

The Tangle of Fate

CHAPTER XIV. They were face to face at last, the two men whose lives had crossed each other so strangely. They gazed curiously at each other.

Such thoughts made her yearn to go home again, and going to the principal, she announced her intention.

"I'll go and send your maid, and some wine, too, my dear. It will do you good," she trotted out, leaving Bonnie hastily turning over in her mind some frantic plan for instant flight.

THE HAMILTON TIMES

TUESDAY, FEB. 9, 1909

TO POPULAR VOTE.

By its action last night the City Council resolved upon the submission of the vexed power question to the ratepayers. For the most part, the aldermen supporting this course seemed to be influenced by a desire to relieve themselves of responsibility. A few of them seemed to be unable to grasp the fact that such a submission will not, in the slightest degree, change the existing facts as to the contract; others freely say that it is not reasonable to expect that a majority of the sane ratepayers, having the conditions of the two power offers before them, would vote to repudiate the advantageous contract made last year, to go into the Hydro scheme at the risk of litigation and a judgment for damages against the city; and that the submission of the matter to popular vote will relieve the aldermen and avoid chance of litigation by securing approval of the present contract. Those who opposed the motion to submit the question to a vote of the people take the ground that as a matter of good business, and as a matter of law, the action of the Council of last year was a proper one; that the contract secured was immensely more to the city's advantage than the Hydro-Electric contract could be, and that even if it were believed to be possible to default on the contract without safety such a course would be without moral justification. The majority, however, decided to introduce a by-law to submit the question to the people.

A perusal of the report of the Council meeting will prove interesting to the people of the city. The cause of default was led by Ald. Morris, his principal supporters being Ald. Wright and His Worship the Mayor. Ald. Morris' language was hardly temperate, and his argument in condemnation of the making of the existing five-year contract was hardly creditable to one who seeks to commit the city to a 20-year contract at an unknown, but certainly 10 per cent. high monopoly price. The aldermen should be the servants of the people and seek to do the best possible for them in conducting their business. And in securing power at such a favorable rate, the aldermen of last year earned some better reward than the immoderate condemnation visited upon them by Ald. Morris. Ald. Wright was, of course, found strongly antagonizing the local industry, and attacking the contract. That was to be expected. Was it not Ald. Wright who, last year, declared his willingness to commit the city to the Hydro contract without seeing it or knowing its conditions? Ald. Forth sarcastically referred to the new pumps as "another petty scheme to rush the contract through the Council." Ald. Forth is new, and should probably be excused for not knowing that the contract was made last year. Ald. Allan produced a letter from Engineer Bothman, of the Hydro-Electric Commission, written in November last, pointing out the urgency for action in regard to the pumps, and stated that Mr. Duff, solicitor for Barton Township, intended to press the matter upon the attention of the underwriters, the result of which might be to cost the city thousands in increased insurance rates. Ald. Farmer, who has heretofore been a Hydro-Electric supporter, declared that as a purely business matter the existing contract should be carried out, and informed the Council that under the statute it would be an easy matter for the city to connect with the Hydro system if it found it wise at any time to do so. Ald. Crerar effectually disposed of the "mandate" talk in which Ald. Morris and Ald. Wright had indulged by pointing out that by three decisions the courts had denied it. Moreover, neither Mayor Stewart nor his supporters had pretended at the time to regard the Hydro-Electric vote as binding or a "mandate," and practically all the large manufacturers had, over their signatures, declared for the Cataract contract. Mayor McLaren devoted some time to a defence of his course. He assured the Council that he had no objection to the price mentioned in the Cataract contract, but harked back to times when he claimed to have been humiliated by having to go "hat in hand" to the company "when there was some little thing to be done." He wanted the Hydro scheme as a "preventive of this sort of thing." He thought now that the people had before them the figures of the Cataract contract, the conditions of the Hydro-Electric contract, and knew the chances they would have to take if there were litigation, the matter might be left to the people.

Aside from the intuity, delay and expense involved—and probably the ill-fame which the paid organs of outside interests will give the city in the interim—the submission of the question in fair terms will not alter matters. If we are to wait for the Hydro power we shall have plenty of time to talk about the pumps a year or so hence; in the meantime, the property holders and the insurance companies bear the increased and lengthened risk. Even if we take power under our contract, after waiting for this vote, the chances for getting the pumps into commission, before the season of heavy duty next summer, are slight. This, in itself, is a heavy price to pay for aldermanic impotence and indecision. But the ratepayer is the patient burden-bearer.

Never was the wisdom of the saying that an ounce of prevention is worth more than a pound of cure likely to find better illustration than in sending those Ancestor victims of a supposed mad dog to be treated at the Pasteur Institute, without waiting 12 to 20 days for a report on the dog. It may stay dead;

A SPURIOUS ISSUE.

According to the Mail and Empire we are to have a repetition of the Provincial Government's stage thunder of last year against alleged encroachments on "the principle of provincial right." The occasion is to be that of the reintroduction by Mr. Conroy of the Ontario-Michigan Power Company's bill in the Commons, and the organ intimates that "the Ontario Government will not let Parliament err in ignorance, for it will make its representations against the bill, and unless the majority in the House is absolutely reckless in its hostility to provincial rights" the measure will be thrown out.

This performance strongly resembles that of boys of a certain age who resort to the manufacture of terrors from pumpkins illuminated by candles. It is amusement of a sort, but it frightens nobody into fits, and it is not likely to turn the Commons grey prematurely. The bogey of spurious provincial rights has been raised so often that interest in its exhibition is becoming languid. There is, of course, a proper care of provincial rights which Canadians do not neglect—least of all will Liberals neglect it. But this false and deceitful make-believe that has been so much exploited in British Columbia and Ontario is a sham and a fraud. For the most part it has proved to be an effort on the part of impudent peasant politicians to overstep their rights as legislators and to invade the sphere reserved to the Federal Parliament. We had an example of this in the British Columbia legislation to usurp the Dominion's authority as to fisheries and immigration, and in the Ontario Government's war against the chartering of the Dominion of railways to connect two or more provinces or a province with a foreign country. We all remember the rubbish talked about the "invasion of provincial rights" involved in dealing with the Radial Railway bill, and the disgraceful "Big Stick" bill fathered by Hon. Mr. Hendrie. Everybody now concedes that for such a scheme as the Radial Railway, crossing to New York and Michigan, a federal charter was absolutely necessary. The "Big Stick" bill remains, useless and inoperable, a monument to legislative folly and lack of principle, and even now we find Hon. Mr. Hendrie, its author, getting a federal charter for his bridge works! Thus does time—a very short time—expose the insincerity of the much-heralded pretenders to the defence of provincial rights. There should be an end to such a farce.

If Mr. Conroy's bill concerns an international stream it is probable that the Dominion Parliament is the proper and only body to fully deal with it. Possibly it may involve other matters which might safely be left to the Province, and such connected interests may be of a nature to render it wise to consolidate them. That is fully provided for in the constitution, and the courts have recognized that at times what might ordinarily be a matter for provincial control is properly legislated upon by the Federal Parliament. Mr. Conroy's measure must be judged upon its merits and not prejudiced by the clamor of petty politicians, who have confessed their own insincerity. It is no argument against the proposed bill being dealt with at Ottawa to say, as the Mail and Empire says: "Pigeon River is a border stream, but so is Niagara River. If power concessions on the Canadian littoral of Niagara are in the conveyance of the Province, so are like concessions on the Canadian littoral of Pigeon River." Instead of that telling against the bill attacked, it but suggests that whatever authority the provinces exercise over rights in international streams are exercised only by the forbearance of the Federal Government. At any time Parliament may find it wise to enforce its undoubted prerogative. That it has not felt called upon to do so has probably been due to the fact that the present government is a government of provincial rights, and that while the necessity for federal control has not been presented, it has been well satisfied to leave the matter to the provinces. But there is no doubt that should international relations call for it, or should good public policy point the way, the Dominion would promptly exercise her sovereignty under the constitution.

Did you blow in any good money in pursuit of that \$80,000,000 Springer estate bubble?

The ice men in some quarters are said to be feeling uneasy. Time enough for a fine ice harvest yet.

EDITORIAL NOTES.

be considered. The Council meets the request of the School Board with the proposition: "Something from nothing you can't."

According to the report of the Dominion Railway Commissioners one railway passenger out of every 439,104 was killed by accident in 1907, and one out of every 91,299 was injured. The total number of passengers, employees and others killed on the railways during the year, including those killed on the tracks and in other ways, was 387. The number of passengers killed in 1908 was 64; employees, 246.

The Toronto News has won the unenviable distinction of drawing from Sir Wilfrid Laurier a rebuke for its execrable journalistic tactics in attacking him. The cause of the Premier's rebuke of the News was its references to Sir Wilfrid's attitude toward the forged Borden telegram, which have been of the most disgraceful kind. But the News will probably enjoy the notoriety which a cuff from Sir Wilfrid will bring it.

The elaborate returns furnished by the Edison Illuminating Company, of Boston, show that the efficiency obtained by its electric distribution system has ranged from 0.62 to 0.72 per cent. per kilowatt-hour, a percentage varying from 65 to 71.5 per cent. This is regarded as an achievement, but it shows that there are many things to be considered in computing the cost of lighting, besides the mere cost of current at the bus-bars.

It is worth while noting in connection with this Hydro-Electric-Cataract discussion that if the city of Hamilton enters into a contract with the Hydro-Electric Commission it loses the protection of the clauses of the Commerce Act which enables it to require gas or electric companies to submit their prices of light to arbitration. The Hydro-Electric Power Act provides that they shall not apply to any municipality taking power from the commission.

The population of the (county) city of London, Eng., is placed at 4,758,218. In such a congested place overcrowding and homelessness is to be looked for, and it has been estimated that 1 in 2,000 of the population must be cared for by the public. According to the Medical Health Officer's report the casual wards, which accommodate 1,882 persons, had only 1,137 when inspected, and the "homeless" numbered 2,400. In such a population a greater number might have been expected.

Some of the Hydro aldermen think it would pay the city to secure "a small quantity" of power from the Commission at a higher price as a mere matter of a check on the Cataract project. Mayor McLaren also excuses his course on that ground. Such a contention is quite illogical. If we take "a small quantity" of power from the Commission, we must take from the same source all the power which the city purchases, no matter to what uses, public or private, we may devote it. It resolves itself into an effort by the aldermen, with the money of the ratepayers, to do all the injury possible to the local company, even after it has given us press cheaper than all competitors.

The city's percentage of over \$30,000 for January shows that the street railway is paying well, or at least the passengers are doing so.

Shirking the Job. (Brantford Expositor.)

The Hamilton aldermen think to escape further responsibility for themselves in the power matter by making another submission to the people.

Milk & Food. (Toronto Star.)

"A quart of milk is practically equal to a pound of beefsteak in food value." This statement was made by Prof. Dean, of the Ontario Agricultural College at the banquet given by the Holstein Breeders' Association in this city.

Also the Fast Boat. (Kingston Whig.)

Hamilton's school board added \$180,000 to the debt of the city last year, and \$100,000 will be added this year. The trustees will be blamed for an increase in the rate. They don't mind that. They have heard the loud talk of the intimidator before.

Wanted—A Fire Commission. (Monetary Times.)

The combined fire losses in Canada and the United States amount to an average of twelve million dollars a month. The loss in Canada, considered in relation to population, is extremely high. Last month, fires in this country accounted for more than a million and a half dollars' waste. Not only that, but directly attributable to fires no less than seven thousand lives were lost in Canada during January.

GREATMEN WHO HAVE PROVED ZAM-BUK.

Scientist, Analyst, Magistrate and War Correspondent All Testify. Men and women, great in point of knowledge, position and experience, say that Zam-Buk stands superior to all other healing substances. Read the opinions of the following eminent men: Mr. C. E. Sanford, of Weston, King's county, N. S., a magistrate, a school commissioner and Baptist deacon, says: "Zam-Buk cured me of eczema on my ankle, which had defied every other remedy tried during twenty years. It also cured me of piles; and I take pleasure in recommending it to my fellow-men."

Mr. Frank Scudamore, the famous war correspondent, who has gone through twenty-nine battles, and whose despatches during the Boer war were so eagerly read from coast to coast in Canada, says: "Owing to the poisonous dye from an undergarment penetrating in my leg, which had broken out in ulcers. At one time I had seventeen deep holes in my left leg, into each of which I could put my thumb; and had fourteen similar ulcers on my right leg. I was nearly blind from the pain and lack of sleep. Zam-Buk was introduced, and I am glad to say that it gave me speedy relief. A few weeks' treatment resulted in a perfect cure of all the ulcers."

Dr. Andrew Wilson, whose reputation as a scientist is world-wide, in a book recently published ("Homely Talks on First Aid") says: "Zam-Buk may be relied upon as an antiseptic dressing which requires no preparation, and has the particular advantage of possessing unique healing properties."

Mr. W. Lascelles-Scott, the famous analyst to the Royal Commission for Victoria, says: "I have no hesitation in certifying the entire purity of Zam-Buk. It is of great healing power for open wounds or injuries."

So one could go on quoting authority after authority, all of the opinion, based on personal tests, that Zam-Buk should be used for cuts, burns, scratches, cold sores, chapped hands, ulcers, scap sores, ringworm, blood poisoning, and eczema. It is also used extensively for piles, for which it is without equal. All druggists and stores sell it at 25c per tin for \$1.25; or post free from Zam-Buk Co., Toronto, for price. You are warned against harmful imitations.

KELVIN
A number from this vicinity attended the Farmers' Institute meeting at Scotland on Thursday the 4th. Mr. and Mrs. Isaac Jarvis have returned home from a long absence. Rev. T. R. Clarke is still holding special meetings at Northfield Centre. The sleighing has all disappeared. Mr. and Mrs. R. Tritt were visiting the latter's parents a few days ago. Mr. and Mrs. Byron Kelly are now sojourned in their home here. Mr. and Mrs. John Watson were visiting friends in Boston recently. Mrs. M. Messier, of Round Plains, was visiting friends here a few days ago. Mrs. E. Buckborough was visiting relatives here one day last week. A few friends spent Sunday evening with Mr. and Mrs. R. F. Henry. Mrs. Nelles and son, of Wilsonville, were visiting friends here a few days ago. Mr. Armstrong, of Brantford, was through here on business on Wednesday last. Mr. and Mrs. William Almas spent Friday evening with relatives.

STOCK OFFERINGS WITHDRAWN.

John A. Street & Co., Limited, Dispose of Balance of Price System Stocks.

THOUSANDS INTERESTED
Anything that relates to devices for the improvement of present conditions in any line of endeavor is interesting news to the public and any development affecting the Price System for the automatic stopping and controlling of trains is doubly interesting because of the prominence it has attained in the public mind during the last few months.

A reporter from The Times calling at the office of John A. Street & Co., Limited, gleaned the information that the stock of the Universal Signal Co., Limited, had been withdrawn from the local market. In answer to the query Mr. Arthur, the Hamilton representative, said: "Yes, the stock is withdrawn. We are going to-day as we have just disposed of the balance of the block of stock which we were selling to an American syndicate."

"How has the stock been selling in Toronto?" queried The Times. "We are very well satisfied," answered Mr. Arthur. "The public from the first have evinced a very lively interest in the new system and have subscribed very liberally. Our demonstration rooms in Toronto have been thronged daily by interested observers and many thousands have witnessed the model device which we have installed there."

Certainly the Price System, when adopted by the railroads, will have a great bearing upon railway travel, for it will remove absolutely all the dangers now so prevalent under present conditions.

A FINE MUSICAL.

The fine residence of Mr. and Mrs. J. A. Zimmerman, corner of Wentworth street and Delaware avenue, was the scene of a very large gathering last evening at a musicale under the auspices of the Ladies' Guild of St. Peter's Church. An excellent programme was presented, and was much enjoyed by all. It consisted of: Duet, Misses Balfour and Morgan; song, Mrs. Houston; song, Miss Sarszel; recitation, Miss DeCew; song, Mr. H. W. HANDBOOK FOR HUSBANDS.

Women Know How to be Curious, But Men Make Blunders.
(N. Y. Sun.)

"Women are curious," said Uncle Henry, when he was quite sure. She was down at the other end of the flat. "What I mean is they have curiosity. Any fool knows they're curious, meaning queer."

"Don't go by me, son. Look at his-tory. Hannibal, he had curiosity; the male kind. He was itching to see what was out of a collar and elbow customer Scipio was. He wanted to see Scipio very badly. He saw him very badly, and he saw his finish at the same time."

"And how 'bout Haroun Al-Raschid, the original Arabian dake maker?" He was curious. He was itching to see what opened to him, son? No? Well, neither do I, but it was sure something awful.

"And Richard the Lion Hearted, and Peter the Hermit, and the painted redskins who wondered what Billy Penn wanted with their golf links, and Wiley Riley, and Gen. Lesy Putnam and Cotton Mathis, and Aguinaldo—how 'bout 'em? All curious, by gracious, and dodging bricks. That is, the survivors."

"See what I mean? Man's got no business trying to be curious, successfully. No, sir. Now take me. I'm not more than so so so wondering about things. When I slip my foot and begin probing around I get mine—You hear me, son? I get mine plenty."

"Last Tuesday I think it was. I comes home along about the regular time feeling round about the usual way. I goes in and takes off my shoes, puts on my slippers and house coat and waits for the dinner bell."

"All right, pretty soon it begins to ring. Up I gets and goes in to dinner. Like that. All right."

PEOPLE TO VOTE HYDROOR CATARACT

Council Decides In Favor of Submitting Power Question to the Ratepayers.

Vote Was 10 to 11 After a Long Argument --Mayor States Position.

The power question is not settled yet, and the indications are that it will not be for some time to come. Last night the City Council, on a division of 10 to 11, voted down a motion to carry out the contract with the Cataract Power Company...

decided to change to Niagara power the motors could be sold. "Purely as a business proposition I think we should carry out the contract made last year," he said. The Hydro distributing plant would be at Dundas, and it would be an easy matter for the city at any time to connect with it.

Ald. Forth wanted to know if the argument about the pumps was "another petty scheme to rush the contract through the council." This was very effectively answered by Ald. Allan, who produced a letter from Engineer Sothman, of the Hydro-Electric Commission, dated November last, and addressed to the City Engineer, showing that the pumping plant is in great danger of breaking down at any time.

Ald. Pergrine thought the moral obligation was one of the most important points, and he declared that if the adherents in open court, the Council entered into in good faith the contract was devoid of the first grain of decency, common sense and uprightness, and should be banished from the city.

Mayor McLaren before the vote was taken defended his course. Notwithstanding what a newspaper had said about his being biased with prejudice and rancor, he declared that there was not an adherent who could say that he had not gone into the matter fairly, and afforded every member of the Council all facilities for obtaining information.

On motion of Ald. Jutten, seconded by Ald. Hopkins, the following resolution went through without objection: That permission be given the mover to introduce a by-law providing for the submission to the electors qualified to vote on by-laws, creating debts, the following questions:

NOT A MANDATE FROM THE PEOPLE. Ald. Crear flattened out the argument that the vote was a mandate from the people. The courts had proven the falsity of this in at least three decisions. He quoted Ex-Mayor Stewart's speech in Association Hall prior to the vote, when his Worship roared the press for saying that the Hydro vote was binding and declared that it was as harmless as a dove. Mr. Stewart followed this up by declaring that if the Cataract made a better offer he would stand by it, and that the Cataract people were deserving of every bit as much consideration as the Commission. The by-law was intended only as a lever. Ald. Morris talked about the big manufacturers. He probably was not aware that practically every one of the large manufacturing concerns in Hamilton last year, under their signature, signed a petition to close with the Cataract.

HEADACHES ARE DANGER SIGNALS

They Tell Us Plainly That Something Is Wrong Inside

There are tablets and powders that will stop a headache promptly—but removing a danger signal does not take away the danger. In nearly every case a headache—of whatever kind—is a symptom of poisoned blood, due to bowels, Kidneys and Skin failing to thoroughly remove indigestible food and waste, worn-out tissue from the body.

Not only the danger signal, but the danger itself as well, is quickly removed by "Fruit-a-tives." "Fruit-a-tives" are tablets made of the combined juices of oranges, apples, figs and prunes, containing all their medicinal properties, concentrated and intensified. They cause the liver to secrete more bile, which moves the bowels freely and regularly, and cures the most obstinate cases of Constipation. They stir up kidneys and skin to throw off all the urea, or dead tissue, which has been poisoning the system. They sweeten the stomach, improve digestion and tone up the whole body.

The Great Industrial Exposition CONTINUES

You've Seen the Process of Knitting Hosiery and Underwear at Our Exposition. Well, those same lines are what we are selling at our Hosiery and Underwear Section daily, and we might add that these Made-in-Hamilton goods have done much towards assisting this store in the building up of the largest Hosiery and Underwear trade in this community.

Widespread interest and unbounded enthusiasm is manifested on all sides. Don't miss the opportunity of seeing how Hamilton goods are made—from the raw material to the finished product ready to ship.

You've Seen the Unequaled Display of Men's Furnishings at Our Exposition. Fine Shirts, Natural Wool and Cashmere Underwear, Etc. All made right in our own city. Isn't the display an eye-opener? Examine the varieties and styles in the different exhibits and be convinced that Hamilton-made goods are unexcelled in quality and workmanship.

Chenille Goods Made-in-Hamilton. A large exhibit of beautiful Chenille Table Covers is being made during our exposition. The following lines on sale to-morrow on the 4th floor.

Feather Pillows and Cushion Forms Made-in-Hamilton. The feathers used in the various lines of Pillows and Cushion Forms quoted below are treated in an entirely new patented machine, which separates the down from the quill. This machine is the very latest in this line, and there is only one other in use in the whole Dominion.

Special Notice. The following names were unintentionally omitted in our Guide Book of the Exposition. We wish to emphasize these exhibits now.

DR. COOK ARRESTED. Toronto, Feb. 9.—Charged with performing an illegal operation on a nineteen-year-old girl, Dr. Allen B. Cook, of 87 Rosborough avenue west, was taken into custody at his home last night.

C. P. R. DIVIDEND. Montreal, Feb. 9.—At a meeting of the board of the Canadian Pacific Railway Company yesterday, a dividend of 2 per cent. on the preferred stock and 3 per cent. on the common stock was declared for the half year ending December last.

THE PROBLEM OF HUMAN LIFE. To the Editor of the Times: Sir,—Hilper's letter, which appeared in your issue of the 4th, I find, is a well written and earnest appeal to stir up within them the kind of action that will tend to the betterment of themselves and humanity in general.

ANNUL MARRIAGE. Girl Was Half the Age of the Man When Knot Was Tied. Toronto, Feb. 9.—Justice Teetzel yesterday asked to annul the marriage of Elsie M. Menzies and Robert Farrow, which was solemnized in All Saints' Church in 1906, when the girl was 15 years of age and the man 30.

20 DEGREES BELOW. Omaha, Neb., Feb. 9.—Blizzard conditions prevail in Western Nebraska, exceeding in severity the storm of ten days ago. It is reported 20 degrees below zero at Grandford. A strong northwest wind last night blew blinding snow into drifts.

TELEGRAPHERS' CLAIMS. Board Nominated to Investigate Dispute in G. N. W. System. Ottawa, Feb. 8.—A Board of Conciliation and Investigation under the Lemieux act has been appointed to adjudicate in the dispute between the Great Northwestern Telegraph Company and some of the telegraphers in its employ, who are opposed to the company's action in refusing to pay a commission on commercial work done by railway telegraphers.

SCOTT'S EMULSION. is so good for children, for growing boys and girls, it's a pity to keep it from them.

THE EARTH SHOOK. Mexico City, Feb. 9.—A serious earthquake, lasting 35 seconds, was felt near the volcano Colima yesterday. The eruption of the volcano since the inauguration of the activity of the volcano, however, has in no way frightened the inhabitants of the neighboring valleys, despite the frequent earthquakes and subterranean noises which accompany each eruption.

Both parties to the marriage, who are of opposite creeds, are now anxious to break the ties that bind, but in a letter to the girl he wrote that she would have to bear the expense in the matter. Her relatives are said to be well off.

Charlotte Lutton, of Toronto, is suing Cyrus T. Lesson, farmer, Grey County, for \$5,000 for alleged breach of promise. He married another girl.

PREMIER AND TORONTO NEWS

Expression "Dirty Fighting" Particularly Offensive.

Change in Borden Message Was News to Him.

No New Railway Subsidies—The Militia Camps.

Ottawa, Feb. 8.—The House of Commons is fairly indulgent to press criticism, and no member of it more so than the Prime Minister, a fact which may be better appreciated when it is stated that not once during his whole experience in Parliament has he had occasion to call attention to any newspaper statement, but Sir Wilfrid Laurier found it necessary to-day to break the self-imposed rule which he had observed for so long in order to correct an impression sought to be created by a section of the press, that when he raised the question of the campaign methods adopted by the Conservative party in British Columbia, and referred to Mr. Borden's telegram to The Victoria Colonist, he knew that that message had been partially forged.

OBJECTED TO NEWS' STATEMENT.

In particular Sir Wilfrid took exception to certain statements which appeared in the Parliamentary letter of The Toronto News, charging him with a knowledge of the facts when he addressed the House and characterizing his methods as "dirty fighting." In moderate language the Prime Minister stamped this suggestion as being absolutely unfounded. He said in all his experience of 34 years in Parliament he had never before thought it advisable to refer to an incorrect statement in regard to himself in the press, but the statement in the Ottawa correspondence of The News, which he quoted, was one that he thought ought to be corrected. He explained that shortly after the elections Mr. Templeman spoke to him about the telegram, and informed him that he had written to the leader of the Opposition to ask him if he had really sent it. "At the time he spoke to me," continued Sir Wilfrid, "he informed me that he had not received any answer from the hon. leader of the Opposition. That was the only time I spoke to him in regard to the matter. As to what passed between Mr. Templeman and the hon. leader of the Opposition I have nothing to say, but as to the inference that I knew that the telegram was garbled there is no proof of that, and there is no truth in the matter."

MR. TEMPLEMAN'S LETTER.

To confirm his statement Sir Wilfrid read a letter, dated January 22, from Mr. Templeman, which, while clearly showing that the Prime Minister did not know the truth about the telegram when he addressed the House, suggested that Mr. Borden had been none too ready to repudiate the garbled message. Mr. Templeman's letter was in the following terms:

"My dear Sir Wilfrid.—The version given me of the discussion in the House this afternoon (Jan. 22), of Mr. Borden's discussion telegram was not very full and may not be accurate. But I was informed that Mr. Borden stated something to the effect that there was an error in the telegram or that he had advised me that there was an error. Mr. Borden spoke to me in the club shortly after his return to the city, and explained that he would send me an answer—that he had not overlooked it—and that he desired to obtain some information in regard to it. I inferred that his absence from the city and his desire to get some information was the cause of the delay in answering my letter. He did not say there was an error; that is such an important admission that I would have noted it. That was the only time I spoke on the subject of my inquiry about the authenticity of his telegram, and I have as yet no reply in writing. Had he informed me there was an error I would have advised you, as that would seem to support my view that the telegram was a forgery. The point as to whether Mr. Borden stated to me what he said he did is of no great importance perhaps, but his admission that there was an error is of importance."

MR. BORDEN'S REPLY.

The question of privilege thus raised by the Prime Minister gave Mr. Borden an opportunity to dissociate himself from the statements made in the Tory press, but the leader of the Opposition did not avail himself of it. Instead, he contented himself with the assurance that he had certainly understood that he had "left the impression firmly impressed" on Mr. Templeman's mind that there had been some mistake in the telegram, and with a complaint that he, too, had been misrepresented in his case by the Montreal Herald.

NO NEW RAILWAY SUBSIDIES.

An announcement of considerable importance was made by the Minister of Railways, who stated that it was not the intention of the Government to propose to Parliament any new railway subsidies this session. This information was given in reply to Mr. McCarthey (Calgary), who asked whether the Government were prepared to grant any aid towards "the construction of a railway in Alberta."

"The Government does not propose," said Hon. Mr. Graham, "to add during the present session to the obligations already incurred in the aid of railways."

MILITIA CAMPS.

Sir Frederick Borden, in reply to a question, stated that the city militia corps would perform their annual training during the coming summer at local headquarters, while the rural corps would be trained in camps of instruction, details of which had not yet been arranged.

Mr. E. N. Lewis introduced a bill to have an official lead line on ships sailing on inland waters and on coast barges. The bill was read for the first time.

PRIVATE MEMBERS' DAY.

Private members' day is as a rule fully taken advantage of by those for whom it is specially reserved, but this was not the case to-day. When motions were called, and there are over forty standing on the order paper, several of a non-contentious character were passed, but of the others not one could be proceeded with, because their sponsors were not ready. As a result the House went into supply—an experience which is most exceptional on a private members' day, so early in the session, and which, furnishes rather a commentary upon the complaints sometimes voiced

STAMP OUT YOUR CATARRH!

Catarrh is bound to come with this weather. Scarcely anyone will escape. Slight colds become more offensive and sickening every day. The inflammation extends further into the head, soon the ears begin to buzz and ring, the head aches, the eyes pain dreadfully, the nose gets plugged up and this forces the patient to breathe through the mouth. Vile, filthy secretions are forced back into the throat, requiring a great deal of coughing to keep the air passages free. Finally, this foul matter finds its way into the stomach, causing dyspepsia and general ill-health. By this time the patient has SYSTEMIC CATARRH, which saps strength, depletes the vital energies till Consumption is the unhappy result.

Breathe Catarrhazone

There isn't the slightest use in trying to cure this condition with tablets, snuffs or sprays. Such treatments are wholly inadequate. You must employ Catarrhazone, the only remedy that possesses power to kill the germs of Catarrh. The healing vapor of Catarrhazone is carried by the air you breathe to the most minute cells of the nose, throat, bronchial tubes and lungs. Its antiseptic medication goes everywhere that air can go. No case is too chronic, no person too old—everybody that has Catarrh of any kind can be permanently cured by this grand treatment which is endorsed by thousands of physicians throughout America, who say: The only way to permanently get rid of Catarrh is to use Catarrhazone.

Two months' treatment guaranteed to cure. Price, \$1.00; medium size, 50c; trial size, 25c. All dealers or N. C. POLSON & CO., Kingston, Ont.

KILLING OF SPANHOUSES.

Stewart the Murderer Declared to be Insane.

Better Supervision of Feeble-Minded Recommended.

Story of Eye-Witnesses—Maniac Now in Jail.

Shelburne, Feb. 8.—"John Spanhouse and James Spanhouse came to their death by wounds inflicted with a club at the hands of George Ernest Stewart while of unsound mind. We strongly and unanimously recommend that a close scrutiny should be kept upon all feeble-minded people in the Province of Ontario, and that necessary refuges and retreats be established where they will be, as far as possible, self-supporting, which we believe can be accomplished by careful consideration of the question."

This was the operative portion of the verdict of the jury which inquired into the cause of the death of two victims, so far as it affected Stewart, was one which was generally anticipated, and so far as the evidence offered was concerned, ample justification can be found for it. The story of the terrible outbreak of maniacal rage which led to the killing of John Spanhouse and his son on the hearthstone of the home they had carved from the wilderness, differed little from the first stories published. The chief point upon which no corroboration was received was with regard to the allegation that Stewart shot, as well as clubbed, his victims.

The only real eye-witness of the double murder, Mrs. Spanhouse, who so nearly lost her own life, was unable to give evidence, although she is out of danger. Privately she has given a clear account of the affair. Still the witnesses called were well able to connect Stewart with the crime, and also to offer strong evidence as to his condition of mind.

GRACE CHRISTIAN'S STORY.

In simple phraseology Grace Christian, the young servant, who heard the struggle, told her story. About 6 o'clock on Sunday morning she heard a knock at the door, and Mr. Spanhouse, sen., answered. They came a blow and a call to his son for help. "Come, Jim, quick," called the old man, and his son saying "I'll get the gun," dashed downstairs with the old Snider rifle. Then came the sound of a struggle, "a pounding," the girl called it, then deep silence, and then a pounding again. Finally, as the unknown left the house, she heard the terrible words: "There, I have killed them."

For an hour she remained in terror

WOMAN BURNED.

Resisted Desperately as the Firemen Tried to Rescue Her.

Charlottetown, P. E. I., Feb. 8.—Mrs. J. D. McLeod, aged 75, wife of a retired grocer, died in Prince Edward Island Hospital last evening from burns received in a fire yesterday morning. She had been an invalid and bedridden for twelve years. The fire broke out opposite her bedroom door on the second floor of her residence, cutting off attempts at rescue by the firemen through a window, down a ladder, though she resisted desperately, not willing to leave her bed. She was terribly burned on the face and body, dying six hours later.

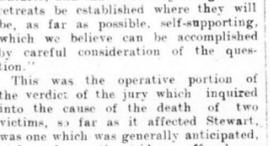

Died Under Engine Wheels.

Proton, Feb. 8.—Thomas Lyons, a one-armed man, living near here, was killed at Saugeen Junction on Saturday morning. He had been up for his mail, and was walking home along the track, when a light engine coming down the Walkerton branch of the C. P. R. struck him.

THE TROUBLE LIES HERE

ATTEMPTED TO ESCAPE.

George Ernest Stewart, who murdered John and James Spanhouse, and wounded Mrs. John Spanhouse, George Beaumont, William Stewart, Mrs. Gowen and William Wilson at Shrigley yesterday, made a desperate attempt to escape to-day. All night Stewart restlessly paced his cell and repeatedly made efforts to break out. This morning, although heavily chained, he made an attempt to escape when taken from the lockup to be driven to Orangeville. Breaking loose from his guards, Constables Thompson and Brundridge, he bolted along the road and travelled two miles to a creek where he was tripped by a passer-by and fell. Then his leg and hand irons became so interlocked that further movement was impossible, and he was secured.

MRS. SPANHOUSE'S ACCOUNT.

Mrs. Spanhouse, who is being attended by Dr. McGibbon, of Honeywood, stated this morning that it was about 5 o'clock on Sunday morning when the knock came at the front door. Her husband left the bedroom on the ground floor, passed through the parlor, and before opening the door asked who was there. Stewart replied by giving his name. Mrs. Spanhouse opened the door and was immediately struck on the head. He reeled and called "I'm shot."

His wife rushed to his aid, but as the murderer forced his way in Mr. Spanhouse pushed her back into a bedroom. Then, with a call to his son James, he reeled and fell.

Mrs. Spanhouse flung herself on her husband's body to protect him, and was then struck a number of times about the head and shoulders. James Spanhouse had been aroused, and, seizing an old Snider rifle, giving him by his brother-in-law, W. Foggett, dashed down stairs to meet at the foot by Stewart, who wrested the unloaded weapon from him and completely smashed the top of his head with a single blow. Mrs. Spanhouse again took refuge in the bedroom, and there, exhausted, fell to the floor, partially rolling beneath the bed. This, in fact, saved her life. Stewart followed and pounded her shoulders and back, but could not reach her head and inflict fatal injuries.

SAD PARTY ON TRAIN.

Orangeville, Ont., Feb. 8.—Mr. John Spanhouse, sen., and his wife, the first victims in the Melancthon tragedy, had a family of ten children; James Spanhouse, jun., Shrigley, aged 42, dead; W. Spanhouse, Badgerow, aged 40, farmer; John Spanhouse, Reddickville, aged 25, farmer; Mrs. W. Phillips, Collingwood; Mrs. A. Moat, 855 Marlboro avenue, Toronto; Mrs. W. T. Foggett, 303 Dundas

street, West Toronto; Mrs. C. Huggins, Shrigley; Mrs. W. McKenzie, Reddickville; Mrs. Hiram Stantenbery, Collingwood, and Mrs. W. London, Shelburne.

A sad party went up in the Toronto train this morning to Shelburne. Mrs. A. Moat and Mrs. W. T. Foggett, the twin daughters of the deceased John Spanhouse, accompanied by their husbands, hastened to the scene of the tragedy.

STEWART IN THE JAIL.

Orangeville, Feb. 8.—A correspondent has just attempted to interview the prisoner Stewart, but courtesy of the authorities. The unfortunate man did not know of the visit, which was made in the kindest spirit. Stewart about 4 o'clock had a most violent spell, and Jailer Bowles, who is absolutely fearless, entered the small cell and in a few minutes pacified the man. When seen at 5 p. m. Stewart was pacing the narrow confines of his cell, his hands behind his back and marking time. He would not turn around, and is evidently a lunatic of most violent tendencies. The man is nearly six feet in height, and a giant in strength.

A MIMIC BATTLE.

French Warship Iena Will be Fired On.

Paris, Feb. 8.—The French Government is planning to carry on interesting experiments with the disabled battleship Iena in a few months to establish certain facts concerning the durability of modern warships under the fire of shells, and also to discover how great the loss of life would be.

It was decided some months ago that the Iena was no longer fit for service and should be destroyed, but it was also decreed that her hull should be preserved, that she should sink under shells aimed at her by French guns. Now it has been decided to turn this destruction to the best account.

Naturally, animals will be substituted for men on board the doomed ship. It will be necessary, of course, to examine the ship after each firing, with a view to ascertaining their suitability for domestication in the northern parts of this country. The suggestion that parts of Labrador and the Canadian hinterland might be suitable for yaks was made by Mr. Ernest Thompson Seton, the naturalist, during a visit to Ottawa some time ago. The flesh of the yak is the same in flavor and texture as that of the common ox. It is somewhat like the buffalo, but has a docile temper.

Mr. Seton believed that it could be bred and domesticated throughout the whole northern belt of Canada, from Labrador to the Yukon. Over a year ago, while visiting the Duke of Bedford, who has a herd of yaks, Mr. Seton suggested that a few of them be sent to Canada for experiment. The Duke offered to give six of his herd to the Canadian Government, and his offer has been accepted. This experimental herd will be brought to the Central Experimental Farm, and their numbers will be increased by fresh importations as soon as experience justifies it.

The yak's chief habitat is in Tibet and the adjacent parts of Central Asia. Its hair is long and covers in fringe-like style its flanks and shoulders. The yak rug is a notable article of commerce. The yak milk is one of the chief articles of diet in Tibet. The yak does not like the summer season as high as 20,000 feet above the sea level. In Tibet it is both a wild and domesticated animal.

TRY YAKS.

Duke of Bedford Presents Six Head to the Dominion.

Ottawa, Feb. 8.—A small herd of yaks, a domestic animal new to this continent, but common in parts of Asia and northern Europe, will shortly be brought to Canada, under charge of the Department of Agriculture, with a view to ascertaining their suitability for domestication in the northern parts of this country. The suggestion that parts of Labrador and the Canadian hinterland might be suitable for yaks was made by Mr. Ernest Thompson Seton, the naturalist, during a visit to Ottawa some time ago. MONEY-LENDERS IN COURT.

Four Ottawa Alleged Usurers - arraigned—One Pleads Guilty.

Ottawa, Feb. 8.—Before Judge Magistrate O'Keefe this afternoon four of the six local money-lenders, charged with loaning money at over 12 per cent. interest, were arraigned. M. J. Harty pleaded guilty, and sentence was deferred until the cases against the others are disposed of. Mrs. Arabella Lahaise, Neil McKinnon and J. H. Dube pleaded not guilty and were remanded on bail until Friday. A. L. Forbes, another of the accused, could not attend court, as he was ill in the hospital, and Walter Hatch, for whom a summons has been issued, has not yet been located, having suddenly left the city.

William Brock, a well-known London business man, was severely bitten by a bulldog, with which his own dog, a setter, was fighting.

ON MORALS OF THE CITY.

Bishop DuMoulin to the Brotherhood of St. Andrew.

Fine Meeting of the Local Assembly Last Night.

Papers by the Members and Some Good Discussion.

The local assembly of the Brotherhood of St. Andrew held its quarterly meeting last evening in the school house of the Church of the Ascension.

H. E. McLaren, president of the assembly, presided, with his Lordship Bishop DuMoulin on the platform.

Canon Wade had a few opening words of greetings to the members in which he said he was glad to welcome the delegates to his own church, after a long absence.

Mr. McLaren made a fitting reply. After the reading of the minutes, Mr. McLaren gave a short address on the progress of the Brotherhood work at Crown Point.

Mr. McLaren gave a short address on the progress of the Brotherhood work at Crown Point. Rev. C. B. Kenrick, of St. Philip's Church, had taken hold of the work in earnest and held the first service a week ago Sunday.

Mr. McLaren asked for volunteers for the work, so that Mr. Kenrick would have more time to devote in his Bible class work.

In connection with the matter a young gentleman stood up at the conclusion of Mr. McLaren's remarks, and stated that he was under the impression that the Brotherhood work at Crown Point were out to get all the children and young people for their Sunday school.

These remarks were followed by the reading of four interesting papers as follows: Hopefulness, F. E. McLaughlin, Ascension; Responsibility, Percy S. Hall, St. George's; Perseverance, W. Blandy, St. Stephen's; Opportunity, W. H. Reubury, St. Luke's.

After the singing of a hymn three papers on the Junior Chapters were read by the following: In Sport, C. DeCeu, St. Thomas; In School, G. E. Haygard, Ascension; In Church and Sunday School, Reg. Gilbert, St. George's.

At the conclusion of the reading of the papers, Bishop DuMoulin had a few interesting remarks to make in encouragement of the Brotherhood work. He said that he was greatly delighted to see such a large gathering of young men interested in the work of the Master.

His Lordship also spoke of the helpfulness that the Brotherhood is to the clergy. As an instance he referred to St. Philip's Church and St. Stephen's, both having been started by the Brotherhood. It is to be praised and encouraged in the good work it is pursuing, he said.

His Lordship went to say a few things about the morality of the city. The city is anything but a paragon of virtue. The newspapers have stirred things in such a manner that they will have nothing to the imagination of the conditions that exist. Men cannot sit at ease in their homes and say that the city is good, after reading such reports as appear from day to day.

The question of wickedness has a looked square in the face, and from the present outlook, it might be discouraging, but those firm in the faith of the Master should know that the Church is fighting a stern war of God with which to battle the sins of the world.

The time will come, when the young men come to age, when they will take an interest in the welfare of this city. Those whose duty it is to purify the city, ought to be ashamed of themselves if they do not do the work they are supposed to do, and if these men do not do the bidding of the voters who put them in office, it is their responsibility, then it should be the duty of every man to use his influence to put men in these places where good work can be accomplished.

It should be the desire of every member of the Brotherhood to be and diminish the opportunities of every young boy and man for entering into temptation.

The meeting closed with the roll call and a hymn.

HIS FLESH HORRIBLY BURNT.

His druggist sold him a cheap acid corn cure, which he should have bought as Putnam's Corn Extractor; it's purely vegetable and acts in 24 hours. Insist on only "Putnam's."

Ontario's Fruit in London.

London, Feb. 8.—The newest attraction to Londoners is the Ontario Government office, 163 Strand. A fine display of bottled fruit in the window causes many inquiries where such can be purchased in London. Commissioner, Colcock says inquiries by intending emigrants have averaged fifty per day.

CAMP IN THE PINE FOREST.

Eminent Tragedian Ordered by His Physicians to the Heart of the North Woods.

When Richard Mansfield, the great American actor, returned to this country after a vain effort to regain his health through extensive European travel, he was taken into the heart of the North woods, among the mighty pines of the Adirondack Mountains.

Thousands of people who suffer from throat, lung and bronchial affections, can not leave home and find the most rest at home can obtain the beneficial effect of the forest air by using Virgin Oil of Pine, a combination of the active

principles of the Pine and Santal-wood, which possesses the healing, health-giving properties of the tree itself. A half-ounce of the Virgin Oil of Pine mixed with two ounces of Glycerine and a half-pint of good Whiskey, a teaspoonful every four hours, will break up a cold quickly and cure any cough that is curable. Get the ingredients separately and mix them yourself.

The genuine Virgin Oil of Pine is put up only in half-ounce vials for druggists to dispense. Each vial is securely sealed in a round wooden case. Be sure to get the genuine—Virgin Oil of Pine—prepared only by Leach Chemical Co., Windsor, Ont.

MUSIC AND DRAMA

The sale of seats for the week has been good.

ELGAR CHOIR. In the way of concerts, the city will be well served during the next two weeks. To those who love to hear the human voice in song—and what is more delightful—the first of the Elgar Choir concerts on February 17 at the Grand, should prove a powerful magnet. Part songs and arrangements for ladies, men's and mixed voices will form a programme that cannot but please every patron.

"THE GOLDEN BUTTERFLY." The return of Grace Van Staudiff to the Grand on Thursday night will be marked by one of the largest audiences of the season, for the demand for seats has been quite heavy. This charming prima donna is said to have a remarkably fine production in "The Golden Butterfly." The music is said to be the best of Koven's best, and Harry Reginald De Koven's best, and Harry Reginald De Koven's best, and Harry Reginald De Koven's best.

JOSEPHINE DAVIS, Singing Comedienne at Bennett's this week.

Smith has given a book with a real plot. In point of grandeur the opera is unsurpassed both as to stage settings and costuming. The organization is a very large one, and carries its own orchestra and travels by special train, it taking three baggage cars alone for the scenery. The scene of the opera is laid in Buda Pesth, and the music has a delightful Hungarian tinge. There is one love song called "Do Not Forget Me," that occurs about a dozen times through the opera, and is the motive.

"THE MERRY WIDOW." Henry W. Savage's splendid production of the world-famous operatic success, "The Merry Widow," will be the attraction at the Grand on Friday and Saturday, seats for which go on sale to-morrow morning. With the organization will come Mr. Savage's famous English grand opera orchestra, under the personal direction of Augustus Barrett, the well-known English conductor. The company which will present "The Merry Widow" in this city is headed by Miss Absalom, who for years shared with Fritz Schaff the distinction of being one of the two best singers of grand opera "soubrette" roles in all Europe.

AT THE SAVOY. Bartley Campbell's powerful drama, "The Galley Slave," was presented at the Savoy last night by the Selman Stock Co., and it was enjoyed by a large audience. From a scenic point of view the presentation ranks with any yet seen at the Savoy this season. The first act, showing the exterior of an old Palazzo in Venice, being a most charming picture, and the scene in the prison yard at Marseilles being also worthy of mention. Much credit is due Lawrence Barbour for the general excellence of the performance. Miss Lasche has emotional scenes of several types, which she plays with artistic discretion and a poignant certainty of effect. Joseph Selman is given further opportunities to display his versatility in the role of Sydney Norcott. He gave a well conceived impersonation, which carried conviction. Miss Kathryn Shay is a splendid type of the breezy, jovial and good-hearted American girl, and gets all that is possible of the role of Psyche Gay. Miss Eugenie Du Bois is powerful in the part of Frances, the deserted wife, and plays with power and feeling. Thaddeus Gray, as the baron, plays with surprising force and thereby sustained the reputation he has won as a keen student of character. Claudia Lucas was a delightful Widow Gray. Stuart Bohe was well cast as Napier. Albert Tavernier, Campbell Stratton, Lawrence Barbour, Mildred Herman and the winsome little actress, Dorothy Wilson, contributed to the general excellence of the play. This is a play well worth seeing and no doubt will prove a winner from the box office point of view.

IMPERIAL OPERA COMPANY. The Imperial Opera Company, which made many friends here a short time ago, is to return to the Grand next Tuesday night for one performance only. That the organization will be welcomed by a large audience is almost certain.

for their performances are equal to any at dollar and a half prices, while this company only charges a dollar for the best seats. On this evening the English music comedy, "The Circus Girl," will be presented.

PADEREWSKI. Of this great artist, who comes to Hamilton for one concert only, Wednesday, January 24th, the New York Sun, in reporting his recent appearance there, says:

Ignace Jan Paderewski, the pianist, gave his only recital of the current season at Carnegie Hall yesterday afternoon. The incidents attendant upon the entertainment were those which have become familiar with the passage of seasons since this unique player sat down and then conquered New York. The auditorium was crowded to its entire capacity. All the standing room as well as all the seats and boxes was occupied. This great audience hung breathless on the artist's playing, its delight manifestly growing as the pianist's founder works on his programme were left behind and those taken up which called forth the more brilliant traits of his mastery of the keyboard.

At the conclusion of the programme there was the same old unwillingness to leave the house till the artist had contributed some additional numbers and the same old eagerness to crowd down toward the platform and see face to face that manner of man this was. Most of these things have become incidents of the concert rather than those of Mr. Paderewski, but it was at his that they began to be associated with musical life in this village.

CANADIAN CLUB BANQUET. The Canadian Club announces that its annual banquet will be held on Tuesday evening, February 23rd, in the Royal Hotel. The speakers for the evening will be Dr. Neil MacPherson, C. M. F. R. C. S., President of the Canadian Club of New York, the Honorable W. A. Weir, Treasurer of the Executive Council of the Province of Quebec, Mr. Godfrey Langmead, P. C. of Montreal, and the Honorable W. J. Hanna, Secretary and Registrar of the Province of Ontario. A musical programme has been arranged for and a pleasant evening is anticipated.

INTERPRETER OF DICKENS. On Monday, Feb. 22nd, Hamilton will have their first opportunity of seeing one of the finest interpreters of Dickens, Mr. Frank Speaight of London, Eng. Mr. Speaight, who is at present touring the United States, will be seen at Association Hall in his celebrated rendering of "Nicholas Nickleby," which he has been making the feature of his present tour. Those who remember the delightful work of Mr. Miles last spring in "Dombey and Son," will look forward to Mr. Speaight's engagement with keen anticipation. Like Mr. Miles, Mr. Speaight comes here under the auspices of Dickens Fellowship. The English papers have great things to say of him, as this, for instance, from the Sheffield Telegraph: "Mr. Speaight is an artist in the United States, will be seen at Association Hall in his celebrated rendering of 'Nicholas Nickleby,' which he has been making the feature of his present tour. Those who remember the delightful work of Mr. Miles last spring in 'Dombey and Son,' will look forward to Mr. Speaight's engagement with keen anticipation. Like Mr. Miles, Mr. Speaight comes here under the auspices of Dickens Fellowship. The English papers have great things to say of him, as this, for instance, from the Sheffield Telegraph: 'Mr. Speaight is an artist in the United States, will be seen at Association Hall in his celebrated rendering of 'Nicholas Nickleby,' which he has been making the feature of his present tour. T. J. S. Martin, formerly of this city, has been doing some excellent curling at the Sudbury bospital, in the Diamond Jubilee event, for singles, he won from W. Martyn, of North Bay, what was considered to be the most scientific contest of the series. The score was 7 to 6.

Perhaps Manager Long will get the Oil City team to pour oil on the troubled waters of the C. A. A. U.

Billy Sherring is non-committal in regard to the story sent out from Toronto yesterday that the Hamilton winner of the Marathon race at Athens a few years ago would turn 'pro' and run Longboat. After returning from Greece Sherring declared that he would never again start in a race, and since then he has stuck to his decision, although he has frequently received flattering offers to again don his running clothes and meet Tom Longboat, Shrub and some of the other cracks.

A mind-reading expert says, however, that Sherring has no thoughts of running against Longboat.

Sing with joy ye forest kings, Your hands clap long and loud; Let your slumbering branches swing An anthem to the clouds; Praise, oh praise your native son, Praise your king of Marathons.

Forests mould the sinews strong, The masters of the trail; Oceans breed amid their throng, The hero of the gale; Britain's banners fears no sail, Redman conquers all his trails.

Redman loved the maple leaf, Teunuch fetherland; Britain loves their noble chiefs, As Longboat loves the Grand; Bless their nation, friends of old, Crown their hero manifold.

Back to the Sherrington for Shrub, says the Toronto Telegram.

The backbone of the Boston Nationals this season will be the castoffs Bowman, Dahlen, Ritchey, Brown and Beaumont, all great players in their day, and good men at the present time, but for some reason not wanted by the great teams they did so much to bring to the front.

Ambrose McConnell, second baseman for Providence in 1907, and who made good with the Boston Americans last season, was recently presented a \$250 diamond ring by Ned McCreedy, one of Boston's noted fans. McCreedy offered the prize to the player who stole the largest number of bases on the Red Sox last season. McConnell led with 31.

Somebody is planning a resurrection carnival among boxers, and such names as Charley Mitchell, Kid Lavigne, Bob Fitzsimmons, Joe Choynski, Peter Maher, and others, come to us from the dead. The only reason Jack Dempsey is not mentioned is that he is too dead. What a beautiful line-up!

If reports from Australia are true, Sam Fitzpatrick evidently believes he has a real champion in Jack Johnson. He chased Tommy Burns into a corner, and walloped him well, and he does not propose to let Jim Jeffries trot around creating the impression that he is still the greatest ever. Instead of climbing slowly towards the big alfalfa farmer and gathering the simoleons on the way, he is now said to be headed straight for Jeff, without even stopping to take a passing punch at Sam Langford. However, there may be another reason. Some folks think that Langford would lick his colored brother, and Sam may be more money out that there would be in one from a second-rate fighter. And if money made the mare go in the old days it has a similar effect on pugilists in these later days.—Telegram.

There has been a large sale of seats for the H. B. & A. C. benefit at Bennett's Theatre to-night. The club members, in their anxiety to send as many bowling teams to Pittsburg as possible, have worked hard on the sale of tickets, and their friends should remember that tickets must be purchased from the club, the club members or from Hawkins, Hennessy's or Mack's drug stores, in order for the club to derive any benefit from the sale.

H. R. C. OFFICERS. Mr. R. T. Steele Was Re-Elected President.

The annual meeting of the Hamilton Rowing Club took place last night, and the following officers were elected for the ensuing term: Honorary President—Robert Holson. Honorary Vice-Presidents—W. W. Osborne and J. W. Lamoreaux. President—R. T. Steele. Vice-Presidents—Don Cameron and W. E. Bishop. Secretary—T. H. Sloan. Treasurer—Fred Griffith. Assistant Treasurer—E. Hoag. Captain—Norman Meade. Auditors—J. Talmage and E. Speller. Committee of Management—B. O. Hooper, E. A. Wark, J. McAllister, C. Sinclair, J. Taylor, H. Walbeck, C. O. Pielgrim, J. Mahoney.

There was a large attendance of members, and President Steele expressed the hope that the members of the club would all get into active training on the machines.

Evansville, Ind., Feb. 9.—Robert Vint, aged 21, of this city, finished a contest here which he claims breaks the world's record for roller skating. He skated 26 hours and 51 minutes without leaving the floor and had received no previous training for the ordeal. He says he believes he can make it 30 hours the next contest he enters.

INDOOR BALL GAMES.

The Internationals and Scoundrels Won.

Report That Shrub is Dead Not True.

Tom Flanagan Lionized in Toronto Yesterday.

The attendance at last night's games in the City Indoor Baseball League at Armory Rink was the largest yet enjoyed by the league. Two games were played in fast time, the Internationals and the Scoundrels being the winners. The first game between the Harvester men and the Victorias was an exciting exhibition. Both teams played exceptionally fine ball, and had the Park Nats even a little more lucky with their hits, victory would have been theirs. Pitcher Morrow, however, was best in tight places, and prevented many runs for the Deering boys. The team lined up as follows: Internationals (8)—Hottum 2b, Lomas r.f., McLeod 3b, McGavin l.f., Saunders c., Huggins l.s., Whitney 1b, Morrow p., Kavanagh r.f. Victorias (6)—Wilkes r.f., A. FOR FEATHER TITLE.

Abe Attell Finally Names Terms For Driscoll.

New York, Feb. 8.—After nearly four months of dodging by Abe Attell, the American featherweight champion, he has finally named terms for a match with Jim Driscoll, the wonderful English featherweight, which will probably be accepted immediately. Attell sent a despatch here from New Orleans today, to a man who is looking out for his interests, to the effect that he would fight Driscoll on February 18th in a ten-round bout at 124 pounds, weight in at 4 o'clock.

Manager Gibson of the Fairmont A. C., who has been rebuffed after the match for a week, then jumped into the negotiations with a proposition which the men will probably accept.

Driscoll will have one of the hardest fights of his career, by the way, when he meets Leach Cross in a ten-round mill at 135 pounds, weight in at 5 o'clock in the Fairmont A. C. ring on Wednesday night. But the wise men were letting 7 to 5 to-day that Driscoll would defeat Cross, and 3 to 1 that Cross would not score a knockout.

Cross said today that he intended to force the issue from the first tap of the gong, and that he believed he was fast enough to land a sleep wallop on Driscoll's jaw.

Jabez White, the champion light-weight of England, who has just arrived here in search of a match with Bert Nelson, may be matched with Bert Kelly for a ten-round go at the Fairmont A. C. ring.

NOT DEAD, BUT DREAMING. Los Angeles, Cal., Feb. 9.—I am still champion and Jack Johnson is not going to do any dictating if I go back to the ring.

Jim Jeffries threw the local sporting contingent into spasms of joy by this remark today, the "if" in the case being taken as evidence that he intends to resume his place in the ring.

SHRUBB ALIVE. Little Englishman Denies That He is a Dead One.

New York, Feb. 9.—There was a rumour last night that Al Shrub had dropped dead in the street yesterday and the wires of the Empire Hotel, where Shrub is staying, fairly buzzed with anxious inquiries. Last night Shrub said: "No, I'm not dead. I am far from it. In fact, barring a bit of stiffness in my limbs, I am one of the liveliest fellows in New York. You know a race like that in the Garden stiffens one up a bit. I wish to correct some of the statements in the newspaper saying that I came near dying after the race last Friday night. I was all in, it is true, but not any more so than should be expected after a hard distance race. It was the smoke that killed me. That was terrible for a man to breathe. I never will race in the Garden again unless smoking is prohibited."

I have not made any future plans yet. It is possible that I will meet Longboat in a special fifteen-mile race in Buffalo, near the end of the month. Sporting promoters there have made me a good offer. I also have been asked to meet Longboat in a fifteen mile race in New York. I probably will contract for one of the races.

It is said that the Buffalo promoters have offered a \$7,500 purse, split \$5,000 to the winner and \$2,500 to the loser, for a fifteen-mile race between Shrub and Longboat. If the men agree, the race will be run on the 74th Regiment track before the end of the month.

If Shrub and Longboat accept an offer of a \$7,500 purse for a fifteen-mile race in Buffalo, those who saw the Indian win in the Garden last Friday night will probably gloat Shrub as a sure thing, inasmuch as it is the prevailing opinion that for fifteen miles there is no runner in the world that has a chance to take Shrub's measure.

Knocking Down the Pins

The Bennett bill to-night, in addition to the regular entertainment, will include an amateur performance, under the auspices of the Hamilton Bowling & Athletic Club, which will have a benefit evening. The amateur programme following the regular bill will include selections by the club quartette, Green and Konkle, acrobats; J. J. Fitzgerald, songs and dances, and Maurice Knuffman, another clever entertainer.

Two matches in class B were rolled at the H. B. & A. C. alleys last night. The Knockouts won three from the Grocers and the Knight Hawks took two from the Hamilton Gun Club No. 2.

Following are the scores: CLASS B—Grocers: A. Williamson 140 152 163 455, J. A. Williamson 124 192 133 449, J. Torrance 127 166 156 449, A. Morden 171 147 175 493, F. Shaw 139 138 130 427.

Knockouts: A. Laird 190 178 155 503, R. Cheyne 202 199 206 607, D. Lyon 150 136 194 480, R. Isbister 163 157 138 438, H. Sweeney 180 162 202 544.

Hamilton Gun Club No. 2: J. McMahon 153 165 136 454, R. McMahon 136 197 195 528, Mitchell 146 156 176 478, Mitchell 180 162 202 544, C. Thomson 163 137 200 500.

Knight Hawks: R. Johnson 135 180 137 452, Lord 188 161 154 493, W. Smith 143 128 165 436, A. Laing 198 222 168 589, G. Nelson 170 160 201 531.

Four matches were played in Class C last night, with the following result: Royal Distillery won three games; Scoundrels won three; Canwesno No. 2 won two; Copley, Noyes & Randall won two. The scores were as follows: CLASS C—Royal Distillery: W. R. Marshall 117 188 198 481, Watson 107 112 145 364, O'Brien 162 128 156 446, Mitchell 128 178 136 442, Robins 143 173 116 432.

Chatham Chosen. Chatham, Feb. 9.—That the Toronto Eastern League ball team will make no mistake if it eventually decides on Chatham as headquarters for its spring training is a conceded fact.

There is no doubt that it will mean an annual affair. The excellence of the mineral baths for training and conditioning purposes for athletes is unquestioned.

The accommodation and facilities of the mineral baths are entirely up to date; \$15,000 in improvements are being added to an already excellent structure, and by March 1st Chatham will have one of the finest and most convenient mineral bathhouses in Canada.

It is situated opposite Tecumseh Park, which covers about five acres of ground and on which are the Armories. Consent has been given by the military authorities, if Toronto decide to come here, for the use of the 170 by 80 floor space and shower baths.

Two blocks to the rear of the hotel is Victoria Driving Park, with a half-

TOURING CURLERS VICTORIOUS AT GLASGOW.

Glasgow, Feb. 9.—(Canadian Associated Press.) The final test match yesterday between the Canadian and Scottish curlers was a victory for Canada, the result being: Canadians 103, Scots 82 and 220. The Canadians win the cup, with 101. The players were photographed with Lieutenant-Governor Fraser alongside.

PARIS GOES TO UTICA. Paris, Ont., Feb. 8.—A jolly crowd of votaries of the mairin' game left Paris yesterday afternoon for Utica, N. Y., where they will stay for a few days. All are Parisians, or ex-Parisians. Among the latter are "Duff" Adams, of Brantford, and Hugh Walker, of Galt.

The trip is arranged by Richard Thompson, manager of the big Penman factory, an enthusiastic curler, and general jolly good fellow. Mr. Thompson supplies all transportation and accommodations, and has a special coach to carry his guests. The Canadian curlers will meet a combination of New York City and Utica brothers, and anticipate a rare time.

TANKARD CURLING. Toronto, Feb. 9.—The final play for the Ontario Silver Tankard for 1905 will begin to-morrow morning on the ice of several city clubs. The draw will be made at 8 o'clock to-night at the Granite Club. The winners have all been decided in the groups but No. 1, in which Lindsay and the Toronto Granites will remain. They will play off at the Queen City rink to-night. The group representatives eligible are:

OIL CITY TEAM Will Play Local Y. M. C. A. Team on Feb. 16th. Manager Long just received a telegram from W. R. Magee, manager Oil City Basketball Team of Pa., that they will play here in Hamilton on Tuesday, Feb. 16th. The management of the local team intends to bring the fastest American team that can be procured. Manager Long had the Buffalo Germans booked for the 16th, but hearing that Oil City was to play the Germans on the 17th in Buffalo, he at once got busy and got the Buffalo Germans to postpone their game with the locals from the 16th to the 22nd. This will enable the Hamilton people to see to it that the Oil City team in action, as it is the first time they have ventured into Canada. The management did not like to postpone the German game, but as it was the only possible way to make arrangements to have Oil City play here, thought it best to book them on the 16th. As plan for the Oil City game will be open on Thursday, and as this is the first American game, the citizens of Hamilton should turn out in good force to encourage the locals who have done so much to localize Hamilton in the past and no doubt will continue to do so as the team was never in better shape and ought to give the best teams in America a good game.

The local team had their first practice in the Alexandra rink last night and showed up to good advantage, Melton taking Simmons to the place at best. Harvey was tried out at defence owing to McKeown being laid up with a bad knee.

IMP. ALLERTON ARRIVED HERE. The handsome trotting stallion Imperial Allerton (2:12 1-2), arrived at the Delta stables yesterday afternoon, and his owners, the James Bros., and the breeders of this district, are certainly to be congratulated on such a valuable acquisition, he being a horse 16 1-4 hands high, of commanding appearance, a beautiful sea, brown in color, and his breeding in the purple, he being by that grand race horse and sire Allerton, 2:09 1-4, sire of 190 in the charmed circle, and his dam a producing daughter of the great Onward, 2:25 1-4, sire of 198 in the list.

John Rattenburg conducted the purchase at the sale ring at New York, and saw him safely delivered at his new owners' stables. In his opinion, Imperial Allerton is without doubt the best trotting stud ever secured for Canada.

SHORT ENDS. Little Paragraphs of Sport From Far and Near. The National Athletic Club is arranging for its annual meeting, which will be held in the Armory Hall this month. A good programme will be presented.

Cannes, Feb. 9.—Arnaud Masey, the golf player, denies the report that he is to accompany Ben Savers to America, and compete there in the open golf championship this year. He says that he is in negotiations on the subject, but that the American terms were not sufficiently tempting.

Sacramento, Feb. 9.—Senator John P. Hare yesterday introduced a bill aimed at prize fighting. It not only prohibits all fistie encounters, where fees are charged for admission, but makes it a misdemeanor to witness a fight, the maximum penalty for this offence being \$500.

TOUCHING QUEENSBERRY MATTERS.

DOWN ON JAPS.

California Legislature May Pass Anti-Jap Legislation.

Segregation of Aliens and Jap Regulations For Schools.

San Francisco, Feb. 9.—The San Francisco Chronicle published to-day a special despatch from Sacramento, predicting the passage of both the anti-Japanese measures now being considered by the California Legislature. These are the bills providing for the segregation of undesirable aliens in the residence district of towns and cities and the regulations providing for schools for the Japanese.

Speaker Stanton has been so delayed by washouts that it is hardly likely he can get back to Sacramento in time to assert his influence against the bills, and it is possible that they will have already been voted on when he arrives. The legislators are said to feel irritated towards Speaker Stanton, because they consider that he has been guilty of bluffing. They believe that both the speaker and the national administration are playing for delay without intimate reason, and this feeling is likely to cause the backers of the bills to insist on their immediate passage.

The Far Eastern Club, composed of Japanese and American sympathizers, met yesterday to discuss the actions of the California Legislature. Several speeches of protest were made, but no formal resolutions were adopted.

THE CHAIRMEN.

The Men Chosen to Preside Over Commons' Committees.

(Special Despatch to the Times.)

Ottawa, Ont., Feb. 9.—The various standing committees of the Commons met for organization this morning and elected chairmen. A. H. Clarke, South Essex, will again preside over the Public Accounts Committee; Hugh Guthrie, South Wellington, over the Railway Committee; H. H. Miller, South Grey, over Banking and Commerce Committee, and J. A. Ethier, Two Mountains, over the Private Bills Committee. Mr. M. S. Schell, South Oxford, succeeds Peter H. MacKenzie, M. P., as chairman of Committee on Agriculture and Colonization. George E. McCorney, Saskatchewan, succeeds G. D. Grant, ex-M. P., as chairman of the Standing Orders Committee, and W. M. German, Welland, succeeds H. J. Logan, ex-M. P., as chairman of the Committee on Privileges and Elections.

A GREAT PLAY.

Much Comment on "The Servant in the House."

Never before has a one-night show aroused so much interest in local theatrical circles as has "The Servant in the House," which was presented at the Grand last night. The play was to-day the subject of discussion by many lovers of the drama, who saw the Miller play last evening. Many eulogiums, as well as professional men, witnessed the performance and were impressed by it. While the story in its entirety was not altogether acceptable to some of the general verdict was that it was the most helpful play that has been produced here for many moons. While the play was written by the Englishman—Charles Rann Kennedy—and the scene is laid in England, the people of that country will not have the least objection to seeing it until it has been presented in almost every civilized country. The reason of this is that Kennedy's play was spurred by the English managers of note, and it was not till after it had been taken by New York managers that the London managers sought present. It will be presented in London on Easter Monday at the Duke of York's Theatre, which is controlled by Charles Frohman, a New Yorker. So far the play has been translated into German, Danish, Norwegian, Italian and Russian, and before the first of March will be upon the boards in the larger cities of those countries.

DISORDERLY HOUSES

Montreal Recorder Denounces Police Treatment of Them.

Montreal, Feb. 9.—As the result of the action of Chief of Police Campeau in inviting keepers of houses of ill-fame to come down to police headquarters to be served with a summons, followed by a fine, looked upon somewhat in the way of a tax recorder. Weir to-day made a hot attack on the methods of the police department. Such a course, the recorder declared, was defeating the ends of justice, as it permitted frequenters of such places to escape punishment. Chief Campeau was also denounced for starting the system.

NOTHING BETTER.

There is no more popular pastime than ice skating and the ice at the Thistle Rink is in prime condition. Fine band will play choice music to-night. Large dressing rooms furnished skaters with every facility and a refreshment room dispenses beef tea, coffee, cocoa, etc. There is no better way to enjoy an evening than to skate at the Thistle Rink.

TEA TABLE GOSSIP.

—Mrs. Frederick Green, 187 James street south, will not receive to-morrow, the second Wednesday in February.

—Maud Mulholland, who was in police court yesterday, does not live at 55 Liberty street. She comes from Main street west.

—Mr. and Mrs. W. O. Sealey, of Hamilton, were amongst the guests present at the ball given by Countess Grey at Rideau Hall Friday evening last.

—Mr. George W. Head, manager of the Winnipeg agent, Inland Navigation Company, is in the city on important business in connection with this season's business.

—The policemen wish to thank Mrs. David Gillies and Mrs. McGivern, Delaware avenue, for a donation of several large bottles of malted milk for their luncheons.

—Mrs. (Dr.) Hopkins will receive to-morrow afternoon, February 10, at her home corner of Mary and Cannon streets. Mrs. Jack, of Rochester, will assist her.

—H. S. Lees, barrister, of this city, is one of the incorporators of James Peat & Sons, Limited, a petroleum and mineral oil company, with headquarters at Petrolia.

—The next chorus rehearsal of the Harmonic Society will be held in St. Paul's Church school room, corner of Jackson and James street, on Thursday, Feb. 11th.

—Benjamin Salisbury, 418 Cannon street east, reported to the police yesterday afternoon that three new table cloths were stripped from his clothes line last Thursday evening.

—The physicians in attendance on little Phyllis Wood, Peter street, who was frightfully burned last Saturday, have some hopes now that her life will be saved, although she will be permanently disfigured.

—This morning Mr. Harry McElroy received by mail an immense cocoon, in its original shell and covering, from Florida. It was sent by Mrs. McIntyre, and the address was written on the outer covering.

—Arthur Kirby, 235 West avenue north, reported to the police last evening that his boots were stolen from the foot of Simcoe street while he was skating on the day yesterday afternoon. The police will have a man near this spot in future.

—Yesterday afternoon about 4 o'clock the fire department attended to a fire at the home of Mrs. Ida Franks, 415 Barton street east. The blaze started from unknown sources in a clothes closet beneath the stairs, and did \$25 damage to bedding and other clothing.

—A quiet wedding took place at the A. M. E. parlour yesterday afternoon, the contracting parties being Mr. Thornton Williams and Miss Edith Duncan. Mr. Wm. Waters was best man and Miss Cecilia Turner attended the bride. Rev. T. H. Henderson performed the ceremony.

—A series of revival services were commenced at the St. Paul's A. M. E. Church last night, and will be continued all week, under the direction of the pastor, Rev. T. H. Henderson. To-morrow night the Evangelistic Band of the Barton Street Methodist Church will conduct the service.

FOR THEFT.

Mrs. Bouchner Accused of Stealing Parcel of Laundry.

Mrs. Lilly Bouchner, whose address is 314 East avenue north, was locked up at No. 3 Station to-day because she is alleged to have stolen a parcel of laundry from Joseph Brown, driver for the City Laundry. Brown missed the parcel from his wagon on Saturday night while in the vicinity of Mrs. Bouchner's house. He reported the occurrence to the police and a search warrant was issued. Detectives Coulter and Campbell went to Mrs. Bouchner's house early this morning and seized a search warrant and went over on premises. In a bedroom they found a parcel of laundry which they believed, justified them in arresting Mrs. Bouchner. She will appear to-morrow at the Police Court.

A FAREWELL

Given by Salvation Army to Captain Chislett.

The members of the Salvation Army banded a farewell to Capt. Chislett in Barton Street Methodist Church last evening. Capt. Chislett has been in charge of the work of the army in the east end for the past three months, and is leaving for Toronto, where he will be married to Ensign Peacock. A fine musical programme was given, and Col. Sharp, Provincial commander, of London, spoke about the successful toil and devotion of the captain. He afterwards addressed the meeting on the subject of "The Man Jesus." Bandmaster Eversden spoke on behalf of the local corps, and Rev. H. G. Livingston referred to the good work done by the captain in the east end. Major Green conveyed the best wishes of the officers, and wished the departing member every success in his new sphere.

HARDWARE.

Annual Convention Opened at Waldorf This Afternoon.

The annual convention of the Retail Hardware and Stove Dealers' Association of Ontario opened this afternoon in the Waldorf Hotel with an attendance of about two hundred delegates. The convention will last about three or four days, during which time papers will be read by prominent men in the business. This morning the different exhibitors practically owned the hotel, and on every floor could be found exhibitors arranging their different lines of goods for the inspection of those interested. The preliminary meeting was held this afternoon, at which the report of the secretary and president were presented.

CITY COUNCIL AND EDUCATION BOARD.

(Continued from Page 1.)

receipts. With the Government grants and Public School fees, as they are now collected, the board estimates a revenue of \$20,786. The extra \$5,000 it is hoped to get from increased school fees and \$4,495 of a balance from the fund for enlarging the Pictou and Sophia street schools will make the receipts \$30,285, without the municipal grant.

A new rate of 3-10 mills for the new technical school will be created. This will yield about \$11,000. The original estimate for the technical school called for an expenditure of over \$12,000, but the committee cut about \$3,000 off. If the Board of Education refuses to put the school fees back at the old figure it will be necessary to increase the rate 1.5 of a mill.

The estimates as passed by the Finance Committee yesterday are as follows:

Table with 2 columns: Item, Amount. Includes Government grant, Public Schools, Government grant, Kindergarten, Government grant, Inspection, etc.

TECHNICAL SCHOOL EXPENDITURE. Salaries, teachers, Salaries, caretaker, Books and stationery, etc.

SCOTCH BLOCKS. Toronto, Ont., Feb. 9.—What might have been a terrible level crossing tragedy was averted this morning at the Don crossing only by the successful working of the "Scotch blocks." A King street car was conflag west just as the Montreal express was approaching. J. H. Bannon, the station gateman and operator, lowered the gates and set the Scotch blocks, and the derail, but, although the motorman of the car applied the brakes, the car did not respond, going at the rate of seven or eight miles an hour. The car crashed into the Scotch blocks and was derailed. It was crowded with men and women going to work, but, though all got a good shaking up, no one was hurt. The Scotch blocks were smashed to pieces, but they stopped the car.

NEW LIBERAL CLUB. Toronto, Feb. 9.—The Ontario Club, the new Liberal organization recently completed in this city, obtained its charter this morning. The charter gives the club the right to sell liquor on its premises.

TORONTO FIRE. Toronto, Feb. 9.—The home of Frederick Phillips, 369 Front street, was destroyed by fire early this morning. The family had a narrow escape, all the members being asleep when the fire broke out and having to get out by a window.

STARVED TO DEATH. Toronto, Feb. 9.—News of the strange death of an old man, Samuel Cobb, near Powassan, Parry Sound District, has just reached Toronto. Cobb is believed to have starved to death.

BOTH BADLY BURNED. Wingham, Ont., Feb. 9.—The home of James Bullagh, five miles north of here, in the township of Turnberry, has been destroyed by fire. Bullagh's aged father, who has been blind and almost helpless for several years, was dragged out of the burning house by his son, but before both of them were severely burned.

Notices of Births, Marriages and Deaths which are inserted in the Daily Times also appear in the Semi-weekly Times. 50c first insertion; 25c for each subsequent insertion.

BIRTHS

THE WEATHER.

FORECASTS—Easterly gales with snow, probably turning to sleet or rain in western districts. Wednesday light snow, becoming much colder again at night.

WEATHER NOTES. The Atlantic storm has passed to the eastward of Newfoundland and another important disturbance from the Pacific coast is now centred in Iowa and will cause snow throughout Ontario. The weather is moderating in the Western Provinces.

Washington, Feb. 9.—Eastern States and Northern New York—Snow in north, rain or snow in south portion to-night; warmer; Wednesday rain or snow and warmer; east to southwest winds increasing.

The following is the temperature registered at Parke & Parke's drug store: 9 a. m., 21; 11 a. m., 23; 1 p. m., 23; lowest in 24 hours, 9; highest in 24 hours, 23.

SOME LATE SPORTING ITEMS. New York, Feb. 9.—Two thousand thoroughbred dogs were exhibited in the Westminster Kennel Club's annual show which opened in the Madison Square Garden to-day. Quarantine regulations against the foot and mouth disease, which prevented the importation of fancy dogs from Canadian breeders and fanciers, shut out all exhibits from the Dominion, but did not have any apparent effect in the number of entries.

Des Moines, Ia., Feb. 9.—Frank Gotch, world's champion heavyweight wrestler, has signed articles to meet Raoul de Rouen, in a match for the world title and a purse of \$10,000, at Kansas City, March 15, according to an announcement made last night by De Rouen's manager, Joe Kennedy. The bout will be catch-as-catch-can.

Ralph Ripley will captain the H. B. & A. C. team which will play the Scotch-dreid next Saturday.

The East End Indoor League games have been called off.

The T. H. & B. teams are having quite an interesting time on the alleys, for they were at the local game at the H. B. & A. C. the other night, with the following score:

KING EDWARD'S VISIT TO GERMANY.

(Continued from Page 1.)

of the German capital, planned to coincide with the arrival of the visiting monarch, was only partially successful. A number of meetings of the unemployed were held in various parts of the city, after which they formed in two processions and started to march to the palace, whither King Edward had been escorted by Emperor William, and the town hall. Their progress was intercepted by the police. The crowd at first refused to be turned aside, and the police attacked it with drawn sabres. A number of men sustained sabre wounds and others had to be arrested before the demonstrators could be diverted and order restored.

BASKETBALL.

In the City League games to-night in the Y. M. C. A. gymnasium the first game will be between the Turnberrys and the Tigers, and the second game will be Clerks vs. Business Men.
