RUSSIANS SUDDENLY TAKE OFFENSIVE AND DEFEAT THEIR ALLIED ENEMIES

Drive Austro-Germans Across the Dneister; Capture 6,500 and Many Guns -- Germans Have no Lack of Men or Munitions

Petrograd, June 11.—Suddenly assuming the offensive, the Russian forces in Galicia, south of Lemberg, have defeated the Austro-German forces upon the Dneister River, capturing 6,500 men, 188 officers, seventeen cannon and 49 machine guns.

Official announcement of the victory was made by the Russian War Office today.

The Austro-German army of General Von Linsingen has been driven back across the Dneister by the Russians, and the Austro-German drive against Lemberg from the south has been checked.

Genoa, June 11.—A despatch to the Tribune from Innsbruck says: The Russians bombarded the Austrian positions from Stanislaw to Belsk on the left bank of the Dneister. They have driven the Austrians across the river, making a large number of prisoners. The Austrians have also been obliged to fall back across the Dneister at Bukowina. The Russians stopped the advance of an Austrian column marching on Kolomea. The action was fierce and the losses heavy on both sides.

The Position Reversed. London, June 11.—The Daily Mail's Petrograd correspondent telegraphs that in addition to one million German troops pressing towards Lemberg, there were 800,000 moving against the Dneister line. He says that nowhere on the Galician front or in Poland do the Germans appear to be short of men or munitions. In the Shavl district, where the Russians have been gradually driving the Germans back, the forces have been increased to about 100,000 men.

The hope that the German government already has drawn upon all her resources in Italy, says the correspondent. Out of nine million available Germans and six million available Austrians, he says not more than three million have been put even temporarily out of action. It is true that their losses have been heavy and that even the best troops show signs of occasional exhaustion, but the gaps are filled immediately and the line presses on.

The morning session was devoted chiefly to organization of officers and the constitution of committees. It was marked by the eloquent sermon of Rev. H. S. B. Stroh and short addresses by the Rev. F. A. Wightman and Dr. Hazlewood of the social service department of the church.

The conference resumed at two o'clock this afternoon when the programme included an eloquent and earnest address by Rev. H. S. B. Stroh of Allerton, P. E. I., on the teaching of the new concerning Him.

When the business session opened at seven o'clock the convenor of the committee on pulpit supply for Sunday reported the arrangement for churches other than Methodist which already have been announced as follows:

The Italians And Austrians In Real Fight

Former Forced Back Several Times But No Decisive Victory for Either Side

Genoa, 10th June, 11.—A Lath despatch to the Tribune says: "The Italians began their march against Corva on the morning of June 8, when the first detachments were near the city. Austrian artillery opened fire and heavy masses of the infantry which were thrown forward forced the Italians to fall back several times."

Colonel Gennaro, June 11.—A correspondent of the Globe Gazette attached to the Austrian army headquarters says that the first considerable battle of the war with Italy has been fought in the region of the Innis River and that it resulted decisively in the Italian advantage. The Austrians lost from 8,000 to 10,000 men. Corva is overrunning with enthusiasm by the Italian army at private houses because of a lack of hospitals.

London, June 11.—Italy is said to have made an agreement with her allies as to the extent of her offensive campaign in the Balkans. The immediate Italian objectives are Trent, Trieste and Villach, the provincial capital of Carinthia.

Ask That Ramsay Be Given Back Place By City

Council Hears Labor and Street Railway Employees Delegation —Request Refused

The noon committee meeting of the common council today was devoted to hearing a delegation from the Trades and Labor Council and the street railway employees for the reinstatement of Fred Ramsay. The request was not granted.

The delegation consisted of Messrs. Sague, Johnson, Williamson, Dever and Stevens. They said that Ramsay had been promised employment by the city at the time of the settlement of the street railway strike and the refusal of the company to take him back was the chief barrier to the settlement; that Ramsay afterwards enlisted with the 28th with the promise that his job would be open for him when he returned from the war; that owing to a dispute with the military authorities Ramsay secured his discharge and then asked to be taken back by the city but was refused.

Commissioner Russell said that if Ramsay had gone to war for employment would have been found for him on his return. At present he had no job open. The delegation pressed for a reason for the refusal, stating that they had 4,000 members who were awaiting a reply to the letter sent to the common council.

Mayor Frink said that it would be a most unusual course for a governing body to displace a man who has returned why they would not employ any particular man. The delegation then retired and the committee adjourned.

More Gains By French In The "Labyrinth"

Forcing Back of Germans Continues—Submarines Keep on Sending Vessels to Bottom

Paris, June 11.—The French War Office reports: "There is nothing of importance to add to the announcement given out last night with the exception of further success in 'The Labyrinth,' where we have continued to force the enemy back, and some progress to the east of Labyrinth, where we occupied several German side trenches, not far from the highway from Arnes to Lalle."

"In the region of Helousterre we have extended our advance made to the north and to the south of the battle front on June 7."

"The occupation of several trenches at this point gave us 100 prisoners and several machine guns."

Belgian and Turkey. London, June 11.—The Bulgarian government, says a Bucharest despatch to the Times, has sent a strongly worded protest to Turkey because of continued indifference to that country regarding traffic on the Debagach railway and the detention of passengers and freight.

Another Steamer Sunk. Cardiff, via London, June 11.—The Glasgow steamship Strathcarron, 2657 tons, was torpedoed yesterday, without warning, by a German submarine, while outward bound from Barry. The crew was rescued.

The schooner Express also has been torpedoed. The crew was landed at Liverpool.

Zeppelin Sunk Fishermen. Maastricht, Holland, June 11.—Two British fishing smacks were sunk by Zeppelins in the North Sea. The crews took to their boats and were rescued by a Dutch smack.

Greek King's Condition. London, June 11.—The following bulletin was issued at Athens last night regarding the condition of King Constantine.

The king's temperature is 98.8, his pulse 105, and his respiration 17. The inflammation in the kidney continues with a slight increase of albumen.

Still More. London, June 11.—The Russian steamer Danis has been torpedoed by a German submarine. The crew were saved. London, June 11.—The Russian bark Eshomans has been torpedoed and sunk. The crew reached Quebec today.

The Swedish steamer Otago, bound for Hull, was torpedoed and sunk last night.

WONDER NOW IS WHY SECRETARY GAVE UP POST

No Trumpet Sound in The American Note

Washington, June 11.—With the publication of the German answer to the American note, officials of the United States government and diplomatic circles generally discussed the probable character of the German government's answer. The feeling in German quarters, was that a favorable response was likely as the note seemed to open the door to a settlement of the German question.

The note, it was said, was purposely phrased so that it would give Germany an opportunity to meet the wishes of the United States with dignity and composure.

Many officials wondered why Secretary Bryan declined to sign the note, which they supposed to be a good one, and carrying many expressions of good will. They thought its friendliness was the result of a desire to give Germany an opportunity to meet the wishes of the United States with dignity and composure.

ONLY 16 BUT FOUR TIMES IN TRENCHES

Letter to Mother From Frederick Boy Soldier

WAS THROUGH LANGEMARCK

News of Province and Nova Scotia Soldiers—More Nurses to the Battle Zone—Some Letters From the Front

Private Cecil Love of Fredericton, only sixteen years of age, has been four times in the trenches and in the famous charge at Langemarck. Writing to his mother he says: "I have got used to being under fire now, though I do not like the shells as well as the bullets. The bursting of the shells, the flashes of the guns and the light of the burning farmhouses set me on fire, but I do not mind it any more."

Sgt. Fred Wade of Pennic writes that the old 12th Battalion is scattered all over the Canadian contingent, many having been with Major Guthrie in the 10th. He himself is with the 13th. Saddler William H. Gregory, of Fredericton, has been promoted to the rank of sergeant in the 39th. Sergeant Gregory is a brother of Sgt. "Dick" Gregory, with the 10th Battalion, in France, and a son of Sgt. R. W. Gregory, who is with the 55th at Sussex, as Durham.

Sgt. Lawson Hanson, of Harbord Bridge, is now on the convalescent list at the Royal Victoria Hospital, Folkestone. He was wounded in the thigh. Rev. S. A. Baker, pastor of the Reformed Baptist Church in Fredericton, has received word from his daughter, Miss Gertrude E. Baker, that she has been accepted for a position with the Harvard University Red Cross unit which will form a base hospital back of the British lines. The Harvard unit consists of thirty-two doctors and seventy-five nurses. They are to sail from New York on June 20.

Miss Helen L. Hinds, of Calais, has volunteered as nurse in the British war hospital services, under Harvard college auspices. She is in Boston. Mr. and Mrs. William Atkinson, of St. Mary's, received a telegram on Thursday stating that their son, Charles, who was wounded in the head while fighting with the 18th Battalion, is in a serious condition.

R. W. L. Tibbitts, deputy provincial secretary, has received word that his son-in-law, Capt. Walter C. Gillis of the Canadian Army Service Corps, is in charge of the supply arrangements at Yanketown Camp. Captain Gillis formerly belonged to Campbellton and graduated in civil engineering at the U. N. B. in 1907. He has been connected with an Ottawa company of the Army Service Corps for some years. His wife and children are now in England.

Bon Grimmer, son of Mr. Justice Grimmer, is now in London attached to the paymaster's staff. He was formerly chauffeur to Sir Max Aiken, M. P., and is now in the 10th Battalion.

Mrs. Robert G. Larsen, wife of Robert G. Larsen, manager of the B. F. Keith Theatre, died yesterday at her home, 174 Glenway street, Dorchester, Mass. She was the daughter of Gertrude Cabot Phelan of Cambridge. Mrs. Larsen was a well known composer. Her husband some years ago was a St. John newspaper man.

The Old Story. Three deaths. Mine severely injured. All women. Cause—Kindling fires with coal oil. It is an old and over-told story, yet the statistical fire table for the month of March contains the above report. Safety first is needed at home as well as in the factory.

For Campers. Forest fires can be prevented by: Never leaving a camp fire until it is out. Never make a camp fire in leaves, rotten wood, or against a log. Never toss away burning matches or tobacco. Never burning brush, grass, or slashings during a dry season.

Wood Supply. A supply of wood sufficient for our future needs will be the result of: 1.—Reducing the per capita consumption. 2.—Protecting the forests from fire. 3.—Increasing the annual growth per acre through the practice of forestry.

DEATHS. KIERSTEAD—At 217 Victoria street, on June 10, Lizzie S., widow of Stephen F. Kierstead, aged sixty-four years, leaving three sons to mourn.

His First Recourse. The schoolmaster wanted to know whether the boys had an understanding of the functions of a consulate. "Suppose," he began, "framing his question in the likeliest way to arouse the interest of his hearers, suppose some one took you up in an aeroplane and after a long exciting flight, dropped you down thousands of miles from home in a country quite foreign, what place would you seek out first of all?"

IN MEMORIAM. MARR—In loving memory of Minerva B. Marr, who departed from life June 11, 1915. Our hearts are bruised and dead, Our home is bare and lone, For our darling who has gone, To our Saviour's blessed home.

was engaged as a despatch carrier. He had several narrow escapes from German snipers. The recruits for the 28th Battery at Fredericton, Wednesday, were George and Phillipa Lorette of that city, and P. C. Cairns, of Sackville. The recruits for the 55th Battalion were W. B. Howards Toronto, and John Bonner of Fredericton. At Canterbury Station one recruit, Scott Grant, enlistee. Several other young men who signified their intention of enlisting but desired some days to straighten out matters in connection with their business.

Miss Lottie Corbett has been granted six months leave of absence by the Moncton Hospital Board. Miss Corbett will go to the front with the Harvard unit of Red Cross doctors and nurses. Dr. Lee, of Boston, who was recently in Moncton to attend the Hewes-Warman wedding, is going to the front with the same unit.

Vernon C. Elderkin, of Parrsboro, is among the Canadian soldiers recently killed in action. Captain G. A. Bruce, of the engineering corps, who left Amherst some weeks ago to join the Imperial forces, is now stationed at Stromness in the Orkneys. Dr. H. B. Lawson, Rollington, will leave on Thursday for Montreal, where he will sail for England. Dr. Lawson has been accepted for service overseas in the Royal Army Medical Corps. Dr. E. V. Sullivan, St. Stephen, has also been accepted, and will go at the same time.

Milton Gregg, who was wounded a few days ago, went to the front with the Medical Corps, dropping his course at Acadia that he might enlist. He is a clever football player and always picked out the thick of the struggle whenever he was on the football field. Edward Dewar, son of N. Y. Dewar, prominent merchant of St. George, has joined the 65th. He is the second of this family to offer their services for king and country. Arthur Dewar, eldest son, joined the mounted force early in the war.

Some Letters. In a recent letter to his father, Sgt. Daniel Lund, of Sackville, said: "I have just come out of the trenches for a little rest. I have been up in the reserve trenches twice and the front line once. I was in the trenches at Ypres, but I am now over in some other part. I don't know where." It is thought Sgt. Lund is in the trenches in Germany.

Mrs. Isaac Gaudin, of Carletonville, recently received a letter from France, from his nephew, Murray McNeil. He writes: "I have been under fire from the Jack Johnsons a number of times. They certainly tear up the ground. On one occasion she burst each side of me, but the ground being soft, it did no damage, except covering me with mud and knocking my cap off. The Germans are using a gas which is something awful. On one occasion we got a taste of it, but it was not directly on us, but even then it was bad enough. The Germans are bombarding every town and village within miles, killing men, women and children, some of the sights we see are awful. The city of Ypres was a few weeks ago a fine city, with some of the finest buildings in Europe. Now it is all in ruins."

Mr. and Mrs. Egerton Seely, of Lower Norton, have a letter from their son, Sgt. Arthur Seely, written on May 26, from a hospital in France, saying that he had received wounds by a shell exploding outside the trench in which the company had been stationed, causing the trench to cave in on them. He was without in the Hampton branch of the Bank of St. John, was transferred to Winnipeg, and enlisted in the 8th Battalion. His wounds are not serious.

Rev. Richard Opie is New President. (Continued from page 1.) Mr. Opie mildly deprecated the wisdom of the conference's choice. However he deferred to their voice, as he always had accepted the decision of the church. He addressed the conference as prayer meeting leader and lay preacher in England, and of his decision to come to Canada as the result of an appeal for men. For forty-one years he has worked in this conference doing what he has been called upon to do. He promised his best efforts in the new office.

A Difference to be Considered. The difference in cost between a pure, wholesome cream of tartar baking powder and one made of alum is a mere trifle, perhaps one cent for a whole cake or pan of biscuits.

But there is a vast difference in healthfulness in favor of food made with Royal Baking Powder. Read the label on your can of baking powder and see what it is made of. There is

No Alum in ROYAL BAKING POWDER which is made from Cream of Tartar, derived from grapes.

BUTCHERS OF LONDON TO MAKE MUNITIONS

London, June 11—Between 3,000 and 4,000 men who are employed at the Smithfield meat market in London have volunteered to work four hours a day in turning out munitions of war. A committee formed to put this plan into effect purposes to close the market two hours earlier than at present on four days of the week, to offset partly the increase in working hours.

The associated chambers of agriculture discussed the shortage of labor for gathering the hay crop. It was resolved to appeal to the War Office to send drafts of men accustomed to farm work, under non-commissioned officers, to help the farmers.

GOOD FOR FISHERMEN.

Bathurst Northern Light—Reports from down the shore are to the effect that there is unusually good lobster fishing, all the factories having as many lobstermen as they can handle. The cod fishing is also very good this year, so that times should be better in the fishing communities than they were last year.

HUNDREDS OF BABIES DYING OF HUNGER

Streets of Mexico City Filled With Starving Paupers—Death Rate 500 a Day

San Antonio, Texas, June 11—Streets of Mexico City are filled with paupers begging for food and the death rate is averaging 500 a day, many of them children who die from hunger, was said in a letter received by a relative here from S. Jamison Swarman, for fifteen years a merchant in the capital. The letter says:

"While our residents are dying from hunger the soldiers of Zapata are robbing, stealing, killing and destroying. President Roque Gonzalez Garza is in charge of the situation, but he is unable to offer any relief. He already has confiscated all food stuffs in the stores, private residences and restaurants for distribution among the poor and middle classes. He was enabled to give each family enough rations to last them through 72 hours if they practiced economy.

"All day the streets are filled with paupers begging for a bite to eat. With the foodstuffs shortage the number of paupers was multiplied by thousands. Most of the street beggars are women with babies in arms.

"At night naked children go to the doorsteps of the richer Mexicans to plead for food, and when morning comes their little bodies are stiff. Ambulances

BRYAN AND THE NOTE

The resignation of Secretary Bryan is made even more surprising when one reads the American note to Germany which he refused to sign. It is as mild a document as even Germany could wish, and we are told from quarters friendly to Germany it will enable the latter country to find a way out of difficulty without humbling its pride. It is also to be noted that while the American note reaffirms the position taken when the former note was sent, it sets no time limit for a reply, nor does it intimate what will be done if Germany remains obstinate.

destroy these craft in larger numbers. Doubtless British ingenuity will presently find a way. The Russians are bringing up reinforcements and resuming the offensive at some points with a degree of success. This is admitted by the German official report of last night. At other points the Russians are retiring to stronger positions. The important fact from the standpoint of the Allies is that they are still keeping the enemy very busy.

THREE FROM N. B. DIE IN BATTLE

Lieut. Stethem, R.C.D., Wounded in Action. N. S. Masons Give \$1,000 To Patriotic Fund—Provincial Delegates For the Front—What Island Colony is Doing. In the casualty list published yesterday three New Brunswick men were reported killed, Pte. Frank Redmond, Woodstock, Pte. R. V. Seely, St. John, and Pte. Chester McLaughlin, St. Stephen. Pte. Hugh Munro, Halifax, N. S. has died from wounds, and Pte. Daniel Dwyer, of River John, N. S., also Pte. Joseph Currie, Stellarton, N. S., reported missing, has returned to duty. Capt. Walker Allan, Truro, N. S., is wounded.

A NOBLE EXAMPLE

The Scotch soldier from Western Canada who bequeathed his life to his country and its estate to the Patriotic Fund, reminds us of some of the classic heroes of ancient times. The name of Neil Campbell deserves to live in the story of Canada's part in the war. His patriotism is in very striking contrast to that of any who are content to profit by the material support in other ways in the prosecution of the war. In the desperate struggle which still confronts the British Empire there is need of such examples as that of Neil Campbell, for there are still many who do not fully realize the magnitude of the danger on the task, or that to organize the country more effectively for war is the prime duty of the hour. A sort of belief that everything will be all right, and that the Allies must win, is both dangerous and harmful. The German staff in the eastern theatre of war has issued an order in which they boast that "God Himself is on our side," and that their aim, to attain "the power and the domination of Germany over all Europe," will be accomplished. Visitors returning from Berlin tell us that the people are very confident. All hopes of an early termination of the war may as well be abandoned. The demands upon the British Empire grow steadily more exacting since France cannot do much more than she is doing, and there is yet a titanic struggle to be waged before the Germans are hurled back beyond their own borders. The hour of sacrifice for the country's need has not passed.

Germany had an affidavit maker in New York. He made one about the Lusitania to the effect that he visited her and saw concealed guns. He is now held for perjury. His was a typical German war trick.

A witness in the Manitoba scandal testifies that a member of the Roblin government paid \$10,000 to keep a leading witness out of the country. When torty wrong-doing was being investigated in New Brunswick recently there were witnesses and books which the Royal Commission vainly sought to secure. This Manitoba affair promises astounding revelations in addition to those which have already wrecked the Roblin government.

German submarines have added to their victims two British torpedo boats, another steamer and a dozen fishing craft. It is worthy of note, however, that they have never yet been able to sink a transport, and that the sum total of their activities has not weakened the British navy, which is stronger today than when the war began, nor interfered to any extent with the trade of the United Kingdom. It is nevertheless very irritating to be unable to attack and

destroy these craft in larger numbers. Doubtless British ingenuity will presently find a way. The Russians are bringing up reinforcements and resuming the offensive at some points with a degree of success. This is admitted by the German official report of last night. At other points the Russians are retiring to stronger positions. The important fact from the standpoint of the Allies is that they are still keeping the enemy very busy.

Germany has sent another note to the United States in the matter of the sinking of the American schooner Wm. P. Frye, and in this claims the right to sink any American vessel carrying contraband. Exclusive of those lost on the battleship Bulwark and the mine-layer Irene, Great Britain's naval losses to date are 4,409. Germany has sent another note to the United States in the matter of the sinking of the American schooner Wm. P. Frye, and in this claims the right to sink any American vessel carrying contraband.

"How do you punish your children when they are naughty?" "I forbid them doing the things that seem to give them the greatest pleasure." "What for instance?" "Oh, kicking the servant on the shins or racing with muddy feet over the kitchen floor after she's just scrubbed it."

MORNING NEWS OVER THE WIRES. H. W. Harwood, formerly provincial architect of Manitoba gave voluntary evidence yesterday before the graft investigating commission that Caldwell, a former member of the cabinet, had paid as high as \$10,000 each to keep important witnesses out of the country and away from the hearing. Sir Charles Davidson the commissioner recently appointed to conduct an investigation into Canadian war contracts will soon open the hearing in Ottawa. It is expected to cover all purchases and will be open to the public. The Kings county court appeal to the supreme court in the case of McArthur vs. Phillips was withdrawn in Fredericton yesterday and leave granted to re-act the case at a later sitting. The body of James Brayne of Tuxet was found on Tuesday in the Tuxet River. He had been missing since Saturday. The coroner's jury found a verdict of accidental drowning while in a fit of despondency. Wise housekeepers say Ingersoll Cheese goes farther than ordinary cheese. No waste, all good.

PUBLIC CONFIDENCE. The great public has the utmost confidence in the outcome of the present war, the integrity of the British Empire, and the glorious future that awaits. One small proof that this is so may be taken from our recent experience.

GOVERNMENT PLAN TO AID THE UNEMPLOYED. Announcement, it is Expected, Will Soon Be Made at Ottawa. Ottawa, June 11—An announcement of the intentions of the government with respect to the problem of unemployment will be made soon. The matter has been investigated by the minister of finance, Hon. W. T. White, and it is understood that a plan is now under consideration which will afford a large measure of relief. No intimation as to the nature of this plan has yet been given officially, but it is expected to have as its principal feature the employment of a very large number of new men on work which will be productive and for which the country will have some return. The delegation of municipal and provincial representatives who waited upon the government some days ago made several suggestions ending with a request that the question be referred to a commission. It is not now considered probable that this suggestion will be adopted, but that the government will meet the situation with a fully prepared plan capable of immediate operation.

GERMANS BUILD SHIELDS WITH BODIES OF DEAD

New Brunswick Soldier Gives Vivid Picture of Scenes on the Battlefield

Sergt. Fred Wade, of Penniac, was in the battles at Hill 60, St. Julien, Ypres and La Bassée. He writes:—

"It is simply hell out here. The dead are lying in heaps, many of them lying unburied since October. The Germans have even built shields with the bodies. We went into battle at Ypres 1,100 strong, and came out minus 188; all but three of our officers were killed. It certainly was awful, we being out-numbered twenty to one. The Germans were even cruel enough to bayonet our wounded. At present we are resting, a week in the fighting line.

"The German snipers are great shots. Just stick your head over the trench and you get it. Their big guns, the Jack Johnsons we call them, are awful. When the shells burst, they kill thirty

Why Don't They Let Us Go?

(By a member of the Divisional Ammunition Column.)

We were drilling on the Island, when we heard the order read To pack our kit for Fredericton, and Dingle Connors said: "Well, boys, we're on our way at last, I'm sure it's very clear That the Ammunition Column is not wanted HERE.

We thought the country needed us; we heard it everywhere When all of us enlisted, and it don't seem hardly fair To keep us up in Fredericton for nearly half a year, For an Ammunition Column is n not wanted HERE.

For England's fame and honor, in the European war, Canadians are fighting and there's need of many more. We'll cross the broad Atlantic soon, and try to do our share, For an Ammunition Column is a big thing over THERE.

We'll say good-bye to Fredericton; and, oh you pretty girls! We'll miss your roguish glances and the tickling of your curls. You might have captured Section One—we gave you ALL a chance. You'll be sorry when we leave you for the sunny land of France.

Chorus:
If England needs our services, why don't they let us know? If men are needed over seas, why don't they let us go? If you're writing to the fellows at the front be sure and tell That we'd like to be among them when they give the Germans hell

A cup of

INSTANT POSTUM

has a delicious, snappy flavor and fine color, but contains no tea, coffee, caffeine, nor other harmful substance.

Postum—made of whole wheat, roasted with a little wholesome molasses—is a pure food-drink and is taking the place of coffee with thousands of people who appreciate health and comfort.

Postum comes in two forms:

Postum Cereal—the original form—requires thorough boiling to bring out its flavor and food value. 15c and 25c packages.

Instant Postum—the soluble form—is prepared in the cup instantly with hot water. 30c and 50c tins.

Both kinds are equally delicious—cost per cup about the same—sold by grocers everywhere.

Charles B. Rand, the Famous Boston Optical Expert

Will Open a Permanent Branch Office in

ROBINSON BUILDING, Market Sq. Room 20 St. John,

where he will examine all eyes by the Rand Special System of fitting glasses

THE RAND SYSTEM OF FITTING GLASSES

is a new principle that I have discovered and perfected by which, through looking into the eyes and taking the exact measure of the eyes all errors of refraction are corrected without the use of letters and lines hung on the wall and without asking you, "Can you see with this lens, or can you see better with that lens?" until finally your eyes get so confused that you cannot tell which lens you can see out of.

Think this over and you will no doubt see why you have not been fitted with correct glasses.

I have thousands of satisfied customers whom I have fitted and helped, and many of them had absolutely failed to receive correct glasses before. They are now wearing my glasses and have sent me many customers, who have also received great benefit.

For TEN DASH to introduce the RAND SYSTEM, I shall examine all eyes free of charge. This examination is worth \$5.00 of anybody's money. I shall also fit all glasses at greatly reduced rates for this limited time.

I am fitting a beautiful pair of glasses as low as \$8.00 and also fitting the most complicated lenses to fit the most difficult cases at about one-half my regular price. I am also giving away free with every lady's eye glass a nice hair pin chain. Read the following testimonial:

Charles B. Rand, Boston (Mass.):

Dear Sir:

The glasses received from you are perfect—the best I have ever used. I had many pairs fitted by the old method, but never had any satisfaction until you fitted me by your special system. I recommend you to all.

Respectfully yours,
A. R. C. CLARK, 51 Water Street, St. John.

Opening Day—Saturday, June 12th—Hours 9 a. m. to 6 p. m. Daily—Friday Evenings Until 8.30

To everyone that has been unable to receive correct glasses, be sure and take advantage of this offer, and have your eyesight examined by an expert, who can tell at a glance just what can be done for you.

If glasses are not needed you will be candidly told so, and no one is under any obligation whatsoever.

Glasses made with the very latest styles and adjustments. Every frame and mounting measured directly from your face and made to fit each individual case.

LAND OR MIRAGE THAT PEARY SAW? McMillan Says it Was Mirage or Illusion - Could Find No Land.

New York, June 10—Whether or not Crocker Land, which Rear-Admiral Robert E. Peary believed he saw at a distance when in the Arctic regions north of the western part of the American continent is a myth, an illusion and a mirage is the subject of discussion among scientists.

The argument arose over a letter from Donald B. MacMillan, now in the Arctic regions at the head of an expedition sent there to ascertain whether Crocker Land really existed. In a letter to The New York Tribune, Mr. MacMillan said that Crocker Land does not exist, but that from the heights of Cape Thomas Hubbard and for several days on the Polar Sea there was every appearance of an immense tract of land with hills and snow-capped peaks in the northwest. As they marched toward it, Mr. MacMillan reported it shifted its location, and eventually disappeared.

Dr. Henry F. Osborn, president of the American Museum of Natural History, one of the institutions which supported the MacMillan expedition, was quoted as saying: "It seems to have been demonstrated clearly that there is no land there." Dr. Osborn said that Rear-Admiral Peary did not claim to have actually discovered the land, but that from the data he furnished in regard to the probability of its being there it seemed quite likely that he was right. "It is apparent in MacMillan's letter that he saw the same mirage that Peary noticed," said Dr. Osborn.

Herbert L. Bridgman said that Rear-Admiral Peary recently repeated to him that he saw what he believed to be land. "Rear-Admiral Peary said to me several times before, 'I never say that a thing is land until I have my foot on it,'" added Mr. Bridgman.

Rear-Admiral Peary was at his summer home on Eagle Island off the Maine coast, and his views on the MacMillan report could not be obtained.

USE COCONUT OIL FOR WASHING HAIR. If you want to keep your hair in good condition, the less soap you use the better. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonsful will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get mulsified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

A Beauty Hint

The Bugbear of Blackheads

EXAMINE your skin closely and see if blackheads are forming under the skin—especially round the nose, mouth and chin. Blackheads are a confession of the use of the wrong method of cleansing for the type of skin subject to this disfiguring trouble. The following Woodbury treatment will keep such a skin free from blackheads.

Apply hot cloths to the face until the skin is reddened. Then with a rough washcloth work up a heavy lather of Woodbury's Facial Soap and rub it into the pores thoroughly—always with an upward and outward motion. Rinse with clear hot water, then with cold—the colder the better. Finish by rubbing the face for a few minutes with a piece of ice. Dry the skin carefully.

Do not expect to get the desired result by using this treatment for a time and then neglecting it. But make it a daily habit and it will give you the clear, attractive skin that the steady use of Woodbury's always brings.

To remove blackheads already formed, substitute a flesh brush for the washcloth in the treatment above. Then protect the fingers with a handkerchief and press out the blackheads. Thereafter, use the above Woodbury treatment in your daily toilet.

A 25c cake of Woodbury's Facial Soap is sufficient for a month or six weeks of this treatment. Get a cake today. It is made in Canada and is for sale by Canadian druggists from coast to coast.

Y. M. C. A. FINANCES

A budget of \$19,500, constituting a record, was adopted at last evening's meeting of the Y. M. C. A. directors. In addition to the operating expenses of about \$11,400, it was decided to raise \$1,500 in a special fund for repairs to the summer camp at Robertson's Point, Grand Lake. Leave was granted H. C. the property committee that the new grading and filling about the building was about completed. A report was also made that the new tennis court was nearly ready for use. W. C. Cross reported for the boys' work committee that arrangements were being made for the summer camp at Robertson's Point, Grand Lake. Leave was granted H. C. Bank, physical director, and P. J. Leggs, boys' work secretary, to attend the Y. M. C. A. workers' summer camp at Lake Couchiching (Ont.), and complete their senior year there.

Most people would rather blame a man for what he doesn't do than give him credit for what he does.

AUSTRIA'S WOES INCREASE DAILY

Difficulty of Picking Men to Fight Her Various Foes—Anarchy in Hungary

Rome, June 10.—Reports received here from various centres go to show that Austria is threatened with domestic complications which will have a disastrous effect on her military organization. A perfect reign of terror is said to exist at Prague and other Slav centres. The jails are full of political suspects, the newspapers have been suppressed and the population terrorized by an army of secret police.

It is impossible to send Slav troops against Russians, Croatsians against Serbians, Istians or Dalmatians or troops from the Trentino against Italians, as they would undoubtedly desert en masse. If the Roumanians enter the conflict another 100,000 Austrian troops will become unreliable. Under the circumstances, Hungary and German Austria have to do more than their share of the work, and have lost hundreds of thousands killed, wounded and prisoners, with the result that Hungary is seething with discontent. Count Apponyi's brutal declaration to Kaiser Franz Josef of an impending internal catastrophe has made an enormous sensation in Austria. Hungary is rapidly drifting into a state of anarchy. If Roumania and Bulgaria join the allies, it will be the last straw, and internal disorders will paralyze the military. All this, of course, increases the confidence of Italy and animates the army, causing it to push forward all along the line with irresistible élan. In spite of the fact that the Austrians hold strongly fortified and entrenched positions in the mountainous country, the Italians are driving them from one position after another.

TYPHOID RAGES IN ASIA MINOR

Seventy-five Physicians Have Succumbed to Scourge—German Families Leaving

London, June 11—An epidemic of typhoid fever is raging among the troops and civilian population of Asia Minor, according to reports from Constantinople, says a Reuters despatch from Athens. Seventy-five physicians already have succumbed to the disease.

There is imminent danger that the Constantinople waterworks system will be compelled to suspend operations because of a shortage of coal, and the output of flour mills has been restricted for the same reason with the result that there is an insufficient supply of bread. The situation is said to be so serious that many German families are leaving the Turkish capital.

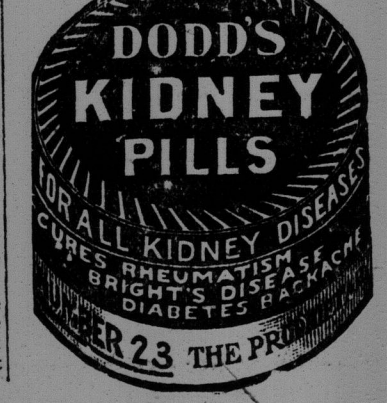

BRITISH AMBASSADOR IS GETTING AFTER VILLA

El Paso, Texas, June 11—H. C. Miles, British vice-consul, yesterday telegraphed Gen. Villa demanding punishment of Villa soldiers responsible for the recent killing of four and the wounding of one British subject at Turpan. The message was sent on instructions of Sir Cecil Spring-Rice, British ambassador at Washington.

THE STANDARD; THE VALLEY RY. AND THE TRANSCONTINENTAL

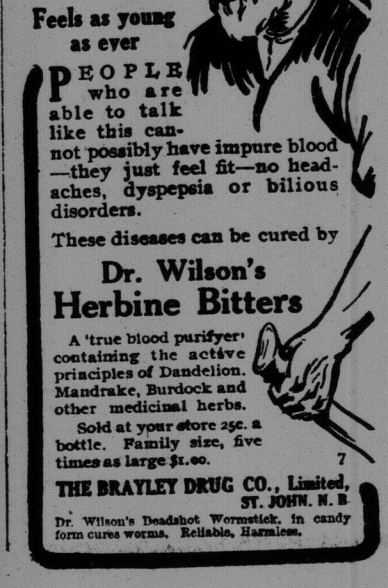

In view of the fact that the Standard accuses the board of trade of playing a political game in the matter of the Valley Railway and the National Transcontinental and its terminals at St. John, it may be noted that on May 3 H. A. Powell, certainly not a Liberal, advised the board to get busy. In the Standard's report of his address this appears: "He thought the railway (the National Transcontinental) would do great harm to St. John unless it became connected with this city, and he thought some arrangement should be made to connect up this line with St. John."

Mr. Powell put the case much more strongly than the Standard's brief report states and pointedly suggested that action should be taken by the citizens of St. John.

Guests Welcomed
Rev. Robert T. McKim, the new curate of St. Mary's church was welcomed by the congregation at an informal gathering in the school building last evening. Addresses of welcome were delivered by Rev. Dr. Raymond and David Hipwell, church warden. An address was presented to D. C. Fisher in recognition of his services as vestry clerk for fifteen years. Music was supplied by the band and refreshments by the ladies.

LONE SOLDIER WORKS THE GUN; COMRADES DEAD

Private H. R. Roe of Toronto
Relates Thrilling Incident
of Langemarck

THE KILTIES' CHARGE

Brilliant Work With Bayonet—
Roe and Others Braved Death
to Save Comrade in Front
of German Trenches

Private R. H. Roe, B. Co., 8th Battalion, has written a graphic description of what he knows of the Langemarck fight, and he emphasizes this:

"I've witnessed one of the greatest deeds of heroism possible during those five days; one in particular I'll never forget.

"During the first day's fighting we were supported by a single battery of 4.75 (four guns), which had been brought up during the night and placed in position.

"At daylight the gunners commenced firing, and kept up a continuous fire until some time in the afternoon, when the battery was put out of action, and all the gunners either killed or wounded. One of the gunners, probably the only survivor, succeeded in getting another

DRIVE GERMANS BACK NINE TIMES

Queen's Own Soldier Sends Vivid Story
of Battle—Stirring Tale of War

Private James Austerbury, who joined the Queen's Own Rifles, and left for the front with the first contingent, is now in No. 5 northern general hospital, Leicester, Eng., suffering from a scalp wound caused by gunshot.

He is a married man with one child, a little lad about two years of age, whose favorite remark is "Daddy's going to buy me a gun." If asked what he wants it for, he replies "to shoot Germans with."

Private Austerbury came to Canada from his native home in Shropshire, Lancashire, England, ten years ago, followed six months later by his wife, who is now residing in Toronto.

In a recent letter he gives a striking description of the recent fighting in which the gallant Canadian troops took so prominent a part:

"I thank God that I am alive today to write these few lines. Our regiment was one of those in the terrible battle. We were four days and five nights under the most terrific shell and machine gun fire. I dare not tell you of our losses, but they are most severe. Our colonel and major were among those who were killed. It seems like a nightmare to me. The men stood their ground like a lot of veterans. The Germans wanted our major to surrender. He told them to go to H— and sent a lot of them there. The Canadians gave them no mercy, for they shot our wounded men on the ground.

"One of our companies drove them back nine times. I and some more men had to go out of the trench and carry ammunition to another trench where they were hard pressed. I never thought we should get there, the shells were falling all around us, and the ground was like a sieve with shell holes. They (the Germans) were shelling this trench then, but our men never moved. I hear only eight men came out of it when they were relieved. There were piles of dead and wounded all round, Canadians, British and French. You read about Neuve Chapelle. That was nothing to this fight. That only lasted one day, but this was on over a week. The battle was on before we went in and still on when we came out, and we were only out for eighteen hours. We had just got into bed when we had to go out again, but not to fight this time, only to dig a new trench on new ground where the enemy had been driven back.

"I shall never forget the sights and sounds at this time. I saw them bury the dead men. They put just about twenty in one of the big shell holes. An English regiment went into action just on our left before us. A lot fell in a few minutes, and some of my chums went out and fetched the wounded men in. They saved seventeen and then we went up. I cannot tell you half of what I could, but there is one thing—the Germans won't be so anxious to meet the Canadians again in a hurry."

Private Austerbury went through the battles of Neuve Chapelle and Langemarck, coming out of both engagements unscathed, only to be wounded in the fight of the 24th. He was orderly to Capt. Crowther, and Lieut. Medland, the former of whom was instantly killed while the Lieutenant died of his wounds. He writes his wife that his company lay in open fields for four days and nights.

Mrs. Austerbury seems very comfortable.

THE A. W. PERRY HAD JUST BEEN SOLD TO MEXICANS

Alonzo W. Perry, president of the Canada Atlantic and Plant Steamship Company, said in Boston that the company's steamship, A. W. Perry, which struck on the rocks off Sambro Head, near Halifax, N. S., was on her last trip before being turned over to representatives of the Constitutionalist party of Mexico.

Details of the sale, Mr. Perry said, were completed on last Monday and arrangements were made to deliver the steamship to representatives of the Constitutionalist party at New York on June 15, after which the Perry would be taken to Vera Cruz. The purchase price, \$50,000, was deposited with the Guaranty Trust Company of New York, to be paid to the steamship company when the vessel was transferred to her new owners.

Mr. Perry said he had no definite knowledge regarding the use to which the steamship would be put, but he understood that eventually she would be armed and equipped for naval service. Mr. Perry left for Halifax to supervise the work of salvaging the ship.

one in action, and remained at his post operating it alone as fast as four men would have done, while German shells fell around him. Finally, he was wounded and carried away.

What the Kilties Did.
Private Roe says it would be difficult, and probably unfair, to single out any particular battalion for praise, as each one did well, but the 48th Highlanders, 72nd Highlanders, and Royal Montreal Rifles made dashing bayonet charges, all of which were successful.

Private Roe had an exciting experience on his own account.
"One night, when three other fellows and I volunteered to go out and bring in the wounded, we got a stretcher and started out with one of the Red Cross men as a guide. He was sure he knew where he was going, but, really, he did not, as he led us into the German lines. Only a merciful Providence saved us. You see, he led us across our own firing line, thinking it was a reserve trench, and proceeded toward the German

trench, when within twenty yards of it, he halted the four of us. He went on, as he said, to find out from the fellows in it, where the bulk of the wounded were.

The Germans, tired after a hard day's fighting, were completely surprised by his appearance, but they soon opened fire.

We got down behind the dead bodies that lay around us, and, after twenty minutes, we managed to get a wounded Highlander on the stretcher, and then we ran with him for dear life.

"Fortunately for us, the boys in our trench did not return the fire or I'm sure some of us would have got it."

THE Outdoor Man especially likes a Coat with Patch Pockets. Somehow or other, they seem to suggest Polo, Golf, Tennis, Boating.

The Fit-Reform model shown above comes in a variety of patterns in harmony with the style. \$15. to \$35.

Why Should You Pay The Invictus Price?

This is no time or casual careless buying—neither of shoes nor anything else.

So men and women everywhere are questioning the price of good shoes—the wise ones are likewise questioning the economy and value of cheap shoes.

As you know, Invictus Shoes cost a dollar or two more than those which copy our styles as best they can and cater to those who think only of price.

Now just why should you pay the Invictus price?

Firstly, secondly, lastly and all the time, because it is the cheapest price in the long run. Because it represents more shoe value and less manufacturing and retail profit than so-called cheap shoes. Because six or seven dollars invested in Invictus will buy more in shoe wear, foot comfort and style assurance than a larger sum invested in low price shoes. Because they are made in Canada.

To demonstrate this to yourself try a pair of the new INVICTUS OXFORDS

PEOPLE OFTEN SAY: "How Are We To Know When The Kidneys Are Out Of Order?"

EASIEST THING IN THE WORLD! The location of the kidneys, close to the small of the back, renders the detection of kidney trouble a simple matter.

Backache is the signal sent out by the kidneys the minute they become overtaxed. Those who heed the warning when it first comes, usually have but little trouble.

The danger lies in delay. Doan's Kidney Pills stimulate the action of the kidneys, and enable them to perform their duty perfectly.

LOCAL NEWS

CONGRATULATIONS.
 His Lordship Bishop O'Leary of Chatham is today receiving congratulations upon the final victory of his elevation to the bishopric of that diocese.

WAS READY TO GO
 Stephen B. Matthews, of the Western Union, and author of the war song *Crazy Bill*, offered himself as a recruit this morning but was rejected because of defective eyesight.

INTERMEDIATE LEAGUE
 In the intermediate league last evening the Gladiators defeated the Braves, 9-8. The batteries were—for the winners, Stafford and Good, and for the losers Tobin and Secord.

BY-LAW MATTER
 In the police court this morning, A. Ernest Baxter appeared to answer a charge of leaving his automobile standing in Brussels street a few nights ago without the rear light burning. He explained that it was burning when he left the car. His explanation was accepted.

JAMES H. CAVANAUGH
 The death of James H. Cavanaugh, a well known shoemaker, occurred yesterday at his home, 280 Union street. He was about sixty-five years of age and, besides his wife, leaves three daughters, Mrs. Henry Stevens, Mrs. Robert J. Hennessy and Mrs. Archibald King, and three sons, Herbert, Frank and Edmund, all of this city, besides one sister, Mrs. Patrick McGing of Roxbury and one brother Patrick of South Boston.

MAKES PEACE IN HOME
 A dispute between a husband and wife was heard by Magistrate Ritchie today. According to the statements of the wife, her husband was a good workman, but was in the habit of drinking too freely, and when he did he abused her. After making both promises to forget the past, he made the husband sign an agreement that he would not drink again until after this was done, and then when he wanted a drink he was to go and invite him to have one at the same time.

DR. MCINTOSH LEFT \$85,000; ALL TO HIS WIFE
 In the probate court today the will of Dr. John Robertson McIntosh was proved. He gives all his estate both real and personal to his wife Miriam J. McIntosh, and nominates her as executrix, and as such she was sworn in.
 Real estate consists of the doctor's late residence in Coburg street, valued at \$10,000; personally \$40,000; life insurance \$28,000; total estate \$88,000. Messrs. Baxter & Logan are executors.

TEA AND SALE AT STONEYCROFT
 A most successful tea and sale took place yesterday at Stoneycroft tea rooms, Quispamsis, the Misses Magee giving the proceeds of the day patriotic fund. They were assisted by several women from about the village, as well as quite a number who went out from the city. Included among the latter were Mrs. Skidmore, Mrs. Ernest Clark, Mrs. Joseph Johnson, Mrs. David Howarth, Mrs. Murray Howarth and Miss Skidmore.
 Afternoon tea was enjoyed by a large gathering, and in the evening there was a supper, which also afforded pleasure. Various articles sold contributed to the proceeds. A meeting of those in charge will direct to which fund they will be apportioned.

The Wheat Market.
 Chicago, June 11—After opening 1/4 off to 1/2 up, the market here rose more above last night before beginning to react.

COOPER-GOODWIN
 A pretty wedding took place last Wednesday evening in German street Methodist church when the pastor, Rev. R. S. Crisp, united in marriage Miss Jennie Goodwin of Milltown and Allan T. Cooper of Conception Bay, both in Newfoundland. The bride wore a pretty dress of blue silk with a white picture hat and veil and carried a bouquet of white carnations. She was attended by her sister, Miss E. C. Goodwin who was dressed in white robe. The groom was supported by the bride's brother, Edward Goodwin. Following the ceremony which started the supper, Mr. and Mrs. Cooper will reside at 182 Charlotte street. They were the recipients of many valuable remembrances.

IS THERE ENOUGH HUMANITY IN THE KAISER FOR THIS?

St. John Soldier Writes of Reported Reason Why Germans Make no Efforts to Hurl Bombs at Folkestone

A letter received yesterday by Mrs. P. I. Jennings, from her son, Quarter Master Sergeant F. X. Jennings, from Shorncliffe, Eng., tells of most of the men of the 23rd Battery having gone to France. He expects to be kept at Shorncliffe for some time because of his work and thought the brigade would be used as a reserve from which drafts would be sent forward for reinforcements. A rigid physical examination was made before the men were accepted for the front.

"I notice the St. John papers still publish stories about the guns 'lost' by the Canadians," Sergt. Jennings writes, "but as a matter of fact these guns lost and gallantly retained at Langemarck belonged to the English artillery, though it was a Canadian detachment which retained them."

"I have often wondered," he writes, "why on account of the large number of shells buried and camped in and about Folkestone, the Germans have never made that town an object of an air raid, even though they have come as handy as Dover and Deal, the former only seven miles distant. According to Folkestone people, there is a reason for this, and it dates back to some years ago when a German steamer was wrecked here and many lives, including some of the German nobility, lost. Some of the bodies recovered were interred in the Folkestone cemetery. On this account, report has it, the Kaiser has given orders that the peace of the town must not be disturbed with bombs. I have learned that the story of the wreck is correct, but as yet I have had no opportunity to interview the Kaiser, so I cannot vouch for the supposed order."

TUMBLE IN THE FLOUR PRICE

Present Hardly Equalled Since Days of the Leiter Corner

The local flour market has witnessed what is probably the biggest drop in flour in a corresponding time since the famous corner in wheat by Leiter some eight or ten years ago. Ontario patents have declined \$1.15, and Manitoba 90 cents, bringing the retail prices down to \$7.80 and \$8.40 respectively. At the time of the corner referred to, there was an almost daily drop of twenty-five cents for a week. This week Manitobas dropped forty cents, and yesterday Ontarios went down fifty cents.
 Dealers give as an explanation for the decline in flour the crop of American wheat nearing the harvest, and the lack of export orders have made them still holding old wheat somewhat nervous. They are now selling at the lower levels because of the prospect for a good crop and fearing they will have no outlet for their present stocks. It is asked if the reduction of a dollar a barrel on flour will have the effect of lowering the price of bread. A North End bakery has been selling a cent lower than others for some time.
