REPUBLICANS ADOPT POLICY AND PICK CANDIDATE TODAY National Railways Announces New Train Services and Economies

SEVENTEEN-DOLLAR COAL NEXT YEAR, OFFICIAL ESTIMATE Fuel Controller Harrington Makes Prediction Based on Freight Increases.

MUST USE BERNICE "I would consider that statement quite unfounded," was the terse comment of F. J. Harrington, fuel controller for Ontario, when asked yesterday afternoon by The World what truth there might be in the report from one of the outlying centres that coal might jump to twenty dollars a ton before next winter had run its course.

Thousand Daily Ordered. Continuing, Mr. Harrington stated that he had a daily average of a thousand tons a day available for shipment upon order. Asked as to the possibilities in store for the ward and the poorer districts in the city, the fuel controller stated that they might in many cases have to depend upon Bernice coal, a composite of anthracite and bituminous.

GERMANS COMMAND RED SHOCK TROOPS Poles Are Pursuing the Bolsheviks Between the Dvina and Upper Beresina.

Paris, June 10.—Polish troops are pursuing the retreating Bolsheviks between the Dvina and upper Beresina rivers, according to a Havas despatch from Zurich, which says there is confirmation that the Bolshevik shock troops, which won local successes between May 14 and June 2, were exclusively commanded by German officers. These troops, the despatch adds, are now in orderly retreat toward Poland, methodically destroying everything in their path.

CASELL IS DEPUTY MINISTER OF MINES R. G. McConnell Has Been Granted Superannuation at His Own Request.

Vancouver June 10.—Charles Caspell of the Dominion Geological Bureau, Vancouver, has received the appointment of deputy minister of mines for Canada, according to word received here today from Ottawa.

OTTAWA, June 10.—The appointment is confirmed today of Charles Caspell of Vancouver to the post of deputy minister of mines for the Dominion. The order-in-council authorizing the appointment was signed by the governor-general today.

ILLICIT LIQUOR DEALS INCREASE ENORMOUSLY Official Figures Indicate That Bootleggers Are Reaping Harvest and That Other O. T. A. Violations Are Occurring More Frequently.

It is officially admitted by the provincial license authorities that illicit liquor selling is on the increase. According to a statement issued yesterday, the amount paid to the province for fines alone for the seven months ending with May 31, 1920, was \$209,339.44, as compared with \$135,234.23, an increase of \$74,105.21 over the corresponding period of the previous year.

It will be noted that the total amount of revenue to the province from these sources is in excess of the total appropriation asked by the board and made at the late session of the legislature for the expense of the administration of the act for the year, namely, \$250,000, so that the fines and proceeds of confiscated liquor from now forward to October 31 next will be just that much in excess of the appropriation.

IMPORTANT ECONOMIES WILL BE EFFECTED BY RAILWAY UNIFICATION

New Train Services Between East and Winnipeg to Become Effective Later in Month—Ticket and Other Offices Doubled up in Toronto, Ottawa, Hamilton, Pembroke and New York—Others to Follow.

Ottawa, June 10.—(By Canadian Press)—Hon. J. D. Reid, minister of railways, stated today that the recently appointed committee of management for the co-ordination of the operation of the Grand Trunk and Canadian National Railways was proceeding as rapidly as possible with the unification of the two systems. Consolidation of dual offices at various points had already been decided on, and details of the changes are now being worked out. The following economies have been authorized: The passenger tariff bureaus of the two roads will be consolidated by transfer to the Grand Trunk offices. At Montreal and Ottawa the work of the Grand Trunk ticket offices will be transferred to the Canadian National, and the work of the Canadian National ticket offices at Toronto and Hamilton will be taken care of in Grand Trunk offices. Separate offices will no longer be necessary at New York, where the work performed by the passenger representative of the Canadian National Railways will be transferred to the Grand Trunk. The Canadian National freight station at Dufferin street, Toronto, will be consolidated with the Grand Trunk sub-stations at Parkdale and West Toronto. Passenger traffic officers of each

MORE CHANGES COMING The World learned last night that this is only the first instalment of many consolidations. In a few days the Toronto and Ottawa trains of the Canadian National will be run over the Grand Trunk to Napanee and from Napanee to Ottawa over the C. N. R. The two systems cross at Napanee—connecting tracks will be put down to allow the two systems to join up, one with

BORDEN'S MESSAGE ON RACE-GAMBLING Heard by Assembly—Unable to Pass Severe Restrictions Through Senate, Says Premier.

OTTAWA, June 10.—Premier Borden told the delegation representing the Presbyterian general assembly, which waited on him on Wednesday regarding the suppression of race track gambling, that as the government had passed through parliament everything in this direction which the country could make further recommendations in this direction. Such was the report of Rev. Dr. Reid to the concluding session of the Presbyterian general assembly this afternoon.

NEW GENERAL BOARD Ottawa, June 10.—The Hon. C. J. Doherty, minister of justice, and the Hon. P. M. H. O'Brien, minister of finance, were called again and asked to explain how they would sell and ship 10,000 cords of pulpwood to the Schroder Company, Milwaukee, on clearances for 4500 cords.

ILLICIT LIQUOR DEALS INCREASE ENORMOUSLY Official Figures Indicate That Bootleggers Are Reaping Harvest and That Other O. T. A. Violations Are Occurring More Frequently.

It is officially admitted by the provincial license authorities that illicit liquor selling is on the increase. BORDEN LEADERSHIP LIKELY TO CONTINUE

Ottawa, June 10.—(Special).—It is almost certain that Sir Robert Borden will continue to lead the Unionist party, whatever it may be called, after he addresses the caucus toward the end of this month. Sir Thomas White, in opening a law office in Toronto, would seem to indicate that he will sit back in politics for some time at least, but continue to remain in the cabinet. There may be some reorganization of the cabinet later on.

SMALL TRUSTEES CONFIRM WORLD STORY RE DOUGHTY

A full confirmation of the exclusive World story of Wednesday last, concerning the offering of a \$5000 reward for information of the present whereabouts of John Doughty, who was private secretary to Mr. Small, was forthcoming yesterday, when the trustees to the Small estate issued the following official statement:

"The order authorizing the issue of circulars advising of the existence of the warrant for the arrest of John Doughty, who was private secretary to Mr. Small, was prepared by the committee of the estate, and will be signed by J. A. G. Cameron, the official referee, this afternoon or tomorrow morning."

"The preparation of the circulars in question is also well under way."

Some months back The World exclusively announced that a warrant was out for the arrest of John Doughty, private secretary to Mr. Small, who was supposed to have been entrusted to him by Mr. Small for deposit in his private safe at the Dominion Bank on the day of his disappearance. The additional warrant charging conspiracy to kidnap was taken out some three weeks ago.

NEGOTIATIONS ON TO OPEN NEW STATION City Still Banks on the Viaduct Order of 1913, Says Mayor Church.

While banking on the order of 1913 calling for the construction of a viaduct on the Esplanade by the railways, Mayor Church said today that a harbor board and the city might consent to a temporary arrangement so that the new Union Station could be used before the viaduct is completed. Negotiations, he said, were taking place at present with this end in view.

TRIBESMEN KILL BRITISH OFFICERS All Government Officials and Many Civilians Murdered in Asiatic Turkey.

London, June 10.—Two British officers, all the government officials and a number of townspeople were killed in an attack by Shammar Tribesmen on Telfar, near Mosul, Asiatic Turkey, according to Bagdad advices coming by way of Bombay.

PICTURES OF FAMILIAR SCENES. Pictures of interest to you—because they are of people and places that you know—that is the feature of next Sunday World's illustrated section. There are many other pictures in the section of interesting events and people—but you will be most interested in the Toronto pictures. Perhaps your own may be among them. Better be sure you get your copy early on Saturday next. It is not too late to start in reading the thrilling new serial story, "Mice and Men," one of the best serial stories yet published.

SUGAR PROFITERS ARE FINED \$35,000 Charleston, W. Va., June 10.—The Schon-Stevens Company, a wholesale grocery concern of Huntington, today was fined \$35,000 upon conviction of profiteering in sugar, in federal court here. Judge Pritchard said the government had introduced the evidence in the case.

BECK WINNING OUT The Chippewa Canal labor situation is likely to end in a reasonable readjustment between the Hydro Commission and the men on construction work. Sir Adam Beck, it is believed, is overcoming any remaining opposition to his Toronto and Eastern rail, and some announcement in regard to it by the dry government next week may be expected.

TWO PREGNANT UTTERANCES MAY FORETELL RESULT

T. S. R. Conciliation Judge Thinks Evidence Against Demands. NO OFFER YET MADE

Two very significant and important statements were made yesterday before the conciliation board, which is sitting to enquire into the details of the agreement between the Toronto Railway Company and its employees, under which the men are asking for a rate of pay of \$12 an hour, guaranteed eight-hour day, and other improvements in their working conditions.

The first statement was made by Judge MacLennan, the chairman of the board, who, addressing the men's representatives, declared: "I don't think your evidence justifies \$6 an hour."

R. J. Fleming, the general and general manager of the railway, was responsible for the significant second statement. He said the company felt the employees were being well paid, and he wished to state that the railway could get all the men they wanted, and at a lower rate of wages than the one being paid at present.

What bearing these two statements will have on the ultimate decision is difficult to estimate, but Mr. Gibson, the men's representative, intimated during the proceedings that, so far the company had made no offer to the men, which people in the court took to mean that the union men were prepared to receive and consider a proposal from the company.

The wages question and the H. C. O. occupied the greater part of yesterday's session. Mr. Hubbard for the company put in a long statement covering the earnings of motormen and conductors. A salary schedule of salaries paid out each month was given. Some were as high as \$168 down to \$124, while there was a general average of \$144 and \$144.

GERMANY SENDING METAL TO CANADA Also Musical Instruments—Austria Contributes Hops and Jewelry.

Ottawa, June 10.—(By Canadian Press)—The articles being imported from Germany into Canada at the present time are chiefly metal, for use exclusively in mining or metallurgical operations, machinery, electric insulators. This information was given in answer to a question by Fernand Rivest (St. James, Montreal), in the house today, the first three months of 1920, the articles of chief value coming from Germany were: Garden and field seeds in packages, tools, hand, penknives, articles of glass and manufacture of glass, manufactures of wood, labels for cigar boxes etc., photographs, chronos, etc., manufactures of papers, brags, cords, etc., toys, all kinds; musical instruments, precious stones.

SEAT IN STOLEN CAR EXCHANGED FOR CELL

While sitting in a stolen car at the corner of Oakwood avenue and Vaughan road, last night, William Work, 10 West St. Clair avenue, was arrested by Constable McMullen on a charge of theft. When it was discovered the car was a stolen one, Detectives McIntosh and Crowson laid charges of theft of two motor cars against the prisoner.

COMMERCE COURT NEARING ITS END? Government Not Likely to Bring in Legislation Desired, It is Said.

Ottawa, June 10.—It is expected that the report of the board of commerce tabled in the commons today will be one of the last official acts of Laing's cabinet. The remaining members of the court ask for additional powers. It is reported that the government does not propose bringing in legislation this session to give effect to this demand. The supreme court on an equal division sustained the court recently, but to confer any additional powers might reopen the question.

NO ATTEMPT MADE TO BRIBE MEMBERS Reported Remarks of U.F.O. Whip Are Not Taken Seriously.

The reported statement of Andrew Hicks, U.F.O. whip in the legislature, at London on Wednesday, that during the recent session "appalling sums of money were offered to members of the U.F.O. to influence certain legislation created somewhat of a surprise at the parliament buildings yesterday.

Hon. H. C. Nixon did not wish to make any comment but had read Mr. Hicks' speech in full. "However, you may say," he added, "that what Mr. Hicks was offered to members of the U.F.O. regarding bribery is very much of a surprise to me. I never heard that attempts were made to bribe any of the members of the house either by the 'big interests' or anybody else."

Hon. W. E. Roney, attorney-general, also expressed surprise at the U.F.O. whip making the statement attributed to him. Mr. Roney had never heard of any such thing being attempted, and treated the affair with amusement.

TREATY COMPROMISE RESTORES HARMONY PLATFORM ADOPTED

Chicago, June 10.—Rescuing the party by eleventh hour compromise from a threatened split on the league of nations issue, the Republican National Convention today adopted a platform and then adjourned to nominate a candidate tomorrow.

Harmony on the league issue was reached after many hours of heated negotiation revolving about the sub-committee on resolutions, but bringing into consultation first and last virtually all the big men of the party. In the end the irreconcilables and mild reservationists accepted a treaty plank revised in some details to meet the views of the contending elements.

It condemns President Wilson's league covenant, upholds the senate in its rejection of the treaty, and endorses the principle of an international peace compact with American traditions.

After impatiently marking time all day for the resolutions committee to complete its work, the tired convention received with cheers the reading of the platform by Senator Watson of Indiana, the committee chairman, and report presented by Edwin J. Gross, the Wisconsin member of the committee, and signed only by himself. The substitute provided that rejection of the league idea, advocated government ownership of railroads, and contained other proposals which the convention had adopted as "socialistic."

Candidates' Chances Not Affected. The relative chance of the presidential candidates apparently was little affected by the platform agreement, and on convention eve there was in evidence no disposition which changed the situation with Wood Johnson and Lowden leading, but without any of them having delegates to nominate. So far as the talk of those on the inside revealed, the attainment of harmony over the troublesome treaty plank had no effect on any of the candidacies, except possibly in the case of Senator Johnson. He will not now appear on the convention floor and that is a disappointment to his supporters, who had believed that a treaty fight would help his fight for the nomination.

At 4:45 Senator Lodge took to the platform, and directed the secretary to call the roll of states for nomination. (Continued on Page 5, Column 2.)

BILL LIMITING GAMBLING AT RACES PASSES HOUSE Provides for Pari-Mutuel System—Reduces Operators' Percentages of Money Wagered—Power to Close Tracks.

Ottawa, June 10.—(By Canadian Press)—With very little discussion, the amendments to the criminal code governing the operation of race meetings in Canada went thru a sparsely attended house shortly before midnight tonight. Hon. C. J. Doherty explained that the purposes of the amendments were to limit gambling on race tracks to the pari-mutuel machine system, and reduce the operators' percentages of the money wagered on each race. The government hoped by this means to reduce the number of race tracks operating in Canada and keep undesirable gamblers out of the game. The racing associations' profits would be so limited, it was expected, that operating a track would no longer appear a profitable proposition. Only the pari-mutuel system of betting could be used, and the machines would be under the supervision and would be inspected by officials of the department of agriculture.

Limit Associations' Profits. The association profits allowed must not exceed the following: When the total amounts staked or deposited on each race is under \$20,000, 7 per cent; \$20,000, but not exceeding \$30,000, 8 per cent; \$30,000, but not exceeding \$40,000, 9 per cent; \$40,000, but not exceeding \$50,000, 10 per cent; over \$50,000, 11 per cent.

In addition to the percentages set forth, the person or association operating a race track shall be entitled to retain the odd cents over any multiple of five cents, and the odd cents may be eliminated from the amount paid to any bettor.

Previously the profit taken by track operators was 10 per cent, with all "breaks" or odd cents over a multiple of 10 cents.

Explaining the purpose of the bill, Mr. Doherty said it was aimed at placing restrictions upon organized betting. They hoped to create a situation where no association would have the privilege of organized betting upon those race tracks where that association is one that is in the business for what they can make out of it.

It also restricted the profits to be taken by any person or association, and in every way was designed to promote and encourage clean sport. Where, in the opinion of the minister of agriculture, a sufficient percentage of the proceeds had not been put up for prize money, then he had power to close up the track.

To Edmond Proulx (Prescott), the minister said it was hoped that the growth of race tracks, due to the money-making hopes of the promoters, would be wiped out, and the number of running meets in Canada reduced by the amendments.

The amendment was given second reading with little discussion.

ONE BIG UNION OPENS ASSAULT ON THE A. F. OF L.

Sends Appeal Broadcast Thru Montreal—Says Craft Unionism "Doomed."

IRISH RESOLUTION

Montreal, June 10.—The One Big Union organization of Canada made its first assault on the American Federation of Labor today, when an appeal was sent broadcast thru the city to all "follow-workers" warning them that the "satellite of craft-unionism" are in their midst.

The circular recalled the steel, coal and recent railroad strikes, and supported its claim that the delegates of the federates now in Montreal have specialized in co-operating with the bosses and government, and altogether have railroaded and jailed the representatives of our class.

FELL INTO LAKE THRU PORTHOLE

A small boy, who was crossing the lake from the island with his mother on the Blue Bell ferry boat, fell through a porthole into the lake when the boat gave a lurch yesterday evening. Luckily a coast-guard tug and a child's rescuer was alerted before he had been immersed very long.

Telegraph Pole Saves Drunken Autoist From Driving Into Bay

James H. McDermott, 69 Woodcrest avenue, was arrested at the foot of Yonge street at 11 o'clock last night on a charge of being drunk while in charge of an automobile. Policeman Bob Dunlop was directing traffic at the railway crossing, when it is alleged McDermott drove his car over the tracks and nearly struck Dunlop. Dunlop jumped clear of the car, and it crashed into a telegraph pole. But for doing this the police say the car would have gone into the bay.

COLLISION ON HIGHWAY

What might have had more serious results occurred on the Toronto-Hamilton highway yesterday, when a heavily laden motor carriage truck, traveling eastward, collided head on with an Overland touring car going in the opposite direction. At the particular point where the collision took place, both sides of the highway were blocked by stationary cars and it was in endeavoring to pass these cars met.

MUSKOKA RECURRING APPEAL

Small wonder it is that each recurring vacation season sees added numbers turning for rest and recreation to "Nature's Wonderland Muskoka"; for there may be found all the elements that go to make a holiday. The clear bracing atmosphere and sparkling waters under sunny skies serve as a welcome relief after the stifling city streets, and healthy vigorous outdoor sports, swimming, canoeing, motor-boating, golfing, etc., in such surroundings rebuild the body and enable one to return to the daily round with added zest and renewed interest in life.

Monster Sale of New's Suits Will Soon Be Held in New York

New York, June 10.—Approximately 150,000 suits of men's clothing, hung on 5,000 feet of pipe, especially in Madison Square Garden, will be offered to the consumer direct by 24 manufacturers desiring, because of economic conditions, to liquidate their stock. It was announced here tonight by a clothing merchant, under whose auspices the sale will be conducted for two weeks.

PUBLISHER DROPS DEAD

Mitchell, Ont., June 10.—Ex-Mayor William Elliott, publisher of The Mitchell Recorder, dropped dead at a Masonic lodge meeting here last night.

RECONSTRUCTING KEEL

Keel street, from Dundas to Annette streets, West Toronto, is under course of reconstruction.

Cuticura Soap

AND OINTMENT

Clear the Skin

See, Ointment, Tablets, etc., each sold everywhere. See Dealer: Kramers, Limited, 81 York St., Montreal.

HAMILTON

Hamilton, June 10.—The purchase of a motor flusher which has been hanging for some weeks has at last been decided. The head of control this afternoon, with Mayor Booker declining to vote because City Engineer City made the recommendation in the matter, decided to buy the flusher from the National Steel Car Company, whose quotation was \$12,275, while the tender of the Tiffin Company was \$10,883.

BIG LONDON PETITION ASKS DIVORCE COURTS

Ottawa, June 10.—(By Canadian Press)—A petition signed by 117 residents of London, Ontario, has been forwarded to Hume Cronyn, M.P., and presented by him in the commons, asking for the immediate passage of a law giving the superior courts of Ontario jurisdiction in divorce matters. The petitioners, who include both men and women, set forth that they are nearly all returned soldiers or wives of returned soldiers, who have been deserted by their respective spouses, who are now living with other persons. They lived happily until the war and would doubtless have continued to live in happiness had it not been for the enforced separation due to war service.

COMMITTED FOR TRIAL

Guelp, June 10.—Colonel Laughran and Nellie Beisel, both of the township of Maryborough, were committed for trial by Magistrate Watt this morning, in the preliminary hearing of the charge of murdering an infant by putting it in a well on the Laughran farm three years ago.

BRITISH MINERS TO ASK INCREASE

Will Demand It as Their Share of the Increased Price of Coal.

London, June 10.—Under the presidency of Robert Smille, the miners' federation held a conference in Memorial Hall today and decided to formulate a demand for an increase of wages, as a share of the increase in the price of coal.

The federation also adopted a resolution protesting against the military domination of Ireland, and instructed its parliamentary committee to summon a special conference of trades unions to deal with the production and handling of munitions for Ireland and Poland.

GUELPH WINTER FAIR MAY SECURE AGREEMENT

Guelp, Ont., June 10.—(Special)—W. E. Rettle, the new secretary of the Ontario Provincial Winter Fair, was a visitor today, and met the special committee. Mr. Rettle stated the 1920 winter fair would be carried on under the terms of the old agreement, and told the committee that the minister of agriculture would consider in a few weeks the question of an agreement for a term of years.

PLAGUE SERUM IS RUSHED TO AFFLICTED VERA CRUZ

Vera Cruz, June 10.—Of four suspects examined during the last two days, two were found to be suffering with bubonic plague. One of the ten persons confined on quarantine island has died of the disease. One recovery is reported, and the other eight were found not to be affected.

An American destroyer arrived from New Orleans today with enough serum for 7500 injections and other medicines. Serum for 3000 injections prepared in Mexico City has also arrived. It is planned to begin vaccination today.

U.F.O. NAME OPPONENT TO SIR SAM IN LINDSAY

Lindsay, Ont., June 10.—Mr. J. J. McNevin, of Beaverton, was today the unanimous choice of the U.F.O. to contest the united counties of Haliburton and Victoria against Sir Sam Hughes, the present member, or any other opposition. The convention was a huge success, the theatre being packed with 800 people, half of whom were delegates. A feature of the gathering was the nomination of 14 candidates, including three women.

TORONTO PLAYS GENEROUS PART

Ladies' Auxiliary, G.W.V.A., Pleased With Generous Result of Tag Day.

Toronto, the benevolent, parted with its loose change again yesterday to the fair taggers of the ladies' auxiliary of the G.W.V.A. In a few isolated cases it was necessary to pry the change loose but on the whole the city responded with its usual generosity.

At midnight last night the committee reported that their efforts had brought in \$7,225.40. This amount does not include subscriptions by cheque and mail. Mrs. Greenway, the organizer, told The World that the committee did not expect to raise nearly half the amount collected on the previous tag day.

FROM PARIS TO WARSAW IN NON-STOP FLIGHT

Paris, June 10.—Lieut. Henri Roget, the French ace, who recently completed a round-trip flight across the Mediterranean, took the air this morning in an attempt to make a non-stop flight from Paris to Warsaw.

This journey is the first leg of an "around Europe" trip. Lieut. Roget's itinerary being Paris, Warsaw, Bucharest, Constantinople, Athens, Rome and Paris. He expects to make the trip in seven days.

LABOR FEDERATION ERASES COLOR LINE AT STORMY SESSION

Debate Near Precipitates "Race" War Between Delegates.

FOOD ORGANIZATION

Montreal, Que., June 10.—The American Federation of Labor in its annual convention here today wiped out the "color line" and warned its affiliated international unions that negro workers must be given full membership.

The federation's action came at the end of a stormy session, which nearly resulted in a "race war" between delegates from the southern states and the negroes and their sympathizers. Rejecting the recommendation of their organization committee, the federation for the first time in history threatened the autonomy of an affiliated union by requesting the Brotherhood of Railway Clerks to give the negro freight-handlers, express and station employees full membership and eliminate from its constitution the words "white only."

Exchanges of Oratory. There was a voluminous exchange of oratory in which the delegates charged "discrimination" to which their opponents replied with accusations of betrayal by negro workers of the whites in past labor disputes.

Several motions were made on the floor to demand that the railway clerks abolish the "color line" in its constitution or forfeit its charter in the federation. One of these was later modified to "request" the brotherhood to give the negro full membership. It was accepted by an overwhelming majority.

Refuse Gompers' Plan. The convention refused to give additional support to President Samuel Gompers' non-political program today by establishing a permanent non-partisan political propaganda bureau. A resolution providing for such a department was unanimously rejected, on the grounds that it was "unnecessary at this time," and its upkeep would be an unnecessary waste of money.

The convention authorized the executive council to call a special meeting of all unions comprising the workers of the food and catering industry of America, and organize a food producing and distributing department.

UTTERANCES MAY FORETELL RESULT

(Continued From Page 1).

\$187. A delegate claimed that the list did not cover one man who earned \$150 were those who fell on the sick fund. Mr. Fleming retorted by saying the list was a fair sample and that the men need not work overtime unless they liked.

No Power Over Fares.

When the company produced a list of places in the States where a straight five cent fare was allowed they were promptly informed by the judge that the board had no power to say anything in regard to passenger fares—it has nothing to do with them. Mr. Hubbard retorted by saying that Detroit had been mentioned as paying high wages. They were only able to do it by being allowed to increase their fares, he said.

Leaving this subject to take care of itself the judge asked the company to tell him what would be the yearly cost to them if one cent per hour was added to their present pay sheet. Mr. Hubbard replied that the extra cost would be \$75,000 per annum.

The offering of this information practically completed the case for the company, who had during the discussion put in 57 statements as exhibits. Mr. Robbins in replying on behalf of the men gave a list of towns where high wages were paid, but the judge pointed out to him that the places mentioned were all in the United States.

Mr. Robbins went on to compare the wages paid to city employees and policemen as compared to street railwaymen. His comparison brought forth from the judge the remark that it was a different matter entirely, for a man who might be taken on as a motorman might not be acceptable as a policeman.

Comparisons in Wages.

Mr. Robbins, to complete his comparisons, said that in Toronto bricklayers earned \$1 per hour, plasterers \$1 per hour, plumbers 85 cents per hour, Hydro linemen 68 cents per hour and the civic car line men 55 cents per hour. Mr. Gibbons, who followed Mr. Robbins, contended that the Toronto street railwaymen did more work in six hours than men in other towns did in ten. He was of the opinion that wages should be based on a weekly salary and not by hours. The men should have an eight-hour day and a living wage for six days a week work. The civic men were getting 45 cents an hour, he said, and had better cars and easier work. The judge asked the speaker if he thought it fair to compare civic employment with that provided by the T.S.R. Owing to the increased cost of every commodity, Mr. Gibbons thought the men were quite justified in asking for an increased rate of wage. Addressing the judge, Mr. Gibbons concluded by stating: "We have no feeling at all in this matter and the conditions existing between the officials of the company and the employees is most cordial and friendly. It is simply a matter of business."

Mr. Robbins submitted an extract from a speech by Sir W. Mackenzie at the company's annual meeting in 1918, in which he said that the subsidiary companies of the T.S.R. would be paying eight per cent. long after the railway franchise had expired.

FRENCH MERCHANT FLEET BIGGER THAN BEFORE WAR

Paris, June 10.—During discussion of the merchant marine budget in the chamber of deputies today, Paul Bignon, under-secretary for marine, declared that the French mercantile fleet, which previous to the war comprised 2,650,000 tons, would soon reach a total of 3,550,000 tons, despite the losses suffered during the conflict.

COTTON PRODUCTION URGED ON NATIONS

Zurich, June 10.—The international cotton congress, meeting today under the presidency of Signor Mylius of Italy, discussed the question of the promotion of production. A resolution was adopted emphasizing the grave danger which insufficient cotton means throughout the world. Hope was expressed that all cotton countries, especially Great Britain, would increase their production and also improve transportation.

Great West Bank of Canada

Is Named by Committee

Ottawa, June 10.—The senate held a brief session today. The committee on banking and commerce reported bills to incorporate the Bank of Saskatchewan, and changing the name to the Great West Bank of Canada. Third reading of the bill settling the Indian affairs in British Columbia was again postponed to give an opportunity for the representatives of the Indians to place their views before the senate committee.

GOLDEN JUBILEE OF REV. DEAN HARRIS

Catholic Torontonians Turn Out in Full Force for Thanksgiving Mass.

As rare as the event itself was the largely representative gathering which assembled at the mass of thanksgiving which marked the golden jubilee of Very Rev. Dean Harris, at St. Michael's Cathedral yesterday. Conferees and ecclesiastical friends of the jubilarian, some hundred in number, filled the stalls about the sanctuary, and the lay congregation represented almost every part of the city. The altar and chancel were ablaze with lights and the golden vestments of the officiating clergy and the purple of crimson cassock of bishop or monarch made a brilliant setting. The very Rev. jubilarian was assisted by Very Rev. T. J. Sullivan, Thorold, as deacon, Very Rev. Dean Morris, St. Catharines, sub-deacon and Rev. T. A. Traylor, rector of the cathedral as master of ceremonies. The beauty of the occasion was added to by the singing of the music of the mass, by the choir.

An impressive exposition of the office of the priesthood, the first attribute of which is sacrifice, was given by Very Rev. Dean Harris, who referred to the services of the jubilarian to the church and to society. The historic documents of the Jesuit missionaries published by Dean Harris had warmed the hearts of Catholic youth to heroic deeds and his writings on archeology on primitive man and in the realms of spiritism had shown that there need be no great difference between reason and revelation. The speaker in offering congratulations said that he believed he might presume to say that the popularity was shared by separated brethren and Catholics alike in the case of Dean Harris.

His Grace Archbishop McNeil gave his benediction at the close of the mass. An address on behalf of the clergy was read by Rev. Father Cline. Among those from a distance were Rev. Father Flynn, of New York, who had been a classmate fifty-two years ago with Dean Harris in Rome; Rev. John Talbot Smith, the well-known writer of New York, and Rev. F. J. Purdy, the distinguished overseas chaplain with the American troops. Among others were Sir Bertram Windle, Magistrate Denison, Dr. Orr of the archeological department, and Prof. Keyes. A dinner was served in the cathedral hall, over a hundred friends being present. In the evening a banquet was tendered by lay friends. W. T. Kernahan, president, J. P. Hynes being secretary of the committee. A handsome suite of gold was presented by Major

VERY REV. DEAN HARRIS, who celebrated his golden jubilee of priesthood yesterday at mass of thanksgiving at St. Michael's Cathedral.

Jack Murray on behalf of the gathering, to the guest of the evening, together with felicitations on the attainment of his golden jubilee.

EMPLOYMENT IN ONTARIO.

The employment service of the department of labor of the province of Ontario reports a decrease in placements for the week ending May 29. Total workers placed within zone number 1938, those transferred to other zones in the province 180, and those transferred to other provinces 48, making a total of 2146. Corresponding figures for the week ending May 22 are 2094, 198 and 38, making a total of 2330. During the week ending May 29 applications and reapplications numbered 2547 and vacancies notified by employers 2516, while in the preceding week these were 2732 and 2996, respectively. Greatest activity was in general laboring, with 835 placements; lumbering with 298 placements, building trades, with 139, and railway construction with 138.

In the women's department applications and reapplications were 261, vacancies notified by employers 264, and zone applicants placed within zone 199. Corresponding figures for the week ending May 22 were 280, 702 and 148. Casual workers were 192, jobs notified by employers 404, and jobs filled 287.

Action for declaration that plaintiff was entitled to one-third share of Bernard McEneaney's interest in mining claims in Crown Mines, Ltd., and to recover \$480 advanced. At trial plaintiff was awarded judgment for one-third what ever interest Bernard McEneaney had in McEneaney Gold Mines, Ltd., and for \$360. Appeal dismissed without costs.

Re W. J. Thomson; Stands till after January 1, with liberty to apply to bring it on earlier.

Re Herzlich; Stands till after January 1, with leave to apply to bring it on earlier.

List for Other Courts.

Before Orde, J., at 10.30: Dominion Bank v. Taylor. Reid v. Walker.

Additional Boat Service Between Toronto and Port Dalhousie.

Announcement is made that the Niagara, St. Catharines Line will have a double daily boat service between Toronto and Port Dalhousie, commencing about the middle of June. A twin screw steamer of approximately the same dimensions and speed as the "Dalhousie City" has been added to the line, and the increased service thus provided will offer every facility for the handling of picnics and excursions.

It is expected that the "Dalhousie City" will leave Toronto 8 a.m., daylight saving time, daily except Sunday, arriving Port Dalhousie 10.30 a.m., and returning will leave Port Dalhousie 7 p.m., arriving Toronto 5.30 p.m.

Full information regarding picnic grounds at Port Dalhousie, fares for excursions, etc., may be obtained on application to City Passenger Agent, Canadian National Railways, 52 King street east, Toronto.

GIRL GUIDES' WORK NATIONAL ASSET

Says Mrs. Groves, Speaking on Subject of Technical Education

At a lawn tea held at the home of Mrs. Mill Pellatt, 47 Glencairn avenue, in the interests of Girl Guide work, Mrs. W. Groves, who is an enthusiast in technical education, said that only ten per cent. of boys and girls who enter the public schools go on to the secondary classes. This means a great lessening of their possible efficiency both to themselves and to the nation.

As a partial offset to this the Girl Guides thru their work and badges train the girls and help them to develop into efficient women. Home crafts are prominent and a girl is taught to become a home-maker. The captain is often enabled by studying the girl's work to help her to find herself and thus to fit the round peg into the round hole. As a means of linking up the girls with the women's societies, whether church or secular, it is good. Men have long shown the benefits of team games, but women are only beginning their usefulness. Girls must learn to play the game and think not of self, but of the service they can be to their team or company.

Mrs. E. A. Hardy, the secretary of the local association, spoke of the badge work and said that eighty per cent was required in examination—a much higher percentage than in schools.

Capt. Maude McLaren of company three told of earning of the war service badge and what work was required to get the different all-round cords.

Rapid Progress in States.

Mrs. H. D. Warren, president of the local association, spoke of the rapid progress of the girl scout movement in the United States. They have a large paid staff requiring a budget of over \$90,000. In Canada, with but few paid workers, the budget is \$2000. The need here is for volunteer officers and women to stand behind them, advise and help them. The girl guide movement in Canada is advancing but if its possibilities were understood it might be a great help to the girlhood of our country and thru them to the whole country.

Mrs. Jarvis, convener of the central district, said that also many of their companies are in churches, yet they do not wish to emphasize that fact since they feel that wherever there is a group of girls, whether in schools, clubs, factories, etc. there is an opportunity to form a company, and they have prospects of forming many new companies in the near future. Mrs. T. Beatty, the camp convener,

WOMAN SUFFRAGE

London is the Permanent Seat of Woman Suffrage Alliance

Geneva, June 10.—London was chosen as the permanent seat of the International Woman Suffrage Alliance at this morning's session of its congress.

CZECHO-SLOVAK TROOPS SIGHT-SEEING IN WINNIPEG

Winnipeg, Man., June 10.—Czechoslovak troops from Siberia, about three thousand strong, passed thru Winnipeg this morning, en route to Valcartier Camp, from where they will be transported to their homes in Europe, which they expect to reach about the middle of July, if shipping conditions are favorable.

During their short stay here, many of them engaged in sight-seeing, while several hundred others paraded the principal streets, headed by a Czechoslovak sergeant, who had been a member of the Canadian forces overseas.

I.O.D.E. PREPARES FOR ROSE TAG DAY

At the old News building yesterday Mrs. W. R. Jackson, regent of the Municipal Chapter, I.O.D.E., and her assistants were doing yeoman work in preparation for "rose tag day" June 17, by which the children in city institutions will be again, as in the past, so widely benefited. Fourteen hundred boxes were made ready for distribution and the tags, tapes, etc., were all pronounced as ready for service. Up to date 48,000 children have been helped by means of this "tag" instituted and carried thru by the Daughters of the Empire in accord with the idea instituted by Queen Alexandra when she originated the sale of roses made by crippled children in England for children in hospitals. The institutions among which rose day returns are distributed are the Protestant Orphan's Home, Sick Children's Hospital, Boy's Home, Girls' Home, Home for Incurable Children, Sunnyvale Orphanage, Earlscourt Children's Home and the I.O.D.E. Preventorium.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" identifies the contains proper directions for use, only genuine Aspirin—the Aspirin Headache, Toothache, Rheumatism, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pain, and Pain generally. Always buy an unbroken package of "Bayer Tablets of Aspirin" which is a small, larger "Bayer" package. There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacid of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Aspirin will be stamped with their general trade mark, the "Bayer Cross".

TOWNSHIP MUST ACT ON WATER QUESTION

Delay by City in Replying to Appeal Complicates Situation.

SEVERAL WATER SCHEMES

York Township Council and officials have to settle within a few days the question of a water supply for the north Danforth district. Ten thousand residents are growing impatient over the delay in getting plans under way, and the York authorities are daily awaiting a reply from the city to their appeal for a supply of 50,000 gallons daily and a sewer system for the city sewer system. To both petitions, Commissioner Harris has turned a deaf ear, on the ground that the city is physically unable to enlarge its service at the present time, but an appeal has been taken to the board of control, who have promised to visit the districts affected and see for themselves the extent of the need. Although the promise was made weeks ago, it has not been made good yet, and in the meantime the township authorities are jumping two ways at once, in their efforts to stall off deputations clamoring for water.

The outcome of the annexation petitions are awaited with almost equal anxiety, because if the city commissioners, to whom have been referred the four annexation petitions, give a favorable reply the water and sewer questions will be solved for a large strip of the township bordering the city at the north, from the Don to Woodbine avenue. It is understood this special committee is now preparing a report which will be ready for the board of control next Wednesday.

Alternative Schemes. York township is considering three alternative schemes in case the city turns them down. The first is a system fed from the Don river, the second a system from the lake, with a trunk main passing thru the city or the township of Scarborough, and the third, a supply from the township of Scarborough, where a small system is now being constructed.

The township has prepared plans for both a water and a sewer system, which, if installed, will run into hundreds of thousands of dollars, to serve districts which in the natural course of events will be annexed by the city within ten years. Much of this expensive plant will have to be scrapped when annexation takes place, and the cost will become a charge on the city.

DOUBLE DAILY SERVICE BETWEEN TORONTO, PORT DALHOUSIE AND ST. CATHARINES.

Effective June 15th, the Niagara-St. Catharines Line will augment their service by placing in commission the twin screw steamer Northumberland, of about the same dimensions as the favorite Dalhousie City. Double daily service will then be inaugurated as follows: Steamers will leave Yonge Street Wharf, Toronto, for Port Dalhousie at 8.00 a.m., 2.00 p.m., and 5 p.m. daily, except Sunday, and northward will leave Port Dalhousie 8.30 a.m., 11.00 a.m. and 7.00 p.m.

Picnickers and excursionists should not fail to take advantage of the splendid facilities offered by this service to and from the picnic grounds at Port Dalhousie and Niagara Peninsula points.

On Sundays, June 27th to September 5th, inclusive, steamers will leave Toronto 8.00 a.m., 2.00 p.m. and 7.00 p.m. for Port Dalhousie, Niagara Falls, N.Y., Buffalo, and Southbound, will leave Port Dalhousie, 9.30 a.m., 11.00 a.m. and 7.00 p.m.

Special fares for picnics and excursionists with full information obtainable from City Ticket Office, Canadian National Railways, No. 52 King Street East.

Anglican United Men Hold Annual Picnic

United Men's Societies of the Church of England held their first annual picnic today at Exhibition Park. Prominent among the churches represented were St. Stephen's, whose ladies' guild helped to make the gathering a success; St. John's, the Garrison church; St. Cyril's and Church of the Messiah.

In the absence of the president thru continued illness, George Garrett, assisted by Mr. Melville (St. Stephen's) took charge of arrangements. After an enjoyable supper the whole party adjourned and took part in a baseball game in which the girls certainly excelled the men.

EFFECT OF FLORIDA WATER

Walter Moore was in yesterday's police court sentenced to three months at the Jail Farm for theft committed in a downtown store, where also he conducted himself in a disorderly manner, causing some material damage. Accused blamed an overdose of Florida water for his misdoings.

When Meals Disagree

and gasiness, sour stomach, water brash and such distress follow, due to indigestion or dyspepsia there is prompt relief in

Stuart's Dyspepsia Tablets

After meals they neutralize the acid stomach, giving the alkaline effect, the same as when in normal working order. These tablets are sold in every drug store in the U. S. and Canada at 50c a box. Known to a host of people for 25 years as the one thing useful in an attack of indigestion.

In yesterday's police court, a fine of \$20 was imposed on Stephen Bryochuk for accosting a young lady.

NO TRUCK OR TRADE WITH THE COUNTY

Mayor Thinks Toronto and York Legal Departments Should Be Divorced.

The city has asked for a conference with the provincial authorities on the question of a readjustment of the account between the city and the county of York pertaining to the upkeep of the city hall. "The county is now only paying 11 per cent of the upkeep and are using 41 per cent," said the mayor yesterday. He added that he would be in favor of divorcing the city entirely from the county so far as the legal departments and the registry offices are concerned. This, he said, is becoming the practice in all the large American cities.

NO NEED FOR UNION, SAYS DR. CHOWN

Methodist Financial and Spiritual Resources Sufficient in Themselves.

The superintendent of the Methodist Social Union of Toronto, Rev. T. W. Neal, was elected president of the Toronto Methodist conference, at their first session yesterday afternoon. The sacramental sermon was delivered by Rev. J. R. Patterson, who spoke at some length on the work of the church. "Methodism in Canada," he said, "is responsible for the encouragement of the spirit of liberty and the development of social sympathy. She is not responsible for the propaganda of extreme materialism delivered in labor churches, just as she is not responsible in the material side of religion for the extremes into which the so-called holiness movement of Canada has run."

Labor Churches. Superintendent Rev. Dr. Chown spoke on the question of the formation of labor churches.

"The prospect of organic church union, once radiant with hope and joy, owing to hope deferred is now clouded about with perplexities," said Dr. Chown. "I hesitate to raise this question of church union lest it should appear to give the slightest ground for the inference that the Methodist Church is a suppliant for union, and we are not pressing for it for any denominational reason. We have no need of spiritual resources, and financially we have all the strength that we require."

There was some slight controversy over the report that returned soldier who had applied for a job in the Book Room had been refused without proper consideration. After a good deal of discussion, Dr. Chown ended the debate by declaring the subject out of order.

PLANS FOR FACTORIES.

Permits for the erection of dwellings are in active demand. Plans have been filed at the city engineer's department of the new addition to the King Edward Hotel, showing 537 additional bedrooms. The addition is to be 17 storeys high and will cost about two and a half millions.

Applications have also been made for permits for the following buildings: Sunlight Soap Co., addition on Eastern avenue to cost \$350,000. Canadian Bank of Commerce, book vaults on Atlantic avenue, to cost \$100,000.

M. Rawlinson, storage building on Ruppel street, \$95,000. St. Andrew's Limited, wall paper factory, \$100,000.

Among the permits issued yesterday were the following: G. G. Whelan, residence, 83 Craighurst avenue, \$3000. J. C. Raynor, two dwellings, 88-9 Durie street, \$8000.

Yolla & Rotenberg, public garage, 750 College street, \$20,000. Elizabeth Pennock, pair of residences, east side of Nairn avenue, \$7900.

L. Reid, two dwellings, 178-180 Willow avenue, \$9000. A. L. Reid, two dwellings, west side of Willow avenue, \$9000. Vernon Coons, dwelling, 8 Bird avenue, near Dufferin, \$3000.

Misses J. and E. Rogers, addition to apartment house, \$6000. Warrington & Bag, two pairs of semi-detached residences, east side of Hillingdon avenue, \$10,000. F. Tripp, residence, 7 Woodlin avenue, \$2900.

D. N. Soper, dwelling, Avenue road, corner Lytton boulevard, \$7000.

BREAD EMPLOYEES STAGE REVUE.

Before a large and appreciative audience the employees of the Ideal Bread Company staged an unusually clever performance last night at the civic performance hall, Long Branch.

For some years the boys have been entertaining their city friends and their fame has spread to outside points. A musical comedy was given with a large cast and chorus, which tickled the fancy of the spectators. The lines were witty, the songs melodious and catchy and the costumes exceedingly pretty.

The Metropolitan Orchestra under the leadership of Frank Walsh, played between acts. The summer colony was well represented and many prominent citizens from the city were also present.

FAILED TO LEAVE TOWN

On Wednesday, Albert McGill was given 24 hours within which to leave the city, but delayed to do so, with the result that he was arraigned before Mr. Cohen in yesterday's police court and sent down for 60 days, unless he pays a fine of \$20.

CHARGED WITH STEALING

On a charge of stealing a gramophone from Davisville Military Hospital and selling it for \$27, Gordon Smith was, in yesterday's police court, committed for trial. Accused was a patient in the institution.

ACCOSTED YOUNG LADY

In yesterday's police court, a fine of \$20 was imposed on Stephen Bryochuk for accosting a young lady.

RUMOR SAYS CHURCH FOR NEW POSITION

Traffic Commissioners May Not Be Appointed Until Next Month.

WOULD AVOID AN ELECTION

An announcement was made by Mayor Church yesterday that a traffic commission would be appointed before council takes its summer holidays, which begin after the meeting of July 5.

According to the city's bill, recently passed by the legislature, three commissioners are to be appointed and is optional with the council whether they are paid a salary or not. The general assumption is that salaries will be paid. When asked about this point the other day, Controller Maguire replied, "Of course, the commissioners will be paid."

Mayor Church said yesterday there was some difficulty in getting suitable men for the appointments, but he had been looking around and would have two or three nominees to make when the matter comes up. "There is a rumor at the city hall that arrangements have already been made for the nomination of Mayor Church for the chairmanship of the traffic commission and that he will resign his position as mayor to accept it. Some support is given this aspect of the case by the mayor's announcement that the appointments will not be made until early in July. His worship resigned before the end of June an election would be necessary to fill the vacancy, but any vacancies occurring in the last half of the year can be filled by the city council. A delay of three weeks in appointing Mayor Church to the new position would have the city the expense of an election."

WILLS AND BEQUESTS

The Toronto General Trusts Corporation has been granted probate of the will of the late Miss Lavinia Price and the estate valued at \$20,330. Deceased left \$600 to charities, legacies to certain relatives and \$1000 and an oil painting of her father to her nephew, A. H. Selwyn Marks, who shares the residue of the estate with a niece, Mrs. Lillian O'Brien, who receives deceased's furniture and personal effects.

The deceased, Mrs. Mary Darcy, died intestate, leaving an estate valued at \$9,488. The heirs are the husband, a brother and four uncles. Under the will of the late Mrs. Ada A. Watts, her two children inherit equally the \$2,427 estate left by her. Other wills probated yesterday were: Arthur E. Rodgers, \$1564; Maria Amato, \$1526; and Helen Richards \$1029.

Under the will of the late Charles R. Harris, his widow is named sole beneficiary and executrix. Deceased left an estate valued at \$25,755.

DAMAGES FOLLOW COLLISION.

A jury before Judge Denton yesterday awarded H. H. Malcolmson \$428.88 for repairs and \$245 for loss of use of car, against L. A. Delaplante and Albert J. Lupianie, following a collision on August 30 last at the corner of Sherbourne and Gerrard streets, Yonge.

CROSSED INTERSECTION.

A fine of \$10 and costs was imposed on a driver for the Lakeview garage in yesterday's police court for neglecting to stop when directed to do so by the constable who regulates the "Go" and "Stop" traffic signal at Queen and

NO HARBOR LANDS FOR THE AERO CLUB

The harbor commissioners yesterday turned down the application of the Aero Club for the establishment of a municipal air-drome on harbor property. It was found that under the deed to the harbor board and the agreement with the federal government the land could be used only for industrial purposes and is valued at from \$40,000 to \$60,000 an acre. It was suggested that an arrangement might be made with the federal government whereby the Aero Club could use the air-drome at Leaside or Armour Heights as a municipal flying station.

MAYOR WILL FIGHT REBURN NOMINATION

Does Not Think Board of Control Appointment is in Public Interest.

The fight is already on to defeat in council the recommendation of the board of control that Mr. Harry Reburn be appointed finance commissioner at a salary of \$3,000. Mayor Church informed the press yesterday that he would move for a re-consideration of the appointment by the board of control because he did not believe the appointment of Mr. Reburn would be in the public interest. Under the law the mayor and treasurer are custodians of the public funds, and as mayor he would not accept the responsibility of acting with Mr. Reburn.

"When Mr. Bradshaw intimated three months before he actually retired that he would like to train a man for his position to be prepared in case he left the city's services, the board told him to go ahead and get a man," said Mayor Church yesterday. "But when he left the service he admitted that he had no one in his department capable of succeeding him except Mr. Black, and Mr. Black had declined the position. We need an outstanding man to fill the position, and an outstanding man will not act if Mr. Bradshaw is retained as consulting financial adviser."

His worship said the board of control had not considered Mr. George Ross, the man who had been suggested and recommended by Mr. Bradshaw.

UNITED TORONTO LODGES.

A meeting of the Sons of England United Toronto lodges annual church service committee was held last evening at headquarters, 58 East Richmond Street, in connection with the annual service held at Jarvis Street Baptist Church, commemorating the anniversary of the coronation of Queen Victoria. The total receipts amounted to \$234.65, expenses \$154, leaving a net balance of \$80.65 to be devoted to the society's hospital board. T. H. Warrington, W.S.B., chairman, presided.

CONTROLLERS ON TOUR.

Controllers Maguire, Cameron and Ramsden made an inspection yesterday of the north Danforth district, where the city has been asked to annex strips of township land and to supply water and sewer connection to other districts. It is understood these matters will be considered by the board of control next week.

Radical Clearance Sale

Imported Suitings and Furnishings

Offering you a most exceptional opportunity to select from great stocks of the newest and finest of imported stocks at

Tremendous Price Reductions

There's been a magnificent response to our Radical Clearance Sale to date, and the specials will continue, but we're adding haberdashery to the list—and here we print a few examples that will be ample proof of what the sale means in money saving.

Scotch Tweeds. Fine imported stock in exclusive patterns. Regular \$65.00, for \$44.50.

Irish Blue Serge. Fine twills—indigo dye—and guaranteed. Regular \$75.00, for \$52.50.

Pim's Ties. Pim's Irish Poplin Neckwear. We are selling agents. Regular \$3.00, for \$1.95. No Luxury Tax.

Polka Dot Shirts. English Zephyrs, blue, purple and tan grounds—with dots. Soft fronts and cuffs. Sizes 14 to 18. Regular \$3.50 and \$4.00, for \$2.85. No Luxury Tax.

Outing Shirts. For over the week-end. Nice quality English shirtings. Blue and helle stripes on white ground. All sizes. Regular \$2.50, for \$1.85. No Luxury Tax.

Creators of the "Balacelava" Overcoats for Rain or Shine, \$48.50 up.

R. SCORE & SON, LIMITED Tailors and Haberdashers 77 KING ST. W.

FIRST AND PARAMOUNT, ABSOLUTE SECURITY TO POLICYHOLDERS

"INSURANCE money is just something for relatives to quarrel over," you say.

Perhaps it is. But all their quarrelling will do them no good. They can't defeat your wishes. You direct that the money be paid to whom you choose, and that settles it.

The proceeds of an Imperial Policy can be paid in one sum at your death, or in monthly, quarterly, half-yearly or yearly payments.

And if you outlive your family's need for protection, the cash value of your policy can be used to provide comforts for your own old age.

Further particulars are given in our booklet, "The Creation of an Estate." Write for a free copy—to-day—while you are insurable.

DOMINION PERMANENT CLAIM FOR SUBSIDY

Over Two Hundred Thousand Dollars Asked From Various Interests Over B. C. Railway.

The Dominion Permanent Loan Co. has entered action at Osgoode Hall against the Columbia and Western Railway Co. and the Canadian Pacific Railway Co. to recover \$200,228 with interest under an agreement dated May 26, 1910. Under this agreement, it is stipulated that the Dominion Permanent Loan Co. is to advance 40 per cent of the stock of the Kettle River Valley Railway Company (now the K. V. R.), and the defendants, it is stated, each agreed to pay the Dominion Permanent a sum equivalent to 40 per cent of the amount to be received from the Dominion government as a subsidy amounting to \$400,000 on a line of railway to be constructed from Midway to Merritt, in British Columbia, 250 miles. All the money due under the agreement have been paid, with the exception of \$100,000, equivalent to the subsidy on the line from Brookmere to Penticon, 39.3 miles. It is also alleged that the defendants agreed to pay the Dominion Permanent 40 per cent of the subsidy granted by the province of British Columbia on 150 miles of \$5000 per mile, amounting to \$750,000. It is admitted that the defendants have paid a sum equivalent to this subsidy on 100 miles more or less.

In the alternative the Dominion Permanent claims a like amount for damages for breach of contract upon the ground that the defendants in breach of the rights of the Dominion Permanent, arranged that the subsidy for certain lines should be exchanged to other lines in order to avoid construction of the said railways and to avoid payment to the plaintiff.

HEAVY DAMAGES AWARDED

A jury in the assizes yesterday awarded \$50 to Harry Lanfer, \$1240 to Benjamin Lanfer, and \$2750 to Gusie Lanfer—damages for personal injuries alleged by Hyman Freedman and Rose Freedman.

A WONDERFUL VACATION TRIP VIA GREAT LAKES STEAMERS

Steamship Express trains between Toronto and Port McNicoll, carrying first-class coaches and parlor cars, are operated via Canadian Pacific Railway as follows: Northbound—Leave Toronto, 1.00 p.m. each Wednesday and Saturday; arrive Port McNicoll, 4.15 p.m., making direct connection with the Canadian Pacific great lakes steamships for Sault Ste. Marie, Port Arthur and Fort William. Southbound—Mondays and Fridays, leave Port McNicoll, 8.30 a.m.; arrive Toronto, 11.55 a.m. Further particulars from Canadian Pacific ticket agents, or write W. B. Howard, district passenger agent, Toronto.

RIVERDALE NEEDS LIGHT.

A badly needed street light has been installed by the property department thru the application of the Riverdale Ratepayers' Association on the lane leading from Galt to Jones avenues, near the G.T.E. tracks.

SUIT FOR LOSS OF DOG

In the division court yesterday, Judge Morson dismissed the action brought by Miss M. Hay to recover \$50 from Mr. Herman, by whom a dog was run over and killed. The defendant pleaded that the dog was running loose.

FINED FOR THEFT.

In the sessions yesterday Judge Cookworthy imposed a fine of \$25 or one month in jail, or Vasec Volpa for the theft of a ring. Accused was ordered to pay back \$100, the value of the ring.

FINED FOR SPEEDING.

In yesterday's afternoon police court Gerald Nicholson was fined \$10 and 30 days for speeding on Brunswick avenue, where there were a number of children playing.

ENCUMBERED YONGE STREET.

For encumbering Yonge street for too long a period with the automobile William Graham was in yesterday's police court fined \$5 and costs.

MOLESTED WOMAN IN PARK

For addressing a lady, with whom he was not acquainted, in High Park, U. C. Wilson was fined \$5 and costs in yesterday's police court.

Do not suffer another day with itching, burning, or stinging Piles. No surgical operation required. Dr. Chase's Ointment will relieve you in one day and afford lasting benefit. See a box of Dr. Chase's Ointment at any drug store or dealer, or Edmondson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper, and enclose 2c. stamp to pay postage.

BELGIUM RAPIDLY RECOVERING FROM EFFECTS OF STRIFE

Says Baron de Turek, Brussels Manufacturer—No Poverty in Country.

LABOR TROUBLES NIL

Rapidly recovering from the hard blow struck at her by the war, Belgium, with its national spirit, is now forging ahead and re-establishing itself by leaps and bounds. At least, this was the assurance given to the World last night by Baron de Turek, a wealthy manufacturer of Brussels, Belgium, who, with his wife, Baroness de Turek, is visiting Toronto for a short time and staying at the King Edward Hotel.

According to the baron, Belgium is not in the state of devastation and poverty which might have been expected after the horrors of the war. Belgium, he claims, is now on the road to recovery, and business and commerce generally is thriving. Also there is no abject poverty, he claims, and the middle and poorer classes are enjoying a state of affluence which has never been their lot in pre-war days.

Workers Have Money. "But what about labor troubles, I mean are you having much trouble now with the class which in former days, I understand, were paid very low wages? Are the workers demanding higher pay, better working hours, etc.?" queried the reporter, who was under the impression that striking was getting to be a universal indoor sport.

No Labor Troubles. "No, and we are one of the few countries in the world where such a condition does not exist. The reason, as I said before, is that the workers are getting more money than they ever had before. The Germans pillaged and stole, but the money they levied from our government was paid to our working classes for food supplies, and they certainly know how to charge. Industries have received a decided setback, and the adverse rate of exchange is hitting the manufacturers heavily, but the working classes are getting more money than they ever had before."

Well, what about restoration? How long will it be before Belgium gets on her feet again? "Only a matter of two or three years at the most," was the reply. "Altogether, Belgium has been away from home for more than six months, but when we were rapidly approaching normalcy again. Destroyed buildings and edifices were being restored, business and trade were being revived, and the spirit of cheerfulness and thanksgiving pervaded the country. My business, which is umbrella manufacturing, and which was almost killed during the war, began to boom again, to such an extent that I had to make a trip to Japan to arrange for bigger supplies of silk and material. Belgium, although it suffered, and suffered deeply, has not been dealt a death blow by any means, but only given a temporary setback."

Great Change in Canada. Baron de Turek, who does not speak English very well, but haltingly and heavily accented, has not been in Canada for 25 years. At that time he made a trip thru the west, which was then unsettled prairie, and the changes during the last two decades, he said, were almost unbelievable. "Why 25 years ago Winnipeg was just a one-street prairie town, it was rough and woolly, and seemed inhabited by farmers and cowboys. The same with Vancouver and other western cities. When I came thru several years ago, it was like a new country. I did not recognize it. They are now prosperous, modern cities, with progress indelibly stamped upon them. Canada is undoubtedly the coming country of the world."

The baron and his wife, who have come from Japan, are thru Canada, and are now on their way back to Belgium.

TREATY COMPROMISE RESTORES HARMONY

(Continued From Page 1).

Members of the national committee. There was a row when the name of Henry Lincoln Johnson, an Atlanta negro who figured in the recent senate investigation as having handled Lowden funds in Georgia, came up. Finally the Georgia delegates voted, and Johnson was elected over Roscoe Pickett, a white man. As outstanding names were called, demonstrations by states occurred. The convention decided to limit speeches by a vote of 2 to 1, second speeches of five minutes each. The chairman announced that the platform committee was on its way to the Coliseum to report. The crowd demanded entertainment in the meantime, and the speaker of the house, former representative, responded to the uproarious demand. Then there were shouts for Lieut.-Colonel Theodore Roosevelt, but the band did.

After the music there were more demands for speeches. Song leaders tried to turn the convention into a song fest, and the crowd, after protesting strenuously, finally joined the song leaders. It was then that the Democratic administration had been complete unpreparedness for war and complete unpreparedness for peace. Of the former the platform said: "Inexcusable failure to make timely preparations is the chief indictment against the Democratic administration in the conduct of the war. Had not our associates protected us, both on land and sea, during the twelve months of our preparation, and furnished us with the very day of the armistice with munitions, planes and artillery, this failure would have been punished with necessary losses to our gallant troops, in the impetuous of victory itself, and in an enormous waste of public funds, literally poured into the breach by gross neglect. Today it is reflected in the huge tax burden and the high cost of living."

Unpreparedness for peace, the platform said, was reflected in the fact that the government was continued on a war-time basis, and war-time legislation continued "its arbitrary and unjust control over the life of the people in time of peace."

An Agricultural Plank. The plank on agriculture proposed practical and adequate farm representation in the appointment of governmental officials and commissions; the right to form co-operative associations for marketing farm products and protection against discrimination; scientific study of agricultural prices and farm production costs; and of price-fixing; improvement of transportation; and amendment of the farm loan act.

The platform contained a national economy in government and a national budget. Thorough reorganization of federal departments is demanded. Conservation of forests was also emphasized, as well as a broad policy of reclamation. The soldier relief plank was non-committal, while pledging the Republicans to "discharge to the full" their obligations toward men. Reduction of the taxation burden was promised.

The platform attributed the high cost of living largely to the depreciation of the purchasing power of the dollar, due to expansion of currency and credit. "Much of the injury wrought is irreparable," said the platform. "There is no short way out, and we decline to deceive the people with quack remedies. But we pledge ourselves to earnest and consistent attack on the high cost of living by vigorously avoiding inflation in our government borrowing by an avaricious and intelligent deflation of over-expanded credit and currency."

The platform expressed opposition to government ownership and operation of railroads, and was for private control. There was a plank declaring that the Republic should encourage and develop water transportation services and facilities in connection with the commerce of the United States. Faith in a protective tariff was reaffirmed.

Another plank called for a merchant marine of the test type of modern ships flying the American flag, manned by American seamen, owned by private capital and operated by private energy. There was no prohibition plank, but one calling for enforcement of the laws generally.

No Reference to Ireland. The platform omitted all reference to Ireland. Planks proposed by Irish sympathizers were lost before the resolutions sub-committee and not pressed in the full committee convention.

The woman-suffrage plank "earnestly hopes" Republican states which have not yet ratified the suffrage amendment will do so. It was a substitute for a clause calling upon the governors of states not yet having ratified the suffrage amendment in extra session to ratify the amendment.

The Irish clause twice went down to defeat before the sub-committee. A plank proposed by P. Walsh, said to be sponsored by Eamon de Valera, calling for recognition of the Irish republic, was rejected by the sub-committee, members stated, without dissent. Louis E. Coolidge of Massachusetts, then offered another plank of more moderate tone, but it was lost on a tie vote, according to reports from the committee. The Coolidge plank follows: "Oppressed people."

"The Republican desires to place on record its sympathy with all oppressed peoples and its recognition of the principle that the people of Ireland have the right to determine freely, without dictation from outside, their own governmental institutions in connection with international relations with other states and peoples."

When reading of the platform was ended, Edwin J. Gross, one of the Wisconsin delegates, offered a minority report on the peace plank. Senator Lodge had some difficulty obtaining a hearing for Gross, but finally he succeeded in presenting his case. The minority report was voted down with a chorus of noes, and the platform adopted. The convention then adjourned.

A section of the long line of motor cars on University avenue, which stretched for nearly a mile, at the 14th annual outing of orphaned children, given by the Ontario Motor League yesterday. Each car was packed to the doors with the excited kiddies, each carrying a small Union Jack, which they waved lustily in the breeze. The cars took the kiddies to the park, and then called for them later, to take them right to the doors of their respective orphanages.

MAIL DRIVER CHARGED WITH LETTER THEFT

On the serious charge of robbing the mails, Percy Blackwell, 558 East Dundas street, was arrested last night by Detectives Donaldson and Black. Blackwell drove one of the mail collecting wagons and is alleged to have stolen letters. Fred Bontoff, 37 Sackville street, was also arrested by Donaldson and Black, charged with theft of a bag of sugar from the C.P.R. Bontoff, it is alleged, stole the sugar from a freight car, but when he saw one of the railway officials coming after him he dropped the bag and ran. Emma Muir, Brock crescent, was arrested last night by Detective Watson. McConnell charged with stealing \$1,000 worth of linen from various places. Herbert Irwin is named as complainant of the warrant for the arrest.

Doctors Said She Could Not Live a Year

Bracebridge, April 25nd, 1919. Prof. R. L. Mulveney: Dear Sir—I am very pleased to tell you that your Tape Worm Cure was a God's blessing to me, I only wish that I had got it years ago, I have suffered for over nine years with what I thought was inflammation of the bowels. The time it gave me the most trouble would be about three o'clock in the morning, as regular as clockwork, of course. In when it first started. He told me people that I had a tubercular spot, and would only live a year at the most. My people did not tell me, of course, at the time, but they told me a year ago. Well, I must tell you how long I took your Tape Worm Cure to cure my tubercular spot. I took your capsules at half-past nine Saturday morning, and the worm came at half-past twelve, within an hour. I have never felt like you like you can publish this letter, and my name and address to it. I am not ashamed to have it published, for I feel sure there are a lot of people suffering with it, but wouldn't give it in. You would only live a year at the most. I will tell you I can persuade people to use your remedy. My brother couldn't believe I had one until I showed it to him. I am healthy-looking, but am a bit nervous.

OFFICE OPEN 8 A.M. TO 9 P.M. DAILY

MOTHER'S FRIEND FOR SICK CHILDREN

EXPELS STOMACH AND PIN WORMS BUT IS NOT FOR TAPE WORMS.

This valuable medicine is known as Pinworms. It is not only valuable as a Worm Medicine, but it is an excellent Tonic, Physic and Appetizer, strengthens the Stomach, Liver and Kidneys, and helps to cure the worst cases of Wetting the Bed. Many children that were wasted away by a shadow have been built up and made healthy and well from its use, and their mothers made happy. Good for Coughs and Colds, also checks Fever. It is a real Mother's Friend, and gains its name from restoring sick children to health and quietness.

This wonderful medicine is working wonders in all cases of sickness among children. I have one case in mind just now of a little eleven year old boy who had been treated for over four years without any marked improvement. In fact she got worse all the time. Her case seemed to puzzle the physicians in attendance, and they finally agreed that an operation on the stomach would be necessary to find out what was the matter. Faith in a protective tariff was reaffirmed.

Another case comes to my memory of a baby about two years old. The mother brought her to me in her arms. She was wasted away to a living skeleton, and it was a pitiable looking sight. I gave her a bottle of Mother's Friend to take away the enlarged condition of the stomach, built her up, so she was able to do her school work. In fact, she was a surprise to everyone in the neighborhood, and her mother and father had almost given her up.

Wilson Lodge Visits Mississauga, A. F. & M.

W. Bro. Mill, with the officers of Wilson Lodge, Toronto, paid a fraternal visit to the Mississauga Lodge, A. F. & M., at Port Credit last night. The Masonic Hall was filled to the utmost capacity, and many members from adjacent lodges attended to welcome the visiting brethren. The Wilson Lodge exemplified the entered apprentice degree, intoned with full musical ritual by Wilson choir. The visitors were banqueted and entertained to a high-class musical program by the Mississauga members, which lodge, the young in years, is making fast progress with a steady increasing membership. The Mississauga Lodge will pay a return visit to Wilson Lodge on Tuesday night.

Spanking and Jail

In the sessions yesterday, Judge Coatsworth passed a sentence of six months on Jake Caplofsky and three months on Victor Starashefsky for theft and receiving a roll of clothes from James Allison. His Honor also ordered that the two offenders be spanked.

Mulveney: Dear Sir—I am very pleased to tell you that your Tape Worm Cure was a God's blessing to me, I only wish that I had got it years ago, I have suffered for over nine years with what I thought was inflammation of the bowels. The time it gave me the most trouble would be about three o'clock in the morning, as regular as clockwork, of course. In when it first started. He told me people that I had a tubercular spot, and would only live a year at the most. My people did not tell me, of course, at the time, but they told me a year ago. Well, I must tell you how long I took your Tape Worm Cure to cure my tubercular spot. I took your capsules at half-past nine Saturday morning, and the worm came at half-past twelve, within an hour. I have never felt like you like you can publish this letter, and my name and address to it. I am not ashamed to have it published, for I feel sure there are a lot of people suffering with it, but wouldn't give it in. You would only live a year at the most. I will tell you I can persuade people to use your remedy. My brother couldn't believe I had one until I showed it to him. I am healthy-looking, but am a bit nervous.

Another case comes to my memory of a baby about two years old. The mother brought her to me in her arms. She was wasted away to a living skeleton, and it was a pitiable looking sight. I gave her a bottle of Mother's Friend to take away the enlarged condition of the stomach, built her up, so she was able to do her school work. In fact, she was a surprise to everyone in the neighborhood, and her mother and father had almost given her up.

EVERYONE HUNGRY, NOBODY STARVING

British Labor Delegate to Russia Says There is Now No Red Terror.

London, June 10.—Fifty per cent of the people of soviet Russia are hungry, although everybody is getting a certain allowance of food, declared Benjamin Turner, member of the British labor delegation to Russia, in the course of a graphic description today of conditions in that country, as he had observed them. Mr. Turner, with another delegate, Thomas Shaw, M.P., returned to England yesterday.

"There is no terror in Russia, except hunger, and that is a very real terror in the cities," said Mr. Turner. "There has been a red terror according to the British labor man, and official figures showed that 8500 persons had been shot, mostly, he was informed, for acts of treachery behind the lines during the Denikin and Kolchak campaigns. This terror had ceased, but the Bolshevik leaders told Mr. Turner that force would be used as long as there was the possibility of a counter-revolution and while the war with Poland lasted. They said they were surrounded by spies and supporters of the old regime."

Messrs. Turner and Shaw brought an interim report of the labor delegation, urging the British government to abolish the blockade, resume trade and make peace with Russia and cease assisting Poland or any other enemies of Russia.

SPANKING AND JAIL. In the sessions yesterday, Judge Coatsworth passed a sentence of six months on Jake Caplofsky and three months on Victor Starashefsky for theft and receiving a roll of clothes from James Allison. His Honor also ordered that the two offenders be spanked.

Doctors Said She Could Not Live a Year

Bracebridge, April 25nd, 1919. Prof. R. L. Mulveney: Dear Sir—I am very pleased to tell you that your Tape Worm Cure was a God's blessing to me, I only wish that I had got it years ago, I have suffered for over nine years with what I thought was inflammation of the bowels. The time it gave me the most trouble would be about three o'clock in the morning, as regular as clockwork, of course. In when it first started. He told me people that I had a tubercular spot, and would only live a year at the most. My people did not tell me, of course, at the time, but they told me a year ago. Well, I must tell you how long I took your Tape Worm Cure to cure my tubercular spot. I took your capsules at half-past nine Saturday morning, and the worm came at half-past twelve, within an hour. I have never felt like you like you can publish this letter, and my name and address to it. I am not ashamed to have it published, for I feel sure there are a lot of people suffering with it, but wouldn't give it in. You would only live a year at the most. I will tell you I can persuade people to use your remedy. My brother couldn't believe I had one until I showed it to him. I am healthy-looking, but am a bit nervous.

B'WELL? It Makes People Feel Well

B'Well is a medicine that assists, nature, made from roots, barks, herbs, leaves, etc. The concentrated extracts of stomach, liver and kidneys into healthy organs, helps digestion and keeps the bowels regular, expels all gases from the system, and takes away that feeling around the heart, and fearful feeling from the head, depressed spirits and melancholy simply vanishes. B'Well is a blessing to those that feel life is a burden, to those who are sick, nervous and unhappy from disease. B'Well carries the poison out of the system through the natural channels of excretion, and as the poison is carried out of the system, nature restores herself, and a cheerful spirit follows, as there is nothing like good health to make a person cheerful and happy. People treated for Epileptic fits have been restored by its use. Don't ask me if it cures this, that and the other diseases. It is different from most medicines advertised as cure-alls, and I am not advertising this remedy as such, but simply advertising it as a medicine that has and will regulate the system, carry the poison out of the blood, and common-sense must surely tell you the result. Men and women who have been nervous wrecks, with hollow cheeks and sunken brow, have become plump, healthy and cheerful from its use, and I can only say what I know of others it will surely do for you. I have covered with pimples, whose faces are almost unrecognizable, and who were unable to look at, are now free from them from its use. Men, women and children who have eating ulcers and running sores have been healed, and what it has done for them it is likely to do for you. Prof. Mulveney's World Famous Tape Worm Remedy is saving thousands of valuable lives, and B'Well is doing just as much for those requiring this kind of medicine.

B'Well is put up in powder form for convenience to send to foreign places by mail, which does away with all break-up of the package of powder masks twice as much medicine for the same amount of money. Full directions for making. Price, 11.25; six packages, \$6.00.

Write for further information, free, and send self-addressed, stamped envelope, with your address written plainly, for reply. These remedies are sold only by Prof. R. L. Mulveney, 211 Ossington Avenue, Toronto, Ont.

Yours truly,
Prof. Mulveney.

Hamilton, June 23, 1919. This is to certify that my son was in poor health for some time. We did not know what was wrong so I took him to several doctors, without any success. I went to the drugist and got medicine for him several times without any benefit to him whatever. I was beginning to think there was no cure for him. I went into a grocery store one day, and I noticed part of a Toronto paper on the counter. I picked it up and looked at it. The first thing I saw was Prof. Mulveney's wonderful Tape Worm Cure. I told my son about it, and he is how I found out about the Tape Worm Cure; so we decided to try the remedy. I sent for the medicine, and according to directions, one hour and thirty minutes after taking the tape worm, he was expelled from his system. Words would fail to express our gratitude. It is my earnest prayer that Prof. Mulveney's medicine will be a blessing for the sake of suffering humanity.

Will Your Picture Be There?

THE Illustrated Section of The Toronto Sunday World this week will have a number of fine local photographs, as well as many others of interesting foreign people and events.

Yours may be among them—or that of one or two of your friends. There is one particularly fine picture of the graduating class of one of Toronto's high schools. This is one of a series The Sunday World is running.

Many other fine features will make next Sunday's World a noteworthy issue.

FRIDAY MORNING, JUNE 11.

Will Johnson Bolt?

The Republicans seem to have a wolf by the ears in the person of Senator Hiram Johnson. They have no intention of nominating him for president and he is not likely to dominate the convention. Indeed, he has little standing as a party man, having bolted the nomination of President Taft in 1912, and having practically defeated Mr. Hughes in 1916. Yet he probably represents a radical element in the party which is constantly insurging against the tendency to stand-patism which is the bane of the Republican party.

The Republicans, overwhelmingly strong in the rich manufacturing states north of the Potomac and the Ohio, and east of the Mississippi, have been fortunate in generally securing support from the middle and far west. The feeling against the south which often flamed fiercely many years after the civil war was over, kept the western Republicans in line with the east long after they had differed widely on economic questions. But a Progressive wing of the Republican party grew up which bid fair to become a separate political party under the leadership of Theodore Roosevelt. Has Johnson qualified to fit him for the leadership of a big nation-wide revolt against the Republican party such as Roosevelt led in 1912?

This is a question which must give concern to the Republican leaders in Chicago. Undoubtedly there is a large body of public opinion in the United States which is thoroughly dissatisfied with both political parties. The present Republican congress has been a disappointment, and the closing days of President Wilson's administration are on the borderland of tragedy. A third party, absolutely opposed to any entangling alliances with European powers, appealing to the labor vote, and declaring war on Wall street and the big interests, might strike deeper root than the politicians imagine.

Yet Johnson, with many points to his credit as governor of California, is supported by some queer fish. William R. Hearst, for example, is a champion of Johnson's, and William J. Bryan agrees with him on the league of nations. Johnson is suspected of playing for the Irish vote, the German vote and support of the pacifists. Should President Wilson and his ideas score a victory at the San Francisco convention, it would not be surprising to find Bryan and the Hearst newspapers ready to support a third party, headed by Senator Johnson. Johnson's attitude at the convention has been belligerent. He has been going around with a chip on his shoulder; he claims, with some show of reason, that the concentrated wealth of the great corporations are working against him, and it is a curious fact that J. P. Morgan & Co. of the U. S. Steel Corporation, and other big interests have their men on the ground openly fighting Johnson's nomination. These gentlemen are housed at The Blackstone and the corporations they represent are picturesquely described as having money enough to pay the entire debt of the German empire. They are opposed to a man being nominated for president who preaches the doctrine that the prosperity of a nation depends not so much upon the amount of its wealth as the way in which that wealth is distributed among the people. These gentlemen are not enamored with the idea of distributing, and they frankly regard Johnson as a dangerous radical. Their activity, however, may give Johnson's friends the slogan: "We love him for the enemies he has made."

In the present unrest, old party lines are liable to give way, and no one can say what Johnson might accomplish if he started out to wreck the Republican party.

Judges Disagree Over One Feature of Bone Dry Amendment.

The supreme court of the United States was unanimous in upholding the bone dry amendment as an integral part of the constitution, the judges differed sharply among themselves as to its construction. The second section of the amendment was the bone of contention. It provides that:

"The congress and the several states shall have concurrent power to enforce this article by appropriate legislation."

Four of the nine judges, headed by Mr. Justice McKenna, took the position that "concurrent power" could only mean joint power and equal power. The question was a live one because several state legislatures had defined intoxicating liquor in a different way from congress. The act of congress declared any beverage containing as much as one-half of one per cent. of alcohol to be intoxicating, while the New York legislature had declared non-intoxicating a lager beer containing nearly per cent.

Mr. Chief Justice White admitted that the language chosen was unfortunate, and standing alone bore the construction placed upon it by several of the dissenting judges. He argued, however, that the manifest purpose of the amendment was to establish universal prohibition in the United States, and that this purpose could only be accomplished by regarding any act of congress enforcing the amendment as the supreme law of the land which automatically nullified all contradictory state legislation.

This reasoning was perhaps more heroic than convincing, but it served the purpose of definitely deciding the question. On its face concurrent power to legislate would indicate equality of power. Every prior amendment to the constitution gave exclusively to congress the power to enforce its provisions by legislation. Hence it might be argued that some different meaning should be attached to the novel phraseology of the eighteenth amendment.

Cross-Roads for Liberalism.
It is no doubt purely coincidental that while in the house of commons their foes have sought to identify the Liberals and National Progressives as a combining army for the next Dominion election, the organ of the western organized farmers, who are the foundation of the third party in the house, has an editorial on "Liberalism at the Cross Roads," which seems to open the door to a fusion of Liberalism and what some people are calling agrarianism.

The Grain Growers' Guide talks like a champion of Liberalism, tho it mourns over the delinquencies of the organized Liberal party, which, it says, has not faced the task of liberating men and women from the thrall of plutocracy, and the perils and hardships in the way of poverty it brings.

The Liberal party has been living under the influence of rich men, to whom Liberalism means not liberty from economic servitude, but merely liberty from rule by the Tory party. If Liberalism is at the cross roads today it is simply because it cannot decide to make the first of these its supreme object.

The inference seems to be that the National Progressive party is the real Liberal party, and that at the cross roads is a fitting place for one to turn into the other. There are two obstacles in the way. One is the organized Liberal party—a poor thing, but still in the ring. The other is the attitude of the National Progressives and their supporters to the unorganized liberal and progressive opinion in the country.

SEVENTEEN-DOLLAR COAL NEXT WINTER
(Continued From Page 1).
cits and avert. While this required more attention it was workable, at least had the advantage of being cheaper and more accessible. He further pointed out that Bernice coal burned better in some ways than the ordinary anthracite.

Steps Being Taken.
"What steps are being taken to deal with the situation?" asked The World. "Well," replied Mr. Harrington, "you will recall that in March all orders-in-council were rescinded, and among others that appointing deputy directors of mining operations. This cancellation relieved many mining directors in Canada of their positions, and the country lost considerably through this fact. Senator Robertson has a bill up before the house to reinstate these men. This bill has already passed the senate, and if it passes the house we should have our mining directors once again with the result that mining development will be forced ahead. Much good development work has already been accomplished in Alberta, and very soon we hope to hear equally good reports from other provinces."

City Needs Me.
Officials of the house of industry stated that no trouble was anticipated in connection with the needs of the city authorities in the matter of coal next winter. They were unable to say what the position would be of that household who was very poor, but at the same time not an applicant for charity. Upon the evils of the situation would undoubtedly fall very heavily.

Replying to queries as to the responsibility of labor for the present high cost of living, Lou Bowring, business manager for the Ironworkers' Union, stated that it would be only necessary to read the report of the commission dealing with the coal industry to take in the situation at a glance. The facts, according to the report, were that while the coal operators offered the miners ten cents a ton increase, they sold coal at a dollar and a quarter more to the public.

Walter Brown, business manager for the Boot and Shoe Workers' Union, a clear-headed business man with nearly thirty years' practical experience in the trade, stated that so far as the shoemaking industry itself was concerned the shoeworkers had had their pay increased from 70 and 85 cents a pair of boots in 1914 to a dollar and twenty cents a pair in 1920. During the same period the cost of shoes had increased from five to fifteen dollars. Similar figures were given by experts in other industries.

WORLD'S DAILY BRAIN TEST
BY SAM LOYD.
3 Minutes to Answer This.
No. 217.

A small European nation that is resented triumph from the war is presented by this rebus picture. Can you guess it?
Answer to No. 216.
The railroad magnate will lose. If you play 5, he wins, carrying total to \$7 by 5. Likewise he will play 2, if you cover 5. You can win, however, by playing 1 and carrying total to \$1. To prolong the game, he plays 2, total \$3. You must cover 1, making it \$4. He then totals to \$6 with a 2, another 1 for you counts 7, then he must cover 0 or 2 and you score 100.

NEW LEGAL MACHINERY GUARDS SMALL ESTATE

Explanation of Process Whereby Estate of Absentee is Administered by Committee—Law Similar to That Governing Lunatics Under Lunacy Act—Distribution Provided for if Absentee is Not Found.

That there is doubt in the minds of some people as to what happens to the estate of an "absentee" is evident from questions asked about that of Ambrose Small, where a committee has been appointed to administer his estate. Mr. Small disappeared some six months ago. The question usually is coupled with the query: "When is the estate to be distributed?"

The answer seems so obvious. It is not known whether the absentee is alive or dead, and until it is known that he is dead, there can be no distribution of his estate under his will. The committee appointed by the court has only the power of management and the direction of the estate. During his absence, the court can, and should, make an order for the maintenance of the absentee's dependents.

What Act Says.
As the act of the legislature, under which an absentee's estate and affairs can be protected, only came into effect last month, a resume of its provisions is of interest.

Prior to passing of the absentee act, there was no legal machinery in Ontario by which steps could be taken to safeguard the estate of an absentee. Where the whereabouts are unknown, an order for the administration of the property of the absentee may be made and a "committee" appointed therefor. One or more persons or a trust company, both, may be appointed such committee. All these steps were taken in the Small case, the evidence produced to the court being affidavits by Mrs. Small and others, as printed in The World.

Powers of Committee.
Under section 9 of the act, the powers and duties of the court and committee shall be the same with necessary changes, as the powers and duties of a court and of a committee of the estate of a lunatic, as provided by the lunacy act.

It will be convenient, therefore, to consider some of the sections of the lunacy act which have a bearing on the administration of the estate of an absentee. Where the whereabouts of the absentee will be substituted. Sec. 11, of the lunacy act provides: "When a committee of the estate of a lunatic has been appointed (a) the committee shall within six months after being appointed file in the office of the master to whom the matter is referred, or of such officer as may be appointed for that purpose, a true inventory of the whole and personal estate of the lunatic, stating the assets and liabilities thereof, and setting forth the debts, credits and effects of the lunatic, so far as the same have come to the knowledge of the committee. (b) If any property belonging to the estate is discovered after the filing of an inventory, the committee shall file an account of the same, from time to time, into court, and the committee shall give security with two or more sureties in double the amount of the personal estate and of the annual rents and profits of the real estate, for duly accounting for the same, once in every year, or oftener if required by the court, and for the payment into court of the balances in his hands upon such accounting forth after the same shall have been ascertained or otherwise as the court may direct. (c) The committee shall be taken by bond in the name of the accountant of the supreme court and shall be filed in his office."

Maintenance of Family.
Sec. 12, "The powers conferred by this act as to the management and administration of a lunatic's estate shall be exercisable in the discretion of the court for the maintenance or benefit of the lunatic, wholly or where it appears to be expedient in the due course of management of the property of the lunatic."

Sec. 13, "The committee of the whole estate of the absentee shall have the control of the court. In the Small case the court has placed the administration of the estate of Mrs. Small in the hands of Mr. J. A. Cameron, master in chambers at Osgoode Hall, to whom the committee is responsible. Mr. Cameron will, in the discharge of his duties, see that the estate of the absentee is duly gathered in, and the proceeds invested in "trustee" securities. He requires to approve of the investments, and upon application will make an order for the maintenance of Mrs. Small, taking into account the whole aspects of the situation. Assuming that the estate of Mrs. Small is of the value of at least two million dollars, and that the gross income would be \$120,000. Out of this sum provision suitable for Mrs. Small will be made. It is not at all likely that anything near the total income would be paid to her. The amount allowed is in the discretion of the master-in-ordinary, subject to appeal by Mrs. Small or any others, if any, interested."

To Trace Absentee.
An important section appears in the absentee act which provides: Sec. 10, "The committee shall have authority to expend moneys out of the estate of an absentee for the purpose of endeavoring to trace the said absentee, and in endeavoring to ascertain whether he is alive or dead. The committee has already taken advantage of this section, and, as has been reported in these columns, a campaign has been begun to discover the whereabouts of Mr. Small. The committee has already taken a caveat against the granting of probate of the will of the absentee under which he names Mrs. Small sole beneficiary and executor. As the will of the absentee cannot be probated until it is discovered that he is dead, and proof of that fact is produced, the committee will carry under the order and control of the court. Should no trace of the missing man be discovered before the expiry of seven years from the date of his disappearance, steps can be taken to have it declared that he is presumed to be dead, when probate of the will can be applied for in the usual way, and if there be any objections, they also will be dealt with by the court."

SEVERAL UNIONS RESENT EARL HAIG'S ATTACK

London, June 10.—Earl Haig's attack upon trades unions for their alleged penalization of ex-service men is strongly resented by some unions, who declare that large numbers of unions have kept members on their books during the war, paying contributions, and making it their special duty to get these men into work on demobilization. It is also asserted that employers are not blameless in the matter of ex-soldiers being workless for the King's roll of employers who promised to employ a definite proportion of ex-soldiers numbers only 15,000, whereas the total employers in the country totals sixteen million.

FAVOR ODDFELLOWS' HOME FOR THREE PROVINCES

Nelson, B.C., June 10.—Meeting here for forty-sixth annual session today, the British Columbia Grand Lodge of Oddfellows received favorably an appeal from the Saskatchewan and Alberta grand lodges for an Oddfellows' home jointly for the three provinces, and authorized the continuance of negotiations on the subject, with a view to concrete action next year. The home fund of the grand lodge now stands at \$26,655.

EARTH SHOCKS IN TUSCANY

London, June 10.—Considerable damage has been done in Tuscany by earth shocks, according to a Central News despatch from Rome, dated Wednesday.

SIR EZEKIEL McLEOD ILL.

St. John, N.B., June 10.—Sir Ezekiel McLeod, formerly chief justice of New Brunswick supreme court, is seriously ill at his home in Hampton. His illness is bordering on pneumonia.

THE GIRL WHO SMILED THRU

By MARION RUBINCAM

HAPPY PLANS.
CHAPTER 107.
So Alice and David sat together on the couch under the living-room window, while the breath of the roses was blown in to them. But neither was actually conscious of the great fragrance of the afternoon, for David was looking at Alice, his eyes taking in every detail of her face with increasing delight, and Alice forgot everything except that her hand was tightly held in his.

"When did you get Lawrence's letter?" Alice asked.

"Five minutes before I sent my telegram to you—no, let's see, 15 minutes. Bob—that's the chap I was camping with—and I tramped over to a small mining town where we had directed mail to be sent. The telegraph office, postoffice and railroad station were all in the same room. They sold the groceries there, too."

Alice laughed a little, her eyes, deep blue from happiness, watching the light and shadows in her lover's hair.

"It took 15 minutes to find out about trains east," he went on. "The time table was a little moth-eaten and we were afraid it was out of date as well. However, I chanced it, and, having worked out the fact that I could get the next train from there—which was next morning—I could go on to Butte and there catch a fast train thru. Well, Bob and I hiked it back to camp for the night and tramped in again to get the early morning train. Then I had to wait over in Butte a night, and I didn't make as good connections at Chicago as I wanted."

"I thought I might get here by Saturday night and surprise you, but I couldn't. It made Bob feel badly to be left so suddenly, but he suggested I bring you back on our wedding trip."

"Our wedding trip?" echoed Alice.

"Oh, that sounds so wonderful. But we can't be married right away."

"Why, Alice? Why not?" David agreed reluctantly.

"That is—we should wait—well, you see, Lois died only a few months ago. Alice turned red from embarrassment, and did not know how to word her sentences. "And we couldn't rush right off and be married. It would look—well, it wouldn't look right."

"I don't see why not," David answered suddenly. "Everyone knows we weren't together for—well, almost from the beginning. As far as she is concerned I had no wife for much more than a year."

"I know," Alice gave a helpless little sigh. "It's just another case of common sense and conventions. In spirit she never was your wife—in spirit I always was. Yet I have to go through a marriage ceremony, and you have to wait a fairly decent period before you can have another wife."

She laughed a little, an unsteady laugh.

"Dear little David, so have I. David's arms went around and held her tightly. "I think I must have felt even worse than you, for I knew the whole wretched business had been my fault and the result of my weakness. And I knew I was hurting you by it, too."

"Dear little David, so have I. David's arms went around and held her tightly. "I think I must have felt even worse than you, for I knew the whole wretched business had been my fault and the result of my weakness. And I knew I was hurting you by it, too."

POPULAR WEEK END SERVICE TO MUSKOGA

Effective Saturday, June 12, the popular week-end service, via Canadian National Railways, to Sparrow and Muskoka Lakes points, will be resumed. As in previous years, the train will be operated through to Parry Sound, making intermediate stops. It will carry buffet parlor car, and will leave Toronto Union Station 12.15 p.m., standard time, Saturday only, arriving Parry Sound 6.00 p.m. Effective June 13, returning this train will leave Parry Sound 5.30 p.m., standard time, Sunday only, arriving Toronto 9.30 p.m., standard time.

Full particulars from City Passenger Offices, 52 King Street East, or Union Station, Toronto.

RETAIN COL. A. H. CHISHOLM.

Ottawa, June 10.—(By Canadian Press)—Col. A. H. Chisholm, C.M.G., D.S.O., who was recently employed as deputy director of medical services overseas, is to be retained on the permanent staff of the army medical corps, on account of efficiency and experience. This information was given Captain R. J. Manion, member for Port William, in the house this afternoon.

GUARD PUBLIC HEALTH

Kingston, June 10.—(Special).—The provincial board of health is taking action against thirteen owners of slaughter-houses in Kingston and Portsmouth townships for building too near private dwellings.

COMMERCE BOARD REPORTS ON WORK

Declares Operation of Civil Service Regulations Impeded Its Powers.

WANTS OWN EXPERTS Criticizes Creation of Wheat Board—Desires Conference About Continuance.

Ottawa, June 10.—Declaring that the operation of civil service regulations has prevented it from carrying on effectively, the board of commerce in its first annual report made public today, asks the government for a conference on the method in which the board will be operated for the future, if at all. The board asks for release from the necessity of accepting experts nominated by the board of commerce, which would go for recommendation of such experts to the very interests the board was charged with the duty of investigating. It declares its conviction that the board's first duty is to the consumer, and points out that the larger functions vested in it by the combines and fair prices act, the investigation of combines, and the general supervision of trade processes, cannot be carried out without expert and trustworthy staffs. Expressing their indifference from the special standpoint to the question of whether they remain commissioners of the board of commerce or not, they ask the government to declare its intention with regard to the board, so that they may settle the question of their respective futures.

Wheat Board Conflicted. Referring to the creation of the Canadian wheat board three weeks after the board of commerce commenced operations, the board's report points out that the price of wheat as a basic commodity materially affects the cost of living. Flour prices are important, but the price of millfeeds is still more important, because it affects the cost of milk, butter, cheese and meat. "The effect of the creation of the wheat board, therefore," says the report, "was to remove from the effective control of the board of commerce profits in wheat, flour and millfeeds, and to force this board to acknowledge as just and reasonable continuous increases in the prices of bread, milk, butter, cheese and meat, as were directly or indirectly brought about by the successive increases in the prices of wheat, flour and millfeeds."

Dissent from Robson. Full details of the activities of the board in the Dominion and U. S. for investigation of alleged profiteering are given. The present commissioners, W. F. O'Connor, K.C., and James Murdoch, dissent from the opinion expressed by the ex-chief commissioner, Judge H. A. Robson, that the operations committed to the board are impossible of operation. Given the proper staff, the report might be summed up as saying the board of commerce will undertake to deal with anything from a continent-wide combine in regard to trade to a corner-grocer profiteer.

Commissioners Differ. The brief preamble concludes: "This report is signed only by Commissioner W. F. O'Connor, who finds himself in disagreement with Commissioner James Murdoch, the only other member of the board, as to the advisability of inclusion within the board's report of certain additional matters."

A sub-clause follows, signed by Commissioner Murdoch, in which he says: "I fully concur with my associate commissioner in the preceding report with its annexed schedules as far as it goes, except that my earnest conviction and claim is that correspondence and documents sent to the Right Hon. Sir George Foster, then acting prime minister, under date of March 3, dealing with

SIR THOMAS WHITE, Former minister of finance who will resume law practice at his office in the Dominion Bank building early in September. He was called to the Ontario bar in 1889.

the resignation of the chairman of this board, should have been included in this report.

Speaks for Public. "My belief is that it would have been very much in the public interest for the people of Canada to know something more of the reasons that prevented the board of commerce of Canada from performing its functions in controlling profiteering and combines against the public interest, as by law intended."

REACH AGREEMENT WITH WEST INDIES

Tentative Plan Affects Tariff, Ship Service and Cables—Delegates in Toronto Today.

Ottawa, June 10.—(By Canadian Press).—The Canada-West Indies conference has practically completed its work. Tentative agreements it is understood, have been reached between the Canadian and West Indian delegates looking to a wide extension of trade. The agreements, it is stated, provide for: (1) Extension of the preferential tariffs between Canada and the British West Indies; (2) increased steamship service between the Canadian and West Indian ports, both by private and Canadian government lines; (3) increased cable facilities.

Program in Toronto. The entertainment to be provided in Toronto will be a luncheon tendered by the city at the King Edward Hotel at 1 o'clock. The board of trade will take the visitors for a drive in the afternoon and tender them an informal dinner in the evening at the National Club at 8.30.

List of Delegates. Demerara: Capt. J. M. Reid, controller of customs. Grenada: Hon. Herbert Ferguson, colonial secretary. Leeward Islands: Hon. Donald McDonald, unofficial member of legislative council. British Honduras: Hon. H. E. Phillips, acting colonial secretary; L. R. Grant, member legislative council, advisor.

Bermuda: Hon. W. E. Jackson, C.M.G., colonial secretary and member legislative council; Hon. S. S. Spurling, O.B.E., chairman trade development trade and member house of assembly advisor. Bahamas: Hon. Harcourt Malcolm, O.B.E. K.C., speaker of house of assembly. Jamaica: Hon. E. St. J. Branch, attorney-general; Hon. Robt. Johnson, C.M.G., I.S.O., collector-general, and Hon. J. H. Phillips, member legislative council, as advisors. Trinidad: Hon. H. B. Walcott, C.M.G., collector of customs. United Kingdom: Lieut.-Col. L. C. S. Amery, M.P., parliamentary secretary of the state for the colonies; Capt. E. J. Edwards, H.M. trade commissioner to Canada and Newfoundland, will represent H. M. department of overseas trade; C. H. Payne, secretary of conference; C. H. Ireland, associate secretary of conference.

SOLDIERS' PREFERENCE.

Ottawa, June 10.—(By Canadian Press).—The question of giving preference to returned soldiers in civil service positions which may become vacant rests entirely with the Civil Service Commission. It was stated in an answer tabled in the house today, in reply to Captain C. G. Power, (Quebec).

IS NOT PROMPTING CRIMEAN OFFENSIVE

Lloyd George Says Britain is Not Aiding Wrangle With War Materials.

London, June 10.—Premier Lloyd George, declared in the house of commons today that the government had no responsibility in the new offensive of General Wrangel, commander of the Russian Volunteer Army, against the Bolsheviks in the Crimea, but that the sole responsibility rested with Wrangel.

The premier also stated that Great Britain was not assisting General Wrangel in any way. The matter was brought up in the house by questions dealing with the government's recent attempts to get the Soviet to grant amicable conditions for Wrangel's forces.

IMPORTANT SAVING WILL BE EFFECTED

(Continued From Page 1).

ton miles, but the Grand Trunk to Napanee is double-tracked, has well-established stations and the best grades that can be got, including the G.T.R. improvements made on either side of Whitchy some years ago. The only stiff grade is that at Scarborough. The C.P.R. grade at Wexford, two miles to the north, is over the same ridge. The C.P.R. mileage, Toronto to Ottawa, via Bedel, is 264 miles.

Important Service. Besides the daily train between Toronto and Winnipeg, the C.N.R. will continue to run a four-night-a-week service via Capreol and Port Arthur. This latter train will connect at Capreol with the three-night-a-week train from Montreal to Winnipeg via G.T.R. and C.N.R. This will be two nightly services between the east and Winnipeg, one from Montreal, another from Toronto. These two services will merge between Winnipeg and Vancouver.

A little later the Toronto service to Winnipeg may go via the new cut-off from Leaside to Duncan, saving several miles in the Don valley. But hundreds of other changes in the way of co-ordination, consolidation and economies will be ordered as worked out by the joint committee. Many duplicate stations and ticket offices will be closed or used for other purposes, clean across the continent. In the central station at Ottawa the three ticket offices in a row used by the C. P., G. T., and C. N. will be given to the consolidated National, and a row of three new ticket windows given to the C.P.R. on the west side of the waiting room. The C. P. trains will use the west tracks in the central station at Ottawa, the National the east side as a general rule. The new Union Station at Toronto will be worked out somewhat in the same way.

Some of the employees who turn out to be duplicates will be moved elsewhere. This will be one of the attendant problems. In Toronto the consolidated lines will have all the G.T.R. freight sheds and sidings and the new freight sheds and sidings of the C.N.R. at Cherry street. The G.T.R. and C.N.R. tracks, yards and shops in the Don valley will be consolidated. The Grand Trunk System can now use the C.N.R.'s rights of joint user over the C.P.R.'s cross-town line from Dufferin street to Agincourt, thru North Toronto and Leaside, and north from Leaside to Duncan.

In Toronto the G.T.R. ticket office at King and Yonge will take over the business of the C.N.R. ticket office at Toronto and King. The C.N.R. and G.T.R. ticket offices at the old Union Station will get together. Sooner or later will the carriage, dining-room and dining car services and news services, this latter involves an adjustment with the Canadian Railway News Co., which has the franchises of the Intercolonial and Grand Trunk, as well as dining-room privileges. The whole of the old Union Station will likely be placed at the services of the joint administration of the consolidated systems. The C.P.R. will go to the new Union Station; so will the consolidated part of its administration accommodation.

The two belt lines about Toronto will become of greater importance in the new consolidation. The belt line right-of-way from the lake shore up to the G.T.R. near Lambton may be a very important link.

The Canadian National may soon turn over to Adam Beck's Hydro-rail the Toronto and Eastern, the Lambton and Guelph, the Radnor and Weston and Woodbridge, the Toronto and St. Catharines, also part of the Midland from Scarborough some distance north.

Where the Water Sparkles and the Breezes Blow Young Folks and Older Folks Love to Go.

COME FOR A BOAT TRIP

Pack up your lunch basket and enjoy the day on the lake. The cool, refreshing breezes and restful comfort of the fine boats make a delightful outing.

HIGH COST OF CLEANING GOVERNMENT BUILDINGS

Ottawa, June 10.—(By Canadian Press).—The high cost of house-cleaning in the government buildings through the Dominion is made clear in a return tabled in the commons in answer to a question by H. C. Hocken, Toronto. Of the names and occupations listed, it is interesting to note that more than 800 women are employed in the char service of the government at the rate of \$1.25 per day.

KAWARTHA LAKES.

Kawartna Lakes constitutes one of the most popular of Ontario summer playgrounds—800 feet above the level of Lake Ontario, the climatic conditions are most agreeable and healthful. Bass, muskunge and salmon trout are caught in the larger lakes, while there is good fishing for speckled trout in the smaller lakes and rivers of that district. Illustrated publication sent on request to Grand Trunk agents, or on application to C. E. Horning, D.P.A., Toronto, Ont.

MAY FIRE LOSS

While there were no conflagrations in May comparable to the destruction of the London (Ont.) Collegiate and of the Winnipeg car barns in April, there were no less than seven fires in which the loss is estimated at \$100,000 or over. The Monetary Times' estimate of the loss for the month is \$2,001,819, which is well below the figure for April, but more than the loss of \$1,785,130 estimated for May, 1919. The total for the five months of the year is \$11,857,944, or about one-half of the total for the twelve months of 1919. The May loss is made up as follows: Fires exceeding \$10,000..... \$1,433,250 Small fires reported..... 68,569 Estimate of unreported fires..... 500,000 \$2,001,819

PERMIT SIX-CENT FARES.

Ottawa, June 10.—(By Canadian Press).—Six-cent fares on the British Columbia Electric Railway are to be made at least until the public utilities commission of the province has had a chance to again hear arguments on the matter. This is the effect of a decision reached by the railway committee today.

PROTECTION FOR YOUR VALUABLES

Could Not Sleep

Mr. Earnest Clark, Police Officer, 338 King St., Kingston, Ont., writes:

"For three years I suffered from nervousness and sleeplessness. I believe my condition was brought about by overwork. I had frequent headaches, neuralgic pains and twitching of nerves and muscles. I had indigestion, was short of breath and easily tired. I commenced a treatment of Dr. Chase's Nerve Food, and seven boxes of this medicine cured me of all my symptoms. I am now feeling one hundred per cent. better than I was, and have to thank Dr. Chase's Nerve Food for the good health I am now enjoying."

SORE BECAUSE I KICKED ABOUT THAT FOOD YESTERDAY - I GRABBED HER GOAT - I TOOK IT FOR A LITTLE WALK - IF SHE'D GIVE A LITTLE TIME AND THOUGHT UP PREPARING THINGS FOR ME - I'D HAVE NO KICK

WHEN SHE HAS THAT CARD PARTY ON THURSDAY SHE STARTS GETTING READY ON TUESDAY MORNING - THAT'S THE TIME I START TO GET THE WORST OF IT - THEN IT TAKES 'TILL SATURDAY TO STRAIGHTEN UP THE HOUSE

EVERY TIME I SEE THAT FLOCK OF FOLDING CHAIRS AND TABLES AROUND HERE - I START TO SHIVER - THAT'S THE CALLING OF THE CLAN OF HUSBAND NEGLECTORS AND CHILDREN SLIGHTERS - I CAN SEE THAT LUNCH NOW - AND HOW THEY WORK ON IT - GIVE 'EM A SALAD FORK - THEY COULD WORK BETTER WITH A RAKE

SET AROUND ALL AFTERNOON AND ARGUE - WHY DIDN'T YOU LEAD THROUGH THE STRONGEST SUIT? AND ALL FOR THE FIRST PRIZE - A PIECE OF HAND PAINTED CHINA - AND WHEN THEY GET IT THEY DON'T KNOW WHAT TO DO WITH IT - I SNEAKED IN ON 'EM ONE AFTERNOON AND GOT AN EYE FULL - I SAW THAT FAT MRS BRICK HOLDING ONE OF THOSE LITTLE THREE CORNERED SANDWICHES BETWEEN HER TWO FINGERS - YOU COULD HOLD 3 OF THEM ON A DIME - THE HIP OF A RHINOCEROS WOULD LOOK LIKE A SQUAB'S LEG IN HER LAP

SIDNEY SMITH

BASEBALL Akron 13 Leafs 4

PITCHERS ALL BAD AKRON ON THE BIT Raging of Umpires and Poor Flinging Makes Sorry Exhibition.

Thursday was a terrible day for Duffy and his Leafs. The local crew put in their worst exhibition of the season at the Island yesterday, and went down to defeat, 13 to 4 at the hands of the Akron team.

On top of all this the umpires got into a jam. Warner called a man safe at second in the third inning when the full Toronto outfit went out for the game.

Webb was the performer with the bangs in as many efforts. His hot was a home, a triple, a double and two nines.

Perhaps the worst feature of the game was the wildness of the pitcher. No less than ten bases on balls were given.

It was a good game to get off their chests and Manager Duffy was a thankful man when the game was finally finished.

SCORED FOUR IN NINTH TO NOSE OUT COLTS

At Reading, Pa. (International)—After a long fight, the sixth and seventh innings, Reading got a three run lead on four hits and three errors.

At Jersey City—Jersey City made its first straight win since the sixth and seventh innings of yesterday's game, 2 to 1. Score:

At Buffalo—Buffalo evened up on the series with Rochester by winning yesterday's game, 4 to 5.

ORME STOLE HOME TWICE IN CONTEST

Plenty of Thrills When Tigers Down the Red Sox.

Brantford, Ont., June 10.—Hamilton came from behind in the ninth here tonight and scored six runs, enough to win by 12 to 8.

In Ten-Knot Breeze, Vanitie Shows the Way Home.

Newport, R.I., June 10.—Vanitie defeated Resolute today for the second time in the fifth of the races held to decide who shall defend the America's Cup.

Count Now Three to Two for Resolute in Ten-Knot Breeze, Vanitie Shows the Way Home.

Also the series stands 3 to 2 in favor of the Resolute, it is generally admitted that one of her victories, in which she drifted across the line only a few seconds.

Up to the start of today's race, the Resolute had shown faster work before.

Under today's conditions, with a steady wind from the west, the Resolute was outpooled and outpaced the Herreshoff.

Two more races will be called this week after which Vanitie will go to Bristol for overhauling and will not compete again until June 15.

AMATEUR BASEBALL

St. Helen's intermediates will hold a practice tonight on the old school grounds at 7 o'clock.

MARKET FOR CATTLE CLOSED STRONG

Heavy Steers are the Only Exception in Thursday's Trading.

With around 500 cattle the market closed steady for all classes butcher cattle, good butcher cows, and handy weight bulls. The demand was dull and drags for steers, extreme weights, that is, those running from 1300 lbs. and upward.

It is hard to sell common butcher cows. Altogether we have had a very good trade all this week, and the prospects are favorable for any cattle showing any quality.

Special Note. I. B. Groat shipped in from Alma, Ont., this week, a load of what is generally conceded to be the best butcher cattle sold on the Union Stock Yard Exchange since Christmas. One steer, weighing 880 lbs., sold for \$18 per cwt., and 16 of them averaging 880 lbs., apiece, sold at \$17 per cwt.

No higher prices have been paid on the local market for a whole load, and the sale by the well-known commission house of Dunn & Leavack of these cattle to the Swift Canadian reflects the high credit on the market. It only emphasizes the already well known fact that quality counts every time. The Ontario Produce Sale, which opened the live stock men of western Ontario, and as highly respected as it is known.

GENERAL SALES. Quinn & Hisey sold: Butcher, 1040 lbs., at \$17.75; 2, 1900 lbs., \$14; 5, 1420 lbs., \$13; 3, 1300 lbs., \$11.75.

Butcher, 1, 1080 lbs., at \$10.25; 1, 1200 lbs., \$10; 1, 1080 lbs., \$9.50; 1, 1200 lbs., at \$11.25.

Cows—2, 2000 lbs., at \$13.25; 1, 1100 lbs., \$12; 2, 2200 lbs., at \$13.25; 1, 1200 lbs., \$12.25; 1, 1010 lbs., \$11; 1, 1280 lbs., \$11.75.

Calves—1, 1200 lbs., at \$11; 2, 1280 lbs., \$11; 1, 1120 lbs., \$9; 1, 970 lbs., \$8.85.

PRICES OF GRAIN BREAK AFTER RISE

Immense Profit-Taking Sales Result From Attainment of High-Record Prices.

Chicago, June 10.—Extreme weakness developed in the grain markets today, after oats had jumped to a new high price record. Immense realization sales on the part of holders brought about the reversal. Corn closed nervous, 1/2c net lower, to 1 1/4c advance, with July 174c to 174c, and September 161c to 162c.

Oats finished at 2 1/4c decline to 1 1/4c gain. Provisions showed a rise varying from 7c to 10c.

In the demoralization resulting from the heavy selling to unload while fancy prices could be obtained, July delivery of oats collapsed in value as much as 7c a bushel. Simultaneously a big closing out to reduce the spreads between corn and oats took place, the oats being thrown out of the market wholesale at whatever figures could be obtained. This was in sharp contrast with the action of the trade in both corn and oats up to noon, the usual market in particular showing an unusual power to absorb offerings.

Debauchery, which at the last had spent its force, was based on the prospect that receipts would for some time continue small, and that crop might deteriorate before harvest.

Corn derived its first strength and its subsequent weakness almost entirely from the wild fluctuation of oats. Higher values on oats, together with export call for hard, strengthened provisions.

The detailed crop report for the week ending June 5th, compiled by agents in the territories served by the Canadian National Railway lines between the Great Lakes and the Rocky Mountains is uniformly encouraging.

There appears to be plenty of moisture where a small amount of rain had had to be done on account of high winds. There is no indication of a drought in the west and wheat generally seems to be well advanced throughout the area served by the C. N. R. Wheat seeding may be said to have been completed, and the seedling of coarse grain progressing finely.
