I. J. F. ROGERS,
 FASHIONABLE TAILOR,
 LATELY FROM NEW YORK.

HAS the honor to announce to the Inhabitants of St. George, and its vicinity, that he has commenced business in the house formerly occupied by Mr. Wm. Armstrong, fronting the Public Landing, where he is prepared to execute all orders in his line, in the most fashionable style, with neatness and promptitude. Having just arrived from the United States, where he has been employed in some of the most celebrated Establishments in Philadelphia, New York and Boston, trusts, that his long experience, knowledge, and superior workmanship, with a desire to please, will entitle him to public patronage. Garments warranted to fit, before leaving his shop. The Fashions received Quarterly from New York.

COMMUNICATION.
 [FOR THE STANDARD.]
 MR. RITCHIE'S RESOLUTIONS.

On Monday the 14th of April, Mr. Ritchie's long promised resolutions on the state of the Province, were submitted to the House.—Submitted they were, we may reasonably suppose, by the disappointed candidate for the Attorney Generalship, with feelings of mortification and chagrin, while reflecting on the high hopes with which he had commenced the Session, and which lured him to painful defeat. With an ominous premonition of the result of this fast great effort to provide for his cravings for place and distinction, we cannot but suppose also that this pertinacious claimant for office ushered these resolutions (prepared no doubt in long nights of toil and anxiety) before a Body who might not after all appreciate their worth, though well apprized of their object.

We cannot say that we are surprised at Mr. Ritchie's mustering another forlorn hope—making another struggle to retrieve his political disasters. Desperation we expected would invoke his wounded pride to do something to soothe itself and redeem its victim's character before his friends. Baffled in the unfair game for the Attorney-Generalship—destined to play second to W. H. Needham, Esq., even should the Government be overthrown, Mr. Ritchie, so strong in self-esteem, so powerfully supported by penny papers, must at least give some sign of political capacity before the session ended, and the great man of a St. John must be again confined to his lodge of law books, and we may add the hope ere long of moderated ambition. The session must not pass without Mr. Ritchie's doing something of note. If he could not get the Attorneyship, or even the Solicitor-Generalship for himself, he can at least perhaps get some resolutions, (which would be called the Ritchie resolutions) passed for the benefit of the people. How thankful the people should be for such disinterested regard!

But we must now leave their patriotic auditor, and turn our attention to the resolutions themselves. Our conception of their real object may be already manifest, of their *prima facie* purpose we shall now write.

The first resolution declares, substantially, that the House of Assembly have the right to demand that full copies of all dispatches from the Lieutenant-Governor to the Colonial Secretary, and from the latter officer to the former, should be laid before them. We dissent from this doctrine. We say that governments as well as individuals, must have their secrets. Those who rule should know more—should take a wider and more comprehensive view—should have greater foresight than those who are governed. Let a government divulge all its plans—let it have a traitor member, and it must soon drop the reins—give the helm to another pilot. Why, we would ask Mr. Ritchie, has the Queen of England her Privy Council; why are its members sworn to secrecy; why are the representatives of the same order in every country bound not to divulge state secrets by the most solemn obligations; why are the members of our own executive Council, aye, even why is every grand juror sworn not to divulge his own and fellow jurors' counsel? The answer is, that experience has demonstrated the impracticability of obtaining an effective government, or the conservation of justice and peace without such precautions. Even were the theory just, that full copies of dispatches from and to the Colonial office should be exhibited to the public, how utterly vain would be a resolution of a House of Assembly to that effect? The only consequence would obviously be, that documents called dispatches intended for publication, would be accompanied by private letters containing such matters as filled the blanks marked with asterisks in the dispatches recently laid before the House. Mr. Ritchie labours hard to show, that the reservation of any portion of a dispatch from the Colonial office is unconstitutional. He is again in error. There is nothing in the written or acknowledged constitution of these Colonies to justify such an opinion. The leading feature of Responsible Government is, the liability of the government to the representatives of the freeholders of the land for their public acts. It is not required—who, but Mr. Ritchie, would dream of requiring,—that their private notes, their secret conferences, should be reported to the House of Assembly, should be the theme of discussion in every street—at the dinner table and the market place!

But Mr. Ritchie's second resolution refers to public acts. It enunciates a truth with which we presume all who can read have been expressed some hundred of times in written characters and regarded as a conceded rule of Executive action before it became the subject of a solemn resolution. Mr. Ritchie endeavours to show that this principle has been violated in the recent appointment of Judge Carter to the Chief Justiceship and Mr. Wilmot to the Bench. Again we see him "deluded—the baser sort who look upon all rule and order as tyranny—upon whose

blind prejudices and passions the wordy demagogue who speaks of freedom while inculcating licentiousness can work too successfully, and be indulged and flattered on his road to self degradation. We confess that it is laudably we again notice, the worn out declamation with which the contractors to supply the cravings of an infatuated herd, have for years nauseated the intelligent minds of the Country. Again and again it has been shown that the reduction of the salaries of many present office holders cannot be effected without involving a gross violation of public faith—the repudiation of an acknowledged debt—the arbitrary rescission of a solemn contract. The History of the world shows that there can be no spirits who glory in transcendent ignominy and shame.

We have heard of men who could not bear the sound of music—of men haters, of infidels to God and their country in her day of greatest need—of beings so wedded to elevated disgrace and infamy, that they would feign on the rack and gallows, that they regarded virtue, faith and honour, in reproach. We had not, however, expected to find any man of education & character openly advocate a measure so distinctly injurious to the character of our people, and so glaringly unjust to individuals, as the measure now proposed by Mr. Ritchie. This advocate of popular rights makes a vain and feeble effort to justify his proposition of reducing all salaries by quoting the general and passing observations of some eminent statesmen.—He quotes a despatch of Lord Balthurst, in which that Nobleman denies the "absolute right" of a public officer to receive under all circumstances a salary once paid to him. The fact is, that an absolute right is an abstract idea; rights and duties in real life are inseparable; the holder of an office has no absolute right to a salary without he is willing to perform the duties attached to it, and certainly cannot receive that salary without funds are accessible from which to draw it. We believe that no public officer would claim more than Lord Balthurst would for him, a reasonable regard for the expectations of those who have devoted themselves to the service of the Crown." It is for the gross disregard of this "reasonable regard" that we blame Mr. Ritchie and his fellow repudiators. We ask him showing a reasonable regard to the Lieutenant Governor, or to any public officer, while his duties are as onerous as when he took office, and his will and ability to perform them unchanged—while also the fund from which he was to be paid is undiminished—is it just, is it reasonable to deprive him of two thirds of a salary which by all British precedent and to his own fair conviction was guaranteed? The reasonable expectation of every public officer on being appointed to what has been regarded as a permanent Office, has surely been that as long as he discharged his duty he should receive the salary which he and all parties to the arrangement regarded as pledged to him. Circumstances certainly might occur which would render it expedient to abolish the office thus held by an incumbent; but that necessity, not arising from any misconduct of the office holder, and he being no party to the relinquishment of his office, his reasonable expectation—an expectation which a sense of common justice supports, would be that some compensation should be given him. If this were not so, if public faith is no longer to be thought worthy of regard, what would be the consequences? It is easy to show that they would be ruinous to individuals and disgraceful to the Country. If the salary attached to his office is the holders only income (as is generally the case) how is he to meet his creditors if it is suddenly stopped, or how again are they to meet demands to pay which they have relied on expected receipts from the official? Would the office holder be the only sufferer by this course? We take it there would be other victims of this liberal policy. Would not the whole Country be victimised by it? With one voice our people say we want Railroads, Manufactures, Capital, men of mind and character. Think you people of New-Brunswick, they will come to a land so notoriously destitute of good faith that for the sake of saving a few hundred pounds to the Provincial chest, a public contract is shamelessly proposed to be violated? As soon would a British Capitalist or gentleman think of investing his money in such a Country, or sending his sons or connections to settle in it, as transport them to a Colony.

(To be continued.)

A COLONIST.

HAPPINESS.—Sigismund, Emperor of Germany, being one day asked what was the surest method of pursuing happiness in this world, replied, "It is always in health what you have often promised to do when sick."

THE MENAGERIE.—A lady inquired of a gentleman who was standing in front of the Court House, if he could inform her whether that building was the menagerie? "O yes," answered the gentleman, "don't you see the hyenas inside the chains? 'I do,' said she; 'but are those the only animals they exhibit?'" "No," said the gentleman, "the nobler beasts—the lions, tigers and rhinoceroses—are kept up stairs."

THE POST OFFICE—GREAT LIBERALITY—BOOK POST WITH ENGLAND.
 The Post Master General has issued a Post Office order which reflects the greatest credit on him—all printed circulars of half an ounce weight are to be charged only 1d. Magazines or unbound books 4d per ounce; Publishers in Canada of periodicals and magazines are allowed to interchange their publications free of postage. But no book or pamphlet exceeding the weight of 40 ounces can be forwarded through the Post.

Under the authority of Her Majesty's Government, an arrangement is to take immediate effect, under which printed books, magazines, reviews, in pamphlet, whether British, Colonial, or Foreign, may be sent through the Post between Canada and the United Kingdom, at a postage rate of 7d per volume not exceeding half a pound in weight—at the rate indeed of 6d. sterling per half pound of magazine literature.—[Quebec M. Chron.

ON DANCING.—Dr. Fitch, in one of his lectures on the uses of the lungs, and on the mode of preserving health, says:—
 "Dancing is the king and queen of indoor exercise. It is suitable for all classes and ages, of both sexes. It is a most elegant and exhilarating exercise. It is one of the most ancient, and one of the most salutary. I do not speak of it as a dissipation, but as an exhilarating and valuable exercise.—Among the exercises, it is second to none.—It is extremely suitable for the sedentary, for invalids, and for consumptives. I have known one of the worst cases of consumption I ever knew cured by dancing alone, practised daily for many months. The cure was permanent and complete.

It is deplorable that dancing, and amusements of nearly all kinds, should have fallen under the ban of the clergy, and should be preached against as sinful. It is doubtful whether the morals of mankind are benefited by forbidding all amusements, and it is most certain the health of thousands is sacrificed by it. Who are those that sink earliest into consumption among the ladies? Allow me to say, it is those who take least exercise, and refrain from all amusements, who at school, at church, at home, are marked as models; whose looks are demure, whose walks are slow, and whose conversation is always on serious subjects."

THE TWO FOXES.
 Mrs. Child, in her letter from New York, vouches for the authenticity of the following incident in natural history. "He (the narrator) was one day in the field near a stream where several geese were swimming. Presently he observed one of them disappear under the water with a sudden jerk. While he looked for her to rise again, he saw a fox emerge from the water, and trot off to the woods with the unfortunate goose in his mouth. He chanced to go in a direction where it was easy for a man to watch his movements. He carried his burden to a recess under an overhanging rock.—Here he scratched away a mass of dry leaves and scooped a hole, hid his treasure within, and covered it up carefully. Then off he went to the stream again, entered some distance beyond the flock of geese, and floated carelessly along with merely the tip of his nose above the water.—But this time he was not so fortunate in his manoeuvres. The geese by some accident took the alarm, and flew away with loud cackling. The fox finding himself detected, walked off in a direction opposite the place where his victim was buried. The man recovered the hole, put the goose in a basket, replaced the leaves carefully, and stood patiently at a distance to watch farther proceedings.

The thief was soon seen returning with another fox that he had invited to dine with him. They trotted along merrily, swinging their tails, snuffing the air, and smacking their lips in anticipation of a rich repast. When they arrived under the rock, Reynard eagerly scratched away the leaves, but lo! his dinner had disappeared—he looked at his companion, and plainly saw by his countenance that he more than doubted if the goose was there as pretended. He evidently considered his friend's hospitality as all sham, and himself insulted. His contemptuous expression was more than the mortified host could bear.—Though conscious of gossamer intentions, he felt that all assurances to that effect would be regarded as lies. Appearances were certainly against him, for his tail slunk between his legs, and he held his head down, looking side-ways with a sneaking glance at his disappointed companion. Indignant, at what he supposed an attempt to get up a character on false pretences, the offended guest seized his unfortunate host and cuffed him most unmercifully. Poor Reynard bore the infliction with the utmost patience, and sneaked off as if conscious that he had received no more than might be naturally expected under such circumstances."

SUMMARY OF NEWS.

ARRIVAL OF THE GEORGIA AT N. YORK.—Importation from Havana! Great Excitement! Rigorous treatment of American Seamen! The steamship Georgia, via Havana, arrived at New York on Tuesday the 6th inst., from Chagres, with the California mails. She had \$1,500,000 in gold and 500 passengers.

The Georgia left Havana on the 1st inst. There was great excitement in Havana in relation to the expected invasion, and every approaching steamer and vessel were looked upon with suspicion.

Many persons have been arrested on suspicion of being concerned in the anticipated invasion and attempt to overturn the government; and these persons have been thrust into prison, among them are three priests.

One man has been executed, after having been subject to severe tortures, for the purpose of getting from him a confession.

A row occurred between some American seamen and the inhabitants of Havana, when the seamen were arrested and their heads put into the stocks, where they were so ill treated that two of them subsequently died.

The fourth of the Chagres murderers has been arrested at Porto Cabello and brought to Panama, where he was confined in prison.—The Georgia reports that they were all to be shot in a few days.

The Tennessee, which arrived at Panama on the 19th, had on board seven hundred thousand dollars in gold dust, and two hundred passengers.

The Columbus brought \$920,000 on freight. Two boxes of gold dust were stolen on the Isthmus, for which a reward of \$3,000 is offered.

The railroad will, it is said, be finished to Gorgona by the last of July, if the weather continued good.

Chagres was healthy. The inhabitants have established a regular police, and life and property are much more safe than they have been heretofore.

SAN FRANCISCO, March 31, 1851. Lumber continues inactive, and the additions to the stock on hand fully equals the sales. There is little probability of any advance for some months. A heavy business for the latter part of next month is confidently anticipated.

Financial affairs of the city are in a most favorable condition.

RAILROAD MEETING AT QUEBEC.—The following Resolutions were passed at a Public Meeting held at Quebec on the 29th ult., in favour of building the Halifax & Quebec Railway. Upwards of 300 persons were present.

Proposed by the Hon. R. E. Caron, seconded by And. Stuart, Esq.

Resolved, 1.—That the citizens of Quebec, acknowledge with gratitude the liberal offer of the Imperial Government contained in the despatch of the Right Honble, the Secretary for the Colonies of the 14th March last, in regard to the contemplated Rail road from Halifax to Quebec, as affording most satisfactory evidence that the Mother Country, while not unmindful of its own political and commercial welfare, is at the same time most anxious to promote the prosperity of its North American colonies, by assisting in the development of their vast internal resources.

Proposed by the Hon. William Walker, seconded by Jov. Cauchon, Esq., M. P. P.

Resolved, 2.—That in as much as a Railroad between Halifax, Quebec and Montreal, would open a direct communication from Canada to the Ocean during all seasons of the year extending the means of transporting now afforded by our canals in the summer and entirely superseding them in the winter, such an undertaking, being eminently one of a national character, might, like our great canals, be accomplished at the expense of the public treasuries of the Provinces.

Proposed by the Hon. Henry Black, seconded by Jean Chabot, Esq., M. P. P.

Resolved, 3.—That no doubt can be entertained, according to the unbiased calculations and estimates of Major Robinson, the officer superintending the survey of the different routes for the proposed Railroad from Halifax to Quebec, that this Railroad, which would open to all points of Canada, a direct and rapid communication with Europe, New-Brunswick and Nova-Scotia, and cause an extensive emigration to these Provinces, and become a second St. Lawrence during our long winter, would ultimately yield a revenue exceeding our present most sanguine expectations; That, moreover, there is no instance on this continent of a Railroad of any extent having failed to produce an income greatly beyond the interest of the cost of construction; That, supposing the apprehensions that this road might continue a few years without yielding a profit to be well founded, such apprehension can offer no reasonable grounds to the Legislature for refusing to undertake it, inasmuch as works of this character are not constructed exclusively with a view to the production of a revenue, but chiefly for the purpose of opening internal communications and developing the resources of a country; thus our canals, and other great public works, which have cost the Province more than five million pounds, and barely yield a revenue of fifty thousand pounds, have nevertheless increased more than tenfold the value of the real estate and the general wealth of Upper Canada.

Proposed by F. X. Methot, Esq., seconded by Dr. Morrin.

Resolved, 4.—That this meeting expressed the hope that the other Provinces who are equally interested with Canada in the realization of this great enterprise will not render it impossible by refusing their concurrence, or by imposing conditions which cannot be accepted.

Proposed by James Dean, Esq., seconded by P. O. Chauveau, Esq., M. P. P.

Resolved, 5.—That the movers and seconders of the above resolutions be, with the Mayor, a committee to draft a Petition founded upon the said Resolutions, to be presented to the three Branches of the Legislature praying them to adopt without delay such measures as they may deem calculated to meet the views of the Imperial Government and to place the Provincial Government in a condition to enter with all possible diligence upon this great undertaking, and that His Worship the Mayor be respectfully requested to sign and transmit the same to His Excellency the Governor-general and the two Houses of Parliament.

BILLS and NOTES for Discount must be lodged with the Cashier, on or before FRIDAY, otherwise they must lie in his hands until the following discount day.

RAILROADS.—The Press of the neighbouring Provinces of Canada and Nova-Scotia, as well as our own, are filled with articles on the all engrossing topic of Railways.

They are admitted to be the great desideratum of the age, without them a country will retrograde, and may well be called "sleepy hollow;" the people become isolated, its resources remain undeveloped, its trade prostrate, and it will lose its character as well as its population. New-Brunswick, we confidently assert, is alive to her true interests; she is convinced of the necessity there exists for these speedy means of transit. The inhabitants of this town have taken the lead, and urging on the first section to Woodstock of the great trunk line between St. Andrews and Quebec, feeling assured that the Railroad will not only yield a good dividend to the shareholders, but infuse a spirit of enterprise and prosperity throughout the Province.—We earnestly hope, that the recommendation contained in the statement read by the President of the Railroad Company, and published in our last edition, will be carried out, and that the Directors will "push forward the work with all the practical despatch that the funds of the Company warrant," that "the friends of the undertaking will exert themselves as men engaged in a good cause, and upon whose exertions depend the future promotion and progress of so laudable an undertaking." The Legislature, at its late session, passed two Bills for facilitating the building of the Saint Andrews and Quebec, and the European & North American Railroads; and, as soon as these Bills are sanctioned by Her Majesty, the amount of stock specified will, we hope, be paid in the government debentures be issued, and our Saint John friends at once commence the great Eastern Railroad. The Legislature also confirmed the grant of two million acres of land, and £20,000 annually for 20 years, for the purpose of aiding in constructing the Halifax & Quebec Railroad. The inhabitants of Quebec are also bestirring themselves, as will be seen from the proceedings of a large and respectable Meeting held in that city on the 29th April last, which we have copied into one of our columns from the Morning Chronicle. Our limits will not permit giving the many eloquent speeches delivered at the Meeting; suffice to state, that the people are in favour of making the Halifax & Quebec Railroad; they feel the want of a winter outlet to the ocean, and can have it through British territory, with small outlay, by uniting with the St. Andrews line at the Woodstock or the Grand Falls, or by the circuitous and lengthy route to Halifax.—We now turn to Nova Scotia. What has been done there towards uniting with New-Brunswick and Canada in these great works? The Legislature permitted the session, to pass over without carrying a single resolution to forward their part of the European & North American Railroad; they have adopted the old plan of calling upon Hercules, but forget

to put their shoulders to the wheel. Their delegate, Hon. M. Howe, addressed many interesting letters to Earl Grey, and received replies to them—but we fear there are too many ifs in the Earl's replies to amount to anything definite.

A great error with the Nova Scotians, or more correctly speaking, with the Liberal majority in their House of Assembly, was, endeavoring to make their Railroad a Government undertaking; and for what purpose, simply the selfish ends of securing the patronage which would arise, in the event of the work going on. How different was the conduct of a majority of the Liberals in the New Brunswick legislature—notwithstanding their opposition to the Government, they came forward like men, and aided the Government in passing the two Facility Bills. Had the miserable Whig Government of the Mother Country, paid that attention to Colonial interests which they should have done—the people of this Province would have turned their attention to a railroad, to connect them with the United States, and would now have a railroad from Halifax to St. John, thence to St. Andrews, which would have united with the Great Trunk line from St. Andrews to Quebec, and all through British territory.

RAILWAY CONVENTION.—Halifax papers state, that the Canadian government has arranged with the governments of Nova-Scotia and New-Brunswick for a convention to be held forthwith at Montreal.

The nine deserters from the 97th regt. of Cambria from Liverpool, arrived at Halifax last evening (Tuesday).

John C. Allan, Esq. has been elected Mayor of Fredericton; the poll at the close stood for Allan 196, Taylor 125.

The Executive Council will meet at Fredericton on Friday next, when, it is said, some new Members may be added to the board.

Lines by —, will be published in our next.

BY TELEGRAPH.—The steamship Cambria from Liverpool, arrived at Halifax last evening (Tuesday).

Arrival of the Steamship

EUROPA AT NEW YORK.

The Europa arrived at New-York on Thursday, with dates from Liverpool to 26th ult.

The Canada, from Halifax, arrived at Liverpool on 21st.

There is no political news of interest from Great Britain. Parliament would not re-assemble before the 28th.

From the Continent there does not appear anything worth-reporting.

FRANCE.—In France, as the time for the revision of the Constitution approaches, great efforts are made to effect a fusion of the partisans of the royal houses. Thus far however, nothing appears to have been accomplished. The sale of public journals in the streets has been prohibited, and there is an increased use of restrictive means to suppress all manifestations of popular opinion.

ROMAN STATES.—Accounts by way of Vienna, state that it is expected the Pope's government will solicit the intervention of Austrian troops.

DRESS OF THE ARMY.—Great alterations will shortly take place in the dress of the army. It is in contemplation to supersede the scarlet jacket of the infantry by a frock coat of the same colour, and the "bobtailed" coats of the heavy cavalry by a full skirted one. The improvement will be too apparent to the greatest novice to require further comment. An order has been received to supersede the red stripes of the undress of the dragon guards and heavy dragons by yellow ones, except in the case of the Carabiniers, who are to wear white.

The Miramichi Glacier says that the navigation of that river is open, and that several vessels have arrived, and a number were reported below fast in the ice. A large quantity of ice is reported along the north shore, driven there from the St. Lawrence and Labrador.

SLEIGHING IN MAY.—A despatch from Hazleton, Pennsylvania, dated the 6th instant, says, that snow fell there the day previous to the depth of 18th inches, and that it was then fine sleighing.

The election of Mayor by the Common Council took place on Tuesday, as will be seen by our report of the proceedings, when Alderman Harding was unanimously chosen. This gentleman has been a member of the Board for a period of over forty years, and his elevation to the Mayoralty is considered by the public as an act of justice for his long services. A vacancy is now created in the representation of Duke's Ward, and it will be seen by our adver

tising columns that two candidates are already in the field. We trust the electors, will make a judicious choice.—[New-Brunswick.

A supply of Bibles, and Testaments, from the British & Foreign Bible Society, have been received at the Depository, Mr. D. Clarke's, and will be sold low—at cost price.

A CHURCH BURNED.—A despatch from Pittsburgh, dated the 6th, says, that St. Paul's Cathedral, which is the largest Church edifice in that city, was then in flames, and it was feared would be totally destroyed.

Government Emigration Office, St. John, 10th May, 1851.

The following vessels have arrived with passengers the present season.

Table with columns: Date, Ship Name, Port, Passengers.

All the passengers by these vessels were from Ireland, and they arrived in good health. Only one death occurred on the voyage, that of an infant under 12 months of age.

M. H. PERLEY, H. M. Emigration Officer.

REVOLT AND DEFECTION OF SOLDIERS.—Early on Thursday morning, the Corporal's guard, consisting of nine men, stationed at the Ordnance Stores, Lower Cove, deserted in a body, carrying off their arms with them.

The affair must have been previously arranged, as they all acted in concert, and at a given signal, seized the Corporal and bound his arms and legs, and gagged him by thrusting a piece of a broomstick in his mouth, and tying it around his head, to prevent him from making the least noise. They then started, taking their muskets with them, but the course they took has not yet been ascertained. It is most probable they went by water, in an open boat, and ere this no doubt, reached the United States, but if pursued and discovered they can be taken under the Ashburton treaty. It is seldom that we have to record so cool and daring a revolt among the Military stationed in these Colonies.—[New Brunswick.

By the last Mail from England, a copy of a new work by Professor Johnston was received—"Notes on North America. Agricultural, Social, and Economical." From a hasty glance over the contents of this work, we are inclined to think that it will prove of more service in giving New Brunswick a high place as a field for farming Emigrants from Great Britain, than any thing that has hitherto been done. New Brunswick, its resources, its people, their manners and habits, occupy more than half the work, and as the notice taken of us is highly favourable, it must produce a good effect.—[Courier.

PROVINCIAL REVENUE SERVICE.—Mr. Benjamin C. Chaloner, who has for many years held the office of Prov' Gauger at this port, has voluntarily resigned this situation, as his eye-sight, we believe, is beginning to fail him. No new appointment will be made at present, and the duties of the office will now be performed by the Waiters and Searchers. This arrangement will effect a saving of £150 per annum on the St. John establishment. We may here state, that Mr. Chaloner, who was also City Gauger, has, during a long period of service, discharged his duties to the satisfaction of both the authorities and the mercantile community.

We also learn, that Mr. Carmichael, formerly of the Provincial Revenue Department at this Port, and who has recently returned from California, has been appointed an outdoor officer in the Revenue Service at Miramichi, where the illicit landing of goods has been carried on to some extent for the last few years. The Revenue Officer is now fitting out at this Port, and will shortly be dispatched to the Gulf Shore, for the purpose of protecting the Revenue there.—[ib.

YET ANOTHER FIRE.—This destructive element has been again at work. The farm house belonging to Charles Perley Esq., in Richmond was entirely consumed last Tuesday afternoon.—the fire is supposed to have caught in some way from the chimney. It was insured to the amount of £250, in one of the American Offices. The barns were, with great difficulty saved. Much credit is due to the members of the Engine Company for the alacrity and despatch with which they were upon the spot.—[Carleton Sentinel.

W. Lyon McKenzie, the arch agitator and Canada, has been returned a member of Parliament for the County of Haldimand, C. W.

APPALLING OCCURRENCE AT DANVILLE.—The Lewisburgh Chronicle of Wednesday gives the particulars of the injury to the Methodist Church at Danville, by lightning, on Sunday last:

The congregation were kneeling in prayer, just before the sacrament was to be administered. There were no previous indications of a storm, except a slight sprinkle of rain, and a cloud which seemed to be gathering in a northerly direction. The steeple was first struck, and much shattered. After reaching the main building, the electric fluid divided into two separate currents—one passing through the ceiling and along the chain by which one of the lamps was suspended, (both of which latter were demolished) directly down into the midst of the crowded congregation—tearing up the floor and pews considerably, and instantly killing Mrs. Pencil, and inflicting alarming injuries upon her sister, Miss Vassine, and either eight or nine others, mostly females, besides stunning and otherwise partially affecting many other persons.

The ladies dresses were much torn, as well as set on fire, and in some instances ripped completely open to the flesh by the force of the terrific bolt. Mrs. Pencil's person bore no external marks of injury, but most of the others were scorched and discolored to a greater or less extent.

The other current passed out through the brick wall by the front door, tearing off the facings, and prostrating a young man named Jones, who was just at that moment in the act of entering. The lightning struck his right shoulder, tore his right boot to fragments, and blistered his flesh from shoulder to heel so badly that the skin peeled off when his clothes were removed.

Our informant, a gentleman of this place, who was in the chapel at the time, says it was the most appalling scene of consternation and distress he ever witnessed.

MARRIAGES.

At St. John, the 5th inst., at the residence of Mr. Keays, by the Rev. W. Donahue, Mr. Edward Leavitt, to Catherine Elizabeth, 6th daughter of Mr. Winthrop Robinson.

DEATHS.

At Reeklyn, Dorchester, on Monday 6th inst. Ellen, aged 21, fourth daughter; and on Thursday following at Amherst, Charles E., aged 28 years, eldest son of Joshua Chandler, Esq., High Sheriff of Cumberland, N. S.

SHIPPING JOURNAL.

PORT OF ST. ANDREWS.

ARRIVED.—May 10, Sch'r Fame, Ogdén, St. John, Mdze. Packet Matilda, McMaster, Eastport, Provisions.

12, Sch'r Spray, Balson, St. John, Mdze. 13, Ship Grace, Mourn, Liverpool, to Z. Chipman, St. Stephen, with salt and general cargo for J. W. Street.

On the 15th April, the ship Grace, Mourn, in lat. 43, 23, N. long. 30, 35, W. ex. signals with barque Celestina of London, stdg. eastward. 22d, lat. 44, 57, N. long. 37, 50, W. ex. colours with brig John Wiley, of Halifax, standing eastward. 24th, lat. 45, 18, N. long. 42, 31, W. exchanged colours with a barque stdg. westward, showing Hamburg colours. Saw a ship's long boat, had name "Wm. Loveless" on stem inside, could not make out where she belonged; from appearance had not been about many hours. 1st May, lat. 43, 12, N. long. 55, 55 W. experienced a very heavy gale of wind, with tremendous sea; fearing ship would not run, without damage, hoisted, at 1 p. m., on larboard tack, under close reefed main top-sail, ship labouring heavily; at midnight storm moderated, bore up under double reefed topsails and foresail—pumps closely attended.

Cleared at Boston, 7th inst., Lady of the Lake for St. John.

At New Orleans, 30th Apr. barque Lacconic, for Liverpool.

JOHN LOCHARY,
W. H. MOWATT,
St. Andrews, April 30, 1851.

BLACK HAWK!
THE above-named Horse is of purely Canadian breed: it is unnecessary to offer any remarks as to his quality, suffice it to say, that Providence in his wisdom has adapted his creature to the habitation of every climate; and when we attempt to subvert Nature's order by transplanting the creature of the torrid to the frigid zone, the consequence of such infatuation is obvious to all. The above Horse, the property of D. P. Myers, Esquire, Chamcook, will stand for the Season at the following places, every alternate week for the Season, viz:
Monday, 5th May, at Wheaton's and Digdegush Mills.
Tuesday 6th, at M'Quavie.

CURES FOR THE UNCURED.
Holloway's Ointment.
AN EXTRAORDINARY CURE OF SCROFULA AND ALL THE MISERABLE AFFECTIONS OF THE SKIN.
Extract of a Letter from Mr. J. H. ALLIDAY, 209, High Street, Chesham dated the 22nd of January, 1850.
To Professor HOLLOWAY.
SIR—My eldest son, when about three years of age, was afflicted with a Glandular swelling in the neck, which after a short time broke out into an Ulcer. An eminent medical man pronounced it as a very bad case of Scrofula, and prescribed for a considerable time without effect. The disease then for four years went on gradually increasing in violence, when his mother died in the year, and he formed below the left knee, and a third under the eye, besides seven others on the left arm with a tumour between the eyes, which was expected to break. During the whole of the time my suffering boy had received the constant advice of the most celebrated medical Gentlemen at Chesham, being being for several months at the General Hospital, where one of the surgeons said that he would amputate the left arm, but that the blood was so impure, that if that limb were taken off it would be then even impossible to subdue the disease. In this desperate state I determined to give your Pills and Ointment a trial, and after two months perseverance in their use, the tumor gradually began to disappear, and the discharge from all the ulcers perceptibly decreased, and at the expiration of eight months they were perfectly healed and the boy thoroughly restored to the blessings of health, to the astonishment of a large circle of acquaintances, who could testify to the truth of this miraculous cure. Three years have now elapsed without any recurrence of the malady, and this boy is now as healthy as heart can wish. Under these circumstances I consider that I should be truly ungrateful were I not to make you acquainted with this wonderful cure, effected by your medicines, every other means having failed. (Signed) J. H. ALLIDAY.
CURE OF ACUTE RHEUMATISM OF FOUR YEARS' STANDING.
Extract of a Letter from Mr. John Pitt, Dudley 19th Jan. 1850.
To Professor HOLLOWAY.
SIR—It is with the greatest pleasure that I write to thank you for the benefit I have received from your Pills and Ointment, which have completely cured me of the Rheumatism, under which I suffered for this last four years, at times I was so bad as hardly to be able to walk. I had tried every kind of medicine that was recommended, and without receiving any benefit. I at last thought I would give your medicines a trial, and purchased from Mr. Hollin, Chemist, of this Town, two Boxes of Pills, and two of Ointment, and in three weeks, through them and the blessing of God, I was restored to health and am now as well able to walk as ever, and in my life. I am, Sir, very truly, Sir, your obedient servant, JOHN PITT.
CURE OF A BAD LEG OF SIXTY YEARS' STANDING.
Mr. Barker, of 5, Graham's Place, Drury Lane, had ulcers on his leg from the age of eighteen until upwards of eighty, and although for many years he had sought the best advice, in the country, nothing was found to cure them. He very often suffered most excruciating pain for long periods together, which incapacitated him from attending to his business. He had given up all hopes of getting a cure, when at last he was persuaded to try Holloway's Pills and Ointment, which he did, and however successful it may appear, the leg was thoroughly healed by their means, and by continuing to use the Pills alone after his leg was well, he has become in health so hale and hearty as now to be more active than most men of his age.
N.B.—The truth of this extraordinary statement can be vouched for by Mr. J. C. Reinhardt, 22 Market Place Hill, February 20th, 1850.
CURE OF A DESPERATE CASE OF RING-SWORN OF SIX YEARS' STANDING.
Lima, 13th of November, 1849.
One of the most eminent Surgeons in Lima (the Capital of Peru) had a child covered with Ring-sworn for more than 6 years; in vain he exhausted all his art in his endeavours to cure it. Not succeeding, he consulted among his brethren, the most celebrated medical practitioners of the City, but nothing was found to do the child service. When he was persuaded by Mr. Joseph F. Hague the English Chemist and Druggist, residing at No. 74, Calle de Palacio, to try Holloway's Pills and Ointment, which was done, and after using six large Pots of the Ointment, with a proportion of the Pills, the child was radically cured, to the surprise of the whole medical profession. The name of the parent, from motives of delicacy, is withheld.
The Pills should be used conjointly with the Ointment in most of the following cases—
Bad Legs, Bad Breasts, Burns, Blisters, Bite of Mischetoes, and Sand Flies, Fistulas, Coco-Bay, Gout, Glandular Swellings, Lumbago, Piles, Rheumatism, Scalds, Sore nipples, Chiege-foot, Chilblains, Chapped hands, Corns (soft), Cancers, Contracted & Stiff-joints, Elephantiasis, Sore throats, Skin diseases, Feurly, Sore heads, Tumours, Ulcers, wounds, Yaws.
Sold by the Proprietor, 244 Strand, (near Temple Bar), London, and by all respectable Vendors of Patent Medicines throughout the Civilized World, in Pots and Boxes, at 1s. 1-2d., 4s. 6d., 11s., 22s., and 33s. each. There is a very considerable saving in taking the larger sizes.
N.B.—Directions for the guidance of Patients are affixed to each Pot or Box.
ODELL & TURNER, St. Andrews.
Wholesale Agents for Charlotte County. CAUTION!—None are Genuine unless the words "Holloway's Pills and Ointment London" are engraved on the Government Stamp, pasted on every Pot and Box: with the same words woven in the water-mark of the Books of directions wrapped round the medicines.
Should unprincipled Vendors recommend parties asking for Holloway's Pills and Ointment not to buy them, but to take something else in their stead, they do so only for the purpose of getting a greater profit by what they wish them to purchase.

St. Andrews, Nov. 20, 1850.

GREAT AGRICULTURAL WORK!
THE FARMER'S GUIDE TO Scientific and Practical Agriculture By HENRY STEPHENS, F.R.S.E., Author of the "Book of the Farm," Editor of the "Quarterly Journal of Agriculture," &c., &c.
Assisted by JOHN P. NORTON, A. M., Professor of Scientific Agriculture in Yale College, New Haven, Author of Agricultural Prize Essays, &c., &c.

This highly valuable work will comprise two large royal octavo volumes, containing over 1400 pages, 18 or 20 splendid steel engravings, and more than 600 engravings on wood, in the highest style of the art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, sowing, harvesting, &c., &c., the various domestic animals in their highest perfection; in short, the pictorial feature of the book is unique, and will render it of incalculable value to the student of agriculture.

This great work is the joint production of two of the most talented agriculturists of the day; the one eminent as an author and editor in Great Britain, and the other as a Professor in Yale College. Both are eminently practical as well as scientific men, and all they say may be relied on as the result of profound research, tested and sustained by practical experiment. The contributions of Professor Norton are chiefly designed to adapt the British portion of the book to this country, and thus to make it an Anglo-American work, giving to its readers all the really useful agricultural knowledge at present attainable in either country.

The work is divided into four departments, distinguished by the four seasons of the year, commencing with Winter, and Prof. Norton's notes will be published at an appendix to each part. The first chapter treats of the following subjects, under the head of INITIATION
On the best of the existing Methods for acquiring a thorough knowledge of Practical Husbandry.
On the Difficulties to be encountered in learning Practical Husbandry, and on the Means of overcoming them.
On the Different kinds of Farming.
On the Persons required to Conduct and Execute the Labor of the Farm.
On the Branches of Science most applicable to Agriculture.
On the Institutions of Education best suited to Agricultural Science.
On the evils attending the neglect of Landowners and others to learn practical Agriculture.

On observing the details and recording the facts of Farming by the Agricultural Student.
Terms of the Work—The American edition, the first number of which is already issued, will be published in semi-monthly of 64 pages with an English steel engraving in each number, of which there will be about 22 in all. PRICE 25 CENTS PER NUMBER, CLUBBING.
Three Copies will be sent to one address for \$15; 5 copies for \$18. Cash in all cases to be remitted direct to the Publishers, and not through Agents.

SHERIFFS SALES

to take place at the Court House.

Real Estate of William Porter May 28
Do Caleb Pike May 24
Do Wm Wyman Sep 27

To be sold at Public Auction, on Saturday, the 15th FEBRUARY, 1851, at 12 o'clock, at the COURT HOUSE, in St. Andrews.

All the right, title, interest, claim and demand whatsoever, of WILLIAM PORTER, of in and to the following properties, viz:

All that Lot of land situated in the Parish of St. Stephen's, conveyed by John Dunn to the said Wm. Porter, by deed dated 13th Jan. 1837, beginning at the Eastern corner of the lot upon which Aaron Upton resides, 100 feet from the corner of the street, making the angle of the road leading from the Public Landing to the country Northwards, and the road leading down the river towards the Ledge, thence running the extent of the side line of garden lot No 5, thence across the rear of lots No 5 and 6, thence on the creek line to said Aaron Upton's lower line, thence on the line between the lot formerly owned by James Nicholson and the said Aaron Upton, to the first named boundary, containing about one Acre and a quarter.

All that Lot of Land in the same Parish, conveyed by Mary Nicholson to the said William Porter, by deed dated 13th September 1838, bounded South by the main street leading through St. Stephen towards Oak Point, West by a lot owned and occupied by Aaron Upton, North by a lot belonging to the estate of the late Peter Christie, and East six feet from the house in which the said Mary Nicholson then resided, by the said lot purchased from John Dunn, containing one quarter of an acre.

All of those two lots of land in the same Parish, known as Lots No. 12 and 18 of the tract formerly belonging to Robert Pagan Esq., the said lot No 12, fronting on the Ledge Road, and being 160 feet in width on the road, and 172 feet in rear, and 165 feet in length, the said lot No 18, fronting on a road 3 rods wide, laid off in rear of lot No 12, and extending back 165 feet to the line of N. Mink's land.

The Eastern half and front of a lot of land in the same Parish, in part occupied by Jas T Bixby.

All of that lot of parcel of land at the Ledge, so called, in St. Stephen, formerly owned by the late Joseph Porter, and purchased by him from Michael Young.

All of that lot of land at the Ledge, afore said, conveyed by Michael Young to the said Wm. Porter, by deed dated 3d of August, 1835, commencing at a road leading from the main road to Young's Point, and running at right angles with said road 120 feet, thence parallel with said road 160 feet to within 28 feet of Young's wharf, so called, thence parallel with said wharf, to low water mark, thence past the end of said wharf up stream, until it meets the Eastern line of lands formerly of Joseph Porter, deceased, thence following said line to the said road, thence along said road to the first mentioned bound.

All that Lot of Land at the Ledge afore said, conveyed by the said Michael Young to the said William Porter, by deed dated 27th January, 1840, on the south easterly side of a lane on the 5th Division of the Penobscot Grant, thence by said lane N. 52° 20', E. 17 rods and 23 links to the south side of a road 3 rods wide, running S. 78° 30' E. 8 rods to a stake and stones, thence S. 2° W. passing 25 feet from the north east corner of Porter's Wharf, thence westerly by low water mark to the easterly line of said Lot, sold to Porter, and following the several courses of the Lot easterly, northerly and westerly, to the place of beginning, containing 3 acres.

All of that Lot of Land in the Parish of St. Stephen, conveyed by Thomas Hasty to Wm. Porter, by deed dated 31st July, 1832, being farm lot No. 29 in the 2d Division, granted to James Fraser, in the grant to Joseph Porter and others, containing 100 acres.

And also all other real estate belonging to the said Wm. Porter, situated in the County of Charlotte, not included in the above list.

The same having been seized and taken to satisfy an execution issued out of the Supreme Court, at the Suit of the President, Directors, and Company of the Commercial Bank of New Brunswick, indorsed to levy \$1139, 16s. 6d. besides Sheriff's Fees, &c.

THOS. JONES, Sheriff of Charlotte, July 31, 1850.

The sale of the above mentioned property is postponed until Wednesday the 29th May next, then to take place at 12 o'clock at the Court House.

THOS. JONES, Sheriff of Charlotte, St. Andrews, Feb. 15, 1851.

To be sold by Public Auction on Saturday the 24th day of May 1851, at 12 o'clock at the COURT HOUSE in St. Andrews.

All the right, title, interest, claim and demand whatsoever of CALEB

PIKE, of in and to the following property. All that certain lot, piece or parcel of land, situate in the Parish of St. Stephen, in the County of Charlotte, commencing at the highway leading from the Ledge to Oak Point, at the North west corner of the line between the lot of Thomas Hannah and this land, running to the bank of the River St. Croix 88 rods, thence on the bank of said river 28 1/2 rods to the dividing line between this land and that of James Brown, thence across said division line, until it meets the said highway, thence across said highway to the place of beginning 23 1/2 rods, containing 15 acres more or less, with the privileges and appurtenances thereunto belonging.

The same having been taken to satisfy an execution issued out of the Supreme Court at the suit of Arthur Griffin, indorsed to levy \$26 12s 3d, with interest, besides Sheriff's fees &c.

THOS. JONES, Sheriff of Charlotte, St. Andrews, Nov. 16, 1850.

To be sold by Public Auction on Saturday the 27th day of September next, at the hour of 12 o'clock, at the COURT HOUSE in St. Andrews.

All the right, title, interest, claim and demand whatsoever of WILLIAM WYMAN, of in and to the following Property, viz:—

All that certain lot, piece or parcel of land, commencing at the junction of the Western side of the Road leading from St. Andrews to St. Stephen's, containing one acre and a half. Also, that lot commencing at the junction of the Eastern side of the Road from St. Andrews to St. Stephen's near the Board Road, so called, containing one half acre, more or less, being purchased from John Cotterell.

Also—A piece of land in Saint James, bounded South by the little Rolling Dam, and North by Barry's Rippis, embracing land on each side of the Digdegush River, containing one hundred acres more or less, purchased at Sheriff's Sale.

The same having been seized and taken to satisfy an execution issued out of the Supreme Court, indorsed to levy \$162 16s 6d with interest, besides Sheriff's fees, &c.

THOS. JONES, Sheriff of Charlotte, St. Andrews, March 18, 1851.

HEALTH where 'tis SOUGHT!

Holloway's Pills.

CURE OF A DISORDERED LIVER AND STOMACH, WHEN IN A MOST HOPELESS STATE.

Extract of a Letter from Mr. Matthew Harvey, of Chapel Hill, Andhra, Scotland, dated the 15th of January, 1850.

Sir—Your valuable Pills have been the means, with God's blessing, of restoring me to a state of perfect health, and at a time when I thought I was on the brink of the grave! I had consulted several eminent doctors, who after doing what they could for me, stated that they considered my case as hopeless. I ought to say that I had been suffering from a Liver and Stomach complaint of long standing, which during the last two years got so much worse, that every one considered my condition as hopeless. I was a last resource, got a Box of your Pills, which gave relief and by persevering in their use for some weeks, together with rubbing night and morning your Ointment over my chest and stomach, and right side, I have by their means alone got completely cured, and to the astonishment of myself and every body who knows me.

THOMAS HARVEY, CURE OF A CASE OF WEAKNESS AND DEBILITY, OF FOUR YEARS' STANDING.

Extract of a Letter from Mr. Smith, of No. 5, Little Thomas Street, Gilman Street, Lambeth, dated Dec. 12th, 1849.

To Professor Holloway, Sir—I beg to inform you that for nearly five years I hardly knew what it was to have a day's health suffering from extreme weakness and debility, with constant nervous headaches, dizziness, and sickness of the stomach together with a great depression of spirits, I used to think that nothing could benefit me as I had been to many medical men some of whom after doing all that was in their power told me that they considered that I had some spinal complaint beyond the reach of cure, together with a very disordered state of the stomach and liver, making my case so complicated that nothing could be done for me. One day being unwell, I read in a paper the description of your Pills, and tried to give them a trial, more perhaps from curiosity than with a hope of being cured, however I soon found myself better by taking them, and so I went on persevering in their use for six months, when I am happy to say they effected a perfect cure.

WILLIAM SMITH, (formerly called EDWARD) CURE OF AN AFFECTION OF TWENTY YEARS STANDING.

Extract of a Letter from Mr. J. K. Heydon, 78 King Street, Sydney, dated 10th of November 1849.

To Professor Holloway, Sir—I have the pleasure to inform you that many extraordinary cures of Asthma have been effected here by means of your Pills. One is that of a Lady residing near the "Rozarback," who after having for twenty years been unable to make the slightest exertion, suffering very feebly from shortness of breath, coughing, and spitting, but is now, to use her own expression, able to run up to the top of the mountain. Another case is that of Mr. Eaton, Tailor, in the "Bullings, Clarence Street," who was so dreadfully ill that he was confined entirely to his bed-room for six months, prior to his commencing with your Pills, and attended regularly by his medical man, who pronounced him to be in a dying state, yet he owes, to my knowledge, his being restored to perfect health by the use of your Pills, and rubbing your Ointment night and morning into his chest.

ALDOROUGH, ANTONISHING CURE OF THE EARL OF ALDOROUGH.

By this Marvellous Medicine! after every other means had failed!

Extract of a Letter from the Earl of Aldborough dated Villa Messina, Leghorn, 21st Feb. 1845.

To Professor Holloway, Sir—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending me your Pills as you did. I now take this opportunity of sending you an order for the amount, and at the same time, to add that your Pills have effected a cure of a disorder in my Bowels and Stomach, which all the most eminent of the Faculty at home, and all over the Continent had not been able to effect; may I not even the waters of Carlsbad and Harrogate do I wish to have another Box and a Pot of Ointment in case any of my family should ever require either.

I remain, with much respect, Your most obliged and obedient servant, ALDOROUGH.

TIME should not be lost in taking this Remedy for any of the following diseases—

Ague Consumption Fits Rheumatism Tumours Asthma Debility Gout Retention of Urine Ulcers Bilious Complaints Dropsy Head-aches Sore Throats Venereal Affections Blotches on the skin Dysentery Indigestion Scrofula, or King's Evil Worms of all kinds Erysipelas Inflammation Bowel Complaints Female Irregularities Jaundice Stone and Gravel Colic Liver Complaints Secondary Syphilis Weakness from whatever cause Lumbago Constipation of Bowels Fevers of all kinds Piles Tic Douloureux &c. &c. These Medicines in England are sold at 1s. 2d. 2s. 3d. 4s. 6d. 11s. 2s. and 3s. each Box and Pot. There is a considerable saving by taking the large sizes.

Sold by all Vendors of Medicines throughout New Brunswick, and by A. H. Thompson, St. Stephen; Bulings & Dyer, Eastport; and ODELL & TURNER, St. Andrews.

Wholesale Agents for Charlotte County, CAUTION—None are Genuine unless the words "Holloway's Pills and Ointment, London," are engraved on the Government Stamp, pasted on every Pot and Box; with the same words woven in the water-mark of the Books of directions wrapped round the medicines.

Should unprincipled Vendors recommend parties asking for Holloway's Pills and Ointment not to buy them, but to take something else in their stead, they do so only for the purpose of getting a greater profit by what they wish them to purchase.
