BASEBALL NOTES AND JOTTINGS

Vics Have Fallen on Evil Times and Lost Two Games This Week

The doings at the bowl yard are not worth chronicling this week. Last Friday Vics and Mechanics were down to play a schedule game and after waiting half an hour the play was started. The Vics minus their battery, Delaney pitching and Chip Duncan at the receiving end. Owing to darkness the game was called at the end of the fourth, the Mechanics leading 11-6.

On Wednesday the I.C.R. and Vics started out to play off at the game.

Owing to a break down in the machinery of the advertising plant the circus at the local yard was not so largely advertised as the one of the previous week and the attendance suffered in consequence. Local patrons of the game who were persuaded to part from their hard earned coin were faced with a spectacle which will probably not be seen again for sometime.

The I.C.R. team batting first went the complete circuit to a man scoring 9 runs and three of them started in with a repeat over but their fondest hopes were doomed to disappointment. The setting sun was shining strongly in the eyes of the fielders and this may, to some extent have accounted for the many costly errors that occurred but of course conditions were exactly the same for both sides, and in their half of the first Vics only succeeded in getting home 3 runs. Later in the game it became painfully evident that the Vics were "stuttering for wind" and at the end of the first half of the 4th innings when for the second time the I.C.R. had all but completed another term at the bat, umpire F. W. McRae put an end to the miserable farce by calling the game.

The sporting attractions are all too few in our midst during the good old summer time and the players ought to do what they can to foster the keen sporting spirit. A repetition of such proceedings will have an entirely opposite effect and the public getting tired of watching such an exhibition will seek other avenues for spending their hard earned wealth.

Should the worst president be present at the next encounter, it is doubtful if he will be in the "stand". In the fourth innings he was generous enough to bet Woods 5 cents that he wouldn't get a hit and Woods having visited the circus last week and in need of the money, walloped the pill to right field. The final score was 10-4 in favor of I.C.R. when game was called.

RICHARDS WILL BE COMING TOWN

An Up-to-date School-house Will be Erected Here Shortly

One of the coming towns of the county Richards, fifty five miles from Campbellton on line of International Railway, is destined to become one of the most prosperous towns in the county of Restigouche.

Three years ago, there was not a building, while now quite a respectable county town has sprung up. There are now eight new buildings under construction, including an up to date schoolhouse, and last year there was built a very nice church. Richards has now three up-to-date stores, post office, three big freight sheds, two saw mills and another one being built. It is situated in the centre of a vast lumbering region, with good farming lands on all sides. It is located about six miles from the Upper Restigouche river, and all traffic with Upper Restigouche and Kedgwick rivers is done by way of Richards. About one hundred families have taken farms in the near neighborhood and they all think that there is no place like Richards. It also boasts of a first-class hotel, managed by the popular Andrew Savol. The enterprising firm of the Richards Mfg Co., own the principal mill located near the railway station.

MATAPEDIA HAS DISASTROUS FIRE ON MONDAY EVENING

Four Buildings are Totally Destroyed, the Loss Being Estimated at from \$70,000 to \$80,000

ONLY PARTIALLY INSURED

A conflagration which completely gutted the greater part of Matapedia, broke out there at 7.30 Monday night. Never since the burning of Campbellton has such a fire occurred in these parts, and as a result of the destruction, several families are left homeless. The spectacle was one which will long linger in the minds of the residents of this section. For miles around the Matapedia Valley and the Restigouche River were illuminated as bright as daylight, and the blaze was so terrific as to endanger every building in the place. The giant rock, at the west end of the station yard was so hot that people could not stand within 10 feet of it and to stand less than 200 feet away from the blaze itself was an utter impossibility.

A special train was sent from Campbellton at 8.45 conveying the Campbellton Fire department with apparatus, but long before the department arrived the flames had made such headway that to save the buildings, not already afire, was the only thing they could do. To this end the firemen worked and certain of their work was commendable, for had it not been for the brave manner in which they faced the scorching heat, and played water on the standing buildings the whole settlement would have certainly gone up in smoke.

The fire originated in the Ferguson hotel, owned by Mr. Robert Ferguson, and swept up the street with such rapidity, that people had practically no chance whatever to save any of their belongings. From the Hotel the fire burned through the general store owned by Mr. James Gillis, also his dwelling house, the post office, then to Mr. U. Z. Doiron's store; and his dwelling house, and thence to the Restigouche Hotel, and two other houses on the opposite side of the street. The whole of the above buildings were burned completely to the ground and little or nothing saved from any of them. Mr. J. M. Lynch, proprietor of the Restigouche Hotel, when asked if he had saved anything from his house, replied that he just had time to save his five children, and he was thankful that they were safe. Everything else," he said, "is in yonder building," which at this time was a seething mass of burning timber.

There were a few guests in each of the hotels, but they managed to get away with their grips in time to save them. The firemen did splendid work in saving the residences of Dr. Gillis, Sandy Pratt, and J. Ryan.

Rev. Father Nagot, did splendid work as a salvage worker, and was the cause of a great many articles of value being saved. The families who were burned out, were to be seen sitting along the banks of the mountain, scantily clad, among them being many women and small children. The neighbors, who were fortunate enough to escape the conflagration, soon, however, had accommodations fixed up as best they could and when their representative left the village Tuesday morning, they were practically all looked after. An empty house at the rear of the station also came in good as a place of refuge, and in here, three families, with the aid of mattresses, found sleeping accommodations. The telephone system was put out of commission, and the telegraph was also in danger, but the firemen put out the fire on the crossroads, so that communication in this respect remained intact. The losses will total many thousands of dollars.

The Ferguson Hotel was well insured, as was also the Doiron property, but Mr. Gillis, as far as can be learned had not one cent of insurance. Mr. Lynch, proprietor of the Restigouche Hotel, had only \$3,000 on his hotel and contents which he says, is only about one-sixth his loss. The other buildings which were burned were not, as far as could be learned, insured at all. The destruction was complete. The Western semaphore on the I.C.R. was burned down, as was also the crossing gates and fences.

It is just seven years since a similar fire destroyed the same entire block, but this fire is the most disastrous, as since then, there have been a great many improvements. There were some three or four hundred people who went down from Campbellton to witness the spectacle.

'Tis said of a good farmer living a few miles east of Campbellton, that he had ordered a fine motor car, but the road was made so impassable between his home and town, that he cancelled his order.

THE TOWN COUNCIL MEET ON TUESDAY

City Fathers Have Short Session When Bye-Laws Were Discussed

A regular meeting of the Town Council was held on Tuesday evening His Worship Mayor Andrew presiding. There were present councillors White, Quinn, Pinault, Alexander and Ferguson.

Communication read from Gilbert J. Hunt, C. E., with regard to town planning, road making, etc. (a voice "put him on the road between here and Dalhousie") was ordered to be acknowledged and filed.

Communication from John Hogan, Arran Street asking for an extension of the water and sewerage systems was referred to Water and Sewerage committee.

Petition received from Mr. F. Renault asking for refund of taxes on personal property, being assessed on a piano which did not belong to him. Referred to Assessment and Appeal committee.

Petitions for license from John Morrissey, two horse livery, N. W. Levesque, 4 horse livery and N. W. Levesque for 1 horse cab were referred to Police and License committee.

The following reports from committees recommending payment of accounts were received and adopted. Councillors Alexander from Water and Sewerage \$360.82, Pinault from Public Property and Streets \$25.49, Quinn from Public Charities \$106.85, White from Electric Light \$467.90. Councillor White from the Police and License committee recommended that licenses be granted H. R. Humphrey, Jeweller \$40.00, P. S. Martin, Auctioneer, Theo. LeTourneau, A. J. Arseneau, Trucking, 1 horse in accordance with the by-laws.

In answer to His Worship councillor White stated that the special committee for the Gas producer question were not ready to report and asked for further time. Councillor Pinault drew councillor White's attention to the fact that the Dalhousie council had received numerous replies showing that there were other firms who could do this work, and he thought it well that the committee should get some particulars from the Dalhousie council.

Councillor White said he was aware of this fact, having seen some of Dalhousie councillors on that very point, yet notwithstanding the other tenders the Dalhousie council had placed their order with these very same people who were now quoting to our own council. At the same time councillor White said the information would be useful as it would give a line on the prices charged. He hoped to have a full meeting of committee in a few days whenever councillor Miller returned to town. Under unfinished business councillor Ferguson brought to the notice of the council the case of Wm. Noble. He had made application some time ago for an advance of \$5.00 but nothing had ever been done in the matter. Mr. Noble was employed all the year around, and was anxious to get two Sundays off in the month and this increase was asked to pay the hire of a man to replace him on these days. Councillor Ferguson then suggested that the raise be given.

Councillor White said the council would need to take into consideration the fact that Mr. Noble was in receipt of two week holidays with full pay. Considerable discussion was engendered but the matter was latterly left in councillor Ferguson's hands, and he will report back to the council.

The council then went into committee of the whole, with councillor White in the chair to discuss the by-laws relative to shacks in the Fire district and the dog taxes. Town Solicitor McKenzie was present in the committee.

On re-assembling the committee reported that it was inadvisable to do anything at present with regard to the shacks as the matter was now in the courts and a decision could be expected in a short time, but with regard to the dog taxes, recommended that the police officers get the names of those owning dogs who had not complied with the by-law and proceed against them.

LIQUOR TRAFFIC AND ITS CURSE

This is the day of clever advertising, when men of brains are employed to write advertisements and draw pictures, which will turn on-lookers into eager buyers. Some advertisements there are which impress one with their artistic merit; others are so grotesque and horrible that they cannot be forgotten; still others are based on absolute truth.

This is particularly the case with an advertisement that is published now by a quite prominent brewing company. It shows an open plain, traversed by emigrants in covered wagons. A long line of caravans moves slowly toward a mountain pass, which seems to be the gateway of the new land—the land of promise. Incoming settlers, with their wives and families, and household goods, crowd the wagons, and pour through the narrow pass into the new world of hope and opportunity. Above the mountain pass, poised on strong wings in mid-air, looking down upon the newcomers, hangs a vulture. He gives no cry of warning, but he is there, waiting ready—with his cruel fangs and restless eye that never sleeps.

The Dominion of Canada, particularly the western provinces, is well represented by that open plain, traversed by the welcome road, over which comes innumerable settlers from all countries. It is the land of dreams, where men grow rich, and their children have a chance in life, and everything is easy and pleasant. A kind and hospitable government makes possible the journey, and not only carries immigrants into this Paradise Valley free of charge, but when they arrive gives them a free farm.

Yet while this good work of settling the new land, and finding homes for the strangers, goes on, there is that constant black shadow hovering over the incoming caravans, with their human freight. The brewing company vulture and many others have their evil eye on every family. They have laid traps for unwary feet; they have opened the door on every corner—the door to infamy, disgrace and ruin. The

Why should any other cereal be called "just as good" as

Kellogg's CORN FLAKES

Because Kellogg's is known to be the best and most nutritious cereal on the market.

Because the sale of Kellogg's Corn Flakes is enormous as trade returns will show.

Because another large modern factory, the best and most sanitary in Canada had to be built to take care of our constantly increasing trade.

Because the imitator, knowing these facts and having few selling arguments for his own product thinks to create a market for it by comparing it to Kellogg's.

It is stated in the London Daily News News that within three years, since the anti-opium edict, China has reduced the opium production from sixty to seventy per cent, and Sir Alexander Hosie predicts that two years more will witness the disappearance of the poppy from the country. The opium crop was valued at \$125,000,000, and the moral revolution that could induce a government to put away such a product furnishes a spectacle and an inspiration for the nations. We may well take a lesson from China in our handling of the liquor traffic (in a way just as great a curse as opium to the Celestials) and at once go about in earnest to abolish a business productive of material loss and moral degradation. Surely we are not going to allow China to outdistance us in civilization!

MR. W. H. THORNE IS THE NEW SENATOR

Vacancy in New Brunswick Representation is Filled.

Ottawa, July 28.—Mr. W. H. Thorne, of St. John, was on Friday appointed a member of the Senate to fill the vacancy in the New Brunswick representation. The order-in-council has been signed by Sir Charles Fitzpatrick, Deputy to the Governor General.

The news conveyed by this despatch will not occasion much surprise in St. John or in New Brunswick, and it will be generally admitted that the Government has made an excellent choice. Mr. Thorne is one of St. John's most prominent and successful wholesale merchants. His whole life has been spent in this city, where he was born on September 12, 1844, and where he is highly respected by men of all shades of politics. He has always been a pronounced party man on the Conservative side; indeed, it may be fairly claimed he was the most representative Conservative outside of those in public life. While he devoted himself with great energy to politics, he had no personal ambitions, and he always declined a nomination for the House of Commons that would have been gladly tendered him at any time. Personally, he is deservedly a popular man. In business circles he occupies a foremost position, and he is and has been connected with many public enterprises.

VIGOROL

Get a Bottle To-day and Tomorrow You'll Be Better.

VIGOROL is a French Tonic composed of harmless ingredients, compounded by chemists. It is very rarely you can get a medicine that will do its work as quickly as VIGOROL. You will at once feel its stimulating effects. Rheumatism can and will be driven away if you take VIGOROL. It makes you feel like a new person in a few days. Are you not feeling yourself? Have you that tired, lazy feeling? Do you feel dizzy? If so, there is something wrong. Drive it away by taking VIGOROL. You will eat and feel better in a few days. If you don't Mr. White will refund you your dollar. VIGOROL will cure all kidney, liver and stomach troubles, biliousness and indigestion, and tones up the entire system.

"Play The Other Way."

Golf-player, to lady comfortably seated on the grass: "I'm sorry to trouble you, madam, but you are directly on the line of our drive. Will you kindly move one way or the other?"

"Certainly not. I heard you shout very rudely, but I've no intention of moving. I should have thought that a gentleman, when he saw me here, would play the other way."

A MESSAGE FROM A WOMAN TO WOMEN

"Every Woman Should Take 'Fruit-a-tives'"

LAKELAND, ONT., MAY 15th, 1911
"Kindly publish this letter of mine if you think it will benefit other women who might be afflicted with the diseases I have suffered from in the past, but am now cured of. 'Fruit-a-tives' completely cured me. It is my firm belief that every woman should take 'Fruit-a-tives' if she wishes to keep herself in good health. Before taking 'Fruit-a-tives' I was constantly troubled with what is commonly known as 'Nerves' or severe Nervousness. This Nervousness brought on the most violent attacks of Sick Headache, for which I was constantly taking doctors' medicine without any permanent relief. Constipation was also a source of great trouble to me and for which the doctors said 'I would have to take medicine all my life', but 'Fruit-a-tives' banished all these troubles and now I am a well woman!"

A SUMMER RESORT

About twelve miles from the small city of Keene, N. H., there is a most exquisite spot called Spofford, N. H. It is surrounded by mountains and high hills, and also a lake of nine miles around, three in diameter, with a depth of about sixty feet, and in some places its profundity has never been known. All around the lake are neat houses where tourists from New York, Boston and some western cities spend the summer months. There is a grand public hotel accommodating about 268 guests, and pleasure seekers find all kinds of outdoor sports such as tennis, golf, boating swimming, for the amusement of each individual as they choose. Sometime is also devoted to instruction, and the intellectual boys and girls may attend a summer school under the direction of Rev. Father Griffin, D.D., who is also a professor of science in a Catholic University of Washington, D. C. Services are held each Sunday morning, as well as daily, by Dr. Griffin and his many priest guests from the South.

I said mountains, well first comes a very high hill or small mountain called Pistoreen. The legend of this name is this: When the first white man bought this mountain from the Indians, he obtained it for a pistoreen (about 20 cent of our money) and ever since it has been known as Pistoreen mountain.

Last week I climbed a very high hill to see the last ray of one of the rare beautiful sunsets of June. From the very summit I said, oh! what entrancing scenery. The sunset of most beautiful colors was slowly descending over the mountains—the ranges—behind which are the green mountains or the Vermont: as they are often called. Below was the small village of the natives and the superb view of the silvery lake, for such it was on that calm evening. Here and there a light appearing through the trees, played hide-and-seek with me. The Pistoreen facing me, and looking very proud, seemed to say: "I am the pride of this little hidden village."

In the meantime the colorings were gradually fading and their disappearance was followed by twilight with its charms and stillness which I always feel at such times, and which brings me nearer to my Maker. It seems good to be alive to glance up towards the heavens and to know that God alone could give to his children this beautiful world to love and to admire, but only through Him as nature speaks it clearly,—"God!"

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free.

TWO WOMEN DROWN IN ST. LAWRENCE

An Automobile Ran off Deck of Steamer into the River.

Montreal, July 23.—Two women were drowned in the River St. Lawrence, opposite Maisonneuve on Sunday, when an automobile in which they were sitting ran off the deck of the ferry steamer South and plunged into the river.

Mrs. Charles Morrison, 28 years of age, of 927 Tupper Street, and Mrs. J. Cheyne, 26 years of age, of 44 Beaudoin Street, St. Henri, were the victims.

Accompanied by their husbands, the women were on their way to Longueuil.

The automobile, a seven passenger car, was run on board the ferry steamer, the power cut off, brakes applied and skids placed in front and rear of the wheels. The men, including the chauffeur, got out of the automobile before the steamer left the dock, but the women remained in the tonneau. About the centre of the river, the machine suddenly started. Before anything could be done, the car crashed through the gangway and plunged into the river. It all happened so quickly, that no attempt was made to stop the machine as it rushed towards the side of the boat. The women are evidently pinned beneath the car, as they never appeared on the water surface.

A vast amount of ill health is due to impaired digestion. When the stomach fails to perform its functions properly the whole system becomes deranged. A few doses of Chamberlain's Tablets is all you need. They will strengthen your digestion, invigorate your liver, and regulate your bowels, entirely doing away with that miserable feeling due to faulty digestion. Try it. Many others have been permanently cured—why not you? For sale by all dealers.

STRIKE COMING ON INTERCOLONIAL

Both Sides Are Determined and Reports Are Now Discouraging

Ottawa, July 29.—If the Intercolonial trainmen carry out their threat to strike it will be the first strike which has ever occurred on the Canadian Government railways. There have been many differences and disputes between the management and the employees during the forty years the Intercolonial and the Prince Edward Island Railway have been operating, but the differences have always been amicably adjusted. Here it is believed that the first strike in the history of the road is about to take place. Mr. Mosher, representing the dissatisfied clerks and freight handlers, was in Ottawa last week conducting negotiations. He did not get much satisfaction as the authorities thought his request unreasonable. The men are determined but so is the management of the road. Hon. Frank Cochrane has shown how firm he can be in the case of the local freight rates. General Manager Gutelius raised the local rates and Hon. Mr. Cochrane stood behind him in the face of the most violent protest ever heard from the Maritime Provinces. He will fight the men to the finish and for the first time the Intercolonial is likely to be tied up. The only thing which ever stopped the road up to the present were the snowstorms.

Two farmers met in a western town a day or two after a cyclone had visited that particular neighborhood. "She shook things up pretty bad out at my place," said one, stroking his whiskers meditatively. "By the way, Hi," he added, "did that barn o' yours get hurt any?" "Wal," drawled the other, "I dunno! I hain't found it yet."

GIRL SUFFERED TERRIBLY

At Regular Intervals—Says Lydia E. Pinkham's Vegetable Compound completely cured her.

Adrian, Texas.—"I take pleasure in adding my testimonial to the great list of women who have been cured by Lydia E. Pinkham's Vegetable Compound. I suffered terribly from irregularities at regular intervals. Such pains and cramps, severe chills and sickness at stomach, then finally hemorrhages until I would be nearly blind. I had five doctors and none of them could do more than relieve me for a time.

"I saw your advertisement in a paper and decided to try Lydia E. Pinkham's Vegetable Compound. I took seven boxes of it and used two bottles of the Sanative Wash, and I am completely cured of my trouble. When I began taking the Compound I only weighed ninety-six pounds and now I weigh one hundred and twenty-six pounds. If anyone wishes to address me in person I will cheerfully answer all letters, as I cannot speak too highly of the Pinkham remedies."—Miss JESSIE MARSH, Adrian, Texas.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

THE ROADS.

The highway between the Junction and Campbellton was probably never in a rougher condition than at present, owing chiefly to the roadmakers want of knowledge as to how a road should be built. The section east of the bridge was so covered with rock that motoring in that direction was stopped. We had another example of primitive road building on that section between Shives Athol and Tide Head, where the fine soil and sod was scraped into the middle of the road, with the result that the first heavy rain a week later made part of it impassable. It would be money well invested if the Government could send practicable road builders to give lectures on the first principles of the art.

OUR RIFLEMEN

The St. John Globe says: Not in several years has a St. John or a New Brunswick rifleman had a place on the Bisley team. There has, as a consequence, been little public interest in the results at the annual gathering of the crack marksmen of the Empire. The winnings of individuals and teams and even the fact that a Canadian soldier captured the chief event of the big meet, have hardly evoked more than a passing thought. Now that the time is near at hand for the annual meet of the Provincial riflemen at

Sussex, it seems opportune to direct attention to this failure of our marksmen to attain a place in the yearly representation from Canada and to ask the reason why. Recollection of the fact that there was a time, not so long ago, either, when St. John and New Brunswick marksmen were among the most successful of those who went first to Wimbledon and then to Bisley, makes the condition in recent years seem all the more remarkable. New arms have been introduced in recent years and other changes have come. Is the fact that we have been unrepresented at Bisley for several seasons due in any way to a failure to recognize these changed conditions? That, it would seem, is the point those who direct and control the different local and provincial shooting competitions should study. Perhaps too much attention is paid by our marksmen to short range shooting and too little to studying the conditions that govern contests at the longer ranges, where bullseyes are more difficult to score. The success of Canadians at recent meets has demonstrated the mettle of the men as well as the superiority of the Canadian arm, the Ross rifle, but the New Brunswickers is, unfortunately, only a distant observer of these triumphs. Is it bad luck or failure to grasp some essential truths in connection with rifle shooting that has placed our riflemen in this position?

NOTICE OF SALE

To Joseph Viennet, of the Town of Campbellton, in the County of Restigouche and province of New Brunswick, Shingle Sawyer and to all others whom it shall or may concern.

Whereas, by Indenture of Lease bearing date the twenty-first day of September, A. D., 1910, and made between Joseph R. Sharpe, of the Town of Campbellton, in the County of Restigouche and province of New Brunswick, Merchant, Lessor of the one part; and the said Joseph Viennet of the same place, Laborer, Lessee of the other part, the said Joseph R. Sharpe did demise and lease unto the said Joseph Viennet his executor, administrators and assigns for the full term of nine hundred and ninety-nine years from the said twenty-first day of September, A. D., 1910, All that certain lot, piece or parcel of land situate, lying and being in the Town of Campbellton aforesaid bounded and described as follows:—“Commencing at a point on the Southern side of a reserved street running westerly from Rensselaer street extension where the Southern side of the said Reserved Street meets the Western side line of a reserved street running North and South, thence running Southerly along the said last mentioned reserved street ninety feet to a reserved lane thence Westerly along the same fifty feet, thence Northerly at right angles ninety feet to the said reserved street running Westerly as aforesaid, thence Easterly along the same fifty feet to the place of beginning, the said lot of land being known and distinguished as lot number Nine in Block 17 on plan of lots laid off for the said Lease by Henry A. Chandler, Deputy Surveyor.

And Whereas by Indenture of Mortgage bearing date the eighth day of December, in the year of Our Lord one thousand nine hundred and eleven, and made between the said Joseph Viennet of the first part and Simon A. Poirier of the Town of Campbellton aforesaid, Merchant, of the second part, which Indenture of Mortgage is duly registered in the office of the Registrar of Deeds in and for the County of Restigouche at Dalhousie in said County on January the twenty-sixth A. D. 1912 as number 18517 on pages 188, 189, 190 and 191 in Book 72 of the Records of the County of Restigouche, the said Joseph Viennet did mortgage and assign, grant, transfer, sell and set over unto the said Simon A. Poirier, his executor, administrators and assigns, the said land and premises above described and the term of years therein yet to come and unspecified together with the said Indenture of Lease.

Notice is hereby given that for the purpose of satisfying the said principal money and interest due on and secured by said mortgage there will be sold by Public Auction, in front of the Post Office in the Town of Campbellton, in the County of Restigouche, on the 8th day of November, A. D. 1913 at the hour of two o'clock in the afternoon, (under the virtue of the power of sale contained in the said Indenture of Mortgage) the said land and premises above described and the buildings and improvements thereon, together with the said Indenture of Lease.

CONGRATULATIONS

Are in order to Mr. and Mrs. Peter M. Shannon on the arrival of a baby girl at their home, Dalhousie on Thursday.

NEW PREMISES

Miss Annie A. McIntyre has taken possession of her new store in the Dimock concrete building, Water street.

WORTH NOTICE

On page three there appears the adv. of Mr. S. A. Porter who to clear out his stock is offering immense bargains for the next two months.

FUNERAL

The funeral of Mrs. Anne Murray of Cross Point, who died on Wednesday morning was held today. Deceased was the widow of the late Wm. Murray and had been an invalid for some time.

FALSE ALARM

Late on Tuesday night the long continued whistle blowing by a tug boat caused many to think that a big fire was in progress. By the way, what about the fire bell?

PARCEL FOUND

If Mrs. W. Bulmer of Matapedia will call at the Graphic office, she will receive a parcel of dry goods picked up from the street and handed into this office.

FLOWER THIEVES

Mr. John Cameron is proud of his garden and rightly so. Being always willing to share his roses with any one who asks for them, he thinks it most vexing that persons will come to the garden at night, not only stealing the blossoms but breaking down the rose trees.

BROWN MOTHS

Last Sunday night large numbers of moths were seen flitting about the arc lights. These seem to be having a taste of the province as they were first noted in St. John then in Moncton and now here. Making calls at the interesting places one might say.

NOTICE

All members of the Campbellton Gasket Corps, No. 415, are requested to meet Monday, Wednesday and Friday of each week on school grounds at 7:30 p.m. for drill in preparation for camp at Aldershot, Aug. 14, 19.

SPECIAL PRACTICE

A special practice of St. Andrew's choir will be held after morning service on Sunday in the church. The music for the morning service in the evening will be practiced and every member of the choir is requested to be present.

HAY MAKING

Hay-making is going on with a swing throughout the county this week. The hay crop is reported to be at least up to the average and farmers are wisely taking advantage of the exceptionally fine weather which prevails at present. A ton of hay made early in good weather is worth for feeding purposes more than four tons when it is over ripe and damaged by the rains later in the season.

ROAD MAKING

The highway between Campbellton and Dalhousie Junction is one of the roughest roads in the county. West of the town the roads, although not as bad, are still sadly in need of repair. The custom of taking the muck and slime out of the ditches and putting that stuff on the road is out of date now. That kind of "road-making" belongs to a past age and should not be tolerated in this enlightened day. The highway board last year did road work on the road between this town and Flat Lake, where also the road was in a condition of the "split log drag", was used with good results, but we have not heard of it having been used at all in that section of the county this year, which is most unfortunate.

TAXES

Today is the last day when you can receive the discount on the taxes. Pay them now.

SERVICE

Open air services on the government wharf Sunday evening at 8 o'clock. Address by Rev. J. E. Purdie.

MOTOR CYCLE

The last time he was in Toronto Mr. Bom Malouir purchased a very fine four cylinder motor cycle which has now been delivered to him here.

PIE SOCIAL

The ladies of the Athol Union church will hold a pie social and fancy sale, Tuesday evening, Aug. 12th.

PROFESSIONAL

Dr. A. Pierce Crockett, eye, ear, nose and throat specialist, of St. John will be at the Waverly Hotel, Campbellton, FRIDAY AUGUST 1st, where he may be consulted professionally. July 24-2nd

GOOD CONCERT

The concert held at Oak Bay on Tuesday was a great success, the varied program being well rendered and appreciated. Miss McLatchy of Campbellton assisted in the entertainment.

DIVINE SERVICE

The local lodge of Masons will attend Divine service on Sunday evening in St. Andrew's church. The brethren will meet in the lodge rooms at 6 o'clock and march to the church. Bro. T. P. Drumm, B. D., chaplain of the lodge will preach the sermon.

MARRIAGE

At the Methodist parsonage, Bathurst, on July 29th, by the Rev. F. A. Wightman, Miss Olive S. Wright of Shannonsville to Melvin B. Dunn of Harcourt.

COMING

"Brewster's Millions", with a capable company will supply a full measure of enjoyable entertainment at the Opera House, Campbellton on Thursday, Aug. 14th for one night only. The subject alone, a young man forced to spend \$1,000,000 in a year by legitimate means, without taking anyone into his confidence, and arriving at the end of the period without one cent of money or a possibility of any of the dissipated fortune coming back in the future, appeals to hotheaded loving playgoers. Watch for the play next week.

ANNUAL MEETING

The annual meeting of the Provincial Rifle Association will be held this year at Sussex from the 11th to the 18th Aug. inclusive. Some of the members of the local brigade have already put in some practice, but all those who intend taking in the meet will do well to get busy and get the cracks and wrinkles ironed out. Mr. P. W. Hamilton of Charlottetown has kindly donated two magnificent silver medals to be shot for in competition over the local range and under sudden death conditions. Particulars of these and other events will be announced later.

ORANGE SERVICE AT BATHURST

On Sunday the Gloucester Co. Orangemen attended church in St. Luke's Presbyterian church, Bathurst where at 2:30 in the afternoon, about one hundred members of the association headed by the Newcastle Cornet Band, left the Orange Hall and marched to the church. Rev. W. McN. Matthews preached the sermon and took for his text, 8 Peter, 2:18: Honor all men. Love the Brother-hood. Fear God, Honor the King. He was assisted by Rev. J. E. Purdie of Campbellton. Special music was rendered by the choir. At the close of the service the members again formed in line and marched back to the hall. There were eight visitors from Campbellton, one from Dalhousie Lodge and three from Newcastle.

HOLD SUCCESSFUL BAZAAR AT MISSION

St. Ann's Day is Observed With All Solemnity

A series of festivities were conducted at Ristigouche Mission during the past week. On Wednesday, 28th took place the blessing of the new church by Bishop Blais, of Rimouski, who was on his way back from his pastoral journey around Gaspé. Eighteen priests from the bay, from Matapedia valley and elsewhere were present at the function, being the guests of the Reverend Fathers of the Mission.

Saint Ann's day was observed with a peculiar solemnity. Chamois mill was closed, so that every one at and around the mission had his chance to attend the services. The pilgrims were very numerous from various points. In fact the church was crowded all the morning of the 26th. At the early masses many Communion were administered. At high mass 9:30, Father W. J. Carrier officiated, he being the guest of some friends at the Mission. After mass, the traditional procession with St. Ann's relics took place through the village, when returning, the crowd gathered around St. Ann's centenary monument and was addressed by Rev. Father Candide, of Ottawa, Polycarpe Martins acting as interpreter. Solemn vespers were chanted in the afternoon. St. Ann's relics were exposed all day as well as Sunday, and at various intervals, offered to the veneration of the people.

On Sunday 27th, Bishop Barry presided at the afternoon service, the sermon being delivered in English by Rev. F. Ethelbert of Montreal. Father Wallace and Father Thibault were also present. The bazaar conducted by the Ladies of the Committee to help the debt of the church was a very decided success. Every part of the program was largely patronized and all the articles were quickly drawn or sold.

The popularity contest between Miss Eva Bergeron and Miss Lizzie Gersaghty was a very acute one. Miss Bergeron was the winner by the mount of \$1,017.00 her opponent collecting the amount of \$882, and both are being congratulated on their zeal and progress.

The last articles were raffied yesterday and the bazaar is now over. The total receipts clear of all expenses would amount to over \$8000.

FUNERAL OF LATE MRS. E. FERGUSON

The funeral of the late Mrs. Elizabeth Ferguson who died on Monday evening at the residence of her son, was held on Wednesday afternoon. A large number attending. Services were conducted by Rev. T. P. Drumm, B.D., the pall bearers being Messrs. F. M. Anderson, G. E. Asker, A. G. Adams, Thos. Busted, D. F. Graham and R. B. Gerrard. The deceased lady who was in her 77th year had been in failing health for several years but lately her condition has become much worse. She is survived by one son Robert, two brothers John and Robert Mair, and two sisters Mrs. Alex. McBeath and Miss Marjory Mair of Boston.

TALKING PICTURES
Thomas A. Edison's Kinetophone, which will be presented here for the first time at the Opera house is a masterpiece of craftsmanship and the entire civilized world is marvelling today at the result of Winard Edison's genius. The Kinetophone, or talking pictures marks a new era in theatricals, furnishes a world of thought for producers and managers—in short—a revelation that has come to stay. Marking as it does the climax of other remarkable discoveries by Edison, it is one that has immediately won popular favor with theatre audiences. Wherever these talking pictures are shown the "sold out" signs are early placed in the lobby.

BATHURST

The new I.C.R. station is getting well under way now, and a good crowd of men are at work. It is expected the new station will be completed by October next.

A sad accident happened last week when M. Peter H. Doucet, who was driving a team with a large load of lumber, became unconscious and fell off of his load. In about fifteen minutes the man was dead. A physician was called but could not revive the unfortunate man. Heart failure is the supposed cause of death. Mr. Doucet is well known here and leaves a large family.

Goodwin's new mill at the end of the station bridge started to run last week. This will give employment to a large number of men.

The weather has been wet for some time, but the crops are looking fine and the farmers are considerably more cheerful. Already potatoes are being brought to town, which is earlier than other years.

The four dredges at the entrance of the harbor are doing great work, and it is expected that by this fall ships will be able to load their cargoes right at the points and not as before, when the lumber have to be taken out several miles to deep water.

Mr. Samuel Bishop has his new house well under way.

"Were all medicines as meritorious as Chamberlain's Colic, Cholera and Diarrhoea Remedy the world would be much better off and the percentage of suffering greatly decreased," writes Lindsay Scott, of Temple, Ind. For sale by all dealers.

RUNNYMEDE

Mr. and Mrs. Dugald A. Myles and little daughters Beatrice and Ida, were in town on Monday.

Miss Effie McKenzie of Montpelier, Vt., is visiting her sister Mrs. D. A. Myles of this place.

Miss Eunice McKenzie is visiting her sister Mrs. D. A. Myles here.

Miss Eunice McKenzie left on Friday's Limited to visit friends in Amherst, N. S.

Mrs. David Wheeler is visiting her sister Miss Dawson in Maple Green.

Mr. W. S. Gussalus, a farmer living near Fleming, Pa., says he has used Chamberlain's Colic, Cholera and Diarrhoea Remedy in his family for fourteen years, and that he has found it to be an excellent remedy, and takes pleasure in recommending it. For sale by all dealers.

NEW CARLISLE

Mrs. John Hamilton of Boston is visiting relations here.

Mrs. Riggins and niece Eliza Flowers left Tuesday the 22nd for Toronto.

Mrs. A. J. Arnold and little son Eugene are in town the guests of Mr. and Mrs. W. L. Kempfer.

Mr. A. J. Arnold paid a flying trip to New Carlisle on Saturday the 26th returning on the S.S. Canada the same night.

"I was cured of diarrhoea by one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes M. E. Gebhardt, Oshio, Pa. There is nothing better. For sale by all dealers.

MATAPEDIA

A very enjoyable dancing party was held at the home of Mr. and Mrs. A. Adams, dancing and games being the chief amusements of the evening.

Mrs. Rob. and Miss Mildred Adams were visiting friends in Bathurst.

Miss Madge Moors was the guest of Miss E. Adams.

Miss Lucy Adams was the guest of Mrs. A. Adams.

Congratulations are being extended to Mr. and Mrs. Austin Adams on the arrival of a bouncing baby girl.

One of the most common ailments that hard working people are afflicted with is lame back. Apply Chamberlain's Liniment twice a day and massage the parts thoroughly at each application, and you will get quick relief. For sale by all dealers.

ESCOMINAC

On Tuesday evening, July 22nd a Thanksgiving service, under the auspices of the W. F. and H. M. S. was held in Escominac church.

The following programme was rendered very creditably:

Congregational Singing—Hymn 449.
Solo—Pearl Little.
Reading—Mrs. S. Edwards.
Duet—Mrs. H. Fair and Miss F. Harper.
Dialogue—Six ladies.
Trio—Lillian, Mildred and Gladys Day.
Reading—Miss F. Harper.
Address—Rev. G. Anderson.
Trio—Lillian, Mildred and Gladys Day.
"God Save The King."

In his "Sun Parlor Address," Rev. Mr. Anderson held his listeners spell bound while he represented each person as living in a parlor with transparent sides, through which those promises of God to sustain and guide one during the morning, noonday and evening of life.

Heartily thanks and appreciation are due Mr. Anderson for his assistance at the meeting.

The offering amounted to fourteen dollars and thirty cents (\$14.30).

BALL PLAYERS AND ICE CREAM

Major league ballplayers as a class are about as free from the ordinary weaknesses of the flesh as any body of men in the world.

Wine, women and song trouble them very little in the playing season, and even their gambling is of the most safe and friendly nature which makes it more of a pastime than a means of enriching oneself. But there is one great vice haunting the athletes from which comparatively few of them are free. Eating ice cream is their failing.

Almost without exception the stars of the game are slaves to the insatiable desires of any sort, and in the course of a summer the sixteen clubs in the two select circuits probably consume several tons of the rigid confections. The Tigers are particularly gripped by this gastronomic vice, and on several occasions they have cleaned the hotels of the entertainment of every city of the circuit, except, perhaps, and when the first day that the Detroit players were in Guelphport, the Great South-west's steward laid in just the ordinary supply of ice cream that he had been accustomed to provide for the number of guests that under the tavern's roof, before the dinner hour was 45 minutes old, there wasn't a bit of ice cream in the place. The same thing happened the next evening and there was trouble from the man who closed late because none of their favorite dessert was forthcoming.

Then the steward began to realize that he had a lot of the cream stuck on his hands and the order for this dish was increased to double the supply that would have been needed were the guests less voracious in one particular direction.

Fully ninety per cent. of the Detroit players and ice cream for one meal a day and about 75 per cent. more. Those are the real facts in the matter. Take it both for luncheon and dinner.

CROWN OF CORDORA HITS GULF LINER

Three Rivers, July 29.—The steamship Crown of Cordora, of the West India Line, collided with the S. S. Lady of Gaspe about ten o'clock last night, opposite the Cape Madeline. The Lady of Gaspe was struck in the middle and is very badly damaged, and was immediately sent aground. The passengers, 160, and all the crew were safely landed at Cape Madeline.

Quebec, July 29.—The pursuer of the Lady of Gaspe reached Quebec this morning, and in his account of the accident says that the Lady of Gaspe was riding at anchor below the Cape Madeline on account of a dense fog, when at 11.30 o'clock the Crown of Cordora came along and ran into the gulf liner, cutting her amidships, crushing in her side and making a big hole. The captain of the Lady of Gaspe realizing that he was in danger of going to the bottom with all on board, which besides a general cargo, had a hundred passengers on their way to the Gaspe coast, had the anchors lifted and ran his vessel for the beach, the lifeboats in the meantime were put into the water and the passengers were all safely landed at Cape Madeline and cared for by the farmers. The Lady of Gaspe lies now with her bow upon the land and her stern submerged in five fathoms of water.

THE EDISON TALKING PICTURES

Announcement that Thomas A. Edison's latest mechanical rival of the stage, the Kinetophone, is now working successfully before large audiences has stirred the theatrical and moving picture world. It is declared by stage managers that the machine really works and is not a mere "approximation to an ideal" such as was exhibited in all parts of America not many years ago. The Kinetophone is one more step in the process by which the world is becoming a better place merely to exist in. The Edison Talking Pictures will be seen here for the first time at the Opera House.

FUNERAL OF THE LATE JOHN ADAMS

Respected Resident of Matapedia Was Buried on Friday Last. Aged 81 Years

The funeral of Mr. James Adams sr. took place from his late residence at Matapedia on Friday July 25th at 2 o'clock.

The great respect in which he was held was shown by the very large attendance. There were about two hundred present. Among the flowers that covered the casket was a beautiful pillow of flowers from Moreland Adams and family, wreath from Randolph Adams of Amherst N. S., and wreath from Mr. F. W. Ayers and son, Nathan of Bangor, Me.

The service was conducted by Rev. T. P. Drumm, B. D., assisted by Mr. Phillips. The pall bearers were Messrs. Howe Taylor, George Dickson, John McCallum, E. O. Stiles, James Fraser and John Ferguson.

Interment took place at Presbyterian cemetery at Matapedia.

Mr. Adams was born at Matapedia on Dec. 25th 1832 and was married to Janie Black of Broadlands in the year 1869 at the age of 32 and has since resided there. He was a faithful consistent member of the Presbyterian Church and was ordained its first elder. His life was beautiful in its helpfulness, he assisted all he found in need regardless of race or creed. He was noted for his conspicuous kindness. For some years passed he has been suffering from heart trouble, but everything was done that a loving family could devise to prolong his life. The last few months he was exceptionally well. On Wednesday afternoon the 25th he went for a walk as he usually did to his favorite resting place, where to all appearances he laid down to rest alone with the beauties of nature around him that he loved so well. God took him to his eternal rest and reward. A long piece of poetry entitled "If I Should Die Tonight" was found in the deceased gentleman's pocket.

He is survived by one brother A. J. Adams of Moore's Settlement, five sons and four daughters, two children Alexander Hudson and Elizabeth Herdman died at an early age.

His five sons are S. M. Adams, J. H. Adams and J. M. Adams of Matapedia, D. F. Adams, Brandon, Man., and Randolph Adams, Amherst, N. S.

The daughters are Mrs. A. K. Alford, Tide Head; Mrs. G. Sullivan, Dawsonville; Mrs. R. D. Ferguson and Mrs. J. R. Miller, Matapedia, he is also survived by forty-three grandchildren.

YOUNG MAN FACES A SERIOUS CHARGE

On Thursday morning before Police Judge Matheson a young man named Joseph, Jacques, aged 23, was charged with forging cheques and uttering said cheques, knowing them to be forgeries, to merchants in town, receiving goods and cash in exchange. E. R. Richard of Dalhousie conducted the prosecution. After evidence had been led Judge Matheson remanded the prisoner to Dalhousie jail there to await trial at the higher court.

Jacques was arrested in Chatham last Saturday, running away from here with his brother's wife, who has since returned to her husband.
