Angelic Welcome of a Saint.

- " Spirit, leave thine house of clay Lingering dust, resign thy breath! Spirit, cast thy chains away! Dust, be thou dissolved in death !
- Thus the Almighty Saviour speaks, While the taithful Christian dies Thus the bonds of life he breaks, And the ransom'd captive flies
- " 'Prisoner, long detained below! Prisoner, now with freedom blest Welcome from a world of woe Welcome to a land of rest
- Thus the choir of angels sing, As they bear the soul on high, While with hallelujahs ring
- All the regions of the sky! " Grave, the guardian of our dust Grave, the treasury of the skies !
- Every atom of thy trust. Rests in hope again to rise. Hark! the judgment-trompet calls! Soul, rebuild thy house of clay!

Immortality thy walls, And eternity thy day ! -Evang. Mag. London, July, 1854.

From the Watchman and Reflector. Old Thomas Bennett.

If, dear reader, you are an old man, and have through life been thrown into various positions, and have known a great variety of persons; if you have kept your eyes and ears open, and have called pretty frequently hour or two in thinking of a minister I often mas Bennett, usually called by his neigh- The world is vain and utterly at enmity bors, not from disrespect but familiarity with God. The heart is full of all treachery. "Old Thomas Bennett."

He was not a Baptist; indeed I am afraid surely enjoin vigilance. that notwithstanding his great professions of us,—it is true, however, that while he found much fault with strict communion, he himself would never admit any one where he lie declared to be a necessary research to be a necessary research. It is declared to be a necessary research to be a necessary research. considered unbaptized to the Lord's table.

But let that pass, my present recollections

against the power of seduction. Matt. xxvi.

41. Mark xiv. 38. Christ brings the whole mountain, which in the eye of man seemed run in another direction; besides which I weight of his divine authority to lead us to verily one of the summits of human things, love his memory too well just now to find vigilance. He commands it. See many far above all power to touch or shake it;

more interest than a sermon, and secure double the number of attendants. Often have I seen four hundred or more persons of the seed of the

Rationalism had no remedial influence upon it. It became as clear as light that the dewere the only possible salvation of social order, not to say of the individual souls of the people. What mightier argument could be given for Christ and his abused gospel! The prelate Kapff, in a very elaborate report to us on Germany, traced the whole history of the rise and the reaction of Rationalism. Tholuck gave some encouraging views respecting the universities; many other influential men concurred in the declaration that the reign of the "Christened infidelity" of not only Germany, but the continent gene-

rally, was closing.

lesson from this dark and disastrous period of learned unbelief. Kapff and others state distinctly that it was preceded by a dead, but tenacious orthodoxy. Creeds and forms were never more inviolable than just before this earthquake broke out amid the foundations of the continental Churches. How obvious the lesson which the fact teaches! But how slow are good men to learn it! is summarily this, viz., that spiritual life must maintain orthodoxy, not orthodoxy maintain spiritual life. The bigotry of Churches, and especially of hierarchies, has Protestantism has been nearly wrecked in Mic-macs. Europe by the reaction of this policy. Primatic definitions, but it laboured incessantly to bring men to the experience of personal regeneration, and the living exercise of faith. has designed to preserve the popular integrity of truth in the world? Has he made or not. This is the grand popular demon. stration of Christianity, and it is logical. It a right to demand at their hands? It is that to which God interests of the race. Do the people respect these relations from philosophical convictions of their ethical importance, or even what the whole example of the Scriptures shows-that their highest logic is an appeal

WHAT EUROPE NEEDS. What then is the practical lesson of this frightful period of baptized infidelity in Europe—the lesson for not only Europe, but all Christendom? It is that our paramount there is a distinction as wide as between heaven and earth in the modern use of those words. I give much credit to Neander, Tholuck, and Hengstenberg: such men will always be needed; but where are the apostles of Germany? What would be the result if even all such men were to throw themselves out into the arena, traversing the land, calling the people to repentance and a holy life; rousing, in other words, the popular conscience, as did the apostles We should lose many great books, to be people. Many great fallacies against religion would be lest unanswered, it may be, but they would be refuted by practical demonstrations of the truth. the cloisters of Oxford in favour of a right faith; but what would they have achieved,

if they had not thrown themselves bodily

out among the people, deserting Oxford for

Moorsfields. It seems to me that such views as these -almost common-place it may be to Methodist readers-are most urgently needed at present in Europe. It is the fact that the chief hopes of a pure Protestantism i Germany are yet confided to the universities; the few great evangelical professors within them are, as yet, Germany's great apostles. Good men, scattered out among her people-not merely trained clergymen but untrained evangelists-need to be brought to feel that a great practical fight for the faith-a fight "hand to hand" with Poperv. popular infidelity, and popular immorality waged right out in the crowds of the people and by unremitted appeals to their consciences and their hearts-is her grand present want. And the same may be said the contest, no doubt, and prisons would work steadily by any reasonable offer of pay.' again echo the prayers and hymns of Christ's We tried the experiment. We offered to take victory of the truth in such a combat? I which they usually sold them. I suppose "Rev. Rob. the Randon to obtain access to the rising generation. How the whole world shall be converted to God.

Mr. RAND moved the next resolution, and P. C. Hill, Esq. seconded it. It ran as follows :-Resolved, That this meeting learn with pleasure of the success attending the Industrial Es tablishment, so far as its effects in awakening spirit of industry among the Indians is concerned. increasing its usefulness and for placing it upon such a basis as to occasion as little loss as possible

In moving this resolution Mr. Rand said he did not deem it necessary to enter into a lengthened detail of the causes which led to the Industrial Establishment, nor of the manner in which it Wesley and had been conducted, nor the success which had Whitefield might have argued forever from attended it. These things were clearly set forth in the Report, and had been sufficiently spoken to already. The sentiment has very generally prevailed that the Indian is constitutionally so lazy that no prospect of comfort or of pecuniary advantage will induce him to engage in steady employment. This notion we have dissipated Indians are very like white men in this respect They dont like to work very hard and very long nnless there is a fair prospect of getting something for their labour. And if there are to be found Indians who prefer beggary and starvation to hard work the same thing is unfortunately true of some white men. It is suppossed that we have paid the Indians too much for their workthat they might have been satisfied with a smaller cal dress"—coat on, cravat and beard. Then I remuneration, involving less loss to the Establish. am to give an "Indian Medley," to sing an Inment. I think it quite probable we might have satisfied them with a smaller scale of payment. What a pity some one could not have told us this before the experiment was tried? What a favourable impression our efforts to make the France and Switzerland. There would be Indians industrious, has made! Last fall peoa shaking among the dry bones were this ple told us, "you cannot get any Indians to go course taken; the police would mingle in to Hantsport, and you cannot induce them to messengers; but so be it. Who doubts the all their baskets and pay them at the same rate at banners as it did when Paul, and Silas, and thing, it does seem to me—and the same price Wesley, and Whitefield challenged the like for a large bonnet basket and for others in a similar proportion. Another Scientific Wonder! GREAT CURE FOR

THE TRUE DIGESTIVE FLUID, OR, GASTRIC JUICE.

THIS is a great Natural Remedy for Indicastion, and Despersia, curing after Nature's own Method, by Na-A Disserbia, caring after Nature's own meenod, by Nature's own Agent, the Gastric Juice. Pepsin is the chief element, or Great Digesting Principle of the Gastric Juice,—the Solvent of the Pury Sysing, Preserving and Stimmilating Agent of the Stomach and Intestines. It is precisely like the Fastric Juice, in its Chemical powers, and a Complete and Perfect Substitute for it. By the aid of this preparation, the pains and evils of Indig stion and Dyspepsia are composed into a three would be by a healthy Stomach. It ved just as they would be by a healthy Ston Emecation, Nerrous Decline and Dyspeptic Consumption, sul posed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

Private Circulars for the use of Physicians may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation, and giving the auth-rities upon which the claims of this new remedy are based. As it is not a secret remedy, no objection can be raised against its use by Physicians in respectable standing and regular practice. Price, One Dollar per bottle. Sold by the Proprietor in Halifax by the only Provincial Agents.

Zurich, 3 Sept. 1853.—I have tried Dubarry's Revalenta Arabica, for a complaint which had hitherto resisted a l'Otter medicines—viz.: Cancar of the Bromach; and Ism happy to say, with the most successful result This soothing remedy has the effect not only of arresting the vomiting, which is so fearfully distressing in Cancers of of the stomach, but also of restoring perfect digection and assimilation. The same satisfactory influence of the evcellent remedy I have found in all complaints of the digestive organs, it has also proved effectual in a most obstinate case of habitual flatulence and colic of many years standing. I look upon this delicious Food as the most excellent restorative gift of nature.

DR. GRATTIEER.

PRINCELOR F. EXPRENCES OF DR. GRIER IN CORSUMPTION.

PRACTICAL EXPERIENCE OF DR. GRIES IN CONSUMPTION
Magdebourg, 16th Sept, 1853.—My wife, having suffer
of for years from a pulmonary complaint, became so
seriously illust the beginning of this year, that I looked
daily for her dissolution. The remedies which hitherto
not relieved her remained now without effect, and the
clierations of the lungs and night sweats debilitated her
ideratilly. It was in this, evidently the last and hopeless
stage of pulmonary consumption, when every medican
remained powerless in even affording temporary relief—
that I was induced by a medical brother from Hansever,
who makes pulmonary consumption his special study
and treats it with DuBarry's Ravitenta Arabies, to try
this strengthening and restorative food, and I am happy
the stream of the policy of the last of the policy of
