BLTYHE'S AGONY STIRS PUBLIC TO PROTEST

Many Letters of Protest Against Torture of Man Condemned to Die For Murder of His Wife.

This morning, petitions will be circulated thru the city in a last desperate attempt to save Walter Blythe from the scaffold. Strangely enough, the effort does not emanate from near friends of the condemned man, nor even from his own counsel, but from a sudden uprising of a sympathy aroused by the peculiar circumstances of his case. The expenses in connection with the petition have been defrayed by private subscription, as will also be the cost of a delegation that will go to Ottawa to-morrow with the petition. The delegation will also include an alienist, whose observations of Blythe may assist in the extension of clemency.

Certainly the laying bare of Blythe's pitiable plight in The Sunday World has stirred this community to think earnestly of the case. It also had its effect in stimulating those closely connected with the case to action. Sunday morning Dr. C. K. Clarke, superintendent of the Toronto Asylum, visited Blythe in his cell and spent some time with the condemned man. Last night Dr. Clarke told The World that he did not feel that it would be in place for him to say anything of the case at this juncture, but admitted that it was likely that he might be called to Ottawa in a day or so to report upon Blythe's condition.

It is also learned that George Tate, Blackstock, K.C., who conducted the prosecution of Blythe, when called upon to report upon the advisability of commuting the sentence to one of life imprisonment, reported in favor of such a commutation, and that later a second letter of such support was forwarded to the minister of justice.

Hope for Commutation. T. C. Robbette, K.C., Blythe's counsel, told The World last night that he now has bright hopes for the final commutation of the death sentence. He declared that he, too, had received many assurances of hearty sympathy since the appearance of The World's story of Blythe's condition, and that he believes that there is a weight of public opinion against the execution of this man with which he has been able to play with a careless hand. He says that no effort will be spared to do anything that may work for the furtherance of the hope which seems to have sprung up in many hearts that Blythe may live.

Blythe still continues to fall. The confinement at Barre at last breaking down his rugged strength and iron reserve. For two days he has been confined to his bed, and his physical condition makes it difficult for him to stand. His mind was calmer last night than it has been for days, but Governor Chambers told The World that he found him weaker, both mentally and physically, than he has heretofore been. It is now doubtful whether, even should no hand be outstretched to save him, he will be strong enough to walk to the execution chamber Thursday morning.

W. T. White of the National Trust Company has given expression to the general sentiment in a communication whose impressive words may be regarded by the authorities as a public manifesto.

W. T. White's Appeal. Editor World: I believe public opinion is overwhelmingly in favor of the commutation of the death sentence in the case of Blythe. It is true his crime was terrible and no question arises as to his guilt or the justice of his conviction and sentence under the law. No doubt the cabinet acted with the best intentions in granting a reprieve in order to give full consideration to the case. Notwithstanding all this there are many circumstances which appeal to the sentiment and even the sense of justice of the community.

The crime was committed in a frenzy of drunken rage, probably in a quarrel, and although the law rightly declines to accept drunkenness as an excuse, no one can consider Blythe's crime the equal in moral turpitude of cold-blooded, deliberate murder, where the motive is revenge or gain. Then there is the further fact of two innocent children, who will go thru life branded with the history of a mother murdered by her husband and of a father paying the death penalty on a scaffold.

The substantial reason, however, for the commutation of the sentence is that the crime was committed in a frenzy of drunken rage, probably in a quarrel, and although the law rightly declines to accept drunkenness as an excuse, no one can consider Blythe's crime the equal in moral turpitude of cold-blooded, deliberate murder, where the motive is revenge or gain. Then there is the further fact of two innocent children, who will go thru life branded with the history of a mother murdered by her husband and of a father paying the death penalty on a scaffold.

A Wonderful Sight Say the I.P. Delegates

Impressed By the Display of Britain's Might and Heartily Cheer the First Lord.

LONDON, June 13.—(C. A. P.)—The Imperial Conference delegates were profoundly impressed by their inspection yesterday of the home fleet at Spithead. The 18 miles of warships included four Dreadnoughts and seven Invincibles, and constituted the most powerful fleet ever assembled for review. Sir John Fisher, first lord of the admiralty, accompanied the delegates. On the arrival of the Victoria they gave him a great ovation and escorted him to his car, singing "For he's a jolly good fellow." It is understood that the camp has been called a wonderful object lesson to them of the empire's naval might.

OFFICERS WON'T TAKE "SKELETON" INTO CAMP

So the 59th Regiment Will Not Go Under Canvas This Year

CORNWALL, June 13.—(Special.)—As the officers of the 59th Regiment and Gleanery Regiment practically refused to go into camp at Cornwall on June 21 at half strength, as ordered by the militia department, it is understood that the camp has been called off this year so far as the 59th is concerned. The officers were anxious to have a full turnout, and the citizens of the town and the district have never had an opportunity of seeing the regiment, which has always camped at Barrisfield, Kingston or Rockcliffe, Ottawa. The officers thought it would be folly to incur the expense to drill a mere handful of men.

A HUNDRED PERISH IN FRENCH 'QUAKE'

Several Towns and Villages Devastated—Many Die Lingering Death Under Debris.

MARSEILLES, June 13.—From 75 to 100 dead and 100 injured is the estimated total casualties as the result of the earthquake which devastated several towns and villages in the southern part of France, particularly in the department of Bouches du Rhone, Friday night. The villages of Saint Cannat and Rognes were completely demolished by the debris before they died. At Rognes a family of four were buried. Their cries could be heard thruout the night, but all were dead in the morning when a rescuing party reached them. At Saint Cannat an old man and his son were watching a billiard game. They were killed. The players were wrecked, but no one was killed. The monetary loss is heavy. The confusion—fearing new shocks last night a large number of residents left the city and camped out in the country. The mayor opened the schoolhouse for those walking the streets. The earthquake damaged the arsenal and several ships were almost driven ashore.

Quakes in Spain

MADRID, June 13.—Light earth quakes occurred Saturday morning at Barcelona and Sagalona, six miles northeast of Barcelona.

BELLEVILLE BOY DROWNS

Falls Overboard From a Motor Boat in the Lake.

BELLEVILLE, June 13.—A drowning accident occurred on the Bay of Quinte this afternoon. Ora and Harry Delong were out in a motor boat. When near Trenton the former in some manner fell into the water and was drowned. He was about 19 years of age.

THE PETITION.

TO THE HONORABLE THE MINISTER OF JUSTICE, OTTAWA:

We, the undersigned, humbly petition that the sentence of death upon Walter Blythe, now awaiting execution in Toronto Jail, be commuted to life imprisonment, believing such commutation to be in accordance with the dictates both of justice and humanity:

Name. Address. Profession or Calling.

BRITAIN'S NAVAL DISPLAY

Delegates to I. P. C. See Monster Fleet and Witness Realistic Mimic Warfare.

LONDON, June 13.—(N. Y. Herald Cable.)—It was the turn of the navy today to do honor to the delegates attending the Imperial Press Conference in London, and at the invitation of the admiralty a distinguished company journeyed to Portsmouth to make personal acquaintance with the premier naval establishment and with the home and Atlantic fleets at Spithead. 144 ships in all.

It is the first time that the fleet has emerged from its chrysalis state, and its present high standard of strength, which includes no less than seven Dreadnoughts, received its due meed of praise from the visitors. The empire's gunnery, the Commonwealth, came in for much attention at the hands of the colonists, some of whom thought maybe of the time when the Dreadnoughts offered by the Dominion would materialize and form a part of some such fleet in future.

The officers were anxious to have a full turnout, and the citizens of the town and the district have never had an opportunity of seeing the regiment, which has always camped at Barrisfield, Kingston or Rockcliffe, Ottawa. The officers thought it would be folly to incur the expense to drill a mere handful of men.

LE NATIONALISTE EDITOR JAILED FOR CONTEMPT

Sent Down for Three Months for Commenting Upon the Court's Decision in Lavergne Matter.

MONTREAL, June 13.—(Special.)—Jules Fournier, editor of Le Nationaliste, has been sentenced to prison for three months for commenting upon the court's decision in the Lavergne matter. The court found Fournier guilty of contempt of court for publishing an article in which he had commented upon the court's decision in the Lavergne matter.

PARIS PLANS TO AID BEAUTY

City Votes to Spend \$160,000,000 For General Improvements.

PARIS, June 13.—Paris has voted \$160,000,000 for beautifying herself. The sum will be spent in the next few years on the improvement of the city's appearance. The plan includes the construction of new parks, the widening of streets, and the improvement of the city's drainage system.

Registration In Waterloo Not Legal?

Formal Protest Entered—Conservatives Claim They Haven't Had Time to Organize.

BERLIN, June 13.—(Special.)—Notwithstanding the people apparently have been enthusiastic regarding the approaching election, interest may be shown as a result of a protest entered Saturday afternoon against the registration of the board of registration on the grounds that insubstantial notice of the same was given.

The facts are that E. J. Beaumont, clerk of the county court, being unable to act, owing to the sittings of court, County Clerk Bowman was appointed to act in his stead. The writ was issued at Ottawa on June 2, and was delivered here in person on June 7, by J. G. Foley, clerk of the crown in chancery at that the registration began on June 9.

The authorities claim to have acted within the requirements of the act, but the conservatives claim that the registration was irregular and invalid. There is no indication however, that the conservatives will place a candidate in the field against Hon. Mackenzie King. Liberals claim that the action taken is simply in order to secure a political capital.

The registration court sat three days, Wednesday, Thursday and Saturday. The court was presided over by the Hon. J. G. Foley, executive has issued a statement complaining that the short notice given did not give them time to organize for registration.

FRENCH FLAGS VANISH FROM CHURCH PARADE

Noticeable Omission From Corpus Christi Procession in Montreal—Children Carried Union Jack.

MONTREAL, June 13.—(Special.)—The feast of Corpus Christi, the most important of the Roman Catholic Church, was closed here to-day, but two incidents were generally commented upon. The first was the total absence of the French tri-color flag in the monster procession, which for a very long time has been a conspicuous feature of the celebration. The second incident was the attitude of the French Government toward the old national flag, first, by the church, and secondly, by the people in the cities of the Province of Quebec.

C.Q.D. FLASH ONCE MORE PREVENTS HORROR AT SEA

Operator on the Wrecked Slavonia Secures Assistance From 180 Miles Distant.

PUNTA DELGADA, AZORES, June 12.—Wireless telegraphy played a prominent part in the saving of the crew and passengers of the Cunard liner steamer Slavonia, which is a total wreck two miles southwest of Flores Island. The steamer Princess Irene was 180 miles away when the thrilling call "C. Q. D." was picked up. It was shortly before midnight of Wednesday, June 9, that the wireless distress signal was received on board the Princess Irene. The operator answered, and immediately got a message in reply stating the Slavonia was ashore, and where, and asking the Princess Irene to come to her assistance.

Her course was at once changed and she went ahead at full speed 15 knots an hour, to the designated location, two miles southwest of Flores Island. The Princess Irene arrived alongside the Slavonia on Thursday afternoon. It was arranged that she should take on board the cabin passengers of the Cunard liner and work was at once begun. All Thursday night was taken up with the transfer, and the 110 passengers, women and children, were on board by daylight. The transfer was made without a single accident and on Friday morning early the Princess Irene left the Slavonia for Gibraltar. In the meantime the wireless call for help sent out by the Slavonia had been heard by the Hamburg-American liner Batavia, which hastened to the scene. The intermediate and steamer scene. The Slavonia was transferred to the Batavia also without accident.

There remained on board the Slavonia only the members of her crew, but according to the latest intelligence received here the entire ship's company left the wreck and went ashore at Velas, on the Island of Flores, some time on Friday morning. The Slavonia was full of water and she was a total wreck. Flores Island, where the Slavonia is grounded, is the most westerly of the Azores group. Many dangerous reefs surround the island, which is of volcanic origin, and a great reef extends seaward to the southwest.

Disaster During Manoeuvres of the Russian Fleet—Two Divers Perish in Attempting Aid.

SEBASTOPOL, June 13.—All hope is gone of saving the lives of the crew of 20 of the Russian submarine Kambala, which was sunk in collision with the battleship Rostislav, during manoeuvres Friday night, or recovering the wreck, owing to the great depth of water.

FIRE DEPT. NEEDS NEW ALARM SYSTEM

Also Some Additions to the Force—The Events of One Night and the Moral They Should Impress.

It is expected that the fire underwriters will shortly bring to the attention of the city council the urgent necessity that exists for an improved fire alarm system and an addition to the equipment of the department. It will probably be used as the foundation of an argument in reply to the city's request, not long ago, for the promised reduction in rates.

That the fire department was, thru no fault of its own, in a fairly fringed condition, a week from last Friday night, due to the defects above noted, will be the basis of such representations as may be made. The facts are surely sufficient to arouse Ald. Church, as chairman of the fire and light committee, to quick action. It happened this way on the night in question. An alarm was turned in first from box 47, for the blaze in the Landreville cooperage, on Tapanueh-street, after a still alarm had been very promptly responded to by the Portland-street sections. While that alarm was being turned in, the alarm did not get to the policeman, who had found a fire in Greer's foundry, at the foot of Church-street, ran to box 8, at Scott and Wellington-streets, and put the alarm on. He failed to hear the usual sound on the small-announcer in the box, and finally concluded that the mechanism was out of order. So it was—but only temporarily, and because of the antiquated system that Toronto now has and that prevents the sending in of more than one alarm at the same time. The patrolman, however, had to hustle around and locate a telephone, while another party ran to the Electric Light Company's box. The alarm did not get to its destination, but was delayed sufficiently to have given a fire, dangerous at the beginning, a great chance to spread itself.

In the Midst of Alarms. While the downtown firemen were out at this blaze, the west end section sent in a call for assistance. They got it. And when an alarm was turned in from box 158, at Gladstone and Hallam, in the northwest corner of the city, it was necessary for Yorkville street wagon and truck and Yonge-street chemical to make the run of two miles.

Then there came a still alarm from Strachan-avenue, and Bay-street, chemical and Lombard-street hose (No. 6) had to travel the long distance west. While they were out returning from a fire at the Gladstone Hotel, at the Queen-street subway. There was nothing left for Operator Saunders to do then but to send Hook and Ladder 1 from Lombard-street, and Hose 15 from Richmond-street on the run of nearly three miles. On the way they picked up Hose 4 returning from Strachan-avenue and took them along. Word over the telephone being that the hotel was on fire, ward was sent to Chief Thompson, who had returned with Hose 7 to Tecumseh-street, and several sections there picked up and hustled off. But the fire happened to be a trivial one.

In the meantime a still alarm from Church and Wellesley-streets got the Yonge-street chemical and the Bay-street hose and ladder, and Lane street from across the Don and missed a still alarm call from their district in Kew Beach.

Force is Undermanned. Fortunately, the whole list of fires outside of the first, were harmless, but if anyone had proved bad—what of the others?

Toronto now has a population of about 350,000, extending nine miles from east to west, and about three miles from north to south. The city has agreed to the necessity of four new stations out there in the outlying districts. Either they are in the outlying districts, or additional fire stations, or double plants turn out, leaving the men in reserve, seem to be required.

At present nine stations are along Queen-street or south of it; five south of Bloor-street, and two just above Bloor-street. When the old Bay-street station is closed, it will leave the real district in the portion bounded by the Esplanade, college and Jarvis-streets, without a fire station, though there are stations on the fringe.

Need Alarm System. To-day the city council has tentatively agreed to Chief Thompson's suggestions, and provided some at least of the increases to the strength of the department. It has, curious to say, practically neglected what is practically the nerve-system of the department. Before the memorable big fire of 1904

BAPTIST PASTOR RESIGNS DIDN'T WANT NEW CHURCH

Rev. Hugh McDiarmid Says the Undertaking Would Cripple Work of Church For Years

HAMILTON, June 13.—(Special.)—Rev. Hugh McDiarmid this evening resigned the pastorate of the Herdmer street Baptist Church, to take effect Sept. 15. He said his reason for the step was that a majority of the board was in favor of building a new church, and he declined to lead in an enterprise so expensive and which would cripple the work of the church for years. He admitted that there were other points of difference, but said they could have been adjusted. One difficulty is said to be over a promised increase in the pastor's salary.

Bert Wylie, a young Glanford farmer, whose back was broken several weeks ago by a falling tree, and who has been in the city hospital ever since, was reported to be dying to-night. Morley Jones, 211 Herkimer street, fell from his wheel near the Jockey Club this afternoon and got a bad cut in the head and other injuries.

Edward Lewis, 109 West Cannon street, was taken to the city hospital to-day with a broken leg. His explanation was that he was "fooling" with someone when the mishap occurred. Mrs. Mary McKinley, 303 East Cannon street, and her daughter, Margaret Kew, 3 Briton street, were arrested Saturday on the charge of being drunk and disorderly.

Four drunks, the first Sunday drunks that have been arrested for some time, were locked up to-day. Constable Campaign nabbed three of them.

Coal Oil Lamps Explode. The firemen were called out twice Saturday to fires caused by the explosion of coal oil lamps. The first call came at 3:15 p.m. to the home of Mrs. Lee, 128 Robinson street, and the second came at 8:41 p.m. to the home of Mrs. Mary O'Neill, 225 North Park street. The loss in each case was slight.

The feast of Corpus Christi was observed in all the Catholic Churches to-day by the usual procession and mass. The army medical and army service corps set out for the Niagara camp Saturday afternoon. The medical corps will march all the way. They camped at Stony Creek last night and expect to cover about fifteen miles a day.

Sir Paul's Presbyterian Church has taken out permit to build a \$10,000 Sunday school. The proprietor of the Palms was fined \$40 Saturday in the police court for selling ice cream on Sunday. John Seaman was also fined \$10.

AFTER THE GAME

Holiday Crowds Made a Day of It at Scarborough Beach. The Scarborough Athletic Grounds, which were opened on Saturday, attracted large crowds and a large proportion of the spectators of the lacrosse game took advantage of the invitation of the Scarborough Beach management to enter the amusement park after the match without charge. The invitation was more popular than the Beach managers expected, for the park was filled with people at the usually dull hours between 6 and 8 o'clock. The park hippodrome is one of the new features this season, and it is enjoying a wide popularity. Last week's show closed on Saturday night, and the headlines of the bill for the coming week will be "Van Cleave, Denton and 'Pete' in a sketch entitled 'A Lady and a Darkey's Adventure with a Real Circus Mule,' the Newsomes, an acrobatic combination from the Ringling Bros' circus, an air daniel trapeze act by De Renzo and La Du, European gymnasts, and others.

LEAVE TO GO TO CAMP

Government's Concession to Militiamen in Outside Civil Service.

OTTAWA, June 13.—(Special.)—The following will be the dates of competitive practice at Petawawa camp for field artillery brigades and heavy regiments of Canadian artillery: Field Batteries: 4th battery, 2nd brigade, Hamilton, July 21, 22; 7th battery, 2nd brigade, St. Catharines, July 21, 22; 8th battery, 2nd brigade, Toronto, July 25-28; 9th battery, Deseronto, July 28-30; 10th battery, Cobourg, Aug. 16-18; 6th battery, Montreal, Aug. 15-20; 7th brigade, Montreal, Aug. 23-25; 1st brigade, Guelph, Aug. 25-27; 6th battery, London, Aug. 30-Sept. 1; Cobourg Cavalry and Amalgamated will proceed to camp with full establishment, except the heavier division, which will not train. The authorized establishment will also be short one ambulance wagon, and its corresponding number of horses.

Leave of absence has been granted to all permanent employees of the outside civil service throughout the Dominion to proceed to camp to undergo annual training with the corps to which they belong, and that such leave shall not be reckoned as annual leave.

Sir Wilfrid at Brockville. Sir Wilfrid, June 13.—(Special.)—Sir Wilfrid and Lady Laurier were entertained over Sunday at "Victoria Place," the palatial home of the late Senator Fulford, coming in from Ottawa Saturday afternoon. One of the features of the short outing was a trip through the islands of the St. Lawrence on Mrs. Fulford's yacht.

ALEXANDRA SCHOOL HOLDS ANNUAL MEETING

All Reports Are Gratifying—Darling Attack at Balm Beach—County News

The annual meeting of the Alexandra Industrial School, held in East Toronto on the beautiful grounds of the institution on Saturday afternoon, was in all respects one of the most gratifying in its long history. The weather was ideal, tempting scores of citizens not hitherto in close touch with this worthy institution, to run out and observe at close range the splendid work being carried out by the allied provincial, city and county authorities, coupled with the janitor-tested work of many philanthropic people. A large marquee erected on the lawn was utilized for speaking and concert purposes, and here following the presentation of the several reports the pupils of the school and others received the directors, the Hon. Lieut.-Governor Gibson, accompanied by Mrs. Gibson, drove out during the afternoon and were received by the directors, the cadets of the Victoria Industrial School playing the national anthem. Controller Hocken was in the chair and the Lieutenant-governor, who had left early on the afternoon train, to leave early to return to the city, spoke briefly. "I refer with pride and gratification to the fact," said he, "that it was during my occupancy of the position of provincial secretary that the grant to this worthy institution was first made. The Alexandra Industrial School has more than justified its existence in the splendid work done during these years. His honor warmly complimented the superintendent, Miss Parrot, on the insignificant work being carried out under her own direct supervision, and referred in the kindest terms to the excellent deportment and appearance of the girls of the institution. Miss Parrot and her assistants later, was a voluminous document, dealing with every phase of the work. Superintendent Ferrer of the Victoria Industrial School likewise submitted the report of that institution. His references to the success attending the efforts to teach the boys useful trades was especially satisfactory. In the Alexandra Industrial School during the year 60 girls from 29 municipalities were admitted, of an average age, while 60 girls left during the year, being placed in good situations. Cooking, dressmaking, fancy work, and all the good uses of the accomplishments are taught, and some of the pupils are splendid examples of the success attained in music and elocution.

For 25 years Beverly Jones has been the indefatigable friend and treasurer, and has submitted on Saturday afternoon, was in all respects one of the most gratifying in its long history. The weather was ideal, tempting scores of citizens not hitherto in close touch with this worthy institution, to run out and observe at close range the splendid work being carried out by the allied provincial, city and county authorities, coupled with the janitor-tested work of many philanthropic people.

The members of the Toronto Horticultural Society to the number of about fifty paid a visit on Saturday to the beautiful grounds of the Alexandra Industrial School, where a delightful time was spent in a tour through the conservatories. Almost every known variety of plants and flowers was shown in lavish profusion, and the members expressed themselves as delighted with the showing. Following the inspection refreshments were served on the lawn.

WOODBRIDGE. New Tennis Club is Formed Out in Township Capital. WOODBRIDGE, June 13.—A large and enthusiastic meeting of the Humberdale Tennis Club was held at the home of Mrs. N. G. Wallace, together with some of the neighbors. The two officers went west, taking separate courses, and at 3:10 Scanlon came up with his man. He was immediately taken before Mrs. Ray, who identified

Races Today

Win Fronts 6-5 All Beat Caps... Clear Lead in Race Scores and Schedules.

Two wins, have a clear lead in the race scores and schedules. The Shamrocks also have a National and Montreal race, while the Shamrocks and Toronto have a race at Capital, Shamrock.

Still a live topic was when a crowd of thousands took the long drive to Scarborough and new well-appointed bleachers.

First-class lacrosse and we've gone to either side. Two lucky goals at the Toronto pulled up by Shamrocks increased their lead and mixed with vigorous handling, had the middle of the second.

Wreckers inside bomb, but in fact it looked as if much for Harshaw, to say, to handle.

Warwick played a superb game, but the ball up the field and well fed with the ball.

Menary were particularly Saturday. The former, who had been improved on Saturday night in Toronto.

HICKSIE FRIENDS MEET IN ANNUAL CONVENTION

"Message of Quakerism" the Subject of Interesting Addresses at Zion Church

The Genesee yearly meeting of Friends or Hicksite Quakers is being held in Zion Church, College-street, Toronto, a conference having opened yesterday morning with divine worship, followed by an afternoon session in which a number of able addresses were delivered. "The Message of Quakerism" was the subject of the talks and its various phases were dealt with by the following speakers: "The Individual Quaker," H. Perkins; "The Community," F. A. Belcher; "The Church at Large," W. G. Brown; "The Man in the Street," Edgar Zavis and Elizabeth Stover. A meeting of the representative committee, and a business session at 10 o'clock, will be held at 3 o'clock this evening, commencing at 8 o'clock, a meeting of the Association will be held in the Zion Church Auditorium, which will be open to friends attending the conference and the public in general. An important feature of the conference will be the meeting on Wednesday evening, June 16th, when the Rev. J. H. Sheffer, of Toronto, president of the American Purty Alliance, will deliver an address on the subject, "The Nation and the Church." Dr. Albert D. Watson of this city and Elizabeth Stover of New York will also take part in the proceedings. The present organization representative of the church in all Canada and Eastern New York, also the delegates in attendance are largely from Ontario and New York State points.

TOWN NEARLY BURIED

JOGGINS, N.S., June 12.—(Special.)—Twenty-five thousand dollars damage was caused by a fire which was discovered in the town hall here this afternoon. The flames spread to the residences of John Hennessey and Charles Melancon. Change in the wind arrested the flames from the town from destruction, as the flames were now locally handicapped from the lack of water and apparatus.

Family Physician Said Incurable

SHE WAS CURED COMPLETELY BY DR. HAMILTON'S PILLS.

A Terrible Experience With Indigestion. Another example of the marvelous merit of Dr. Hamilton's Pills comes from Kingston, where Mrs. E. V. Holton was snatched from the grave and restored to sound health by this wonderful medicine.

"Three weeks ago I was taken suddenly ill. My head throbbed and ached and I became so dizzy that I had to go to bed. There was a terrible feeling of weight and fulness in my left side and all the rest of my stomach and liver was sore even to touch. I was in a terrible state—had no appetite, in fact I was afraid to eat because of the suffering it had to endure after meals. I got so bilious and had such pains across my eyes that I could scarcely see. My doctor said I had incurable indigestion.

"As a last hope I used Dr. Hamilton's Pills. I saw clearly they were doing me good, and continued the treatment. My appetite and strength gradually returned—and my color improved and day by day the stomach and liver derangements were less troublesome. All symptoms of biliousness, indigestion, constipation, headache, poor color and stomach trouble. Dr. Hamilton's Pills to-day refuse any substitute. 25c per box, or five boxes for \$1.00. By mail from the Cataract House Company, Kingston, Ont.

SWEDEN'S ENTERPRISE. Two New Reduction Plants While Canada is Idle. OTTAWA, June 12.—(Special.)—A despatch here from Danmarfost, Sweden, announces that the Government is controlling the patent rights of the successful electric shaft furnace for the melting of iron ores recently invented by the spot by Dr. Eugene Haant, on behalf of the Dominion Government, has just contracted for the installation of three 2500 horsepower electric shaft furnaces for the making of foundry pig iron at Trollhattan, Sweden. This makes two large Scandinavian plants, whereas in Canada the practicability of reducing refractory iron ores by the electro-thermic process was first demonstrated by the government, that is doing nothing.

Car of Naptha Burns. PORT ARTHUR, June 12.—(Special.)—A spectacular fire occurred this morning in the Canadian Pacific yards, destroying a car of naptha consigned to the Imperial Oil Co. and a car of naptha consigned to the Canadian Pacific. The story is based on the religious flooring from Muskoka for the Pioneer Lumber Co., Lethbridge. The naptha was leaking and a brakeman stumbled, breaking a lantern, and starting the fire.

COBALT--Temiskaming Directors Pass the Quarterly Dividend--COBALT

Weakness in Temiskaming Influences Cobalt Market

La Rose and Other High Priced Shares the Only Strong Stocks in the Week's Business

World Office,
Saturday Evening, June 12.

The local mining exchanges this week have been the scene of large transactions and wide fluctuations. Drives have been frequent for the past several days, but the low prices reached had the effect of bringing out good buying orders, and in the main few stocks remained depressed for any length of time. After a rather stormy upward tendency to the high-priced shares.

The feature of the week was the break in Temiskaming. This issue has been the centre of a determined attack by traders for some time now. It is reported, to the rumor that the next dividend will be reduced and the funds in the company's treasury put into a concentrator. The stock closed last Saturday at \$115 3/4, but was gradually forced to par during the week by persistent selling. News from the mine continued to be good. It is expected that the action of the directors in utilizing the funds in better equipping the property will result in large compensation being received from the rich dump, which is now on hand, and there is no reason to believe that the bear movement will continue for any length of time.

Taking the other stocks that have shown a decline from last Saturday, the Beaver mine has advanced some six points, due to a bearish movement in sympathy with Temiskaming. The Heaver mine has advanced this last week, and consequently an upward movement in the market. On account of the weakness in Temiskaming and Beaver, many of the lower priced shares were almost entirely neglected.

Trading in the higher priced shares was light and with the exception of the better prices made in La Rose, little comment is called for. The Hargraves, Crown Reserve, La Rose, McKinnon, Ottawa, and Silver Lake had a firm market, but the transactions in these shares were few and prices remained practically unchanged.

On the whole the market has been somewhat weak, but with the exception of the mining shares, the under-lying appears to be good, and given a fair change general opinion seems to favor a stronger market in the near future.

The annual meeting of the Chamber of Commerce was satisfactory. The cash in the treasury is sufficient to provide for a long period of development, and with the location of returns are expected within further development.

New York Stock Speculation Is Under Able Control

Public Not Yet Heavily Interested and Advances Are Therefore Held—Toronto Market Is Broadening.

World Office. Saturday Evening, June 12. The continuing strength and buoyancy of the New York stock market indicates a certainty that the public has not yet been stirred with the spirit of speculative mania.

Nothing better illustrates this than the expected upward movements in the Hartman stocks. Everyone with any judgment admits that the Southern Pacific conversion scheme was well timed and sedulously worked out.

The market has arrived at a stage at which nothing is required to account for advances. The simple announcement of someone over the wire, "I hear that so and so is going to have a rise," is counted on to perform the duties of critical and careful examination of values.

The first indication of a speculative revival in Canadian securities at the Toronto Stock Exchange is the upward movement in Dominion Steel and Dominion Coal.

The weak stocks in the market have been the foreign traction and power stocks. Mexican Light and Power is still under the cloud of the damage which occurred to the company's property.

In the general speculative department, trading during the week has been quiet, but very little stock appears to be hanging over the market, and there certainly is a greater disposition among the public to pick up securities which are not yet thought to have advanced to dangerous levels.

10,000 Soft Shirts at a DOLLAR

ONE DOLLAR is enough to pay for a Summer Shirt. That's the argument. It is backed up by 10,000 shirts, which have been put into our Men's Furnishing Department stock. We are going to sell these shirts in the following order:

Mid-Summer Hats at \$6.50

THIS season will see at all the fashionable summer resorts a preponderance of hats of all kinds we have gathered together at one price for Tuesday's visitors.

Made from braids of fine mohair, real hair, with Tuscan, Italian Leghorns, and white chip and lingerie effects. Entirely beautiful styles. All the materials, including the fine imported trimmings, are reduced in price to make this one of the best values we have offered this summer. Tuesday \$6.50.

Natural Colored Pongees

ONE of the popular summer silks. The woman who admires natural Pongees has the world on her side, for everybody wants Pongees this season.

Our Silk Department, of course, can show you what you want. It costs less to buy Pongees here than anywhere else in town. Our scale of prices runs as follows:

- 26 inches wide, bright knobby weave, 30c. 34 inches wide, heavy lustrous make, 55c. 34 inches wide, extra heavy lustrous grade, 60c. 40-inch Chiffon Taffeta, yard \$1.19. C. J. Bonnet's Mousseline Duchesse, yard 80c. C. J. Bonnet's Chiffon Taffeta, yard 78c. 36-inch Swiss Habutai, yard 90c. 36-inch Lyons Dyed Habutai, yard \$2.10.

Six Beautiful Summer Dress Fabrics

ANY one of these fabrics, except the last, would make a gown or a costume for an empress. The sixth item, a dustproof lustre, would not come amiss, even to Her Imperial Majesty, for knockabout purposes, such as motoring, picnicking, etc., though, of course, Empresses don't have as much opportunity as we do for that sort of thing. The great point is that Simpson's Dress Goods Department contains plenty of summer interest for everybody.

- No. 1—A beautiful range of silk wrap Henriettes, a rich, soft, clinging fabric, particularly suitable for this season's style of gown; decidedly smart for reception, carriage or street wear; all new and exclusive shades, including black, represented. Tuesday, per yard, \$1.50. No. 2—Ripple Crepe, a new silk and wool fabric of great beauty and durability; absolutely uncrushable; very handsome for house and street wear and all social functions; a rich choice of shades, including amethyst, champagne, reseda, brown, steel, pink, sky, rose, ivory black; 46 in. wide; \$1.50 per yard. No. 3—Taffeta Cloths and Silk and Wool Marquisettes, special shipment of these popular summer fabrics just received; light, cool and dressy; they are uncrushable and dust-resistant; and most particularly smart in the summer gown; 44 in. wide; all shades; \$1.50 per yard. No. 4—Cream Coating Sergees in the fine twill for dresses; in medium weight for tailored suits or separate skirts; for summer and holiday wear these sergees cannot be surpassed; being thoroughly shrunken, they launder beautifully and retain their shape; 46 to 52 in. wide; 60c, 85c, 75c, 85c and \$1.00. No. 5—Black Silk Embroidered Voile. This is one of our most beautiful fabrics in black; 3 different designs, rich, dressy material, and makes a handsome gown for all occasions; a graceful drapery fabric, which will not crush; 44 in. wide; \$1.25 and \$1.50 per yard. No. 6—A special shipment of Cream and Colored Lustrous, summer's favorite fabric; absolutely uncrushable and dust-resistant, nothing better for knockabout wear. You can have the lightest weight or heavier Sicilian make in all the pretty shades, including black; 44 to 50 in. wide; 44c per yard.

Table showing sales schedule for shirts: Tuesday we will sell 100, Wednesday we will sell 200, Thursday we will sell 300, Friday we will sell 400, Saturday we will sell 500. Weekly totals: First week 1,500, Second week 2,000, Third week 3,000, Fourth week 3,500. Monthly total: 10,000.

That's our plan and our expectation. As soon as the news about Simpson's 10,000 contract spreads, and men see the shirts and hear other men speak of them, the sale will increase on the double ratio.

Tell you how we came to get such good shirts to sell at \$1.00. We simply selected \$1.25 and \$1.50 samples, and bid the price down by putting the quantity up.

Come and choose some Summer Shirts on Tuesday. We expect to sell 100 the first day—perhaps we'll sell 1,000. We'll have sold the entire 10,000 by a month from now—you'll see.

All the new things in ideas in summer shirt craft in the selection. Neglige style, pleated or plain, with cuffs attached or detached. Stripes, plain colors, spots, checks, etc. Sizes 14 to 17.
