A. F. & A. M. GRAND LODGE OF SASKATCHEWAN

Delegates in the City attending Annual Communication—Entertained by Local Members

One of the most important Masonic gatherings ever held in the city is now in session in the magnificent quarters of the city Masons. The occasion is the Annual Communication of the Grand Lodge, of the province, the second since its foundation.

The Grand Lodge was opened in the amplified form yesterday afternoon by M. W. Brother H. H. Campkin, grand master, and shortly afterwards was called on to receive his Worship, Mayor Smith, who extended the hospitality of the city to the gathering in a cordial address of welcome, which was suitably acknowledged by the grand master and R. W. Bro. O. Neff. The rest of the morning was taken up by addresses of welcome, from the W. Masters of the two local lodges, the presentation to R. W. Bro. Tate, of a jewel of office as representative of the Grand Lodge of Ireland; the grand masters' address, and the reports of the District Deputy Grand Masters.

Elaborate preparations have been made by the local Masons for the entertainment of the visitors. These will include an at-home and dance in the City Hall tonight, the Anglican diocese of Qu'Appelle is the roof of the building in, removing the city is providing rigs and will drive the delegates to the Masonic Communication to the Barracks this afternoon.

The following is a list of the Grand Lodge officers and members present, though it is probable that all representatives had not reached the city at the time of writing:

J. A. Sutherland, Grenfell, C. E. D. Wood, E. A. Jolly, E. J. Wright, J. Forbes, W. P. Cunningham, (Regina); Wm. Fawcett, E. Mitchell, T. S. Kellogg, (Sintaluta); E. J. Campbell, J. H. Taylor, J. N. Elliott, (Carleton Place); W. I. McKay, W. Hopkins, J. E. Anderson, (Saskatoon); D. C. McPhee, J. I. Ross, (Coryville); J. Hutton, (Melroe); J. Garrison, C. H. Hartney, J. D. B. Mitchell, E. W. Greer, (Weyburn); Geo. Braden, (Rosthern); R. Adam, A. F. Fugl (Lloydminster); D. A. McVicar, D. P. Kennedy, (Wolsely); T. J. Lewis, J. Parlingdon, F. Smith, (Estevan); Robt. Young, J. Coombs, C. O. Davidson, D. C. McLellan, (Prince Albert); L. T. McDonald, W. A. Wilson, Alex. Sheppard, J. R. C. Honeyman, D. Low, J. R. Pollock, A. M. Fenwick, J. M. Shaw, J. A. Patton, (Regina); Wm. Keay, Jas. McCauley, W. B. Willoughby, (Moose Jaw); Wm. Thomson, D. Wilson, J. M. Smales, F. S. Proctor, W. M. Thomson, (Port Qu'Appelle); T. B. Armstrong, J. E. Hunt, H. H. Campkin, (Indian Head); F. G. Whiting, J. P. Oreamer, Rev. W. B. Tate, (Qu'Appelle); E. L. Elwood, F. G. Lewis, J. McArthur, J. B. Murphy, O. Neff, A. E. Smith (Moosemin); F. W. Chamberlain (White-wood); W. Bamwell, John Cool, J. Dixon, (Maple Creek); W. H. Field, G. W. Bilbrough, (Swift Current); G. Hislop, R. A. Lee, H. S. Martin, (Alameda); F. D. Holly, Malcolm Orr, (Stoughton); W. Kingston, W. Hyster, P. L. Rether, (Davidson); D. Clayton, G. W. Campbell, S. C. Wright (Lang).

Disley Picnic

Disley is going to have a gala day on June 24th. Besides foot racing, jumping and other athletic sports there will be horse racing. The prize list for the day aggregates about \$350.00.

The Regina Citizens' Band will be in attendance. The sports commence at 10.30 a.m. There will be reduced rates on the railroad for the occasion.

Exhibitions

Dominion Exhibition, Calgary, June 29 to July 9th.
Edmonton Industrial Exhibition, Edmonton, June 23 to 27th.
Winnipeg Industrial Exhibition, Winnipeg, July 11 to 17th.
Brandon Fair, Brandon, July 13 to 21st.
REGINA PROVINCIAL EXHIBITION, Regina, July 21 to 24th.

Debentures Sold

The first lot of Regina Debentures of \$100,000 worth of debentures were opened at Monday's meeting of the council. They were as follows:

- Nay & James, Regina, \$300,801.
- Wood, Gundy & Co., Toronto, \$315,210.
- Kenallus, Jarvis & Co., Toronto, \$7,000 per cent.
- Stratton, Sutherland & Jordan, of Saskatoon, 94.
- Dominion Securities Corporation, \$50,000, 98.65.
- \$100,000, at 97.80.
- \$150,000 at 97.30 per cent.
- \$200,000 at 96.80 per cent.
- \$320,000 at 96.25 per cent.

The offer of Wood, Gundy & Co., was accepted.

THE PEOPLE'S POLITICAL ASSOCIATION FORMED

Workers from Farm and City Meet in Convention and draw up a Platform—Members take obligation

A unique gathering took place in the Trades Hall on Wednesday and Thursday last which resulted in the formation of an alliance under the above name having for its avowed objects the combination of western producers for independent political action.

The convention was called by the association known as the Comrades of Equity and was the result of a quiet movement that has been going on without any fuss or ostentation. Representative delegates from all parts of the province were present and Mr. Oliver Millham of Hazelton, Saskatchewan, was elected chairman.

The following committee was appointed to nominate all committees to transact the business of the convention: Ed. Stephenson, Moose Jaw; J. E. Paynter, Tantallon; Hugh Peat, Regina; A. S. Wells, Regina; Ed. Fulcher, Brandon; G. Boerna, North Battleford.

The committee on committees submitted the following report to the convention which was unanimously adopted.

"That the business of this convention will be facilitated by appointing five committees to conduct the business of the convention, namely:

Organization Committee—James Nixon, G. Boerna, E. Fulcher, J. D. Simpson.

Committee on platform of the party—F. Kirkham, C. S. Blondin, A. S. Wells, Regina, Ed. Fulcher, Brandon, W. C. Paynter, Tantallon.

Credentia Committee—W. E. Paynter, Tantallon; W. B. Bird, Regina; J. Nixon.

Press Committee—Hugh Peat, Regina; C. S. Blondin, J. E. Paynter.

Resolution Committee—J. K. Mc-

Lepnan, G. Boerna, Hugh Peat, E. Fulcher, J. Nixon, W. C. Paynter, E. Kirkham.

A motion to adjourn was introduced and adopted to enable the committees to draw up their reports.

Upon re-assembling in the evening the following platform was adopted:

PLATFORM ADOPTED

I.—The public ownership and operation of elevators, railways, telegraph and telephones, waterworks and light ing, and all other public utilities.

II.—The abolition of contract system on all public works. That a minimum wage be paid for an eight hour day, subject to local conditions.

III.—Equal rights to all, absolutely no special privileges to any individual, municipal body or province.

IV.—That the public domain be administered by each province in the sole interests of its people, and that the products of mineral and timber lands; when needed, be made available to the people under provincial supervision.

V.—That all money be issued by the Dominion government, and not by the banks as at present.

VI.—Tax reform by taxation on land values.

VII.—Restriction of Asiatic Immigration.

VIII.—Compulsory education up to the age of fourteen years.

IX.—Abolition of child labor under 14 years of age in all branches of industry, such as mines, workshops, factories, etc.

X.—Government inspection of all industries.

XI.—Direct legislation through the initiative and referendum, with power to recall representatives if pledged

Press Comments
The Scott government is indulging in the dangerous pastime of attempting to stride two horses, the temperance party and the liquor party.

A GENERAL SUMMARY
Of the Work of the Legislative Assembly for the last week—Several Bills not passed—The reasons given.

Who Makes Our Laws?
A feature of the session of the legislature just closed was the really splendid work done by the opposition.

The effect of Scott's Emulsion on thin, pale children is magical.
It makes them plump, rosy, active, happy.

It contains Cod Liver Oil, Hypophosphites and Glycerine, to make fat, blood and bone, and so put together that it is easily digested by little folk.

by are justified in finding fault and most persons will agree that the temperance party are justified in their suspicions.

(Winnipeg Telegram.)
The general assembly of the Presbyterian church, having placed itself upon record as favorable to the project of a church union, another step forward has been taken towards the consummation of a plan most difficult to work out in its elaborate details, but which some of the greatest minds in the churches interested, have warmly approved.

There are many problems yet to be solved, many obstacles to be overcome, before a union of the Protestant churches can become an accomplished fact.

At best the movement is bound to be a slow one. Necessarily the movement must begin at the top and work downwards from the heads of the church to the laity, the people themselves, and then when there has been a sufficient education of the masses so to speak to secure their approval, the whole proposition must again go back to the heads of the various churches for carrying out.

XII.—Prohibition of prison labor in competition with free labor.
XIII.—That settlers who have had no pre-emption be permitted to locate one upon residence and cultivation requirements, and the payment of \$1 per acre.
XIV.—Abolition of property qualifications for all public offices.
XV.—Exemption Act to be retained.
XVI.—The payment of the poll tax and one year's residence to carry with it full municipal voting powers.
The adoption of the report was moved by W. C. Paynter, seconded by Oliver Millham and unanimously concurred in by the convention.
A Regina delegate rose to enquire with reference to clause four, whether the principle was not identical with a proposal of the so-called Provincial Rights or Conservative party and what it was intended to mean.
"A member of the committee replied that it evidently meant that the provinces should control their own resources and without further question the clause passed.
RESOLUTIONS
We hereby heartily endorse the proposal to immediately construct the Hudson's Bay Railway, and would suggest the wisdom of constructing the same as a people's enterprise, as we see no utility in continuing heavy cash advances and guaranteeing bonds for further railways, and handing such utilities over to railway exploiters. Let the people build the road to the bay, own it, and operate it. Also we desire to enter a protest against any grant, either of money or land, or its equivalent, for the building of any similar enterprise.
Voters' Lists
We would suggest that the boundaries of the federal constituencies be made to conform with municipal boundary lines, and that municipal lists which are always up-to-date, be utilized for Federal voting purposes, with the understanding that the names of all persons entitled to vote at federal elections be added to said lists by municipal councils.
We protest against the childish conduct of the two old political parties in the House of Commons recently, relating to voters' lists. We deprecate the profligate waste of time, and the unnecessary expenditure of public money which such procedure entails.
A Square Railway Deal
Be it hereby resolved that we emphatically protest against present Ottawa methods of dealing with railway contractors, and demand that all government contracts be strictly carried out in accordance with the specifications thereof, granting favors to no one. We believe that the people should get a square deal.
End the Senate
We demand the abolition of the Senate, as we consider it illegal that an appointed irresponsible body should have power to revise and annul legislation passed by the responsible representatives of the people. And we feel that the senate has been largely made and provided as a political refuge for the rejected of the people.
The Association Organ
Moved by T. M. Molloy, seconded by J. K. McLennan, "Whereas it is essential to the welfare of any party or organization to have a paper which will loyally and honestly voice its sentiments, and
"Whereas there is one independent labor paper already in the province,
"It is hereby resolved that this People's Political Association of Canada endorse Saskatchewan Labor's Realm as the official organ of the party."
The association regards itself as ripe for an organ to represent its views. Divergency of opinion very soon showed itself, however, when the delegates were invited to decide what sort of a journal it should be. "The People's Paper," "The Saskatchewan Workers' Realm," and other titles having been mooted, a committee was appointed to interview the management of the local labor paper regarding an extension of its activities to include all the newly fused interests.
This concluded the business of the first day, and the convention adjourned.
SECOND DAY
The delegates to the above association met for the second day's session in Trades Hall at 10 a.m.
Mr. W. C. Paynter of Tantalion was unanimously voted to the chair, and after a few brief remarks he called for the reports of the standing committees which were as follows:
Press Committee—"That we are entirely satisfied with the satisfactory and impartial manner in which the proceedings of this convention have been so far reported in the daily press, and desire to tender a hearty vote of thanks for the consideration shown." Unanimously carried.
Special committee re Official Organ—"That your committee are of the opinion that it would be advisable to continue the paper as at present, until such time as we are in a position to know what support can be given from the farmers when it is suggested that the name be changed to THE PEOPLE'S PRESS
With which is incorporated 'Saskatchewan Labor's Realm.'"

ation, and if at any time while a member of any legislative body a vote of want of confidence in me is passed by a two-thirds vote of the members of the said association in my constituency, I will when notified immediately tender my resignation to the proper legal authorities."
Sec. 2.—Local associations should make provision that all members should obligate themselves to support at the polls the nominee of the association or notify his officers of his withdrawal from the association, at least one month previous to an election.
Art. 11.—Convention Expenses.
Sec. 1.—The head association shall pay railroad fares of all delegates attending the convention as far as possible.
Sec. 2.—The remuneration to the secretary shall be left to the next convention not later than 1909.
Art. 12.—ELECTION OF DELEGATES
Sec. 1.—The election of delegates shall take place during December of each year and the general secretary shall immediately forward blank credentials in duplicate form to locals. Immediately after election of delegates the local shall notify the general secretary of the result of election, and shall also send him one credential properly filled in.
The first order of business after the opening of convention shall be the election of a committee to strike committees.
ELECTION OF OFFICERS.
The election of officers were as follows:
President, C. W. Paynter, Tantalion.
Vice-Pres., Thos. M. Molloy, Regina.
Sec. Treas.—Hugh Peat, Regina.
Rec. Sec., J. E. Paynter, Tantalion.
Sergeant-at-arms, G. Boerma, N. Battleford.
DELEGATES PRESENT
The following is a list of the registered delegates, together with the bodies they represent:
Ed. Stephenson, Moose Jaw, Agricultural Society of Equity, (Provincial Organizer).

Piles are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it, mail a small trial box to a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not mail it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember that it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jars 50c. Sold by Regina Pharmacy Stores.
A General Summary
(Continued from page 4.)
years was submitted at the eleventh hour of the session. No notice was given of the matter and the opposition was taken by surprise. They protested vigorously, but it was of no use. It seemed evident that the government members had been fully apprized of what was about to happen, and though the change was one of the most important, it went through with as little consideration as would an item of not more than a few hundred dollars.
The premier's reasons for the proposal were few, and must have been disappointing to his following. Briefly stated his argument was that elections are too frequent; that the

FEDERAL BUSINESS COLLEGE Bank of Ottawa Bldg., Regina
One month's salary pays the entire cost
It is not necessary, nor is it wise for young people to spend years of the best portion of their lives in preparing for professions which are not so remunerative as is the work for which they may prepare in a few months. The majority of our graduates receive as much for their services in one month as would pay the total amount of their college fees. Our courses form a short cut to business success. During the last six months the Regina Federal Business College has placed more than sixty students in excellent situations; with initial salaries ranging from \$50 to \$80 per month. Every capable student is guaranteed a good situation upon graduation. The Federal Schools are open the year round and students may enter for instruction at any time. Free catalogue. Write today

Assembly Prorogues after The Passing of Many Bills

he had always taken. His people were opposed to the bill. Mr. Sanderson said some of the people of his district were opposed to municipal organization while others favored it. Personally he was agreed with the bill, but he was anxious to get home again and he was pleased that the bill was being left over.

FRIDAY, JUNE 12.

The House was not long in session today being little more than half an hour.

The bill respecting the election of members of the legislative assembly was read a third time and passed.

Mr. Haultain drew attention to the clause which permits returning officers to mark or disfigure ballots with out invalidating them. He said it was very dangerous to allow a returning officer to make any marks on the ballot and that the embodying of this provision in the law would result in throwing the door open to a great deal of wrong doing.

Mr. Turgeon replied that the whole question had been threshed out in committee of the whole and they could not make any change now. They had, at the request of Mr. Haultain, thrown restrictions around the clause by making the penalty for wrong doing heavy, but no further change could be made.

The bill respecting elections in the electoral division of Athabasca and the bill respecting the statute law were passed a third reading without comment.

The bill to amend the legislative assembly act was moved for third reading by Mr. Scott, and Mr. Haultain moved in amendment that it be sent back to committee with instructions to strike out the clause providing for five year instead of four year terms. He said this clause was added at the last minute and without any notice. To allow this procedure was to set a dangerous precedent, which might be abused. The general trend today he said, was toward the shorter term and he could conceive

of no motive on the part of the government which would prompt them to bring in this very important clause at the last moment, without notice and without time for due consideration. The amendment was defeated in division on a straight party vote.

The Lieutenant Governor was announced, and arrived accompanied by an officer of the R.N.W.M.P. shortly after noon. He assented to the bills of the session, was presented with the supply bill, and read the following speech from the throne: Mr. Speaker and Gentlemen of the Legislative Assembly,—

It now becomes my duty to release you from the labors of the session. I have to congratulate you upon the unusually large amount of highly important and useful legislation, the passage of which has marked the third session of the legislature.

The provision you have made for consolidating the laws of the province will tend to the better convenience of all concerned, and the important reforms which you have provided in the regulation of the liquor traffic cannot fail to prove of great benefit in the social and moral conditions of the province.

The legislation you have adopted for construction and operating long distance telephone lines by the government, and for the promoting of rural telephone lines under public control by aiding local telephone companies, is calculated to produce excellent results.

Your act providing for the taxation of the income of railway corporations will be of advantage to the public revenues and for the welfare of the province.

The provisions which you have made for a new system for Election of Members of the Legislative Assembly will, I am satisfied, prove an improvement, and the action you have taken towards providing a larger representation of the people in the legislative assembly is undoubtedly well justified by the rapidly increasing population of the province.

The revised municipal laws as well as a large number of other measures

which you have passed will, I am sure, greatly tend to the better management of the works of my people in many respects.

The prospects for the season of 1908 are exceptionally bright through out the province and I trust that the promise of what has been, an especially encouraging spring may be fully realized by my people.

I have to thank you for the liberal supplies which you have voted for the public services. I now take leave of you, earnestly trusting that the Divine blessing may rest upon you, and upon the work which you have done here.

BILLS ASSENTED TO

The following bills, passed this session were assented to by the governor:

An act relating to Woodmen's liens for service.

An act to amend the Succession Duties Ordinance.

An act respecting seed grain.

An act respecting the free distribution of text books and supplies.

An act to amend the Surrogate Courts Act.

An act to amend the Bills of Sale Ordinance.

An act to amend the Assignment Act.

An act to amend the Liquor License Ordinance.

An act to amend the Marriage Ordinance.

An act to incorporate the Saskatchewan Guarantee and Fidelity Co.

An act to amend the Secondary Education Act.

An act respecting the department of the municipal commissioner.

An act respecting Cities.

An act respecting Towns.

An act respecting Villages.

An act respecting the punishment of corrupt practices at Municipal Elections.

An act respecting the Department of Railways, Telegraphs and Telephones.

An act respecting Municipal Telephone Systems.

An act respecting Rural Telephone Systems.

An act to incorporate the Pathons of La Salette.

An act to amend the Local Improvements Act.

An act to incorporate the Weyburn C.M.B.

An act to enlarge the area of the Town of Weyburn, by adding thereto certain lands.

An act to incorporate the Institute of Chartered Accountants of the province of Saskatchewan.

An act to ratify certain debentures of the City of Moose Jaw.

An act to authorize the City of Moose Jaw to expropriate certain lands and for other purposes.

An act to incorporate the Imperial Fire Insurance Company.

An act to provide for the Consolidation of the Statutes of Saskatchewan.

An act to amend the Public Libraries Act.

An act to amend the Steam Boilers Act.

An act to amend the Legislative Assembly Act.

An act to amend the act respecting Public Printing.

An act respecting the Hudson Bay Insurance Company.

An act to amend the Saskatchewan Elks Club Act.

An act to confirm certain Money By-laws of the Town of Battleford.

An act to incorporate the National Fire Insurance Company.

An act to amend Chapter 2 of the Statutes of 1907, being an Act to Amend the Game Ordinance.

An act to admit Wilfrid Onesime Tessier as a member of the College of Physicians and Surgeons of Saskatchewan.

An act to validate certain money By-laws of the City of Saskatoon.

An act to amend the Stray Animals Ordinance.

An act respecting Election of the Members of the Legislative Assembly.

An act to incorporate the Hudson Bay Insurance Company.

An act to amend the Public Works Act.

An act to provide for the protection of neglected and dependent children.

An act respecting the Taxation of the Earnings of Railway Companies.

An act to amend the Supplementary Revenue Act.

An act to amend the Legal Professions Act.

An act to amend the Statute Law.

An act to incorporate the Saskatchewan Grain Growers' Association.

An act to amend the Ordinance respecting Theaters' Liens.

An act respecting the sale of Intoxicating Liquors, and the issuance of licenses therefor.

An act authorizing municipal grants towards the purchase of the Quebec Battlefields.

An act to incorporate the Village of Watson as a Town Municipality.

An act to remedy certain complaints of the Town of Milestone.

An act to amend the Regina Victoria Hospital Ordinance.

An act respecting elections in the electoral Division of Athabasca.

An act respecting the City of Regina.

An act respecting the City of Moose Jaw.

An act respecting the City of Saskatoon.

An act respecting the City of Prince Albert.

An act for granting to His Majesty certain sums of money for the Public Service of the fiscal year ending the twenty-eighth of February, 1909.

ANXIOUS MOMENTS FOR YOUNG MOTHERS

The hot weather months are an anxious time for all mothers, but particularly for young mothers. They are the most fatal months in the year for babies and young children, because of the great prevalence of stomach and bowel troubles. These come almost without warning, and often before the mother realizes that there is danger the little one may be beyond aid. It is the duty of every mother to use all reasonable precautions to ward off summer complaints. For this purpose, no other medicine can equal Baby's Own Tablets. An occasional dose will keep the stomach and bowels free from offending matter, and will ensure the little ones good health. If the trouble comes unexpectedly the Tablets will speedily cure it. Every home, therefore, should keep the tablets on hand they may be the means of saving your child's life. They are guaranteed free from opiates and narcotics, and may be given with perfect safety to a new born babe. Sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

LICENSES CONSIDERED

Many Recommended but Several Held Over Until Meeting on June 23rd.

The license commissioner of the province met in one of the rooms of the Oddfellows' Hall on Thursday and Friday of last week to consider applications for liquor licenses.

The three members, H. Armour, A. P. McNabb and J. R. Bunn were present, as well as T. J. Murrie, the chief license inspector. A decision on some of the applications was left over until June 23rd, when the commissioners will hold an adjourned meeting in Regina.

The following applications were considered:

J. Fitzsimmons, Bienfait, hotel license, recommended.

P. Dupuis, Hiltcock, hotel license, recommended.

M. McLeod, Estevan, hotel license, recommended.

Ennis & Sheppard, Buchanan, hotel license, recommended.

T. Martin, Etismani, hotel license, recommended.

Announcement has been made of the appearance in this city on next Thursday, June 25, of Miller Brothers' 101 Ranch Wild West Show, the most remarkable travelling amusement organization of the country. Every member of it is a resident of the 100,000 acres of prairie the Millers own and operate at Bliss, Okla. The advance representative characterizes it as "the 101 Ranch transported in miniature" to these doors.

The Millers are the most famous cattlemen of the States' southwest. There are three of them and they started with a homestead allotment of 160 acres when the Cherokee strip was opened to settlement. Today their holdings include three towns, parts of three counties, and some European principalities would be lost in the vast area. Twenty-five thousand horses and cattle roam their pasture land, and their employees number nearly a thousand.

Miller Brothers' show departs absolutely from the familiar, hackneyed routine of so-called "wild west" exhibitions. Every person and feature is real, vital and characteristic. The and warriors, squaws, papooses and Indian belles and beauties are among them. They are all making their first acquaintance with pale-face civilization.

The 101 Ranch Show travels in fifty specially constructed rail road cars. Performances will be given afternoon and evening, and it will introduce itself in the forenoon with a street parade which is unique in the annals of out-door pageants. There are more than a mile in length, without circus tinsel or vaudeville imitation. The romance and adventure and fanciful spirit of the west pervade it throughout.

READING

The Work it is Lumber

Free Press, Winnipeg visitors to the assembly week was Rev. Alfred New Liskeard, Ont. Mr. Liskeard is an earnest advocate in Canada of the needs of the shantymen, this class of men being the Reading Camp which he is the superintendent association will send to fishing camps, this five college men, who summer in conducting instruction of the men. The work is somewhat that carried on in M.C.A., the special feature of Fitzpatrick's work being confined wholly to the on the frontier who are with civilization to a and who have some idle hands. Mr. Fitzpatrick with a representative Free Press, gave some work which he has been doing. There are at the present time at the Reading Camp a quarter of a million frontiersmen in Canada whom spend several hours in idleness, and who all days, public holidays at their disposal. For years, the Reading Camp has been conducting educational experiments, men. The object of these is to ascertain whether able to carry on home the conditions in which live, and if found practicable the provincial government their systems of education. The experiments have been widely different localities, and the results have been done in the Lake Winnipeg, the Canadian Pacific, Nipissing, in the railway Northern, the Temiskamian north Ontario, and in other localities, and in every case the employer co-operated, the experiment successful.

It ought to be made possible that while the Camp association is carrying on its work of education, and

It stretches more than a mile in length, without circus tinsel or vaudeville imitation. The romance and adventure and fanciful spirit of the west pervade it throughout.

READING CAMP ASSOCIATION

The Work it is Doing to Educate the Men in Mining, Lumber and Construction Camps.

Free Press, Winnipeg.—Among the visitors to the assembly during the week was Rev. Alfred Fitzpatrick, of New Liskeard, Ont. Mr. Fitzpatrick has for a number of years been an earnest advocate in Canada of the needs of the shantymen, his work for this class of men being done through the Reading Camp association, of which he is the superintendent. This association will send to various lumbering, mining, railway construction and fishing camps, this year, twenty-five college men, who will spend the summer in conducting classes for the instruction of the men and in providing good reading matter for them. The work is somewhat similar to that carried on in cities by the Y. M. C. A., the special features of Mr. Fitzpatrick's work being that it is confined wholly to the men who are on the frontier who are out of touch with civilization to a large extent, and who have some idle time on their hands. Mr. Fitzpatrick in conversation with a representative of the Free Press, gave some account of the work which he has been doing.

There are at the present time, according to the statements of the superintendent of the Reading Camp, a quarter of a million men in the frontier camps of Canada, all of whom spend several hours each day in idleness, and who also have Sundays, public holidays and rainy days at their disposal. For nearly eight years, the Reading Camp association has been conducting a series of educational experiments, among these men. The object of these experiments is to ascertain whether it is practicable to carry on home study under the conditions in which these men live, and if found practicable, to urge the provincial governments to extend their systems of education to include the needs of these frontier toilers. The experiments have been made in widely different localities, and under vastly different circumstances. Work has been done in the fish camps of Lake Winnipeg, the mining camps of the Canadian Pacific, the Canadian Nipissing, in the railway camps of Northern, the Temiskaming and Northern Ontario, and in numerous other localities and in every case where the employer co-operated sympathetically, the experiment has been a success.

It ought to be made as clear as possible that while the Reading Camp association is carrying on this work of education, and is extending

its operations from year to year, it does not desire to be entrusted with it, or to continue to do it indefinitely. For one thing the undertaking is too large to be sustained by private beneficence. What has been done was done to demonstrate the feasibility of camp education. The state is now asked to perform its duty, and to take up the work of educating these men, rather than continue the crime of neglecting the frontier laborer entirely, and surfletting the residents of the cities.

The equity and justice of the request which is made in behalf of the shantymen has already been fully admitted. Night schools have been established in the cities for grown up men. Such schools have been in operation in Winnipeg where precisely the same class of men are being instructed, as are employed in the railway and mining camps. Consider, however, the difference. Men who are resident in the cities have all the advantages which the city presents. They have access to books and papers of all kinds, and they have opportunity to spend their leisure time pleasantly. In the lumber camps these conditions do not exist. Neither books or newspapers are to be had. The men who are spending their lives in camp have leisure time and they have no pleasant way of spending it. If night schools are provided for the men of the city, how much more desirable that similar schools should be provided for the men on the frontier.

Some work has already been done by the provincial governments of Canada in this matter. Ontario, British Columbia and Manitoba have all made a beginning. The two former have initiated a system of camp libraries. Ontario has contributed annually \$1,000 to the funds of the association. It has also set apart \$1,200 annually for educational work in the mining camps, and it has placed a car at the disposal of the association for experiments on railway construction. The mining camps are visited by two expert mining engineers, successful teachers from the school of practical science. What is needed is an extension of this work, until all the men in our frontier camps who desire instruction will have the opportunity to secure it.

It is sometimes said that the men who do this rough work of the country are not appreciative, that they are an unworthy class of men, and

One Cent Brings It

WOULD-YOU-LIKE-TO-READ-THE-STORY OF THE FURNACE?
 —Just how correct principles say it should be constructed?
 —Just why no other plan of construction will do?
 —Just wherein lies its ability to be easy on fuel, quick in action, simple in operation?
 The story is briefly told in a little booklet called "Furnace Facts." It's not an advertisement. No furnace name is mentioned, and you can read the whole story in 5 minutes.

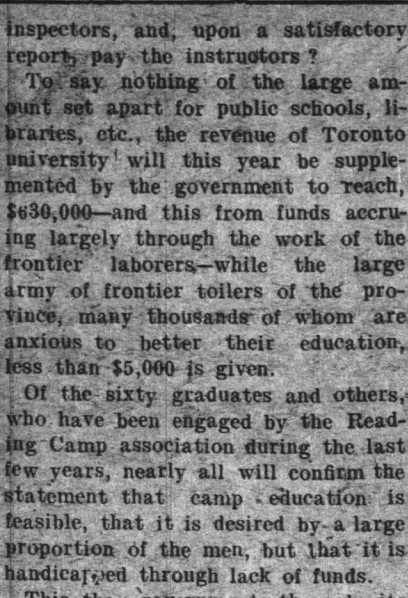

To the party contemplating purchasing a furnace it points out the snags and pitfalls, and shows exactly what to demand of an architect, contractor or dealer, in furnace construction and installation.

McClary's
 PEART BROS. HARDWARE CO. Ltd. Local Agent

that they are good for nothing else. The reply to this statement is that if the men are of an unsatisfactory class, the necessity for action of the kind contemplated is so much greater. A democratic country cannot afford to leave any considerable body of its citizens in brutal or demoralizing ignorance. The statement that the men are unappreciative and unworthy, however, is made by those who are unacquainted with them. A proportion of these men are undoubtedly beyond the reach of help, but on the whole, they compare very favorably with the balance of the citizens of the Dominion. The work which is being done among them may fall at times, but it should be borne in mind that if the general work of public education was left to private beneficence, it would also be a comparative failure.

When work is begun in one of the frontier camps, under the auspices of the reading camps association, an instructor, either a graduate or an undergraduate of one of the colleges is sent to the camp, where the company has already erected a suitable building, 16 feet by 20 feet, which they also heat and light. Tables and benches are rigged up, a globe, some maps, a blackboard, a few chemicals, with perhaps a travelling library, sent by the department of education, comprises the equipment, and the camp school is ready for work. During the day the instructor takes his place in the bush with the men, road making, gyping, or trail cutting; in the evening he is teacher.

The following report made by one of the instructors, gives an idea of what may be accomplished with a night school under these conditions:
 —Size of camp, 58 to 76 men. Opened school Dec. 11. School closed on March 22.
 —5th class—Three men, aged 19 to 22. Each of these had passed the ordinary work of the camp, doing in most cases, the same work as the men. The time given to instruction in the evening, when the men have an hour or two at their disposal. The entire cost of the work last year amounted to less than \$5,000. This year the association hope to double their income, and to make arrangements for a larger work in the future. Mr. Fitzpatrick will go at once to British Columbia, to organize the work for the summer.

YANCOUVER ST. JOHN, N.B. HAMILTON 2 CALGARY

A slight change is being made this year in the method of carrying on the work in western Canada. Last year the young men who were employed as teachers, came almost wholly from the colleges of the east. This year, the men who will work in the west will be selected from the colleges of Brandon and Winnipeg, arrangements to this effect having been almost completed. In order that the cost of the work may be kept down to a minimum, the instructors in the reading camps spend the day in the ordinary work of the camp, doing in most cases, the same work as the men. The time given to instruction in the evening, when the men have an hour or two at their disposal. The entire cost of the work last year amounted to less than \$5,000. This year the association hope to double their income, and to make arrangements for a larger work in the future. Mr. Fitzpatrick will go at once to British Columbia, to organize the work for the summer.

FROM GIRLHOOD TO MIDDLE LIFE

All Women Need the Rich, Red Blood Dr. Williams' Pink Pills Actually Make.
 From girlhood to middle life the health and happiness of every woman depends on her blood. If her blood is poor and watery, she becomes weak, languid, pale and nervous. If her blood supply is irregular, she suffers from headaches and backaches, and other unspeakable distress which

only women know. At every stage of a woman's life Dr. Williams' Pink Pills are her best friend, because they actually make the rich red blood which gives health and strength and tone to every organ of the body. They help a woman just when nature makes the greatest demand upon her blood supply. Mrs. H. Gagnon, who for twenty years has been one of the best known residents of St. Roches, Que., says: "Dr. Williams' Pink Pills have been a blessing to me. I was weak, worn out and scarcely able to drag myself about. I suffered from headaches and dizziness, my appetite was poor and to attempt housework left me utterly worn out. I slept badly at nights and what sleep I did get did not refresh me. For nearly three years I was in this condition and was constantly taking medicine, but found no benefit from it. One of my neighbors who had used Dr. Williams' Pink Pills with much benefit, advised me to try them. I did so, and the whole story is told in the words 'I am well again.' There are times yet when I take the pills for they seem to me a guarantee against the troubles which so many women suffer."

Dr. Williams' Pink Pills do not act on the bowels. They contain just the elements that actually make new blood and strengthen the nerves. That's why they cure anaemia, indigestion, rheumatism, lumbago, headaches, backaches, heart palpitation, and skin diseases like pimples and eczema. That is why they are the greatest help in the world for growing girls who need new blood and for women who are troubled with irregular health. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$3.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

Changes in Homestead Duties

The Dominion Lands department has issued new regulations regarding homestead duties.
 The practice of the department has been to require a settler residing on his homestead to bring a total of at least fifteen acres of the same under cultivation.
 A settler performing his residence duties by living in the vicinity of his homestead, either with parents or on land owned by him, must bring a total of at least thirty acres under cultivation.
 A reasonable proportion of the cultivation, must in all cases be done in each year.
 All entries made previous to the 1st day of June, 1908 are governed by the above practice.
 The following change in the re-

gulations respecting cultivation duties applies to all homestead entries made on and after 1st of June, 1908.
 A homesteader who resides on his homestead is required to break a total of at least 30 acres of the homestead (of which 20 must be cropped) before applying for patent. A reasonable proportion of the cultivation duties must be done during each year.
 When the duties are being done under the regulations permitting residence in vicinity, the total required to be broken will be at least 50 acres (of which 30 must be cropped).
 In case of homesteads difficult to break by reason of scrub the area of cultivation required may be decreased at the discretion of the department in accordance with the character of the land.

FOR THE FAIRS

A Model Elevator Constructed For Exhibition Purposes—Work Done by Mr. W. Lythe.

The provincial government is completing its exhibits for the Dominion Exhibition to be held at Calgary. Among the devices used to exemplify that this is an agricultural province is a model elevator, which has been made by Mr. W. Lythe, in the shop of Mr. Little. This elevator is made after an elevator of 50,000 bushels capacity, the scale being one-quarter of an inch to the foot. It is complete in every respect and when in operation is very true to the real article. When running it will show a load of grain being elevated from the farmer's wagon to any bin in the elevator if it need be into the miniature car on the track alongside.
 Every part of this model was constructed by Mr. W. Lythe, whose product is indeed a credit to him.
 Painted on the side of the little building is "Saskatchewan Elevators 515," which indicates that there are 515 grain elevators in the province.

Piles are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not mail it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember that it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jars 50c. Sold by Regina Pharmacy Stores.

Job Printing For 50 Cents

His prices are moderate and he wants your business.

The Clerks Association has asked us to again announce that on Wednesday afternoon the stores of Regina will be closed during June, July and August and people from the country are requested to do their shopping in the forenoon of that day or else come in for that purpose on some other day of the week.

Campbell Bros. circus arrived in the city on Sunday afternoon from Portal. The special pulled into the 'Y' back of the roundhouse and occupied the full space between the Albert street and Dewdney street crossings. One of the flat cars in the middle of the train caused a little excitement by getting boggy of the track nearly upsetting its load which consisted of the cooks' outfit. The circus people at once commenced to unload before a large and interested crowd of spectators who were quickly on the scene. Tents soon covered the open space on Albert street at the west end of the yard, and elephants and other strange creatures were soon cropping the verdant prairie. An amusing incident though possibly some of the visitors did not so consider it at the time, occurred when the elephants were being watered at the hydrant opposite Messrs. Slater & Pindlayson's store. One of the animals, possibly annoyed

by being fed bits of paper by the boys, in place of more succulent morsels, discharged a trunk full of water over the assembled spectators who were crowding round, one lady in a beautiful new costume getting pretty well soaked. The incident raised a hearty laugh from those who escaped the shower bath.

The use of gasoline stoves and coffee urns in restaurants would appear to be a matter for the consideration of the fire underwriters and the city authorities as to this is attributed another of the too frequent fires in these institutions which on Tuesday afternoon resulted in the complete gutting of Waddell Bros., restaurant and fruit store on South Railway street. This building, an ancient frame structure, was one of the landmarks of the city, having been known in the early days as the Colonization Store, and forms one of the series of similar structures extending from the big brick Peart Block to Wright Bros., brick furniture store. The fire brigade made a quick response to the alarm which sounded just about 5 p.m. and very quickly several powerful streams of water were directed on the conflagration, which, however, before being checked and practically consumed the entire contents of the store valued at near \$3,000 on which there was \$1,800 insurance. The building is owned by Messrs. Mowat and McAra and is covered by insurance. Some of the incidents connected with this fire suggest that a little more intelligent activity on the part of our city police would be in order. Common sense would suggest that on the sounding of the fire alarm a detail of police should get to the scene at once and assist in maintaining order keeping the crowd out of the way of the brigade, and possibly averting such unfortunate accidents as occurred to little Rudolph Miller who was knocked over, though we are pleased to say not seriously injured, by the hose wagon in turning the corner of Rose street.

The old Albert street school, now the property of St. Chad's parish, presented a scene of unusual activity on Monday evening when a gang of Stalwart parishioners to the number of 15 attended in a body and made short work of the substantial partition which has hitherto divided the building into two rooms, so that the whole may be devoted to church purposes for the wants of this rapidly growing congregation. Two prominent members of the architectural profession rendered valiant service on the roof of the building in removing the chimney and Rev. C. R. Litter in a suit of blue overalls superintended operations. Some other important changes will be carried out in the interior of the building to make it more suitable for divine worship, it is expected that this will be completed in time for next Sunday's service.

Mr. C. C. Schouner, a banker from Melrose, Minn., has been in Humboldt for a few days. His bank, through Mr. Fred Heidegerken, are loaning out large sums of money on improved property in that district. Mr. Schouner is looking over the country with a view to establishing a branch of his bank, and is most favorably impressed with Humboldt and the surrounding country.

Keep Minard's Lintiment in the house

The well sunk on Mr. O. Smith's homestead, four miles north-east of Radisson last week has proved that there is an abundant supply of water thereabouts. The borers went down forty feet and struck a running vein. It is said that there is fully three hundred barrels of water now running out of the well daily. The quality of the water is excellent.
