ORDER CHARGE IN ALBERT CO. KILLING

DOHERTY BEFORE COURT; CASE IS ADJOURNED

Preliminary Hearing Opens at Hopewell Cape Today

JURY FIXES BLAME Holds Cairns Cause to Death as Result of Fight With Accused

HOPWELL CAPE, N. B., Aug. 13.—The preliminary hearing into the charge of murder laid against Lawrence Doherty in connection with the death of Howard Cairns at Harvey on Tuesday night, was opened here this morning in the Albert county Court House by Magistrate Bennett.

The court was adjourned almost immediately until Tuesday. The charge of murder was laid against Doherty following the verdict of the coroner's jury at Harvey yesterday, by which it was determined that Cairns came to his death while in a fight with the accused.

The victim had been terribly beaten about the head with a heavy club.

LONDON PAPER IS CRITICAL OF ALL BUT HORNE

Particular Objection Is Taken to Communist Member

WORDS QUOTED Express Fears Views of Visitors Interpreted as British Opinions

THE Daily Express has begun a campaign against the personnel of the British parliamentary and former parliamentary delegates who are going to Washington in October for the International Parliamentary Union conference there. The only one who meets with the newspaper's approval is Sir Robert Horne, who was Chancellor of the Exchequer in Lloyd George's Coalition Government.

The other delegates the newspaper described as scoundrels who, it declares, have no authority or reputation which entitles them to speak on serious topics in this country's behalf.

QUOTES COMMENTS The name of Shapurji Saklatvala, Parson Communist member of Parliament on the list, especially arouses the Express' wrath and Wednesday it published extracts from his speeches such as:

"Let us abolish the Union Jack. The Union Jack is the symbol of enslaved labor all over the world."

"The British Empire is made up of aristocracy, and the cunning, dirty dog of a man who will sell any one's country at any time."

"The British Parliament's chief function is to make laws which are a partnership in guilt and robbery. The Empire is an empire of agitation and dishonesty to all British workers."

"I am a man with a great affection, regard and esteem for Lenin."

FEARS MISINTERPRETATION Saklatvala, when asked if he anticipated any objection by the United States to his visit because he is a Communist, replied: "I don't for a moment expect the United States government to be so childish as to interfere with the expression of the opinions of Great Britain, and the Empire urges the admission of four or five more members of Parliament of world-wide reputation."

Spanish Miners Object To British Subsidies

GLION, Spain, Aug. 13.—Coal miners and owners have held several meetings here to protest against the action of the British government in granting subsidies for coal exports. They believe this policy will cause serious damage to the Spanish coal industry.

Man Held For Swindling Of Bereaved Ones

British United Press. NEW YORK, Aug. 13.—Aaron Goldsmith, 21, of Brooklyn, was held in \$1,000 bail yesterday on a charge of swindling bereaved families. The youth is accused of obtaining names through newspaper obituary columns, then going to the home with a cheap watch and saying it had been sent by out-of-town relatives, who said they would pay for it later, collecting small sums from the grieving families.

MOTHER SHOTS HUSBAND, SELF, TWO CHILDREN

Parents Dead, Children Believed to Be Dying

ONLY ONE ESCAPES West Roxbury Woman, Thought Insane, Daughter Tells of Tragedy

Canadian Press. BOSTON, Aug. 13.—George H. Curtis, of the West Roxbury district, and his wife, Mary, are dead, and two of their three children are believed to be dying at the City Hospital of bullet wounds in the head. A daughter, Dorothy, the only member of the family who escaped injury, told the police her mother shot the others early today, in a fit of desperation, and committed suicide.

George H. Curtis, 37, 29 years old, and Marjorie, seven years old, were shot while they slept, their sister said. Dorothy reported that she escaped because she slept in a room on the second floor, some time in the morning after 6 o'clock this morning.

BELIEVED INSANE Early today, Dorothy reported, her mother called to her to come downstairs. She proceeded to dress, but before she had put on her shoes she was shot. When she reached the lower floor she found both her parents dead and her brother and sister wounded. It is believed that Mrs. Curtis was insane.

FRENCH DEBT SOON SETTLED IS BELIEF

London Paper Says Progress Made—Briand Denies Discussion in London.

Canadian Press. LONDON, Aug. 13.—The Daily Express displays on its front page, today the words: "The latest discussions with France regarding her debt to Great Britain have progressed in a most favorable way and it is believed there will be an early settlement."

It is not suggested that these discussions occurred during the present visit to London of M. Briand, the French Foreign Minister, although M. Briand is believed to have discussed the matter at luncheon at the French embassy yesterday.

M. Briand is described as saying: "We did not discuss debts, we talked mostly about carriages."

BETTER BREAD SOON

Substitute for Wheat Flour is Cut 50 Per Cent. by French Minister.

Canadian Press. PARIS, Aug. 13.—Better bread is promised France, shortly after August 20. Under an order issued by the Minister of Agriculture, millers after this date, must put four per cent. of rye into their wheat flour, instead of eight per cent. of other substitutes. This is a move toward doing away with one of France's last war time measures.

Jean Durand, Minister of Agriculture, in issuing his order, said: "It is only wheat or rye flour that makes good bread."

STOWAWAYS JAILED Three Jump From Ship in Halifax; One Swims to Freedom.

Canadian Press. HALIFAX, Aug. 13.—Three stowaways made an attempt to escape from the Munson liner Muncaster just before the steamer pulled away from the dock for Boston yesterday. One jumped into the harbor and swam to safety among the piles of the waterfront. Two others jumped from the rail to the dock and were rounded up by immigration officers. The two captured youths will be returned to St. John's, Newfoundland, where they boarded the steamer.

Frontenac Changes Hands; Prices Up

Former Director, Donat Raymond, Now Heads Montreal Brewery Group.

Canadian Press. MONTREAL, Aug. 13.—Announcement was made yesterday that the control of the Frontenac Breweries, Limited, has been taken over by a new group, headed by Donat Raymond, former director of the company.

Consolidated with this change, announcement is made by all the factors in the brewery industry here, of a new venture for the year which will begin before the price was announced in March of this year.

It is understood that the men heading the Frontenac Company will give up the inclusion of premiums in their capes, for it was this action that precipitated the beer war nearly half a year ago.

STOCKS DOUBBLE The stock of Frontenac doubled in value overnight to 130, at which figure it closed. The stock had advanced during the first few minutes of trading on the local stock market. A similar jump of 60 points in any stock has not been experienced in the Montreal exchange for several years.

SHIP IN MOURNING SEEN AT MONTREAL

Petersen Limer Carries Blue Band in Memory of Late Head of Company.

Canadian Press. MONTREAL, Aug. 13.—This port saw for the first time yesterday a ship in mourning. It was the Rio Dorado of the Petersen Line. As she steamed up the St. Lawrence, the now famous "blue band" was conspicuous for the first time. This ribbon mark formerly was a broad blue band painted all about the hull about four feet below the top deck. This ribbon mark formerly was a broad blue band painted all about the hull about four feet below the top deck. Kemal Gets Divorce

MUSTAPHA KEMAL PASHA was married January 29, 1923, to Latife Hanoum, daughter of Mousamerou Chaki Bey, wealthy merchant of Smyrna. The marriage is said to have brought him a dowry of one million Turkish lire. A few months later, Latife, known as an exponent of women's rights, was proposed as a deputy to the Turkish Parliament from Constantinople by women of that city, who were indignant over the unsatisfactory proposal of Deputy Salih Effendi to make marriage obligatory. Madame Latife was 19 years old at the time of the marriage. She was described as a dainty, attractive girl, with large black eyes. The dowry of one million Turkish lire which Mustafa Kemal Pasha brought her husband was worth approximately \$650,000 at the rate of exchange at that time.

Gas Bombs Used; Score Injured Before State Troops Stamp Out K.K.K. Disorder In Mass.

READING, Mass., Aug. 13.—After scaling over the roads from four different states, a strong force of state troopers mobilized here today, and stamped out a K. K. K. disorder, which threatened to end in bloodshed. Before their arrival, several tear gas bombs had been hurled, a score of Klansmen and anti-Klansmen had been injured by stones, and sticks, shots had been fired, and two alleged Klansmen were arrested.

DISCUSSED VOTE AND LIQUOR ISSUE

N. B. Temperance Alliance Meets—Rev. T. Marshall Speaks of Matter.

Rev. Thomas Marshall, secretary of the New Brunswick Temperance Alliance, accompanied by Rev. Mr. Clark, Fairville, arrived in the city at noon. They were in attendance at a meeting of the executive of the Alliance in Fredericton last evening at which Donald Fraser presided.

Rev. Mr. Marshall said most of the business transacted could not be told for publication at this date, but a great deal of it had a bearing upon the political upheaval of last Monday, which he said the temperance party were pleased to accept as the people's voice against the present method of enforcing the prohibitory liquor law.

EXPECT MANY FOR POTATO FIELD DAY

Hope That 600 Attendance of Last Year Will Be Exceeded Next Week.

The fourth annual potato field day will be conducted at the experimental farm at Fredericton on next Tuesday, August 18.

Arrangements have been made for prominent specialists in potato diseases. The programme will be opened at 10.30 o'clock. There will be luncheon at 1.30 and the business will continue from 3 o'clock until 5 p.m.

Among the speakers will be C. F. Bailey, superintendent, and E. M. Taylor, plant pathologist for New Brunswick; Dr. E. Schultze, plant pathologist, U. S. Bureau of Plant Industry; Dr. E. M. Lombard, assistant horticulturist, U. S. Bureau; A. Kessel, in charge of insecticide investigations, Annapolis Royal, N. S.; and Dr. O. Johnson, director of Virginia Truck Experimental Station.

Last year about 600 growers attended the potato field day and if the weather is favorable it is hoped to have even a larger number of farmers there this year.

Sir Henry Gauvin May Attend Medical Society Meeting in Moncton Next Year

U. S. Naval Commander Dined by Ulster Premier

If the executive of the New Brunswick Medical Society so desires there is a possibility that the eminent tuberculosis expert from London, Sir Henry Gauvin, may attend the annual meeting of the society to be held in Moncton in 1926, his visit being at the expense of the Canadian Tuberculosis Association. Should the visit be arranged, Dr. Gauvin will discuss the treatment of tuberculosis by heliotherapy or sun rays.

The announcement regarding Dr. Gauvin was made by Dr. R. E. Wodehouse, secretary of the Canadian Tuberculosis Association when he spoke before the medical society in Moncton on Tuesday evening. Dr. Wodehouse is now in Saint John, a guest at the Admiral Beatty Hotel. Accompanied by Dr. G. W. Wherrett, provincial diagnostician, Dr. Wodehouse has been visiting River Glade sanatorium. He will visit the County Hospital in East John and afterwards will go to Kentville and Halifax.

HIGH DEATH RATE

Dr. Wodehouse yesterday spoke of what the Canadian Association has been doing in the Maritime Provinces this summer in the fight against tuberculosis. The tubercular death rate in the three Maritime Provinces he said was among the four highest provincial tuberculosis death rates of Canada, and those associated with anti-tuberculosis work in the three provinces are quite cognizant of the fact and anxious to follow the most helpful programme to rectify conditions.

PUBLIC MEETINGS

Dr. Wodehouse said that in the Canadian Association's program several centres in New Brunswick were visited for public meetings and a further programme will be developed by the provincial tuberculosis association, probably in October. The last two weeks of August are to be spent in the province of Nova Scotia and it is hoped to arrange a maritime conference in one of the three provinces in the last week in August. At this conference it is hoped to have present the minister from the provincial government, who is in charge of the administration of the department of health, and tuberculosis treatment institutions, one medical expert from each of those institutions and the medical experts heads of the provincial health departments. If possible this conference will be arranged to take place in Prince Edward Island under the chairmanship of Premier Stewart.

REDUCTION POSSIBLE

With reference to the high tuberculosis death rate in these provinces Dr. Wodehouse said that it was thought that suitable methods and equipment,

as to treatment, beds and personal, as well as to the provision of free treatment for indigents suffering from the disease would bring about in the Maritime Provinces, the same reduction of death rates that has been obtained through these methods elsewhere. In New Brunswick and Nova Scotia travelling diagnosticians had recently been appointed and this service added greatly to the equipment in the fight against tuberculosis through the whole-hearted acceptance of the services of these diagnosticians by medical practitioners.

New Marble Walks At Soldier Memorial

Crushed white marble was placed in the pathways leading to the civic war memorial in King Square yesterday and this additional improvement to the surroundings of the monument was greatly admired by the citizens who passed by. The monument now rises from flower beds of red geraniums, white alyssum and blue lobelia. Next grass borders outline the flower beds and the effectiveness of the monument's setting. The placing of the crushed white marble is the first touch of a general scheme of improving the setting of the monument which will be carried out later.

There is a Difference and Babies Show It. Doctors, nurses and mothers repeatedly observe the rapidity with which babies respond to Eagle Brand feeding. Any bottle-fed infant will do better on it, though the improvement is more quickly noticeable in the case of babies who have been failing. If regularly given proper feedings baby begins to grow and develop at once. His weight increases, he sleeps better and is happy and contented. Do not experiment with food. If you cannot nurse baby put him on Eagle Brand at once. It has been 88 years on the market and is recognized as the leading infant food.

"Whereas the Progressive party was organized because of intense dissatisfaction with the two old parties, whose records were such that it was felt that, if justice was to be secured for the agriculturists and others who would suffer through special privilege, that an organization must be created which would be absolutely under the control of the voters, and thus responsive to their desires; and

THE NUMBER GROWS.

The case of Leopold Schopp, an aged American millionaire who has given \$6,000,000 to charity and who is taking counsel as to how best to distribute his remaining millions before his death, is a reminder that the list of American rich men who have given fortunes to good causes is constantly growing.

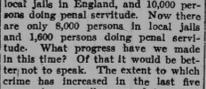

The record indicates that, particularly in the last fifteen years, there has been a rapidly growing recognition on the part of many rich men of the duties and responsibilities which the possession of great wealth involves.

POLICEMAN IS SHOT TWICE BUT GETS MAN

Tooled of Brooklyn Proves Hero in Gun Fight in Street

LEAPS ON TAXI AND PURSUES GUNMAN

Wounded Twice, Drags Negro From Doorway; Then Collapses

NEW YORK, Aug. 12.—Patrolman William Toole of the Gates avenue station in Brooklyn, was standing on the southeast corner of Myrtle and Throop avenues at 8 p.m. when John Miller, a taxi driver, 840 Myrtle avenue, came up and said:—

"See, look at the big gun sticking out of those guy's pockets!" He pointed to two Negroes standing in Myrtle avenue, halfway down the block. Patrolman Toole saw pistols protruding from their hip pockets. He walked up to them, but before he could say a word one, Chas. Powell of 104 Floyd street, Brooklyn, drew an automatic pistol and fired, while the other Negro turned and ran. Powell's bullet hit Patrolman Toole in the right leg, but he grappled with the Negro.

They struggled back and forth across the sidewalk, while women who had been sitting on the stoops screamed and crowds rushed out of the stores. The Negro suddenly broke Toole's hold, stopped, leveled his pistol and shot the policeman in the side and Toole dropped to the sidewalk and the Negro ran through Myrtle avenue and turned into Throop avenue. Toole struggled to his feet, bent double with pain, dragged himself across the sidewalk to a taxicab driven by Solomon Rabinowitz. He pulled himself onto the running board.

Rabinowitz sent his machine plunging into Throop avenue, and behind it came another taxicab bearing Patrolman Arthur Atkins, who had heard the shooting two blocks away. He turned into Stockton street from the way of a tenement as Toole's taxicab came to a stop. Behind it was Atkins' machine. The Negro hid behind a door jamb and held his revolver in front of him. "Get out!" he shouted. "I'll kill you!"

Patrolman Toole got off the taxicab and fell in a heap as the Negro fired again. Then the policeman raised himself to his feet. He could hardly stand, and he was bent over with pain, but he flung his nightstick at the Negro, and then, wavering and staggering, hardly able to hold the revolver, he clutched in his right hand, and went into the doorway after the man who had twice shot him. His revolver blazed as he went, and he held him back Patrolman Atkins, shooting over his comrade's shoulder. The first two bullets from Toole's pistol hit the Negro in the chest and the right leg, and then the weapon fell from the officer's fingers; he could no longer hold it.

Drags His Man Down Atkins shot Powell in the left leg and as the Negro swayed against the door jamb Toole crawled forward, got up on his knees and dragged the Negro down to the floor with him. With Atkins' aid he managed to get to his feet, and then the two policemen came out of the hallway, dragging the Negro with them, and as they reached the curbing Toole fell unconscious. He had such a firm hold on his prisoner's collar that his fingers had to be pried loose.

Toole was sent to Beth Moses hospital, where it was said his condition was serious. He is a World War veteran, 29 years old, and lives in Brooklyn. He had been a policeman three years. The Negro was sent first to the Gates avenue station and then to Kings county hospital, where he was put in the prison ward charged with felonious assault.

Crowd Breaks Up Meeting Called By Britain's Health Ministry For Considering \$2,000,000 Expenditure On Flat Construction; People Want Houses Where They Can Raise Chickens

LONDON, Aug. 12.—Slum dwellers of Stepney in London's east end broke up a meeting which has been called by the Ministry of Health at Limehouse Town Hall Tuesday to consider spending \$2,000,000 for the construction of flats. They did not want flats and wanted to be left in their present houses, and they raised such a rumpus that the inquiry had to be abandoned for the day. When testimony was offered that Stepney was one of the unhealthiest districts in London they yelled "Rubbish!" "Rot!" When an inspector testified that their roofs were leaky and rain fell into their living rooms they shouted out angry denials.

HOW TO KEEP YOUR TEETH

If one would have good, sound, clean teeth, or if a mother would have her child have good, sound, clean, well-shaped teeth, plenty of time foods must be eaten. Some of the foods that contain this substance are milk, spinach, asparagus, string beans, onions, carrots, celery, cauliflower and other foods containing calcium. Bad teeth seem to go with dirtiness, along with poor eyesight, nervous strain and certain other disadvantages of our enlightened era. Pessimistic people never see a toothbrush, yet they have excellent teeth, as a rule. For civilized folk the toothbrush has come to be almost indispensable. It should be used once a day, and if possible twice a day. Cleaning the teeth at night is more important than cleaning them in the morning, as food particles left around the gums decay during the night, leaving their effect upon the teeth and gums. Most people should have a new toothbrush once a month. A brush

Potato Outlook Is Reported Promising

Mayor Wellington Belyea of Woodstock, said yesterday afternoon that the potato crop in Carleton county is very promising and from the prices that are being paid in Aroostook county, it looks as if the farmers on the Upper Saint John River will receive an excellent return for this year's crop. Mayor Belyea is in the city attending the I. O. O. F. Grand Lodge.

Adventures of the Twins

By OLIVE ROBERTS BARTON THE LAND OF KEYHOLES.

"Now then," said Jugzie Jump as he and the Twins left Movie Land, "that's one button! Puff has lost a dozen buttons, however, so we shall have to hunt some more. One button won't keep his coat together at all." "Where shall we go next?" asked the Twins. "Just wait and I'll see," said Jugzie Jump. So he pushed the button that said "stretch" and began to stretch until the Twins could not see his head or shoulders. Then he pushed another button that said "shrink" and back he came again. "On one side is the Land of Brosses," said he. "Which shall it be?" In the end he tossed a penny to decide. "Tails! It is the Land of Keyholes." We shall go to the Land of Keyholes to find some of Puff's lost buttons," said Jugzie Jump. He twined away with jerky steps and the Twins followed. Pretty soon they were in a place where even the bird cages were locked up tight. The houses are expected by J. D. O'Connell, who will be host at a mammoth picnic here on Saturday, Aug. 15. "If more come they will be welcome," declared Mr. O'Connell here this afternoon when outlining the plans for the big free outing which is just one in a long series of sim-

ABLE TO DO HOUSEWORK NOW

Sick a Year. Got Great Benefit from Lydia E. Pinkham's Vegetable Compound. "Bloomington, N.S.—I took Lydia E. Pinkham's Vegetable Compound for pains and backache, also for nervousness, sick headaches and sleeplessness. I was troubled in this way for over a year, and a friend told me about the Vegetable Compound and induced me to take it. I must say I have received great benefit from it, and am able to do my housework now. I recommend the Vegetable Compound myself and am willing for you to use this letter as a testimonial." Mrs. WILLIAM MORSE, Bloomington, Annapolis County, Nova Scotia. Do you know that in a recent canvass among women users of the Vegetable Compound over 220,000 replies were received. To the question, "Have you received benefit by taking this medicine?" 98 per cent. replied "Yes." This means that 98 out of every 100 women are in better health because they have given this medicine a fair trial. Mrs. Morse is simply another case of women receiving great benefit. Women suffering from the troubles so common to their sex should listen to what other women say who have experienced the same sufferings and found relief. Give this dependable medicine a chance—and at once. It is sold at all drug stores.

SPECULATION ON NEW N. B. CABINET

Several Successful Candidates Mentioned For Places in Government.

FREDERICTON, Aug. 12.—Hon. Dr. P. J. Veniot, Premier of the province, arrived in Fredericton tonight to tackle the business of winding up the affairs of his Government prior to handing over the administration to the Opposition party which, under Hon. Dr. J. B. M. Baxter, K. C., was successful in the elections of Monday, last. Political gossipers are discussing cabinet possibilities. C. D. Richards, former House leader of the Opposition, and E. A. Reilly, K. C., of Moncton, are spoken of in connection with the portfolio of Public Health but Dr. B. H. Douglas, who was elected in York county on Monday, is also being mentioned for that post, it is reported.

Fashion Fancies

By Marie Belmont SHELL pink chiffon has been at the height of fashion during the summer months. The newest creations for the late summer feature pink of a slightly deeper shade. This deep pink is used for the afternoon dress above, in combination with a rose color which enhances the beauty of the pink. This dress is made somewhat like a coat frock. The outer part is of the pink, worn over a pink silk of the same shade. The deeper rose tone is introduced at the neckline and at the lower edge of the tunic. The hair hat is also of rose color.

KIDDIS GO EARLY TO BE VACCINATED

Eighty-two on First Day of Free Attention at The Health Centre.

Free vaccination of children prior to the re-opening of the city schools is once more in full swing. The medical inspector for Saint John schools, Dr. Mabel Hamilton, is at her office in the Health Centre each afternoon from 2 to 5 o'clock except Saturday and Sunday and those who seek admission to the schools can attend between those hours for free vaccination. Yesterday, the first day for free vaccination, there were 82 children who underwent the not at all serious operation. The high figure attained yesterday made a new record for the first day's work since 56 had been the largest number vaccinated on the first day of the free clinics in previous years. The maximum number ever vaccinated in one day at the free school clinic here has been 87.

VACCINATION NECESSARY.

Since a certificate of a successful vaccination must be shown before a new pupil will be admitted to the city schools, vaccination has to be gone through with in time to have it "take" before the pupil enters school. As the schools re-open on August 31, those who have not been vaccinated and intend to be present on the first day, have only a short period in which to get that necessary preliminary over with. A few permits to enter the city schools have already been issued at the office of the School Trustees and there, as at the vaccination clinic, the warning is "Come early and avoid the rush."

MUSEUM ATTRACTS

Harvesters Among Callers—New York Scientist Among Recent Visitors.

Many of the harvesters, with only a short time to spare in the city, devoted much of that time to an exploration of the Natural History Society museum's fascinating collections. There were at least 100 harvesters among the callers at the museum yesterday and they showed genuine interest in the exhibits. One of the recent callers at the museum was Dr. Plummer, of the Metropolitan College, New York, who with his wife and daughter was on an automobile tour through New Brunswick and Nova Scotia. While the trip was a holiday excursion Dr. Plummer was looking up the geological peculiarities of the country through which he was traveling. He was especially interested in fossils and having called at the museum and examined the collection there he secured the good services of Dr. William Macintosh, the curator, to take him to the celebrated fossil fern ledges on the Bay Shore. He had the collector's joy of digging out some excellent specimens to take away with him. Very many scientists call at the museum to see its collections and to talk with Dr. Macintosh.

ON MOTOR TOUR.

Mr. and Mrs. William Gordon, accompanied by their two daughters and son, arrived in the city yesterday and are visiting Mr. Gordon's sister, Mrs. J. Goldman, and Mr. Goldman, 38 Wall street. Mr. Gordon has not been in Saint John for more than 19 years. The party motored from their home in Union City, New Jersey, and after a visit of about a week in Saint John will travel by motor to Montreal, Toronto, Buffalo, Niagara Falls and Upper Macopin, New Jersey, where Mr. and Mrs. Gordon have their summer home.

Yesterday's Puzzle

Did the mountain air brace you up? "Wonderfully! Why, after I'd been up there for three weeks I got so I could pay the hotel charges without a quiver." Loss of Time. "You are killing your husband with kindness." "I told Robert that and he remarked that as it is a pleasant, lingering death he has no objection."

Free to Asthma and Hay Fever Sufferers

Free Trial of Method That Anyone Can Use Without Discomfort or Loss of Time. We have a method for the control of Asthma and we want you to try it at our expense. No matter whether your case is of long standing or recent development, whether it is present as Chronic Asthma or Hay Fever, you should send for a Free Trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with Asthma or Hay Fever, our method should relieve you promptly. We especially want to send it to those apparently hopeless cases, where all forms of inhalers, douches, ointment preparations, fumes, "patent smokes," etc., have failed. We want to show everyone at our expense, that our method is designed to do all difficult breathing, all wheezing, and all those terrible paroxysms. This free offer is too important to neglect a single day. Write now and begin the method at once. Send no money. Simply mail coupon below. Do it today—you even do not pay postage.

Leave it to Andrews

You can't spare the time to be always looking after your health — nor the money, for that matter! The pleasantest and safest way is to leave it to Andrews. Andrews makes a refreshing 'long drink.' It is an effervescent, sparkling saline, and is as cooling as it is healthful. Andrews prevents the little ills by cleansing the system, and stimulating the functions. 4 oz. tin - 35; 8 oz. tin - 60c. Andrew's LIVER SALT. NEW OFFICERS OF REBEKAHS ARE INSTALLED

Degree of Chivalry Conferred on Two Members at Opera House

CEREMONY IS VERY IMPRESSIVE ONE

Auto Drive and Banquet at Beauty Hotel Mark Closing Day

The 2nd annual convention of the Rebekah Assembly of the Maritime Provinces held its closing sessions yesterday, when committee reports were presented and the installation of the newly elected officers was carried out with fitting ceremony.

IN AFTERNOON. The afternoon business session opened at 4:15 following the drive. Greetings were sent to the Grand Lodge session.

Mrs. A. S. Killam, of Victoria, B. C., gave a very interesting address on the work of the Rebekah lodges in British Columbia.

INSTALLATION. The installation of the newly elected officers then took place. The installing officers were past president, Lindow McBean, Robinson and Harriet Smith.

Following the installation Mrs. Agnes Davis, retiring junior past president, invested in Mrs. M. J. Stephens, a past president's jewel and Mrs. Minnie Robinson, of St. Stephen, presented to the newly elected president, Miss Ethel Johnston, of St. Stephen, a beautiful bouquet of flowers.

At the conferring of the Degree of Chivalry upon Mrs. Metcalf and Mrs. Eldridge in the Opera House the Rebekah members assisting were four past presidents, Mrs. Barbara MacKenzie, Westville, N. S.; Mrs. Davis, of Halifax; Mrs. Kirkpatrick, of Windsor; and Mrs. Robinson, of St. Stephen.

HONORED IN WEST

Madame Benoit, Formerly of Saint John, Guest at Vancouver Functions.

Vancouver, B. C., newspapers recently received, make mention of the musical activities, and of much entertaining by society hostesses of a former resident of this city, Madame Leon Benoit (nee Mrs. Atkinson, of Moncton). Madame Benoit, whose home now is in Fort Worth, Texas, was a delegate from that city to the convention of the National Federation of Music Clubs, being held in the Pacific coast.

BODY OF SAINT IS BROUGHT TO STATES

Remains of Saint Christina The Virgin to Rest in Cleveland Cathedral.

NEW YORK, Aug. 12.—On board the White Star liner Homeric last night, from Southampton and Cherbourg, was the body of a saint of the Roman Catholic church, being transported to the United States by special permission of the Pope, to find a final resting place in the Cathedral of Cleveland, Ohio.

CENTURIES AGO

The body is that of Saint Christina the Virgin, whose acts of devotion were an inspiration to the early Christians at Rome when they were constrained to worship in the darkness of the catacombs. St. Christina was buried in the catacombs, 17 centuries ago. In the pontificate of the late Pope Benedict XIV., her body was exhumed and placed in a convent of the Augustinian Sisters, which has since gone out of existence.

Girls who study Chemistry

A knowledge of chemistry quickly teaches girls the value of a good pure soap like Baby's Own Soap. They know why its freedom from excess of alkali makes it so precious for delicate skins, which are easily affected by strong soaps.

NEED FURTHER AID AT LADY BYNG CAMP

Money, Sneakers, Girl's Coat Among Requirements—Little Ones Are Benefiting.

It is a matter of concern whether funds will be plentiful enough to carry the Lady Byng camp to the end of the season, so Miss H. Dykeman reported yesterday. While a number of further contributions had been received, \$300 was still to be raised if the camp was to be carried on until the end of the month.

CAMP BENEFITS

The two little girls admitted out of turn because of their very serious need for camp benefits, were reported yesterday to be easily first in making food vanish. They are revealing their camp privileges with broken lines and plenty of trimmings. Even if the bustle itself is lacking in some of the new models there is much more material in them.

TROOPS QUIT CAPE BRETON ON SATURDAY

Province Will Be Asked to Pay \$325,000 for Transportation and Upkeep

RHODES PROTESTS CERTAIN CHARGES

Balks at Paying Outlays Which Would Be Normal for Regular Stations

HALIFAX, Aug. 12.—Removal of the thousand or more troops which have been stationed in Cape Breton from various parts of Canada since the middle of June, is scheduled to commence next Saturday, Attorney-General J. C. Douglas announced today. The troops were sent to the colliery districts after the New Waterford riot of June 11 when one man was killed and numbers injured, followed by looting and burning of British Empire Steel Corporation stores.

The cost of transporting the troops and maintaining them from June 12 to Aug. 9 was \$325,000, according to figures furnished by the Department of National Defence and given to the Attorney-General today at his request by Major-General H. C. Thacker, officer in command of District Number 6. The figures include \$80,000 for transportation to and from Cape Breton.

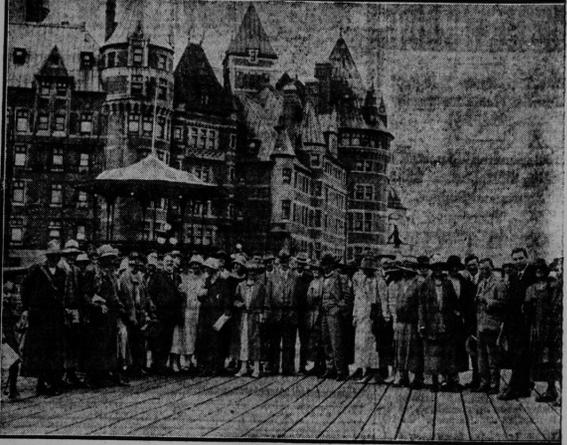

PROVINCE WILL PAY.

Following former strikes when municipalities were billed with the total amount of their wages and upkeep in this instance through the amendment to the act covering the requisition of troops the Province will be billed. What amount the Province will be asked to pay will be revealed when the charges are made by the Department of National Defence, but it is stated on good authority that payment will be protested by the Provincial Government of charges which would have been involved had the forces been at their regular stations in Canada.

3,711 PUT TO WORK.

According to government figures the number of men signed on for employment in Cape Breton since the end of the strike Monday morning, up

British School Teachers Reach Canada

The above picture shows the party of one hundred school teachers from the British Isles who have come to this country to study educational methods here. They are shown outside the Chateau Frontenac, at Quebec, after they had landed from the Canadian Pacific steamer Empress of Scotland. They were given an official reception by representatives of the Provincial Government of Quebec, prominent educationists and officials of the Canadian Pacific Railway. E. W. Beatty, K. C., tendered the party a dinner at the Frontenac on the night of their arrival, at which in the unavoidable absence of Mr. Beatty, Brig. Gen. Panet, now Chief of the Investigation Department of the Canadian Pacific Railway, presided. They left Quebec the day following their arrival and proceeded to Ottawa, Toronto and Niagara Falls and from there travelled west.

To Tuesday night, was 5,304, and of these 3,711 had been put to work. Yesterday's output of coal in Cape Breton was 1,633 tons, but today, in addition to One B and Caledonia, Princess and Florence started operating. Number 9 and 3 will start tomorrow.

In Pictou county, on the mainland, mining conditions will shortly be normal, and in Cumberland county the mines are fast being put into operating shape.

EXPENSE TO BE ADJUSTED.

OTTAWA, Aug. 12.—The Department of National Defence had not received notice of the removal of troops from the Cape Breton coal district up to the hour of departmental closing this afternoon.

It was pointed out this evening, however, that a request for the withdrawal of the troops made by the Attorney-General of the province to the officer commanding the military district would be followed by their removal. The question of expense incurred through the requisitioning of the troops and the amount which the Province of Nova Scotia will be required to pay will be a matter for adjustment between the department here and the provincial authorities. Just what is involved in expense is, it is stated, a matter of interpretation.

Burglar Uses Nail File to Rob Store

ATLANTIC CITY, N. J., Aug. 12.—A burglar who was attempting to saw through two-inch iron bars with a nail file escaped here as police arrived on the scene early today. Word was received at police headquarters that a man was attempting to rob a store at 107 South Tennesse Avenue. Detectives who hastened to the spot found that the would-be thief had made shallow cuts in the bars protruding a window. The nail file lay near by. It was estimated that with such a tool it would have taken the burglar several hours to cut one bar.

LESS CLOTHES FOR MEN IS ADVOCATED

Present Styles Given as Cause of Many Ills at Present Suffered.

LONDON, Aug. 13.—Loose, short trousers, sleeveless coats, and collarless shirts for men are being advocated here by physicians.

Insufficient exposure of the body to the curative ultra-violet rays of the sun which is the result of present styles in men's wear was declared by Dr. Leonard Hill of the National Institute of Medical Research to be the cause of many of men's ills. "Girls," said Dr. Hill, "by wearing low open-necked blouses and short skirts with artificial silk stockings, and in general are healthier than men." In the choice of clothing material Dr. Hill recommended artificial silk as being the most transparent to ultra-violet rays. He also said that hospitals should no longer be brick buildings, but bungalows with open air wards, verandas,

TO WAIVE HEARING

Former Klan Preacher in Newark to Stand Mann Act Trial.

NEW YORK, Aug. 13.—Reverend Carl Ziegler, former minister and deposed Ku Klux Klan official, will waive hearing before United States Commissioner Stanton in Newark on charges of conspiracy to violate the Mann act, Walter D. Van Ripper, his counsel, said yesterday. Ziegler was arrested in El Paso, Texas, on a charge of embezzling \$1,000 of the funds of the Ku Klux Klan. He was brought back to New Jersey and held in jail. Shortly afterward Federal authorities obtained a warrant for his arrest and also that of Miss Margaret Roberts of Trenton, with whom it is said, he fled to Texas. After their arrest on the Federal charge they were released under bail.
