The copy filmed here has been reproduced thanks to the generosity of:

Thomas Fisher Rare Book Library,
University of Toronto Library

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Thomas Fisher Rare Book Library,
University of Toronto Library

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

WAKE UP, CANADA!

THIS little book is issued by the Toronto Board of Trade in the hope that every Canadian who reads it will agree that here now is an unparalleled opportunity to make and keep Canada prosperous.

The enclosed statistics, showing the large imports from Germany and Austria, should be studied by every member of the Board, with a view to diverting this trade to Canadian and British channels. A study of the statistics of Other Countries will also reveal the immense opportunities for the development of home trade.

TORONTO,

October, 1914

CANADA FIRST

THOUSANDS of people in Canada are out of work. If the men and women of this Country would buy Canadian-made goods exclusively, Canada would be millions of dollars richer, and all workmen would be back at work. Charity begins at home, and this is not only charity but good business.

In Toronto there are 500,000 people, representing, roughly, 100,000 families. The head of every one of these families and many of the individual members are buyers of scores of different kinds of manufactured products.

Let every citizen—man and woman—show true patriotism by promptly resolving to make Canada strong and prosperous by providing work for her sons and daughters.

This can be done, in large part, by the development of every possible Canadian resource, and particularly by demanding Canadian-made products and Canadian-made goods in the course of our daily life.

Buyers all over Canada can do much to check the incoming flood of foreign-made goods. Now is the time to remember that every dollar saved to Canada is a dollar earned for Canada.

Every manufacturer and merchant should lay down this policy for his purchasing department to-day. This is his first duty in the matter.

Architects, builders and contractors can, if they will, keep thousands of Canadian workmen employed by specifying Canadian-made materials in their building specifications.

Other professional men can add to their own incomes by ensuring the prosperity of their clients through purchase of home products.

Government and Municipal Authorities all over Canada have it in their hands to divert a tremendous volume of business to Canadian factories, and surely it is wise as well as patriotic to give our own workmen the employment so that they will not become in any way a charge upon the community.

The demand to-morrow all over Canada for Canadian-made goods would change, as if by magic, the present depression into immediate prosperity.

Here, then, is a ready-at-hand, practical, sensible and profitable way for us, all of us, to make and keep Canada prosperous.

The table of imports accompanying this booklet, showing as it does Canada's large purchases from Germany, Austria, and other countries, is well worth the careful study of not only the entire membership of the Toronto Board of Trade but of every Canadian, with a view to diverting this trade to Canadian and British channels.

The statistics given are in bulk totals. Any member desiring particulars of any given branch of trade can obtain the same upon application to the Secretary of the Board.

W. P. GUNDY,
President.

A. O. HOGG,
Chairman,
Canadian Trade Committee.

J. G. MORLEY,
Secretary.
