INFLUENZA IS ON THE WANE

Condition Serious at East Florenceville and Remote Sections

Dr. I. B. Curtis, chairman of the County Board of Health, informs The Observer that there have been under his immediate notice about 375 cases of the common epidemic disease, with somewhere around 40 cases of pneumonia. This number has been attended by the local physicians in and near the town. There have been seven deaths from pneumonia. No new cases of influenza have been reported this week and all cases are improving. It is hoped the worst of the scourge is over.

East Florenceville conditions have been most serious, practically every family being attacked, and in some cases whole families. Of those well known, to be most seriously stricken, is the family of

S. W. Smith, general merchant. His son Edward, a young man, succumbed to pneumonia on Saturday and on Tuesday his wife passed away from the same disease. His father-in-law, Edward Clarke, is dangerously ill of the dread malady, and Mr. Smith has himself been very sick. His affliction has been a terrible one, and his friends deeply sympathize with him. Other families in other sections are similarly stricken. The wife of Harry Stiles of East Florenceville was buried on Sunday. She, too, died of pneumonia, leaving besides her husband a family of small children.

In the remote sections of Kent conditions are reported terrible. As many as nine in a family are stricken and the people are almost entirely without medical aid.

Miss Eva Colwell of Woodstock was called on Sunday to nurse Henry Gallivan's family of Farmerston, nine members being ill with influenza.

S. G. BARTER SEES THE HOME BOYS

Interesting Letter Mentions Many Names Dear to Carleton and Victoria Homes.

Dear Mr. Stevens: Today is a red letter day for me for I got off duty (I am librarian for advance part of Y.M.C.A., 1st Can. Division, at present) and went across country to see my old Battalion. I have been trying to get to see them since May last, but as I am in 1st Div. it is hard to get to see the old comrades in 2nd Div. I must mention a few I saw: Lieut. McDougall, now O.C. of Co. C., my old company. He gave me a kindly welcome. The boys tell me he has been recommended for a V.C. and say he will deserve it too. I had a soldier's dinner with Sgt. Frank Dickinson. He is the same, good natured, pleasant boy of old and he showed me some pictures of his little family. How good it is to have pictures of our loved ones at home! Roy Stevens was there to call a cheery welcome to meet me. He is just the same Roy only now a veteran of the world's greatest war. Gordon Leskey is a sergeant. Think of little shy Gordon Leskey a sergeant, leading a group of the earth's bravest soldiers! Yes, Gordon Leskey is now a man. How many brave lads came to shake hands many a glad "Hello Barter" greeted my ears. Fred Wallace, in his hearty grip, sent the gladness to my heart. I had not met him for over a year. Capt. Teff, our old 140th officer, came towards me and I said to the boys, "now we will see if the Captain will know me," and as he drew near he calls, "why, hello, Barter! where did you drop from?" I can't name all in a single number for there was Clyde Shaw, healthy and good to look at, Sgt. Hardiman same as usual, clever and busy; Willie Flemming young and going on; Hatheway Haines of ye olden days; Miller, Lewis, Baxter and other Tobique boys; Geo. Markey and many more. Only had a limited time for the boys were to march away and I had to report back for duty but says I "A soldier is a soldier, and so I will stay and march out with you for I go pretty near where you pass." So I stood and saw my old battalion fall in—The Fighting Twenty-sixth, and well has it kept up its name. I fell in behind Co. C. and as boys formed fours, I fell in with the Sgt. Gordon Leskey and Cpl. Percy J. Steel, who is a gentleman and a hero, too. I may speak more of him in another letter, and Cpl. Lewis. Again I was marching up to battle with my own Comrades and my old battalion but I had to fall out before long and stood by the road as the balance of our boys marched by. I was seeing what all New Brunswick would have left off work to see, our own 26th marching up to battle. How my heart burned, for how many, many faces I saw in the line of fours I knew; how many called out "Hello! Barter," "Hello! Mr. Barter," "well Sam." Till I fain would have gone in with them; but alas I am past the game, like an old trotting horse—agg rules me out, and here I am only a pourer of cocoa and tea, a maker of beds, a passer of books from a library, a dealer of biscuits, etc. But thank God, I know what they go through and I saw no sadness in face or did I detect any sadness in tone, but I did detect a mighty purpose in the acts, looks, and movements of our boys. Dear friends, who read this letter don't blame me if I missed your boy or brother for I was in a rush to see who I might, and I

The Bridge to the British Market

The Victory Loan is a bridge over which the farmers of Canada drive their hogs, their cattle, their grain and all their surplus crops to the profitable British market.

For, the money raised by the Victory Loan enables Canada to give credit to Great Britain. And only by means of that credit can Great Britain buy the products of Canada's farms.

Therefore, when you come forward at your country's call and loyally lend your money that Canada may continue her vigorous prosecution of the war, you are also benefitting

yourself and the whole farming community.

It is the duty of every earnest Canadian not only to invest heavily in Victory Bonds 1918, but to work among his neighbors to make the loan a success.

Before the subscription lists close, every man should realize the sterling character of the investment; the good interest return of 5½%; the undoubted security offered in the Bonds of this wealthy nation; and the vital importance to all classes of people, particularly to the farmers, of the Victory Loan 1918.

VICTIMS OF LA GRIPPE

Left Weak, Disheartened and An Easy Prey to Other Troubles.

A Nova Scotia Man Tells How He Found New Health and Strength.

If you have had an attack of la grippe, or Spanish Influenza you are not out of danger until your blood is restored to normal. Influenza leaves behind it weakened vital powers, thin blood, impaired digestion, and over-sensitive nerves. In this condition the system becomes an easy prey to deadly pneumonia, bronchitis, nervous prostration, rheumatism and even consumption. Ask anyone who has had influenza what their present condition of health is and most of them will answer "Since I had the grippe I have never been really well." This general feeling of weakness will continue until the blood is built up again, and for this purpose nothing can equal a fair treatment with Dr. Williams' Pink Pills. From first to last these pills make new, rich, red blood which reaches every organ and nerve in the body, and through this weak, dependent victims of influenza are transformed into cheerful, healthy, happy men and women. Among the many victims of la grippe who proclaim the value of Dr. Williams' Pink Pills is Mr. Amos Kaulback, of Petite Riviere, N.S., who says:—"I was taken down with a severe attack of la grippe, or influenza. After a time the early symptoms of the trouble left me, but I did not regain my usual strength, and I had always been a strong man. There were times when I felt I could hardly crawl about, and I was so run down I could scarcely go about my business. I continued taking medicine but it did me no good. Then I found the trouble was affecting my digestion and the disagreeable feeling from this added to my general misery. I was finally advised to take Dr. Williams' Pink Pills, and I decided to try them. I had only been taking the pills a few weeks when I found my strength returning, my appetite improved, and still continuing the use of the pills a few weeks more found me restored to my old-time vigor. I can most strongly recommend Dr. Williams' Pink Pills to all who have passed through an attack of influenza, as a safe medicine for renewing their strength." You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50c a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

his death. During the whole day he had left his section with great skill and determination. He was hit in the shoulder but did not go out. He was hit again—and this proved fatal. The platoon realizes that they have lost the most popular and efficient man in their unit and all grieve in the loss of a true friend and a soldier.

"As for myself I could always depend on Jack, no matter in what position. He was buried behind the lines along with other comrades who had fallen the same day. His personal effects will be forwarded to you in due course.

"Believe me to be yours in deep sympathy."

Damage by Lightning in Various Parts of Aroostook

Fort Fairfield and neighboring towns were visited Tuesday night, Oct. 29, one of the heaviest and severest electrical storms ever known in this section. For nearly an hour the whole heavens seemed a blaze of light and the thunder was something terrific, while water that fell in a given time during the height of the storm never has been exceeded here. C. S. Grant lost his barn containing about 50 tons of hay, 700 bushels of oats and four hogs. George Nichols lost a barn with all his hay and grain. Clowes

Seeley on the old John Seeley farm on the Spragues Mills road out of Presque Isle lost his whole set of buildings, including hay, grain, five horses and about everything else.—Fort Fairfield Review.

Nothing Can Compare With It

Mr. Fred Adams, New Rose, N. S., writes:—"I have tried many medicines for coughs and colds but never found anything to compare to Dr. Chase's Syrup of Linseed and Turpentine. We have had the greatest satisfaction with this medicine for it never fails to relieve a cough and loosen it up."

The "Flue" at Aroostook Jct.

Mrs. A. Hathaway, wife of Engineer Hathaway, died at Aroostook Junction last Wednesday of pneumonia, being the third death at the junction traceable to the influenza epidemic. It is said that there are more than 30 C. P. railroad men off duty with the disease and yet up to the present time, all regular trains have been kept running. Doctors Kalloch and Chamberlain have had charge of most of the cases, as they have no local physician, but the railroad officials have now sent a man to take charge, and this will help some to relieve the situation greatly. There are not many new cases now, in fact there are not many more at Aroostook Junction so have it, and the disease having burnt itself out the situation will doubtless very soon be much improved.—Review.

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's
Vegetable Compound
Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition. I was worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything new without distress or nervousness."—Mrs. J. Worswiling, 2342 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, back-ache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worswiling.

Distribution of Seed Grain from the Dominion Experimental Farms

By instructions of the Hon. Minister of Agriculture, a free distribution of superior sorts of grain will be made during the coming winter and spring to Canadian Farmers.

The samples for distribution will consist of spring wheat (about 5 lb.), white oats (about 5 lb.), barley (about 5 lb.) and field peas (about 5 lb.). These will be sent out free, by mail, from the Central Experimental Farm, Ottawa, by the Dominion Cerealist, who will furnish the necessary application forms.

Only one sample can be sent to each applicant. As the supply of seed is limited, farmers are advised to apply very early.

A Correspondent's Tribute to the Late Mathew Burgess

Grand Falls, Oct. 28—It is now, when the last rites have been performed and the grave has closed over the mortal remains of our friend, that we are able without fear of wounding his soul to discourse on those traits in his character which have so endeared him to all with whom he came in contact. His charity was shared generously with the needy and in giving to the very poor he held it was better to err on the side of generosity than prudence. Independence, strength and underlying tenderness lay in Mathew Burgess' face in repose. He advocated the price of self that prompts a man to keep his character clear, clean and strong, unafraid of the world's scrutiny and of his own, the pride of family that spurs a man to be no less honorable than honorable forbears; the pride of achievement that would move a man to leave a good record of deeds, public or private, behind him. The pride of learning, of luxury, of mere money he despised. It was only by constant association and study that one learned his true worth; it was under the garb of silence he tried to conceal the talents which he possessed. He was a valued member of the firm of James Burgess & Sons, Ltd., and by his death the town has lost a noble citizen who lent his influence to all that tended to better the condition of the people. We mourn the loss of a great friend, and we drop a flower on his bier, for he was worthy of our love and the best we can give.

PEPS

the real breathable tablets, make the throat, chest, and lungs cold-resisting. When a nasty cold or a coughing bout foretells the revival of your old bronchial trouble, the best thing to do is to take Peps at once to strengthen and

the chest. When a Peps tablet is taken from its preserving silver wrapper and allowed to dissolve in the mouth, it gives off powerful medicinal and germicidal fumes that immediately circulate with the breath through all the air-passages, and destroy any germs that have got into

By this direct treatment Peps keeps trouble off the

NOTICE

Military Service Act, 1917.

EMPLOYMENT OF MEN IN DEFAULT UNDER THE MILITARY SERVICE ACT.

The following Regulations, recently approved by the Governor General in Council, impose strict obligations upon every employer TO ASSURE HIMSELF THAT EACH OF HIS EMPLOYEES OF MILITARY AGE AND DESCRIPTION IS IN POSSESSION OF DOCUMENTS PROVING THAT HE IS NOT IN ANY WAY IN DEFAULT UNDER THE MILITARY SERVICE ACT.

An employer who is charged with having a defaulter in his employ must be able to prove THAT THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR MILITARY AUTHORITIES TO THE EMPLOYEE IN QUESTION WERE PRODUCED FOR HIS INSPECTION at the time when the employee was taken into his employment, and that it was reasonably established to his satisfaction that the man was not in default under the Military Service Act. It should be clearly understood that the Canadian Registration Certificates given on June 22, 1918, at the time of general registration, in no way define the status of a man under the Military Service Act.

REGULATIONS.

"106. Every person who employs or retains in his service any man who has deserted or is absent without leave from the Canadian Expeditionary Force, or who is in default in the performance of any obligation or requirement for reporting or for military service, imposed upon him by the Act or Regulations, or any provision thereunder, shall be deemed to be guilty of an offence punishable on summary conviction by imprisonment not exceeding six months, or by a penalty of not less than One Hundred Dollars, and of not more than Five Hundred Dollars, or by both such imprisonment and fine, unless such person prove that he made one inquiry and that THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR THE MILITARY AUTHORITIES TO THE MAN SO EMPLOYED OR RETAINED IN HIS SERVICE WERE PRODUCED FOR HIS INSPECTION, and that it was reasonably established to his satisfaction by such inquiry and papers that the man was not a deserter or absent from the force without leave, or in default in respect of any of the obligations or requirements aforesaid."

MILITARY SERVICE BRANCH.

"I know exactly what is the matter with you, Jack. You have lost confidence.

"YOU were getting along fine until you had that nervous breakdown, but since then you have been worried and anxious.

"Now you have got discouraged and down-hearted, and it is no wonder you cannot make sales.

"The salesman must have lots of energy and vigor as well as confidence in himself and what he has to sell.

"But you cannot have confidence in anything so long as your nerves are weak and you spend the nights worrying instead of getting good, refreshing sleep.

"Take my advice, boy, and go straight to the drug store and get half a dozen boxes of Dr. Chase's Nerve Food. Then make up your mind that while you are using this you will get out into the fresh air all you can and forget to worry.

"Now, you may feel pessimistic after all the treatments you have been taking, but I know what I am talking about.

"My nerves were in a worse condition than yours ever were. I could scarcely get a wink of sleep, and did not care whether I got anything to eat or not.

"Besides, I got so irritable and down-hearted that nothing seemed to go right.

"The experience that I had enables me to sympathize with you now, and also to say that I am certain that Dr. Chase's Nerve Food will help you.

"It is entirely different to most medicines used for the nerves, because instead of merely stimulating the tired nerves to over-exertion, it nourishes them back to health and vigor.

"Now, Jack, you must give the Nerve Food a trial, and I know you will consider me your best friend for telling you about it."

Here is an interesting letter from another business man who had a similar experience with Dr. Chase's Nerve Food:

Mr. W. J. Wilson, Grocer, Perth, Ont., writes: "In fitting up this building for a grocery business I worked very hard, and after putting in my stock I continued plugging away, good and hard, too. I commenced to feel myself going down—my weight went from 180 pounds down to 154 pounds. My appetite began to fail, and, of course, upon retiring I could not get a good night's rest. Sometimes after going to sleep my nerves would twitch, and I would wake up with a start, and then lie awake for hours. I remembered having used Dr. Chase's Nerve Food before, so I started in again, and took a good treatment, using about half a dozen boxes. I soon felt my appetite returning, I could sleep well, and commenced gaining in weight, until I felt like a new man. S. G. Barter Sees Home Boys

(Continued from first page)
did see many who passed me and I did exchange smiles with them and a lump was in my throat and my eyes were dim at times, for they are our boys, and I once marched by their side and fought in their ranks. Ora Wallace was away at the time also Hal Sippelle, Fred Thomson, Young Tracey and many more but they will be writing home to you. You who have lost loved ones grieve not over much, for here we live a little season and fly away to that other world where there is no parting and age does not make a life complete. Your boys and loved ones who have finished life here have gone on the path of glory young and full of priceless fame and you must go on in the same spirit of great serving, till your call from on high liberates you to the greater life and a renewed comradeship with your glorious departed ones. A few days ago I met Hastings Golding, healthy and brown as a berry.

I hear from home often and I have written to my wife to let you have a display for your window if you wish to have them. I am always glad to get the Carleton Observer for its real home news paper. Our war news is good reading now. Turks looting fast, Bulgars wanting peace, Germans falling back before the Allies. Long lines of German prisoners going to the rear. I saw two batches go by today as I stood by the prisoners cage; 1500 in first batch, 1600 in next. Now wouldn't that make Hartland sit up to see? Two such batches as that go through and escorted by Lancers? Yours Respectfully
Pte. S. G. BARTER

Pte. Eugene Guest

The death occurred recently of Pte. Eugene Guest, a soldier in the American army. He died at Orono, Me., where he had been one chosen by the U. S. Government to take a course in the University there. He was a graduate of St. Thomas College, Chatham, and shortly after his graduation he enlisted. He died there from Spanish influenza and his body was brought to Bath, his early home, for burial. The funeral was conducted from the train and was indeed impressive, the coffin neatly draped with the American flag. Many people not his near relatives felt deeply for the young soldier, and realized though he never had a chance to be "over there" that it did not lessen the knowledge that he was never the less a hero.

Childhood Ailments.

The ailments of children—constipation, indigestion, colic, colds, etc.—can be quickly banished through the use of Baby's Own Tablets. They are a mild but thorough laxative which instantly regulate the bowels and sweeten the stomach. They are guaranteed to contain no harmful drugs and can be given to the youngest baby with perfect safety. Concerning them Mrs. Alcide Lepage, Ste. Beatrix, Que., writes: "Baby's Own Tablets were of great help to my baby. They regulated her bowels and stomach and made her plump and well." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

SAYS LEMON JUICE WILL REMOVE FRECKLES

Girls! Make this cheap beauty lotion to clear and whiten your skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yest! It is harmless.

THICK, GLOSSY HAIR FREE FROM DANDEUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that gleams with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of Keweenaw's Danderine from any drug store and just try it.

Are You Helping To Defend Your Own Freedom Or Letting Someone Else Do It For You?

Last year over 800,000 people helped to defend their freedom through the Victory Loan 1917. If you were one of these you will now be one of the million or more Canadians who will help to over-subscribe

CANADA'S VICTORY LOAN 1918

The same principles, the same love of your Country, and the same anxiety to do your share, however small, towards the great work, will guide you now as it guided you then.

It is the privilege of every Canadian man and woman to help to provide the means by which our gallant boys are enabled to finish their great fight for freedom.

Money has been and is the greatest asset in the greatest war in the history of the world.

Your money is needed.

We will do our best also to see that others come forward; we will tell them of the security of the investment which Canada offers to us, of the 5 1/2 per cent. interest their money will earn, and the absolute certainty of the repayment of their loans. But above all else, we will ourselves, each and every one of us, buy to the extent of our ability.

Thus shall we be able to look our boys when they come home again, and show them that we did what we could to help while they fought for us.

Frank Talk From Aroostook

Some one has started a story that America is in favor of returning the colonies to Germany. This is unthinkable. America should not take herself too seriously in the war, but should remember that she is even yet, so far as actual fighting done on the line is concerned, doing not so very much in comparison with the work of France and Great Britain, also that she did not come into the war at all till after the rest had been fighting almost three years and until after the colonies had all been taken from Germany. It was not American troops any way that took any of these colonies, so that, if there is a question that the Allies themselves, excluding America, ought to settle, it is the question of the fate of the German colonies. Certainly not one of these colonies should under any condition go back to Germany, to provide her bases and material with which to work mischief in the future.—Fort Fairfield Review.

Torturing, Itching Eczema

Mrs. J. B. Horth, Paspebiac, Bonaventure Co., Que., writes: "Thanks to Dr. Chase's Ointment I have been completely cured of that horrible disease eczema. I was held as if in prison from going among other people for I was ashamed of the raw, flaming sores. Doctors could do nothing for me and I was almost desperate, with suffering when I began to use Dr. Chase's Ointment. In one month I was completely cured and think this was little short of a miracle."

Sir Thomas White's Appeal to Canadians Points Out Great Need of the Victory Loan to Carry On the War.

On the opening of Canada's great Victory Loan drive the Minister of Finance issued the following message:—

To the People of Canada:

The Victory Loan of 1918 is now being offered for public subscription. It is an undertaking of most vital consequence to the nation, and I cannot too earnestly emphasize the duty and responsibility resting upon all citizens of Canada to cooperate to the extent of their available resources in making it an unqualified success.

SIR THOMAS WHITE

Minister of Finance under whose direction the great Victory Loan drive for \$500,000,000 is being made.

The money to be raised is urgently required to enable us to continue the prosecution of the war, now in its fifth and most crucial year, and for the maintenance of the prosperity of the Dominion in all departments of productive activity.

Apart from patriotic considerations which should alone suffice, it is the direct, immediate, personal interest of every individual Canadian citizen that the Loan should not fail of its objective. The bonds afford absolute security and yield a most attractive rate of interest. Undoubtedly, in the period succeeding the war, they will show a substantial appreciation in value.

All citizens are earnestly invited to subscribe. Remember, you are asked not to give but to lend your money to the state. Small subscriptions from those of slender means are as welcome as the large. In the last Victory Loan we received subscriptions of over four hundred million dollars from over eight hundred thousand subscribers. This year we expect five hundred million dollars from more than a million subscribers.

Let all subscribe to the extent of their means, be they great or small, and once more demonstrate to the world the strength, unity and determination of the Canadian people in this world struggle. Even if the war should end at an earlier date than has been anticipated, all the money raised for will be required for the purposes of demobilization, which will extend over many months, and for the continuation of credits for the purchase of Canadian products. The organization and publicity work in connection with the Loan has been completed after many weeks of effort. It now remains for the people of Canada to do their share. That they will do so to the fullest degree, I am entirely confident.

W. T. WHITE.

Ottawa, Oct. 23th, 1918.

CANADIAN ARMY AND THE VICTORY LOAN

War Costing Canada Over Million Dollars a Day — \$400,000,000 Will Be This Year's Bill.

Nearly 600,000 have been enrolled in the Canadian Expeditionary Force. About 400,000 have gone overseas. Canada's 1918 war bill will be \$400,000,000. Canada's 1917 war bill was \$320,000,000. Canada's war expenditure is now \$25,000,000 a month. It exceeds \$1,000,000 a day.

The \$420,000,000 subscribed to the 1917 Victory Loan will not do much more than pay this year's war bill. \$500,000,000 are needed through the Victory Loan, even though peace should come to-morrow.

BANKS WILL LEND.

In order to help out small subscribers to the Victory Loan the banks will lend subscribers, on the probable certainty of repayment within a year, up to 90 per cent. of the amount of the investment in the Loan. The rate of interest charged by the banks is 5 1/2 per cent. Repayment is to be made monthly and quarterly. These are much better terms than were granted last year.

There are over 425,000 Canadians overseas who will have to be kept for at least a year, even if peace were to come this month.

No one who looks at the casualty lists can do otherwise than subscribe every dollar possible to the Victory Loan.

The Canadians in France have set a high standard for those at home to reach in the Victory Loan campaign. Canada must put every ounce of effort into the Victory Loan drive. Oversubscribing to the Victory Loan would have a wonderful effect on the Canadian Corps in France. It would be the best thing that Canada could possibly do.

SCALD CUT

WHEN ACCIDENTS HAPPEN

your first need is to end the pain—to apply something that will give you relief, and permit you to go on with your work or pleasure, as the case may be.

Here's where Zam-Buk is so splendid. Nothing ends the burning sensation in a scald or burn, the stinging pain of a cut or scratch, or the ache and soreness of a bruise, like Zam-Buk.

Another thing! Zam-Buk ensures you against the danger of an injury "taking the wrong way."

A most important feature of Zam-Buk is its germ-destroying power. If Zam-Buk is applied immediately an injury is sustained, there is never any danger of festering or blood-poisoning, as it destroys all germs and protects the injury from infection.

These qualities, combined with unusual healing power, are responsible for Zam-Buk's world-wide reputation.

Be ready for an emergency by getting a box of Zam-Buk to-day. It will keep for an indefinite period and still retain its strength and purity.

"CASCARETS" WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Head-aches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Agriculture Aided By Victory Loan

Wonderful Trade Expansion Due to Success of Canada's Loan Issues

Since the war started Canadian agriculture has grown in importance as a national industry. More than ever it is a source of strength to the country. The demand for Great Britain for food, not only for her soldiers but for her civilian population, has opened a market of tremendous possibilities. In 1915 our total agricultural exports amounted to \$209,000,000. At the end of the fiscal year of 1917-18, the total had jumped to \$740,000,000.

This wonderful addition to the National wealth was, to a large extent, due to the Victory Loan of 1917. It was so in this way: Great Britain found that, owing to her vast expenditures on her army and navy, and the necessity of giving monetary aid to some of her stricken Allies, she was no longer able to pay for her purchases of food with ready cash. Rather than see our products lose a sure market, the Dominion Government decided to advance such sums out of the proceeds of the Loan issues to pay for a good part of the food that was sent to Great Britain. The farmers had been asked to "produce more food" and they had responded with a will; it was, of course, for the Government to see that the increased production was marketed.

In this way Canada's entire exportable surplus of wheat, cheese, bacon and other commodities was financed. This year there will be for export possibly 100,000,000 bushels of wheat valued at \$225,000,000. If the proceeds of the Victory Loan meet the expectations of the Finance Minister a great part of this wheat will be financed by the Government. The export of cheese will be over \$40,000,000, and of butter, eggs and condensed milk another \$10,000,000. Bacon runs into millions. In the past twelve months the Government has advanced nearly \$100,000,000 to finance exports of live stock products.

VICTORY LOAN AND CANADIAN INDUSTRIES

Last Year's Subscription of Great Benefit and Bigger Work Will Follow This Year.

The Imperial Munitions Board receives advances of nearly \$25,000,000 a month from the Dominion Government. It has received over \$850,000,000 in advances from the Dominion Government and the Canadian banks. It has placed \$1,200,000,000 worth of war orders in Canada for the British and other Allied Governments.

An advance of \$10,000,000 enabled it to give orders to Canadian shipyards for 44 wooden ships. Another \$10,000,000 was added. Total value over \$40,000,000. An advance of \$1,000,000 enabled the Board to begin the manufacture of airplanes in Canada. They have been built to date of a value of \$20,000,000.

Between 250,000 and 300,000 people are working in Canada's war industries. It has \$500,000,000 of war orders in sight for 1918.

To carry out this program will require millions of dollars, which must come from the Victory Loan.

BE A SOLDIER AT HOME.

Canada's 1918 Victory Loan is asking for \$500,000,000. These dollars are needed to win the war. You must do your share in providing them by buying as many Victory Bonds as ever you can. Invest every dollar you have in them. Borrow to buy more.

Your money will be absolutely safe. The security is the finest in the world. It is all Canada. In addition, you will be paid 5% per cent on your money—the money you will be lending to your country to protect your home, your safety, your freedom, your family and yourself. Do not ever hear of a safer investment plan—or one so supremely advantageous to the investor? Never, on your life. Never in your life.

Then do your share—buy Victory Bonds. Buy them every day. Buy them every day. Buy them every day. Buy them every day. Buy them every day.

IN FLANDERS' FIELDS. In Flanders' fields, the poppies grow between the crosses, row on row, that mark our places; and in the sky The larks, still bravely singing, fly. Scarce heard amid the guns below.

We are the dead. Short days ago We lived, felt dawn, saw sunset glow, Loved and were loved; and now we lie In Flanders' fields.

Take up our quarrel with the foe, To you, from falling hands we throw The torch; Be yours to lift it high. If ye break faith with us who die, We shall not sleep, though poppies blow In Flanders' fields.—Buy Victory Bonds.

Your Thousand Dollar Victory Bond Will;

Buy 200 gas masks, or 200 pairs of soldiers' boots, or 400 bushels of wheat, or 500 steel helmets, or 1,000 pairs of soldiers' socks, or 3,000 lbs. of high explosives, or 4,200 lbs. of cheese, or 28,000 rifle cartridges, or 56,000 revolver cartridges.

Everything Canada has depends on the success of the Victory Loan. The \$500,000,000 wanted must be subscribed. The responsibility rests upon all to see that the money is raised.

SPANISH INFLUENZA RAGES IN CANADA

Thousands of Cases Reported With Many Deaths.

THOSE WHO ARE MOST SUSCEPTIBLE TO IT

"FRUIT-A-TIVES"—The Wonderful Fruit Medicine—Gives the Power To Resist This Disease.

The epidemic of Spanish Influenza which played such havoc in Europe, has reached this continent. Thousands of cases of the strange malady have appeared and many deaths are already reported; Surgeon-General Blue of the United States Public Health Service having stated that "Spanish Influenza" will probably spread all over the country in six weeks.

Practically every ship which touches our shores from abroad brings those infected with the disease. Surgeon-General Blue urges that "the individual take all the precautions against contracting the disease by care and personal hygiene." Plenty of exercise should be taken; the diet should be regulated, etc.

Spanish Influenza affects most severely elderly persons and others whose powers of resistance are weakened by illness, work or worry especially those who are "run-down" or "not feeling up to the mark."

The really great danger from the disease is not so much in the disease itself, as that it often develops into pneumonia.

What everyone needs now is a general tonic like "Fruit-a-tives". This wonderful fruit medicine is not a general-killer. It is a body-builder; a strength-maker; a blood-purifier; a power in protecting against the ravages of disease.

"Fruit-a-tives" regulates the kidneys and bowels; causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" keeps the skin active, and purifies and enriches the blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, insuring food being properly digested and assimilated.

Everyone can take ordinary precautions, avoid crowded places, and use "Fruit-a-tives" regularly to insure sound digestion, to keep the bowels and kidneys regular and the whole system in the best possible condition. Then we are safe from disease.

"Fruit-a-tives" is sold by Dealers everywhere at 50¢ a box, 6 for \$2.50, trial size 25¢ sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

Pearl Florence Rideout

Pearl Florence Rideout, daughter of Mrs. George Smith of Easton died very suddenly of acute indigestion at Millbrook Sunday. Her age was 26 years. The remains were brought to Bath, accompanied by Mrs. Smith, and daughter Edie Rideout, for burial. The sympathy of friends is extended to the family in their bereavement.

Rheumatism Every Winter

To be crippled by Rheumatism is to have life become an intolerable burden, especially in the winter, when the persistent cold and damp aggravate this complaint till it is almost unbearable.

Can you picture the dread that any man would hold winter in when all it meant to him was a yearly return of Rheumatic pains, until he discovered Gin Pills. Best what he says about these little doctors:

Such was the case of Mr. A. Beaudry of Bedford, Que. Each winter he was forced to undergo the torture of Rheumatic pains, until he discovered Gin Pills. Best what he says about these little doctors:

"Every winter I suffered from Rheumatism, and this is the first season I have been able to go through without a return of my old trouble—thanks to Gin Pills. The pills are all you claim for them, and more."

Testimony such as this should convince even the most skeptical that Gin Pills do remedy Kidney troubles.

If you have friends or relatives who suffer from this dread affliction, tell them to try Gin Pills. So many people have written us stating in glowing terms how Gin Pills have relieved them of Kidney troubles, that we are convinced that all any person needs to do in order to obtain relief is—try them.

NO SHELLS HAVE DROPPED IN CANADA

ACROSS the seas thousands of gallant men have fought the fight that has kept Canada in peaceful possession of the rights of freedom.

Many of these men have died for Canada, have died for us and for the cause for which they fought—while others still "carry on," bringing the war nearer and nearer to a victorious end—

Without food, clothing, guns and ammunition these men could not have fought our fight for us. Without money these things could not have been supplied to them—

Money has been the backbone of this war, and because money in vast sums has been forthcoming, no shells have dropped in Canada—

Now with Victory almost in sight, Canada asks us for money. The work must be finished. Lend—and lead to the limit of your ability—through.

At a meeting of the local committee in charge of the Victory Bond Campaign in this neighborhood, Freeland McKenzie and Lewis Baldwin were chosen as salesmen for the town proper and immediate vicinity. Rev. W. J. Hurlow was given Wicklow and Rev. J. B. Champion the Bloomfield section. Reports from the two former agents show that Centreville is going well "over the top." Saturday saw \$2400 added to the fund by the villagers. They seem to find the new Bonds an easy commodity to traffic in as each and all their prospects are well posted as to their purpose and as well the safe and profitable investment they present for the savings of the people.

George Briggs has assumed charge of the James Trafford estate and will move thereon in the near future. He has rented his home in town here to Harry Thomas who will take possession forthwith.

SOOR, ACID STOMACHS, GASES OF INDIGESTION

"Pape's Diaprepin" neutralizes excessive acid in stomach, relieves dyspepsia, heartburn and distress at once.

Time it! In five minutes all stomach distress, due to acidity, will go. No indigestion, heartburn, sourness or belching of gas or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diaprepin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach sweetener in the whole world, and besides it is harmless. Put an end to stomach distress—once by getting a large fifty-cent case of Pape's Diaprepin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by fermentation due to excessive acids in stomach.

Hallow'een passed by more than ordinarily quietly this year. The prank artists were conspicuous by their absence and all were agreeably surprised on arising next morning to find that aside from a few little personal dodgers tacked up in good humor, no signs of midnight marauders were evident.

Miss Dora Lee gave a Hallow'een party for the pleasure of nine or her girl friends on Thursday evening. The little masqueraders spent a very unique and pleasant evening together.

We are still pleased to report our singular freedom from the plague of Spanish influenza. As a people we should feel very thankful for our seeming immunity from its ravage.

Mr. Bruce of the Bank of Nova Scotia has been doing double duty part of this week owing to the illness of Mr. Furlong of the branch at East Florenceville.

Miss Alice Champion who has been attending a commercial college in Moncton arrived home on Friday evening for a vacation.

Mrs. Sandford Hallett and Miss Pearl left on Saturday for their home in Windsor after a pleasant two weeks with relatives.

The Misses Robin and Annie Wilson of Bloomfield spent Saturday and Sunday here with their brother, G. E. Wilson.

Owen Birmingham and Mrs. John Kilpatrick visited their sister, Mrs. Eldon Estey, on Sunday.

Dr. Geo. J. Burt and Mr. Hopkins of Fort Fairfield were visitors in town last week.

Dennis Cronkite and wife of Robinson were callers in town on Sunday.

David Burt and Harold White spent Sunday in Mars Hill.

Aroostook Junction

We are glad to say that the epidemic of Spanish Influenza that has been scourging Aroostook Junction for sometime is on the wane, but traces of it still linger. Many of those who were seriously ill are rapidly gaining. But two new cases are reported this week.

Mrs. Little, the proprietress of the O.P.R. hotel, has relinquished her position and returned to her home in Edmundston. She has made many friends during her stay who are all sorry to hear of her departure. Mr. and Mrs. Frank Smith of Plaster Rock have now undertaken the management of the hotel and we feel assured that they will cater to the wants of the patrons to the best of their ability.

Mrs. Frank Griffin has returned to her home in Fredericton.

W. Larlee of Perth has rented Mrs. Sam Grant's for the winter.

Miss Julia Firlotte of Andover spent the week-end a guest of Miss Alberta McIver.

Mr. and Mrs. C. B. Drake and daughter have gone to spend the winter in Boston.

Miss Dorothy Langley returned to Fort Fairfield on Monday to resume her work.

Miss Davidson, who has been nursing little Chelic Gaines has returned to her home in Fort Fairfield.

Mrs. Kerrigan was called to Woodstock on Tuesday on account of the death of her daughter Florence.

Miss Lillian Beck accompanied by Miss Maizie Grass of Andover spent Sunday the guests of Mrs. Arthur Hooser.

Mrs. J. LeBaron Hopkins arrived home on Monday from Presque Isle accompanied by her daughter Maxine.

John Mitchell of Andover was a caller in town on Sunday.

Mrs. Hayward Post who has been very ill, has now returned to her home at Plaster Rock.
