THE TROOPS APPROACH LILLE

GERMAN RETREAT TO NORTH ENFILADED BY THE FRENCH

Six Miles From Lille

British Troops Have Driven Their Lines Close To Important Town.

London, Oct. 4.—The text of the war office communication follows: "Fighting of a local character has taken place today in the neighborhood of Beaurivier, north of Gouy and south of Cambrai.

The endurance the allies have shown in sustaining their undiminished ardor has been in progress since Sept. 30 from Flanders to the Meuse, were increased to six by the entry into action of General Debeney's men around St. Quentin and General Berthelot's force northwest of Rheims and all continue with great tenacity.

The German line is being dealt the Germans in their strongholds of the Hindenburg and subsidiary lines.

In the region of St. Quentin the army of Gen. Debeney is driving a wedge into the Hindenburg line near the village of Suresnes, north of the road from Louvain to Courcy.

One of the most important successes yesterday was in the fighting on the heights on which Meudon Farm is situated. This height gives the allied artillery command of a wide stretch of territory sloping westward toward the river Sappe and the valley of the Sappe and the River Arnes, north of Moronvillers.

The German line is being dealt the Germans in their strongholds of the Hindenburg and subsidiary lines.

FIVE MEN KILLED HUNDRED CAPTIVE

Boches in Bleicourt Surrender to Lieutenant and Four Wounded Men.

By J. F. B. Livesay. With the Canadian Forces, Oct. 2—(Delayed)—Canadian engineers have unearthed in the neighborhood of Cambrai no fewer than 255 anti-tank land mines. Most of them were found on the canal bank south of Marquion and temporarily crippled. The engineers as once set to work exploding these hidden mines by charges of gun cotton. The device is ingenious, various expedients being resorted to in order to conceal the simple apparatus such as innocent pieces of lumber left lying in the roadway which set off the detonator. During yesterday's battle three Boche fighting planes were brought down within our lines, two by our own craft and one by our machine gunners. Bleicourt is still a debatable point, both our own and enemy positions being reported in possession of our troops. The village had the fate to be the crux of bitter fighting ever since we drove the Boche out of Bourzon Wood. It is now on very high ground, indeed, over-topped by neighboring spurs, but it is strong in defence with elaborate dugout systems. Thus, last Sunday morning, when our men went forward under cover of a barrage, it fell to the lot of the British Columbia Highland Battalion to storm the position, from which they took more prisoners than their total strength. They then pushed on towards Bleicourt.

Over Hundred Captives. As they went forward, enemy concentrated machine guns on the devoted little company. Little groups took up defensive positions wherever opportunity favored collecting and sending back prisoners as they went. A lieutenant and four men actually entered Bleicourt, where over one hundred Boches were captured. They marched out in columns of four, and the prisoners were astounded to find that there was no further support. All four men were wounded, but they brought in their captives. "This is the first time we have had to chuck anything we've got hold of," they remarked, referring to Bleicourt, "and we don't like it."

This battalion lost heavily, because many of its men were inexperienced in the tactics of trench warfare and their posts, even when surrounded. The same kind of thing was repeated on a larger scale both on Monday and Tuesday. Our own men got their teeth into a position they would sooner die than let go. The alternative of surrendering does not seem to enter into their heads. Wonderful stuff, that they are, it is the quality that stemmed the torrent of enemy counter-attacks yesterday.

FLYER WAS DROWNED IN CONSTRUCTION PIT

Deseronto, Ont., Oct. 4.—Cadet A. Richardson of Roy Hill, County Down, Ireland, fell into a 35-foot-deep construction pit here during the night and was found dead this morning. There was some speculation as to whether the pilot and the cadet's head and arms were immersed.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

Allied progress in the campaign yesterday chiefly developed in the regions of Lens and Armentieres and of the Champagne and the Argonne. In the first region the Germans continued their retirement; in the second region the French and Americans helped them on with powerful attacks. In the first region the British continued to keep up a daily bombardment of the Belgian coast, and the Germans hurriedly taking away their artillery to the western front. In the second region a wide stretch of territory, not only in Flanders, but in France, prisoners report that he is fighting to gain time for the making of a defensive line before Valenciennes. The enemy, in brief, is endeavoring gradually to get away from the allies, and to change the military decision. He is protracting the struggle with the object of weakening the allied resolution.

A revolt against Austria is brewing in Bohemia. The leaders of this revolutionary movement have made their will known to the world by a declaration of independence. They have also framed a program for a new government and have selected its personnel. The danger of civil war within and invasion from without the state has stirred up the Hungarians to impress on the Viennese Government the necessity of a speedy peace, Austria has approached Holland and asked the Dutch Government to invite all the belligerents to a peace conference. Owing to dread of consequences flowing from the Austrian Government, like Satan when he was sick, is adopting the sanctimonious course of preparing to institute reforms in the Hapsburg dominions.

FOUR VILLAGES TAKEN IN AMERICAN ADVANCE

Washington, Oct. 4.—General Pershing's communique for this date received at the War department tonight reports the resuming of the attack west of the Meuse, and the advancing of the American line two to five kilometres. Several villages were also reported taken from the enemy.

The statement says: "This morning the attack was resumed west of the Meuse. Overcoming a stubborn resistance, we have advanced our line two to five kilometres, carrying Hill 340, north of Ezeffemont and taking from the enemy the villages of Gouva, Ezeffemont, Oberey and Laforgue. In the face of heavy artillery and machine gun fire, troops from Illinois, Wisconsin, western Pennsylvania, Virginia and West Virginia and regular troops belonging to Major-General R. L. Bullard's corps, forced the enemy back to the southern positions south of the Bois du Nord. After artillery preparation the Americans went over the top at 5.30 and before midday afternoon had attained all their objectives. The fighting was of the bitterest sort, continuing at last accounts at nearly every point of the front. We were surprised by the attack, which had been expected by them two nights ago. They retreated slightly at first without any great artillery reaction or resistance, but then stiffened and fought like desperate men through the remainder of the day."

OPENING DAY AT MARKHAM FAIR

Exhibits Not All on Grounds Yet, But Races Were Excellent.

Hamilton, Oct. 4.—"We shall later on no proposals of peace from Potsdam. There will be no peace conference to determine who is victor." With these similar impassioned declarations, Bishop Joseph F. Berry, fraternal delegate of the Methodist Episcopal Church of the United States, stirred up the general conference of the Methodist Church of Canada this evening to a degree of enthusiasm that has not been equaled since its sessions began last Wednesday.

Not in years has there been such a splendid showing of fruit, and especially, bearing an exhibit ever made in Markham. The show was a credit to the county. The display of cattle so far is not large, but they will probably be supplemented this morning, and none of the sheep and hogs are on the grounds, but will be today. No Proposals of Peace From Potsdam, Says Delegate to Methodist Conference.

Hamilton, Oct. 4.—"We shall later on no proposals of peace from Potsdam. There will be no peace conference to determine who is victor." With these similar impassioned declarations, Bishop Joseph F. Berry, fraternal delegate of the Methodist Episcopal Church of the United States, stirred up the general conference of the Methodist Church of Canada this evening to a degree of enthusiasm that has not been equaled since its sessions began last Wednesday.

There must be a surrender of the sword of Germany, dripping with the blood of innocent women and children," he declared, and he fairly carried his audience off their feet when he declared, "The American colonies never fought their mother; they fought their Frisian grandfather."

When conference met this afternoon, Rev. J. G. Shearer, addressed the conference on the behalf of the social service council of Canada, laying stress on child welfare, the suppression of venereal diseases and the abolition of political corruption. When conference met this afternoon, Rev. J. G. Shearer, secretary of the Social Service Council of Canada, spoke as representative of that council, pointing out the danger of any social effort if it got away from a disinterested Christian basis. He added in reference to his recent appointment as the first paid secretary of the Social Service Council of Canada, "It will have to be done with me. We believe in the Christianizing not only of men but of man, not only of the individual, but of society."

CANADA'S NEW TROOPS EQUAL TO THE BEST

Ottawa, Oct. 4.—Fred James, official correspondent of the Canadian overseas ministry with the Canadian forces in France, in a cable says high tribute, especially to the "new boys." The men, he states, absorb the spirit of pride and the splendid morale radiated by the corps from the moment of their arrival in British Columbia. They received their first baptism of fire at Amiens and have been prominent in all the recent terrific fighting. He mentions that his own unit, the 1st Canadian Trench Battalion, was held in Quebec, when Hamilton was chosen for next convention.

LEVER BROTHERS LIMITED, TORONTO, ONT.

PLAYS PICTURES AND MUSIC.

"The Little Brothers," Walker Whiteside, star in "The Little Brothers," in which he will be presented at the Royal Alexandra next week, starting Monday, by the Messrs. Schubert, in conjunction with Walter Hest, has his own views as to Shakespearean productions, and although "The Little Brothers" is a play as far removed from Shakespearean atmosphere as day is from night, the plays of the famous bard are a favorite subject of his present American and European star. He contends that Shakespearean plays should reflect the life, customs and manners of the times. Mr. Whiteside, it will be interesting to note, played "Hamlet" in New York City at a time in his life when he was exactly Hamlet's age.

"A Tailor-made Man," Cohan and Harris will present their extraordinary comedy success, "A Tailor-made Man," at the new Princess next week with Wednesday and Saturday matinees. This detestable play, with uncountable laughs in its four acts, runs so long and so profitably at the Cohan and Harris Theatre, New York, that before the end of its first six months, it had been heralded all over the country as the comedy hit of its decade.

"Over There" Remains at the Grand. "Over There," the victory play, will remain at the Grand Opera House one more week, arrangements having been completed for the extension of the engagement. It has the patriotic atmosphere and tells an interesting story in a delightful and impressive manner, with the company of Capt. G. Frederick Campbell, late of the R.F.C., who has an official record of eighteen German planes to his credit. During the last week of the engagement, matinees will be given on Wednesday and Saturday.

Next Week at She's. Dolly Connolly shares headline honors with "The Girl of the Year" next week, with the appearance of the travesty, "For Thy Sake," Montgomery and Perry are two clever comedians. Jimmy Allen, who will be featured in a revue of the season's newest and best songs, dances and comedy. Bert Swor is a black-and-white comedian without the Klutner and Quinn, with an equal provoking material; the Aerial Shaws, in aerial feats; Josie O'Meara on the stage, with the Blue Gazette, are also included in the bill.

Loew's Theatre. "Riders of the Purple Sage," a western drama, with William Farnam in the stellar role, will be shown next week at Loew's Theatre and Winter Garden. An outstanding feature of the vaudeville will be the appearance of Corporal Jack Slack and Pte. Neville of the 48th Highlanders and Pte. Pickers of the Little Black Devils of Winnipeg in a timely patriotic episode, called "Billie's." Blanche and her symphony girls, assisted by Gerani, a new vocal soloist, and dances, featuring "The Rainbow Girl," is a feature. The Oxbasketed on bicycles, and a cowboy singer, will be on hand with some new ditties and patriotic songs. Lawton and Eddie Hickey, presenting a skit and Eddie Hickey, presenting a skit and Eddie Hickey, presenting a skit.

She's Hippodrome management offers "Nine-Tenths of the Law," one of the most human and altogether touching stories that have come out of the paradise of the story-teller—the Canadian northwest woods—featuring Mitchell Lewis, a breezy Reaven, a clever juvenile, and seen also "The Little Stranger." The Three Melody Girls, singing comedienne, will feature the vaudeville, which will also embrace Valda Bird, a British artist; the Walkers, sensational comedians; Zemanor and Smith, daring gymnasts; Ike and Irie Smokey, the comic Hebrews, and Come and Welcome, in a skit "That is the Question."

"All in Fun," a two-act book by John G. Jerome, Joe Opp and Abe Lavitt, is the vehicle in which "The Twentieth Century Maids" will appear all next week at the Hippodrome Theatre. It is a lively comedy vehicle with many sparkling scenes, bright dialogues and an excellent fun-making opportunity for Jim Barton and his comedy co-workers.

At the Star. For the week of Oct. 7, at the Star Theatre Strauss and Franklin will submit their newest in burlesque, "The Girls from the Folies," replete with a chorus of twenty beauties, finely costumed, in addition to a star cast of principals. With this company are a number of favorites in the burlesque field, embracing Fred Binder, Harry Vann, Bill Jennings, Albert Fox, Max Barlow, Anna Armstrong, Babe Luftitz, Max and Irie Smokey, Winthrop, also "Mysterious Marie," a novelty that should not be missed.

Fairbanks at the Regent. Nobody can move fun out of the making of the big Fairbank picture, "The Lamb," at the Regent next week, than Douglas himself. He says so. Newspaper reports on his completion were all to the effect that this picture more truly interpreted the real Fairbanks than any other up to date. Edith Barker Little, contralto, is the soloist engaged for next week.

At the Strand. Today will be the last day for seeing Geraldine Farrar in her great Goldwyn

SEEKS TO RECOVER DEPOSIT. Justice Middleton yesterday afternoon reserved judgment in the case of J. L. Boyce vs. Dr. Harry E. Veau, in which the plaintiff sought to recover a deposit of \$3000 made in respect to the purchase of a Chestnut Park road. It was alleged that after the purchase was made the plaintiff and the vendor discovered that 180 square feet of the property encroached upon the road, and therefore did not belong to the property but to the city. W. D. McPherson, K.C., for the defence, stated that the 180 square feet out of a total of 1,493 square feet amounted to only one per cent of the entire property, and that the plaintiff might with equal reason have put in an application for restitution because of an encroachment of one inch. "Well," replied his lordship, "your simile is a bit far-fetched. If you were to consider the addition of

WEAK BOYS AND GIRLS

It is a mistake to think that anaemia is only a girl's complaint. Girls probably show the effect of weak, watery blood more plainly than boys. Delayed development, pale faces, headaches, palpitation, and a feeling of listlessness, call attention to weak blood in the case of girls. But many boys in their teens grow thin and "weedy" and have pimples on the face, showing that they have not enough blood. The anaemic boy is just as likely to become a victim of consumption as the pale, breathless girl with her headaches and worn-out look. Let the boy in this condition catch cold and he will lose his strength and his health becomes precarious.

To prevent serious disaster to those of the rising generation, let both boys and girls be given the new rich blood which Dr. Williams' Pink Pills are famous the world over for making. When living these pills watch how soon the appetite returns and how the languid girl or the weak boy becomes full of activity and high spirits. Remember that the boy has to develop strength through the new rich blood. Williams' Pink Pills actually make you. You will then see active boys and girls, instead of weakly children around you.

Dr. Williams' Pink Pills are sold by all medicine dealers or may be obtained by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

FEW RESPONSES TO RENFREW'S S.O.S.

Lieut.-Col. McCullough's appeal in the name of the Ontario Health Department to various institutions and municipalities to contribute towards the purchase of nurses to grapple with the four hundred cases of influenza in Renfrew County chiefly elicited replies that called for military medical supplies. The call for military medical supplies had caused a shortage of doctors and nurses. In the crisis, Dr. Dunn of Almonte begged for help, this time to the Almonte cases and half to Renfrew. Dr. Dunn reports that he has about 100 cases of influenza in Almonte Hospital and the Almonte medical district of which he is medical health officer.

Two hospital nurses were sent to Renfrew from Kingston and two from Peterboro.

In the Renfrew district, Col. McCullough reports, ten of the influenza cases have ended fatally, owing to complication of pneumonia.

TO THE MINES TO HURRY COAL OVER

MANY CASES OF "FLU" AT BASE HOSPITAL

Nearly 700 soldiers are now under treatment in the Toronto Military Base Hospital and 540 of them are suffering from influenza. Col. E. B. Hardy, D.S.O., states that so far no serious cases have developed. There are sufficient nurses to cope with the situation. The hospital commandant declares he is satisfied that a few days of good weather will bring a return to the men back to health again. There are 28 influenza cases at the College Street Military Hospital.

SEES TO RECOVER DEPOSIT.

Justice Middleton yesterday afternoon reserved judgment in the case of J. L. Boyce vs. Dr. Harry E. Veau, in which the plaintiff sought to recover a deposit of \$3000 made in respect to the purchase of a Chestnut Park road. It was alleged that after the purchase was made the plaintiff and the vendor discovered that 180 square feet of the property encroached upon the road, and therefore did not belong to the property but to the city. W. D. McPherson, K.C., for the defence, stated that the 180 square feet out of a total of 1,493 square feet amounted to only one per cent of the entire property, and that the plaintiff might with equal reason have put in an application for restitution because of an encroachment of one inch. "Well," replied his lordship, "your simile is a bit far-fetched. If you were to consider the addition of

WORK HAS COMMENCED ON CLEARING STATION

Contract calls for Expenditure of \$2,000,000—Hundreds of Men on Job.

Before the first of the year the \$2,000,000 casualty clearing station at the heights overlooking the Toronto hospital and North Roadside will be completed and the hundreds of men will commence working next week on the various buildings which will go to make up what will probably be the largest central clearing station awaiting their discharge from the army so that they may re-enter civil life.

TRACK-LAYING COMMENCES AT NEW LEASIDE YARDS

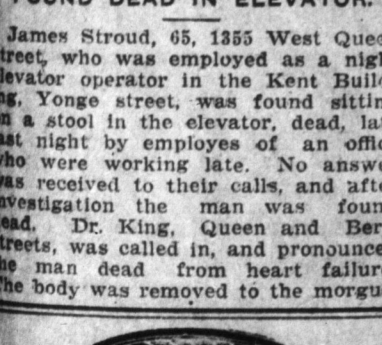

Work of laying 12 miles of rails in the new National Railways yard at Leaside has begun. A big gang of men are now at work leveling up the ties and rails, on the spot off between the C.P.R. tracks (at Donlands) and Duncan, about two miles. The rails will be laid on the new tracks as down. The engines and construction bosses are all ready to start the job. The former did not want to have a repetition of their experiences of last winter and spring, when the system was operated under the greatest of difficulties by reason of the unsuitable location of their yards and shops in the valley.

James Cooper on Sept. 27. The jury added a rider to the effect that they were of the opinion that the driver had all that was possible to avoid the accident.

Don't Hoard Coal

Domestic fuel will be scarce in Canada this winter. What are you going to do about it? Are you going to hoard coal? You can't? Is that the lesson you have learnt in these four years of carelessness and sacrifice?
That can not be! You will do your duty at home—your lighters, your easter shares with the address obedience to the dictates of conscience and patriotism that Canadians are showing in the war-torn fields of France.
And your duty is clear today. It is to use not a lump, not an ounce, of coal unnecessarily. Don't start your furnace till the real cold weather sets in. Use as little coal as possible in grate or stove meanwhile. Endure a little persona discomfort to do a great public good. Deny yourself for the general good. Save the coal. Save the money. Both coal and money are needed for victory. Try sacrifice!

EDUCATION, THE REMEDY FOR AFTER-WAR EVILS

"If we win the war and fall in reconstruction, it shall have profited us nothing," declared Major L. Stuart Wallace at the McEwator College convocation last night, speaking on "Reconstruction Problems After the War." Also the war, in the event of peace, some of its problems were already upon us. It was gratifying to see the spirit of the best time for re-education would be during the demobilization period. The speaker pointed out the best time for re-education would be during the demobilization period. The speaker pointed out the best time for re-education would be during the demobilization period.

POLICEMEN'S UNION THOROUGHLY ORGANIZED

The new Policemen's Union is now thoroughly organized and at last night's mass meeting held at St. O. E. Hall, Bert street, 300 policemen became charter members of the new local, under charter from the Trades and Labor Congress of Canada and under signature of Tom Moore, the president of the congress. WITNESS DOES NOT APPEAR.

The inquest into the death of William Glashy, who died from gas poisoning in his room at 9 Oxford street on September 22, was again adjourned after a short session at the morgue last night. The failure of a material witness to appear prevented a verdict being brought in. A warrant for the arrest of John Hoakin will be issued for his non-appearance.

TO HUT CAMPAIGN

Men of All Denominations Meet in Final Scene of Drive.

Closing hours in the Catholic Army Hut campaign were marked by scenes that will remain ever memorable in the life of Toronto and by associations that were probably never duplicated in the life of Canada or the Canadian people. The final gathering that took place last night at the King Edward Hotel was one that embraced ecclesiastical dignitaries, representatives of provincial and municipal governments, men of all religious denominations, the head of the highest seat of learning and the highest seat of science in Canada.

Archbishop McNeil presided and introduced as the first speaker, the Hon. T. W. McCarry, who was received with great cheers. He said he did not think that the same spirit had been manifested in any other campaign that had taken place in the last four years. With regard to the campaign throughout the Dominion, Mr. McCarry said that the Province of Ontario had carried the grante to the hilt. It had been a great event in the history of Toronto and the province. The better feeling it had evoked would make the country a better place than before. In introducing Mayor Church, Archbishop McNeil said that the government had been the largest contributor and would remain so until the provincial government went them one better. The mayor, who was received with loud cheers, congratulated the teams on their work. His vote, he said, had carried the grant to the hilt. If it had not carried it would not have been fair to Toronto.

A soldier of the first contingent, Corporal Rice, "old of the first Catholic huts in England in 1914, and described how men of all creeds had found comfort in them. Addresses were also delivered by Norman Sommerville, Col. Dinlick, Major Southern of the Salvation Army, Sir Robert Falconer, George A. Burton and Sir Edmund Walker. Tribute was paid by many speakers to the work of the women in organizing the huts. The last speaker was Bishop Falconer, whose coming was a great surprise to a large number of the audience. He sang of "He's a Jolly Good Fellow."

His lordship made a brilliant address, thanking God that the grante of the past had been laid forever. It was not the money, but the message given over the wire of the beautiful occasion of the campaign that was worth while. He made a plea for the community spirit and said that if there must be religious meetings, they belong to the churches and prayed that they might be kept there.

Col. Dinlick thanked the archbishop for the assistance he had given to the meeting closed with the singing of Auld Lang Syne and the National Anthem.

HIGH SCHOOL SPORTS START AT Y.M.C.A.

High school clubs of the Toronto central district got their first winter program off to a great start last night at a bumper rally in the Central Y.M.C.A. building. Major Fred Smith, recently returned from the direction of athletics in the Canadian camps in Great Britain, presided at the meeting. The program was carried with him overseas, the same determination to play fair and to win the entire and of the field. Its goalkeepers numbered eight or ten and three balls had to be used. Scoring was on the basis of three points between the goals and one point on either side. So great was this game's popularity that no less than 75 teams were now playing it regularly behind the lines.

"In France the Y.M.C.A. has placed \$150,000 worth of athletic equipment at the disposal of the men." Major Smith said. At a recent meet behind the lines they were able to hand out 17,000 football "knickers" and 10,000 pairs of gym shoes.

He paid a high tribute to athletes from the high school clubs who had "gone west" while I stand here tonight. I think of Conroy, Galloway, Arnold Read and Roy Mitchell. They died clean, and as they had lived clean.
