LONG AGO PAC (CLOSED) DOWN COMES THE PERFECT

Massey Hall Filled to Overflowing Last Night, When the Liberal Cohorts Cheered Their Leaders as They Appealed for Support—Time for a Change (in Toronto) Their Cry.

Premier Ross and his three local supporters have made their appeal to Toronto. Massey Hall, where they gave their reasons why Tory Toronto should change its political faith and join the ranks of Liberalism, was packed. Nearly an hour before the meeting commenced almost every seat was taken. The fine acrobatic hand of the skilled organizer was seen in nearly every feature. The meeting was judiciously advertised; the crowd was drummed up and the fact that several well-known vocalists and the Klittes Band would contribute to the musical part of the evening was not allowed to go unnoticed.

The meeting, however, was a rouser. It was an enthralling one. The speaker had desired and Premier Ross received a magnificent reception when he appeared on the platform, accompanied by the chairman, H. M. Mowat, president of the Toronto Reform Association. "That was a very fine reception," whispered the speaker, "and if the Liberals only get the vote they get reception it would be a bad lookout for the Conservatives of Toronto."

On a long stretch of canvas hung around the gallery was blazoned the defiant words, "No Change. What We Have We'll Hold." Equally as conspicuous were other mottoes, such as "Ross, Progress and Prosperity," "Build Up Ontario," "Success To Our Mining Districts," "Remember Ross and Build Up Ontario." In the rear of the platform were prominently painted in green, and on the sides were figures showing the number of acres, population, etc., in the new territory.

The crowd was an enthusiastic one, but the stirring patriotic songs of the artists provoked indignantly more applause than did the remarks of the speakers. It was apparently arranged beforehand that there were to be no encores, but in this arrangement the committee in charge failed to reckon the crowd. Encores they wanted and encores they secured, despite the chairman's efforts to foist another speaker on them.

Good Musical Program.
The musical program would have done credit to a high-class concert. The splendid band of the 48th Highlanders kept the audience in good humor until the proceedings commenced. Then interspersed with the speeches were songs by Miss Mildred K. Walker, Miss Mae Dickinson and Mr. H. Ruthven Macdonald. They were all of them enthusiastically cheered.

A very large number of the best seats in the balcony were reserved for ticket holders. At 7.30 some ladies and gentlemen without the necessary bits of pasteboard seated themselves within the reservation, and a policeman endeavored to make them retire. The crowd took up the cause of the unwitting offenders and hissed the officer vigorously, while there were many cries of "shame." Then they were allowed to remain, and no more that, but the restriction was removed all round, and many who had been standing were allowed to seat themselves. The course adopted was a generous but ill-advised one, for as a result many ticket holders who came later were unable to gain admittance to the hall, much to their chagrin and disappointment.

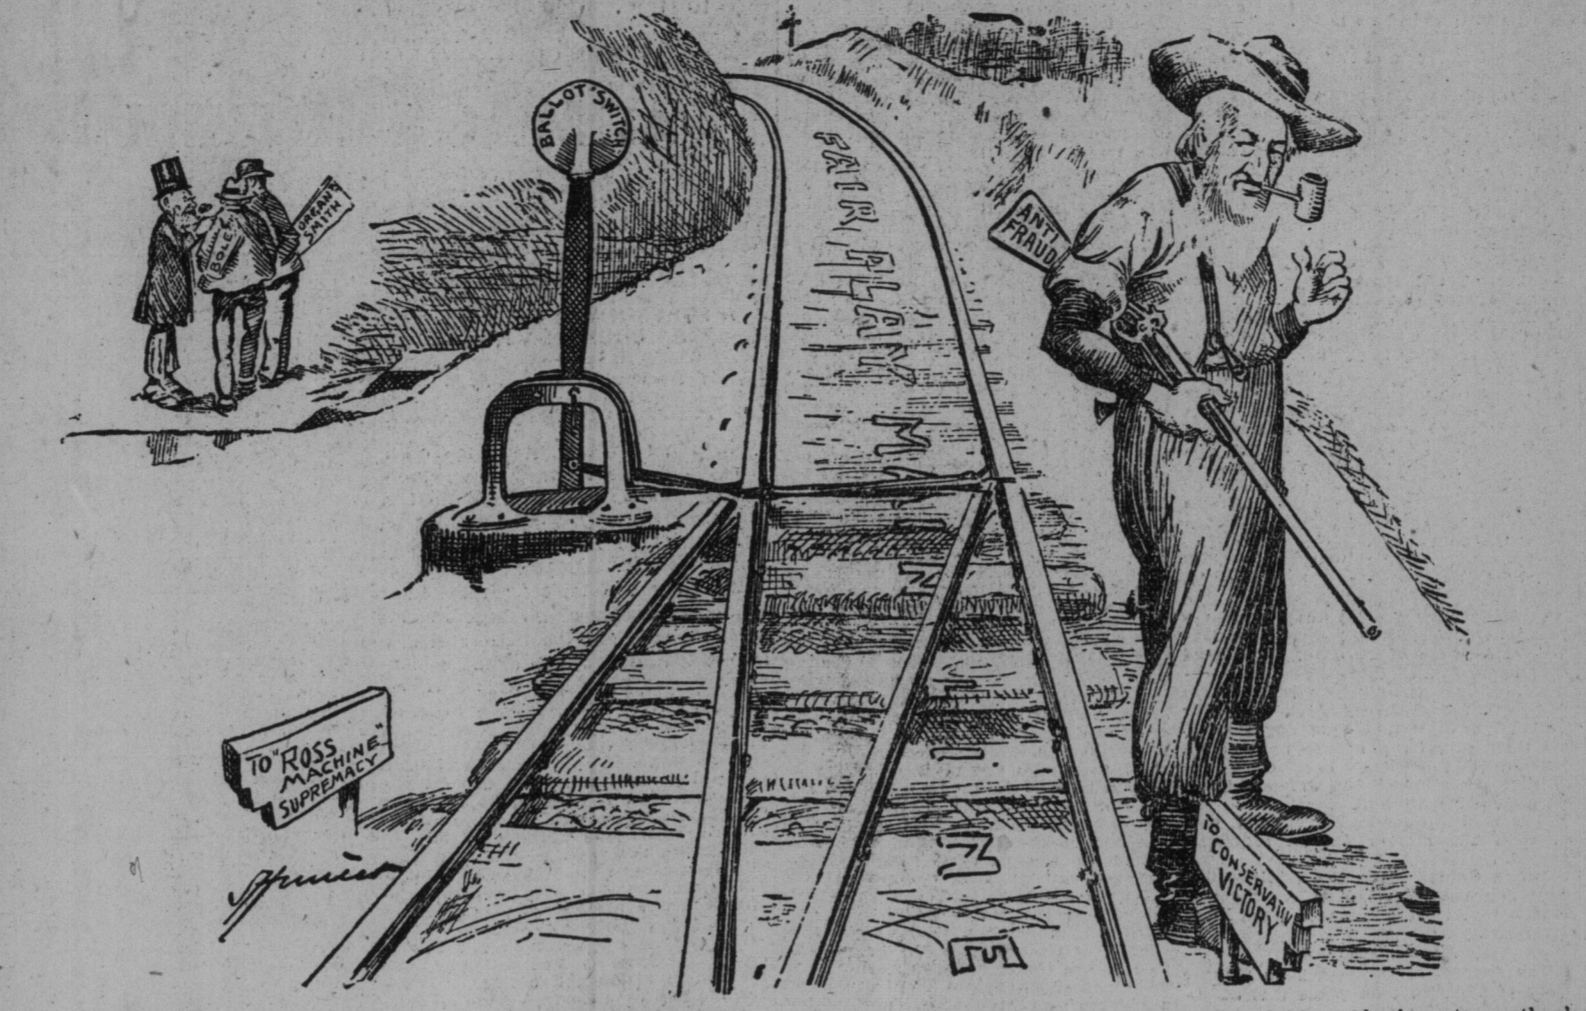

Those on the Platform.
Among those on the platform were: L. V. McBrady, Aid. Thomas Urquhart, W. B. Rogers, William M. Douglas, K.C.; J. K. Kerr, Hon. Senator Cox, Dr. J. E. Elliott, S. H. James, G. S. Lindsey, Hugh Guthrie, M.P.; Rev. Dr. Dewar, ex-Aid. Steiner, E. F. Malone, K.C.; Thomas Dunnett, A. T. Rutter, G. C. Steele, Henry Dickinson, Robert Jaffray, Hugh Blair, Aid. Burns, J. F. Eby.

Claimed All Toronto.
In his opening remarks Mr. Mowat said that the meeting, which had turned out such a grand one, was called for one reason, to show off their three candidates and future members. The absence of a fourth candidate was explained by Mr. Mowat as being due to the disintegration in Conservative headquarters there were two Conservative leaders opposing each other in North Toronto. It became obvious that one of these gentlemen, who professed to have a larger amount of Conservative support at the nomination, was opposed by a considerable number of Conservatives whose consultations are said to take place in the smoking room at the Albany Club. Well, they ought to know their own man, and if they opposed him at that time it was their own business, and while the opinions that emanated from that organization are not as a rule a good guide for Liberal action, yet in this case we will take the lead they gave us, and if they do not like the methods employed by their candidates, why we know what to do.

Continuing the disintegration in Conservative headquarters referred to in glowing terms to the Premier, "a leader who leads," and then he introduced Mr. Rogers, by saying that "South Toronto is his home-keeping, he is her benefactor."

Mr. Rogers' Address.
W. B. Rogers, the candidate in South Toronto, received an enthusiastic ovation. He told the meeting of his belief that the Ross government was worthy of the support of every progressive citizen. The legislation enacted by the Ross government was so advanced in its nature as to meet the full requirements of the people. The policy of development in New Ontario was one that could not help but appeal to every fair-minded person. Referring to his own constituency, he said the Conservative party were adopting the policy of slander in South Toronto. The workers for that party had claimed that they (the Liberals) were using unfair means to enlist men as voters. But

HE HAS FORMED A POLITICAL SHOTGUN CLUB.

MR. ONTARIO: I expect to see a pile of Anti-Ballot-Thief votes sent over the Main line to-morrow—and I'll make it my business to see they're not "switched" onto the "machine siding" either.

ONLY DEWEET STANDS OUT REFUSES TERMS OF PEACE

Wants More Privileges in Commerce Than Those Suggested—British Cabinet Discussed the Situation for Two Hours—Peace Is in the Balance.

London, May 27.—The British cabinet was in session for two hours to-day, discussing the communications received from Pretoria since the meeting of the ministers on Friday last. It is understood that the inner committee of the cabinet telegraphed the result of the deliberations to Pretoria this afternoon. The Boer delegates at the Transvaal capital will then probably return to Vereeniging and report to the burghers, who are still assembled there.

Government is Satisfied.
According to the views of officials here, there is nothing to warrant the pessimistic opinions expressed in some quarters regarding the ultimate outcome of the discussions at Pretoria. The Associated Press is satisfied that the negotiations will result in a peaceful settlement. Some minor points are still being discussed, but these are expected to be fully disposed of within a day or two.

Things in the Balance.
A. J. Balfour, the government leader, made no statement in the House of Commons to-day in regard to the peace negotiations; but he announced a postponement of the discussion of the budget that it would be impossible to have other things in the balance.

Mr. Balfour subsequently explained that it would be impossible to discuss the budget to prevent references to the peace negotiations.

Dewet Hangs Back.
Gen. Dewet is the only Boer delegate who still refuses to accept the terms of peace offered by the British. He continues to demand certain concessions, but his position has been made known to the ministers.

In regard to Gen. Dewet's stand for extra concessions, it was reported to-day that the other delegates had begun to plead with the soldier, and that they were coming to terms with him over.

Want More Privileges.
It is not known what Gen. Dewet is dissatisfied in the terms offered by the British. He has, however, been believed the Boers should have more privileges in commerce than those suggested. He has, however, been expected to be a full supporter of the British, and would never be willing to surrender. He should be impeded by the surrender.

CRAWFORD'S PARTING SHOT PICKED UP BY THE CHICORA

Big Gathering in the West End Y.M.C.A. Winds Up the Campaign.

Thousands of Americans buying them—valuable possessions in American Railway Stocks.

It has been pointed out that, in our estimate of the value of Canadian Pacific stock, no account was taken of the company's holding in "So" and Duluth, South Shore and Atlantic stocks. This is quite correct, and it is so much better for the stock. The value may, therefore, be figured as follows: Earnings on stock from the railway property, not including any return from investments in "So" and Duluth stocks, will this year be found 11 per cent. It is quite probable however, that dividends on "So" preferred will shortly be declared. The Canadian Pacific owns over half of the entire issue, so will be the chief beneficiary from dividends. Excluding this source of income, however, the road will earn 11 per cent. On that showing, everyone will readily admit that the stock should sell at at least 100. The Rock Island, earning no div., and paying the same dividend, viz., 5 per cent, sells at 170. The figure 100 is far below a reasonable figure on that earning power, but it will readily be admitted that it is ultra-conservative. Then, the outside assets may be taken as follows:

20,000,000 acres land, at \$4 per acre (actual selling price).....	\$80,000,000
Real estate in cities and towns.....	15,000,000
.....	1,000,000
Deduct \$15,000,000 3 1/2 per cent. bond.....	15,000,000
.....	\$92,000,000
51 per cent. "So" pref. (market price).....	4,375,000
51 per cent. Duluth pref. (market price).....	4,200,000
51 per cent. Duluth pref. (market price).....	1,600,000
.....	1,020,000
Total Land and Stocks.....	\$105,195,000

This is equal to 120 for the total value of stock, not including on that showing a total value of 220 to the stock, which is now selling at 130. No one can gainsay that the Canadian Pacific is a valuable property, and that it is selling at far below its actual value. It would not be surprising if, when the stock strike trouble across the border is cleared away and the Wall Street markets get strong and active, a strong favorite and sell in a few days of active markets well above 150.

JUDGE SEYMOUR RECALLED.
Newfoundland Cabinet Talks He Should Not Talk Politics.

St. John's, Nfld., May 27.—Owl's reports published in Canadian papers that District Judge Seymour, in a speech at a dinner in Toronto last week, had declared himself in favor of the confederation of Newfoundland with Canada, the Newfoundland cabinet has recalled Judge Seymour, who is on leave of absence. The cabinet held that a judicial officer should not discuss political issues.

MUELLER ON TRIAL.
Winnipeg, Man., May 27.—Mueller was placed on trial at the Police Court this morning for the alleged murder of his wife. Evidence was given by the finding of her body on journals by trainmen, and the case adjourned. The prisoner was not at all nervous, and seems to be in fair spirits.

PEACE EXPECTED.
Montreal, May 27.—Lieut.-Col. Steels has been ordered from Pretoria asking his wife to leave at once for South Africa, and friends take this as another evidence that the war is nearing its end.

NEW IMMIGRATION POLICY CHICAGO FACES A FAMINE

Let Great Britain Admit Colonial Products Free, Then Rush Will Come.

Chicago, May 27.—Chicago's beef supply from the Stock Yards has been almost entirely cut off, and unless the concessions demanded by the striking teamsters are granted within the next day or two the city will be faced to face with a famine. The situation is growing more alarming with the passing of each day.

Not only have the big packers failed in every attempt to smuggle meat out of the yards, but the wholesale and retail dealers, who usually drive their own wagons, are unable to take out loads of provisions have been forbidden to do so in the future.

As a result, there is a movement on foot among the 1200 or more butchers of Chicago to close their shops for a week or two, or as long as may be necessary to defeat the packers in their fight against the teamsters.

METHODIST MISSIONARY DROWNED.
Was to Have Been Married This Week and Was Aged 32.

Calgary, May 27.—Rev. E. W. Wood, Methodist missionary at Carleton Place, was drowned while attempting to cross a large creek swollen by recent floods. He sent his horse along with him attached, and attempted to follow. When in mid-stream the line parted, and Mr. Wood was whirled away and drowned. The accident is especially sad, as Wood was to have been married this week. He was 32 years of age and an Englishman.

Half-Dollar Cambric Shirts for 38c

Estimating their value at half-a-dollar is not doing these Shirts justice, for they discount anything we have in stock at that price. These are brand new goods, fresh from the workrooms and all made for this season's trade. We scooped them in at a very favorable price, and on Thursday give you the full benefit of our purchase by selling:

143 dozen Men's Fine Colored Cambric Shirts; with negligé bosom; laundered neckband and cuffs; neat stripes of light and deep blue, pink and oxford shades; new patterns for spring; also some shirts with laundered bosom, detached turndown collar; sizes 14 to 17; would be good value at 50c each; on sale Thursday at **38c**

Watches Repaired

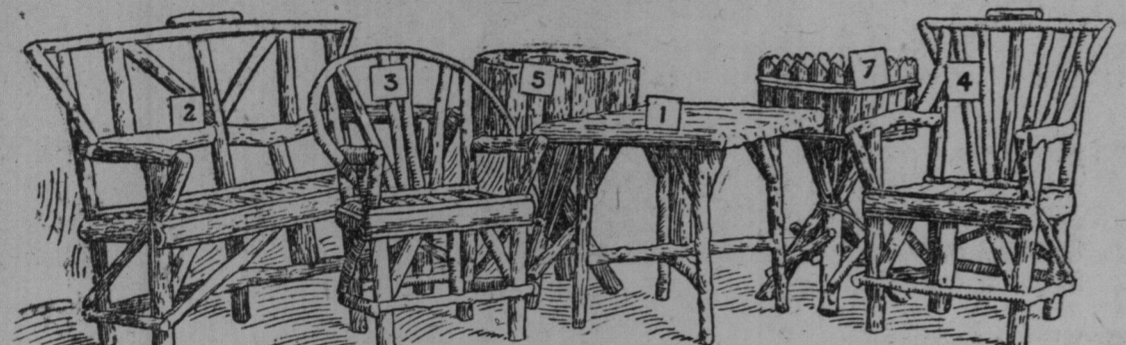

We have clever experts to make your watch right when it goes wrong. No repairing is too intricate for them; no detail too small. We can guarantee satisfaction, and you'll not have to pay any fancy prices either. Remember, better work than we can do can't be had anywhere at any price.

Men's Tweed Trousers

This reduced price on a pair of All-Wool Tweed Trousers that we never intended to sell for less than \$1.75. For the sake of having a clothing bargain on Thursday we make this offering of one hundred pairs:

Men's Trousers; made of pure all-wool domestic tweed; a grey and black narrow stripe pattern; side and hip pockets; best trimmings; well made and perfectly fitting; sizes 32 to 42; regular price \$1.75; Thursday **1.19**

CORONATION REHEARSED.

Whole Route for June 26 Covered by the Procession.

London, May 27.—A full rehearsal of the Coronation procession along the whole length of the route, from Buckingham Palace to Westminster Abbey, and return, took place this morning.

The attendants and the horses were practically the same as will take part in the parade of June 26. The vehicles were plain coaches, and brakes, representative of the elaborate state equipages which will be used on Coronation Day, and groups and outriders represented the notable personages who will ride in attendance on their Majesty. The first nine carriages will be occupied by members of the British Royal family. They will be followed by vehicles containing their suites. The great state coach, which will come last, was represented to-day by a big truck, drawn by the eight cream-colored Hanovertians which figured in the procession at the time of the late Queen's Jubilee and on the occasion of the funeral. The horses to-day were without the crimson morocco harness, with heavy gilt ornamentation, which was made for the Coronation. The rehearsal included the picking up of passengers at Buckingham Palace, their alighting at Westminster Abbey, and return to the Palace.

QUICK INQUEST PUT OFF.

Brantford, May 27.—The adjourned Quirk inquest, which was to have been held this evening, was further adjourned for two weeks.

Extended a Year.

Copenhagen, May 27.—King Christian, after a long conference with the Premier, Dr. Deuninger, to-day finally accepted the proposal of the United States to extend for a year the time limit for the ratification of the Danish West Indian treaty.

GRIFITHS' MENTHOL LINIMENT.—If you use a liniment, and have not tried this, we would like you to. It is so nice to use, and will so quickly do what you want it to. That is, it will soothe and relieve your aches and pains, and give you a feeling of well-being. It is so good for rheumatism, neuralgia, and all other pains, internal or external. Large bottles, 25c and 75c.

BANK ROBBERS ARRESTED.

Two Notorious Americans Put in Durance by Montreal Detectives.

Montreal, May 27.—George Willard, alias George Henderson, alias George R. Ray, one of the most notorious and dangerous of American bank robbers and sneak thieves, and his companion, who gives his name as Edward Cornell, were behind the bars at the Central Police Station. They were arrested to-day by Detectives O'Keefe and Trudel. The men had not, as far as known, committed any crime in Montreal, but their actions in view of the reputation of Willard, were sufficient to warrant O'Keefe in deciding to put them under arrest. When searched Willard had \$125 in his pocket, and Cornell had \$37. It is altogether likely that Chief Carpenter will see that they get out of town to-night.

ALL UP WITH THE ROSS GOVERNMENT.

All the indications point to a Conservative sweep to-morrow.

Take Toronto as a centre: the four seats we go Conservative; of the three York seats at least two Conservative; Peel to the west and South Ontario to the east will be Conservative. And so it points as you radiate from the centre.

The friends of the Ross government admit that defeat stares them in the face. And there is nothing they can do that will save them.

The number of disgusted Reformers that refuse to go out and vote—who intend to stop at home on election day—has had a most dispiriting effect on the Reform headquarters in this city.

Already they are framing excuses for the change in the coming election. Mr. Dryden was too heavy to carry in South Ontario, Mr. Davis in North York and that Mr. Gibson has been dead weight all over the province.

The referendum has caused a loss of temperance votes. The ballot frauds have made honest voters suspicious to vote. The enthusiasm of the Conservatives is widespread and deep. The determination to get an honest count of the ballots will frighten off the fraud-workers. They have something to work for and they are working for it.

The Liberals, outside of the inner circle, cannot see why they should lose all their self-respect in turning handlings for the benefit of a nest of grafters.

It is the grafter who is killing Ross, the grafter individual and the grafter Corporation.

Mr. Whitney's majority will be at least eleven.

BACHELORS OF COMMERCE.

It is announced that the University of Birmingham (England), which is this year to inaugurate a Faculty of Commerce, will in connection therewith confer the degree of Bachelor of Commerce. The first step in the course, preparatory to obtaining such degree, will be the matriculation in a number of carefully selected and specially-treated subjects, which will ensure that the student possesses a sound modern education. The subsequent curriculum of preparation for the new degree will consist of subjects of two kinds: Those "which have long been recognized as peculiarly valuable to those who are engaged in commerce and manufactures," and those "which are primarily of concern to the future man of business, but which are, nevertheless, capable of being made instruments of a true education." It will thus be seen that, while the special object of the course, the acquisition of a knowledge of the subjects which may be useful to the commercial man, is kept in view, the function of education as an instrument of mental culture is by no means lost sight of. The course for the degree extends over three years, and graduates will be required to satisfy three examination tests during that period.

The recent advance of German and United States trade is attributed largely to educational methods in use among these people, and the Englishman is going to experiment in the same direction, the along rather novel lines.

NO LYNCHINGS IN CANADA.

T. S. Arnold, at the recent meeting of the United Empire Loyalists, thanked heaven that Canada was not as the United States. He indicated the multitude of lynchings across the line, and the freedom of Canada from this crime against civilization. Again, within a day, the world has been called on to witness the burning of a negro at the stake in Texas. The New York Sun, commenting on it, says:

The burning at the stake in Texas, according to the details that reach us thru the papers here, is the scene, one of the most revolting atrocities to be found in the annals of lynching.

After the victim was chained, some members of the mob took burning faggots, "burned out his eyes," they held "burning timbers to his neck, and after burning his clothes off, to other parts of his body. The negro screamed in agony. He was tortured in a slow and painful manner, with the crowd cheering for slower death. The negro, writhing and groaning begged piteously to be shot."

All this before the final burning of the still living man!

No crime can mitigate the fiendishness of this savagery. A chill of horror goes thru the entire country, and calls for the stoppage of this awful habit of lynching.

With Mr. Arnold, we say, thank God, Canada is not as the United States.

"COMPLICATION OF DISEASES."

New York Herald: The death of Lord Pauncefote from what is usually termed a "complication of diseases" can be more satisfactorily explained by understanding the common pathological conditions that are present in such cases. In the large majority of instances, the initiative trouble is a disturbance of the arterial system, in which the walls of the blood vessels become thickened and occluded, ultimately leading to degenerative changes in the different vital organs.

The general predisposing causes of the general disease are gout, rheumatism and allied affections occurring in clusters. The heart is generally the first to feel the strain of its work, in overcoming the resistance and its elasticity of the blood current, and becomes enlarged.

The latter condition, by increasing the force of the circulation, aggravating the force of the arterial system, and in turn the arterial trouble, and there is set up an acting and counter-acting influence for evil which extends itself to the kidneys, liver and brain, producing in them organic changes due

to defective blood supply. The ultimate consequence is a general breakdown, in which all the internal organs are affected.

Death, also often due directly to heart failure from overdistension of the organ, or, perhaps to apoplexy, is not infrequently explained by a simultaneous failure of function of all the other involved organs. The "complication" is the difficulty of explaining precisely how it all ends rather than why it ends.

"RING OUT THE OLD."

Editor World: According to close observation of the political districts comprising the ridings of Halton, Peel, West York, North York, East, West and Centre Simcoe, it is safe to predict that in each of the above constituencies the Liberal-Conservative candidates will be elected; this result is going to be accomplished on account of the general apathy of voters, independent members of the Reform class, and the fact that the party leaders have permitted the good name of the party to be disgraced, and they will lower their standards of leadership. A great many Liberals are voting straight against their machine candidates, and a still greater number will remain at home on the day of election.

On the other hand the Conservative party and candidates are supported with every old time party man, besides, the new votes of young men who cast their first vote for a change of government. It is given a chance at the bat.

The general expectation in the country is that Whitney will have a majority in the coming Legislative Assembly of from twelve to fifteen seats. The excitement in the rural constituencies is intense. The people are aroused and the Ross Machine Government will be a matter of history after next Thursday.

Milton, May 23. W. H. Scott.

ROSS GOVERNMENT V TORONTO.

Editor World: Little indeed are the citizens of Toronto indebted to the Ontario government. Whenever our City Council applied for legislation to enable the city to have more control and voice in the management of its own affairs, they were squelched by the Ross government. Legislation that relieved wealthy corporations of the burden of their taxes was enacted, the burden of which the ordinary taxpayer had to bear.

"Russia" is the name of the city as a public park. It was confiscated by the Ross government, and instead of being a cosy breathing spot for the public it is now being cut up for sold by the government for factory sites and the like. It is usual for a government to help to beautify the city chosen for its capital, but the Ross government has not done justice to the disgraced state of the boulevards, sidewalks and streets around the government house.

It is a disgraceful state of affairs that the government have refused to pay or bear a honest share of street improvements opposite their property in Toronto, and still they insist on getting water from the city at a price that they are so indifferent to the interests or appearance of Toronto allowed persons to do a trifling thing by placing unsightly bill boards for hundreds of yards on the very streets on which the government house is situated. When a government is so tottering that its policy is simply to retain power, instead of pursuing a policy of bold justice, it is high time for it to retire from business, which the public will pronounce upon on Thursday. A Voter.

POLITICAL INTELLIGENCE.

The Ottawa Journal (Independent) published the other day a forecast of the provincial elections. They figured it out this way:

- Safe Liberal seats 21
- Expected to go Conservative 21
- Doubtful seats 5

Total 47

Safe Conservative seats 21

Expected to go Conservative 23

Doubtful seats 5

Total 49

According to this the government would have a majority of 2.

Now, however, the same paper has changed its mind, and says: "The reports of the Journal's correspondents were made before the publication of the charge regarding Duncan Bole, a fugitive from justice, supposed to be sought for by a government prosecutor, and retained power, instead of pursuing a policy of bold justice, it is high time for it to retire from business, which the public will pronounce upon on Thursday. A Voter."

Samuel Charters, Conservative candidate for Peel, spoke at Dixie on Monday night. At a meeting was enthusiastically received to a degree, and Mr. Charters was well received. In that part of the riding, it is said, he has made large gains of late.

At the noon-day Conservative meeting yesterday John McGregor, an erstwhile Liberal, was the speaker. He said that the long continuance in power of the Ross government, and the obtaining two-thirds of the vote of Ontario to defeat the present government, the state of affairs in Ontario, and the fact that the Conservative had been deprived of their votes, and the fact that the government, so that practically no independent man could to-day secure a seat in the Ontario government, and over 8000 employees, and adding 10 friends of each officeholder, it meant that the Conservative party had a great many of the people of Ontario, besides the whole forces of the Dominion government. This was a great victory for the people of Ontario, and a great defeat for the Ross government.

Premier Ross had also introduced a new system of political technology, the department of the deputy returning officers ballot-switching was taught, Mr. N. W. Rowell was in charge of the ballot-switching, and Rev. Dr. Devart had another class, which recited what an awful calamity would befall Ontario if the Liberals were defeated.

Last night's Telegram had the following from the Ottawa correspondent: Alderman Vincent, who made an attack on the Irish at the last municipal election, said at a meeting last evening in Lower Town that he had an assurance from Mr. Whitney, which he would read to-night, stating that the French Canadians would get representation in Whitney's cabinet if he were returned to power. Mr. Ross and the Irish Catholics were tied to each other, and, therefore, Mr. Ross could not drop their minister.

Mr. Whitney left town yesterday for Dundas, where he spoke last night, and was asked as to whether the above was true or not.

Another letter has been written about the insurance company's receipt bearing the names of Premier Ross and Spanish America, and in part, he says: "All business done for this company in the West Indies and Spanish America is credited to me, and I am the only man known and responsible to head office. Duncan Bole was authorized by me to do business here before I consulted anyone, and our president, Premier Ross, had no means of knowing Mr. Bole's whereabouts until the article appeared in the papers."

"I might add that I have always been Conservative, and have promised my vote to a Conservative candidate at this election."

DROWNED AT SEA.

Two Sailors on the Kronprinz Wilhelm Swept Overboard in Storm.

New York, May 27.—The North German Lloyd steamer Kronprinz Wilhelm, which arrived to-day from Bremen, Southampton and Cherbourg, encountered very stormy weather on the passage. On Friday, May 23, heavy-south-west squalls made an exceedingly rough and dangerous sea, while the seamen were on the upper deck trying to close two heavy iron doors, they were caught in an enormous sea, which swept over the deck, and two of them were carried overboard and drowned.

The other four managed to slip into a gangway and escaped. The alarm was given and two life buoys were cast about the life buoys for an hour and a half before giving up search for the men. They were clothed in oil skins and heavy sea boots, and it is supposed they sank at once.

The passengers made up a purse of \$500 marks for the families of the lost men. W. K. Vanderbilt was a passenger on the steamer.

CORP. MINCHIN'S WOUNDS.

Hit Several Times, But is Getting Along Nicely.

Guelph, May 27.—In a letter to his mother here, Corp. Minchin describes the Hart's River engagement in which he was wounded several times. He says: "We lost our sergeant, Perry of Galt. Corp. Sherrett was killed, and poor Huston was killed, next man to me. Evans died in the wagon by my side as we were taken off the field. Poor Jack Wilkinson was our first man, but he lost his arm and eye, and was shot in the back. I got two in the left leg, one above the knee and the other below; one in the right foot went right thru the boot, one thru the shoulder, one thru the lower part of my right arm and the last and best went right under my nose and raised my moustache." Corp. Minchin says he is recovering, despite his wounds.

YORK COUNTY AND SUBURBS

Liberal Rally in Kilburn Hall Addressed by Messrs. Hill, Robinette and Campbell.

J. W. MOYES AT RICHMOND HILL

Magnificent Reception to Conservative Candidate Who Intends to Carry East York.

Toronto Junction, May 27.—The large mass meeting at Massey Hall to-night was no doubt responsible for the attendance at the meeting held in the interests of W. J. Hill at Kilburn Hall to-night, which did not open until 8.40, and did not, at any time, nearly fill the hall.

T. C. Robinette opened the meeting, and gave a retrospect view of provincial affairs, dwelt upon the policy of building up New Ontario, and denounced the government from the West.

Intemperance always pays a penalty! No more so in drinking than in anything else. Be temperate. Use common sense and "DEWAR'S" Scotch. They mix perfectly.

other industries. Henry Dundas fell in a short, practical address, showing wherein the late member, Mr. Richardson, had failed to vindicate his claims with East York, with regard to municipal matters.

W. F. Maclean launched at once into provincial matters, condemning the government unparaphrasing for their failure to foster and encourage the nickel industry, the enormous grants of pulp wood to favorites of the government.

Mr. Dundas, in reference to the prohibition question, he said he had voted for temperance measures, and would enforce a prohibitive act if endorsed by the electorate.

Mr. Campbell, M.P., who today turned the first sod for a new postoffice in Parkdale, again referred to the proposed postoffice for Toronto Junction, the first sod of which he would turn this fall. He reviewed Mr. Hill's record in the legislature and contrasted it with that of his predecessor.

BENJAMIN CONSTANT DEAD

The Noted French Portrait Artist Passes Away in Paris, Aged 57.

A BRILLIANT CAREER ENDED

Long List of Likenesses Includes Famous Men and Women of Two Hemispheres.

Paris, May 27.—Jean Joseph Benjamin Constant, the painter, is dead. He was born in Paris in 1845.

Brilliant Career Closed. The fame of M. Constant's art was world wide. As a portrait painter he was popular in both hemispheres. In France he made his name as an "Orientalist," like Delacroix, Fortuny and Regnault.

His parents had intended to educate him for the church or for the medical profession, but he insisted on first attending the schools of Toulouse. Here his talent showed itself from the start, and all plans of other vocations were abandoned.

M. Constant in 1865 entered the studio of Cabanel at the Ecole des Beaux Arts in Paris.

First Picture Sits. The artist's very first picture created a sensation at the salon—"Hammam and the King" in 1869. But it was his Morocco subjects that made him famous, as was his subject "The King of Morocco" in 1871, which was rich in contour, a past master in drawing and always interesting as well as being beautiful.

The list of his chief works includes: "A Woman of the Rif Coast" in 1873; "Frissoniers in Morocco" and "Women of the Harem" in 1875, the great "Entrance of Mahomet II. Into Constantinople in 1453," the portrait of "The French Republic had he lived," in the same year, "The Last of the Rebels" in 1884, "Justice in the Harem"—a gruesome scene, of which his beautiful studio, with its marble fountain, formed the mise-en-scene, in 1885; then the great "Justinian," which just missed the medal, the pathetic picture of Beethoven playing his "Moonlight Sonata" in 1886, in which year he was awarded the gold medal crowned the official recognition he had conquered.

Life of Fine Portraits. Among the likenesses of men the most interesting are those of M. Chaplain, the great medalist; the painter's sons, the younger being M. Andre, whose exquisite portrait, acquired by the government for the Luxembourg, obtained the high honor that was denied to "Justinian"; Lord Dufferin; the Duc d'Annam; M. Mareel, the distinguished baritone.

Those of women include Mme. Benjamin Constant, the Grand Duchess Paul of Mecklenburg, Mme. Calve, the singer; the Princess Radziwill, and, latest and most remarkable of all, the portrait of the Empress of Austria, Queen Victoria on her throne in the House of Lords. To this notable gallery of portraits should be added the late Jay Gould, which M. Benjamin Constant executed during one of his professional visits to the United States.

200 FALL 20 FEET. One Man Killed and One Hundred Injured in New York.

New York, May 27.—Elvin L. Collidge, circulation manager of The New York Commercial, was almost instantly killed, this afternoon, by the falling of a cornice, evening by the breaking down of a temporary sidewalk at Fifth-avenue and Sixth-street. Some of these but were those who fell were part of the crowd gathered to watch the parade of militia in honor of the visit of the French Rochambeau Commission to this city. Two hundred people on the sidewalk when it gave way, and they were precipitated 20 feet into an excavation for a new building, and fell on piles of building material.

Jamaica Fruit. White & Co., wholesale fruit and commission merchants, 64 East Front-street, received yesterday a consignment of six carloads of Jamaica fruits, imported by the Canada, Jamaica and Steamship Company, consisting of bananas, oranges, coconuts and pine apples, the latter all of exquisite beauty, very large size and high color; also three cases of Ripley pines, which we understand are the first to arrive in the city. These are small in circumference, but rather long and very bright color. They also have trial consignments of capadocia, star apples and mangoes. The latter fruits are well known to Jamaica travelers. They will be handled by the leading fruiterers here in the city, and are on display at White & Co.'s warehouse, 64 East Front-street.

Turned the First Sod. An interesting ceremony was performed in the new postoffice building on the southwest corner of Lager and Queen-street. The stone was laid in the hands of Archbishop Campbell, M.P. Spectators were delivered by George Anderson, Ald. J. J. Graham and Ald. Urquhart. Mr. Campbell was given the silver spade used for the ceremony.

Social Time at the Barracks. The sergeants of Stanley Barracks gave a social of the non-commissioned officers and men who are going from the regiment to attend the coronation. There are 31 going from the Dragoons and four from the R.C.R.I. Some good musical selections were given by Ben Harvey, Fred Bag and Eugene Fraser, and there was an abundance of refreshments.

Drink Grano, Cereal Coffee. Monument to 1812 Heroes. At a special meeting of the Army and Navy veterans last night it was decided to erect to the memory of the Imperial-Canadian troops who fell in Upper Canada in the year of 1812, on June 26 (Coronation Day).

Hanna Is Strong. Cleveland, May 27.—The feature of the Republican State Convention here today was the unanimity of sentiment in favor of Senator Hanna.

ONE VACANCY TO BE FILLED. Sergt.-Major Logan of G.G.B.G. Cannot Attend Coronation.

The representatives from the city on the coronation contingent will leave Toronto at 10 p.m. on Friday. So far only one notice has been received of the first chosen men being unable to go, so that there will be little opportunity for the alternatives.

The one vacancy was made by Squadron-Sergt.-Major Logan of the government-General's Body Guard, who notified Lieut.-Col. C. A. Denton last night that he could not go to England with the contingent. The vacancy will be filled by Col. Orie today.

The names of the artilleriemans who will go from this city, as finally accepted from Ottawa yesterday, are: Sergt.-Majors Albert and Bruns; and Sergeants, Flawley and Woods. It was uncertain whether all these men were acceptable to the Militia Department, as two of them are under legal process.

Dr. Price's Clothing Meeting. An enthusiastic gathering of East End voters was held last night in Blignans Hall, with Alex. R. Fleming in the chair. The first speaker was Mr. C. B. Mevion, who spoke on the sins of the Ross government, and named the electors to be on their guard against the machine. He referred to the Grit candidates in Toronto as "dummies," put up by the Grit government merely to be knocked down again. He then made a ringing address, referring to the pulp wood concession. He denied the oft-made statement that the Grits acted against the Transcontinental Railway. Mr. J. J. For followed in an excellent address, predicting that Mr. Whitney would sweep the province on the 29th. Other speakers were Mr. John Armstrong, who said that the labor vote was with John; G. White, S. F. Washington and Joe Thompson.

HOPE FOR ALL. NO DYSPEPTIC NEED DESPAIR OF BEING CURED.

There is at least a Sure Remedy for All Diseases of the Stomach—Not only Instant Relief, But a Permanent Cure. People who have doctored for years to rid themselves of Stomach Trouble with no good result are naturally sceptical. It is no wonder, for up till the time Dodd's Dyspepsia Tablets were introduced there was no remedy. Many medicines had been made and sold for Dyspepsia, but all proved to be insufficient.

Some gave a little temporary relief at first by acting on the nerves and stilling the pain, only to have it return again with redoubled force as soon as the influence on the nerves had worn off. But nothing was to be had that would bring a perfect and permanent restoration of the organs of digestion to their natural, normal functions. Dodd's Dyspepsia Tablets have firmly established themselves as the best and only real cure for Dyspepsia. They go about their work in a common sense, natural way—they digest the food, rest and tone the Stomach, tone up the other organs of digestion, stimulate the liver and bowels when this is necessary, and gradually but surely correct every derangement of the digestive machinery. The blood becomes invigorated and health-giving, when it was impoverished by imperfect digestion. The nerves become strong and steady as the general nourishment of the body improves, and the blood less impure.
