European Cities in Dread of May Day—The Steamer Helvetia Abandoned.

Sanitary Precautions.

BERLIN, April 26.—The German Government will declare a quarantine in a few days on all vessels arriving from Portuguese ports.

Steamship Abandoned at Sea. GIBRALTAR, April 26.—The National Line steamship Helvetia has been abandoned off Cape Finisterre, Spain, and her crew and passengers landed here to-day.

Terrific Storm.

DRESLAU, April 26.—During a terrific thunder storm near Glatz, Prussian Silesia, last night, several farm houses were struck by lightning and burned and three persons were killed.

Labor Agitation in Vienna.

VIENNA, April 26.—The 14,000 strikers in this city will be joined on Monday by 40,000 men from the building trades. These 40,000 men have demanded higher wages, but their demands are refused.

Quick Time.

LONDON, April 26.—The mail by the steamer New York, which sailed from New York on April 18, was delivered at the London postoffice at 1:15 p.m. yesterday. The mails by the steamer Majestic, which also sailed from New York on April 18, reached the London postoffice at 11:34 p.m. She wishes to become a Roman Catholic.

LONDON, April 26.—A dispatch to the Chronicle from Rome says that Princess Frederick Charles of Prussia desires to renounce the Lutheran faith and become a member of the Roman Catholic Church. The dispatch adds that Emperor William has given his consent to her becoming a Catholic. Princess Marie Anne, otherwise Princess Frederick Charles, is the widow of Prince Frederick Charles, who died in 1885. The Prince's father was the brother of Emperor William's grandfather. The second daughter of the Princess is the wife of the Duke of Connaught.

In Dread of May Day.

VIENNA, April 26.—The authorities of Brunn have prohibited processions, mass meetings and other similar demonstrations on May Day. The Government of the Duchy of Baden has issued an order prohibiting processions or other public demonstrations on May Day.

ROME, April 26.—The approach of May Day is accompanied by the gravest apprehensions, as the determination of the Socialists to have workingmen's parades, despite the prohibitory orders, is apparently unshaken. The military will be detailed to occupy all the gates and bridges of the city and the troops will be under arms all day.

Decline in Emigration to Canada.

LONDON, April 26.—Emigration to Canada throughout Great Britain, which declined 54 per cent during March, as compared with the corresponding period of last year, continues to decrease. So far this month the departures from Liverpool have only been one-quarter of the number as compared with April of last year. Emigration experts here say that the bottom has been completely knocked out of Canadian immigration. This, they claim, is partially due to the increased steamship rates, the revival of British rural life, the bad reports of things generally which are received from Canada and the low prices of wheat.

New Light on Modern So-Called "Miracles."

LONDON, April 26.—Mr. Thos. Stevens, the American who rode around the world on a bicycle and on horseback through Russia, is expected home soon from India. In a private letter to a friend in London he says he has been investigating the mysteries of the Mahatmas, and that by the aid of his camera and his ingenuity he has discovered the secret of those miracles of the fakirs which have puzzled the world ever since Marco Polo told of the wonderful things done by the magicians of Kathi Kahn. According to tradition and repeated tales of travelers, the Tegi or fakirs of India have secret knowledge of certain forces of nature, by which they can produce phenomena as inexplicable to western scientists as the miracles of the Bible. Mr. Stevens has put these Oriental modern miracles to a practical test, and claims to have secured some remarkable results. He hopes to return to America during the ensuing summer.

Censured by British Baptists.

LONDON, April 26.—At the sitting to-day of the Baptist Union in Bloomsbury Chapel, Holborn, the Rev. Mr. Asquith, of Liverpool, moved the adoption of a protest against sending a greeting to the United States, and also against the wrong done to the colored people, which he declared reflected upon the administration of justice in the United States and upon the honor of its people. He said that the treatment of colored people in America was a scandal that had no parallel in the history of the world. The members of the mobs which lynched these poor negroes were generally half drunk, half insane, and always bestial. The church must not remain silent while the press spoke out.

Dr. Clifford, who seconded the motion, said that the facts could not be impeached, although in some cases they were perhaps exaggerated. He hoped that the proposed resolution would stimulate American Christians to secure elementary rights and justice to the negroes. Dr. Clifford added that at the same time he had a great deal of sympathy for the brethren in America,

and the English Baptists should show them kindly consideration owing to the circumstances surrounding the question. The resolution was adopted by acclamation.

Welsh Church Disestablishment.

LONDON, April 26.—Herbert H. Asquith, Home Secretary, moved in the House of Commons this evening the disestablishment of the church in Wales. For more than a century, Mr. Asquith said, the vast majority of Welshmen had regarded the Church of England in Wales as an aggressive and sectarian power. To them it had been a symbol of national discord. The bill with which the Government proposed to correct this objectionable state of affairs would cover with its provisions Monmouthshire as well as Wales proper. Twelve parishes in English dioceses would be thus disowned and disestablished. Touching on the subject of disendowment, Mr. Asquith quoted many figures. The gross income of the church in Wales, he said, was £2,900,000. This sum under the act would be applied to municipal and public purposes, such as providing for hospitals, nurses, parish halls, libraries and laborers' dwellings. Sir Michael Hicks-Beach denounced the Government's proposals as akin to the legalization of sacrilege and plunder. Sir Richard Webster spoke in a similar strain against the bill.

A British Protectorate Over Samoa Probable.

LONDON, April 26.—The movement looking to a British protectorate over the Samoan Islands is no longer disguised, but is going on in a manner which would seem to indicate that Great Britain believes she will be supported by Germany in the matter. To all appearances some secret understanding exists between Germany and England in regard to Samoa and it would seem that the understanding includes the United States. A person in high authority here who was questioned in regard to the attitude of Great Britain and Germany in the attempt being made by New Zealand to assume the administration of the Samoan Islands, stated to-day that a protectorate movement on the part of Great Britain was progressing with the sanction of the United States Government, which is represented as caring nothing as to who manages Samoa, so long as the rights of the United States under the Berlin treaty are continued.

Coler is given to this assertion by the United States ambassador, the Hon. Thomas F. Bayard, who in an interview with Mr. Thurston, Governor of the Fiji Islands and British commissioner for the Western Pacific. Mr. Bayard is quoted as saying: "The presence and councils of a man of such ability would in my opinion offer a happy solution to the present difficulties." Mr. Bayard added at the same time that he had received no information from his Government either in regard to any present negotiations between the United States, Great Britain and Germany, nor in reference to an impending conference of the three powers interested in the Samoan Islands. A gentleman who has just returned from Samoa, and who is the oldest British resident there, as well as the owner of the harbor of Pango-Pango, in an interview with the British project of a protectorate over the Samoan Islands was impending. He also asserted that the United States Government would not object to this action on the part of Great Britain. He also asserted that the present situation of affairs in Hawaii was impossible. There was no Government, he claimed, and none of the most powerful chiefs of the island had been sent to work in chains, on the high roads "by the American lawyer, who is chief justice," referring to Chief Justice Henry Ide.

It is believed here that Pango-Pango will be selected as the landing place of the proposed Pacific cable and as the junction for the branch lines to New Zealand and the Fiji Islands. Some arrangement, it is said, is therefore necessary by which the British flag shall float over the spot where the cable lands.

The press informant, continuing, said that under no circumstances will it be permitted to the tripartite protectorate shall have control of the spot where the British mails and cables land. The Berlin treaty, it is asserted, never contemplated other than ordinary commercial relations, and the new state of things, it is added, will naturally compel Great Britain, in the interests of the colonies to insist upon a modifying readjustment which will not cause a lessening of United States and German rights under the treaty.

In regard to the attitude of the United States Government, the gentleman from Samoa expressed himself in the following terms: "The United States attitude is simply this. Having certain rights and privileges under the Berlin Act its Government is quite prepared, provided those rights and privileges are not interfered with, to join the Government of Great Britain in having more efficient arrangements made. 'British trade,' he added, 'is two and one-half times greater than that of the other countries, and it is perfectly clear that if facilities are given for the development of that trade that Great Britain will eventually have such a predominating influence that the other Government's will be compelled to yield. In view of the Ottawa conference in June it is essential that the powers must be called before them. The united demands of the Australian colonies are far too strong to be ignored even if Imperial authorities had any intention of so doing. Before long a British protectorate over the Samoan Islands is inevitable."

MELBOURNE, April 26.—Advices received here to-day from the Samoan Islands dated April 19 stated that there has been no further outbreak upon the part of the natives, who have been causing much trouble recently to the authorities. The Anna natives, however, still decline to give up their arms in accordance with the agreement arrived at between them and the foreign consuls, who have been acting as mediators. The natives base their refusal to disarm on the fact that they are still threatened by the warriors of the Government, claiming to apprehend an attack if they relinquish their weapons.

The natives of Savaii Island, one of the largest of the Samoan group, have shown a better spirit and at last accounts they were returning to their homes in a peaceful manner. The representatives of the French Government at Samoa, on behalf of the French mission has filed a claim for damages, claiming that the French school and other property of the mission were destroyed by the Government troops during the recent outbreak.

BERLIN April 25.—The National Zie-

tung, probably reflecting the opinion of the German Government, advises the United States to leave the protectorate of the Samoan Islands, under a treaty giving the United States a coaling station. The same paper adds that under no consideration could Germany withdraw from the position which she now occupies in regard to Samoa.

In the House of Commons to-day Mr. Buxton, Under Colonial Secretary, made a formal reply to the question of Sir Thomas Esmonde that the Government assent to the annexation of Samoa to New Zealand. Mr. Buxton said the Government regarded the proposal of New Zealand to annex the islands as having the full support of South Australia and Tasmania. Further than this the Government was not at present prepared to speak on the subject.

LONDON, April 26.—A dispatch from Auckland, N. Z., says: Dispatches dated at Apia, April 19, say that all is quiet in the islands. The Samoans refuse to disarm, however, until the Government warriors cease menacing them. The Savaii people are returning to their homes.

The Rogues' March.

LONDON, April 27.—The Daily News calls the Coxeyites in the United States a ridiculous "rogues' march." "If each State had done its duty," says the writer, "it would have arrested the malignant troops as they approached the frontier." The Standard says: "Congress will not be overawed by a multitude avowedly bent on obtaining what nobody on earth is able to give, viz., something out of reason. The executive will no doubt adopt measures which will show the impotency of the Coxeyites."

ALMOST A CATASTROPHE.

Two Serious Accidents in a Sight-Seeing Crowd at Port Huron.

PORT HURON, April 26.—George Whistler, the champion water walker, gave an exhibition to-day on Black River. Five thousand people were waiting from the bridges and rear verandas facing the river. Suddenly the approach leading to Schoolcraft's real estate office, occupied by ladies and children, gave way, precipitating them to the dock below. Several babies were injured, baby carriages wrecked and ladies severely hurt. None of the injuries, however, will prove fatal.

This accident was followed almost immediately by the giving way of the projection at the rear of Munn's saloon, on the south side of the river, occupied by men. A man named Spencer had his face smashed. Another suffered a broken leg, while half a dozen were bruised. The men dropped twenty feet, and it is a great wonder several were not killed.

Work Virtually at a Standstill in the Pennsylvania Coke Regions.

Prospects of a Serious Collision Between Strikers and Workers.

A Stonecutters' Strike at Markham, Ont. —C. P. R. Shops at Toronto to Close on May 1.

CONNELLSVILLE, Pa., April 26.—The strike is a success in this section of the coke region. Eight thousand men are idle. There is not a plant in operation from Brookford to Scottsdale. The Valley, Bessemer, Mullin and United works, which had refused to come out yesterday, closed down to-day.

PITTSBURGH, Pa., April 26.—The coal miners' strike is beginning to have an effect upon the different industries. Railroad companies, it is claimed, have been appropriating coal which had been billed to different mills, and there is already a coal famine at certain manufacturing plants. The anthracite coal sales agents met here to-day and decided to make no changes in the prices.

OTHER LABOR TROUBLES.

ROCKLAND, Ont., April 26.—A deputation of the stonecutters waited upon Mr. Stewart, the owner of the stone quarry, in Ottawa, demanding \$3 per day. Hitherto they have been working on piece work. Their demand being refused they struck. There are 50 men on strike.

TORONTO JUNCTION, April 26.—Notices were posted in the C. P. R. car shops here this afternoon announcing that they would shut down on May 1. The men were taken completely by surprise. How long the shops will remain closed is unknown.

BLOOD MAY BE SHED.

LASALLE, Ill., April 26.—Three thousand miners from Peru, Seatonville, Lasalle and Laclede left Peru this evening on the march across the country to Tolosa, 23 miles south of here. Trouble is feared, as the Tolosa miners do not want to quit work. One hundred deputy sheriffs have been sworn in by the coal company officials, and blood is sure to flow.

TOLUCA, Ill., April 26.—The mine operators here have prepared for trouble with the marching strikers who left Lasalle to-night by laying in a large supply of rifles, pistols and cartridges. The marchers were quietly delivered yesterday, and are now in the hands of a force of deputies sworn in for the occasion by the sheriff.

RESUMED WORK.

BELLAIRE, Ohio, April 26.—Over 400 miners returned to work here to-day at the new 70 cent rate. The Wheeling Creek miners, employing 500 men, made their men the same offer but it was refused.

NO SETTLEMENT.

ST. PAUL, Minn., April 26.—A settlement of the strike on the Great Northern Railroad is to-night further away than at any time since the trouble began. President Hill and the conference committee having failed to agree at their meeting this afternoon. The union men declined President Hill's proposition to submit the whole matter to arbitration, but offered to declare the strike off at once upon the restoration of wages in effect prior to Aug. 1, 1893.

This afternoon a Great Northern freight train, manned by a full Brotherhood crew and escorted by thirteen deputy United States marshals, left the St. Paul depot and will attempt to run through to the Pacific coast.

Two railroad bridges between Fort Burford and Williston, N. D., on the Great Northern were burned this morning.

IDLE VESSELS.

BUFFALO, April 26.—For lack of coal for cargoes, 50 vessels lie idle in the harbor. A fuel famine is imminent, and except the Lackawanna, which burns hard coal, and the Lehigh which has a supply of hard, the scarcity will soon compel the railroads to shut off some motive power.

NINE THOUSAND IDLE MEN.

CONNELLSVILLE, Pa., April 26.—There are 9,000 idle men in this section of the coke region to-night. The mobs last night frightened the workmen so thoroughly that not one could be found to-day who would go to work even under the protection of armed deputies.

OUT OF COAL.

PITTSBURGH, Pa., 26.—Estimate made by men familiar with the demands of the local coal trade differ somewhat, but the conclusion is that a coal famine is not far off. A number of manufacturers have been obliged to close for want of fuel.

CHICAGO PLAGUED.

Smallpox Raging There—Schools to be Closed.

CHICAGO, April 27.—The health department officers have declared that smallpox is epidemic between Ashland Avenue and Halstead street and south of Forty-Seventh street. Twenty-two cases have been discovered within the past 24 hours. On the recommendation of the health commissioner the board of education has decided to close the public schools for a week.

World's Fair Buildings Sold.

CHICAGO, April 27.—Graft & Co., house wreckers of this city, have bought the World's Fair buildings from the South Park commissioners for \$87,500.

Modesty Cost Her Life.

WHEELING, W. Va., April 27.—When natural gas burned the house of George Hibbard last night his sister-in-law, Miss Jane Redman, aged 50, refused to leave in her night clothes, and before she could dress herself she was suffocated. The rest of the family fled in their night garments, and even then Hibbard's son was seriously burned.

Dr. Meyer's Trial Begun.

NEW YORK, April 25.—The second trial of Henry C. F. Meyer, charged with poisoning Ludwig Brandt or Baum in order to collect the insurance money on his life, commenced to-day before Recorder Smyth in the Court of General Sessions. The principal actors in the case were all present in court, and Assistant Attorney McJannet made his opening address. It took about a week to get a jury.

## The Week's Literature.

Many Good Things in the New Magazines.

"Men of the Movement." This is the title of a very handsome work issued by the Templar of Hamilton, Ont., containing 30 magnificent photographs of national prohibition leaders, accompanied by facsimile autographs and biographical sketches. The subjects were selected by an election in which 12,000 votes were cast. The book will be highly prized by temperance workers, and commands the admiration of every lover of art. Twenty-five cents to W. Buchanan, Hamilton, will bring anyone a copy free by mail, or five copies for \$1.

This week's Literary Digest contains many notable articles. It is invaluable to all busy men, who desire to read the best in every department of literature. Funk & Wagnalls Company, publishers, 18 and 20 Astor Place, New York.

The May Arena closes the ninth volume of this magazine, prominent among the progressive and reformative reviews. "The First Step in the Land Question," by Louis F. Post, the eminent single-tax leader; "The Philosophy of Mutualism," by Prof. Frank Parsons, of the Boston University Law School; "Emergency Measures for Maintaining Self-Respected Manhood," by the editor of the Arena. The saloon evil is also discussed in a symposium. One of the strongest papers on heretofore that has appeared in recent years is found in this issue from the pen of Helen H. Gardner. Rev. M. J. Savage appears in a very thoughtful paper on the "Religion of Lowell's Poems," a fine portrait of Lowell appears as a frontispiece. Dr. James R. Cooke contributes a striking paper on "The Power of the Mind in the Cure of Diseases." A strong feature of this number is a brief character sketch by Stephen Crane entitled "An Omniscient Baby." Stephen Jarvis' series of brilliant papers on "The Ascent of Life" closes with this issue. Boston: Arena Publishing Company.

The articles on "Bible Lands" in current numbers of the Methodist Magazine will be of special interest to every Bible reader. The copiously illustrated article in the May number describes the tour over the historic plains of Esdras. "The White City Through a Camera," is continued, fully illustrated with fine photographs by Mr. W. H. Massey. An article which will be read with great interest is a "Character-Sketch of Lady Henry Somerset," one of the noblest women of modern times, by W. T. Stead, editor of the Review of Reviews. Also a very practical paper on "What Is It To Be a Christian?" by Lady Henry Somerset. Another of the short papers is one on "How to Provide Work for the Unemployed," by Rev. Dr. Galbraith. Toronto: Wm. Briggs, publisher.

Harper's Magazine for May is out, a number especially strong in fiction. "Tribby," of course, is the most important story. The other stories are by R. C. V. Meyers, Grace King, Marion Wilcox, Richard Harding Davis, Owen Wister, James Lane Allen, and L. Clark. Miss Anna C. Brackett tells of life in Charleston "before the war," Mr. W. D. Howells tells of his first visit to New England—for he isn't a born New Englander; there are poems by Thos. Bailey Aldrich and Charlotte Fiske Bates; a historical sketch by Edgar S. Maelay, and a popularized scientific article on the Coming of Spring, by Mr. Harrington of the Weather Bureau.

St. Nicholas, for young folks, which has already given its readers so much good things this year, follows the first chapter of Howard Pyle's new serial story, which began in April, with a serial story by Molly Elliot Seawell, beginning with the May number. It is a tale of the early days of the American navy, and its title is "Decatur and Somers." New York: The Century Company.

Mrs. Elizabeth Stuart Phelps Ward has written for the May Forum an article discussing the question, "Is Faith in a Future Life Declining?" based largely on the evidence given by the letters she has received about "Gates Ajar," during the twenty years or more since it was published.

A California story by Bret Harte appears with illustrations in McClure's Magazine for May. Flammarion, the French astronomer, as seen in his Paris home and amidst his daily tasks, is the subject of an article by R. H. Sherard in McClure's Magazine for May. The article is fully illustrated.

The womanly side of Queen Victoria is pictured exceedingly well and appropriately, too, in this month of her 75th birthday—in an article on "The Womanly Side of Victoria," which Arthur Warren contributes to the May issue of the Ladies' Home Journal. Among the pictures in the article, those showing the Queen at breakfast in her pony carriage, are interesting and new. This is only one of the many original interesting features of this excellent monthly. Philadelphia: Curtis Publishing Company.

Whatever question there may be as to the propriety of using the word "living" in Littell's Living Age, there can be none as to the use of the "age." A work which has entered upon its 201st volume, as Littell's did on the 7th of the month, has a right which none can dispute to speak with the authority of "age." It is a splendid periodical, too. Boston: Littell & Co.

The complete novel in the May number of Lippincott's is "The Autobiography of a Professional Beauty," by Elizabeth Phelps Train, whose hand is light, but firm and sure. Gilbert Parker's serial story, "The Trespasser," reaches its fifteenth chapter, and will be concluded in another number. "Her Concert," by Dorothy E. Nelson, records a pathetic incident in the life of a reduced gentleman. "How I Gained an Income," by "A Dread-Winner," records an experience with a lesson that should be useful to many. Champion Bissell writes of "Fitz James O'Brien and His Time." In "Facts at Home" Anne Hollingsworth Wharton claims that the great have not been more happy in their domestic relations than ordinary people and gives examples. In "Talks with the Trade" certain "Rudiments" of the literary art and business are considered.

There are several contributions to the May Atlantic worthy of more than common note. One of them, "From Blomidon to Smoky," is the first of a series of four articles by the late Frank Bolles. They were all the outcome of a summer excursion through Nova Scotia in 1893. Prof.

T. C. Mendenhall, in his article, "The Henry," on the newly-chosen term of electrical measurement, gives the American scientist Joseph Henry his rank with the great electricians of the world. Gilbert Parker, the young Anglo-Canadian, whose stories are coming more and more into notice, contributes a tragic tale of the Hudson Bay Company, "Three Commandments in the Vulgar Tongue." Mrs. Deland's serial, "Philip and His Wife," proceeds, in company with attractive papers of literature, art and travel; and the gaiety of the number is considerably enhanced by the appearance in the last of Sir Edward Strachey's "Talks at a Country House" of some hitherto unpublished rhymes by the delightful "Edward Lear of the 'Nonsense Verses.'" Houghton, Mifflin & Co., Boston.

## SARNIA SUNBEAMS.

Improving Bayview Park—Death of an Old Citizen—News Notes.

Andrew Cook, merchant tailor, who had been ill for some time past, died Monday afternoon at the early age of 37 years. The Oddfellows of Sarnia and Daughters of Rebecca will attend divine service in the Congregational Church next Sabbath, being the 64th anniversary of the order.

Maxwell & English's drygoods store was burglarized on Sunday evening and about \$200 worth of goods stolen. No trace of the thieves.

Rev. Mr. Morgan, who has ably and acceptably filled the position of pastor of Sarnia Township Baptist Church for a number of years, has accepted a call to Beechville, Ont., and will leave for his new field of labor in a couple of weeks.

It is said that the steamer Monarch, of the Beatty Line, will start on her first voyage to Duluth on Friday, May 4.

Michael O'Gorman, a respected resident of our town, and who has carried on the business of boat-building for about fifteen years past, died at his residence, Front street, on Tuesday morning, April 24, in the 60th year of his age.

The Belchamber House is being painted white, which gives it quite a flashy appearance. The Presbyterian Church was crowded to its utmost capacity on Wednesday evening, April 25th inst., to see the marriage of Helen, daughter of Rev. Dr. Thompson, of St. Andrew's Church, to Rev. Dr. Strachan, of Streetsville, Ont. The happy couple will leave for a three months' trip to Europe before settling down in their home in Rev. Mr. Strachan's present field of labor.

The prisoners in Sarnia jail are fed at a cost of 73 cents each per day. The military ball on Friday evening, April 28, will be a grand affair, judging from the invitations that have been issued. A number of our young sports were up before the mayor in the police court for running their bicycles on the sidewalks.

The Oaklawn House, on St. Clair, Mich., is to be run this season by St. Rathburn and Cyrus W. Clark, of Chicago, after which it will be turned over to the club that has been organized to purchase and manage it as a club house.

Capt. T. W. Nisbet, of the Boys' Brigade, received a letter from the Governor-General, stating that owing to other engagements he would not be able to visit Sarnia until autumn to formally open the Boys' Brigade hall, which is now in process of erection.

Mr. George English, who has been a partner in the firm of Maxwell & English for a number of years past, has withdrawn from the firm.

Since the cold weather set in last fall a great deal of work has been done on Bayview Park. The carriage drive has been completed and there is now a continuous drive of over two miles around and through the park. A building has been erected in which arrangements have been made for supplying hot and cold water for excursionists on picnic parties, and the supply of boats will be on hand as soon as the season opens. On the athletic grounds the horse and bicycle tracks are being fixed up after the winter, and the ball field will soon be demanding attention.

## AN ESSEX FARMER.

A Total Wreck With Kidney Disease—All the Symptoms of Bright's Disease Present—Dodd's Kidney Pills Make Him Perfectly Well Again.

LEAMINGTON, April 23.—Sherman Buchanan, a farmer living near here, recently attacked by kidney disease, which made him a total wreck. He suffered agonizing pains and his digestive organs were seriously impaired. All the symptoms of Bright's disease were present. After several doctors had treated him ineffectually, Mr. Buchanan used several boxes of Dodd's Kidney Pills and they cured him. Dodd's was the first kidney remedy in pill form ever offered the public. Its wonderful success in curing all forms of kidney disease has led to the introduction of numerous cheap and worthless imitations. Purchasers, for their own safety, should insist on getting Dodd's Kidney Pills. Sold in large boxes, price, 50 cents; or in boxes for \$2.50. To be had of all dealers.

Breach of Promise—\$750 Damages. TORONTO, April 26.—The breach of promise case at the assizes here was concluded to-day, when the jury awarded Mrs. Annie Bailey, the widow, who was suing Thos. Ware, \$750 dam. ges. She asked for \$5,000.

Perfect health is seldom found, for impure blood is so general. Dodd's Sarsaparilla really does purify the blood and restore health.

When a man is locked up for being full it seems proper that his friends should want to help him out.

"Remarkable Cure of Dropsy and Dyspepsia."—Mr. Samuel T. Casey, Belleville, writes: "In the spring of 1884 I began to be troubled with dyspepsia, which gradually became more and more distressing. I tried various domestic remedies, but received no benefit. By this time my trouble assumed the form of dropsy. I was unable to use any food whatever except boiled milk and bread; my limbs were swollen to twice their natural size, and I quite expected death within a few weeks. Northrop & Lyman's VEGETABLE DISCOVERY having been recommended to me, I tried a bottle with but little hope of relief; and now, after using eight bottles, my Dyspepsia and Dropsy are cured. Although now 79 years of age I can enjoy my meals as well as ever, and my general health is good. I am well-known in this section of Canada, having lived here 57 years; and you have liberty to use my name in recommendation of your VEGETABLE DISCOVERY, which has done such wonders in my case."

Muggins—Do you believe it is unlucky to have thirteen at table? Buggins (who has had callers at dinner-time)—Yes! If you've only made preparations for two.

## BOTH HAVE LEFT LONDON.

Yesterday it became the duty of Judge  
William Elliot to erase Sir John Carling's  
name from the Ontario voters' lists, and  
despite Mr. Hollmuth's plea that Sir John  
can have a vote where he lives and also  
where he occasionally visits, the occupant  
of Mr. Hyman's seat in Parliament was  
scored off.

It is somewhat remarkable that the two  
men now holding the seats for the city in  
the Commons and in the Legislature  
respectively are both residents of other cities,  
and therefore disqualified from voting in  
this city in the pending election.

The only difference is that whereas Sir  
John Carling has his home in Ottawa, he  
still keeps an interest in the brewery here,  
while Mr. Meredith has not only moved his  
interests to Toronto and built a magnificent  
home for himself, thus demonstrating that  
he has deserted London for good, but he  
has accepted the position of paid advocate  
of Toronto as well.

—Ben Harrison, ex-President of the  
United States, has the Presidential bee in  
his bonnet once more, and from his old  
home in Indiana comes the news that he  
will be strongly backed in the Republican  
convention of 1896.

## THE TWIN ARMIES.

The movement of idle men on Washington,  
not always by means of honest transportation,  
is assuming alarming proportions,  
and many fear that before the 1st of  
May—the date of concentration in the  
United States capital—has passed, there  
will be serious trouble. This class of  
agitation, as Hon. David Mills pointed out  
in one of his recent addresses in the West,  
is the natural outgrowth of the "protection"  
system. "Coxeyism," indeed, is  
but a companion phase to McKinleyism in  
the United States and Protectionism in Canada.  
During every session of Congress since the  
"protection" party has been represented in  
that body men anxious to secure advantages  
in taxation at the expense of their  
fellows have "moved on Washington," and  
have stayed there till they obtained what  
they wanted. These men importuned  
Congress for help, subsidy, "protection,"  
one year, only to return next year with a  
persistent determination to have more of  
the same class advantages, until finally the  
McKinley tariff rate was attained. But for  
the fact that men are now in power bent  
on cutting off at least a substantial portion  
of these unfair advantages, the monopolist  
lobby would probably be as strong to-day  
as in bygone years. They fight,  
at present, not for more plunder,  
but to retain the opportunity they  
already possess. The Coxey army have a  
similar mission. They have been taught  
what "moving on Washington" means.  
They are ready, too. They want help, aid,  
subsidy, "protection," and claim they have  
even more right to it than the rich monopoly  
holder, and for two reasons—they  
are more numerous and their needs are  
greater. Both are unwarranted systems  
of begging the trustees of the public as a  
whole to find them a living at the expense  
of their neighbors. The only proper policy  
to apply to both sections of the special  
privilege hunters is to put them on their  
own resources, thus cultivating in them  
common sense, manliness, honesty, with  
which under a revenue tariff economically  
collected and spent, every citizen willing  
to labor should be able to find something  
to do, and earn a fair return for his work.  
It is well, while condemning the Coxey  
army, not to forget that its members have  
been set an example of looking to the Government  
for support by men who ought to know  
better.

—Among the distinguished men on whom  
the degree of L. L. D. was conferred by  
Queen's University, Kingston, on Wednesday,  
was Lord Aberdeen and Hon. H. G. Joly,  
the Quebec Liberal statesman. Each is  
typical of the best class of public men  
in the old and new worlds. Queen's honors  
herself in honoring them.

## SIR OLIVER TRADUCED.

In accordance with its long-established  
policy to give Sir Oliver Mowat "the knife  
right up to the hilt" whenever opportunity  
offers to thwart the progress of temperance  
reform, the London Free Press calls the  
Premier a hypocrite, and again endeavors  
to question the Premier's bona fides in connection  
with this portion of his public  
policy. The influential Synod of Hamilton  
and London, the membership of which  
covers a territory from the Niagara River  
to the River St. Clair, does not take any  
such view. It may be interesting at this  
stage of the discussion to give the report  
on temperance adopted by this large and  
representative body by a majority of at  
least 20 to 1. Here it is:

"1. The synod gives thanks to God for the  
evidence presented in the report of  
progress in temperance sentiment and  
practice throughout its bounds, and urges  
ministers and other office-bearers, members  
and adherents, to continue every effort  
calculated to deepen such sentiment and  
increase such practice.

"2. The synod notes with gratitude the  
overwhelming sentiment in favor of  
prohibitory legislation of the liquor traffic by  
the popular votes taken in our own Province,  
Ontario, with its magnificent majority  
of 81,730; Prince Edward Island,  
Manitoba and Nova Scotia, and is greatly  
gratified by the fact that the Premier of  
this Province, Sir Oliver Mowat, in reply  
to an important deputation, placed himself  
on record as ready to pass legislation  
prohibiting the liquor traffic to the limit of  
the power of the Government of which he is  
the present head.

## DR. RYERSON'S IDEAL.

Sol. White, of Essex, deposes Hon. G.  
W. Ross, and he was fully chosen as the  
assailant of the Minister of Education  
when the Opposition sprang its motion  
demanding that a Minister of the Crown  
should no longer be at the head of the  
Education Department of the Province. It  
is sometimes forgotten that the reform now  
attacked was strongly recommended by the  
late Rev. Dr. Ryerson, the distinguished  
educationalist, who for a long time was  
Superintendent of Education. After his  
long experience, Dr. Ryerson had no hesitation  
in affirming that the most effective  
way to advance the interests of education  
and to keep the Administration of the day  
up to a sense of its responsibilities was to  
have the department constantly represented  
on the floor of the Legislature by a  
responsible Minister. The Opposition  
also desire to cripple the department  
specially charged with the promotion  
and assistance of the agricultural  
interests. Its members are constantly  
belittling the office of Minister of Agriculture  
and preaching that his department should  
be swallowed up in another. Foolishness  
of this description goes a long way to  
prove the utter incapacity to rule of those  
men and upholds the invariable verdict of  
the electorate whenever appealed to.

## FOLLOW BRITISH PRECEDENT.

The Ottawa Free Press received a conspicuous  
advertisement in the Dominion  
House of Commons on Wednesday, owing  
to the fact that Sir John Thompson  
deemed it wise to invoke the assistance of  
his partisan followers to whitewash the  
Speaker. Our Ottawa contemporary had  
considered it a duty to strongly condemn  
Speaker White's rulings, arguing that they  
were partial and unfair to the Liberal  
members and not at all after the model of  
the rulings which are expected and given by  
the presiding officer of the British House  
of Commons. The Free Press further condemned  
the active participation of Mr.  
Speaker, an officer of Parliament, in the  
nomination for the Legislature at Renfrew.  
This is conduct of which Mr. Speaker Peel  
of the British House of Commons would  
be no more guilty than he would deem it  
to be his duty to give a ruling regarding  
the conduct of one member that he would  
not be willing to apply to all the Ministers  
included.

At first sight it may seem as if the Ottawa  
Free Press had been snubbed by the  
rebuke administered to it by Sir John  
Thompson and his partisan majority. But it  
is not so; what has happened is that  
attention has been called, in an unmistakable  
manner, to the necessity for absolute  
fairness at all times, and neutrality in the  
House and out of it while he holds the  
position, on the part of the presiding officer  
of the House of Commons. And just as,  
after a little reflection and the strong  
condemnation of all right-thinking persons,  
the Conservative partisan majority was  
compelled to rescind its resolution to  
prevent witnesses regarding public expenditures  
from being examined under oath, the same men will ere long be forced  
to the conclusion that the time has come  
when the Speaker of the House of Commons  
of Canada shall maintain himself as far  
above suspicion as is the Speaker in the  
British House of Commons. A Speaker  
will be respected and upheld in the press  
and in Parliament if he holds aloof from all  
party entanglements.

We congratulate our Ottawa contemporary  
on having brought this matter to the  
issue, and we trust that Speaker White  
will profit by the lesson which has been  
administered.

—So much is Mr. W. R. Meredith recognized  
as a Torontonian now that he has  
not even a vote in London in the pending  
election.

## MR. MEREDITH'S RIGHTFUL SEAT.

There is a good deal of talk about who  
will be the Conservative candidates in the  
four divisions of Toronto in the coming  
contest for the Legislature. Mr. Meredith,  
as city solicitor for Toronto, should see  
that he is provided for. He has but  
to hold up his finger and he can secure the  
nomination in any one of the four Toronto  
divisions. If he misses his opportunity  
he cannot plead before the electors of this  
city that he will be frozen out of the Legislature.  
That the majority of the citizens of  
London will not commit their interests into  
the keeping of a paid advocate of a rival  
municipality goes without saying. Mr.  
Meredith says his first duty henceforth is  
to his client, the city of Toronto. That is  
right. He receives \$13,500 a year for  
taking that stand. In the circumstances  
the first duty of the electors of London is  
to look after their interests by sending a  
thoroughly independent resident of the  
city to the Legislature.

—It would take a smarter man than a  
Philadelphia lawyer to ascertain Mr. Meredith's  
attitude on the racial and religious  
question. —[Toronto Star.]

Or on the question of prohibition. The  
Toronto city solicitor, indeed, seems to live  
merely to jump from one position to  
another in order to catch a passing breeze  
of popularity, but invariably failing, as all  
shuffling politicians must fail, to obtain  
the endorsement of the large majority of the  
electors.

## JUDGES AND OVERTIME.

In the Ontario Legislature on Wednesday  
Judges who are in the habit of rushing  
through the assizes by means of forced long  
sittings were severely criticised. It was  
pointed out by the Commissioner of Crown  
Lands that members of the judiciary are in  
the habit of overworking juriesmen and  
overtaxing the energies of everyone concerned  
merely to enable them to finish their  
duties at a given time or to catch a train  
that will take them home a few hours  
earlier than would otherwise be possible. In  
this era of frank speaking and democratic  
rule it is made evident that public convenience,  
not that of public servants, even if  
they are judges, must be considered at all  
times. If the crop of judges is too small,  
enlarge it, but do not overwork juriesmen or  
anyone else.

## THE EIGHT-HOUR DAY.

The Imperial Parliament took an advanced  
position on Wednesday evening  
when, by a substantial majority, it introduced  
the bill enacting that eight hours  
work in one day is to be enough for a miner.  
Anyone who has been down a coal or iron  
mine, and who has examined the conditions  
under which miners must labor, will be  
forced to agree that the British legislators  
are right in believing that an eight-hour  
day is long enough. The miner should be  
the best paid man in the working world,  
too, even though his work day is cut down  
to eight hours.

## IT IS STRAIGHT ROBBERY.

Under the old tariff the average tax on  
imported wall paper was about 60 per cent.  
Under the new, the first proposed, this was  
reduced to 35.  
But no sooner had Mr. Foster delivered  
his speech outlining the proposed changes  
than the wall paper men invaded the  
capital with a demand for greater consideration  
than had been accorded them. The  
result of this mission was seen yesterday  
when, at the instance of the Finance Minister,  
further changes were made that will  
make the duties from 35 to 100 per cent.  
And this enormous burden of taxation is  
enforced on 5,000,000 consumers for the  
benefit of manufacturing concerns that employ  
less than 200 men! Could greater  
iniquity be conceived?

## WILL HAVE TO TRY AGAIN.

There are no horse flies on the London  
Free Press. It settles the whole prohibition  
question in the easiest possible manner by  
calling on Sir Oliver Mowat to appoint  
license commissioners who will not issue  
licenses to anybody. The Free Press seems  
to be laboring under the impression that  
the license commissioners are not compelled  
to issue licenses unless they want to,  
forgetting that the corollary of the  
appointment of license commissioners and  
the passing of laws regulating the liquor  
traffic is that a reasonable number of  
licenses are to be issued. No Government  
can pass laws regulating a business and  
then decline to live up to the conditions it  
has itself created. Any attempt of that  
sort would soon be sent right about face.  
Our esteemed London contemporary will  
have to try again.

## SMALLPOX IN CHICAGO.

Some 351 Cases Developed in the Prairie  
City During April.  
DETROIT, April 26.—This morning  
Health Commissioner McLeod received a  
telegram from the Chicago health department  
informing him that 351 cases of smallpox  
had developed in that city during the  
month of April.  
All the depots at Chicago are watched  
by health officers, and outside cities are  
notified when passengers leave there en  
route to other cities.  
Notice will hereafter be received here  
daily.

## A Baby's Fatal Fall.

TORONTO, April 26.—On Sunday evening  
a 4-year-old girl named Tilley Kirwan,  
daughter of Percy P. Kirwan, was playing  
in the garden of her father's house, Brock  
avenue, when she fell from a high chair,  
alighting on her head. She did not appear  
much hurt, but Tuesday morning acute inflammation set in and she died in convulsions  
the same evening. A post-mortem  
showed that death had been caused by concussion  
of the brain.

## Booming the Coal Market.

HAMILTON, April 26.—Coal dealers have  
been notified of an advance of 75 cents a  
ton on soft coal, caused by the big strike of  
miners in the United States. It is said  
there are only ten to twelve days' supply of  
soft coal in the United States, and when  
that is done factories, railways and all  
users of soft coal will require to stop work.  
The anthracite miners threaten to strike if  
members of the combine sell that coal for  
factory purposes, and in consequence  
dealers will refuse to fill orders for anthracite  
coal after June.

## MET HIS FATE IN AMERICA.

The London Evangelist, E. J. Parker,

Parker, the evangelist, who came over from  
London to help in the big revival in New  
York, was married to Miss Jennie A.  
Forsyth, of White Plains, at Christ's Mission,  
No. 142 West Twenty-first street, on  
Tuesday, by the Rev. A. C. Dixon, of the  
Hanson Place Baptist Church, Brooklyn.  
A number of evangelists and persons interested  
in the work were present at the  
ceremony and the luncheon which followed.  
Mr. and Mrs. Parker will visit Lake  
Hopatcong, and later will return to England.  
The evangelist met his fate at a  
revival he conducted in White Plains where  
she was a church worker.

### I Had Coitre

Or swellings in the neck since I was 10 years old; am now 52. I used Hood's Sarsaparilla constantly and the swelling has entirely disappeared. It has been very troublesome. When I began I was feeling so dispirited, aged with the gottle and rheumatism I felt that I would soon be dead as alive. Whenever I caught cold I could not walk two blocks without fainting. Now I am free from it all and I can truly recommend Hood's Sarsaparilla. I received a letter from Mrs. Jennie Sigmon, now of Fremont, Mich., asking if my testimonials in behalf of Hood's Sarsaparilla were true; I replied it was, and sent particulars. I have another letter from her thanking me very much for recommending Hood's Sarsaparilla and stating that she also has been cured. Mrs. Anna Sutherland, Kalamazoo, Mich. Hood's PILLS are the best after-dinner pills. They assist digestion and cure headache.

### THE WHEEL.

LONDON CLUB WEEKLY RUNS.  
The London Bicycle Club will until further notice hold runs every Wednesday evening, starting from the club rooms at 7 o'clock, and on every Saturday afternoon, beginning at 8. The first road race of the season will be held on Monday evening next, leaving the "Guns," Victoria Park, at 7 o'clock. To St. John and return will be the course.

### THE TURF.

RACING IN ENGLAND.  
LONDON, April 26.—At the Newmarket Craven meeting to-day, the Craven stakes was won by Baird's Sampson; Rothschild's Bluff second, Clayton's Simon Turn third.

### LAWN TENNIS.

The annual meeting of the Blyth Lawn Tennis Club was held on April 25 and the following officers were elected: Honorary president, Rev. T. E. Higley; president, J. S. McKinnon; vice-president, J. M. Hamilton; secretary-treasurer, F. W. Tanner; captain, Dr. W. J. Miller; committee of management, C. E. Tanner, Dr. Ferguson, A. H. Tietney, Frank Metcalf and T. W. Scott. The club will put a strong team in the field for matches.

### CRICKET.

The Exeter Cricket Club has elected the following officers for the ensuing year: Honorary president, Dr. Hyndman; president, Dr. Lutz; vice-president, N. Dyer; secretary, committee, L. R. Carling, C. B. Marsland, C. K. McDonnell; treasurer, E. E. Elliot; secretary, F. Elliot. The secretary will be glad to arrange matches.

### ATHLETICS.

DUNCAN ROSS THREATENED.  
NEWARK, N. J., April 26.—The Ross-Patex broadsword contest did not take place tonight. A gang of 600 Italians had gathered outside the hall, and the referee, Lieut. A. L. Hartung, refused to have anything to do with the affair. Ross refused to fight, as he was to be afforded no protection. Threats were made openly that if Ross fought he should not leave the hall alive. The police dispersed the mob of Italians and assisted Ross out of their reach.

### To Warn the Sealers.

VANCOUVER, B. C., April 26.—H. M. S. Phoenix left here this afternoon to warn the coast fleet of sealers to cease killing seals after April 30. There are 23 schooners between Cape Flattery at Sitka, Alaska, and it is believed here that she can warn nearly all before the date specified.

### Vigilantes Versus Banditti.

WICHITA, KAN., April 26.—A dispatch from Coal Creek, L. T., gives an account of an encounter between the supposed Dalton bandits and a posse of vigilantes. The heaviest loss of life was on the side of the law and order men, three of them being killed and others wounded, but not fatally. The dead are: Wm. Ross, John Hall and James Hammond. Only one of the outlaws was mortally wounded and two others seriously.

## Dominion Parliament

The Cordage Combine Bill Fails to Pass the Committee.

Sir John Thompson Talks About the School Question.

(Special to the ADVERTISER.)

OTTAWA, April 26.—In the banking and commerce committee the fight over the Consumers' Cordage Company was renewed. The bill asks for power to divide their \$3,000,000 capital stock into two classes, \$1,000,000 preferential. R. D. McGibbon, Q.C., Montreal, promoted the bill.

Messrs. Edgar, Mulock, Davies and Martin demanded information as to how this enormous amount of stock was paid, whether in cash or in fictitious valuation of properties. They contended that when a huge combine asked for legislation explanation should be given as to the nature of its stock.

In the course of the discussion Mr. Martin, of Winnipeg, spoke of the solicitor's efforts in refusing information, and said he was encouraged to refuse by Col. Tisdale. A row followed and the chair was appealed to. The chairman ruled that the solicitor had treated the committee courteously, and Mr. Scriver declared that Mr. Martin's remarks were unwarranted.

Mr. Tisdale lectured Mr. Martin as a new member, but Mr. Martin refused to be put down, and said that all members stood on an equality.

Messrs. Scriver, Cockburn, Craig and others opposed the idea of a committee acting as an inquisitorial body to investigate the affairs of the company. Finally the committee adjourned without even passing the preamble.

IN THE HOUSE.  
The debate on the school question was resumed by Sir John Thompson, who alluded to the request sent to the executive of the Northwest Territories, setting forth the great desire of His Excellency and his advisers to redress any grievances that exist with regard to education, and also to give any safeguards needed for the protection of the minority. This request was still pending to results, and he therefore would not discuss the matter so fully as he otherwise would. Respecting Manitoba schools, he denied that his report of April, 1891, contained any promise of remedial legislation. His statement in that report was that the time might come for remedial legislation. The time did come, and they referred certain legal questions to the Supreme Court with the result that a majority of that court had negatived the right of the petitioners to remedial legislation by appeal to the Governor-General in Council. The minority were taking steps to appeal that decision. If upon appeal that decision was confirmed it was hard to understand how there could be any movement in the matter.

Turning to the Northwest school ordinance he claimed that separate Roman Catholic schools still existed under this ordinance; that religious was still taught and that the parents were even ignorant of the passage of the ordinance. He argued at length to show that some of the regulations objected to had been adopted prior to the ordinance of 1892 and with the consent of the Roman Catholic representatives. He noticed the objection that the authorities under the new ordinance might destroy all existing safeguards for the future, and announced that the policy of the Government was to treat the Assembly at Regina precisely the same as they treated the legislatures of the provinces, namely, that there shall be no disallowance even where there is apparent cause until the Legislature has had opportunity to amend, repeal or modify the legislation objected to. Another reason against disallowance was that this House was the Parliament of the Territories. No matter what the Northwest Assembly may do in regard to it, they had the power and jurisdiction to correct any substantial grievance if the Northwest authorities turned a deaf ear to those grievances, which he was sure they would not do. As to instruction in the French language, there was perhaps some ground for apprehension, but there could at all events be no objection to instruction in the English tongue, and if in learning English the children also learned French they should praise God for it. The petitions for redress asked for disallowance or that the Territorial Legislature be empowered to repeal its ordinance. They had no right to command, but they presented in the name of the Governor-General and his Executive that the Legislature should inquire into the grievances and amend these grievances. The Premier warmly defended the course of the Government. The Northwest ordinance could be referred to the Supreme Court, but he doubted whether it was beyond the power of the Legislature. There was better ground for the reference to the court of the Manitoba school question, for after all the whole bench of the Supreme Court declared it to be ultra vires of the Provincial Legislature. Alluding to the rumors of differences in the Cabinet, he declared that the conclusion reached on this question received the unanimous indorsement of the whole Cabinet. He concluded by saying that he had refrained from saying anything which would affect the future settlement of the question.

From this it is evident that the Government do not regard the question as settled. Mr. Laurier said the question before the House did not involve the approval or censure of the course of the Government. The complaint was that though the name of "separate schools" had been retained, yet, in fact, separate schools had been wiped out. Mr. Haultain, the head of the Northwest Executive, denied this, and so it resolved itself into a question of fact and it was impossible, therefore, for the House to pass judgment on the matter, and he reserved any expression of opinion on the subject until the papers now being moved for were brought down. He congratulated the Government for not attempting to question behind the Supreme Court, as they had in the matter of the Manitoba schools, and Mr. Laurier ridiculed the project announced by the Premier of having the Manitoba school question again brought before the Privy Council of England on behalf of the minority. It was a reference to the Supreme Court by the Government for an opinion for their guidance, and now came back to the executive. He did not think the matter should be pushed any further, because its continuance kindled passions not for the good of Canada.

Mr. Devlin spoke and the motion for papers passed.

The House adjourned at 8 o'clock owing to the state dinner at the Government House.

### NOTES.

The state dinner was given at the Government House this evening. Among those who attended were all the members of the Cabinet and other Privy councillors including Hon. Mr. Laurier, Sir Richard Cartwright, Hon. David Mills, Senator Scott and Senator Pelletier. Hon. Wm.

McDonnell, Lieutenant-Governor Chapleau of Quebec, Lieutenant-Governor Schultz of Manitoba, and Lieutenant-General Montgomery of the Militia, the commander in chief of her Majesty's forces in British North America were also present and the deputy ministers. A guard of honor from the Governor-General's Foot Guards with the band of the regiment were on duty.

The state drawing-room levee held by their excellencies will take place on Saturday evening, and it is expected to be an unusually brilliant function.

It is the intention to put through at this session an act forbidding the killing of buffalo for five years. In reply to questions Mr. Foster stated to-day in the House that the British Minister of Agriculture would not finally decide on the question of removing the schedule of certain classes of cattle examined. The Government had heard that if the examinations are satisfactory the schedule will be removed. Sir Richard Cartwright regretted to say that the shipper were apprehensive that nothing would come of this examination this season. Dr. Landelski in asked when the report of the Solicitor-General would be brought down. The laughter which followed was renewed when Sir John Thompson said it would be brought down when made. It is notorious that the Solicitor-General does nothing for his salary of \$50,000.

U. S. Troops Capture Some of the Coxe Train-Stealers.

Energetic Measures Taken to Preserve the Peace in Washington.

TACOMA, Wash., April 26.—A resident of this city who happened to be at Billings yesterday when the fight between the deputies and Coxeyites occurred has returned here. In speaking of the conflict which he witnessed, he said: "About 1 o'clock the Coxe contingent from Butte, 600 strong, wearing their colored badges, rolled into Billings on fifteen freight cars, loaded on top and inside, and with flags flying, followed closely by a train containing United States marshals. The west-bound passenger train was laid over thirteen hours, fearing to run up against them, and for safety went on a side track half a mile below town, the train and party having their own way."

Upon arriving at Billings the leader, Cunningham, from the top of a car was addressing the large crowd collected, when about fifteen deputy marshals rushed past under arms to capture them. The crowd surged from all sides, while the Coxeyites from their train gave the marshals warning to commit no violence. The engineer was placed under cover of rifles and ordered to leave the cab, when suddenly ten or a dozen rifles were discharged. The Coxeyites charged and the marshals retired under fire.

"Kill them!" "Hang them!" shouted the Coxeyites, who saw one of their crowd on top of the train with blood streaming from a wound in his forehead. Several deputies ran, followed by the crowd, hurling stones, hitting several deputies, who were driven back to the train, narrowly escaping with their lives.

The Coxeyites smashed the captured rifles in pieces over the railroad tracks. The action of the marshals in shooting into the crowd was severely condemned. One citizen was shot through the lung, but will recover. There were no fatalities. The Billingsites furnished an abundance of provisions, and after speeches by the leaders, Cunningham and Hogan, deputed the deputies as murderers, they pulled out for the coast, claiming the right of way. The deputy marshals remained in killed. It is a wonder many were not.

### ANOTHER SETBACK.

WASHINGTON, April 26.—Another setback to the Coxe movement in Washington occurred to-day. The district commissioners of Columbia have decided that an act of Congress approved in July, 1892, expressly forbids the gathering of crowds on street corners and about certain public buildings, among which is included the old city hall, now the United States court house, where the Coxe sympathizers propose to hold a mass meeting. As a consequence they have no authority to grant a permit to the local Coxeyites to address crowds in public streets or squares. The decision was based on a petition from the local Coxe committee on permits, that they be allowed to hold street meetings from a trolley coach to-night and to-morrow night and a big mass meeting in front of the city hall the next night to excite interest and secure donations. Strong measures will be taken to prevent the meeting being held.

The authorities recognize the seriousness of the Coxe invasion through the opportunities it holds out to criminals and lawless characters to create disturbance, and they propose to nip in the bud every movement of the local agitators that may lead to trouble when the army of the commonwealth arrives.

Squads of policemen in uniform were stationed at the railroad stations with instructions to make any large incoming bodies of men give an account of themselves. Officers have been armed with extra heavy oak batons, riot drills of the police force are taking place and mounted police have been detailed for duty in the northern suburbs, where the Coxe forces are expected to enter. With the Federal troops and district troops to support them the police are confident that they are capable of meeting any emergency, but as a precautionary measure special policemen have been enrolled and it is expected that 200 of them will be sworn in and placed on duty Monday, the day before Coxe's entrance into Washington.

REGULARS AFTER THE COXEYTES.  
FORSTYHE, Mont., April 26.—Although Col. Page and his 250 United States regulars moved with great caution in capturing the Montana Coxe army this morning nearly 100 of the train-stealers escaped to the woods. Those captured made no resistance whatever. The number of those taken by the detachment of the Twenty-Second Regiment was 321, including Gen. Hogan, Engineer Hartman and Fireman Brady. The commonwealers were ridiculously poorly armed, only three revolvers being found. Three of the men were found to be slightly wounded, their injuries having been received in the skirmish at Billings yesterday. Seventy-five deputy United States marshals arrived here during

the afternoon, and the Hogan contingent of Coxe's army was turned over to them. The prisoners will be arraigned in the United States District Court at Helena without delay on the charge of the theft of a train and disobedience of an injunction. The general belief is that only six or eight of the leaders will be held, and the remainder will be hauled back to Butte and set at liberty.

KELLY'S CROWD.  
ATLANTIC, Ia., April 26.—Gen. Kelly's industrial army arose with the sun this morning, and after a square meal packed its baggage and left for Anita, a small station on the Rock Island road about fourteen miles distant.

A ROUSING RECEPTION.  
PROVIDENCE, R. I., April 26.—On the road to Kingston last night one company of State militia turned out in full numbers and gave the Coxeyites from Boston a rousing reception with horns and other wind instruments, which excited "Gen." Fitzgerald's ire.

MURRAY'S INDEPENDENTS.  
"Gen." Murray's independents started from North Scituate this morning. At 2 o'clock they reached Danielsonville, Conn., where they will remain to-night.

TROOPS ASKED FOR.  
SPRINGFIELD, Ill., April 26.—Acting Governor Gill this evening received a message from Sheriff Lenz, of Marshall county, asking that five or six companies of militia be sent at once to Tolono, as from 2,000 to 3,000 striking miners were marching from Peru, and he was unable to cope with them.

### UNEASINESS PREVAILS.

TACOMA, Wash., April 26.—More uneasiness from the Coxe army is now feared than at any time since the movement began. The Federal Court has instructed Marshal Drake to fully protect all property of the Northern Pacific. Last night and to-day he has sworn in 150 deputy marshals, sending them to various points along the line. The Seattle army, 500 strong, is marching to Meeker Junction on the main line near Tacoma, and the Tacoma contingent join them there Saturday. Marshal Drake's report says 2,000 Coxeyites will be concentrated at Meeker Saturday.

### OUT AND IN.

PORTLAND, Ore., April 26.—The little town of Troutdale passed an anxious night. About 8 o'clock Portland's contingent of the industrial army went into camp there, and this morning took possession of the Union Pacific station, ousting the operator and agent. The marshal and deputies reinstated the operator, but this afternoon the station was again taken possession of by the army.

## Nearing the End.

A Busy Day in the Ontario Legislature.

Several Measures Receive Their Third Reading, Including the Bills to Punish Personators, to Amend the Registry Act, Etc.—The House to Sit on Saturday.

(Special to the ADVERTISER.)

PARLIAMENT BUILDINGS, Toronto, April 26.—At this morning's session of the Legislature several bills were read a third time. To Mr. Gibson's bill, relating to the prompt punishment of personators, Mr. Meredith proposed an amendment that clauses 10 and 11—allowing \$4 in every instance to county attorneys who supply forms of information and warrants to returning officers—be dropped. Such expenditure, he said, were entirely unnecessary. The members were called in; the count showed 23 yeas and 48 nays; and the bill was then, unamended, read a third time.

Mr. Gibson's bill "to amend the Registry Act" was read a third time, as was also the bill by Mr. Garraw "respecting writs of execution."

An important amendment was made to Mr. Tait's bill respecting the Toronto Railway Company. The bill, at present drafted, provided that the voting power on the Sunday street car question should be limited to the municipal lists. The proposed amendment extends the franchise to the manhood suffrage voters. Mr. Meredith favored extending the voting scope, but did not think the vote should be taken as provided by the additional clauses to the lists used at the latest Provincial election.

After some discussion Messrs. Meredith and Gibson were delegated to prepare a clause so that either the street railway company or the city could prepare special lists, so long as the expense was borne by the party desiring such a departure.

Another division was taken upon the third reading of Sol. White's bill to disfranchise all police magistrates who draw salaries. The proposal was snuffed under by a vote of 47 to 25. Mr. Barr (Dufferin) voted with the majority.

### AFTERNOON SESSION.

The Government held a caucus this afternoon, consequently the House did not resume its meeting until 2:30. The whole sitting was consumed in considering two of Mr. Hardy's bills in committee—that respecting ditches and watercourses and that to consolidate and amend the drainage laws. The first has 34 clauses and 8 schedules, while the second extends over 54 pages and has 115 clauses.

On motion of the Attorney-General it was decided to hold a session on Saturday beginning at 10 a.m.

### EVENING SESSION.

A large number of spectators assembled at the evening session, but Mr. Hardy's drainage act, which was extensively discussed, dampened the prevalent ardor, and the galleries were deserted long before 10 o'clock. Several important amendments to the Municipal Act were considered, as were also some additions to the Assessment Act.

The Legislature will doubtless prorogue on Monday.

Canadian Horses in New York.  
NEW YORK, April 26.—Tattersall's had a successful sale of hunters, carriage and saddle horses to-day. Sixty-four head in the consignment averaged \$300. W. A. McGibbon, of Guelph, Ont., had some good ones on sale. The Earl of Aberdeen, Governor-General of Canada, sent on two imported thoroughbred saddle horses, one of them a heavy-weight carrying hunter. They sold for \$1,300.

Prepared for Possibilities.  
"I'm so glad you've come, Miss Morrison! I have so longed for a dance with you. May I have the fourth waltz?"  
"You may if I am not engaged."  
"Your card shows that you're not."  
"Excuse me! I'm going to sit out the third waltz with Wilbur Smyth, and—well! may be engaged when the fourth comes."

## CONCISE CULLINGS.

Monday, May 14, and the following Thursday, Friday and Saturday will be observed as Whitnuntide holidays in the English cotton market.

The New York State examiner took possession of the Harlem River Bank and closed it Thursday. The bank will undoubtedly go into liquidation.

At Rochester, N. Y., lighted candles at the head of the corpse of a child set fire to some drapery, burned the arm off the corpse and severely burned Mrs. Petter and her son, the mother and brother of the dead child.

### KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 75c. bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

For sale by W. S. Barkwell, city.

last in the closet vault. No inquest was  
considered necessary.

## The Board of Works.

The board of works met last night in the  
engineer's office, the committee room being  
used as a concert ante-room. There were  
present Ald. Thos. Jones (chairman), Gar-  
ratt, Drennon, Shaw, Taylor, Engineer  
Claydon, Secretary Bell and Commissioner  
Owen. The engineer reported that it  
would take \$230 to fit up the northern up-  
stairs part of the City Hall as a residence  
for Janitor Merritt. The work will be  
recommended to be done, and Mr. Merritt  
will pay a rental of \$100 a year until pay-  
ment of same is completed. Complaint  
was made as to the quality of  
gravel that is being put down in ward 6.  
The street commissioner will investigate.  
Ald. Garratt inquired affectionately for  
news of the trip of inspection re stone  
crusher. The engineer will communicate  
with Hamilton and find out if the crusher  
at that place is in operation. If it is the  
committee will go down on Sunday night  
or Monday morning. Tenders will be

## A Wonderful Cure.

Mr. and Mrs. Chute, of Aylmer, desire that  
we should publish their testimonial and let  
other sufferers know what Williams' Royal  
Crown Remedy (Nature's Liquid) has done for  
Mr. Chute. He writes: "For ten years or more  
I have been a sufferer with dyspepsia, and doc-  
tored with six of the most skilled doctors in  
this part of the country with but little relief  
and no benefit in return for the very large  
conceivable remedy, but all to no purpose,  
until April, 1893, when I took to myself a wife,  
and it so happened that three years previous to  
our marriage she had been in poor health, and  
used part of a bottle of Royal Crown Remedy,  
and, knowing of its excellent qualities, she pre-  
sented upon me to give it a trial. I purchased  
one bottle of the Remedy and Pills, and by the  
time I had them used my general health was  
much improved, and by the time I had taken  
three bottles I was restored to good health, and  
my neighbors say that I am looking better than  
I have done for years. I believe Royal Crown  
Remedy to be the best value for the money on  
earth, and am thankfully yours."

Number 75.

As is generally well known, it was just  
75 years ago last night since Thos. Wil-  
dey, a poor mechanic, together with four other  
men of the same station in life, organized  
the first Midge of the Independent Order  
of Oddfellows in Baltimore. Far better  
known, however, is the immense stride  
made by this society since its organization,  
until now it numbers nearly 1,000,000  
members and is in operation in every civil-  
ized country on the face of the earth.To let such a notable anniversary pass  
without a celebration of some kind could  
not be thought of by the local brethren, and  
last night about 400 Oddfellows, their  
wives and friends assembled in their hall in  
honor of the event. An excellent repast  
was provided by the ladies, which was  
freely partaken of, and Mr. J. M. Symonds,  
district deputy grand master, had just  
introduced the programme with a neat  
chairman's address when Mrs. Tanner and  
Mrs. Pearce stepped on the platform. Their  
object was at first unknown, but the  
mystery was solved when Mrs. Tanner made  
a short address, and Mrs. Pearce made a  
presentation to the brethren of a beauti-  
ful quilt to be used on the Odd-  
fellows, cot in the City Hospital.It was a pleasant surprise, and Mr. Ed.  
Beltz, on behalf of the order, thanked the  
ladies for their kindness. The programme  
was then proceeded with, and comprised a  
violin solo by that clever young musician,  
Mr. George Angus. The manner in which  
he handles the violin is nothing short of  
wonderful, and his selections were heartily  
appreciated. The London West Male  
Quartet—Messrs. Currie, Spence, Elson  
and Berry—gave several numbers; Miss  
Fowler, Miss Gammage and Mr. Wil-  
fred Blake sang several solos; Miss  
Jennie Law gave a selection on  
the guitar in a very creditable manner,  
and Mr. Frederick Abbott recited "Jack  
the Fisherman" in his usual good style.The energetic committee to whom the suc-  
cess of the affair is due was chosen from  
Dominion, Choroza, Forest City and  
Eureka Lodges, and comprised Messrs. D.  
L. Hardey (chairman), Frank Smith  
(treasurer), Dr. E. Bayly (secretary), Craw-  
ford, Dorch, Kirkpatrick, Gray, Nichols,  
Hennessy, A. Scott, Kirk, Roselle Pococke,  
Bailey, J. M. Symonds, J. Ward, H. J.  
Boyd, jun., U. A. Buchner, W. G. Willis,  
J. Whitaker, and T. W. Macfarlane.

Getting Ready.

The steam barge Juno, Capt. Allen,  
arrived at Port Stanley Wednesday after-  
noon with 312 tons of coal for the use of  
the engines of the L. E. and D. R. R. on  
the Port Stanley branch. The coal was  
brought from Lorain, Ohio, 25 miles  
west of Cleveland. It is expected that all  
the coal used by these engines will be  
brought across the lake.
