THE WESTERN UNIVERSITY.

The Western University of London, Ontario, was established by an Act of the Legislature of Ontario, XLI. Victoria, Chap. 70, and empowered to confer Degrees in Divinity, Arts, Law, Medicine, and subject to the provisions of par. 10 of the Act.

The Lord Bishop of Huron and the Alumni of Huron College long cherished the design of obtaining for Huron College University powers, and also of providing for the West of Ontario a School of Arts, Law, Medicine, and Engineering. In furtherance of this project, a meeting of the Alumni was held in London, on the 20th day of February, 1877, and an address was presented to the Bishop, signed by the Very Rev. Dean Boomer, Principal of the College and Divinity Professor, the late Professor Halpin, and many of the Alumni of Huron College, requesting His Lordship's sanction and co-operation. The Bishop expressed his cordial approbation, and at the same time subscribed the handsome sum of \$10,000, which he has already paid in full.

His Lordship paid two successful visits to England, and obtained many large donations, including one of £2,000 sterling from the Ven. Society for promoting Christian knowledge.

The late Rev. W. Logan was appointed to obtain subscriptions in Canada. Owing to his efforts, and those of his successors in office, the sum of about \$30,000 was subscribed, the Very Rev. Dean Boomer donating \$1,000.

In accordance with the provisions of the Act of Incorporation, Huron College is now affiliated with the Western University

THE FACULTY OF DIVINITY.

MATRICULATION.

Graduates of any University, as well as Non-Graduates, before entering the College, will have to satisfy the Bishop of the Diocese, or the Divinity Professor, that in reference to personal piety, general intellectual qualifications and cordial attachment to the principles of the Church, they are fit persons to be trained for the Ministry. For this is required—(1) A letter from the applicant himself, stating his motives for seeking admission to the Christian Ministry; (2) a private letter from the applicant's clergyman, addressed to the Bishop of Divinity Professor; and (3) a personal interview with the Bishop and the Divinity Professor.

The first year for Non-Graduates is a year of probation, after which, if their conduct is satisfactory, and there is a reasonable prospect of their becoming, with God's blessing, useful ministers of the Church, they are admitted to be Divinity Students.

Every Candidate for admission, if not a Graduate of some University, is required to pass the Matriculation Examination of the Western University.

A student may, at the discretion of the Faculty, be examined at the close of the midsummer vacation, in any subject in which he failed at the close of the Easter Term.

Every student who passes through the whole course of study prescribed, and sustains all the required examinations to the satisfaction of the Faculty, will receive a certificate setting forth his standing, sealed with the seal of the College, and signed by the Provost and Instructors.

The Course of Study.

The course of study consists of *Pass* and *Honour* subjects in order to provide for the requirements of two classes of students, Graduates and Non-Graduates.

Graduates, and all others whose preparatory studies have been sufficiently advanced, are expected to take the full course.

Non-Graduates, especially those whose preparatory training has been defective, are not required to take the *Honour* course; but in addition to the *Pass* course, they are required to attend such lectures at the Western University as from time to time are designated by the Faculty.

N. B.—In some of the Honour subjects lectures are given, but in others, books are prescribed, upon which examination will be held at the end of each term and year.

THE FACULTY OF ARTS.

In this Faculty the curriculum of the University of Toronto with which this University is to be in affiliation, is adopted in full, together with all the Regulations with reference to Examinations and the taking of Degrees. It will be arranged that these Examinations shall be held in London simultaneously with those in Toronto, the same questions being set and the same Examiners valuing the answers.

Degree of B. A.

There are two ordinary modes of proceeding to the Degree of B. A.; viz.: (1) by taking a *Pass* Course; or (2) by taking an *Honour* Course.

Entrance.

Candidates may enter this Faculty by passing the Matriculation Examination, or the First Examination, or the Second Examination.

Candidates entering at the Matriculation of the First Examination must have completed the fifteenth year of their age.

Candidates entering the Second Examination must have completed the seventeenth year of their age.

All Candidates entering at the Matriculation Examination must take the *Pass* Subjects in Classics, Mathematics, English, and History and Geography; but French and German may be substituted for Greek by Candidates who purpose taking any of the *Honour* Courses except that in Classics, or that in Mental and Moral Science and Civil Polity.

All Candidates entering at the First Examination must take the *Pass* Subjects in Classics, Mathematics, and English, specified below under the title of First Examination; but French and German may be substituted for Greek by Candidates who purpose taking any of the *Honour* Courses except that in Classics, or that in Mental and Moral Science and Civil Polity. Such Candidates may present

themselves either with the Undergraduates in May, or at a special Examination (called the Senior Matriculation) in September. Those Candidates who present themselves at the former Examination may compete with Undergraduates for Honors and Scholarships.

Candidates entering at the Second Examination must, in addition to the Subjects required from Undergraduates of the second year who have matriculated in the ordinary way, pass in the Arithmetic, Algebra, Euclid, and Plane Trigonometry, prescribed for the First Examination; but French and German will be allowed as a substitute for Greek to every successful Candidate for Honors in any Department except that of Classics, or that of Mental and Moral Science and Civil Polity, who shall signify his intention of continuing to take an *Honour* Course.

The ordinary Annual Examinations for Matriculation (both Pass and Honours) will commence in the latter part of June.

Supplemental Examinations for Matriculation will be held in the latter part of September, at which those who were rejected at the June Examination, as well as new Candidates, may offer; but no Honours or Scholarships will be awarded at such Examination.

The Special Examination for entrance at the First Examination, previously referred to, will be held at the same time as these Supplemental Examinations.

Candidates for entrance must produce satisfactory certificates of age and of good conduct.

The Fee for Matriculation is Five Dollars, and must be paid to the Registrar at the time the Candidate gives notice of intention to present himself. Candidates who have been rejected at the June Examination may present themselves at the Supplemental Examination, upon payment of an additional Fee of Two Dollars.

REGULATIONS.

I.

Regulations Relating to all Undergraduates

Undergraduates are required to attend as Matriculated Students, the lectures in the Western University, except in those cases in which the Senate, in consideration of peculiar circumstances, shall dispense with this rule.

Every Undergraduate who proposes to present himself at an Examination, is required to send to the Registrar, at least three weeks before the day appointed for the commencement of the Examination, a notice, (according to a printed form which will be furnished) giving particulars of his standing, the course he is taking, whether *Pass* or *Honours*, and the Departments, Sub-Departments, or Subjects in which he proposes to offer himself, together with such other particulars as the printed form may indicate.

Notice of the time of commencement of the Undergraduate Examinations will be given annually in January.

II.

Regulations Relating to the Pass Course.

In these regulations the term "Undergraduate" means a Student taking the *Pass* Course.

There will be Four Examinations at the end of the First, Second, Third and Fourth years, respectively, at which Undergraduates are required to present themselves.

The Subjects of this Course are hereafter specified in the form of four successive Examinations; but certain options and alternatives are allowed, which are stated in detail under the appropriate headings.

The attention of Undergraduates is directed to the following Synopsis :

In Classics.—All the four Examinations must be passed.

In Mathematics and Natural Philosophy.—The First, Second and Final Examinations must be taken. At the Third Examination either this subject or that of Mental and Moral Science is required.

In English.—The First, Third and Final Examinations must be taken.

In History.—The Second and Third Examinations must be taken.

In French or German.—Each Undergraduate must pass the two Examinations in (1) French or (2) German, of which the subjects are specified under the headings of First Examination and Second Examination. The first of these two Examinations may be taken at the end of either the First or the Second Year of the Course, and they must be taken in consecutive years, unless the Senate shall upon application, founded on special circumstances, permit an interval of two years to elapse between such Examinations.

In Natural Sciences.—Each Undergraduate must pass in consecutive years the two Examinations in (1) Chemistry, or (2) Biology, or (3) Mineralogy and Geology, of which the details are specified under the headings of First Examination; but he may defer the first of these Examinations until the end of the Third Year of the Course,

In Mental and Moral Science and Civil Polity.—The Second and Final Examinations must be taken. At the Third Examination either this Department or that of Mathematics must be taken.

Undergraduates below the standing of the Fourth Year, who have been rejected, or who have been prevented from attending the Annual Examinations in May by sickness, domestic affliction, or other causes beyond their control, may present themselves for Examination in September, at the time of the Senior Matriculation Examination. A Candidate who has failed in one Subject of Examination, but has shown respectable proficiency in the other Subjects, may be permitted by the Examiners to take it at the next ensuing Examination.

Candidates who failed to attend at the May Examinations, must prove to the satisfaction of the Vice-Provost, before presenting themselves in September, the existence and sufficiency of the alleged cause of absence.

Candidates who were rejected must pay a Fee of Ten Dollars, and those who did not attend, a Fee of Five Dollars, before offering themselves for the Supplemental Examination.

A Student, who has been pursuing the *Pass* Course, but who has also succeeded in taking Honours in some Department in any year of his Course, may apply to the Senate to be permitted to take such *Honour* Course, as if he had originally entered thereon; and such application may be granted, the Senate having due regard to the Subjects on which he has already been examined.

III.

Regulations Relating to the Honour Course.

The term "Undergraduate" in these regulations means a Student proceeding to a Degree in Honours.

In this Course there are five Honour Departments, viz: I. Classics; II. Mathematics and Natural Philosophy; III. Modern Languages, with History; IV. Natural Sciences; V. Mental and Moral Science and Civil Polity.

An Undergraduate is entitled to admission to the Degree of Bachelor of Arts, if in each year of his Course he passes the Examination in the Pass and Honour Subjects of one of these Departments, and also the Pass Examinations in the Subjects and at the respective times mentioned in the following Schedule:—

A Candidate for Honours in any of these Departments is required each year to take the Pass Papers set in the Subjects of this Department for that year, except that Candidates in Natural Sciences are to take the Papers of the First Pass Examination in Mineralogy and Geology at their Second, and the Papers of the Second Pass Examination in Mineralogy and Geology at their Final Examination ; and the Papers of the First Pass Examination in Biology at their Second Examination ; and of the Second Pass Examination in Biology at their Third Examination.

A Candidate pursuing the Honour Course in any one of these Departments may, after passing in Honours the Examination of any year, apply for leave to take the Pass Course during the remainder of his Undergraduateship ; and such leave may be granted upon the condition of his taking such of the previous Pass subjects as may appear requisite in view of the extent and character of the Examinations he has already passed.

A Candidate pursuing the Honour Course, who fails to take Honours in this Department, shall not be considered to have passed the Examination of the year ; but he may at his option again present himself for the Examination in which he failed, or, upon application to the Senate, may be permitted to take the ordinary Supplemental Pass Examination in September, with such of the previous Pass Subjects as may appear requisite in view of the extent and character of the Examinations he has already passed. In the event of his postponing his Examination he shall not be permitted to compete for Scholarships, Medals, or relative standing. If the Examination is for Degrees, no Supplemental Examination can be allowed.

An Undergraduate who has obtained Honours in any one of these Departments may transfer himself to any other Department, and proceed therein, but as a prerequisite to obtaining the Degree of B. A., he must during his Course have passed the Examinations in Pass subjects annexed to the Honour Department to which he is transferred.

No Undergraduate in the Honour Course, who shall have degraded into a lower year, shall be permitted, at the next ensuing Examination, to compete for Medals, Scholarships, or relative stand-

Degree of M. A.

Candidates for the Degree of M. A. must have been admitted to the Degree of B. A., must be of the standing of one year from admission to the Degree of B. A., and must have sent in an approved Thesis upon some subject in one of the Departments in the Faculty of Arts; and must compose another Thesis in the Examination Hall.

Change of Faculty and Joint Matriculation.

Matriculation in the Faculty of Medicine will not be accepted as a substitute for Matriculation in Arts or in Law; nor will Matriculation in Arts be accepted as a substitute for Matriculation in Law. Candidates for Matriculation may not compete for Honours or Scholarships in two Faculties. Those who have matriculated in a Faculty may not compete for Honours or Scholarships at a subsequent Matriculation Examination in another Faculty.

Admission "Ad Eundem Gradum."

A Graduate in the Faculty of Arts in any University in Great Britain or Ireland, (if his Degree be not an honorary one), may be admitted to the same Degree in the Western University.

All applications for admission "*ad eundem statum*" or "*ad eundem gradum*," must be sent to the Registrar, together with the necessary certificates, at least one week before the First Meeting of the Regular or Special Session of the Senate, at which the application is to be brought forward.

Fees.

The following Fees are payable:—

For Matriculation	Five Dollars.
For each Examination after Matriculation	Two "
For Change of Faculty	Four "
For Admission <i>ad eundem statum</i>	Six "
For the First Degree in the University	Six "
For every subsequent Degree	Eight "
For Admission <i>ad eundem gradum</i>	Ten "

The Fee for Matriculation and for each subsequent Examination must accompany the Application to the Registrar.

The Fee for Admission *ad eundem statum* or for Matriculation upon the certificate of the Head of an Affiliated Institution, must be paid to the Registrar at the time of the Application.

The Fee for a Degree must be paid to the Registrar before the Degree is conferred.

For Fees for Supplemental Examinations, *vide ante*.

All Scholars must sign a declaration of intention to proceed to a Degree in the Faculty of Arts in this University.

Every Candidate who obtains a Scholarship must attend Lectures in the University for the Academic Year immediately following such Examination, except in case of Scholarships awarded to women; but the Senate may, upon satisfactory reasons being shown, permit such Scholar to postpone attendance upon Lectures for a year, in which case the payment of the amount of the Scholarship shall likewise be postponed. The Scholarships are paid in three instalments—on the fifteenth November, the fifteenth January, and the fifteenth March; and each Scholar is required to send to the Registrar a Certificate of Attendance upon Lectures at least three days before the date of each payment.

No Student can hold two Scholarships at the same time; but if two or more Scholarships have been awarded to him he will be entitled to forty per cent. of each additional Scholarship, his Scholarship being called a Double, Triple, &c., Scholarship, as the case may be; and the Senate may award the remainder of the value of such additional Scholarship to the Candidate who was next entitled to it.

At Junior Matriculation no Scholarship will be awarded to any Candidate who, at the time of the commencement of the Examination, is more than twenty-three years of age.

The Examiners, at their discretion, may award among the Junior or Senior Matriculants any Scholarship which has not been taken at the preceding Matriculation or First Year's Examination; or may

reserve any Scholarship which has not been taken at the Senior Matriculation to be awarded among the Undergraduates of the First Year at the succeeding Examination.

Any Scholarship not taken at the Matriculation Examinations of June may be offered at the September Examination, for competition among Candidates then presenting themselves for the first time; and in that case notice will forthwith be given by advertisement of the Scholarships thus available for competition.

No Scholarship (except for General Proficiency, and that for English, &c., at the Junior Matriculation Examination) will be awarded to any Candidate who has been placed lower than the First Class in the Department, or in any of the Departments or Sub-Departments to which the Scholarship is attached.

In awarding the Scholarships for General Proficiency, every subject in which a Candidate has passed is taken into account, and the Scholarships are awarded to such Students as have obtained the highest aggregate number of marks upon the whole Examination of the year. A Candidate who has gained a Special Scholarship shall not be entitled to hold a Scholarship for General Proficiency, but his name shall be ranked in the Class List with the Scholars for General Proficiency, according to his marks in all the subjects. In awarding these Scholarships, the comparative value of the several Departments and Sub-Departments is estimated according to the following schedule:

PRINCE OF WALES SCHOLARSHIP.

At the Junior Matriculation Examination the sum of \$50, being the annual proceeds of the Fund presented by His Royal Highness the Prince of Wales, on the occasion of his admission *ad eundem statum*, will be awarded as a Scholarship to the Candidate who, having obtained First Class Honors in both Classics and Mathematics, shall in the aggregate rank highest in these two Departments; and in default of any Candidate answering in this condition, it will be awarded to the Candidate who, having obtained First Class Honors in (1) Classics and Modern Languages, with History, or (2) Mathematics and Modern Languages, with History, shall have obtained the highest aggregate number of Marks in (1) or in (2); and in the event of such Scholarship not being taken at any Junior Matriculation Examination it will be awarded to the Candidate (if any) at the ensuing First Year's Examination who shall answer the same conditions. In estimating the aggregate number of Marks of the Candidates, the same values are given to Classics, Mathematics and Modern Languages, with History, as in competition for the General Proficiency Scholarships. This Scholarship is tenable in conjunction with any other Scholarship or Scholarships.

BLAKE SCHOLARSHIP.

Through the liberality of the Honorable Edward Blake, M.A., Chancellor of the University, and to promote and encourage the study of the Science of Politics, Political Economy, Civil Polity and Constitutional History, a Scholarship of the value of \$100 will be annually offered for competition. The Scholarship will be

awarded to the Candidate in the Third Year who, having obtained First Class Honors in each of the Sub-Departments of History and Civil Polity, shall pass the best Examination on the Pass and Honor Work in History (not including Ethnology) and Civil Polity, as laid down in the Curriculum for that Year, with the following additional Subjects :

Taswell-Langmead's English Constitutional History.

Broom's Constitutional Law.

Maine's Early History of Institutions.

THE LIBRARY.

The Library consists of several thousands of volumes, 300 of which were bequeathed to the College by the will of the late Bishop of Huron, Dr. Cronyn. It includes a large number of Theological, Classical and Scientific works. The Library is accessible to all Resident Students, subject to certain rules, which are made known to each Student on his entrance. The Resident Professor acts as Librarian, and it is his duty to send in a report at the end of every term to the Senate, of the condition of the Library.

EXPENSES.

Fees for Tuition, \$15.00 per term. The Board is fixed at present at \$4.00 per week, including room-rent, fuel, light, laundry, &c., making in all about \$180 per annum.

Students are required to deposit with the Registrar \$20.00 at the beginning of each term, and to pay the balance of the term's expenses at the expiration of half of the term. No Student will be allowed to remain at College without having complied with this regulation.

TERMS.

The Academic Year consists of three Terms :

1. MICHAELMAS—From October 1 to December 20.
2. HILARY—From January 20 to Saturday before Passion week.
3. TRINITY—From Monday after Easter Monday to June 25.

SCHOLARSHIPS AND PRIZES.

The conditions on which the Scholarships and Prizes of the Western University are offered will be made known hereafter.

N. B.—Curriculum of the Medical and Law Departments may be had on application.
