

## BAXTER RIPS FOSTER RULE INTO SHREDS

Opposition Leader at Fredericton Reviews Manifesto Premier in Merciless Manner

## FILE DEBT UPON DEBT FOR ELECTORS

Pledge to Govern Economically is Violated When Province Gets a Debt Over \$5,000,000

Special to The Standard. Fredericton, N. B., Oct. 6.—With interest at a very high pitch the Hon. John B. M. Baxter, leader of the Opposition in the province, continued his campaign against the Government with a big meeting here tonight. He received a wonderful reception from all classes of electors, everything points to the election of his supporters on Saturday.

U. D. Richards expressed his pleasure at being present as one of the Opposition ticket in the campaign whom had represented them before. He believed it would be the winning ticket when the ballots were counted on October 21. One of the chief features of the Government campaign was vilification of the old Government but that Government was not on trial, it was the present administration and it was on their own record that they must stand or fall. He recalled that although they were standing the old Government they had allowed one of their own supporters, Hon. Wm. Carle, who was condemned by one of their own commissions to hold his seat for two sessions with-out ever trying to bring him to book.

The Foster-Veniot administration had gone into power under a pledge that they would live within their means, but in the two years and seven months of their regime they had expended \$302,000. Did this look like an honest attempt to live within their means? He believed this was one of the reasons for the calling on the election of such a short notice.

Get Value for Cash. While in opposition the Foster party had asked about the increase of the debt. It was true the debt had been increased but to show for it the Government had a number of splendid steel bridges. What had they done after they got the reins of power. In the short time which they had been in power the debt of the Province had been increased by about \$5,000,000 without very much of a permanent nature to show for it.

## EXPECT FARMERS TO CARRY SEATS IN WESTMORLAND

Attack of Liberal on the Agrarians Unites All Against the Government.

Special to The Standard. Moncton, Oct. 6.—Politicians will versed in the progress of the political fight in Westmorland county, and who are opposed to seeing the farmer ticket succeed at the polls, are tonight conceding at least two successful candidates on the farmer ticket with a very good prospect of putting all over as winners. A. B. Copp, M. P., did not do the government cause any good when he made a vicious attack on the farmers in his speech given here recently. More than any other cause it has been instrumental in stirring the farmers up to greater effort, and when once aroused to working pitch they can accomplish mighty results. They are more powerful in numbers than are the out and out Liberals, and the county's federal member invited them to a battle which will not augur well for government candidates.

## LABOR SLASHES THE GOVERNMENT

T. C. Ayer Condemns Foster Government for Its Failure to Provide for Widows.

Special to The Standard. Moncton, N. B., Oct. 6.—A well attended meeting in the interest of the labor candidate in Moncton City, T. C. Ayer, was held in City Hall last night. The speakers were Ald. Coline McLennan, Ald. L. McKinnon, W. H. McNevis, W. H. Rogers, William Varley, American Federation of Labor organizer, Toronto, and the candidate, Mr. Varley, the principal speaker, made a slashing attack on the Foster Government's Workmen's Compensation Act, which was copied after the Ontario Act, he claimed left out the best features of Ontario Act, such as providing a living compensation for widows. The Ontario Act provided that widows receive \$40, and each child \$10, with a limited \$100, whereas the Foster Government act allowed widows but \$20, and each child \$5, with a limit \$40.

## Sugar Drops Six Cents Per Pound in Boston Market

Refinery Quotes Best Grades at 11 3/4 Cents With Further Reduction for Cash.

Boston, Oct. 6.—The Revere Sugar Refinery today announced a price of 11 3/4 cents a pound for refined sugar. This price will be reduced two per cent for payment within a week of purchase. Two weeks ago the company quoted a nominal price of 22 1/2 cents a pound with the statement that it was out of the market, but since that time it has made several reductions. The quotations of today represents a cut of six cents a pound from the previous price.

## WILLETT IN GOOD FIGHT AT MONCTON

Experienced Campaigner is Making Rapid Gains in Closing Days of Contest.

Moncton, N. B., Oct. 6.—Today finds the three-cornered political fight developing more speed, and the results still uncertain. If the campaign were to continue another week, the Opposition candidate would be an easy winner. Tonight his chances for success on Saturday are more than even, and the next two days are certain to see these chances more enhanced. Mr. Willett, the standard bearer of the Opposition, is carrying on an aggressive fight. His canvass has been most thorough, and genuine support from the labor ranks is assured him. A Splendid Campaign. He is the type of man who commands respect from all classes, and the electors are daily becoming more firmly convinced that the city's interests in the legislative halls will be more carefully attended to by him than they were by the government representative from that city. Mr. Willett is a fighter all the way, and his determined spirit to win in the interests of a party pledged to a prudent and economic administration of the business affairs of the province should carry him to victory.

## COMPLAIN ROADS ARE TOO COSTLY

Farmers Declare Side Lines Have Been Left in a Deplorable Condition Too.

Special to The Standard. Grand Falls, N. B., Oct. 6.—The Farmers of Victoria County are rallying more and more daily against the Foster Government. The roads are the bone of contention. They complain that, while a few miles of highway have been greatly improved, all the side roads and other lines have been left in a deplorable condition. Too much money was spent on the short lines for what was obtained; it was a case of gross waste. The government opponents are making a quiet fight, but it bids fair to be an effective one. The quiet canvass is going well.

## CHARLOTTE CO. FOR OPPOSITION

Hon. Mr. Baxter's St. Stephen Speech Ensures Victory is General View.

St. Stephen, N. B., Oct. 6.—With election day near the prospects are very bright for a sweeping Opposition victory. Not in many years has a Liberal been elected in Charlotte county, and there will be no change from that program on Saturday. The proceedings on nomination day made that plain, and the speech of Hon. Mr. Baxter delivered here Tuesday evening made the victory more than secure. The Government candidates realize this, too, and each in his own section appealing for a personal vote, but Opposition voters are wise to the attempted disruption and will have none of it.

## LIBERALS IN DIRE STRAITS

Bathurst, N. B., Oct. 6.—The Opposition has had grand receptions at meetings in the upper end of the county and magnificent meetings in the lower end. The Minister of Public Works and the Attorney General, in an effort to save their portfolios, are making a house to house canvass and have sent in an urgent call to Mr. Turgeon, who has been out West, to come to their rescue and address meetings for them. They certainly realize the situation as desperate.

## CARLETON TO GO AGAINST THE LIBERALS

Expected That Hon. B. Frank Smith and Two Farmers Will Be Elected.

## GOVERNMENT OUT OF THE RUNNING NOW

Soldier Candidate Will Poll a Strong Vote But Few Expect He Can Win Out.

Special to The Standard. Woodstock, Oct. 6.—The political fight in Carleton county is proceeding quietly. It lacks the "pep" of former years. The only public meeting held here since nomination day was one held by the United Farmers on Saturday afternoon. The latter have their polls fairly well organized, but the old parties have allowed their election machinery to grow rusty. The Government candidates can be eliminated from the fight. The general policy of the government has been condemned and the fact that the administration disfranchised Carleton during the life of the last House, has made it many enemies. Dr. Connors, government will poll a strong personal vote in the upper part of the county, and Robert L. Simms, government, will come strong in Woodstock town, but neither has a chance of victory. S. G. Barter, the returned soldier's candidate, will receive strong support. He will receive many plumpers but cannot be elected. He is working in the town and lower parishes today.

## EDMONTON IS IN FAVOR OF HIGH TARIFF

City is Prosperous Because of Policy of Protection Board is Informed.

Edmonton, Oct. 5.—Protection, as enforced by the present tariff, is responsible for the prosperity of Edmonton's industries, and is necessary to their expansion, while at the same time it is proving a burden to the farmers and driving them off the land, according to a report given before the session of the tariff commission here today. Manufacturers of this city endorsed the stand taken in all parts of the Dominion by many farmers, who urge the retention of the protective tariff, while the representatives of the farmers urge that it be dropped to give them a chance to prosper.

## WEGAND TO LEAD AGAINST CRIMEAN "REDS"

Famous French Fighter, After Leading Poles, Goes to Wrangel's Aid.

Paris, Oct. 6.—Despatches from Warsaw and Moscow today announce that an armistice between Soviet Russia and Poland has been signed. The general opinion in Woodstock is that Hon. B. Frank Smith, R. K. Tracey and Fred W. Smith will be the candidates elected in this county.

## RESTAURANTS WILL BE ASKED TO TELL OF FOOD CHARGES

Attorney of Boston Says He is Tired Waiting for a Voluntary Price Cutting.

Boston, Oct. 6.—United States Attorney Gallagher announced today that he was going to call on proprietors of hotels and restaurants to explain what he termed their extortionate rates for food. The Federal grand jury will not be adjourned until this inquiry is finished, he said. The District Attorney indicated that he had been waiting for the hotel and restaurant keepers to mark down their prices to reflect the drop in commodity prices. Yesterday an association of hotel and restaurant keepers met and considered the situation, but took no action.

## M. F. O'BRIEN DEAD

Special to The Standard. Moncton, N. B., Oct. 6.—The death took place at his home in this city this evening of Moses F. O'Brien, a well known retired C. N. R. locomotive engineer. He was seventy years of age and was in the employ of the Government railway from 1860 to 1908. He is survived by a widow, two sons, J. Edgar, of the C. N. R. offices here, John Vincent, of Regina, and two daughters, Mrs. A. H. Melanson, of Moncton, and sister, Rita, of Prince Rupert.

## KILLED IN MINE FIGHT

Charleston, W. Va., Oct. 6.—One deputy sheriff was killed, three others were wounded seriously, and two miners were shot in a fight early tonight at Blair, Logan county, W. Va., on the Coal River, according to informants. The fight was between a deputy sheriff, Fred Moore, secretary of the district No. 17, United Mine Workers of America.

## J. H. MATHEWSON DEAD

Moncton, N. B., Oct. 6.—The death occurred this afternoon at his private residence of William Black Mathewson, head of the firm of Mathewson Sons, wholesale grocers, after a brief illness in his 71st year.

## WORLD NEWS TODAY

CANADA. Michel miners in British Columbia are on strike. Edmonton says its prosperity is due to the Canadian Tariff.

UNITED STATES. Police and thugs fighting a battle behind barred doors in Pittsburgh. Sugar drops in Boston to 11 3/4 cents per pound, wholesale.

THE BRITISH ISLES. MacSwiney is dying, declares a spokesman of the Mayor of Cork, now on food strike in Britton jail. Poles and Russians have signed an armistice.

General Weygand, the French leader, who helped win a Polish victory in the east, is in command with Wrangel's forces.

## MUDDY ROADS HIT LIBERALS HARD IN YORK

Fredericton Thinks Rural Majority for Opposition Will be at Least 700 Votes.

## GOVERNMENT ROADS ALMOST IMPASSABLE

Farmers Compelled to Use Railroads Because Highways Are Deep in Fall Mud

Fredericton, N. B., Oct. 6.—The Opposition campaign managers in York County were even more optimistic today than yesterday as the outlook in this constituency, declaring that the previous estimate of 600 majority for the Opposition ticket coming from the parishes into the city of Fredericton should be increased by one hundred.

Col. H. F. McLeod, M. P., who left today for Canterbury Station where he spoke tonight, spoke at Woodlands last night at a meeting which taxed the capacity of the Orange Hall. Thomas Griffith was the other speaker and they were given a most enthusiastic reception. "I am fully convinced that the Nashwaak Valley from Bloomfield to Marysville and from Woodlands through to Nashwaak will give the Opposition ticket a grand vote on Saturday," said Col. McLeod today, "and our ticket should have a bigger majority than even from the Nashwaak. The government ticket in York, I believe, will have a smaller proportionate vote considerably than they had in 1917 as their party is losing ground in this county."

## ROADS BEAT GOVERNMENT

"The almost impassable condition of the by-roads all over this county at the present time is enough alone to beat the Foster Government," declared Col. McLeod. "There is no question as to how the people are going to vote in the sections of York county I have been in so far. I am going to North Lake tomorrow from Canterbury Station, where we have a meeting tonight, but to get there, I am told we have to go around the long route through Maxwell Settlement because of the wretched condition of the roads. All this talk about roads is not a joke. The farmers want proper roads to get their products to the railway lines."

## FARMERS STUCK IN "GOOD" ROADS

Gov't Orators Say Highways Excellent But Farmers Cannot Get Through Them.

## BROTHER IS SURE IN BRITTON JAIL

Hurried Over from America to be at His Funeral and Finds Him Better.

London, Oct. 6.—"I hurried over here hoping I would arrive in England in time to attend my brother's funeral, and I marvel at the fact that he is still living, though there is no doubt that the end is near," said Peter MacSwiney, recently arrived from New York, who visited his brother, Lord Mayor MacSwiney, in Britton prison this morning.

## ALBERT COUNTY FOR OPPOSITION

Electors Approve Keen Review of the Extravagance of Foster-Veniot Crowd.

Special to The Standard. Hillsboro, Oct. 6.—Reports from every constituency in the county tell of the great receptions that Messrs. Peck and Smith, Opposition candidates, are receiving in their election campaign. It is predicted here that Albert County's present representatives will be returned to Fredericton with even greater majorities than they received at the last polling. Both Mr. Peck and Mr. Smith are speaking enthusiastically tonight, and their trenchant criticism of the career of extravagance of the so-called "business government" are meeting with the heartiest approval. Mr. Peck addressed a large gathering of electors at Parkdale last evening, and the reception he received in that thriving settlement is a further assurance of an Opposition victory.

## SENTENCED TO HANG

North Bay, Ont., Oct. 6.—Hector Dumont, who was found guilty by a jury at the assizes here yesterday of the murder of Cyril Raymond, at Sturgeon Falls, Ont., on April 23, 1919, was this evening sentenced to death on January 13 next.

## Bomb Squad Gets Another Italian In Wall Street Blow

Widely Known Radical Taken Into Custody to be Questioned by Police.

New York, Oct. 6.—An Italian said by the police to be a widely known radical, was arrested late today by the bomb squad and taken to headquarters to be questioned regarding any knowledge he might have of the Wall Street explosion last month. The prisoner was booked as Giacomo Caruso, and was charged with having a loaded pistol. According to the police a quantity of radical pamphlets were found in his room.

## DR. LANDRY TO LEAD TICKET TO WIN KENT

Entire Ticket Likely to Prove a Winner After Strenuous Fight Against the Gov't.

Special to The Standard. Buctouche, Oct. 6.—Dr. Landry and his colleague who are opposing the government ticket in Kent county will roll up a tremendous majority at the polls on Saturday. The electors of the county are convinced an injustice was done Dr. Landry the last time he was a candidate, and they are determined to atone for that mistake by rolling up a handsome majority for his ticket. The government ticket here will be smothered under an avalanche of Opposition votes. Liberals, Conservative and Farmers will all join in sending to Fredericton Dr. Landry, Col. Sheridan and Mr. Roach. The only question now under discussion is as to the size of the majority. There is a very strong feeling the government candidate will not save their deposits.

## PROVINCE WILL HAVE CONTROL OF FUEL RULES

Conditions So Varied That Fall That Railway Board Will Not be Arbitrary.

Ottawa, Oct. 6.—It is learned that the regulations regarding control of the fuel situation by the Railway Commission will to a great extent follow the lines of those which proved effective during the shortage of recent winters. In one important particular, however, they will be different from the regulations previously in force. In view of the fact that conditions as to fuel supply for the next six months vary a great deal in the different provinces the new regulations will be made optional.

## PREDICT LEAD OF 500 FOR BAXTER AND T. B. CARSON

Many Erstwhile Liberals Are Pledging Support to Opposition Leader and Colleague

Special to The Standard. St. Martins, Oct. 6.—Each day as it passes increases the confidence of the Opposition candidates, the Hon. J. B. M. Baxter and Thomas B. Carson, in St. John County. The meetings which have been held in the various centres are all largely attended and one marked feature is the number of former supporters of the government who are behind Messrs. Baxter and Carson in the present campaign.

## LIBERAL RANKS GROW FEARFUL

Charlotte Gov't Candidates Bring up Their "Big Guns" to Help Save Seats.

Special to The Standard. St. Stephen, N. B., Oct. 6.—All is going well with the candidates who are opposing the government in the election in Charlotte County. So much alarmed are the government followers that they have issued a call for a rally tomorrow night and are bringing in some of their heavy "guns" for the occasion. Everywhere there is the sharpest criticism of the party in power and daily the signs of a revolt of the electors become clearer. When the ballots are counted on Saturday, it is safe betting that the skin will be among the Liberals.

## ELECTION OF OPPOSITION FOUR SURE

St. John City Gives Messrs. Potts, Tilley, Campbell and Lewis Rousing Reception.

## EVERY SIGN OF RETURN ON SATURDAY

Electors Disgusted With the Appalling Waste and Extravagance of Fredericton Crowd

The electors of St. John turned out in large numbers to hear Messrs. Tilley, Campbell, Potts and Lewis, the Opposition candidates for this city, speak on the election issues in the Seaman's Institute last evening. The four were in fine form and the reception they received was very fine. The different speakers were leftless in their criticisms of a government that proclaimed itself as a "sound business" one and then is guilty of such acts that the veriest tyro in business affairs would not commit. It was pointed out by Mr. Tilley that Hon. Mr. Tweeddale had paid \$773 an acre for a lime kiln for the purpose of supplying lime to the farmers all over the country at \$5 a ton while a business concern of this city had purchased a kiln for \$13 an acre and from which they had taken lime that is 50 per cent better quality than the provincial owned one.

### BAXTER RIPS FOSTER RULE INTO SHREDS

#### Opposition Leader at Fredericton Reviews Manifesto of Premier in Merciless Style.

(Continued from page 1)  
Mr. Veniot and the Government speakers took great credit to themselves for the work done on the roads. It was true they had made some improvement but some of the roads in York county could be classed as permanent and there never should have been a bond issued to do this class of work.

John A. Young  
Mr. John A. Young, who has represented the constituency for the past 13 years, thanked the electors for the support given him in the past. He had always acted in the best interests of his constituents and he would do the same while he was expected to represent them on the floors of the Legislature.

When he first became a member of the Legislature the revenue of the province was only about \$1,000,000 while last year it was \$2,400,000 and yet with all that they had banded the province to the amount of \$2,100,000 the roads and run up deficits amounting to over \$300,000. In spite of all this the roads in the County of York were not a bit better than they were in 1918.

#### The Stumpage Rates

In the year 1918 he had asked them to increase the stumpage rate to \$5.50 per thousand and this would have wiped out their deficits and given them a surplus. He had always considered the big operators should pay the same stumpage as the small operators and if they were treated that way a much larger revenue could be expected.

#### Hon. Mr. Baxter

Then Mr. Baxter was then called on by the chairman and on his rising he was given a hearty reception. He expressed his pleasure at having an opportunity to address an audience in York. He saw before him an excellent body of voters. This body of voters would on Saturday exercise their right to say by the ballot who should control the affairs of this province. It was the duty of every person who had a vote to use it and before using it to inform themselves of the issues of the day. It was in his mind that those who did not use the franchise should possibly have the right taken away from them.

It was the duty of all the people to go to the polls and record their votes and not wait for the candidates to speak up enthusiastically. When the day came that all voters did their duty in this matter there would not be the same predisposition to understand means in political campaigns.

#### Premier Foster's Manifesto

Mr. Foster had issued a manifesto in which he stated great many things. Dealing with the manifesto Mr. Baxter took it up then by theme. They were now claiming they had given the franchise to women.

That the government had seen a light and introduced a bill to extend the franchise to women. The bill was so badly drawn that it would not have conferred the franchise on all women and he had to help them put it in proper shape.

The only credit which could be claimed by the government was that they had changed their minds in regard to votes for women.

#### The Compensation Act

Regarding the Workmen's Compensation Act. Long before the Premier Government came into being there had been Workmen's Compensation legislation and the present act was only the result of evolution along these lines.

The old government had amended the acts dealing with these matters and then had appointed a commission to study the question and draw a bill. This was done, and it was on the report of this commission that the present law was modeled. All the government could claim credit for was in having enough sense to take advantage of a good thing when it came their way. The act needed some further amendments, and he and his party were prepared to give further study to this matter and broaden it in certain respects.

#### The Independent Audit

The Independent Audit Act was another thing for which they claimed a great deal of credit. One of the provisions of the bill required the signature of the provincial secretary to every cheque, and this signature was affixed by a rubber stamp. They claimed a lot in connection with agriculture. They talked about grants to better and abuse factories, but these

were first given by the old government. Every item in their list was inflated by the former administration. The whole agriculture department was organized under Hon. Mr. Landry and Mr. Murray.

They had introduced two new things. They had bought some good wheat which had to be cleaned before it could be sold to the farmers. This resulted in an expense of about \$5,000. Mr. Tweeddale had also imported some "scrub" sheep, of which, no doubt, he was very proud, but the farmers who purchased them from the department certainly were not satisfied.

#### Trim Health Act

Another thing they passed themselves on the back about was the Health Act. There were some things about the Health Act that were good; some of them were mere useless trills, and could well be cut out. When the Opposition were returned to power, and this would be on October 3 next, they intended to trim off from the Health Act the useless trills and leave the things which were of real benefit to the community.

#### Mr. Foster was calling attention to trumpet tones to his hydro-electric power development policy. So far this was only talk, and nobody yet knew, except the executive, what was in the report on the proposed development.

There was no question in anyone's mind of the necessity for the development of the water powers of the province. When the Opposition was elected, it would proceed to develop the water powers along sane and economical lines. There were certain water powers in the province which could be developed, but this work would be proceeded with only after the most careful investigation by competent engineers.

Dr. Baxter addressed two meetings during the evening, one at the Knights of Pythias Hall in Marysville, and the other in the Opera House here. At the Marysville meeting the chair was occupied by Mayor Walker, and at the Opera House the chairman was Mayor John A. Reid, of Fredericton.

### Grandma Used Sage Tea To Darken Hair

#### She mixed Sulphur with it to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea, with sulphur added, will turn gray, streaked and faded hair beautiful, dark and lustrous. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not stylish, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

#### CHURCH LEADERS HONORED AT THE PICTOU SYNOD

Pictou, N. S., Oct. 6.—The Presbyterian Synod passed this evening the spectacular coronation of conferring degrees upon a long list of worthies of various churches and counties. Professors, senate and degree candidates passed to the platform. Dr. T. Stewart presented the names of Rev. James Cropper, of British Guiana mission, and Rev. Wm. R. Foote, of Korea, and Rev. J. H. Edwin, of Toronto, for the degree of Doctor of Divinity.

Rev. A. J. MacDonald presented the Rev. John McIntosh and Rev. E. H. Ramsey, presented Rev. John Saunders Sutherland, Rev. Arthur Silver Morton and Rev. John McCartney Wilson, Calgary.

Dr. Kent presented the name of the Most Rev. Lamb Worrill, Archbishop of Nova Scotia, who was given the degree of Doctor of Divinity in absentia. Dr. Kent also presented the Rev. Byron Crane Holden, president of Mount Allison University, Sackville.

#### HANGING IS DEFERRED.

### VISITED HIGH SCHOOL ANNEX

Dr. W. S. Carter, of Fredericton, superintendent of the Provincial Department of Education was in the city yesterday and paid a visit to the new High School Annex. He expressed himself as well pleased with the latest addition to the St. John school buildings which he considered would well suit its purpose.

The heat was turned on in the annex for the first time yesterday and the heating plant worked quite satisfactorily.

Mr. George Milton, B. A., who has charge of the new department has a class of over fifty boys from Grade IX who have taken up their studies in the new building.

### Mrs. John K. MacDonald

The death occurred yesterday at her residence, 88 Queen street, after a very short illness, of Grace C., beloved wife of John K. MacDonald, and eldest daughter of Martha M. and the late James A. Richardson. The deceased leaves her husband, one son, George, and two daughters, Helen, at home, and Mrs. Verney L. Ward, of this city; also her mother, Mrs. Martha Richardson, and one brother, George H. Richardson, of Renforth, and five sisters, Mrs. W. A. Finlay, King street east; Mrs. W. J. Farren, West St. John; Mrs. Mont Jones, Newcastle; Mrs. P. E. Garret, Renforth, and Mrs. W. E. Richards, Duke street. Much sympathy is extended the family in their sudden bereavement and their loss will be felt keenly by a large circle of friends.

## VITAL TABLETS THE GREAT FRENCH TONIC

Builds up a Run-down Constitution. Tones you up generally. Rheumatism and Kidney Trouble will feel the influence of this wonderful remedy.

I cannot praise Vital Tablets sufficiently. I only wish I could tell every one who suffers as I did. I was a nervous wreck. My nerves were all unstrung. I had indigestion so bad that at times I became very despondent. I saw your advertisement of Vital Tablets in a newspaper. I have used twelve boxes. Today I am a new woman and so happy. I have told dozens about your wonderful remedy.

(Signed) MRS. MCGEE, Halifax, N. S.

VITAL TABLETS will do all we claim for them. Ask someone who has tried them. You will feel like a new person in a few days. Headaches, biliousness, constipation, weak nerves and all nervous trouble will at once feel the relief that follows. You will sleep better, eat better, and life will be truly worth living. Why drag on with your suffering? VITAL TABLETS do not cost a fortune but will be worth a fortune to you. If you need bracing up, if you need a tonic, if you have rheumatism, if your blood and nerves need toning up—take VITAL TABLETS. Your stomach will be sweet; the coating from your tongue will go; your eyes will be bright; your colour better. No matter what your trouble is, just you try VITAL TABLETS. ### ELECTION OF OPPOSITION FOUR SURE

St. John City Gives Messrs. Potts, Tilley, Campbell and Lewis Rousing Reception.

(Continued from page 1)  
Dr. J. Roy Campbell said that in company with his colleagues he had visited many of the factories and foundries of this city during the past week. This personal contact with a great body of the workers was inspiring and educational and the promise of support received was most encouraging. The ladies are working hard also and their organization is moving smoothly. The candidates for the workers, however, had been nearly hounded by the fact that somebody had "collared" the hats which were for the use of all parties. It was a disgraceful act on the part of this "upright, honorable business man's Government." There were tales of scandal told by their opponents but there is little said about the Currie incident, of how Mr. Currie, Speaker of the House, stood by while \$4,000 was taken from the public treasury. He did not think that an intelligent electorate would fix its approval to a Government that had collected \$118,000 under the guise of the Patriotic Fund; to a Government that had done so little for the returned soldier, not even designing to erect some form of a suitable memorial to the brave boys who had given up their lives for this province.

**Not Much Business**  
"They have advertised themselves as a business Government yet they have mortgaged this province to the extent of over \$2,000,000 to provide roads. They have not given the people the class of roads that they should have received for this amount of money. The road question is being handled. By the Succession Duty Act they have taken money from the widow and her children. Is this of far-reaching benefit?"  
"They took credit for the Workmen's Compensation Act. This Act had been worked out by a non-political commission. They have not mentioned the fact, however, that \$30,000 passed through the hands of the Board last year and \$33,000 of this was paid out in operating it."

**No Immigration Policy**  
Not one branch of their agricultural policy had been inaugurated by themselves. The speaker criticised the Government's lack of an immigration policy. New Brunswick was the only province that had failed to take hold of this vital subject. The only immigration carried on under Government auspices was that of Foster from St. John to Victoria in 1917 and Foster from Victoria to St. John in 1920. Perhaps the next will be Foster to Madawaska. Mr. Campbell concluded with a denunciation of the policy of the Foster Government in regard to the amusement tax and the collection of fines under prohibition.

**Mr. L. P. D. Tilley**  
L. P. D. Tilley, in a fighting speech showed the mockery of the claim of the Foster Government that it is a business administration. His reference to the policy of the Government regarding the liquor traffic was loudly applauded by the audience. Mr. Tilley said that in the days of license the city received one half of the fines collected and these helped to defray the up-keep of the police court and the police department. Now all fines are "gobbled up" by the Government.  
When the Baxter Government comes into power after October 9 it will see to it that all revenue from this source will go where it belongs. He had no hesitation in saying that

the Foster Government was down and out. The first reason for this may be seen in the retirement of Hon. E. A. Smith, former Minister of Lands and Mines, who resigned because he wished to make the lumbermen pay damage that was commensurate with the value of the product, but which his colleagues refused to do. Two other former ministers, Messrs. Dugal and Ewenney are out and will not return. Mr. Legere, another member of the Government from Westmorland has retired. Why?  
There is a hospital in this city. As soon as Mr. Foster came into power he was asked to make an amendment so that women could be added to the Board. He said he would give the matter his consideration. He has been maturing it for three and a half years, but any further maturing that he will do will be done as a private citizen.

**The Road Case**  
"The Foster Government is said to be a business one but the bonding of the province to the extent of \$2,000,000 to dump gravel and mud on the roads and then call them permanent, is not in keeping with the views of sound business. These bonds were moreover made payable in New York Bonds with a consequent loss of \$12,000 to the province. Hon. Mr. Tweeddale Minister of Agriculture is said to have done considerable for the farmer. One of the acts he takes great credit for is buying of a line kina to provide lime for the farmer. This kina cost the Government \$773 an acre while a private concern in this city bought a kina situated in the same locality for \$43 an acre and they are supplying lime 50 per cent better in quality than the Government-owned product."  
Mr. Tilley was unsparring in his criticism of the present administration in its method of enforcement of the prohibition law and gave as his pledge that when the Opposition is returned to power after polling day that it would see that equal treatment is given to all men, no matter what their station in life. The Opposition would not ride two horses as the present Government is doing.

**Frank L. Potts**  
Frank L. Potts the last speaker said that the Government claims to have put this province on a sound financial footing. This has been done, however by buying British Government bonds at a time when the Mother Country was in the throes of a mighty struggle it was taken advantage of by the only Premier of all the provinces who "sat on the fence" during the war. Mr. Foster had been interested in a railroad which he afterwards sold to the Government for six times more than it was worth. He has said recently that he has been interested in water power in Masquash for twenty years. If the railway netted him so much what can one expect that this water power project will cost the people of this province.

The speaker referred to the operation of the prohibition law as now enforced by the Government. The Foster Government had been guilty of double dealing in this respect and they would continue unless defeated in this policy. The speaker was merciless in his criticism of Dr. Roberts who, he said, had deserted his trust on account of his supposed leanings he had been included on the ticket at the last election as a vote catcher for the temperance people and when the great moment came, when he was called upon to hold high the standard of temperance he was found wanting. The Health Minister promises at tea parties "and tells his hearers how to take care of the babies while at the same time we have in the city of St. John the most impure milk of any city in the Dominion. He had issued a challenge to the Minister of Health and this had been disregarded but he would issue another challenge and this time it would be Premier Foster. Mr. Potts concluded with warm tributes to his colleagues and assured the audience that personally he was going to sell out at public auction the whole Government ticket on polling day.

### IN THE EDITOR'S MAIL

#### THE POLITICAL SITUATION

Dear Sir:  
I am a woman, therefore a new voter, and I have been diligently reading the different papers of late to enable me to vote in the right way for the right man.  
In preparing meals for our household we find that too much of sweets is apt to have a bad effect on one's digestive organs; now I am sure any reasonable, thinking person residing in the St. John Telegraph of all the immaculate purity and perfection of the Foster Government must suffer, as I do, with a severe attack of mental indigestion. And the Opposition, dear me! What terrible characters they are (according to the Telegraph) How in the world have they managed to keep out of jail? or is it a case of the Golden Rule? "Do unto them as we would have them do unto us," when they had us out. The Foster Government has spent a good deal of money in holding enquiries about the faults and failings of the Conservative Government and what has come of it? Do they think that people get sick and tired of the same old charges of Valley Railways and Patriotic potatoes? Why don't they give us a change and tell of Mr. Currie's deal in stampage? By the way, has the Hon. gentleman paid up yet?  
"The Foster Government gave the women the vote" they proudly assert. Why make a virtue of necessity? I think the most strenuous opposition to the franchise for women came from the members of the Government.  
How does Hon. Mr. Foster stand on the prohibition question? I notice some clergymen interviewed him on that question and he seemed very much afraid to commit himself. I do not he seemed to be in the same position on that question as he was on the Conscription, neither for it nor

## FARMERS MAKE POOR SHOW AT TARIFF BOARD

### Alberta Men Could Not Produce Evidence That They Were Victims of Customs.

Special to The Standard.  
Ottawa, Ont., Oct. 6.—The Alberta Farmers have placed their case before the Tariff Commission. It has turned out to be more of a protest against crop failures than against fiscal protection. Promises made by the government that a refutation of the manufacturers' statements would be made at Calgary remain unredempted.

After all the protests against the tariff and denunciation of such forms of taxation, it was a peculiar spectacle to witness H. W. Wood, president of the United Farmers of Alberta admit that he could not show that the duty had increased the cost. For years he had been talking of parasitical industries, but he now admits that he can not name one. He claimed that the combination existed in the United States and in Canada that raised the price of implements to the farmers. Asked if free trade would remove such combinations, he could not give a decision. When asked if a mower at \$54, the present selling price, was too high, he said it was. When asked what was the cost of producing such a mower, he admitted he did not know.

#### Came From States.

It might be well to explain who Mr. Wood is. Fifteen years ago he was in Missouri, his native state, and is a product of the Bryan School.

H. W. Wood is a powerful influence in Alberta and more powerful among the grain growers of three provinces than Hon. T. A. Cramer. He is an excellent speaker, has no personal political ambitions, but has not developed any strong national or imperial sentiment during his fifteen years' residence here. In his statement, which followed very closely the memorandum presented at Winnipeg, his chief complaint was that in Canada our national development had been retarded by neglect of agriculture and too great fostering care of industries not indigenous to the country.

#### His Own Case.

Mr. Wood bought a farm in 1905 for \$15 per acre, which he admits is now worth \$50 an acre. He spoke of the abandoned farms of Canada, and of others being sold for less than the value of their improvements. When asked in what part of Alberta these were to be found he said he was referring to the Maritime Province, and while he knew of those in Eastern Canada, he had not studied the abandoned farm tragedy of the New England States.

Implement makers, textile manufacturers, lumbermen, fruit growers, who have been all attacked for years by Mr. Wood and his associates, as profiteering and parasitical, have all filed statements showing cost and profit volume of business at home and abroad. They have proven, or at least their figures have not been challenged, that cost to the purchaser is as cheap if not cheaper in Canada than in the United States and that they have not made exorbitant profits, and any abnormal profits have been made on foreign business during the war.

#### A New Grievance.

But the Western farmers have discovered a new grievance. In Winnipeg the secretary of the council of agriculture complained that enough money was not being raised from income taxation and at least it should be the source of two hundred million dollars in annual federal revenue. At Calgary the farmers want the tax collected on an average for three years, not annual returns. They claim that one year they have a big crop and pay a large tax, but probably the next two years are failures and they neither have a living nor a profit. If the average for three years was taken under these conditions, Mr. Henry Dawson pointed out that they would escape income

## WHEN FOOD DOESN'T DIGEST

Give the Stomach a Rational Rest by Proper Aid, Not by Harsh Starvation Methods. Use Stewart's Dyspepsia Tablets.

A sour stomach may indicate an acid condition that calls for an alkaline effect. This you will get from one or two

Stewart's Dyspepsia Tablets after a meal. Sour reflux, gasiness, a heavy bloated feeling and such distress due to indigestion or dyspepsia are usually only temporary. And yet they may lead to serious disorder. The regular use of Stewart's Dyspepsia Tablets after meals reflects to a high degree the intelligent selection of preventative measures. One cannot always select or inspect the quality of food to be eaten nor its method or manner of preparation. But it is possible to avoid the acidity that is so often the result. And it is a far better plan to eat without worry over what may happen than to starve for fear it will happen. Many physicians recommend these tablets for stomach distress due to indigestion or dyspepsia.

They are sold by all druggists everywhere at 50 cents a box.

## WEDDINGS.

### Anderson-Young

A very pretty wedding was solemnized yesterday at the residence of Mr. and Mrs. George Young, 63 Mecklenburg street, St. John, when their daughter, Gladys Evelyn, was united in marriage to Mr. George Wesley Anderson, of Sussex, the Rev. D. J. MacPherson, of Sussex, officiating.

The bride was becomingly dressed in a traveling suit of wood brown broadcloth, and carried a bunch of asters. The home was decorated with autumn leaves, asters and ferns. The groom's gift to the bride was taxation entirely and that method of raising more by this system they would raise less. He asked if they were willing to apply the three year period to industry, but to this they would not consent. Their claim was based on the precarious nature of returns from agriculture in a district where the rainfall is scant and erratic.

### Paterson-Moore

One of the social events of the season took place yesterday afternoon in Trinity church, when Miss Alice Marion Moore, daughter of Mr. and Mrs. John E. Moore, 211 Germain street, and Graeme Melville Paterson, of Brook & Paterson, son of Mr. and Mrs. R. D. Paterson, 85 Wentworth street, were united in marriage by Rev. Canon H. A. Armstrong. The bride entered the church on the arm of her father to the strains of "The Voice That Breathed O'er Eden." She was attended by her cousin, Miss Gertrude Fleming, maid of honor, and her cousin, Miss Louise Holly, and Miss Margaret Paterson, sister of the groom, bridesmaids.

The groom was supported by Dr. Otto Nemo. The ushers were John H. Paterson, brother of the bride; Balfour Paterson, brother of the groom; Geo. Miller and Leslie Peters. After the ceremony a reception was held at the residence of the bride's parents. The drawing-rooms were beautifully decorated with cut flowers and ferns. Mr. and Mrs. Paterson left on a trip to Boston, New York and Bridgefield, Connecticut. The gifts were numerous and beautiful. On their return to the city, Mr. and Mrs. Paterson will reside at 173 Germain street.

### Scott-Dunham

At six o'clock yesterday morning in St. Jude's church, St. John West, Miss Margaret Ponsford, daughter of W. O. Dunham, 9 Dufferin Row, West Side, became the bride of Francis Arthur Scott, Ballysodare, Ire. The ceremony was performed by Rev. W. P. Dunham, Church of the Good Shepherd, Fairville, a cousin of the bride. The bride, who was unattended, was given in marriage by her father, Mrs. Percy Sudbury, Moncton, presided at the organ. The church interior was taste-

fully decorated with hydrangeas by girl friends of the bride. Following the ceremony, breakfast

At St. Peter's church, North End, at six o'clock yesterday morning, Miss Sadie Beatrice Burke, of 121 Sheriff street, became the bride of James Leo Gilbert of 7 Pokok Road. Rev. E. A. Scully, U.S.B.K., performed the ceremony with Nuptial mass. Miss Ella Gertrude Gray was bridesmaid. The bride was given away by her brother, William. The groom was supported by Louis O. Collins. Breakfast was served at the home of the bride, 121 Sheriff street. The bride received many beautiful gifts, including a leather rocker and a bronze statuette from the staff of the Corona Co., where she had been formerly. They will reside at 277 Main street.

### Castoria, or Something Else?

FLETCHER'S CASTORIA is particularly a preparation for Infants and Children made agreeable to the taste, acceptable to the stomach and pleasant in its action. It has been in use for over thirty years and has always been one of the most highly esteemed of all cathartic preparations.

It has one great advantage over other preparations of its kind in that while it opens the organs readily and completely, it does not have a tendency to produce subsequent constipation so much to be dreaded.

Fletcher's Castoria having been prepared solely for our little-ones, should not be confused with ordinary care-calls or preparations primarily compounded for grown-ups. The child's organism, so delicate and tender, requires specially prepared medicines and foods, the one no less than the other, as mother-love well knows, and mother-love can not be deceived.

### Children Cry For Fletcher's CASTORIA

#### What is the Matter with Baby?

It cries fretfully, is restless and does not sleep well, its bowels do not move or it has diarrhoea, it does not eat or it has flatulence and vomits easily. You know baby is sick. You want to help baby get well safely and quickly.

If you are wise you will use Fletcher's Castoria, the wonderful remedy for babies' ills, that was discovered by a family doctor and that has been used for over thirty years.

When you have learned the value of Fletcher's Castoria you will never be without it, you will tell other mothers what a useful remedy it is. You will be able to keep baby well and happy by using it to keep its stomach sweet and its digestive organs acting naturally. You will call Fletcher's Castoria the Children's Comfort and the Mother's Friend.

Don't say tomorrow - try it today. And above all things don't try to relieve baby with a remedy that you would use for yourself.

### CHANGES IN C. N. R. LINE MANAGEMENT

A circular issued by Mr. D. H. Hanna, President of Canadian National Railways, announces a division of the work in the department of Operation, Maintenance and Construction of the public-controlled road, a division made necessary by the increasing volume of work due to the taking

MR. S. J. HUNGERFORD

over the operation, by the C. N. R., of the mileage of the Grand Trunk Pacific in Western Canada.

Mr. M. H. MacLeod, who has until now been the Vice-President in Charge of the Department of Operation, Maintenance and Construction, and Mr. S. J. Hungerford, hitherto Assistant Vice-President of the Department, will be Vice-Presidents in Charge of Operation and Maintenance. Both appointments are due to be effective October 1st, and the offices of both Vice-Presidents will be in Toronto.

Under this new arrangement Mr. MacLeod will have entire control of the Locating and Constructing of Lines, while to Mr. Hungerford will fall the task of general operation and maintenance of all physical properties on all lines.

Trained in West.

Prior to Mr. MacLeod's appointment as Vice-President of Operation, Maintenance and Construction of Canadian National Railways in 1918, he was General Manager and Chief Engineer of the C. N. R. at Winnipeg. It was during his occupancy of these positions that the great expansion of Canadian Northern lines, which are now included in the Canadian National, occurred. As Chief in the Construction Department of the Canadian National, therefore, he will have the advantage of a knowledge of territories and of conditions equalled by few men, if by any, in Canada.

Mr. Hungerford has been in Railway work since his youth, and has risen to his present office from the rank of a machinist's apprentice. He had an extensive experience with the Mechanical Department of the Canadian Pacific Railway, and joined the Canadian Northern in 1910. While in the Canadian Northern he was successively Superintendent of Rolling Stock, Western Lines at Winnipeg, of all Lines, Toronto, (May 1st, 1915), and General Manager of Eastern Lines at Toronto, (Nov. 1st, 1917). When the Canadian National Railways management was organized, he was made, on Nov. 21st, 1918, Assistant Vice-President of Operation, Maintenance and Construction, Mr. MacLeod being the head of that Department. Mr. Hungerford was born near Bedford in Quebec, July 16th, 1872.

Fredericton, N. B., Oct. 6.—In the Royal Gazette today notice is published of the resignation of seven of the candidates of the government party in the present provincial election from positions which they occupied in the gift of the government and which they had to give up in order to accept nomination. The list is as follows:—

The Hon. Clifford W. Robinson, as chairman of "the New Brunswick electric power commission."

James Bacon Dickson, as clerk of the legislative assembly.

Donald L. Daigo, as labor act commissioner for the county of Madawaska and inspector of Crown Settlements.

Frank Coburn, of Mansere-Sutton, in the county of York, N. B., as vendor of game licenses.

P. S. Watson, as vendor of game licenses in the county of York.

M. E. Connors, M. D., of Bath, Carleton county, as coroner for the county of Carleton and member of district board of health, Carleton county.

The appointment of Hon. C. W. Robinson as minister of lands and mines, succeeding Hon. Dr. E. S. Smith and of Hon. Fred Magee as member of the executive council are also gazetted today.

New York, Oct. 6.—Mrs. Clara M. Brown, of Roselle Park, N. J., has thrown her bonnet into the political ring. She is a candidate for Mayor on the independent ticket.

### AS A WOMAN THINKETH

By HELEN ROWLAND  
(Copyright, 1920, by The Wheeler Syndicate, Inc.)  
**THE GIRL WHO CANNOT DREAM**

I look into your face—and wonder!  
Oh, laughing, straight-browed, clear-sighted, undaunted, whole-some  
Daughter of Today,  
Going into life, open-eyed!  
With strong, sure feet and steady hand—  
Knowing all its glories and its pitfalls, its pettiness, and possibilities—  
Knowing more of life's realities than I do!  
I look into your face—and wonder if they are wise, who robbed you of your foolish girlish dreams, and brushed the star-dust from your misty eyes.  
That you might look at FACTS—and "see life straight!"  
I wonder!  
What would I take, today, as fair exchange  
For those young years of faith in Santa Claus—those starry Christmas Eves, when high heart beating,  
I watched for him through frosted window-panes—and glimpsed him, in my visions, fleeing down the path?  
And for my faith in fairies,  
When, in the long, gold, drowsy afternoons, I CAUGHT them dancing in the dappled leaves amid the tree-tops?  
And for those long, sweet years, when I waited for the coming of Prince Charming,  
With visions far too dazzling, to "come true!"  
And for all my other blind illusions—  
My faith that all mothers are perfect, and have hearts of angels,  
That all fathers are wise, omniscient, and kind,  
All artists, geniuses,  
All poems, born of the poet's inspiration—not from his struggles to buy buns, and baby-shoes!  
My faith that LOVE is every woman's portion,  
And that gold and fame lie at the end of every rainbow dream,  
and every high endeavor!  
The somewhere, somehow, some day, I shall find  
The Perfect Man,  
The Perfect Love,  
The Perfect Life—and happiness!  
And, that, when all these visions have been followed to the end,  
Somewhere, across the Great Divide,  
There IS a Heaven!  
Oh, clear-eyed, sane-hearted, undazzled Modern Girl,  
I looked at you, in envy—yet, I wonder,  
If you, with all your wisdom and philosophy and worldly knowledge of life's mysteries and problems as they are,  
Have anything for which I would exchange one Golden Dream—  
One foolish young illusion—  
If you have anything, for which I'd care to barter that radiance of the soul,  
That multi-colored prism, through which only girlhood looks at life—  
My young IMAGINATION!  
Oh, Daughter of Today, in all your wisdom,  
I bow before you—yet, sigh for you a little,  
And wonder what they have left you, in all the world,  
To DREAM about!

### Glen of The High North

Rev. H. A. Cody's Latest Book is Interesting Tale of Love and Adventure.

"Glen of the High North"—which is the recently published book from the gifted pen of Rev. H. A. Cody—breathes a spirit of cheerfulness and the joy of a clean out of door life in all its pages. The scenes are laid in that Northland which the writer loves so dearly and knows so well how to picture for his readers.

It was nothing for publication which Tom Reynolds the returned soldier-newspaper man found one afternoon and which sent him on the great adventure of his life. It was just the glimpse of Glen Weston, but that glimpse changed the young man's career and he travelled to the North in search of this girl, passing through many exciting hours and finding at last, love and gold.

Wild animals stalk in their paths and there are plotters against which Glen and her hero have to fight, but all ends well and the reader is left with a picture of absolute happiness.

There is about the book a purity and wholesomeness which will appeal to all readers, satisfied with the many serial tales now so prevalent in the modern novel.

Mr. Cody's books have a wide circulation both in Canada and in the United States and it is understood that Glen will also make her appearance on the screen, where doubtless she will prove as attractive as upon the printed page. It is an excellent sign when an author of Canadian origin, writing purely Canadian stories, becomes so popular and St. John and his native Province of New Brunswick wish him still further success.

**"Buyers Beware"**

Always on Time

There was the custom some time ago, in making a transfer of real estate, to make use of an agreement form, the heading of which was a Latin phrase—"Caveat Emptor"—"Let the Buyer Beware". As though there was need to warn the intending purchaser of a possible flaw in the contract.

Now, in buying a Birks Watch, the full responsibility rests on us—you don't have to investigate or to get outside opinion. If we say the watch is such and such—well, it is!

If you want a man's wrist watch—just right in size, strong double back, dust-proof silver case, and one to last a lifetime—ask to see our No. 831001 \$25.00 "Ranelagh".

"Guaranteed, of course."

### WIFE NEVER KNEW SHE WAS DIVORCED

New York, Oct. 6.—Mrs. Emily Barnum, 63 years old, of 210 46th street, has been divorced from her husband for twenty years and was not aware of it until she brought suit to force him to pay her \$15.00 weekly, which she claimed the court ordered in 1900. "I was divorced from her in May 1900," said Barnum, and produced a decree of divorce granted in Manhattan. Mrs. Barnum declared it was news to her, as she had been under the impression that only a separation had been granted.

### ST. DAVID'S WOMEN'S MISSIONARY SOCIETY

Reports Received and Opening Chapter of New Study Book Taken up.

The opening chapter of the new study book, Canada's Share in the World Task, was taken up at a meeting of the Women's Missionary Society of St. David's Church held yesterday afternoon. Mrs. R. C. Cruikshank, president and Mrs. David Willett was in charge of the programme. Others taking part were Mrs. D. Malcolm, Mrs. Peck and Mrs. Bingham.

Mrs. R. R. Jamieson gave an excellent report of the annual meeting held recently at Moncton. It was decided to prepare a box to be sent to British Guiana. The treasurer, Mrs. Bingham, reported that up-to-date the peace offering amounted to \$132.00.

### OPPOSITION MEETING 'Prentice Boys' Hall

West St. John, Thursday evening at 8 o'clock.

DIVIDED LIQUOR AT DIVORCE.

New York, Oct. 6.—When the court granted Mrs. Eugene S. Willard, wife of a wealthy real estate broker, a divorce, a stipulation was made that she and Mr. Willard go "city-city" on the liquor in the town and country residences which the court had been occupying. The court called for a complete list of all "wines, liquors and cordials" in the possession of the Willard family and both plaintiff and defendant agreed to an equal distribution.

### OBITUARY.

**Robert Barnes Travis**

The death occurred early this morning of Robert Barnes Travis, at his home, 280 Douglas Avenue. The deceased, who was the son of the late Hugh and Elizabeth Travis, is survived by his wife, formerly Miss Elizabeth Puddington; two brothers, John and Charles, and two sisters, Mrs. Harold Olmo, and Mrs. Atkinson Morrison of this city. He was a native and a life-long resident of this city, and for many years conducted a drug business on Main street. Though in poor health for some time, the late Mr. Travis had been around on Tuesday, and the news of his death will be read with much regret by a large circle of friends among whom he was held in the highest esteem. The funeral will be held from his late residence on Saturday afternoon.

Aliston Cushing.

Word was received in the city yesterday morning telling of the death of Aliston Cushing, at one time well known in lumber circles in the province. He died Tuesday in Boston. Mr. Cushing was a son of the late

Andrew Cushing and was born in 1849 at Frankfort, Maine. When a young man he went to Salisbury, where he was engaged in the lumber and wood manufacturing for several years. He came to St. John on the death of his father and operated his father's mill at Union Point for four years, until it was destroyed by fire. He then moved to Houlton, Maine, and was active in the lumber industry there for several years. His wife, the late E. G. Dunn, of West St. John, also at one time prominent in the lumber business here.

Mr. Cushing is survived by two sons and three daughters, as follows: Andre Richmond Cushing, of Houlton; Mrs. Parker, of Houlton; Mrs. Baucher, wife of Dr. Baucher, of Boston; Charles Dunn Cushing, of Scranton, Pa.; and Miss Louis Cushing, of Houlton. R. H. Cushing, of Lancaster, a brother, and Mrs. George B. Dunn, of Houlton, and Mrs. May, wife of Dr. Calvin S. May, of Boston, are sisters. G. S. Cushing, of this city is a cousin. Burial will take place here tomorrow.

### WEDDINGS.

**Jarvis-Lockhart**

Special to The Standard

Moncton, N. B., Oct. 6.—The marriage of Miss Winifred Margaret Lockhart, only daughter of the late James A. Lockhart and Mrs. Lockhart, of this city, and Ralph Jarvis, son of the late George M. Jarvis and Mrs. Jarvis, of Moncton, took place at 1.30 o'clock yesterday in the Central Methodist Church. The ceremony was performed by Rev. W. H. Barraclough. The bride was given in marriage by her uncle, E. N. Lockhart. The church was beautifully decorated with autumn leaves and rowan-berries, and potted plants. Mr. and Mrs. Jarvis left in the afternoon on the Ocean, Limited, for Upper Canadian cities, returning they will take up their residence in Moncton.

### SYNOD FAVORS ENLARGED PENSION FOR ITS SERVANTS

Special Committee Will Report on Question of Denominational Papers.

Pictou, N. S., Oct. 6.—The weather man was in an ungracious mood today as the Presbyterian Synod met and rain coats and rubbers were in evidence. The new Moderator, Dr. J. W. Falconer, led the Synod in a devotional period. Mr. W. W. McNamara gave the report on business and a very full house faced a strenuous docket.

The first order was social service and Dr. H. R. Grant presented the report. He spoke quite hopefully in reference to the approaching referendum on Prohibition.

**The Witness Case**

The next order was concerning the Presbyterian Witness and Dr. Falconer made a statement bearing on the subject. By the action of the General Assembly and the General Board the Witness had been placed in a very difficult position. The Presbyterian and Westminster has been purchased by the General Board and is now an official church organ. The Witness is operated by a private company and cannot compete with the official church organ. Dr. Falconer put the matter in the form of a question.

"Is the Synod convinced that the Presbyterian Witness is essential for the welfare of the Synod?" This question was answered by a loud "Yes" from the floor. "Well, then," said the speaker, "if you are convinced of this, you must back your conviction up by your money." On motion by Dr. Pringle discussion was delayed until the report of the special committee should be given in.

**The Aged Ministers**

Dr. Anderson Rogers reported for the aged and infirm ministers committee. This fund is emerging into a position of security and adequacy in its provisions for aged and infirm men. Last year congregations contributed \$6,000 in excess of the year before, making a total of \$30,000. \$47,000 was paid out last year to 147 annuitants. There are 800 ministers on the fund as paying members. It is hoped that shortly \$625 a year can be paid to those permitted to retire.

Rev. T. McKerral of Toronto was heard also on the subject of the enlarged pensions scheme which has in view the increasing of the annuity to \$1,000 and \$500 per year to widows of ministers. Mr. McKerral was cordially thanked by the Moderator.

It was agreed that the committee, to strike standing committees, be asked to name a committee on general interests and also one on life service.

# Soldiers, Attention!

## How to Vote

Since the declaration of Peace on January 7th, 1920, returned men have had the right to vote on production of their Discharge Certificates.

This is correct despite the fact that the returning officers may not have been advised of this.

## Our Travelling Salesmen Enjoy Selling Red Rose Orange Pekoe Tea

Travelling salesmen work very hard as a rule. They put in long hours, and the pleasure of travelling is not so great as to those of us who mostly live at home.

Naturally, therefore, these men must get a great deal of their pleasure and satisfaction from their work—they like to sell the finest of products and represent a good "house".

Our travelling salesmen are exceedingly critical of the products which they are asked to sell, and when we told them last January that we wanted them to sell a new tea of extra quality—much finer than has usually been sold in Canada—they were keenly interested, put the new tea to many tests amongst their friends, and gave it a lot of time and thought.

Having convinced themselves of the extra fine quality of Red Rose Orange Pekoe Tea, they started on their trips full of enthusiasm.

Their satisfaction, however, has been much greater on their later trips, because of the splendid renewal orders which are following their first sales.

Like good merchants, our salesmen enjoy selling the very finest tea—Red Rose Orange Pekoe.

Try the tea which has met with so much success.

# Some Things The Old Government Did

ELECTORS, the Foster Government is trying to tell you that the late Government did nothing to improve conditions for the people during all the years it was in power. Here are some of the things it did anyway:

It founded the present Agricultural Department, and inaugurated the policies which have ever since been carried out. It divided the Department into the various sub-divisions, horticultural, live stock, soils, animal and field husbandry, poultry and bee-keeping, and placed experts at the head of each. It brought in the ditching machine, by means of which hundreds of acres of otherwise useless land has been brought under cultivation through drainage; it brought in the clover huller, by which farmers can thresh their own clover and save the cost of buying; it brought in the lime rock crusher, to give the farmers all over the province the chance to get lime at cost; it established Women's Institutes and encouraged the formation of agricultural societies; it gave bonuses to pure bred sires, in an effort to improve the quality of stock in the province, and many other benefits to agriculture.

All these policies have been followed by Mr. Tweeddale, the gentleman who is "7-8 politician and 1-8 farmer," and, Electors, don't forget that he has \$70,000 a year to work with from the Dominion Government that the late Government did not have.

It passed the most stringent Liquor Law that was in existence in any province in Canada, and when a demand was made for absolute Prohibition, it brought in and passed the present law, and thus did what it could to do away with the liquor traffic altogether. The Foster Government is afraid to enforce this Act as it should be enforced, with the result that Prohibition is little better than a farce.

It enacted in 1914 what was at that time the most advanced law on the subject of Workmen's Compensation for Injuries, and, when required, amended it to make its provisions more effective from the workmen's point of view. It laid the foundation of the present law by appointing a commission to enquire into all matters connected with the subject, and to study the Acts in force in other parts of the country and Great Britain, with the view of preparing the present Act. Nothing but the fact that they did not remain in office long enough prevented the late Government from passing the present Act, instead of the Foster Government doing so. Another instance of "Evolution."

It passed the Act empowering the classification of the Crown Lands and got the work well under way before going out of power. It did not create the useless and cumbersome body known as the Advisory Board.

It created the Farm Settlement Board, by means of which young men and others can obtain homes on easy terms, and pay for them out of the annual crop returns.

It created the Board of Public Utility Commissioners, to guard the rights of the public in the matter of Public Utilities.

It passed the Rural Telephone Companies Act, under which telephones can be established very cheaply in country districts.

And many minor measures of value to the community.

## AND WITH IT ALL IT DID NOT GET INTO DEBT.

Every useful measure that the Foster Government has passed is practically an "Evolution" (as Mrs. Hooper puts it) from policies inaugurated by the late Government. The clumsy, cumbersome and costly Health Act is the only exception.

**WANT TO QUIT  
TOBACCO?**

If you want to quit tobacco or to use  
less, get a package of Nicotol tablets  
from your druggist. You will be sur-  
prised how easy it is to quit. Nicotol  
drives nicotine from your system and  
kills the craving for tobacco, and let  
the tobacco habit quit you. All drug-  
gists are authorized to sell Nicotol  
under a steel-bound money-back  
guarantee, so it costs you little to quit  
and nothing if Nicotol fails.  
Note—Ask your druggist what others  
say about the wonderful power of  
Nicotol to break the tobacco habit.  
He knows and he can be depended on  
to tell you the full truth.

# MOTHER RESTORED, DAUGHTER BELIEVED

### Mrs. Sherwood Had to Live on Bread and Tea Before She Got Tanlac—Now Eats Anything.

"Tanlac has brought joy to our family, for it has restored me to health and strength, and now my daughter is healthy, and with splendid results," said Robert Sherwood, who resides at 115 Orange Street, St. John, N. B.

"I don't like to think of how I suffered for the past three years," she continued. "I was in a dreadful, run-down, nervous condition and it just seemed that there was no relief for me. My stomach caused me no end of trouble, for nearly everything I ate turned against me, and I had to live almost entirely on bread and butter and tea."

"I suffered awfully from gastritis, especially at night when I went to rest. There were constant pains in my stomach, and I just couldn't get any rest either night or day. My nerves were worn to a frazzle, and I had a shadow of so much weight that I was nothing more than a shadow of what I used to be."

"Finally I went to the hospital, I stayed there for several weeks and while I felt better at the time, I gradually

went back into my old condition. I became so weak that I wasn't able to do my housework and had to hire outside help. I became alarmed over my condition, for I was getting worse rapidly and just seemed to be losing all my strength and energy.

"One day about two months ago I was reading the paper and saw a statement from a woman here in St. John talking about the relief Tanlac brought her; and I'm so glad she allowed it to be published, for I have tried Tanlac myself now and it has restored my health just like she said it did here."

"My appetite is just splendid, and I am eating things I haven't been able to touch in years. The pains have all gone from my stomach and I have gained back nearly all my lost weight. My nerves are just as steady as can be and I enjoy sound, restful sleep every night. I feel so much better and stronger that I have gone back to doing my housework, and it just seems wonderful that I am enjoying such splendid health once more. My daughter, who has always been very delicate, has started taking Tanlac since it has helped me so, and already she has a better appetite and is looking stronger. I certainly have confidence in Tanlac and recommend it with all my heart."

Tanlac is sold in St. John by Ross Drug Co. and F. W. Munro under the personal direction of a special Tanlac representative.—Adt.

### Beauty Secrets for Women

A woman's fondest hope is to stay young. She often resorts to paints, powders and cosmetics to hide her years. Some women pay large sums to so-called "Beauty Doctors" in the belief that money will buy youth. Others wear girlish dresses, thinking they can fool the world about their age. But no one is deceived. The more you try to hide your age, the more it shows.

There is but one thing that holds old age back, and that is health. Sickness and weakness bring old age early in life. Dr. Pierce's Favorite Prescription is a building-up medicine for women. It makes them healthy and strong when they suffer from women's troubles. It keeps them looking young by keeping them well. It is a woman's tonic for the frail, the delicate and those who are nervous, dizzy and who have headache and "dragging down." Some women took it years ago and have felt younger and well ever since. Doctor Pierce's Favorite Prescription is altogether vegetable and without a particle of alcohol. It is safe to take. Try it now. In tablet or liquid form at all druggists, or send ten cents for trial package of the tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., or branch in Bridgeburg, Ont.

## CANDIDATES SIGN ALLIANCE PLEDGE

### Thirty-Nine Names Given Out at Fredericton by Temperance Alliance Executive.

Fredericton, N. B., Oct. 6.—The first measurement of names of candidates who have signed the New Brunswick Temperance Alliance pledges was made today by Rev. Z. L. Fash, who has been receiving the pledges on behalf of the Alliance executive, and who said that additional pledges had been received and a further list would be given out tomorrow.

York County candidates—S. B. Hunter, Opposition; F. L. Coburn, P. S. Watson and John T. Christie, Government; Ernest Stairs, Alex. Brown and Douglas Clarkson, United Farmers.

Sunbury County candidates—H. H. Smith and J. P. Harding, United Farmers.

Carleton County candidates—R. L.

## ELECTION CARD.

To the Electors of Carleton County: Ladies and Gentlemen: The Government having dissolved the House of Assembly and issued writs for an election to be held on the 9th day of October, I have decided to be a candidate in opposition to the present administration. Having represented this county for a number of years, and in view of a very large measure of confidence that has been placed in me by the electors of this constituency in the past, especially on the last two occasions in which I appealed to them, and in view of the fact that there are many questions that require careful consideration, I feel that I can safely trust my interests in your hands at this time. I am not opposing the United Farmers ticket. Their platform, as I have been able to view it, is largely in accord with my own views. This constituency having gone so strongly in favor of the present opposition party in the last contest, it is only right, in my judgment, that at least one member should be returned with two farmers to represent the people as a whole. I am strongly in favor of increased revenue from stumpage rates upon our Crown Lands as advocated by the Opposition members at the last session of the Legislature. We need more revenue in order to pay our school teachers a higher salary, and to provide for better roads, especially in the rural districts which have been sadly neglected by the present administration. Burdens of taxes have been imposed by the present Government upon the common people, which they (the common people) own this important asset. The large owners of timber lands have been allowed to reap immense profits from the same, while the price for all lumbering materials has been soaring far beyond our expectations. I am safe in saying that \$1,000,000 more should have been factored from our Crown lands the last year. Had this been done, it would have been unnecessary for the Government to have added to our bonded indebtedness as they have, which has placed burdens upon us which have to come to us in common knowledge that the big Crown Lands interests have control of the present administration. Our Crown Lands are being devastated, not only by the axe, but by insect pests, blow-downs and other things common to the forest, and a careful analysis of the conditions shows us that we are today cutting thirty-two logs for one thousand feet, whereas a few years ago, from eight to ten logs produced the same amount. This in itself tells the whole story, and plainly shows us all, that we want to conserve our forest wealth as much as we can and to get full returns in stumpage rates from lumber that may be cut from year to year.

I am in favor of a prohibition that prohibits I am strongly opposed to some of the methods which have been employed in enforcing the present law. The sale of liquors should be handled in such a way that it would be possible for those who require to use the same for medicinal purposes to get it at cost price plus the commission for handling.

I wish to take this opportunity to correct an impression, which seems to prevail in some parts of the county, that I had purchased a residence in the County of York, in Marysville, and intended to remove there. There is no foundation, however, for these statements, as the purchase of such property was in common with the purchase of a number of other real estate purchases which were made purely from a standpoint of business.

I may say to the electors of this constituency that I have absolutely no intention of removing from my present residence in Carleton County. My interests here are growing larger and larger from year to year. My business is also increasing annually and my home is here in Carleton County, the place of my birthplace, and I propose to remain here.

The time before polling day is so short that it will be absolutely impossible for me to call upon the electors of the county personally. Having appealed to you many times before, and being well known throughout the county, I feel that I can safely trust the electors with the most con-

THE WEATHER.

Toronto, Oct. 6.—Pressure is high over the middle and eastern portions of the continent and in Alberta. Rain has fallen today on the British Columbia coast and a few local showers have occurred in Nova Scotia. Otherwise the weather has been fair throughout the Dominion and continued warm in the western provinces.

AROUND THE CITY

SHOULDER INJURED. John McEachern, 27 Brussels street, had his shoulder injured at the Atlantic Refiner's, yesterday afternoon, and was removed to the Public Hospital, where an X-ray examination is being made.

EXPECTS BIG BUSINESS. H. Milburn, Assistant Manager of the Canadian Government Merchant Marine, was in the city yesterday on a business trip. He states that the sailing of the St. John will be cut off and the coming winter's business promises to be very large.

SHOT THREE BEARS. A. F. Pearson, of the Railway, Matt Service, Bert G. Pearson, of the St. John Street Railway, and John Pearson, Moncton, were fortunate enough to shoot three fine bears on Monday last. One was a large female which gave the hunters a lively season before it was killed.

ANGLICAN SYNOD. The following committees of the Anglican Synod met yesterday and discussed matters in connection with their various departments: The Bible in the Public School, Board of Finance, Education of the Children of the Clergy, Board of Education, Board of Missions.

REFUSED DUTY. John MacNeil, a stoker from the steamer Antigonish, was given in charge by the Chief Engineer, Jones, of the same ship for being drunk and refusing duty. MacNeil's condition was such on arrival at the police station that it was found necessary to send him to the hospital for treatment. Two arrests for drunkenness were made by the police.

HAPPY REUNION. Louis Jacobson, Mill street, merchant, had the pleasure of again being united to his wife and family after an absence of nine years. The family arrived yesterday afternoon by Montreal train, having travelled from Russia and landing at Quebec on S.S. Scandinavian. Nine years ago Mr. Jacobson had left his native country and since then has prospered. A large reception committee were on hand to welcome the new comers to Canada, six automobiles being drawn up at the depot.

POPULAR PRESENTATION. W. C. Sinclair, who has been assistant manager of the Prince William street branch of the Bank of Nova Scotia for the last four years, left yesterday to assume his new duties as manager of the Annapolis branch. Just prior to his departure, Mr. Sinclair was called to the board room of the bank, where he found the entire staff assembled, and Supervisor Anderson in a very neat speech presented to the popular assistant manager a beautiful mahogany parlor lamp and some Crown Derby china. Mr. Sinclair suitably replied, and expressed his regret at leaving the Prince William street office.

VELVETEENS FOR FALL WEAR. Amongst the several dress fabrics that are in special favor for the present season's wear, velvet is taking a leading place. Its beautiful rich pile, and soft draping qualities make it a very suitable material for afternoon or evening wear.

Mrs. G. Fred Fisher, of St. John, N. B.; Miss Lordy, of Halifax, N. S.; and Miss Eleanor Lowe, of Charlottetown, P. E. I., have arrived in town for the Birmingham-Lordy wedding and are the guests of the bride's mother, Mrs. H. R. Lordy, Strathcona avenue, Montreal West—Montreal Star.

Given Lectures In First Aid

Large Number of Police and C. P. R. Employees Ready to Qualify for Diplomas.

If the call for doctors in the city is not considerably decreased their work should be lightened to a large extent in the future. Some two hundred of the local employees of the C. P. R., and the majority of the men on the police force, have been given lectures in first aid and are ready to qualify for the diplomas issued by the St. John Ambulance Society for the class of work.

First Aid Classes. About two months ago S. A. Gidlow, of Montreal, general secretary of the First Aid Department of the Canadian Pacific Railway was in St. John for the purpose of organizing First Aid classes among the employees of the company. E. G. Noble, his assistant, has been in town ever since giving lectures and demonstrating to men from all departments of the service both on the east and west side, in the emergency treatment of accidents.

Mr. Noble has given these lectures in such a simple manner that all the employees could not help but follow and easily understand the various treatments as laid down in the text book of the St. John Ambulance Association which each student was provided with. Some 200 employees have received the instruction and were taken in hand this week for the examinations which were conducted by Dr. F. L. Kenney on the West Side, and Dr. G. B. Post on the East Side.

The results of the examinations will be made public shortly. The majority of the men have made an excellent showing, and are to be congratulated on their splendid efforts.

Thirty-five men of the police force have attended five lectures given by Dr. Murray MacLaren and Dr. Dunlop, and with some further practical work it is believed that they will all be able to qualify for their diplomas. Just how much this will mean to the public of St. John need scarcely be dwelt on.

The men have attended these lectures while off duty, and during their own spare time, and are to be congratulated for their self-sacrifice in this respect. A great deal of credit is also due Mr. Nobles, who has also given lectures to various other organizations in the city; all of them during his spare moments.

If the firemen of the city, the street railway men and others who serve the public, were also given instructions in First Aid, great benefit would accrue to the city. As it is conditions are much better at present than when the recommendation brought in by a coroner's jury some months ago that such instruction be given the police and firemen of the city was made.

Those Attending The Convention

Among those attending the Women's Press convention at Montreal are: Mrs. O. Clifton Pesse, of Toronto, editor of Echoes, I. O. D. E. official organ; Mrs. Genevieve Lipsett-Skinner, a charter member of the Winnipeg branch, and only member of the Canadian Women's Press club who is a fully fledged barrister. She is also the only woman in Canada to qualify after marriage; Miss Lucy Doyle (Cornell), editor of the Women's page of the Toronto Telegram; Miss Marshall Saunders, of Toronto, formerly of Halifax, N. S., author of "Beautiful Joe," "The Classic," and many other and best stories; Mrs. Arthur Murphy, (Judge Murphy), of Edmonton; Miss Marjory MacMurchy, Toronto; Mrs. H. Lawrence is present from St. John.

Items in the programme include discussions on "Foreign News," "The New Books," "Character as an Essential in Journalism," "Newspaper and Review Possibilities," "Interviewing," "Trade Unionism and the Women Journalist." Mrs. Fenwick Williams is down on the programme as leading the discussion on "Books."

AN INTERESTING ADDRESS GIVEN

A large and deeply interested audience at the Mission Church school house listened last evening to an address given by Rev. H. E. Bennett, who spoke on the Anglo-Catholic Conference held recently in London. The procession of 1,200 priests and 18 bishops who marched in the opening service held at St. Alban's, Holborn, and the three days' session at Albert Hall were described, as well as the Thanksgiving service at Southwark Cathedral.

DROP IN FLOUR PRICES

The drop in flour will have no influence in lessening the cost or bread in St. John for some months at least, was the opinion expressed by one of the city's leading bakers last night. He explained that only seasoned flour can be used in the making of bread, and as the bakers had been obliged to buy their stocks at the old and higher price, they would not be able to use the flour from the new crop for some months. He also stated that the flour market at the present time was very uncertain and unstable, and as a consequence bakers were holding off before booking large orders.

Notwithstanding the situation in St. John other centres in the Dominion are now buying cheaper bread than they did; in Saskatoon the cost of twenty-ounce loaves has been reduced to ten cents, a reduction of two and a half cents per loaf.

Dr. Carter Reviews School Situation

Several Years Before Sufficient Teachers Can Be Trained to Fill Needs of Country

"Although the Province of New Brunswick in common with the rest of the world is suffering from a scarcity of school teachers, it is much more fortunately situated in this respect than the Province of Nova Scotia, or any of the other provinces of the Dominion, or even the United States," was the statement by Dr. W. S. Carter, provincial superintendent of education, who was in the city last evening.

The doctor said that the scarcity of teachers was largely due to the small salaries obtained by the profession in comparison with those to be had in other occupations. As conditions had been bettered of late, and the teachers' salaries increased considerably, he thought this would have a beneficial effect, but that it would be several years before sufficient teachers could be trained to fill the needs of the country.

Social Reunion Greatly Enjoyed

About Seventy-Five Persons Present — Given by Jewel Rebekah Lodge.

A social reunion, attended by some seventy-five persons, was given last evening by Jewel Rebekah Lodge, I. O. O. F., No. 6, in their rooms on the West Side.

Mrs. Gregory, Noble Grand, presided and among the business decided at the meeting was a resolution to carry on work for the orphanages of the city.

As entertainment of the guests, games and several amusements were arranged, for which the successful participants received prizes of a practical nature.

A delightful musical programme was enjoyed, in which the following took part: Miss Hilda Bestway, Miss Freda Brittain and Miss Edna Smith. Dancing and refreshments brought the pleasant affair to a close.

While meetings have been held regularly all summer, last evening's marks the beginning of the winter's work, and all members are showing interest and planning to have another good year at the lodge.

HOW THE WEDDING WAS CELEBRATED

The youth of Brussels street celebrated a wedding which took place in their neighborhood in a right royal fashion last evening. A bonfire was deemed an essential to a successful celebration, and as soon as the shades of evening had fallen the bonfire was forthcoming.

A contractor who had been plastering the walls of a building nearby furnished the barrels for the fire—and at least the boys assumed that he would if he had been asked, and therefore neglected to do so. All the stray scraps of wood and paper in the vicinity were added to the fire and a lively sheet of flame soared high into the night air.

Confetti was lacking, but the juveniles were not daunted and a substitute was found with an ingenuity developed by the years of war. Passengers by were not bothered with the conventional rice, paper beads of flour or sand were used instead. The results obtained were most gratifying to the celebrants, and those who passed through their barrage were made to undergo all the thrills and agonies of a Sahara sand storm and Yukon blizzard.

Sand Cove Road House Destroyed

House Owned by James Beyea and Occupied by Two Families Burned to Ground.

A two-family house on the Sand Cove road, owned by James Beyea, of Little River, and occupied by Wilfrid McDonald on the ground floor, and Thomas Donovan on the upper section, was totally destroyed by fire yesterday afternoon.

Started in Kitchen. The fire was first noticed in a kitchen at the rear of the house, and it is thought to have started from a defective flue. When discovered, and the alarm given, the blaze had quite a start, and had there been a chemical user, or any kind of fire-fighting apparatus, it is thought that the building could have been saved. It was about four o'clock when the fire started, the men neighbors were away at their work, and only the women folk were about the vicinity and they were unable to do much in trying to fight the flames.

A Total Loss

By the time some men reached the scene of the fire, the building was doomed, and owing to the fire and smoke they were unable to accomplish much in the way of removing furniture.

Wilfrid McDonald is a fireman, employed by C. P. R., and all that was saved from his flat was one bed, a commode, a kitchen table and a piece of olecloth. Practically all the rest of his furniture was destroyed.

Thomas Donovan is in the employ of W. E. Emerson, West St. John, and it is stated that hardly one piece of his furniture was saved. The two tenants had very little insurance, and their loss will be heavy.

Up-to-Date House

The building was erected in 1914, and was up-to-date in every respect, having bath, hardwood floors, and the flats were well laid out. It was in fact looked on as one of the best houses in the vicinity, and was valued at about \$6,000.

Mr. Beyea's loss will be very heavy, as he stated last night that his loss is hardly half covered by insurance. All that now remains of a fine dwelling is a pile of smoldering ashes.

WILL ERECT A PARSONAGE

Was Decided on at Meeting of Quarterly Board of Central Baptist Last Night.

Central Baptist Church will erect a parsonage on the lot adjoining the church. This was decided at a meeting of the Quarterly Board last evening. A committee, consisting of the pastor, Rev. F. H. Bone, Sheriff Wilson and L. A. Beyea, was appointed to look after plans and preparations for a building.

It was reported that, for the first time, the church has raised the denominational fund's allotment without any special appeals being made.
