Swift's Summer Sale.
Public schools close next Wednesday.

Hay harvesting is in full swing. The crop is good.

See P. Dodds & Son for white shoes. Prices right.

94 in the shade Tuesday. The longest and hottest day in the year.

Mr. J. H. Hume, Watford's census enumerator, has completed his work.

Gasoline has taken another drop and coal oil is expected to follow soon.

The garden party at Grace church on Friday evening was well patronized by the people of Watford.

You have all heard of the house that Jack built and now they are talking about the roads that Biggs built.

If the weather of Tuesday was a forecast of that of the next three months an exceedingly hot summer may be expected.

Attend the Sale at Swift's—Starts June 24th, Friday.

The June bride is a happy girl. He grants her all her wishes;

But in another week or two She'll start in washing dishes.

After July 1st, the passenger railway rate per mile will be 3.45 cents in Eastern Canada. Western rates and Pullman rates are not affected.

A man who attended a recent entertainment went to the box office and demanded refund of the amusement tax with the explanation that he "wasna amused."

Pure Raspberry, Strawberry, Black Currant and Red Currant Jam—cheaper than you can make it—95c for 4 lb. tin. Tiger Catsup 25c a bottle.—N. B. Howden Est.

The Federation of school boards of Ontario is mooted. Why not? If the professions want Unions or Federations, Boards of Directors and Managers must resort to the same kind of tactics.

A copy of the Western Globe published at Lacombe has been received from some kind friend in that district. It gives an account of the big cattle sale held there recently when animals sold at record prices, a bull, Crocus King, changing hands at \$1100.00.

Swift's Sale will be remembered for some time—get what you want for summer needs.

The members of L.O.L. 505 purpose having a church parade to Trinity church on Sunday, June 26, when the rector, Rev. S. P. Irwin, will preach. Orangers are requested to meet at their lodgeroom at 6.30. Visiting brethren welcome.

There is one question the census enumerator was not instructed to ask, which would be of interest locally at least—How many dog tags are being worn in Watford, and how many dogs have been destroyed for not appearing in this regalia.

About 80 school teachers from various parts of Ontario have already sent in applications to take the kindergarten and primary course for teachers to be held in London commencing July 5th. The course will continue for about one month.

According to a decision of the railway commission ice cream is essentially a luxury when being transported by freight and must pay first-class rates. It becomes a necessity as soon as it gets inside a restaurant and can be sold on Sundays.

Judging from the number of garden parties and picnics announced, the country still has some pocket money to spend. These functions are becoming so numerous that to prevent the clashing of dates there should be at least fourteen days in a week.

The tobacco growers of Essex county are selling their last year's crop at six cents a pound. When they want a smoke they have to pay fifteen cents for one-fourteenth of a pound, or at the rate of \$2.10 a pound. The cost of preparation for use must be great or the manufacturer's profit enormous. Which?

Best value in Canada is that Black Tea at 2 pounds for 75 cents, or Monarch Coffee at 65 cents. Sockeye Salmon 50 cents, Corn Flakes 2 for 25cents.—N. B. Howden Est.

When the Public Schools of Ontario open next fall the scholars will be brought face to face with three new textbooks, the geography, history of Canada, and history of England. The prices, however, will be as at present. The Canadian Stationer and Book Trade Journal, a publication that has just made its bow to the public quotes officials of the Ontario Department of Education as saying that the shortage of school books last autumn will not be repeated in the coming fall.

Swift's Summer Sale.

The Dominion will be 54 years old next Friday, July 1st.

Just the weather for white shoes. We have them.—P. Dodds & Son.

Postage rates on parcels weighing over one pound, mailed in the Province of Ontario, addressed for delivery to any postoffice beyond 20 miles, but within the Province of Ontario, to any postoffice in Quebec or Manitoba, Saskatchewan, Maritime Provinces or Alberta, will be increased by one cent per pound.

Quoting an item from the Guide-Advocate noting the resuming of its publication, the Ailsa Craig Banner says:—"When we reach the perfection already attained by the Guide-Advocate we're going to take a day off and throw bouquets at ourself."

Thanks for the compliment, friend. Hard work and years of close application will accomplish much.

You can fool part of the people all the time, all the people part of the time, but not all the people all the time. The fact that there has been over forty new Ford cars bought in Watford vicinity speaks for itself. Ford cars are old enough to be proven now and the more there are proven the better they are liked. Why pay more?—R. Morningstar.

The U.F.O. picnic at Valley Grove held by the Forest Farmers' Association on Saturday last was well attended by farmers from around Watford. It is estimated that there were over three thousand persons in attendance. The weather was ideal and all enjoyed the sports and speeches by Hon. M. Doherty, Minister of Agriculture, the Members for Lambton and others.

These days find Rev. and Mrs. Tiffin very busy at the parsonage packing up and placing every thing in readiness for their successors, Rev. W. K. and Mrs. Hagar. Nearly every evening they are found felicitating in the home of one or other of their very many friends, all of whom regret the removal of Mr. and Mrs. Tiffin, who have been very popular with their people and the citizens generally.

The unveiling of the Brooke and Alvinston Soldiers' Memorial Monument at Alvinston will take place next Wednesday, June 29, at 2 o'clock in the afternoon. The ceremony will be conducted by Rev. Capt. McGillivray, returned chaplain of Canadian Overseas forces, assisted by prominent military men. Parade of veterans headed by the Alvinston band will form part of the proceedings.

Municipal clerks have received circulars from the Law Clerk at Toronto, A. M. Dymond, advising them of the recent legislation in respect to preparation of the municipal voters lists, as passed by the Legislature. The law provides that the Clerk shall prepare Part III of the list which contains the names of those on the assessment roll who are eligible to vote at elections to the Legislative Assembly, but it is not to be printed or revised by the County Judge, but is to be kept by the Clerk in his office until orders are given for the purposes of an election which may be held before a new list is prepared.

Big Sale of Dry Goods and Clothing at Swift's.

Notwithstanding the oft repeated assertion that there would be a Chautauqua in Alvinston this summer, Mr. L. A. Alber, general Manager of the Dominion Chautauqua, positively states that there will not be one there. A contract was signed early in the season, but as soon as the Alvinston committee heard that Watford was having a Chautauqua this summer the Alvinston people refused to go on with the arrangement unless the Manager promised to withdraw from Watford. This, of course, Mr. Alber refused to do, consequently Alvinston cancelled their contract. Those from the south wishing to take in this excellent course will have to journey to Watford where they will be welcome. Remember the dates—July 9-13.

Next Sunday June 26th, is the day on which Rev. A. C. Tiffin, pastor of the Methodist church here will say farewell to his congregation. He has been a worthy citizen and a faithful and popular pastor, of this town for the past four years and has been appointed pastor of the Blyth Methodist church. The congregation there is in a vigorous and prosperous condition and Mr. Tiffin will have but one congregation instead of two as here. He will have a special message for his own people at the morning service. In the evening the service will be more adapted to the people in general. The Presbyterian church which has been very friendly with the Methodists have very kindly arranged to withdraw their service in the evening that they may unite with the Methodists in doing honor to Mr. Tiffin and have the pleasure of listening to his farewell sermon. Everyone interested will be heartily welcome at either or both of these services. The evening service will be at 7 o'clock as usual.

Flags, bunting and flowers made the lawn of Mr. T. B. Taylor very inviting on Tuesday evening, 14th inst, when the Methodist church held its annual garden party there. A large crowd from both town and country enjoyed the supper and the entertainment following. Mr. John Farrell was as usual a most capable and popular chairman. Joseph Armstrong, M.P., was present and gave a very fine address on the present economic crisis in Canada. Leslie Oke, M.P.P., also spoke briefly, congratulating the church on having such a successful social. Mrs. Kelly, Mrs. Leigh, Mr. Steadman, Mr. Connolly, Mr. Swift, Mr. Dodds, Maxine Rogers, Florence Lovell and Mary Connolly contributed to the musical part of the program and the local ministers gave very acceptable short addresses. Proceeds \$116.

The regular meeting of the Watford Women's Institute was held at the home of Mrs. J. D. Brown on Wednesday, June 8th, the president presiding. There were 15 members and five visitors present. Meeting opened in usual form, the roll call being answered by reading short clippings and the reading and approving of previous minutes. \$25.00 was voted towards the Cemetery Fund. The program consisted of a reading by Miss B. Mitchell, a recitation by Mrs. Letherland, piano duet by Mrs. Connolly and Maxine Rogers, piano duet by Mrs. W. L. Millar and her daughter, Doreen. All the numbers were well received and a vote of thanks tendered those who took part in the program. The meeting was then closed in the usual way. The next meeting will be held at the home of Mrs. R. McIntosh.

WRIGHT-LOGAN

A very pretty but quiet wedding took place at the First Methodist Church, Port Huron, Wednesday, June 15, when Mary Ellen (Nellie) youngest daughter of Mr. and Mrs. Wm. A. Logan, Sarnia, was united in marriage to Myron Wright, only son of Mr. and Mrs. W. R. Wright of St. Clair, Michigan. Rev. T. C. Finerick performed the ceremony. The bride who was unattended looked very girlish and charming in her gown of navy silk georgette with braid and bead trimmings, with hat to match and carried a shower bouquet of bridal roses, orchids and maiden hair fern. After partaking of a buffet luncheon at the home of the bride's parents the young couple left on the evening train for London, Toronto, and points east, no their return they will take up their residence in Port Huron, where both the bride and groom are very widely known, the bride being a graduate nurse of Port Huron Hospital.

The Warwick Township annual S. S. Convention was held in Warwick Village, Wednesday, June 15th. The attendance was unusually large and the interest shown in S. S. work speaks well for another good year's work. The schools of the township were well represented and their reports were very satisfactory.

The reports of the officers were presented and discussed, and showed good work being done.

Revs. Workman and Vance delivered stirring addresses at the afternoon session, and in the evening, Rev. Jones address on "The School I Like" was listened to with pleasure and profit by all present.

The Round Table Conference led by Rev. Rayner on the church lawn brought out some fine questions, one in particular, viz., "Does the Auto Help or Hinder the S. S.?" provoked considerable discussion. Both classes were shown to be at work and now the question is "to which class does my auto belong?"

Miss Blanche E. Parsons, London, and Miss C. Pusheberry, Watford, spent the weekend with Miss Alice L. McGregor, Main Road.

Mr. and Mrs. Frank Yettier of Harbor Beach, Michigan, spent the weekend with Mr. and Mrs. Fred Williams, 2nd line, Plympton.

Mr. and Mrs. N. S. Glass of Enid, Sask., are visiting at the home of Mrs. Glass' parents, Mr. and Mrs. Fred Williams, Second line, Plympton.

Harold Thompson, son of George Thompson, fourth line north, brought to the Guide office Monday a stalk of wheat six feet tall with good head well filled out.

Wisebeach church and Sunday School people picnicked at Springbank on Saturday. 65 auto loads made up the crowd. A most enjoyable outing is reported.

Mr. and Mrs. Peter Graham of Regina, are visiting relatives and friends in Watford and vicinity. They came down by boat from Pt. Arthur and much enjoyed the trip.

Rev. A. C. Tiffin will deliver his farewell sermon in the Zion Methodist church next Sunday at 2.30 p.m. He is finishing a very happy four year pastorate and his going is much regretted. He will be followed by the best of wishes by every member of the Zion congregation with whom he has been deservedly popular.

The many friends of James McCure (formerly of 2nd line, Warwick) will be sorry to learn of his death which took place at Hanna, Alta., May 29, after a brief illness. The late Mr. McCure had been a resident of Hanna for the past year or five years, previous to which he was a resident of the Hartshorn district. Until recently, the deceased was in his usual state of health, and due only forced to his bed four days before his death. The deceased is survived by his wife and one daughter, Mrs. G. A. Jamieson, both of whom reside here. The funeral took place from the family residence to the First Presbyterian Church and was largely attended. Interment in the Hanna cemetery.

Death came to Dr. John R. Thompson, V.S., of Weston on Thursday, June 16, while in the very prime of life, after two short weeks' illness he was called away in his 50th year. Dr. Thompson was a native of Warwick, being a son of the late Mr. and Mrs. Andrew Thompson. He leaves to mourn his early demise a wife and six children, also four brothers and two sisters, namely, Allan, Henry, George, of Warwick, William of Watford; Mrs. W. Walden of London, and Mrs. Andrew Bell of Two Creeks, Man. The funeral was held Sunday afternoon from the old homestead, lot 20, con. 3, N. E.R., to Bethel cemetery where he was buried with Masonic honors. Service was held in the church by the pastor, Rev. A. Roy Edwards, the pallbearers being B. J., Walter, Herbert and Wm. Hall, Manford Thompson and Dr. F. J. Mathews. There was a very large assemblage present to pay their last respects to the deceased. A Masonic service was held at Weston before the body was conveyed here.

BROOKE

The Big Sale at Swift's starts Friday. Start for there now.

Messrs. Fred, Doug, Jack, and Miss Norma Mashean, Ailsa Craig, and Miss Helen Phillips, Carlyle, spent the weekend at the home of Mr. Lachlan MacLean.

The June meeting of the Brooke Women's Institute was held June 9, at the home of Miss B. McIntyre. The meeting opened by singing the Maple Leaf. Roll call was answered by "Conundrums." Two papers were read "The Life of Edison" by Miss R. McLean, and "The Food and Health Value of Fruits and Vegetables" by Mrs. Archie Campbell. Meeting closed by singing the National Anthem and luncheon was served by the hostess. There will be no July meeting.

LESTER-LEAPER

A very pretty wedding was solemnized on Wednesday, June 15th, 1921, at the Baptist parsonage, Sarnia, when Miss Grace Leaper, only daughter of Mr. and Mrs. Charles Leaper of Moore was united in marriage to Mr. William Lester of the same township. The ceremony was performed by Rev. R. McKay. The bride looked very charming in her dress of pink organdy with picture hat to match. The bride was attended by Miss Lottie Astelle of Watford, who looked very pretty in her dress of pea green organdy, corsage bouquet and picture hat to match.

SPEND YOUR VACATION IN CANADA

Planning vacation trips is one of the pleasures of the average Canadian home. The approaching holiday season tempts the mind to wander to shady nooks, to the lakeside, to the fishing grounds and the camps.

Canada offers to her people all the attractions it is possible to devise, either for recreation or change. We have all conditions of temperature and altitude from sea level to mountain heights.

Why should we look beyond our borders for summer resorts? There is an old saying that "the fishing is always better on the other side of the creek;" can it be that this is the reason why many Canadians cross to the United States each year to spend their vacations, regardless of the superior attractions at home?

Canadians should see their own country and spend their money at home and thus realize more fully what a wonderful heritage we possess. In Ontario, yes, even in our own corner of it, can be found spots as desirable for a vacation as anywhere on the continent.

NOTE AND COMMENT

Church conferences may have difficulty to explain why so small a matter as the modern woman's skirt should bulk so largely in the debates.

A judge at Hamilton has ruled that a man who gives all his wages to his wife cannot be held responsible for the household bills. That ought to clear quite a few of us.

If labor troubles could be conducted on baseball rules it would help matters wonderfully. "Three strikes and out" would soon settle matters and business would go on as usual.

A city clergyman spoke in defence of church lotteries the other day. As far as one can see there is little difference between church and Wall street lotteries except in the amount of money involved.

The decision of the Attorney-General's department as to the distribution of the \$1000 reward for the capture of Norman Garfield is that the money be divided among the five applicants the two women who first saw him and the three men who participated in the capture.

The girls used to insist that they could do everything a man does in the way of athletics if they weren't encumbered by skirts. Well, they seem to be getting rid of that alibi just now.—Buffalo Commercial.

Australia's census shows a population of 5,419,702 an increase of 979,000 over 1911. Canada's population in 1911 was 7,2206,643, and it will be a disappointment if this year's census does not show over 9,000,000. It has had the advantage of a greater immigration than Australia.

The Hydro-electric Commission engineers have submitted a new plan for power distribution in rural parts to the Provincial Government. Briefly stated, the new scheme is for an underground extension instead of the overhead system generally used. The underground system will cost less than \$800 per mile as compared with \$1,300 per mile to build overhead transmission lines.

Henry Ford turned miller for the benefit of his employees. He is grinding wheat harvested from his Dearborn farm and selling flour to employees from the company's Highland, River Rouge and Dearborn stores. The flour is being sold in 25 pound lots for 98 cents. A barrel is sold for \$7.80. Detroit retail stores are getting from \$1.25 to \$1.45 for 25 lb bags, while barrels bring from \$12.50 to \$14.50.

The Managers of Canadian railways, having had ample evidence in a diminishing volume of travel that passenger rates were increased beyond the power of passengers to pay will doubtless welcome the reduction that comes into force on July 1. The rates will be 20 per cent. less than they were at the peak. A per mile rate of 3.45 cents is still, however, all the traffic will stand in these days of motor cars and busses.

High School Beards throughout the province are being served with a notice by the teachers on their staffs demanding the salaries as provided by the Federation of Teachers of the Province. The Federation scale of salaries provides for a minimum salary for assistant teachers of \$1700 per year, and minimum salary for principals of \$2500 a year with an increase of \$100 a year for each year the teacher has been engaged as principal. It is said that ninety per cent of the High School teachers in the Province are members of the Federation.

Reeve Edward Sills of Loughborough township was unseated and declared ineligible for municipal honor for two years by Judge Lavell when a motion, started by Frank Clark of Sydenham, an elector of the township, alleging Reeve Sills to have

been interested in a contract with the township, was heard before His Honor. It was disclosed in the evidence that he had accepted \$4 for helping to repair a bridge. Thomas Hagerman, a member of the Township Council, got \$5 for work he did on the bridge, and Mr. Clark, who started the motion, got \$6. Mr. Sills presented the bill for all, in Clark's name.

The legislation passed in the closing days of the 1921 session of the Provincial Legislature in Ontario included an important amendment to laws which pertain to education. By this a much vexed question pertaining to the annual maintenance and capital cost of high schools has in a measure been straightened out. Instead of the urban centres having to bear the greater part of the former and all of the latter the counties will now have to pay 100 per cent. of the cost of pupils who come from beyond the limits of the municipality in which the school is situated and about one half of the cost of permanent improvements, which includes new school buildings.

CHAUTAUQUA BECOMES INSTITUTION OF ENGLISH SPEAKING PEOPLES

Chautauqua, Watford, July 9-13.

The Watford Chautauqua just announced by the local committee, which will present an excellent entertaining and educational program, makes comment on this manifestation of western democracy timely. While the Chautauqua had its beginning across the line in the States, it is no longer exclusively American. Just as the Chautauqua, begun as a Sunday School Summer School for the Methodists, has outgrown its religious connection and become strictly catholic in its scope, broad enough to embrace all Christian religions as well as the Hebrews, presenting a program that is non-sectarian but always Christian; just so has the Chautauqua thrown off any national garments it at first wore and has become a citizen of the world—at least of the English-speaking world.

Chautauquas are now conducted in all the English-speaking countries except South Africa, that is, within another season this will be the case when the recently announced British venture of the Dominion Chautauqua gets under way a year hence. Programs have already been given in every Province of Canada, in Australia, in New Zealand for three summers, where Chautauqua is perhaps the biggest success of any part of the world, and in every state of the United States and Alaska.

We are indebted to an article in a recent issue of the World's Work, one of the leading monthlies with a serious purpose published in the United States, for the following statistics regarding the Chautauquas for the summer of 1920:

Number of Chautauquas held in United States and Canada 8,581; Number of Chautauquas held in Canada alone 891; Number of Season Tickets sold in U. S. and Canada 55,148,600; Number of Season Tickets sold in Canada alone 768,000; Total number of different people that attended 10,456,500; Total number of different people in Canada 1,463,750; Aggregate attendance in United States and Canada 36,868,900.

(It should be borne in mind that many people attended oftener than once and were therefore counted several times.)

As the World's Work says: "Such figures find companionship only in those attendant upon the growth of free schools and the modern expansion of journalism." Further comment is made upon the fact that Chautauqua is not now confined only to the United States, saying that Chinese students in the States are almost a unit for the adaption of the idea to their country, and continues: "The Chautauqua has become an institution of almost world-wide proportions, supplementing the schools and the press in the diffusion of contemporary enlightenment. As well suspend the newspapers and close the schools as to shut the door on the Chautauqua."

In fact, so universal is the recognition of the value of Chautauqua wherever it is found, that frequent mention is made in articles and stories that appear in the leading journals, newspapers, and magazines. H. G. Wells, in his most recent book "The Salvaging of Civilization," which was published serially in the Saturday Evening Post, states that if civilization is to be salvaged, it is necessary for the adults of the world to continue to educate themselves after they have left institutions of learning, and concludes: "In North America there are the hopeful germs of what may become later on a very considerable organization of adult study in the Lyceum and Chautauqua system."

That Chautauqua has meant much to other cities and towns in the vicinity of Watford is a self-evident fact that, nevertheless, needs frequent mention. It is to be hoped that large numbers of the people of this community will take advantage of the feast of good things provided in an excellent program at a very low cost; the Chautauqua cannot perform the service it is designed and intended to perform unless there are large numbers of people gathered under the tent at every session.

Don't Pay Twice

If you pay bills in cash, there is always the chance of receipts being lost or destroyed, and of your being asked to pay the same bill twice. How much better to deposit all your pay in a Savings Account in The Merchants Bank and pay the bills by cheque. There can be no dispute then, because the endorsed cheques are indisputable evidence that you have paid.

WHEN you require a roof, the measurement will be in squares (100 square feet). A basis for analysis of the costs of Brantford Asphalt Slates is given below:

- INITIAL COSTS OF MATERIALS—Brantford Asphalt Slates are sometimes higher in initial cost for the material.
- NAILS REQUIRED—Brantford Asphalt Slates require ONLY 684 nails to lay a square. Brantford Asphalt Slab Slates require ONLY 450 nails.
- COST OF LAYING—Brantford Asphalt Slab Slates are four on one strip—require only one operation in handling, one operation in spacing—Individual slates are 8 x 12 1/2 inches—Cut easily, fit easily, fit on angles and bend over round surfaces. You save 30 to 50 per cent. in laying.
- NO PAINT OR STAIN REQUIRED—The surface of Brantford Asphalt Slates is in nature's permanent colors, green and red, unfadeable, always attractive, requiring no stain to produce artistic effects, no liquid costs to make them fire-resistant.
- SAVING OF INSURANCE—Brantford Asphalt Slates are classed as non-combustible by fire insurance companies—a direct saving of from 10 to 20 per cent. on premiums is effected. In certain localities fire regulations demand asbestos paper under some roof materials, but Brantford Asphalt Slates are fire-resistant and are immune from special regulations.
- COST OF REPAIRS—From the day they are laid Brantford Asphalt Slates show almost 100 per cent. of the original roof untouched. Brantford Asphalt Slates do not curl, split, crack or rot. Complete protection and permanent protection are built into Brantford Asphalt Slates.

Compare these roof costs with those of any other roofing material; it is your money you are spending and you want value for it—then buy

The New Improved Car

The Car that combines Quality and Comfort with Light Weight and Economy. Is a complete car—has the best of equipment—the best material—the best finish. Runs more miles per gallon of gas—more miles per hour. Rides nice—Runs nice—Looks nice. Turns short. Handles easy on the road or through crowded traffic. Has the quality and comfort of a large car combined with all the advantages of a small car and has the disadvantages of neither. All made possible by the greatest invention since pneumatic tires—the New Triplex Springs. The springs that save the car and occupants from bumps, jolts, and side swaying, that saves the tires from stone bruises by allowing the wheels to slip over obstructions easily. Makes the car handle easier by preventing bobbing, pitching and side swaying on rough roads and enables the driver to make better time over all classes of roads. You can get this car at a reduced price (reduced by nearly 500 dollars in less than a year), that gives you the best automobile value on the market today. EAST LAMBTON

WOMEN'S INSTITUTE

The annual meeting of the East Lambton Women's Institute was held in the Methodist Church, Watford, on Friday afternoon, June 17th, with an attendance of about one hundred. The President, Mrs. Robinson presided. After the opening ode, minutes of the previous annual meeting were read and adopted. The President gave a short report of the work she had been privileged to do. All the branches except Shetland were represented, and gave a short report of the work done during the year. Miss Pettypiece read the report of the Queen Mary Cot Fund showing that all the branches had so liberally responded to their apportionment of \$8.00 that there is a balance on hand of \$10.75. By paying \$100 the East Lambton Women's Institute maintain a cot at the Queen Mary Hospital for consumptives, hereby providing care for one child for one year. It was moved by Mrs. Darville, seconded by Mrs. Lawrie, that each branch pay \$8.00 annually to this fund and so keep a reserve fund in the bank.—Carried.

Miss Pettypiece also read a report of the money raised for the Children's Memorial Hospital in London, the objective being \$100. Ten branches had responded. \$8.45 had already been raised. Mrs. Lawrie moved that this amount on hand be forwarded at once. This was seconded by Mrs. Rook and carried.

The Sec-treasurer's report showed the following gratifying statistics—

District Receipts	\$183.23	District Expenditure	86.85
District Balance	\$ 96.38

Membership—Aughrim 25; Arkona 42; Alvinston 11; Aberarder 31; Brooke 24; Florence 68; Forest 34; Shetland 18; Theford 45; Inwood 23; Warwick 36; Watford 31; Uttoxeter 16. Total 404.

Dr. J. Y. Phair, Chief School Medical Officer, Department of Education, addressed the meeting on "School Health Supervision." He strongly recommended Medical School Inspection, not only as a means of combating communicable diseases, but also as a means of remedying minor physical defects, such as throat troubles or malnutrition. The plan, he suggested is to divide the County into units made up of 30 or 40 class rooms. No school nurse can do anything worth while with a larger unit than one composed of 40 rooms in a rural district. In each unit a committee is appointed composed of a representative of the School Boards interested and County or Township Councils giving grants to the work. This committee arranges for the financing and carrying on of the work.

The majority of the Branches expressed themselves as being in favor of Medical Inspection.

A much appreciated solo was rendered by Mrs. Leigh.

Officers were elected as follows:—Hon. Pres.—Mrs. A. B. Connor President—Mrs. J. H. Robinson, Watford, R.R. 2. Vice-Pres. (N)—Mrs. Rook, Arkona Vice-Pres. (S)—Mrs. Morrison, Inwood. Sec.-Treas.—Miss M. Willoughby, Watford, R.R. 7. Auditors—Mrs. H. Lett and Mrs. W. S. Shugg.

The President and Sec-Treas. were appointed to represent the district at the convention to be held in London in the fall. Miss Pettypiece to be Federal Representative.

The District funds were discussed. The receipts of \$75.00 grant from the County Council was acknowledged with thanks.

Moved by Mrs. Lawrie, seconded by Mrs. Ross, that each branch receive \$5.00 of this grant.—Carried.

Moved by Mrs. Campbell, seconded by Mrs. McKecher, that each Branch pay \$3.00 to defray District expenses.—Carried.

District Directors were formally elected as follows:—Aughrim—Mrs. J. C. Wall; Arkona—Mrs. Alex. Oakes; Alvinston—Mrs. N. A. McLean; Aberarder—Mrs. Wm. Jardine; Brooke—Mrs. H. Lett; Florence—Mrs. R. D. Bodkin; Forest—Mrs. D. Huffman; Inwood—Mrs. Morrison; Shetland—Miss Mary Gray; Theford—Mrs. Jas. Lawrie; Uttoxeter—Mrs. G. Dodge; Warwick—Mrs. D. Auld; Watford—Mrs. J. Humphries.

Miss Pettypiece was again appointed Treasurer of the Cot fund and the Memorial Hospital fund. Instrumental music by two little girls was enjoyed during lunch.

The resolution committee's report presented by Mrs. Campbell, comprised—1st, to record grateful appreciation to the ladies of Watford for their hospitality. 2nd—to the trustees of the church for the use of room for meeting. 3rd—Thanks to the President and Secre-

Miss Wynne Harper has joined the vacation list this week.

We don't claim all the credit going around but Jimmie played in both games and both were won and we understand there is to be no more lost games.

The advance agent for the Chautauqua was in the factory and we surmise the Manager and Superintendent are on the committee so if they are not in when you call its likely that is where they will be—Where?—Why there?

The men are now working on the water main down the company's lane and we hope before many weeks to have water available for all purposes and we will also be able to use our new wash-up rooms which we have been anxiously waiting for so long.

Friday, June 17, the Androck Idea and Suggestion Association met as usual and many things were brought up of benefit to company and employees. The business prospects were gone into and showed that as to sales we were not getting any worse and with our present policy there was no immediate danger of any further shortening of hours. The dull months for Wire Goods are July and August and if we can weather these two months without further curtailment of hours we hope for a brightening up of business.

Angus was on his first visit to London, and he set out to find his friend Jock, who had come up to the town a few years earlier. No 1209 Holborn was the address at which Angus had been told that he would find Jock. He walked down several streets, and then caught sight of a tramcar marked, "Holborn." Further more he noted its number—1209. "Hoots" he cried, "There goes Jock's house now!" And he started to run towards the car. "It's good I saw it before it got moved, or I might never have found him."

No doubt it will be a real task to keep everyone at work for the re-

mainder of the week on account of the continual rise of excitement experienced by everyone as the time draws nearer and nearer for the grand affair on Saturday, namely, "The Androck Picnic." Some who on regular working days after having been awakened about the fourth time and when they find the clock is crawling on toward the seven mark and when at last find they must "move some" to reach the factory in time to report, will no doubt on this great morning heretofore mentioned be up with the chickens and have everyone else awake and perhaps cross too because of their happiness which cannot be hidden. There is to be a big ball game, races and a gasoline launch to take us out for a ride on the lake. The grounds committee tells us that the place is a dandy shady spot, good grass and not all sand, also a nice place for bathing. The eats committee took the electric calculator and finally got the total number of sandwiches to be made. Space does not permit publishing the total but they aim to have enough.

The women of the church now have the privilege of contributing to the church funds. They will someday insist on taking part in the management and spending of these funds. And why not, if it were not for them churches would have slim congregations.

SUCCESSFUL GARDEN PARTY

The Garden Party given under the auspices of Grace Church, 4th line, Warwick, on the grounds of Mr. R. Waltham, on Friday evening, the 17th inst., was a splendid success throughout. The Fisher Orchestra of Strathroy maintained their good record in the highly appreciated music which they rendered. The rest of the program was given by the Dramatic Club of St. Marks church, London, who showed their ability as true artists on the stage in the three short and highly entertaining plays which they rendered, all of which were listened to with rapt attention and enthusiastically applauded. The Scotch and other fancy dancing by two little girls was much enjoyed. A reading and solo given by two of the club were also much appreciated. In fact it is very rarely as highly appreciated a program is given at a church party. The gate receipts amounted to \$110.00. The members of the congregation are thankful to Mr. and Mrs. Waltham for the use of their commodious grounds.

CHOP STUFF

R. Stirrett & Co., Petrolia, have purchased the stock and fixtures of Scroggie & Clark of Sarnia.

No farmer—or other citizen—whose property abuts the Provincial roadway built by all the people's money can lease a foot of it to billboard posters.

Sarnia merchants have been swindled out of thousands of dollars by cashing supposed Government checks. The checks were for small amount and were rubber stamped across the face "Militia and Defence." The bogus checks were made on the Toronto branch of the Merchants Bank.

Mrs. Elizabeth O'Neil, a widow of Strathroy, has entered action against George E. Chittick, of Kerwood, to have it declared that \$1,500 worth of Victory bonds and some property in Strathroy are solely hers and not owned jointly by herself and defendant. She says that he registered them as being owned jointly without her knowledge or consent. The defendant says that it was agreed that he should register them in that way. Meredith & Fisher for the plaintiff; McKillop & Douglas for the defendant.

Sarnia Observer, June 16.. A quiet wedding took place yesterday afternoon at the First Methodist church, when Rev. E. G. Feever, officiated at the marriage of Lena E. Oakes, daughter of Mr. and Mrs. Alexander Oakes, of Arkona, to Frederick W. Glover, also of Arkona. The bride wore her tailored travelling suit of navy blue, with smart blue hat, and carried an arm bouquet of white carnations. Mr. and Mrs. Glover are spending their honeymoon in a motor trip to Detroit and other American cities.

David Dunham, one of the pioneers of Lambton County died at his home Forest, on Monday of last week, aged 75 years and three months. He was born in the township of Vaughn, York Co., where he resided until about 25 years of age. Then he and his brother Daniel came to Plympton, and settled on the 12th con., buying 100 acres of land, only 27 acres of which was then cleared. Some years later David bought his brother out and continued to reside there until seven years ago when he moved to Forest. He was a man of strict integrity and held in high esteem. He was married in Dorchester in 1871 to Sarah Lucinda Ward, who survives him, with two sons and one daughter. —Arthur of Point Edward, Henderson and Mrs. Jas. Phillips of Forest. The funeral took place Wednesday afternoon from the family residence to Beechwood Cemetery.

To Asthma Sufferers. Dr. J. D. Kellogg's Asthma Remedy comes like a helping hand to a sinking swimmer. It gives new life and hope by relieving his trouble—something he has come to believe impossible. Its benefit is too evident to be questioned—it is its own best argument—its own best advertisement. If you suffer from asthma get this time-tried remedy and find help like thousands of others.

Many have been relieved of corns by Holloway's Corn Remover. It has a power of its own that will be found effective.

"COLD IN THE HEAD"

is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the Blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh.

HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Cucus Surfaces of the System, thus reducing the inflammation and restoring normal conditions.

COUNTY COUNCILLORS' INSPECTION TRIP

June 28th, 29th, and 30th are the dates named by the St. Clair County Road Commission as available and suitable for the trip of inspection of the Lambton County Council of the roads in St. Clair and Macomb Counties and Warden John T. Sproule has been so advised and asked to select one of the three days for the proposed jaunt.

At the recent session of the county solons an invitation to give the roads across the river the "once over" was extended by F. E. Beard chairman of the Commission and was accepted by the Council.

The trip will be made by automobiles leaving Port Huron early on the morning of the day chosen and returning late in the afternoon of the same day. The councillors will be accompanied by representatives of the Suburban Road Commission, Chamber of Commerce, Sarnia Automobile Club and City Council. Arrangements have been made for lunch at Capac, Mich.

IS THERE A BABY IN YOUR HOME ?

Is there a baby or young children in your home? If there is you should not be without a box of Baby's Own Tablets. Childhood ailments come quickly and means should always be at hand to promptly fight them. Baby's Own Tablets are the ideal home remedy. They regulate the bowels; sweeten the stomach; banish constipation and indigestion; break up colds and simple fevers—in fact they relieve all the minor ills of little ones. Concerning them Mrs. Moise Cadotte, Makamik, Que., writes: "Baby's Own Tablets are the best remedy in the world for little ones. My baby suffered terribly from indigestion and vomiting, but the Tablets soon set her right and now she is in perfect health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

FUNERAL OF THE REV. ALBERT MARGRETT

The funeral service of the late Rev. Albert Margrett was held in the Olivet Congregational Church, Toronto, of which he was pastor, on Monday, June 6th, at 3 p.m. The Rev. T. D. Rayner took part in the service as the representative of Watford and Zion Congregational churches, Rev. Mr. Margrett having been pastor here some years ago. The church was crowded to its capacity many having to stand outside. The Rev. W. T. Gunn, M.A., D.D., General Secretary of the Congregational Union of Canada, was in charge of the service. Prayers were offered by the Revs. W. H. Thomas, Dr. J. T. Daley, and J. W. Pedley, while addresses were delivered by Rev. T. D. Rayner, of Watford, Rev. Dr. J. T. Daley of Cobourg, and Rev. T. B. Hyde of Toronto. Several of the favorite hymns of the deceased minister were sung. A goodly number of ministers of various denominations were present at the service. Interment took place at St. John's cemetery, Norway.

A telegram of sympathy had been sent by the Watford and Zion churches to Mrs. Margrett on the Saturday, and resolutions of sympathy to the bereaved family and sorrowing church had been adopted by a unanimous standing vote in each of the two churches on the Sunday. Copies of these resolutions were taken to Toronto by the pastor when he attended the funeral service.

FAR AND NEAR

There is nothing repulsive in Miller's Worm Powders, and they are as pleasant to take as sugar, so that few children will refuse them. In some cases they cause vomiting through their action in an unobscured stomach, but this is only a manifestation of their cleansing power, no indication that they are hurtful. They can be thoroughly depended upon to clear worms from the system.

Discussion of a suggestion that the Advisory Board be augmented by the addition of a fifth member of eliminate the possibilities of a deadlock on contentious questions, enlivened the proceedings at the June session of the County Council. The proposal to add the odd member was sponsored by Councillor Sitter chairman of the Board, who claimed that it would curtail the meetings and thus reduce the expense. Warden Sproule expressed the view that four members were sufficient, but left it to the discretion of the council as to whether or not they would adopt the suggestion. Councillor R. J. White pointed out that when the board goes into a township the Reeves steps into the meeting and if a fifth man was appointed to the Board the Reeve would bring the total up to six and revive the chance for a deadlock. After further discussion, the matter was left in abeyance.

Rub it in for Lame Back—A brisk rubbing with Dr. Thomas' Electric Oil will relieve lame back. The skin will immediately absorb the oil and it will penetrate the tissues and bring speedy relief. Try it and be convinced. As the liniment sinks in the pain comes out and there are ample grounds for saying that it is an excellent article.

THREE ASTOUNDING STUNTS BY TOM MIX IN HIS LATEST THRILLER, "THE TERROR"

Three of the most remarkable death-defying stunts ever tried before the camera will be done by Tom Mix, the screen's daredevil, in his latest William Fox production, "The Terror," which is coming to the Lyceum Theatre next Tuesday. Because he was required to risk his life in the performance of the stunts Mix determined to get himself into first-class physical condition by training every day for two weeks previous to the beginning of work on the picture.

In his first stunt Mix falls down upon a wagon pole between two rear horses of a four-horse coach during a runaway scene. He was forced to hang beneath the pole—his body just a few inches above the roadway—as the horses dashed madly on. Mix hung so low that a camera following him in an automobile at breakneck speed could photograph him below the bellies of the horses. There was no driver while the scene was being taken, and the fact that instant death would have been the result had the horses dashed off the roadway makes the feat all the more remarkable.

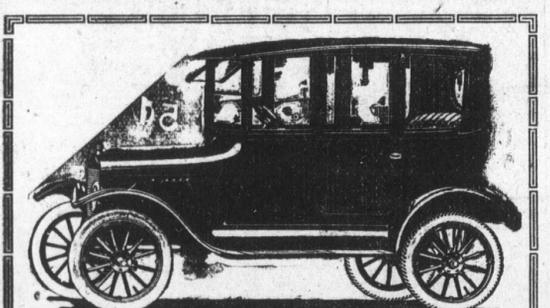

After this scene Mix swung about to the top side of the pole, climbed to the back of the pole—his body garbed with one arm the girl he had rescued from the outlaws, lifted her to his side and, cutting the traces, galloped on while the abandoned coach went to destruction down the hillside.

The second stunt endangered the

lives of two, and followed the rescue of the girl. Mix had to climb seventy-five feet up the rope of a crane in a quarry filled with water, with the girl clinging to his back. Lucille Young, an accomplished actress and quite an athlete, is the girl Mix carried on his back, and in view of her weight—135 pounds—Mix's task was the more difficult.

The final big stunt of the picture takes place in the Odeon dance hall, and before it had been accomplished "on location" five "extras" were injured and furniture and other property to the extent of \$32,000 was damaged. The set in which the scene was made was 258 feet in length and 90 feet in width. Five hundred people were in the scene and at the time the stunt was done by Mix a regular jazz orchestra was playing popular airs.

Mix dashed into the dance hall—owned by one of the outlaws—on his trusty mount, Tony, and immediately all rushed to cover. Leaping from his horse to one of the gas chandeliers Mix held up the outlaws at the point of two revolvers, while his horse swept through the room, upsetting tables and chairs and damaging property generally. While Tony was wrecking the furniture Mix was swinging back and forth on several chandeliers. The culmination of the stunt was reached when Mix after cleaning up the outlaws, jumped from a chandelier to the back of Tony and galloped out of the hall and away.

Why the Ford is the "Universal Car"

DOWN among the orchards of Nova Scotia, the farms of New Brunswick, on Sherbrooke Street in Montreal, Yonge Street in Toronto, Portage Avenue in Winnipeg, on the far flung horizons of Saskatchewan and Alberta, up through the mountains of British Columbia, down Granville Street in Vancouver, on Government Street in Victoria—it's the same story—half of all the cars you see are Ford cars—in many sections they are two to one of all the other makes.

And it's the same story in Africa, Australia, Britain, Europe, United States—throughout the world—one half of all the motors on earth are Fords.

Why ?

Because the simplicity of the Ford Car adapts it to every driver.

—because the power of the Ford car carries it wherever the driver wants to go.

—because its durability and rugged strength make it the car for every condition of usage.

—because of its low first cost and low cost of operation and maintenance.

The Ford Car is a good car for you to own.

Sores Flea Before It.—There are many who have been afflicted with sores and have driven them away with Dr. Thomas' Eclectric Oil. All similarly troubled should lose no time in applying this splendid remedy, as there is nothing like it to be had. It is cheap, but its power is in no way expressed by its low price.

Bread from Stones

(National Crop Improvement Service.) Uncle Henry Wallace, father of the American Secretary of Agriculture, used to say that you cannot expect to remove fertility year after year from the soil without renewing it any more than you could keep on drawing money out of the bank without making a deposit. He used to rage up and down the land denouncing the man who mined his soil and called it farming. The late Cyril G. Hopkins, of the University of Illinois, belonged to the same school and single-handed he crusaded against soil robbery by advocating building up of a permanent soil fertility by the use of rock phosphate. He demonstrated on three hundred acres of very poor land in Southern Illinois, that he could by using manure, limestone and rock phosphate, produce 35 1/2 bushels of wheat per acre, whereas on his check plots, where farm manure alone was used, he got but 11 1/2 bushels. He taught that our nitrogen supply can be taken from the air and that we generally have enough potash, but that we must replenish the phosphates. The time will come when Canadian land must be renewed and while our farmers, especially in the West, have never used artificial fertilizers, it must be apparent that the economical time to restore fertility is before the soil is exhausted.

CANADA'S HEALTHY LIVE STOCK

The report of the Veterinary Director General recently issued covers two years, the first part for the year ending March 31, 1919, and the second part for the twelve months terminating March 31, 1920. The health of Canada's live stock during both years is shown to have been highly satisfactory. In fact it is easy to believe that Canada is the healthiest country in the world for all breeds of live stock. No country can claim to be absolutely free from ailments in its cattle, horses, sheep and swine any more than it can that every human being is health-perfect. But Canada, it is safe to assert, comes nearer to the ideal state than any other land. None of the epizootic diseases that cause most anxiety to sanitary officials, such as foot and mouth diseases, cattle plague, and contagious pleuro-pneumonia, are found within our borders. Diseases that do exist to a very limited extent such as glanders, hog cholera, and cattle mange, the report shows are being kept well under control and are diminishing in number year by year. Glanders is proven to have existed only in Northern Saskatchewan and Manitoba and in those provinces extremely few cases are reported. All the outbreaks, the Veterinary Director General is able to state, have been efficiently dealt with and the disease eradicated. Where hog cholera and cattle mange have appeared vigorous action has immediately been taken with the result that contagion has been everywhere checked and districts entirely cleared. Regarding hog cholera, experience shows that nearly all cases originate on premises where garbage is fed to the animals. Cooking, if properly done, is stated to be an effectual safe guard. Full statistics are given in the report of the activities undertaken all over the country which indicate the remarkable results achieved. A marked increase in sheep in the number of live stock inspected for exportation in the year 1919-20 compared with the previous year, the figures being 340,000 as compared with 100,000.

LIFE WAS A MISERY TO HER

Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound. Owen Sound, Ont.—"I suffered for ten years with female organic trouble, nervous prostration, indigestion, and was weak and had such bad pains I could hardly walk or stand up at times. When I would swoop I would have to go and lie down. I could not sleep at night, and would wander around the house half the time. I tried everything but nothing did me any good, and the last doctor I had told me he never expected me to be on my feet again or able to do a day's work. One day one of your little books was left at my door and my husband said I should try a bottle of Lydia E. Pinkham's Vegetable Compound. I thank God I did, for it relieved me, and I am now well and strong. I think there is no remedy like the Vegetable Compound for anyone who has my troubles, and have recommended it to my neighbors. You can publish my letter for the benefit of those I can't reach."—Mrs. HENRY A. MITCHELL, 1767 7th Ave., East, Owen Sound, Ont. If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

JAZZ MUSIC AND DANCING

Chicago, June 13.—Chicago's municipal clerk found out today that he had taken the wiggle out of the pocket of motion. The ministers, who met to-day to devise means of cleaning up dancing called in Louis J. Guyon, professor of the "Paradise," one of the largest dancing halls in the country. "I agree with you that some of the dancing of to-day is too raw to put it mildly. I have seen some of our sons and daughters dancing at church balls, colleges and society functions in such a manner that they should at least have had a marriage license before stepping on the ballroom floor. "Dancing is the poetry of motion. It is as natural to dance as it is for the sun to shine. Dancing itself is not wrong but we object to its abuse. Let's cut out the jazz music. People do not dance vulgarly to good music. I tried an experiment at my academy by playing a jazz number. In 60 seconds the dancers were wiggling and twisting. It had the same effect as five big drinks of whiskey. "There is nothing wrong with the morals of the boys and girls of to-day. Youth imitates. Let the society leaders quit dancing vulgarly and our youth will soon forget all about it. "Clean up the dancing in so-called high society and all dancing will be clean." Guyon allows nothing but the old-fashioned dances in his academy.

THE WESTERN FAIR

Sept. 10th to 17th The Exhibition grounds at London is becoming a busy place in preparation for the Exhibition in September. A large amount of work is to be done to be in readiness for the big event. A portion of the cattle barn will be moved to the new grounds purchased last year. The sheep and swine pens will also be moved and the storage building will be placed out of the way. This will allow very much more room for outside exhibits, such as tractors, threshing machines and other farm implements. If space is required application should be made at once, as there is very little left. All information given on application to the Secretary, A. M. Hunt, General Offices, London, Ont. The legislation passed in the closing days of the 1921 session of the Provincial Legislature in Ontario included an important amendment to the laws which pertain to education. By this a much vexed question pertaining to the annual maintenance and capital cost of high schools has in a measure been straightened out. Instead of the urban centres having to bear the greater part of the former and all of the latter the counties will now have to pay 100 per cent. of the cost of pupils who come from beyond the limits of the municipality in which the school is situated and about one half of the cost of permanent improvements, which includes new school buildings. St. Vitus Dance is a disease of the nerves brought on by a morbid condition of the blood. It is common with children, and attacks girls more frequently than boys. Irritability is frequently one of the first signs noted. The child frets, is quarrelsome and does not sleep well. The jerky movements that characterize the disease come a little later. The limbs and sometimes the whole body jerk spasmodically, and in severe cases the power of speech is affected. Such a child should not be allowed to study but should be kept quiet, given a nutritious diet, remain out of doors as much as possible. Dr. Williams' Pink Pills will help the blood restore the shattered nerves. The value of these pills in cases of this kind is shown by the following statement from Mrs. Frank Reynolds, Windsor, N.S., who says: "When a young girl I suffered very severely from St. Vitus Dance. I could not keep still for a moment. If I tried to handle dishes I broke them, and could not safely attempt to hold a thing in my hands. No matter what was done for me I could not control the twitching in my face and body. My parents gave me several remedies, but they did not help me! Then one day my father brought home a half dozen boxes of Dr. Williams' Pink Pills. After two boxes had been taken there was an improvement in my condition. By the time the last box was gone, to my own great joy and relief of our family, my condition was normal, and I have since enjoyed good health. I never lose an opportunity to say a good word for Dr. Williams' Pink Pills." You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box, six boxes for \$2.50 from The Williams' Medicine Co., Brockville, Ont.

Chautauqua, Watford, July 9-13.

Miller's Worm Powders act so thoroughly that stomachic and intestinal worms pass from the child without being noticed and without inconvenience to the sufferer. They are painless and perfect in action, and at all times will be found a healthy medicine, strengthening the stomach and maintaining it in vigorous operation, so that besides being an effective vermifuge, they are tonical and health-giving in their effects.
