say, 'Yes, I feel a good deal better this morning.' He said, 'Well, I will get you another box right away.' I took two boxes and three doses out of the third one, and I was perfectly well and have not been sick since then. "I will never be without them in my home for God knows if it had not been for Milburn's Heart and Nerve Pills, I would not have been alive now." Price 50 cents per box, 3 boxes for \$1.25, at all dealers or mailed direct on receipt of the T. Milburn Co., Limited, Toronto, Ont.

TOWNSHIP TELEPHONES.

Editor World: From your editorial of the 24th inst. it would seem necessary to have special legislation passed in order that the township should own her telephone system. It had been the hope of many residents of Chinguacousy to induce the council to submit a by-law to the ratepayers, granting the money necessary for the purchase of the system. Would you kindly let us know if this scheme is entirely impracticable, either thru the columns of your paper or by letter? T. Chettenham, Nov. 26.

Under the law, as it stands (Chap. 41, Ontario Statutes, 1906), a petition may be presented to the council praying for the establishment of a local telephone system and the council may by bylaw provide at the expense of the subscribers for the establishment and maintenance of such system.

The cost of construction and maintenance is to be defrayed by the subscribers.

This is not public ownership, altho it is a step in the right direction. But surely Mr. Charters, M.L.A., can have the law amended within a month or two. It has no doubt been called to his attention. What does he say about it?

ITALIANS ARE FORGING AHEAD.

This week has witnessed a double triumph for Italy. In New York Dorando won the Marathon, running 26 miles in two hours and forty-five minutes. At Savannah, the Italian-built motor car distanced all competitors, covering 196 miles in less than three hours and a quarter, thus averaging nearly 54 miles per hour.

The sons of Italy have had a new birth in the unification of their country. The spirit of nationality has quickened great achievement, as it did in the United States and as it is doing in Canada. In the middle ages patriotism was largely a civic ideal. It was the city, not the country, which appealed to the Roman, the Venetian, the Florentine and the Neapolitan. Indeed Italians were the last to realize that their development must proceed along the broad lines of a united nation.

We are apt to judge this virile people unjustly. They are, as a nation, industrious, frugal and honest. They migrate to foreign lands where they find hard work to do, and they do it without complaint. But the faithful to his toil, the Italian does not forget his past or despair of his ambition. We may soon expect to find him a competitor in many fields where to-day he is unknown.

OKLAHOMA REGULATES EXPRESS COMPANIES.

Oklahoma, the youngest of the United States, enjoys the most advanced and democratic of state constitutions, and has taken pains to secure for its citizens fair and reasonable public services. Like New York and other states, Oklahoma has a commission designed to keep public utility corporations within proper bounds, and the board has just issued a comprehensive order, regulating express traffic and tariffs within the state. The scale now established is the work of an expert who has made diligent research into existing tariffs and conducted a thorough investigation into local conditions. While in some cases no alteration in the previous rates, has been made, many others have been reduced by percentages ranging up to 30 per cent.; an entirely new classification basis has been established, the commission holding the previous one to have been exorbitant, and stringent rules are laid down with regard to the acceptance of express commodities by the carriers and the general conduct of their business.

Rates applicable to fruits and necessities of life take a rate of 80 per cent. of the above, while the rate on vegetables takes a charge of 60 per cent. of the merchandise rate. The fee rate also is 60 per cent. of the merchandise rate. Joint rates are made on basis of express rates to and from stations at junction points, with a deduction of 10 per cent. An extremely low milk rate is provided in the revised tariff, starting with a ten-gallon can carried

ten miles or under, 10c, the maximum for 400 miles being 37c.

The commission require the express companies to observe the following rules: Business offices must be kept open during reasonable hours; depot offices must accept commodities up to within 30 minutes of time of train departure, and uptown offices to within one hour of time of departure; all commodities so accepted must be forwarded by the first available train. All this shows, and that such regulations are needed at all points to the failure of the Oklahoma express companies to recognize their obligations to the people. The rate reduction is another reminder to them that public services must not be loaded with all the traffic can bear, but that profits must be restricted to a reasonable amount. These and the like requirements are anathema to corporations, but the day will come, and is coming fast, when they will be universally recognized as necessary conditions for the conduct of public services.

GRANGE THE GUARDIAN OF AGRICULTURAL RIGHTS

Some Parliamentarians Talk Tariff, Bounties, C. P. R. Stock and Automobiles.

The 34th session of the Dominion Grange opened in Toronto yesterday with a large attendance of farmers. Master Lethbridge of Alliance occupied the chair and in his opening address scored several political practices in vogue to-day.

Senate reform, Mr. Lethbridge remarked, is still in the air, but "after waiting for 11 or 12 years for the fulfillment of promises made along this line, the only noticeable change is a raise of salary from \$1000 a session to \$2500."

Strengthen the Preference. The legislative committee presented a report which thanked the Dominion Government for resisting the "unjust and uncalled for demand" of manufacturers for a higher tariff, at the same time expressing the Grange's dissatisfaction with the whole present system. The committee recommended that: 1. The British preference be strengthened by further lessening duties on British goods. 2. That the principle of protection be eliminated generally. 3. That advantage be taken by the States looking toward better trade relations be met in a friendly spirit.

The entire cessation of bonuses to railways was recommended, and a searching investigation of all concerns receiving tariff protection or bounties.

Railway Taxation. The master pressed for further railway taxation and reduction in fares.

"The farmer," he declared, in presenting a mass of statistics, "pays over \$3 taxes to \$1 paid by railways on the same valuation, and the traveling public in Ontario pays three cents per mile, while the Michigan traveler on the same road pays two."

At the afternoon session, E. C. Drury of Crown Hill, well known to the people of Ontario as an ardent advocate of the rights of agriculturists, introduced the following resolutions:

Agricultural Population Decreasing. "While this organization represents the farming interests of this country, and in a special way directs its energies towards the betterment of the numbers and prosperity of our agricultural class, as the only sure foundation of all other forms of prosperity. We would therefore beg to direct the attention not only of this meeting, but of our statesmen and politicians, and of every patriotic citizen, to the fact that our agricultural population, the only sure indication of the prosperity of the calling, is in every province east of Manitoba, actually decreasing, while even in the prairie provinces the increase of rural population is much slower than that of the town. In our Province of Ontario during the last ten years there has been an average annual decrease in the rural population of 6225, while the towns have shown an annual increase of 8869 and the cities of 15,467. "We believe that the national well-being demands a steady increase in the numbers and prosperity of our agricultural class, as the only sure foundation of all other forms of prosperity. We would therefore beg to direct the attention not only of this meeting, but of our statesmen and politicians, and of every patriotic citizen, to the fact that our agricultural population, the only sure indication of the prosperity of the calling, is in every province east of Manitoba, actually decreasing, while even in the prairie provinces the increase of rural population is much slower than that of the town. OKLAHOMA REGULATES EXPRESS COMPANIES. Oklahoma, the youngest of the United States, enjoys the most advanced and democratic of state constitutions, and has taken pains to secure for its citizens fair and reasonable public services. Like New York and other states, Oklahoma has a commission designed to keep public utility corporations within proper bounds, and the board has just issued a comprehensive order, regulating express traffic and tariffs within the state. The scale now established is the work of an expert who has made diligent research into existing tariffs and conducted a thorough investigation into local conditions. While in some cases no alteration in the previous rates, has been made, many others have been reduced by percentages ranging up to 30 per cent.; an entirely new classification basis has been established, the commission holding the previous one to have been exorbitant, and stringent rules are laid down with regard to the acceptance of express commodities by the carriers and the general conduct of their business.

Rates applicable to fruits and necessities of life take a rate of 80 per cent. of the above, while the rate on vegetables takes a charge of 60 per cent. of the merchandise rate. The fee rate also is 60 per cent. of the merchandise rate. Joint rates are made on basis of express rates to and from stations at junction points, with a deduction of 10 per cent. An extremely low milk rate is provided in the revised tariff, starting with a ten-gallon can carried

continues it is not hard to see in the ultimate result disaster, not only to the farmers of this country, but to the nation at large. To resist the unjust demands and to do what we can to remove the unjust burdens which now fall so heavily on the farming class, is our duty, not only to ourselves, but to the country. In this we would ask help not only of all farmers, but of all thoughtful and patriotic citizens, whatever their occupation or political creed.

The Tariff. "The first and perhaps the most important matter before us is that of the tariff. Our protective policy bears very heavily on the agricultural classes, without any compensating advantages. We are firmly convinced that no tariff can be framed which will be of any advantage to the general agriculture of this country, which must for a very long period at least, depend on our export market to fix prices. On the other hand, it is undoubtedly true that the cost of operating every farm and maintaining every farmer's family is very materially increased as the result of the protective tariff. In fact, the whole of the immense burden of protection may be said to fall on the farming and laboring classes, and most heavily on the farmer. During the year just passed the question of the tariff has remained practically as it was, in spite of the determined efforts of the Manufacturers' Association to raise the rate of duty, particularly in the case of the woolen industry.

"We would not urge a sudden change, but would recommend a reduction by a certain definite amount, percentage, and that any movement on the part of the United States looking for better trade relations with Canada, be met with a frank and friendly spirit, with a view of bringing about the development of the relations which should exist between kindred people, occupying territories that interlock along a 4000 mile frontier.

Bounties and Bonuses. "We believe that this practice has a strong tendency to corrupt not only the management, but the political life of the nation. In this regard we would particularly urge that the bounties on iron and steel be discontinued entirely at the end of the term they are granted for, and that no further additions should be made in future to the list of bountied industries. We would also condemn the using of the people's money in the subsidizing of an all-rail passenger steamships. We do not believe this project would be of any material advantage to the nation at large.

C. P. R. Stock. "The custom of the C.P.R. of allowing present stock holders to buy issues of new stock at par, is brought to our notice. The stock thus purchased is worth at the time of purchase from \$150 up and the selling of it at par is practically equal to the adding of so much water to the stock of the company. This would perhaps be the company's own business were it not for the fact that Canada is under an agreement with the company entered into in 1880 not to supervise and control freight rates over the company's lines till such time as it shall be earning 10 per cent. on its capital stock. The issue of stock at less than its market value delays the time when such control may be exercised, and thus it is a matter of national concern to put a stop to the practice. We believe that action should be taken immediately to stop these issues of stock to shareholders and to compel the sale of all new issues of stock at the current market value."

(Signed) E. C. Drury, Jas. McEwing, John W. Hyatt, Wm. F. W. Fisher, J. G. Lethbridge, J. G. Lethbridge, and taxation.

H. J. Pettipiece, ex-M.L.A., of the Forcible Free Press addressed the order on his favorite theme of railway rates and taxation. W. C. Good gave an address on direct legislation. As a result of the discussion which followed Mr. McEwing, M.L.A., was asked to introduce a bill in the legislature dealing with railway taxation and providing for submission of the measure, by the legislature, to a popular vote.

The following officers were elected at the evening session: Master, H. Drury, Crown Hill; overseer, Miss Robinson, Middlemarch; secretary-treasurer, J. G. Lethbridge, Alliance; lecturer, J. L. Warren, Acton; steward, Peter Gilchrist, Gamebridge; assistant steward, J. J. Morrison, Wellington; chaplain, Jas. Falls, Newbridge; gatekeeper, Jas. A. Glenn, Glenworth; crier, Miss Frazier, Middlemarch; perfumery, etc., and the prices are astonishingly low. It is a great opportunity to save cash on Christmas purchases.

Rosie Runs Amuck. When Rosie Prue and Allan McDonald were taken to the Agnes-Station last night, charged with trespass, Rosie ran amuck. She did a Highland fling in the guardroom, hugged a blushing recruit and finally heaved a stoveid thru a cell window.

COBALT--Mining Securities Make a Good Recovery in Prices--COBALT

Canadian Investors Independent Stocks Advance Despite Holiday

Recent Reaction in Cobalts Occasioned by Speculators Who Want to Profit by "Doing" the Brokers.

World Office, Thursday Evening, Nov. 26.

Canadian investors in Cobalt securities showed their entire independence of American support yesterday in advancing the prices of nearly every reputable stock in the list, while the United States investors were holidaying.

The reaction in the market which started a few days ago was occasioned by nothing less than the trailing on of a large number of speculative individuals who endeavored to make profits at the disadvantage of the brokers. With the wiping out of the market and the resale of securities which were bought for plungers, the market was cleared of pressure and when real buying came in to-day the market was able to get supplies of stock to satisfy the investment demand.

Advances in prices were scored in almost every active stock on the list and further rises were only held back by pressure from a few speculative dealers, who are still trying to make profits by depressing the market. It was learned to-day that deliveries of many of the stocks were bought two to three weeks ago, and are yet in arrears, and it is presumed from this state of affairs that the sellers had not the stock to sell when they gave the orders.

All round rallies developed in today's transactions, the principal recoveries occurring in Chambers-Perland, Crown Reserve, Rochester and Little Nipissing.

An excellent absorption of all the better class of shares has followed a fact for a long time now. The buyers are satisfied that they have securities which represent a well-known value, and speculators have to convert their belief before investors will be willing to part with their securities at anything like the present prices.

The market closed with an all-round vim and strength, which was only in accord with the opinions of conservative brokers.

ATTACKS-WIFE WITH KNIFE.

Dresden, Farmer to Answer for Attempted Murder.

CHATHAM, Nov. 26.—John Hales, a farmer near Dresden, was arrested on a charge of attempted wife murder.

It is alleged that Hales had a dispute with his wife and attempted to slay her with a knife. A Miss Fleming of Dresden, who was visiting Mrs. Hales, attempted to rush out of the house to alarm the neighbors and she was also attacked.

Trial has been set for Friday.

PRISON GATE MISSION.

At the annual meeting of the Haven and Prison Gate Mission last night Mayor Oliver presided. It was reported that during the year there were 88 inmates, as against 78 the previous year. Cost of maintenance per capita per day was 21c as compared with 24c in 1907. Of 134 babies in the nursery 88 were legitimate. Receipts were \$3842.97 and disbursements about the same.

Working Boys' Home.

The board of management of the Working Boys' Home extended a very cordial invitation to all the friends of the institution to attend the annual meeting to be held in the home, corner of Gould and Church-streets, this afternoon at 4.30 o'clock.

ADVOCATES SPECIAL WINGS FOR HOUSES OF REFUGE

More Government Aid for Hospitals and Probation Officer for Women.

The charities and corrections convention had an interesting meeting yesterday. Officers were elected, Hon. W. J. Hanna being chosen honorary president.

Dr. Bruce Smith in the course of his address said that some houses of refuge in Ontario were "disgraced." Dr. C. R. Charters of Chatham urged that separate wings should be built for insane inmates.

Col. Ferguson of the Salvation Army spoke on reclaiming ex-prisoners. Dr. Chambers said that the saloons were responsible not only for the people who came under his charge.

Mr. S. O. Sullivan, superintendent of the Mercer, complained that people did not look upon the institution as a reformatory. When women left there they were looked upon by many as incorrigible. He suggested the need of a female probation officer. Capt. Fease spoke on the ex-convict as one who could be reclaimed and cited a number of cases.

CAUSES OF POVERTY.

The causes of poverty were discussed at the evening meeting. Rev. Father Minehan said that if men were compelled to keep their marriage contracts as strictly as the post man is to fulfill his duties as a letter carrier the root of much poverty would be swept away.

Rev. Dr. Abraham said the government should aid unemployed to take up land.

Addresses on the Work Children's Aid Societies were made by James Mitchell, Goderich; W. L. Scott, Ottawa; Inspector Archibald G. M. Macdonnell, Kingston, and John Keane, Ottawa.

GIVE FARMERS SOUTH END. MONTREAL RIVER MINING CAMP.

A deputation from York County Council and Retail Merchants' Association waited on the board of control yesterday to ask that the northern portion of the market be thrown open to the farmers and that the by-law limiting the sale of bushel lots of produce be repealed.

The board decided that the best plan was to move the stalls from the northern to the southern portion of the market and allow the farmers to use the former portion. Commissioner Harris will report on the spot of doing so.

The board was satisfied with the report of the police commissioners that there was no objection to the charges against the morality department.

DOCTORS NEGLECT LICENSES

Three Toronto Practitioners Called to Police Court.

For neglect to pay their annual fees to the medical association, three Toronto physicians were summoned to yesterday's police court, viz., B. E. Hawke, H. Grimshaw and E. H. Adams. They were charged with breach of the Medical Act.

The annual fee is \$2, for which is issued the yearly license of practitioner. Dr. Hawke is said to be 840 in arrears. Dr. Grimshaw (\$14), Dr. Adams (\$36) have wiped out their indebtedness, and the charges were withdrawn. Dr. Hawke was not in court, and an adjournment was made.

There are about 150 physicians in Ontario who owe for fees out of the 4000 on the roll.

THIEVES IN ST. MICHAEL'S.

Break Into Safe Which Contains Host But Take Nothing.

The locks in the safe containing the Tabernacle where the Host is kept in St. Michael's Cathedral were broken into Tuesday. Indirectly, however, the church was secured thru the passageway leading from the palace. The thieves were evidently disturbed, as nothing was taken. No complaint has been made to the police.

Dr. Orr's Election Protested.

A protest against the election of Dr. R. B. Orr, as president, and Robert Millett, as secretary of the Ward Six Conservative Association, has been received by the Central Conservative Association. Irregularity is alleged.

Burglars Make Sweep.

MONTREAL, Nov. 26.—Burglars made such a clean sweep in the house of Wilfrid Potvin two nights ago that when the family returned they had to go to a hotel to sleep. Even the bedding was taken.

Halbert Dies of Burns.

BRANTFORD, Nov. 26.—(Special)—Geo. Halbert, 42, here in Brantford, died of burns from a fire in his home last night. He was sweeping snow out of a frog and didn't hear the approaching train.

COBALT--Cleveland Cobalt to Join in Larger Aggregation--COBALT GET IN HEAVY ON THIS MARKET REACTION

DO YOU KNOW that TEMISKAMING will, early in December, double their dividend and to-day's price that means 17 per cent. on your investment. Buy now

and get this coming dividend. DO YOU KNOW that their output will be increased three times over by the new plant and that before six months, dividends

will get another big hoist, as the ore is there blocked out now to pay them. Get into the good stocks and be sure to get in on this one. DO, YOU KNOW, that

CROWN RESERVE directors can hardly believe themselves how it is possible to pay the enormous dividends and divisions of profits which the ore returns make

possible obtained through development only. DO YOU KNOW that this mine will astound the World when they start stopping out ore. DO YOU KNOW FUR-

THAT this Cobalt camp could continue to produce silver at big profits when other silver countries would be forced to close down if Silver were to drop to 40. At

to-day's market prices you should buy, first, Temiskaming; second, Crown Reserve; third, City of Cobalt, Kerr Lake, La Rose, Scotia, Trefthewey, Buffalo and Coniagas.

WHAT CAUSED THIS REACTION ?

The buying of new flotations caused selling of Standard stocks and interest sagged from the old stand-bys. I would advise you to put your money into the solid standard dividend-payers, and be on the safe side.

HAILEYBURY, Ontario

CLEVELAND-COBALT CO.

Amalgamation of Cleveland-Cobalt and Clear Lake Cos. Decided Upon.

The shareholders of the Cleveland-Cobalt and Clear Lake Mining Companies held a very enthusiastic and harmonious meeting at the King Edward Hotel on Wednesday. There were represented in person and proxy over 800,000 shares of Cleveland stock and over 900,000 shares of Clear Lake stock.

The proposition to amalgamate the two companies into a new company, to be called "The Great Northern Silver Mines, Limited," with a capital of \$1,500,000, was submitted to the shareholders of both companies and unanimously carried.

The annual meetings of both companies were held immediately after the special general meetings, when reports were presented by the directors and the financial statements.

The prospects for the Great Northern Silver Mines, Limited, are very bright indeed. The new company will own practically all the stock of the Cobalt Light, Power & Water Co., which has a brilliant future before it, owing as it does the franchise for lighting the Town of Cobalt. It now has over 5000 lights installed and its business is increasing at such a rapid rate that it is difficult to keep up with the orders for connections for electrical service.

The amalgamated company will own approximately 500 acres of mining claims favorably situated in the Coleman, South Lorrain, and Montreal River districts of the above-mentioned claims are situated in close proximity to the famous Keeley and Wetlauffer claims in South Lorrain. One of these, known as the "Hughes," containing 40 acres, immediately adjoins the "Elkhart" on the north, and it is known that two of the Elkhart veins extend into this property.

The Great Northern not only has 500 acres of well-situated mining claims, but is on the alert, and, if possible, will secure at advantageous terms such other properties with silver-bearing veins which will assist materially in the development of the company's strongest and best propositions of the camp.

Among those prominently identified with the amalgamated company are: A. D. Crooks of the firm of Cameron-Crooks; J. H. Hyland, manager Market-street branch Standard Bank; Frank Plummer, manager Canadian Lake and Ocean Navigation Co.; F. L. Cody, secretary Rochester Cobalt Mines and manager Cobalt Light, Power & Water Co.; J. M. Clark, K.C., of the firm of Clark, McPherson, Campbell & Jarvis; W. H. Irwin and W. R. Smyth, M.P., Ontario; S. H. Bradford, K.C., Toronto; W. H. Smyth, M.P., Rydal, Bank, Ontario.

COMPARISON BENEFITS COBALT

At Ore in Mexico is Put on the Dump in Cobalt.

Frederick Morris of Frederick Morris & Co., investment brokers, New York, was in the city yesterday and was a prominent figure around the exchange. He and his firm are very heavily interested in Cobalt. He declares that there is more United States money invested in Cobalt than there is Canadian money, which is doubtless true. He knows the Hargrave property very well, and declares that it is his belief that all the veins on the Jacobs property run into the Hargrave. Yesterday he backed his opinion by buying ten thousand shares of Hargrave, and he believes that his clients in New York will take his advice and get in heavily on this new flotation. Mr. Morris knows the Mexican silver mines, and says that what is called at ore in Mexico is put out on the dump in Cobalt.

Crown Reserve Dividend.

The quick advance in Crown Reserve yesterday was credited to rumor that the next dividend of the company is imminent, and that it will be 10 per cent. It is also rumored that the company intends paying further dividends of 5 per cent. monthly from now forward. Most of the buying of this stock comes from Montreal, where considerable interest is being taken in the stock.

Best Investment in Market.

Large buying orders came into the market yesterday for Chambers-Ferland and the price was advanced over six points above the low figure yesterday. Many purchases were made for Montreal clients, who are just becoming interested in this valuable property. After the lecture of the market discussion around the brokerage offices centered on this stock, and it was contended that the stock at \$1 a share was one of the best investments in the whole Cobalt market.

Canadian Institute Lecture.

Dr. Charles E. Saunders of the department of agriculture's Central Experimental Farm, Ottawa, will lecture this Saturday evening, beginning at 8 o'clock, in the lecture amphitheatre of the medical building, University of Toronto, on "Modern Methods of Wheat Breeding," with lantern illustrations.

COBALT TOWNSITE.

Coniagas Mines Suing Corporation and Jamieson Meat Company.

Wednesday afternoon Chancellor Boyd commenced the hearing of the case which involves the ownership of part of the townsite of Cobalt. Coniagas Mines, Limited, are the plaintiffs and the Municipal Corporation of Cobalt and Jamieson Meat Co., Limited, the defendants. The defendants claim that the attorney-general of Ontario and the Temiskaming and Northern Ontario Railway Commission should be added to the case as defendants, and it is quite probable that some high provincial officials will be called as witnesses before the case is concluded.

The plaintiffs claim that previous to November, 1906, Reuben W. Leonard and William Griffiths Trefthewey owned a parcel of land consisting of 40 acres, which is now part of Cobalt Town. A year before this, however, in August, 1905, the Temiskaming and Northern Ontario Commission, by authority of an order in council, laid out the property into town lots and sold them at public auction. Subsequently the Jamieson Meat Co. secured one of these lots from a purchaser at the auction sale, and they fenced in the property. The plaintiffs question the authority of the commission to sell the property and claim the right to prospect for minerals on the property, as well as the use of a road which they had built on the property before the Jamieson company came into the deal.

The Town of Cobalt comes into the deal because the mayor authorized the sale of some of the Coniagas employees who were prospecting on the disputed property. The municipal corporation say the mayor acted as a trustee only and that they had not authorized him to act in that way. Coniagas built a road on the property, but when the Jamieson company claim to the property it blocked this road by building a shack on it and fencing the lot in. Coniagas claim damages because of this and ask to have the defendants restrained from preventing their men prospecting on the surface.

Among those present at the hearing was adj. joined for lack of witnesses.

QUESTION OF JEOPARDY.

Enters into the Matter of Street Railway Routes.

Argument was concluded before the Ontario Railway and Municipal Board yesterday in the case of the Toronto Railway Company regarding proposed routes in the City of Toronto, and judgment was reserved.

H. S. Osler, K.C., appeared for the company, and W. E. Middleton, K.C., for the city.

The Mother-Lode Mine is located on the Montreal River in James Township, 1 1/4 miles from Elk Lake and has 75 acres. Boats load and unload on the property. There has been more actual mining on this property than on any other property in the Montreal River District. The ore blocked out is of the richest and the vein is widening as depth is obtained. Stopping of this high-grade ore will commence at once from the lower levels and with ore running from 6000 ounces to 22,000 ounces large dividends are only a matter of a short time. There will be no delays in making Mother-Lode a dividend-payer. Camps for 60 men are on the property. A brisk winter's campaign will be made. Every hour a busy one.

nothing in this act apart from the statute which involved a derogation by the city from those rights over its own streets," said the latter in arguing that the legislature by its more recent act had intended giving the city council control over its streets. The statute as passed had also enlarged the scope of the agreement. It gave the company a monopoly to operate on the streets, but it was intended that the city should choose the route. Mr. Osler maintained that the recent privy council decision proceeded from the agreement between the company and the city instead of from the statute incorporating the company. Chairman Leitch remarked that the city did not jeopardize quite so much as the company, because the city did not surrender the whole street to the company. On the other hand, if the company did not obtain what streets were desired, its capital might be jeopardized.

Car Goes Thru Brick Wall. A heavy coal car was shunted thru bumpers and smashed into a wall of the Graham Nail Works on Dufferin-street at 1 a.m. yesterday. The damage is sufficient to close down the factory for a fortnight. A short time ago a similar accident occurred to a Carlaw-avenue building.

Authorized Capital \$250,000 NO SALARIED OFFICIALS

DIRECTORS:

- Pres., J. H. SPENCE, Barrister... Vice-Pres., W. H. MERRITT, M.D. Sec.-Treas., JOHN W. GORDON

This Company Holds 22 Timber Berths, Aggregating 52 square miles (33,283 Acres), All Carefully Selected, Containing Over 800,000,000 Feet of Finest Timber...

All of this timber is located in the Willow River District on solid level ground, lies close beside good water for logging, and is mostly White Spruce of a superior quality.

The limits were granted by James A. Anderson of Sutton West, an Ex-Crown Timber Agent, and the company has on file at its office a number of letters from some of the most prominent business men in Canada in recommendation of his capability and integrity...

GOOD TIMBER well located, is the safest and best investment in the world to-day.

The C.P.R. holds several limits in British Columbia, and after reserving the best, is selling the second-class timber at \$2.00 per 1000 feet on the stump.

Each \$100 Invested To-day at par Will Bring a Return of \$722.52

This is not exaggerated; \$2.00 per thousand for good timber is a ridiculously low price. In Ontario Spruce is now worth from \$7 to \$9 per thousand feet on the stump and is rapidly increasing in value.

The Company Has Reserved \$36,000 of Treasury Stock to Provide for Future Government License Fees.

Each Share of Stock Represents 315,000 Feet of Timber.

A Limited Number of Shares is Now Offered at Its Par Value.

\$100 Per Share on Time; Cash Per Share, \$97.50.

TERMS—Cash: 5 per cent. discount on one-half the amount subscribed. Time 25 per cent. cash, 25 per cent. on December 10, 1908, balance by May 10, 1900.
