PROBS: Light variable winds; fine, with a little higher temperature.

TWENTY-FIVE THOUSAND AT NORTH YORK PICNIC

New Record for Attendance Made at Jackson's Point, When Hon. W. T. White and Others Reviewed Work of the Past Session at Ottawa, and Congratulated North York Conservatives on the Success of the Day.

Inaugurated exactly ten years ago, the seventh picnic in connection with the North York Conservative Association was held in ideal weather yesterday at Jackson's Point. As early as 6 o'clock in the morning visitors were seen making their way to the mecca of all loyal Conservatives, and during the morning there was a constant influx of visitors. In addition to the ordinary morning train from Toronto, a well-filled special left the city at 9:45, while in addition to a special train from Scarborough Junction and two from Beaverton, there were special steamers from Bahria and Orilla. Automobiles and vehicles of all kinds to the number of 2000 assisted to convey the 25,000 people who attended what several speakers alleged to be the greatest political picnic in the world. The majority brought their own provisions, and at fresco luncheon parties were to be encountered on every hand. Jackson's Point was on fete and gay with hunting, while the natural beauties of the district were enhanced by the varied throng of gallantly decked ladies, who seized this annual opportunity of renewing acquaintance with distant friends and relatives.

The procession, headed by mounted police, followed by the bagpipers and band of the 48th Highlanders, and other bands present included the Cadet Corps, Aurora, Richmond Hill, Barrie, Malvern, Canby, Orilla, Stouffville, and Markham. Arrived at the Point, various objects of interest divided the crowd's attention, there being numerous side shows, sports, football, baseball and lacrosse matches. On the invitation of T. H. Lennox the speakers and guests lunched at the Pine Plaza, and afterwards proceeded in a fleet of cars to the Point, where a large platform had been erected to accommodate the galaxy of talent from the political arena. For more than two hours an immense crowd listened to speeches, some political, some witty and humorous, and then the platform was cleared for a baby show, the judges being Hon. J. J. Foy, attorney-general for Ontario; R. A. Smith, and Victor Ross. The prizes were distributed by L. Solman, president of the Toronto Ferry Company, who intimated his intention of giving two additional prizes to the five generously donated by Mr. R. A. Smith.

Winning Babies.
Best all round baby—Mary Wilhelmsen Sedore, daughter of Mrs. Joseph Sedore, Brownhill.
Best baby—Evelyn Mabel Cain, daughter of Mrs. Wm. Cain, Sandford.
Best baby—Cordelia Cronsberry, daughter of Mrs. Frank Cronsberry, Zephyr.

Highly commended—Violet Abbs, daughter of Mrs. Wm. Abbs, Ravenhill.
Highly commended—Gertrude Beaumont, daughter of Mrs. R. Beaumont, Georgina Township.
Special—David Hamilton, son of Mrs. D. Hamilton, Roche's Point.
Special—Florence Lee, daughter of Mrs. A. Lee, Eudora.

The Speeches.
The chair was taken by Thos. Stephens, president of the Conservative Association of North York. After Alex. McEwan, M.L.A., East York, had congratulated the promoters on the success of the gathering, J. A. M. Armstrong, M.P., North York, said: "In the heat of a political campaign when party feeling runs high, we do not get that calm thought and judgment brought to bear on political questions, which is possible after the stress of battle. I have been subjected to some unfair criticism from ultra-Liberals as to my attitude on the Newmarket canal question. The work in the first place was not justifiable, but when the completion of the scheme came up for consideration in the Dominion House, I maintained that and still hold that the completion was justified. This splitting of race against race and religion against religion is not statesmanship, but cross politics. I advocate the joining of hands of the east and west so that, although forming integral parts of a great empire, they shall be united."

Prince Albert Growing

SASKATOON, Sask., July 17.—(Special.)—Crops around Prince Albert are in fine condition. The straw is short, but that is preferred. On a heavy soil no more is required. Warm weather will bring harvesting in four weeks. Nights are cool owing to heavy rains and frost is not feared at present. Prince Albert has 800 people and is growing steadily. It has the C.N.R. and is waiting for the G.T.P. and C.P.R. Damming the North Saskatchewan will give cheap power. The town is compactly built on the river bank, but the total area exceeds six square miles. Real estate speculators are better left to themselves. Twenty homesteads are being granted daily in districts, mostly to foreigners. Little interest is shown in provincial politics.

ST. THOMAS WORKINGMEN DROP PREACHER BECAUSE HE OPPOSED SUNDAY CARS

Wm. Kerley Was Used as a Tool By Lord's Day Alliance in Test Case, and Church Collections Fell Off to Less Than His Salary—He Wanted to Stay But Congregation Didn't Want Him.

ST. THOMAS, Ont., July 17.—William Kerley, the local preacher whom the Lord's Day Alliance used as a tool in their action against the London and Lake Erie Transportation Co. for operating cars between London, St. Thomas and Port Stanley, on Sunday, has been dropped as pastor of the Elm-street mission church.

The congregation of this place of worship is composed mainly of working men and they were so incensed as a result of the stopping of the cars that they have withdrawn their financial aid to such an extent that the collections did not amount to two dollars a Sunday, which was Mr. Kerley's stipend. He, however, desired to remain as pastor for the amount of the

collections, but a motion to this effect was unanimously voted down, the church people concluding that owing to his connection with the Lord's Day Alliance and the stopping of the Sunday car service his usefulness had expired. The feeling against Mr. Kerley was so strong that it showed its effect in the Sunday School. Some members of the congregation refused to allow their children to go to the school as long as Mr. Kerley had charge of affairs. Among them was a motor-laborer organization intent on interviewing Findlay MacDermid, M.L.A. for East Elgin, and have him arrange with the legislature to have what they claim an unjust law removed from the statutes.

Premier Asquith Dodges Suffragettes

LONDON, July 17.—(Canadian Press.)—Premier Asquith is now on his way to Dublin, playing a game of hide-and-seek with the suffragettes. The prime minister left his official residence in Downing-street this afternoon and later in the day unexpectedly appeared in Wolverhampton, accompanied by his daughter. There the two entered a motor car, which since has been lost sight of. This is all the suffragettes have been permitted to know, and they are not likely to learn anything further of his movements until he arrives in Dublin, where he is due at 9 o'clock to-morrow morning. A great demonstration, consisting of 2000 torchbearers and 20 bands, has been prepared to welcome him on his arrival.

INSURANCE ACT WELL RECEIVED

Only Serious Opposition Comes From Doctors—Ten Million People Have Already Registered.

LONDON, July 17.—(Can. Press.)—So far as can be judged during the three days the new National Insurance Act, compelling working people to insure against sickness and disablement has been in force, and before any payments, except in the case of casual laborers, have fallen due, the measure is working, according to the government officials, more smoothly than was expected.

The doctors as represented by the British Medical Association are still in revolt against the act, and announce their intention of refusing to attend patients under its provisions. The workmen and working women have taken up the great reform with alacrity and the government estimates that of the 13,000,000 persons insurable before the act came into force, upwards of 10,000,000 have already registered with approved societies which have undertaken to administer the act, and another 3,000,000 have taken out cards at the post office.

Before the end of the week, when the first payments fall due for those drawing weekly salaries, the government believes that practically all those entitled to do so will have become insured.

Aged People Suffer.
The only section of the community likely to suffer is that composed of casual workers and old people, both men and women, as some of the big employers have decided to do away with this form of labor. Besides the casual laborers are not likely to derive any benefit from the measure. While they are working and the employers are paying part of the premiums, the casuals will not suffer much, but they will be unable to pay their full dues during the weeks when they are out of work, and will thus lose the benefits of previous payments. While the Unionist party is making campaign ammunition out of the national insurance act, there are many earnest supporters of it among the individual members of the party, not the least of whom is Waldorf Astor, M.P., who was the chairman of the committee of the house of commons which worked out the scheme for the restriction of tuberculosis workpeople in sanatoria.

Quebec Doesn't Fear the U.S.
Nothing by Annexation, is Gloomy View of Bourassa.

MONTREAL, July 17.—(Special.)—Henri Bourassa, after being absent many months from Le Doyot, returns to-day with an article of a very pro-American tendency.

"In the past," Mr. Bourassa writes, "the French-Canadians were tenaciously opposed to being absorbed by the United States. To-day they are no longer afraid of the annexation spectre. They commence to doubt the utility of their efforts against annexation, as they seek in vain any gratitude on the part of their English-speaking compatriots."

Replying to the claim that absorption would mean disaster to the French tongue and the Roman Catholic religion, Mr. Bourassa says: "This absurd argument was used during the recent debate. As for the religion," he asks, "what difference is there, between the constitution and the laws of the English-speaking provinces and the laws of the United States?"

BRITAIN UNDER INFLUENCE OF RAILWAYS?

Senator O'Gorman Asserts That Companies of Canada and U. S. and Not British Shipping Are Responsible for Opposition in Panama—Strong Support in Senate.

WASHINGTON, July 17.—(Can. Press.)—Senator O'Gorman of New York, charged in the senate to-day that railroad influence was behind Great Britain's protest in connection with the Panama Canal bill, and he joined with Senator Lodge in declaring that the U. S. possessed full rights under the British treaty to give free passage to ships of American register.

Both Mr. Lodge and Mr. O'Gorman declared this nation was not bound by the Hay-Pauncefote treaty to give foreign ships all the privileges granted American ships. Mr. Lodge favored a bill to rebate the tolls to American ships, while Senator O'Gorman declared the United States possessed the full right to give American vessels free passage, if desired. Senator Lodge conceded that if the case went to The Hague court the United States will probably lose.

Given Emphatic Support.
The support to-day for the provision giving free passage to American ships against which Great Britain has protested, was more emphatic than at any time since the senate began consideration of the bill. Mr. O'Gorman, Mr. Cummins and others declared that if the United States had to construe the treaty literally in giving the ships of all nations equal treatment, it would by other terms of the treaty, be prevented from defending the canal in case of war.

"I don't think British shipping is greatly interested," said Senator O'Gorman. "I believe the railroads of Canada and the railroads of the United States have been enabled to secure the co-operation of the British office of foreign affairs, to embarrass this government in the attempt we are now making to secure legislation to keep railroad-controlled ships out of the Panama Canal."

Sir Thomas Denies.
MONTREAL, July 17.—(Special.)—Sir Thomas Shaughnessy emphatically denies that the C.P.R. used any influence in the Panama Canal matter.

ITALIANS HURT AT PORT HOPE

Hand-Car Jumped Track and Several Workmen Were Thrown Into Ditch, Two Being Badly Injured.

When a hand-car on which several trackworkers were riding jumped the rails near Port Hope, on the C. N. R., about 6:45 last night, two Italians were seriously injured and some other foreigners more or less badly cut and bruised.

The men had been working several miles from the railway camp. They were traveling down the grade at a high rate of speed, anxious to get home after a hard day's work. As the grade became steeper the speed of the "bugger" accelerated, with the result that when a particularly dangerous part of the track bore in view they were unable to slow up. The car jumped the rails. F. Pretinfernio, an Italian, was hurled thru the air and alighted in a valley beside the line. Another compatriot, whose name is unknown, was also thrown some distance. Several of the other men who were on the car were badly cut and bruised.

Pretinfernio and his companion were rushed to Toronto on a C. N. R. train and taken to the Western Hospital. The first-named is suffering from a broken leg and minor injuries, while the other Italian is badly bruised and cut about the scalp and may have a fracture of the skull. The other injured men were attended by local doctors at Port Hope.

SEARCH FAILS TO FIND INDIAN MURDERER

Posse, Heavily Armed, Seeks Bennett, Brutal Slayer of Woman, Who is Believed to Be Hiding in Six Nations Reserve—Murder Took Place During Carousal.

BRANTFORD, July 17.—(Can. Press.)—Brantford authorities to-day scoured the Indian reserve without success in an effort to locate Jack Bennett of the Six Nations tribe, charged with brutally murdering Emily Antone in the Village of Middleport early Tuesday morning.

The scene of the crime was at the home of Joseph Axon, where Bennett called and in the midst of a drinking party beat his victim to death.

The authorities conducting an enquiry to-day were astounded that injuries such as Bennett imposed upon his victim could have been possible in the presence of a number of men. As a result of the enquiry Jack Lodrigue, Joe Axon, Jack Armour and Susan Duncan of Middleport, sister of the murdered woman, are held here to-night as material witnesses. George Lowrey is under arrest, charged with assisting Bennett to escape, it being alleged that he drove Bennett away from the house and then put the authorities on a wrong trail.

Jealousy the Motive.
The woman had been living with Bennett, but left him a few days ago to live with another man. Bennett called at the Axon house, where she had taken refuge and where a drinking party was in progress. He went upstairs and beat the woman to death, but the fact that she had succumbed was not known for several hours.

Lost Trace of Fugitive.
Coroner Ashton ordered an inquest for Friday, the remains of the woman being brought here to-day. Detective Chapman and County Constable Kerr followed Bennett to the wooded recesses of the reserve, but lost trace of the fugitive. The search will be continued to-morrow.

Jack Bennett is 27 years old and a half brother of Joe Bennett, hanged a few years ago for the murder of Betsy Jacobs. He has been regarded as a bad Indian. It is expected that when cornered he will put up a fight and all who engaged in the search to-day were heavily armed. The alleged murderer has a wife living at Osawaken and the murdered woman has a husband on the Oneida reserve.

BOY FATALLY SHOT.
PRESTON, July 17.—A fatal shooting accident occurred this evening at Speedsville, one mile from here. Orton Costigan, aged 10 years, third son of Thos. Costigan, was in a boat with some other lads when a loaded gun was placed in the boat. The hammer of the gun struck the side of the boat and went off, killing the young lad instantly.

WINNIPEG SEND OFF TO DUKE

WINNIPEG, July 17.—(Can. Press.)—The Duke of Connaught and Princess Patricia left for the east to-night at 7 o'clock after spending eight days in Winnipeg. An automobile procession two miles long containing over 1000 cars followed the royal party to the station. All the members of the ducal suite returned to Ottawa except Lieut.-Col. Lowther.

4000 Cadets Coming

MONTREAL, July 17.—(Special.)—Dr. J. O. O'Brien of the Toronto Exposition passed thru this evening, having just returned from England. He announced that there would be four thousand imperial cadets from all over the empire, Harrow, Eton and other crack schools to be represented. The King, Lord Roberts, Lord Strathcona and the Duke of Connaught will offer prizes. The best of words and fine material. Dineen's big showrooms, 140 Yonge-street, should prove an inviting spot to visit in the next few days.

CANADA'S WHEAT AREA IS LESS FALL CROP SUFFERS SEVERELY

Cold and Wet Weather in Eastern Provinces and Hot Dry Season in West Wrought Damage—Alberta Sustaining Heaviest Loss—Live Stock Decreases.

OTTAWA, July 17.—(Can. Press.)—A bulletin on the crops and live stock of Canada is issued by the census and statistics office to-day. The correspondents of the office report that in the Maritime Provinces and generally throughout eastern Canada the weather of June continued cold and wet, and growth was therefore slow. In the Northwest provinces the weather of June was hot and dry and rain was badly needed at the beginning of July. Rains have since fallen, however, and conditions have improved. Prospects for spring sown crops are generally favorable.

According to the revised figures obtained at the end of June the total area under wheat this year is 10,047,300 acres, compared with 10,377,169 acres as returned by the census of 1911. The area sown to fall wheat in 1911 was 1,097,900 acres, but winter killing has reduced this area to 751,000 acres. The area sown to oats is estimated at 2,494,600 acres, as compared with 2,333,550 acres in 1911, and to barley 1,449,200 acres as against 1,043,369 acres in 1911.

West Also Suffered.
In the three Northwest provinces spring wheat covers 9,029,000 acres as against 9,446,000 acres in 1911, the increase being in Saskatchewan and Alberta. Including fall wheat the total wheat acreage in the three provinces is 3,246,100 as compared with 3,301,233 acres in 1911, the decrease being by the large area of fall wheat winter killed in Alberta. Oats in the three provinces occupy 5,037,000 acres, and barley 325,100 acres.

Live Stock Decreases.
The estimated numbers of live stock show further decreases except as regards horses and dairy cattle, the former being 70,400 and the latter 14,500 more than last year's estimates. The census figures of 1911 are not yet available. The condition of all live stock in Canada is uniformly excellent, the number of points being 97 horses, 5,037,000 acres, and barley 325,100 acres.

QUEBEC REVOLT STIRS CATHOLICS

Protest Meeting in Montreal to Be Held—Ridicule of Episcopacy Unparalleled Occurrence.

MONTREAL, July 17.—(Special.)—A great deal of feeling has been engendered here over the great meeting at St. Johns, Que., last evening, addressed by Mr. Justice Monet, who denounced Archbishop Bruchesi and Bishop Bernard for decreeing that the city of St. Marie shall not open at St. Johns under conditions already described.

The fact of a thousand French-Canadians, including a good many women, scoffing and jeering the members of the episcopacy is a thing unheard of hitherto in this province, and people are asking what it all means.

Senator Belque and Judge Gervais, whose brother, the mayor of St. John's, presided at the demonstration, and J. L. Peron, a leading E.C., are graduates of the now famous college, and a meeting is to be held here also. Col. heads are asking if some means cannot be found to put an end to the scandal, as a scandal it has become. St. Catholice population. The four prelates are suspended and can no longer say mass, and yet they have the whole city of St. Johns, lay and clerical, with them in their fight.

SMUGGLING OF OPIUM FEARED

Customs Dues Fall Off, While Cities Show Evidence of Increase in Traffic.

OTTAWA, July 17.—(Special.)—Reports being received showing an ever-increasing opium traffic in the larger cities of the Dominion leads the customs department officials to believe the future. Belief that the drug is being smuggled into the country, and a closer watch is to be instituted in the future. Belief that the drug is being got past the customs officers by some device is borne out by the statistics of the department, which shows that there was quite a falling off in the import figures for the first three months of the fiscal year, as against the same in 1911.

The greatest amount of smuggling is believed to be in that which is already manufactured for smoking purposes, as there is a prohibitive duty against it of \$5 a pound and there is scarcely any ever imported. The duty on powdered opium is \$1.35 a pound and on the crude article is \$1. It is very easy to smuggle it, as a large quantity can be wrapped or placed in a small package or box. It is imported mostly by wholesale druggists and most of it comes thru the port of Vancouver.

QUEBEC DOESN'T FEAR THE U.S.

Nothing by Annexation, is Gloomy View of Bourassa.

MONTREAL, July 17.—(Special.)—Henri Bourassa, after being absent many months from Le Doyot, returns to-day with an article of a very pro-American tendency.

"In the past," Mr. Bourassa writes, "the French-Canadians were tenaciously opposed to being absorbed by the United States. To-day they are no longer afraid of the annexation spectre. They commence to doubt the utility of their efforts against annexation, as they seek in vain any gratitude on the part of their English-speaking compatriots."

ONLY AN AD

How many people read our advertisements? How many read any advertisement? These are questions that a merchant sometimes asks himself. Does the advertisement without the word BARGAIN in it appeal to the buying public? Must we always say "SPECIAL INDUCEMENTS" in order to bring more people to the store? NO—emphatically NO—we believe that the average customer is best pleased and will have more confidence in us and our methods if we give him, or them, full value for every dollar, and stand behind every garment we sell and let the well-pleased customer be our best advertisement. During the hot spell we have been busy, very busy, and yet there has been no SALE banner hung over the door. Just good, honest values and the proper sort of clothes for hot weather, and lots of them.

We expect to have a splendid clean-up of all summer lines. We have without doubt the finest showing of Men's and Young Men's Suits from \$10.00 to \$38.00 in Toronto.

Other lines that are of interest just now are: Auto Dusters, \$1.50 to \$15.00; Lightweight Coats, in a variety of shades, \$1.25 to \$10.00 each; Raincoats, in light weights, \$8.50 to \$18.00; Outing Trousers, from \$1.00 to \$8.50; Summer Vests for Men, that clean or wash as you wish, \$1.35 to \$4.50.

The Boys' Department

Is just as busy as the men's. Pleasing the little men is a hobby with us, and we have summer comfort galore for them.

Our invitation to you is something more than "only an ad." It's a sincere, honest bid for your trade, so come on along for your summer clothing.

OAK HALL, CLOTHIERS

COR. YONGE & ADELAIDE STREETS

J. C. COOMBS, Manager

METHODIST CONFERENCE FAVORS CHURCH UNION URGES PROMPT ACTION

Special Committee Has Prepared a Report Emphasizing the Necessity of a Rapid Consummation, in View of Inrush of Settlers and Desire for Actual Union—Rev. Dr. Chown Declined College Position.

At the last meeting of the special committee of the Methodist general conference yesterday the question of the removal of the Rev. Dr. Chown from Winnipeg to Vancouver was brought up and the committee expressed approval of the proposal that Dr. Chown decline the position offered him in the coast city and instead devote his time to shaping the educational work which will come before the next general conference. It was decided to hold the 1914 conference in Ottawa, if suitable arrangements can be made with the railways for transportation of the delegates.

The following report on church union was approved by the committee: That the vote taken indicates so decided a preponderance of opinion in favor of union, on the part of the officials, members and adherents of the Methodist church, that this general conference special committee of the Methodist church is satisfied that the Methodist church is now prepared to proceed toward the consummation of the union of the three negotiating churches on the basis of union heretofore agreed upon.

That in view of the urgency of the situation throughout Canada, especially in the west, due to the great inrush of settlers, and to the desire of the people in many centres of population to secure actual union in their own localities, this general conference special committee is of the opinion that if the union of the negotiating churches is to be brought about, it is in the interests of the church and of the extension of the Kingdom of Christ that the said union should be consummated as soon as practicable.

That this committee has received with deep interest the communications from the Presbyterian and Congregational churches, setting forth the action of the chief courts of these churches regarding union, and would gratefully acknowledge the fraternal spirit which characterized the proceedings and deliberations of these churches, and earnestly pray that the spirit of unity which has so marked the deliberations of the chief courts of these negotiating churches may soon find full expression in the organic union of these churches.

union, which no provisional arrangement ought to be permitted to delay.

To Take Action.

That we direct the executive of this general conference special committee to receive any information or overtures that may be presented by the negotiating churches respecting further steps looking in the direction of union, and to take such action as may be deemed desirable, under provision already existing or that may be formed, but not organically connected with any of the three churches.

That the executive of this general conference special committee be authorized, in conjunction with the union committees of the other negotiating churches, to provide for the oversight of union congregations already existing or that may be formed, but not organically connected with any of the three churches.

Right of Entrance.

Permission was granted to the Methodist Church in Bermuda to apply to the civil authorities there for right of entrance to the parish burial grounds. This right has hitherto been held by the Anglican Church, and not been recognized as qualified to perform the burial service.

Fifty ministers and laymen of Vancouver were appointed the board of

governors of the new Ryerson Theological College in that city.

The board of trustees of Columbian College, New Westminster, were given permission to sell the college on the understanding that a new and larger college is to be erected.

The resolutions of the Canadian conference of the Evangelical Association touching negotiations for union with the Methodist body were read, and the committee expressed gratification that the prospect of union was so great.

The members of the Evangelical Association in Canada number ten thousand.

YOUTHFUL BURGLARS CONFESS.

GALT, July 17.—(Special.)—Recent burglaries in Galt have been traced to two small boys, Frank Welch and Geo. Cook, under 12, who have confessed guilt and restored most of the swag, and have been handed over to the care of Rev. C. R. Miller of the Children's Aid Society. The lads were equipped with burglars' tools.

Germania Hotel, John and Main streets, Hamilton. First-class table and rooming accommodation. 246

Kuntz's

OLD GERMAN LAGER

YOU'VE heard of Kuntz's Old German Lager—the latest lager-success of the House of Kuntz. But have you tasted it? It's a pleasure once tasted you'll not forget. The Old German flavor will capture you—a new delight for those used to ordinary beers. Just you try a bottle—and try it right soon.

TWENTY-FIVE THOUSAND AT NORTH YORK PICNIC

Continued From Page 1.

united by a community of interests and a common love for the motherland."

White's Fine Speech.

Hon. W. T. White, M.P., minister of finance, said: "I can readily believe that this is the greatest political picnic in the world. Our chief aim, Hon. R. L. Borden has received a more royal welcome in the old country than any previous representative sent out from the Dominion, while we are the political Cinderellas left behind to mind the house, and, I may add, the ship of state is in good hands."

"When on Sept. 21 last year the Liberal government, with a majority of over 40, was decisively beaten, there were not wanting those who predicted an early government defeat when we faced the skilled gladiators of the opposite political party. The Hon. George E. Foster was the only one in the new government with cabinet experience, yet never was the revenue more buoyant, while it had increased by \$8,000,000 since March 21. Last year emigrants poured into the country at an average of 1000 per day, while this year the daily average was 1500. Never was capital more mobile, and the financial credit of the Dominion never stood so high."

"The value of last year's trade was \$800,000,000, but at the present rate the high-water mark of a billion dollars will be reached. The season which terminated in April last was the most successful in the history of the Dominion, and just as the Liberal government of 1896 falsified predictions of early defeat by continuing in office 15 years, so I venture to prophesy longevity for this government."

Naval Program.

"We have been criticized by the opposition as to our naval program. I saw the other day, the drydock at Halifax the Nobe being repaired at a cost of \$500,000. She had been damaged while being used practically as a taxi-cab to convey officers to a ball, while probably having an eye also to political interests."

"The extension of the Maritime boundaries involved the question of schools in the added territory, and the government subsidy put thru on the same basis as that of Alberta and Saskatchewan was just as equitable, and in a house of less than 200, secured a majority of 140. Sir Wilfrid Laurier voting in its favor."

"Agriculture is the basic industry of the Dominion, and has the first claim on the finances of the country. The good roads bill, which would have meant the expenditure of \$50,000 in the development of Ontario roads, and the measure extending the Timiskaming and Northern Ontario Railroad at an estimated cost of \$3,000,000, and which would have opened up the great clay belt in north Ontario, were both killed by the senate. The greatest problems in the future are cheap transit and the provision for good roads, which will enable the farmer to readily market his produce, and at the same time counteract the tendency of our young men to gravitate towards the city to the neglect of agricultural pursuits."

"We have been criticized as to the dismissal of civil servants who have rendered themselves obnoxious to the government through having exhibited active and offensive partisanship in political warfare, and I need only read Sir Wilfrid Laurier's statement as to his views on that matter to more than justify our action. Sir Wilfrid stated that whilst every civil employee could be an active politician, yet when he appeared on a public platform and was actively and offensively prominent, dismissal was justified. Defending our policy, I may say that a list of dismissals by the Liberals during the two years occupied a three-hour reading in the Dominion House, while the present government has always exercised the greatest restraint. (Voice: "You didn't sack half enough of them.")

About the Future.

"With regard to the future of this great Dominion, we are on the very threshold of our development. Here we have a country equal in area to that of Europe, composed of nine provinces, each of them an empire in itself. Look at our immense resources. The value of the fisheries last year was \$0 million dollars, and of minerals 100 millions. Cobalt alone produces one-sixth of the silver of the world, and we have an unlimited supply of timber, coal, and other minerals. Our wheat supply is advancing by leaps and bounds, and our output of manufactured goods was last year estimated at \$1,000,000,000, while the plant is valued at a like amount. Our population is but seven and a half millions, while that of the United States is nearly 100 millions. We have three great national trans-continental railroads, and we are spending huge sums to deepen and develop the ports of Halifax, St. John, Quebec, Montreal, and Vancouver. I appeal to your reason that after comparing the present commercial position of Canada with that of States there is no limit to the future possibilities of this country. Is it too much to expect that in your lifetime the population of Canada shall be equal to that of the United Kingdom? The prospects are most gratifying, and those who have the welfare of the Dominion at heart should do all that lies in their power to promote the unity and solidarity of the Dominion. The provinces of Canada, are the children of confederation, and we should seek to maintain that unity for which our forefathers have striven, and the east should be fair to the west, and the west should be fair to the east."

Fair Protection.

"The Conservative policy is a policy of fair protection, fair to the builders

O. Henry's Stories

A large number of Sunday World subscribers are interested in the late O. Henry's stories, and the series commenced this week, which will appear from time to time will prove very attractive.

"Jeff Peters As A Personal Magnet" is the title of the story which will appear in next week's issue of The Sunday World.

of industry, and fair to the employees of labor. With our boundless resources, our expenditures should be generous, with due safeguards that the money is economically and honestly expended."

Aid for Agriculture.

Hon. H. A. Prime, M.L.A., minister of education, advocated federal aid for agricultural and industrial education. W. B. Northrup, K.C., M.P. for East Hastings, made a witty and humorous speech on the Newmarket canal question, while the Hon. J. J. Foy, the attorney-general, confined his remarks to congratulating the North York Conservatives on the success of the picnic.

T. H. Lennox, M.L.A. for North York, said: "It is more than 10 years ago that I met the electors of North York and also my friends from neighboring counties. This picnic was inaugurated on July 17, 1905, exactly ten years ago, and this, the seventh picnic, is the most successful of them all. I am glad to have the opportunity of meeting you, both Liberal and Conservative, and I quite believe that at the next election many Liberals will give me their support who voted against me in the past."

Hon. W. H. Hearst, M.L.A., minister of lands and mines, said: "The present government did more last session for the temperance cause in the curtailment of the liquor traffic than the Liberals did in 20 years. The people of Ontario, as citizens of a mighty empire, have to keep intact that heritage which is theirs by virtue of their citizenship. The position of Great Britain with its area of 130,000 square miles and a population of forty-five millions is the commanding of the east and the west and making one united Canada. We should have a common aim, a common purpose, a common ambition. We should take as our ideal a Canada not only united in itself, but as the solution of the difficulties which assail the British Empire, so that Canada shall be the brightest gem in the British crown, and help to promote the unity of that British Empire whose standard is righteousness and whose path is duty."

J. A. Hart, M.L.A. for East Simcoe, said that a public sentiment would develop with the question of closing the bar. E. A. Donovan, M.L.A. for Brockville, advocated the careful training of the young as the best investment. "We owe," he said, "a debt of gratitude to the pioneer women of the County of York and should emulate their grandeur and nobility of character."

Farm Labor.

H. B. Morphy, K.C., M.P. for North Perth, said that the lack of farm labor in Ontario was due to the high wages offered by the west, and took exception to the claims of Saskatchewan Liberals that the recent elections altered Canada's attitude towards reciprocity.

Acting Mayor Church, Toronto, congratulated the North York Conservatives on a most successful gathering, and referred to the great number of public men, both Liberal and Conservative, who the county had produced. Dr. R. F. Preston, M.L.A. for North Lanark, and chief whip, made a brief speech, brimful of happy, witty sayings, and the meeting closed with three cheers for the King and the various speakers.

"BLIND TIGER" KEEPER FINED.

CHATHAM, July 17.—(Special.)—Martin Egan, a young farmer residing in the local opinion district near Merlin in Raleigh, was fined \$25.00 in the county police court this morning for keeping a blind tiger in a restricted district.

The license commissioners of West Kent held a special meeting and decided to cut off the license of Georgina

SYNOPSIS OF CANADIAN NORTH- WEST LAND REGULATIONS.

ANY person who is the sole head of a family, or any male over 15 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made in certain cases, on certain conditions by father, mother, son, daughter, brother or sister of intending homesteader.

Quota.—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 40 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. In certain districts a homesteader in his standing may pre-empt a quarter section alongside his homestead. Price \$10.00 per acre.

Quota.—Must reside upon the homestead for pre-emption six months in each of six years from date of homestead entry (including land time required to acquire (including patent) and cultivate fifty acres of land.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for purchased land in certain districts. Price \$30.00 per acre. Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$100.00.

Deputy of the Minister of the Interior. N.B.—Unauthorized publication of this pamphlet will not be paid for. ed

Great Pre-Inventory Sale

of Men's High-grade Clothes and Furnishings. The Sale begins this morning at 8 o'clock.

The policy of this house from the beginning was to clear out each season any surplus goods on hand. With this fact in view we have marked thousands of dollars worth of the highest grade merchandise at less than the cost of production. This means you will participate in the greatest bargain event ever put on by any house in Toronto. Every line of men's clothes and furnishings must move quickly; be on hand early while the stock is complete in all sizes and variety.

Vivia First in George Cup Trial

Wind Was So Light That It Was Impossible to Make a Test.

The first race of the George Cup Trial, which was held over the R.C.Y.C. course, was won by Vivia, and the second race was won by Nerwana. Both were drilled yesterday. It was more of a drifting match than a race. The wind was so light that it was impossible to make a test. They took two hours to go over their course, a distance of six miles. The Vivia finished about 2 minutes ahead of the Nerwana.

Butler Beats Swede Sculler

Argonaut Eight Beaten in Their First Heat on Opening Day of Olympic Regatta at Stockholm.

STOCKHOLM, July 12.—In the international rowing at the Olympic games today the Australian eight beat the Canadian eight three-quarters of a length after the first five hundred metres. The English boat was always slightly ahead but fifteen hundred metres the Canadian crew spurred and reduced the lead of their rivals to half a length. Leander's time was 22 minutes twenty-two and a half seconds. This was twenty-three and a half seconds less than the time of the winning German crew, and thirty-four and a half seconds less than the Australians' time.

Gaspar and Mueller Pounded for 18 Hits and 10 Runs—Leafs Score Three Times—Scores.

It was Motigue day, the Wednesday half-holiday, and a regular carnival for the lowly royal clubmen. Those Montreal hired ballplayers are away down in the percentage stakes. Yesterday they made it any thing but pleasant for the two Toronto pitchers, and the tale is summed up in the following score.

Gaspar went to the mound full of confidence, but Montreal knocked everything out of him in eight innings, just fourteen times did the crack of clean hits jar on the ears of about 400 of the faithful who were in attendance in these awful long sessions. Mr. Mueller thought he stepped up the tide of things when he came out in the ninth, but he was not to stop to the Royals. Four more times did they bang the horseshoe, and before Mueller could make them quit.

It was our own home battery Bemis who saved us from the whitewash. Bemis on every corner occupied and two down in the very last inning. He threw the ball high and far into the left garden. In Bemis was out on the plate trying to make four bases on the rap.

McGee, who, by the way, is a Buffalo cast-off, tied the Leafs in the ninth, eight innings, and it was only in the ninth, when he was caught with the bases, that the local squad could do a thing with him. Gaspar got thru the first innings all right, but he was not to stop to the Royals. He started when Hanford poked to left and O'Hara let it get thru. Gaspar went to second, Branfield hit over second and Hanford scored. Russell walked. Cunningham sacrificed then on a peg. Madden's out, short to first, let the score stand. McGee tried to fight, and it sent in Russell. Purcell also found Gaspar for a hit, and McGee counted.

McGee tightened up for a while and pitched grand ball. In the next five innings he was again the starter. The eighth was another bad session for trouble for the local heavier, and opened the eighth with a single. Branfield duplicated. Russell's second out, called them both. Cunningham sacrificed. Madden was an infield out. McGee batted to centre. McGee was out. Den scored. Purcell beat out one to Bradley, but Connolly was sent in for Gaspar in the eighth and Mueller finished the game. The Royals found him just as easy as Gaspar, and four hits netted them three runs, making their total four day game.

There was nothing to it but Motigue for eight innings, and never a chance did the Leafs have to score. In the ninth, their only rallies of the day were scored over second and Hanford scored. Russell walked. Cunningham sacrificed then on a peg. Madden's out, short to first, let the score stand. McGee tried to fight, and it sent in Russell. Purcell also found Gaspar for a hit, and McGee counted.

McGee tightened up for a while and pitched grand ball. In the next five innings he was again the starter. Sharp Upturn in New York List—Toronto Market Irregular

MARKET ENJOYS BROADER TRADE

Brazilian Tractions Monopolize the Speculation—Profit-taking Carries Prices to Lower Levels.

A broader speculative movement developed in the Toronto stock market on Wednesday, some of the securities which have been forced into the background of late by reason of the concentration of energy in Rio and Sao Paulo coming again to the front. Despite the fact that a more active trading was under way, however, prices did not accomplish anything more than a maintenance of their previous levels in the majority of instances, so that there was practically no change in the market position of the general favorites.

Despite the fact that comparatively heavy profit-taking was under way in the Brazilian traction stocks, both Rio and Sao Paulo held their own very well. The former at one period was quoted as low as 150 1/4, a decline of well on to two points, but the closing bid at 150 1/2 showed a net loss of a little over a point. Sao Paulo did even better, the closing bid at 255 1/2 indicating a net loss of only a quarter of a point. The low for the day was 253 1/2 to 254 1/4, the low quotation being 1 1/2 points under the record price level established the previous day.

Fine Showing of Dominion Bank Report

The half-yearly statement of the Dominion Bank, being for the six months' period ended June 29 last, issued last night, is an effective counter to the pessimism of the market. It shows a fine showing of the prosperity now enjoyed by the financial institutions of the Dominion. The net profits for the half year, after deducting the usual charges and making provisions for bad debts, etc., were \$450,000, which compared with \$220,000 for the corresponding period of 1911. From the profit and loss account there was distributed in dividends \$221,366.66, and \$216,366.66 transferred to reserve fund, leaving a balance to be carried forward of \$1,132,333.33. The reserve fund, as of June 29, amounted to \$2,918,162.50.

Comparing the figures with June 29, 1911, the following changes are noteworthy: Profits for the six months \$450,000, as against \$220,000 for the corresponding period in 1911. Capitalization during the past 12 months has expanded over \$1,000,000. Deposits have increased \$5,500,000, indicating a steady growth in the general business of the bank. Total assets on June 29, were \$72,850,000, an increase of approximately \$2,000,000 during the 12 months ending on that date.

C.P.R. EARNINGS.
Canadian Pacific earnings for the second week of July, as announced last night, showed an increase of \$551,000 over the corresponding period of 1911.

SIR DONALD'S DENIAL

WINNIPEG, July 17.—Sir Donald Mann, in Winnipeg today, denied that the New York-Montreal-Toronto syndicate would buy the Winnipeg Street Railway.

"As far as I know there are no negotiations now for the purchase of the street railway stock. At the present time it is worth more in market than prospective purchasers are offering. To sell now, but if we did so we should turn the money into the Canadian Northern to help with the construction of our main line."

BLUE SKY LAW IN MANITOBA

Legislation to Shut Out Worthless Securities Has Startling Effect—Drastic Measure to Be Enforced.

One of the most interesting developments in connection with Canadian finance in many years is to be found in the enactment of the Sale of Shares Act in the Province of Manitoba. This legislation is, in effect, a "Blue Sky" Law, and is modeled after the similar code in the State of Kansas. Its purpose is to put a stop to the sale of worthless scrip, and to keep the promoters of unsound and insecure "investments" out of the west.

The most startling feature of the Sale of Shares Act is that it is having an effect which was presumably not expected by its sponsors. The regulation provides under a penalty of not less than \$50 or more than \$500, or in default of which six months in jail, that it shall be unlawful for any one to sell, offer or attempt to sell any securities not incorporated under a Manitoba charter without first having obtained from the public utility commissioner a certificate in the manner provided.

The law as quoted means that the majority of stocks traded in on the Toronto or Montreal exchanges, as well as those in New York and London, cannot be offered for sale in Manitoba, without the parties offering them first getting a certificate from the commissioner. The import of this fact is readily realized when it is stated that the Winnipeg newspapers were forced to refuse the advertisements of a Montreal firm of brokers in regard to an offering of stock in the Tuckett Tobacco Co., Ltd., owing to the fact that no certificate had been taken out.

If the law is carried out in its entirety, it follows as surely as the night does the day that most of the best stocks and bonds will not be offered for sale in Manitoba. What is likely to happen is that listed stocks which have passed the scrutiny of committees of recognized stock exchanges will be traded in on the Winnipeg exchange with the approval of the commissioner. Otherwise it would seem that much of the business in stocks and bonds in the province must disappear.

The commissioner, Judge Robson, is by no means a narrow-gauge man, and consequently his interpretation of the law will be based as much on common sense as on technicalities. Nevertheless, the legislation is there, and it would seem that there is no escaping its effectiveness. It came into effect on July 1 on proclamation of the lieutenant-governor.

RIO EARNINGS.

The Rio de Janeiro Tramway Light & Power Co., Ltd., Limited, report gross earnings for the week ending July 13 as follows: This year's, \$287,240; last year's, \$208,125. Increase, \$14,522.

SHARP UPTURN IN LAST HOUR

Dullest Day of Year in New York Market—Crop Situation Inspired Late Rally in Prices.

NEW YORK, July 17.—The most noteworthy feature of today's session on the stock exchange was the fact that up to the last hour it bade fair to mark the smallest total of transactions in over a month and closely approach the dullest day of the year. Prices were at first inclined to go lower, but in the final thirty minutes, and to the accompaniment of no little activity, practically all losses were effaced and many net gains of material value were established.

Early weakness of our stocks was attributed to foreign influences, London ending over a range of quotations, some of which were much under yesterday's close. United States Steel was heaviest abroad, the selling being associated with fears of an adverse report by the congressional committee appointed to investigate that corporation. Canadian Pacific, Union Pacific, Illinois Central and Amalgamated Copper also bore marks of European liquidation, albeit in moderate volume.

Excellent Crop Prospects.
If the home market had any actual impulse, it was again to be found in the crop situation, all news dealing with agricultural conditions being of an encouraging tenor. There was also some indication of increasing betterment in the steel industry, as evidenced in another advance in certain manufactured products.

Subscription List Opens on Saturday, July 13th, and Closes on Wednesday, July 24th, 1912

THERE IS NOW OFFERED FOR SUBSCRIPTION:
20,000 Shares (\$200,000) of Stock at Par, with 25% Bonus

THE UNION BRICK CO., LIMITED

(INCORPORATED UNDER THE LAWS OF THE PROVINCE OF ONTARIO)

Capitalization, \$350,000.00. All Ordinary Stock

Shares par value \$10.00 each. Subscriptions are payable as follows: 10 per cent. with application, 15 per cent. on allotment, 25 per cent. on August 15th, 1912, 25 per cent. on September 15th, 1912, and balance, 25 per cent. on October 15th, 1912.

DIRECTORS
J. W. McREYNOLDS, Esq., Public Works Contractor, of Cleveland.
G. W. MORRIS, Esq., Capitalist, Toronto, Vice-President Canada Permanent Mortgage Corporation.
G. P. MAGAN, Esq., Railroad Contractor, Toronto.
E. C. HILL, Esq., General Broker, Toronto.
ALFRED ROGERS, Esq., (of Elms Rogers & Co.), Wholesale Cement Dealer, Toronto.
A. F. WEBSTER, Esq., Agent, Director, Sovereign Fire Insurance Co., Toronto.
DAVID CHARLIE, Esq., Contractor, Toronto, President Carlysle & Beck, Limited, Director Equity Fire Insurance Company.

BANKERS—The Canadian Bank of Commerce.
SOLICITORS—Watson, Snodgrass & Smith, Toronto.

PROPERTY

The Company is purchasing 100 acres at Streetsville, close to the C.P.R., with practically an unlimited supply of the finest quality of Shale Clay, which will make the highest grade of bricks.

PLANT

It is intended to erect a plant capable of turning out 100,000 bricks daily, with building and power equipment for output of 125,000 daily.

CHARACTER OF OUTPUT

The plant, equipment and clay will enable the Company to supply a very superior high-class common brick, and the very best quality of facing brick, which will make the highest grade of bricks.

MANAGEMENT

The Company has in view for Manager a man of long and successful experience, who has made good in the highest sense.

Mr. W. McReynolds, one of the Directors, is a public works contractor of wide experience, and is thoroughly conversant with the requirements necessary to turn out the very best product in the way of bricks.

Mr. McReynolds originated one of the largest brickmaking plants in the United States, which plant has never obtained a price higher than \$3.00 per 1000 for its brick, and yet has never paid less than 25 per cent. per annum dividend since its origin, some twenty years ago.

With brick at \$12.00 per 1000 delivered as obtained in Toronto, a plant of this capacity should return unusually large dividends to shareholders.

ESTIMATED EARNINGS

Based upon only five days per week and forty weeks per annum, and basing the average price to be obtained for the Company's output at the conservative price of \$10.00 per 1000, the estimated earnings will be as follows:

100,000 bricks per day for five days per week equal \$500,000 per week
500,000 bricks per week for forty weeks per annum equal \$20,000,000 per annum
Less cost of manufacture, selling and management expenses equal \$10,000,000 per annum
Leaving for surplus \$10,000,000 per annum
Which would pay over 25 per cent. upon the entire capital.

OFFERING

The shares offered for sale, together with bonus, are all ordinary shares, and not limited as to dividends. Shares will be allotted in order as received, and as far as possible all applications for 25 shares and under will be allotted in full.

The right is reserved, however, to allot only such subscriptions or for only such amounts as may be warranted such.

The Directors' intention is to list the Company's stock on the Toronto Exchange as soon as progress warrants such.

PROSPECTUS AND SUBSCRIPTION BLANKS may be obtained by mail from the Company, or from Mr. E. C. Hill, Financial Broker, at 43 Victoria Street, Toronto, or by filling in the coupon application below, address. All cheques should be made payable to the UNION BRICK COMPANY, LIMITED. Payment may be made in full if desired.

APPLICATION FOR SHARES

FILL IN AND MAIL TO
E. C. Hill, Broker, 43 Victoria Street.

In accordance with the conditions mentioned in your advertisement, I hereby subscribe for _____ shares, at \$10.00 par value each, of the stock of the UNION BRICK COMPANY, LIMITED, carrying a bonus of 25 per cent. and agree to sign the regular subscription form. I enclose cheque for _____, being first instalment of 10 per cent. of the par value.

**BISHOP'S ACT OF
STIRS CATHOLICS**

Mr. Bruchesi Unfair to Interdicted Priests, Statement Made at Protest Meeting.

ST. JOHN'S, Que., July 16.—(Can. Press).—Headed by Justice Monet, scores of Roman Catholics gathered together in a mass meeting of protest tonight against the action of Archbishop Bruchesi of Montreal and Bishop Bernard of St. Hyacinthe in causing to be read in the churches of their respective dioceses pastoral letters advising the priests who conduct the St. Marie Monastical College and threatening penalties if they should cause their children to that institution. Justice Monet spoke at length, and what he termed "a word of warning" and did not come forward to explain the question from the standpoint of the priests concerned. The archbishop's letter, he said, had been literally torn out on the streets and had not even been granted the right to defend themselves. They had been placed in the position of renegades through the unjust pastoral.

STUCK BY LIGHTNING

Three Rockport People Narrowly Escaped Death From Bolts.

ROCKPORT, July 16.—(Special).—Three people in Rockport narrowly escaped with their lives when a lightning bolt struck the residence of John Gibson and also the telephone general station. Gordon Gibson, the telephone operator, was rendered unconscious by the shock. Mrs. Carnegie, who was standing in the kitchen doorway when the bolt entered, was thrown down, knocking her down. The entire kitchen was destroyed and moved four or five inches from the house. The table was overturned and dishes broken. Mrs. Hartley, who was visiting the Carnegie family, was using the kitchen and was nearly as much shocked as the room. It required the services of a physician to restore her.

SONS OF TEMPERANCE CONVENTION.

PORTLAND, Me., July 16.—(Can. Press).—Reports submitted at the annual meeting of the national division of Sons of Temperance of the United States and Canadian divisions here to-day showed that the total number of divisions at the present time is 46,000, an increase of 2,486, a loss of 112 for the year.

Rev. George A. Lawson of Moncton, N.B., most worthy patriarch, is presiding at the convention.

C.P.R. Train for Muskoka District.

Fast Muskoka express leaves Toronto via Canadian Pacific Railway, 12:10 p.m. daily, except Sunday, carrying parlor, car, cafe, and first-class coaches, making direct connection at Bala with steamers for all lake points.

Everyone should endeavor to visit this delightful resort, especially those subject to hay fever, as the atmospheric conditions offer immunity from this malady.

Week-end rate Toronto to Bala and return \$3.50. Proportionate rates to other lake points. Tickets good going Friday night and Saturday, return limit Monday following date of issue.

For full information apply to any C. P. R. agent, or city office, 15 King street east, Toronto.

PRESTON EAST HOME WILL BE REOPENED

Only Closed Temporarily, Says President—May Take Over a Cobalt Property.

The Preston East home property in Porcupine has been temporarily shut down, but it is expected that work will be resumed in the near future. The company has ample funds in the treasury to continue operations.

"The property has been shut down temporarily," said Lieut.-Col. D. M. Robertson, president of the company, to The World last night. "But will soon be reopened. The recent death of the secretary, the late D. F. Maguire, left things somewhat of a mess, and up to this time we have been unable to get the board together owing to the fact that several of the directors are away on holidays. A meeting will in all probability be held next week, when a new secretary will be appointed, and another elected. Meanwhile we have instructed the mine manager to lay off most of the men until the plan of campaign is drafted. The company has ample funds in its treasury, and is by no means to be numbered among the dead ones."

Queried as to whether the rumors that the company was looking out for a Cobalt silver mining property and would engage in mining in the silver camp were warranted, Col. Robertson stated that he "would not be surprised if it were true." The directors, however, were not ready to make any announcement regarding negotiations to that end.

**BIG LIST OF PROPERTIES
SHUT DOWN IN PORCUPINE**

Depletion of Treasury Resources Forces Abandonment—Statistics of the Mines.

The addition of the Preston East home property to the list of "shut-down" properties in Porcupine brings the long list of mining companies in the gold camp which have discontinued operations owing to depletion of their treasuries or for other reasons to about forty. The list follows: American Goldfields, Apex, Burns, Coronation, Digby, Dobbie, Eldorado, Foley, B. B. Gillespie, Gold Crest, Gold Reef, Gold Ridge, Hollinger Extension, International, Iroquois, Kiora, La Palma, Little Pet, Martin, McLellan, Miller, Porcupine, Niagara, Northern Ontario Exploration (Beckwith, Moreland), Ontario Porcupine, Peerless, Philadelphia, Porcupine Central, Porcupine Eastern, Porcupine Imperial, Porcupine-Northern, Porcupine Reserve, Porcupine Tisdale, Preston East, Royal, Schunaberger, Standard, Success, United Porcupine, Warner-Leighton, West Dome. There are also several unincorporated and lesser-known properties which have ceased operations.

The following properties are under operation: Christ Porcupine, Crown Chartered, Dixon, Dome, Dome Extension, Hollinger Reserve, Hudson Bay Porcupine, Hughes, Jupiter, McEneaney, McIntyre, Miller, Middleton, Monette, Mulholland, North Dome, Pearl Lake, Penanum, Porcupine, V. Lake, Smith, Three Nations, Wilkes. In addition to these there are several unincorporated companies operating throughout the camp, and some obscure companies which have not come before the public to any great extent.

**NEW STOCK OFFERED TO
SCOTIA SHAREHOLDERS**

Preferred Shares of New Company at Par—Bonus of Common Stock.

The shareholders of the Nova Scotia Silver Cobalt Mining Co., Ltd., are being asked to subscribe for the stock of the Dominion Reduction Co., Ltd., the company formed to operate the mine prior to the liquidation of the company. The assets of the latter concern were acquired by D. M. Steindler for \$25,000, which amount, with the expenditure entailed up to the time of commencing work, will bring the capital outlay on the plant to about \$150,000. Contracts have now been made with the Kerr Lake and Crown Reserve for the treatment of ore on a basis which, it is anticipated, will enable the mill to be operated at a fair profit within a reasonable time.

The Dominion Reduction Co. will have a capital of \$100,000 in the form of preferred stock and \$200,000 in common. The transfer will be on the basis of preferred stock at par with a like bonus of common stock to the amount of the capital invested, viz., about \$150,000, the balance to remain in the treasury. Nova Scotia shareholders will be given the right to subscribe for this latter, proportionately with their present holdings, at par for the preferred stock with a like bonus of common. The basis of transfer will be one new share of preferred at par with the bonus of common for every 15 shares of Nova Scotia stock now held. The offering which is being made by Mr. Steindler will remain open until August 10th.

ARBITRAGE TRADES

The inception of trading in the London stock market in the securities of the Brazilian Tramway, Light, and Power Co., "whenever" has been opened up the possibilities of arbitrage transactions in the shares, and Toronto brokers are watching closely for an opportunity to make profits by buying Rio or Sao Paulo on this side and selling the new stock in the old country exchange. At yesterday's closing quotations here the common stock of the new company worked on a basis of 94, while in London it was quoted at the close at 96 to 98. The small margin of profit afforded trading in the shares, viewed as sufficient to make up for possible losses in exchange and brokerage charges. At anything above 94, however, favorable transactions might have been made, and there were several orders placed in expectation of an opportunity along that line.

DRIVE AT SHORTS

Erickson Perkins & Co. had the following: The rise was perhaps based on a drive at the shorts. But in any event smallness of floating supply was disclosed. The influence of the Stanley Steel report promised for the first of next week was ignored. Wall-street in fact has treated it lightly for a long time past. On any further bulge it would perhaps be well to take part profits. But we would continue to buy on drives. The recovery in St. Paul had a good effect. There is a growing belief that the regular dividend may be declared after all.

DOGGED STRENGTH

Charles Head & Co. to J. E. Osborne: Between noon and 1 p.m. only 5500 shares were traded, making possibly a new low record for one hour's business on the exchange. Through the day there has been a dogged strength shown which has been remarkable in the face of the dullness, for a dull market almost invariably declines after a close. Commission houses participate to a very limited degree in the business. The hour recorded above was a record. We believe in the long side of the market, and would take advantage of recessions to buy.

RECORD STEEL TRADE.

CLEVELAND, July 17.—During first six months of this year U. S. Steel Co. booked longer tonnage in sheets, tin plates and tubes than in other like periods in its history and is still enjoying large volume of new business.

COTTON MARKETS.

Erickson Perkins & Co. (J. G. Beatty), 14 West King-street, report the following prices on the New York cotton market:

Open. High. Low. Close. Prev. July 12.00 12.05 11.95 12.04 11.96 Aug. 12.05 12.05 11.95 12.04 11.96 Oct. 12.27 12.28 12.15 12.25 12.14 Nov. 12.28 12.28 12.15 12.31 12.20 Jan. 12.28 12.28 12.22 12.31 12.20

SOUTHERN ISSUES IN LONDON.

Messrs. Phillips, Wood & Croft received the following figures by cable (Canadian equivalents):

July 16. July 17. Rio 157 1/2 157 1/2 Sao Paulo 157 1/2 157 1/2 Mexican 157 1/2 157 1/2 Mexican Tram. 157 1/2 157 1/2 Rio bonds 157 1/2 157 1/2 Mex. P. bonds 97 1/2 97 1/2

LIVERPOOL COTTON.

Spot—Quiet; prices, 10 to 16 points higher American middling, July, 6.04; good middling, 5.94; middling, 5.84; low middling, 5.74; good ordinary, 5.64; ordinary, 5.54.

Portsmouth Has "Big Eyes."

KINGSTOWN, July 16.—(Special).—The council of the Village of Portsmouth, desirous to encourage the extension of the city electric lighting service, has granted the free use of all streets within the municipality for installation of the service.

**BIG MEN AND
SOME OF THEIR
PET HOBBIES**

The story of James J. Hill, who was missing from Wall Street and eagerly sought for the day of the Northern Pacific panic of 1901, recalls the fact that one of Mr. Hill's pet hobbies is uncut gems. The day of the panic he spent at Tiffany's looking over a choice collection of stones. At his home in St. Paul he for many years kept a collection valued at more than \$100,000 and eagerly exhibited them to any visitor who showed the slightest interest. His friends have at last prevailed upon him to keep this valuable collection in a safe deposit vault, and now if any one wants to see them Mr. Hill will as willingly accompany him down to the vaults.

F. N. Finney, at one time president of "Soo" and later of Missouri, Kansas and Texas, had a similar hobby. He carried his collection on his person. He was never without \$50,000 worth of gems and would take them out anywhere and any time and show them to his admiring friends. The latter constantly advised him against carrying such a valuable collection around with him but he refused to take their advice until one day, on a crowded Broadway car, a light-fingered gentleman relieved him of the entire collection. Now Mr. Finney does not carry any gems around, for he is \$50,000 poorer and \$50,000 wiser.—The Wall Street Journal.

**Newfoundland
Loan Is Turned
Down in London**

A London cable reports that Newfoundland has suffered somewhat of a rebuff at the hands of the English investors. The public has taken only 15 per cent. of her new loan of \$400,000, \$1.25 per cent. stock issued at 90. The underwriters take 85 per cent. The British Empire Trust is about to create \$100,000 cumulative 5 per cent. one pound preference shares, thus raising the issued capital to \$1,000,000 sterling for use in Canada and elsewhere. The Dominion Agency with the Bank of Montreal as bankers, offer to-day \$250,000 five per cent. first mortgage bonds of the Dorchester Electric Co. at 95 with 25 per cent. common stock.

**Consols Drop
To Another
Low Record**

LONDON, July 17.—Money was in short supply to-day. Discount rate was quiet, as the Bank of England is doing most of the business. Consols gave holders another shock by falling five-eighths on reported selling by the Joint Stock Bank, and the fact that the underwriters of the Queensland Loan of \$2,000,000 have been left with 90 per cent. of the issue on their hands. Consols later recovered a quarter on Government purchases. Home rails and foreign shares hardened, but copper stocks closed lower. American securities opened steady, but most of the list declined during the first hour under the lead of U. S. Steel. Later further selling again depressed values, but prices hardened in the late trading and the market closed steady.

MONARCH DIVIDEND.

A dividend at the rate of 7 per cent. per annum has been declared on the preferred shares of the Monarch Knitting Co., Limited, for 1-2 months ending July 31, 1919. The dividend is payable Aug. 1 to shareholders of record of July 30.

**Drastic Plan
To Make Over
This Concern**

LONDON, July 17.—Much interest was awakened to-day by the announcement of the particulars of a drastic scheme for the reconstruction of Dominion Sawmills and Lumber, a British Columbian company floated with a great flourish of trumpets less than two years ago. Lord Desborough being among the directors.

Each holder of six per cent. first mortgage debentures receives the same amount of five per cent. debenture stock in the new company and three fully paid one dollar shares for each \$100 of present holding. Interest on the new debenture stock is to be payable only out of profits during the next five years, but constitutes a fixed annual charge. Thereafter, preferred debenture stock of the old company which in 1910 was held to 7-8, dropped at one time this year to 38 and is now quoted at 42-43.

In view of the large number of new British companies operating in Canada the following paragraph in the report of the Dominion Sawmills directors has special interest. "Experience has satisfied directors that it is essential that the management of a business of this character should be located in Canada. It is quite impossible for a board in London to keep in sufficiently close touch with the business to exercise any real control; therefore, it is proposed that the new company be incorporated with the entire new board resident in Canada, a small London committee being appointed, but the management to be vested in the board resident in Canada."

The Dominion Agency with the Bank of Montreal as bankers, offer to-day \$250,000 five per cent. first mortgage bonds of the Dorchester Electric Co. at 95 with 25 per cent. common stock.

**Are You Receiving Any Financial Benefit?
If Not, Here is Your Opportunity.**

We invite the closest inspection of this proposition, and will gladly mail prospectus containing full particulars. Again we sound the warning, unless you send us your orders for stock in the Canada Moving Pictures, Limited, without further delay, it will mean GOLDEN OPPORTUNITY permitted to slip by.

Opportunity knocks at each man's door at least once in a lifetime. Here it is, and our candid advice is, take advantage at once to the limit of your finances. The stock is selling fast, and only a limited amount remains.

CANADA MOVING PICTURES LIMITED

INCORPORATED UNDER THE LAWS OF ONTARIO
CAPITAL \$40,000
PAR VALUE OF SHARES \$1.00 EACH

The Board of Directors are:
F. A. REID, Wholesale Manufacturer.
H. H. Evans, Wholesale and Retail Tobacconist.
LEONARD BARKER, of Beal Bros., Limited

Depository,
The Quebec Bank

SUBSCRIPTION BOOKS OPENED ON JULY 15TH, AND WILL POSITIVELY CLOSE NOT LATER THAN JULY 31ST. THE COMPANY RESERVING THE RIGHT TO WITHDRAW THE SALE WITHOUT NOTICE. SUBSCRIPTIONS WILL BE ALLOTTED IN THE ORDER RECEIVED.

Nothing Succeeds Like Success
Although it is only three days since our subscription books opened, the demand for stock in the CANADA MOVING PICTURES, LIMITED, has exceeded our expectations, and to date over 95 per cent. of the total issue has been taken up.

Every mail brings in orders, and we anticipate the entire offering will be subscribed for within the next few days. We would, therefore, suggest to those WHO DESIRE ONE OF THE MOST LUCRATIVE INVESTMENTS EVER OFFERED to the public, one that promises to pay monthly dividends of at least 10 per cent., to write or phone us without delay.

The Canada Moving Pictures, Limited, already own the Comique, situated on Yonge Street, in the busy shopping section, which during the past year shows a net profit of close to \$300 per month. The company also holds options on eight other playhouses, every one of which is excellently located. The directors wish it distinctly understood that none of these options will be exercised unless each theatre can show a substantial profit for the past three months. WE WILL HAVE NOTHING BUT WINNERS ON OUR CIRCUIT OF PLAYHOUSES.

Earnings
With only six playhouses in operation, and basing the net profits at a conservative estimate of \$450 each, totalling \$2700 per month, would mean a distribution on the issued stock on the 10th of each month of 6 1/2 per cent., or 75 per cent. per annum. These figures are based on the average yearly earnings, as the spring, fall and winter months are the most profitable, but it must not be lost sight of the present summer is proving this new sphere of the amusement world is growing in popularity with marvelous strides. No individual enterprise in this city can show the big profits now being reaped by the Moving Picture theatres.

Are You Receiving Any Financial Benefit?
If Not, Here is Your Opportunity.

The Men Behind

The vital point at issue, therefore, is: What of the men who have taken it upon themselves to turn these vast resources into profit? Have they been successful in past undertakings? Do they have the confidence now of those who know them best? Here is evidence:

The Directors of the Dominion Oil Company are well-known, highly-respected Canadian business men. William Gray of London, Ontario, is President; George D. Forbes of Hespeler, Ontario, is Vice-President; Robert G. Lind, Toronto, Ontario, is Secretary-Treasurer; the Reverend James Reid, Montreal, Quebec; T. E. Bradburn, M.P.P., Peterboro, Ontario; F. Fred Shurley, Galt, Ontario, and James Love, Toronto, Ontario, are the Directors. It is doubtful if there ever was another concern seeking public investment that presented such an array of capable energetic men as its officers. The records of these men speak for themselves; each and every one of them has been successful; they have been leaders among men; their records have been clean; their business associates honor them, and their competitors respect them. If you do not know any of these men personally, or doubt what we have said regarding them, you can find their standing through R. G. Dun's, Bradstreet's, or, better still, your own banker.

We feel that we can conscientiously recommend the shares of the Dominion Oil Company to you as a safe, sound and profitable investment, which have, in addition, enormous speculative possibilities. The shares in the Dominion Oil Company are selling at par, i.e., \$1.00 per share.

Illustrated prospectus and full particulars cheerfully furnished upon request without any expense or obligation on your part. Write J. A. Morden & Co., Brokers, 239 Confederation Life Chambers, Toronto, at once, as this is a proposition of which the fullest investigation is warranted, and one which you cannot afford not to investigate.
