## FRENCH REPULSE ATTACKS ON MORT HOMME-CUMIERES POSITION Government Desires To Prorogue Parliament on April 21 BRITISH TROOPS RETAKE CRATER AND CAPTURE TRENCHES AT ST. ELOI

### FRENCH RETAIN LINES IN HEAVY VERDUN FIGHTS

Germans Failed in Attacks on  
Le Mort Homme and  
Cumieres.

FOE LOSSES HEAVY

Attack on Caillette Wood  
Also Failed to Make  
Headway.

Special Cable to The Toronto World.  
LONDON, April 10.—Fighting almost  
as furiously as in the first day of the  
assault, seven weeks ago, the Germans  
today made determined attempts to oust  
the French from the position Le Mort  
Homme-Cumieres ridge, and they signifi-  
cantly failed, the French general staff re-  
porting that they were unable to move  
the French line anywhere.

The intensity of the bombardment in-  
creased west of the Meuse in the morn-  
ing. About noon the Germans launched  
a heavy attack on the French positions  
on the southern bank of the Forges  
Brook, and were repulsed. They de-  
bouched from the region of Hautcourt-  
Bastincourt for this offensive. Their as-  
saults were very violent and cost them  
a great number of men, without enabling  
them to make any headway.

Checked by Fire Curtains.  
On the north of the Mort Homme-  
Cumieres line the Germans, after artil-  
lery preparation, made many attempts to  
attack, but they were checked by the  
French curtain of fire. East of the  
Meuse, the corresponding position, the  
Cote du Poivre was heavily bombarded,  
but the enemy made no attack here. But  
at the end of the day he came out of his  
trenches and made several furious at-  
tacks against the French positions north  
of the Caillette wood, north of Douaumont,  
but these attacks were all repulsed.

Artillery activity was quite pronounced  
in the West, while in the Argonne,  
French batteries caused serious damage  
to the German positions north of La Ha-  
nauze, and they bombarded the portion  
of the Avocourt wood occupied by the  
enemy.

Three Fokker aeroplanes have been  
brought down by the French.  
Foe Took Small Section.  
The Germans captured 500 yards of  
(Continued on Page 2, Column 5).

THE 12th YORK RANGERS BATTALION.  
Some of the men are marching from northern York County towns to go into  
barracks in Toronto. This shows a company yesterday at Aurora, with Lt-  
Col. Clarke, C. O.

### Why is Mr. Rowell? And Why Not Take the Side of Toronto's Public?

"Once more unto the breach, dear friends," and the breach of interest at  
the present moment is the gap on Yonge street where there is no street car line,  
and to the still more glaring gap, that notwithstanding all the public men on the  
job, none of them appear to be able to solve the intolerable street car situation in  
Toronto. Let us scrutinize.

We have twelve members representing the city in the legislature of On-  
tario, apparently unable to do anything. Some of the members told The World  
yesterday morning that they knew nothing about the question. Two of them  
members are ministers of the crown, and the crown, by the exercise of the  
sovereign power of the legislature could remove the evil in a few days.

Next, we have a Hydro Radial Commission headed by Sir Adam Beck and  
Sir Adam Beck undertook some months ago to find a way to get the Man-  
ropolitan on Yonge street, but so far as we can gather he has still nothing to  
report; perhaps he has other worries on his hands.

And then there is the railway and municipal board created with wide  
powers to help over railway difficulties.

And we have a city council, and mayor, and board of control, and eminent  
council in their service; and all these worthy gentlemen can do is to go to  
law and then have even get their cases up in court.

Apparently there is no cohesion or co-operation among these various  
bodies. They are all at sixes and sevens, all wait for someone to do something  
and nothing is done. In the meantime the citizens of Toronto are paying two  
fares and walking the gap on Yonge street, and the citizens of the suburbs are  
milling of civic territory is now under two fares whereas cities like Detroit and  
Cleveland have single fares at much greater distances than we have in Toronto.

As The World has pointed out there is no cure for our street railway grie-  
vances except by purchase of the rights of the railway company and the radicals  
occupying the streets of Toronto; and our suggestion is that the mayor and  
his colleagues, and Sir Adam Beck, and the twelve members of the legislature  
should go to Hon. Mr. Hearst and ask him to intervene and by means of the sov-  
ereign power vested in him and the legislature, buy out these private owned  
companies and turn the lines over to the municipalities and the Hydro Radial  
Commission. But he should only buy them out at a fair price, and to ascer-  
tain what is a fair price he should proceed to negotiate with the owners rather  
than by arbitration—which the owners would like, but which in all likelihood  
would be against the city and take a long time to settle.

But Hon. Mr. Hearst and Sir Adam Beck could negotiate with the owners  
and obtain a fair price and take over the lines at that price as they took over  
the power lines in eastern Ontario, and they could get their money back plus  
expenses by turning the lines over to the city and to the Hydro Radial Com-  
mission.

But to work it out this way requires, as we said, co-operation and some  
clear thinking and some recognition of what public duty is. Our suggestion is  
that the mayor call the city members together and interview Mr. Hearst and  
Sir Adam Beck and see what can be done. But nothing will be done un-  
less the issue is put up to the right parties.

A number of the members of the board of control, as will be seen by the  
interviews in another column, have the clearest views in the matter; and they  
see that the only way to get relief will be to buy out the owners of the fran-  
chises; but they do not see that it is their duty to go to the city members and  
the government for relief; and the only relief in sight must come from the gov-  
ernment and the legislature. The city is not tied up that way if an arrange-  
ment for the purchase, subject to a vote of the property owners, were made,  
the vote could not be taken until the first of next year; and in the meantime  
two fares are to be paid and the gap is to be walked, and all other attendant  
inconveniences borne by a suffering community.

Sir William Meredith, were he available, could soon tell these various  
bodies how the thing could be worked out. We imagine he could draft a little  
set of three clauses that would do the trick. So could Hon. Mr. Hearst, if he  
wanted to show how big a man he was in settling public grievances, and if he  
appreciated, as we think he will eventually appreciate, that for every legal  
wrong of this kind there is a legislative remedy, but that it must come from the  
sovereign power who created the wrong and that happens to be the legisla-  
ture of past years. But the existing legislature can, as we have said, in a little  
act of three clauses make provision for taking over these franchises and put-  
ting the cost of the purchase on the public, and the proposition taken over. But these merry  
aldermen, controllers and members are slow to do anything but look wise or  
to hold up suppliant hands to some kind of providence that is supposed to take  
care of cities and the public.

We again implore Mayor Church to really try and grasp this subject and  
to get the members of the legislature together and get his eminent council to  
advise him and then go to the Hon. Mr. Hearst and Sir Adam Beck and see  
what can be done. Least of all should they trust to law; they have had a  
lifetime of law for some years and only got law costs in return.

In the meantime we ask why is Sir Adam Beck?  
Why is Hon. Mr. Hearst?  
Why are the twelve Toronto members of the legislature?  
Why are Mayor Church, the controllers and the city council?  
Why the Hydro Commission?  
Why the Railway and Municipal Board?

Why all the lawyers and those who are canping on the job and why are  
they all doing nothing?  
If the legislature of Ontario showed half the diligence in curing the wrongs  
inflicted on Toronto by a former legislature that they have in the foolish-the-  
bar proposal they might gain equal reputation. But apparently it is much  
easier to deal with moral reforms instead of handling every-day, substantial  
grievances in the lives of the citizens.

And that makes us ask another question: Why is Newton Wesley Rowell  
leader of the opposition? He has had a splendid opportunity now for some  
years to put the government on the bunk—if he took up the question now be-  
fore us with a perseverance equal to that shown by him in regard to the drink  
evil.

And the city newspapers are all silent on the job; they are busy chasing  
will-o-the-wisp and other false leads. If Mr. Rowell wants to make a hero of  
himself and really serve the public, let him read The World articles over and  
read them in the legislature and call on Mr. Hearst to explain why he is and  
why his commissions are; and why Sir Adam Beck; and why are the twelve  
members of the legislature.

At a special meeting of the city council to get on if he wants to put the Hearst  
Government out of business in short order. Take up the rights of the people  
of the City of Toronto in regard to their transportation and let him tell the  
government and legislature how he would give them relief if he was in power;  
but perhaps he would get in power. But if he does not want to get in power  
let him put it up to the government to do their duty in the circumstances.

And in the meantime we ask why is Mr. N. Wesley Rowell in the leadership  
of the opposition if it is not to fight the people's battles.

### PLAN TO PROROGUE SPEEDILY WAS SURPRISE TO COMMONS

#### FINE VALOR OF FRENCH PRAISED BY KING GEORGE

His Majesty Paid Eloquent Tribute in Addressing  
French Senators and Deputies at  
Buckingham Palace.

LONDON, April 10.—The party of French senators and deputies, mem-  
bers of the Franco-British Parliamentary Committee, who are  
visiting England, were received at Buckingham Palace today. King  
George, in a speech of welcome, said:  
"When you meet the inhabitants of our cities, you will learn how  
deep is the sympathy they feel for the sufferings inflicted by the fer-  
ocious invader upon the innocent population of your northern districts;  
how warm is our admiration for the splendid valor and constancy of  
the whole French people. Never has that undaunted spirit of unquench-  
able heroism which French history furnishes so many glorious  
examples, shone with more brilliant lustre."

#### ALLIES' DESIGNS ARE UNCHANGED AS QUITH STATES

Purpose is to Free Europe,  
Not to Wipe Germany  
Off Map.

#### REPLIES TO HUN LIES Hypocrisy of German Chan- cellor's Allusions to Bel- gium is Denounced.

LONDON, April 10.—On the occasion  
of a government reception to the visiting  
French senators and deputies at Lan-  
caster House tonight, Premier Asquith  
took the opportunity to reply to the  
speech recently delivered in the Reich-  
stag by the imperial German chancellor,  
Dr. Von Bethmann-Hollweg. Those  
present included Earl Kitchener, the  
Marquis of Lansdowne, Sir Edward  
Grey, J. Austen Chamberlain, Sir Wal-  
ter Runciman, Lewis Harcourt, Vis-  
count Bryce, A. J. Balfour and Lord  
Robert Cecil.

The premier, in proposing the toast,  
"Our Guests," referred to Von Beth-  
mann-Hollweg's claim to readiness on  
the part of Germany to negotiate peace,  
and said:

"The German chancellor wants us to  
assume the attitude of a defeated to a  
victorious adversary. But we are not  
defeated; we are not going to be de-  
feated."

Not War of Extermination.  
Reiterating that the allies were only  
prepared for peace on the terms of his  
declaration of November, 1914, Mr.  
Asquith proceeded:

"The chancellor first misquotes my  
language, then proceeds to distort its  
obvious meaning and intention. Great  
Britain and France entered the war,  
not to strangle Germany or wipe her  
off the map of Europe; not to destroy  
or mutilate her national life; certainly  
not to interfere with, to use the chan-  
cellor's language, the free exercise of  
her peaceful endeavors."

"As a result of the war we intend  
to establish the principle that inter-  
national problems must be handled by  
free negotiation on equal terms be-  
tween free peoples, and that this  
settlement shall no longer be hamper-  
ed or swayed by the overmastering  
dictation of a government controlled  
by a military caste. That is what I  
(Continued on Page 7, Column 1).

#### BERLIN, ONT., CITIZENS WILL RENEW DEMAND

British League Formed to Press  
Again for Change of City's  
Name.

Special to The Toronto World.  
BERLIN, Ont., April 10.—An en-  
thusiastic meeting tonight it was de-  
cided to form an organization to be  
known as the British League to press  
new before the private bills com-  
mittee of the legislature the demand that  
power be given to change the name  
of the city. The suggestion was made  
that members of the 118th Battalion  
be invited to accompany the fresh  
deputation to be sent before the com-  
mittee.

At a special meeting of the city  
council details will be arranged.  
The following gentlemen were nam-  
ed a committee to arrange details of  
this organization: Dr. J. F. Hona-  
berger, H. W. Brown, S. J. Williams,  
W. G. Cleghorn and Col. W. M. O.  
Lochard.

#### CONDITIONS IN ALBERTA ARE IDEAL FOR SEEDING

Crop Acreage Will Be Nearly as  
Large as That Last  
Year.

CALGARY, April 10.—Spring opera-  
tions are general in all the southern  
Alberta country. There is approxi-  
mately 15 per cent. of last year's acreage  
already seeded. Conditions are  
ideal. There will be nearly as large an  
acreage in Alberta this year as last  
year. There may be five or ten per cent.  
of a decrease.

This is the expression of ex-Mayor  
H. A. Bisset of Calgary, who returned  
from an extensive tour of the southern  
part of the province this morning.

#### BRITISH TROOPS CARRY CRATER AND TRENCHES

Position Gained by Germans Not  
Allowed to Remain in  
Their Hands.

MEN THEN PUSHED ON  
New Lines Established Southwest  
of Old Ones—Guns and  
Mines Active.

Special Cable to The Toronto World.  
LONDON, April 10.—The mine cra-  
ter which the Germans got into at St.  
Eloi in the attack the other day did  
not remain long in their possession, for  
the British troops attacked the enemy  
in this position last night and carried  
it, besides sweeping beyond it, and  
seizing German trenches running  
southwest from the crater, as reported  
by the British war office tonight.

Artillery activity is reported about  
Labiselle, Angres, Vierstraat, St. Eloi  
and Ypres today and mining activity  
is reported about Labiselle, Roilin-  
court and Givency.

#### SIX NEW BRIGADIERS ARE CREATED IN BRITAIN

LONDON, Tuesday, April 11.—(2 a.m.)  
Six new brigadier-generals were cre-  
ated yesterday—W. T. Glasgow, Gen-  
eral F. Trotter, John L. J. Clarke, C. S.  
Wilson, Reginald A. Bright and William  
S. Evans.

#### SPANISH STEAMER FELL PREY TO A SUBMARINE

Santanderino, Bound From Liver-  
pool to Galveston—British  
Ship Also Sunk.

LONDON, April 10.—The Spanish  
steamer Santanderino is reported to  
have been sunk by a torpedo, accord-  
ing to an announcement made by  
Lloyd's tonight.

The same agency says that the  
British steamer Margam Abbey, had  
been sunk and that her crew is aboard  
a steam trawler, which passed the  
Lizard bound for Falmouth. No re-  
port has been received concerning the  
crew of the Santanderino.

The Santanderino, a vessel of 2544  
tons, was last reported to have sailed  
from Penacola Jan. 20 for Liverpool,  
where she arrived March 4 and was  
due to return from that port to Gal-  
veston.

The Margam Abbey was a steamer  
of 4471 tons and was last reported as  
having sailed from Tacoma and  
Seattle for Bordeaux, where she ar-  
rived March 27.

#### Rogers Said Railway Legislation Could Be Given Proper Con- sideration in Time Allowed—Opposi- tion Shows Disposi- tion to Play for De- lay.

By a Staff Reporter.  
OTTAWA, April 10.—This house of  
commons surprised tonight  
when, just before adjournment, Hon.  
Robert Rogers, who was leading the  
house, announced that the government  
desired to prorogue parliament next  
week.

Hon. George F. Gahan said in reply  
it was generally understood that the  
government intended at this session to  
deal with the railway situation. Finan-  
cially, he understood, was to be at-  
tended to the Quebec and Saguenay,  
the Canadian Northern and the Grand  
Trunk Pacific.

Measures of such importance, he ar-  
gued, should not be "jammed thru the  
house without discussion." Moreover,  
he took it for granted that the minister  
of militia desired to be heard in his  
own defence before the end of the ses-  
sion.

Hughes Back on Friday.  
Mr. Rogers said that unless the boat  
was into General Hughes would be in  
his seat on Friday. The railway leg-  
islation to be brought down was not  
so important a character that it  
could not be adequately considered and  
disposed of in time to permit the house  
to prorogue on the 21st inst.

Little progress was made  
today toward winding up the business  
of the session. The afternoon was  
devoted to a general discussion of  
the Doherty Bill, which still remains  
in committee. The entire evening was  
taken up with the estimates of the  
postoffice department and opposition  
members were evidently playing for  
delay, both this afternoon and even-  
ing.

Judge Doherty, minister of justice,  
introduced a bill amending the Prisons  
and Reformatory Act. It extends the  
power of the courts to transfer pris-  
oners from jails to industrial farms  
(Continued on Page 5, Column 3).

#### LARGE FOE SUBMARINES CRUISE IN BLACK SEA

Bigger Boats Than Any Previous-  
ly Seen in Those Quarters  
Afloat.

COPENHAGEN (via London, April 10.  
—(11.40 p.m.)—German submarines,  
larger and speedier than any previously  
seen have appeared in the Black Sea  
according to the Constantinople corre-  
spondent of The Vossische Zeitung (Ber-  
lin), who asserts that it was one of those  
that torpedoed the Russian hospital ship  
Fortugal.

#### DERBY AND MONTAGU LEAVE AERIAL BOARD

Premier Asquith Was Accepted  
Resignations of Dissatisfied  
Members.

They Desired Co-ordination of  
Air Services in Single De-  
partment.

LONDON, April 11, 1.45 a.m.—Prem-  
ier Asquith has accepted the resig-  
nation of the Earl of Derby as chair-  
man and Lord Montagu as vice-chair-  
man of the joint naval and military  
board in control of the aerial service.

When the resignations of the Earl  
of Derby and Lord Montagu were ten-  
dered last week it was said that they  
were dissatisfied with the limited  
powers of the aerial service board,  
both in training the organization and  
co-ordination of the air services in a  
single department. The Earl of Derby  
accepted the chairmanship of the board  
in February after the conclusion  
of his campaign to secure enlist-  
ments for the army. Recently the earl  
has been severely criticized because of  
the decision for the early calling of  
married men to the colors, the married  
men having contended that they were  
promised when they attested that all  
available single men would be called  
up first.

#### DINEEN'S SWELL HATS

Easter is ap-  
proaching, and the  
trend is fully anti-  
cipated and provided  
for, in a most unusu-  
al assortment of hats  
for men, from all the  
famous hat mak-  
ers: Dineen's 149  
Yonge street, Toron-  
to, and 20-22 King  
street west, Hamilton.

## WAR SUMMARY

THE DAY'S EVENTS REVIEWED

BRITISH troops at St. Eloi recaptured the lone crater which the  
Germans carried in their offensive the other day and pushing  
on they took German trenches behind it and running south-  
west from it. Thus the Germans held this ground with too feeble  
a grip to stay there long. Artillery was active on the British front  
yesterday about Labiselle, Angres, Vierstraat, St. Eloi and Ypres  
and miners were active about Labiselle, Roilin-court and Givency.

Furious was the battle in the Verdun region yesterday, the Ger-  
mans being on the offensive and being determined to advance at all  
costs, but their ferocious attacks could not move the French lines  
anywhere on the whole of the front, Le Mort Homme-Cumieres, nor  
in the Caillette wood. Attacks were launched, or attempted in three  
sections of the front; firstly, the French positions on the southern  
bank of Forges brook, near the southern slopes of Le Mort Homme-  
Cumieres; secondly, the northern front of Le Mort Homme-Cumieres,  
and, thirdly, the French salient in the Caillette wood, east of the  
Meuse and in front of the Douaumont position. All these attempts  
of the Germans to get on failed. About 18 or 20 miles of the French  
front was violently bombarded, with Cote du Poivre being made a  
special target by the German gunners.

The German plan for the forcing of the French out of the Ver-  
dun positions has nothing new in it. Firstly, in their brutal, direct  
way, they attempted to hammer in the Verdun salient and take the  
French defences by assault in an advance down the eastern bank of  
the Meuse. The assault shot its bolt on the lines Cote du Poivre-  
Douaumont Ridge-Vaux Ridge. The French batteries on the west-  
ern bank of the Meuse swept the slopes at Bras and the approaches  
to Cote du Poivre so that the Germans were unable to turn the  
French right by the river road. They also failed to pierce the  
French centre at Douaumont. Secondly, they began an advance from  
the north on the French positions on the western bank of the Meuse,  
but they were held up by Le Mort Homme and Cumieres. Thirdly, they  
attacked the left flank of the French and have driven a wedge into  
the French lines so that the Mort Homme-Cumieres position also  
extends into the German lines as a large salient.

The military problem that the Germans now have to solve is the reduc-  
ing of this Le Mort Homme-Cumieres salient. This is the way they have set  
about it. They directed their main attacks yesterday against the neck of  
it, in order to reduce its breadth and to cut off the French forces who are  
defending the hill and ridge, or, failing in this, to compel the French com-  
mander to evacuate the hill and ridge to save the men from being cut off.  
But the French generals, who have cool heads and iron nerves, refuse to be  
flustered or to betray their designs. Whether they will launch a counter-  
offensive against the German wedge that has been thrust into their lines  
or withdraw to their main position on the Charay Ridge, the future alone  
will tell.

French aeroplanes have been active against the Fokker machines, two  
(Continued on Page 2, Columns 5 and 6).

ON COMPANY LIMITED

COUNCIL GIVE BIG SUM TO HIGHWAY

Hundred Thousand Voted to Help Complete New Road.

ABSOLUTELY THE LAST

Commission Must Assume Extra Cost and Adhere to Lake Shore.

Altho it was thought a short time would be necessary for the city council to decide whether or not a grant of \$100,000 should be made towards the completion of the Toronto-Hamilton highway...

Favored Recommendation. The line-up in favor of the recommendation going thru with the action of Ald. Maguire's amendment was as follows:

For: Mayor Church, Controllers O'Neill, Thompson and Cameron; Ald. Nesbitt, McBrien, Gibbons, Beamish, Archibald, Whittier, Girsham, Rydman, Maguire, McBride—14.

Against: Controller Foster, Ald. Flewman, Singer, Wagstaff, Ramsden, Robinson—4.

Controller Foster opened the debate by moving that the recommendation be struck out. The matter was of considerable importance, he said, and he was at a loss to understand the inconsistency apparent on the part of the board of the city council...

It seemed to him that the matter should be left over for a while as nobody would suffer very badly by the delay. Referring to the deviation from the route of the highway...

"Have we any guarantee that this appropriation will be the last requested by the commission?" queried Ald. Maguire. At this point Controller O'Neill made the suggestion that Mr. Gooderham should state his case...

The chairman of the commission, in opening, said that it would not be necessary to go into the question of why his board was asking the city for an additional grant. He then took up the statements made by Controller Foster and said that it was not until November, 1914, that the commission had been able to commence operations...

"Why should it cost this amount?" asked Controller O'Neill, and the answer was that land damages would practically account for the increase.

When pressed for an answer as to a guarantee that the cost would not be more than \$200,000, Mr. Gooderham would not undertake to give any guarantee at that sum. "We are the trustees for the municipalities, we hold the municipalities' money, and the engineer has given his estimate as near as he can, I am sure that it is not far wrong," he said.

"Why was the \$25,000 for office and engineering expenses left out of the first estimate?" enquired Alderman Maguire. He was told that the commission understood, when it commenced work, that the expenses would be borne by the department of public works of the province.

"My position is this," said Alderman Maguire. "The one statement that has puzzled me is to think that the commission has not taken into consideration the office and engineering expenses. If we did that sort of thing in Toronto we would be held up to ridicule. I move that the commission receive the \$100,000, provided the work is done from the Toronto end."

Alderman Ball asked Mr. Gooderham if Alderman Maguire's amendment would be acceptable to the commission. "I don't think it would be possible," replied the chairman. "There is a great deal of work to be done in the municipalities further along the route."

"When does the commission anticipate finishing the road?" was Alderman Maguire's next question. Mr. Gooderham emphatically replied that it would be completed this year.

Mayor Church said that it would be better not to see the road thru, as it would repay Toronto two-fold. It would also be an example to the Dominion of what could be accomplished in road building, which in Canada was in its infancy. Even the Dominion Government had experienced trouble

DINEEN'S Men's Hats For Easter

There is more style variety and hat exclusiveness crowded into Dineen's store than is to be found with any other hat makers in America. Among other features we specialize on a popular price Three Dollar hat.

Select Superior Variety of Quality

We are the exclusive agents in Toronto for the famous London hat makers, Henry Heath, \$4.00; also for the Dunlap American hat, \$5.00. We carry a completely assorted stock of the Italian Borsalino, \$4.00; the French Mossant, \$5.00, and the Christy London hats.

Millinery Display

Ladies will find an artistic and exclusive display of Spring Hats in Dineen's Millinery Department. Take the elevator to the second floor.

W. D. DINEEN COMPANY LIMITED 140 Yonge Street And 20-22 King St. W., Hamilton

Caps and Coats

English cloth and tweed caps in complete variety for motoring, golfing and general out-of-doors wear. Spring coats for men—new styles—attractive also as to price.

with its road work. There are many reasons why people are not satisfied with the highway but nobody doubts that the commission has acted in good faith. Criticism of the commission has been made but for the most part it has been unfair.

The agreement made in 1914, according to Ald. Singer, was a model of indomitableness, and it should never have been made; it was signed because the council believed that the Ontario Government was behind the Toronto-Hamilton roadway.

The agreement made in 1914, according to Ald. Singer, was a model of indomitableness, and it should never have been made; it was signed because the council believed that the Ontario Government was behind the Toronto-Hamilton roadway.

advanced, and he favored Works Commissioner Harris' \$50,000 recommendation, but nothing else. "Nobody is imputing, however, that the commission did not act in good faith, and in speaking of Mr. Gooderham I have only referred to him as representing the commission," he said.

Feared for the People. Ald. Maguire had fears for the people, who had to pay whatever additional grant the aldermen decided upon. "Another \$100,000 will bring the city's contribution to

this work up to \$250,000, and this is getting on the nerves of the rate-payers." He was of the opinion that the city would be dealing lavishly if they fixed the grant at \$50,000.

Ald. Graham thought that the resolution should urge adherence to the Lake Shore route.

Ald. McBride proudly announced the fact that his 1914 anticipations, when he refused to vote for the first appropriation, were being realized. He criticized Mr. Gooderham, saying that the latter knew last April that the highway was going to cost \$920,000 and not \$600,000.

According to his way of thinking the commission should be censured for not asking the council at that time whether it would agree to come in with the extra cost of \$320,000.

The members of the commission are good business men, but they are not acquainted with road-making, and have had to rely on figures given by engineers and others. The whole thing is a bungle, and before we make another step let us find out just how much the road is going to cost and when it is going to be finished," he said.

"I think for the first or second time in my life I am going to vote with Controller Foster," he said.

Sought Explanations. The alderman sought explanations from Mr. Gooderham regarding the construction of county and township bridges and the result was a lecture. "How many township bridges and culverts have you built since the work was commenced?" he asked.

"Eighty-eight," replied the chairman of the commission.

"How many did you know you would have to build?" he asked.

"I don't know there would be one," he replied.

This took the wind out of the alderman's sails and he said he would not know whether you will have to build 88 more? Is there a member here who will vote a nickel and face the abuse the public will hurl at you for upholding such business methods?"

Ald. Gibbons wanted the matter left over until the council met just what the real cost would be while Controller Thompson was in favor of the board's recommendation.

Controller O'Neill was against the criticism of the members regarding the commission, and was for allowing extravagance at any time provided quality was obtained at the same time.

From the very start the whole thing was a mistake, said Controller Cameron. "I want the matter finished; whenever you get into a bad mess the best way in any business is to complete it, and this is a large letter of the agreement, but do it quick."

In the conclusion of the debate Mr. Gooderham further explained that 99 per cent of the Toronto men employed on the highway were sent out by the

WAR SUMMARY THE DAY'S EVENTS REVIEWED

(Continued from Page 1).

being brought down in the Verdun and Woivre regions, and one in the Champagne.

A turning movement is being carried out by the Russian main army in Armenia, which is advancing on Sivas, southwest of Erzerum, Petropoglav, night announcing that they have closed in on the enemy in the direction of Diarbekir, by way of the region of the Golanak Valley.

The Turkish forces in the Komora region, were beaten off by the Russian fire. Advancing thru deep snow, which was scored by many fissures, Russian troops captured an Austrian trench on the lower Stripa and took some prisoners. The Austrians counter-attacked the Russians, and besides being beaten off, they suffered many casualties.

On the principal Russian front the floods are still hampering operations, especially for the Germans, who were caught while attempting to improve their living conditions in several sectors and were shelled by the Russian artillery, being forced to discontinue their work.

German aeroplanes dropped bombs in the Russian lines. German who attempted to approach in boats the Russian positions southwest of Pinsk, in the Komora region, were beaten off by the Russian fire. Advancing thru deep snow, which was scored by many fissures, Russian troops captured an Austrian trench on the lower Stripa and took some prisoners.

The Austrians counter-attacked the Russians, and besides being beaten off, they suffered many casualties.

Sir Percy Lake, commander of the British forces in Mesopotamia, reported yesterday that the Tigris corps failed in an attempt to burst thru the Turkish lines at Sannaiyat in an attack at dawn Sunday.

Floods, which have again commenced to rise in the Tigris, greatly hampered the operations. As an essential to making progress in attacks against such positions as at Felahie, the enemy must be taken in certain respects by surprise. In this case he just happened to be exact in his calculations. It is also probable that the British gunners were short of high explosive shells, and they will have to wait for fresh supplies to arrive.

Attacks against such positions as at Felahie depend for their success partly on mechanical means and are partly of a nature of the real misfortune in the business is the renewed flooding of the Tigris River.

Civilians Labor Bureau, and that there were only 50 per cent efficient. He admitted that the commission should have come to the city immediately after getting the estimates, and stated that the road was going to cost more, and this after they had already agreed to the estimate. He took strong objection to Controller Foster's remarks about the engineering methods employed and pointed out that it was the intention to follow the Lake Shore route if this were at all possible.

It was also stated that the municipalities along the Lake Shore road would be putting in local money to complete the road, and that the work would have to be done over again in five years.

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In Many Instances—Persons Have Suffered Untold Agony for Years Devoiling for Nervous Weakness, Stomach, Liver or Kidney Disease, or Some Other Ailment, When Their Real Trouble Was Lack of Iron in the Blood—How to Tell.

NEW YORK, N.Y.—In a recent discourse Dr. E. Bauer, a well-known specialist, who has studied widely in both this country and Europe, said: "If you were to make an actual blood test on all people who are ill, you would probably be greatly astonished at the exceedingly large number who lack iron in their blood."

NOTE—The manufacturers of Nuxated Iron have such unbounded confidence in its ability to cure all the ailments mentioned that they will forfeit \$100.00 to any merchantable institution if they cannot take over in four weeks the entire stock of Nuxated Iron, or if their strength 200 per cent, or over in four weeks under any conditions. Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in the city by Liggett's Bros., G. Tamblyn, Ltd., and all other druggists.

FRENCH RETAIN LINES IN BIG VERDUN BATTLE

Germans Checked in Attempts on Le Mort Homme-Cumieres Position.

(Continued from Page 1)

front near hill 295, north of the Mort Homme position, in their big offensive this afternoon. The Germans were repulsed in the attack on the Mort Homme position, and the French were able to hold their ground.

The German offensive was repulsed in the little wood of Fontaine St. Martin, east of Yverville, and east of the Meuse. Progress was also made in the German communications trenches south of Doussumont village. The villages on the foothills of the Meuse heights in the Woivre were bombarded.

It was stated that Sunday was marked by the first German offensive movement in which forces of enemy attacked a front of over 21 miles. The losses suffered by the Germans are proved to be heavy by the piles of dead bodies in front of the trenches of the French.

The German official statement of today claimed that in the fighting west of the Meuse on Sunday 714 French prisoners and 12 machine guns were taken during the withdrawal from Bethincourt. It says that the French were cut off during their retreat by St. Etienne. Although successes in Avocourt wood and on the Foyrre ridge are also claimed, with the taking prisoner of 276 men and several officers in the wood and of four officers and 24 men on the ridge. It is also claimed that two French aeroplanes were shot down and that another plane fell at Loos and another fell in the Calette forest.

A despatch from Berlin says: The Associated Press learns that exceptional success in the fighting at Verdun, in connection with the German advance south of Hasteourt, by which the Bavarian and Silesian troops now occupy the heights of the so-called Terman Hill.

The captured positions are more than 2000 yards in width. They lie on the left bank of the Meuse about two-thirds of a mile eastward of Hasteourt and are a continuation of the German line of attack. The positions tend to straighten out the German line between Verdun and is considered of great importance.

Fifteen officers and 890 men were made prisoner, including numerous recruits of the 1st and 2nd Divisions, captured unharmed.

ARTILLERY SCHOOL CLOSES ITS DOORS

Course in Progress at Kingston Institution Will Be Last.

BY ORDER OF OTTAWA

Have Enough Trained Officers to Meet Needs—Rise in Recruiting.

No more artillery courses will be held in Canada after May 13. This order, just decided upon by Ottawa, means that the training of officers in progress at the Royal School of Artillery, Kingston (which concludes May 1) will be the last. This announcement by the militia department means that there are probably enough artillery officers trained to fill the needs of the Canadian Expeditionary Forces during the remainder of the war.

Since there are a large number of young officers qualified, but not placed with overseas battalions, Gen. Logie has been authorized to have a "company" of officers organized to train as a company. It is probable that they would receive the pay of their rank, the training they would carry on would be more advanced, with a view of selecting the best for overseas service with the Canadian forces when opportunity arose.

With Imperial Army. In the event of calls from the British office for young officers they would be available for service with the imperial army. The foregoing plan would add to the practical importance of the school of instruction.

Two hundred and seventy-two recruits came forward for enlistment yesterday, 102 of them being accepted. The number offering has been an increase of 68 as compared with the corresponding day last week. Yesterday's recruits were secured by the following battalions:

Table with columns: Units, Recruits, Strength. Rows include Q.O.R., Buffs, Tor. Light Inf., Beavers, etc.

The armories depot wants a butcher, baker and a cook for Kapuskasing, camp.

Recruiting in Counties. The matter of recruiting in the counties of this district, after the battalions already authorized have been filled up, is being considered by Gen. Logie. As some counties have only a limited number of eligible men to draw upon, it is probable that Ottawa will be asked to grant authority for the formation of "depot battalions." These depot units would consist of the quotas of men raised in the various counties. The men could then be sent without delay overseas as drafted men.

A considerable number of eligible men were thought to be still available the formation of complete new battalions might be authorized.

Must Pass Depot. It has been decided that recruits who are rejected at the depot will be sent to a recruiting depot and will be afterwards sent up as "fit for attention" by battalion medical officers, are not to be attended unless recommended by medical boards at the depot and accepted by them as fit.

An order has just issued by officers commanding units responsible that no troops enter private property without a pass.

A class in signaling for qualification of signaling officers will commence April 17 at Exhibition camp.

Combining will be the subject taught at a special five-day course which commences at Exhibition camp this morning. The course will be held at the depot. The battalions will attend: 125rd, 121th, 120th, 124th and 169th.

A new course of instruction opened at the infantry school, College street, yesterday, with 200 officers present. It is a course in conducting operations which require those attending to wear uniforms of scarlet and blue. The rules also provide that students must live in the school at night. A number of the class rooms have been converted into dormitories.

Beavers' Biggest Day. The Beavers had their biggest day yesterday, when they sent 82 men up to the recruiting depot. Of this number 36 were accepted, 7 were sent to the hospital for minor defects, and 49 were rejected.

Unequaled Service. No better place in Toronto to dine than Hotel Teck. Excellent luncheon daily at fifty cents. A la carte service at moderate prices. Connell's Orchestra 6 to 8 p.m. Meet your friends at Hotel Teck.

Stomach Troubles Due to Acidity. SO SAYS EMINENT SPECIALIST. So-called stomach troubles, such as indigestion, wind and stomach-ache are in probably nine cases out of ten simply evidence that fermentation is going place in the food contents of the stomach, causing the formation of gas and acid. Wind distends the stomach, and causes that full, oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the food-fermenting process. Such fermentation is unnatural. Acid formation is not only unnatural, but will involve most serious consequences if not corrected, to stop or prevent fermentation of the food contents of the stomach and to neutralize the acid, and render it bland and harmless, a teaspoonful of Bismuthine is all that is needed. Bismuthine is a powerful, effective corrector of acid stomach. It should be taken in a quarter glass of hot water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, neutralizes the acid, and in a few moments, fermentation, wind and acidity are all gone. Bismuthine is a powerful, effective corrector of acid stomach. It should be taken in a quarter glass of hot water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, neutralizes the acid, and in a few moments, fermentation, wind and acidity are all gone.

WANTED BAKER AND PASTRY COOK. Write or telephone, stating experience, age, nationality, wages desired, etc. HOTEL ROYAL, HAMILTON

MAY CUT DOWN PAY OF THOSE WHO ENLIST

Recommendation Will Affect Salaries of City Employees Now in Khaki.

BOARD OF CONTROL No Increases in Assessment Department—No Deputy Chief of Police.

The magnitude of the city's expenditures is beginning to impress itself on the board of control, and yesterday it was decided to recommend to the council that no employee of the city who is in khaki shall receive more than \$1600.

The recommendation was the outcome of the consideration by the board of the estimates of the city auditor, who stated that he was not aware of the fact that council had last year passed a resolution limiting the amount of pay, and as a result he had been paying the full salaries right along.

No salary increases were allowed in the assessment department other than those provided for under the grading bylaw, and the commissioner's estimates of \$117,282 were reduced to \$112,232.

The chief's salary is raised from \$4000 to \$5500. The expenditure of the department now total \$325,820.

The estimated expenditure for public libraries, at the conclusion of the legal department, is \$144,500, \$6016 more than last year, was allowed to go thru without any change.

An item of \$101,000 in the estimates of the legal department, which covers damages on civic car lines was cut in half, leaving the total estimate at \$24,750.

The 216th Overseas Battalion (Bantams) has been awarded the silver cup offered by the Sportsmen's Association for the best performance in Saturday afternoon's recruiting demonstration in Riverside Park.

The unique stunts put on by the Bantams in the shape of a burlesque German band escorted by a Bantam guard and the introduction of a piano played by Lieut. Rogers, one of the best pianists in Toronto, to which Capt. Stanley Bennett sang the "Bantam Song."

After discussing the various recruiting devices employed by the different battalions, the committee in charge of the demonstration decided that the Bantams' originally entitled them to the cup, and so notified Lieut. Col. Burton to that effect.

The Bantams, because of their peculiar standard of qualification ensuring the uniformity of height and also because of the original ideas they are putting into the recruiting campaign, are fast becoming one of the most popular battalions in the district.

ARBITRATOR SETTLES WATSON LOTS DISPUTE Until Southwestern Boundary of City is Fixed, Nothing Can Be Done in Valuing.

An award has been given by the official arbitrator in the matter of the Watson lots north of the Lake Shore road, expropriated by the city, but until the southwestern boundary of the city is fixed nothing will be done in the way of putting a value on the water lots south of the road.

Evidence already taken shows that there is considerable difference of opinion between the city's experts and the experts of the claimants as to the value of the lots. The figures of the city's experts range from \$21,000 to \$30,000, while the experts for the claimants give the value as ranging from \$118,000 to \$185,000.

WOULD CUT ESTIMATES OF EDUCATION BOARD Should Reduce Charges—Mayor Church Suggests This at Board of Control.

At yesterday's meeting of the board of control Mayor Church suggested that a cut of \$250,000 be made in the estimates of the board of education. He would cut out all new charges in connection with the technical school and school of commerce.

PLAYS, PICTURES AND MUSIC

ALEXANDRA PRESENTS "POLLY AND HER PALS" COMEDY OF REAL MERIT

"The Only Girl" is Best Musical Comedy Seen in Toronto for Some Time. Chorus is Good.

Charming Settings and Clever Acting Makes the Show an All-Round Success. Mirth, Melody and Clever Dancing Combine in Splendid Entertainment.

"The Only Girl" at the Alexandra Theatre this week is without doubt the best musical comedy seen in Toronto since before the war. The company is better than many of those that come heralded as all-star productions.

The plot is built around four bachelors who decide that no woman or women shall disturb their life-long chumship. The curtain rises with three of them following each other to tell the fourth, a young librettist, that they have each found "the only girl" and despite his criticism they each get married and try to maintain their former relations.

In the meantime the fourth, unable to get a man as a composer, discovers a charming collaborator in the same building, in the person of a young lady. At first he refuses to consider her as a composer of his opera, but at last decides that they collaborate without any sentiment, as the they were machines.

SEVEN SPLENDID ACTS IS OFFERING AT LOEW'S Overflowing Audiences Highly Pleased With Sketches Presented Last Night.

Seven vaudeville turns that are above the average of other offerings at Loew's Theatre this week. Altogether the acts are worthy of heading the bill, the singing and dancing of the five Fords was the most applause from the capacity audience program.

Maurice Samuel & Co. have the most lengthy act of the bill. They are seen in a playlet in the New York immigration office. Samuel takes the part of the Italian, who after being left by his sweetheart from the old country, and it is not until after much fussing that his passport is secured.

Comedy too features the act of Ethel Kirk and Billy Fogarty. Bright bits of variety, they are billed, and a smart, amusing musical comedy, both are splendid singers, and Fogarty is one of the funniest in vaudeville.

SHOW AT THE STAR IS WORTH ATTENDING Special Vaudeville Act and Lots of Fun Make Things Interesting There.

What may well be termed as the feature of Hatch Cooper's show appearing at the Star Theatre this week is the act provided by the Isabella Sisters. The two sisters appear in a dancing violin act, and although the act has been seen in the local house before, this act surpasses them.

DRANK POISON IN MISTAKE FOR TONIC Suffering from the effects of poisoning by tincture of iodine, which she had taken in mistake for a tonic, Miss Eleanor Gallenger, 510 Ontario street, was admitted to St. Michael's hospital at 5.45 last night, and died at 8 o'clock.

YORK RANGERS' BATTALION HEARTY SEND-OFF GIVEN NEWMARKET TURNS OUT TO WITNESS DEPARTURE OF UNIT EN ROUTE TO AURORA.

The 127th York Rangers Overseas Battalion were given a most cheering send-off at Newmarket yesterday morning, the entire populace gathering at the market place prior to the departure of the battalion. Col. Clarke was warmly congratulated on the fine appearance of his men.

PROGRESS OF THE ENLISTMENT RATHER DISAPPOINTING

Work at Massey Hall Last Night Not Equal to That of Last Week.

WAS NOTHING UNUSUAL While His Art Won Many Recalls From Big Audience, It Was Not of Highest Order.

Mischa Elman had his usual crowded house in Massey Hall last night, with the usual results, twenty recalls being given and six encore numbers were given. Perhaps the most interesting Mr. Elman had properly conceived the capacity of a Toronto audience, but his program last night was not equal to that of his last concert.

CHORUS AT GAYETY IS FEATURE OF SHOW Clever Company Captured Big Audiences at Opening Performances Yesterday.

For two and one-half hours the large audience that attended the initial performance of the Strolling Players at the Gayety Theatre yesterday afternoon were led along the road to happiness by this clever company. The production is one of the many Spiegel shows that have met with great success on the road this season.

ANNA HELD AT SHEA'S IS BETTER THAN EVER Her Sweetness of Voice Entranced Large Audiences at Both Shows Yesterday.

With the incomparable Anna Held at the headliner this week, Shea's Theatre certainly has a good thing on its back again with all her cleverness, her sweetness of voice and all the rest of the attractions which surround her, only to be described as Anna Held.

EXCELLENT PROGRAM AT THE HIPPODROME Catchy Songs, Musical Novelties and Splendid Pictures Make Up a Delightful Show.

Hippodrome patrons were treated to an excellent program yesterday afternoon, when the bill was headed by the "Five Black and White Frolics," offering a smart, amusing musical comedy, which new catchy songs and musical novelties, clever costuming and non-sensical situations are all included in a delightful musical melange.

SHOW AT THE STAR IS WORTH ATTENDING Special Vaudeville Act and Lots of Fun Make Things Interesting There.

YORK COUNTY AND SUBURBS

HEARTY SEND-OFF GIVEN YORK RANGERS' BATTALION NEWMARKET TURNS OUT TO WITNESS DEPARTURE OF UNIT EN ROUTE TO AURORA.

The 127th York Rangers Overseas Battalion were given a most cheering send-off at Newmarket yesterday morning, the entire populace gathering at the market place prior to the departure of the battalion. Col. Clarke was warmly congratulated on the fine appearance of his men.

EARLY MORNING BURGLAR IS CAUGHT IN THE ACT County Constable Simpson Arrested Wm. Snider in Windermere Avenue Store.

Caught in a store on Windermere avenue about 2.30 yesterday morning by County Constable George Simpson, a man giving the name of William Snider, was arrested by a forerunner, called upon before Magistrate Brunton in the county court yesterday afternoon on a charge of shopbreaking, and was remanded pending investigation.

ADVERTISEMENTS

If your power service ceased for one hour, how many men in your factory would be standing around idle? You insure your property against fire loss and the Government compels you to pay large premiums to protect your workmen in case of accident.

Is your power supply insured? When you secure your power from Toronto Electric Light Company, you buy insured power.

The insurance consists in the wonderful generating plant at Niagara Falls, capable of delivering 125,000 horsepower.

It consists in a reserve of 100% in uninterrupted transmission lines from Niagara to Toronto on a private, fenced-in right-of-way.

It also consists in a large steam reserve and storage battery plant in Toronto.

No more complete power insurance can be found anywhere, and no other power available in Toronto can be compared with TELCO.

If you are located in the Downtown District our Direct Current service is available for lighting or power.

It has many advantages which we will be glad to explain on application. Phone Adelaide 404.

BIG REAL ESTATE DEAL IN SCARBORO TO WINDSHIP

Rob. McCowan Disposes of Fifty-Five Acres for Forty-Five Thousand Dollars.

WILL ERECT CONVENT? Property Said to Have Been Acquired by Roman Catholic Church Interests.

One of the biggest real estate transfers that have taken place in Scarborough Township in many years, has just gone thru, and the figures paid indicate most advantageously situated farm prices are still obtainable.

As evidence of the enormous increase in values in lakefront properties the farm from Andrew Young less than six years ago, paying \$17,000 for the 120 acres and the lot on the west side of the lake, the Toronto and York Railway, is now being sold for \$45,000 cash.

POPULAR PLAINS ROAD SHOULD BE WIDENED Members of College Heights Association Discussed This at Meeting Last Night.

The ninth annual meeting of the College Heights Association, held last evening in Brown's School, Avenue road, with President A. Frank Wickson in the chair.

Commenting upon the work of the association during the past year, the chairman said: "The activities of the organization, being local in character, similar from year to year, however, by keeping closely in touch with current events, we are able from time to time to suggest some desirable projects, as well as to prevent the intrusion of what might be considered objectionable."

Improvements which appear very important may really be the prevention of some serious accidents. As an instance," said Mr. Wickson, "the widening of Poplar Plains road, between the east and west sections of Clarendon avenue the turning so sharp that collisions seem almost to be inevitable."

The widening of Poplar Plains road, with the rounding of all corners, would remedy this trouble, he believed.

Works Commissioner Harris was asked to remedy same, and promised to do so, but the board, contrary to the recommendation of the works department, but our association will continue to advocate for this improvement. Another matter which we strongly opposed was a request by non-residents for the erection of a shelter on the corner of Avenue road and St. Clair avenue. Naturally we have no desire to deprive citizens of a shelter of another district, of anything necessary to their welfare, but we felt very strongly and so expressed ourselves to the council and to the works department that this structure, if erected for the purpose of a shelter should be aesthetically suitable for the locality and should not be placed on any public space, particularly where it would interfere with the unobstructed view so desirable at this corner. The works committee decided at its last meeting to refuse the request."

The following were elected for the board of directors for the ensuing year: W. W. Bellamy, Hugh Blair, W. E. Brock, Hamilton Cassels, K.C. Judge J. H. Denton, F. W. Doran, H. N. De Witt, E. J. Dunlop, H. G. Laidlaw, W. E. Long, John Macdonald, Charles T. Pearce, D. T. Symons, K.C., A. Frank Wickson and George Wilkie. T. Wallace Sime, P.C.A., was re-elected auditor.

TODMORDEN LODGE GIVES CONCERT. Todmorden Lodge No. 200, Sons of England, Benevolent Society, gave a concert last night in the hall, 144 Danforth avenue, a large number of members being present. It was shown that 80 of the 200 members had enlisted for overseas service. Captain P. Prior, who has charge of recruiting for the 24th Beavers' Battalion in Ward One, made a stirring appeal for recruits, a good number responding. President H. Sellen occupied the chair.

APPOINTMENTS, ETC., AT EXHIBITION CAMP Many Transfers and Promotions Announced at Military Headquarters Today.

Promotions, appointments and transfers of officers have been announced as follows by Exhibition camp military headquarters: Capt. S. M. Young, 24th Regiment, transferred from 76th to 17th Battalion; Lieut. G. R. Rodgers, 10th Battalion, transferred from 76th to 17th Battalion; Lieut. E. Reynolds, 12th Regiment, appointed to 76th Battalion; Lieut. C. B. Sheppard, 10th Regiment, appointed to 10th Battalion; Lieut. F. G. H. Elliot, 34th Regiment, transferred from 127th to 20th Battalion; Lieut. J. G. Fink, 10th Regiment, appointed to 14th Battalion; To be junior major, Capt. E. W. Wright, 10th Regiment, transferred from 127th to 20th Battalion; To be junior major, Capt. E. W. Wright, 10th Regiment, transferred from 127th to 20th Battalion; To be junior major, Capt. E. W. Wright, 10th Regiment, transferred from 127th to 20th Battalion; To be junior major, Capt. E. W. Wright, 10th Regiment, transferred from 127th to 20th Battalion.

Fire due to defective electric wiring caused \$400 damage to the three-story brick house owned and occupied by Mrs. W. H. Norton...

DEMANDS AN APOLOGY

Hon. I. B. Lucas, at the opening of the session, demanded an apology from the Globe for its editorial of yesterday morning with regard to the statements of Sir Adam Beck...

SYSTEM WAS FULL OF POISON

Had Constipation for Many Years, But Was Entirely Cured by Dr. Chase's Kidney-Liver Pills.

The most common ailment and the greatest cause of disease and suffering today is constipation...

with constipation almost ever since I can remember, and for four years had pains at the left side of the back...

EVERYONE THINKS WORLD IS RIGHT

Gap on Yonge Street Should Be Done Away With.

ALDERMEN UNANIMOUS

But Say the Matter is in the Hands of Sir Adam Beck.

There has already been considerable comment on The World's suggestion that Premier Hearst and his government be asked to take a hand in curing the deplorable situation that exists in connection with the street railway service on North Yonge street...

EVERYONE THINKS WORLD IS RIGHT

that Sir Adam Beck had allowed the matter to remain in abeyance, as the decision would materially affect any dealings there might be with the railway company.

An Iniquity. Ald. Ball said that as a resident of North Toronto for nearly 30 years he had long regarded the Metropolitan franchise as one of the biggest iniquities that could possibly be imposed on any municipality...

The Hydro-Electric Power Commission of Ontario be requested to enter into negotiations for the purchase of the Metropolitan division of the Toronto and York Street Railway Company...

To date, however, no report has been received from Sir Adam Beck or his commission, and it is likely that the negotiations have been held in abeyance pending the decision of the private council as to the control of North Yonge street between the C.P.R. crossing and the Metropolitan line...

The whole thing is in the hands of Sir Adam Beck," said Mayor Church yesterday.

"We had one experience recently when we went to the private bills committee to ask them to cancel the franchise of the Toronto Suburban Railway, and Mr. Lucas said we should go and hang our heads in shame. I proposed three years ago that we should apply to the private bills committee for an act to take over the suburban lines, but it was voted down by the purchase forces in the city council...

"It means the purchase of the Toronto Railway System as well as the Metropolitan," said Controller Thompson. "This would be desirable if the price, but the people would get a reasonable price, but the people would get a reasonable price, but the people would get a reasonable price..."

"I feel that we cannot trust the government or any government in this matter," said Controller O'Neill. "Leave it in the hands of Sir Adam Beck and let him do as he pleases with the franchise of the transportation question. I feel our position will not be any better if we have a government or the railway committee..."

Controlled Cameron was for the purchase of any franchise at present standing in the way of transportation, at a proper price and on the condition that the Yonge street situation is no worse than that which faces the people on St. Clair avenue, west and north of Bathurst street...

Will Support a Bill. Lt.-Col. W. H. Payne (Leakdale): I think that the matter should be attended to; but I do not feel that I am the man to take it up, as it is not in my power to do so...

The Toronto World

FOUNDED 1860. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

WORLD BUILDING, TORONTO. NO. 40 WEST RICHMOND STREET. Telephone Calls: Main 5806—Private Exchange connecting all departments.

The Circulation of THE TORONTO DAILY AND SUNDAY WORLD is authenticated by the A. B. C. Audit Bureau of Circulations

In advance will pay for The Daily World for one year, delivered in the City of Toronto or Hamilton, or any address in Canada, United Kingdom, Mexico and the British possessions.

UNITED STATES. Daily World \$4.00 per year; Daily World 15c per month; Sunday World \$3.00 per year; Sunday World 25c per month, including postage.

It will prevent delay if letters containing "subscriptions," "orders for papers," "complaints," etc., are addressed to the Circulation Department.

The World promises a before 7 a.m. delivery in the City of Toronto and Hamilton, and in the suburbs of Toronto and Hamilton.

TUESDAY MORNING, APRIL 11. Hands Off the Hydro!

If the Ontario Government really means to take the responsibility of the Hydro-Electric Commission into their own hands, and make a political machine of it then there is going to be an evil time ahead for the whole province.

There is still another point which it is difficult to believe the government can have in view. It is stated that in taking over the management of the Hydro-Electric Commission the government has in mind the switching of profits from the funds of the commission into the provincial treasury.

The honor of the British Empire was involved in the treaty with Belgium to protect her neutrality. Germany broke it and receives the world's abiding contempt. Toronto makes a treaty to observe certain conditions of service and breaks the treaty. This goes down deep into the hearts and minds of the young people growing up under city rule and guidance.

Bursting Water Mains. With the bursting of two water mains in the same district within a month there is room for a report from the works department. It is quite possible that the accidents may, in both cases, be easily explained. If not, there should be a complete statement of the facts laid before the public at once.

As Bad as Deserters. Recruiting is not what it ought to be in Toronto these spring days. There ought to be a brisker spirit among the young men in the city, and there are a great many, too many, young men still left behind.

NICKEL REFINING. Editor World: I see in your paper this morning a report of the discussion on the nickel question. I know from personal experience that the nickel found in Ontario can be, and should be, refined in Ontario and not at the coast.

MICHIE'S BEAURICH CIGARS. SPECIAL ONE-WAY FARES TO PACIFIC COAST PORTS, DAILY UNTIL APRIL 14.

Those contemplating a trip to Pacific coast ports, including Victoria, B.C., Vancouver, B.C.; Seattle, Wash.; Portland, Ore., etc., should consult Canadian Pacific ticket agents for particulars of low fares in effect daily until April 14.

COUNTING HIM OUT

man to stand aloof when the King has called all available men to the colors. There are some men so sudden in the search for lucre that they do not react when the bright signal of duty shines out.

There is no guarantee that the war will not continue for another year or more. Lord Kitchener's saying, reported in the early days, that the war would last three years, has never been contradicted.

PRESBYTERIES DISCUSS CHURCH UNION ISSUE

Dominion - Wide Conference Opens at St. James' Square Church Tomorrow.

SITUATION IS SERIOUS IN STORES AND THEATRES

Recent Developments Have Had Alarming Effect on the Leaders.

Canadian presbyteries from Nova Scotia to British Columbia will be represented at a conference in Toronto on the church union crisis.

Two developments have recently had an alarming effect regarding the Presbyterian leaders. One was the intimation from the west that the Presbyterian congregations there which have formed a temporary union with the Methodists, would join the Methodists of the general assembly.

When the general assembly's committee on church union has previously met it has been for the purpose of taking action towards amending the constitution and forms of the Presbyterian denomination so that they would be a facsimile of the basis of union with the Methodists and Congregationalists.

Tomorrow's conference will be for the more serious purpose of averting a split in the Presbyterian Church itself, owing to the minority vote against union being generally regarded as sufficient to prevent any substantial step in the direction of church union.

One solution being discussed by Presbyterians supporting church union is to out-generally the minority in the general assembly by amending the constitution and forms of the Presbyterian denomination so that they would be a facsimile of the basis of union with the Methodists and Congregationalists.

While an effort will be made to arrive at an agreement on a recommendation to the general assembly on the new church union policy to be adopted, the general expectation is that both a majority and minority report will again be sent on with a battle royal on the church union crisis becoming the outstanding feature of the June meeting of the general assembly.

ITALY PREPARING FOR HEAVY AUSTRIAN DRIVE

Enemy Reported Making Ready for Onslaught Along Whole Front.

ROME, April 10.—The Austrians are preparing an offensive on a large scale along the whole Italian front, according to despatches received here, which state that the action was decided on at a recent conference between Archduke Eugene and the other Austrian commanders.

Strong bodies of troops have been withdrawn from the Rumanian border and quantities of munitions are being sent from the interior of the empire.

The Italian military chiefs, the despatches further say, have made all preparations to break the offensives of the Austrians back on the defensive.

C.P.R. STEAMERS AT PORT. S.S. Niagara arrived at Sydney from Vancouver 6 a.m., April 7th. S.S. Makura arrived at Vancouver from Sydney 7.30 a.m. April 7th.

GEO. McGRATH MUST FACE CAPITAL CHARGE

True Bill Returned by Grand Jury Yesterday—Trial Probably Tomorrow.

George McGrath, now in custody of the police, must stand trial on a charge of murdering Joseph McKibben, aged 27, according to a true bill returned by the grand jury in the criminal justice court before Chief Justice Falconbridge yesterday afternoon. The trial will probably start tomorrow.

McKibben died of injuries alleged to have been inflicted by McGrath when the latter found him in the company of Ethel Davis at her home, 27 Bulwer street, last winter. McGrath at the coroner's inquest, admitted having struck and kicked McKibben. The accused had been living with the Davis woman for six years, and upon surprising her and McKibben in the apartments, the fight ending in McKibben's death ensued.

Members of the grand jury are: Edward Cavell, Sunnyside avenue; Joshua B. Chapman, Dunn avenue; George E. Cooke, St. George street; Herbert C. Gillies, East King street; William H. Johnston, Georgiana street; J. A. Lake, Lake Shore road; John Moore, W. St. Humble, James A. Van Nostrand, W. H. Watson, Harold Winifreth, 610 Ontario street; Wm. Willes, Newmarket; Frank Carcaden, 91 Booth avenue.

BURSTING WATER MAINS. Editor World: A thorough investigation should be made to determine who is responsible for the condition of the 36-inch main water pipe laid in the north-west section of our city. Two bursts inside of a month is a serious matter to the taxpayers and to those who have suffered from the overflow. Unless a thorough investigation is made forthwith we will be blundering along in the same old happy-go-lucky business manner as formerly. The officials concerned all have a different opinion. Five inspectors who inspected the pipe at the foundries, the inspectors on the ground when the pipe was delivered, and the foremen who laid the pipe, tell their story, and the public will get at the cause of the trouble.

It is reported that pipe condemned by the works of the contractors by the city officials was reshipped and refused; that the city canceled and refused receiving any more pipe from the contractors; that the pipe supposed to be tested at 300 pounds pressure at the works should, as soon as laid under ground, burst at 30 pounds, is beyond understanding. Let the mayor and board of control get busy and have an investigation.

TAXPAYER. SCORE'S TALK ON CLOTHES. Good work is a synthesis founded on truth and carried logically to a conclusion, that is why our clothes, made to measure, bear the severe test of wearing quality and appearance which characterizes all our garments. Our spring styles in British materials have arrived, comprising the newest tones in browns, tans, grays and fancy blues. Special prices this season range from \$25. We would be pleased to have you call and familiarize yourself with our values. Get ready for Easter. R. Score & Son, Limited, tailors and haberdashers, 77 King street west.

DEBENTURE HOLDERS GRANTED RECEIVERSHIP

Order Relative to Winding Up of Ottawa Concern Made at Osgoode Yesterday.

After six years of operation the Civil Service Co-operative Supply Association of Ottawa was wound up last month on the order of Mr. Justice Latchford. The petition was presented by H. N. Bate & Sons, Limited, creditors to the extent of \$277.86, whereas in January of this year the association was said to have liabilities amounting to \$17,000, and assets amounting to \$14,000.

Debtors were issued in June, 1915, to the extent of \$6000. Mr. Justice Latchford is stated to have said in his winding up order that if the debtors were valid the winding-up order would be of no effect.

Judgment was given by Mr. Justice Britton at Osgoode Hall yesterday morning, on a motion before him on behalf of H. T. Owens and other debenture holders for an order appointing a receiver and manager on behalf of the majority in value of the debenture holders. The debenture holders had agreed in the application for the winding-up and the appointment of a receiver, in the opinion of Mr. Justice Britton. His lordship says it was intimated in the argument that a person named would be acceptable to all as the new receiver. If so, his name may be placed in the order.

A reference will be made to the master at Ottawa to pass upon the security, and it is provided that the liquidator is not to hand over money in his possession until further orders.

Further action to test the validity of the debentures will not be prejudiced by the judgment.

HOMESICKERS' EXCURSION VIA CANADIAN NORTHERN RAILWAY. If you are going to the Northwest, British Columbia, or Ottawa, give us a call in our new office, Royal Bank Building, 78 Yonge street. S. J. Sharp & Co., M. 7024.

THE RIDEAU AND THE YORK. Local Day Trains Between Toronto and Ottawa.

The popular Canadian Pacific day trains, "The Rideau" and "The York," between Toronto and Ottawa, give the public an opportunity to spend a half day in Toronto or Ottawa, going by the midday train, returning by the mid-night train, only one night on the road.

The route is via the "Lake Ontario Shore Line," through Whitby, Oshawa, Bowmanville, Port Hope, Cobourg, Trenton, Belleville, etc.

"The Rideau" leaves Toronto (Union Station) 1.45 p.m., arriving Ottawa (Central Station) 10 p.m.

"The York" leaves Ottawa (Central Station) 1.15 p.m., arriving Toronto (Union Station) 9.30 p.m.

PROSPERITY REIGNING SUPREME IN TORONTO

Indications Point to Improved Business Conditions Throughout Canada.

Those Who Cater to Wants of Public Do Not Look for Dearth of Money.

It ought to be reason for gratification that war or no war, prosperity sits enthroned in Canada with her chief chair of state right here in Toronto.

Occasionally a woman is overheard to say "this is my war-hat, or my war-suit," meaning to imply that conditions have forced her to economize in the matter of wearing apparel, but things generally do not support the need for the attitude of all-round cutting down of expenses in the matter of clothes.

Just now the shops are as crowded as in the early weeks preceding Christmas, and they probably forecast good business for Easter. There are, it is true, many sales of attractive articles at reduced rates which hold out a lure even for those who have no immediate need for many of the things displayed and which account in a measure for the crowds. These attractions are principally from the stock which had to be disposed of in order to make way for the spring goods which even now are somewhat passe, but in the showcases where the choicest things are kept, evergreen crowns and other creations along many lines bear witness to the fact that there is no dearth of coin looked for by the merchants and buyers who cater to the public thru the medium of our large department stores.

Theaters' Indication. Another sign of continued prosperity is found in the theatres and other places of amusement. The attendance, this afternoon or evening, and the attendance seems in nowise diminished from that of previous weeks. The fact that women are doing infinitely more public work than formerly and that many of our men have crossed overseas, some of the soldiers account in some measure for a number of men in attendance, even the theatres, which are usually considered a luxury. From hearsay it may be gathered that these things are based as they are, and that there is no need for their son to take his place in the ranks of the recruits.

Generally these signs may be taken to be favorable, for Canada is surely doing her share financially in the matter of assistance, and if she can also keep up the same semblance of prosperity as she did before the war, there seems no doubt but that prosperity is real and not assumed.

STUDENTS FROM U.S. WILL FILL VACANCIES

Large Number of Theological Men Enlisting Causes Mission Board to Act.

Owing to the large number of Presbyterian theological students enlisting for active service overseas, the announcement was made at the office of the Presbyterian Home Mission board yesterday, that the vacancies are being supplied by students from the United States.

The American students in the Canadian Presbyterian Home Mission stations will be chiefly from Princeton and San Francisco colleges. The board has sent 200 men to Canadian home mission stations at the close of the college term.

Out of 14 theological students in the class of 1916 at the Halifax Presbyterian College, ten are now at the front in France.

Thirty-five theological students from Westminster Hall have gone overseas on active service.

A letter received at the Presbyterian offices in Toronto states that Rev. C. W. Gordon (Ralph Connor) has relinquished his position of senior chaplain at Shorncliffe Camp to go to France as chaplain-major, with an infantry battalion.

Douglas Smith, son of Rev. G. Wall Smith, has enlisted in the 194th Universities Battalion. Thomas R. Spear, son of Rev. D. Spear, has gone to Ottawa as a member of the Royal Canadian Engineers.

DODD'S KIDNEY PILLS... ALL KIDNEY DISEASES... RHEUMATISM... BRIGGS' KIDNEY PILLS... DIABETES... 23 THE PR...

BY A SHIP REPORTER... OTTAWA, Ont., April 10.—John S. MacLachlan, resident government engineer at Victoria, British Columbia, has been appointed to the position of chief engineer of the Canadian Pacific Railway, Vancouver, B.C., where he will be in charge of the engineering department. Mr. MacLachlan has had experience in dredging and harbor work in Brazil and the west coast of Ireland. He declared in answer to E. A. Frisbie, M.P., that he had never received a dollar from a contractor in his life, and with regard to the question of bribery, he declared that he was "perfectly upright." Each day's work was plotted on a map, and was based on the inspection of the contractor. He had been well recommended by the inspectors who had been working with him. He was on the work every day himself, and allowed him a larger amount than was actually estimated. However, the excess was deducted from the next month's estimate. The contractors having made vigorous protests against the deduction which he had made in his claims for rock excavation, Mr. MacLachlan said he had made those on his own judgment, which was based upon the inspectors' reports, and here it was seen that the drill went three feet. In some cases he had made as high as an 84 per cent. reduction.

Returned Motor Car. He was questioned about an automobile which Mallory alleged had been presented to him by the sub-contractor, and declared that Mr. MacLachlan, the sub-contractor, had endeavored to sell it to him for \$1000, but that he was not satisfied with it and returned it to him. Mr. Frisbie, in understanding, Mallory wanted your job. "That is pretty well known in Victoria." Mr. Carvell: "That won't be worth very much." Mr. Frisbie: "Oh, I don't know, Mr. Carvell. The only person who has had anything against Mr. MacLachlan is Mallory, and I don't think anybody will take any stock in him." Mr. Carvell produced a statement that Mallory had taken from MacLachlan's office, and it showed that the amounts were the same as returned to the public works department by Mr. MacLachlan. Distressed Mallory. Mr. Woolley, who has been thirty years in the dredging and contracting business, said he had done the work at Victoria for C. E. MacLachlan, and that he had not the first payment he refused to accept any more money from MacLachlan, because he "didn't have much faith in him."

Unique Funeral Chapel of A. W. MILES 396 College Street... The above photograph is a view of the splendid Funeral Chapel of A. W. Miles, one of Toronto's most prominent Funeral Directors, and is found to be very convenient when death occurs in hotels, clubs, or apartment houses. Mr. Miles also has a motor house in connection, the going to any cemetery, the Forest Lawn Mausoleum, or to trains. This house can be obtained at the same charges as horse-vehicles.

How the Ball Clubs Shape Up In National and American Leagues

Normal Major Campaign Opens Tomorrow Without Opposition From the Outlaws—Probable Teams To Make the First Divisions.

The National and American League 1916 season opens tomorrow, Wednesday—the big annual get-together of the real test will begin. It is old to begin to make light of skull meetings. They are not good, but nevertheless the real test is in the ball field. The players who won and lost in the ball field, it is what happens after the bell rings, that counts.

HIGH PRICES PAID FOR BASEBALL STARS

Table listing baseball players and their salaries: Tris Speaker, Boston Americans, \$50,000; Eddie Collins, Philadelphia Athletics, \$45,000; Frank Baker, Philadelphia Athletics, \$35,000; Joe Tinker, Cincinnati Nationals, \$25,000; Harry O'Tool, St. Paul American Association, \$25,000; Larry Chappelle, Milwaukee Braves, \$25,000; Lefty Russell, Baltimore International League, \$25,000; Rube Marquard, Indianapolis American Association, \$25,000; Philadelphians, \$11,000.

All a hustling, always fighting team of the Stallings type, shrewd in baseball, and with a high-class infield, the same being almost a sine qua non in a pennant race. The best infield in the National League, and one in which Konechny, catching the spirit of his fellows, is likely to fill the vacancy created by the going of Schmidt. A great deal depends on this.

NATIONAL LEAGUE

GIANTS.—Infield no better than a year ago. Strong defensive of first base and shortstop, with a hard hitting second baseman, and a rather dubious third baseman. Not a well-balanced infield and much depending on whether Loeber comes thru at third. Outfield last and capable and a trio of average throwers. A much better outfield than the Giants have had in years if not at any time and the best in the National League far and away.

AMERICAN LEAGUE

YANKEES.—No club in the league has made as many moves in the past few days as the Yankees. The team last year with a noticeably handy infield defence. Not quite as handy in this respect this year, but more than made up for by more hitting strength. Baker as good as a player as he ever was, and that's a good deal. Gooden rough and ready, aggressive fighting type of player, crude on ground balls, but always trying. Outfield entirely reconstructed and speedy—the best all around outfield in the league in defence except that of the Red Sox. Good throwers and fast on flies and ground balls. In the words of Lou Gehrig, they are the only team that drop in that outfit dis the rain.

Ball Players Must Make Good If They Draw Big Salaries

NEW YORK, April 10.—Benny Kauff's position in baseball at this time is one that excites no envy. He must make good with a whoop in a giant uniform or he'll be the most scorned at player in the history of the pastime.

THE DONS BEATING TIME UNTIL AFTER THE WAR

East End Oarsmen Elect Officers—Will Hold Club Regatta and Social Events.

NEAL BALL REFUSES TO SIGN A CONTRACT

JERSEY CITY, N.J., April 10.—Neal Ball persists in holding out. President McCaffery sent for him today, and he came down from his home in Bridgeport, Conn., for a conference. Tonight he left for his home without signing a Toronto contract, and with the avowed intention of remaining out of the game.

HORRORS! THEY ARE PLAYING HOCKEY YET

OWEN SOUND, Ont., April 10.—What would possibly be the last hockey match of the 1916 season was played here tonight between the Berlin Union Jacks and the Owen Sound Grays. The weather had been fairly good for some days back and the ice had been gotten into fair condition, but warm weather today made it very soft, and really fast hockey was impossible. However, the game was a fair exhibition of hockey, and the spirit of clear sport prevailed with the players, and as a result only three penalties were registered, but some of the spectators got rough and Masters of the Berlin team was severely hurt. The Grays had the better of the play throughout the entire game and took five goals to their opponent's two.

CHARGED WITH ASSAULT

Charged with assaulting Samuel Fleishman, 85 Agnes street, Harry Ryback, 83 Edith avenue, was arrested by Policeman 412 last night.

BOAT CLUB OFFICERS

CORNWALL, April 10.—At a meeting of the St. Lawrence Boat Club of Cornwall, Ont., the officers were elected: President, T. W. Ault; first vice-president, L. S. Bailey; second vice-president, J. H. Riddley; secretary-treasurer, R. Watson; executive committee, Sam Summers, J. G. Sandell, G. S. Kitchin, W. F. Barnhart, H. G. Gabbis; commodore, T. Flanagan.

AMATEUR BASEBALL

The Lake Shore Road Croquet Baseball Club, who made a good showing in the Lake Shore B League last season, are again splendidly organized in their ranks for the present year or while the war lasts. The club has been fortunate in securing the services of William Crawford, president, and Mr. Maurice J. Breen secretary. The club has been fortunate in securing the services of William Crawford, president, and Mr. Maurice J. Breen secretary.

PARIS IS THE YEAR FOR THE OLYMPIC GAMES

PARIS, April 10, 4.45 p.m.—Baron Pierre de Coubertin, president of the International Olympic Games Committee, stated at the meeting of the Association of Olympic Games that no Olympic games would be held during the present year or while the war lasts. He also supplemented the announcement with some interesting details.

But President Announces There Will Be None Till After the War—Four Applicants

There will be no Olympic games in 1916 or during the war, said the Baron, "preparations for the games in 1920 are being made so far as possible. Four cities already have expressed a wish to have the 1920 Olympic games held within their precincts, namely, Antwerp, Lyons, Amsterdam and Havana. The president is anxious to determine the members to a musical and a smoker at an early date.

SPORTSMEN TO HOLD ANOTHER BIG RALLY. So successful was the recruiting rally at Riverdale Park last Saturday afternoon under the auspices of the Sportsmen's Association that League Col. Greer and Capt. Tom Finnan visited military headquarters yesterday afternoon to arrange for the holding of another meeting in Riverdale on April 22. The meeting will be conducted on the same lines as the first one and will be to stimulate recruiting for the various units now forming. The Sportsmen will offer another cut for the battalion obtaining the most recruits.

U. S. BANKS HELP BRITAIN. LONDON, April 10, 6.43 p.m.—The American consulate here has issued a notice calling attention to the facilities offered by American banks to British merchants trading with the United States and the increasing extent to which the import and export trade of the United States is being financed thru commercial letters of credit opened with American banks.

EXCELLENT OPPORTUNITY FOR WEEK-END TRIP. The Toronto Bowling Club is running an excursion to Niagara Falls and Buffalo, April 15, leaving Toronto 8.10 a.m., via Grand Trunk Railway. Return fare to Niagara Falls, Ont., \$2.25 and Buffalo \$2.70. Tickets are valid returning on all regular trains up to and including Monday, April 17. Secure tickets at city office, northwest corner King and Yonge streets, or Union Station ticket office. ed414

STOCKS GET STRONGER ON LACK OF BAD NEWS

Largely Favorable Intelligence Received Concerning U.S. Expansion.

FRENCH EXCHANGE LOW

U. S. Smelting Establishes Fresh Quotations in Wall Street.

NEW YORK, April 10.—Stocks were stirred into a semblance of strength and animation today, mainly in consequence of the absence of disturbing developments over the week-end. Advice from Berlin regarding the Sussex incident were accepted as making for further delay in the settlement of the debt negotiations now pending.

News touching upon the market was largely favorable character, including the annual statements of the Utah and Chino Copper Companies which disclosed increased earnings over 1914, with a similar exhibit by some of the smaller shipping companies. There was also the March report of the U. S. Steel Corporation, showing increased unit price of 6 cents per ounce should probably be recorded for the metal before the end of the week. Whether this will be realized remains to be seen but the advance within the last few weeks of over 6 cents per ounce should probably be recorded for the metal before the end of the week.

The other side of the account included such adverse factors as another heavy order of 72,000 tons, bringing the total business on the corporation's books up to record figures of 1,250,000 tons. This also reported a 20 per cent gain in railroad tonnage over this period last year.

Big Dome opened lower at \$24.75, but strengthened a little, settling up to \$25.00. Holly changed hands at \$27.00, and \$27.50 was paid for an odd lot. Jupiter held at 20. The record of production of McIntyre for first quarter, recently published, is reported very favorably and with the new mill unit running to full capacity a big increase is expected in the output of this mining concern.

There was some activity in McIntyre and the stock was steady between 91 and 92, closing at 91.3-4.

Active trading took place in Porcupine Vipond but the stock was softer in tone. It opened at 54, sold up to 55, but receded to 52, closing 1-2 point higher. West Dome Consolidated was inactive, selling between 23 1-2 and 24 1-4.

Finishing was the outstanding feature of activity in the silver issues with sales of close to 20,000 shares. The stock opened at 56, sold up 1-2 point, and the gain on the close at 56. There has been a lot of long date stock overhanging the market for some time and brokers have blamed this for the unresponsiveness of the stock to the advancing price of silver. It looks now as if this is being well cleaned up, chiefly by reason of big buying orders from St. Louis. Rumor has it that there is a pool operating in Timiskaming.

Sales of silver were firm at 60 cents per share in the treasury. Peterson Lake sold in moderate volume, advancing from 16 to 24 1-4 and closing slightly below the high at 23 1-2. Seneca Superior was active, selling from 39 to 41 and closing at 40. It is generally thought that this company has the equivalent of 60 cents per share in the treasury.

The steel stocks were the buoyant ones on the Toronto market yesterday, and at no time in many years has the activity been so pronounced. Steel of Canada easily led the movement, with a rise of five points from Saturday's close of 53.4. Steel Corporation, the not so active, came in at 40, but the steel developments advanced three points, while Nova Scotia Steel made two points on a limited amount of business. The demand for these shares is keen both in Montreal and Toronto, and the prospect is for an even bigger market for the stocks. Steel of Canada eased slightly at the close, but still advanced a bid half a point above the closing sale, and Dominion Steel closed strong at the top. The market througout was active, but the only other stocks which were Cement, Steamships and Smelters, each of which advanced in price. Speculative sentiment showed a considerable broadening yesterday, and many brokers expect a duplication of the markets of 1902-3.

Steel and Iron Run Up Thru Active Buying

Steel of Canada Had Spectacular Rise at Opening in Montreal.

MONTREAL, April 10.—Buying of steel of Canada caused that stock to advance 4 1/2 points to 58 1/2, the highest of which were gained in the morning. Dominion Steel, the steel stocks and Laurentide were also dealt in heavily. Heavy profit-taking was met in special stocks, particularly in steel of Canada, whose perpendicular rise at the opening was naturally followed by a reaction, but offerings were still brisk thru the morning, and in the afternoon the market continued active, with steel of Canada leading the movement. The high price of the first session, with some further improvement in special stocks, overtook the market, and the price of steel of Canada rose to 180 and advanced to 185, and closed at 185 1/2, a gain of 10 points over the previous day's closing. The advance in steel of Canada was the only one of its kind in the market, and it was the only one of its kind in the market, and it was the only one of its kind in the market.

DOMINION STEEL CO. SUPPLANTS GERMAN TRADE

The Dominion Iron and Steel Company, a subsidiary of Dominion Steel Corporation, in advertising in English journals that it is now shipping large quantities of steel billets, wire rods, wire nails and other wire products to Britain which formerly were supplied by German manufacturers. The company has an agency in London and also one in Stockholm, and is conducting a big business of the export class at very profitable prices.

STEEL FEATURES.

Heron and Co. report: Montreal, April 10.—There was a wild opening in steel this morning. The accumulation of buying orders over the week-end rushed this stock up 4 1/2 points at the opening. So much had been said about a 6 per cent dividend that the public seemed satisfied that it would be paid. As was only natural Dominion Steel and Nova Scotia Steel followed the advance in steel of Canada. Laurentide jumped 8 points, meeting practically no stock.

SILVER UPWARD MOVEMENT BREAKS PREVIOUS HIGH RECORD—MINING MARKET MORE ACTIVE WITH BETTER TONE.

There was a distinct improvement in the tone of the market at the Standard Stock Exchange yesterday. Trading was more active and prices of stocks as a whole were firm with one or two activities notably in Dome Extension and Timiskaming. Business was well distributed throughout the list. The general feeling prevailing is that the strength in the mining markets will be reflected in the mining market which will bring more activity and a greater public interest.

Both these elements have been essential factors in the market recently. Another factor which should have an enlivening effect is the continued advance in silver. The white metal was up again yesterday to a new high record at 62 1-4. The previous high was 61 3-4, around which point it hovered the greater part of last week. Predictions are being freely made of 65 cents for the metal before the end of the week. Whether this will be realized remains to be seen but the advance within the last few weeks of over 6 cents per ounce should probably be recorded for the metal before the end of the week.

Big Dome opened lower at \$24.75, but strengthened a little, settling up to \$25.00. Holly changed hands at \$27.00, and \$27.50 was paid for an odd lot. Jupiter held at 20. Steel Shares in the Limelight

The Canadian steel stocks are growing in daily prominence on the exchanges. The upward movement in these issues was started some time ago by Nova Scotia Steel and was later followed by Steel of Canada and yesterday the shares of Dominion Steel Corporation came into demand at a sharp advance. The unusual demand for the products of these companies has been well known for months and as the yearly statements of the companies are published, some idea of the business done is available. The Nova Scotia Company showed earnings on common stock of over 25 per cent; Steel of Canada some 15 per cent, and Dominion Steel Corporation, whose statement will be out in a few weeks, is expected to show up equally strong. But the earnings of last year are much below those expected this year and although the war orders helped these companies, the regular business promises to be unusually large because of exportations even after the war's conclusion. The demand for steel stocks looks like running into a speculation in excess of that in 1902. The Americans have apparently foreseen this and are believed to be heavily interested in at least two of the companies.

DAILY MAGAZINE PAGE FOR EVERYBODY APRIL FLOWERS

By Will Nies

Copyright, 1916, by Newspaper Feature Service, Inc. Great Britain Rights reserved.

APRIL SHOWERS bring May flowers' is the rhyming burden of the ancient consolation. But here are seven April FLOWERS that the showers drive indoors sometimes, instead of bringing out...

WINIFRED BLACK WRITES ABOUT Drawing Our Own Images

Copyright, 1916, by Newspaper Feature Service, Inc.

Winifred Black

We were all in the room together the other evening, just at twilight—the great, big, friendly room, with the walls of the deep, glowing yellow and the window, broad and high, that looks out on the sea...

She took a seat right in the middle of the great window and she talked and she talked. And she talked—about nothing—faster and faster, and louder and louder.

When she was gone we began to talk about real things. But I suppose the woman of no importance went home and told her husband how she saved the day for the hostess by her 'lively' conversation.

How well we draw our own characters in the things we see! I know a man of genius who has the gift of adaptation so strongly developed that he makes every man he meets believe that he has found a kindred soul.

The drunkard told me that the genius drank too much, and the lady-killer was surprised to see how fond the genius was of flirtations, and the astronomer was amazed at the knowledge of the genius concerning the stars.

By what the genius did with each man's heart and brain, I knew the man for what he was.

How well it pays to stop talking once in a while, and to listen a little! Now, if the little nobody in particular had only done that the other day, what exciting tales she could have told all her little friends all the rest of her little life.

Care in Feeding The Young Chicks A mistake, that even a great many experienced poultrymen make, is the feeding of the chicks too soon.

Household Helps Home Tests for Pure Foods By ISOBEL BRANDS

ONE of the most popular booths in a pure food show conducted in a small town was that in which various products bought locally were tested to determine their freedom from adulterants of any kind.

Today's Fashion

Little Girl's Smart Frock of Blue Linen, White Embroidered.

This attractive frock of blue linen for the girl of 8 or 11 is cut in one piece with an inverted box pleat at each side of the front.

An American inventor has patented a life-saving suit for aeronauts involving a cushioned cap and back and front pads for the body communicating so that they can be blown up by a tube extending to the mouth of the aviator.

Stories of the Operas

Puccini's "MADAME BUTTERFLY." Condensed by ADRIEN TOURNIER.

"MADAME BUTTERFLY" is one of the most touching tragedies of opera. It is the story of a broken faith set to strains of such haunting beauty that they have won a well deserved place in the heart of every lover of music.

A picturesque Japanese villa, embowered with wisteria and cherry blossoms overlooking the harbor of Nagasaki, has been purchased by the marriage broker, Goro, for Lieut. Pinkerton, U. S. N.

Then Butterfly, attended by her girl friends, comes to her new home. They are followed by a large crowd of her relatives. All are introduced to the bridegroom to be.

Three years have elapsed. Within the little house on the hill Madame Butterfly awaits the return of her husband. He was recalled to America after a brief but happy wooden voyage.

The Amateur Gardener ONE of our best decorative plants is the ficus, better known as rubber plant. Because of its rather stiff and sturdy habit of growth and the size of its thick, leathery foliage, it lacks the grace which characterizes the fern and the well-grown specimen of it is always sure of admiration for its stately appearance.

Advertisement for BYRRH WINE TONIC & APPETIZER, RECOMMENDED FOR FAMILY USE. Includes list of liquor stores.

Advertisement for 'This Certificate' for making money from soil, featuring a circular logo and text about growing something.

Advertisement for 'The Amateur Gardener' featuring recipes for 'Tripe and Onions' and 'The Card Index Cook Book'.

The Spring impulse to brighten up things in general, and to add little comforts and attractions to the home, is as universal with us as is the impulse of the birds to build new nests at this season of the year.

Every normal person is a "homelover," and to help out with the Spring problem we have reopened our "HOME-LOVERS' CLUB." When our February Homelovers' Club was closed it had attained a record membership. Thousands of customers who availed themselves of its privileges are satisfied with and enthusiastic over the values secured. Nearly all former members are Toronto residents, and now we extend to

**EASIER VISITORS FROM OUT OF TOWN**

a hearty invitation to join the Homelovers' Club on the same basis as city members. We begin to enroll new members, city residents and visitors this morning at eight-thirty.

Goods from any of the Departments listed here may be purchased to furnish your home in part or entirely.

Full particulars may be obtained by visiting the Secretary of the Homelovers' Club, Fourth Floor. The Departments co-operating in this Homelovers' Club are:

- Furniture and Refrigerators.
- Wall Paper, Paints and Baby Carriages.
- China, Glass and Silverware.
- Hardware, Stoves and Utensils.
- Electric Lighting Fixtures and Electric Stoves.
- Rugs and Carpets.
- Curtains and Draperies.
- Pictures and Mirrors.
- Bed and Table Linens.

### In the Curtain Department

Tapestry Furniture Coverings. Good quality tapestry, reds or greens, in conventional and floral designs; 59 inches wide. Regular \$1.00 and \$1.25 per yard, for 75c.

\$1.90 Tapestries for 95c. Most of these tapestries are of French make, manufactured right in the war zone, and include some extra heavy Aubusson tapestries, in small block designs; also a few conventional. Regular prices \$1.50, \$1.65 and \$1.90. Tuesday, per yard, 95c.

Lace Curtains—On looking over the stock we find a large assortment of odd and two pair lots, which must be cleared out immediately. These have been marked at practically half the regular prices; the sample is slightly soiled; 2 1/2 to 3 1/2 yards long; some extra heavy quality Serim Curtains, trimmed with Arabian laces and insertions, regular \$7.50 and \$8.50 per pair, at \$3.75 and \$4.25 per pair.

A large assortment of Swiss and Serim Curtains, regular \$5.00 to \$15.00 pair, at \$2.50 to \$7.50 pair.

### Cook with Electricity

Electric cooking has many advantages over all other methods, and none of their faults. It actually costs less. Let us give you an estimate on the cost of installing a Moffat Electric Range in your home. We are offering them at extremely low prices, and you may buy one through the Home Lovers' Club if you desire.

The Electric Fixture Department is full of excellent and artistic fixtures, complete lighting outfits for the home, and many well designed lamps for the library, the boudoir and the drawing-room. As well as the designs being attractive you'll find the prices most attractive also.
