What Hill and Harriman Think. (Special Despatch to D. C. Clinch.) NEW YORK, Oct. 29.—James J. Hill, who arrived in New York from St. Paul yesterday, is quoted as saying: "There is no serious menace to the commercial interests of the country. Persons everywhere are scared to death. That seems to be the trouble. There has been too much ghost dancing. Out west men thought the only safe spot in the country was Wall Street. They had spread the idea that Wall Street was emptied and that the granaries had filled the western banks with money to bursting. They are beginning to find out differently now. Our two roads, the Great Northern and Northern Pacific, are not feeling the money stringency. They have on hand \$40,000,000 in cash."

Situation in Pittsburg. PITTSBURG, Pa., Oct. 29.—The close of the first day of the new week saw local financial conditions in better shape than at any time last week. MONTREAL MARKET SENSITIVE TODAY. MONTREAL, Oct. 29 (Special)—The stock market evidenced its sensitiveness today by weakening as a result of the advance in the discount rate of the Imperial Bank of Germany. This will interfere with the flow of gold to America, and has caused financiers to look forward with anxiety to Thursday with the question whether the gold to-day Mr. Graham is hearing some applications for railway route maps from the west. He was busy recently in the two Ontario by-elections.

FUNERALS. The funeral of Henry J. Sherwood took place this afternoon from his late residence, 1000 St. George Street. Rev. R. P. McKim conducted the services and interment was made in Fernhill. B., Oct. 29 (Special)—While two constables fought on last evening's train, en route to Dorchester, a prisoner in charge of one of them, being taken to the county jail, escaped. The prisoner was in charge of Constable Charles Thomas, of this city, and shortly after leaving Moncton, Constable Belyea claimed the right of arresting the young man. The argument following led to blows, and during the encounter the young man jumped out of the train at Harriville, walked back to Moncton, and left this morning for Boston. During the fight some damage was done to the interior of the car, and the railway authorities will probably take action against both constables. James Bray was badly hurt yesterday while riding on an I. C. R. trolley car. His foot caught as the car was moving along rapidly and struck him on the leg, and he was struck on the head and was rendered unconscious by the seven blows.

"THE LATE TENANT"

By GORDON HOLMES

"It is ended! I have done with her! She has played me false!" screamed the man when he understood that Violet had really quitted Rigsworth. His paroxysm of rage was so fierce that Mrs. Mordant was terrified that he would die on the spot; but his passion ended in an equally vehement declaration of sorrow and affection. He would follow her and bring her back. Mrs. Mordant must come with him instantly. The girl must be saved from herself. Surely they would find her even in London, whither he was certain she had gone, for she would only go to her accustomed haunts.

He infected the grief-stricken mother with some of his own frenzy. She promised to be at the station in time for the next train; he tore off to the telegraph office, where he wrote messages in a white fever of action. First, he bade his factotum Neil meet the train from Rigsworth in which Violet travelled, and ascertain her movements, if possible. The second was to Dibbin:

"A client has recommended you to me. Leave by earliest train for Portsmouth and call at office of a named firm of solicitors. Instruct them to forward herewith fifty pounds for preliminary expenses."

HENRY VAN HUPFELDT. The fifty pounds which he thus telegraphed to Dibbin were notes which he had brought for the gambler's use; this payment was deferred, at the least. Then he sent word to the Portsmouth firm that Dibbin was to be dispatched on a secret estate-hunting quest in Devonshire, at any terms he chose to demand. His next telegram was to Mrs. Carter at Langley:

"Take baby at once by train to Station Hotel, New Street, Birmingham. Inform her neighbors and at station say where you have gone. I will write you at Birmingham and send money tonight."

Finally to David he wired: "I now know everything. Mrs. Carter is about to take my child away from Langley. Please go there at once, find out where she has gone, and bring her back. We meet tomorrow, or next day, what you have discovered. Forgive yesterday's violence. This is unavoidable. VIOLET."

That was all he could devise in the present chaos of his mind. But it would serve, he thought, to give a few hours' breathing-space. He was hard pressed, but far from beaten yet. And now that Violet and her mother were away from Lale Manor, he would take care that they did not return to the house until Violet was his wife. Perhaps even in this desperate hour things had happened for the best.

CHAPTER XX. DAVID HAS ONE VISITOR, AND EXPECTS OTHERS.

David had risen pretty early to admit his charwoman. Behind her, in the outer lobby, he saw the earnest face of the hall-porter, who remembered that a certain loud knocking and difficulty of gaining

DENVER MAN CONSIDERS WIFE WORTH ONLY \$150

DENVER, Oct. 28.—Judging by a settlement in the case of W. E. Miller against Thomas Hayden, preceding its dismissal in Judge Riddle's court, a wife is worth about \$150.

Miller came originally from Cedar Rapids, Ia., as did also Hayden, who was a prominent business man of that town. Last July Miller discovered his wife and Hayden in a rooming house. He had them arrested on a criminal charge, but they were acquitted. Miller then brought suit for the sum of \$10,000 for alienation of his wife's affections. Mrs. Miller sought her husband's forgiveness and cooled the ardor of his legal proceedings. A conference was held, and Miller decided that his wife was worth only about \$150, and agreed to settle for that amount.

CARLETON'S CITY HALL

Its Condition Discussed at Safety Board Last Night.

At a meeting of the board of public safety last night Ald. J. H. Frink referred to the present condition of the Carleton city hall as disgraceful. On his motion the director was instructed to obtain estimates of the cost of renovation so that the work could be gone on with next year. A number of matters relating to city leases were discussed and passed upon.

The recorder explained the position with reference to the piece of land the C. P. R. wished to acquire from the city. He was not quite clear whether the city could give a fee simple or lease, but he would look into all the authorities and give an opinion at the council meeting.

A petition was presented from the Carleton Cornet Band asking for the use of the lower hall in the Carleton city building for entertainments. It is understood that the band wants to enter a nickel show. After some discussion W. J. Irons, who appeared for the band, was told that Rev. Mr. Sampson, who has a lease of the lower flat, has power to sub-let to the band.

The board decided to grant the petition of James McAulay, who rents a lot from the city for \$20 a year and who desired a reduction to \$10. It was also decided to renew the Bridget Looney lease at Greenhead at the minimum rent of \$10.

Miss DeVoe offered to call to the board the strip next No. 1 engine house, 15 feet by 30 feet for \$200. A sub-committee will look into this matter.

The application of Policeman Gostine to be recouped for six days time lost on account of sickness and death in his family was granted.

Chief Clerk sent in a requisition for six new overcoats for the force and repairs to nine other overcoats. It was decided to call for tenders.

The director said that he had received two tenders for two and a half miles of copper wire wanted by the fire department. James Hunter's tender was for 19 cents and Chas. Jones' 23 cents a pound. On motion of Ald. Hamm the contract was awarded to the lower tender.

Tenders will also be called for the forage necessary for the department, three roll shels and for the restoration of the old No. 8 engine house. In connection with this last Ald. Bullock suggested that the upper flat could be used for a men's shelter.

The matter of properly heating the lavatory in the market building was left for tenders.

VANDALISM AT TOWN OF NICOLET

Anglican Church Damaged and the Bible Burned—Authorities Will Investigate.

Three Rivers, Que., Oct. 28.—An act of vandalism is reported from Nicolet. When the Anglican church in Nicolet was opened yesterday morning, it was discovered that fifty panes of glass were smashed, the doors were torn from their hinges, books were destroyed and the large Bible had been taken from the lectern and burned in the stove.

Rev. Mr. Stuart, of Three Rivers, went over to Nicolet a few Sundays ago, but did not go near the church, the service being held in private houses. He passed by the church on that occasion, but did not notice anything wrong. It is not known when the outrage was committed, but the authorities promise that a vigorous investigation will be made.

BRADSTREET'S ON THE SITUATION

Banking Interests Taught a Severe Lesson--Drastic Action Was Necessary in New York.

A decidedly critical situation in bank affairs at the metropolis has again been taken in charge and, to all appearances, successfully met by the Clearing House association, acting through its committee. In question, this, drastic action was found necessary, and the spectacle has furnished of wholesale reticence as to practically uncorrected reactions of economists and officers of the banks involved in the matter. As a result, however, such a course, the position, as far as the Clearing House banks at New York is concerned, is generally regarded as having been rendered far sounder than it was, while the separation of certain individuals and interests from active participation in banking at New York is looked on as removing a constant source of danger and a menace to the confidence of the financial community. Nor was this an entirely new matter. For some time past conservative bankers have shown little concernment of their disapprobation and even anxiety concerning the course of certain comparatively new interests which had entered the New York banking field upon a large scale, their policy being to create so-called chains of institutions, closely allied through stock ownership by the different elements, which were in most cases in the directorates of the banks in question. It is also very generally believed that the control of substantial holdings of such bank stocks were secured in some if not all cases by loans made to the operators in question from their own banks, with the stock of other banks as collateral. Moreover, the parties in question were identified with the promotion of various industrial and other enterprises requiring strong support from banking quarters, and to which assistance such as the clearing House committee to take radical steps when the plight of the Mercantile National Bank furnished occasion for intervention and called for help to the hounded institution.

FOUR THOUSAND SPANIARDS HELD SLAVES BY SAVAGES

Awful Tale Told by a Fugitive Excites Madrid.

Men Forced to Work in Fields Under the Whip and Treated Like Wild Beasts--One Who Escaped From Imprisonment Relates His Experience.

MADRID, Oct. 28--A thrilling story, related by a Spaniard who recently arrived from Manila, is attracting a good deal of attention in the Madrid papers. This man, who gives his name as Bulguera, declares he was on board the Spanish cruiser "Kema Marie Christine" when she was captured in the Philippine archipelago and her crew of 627 men were thrown into the water, though more than 300 were drowned. Many were saved. The survivors, he declares, were captured by Tagalos and taken to the island of San Juan Del Monte, in the Bulacan Province. According to Bulguera's story there are more than four thousand Spaniard prisoners in that island. They are forced, he says, by the natives, to drag their ploughs and are whipped and treated like beasts of burden, and the only reward they get is scanty rations of green corn. Bulguera has related his story to a correspondent of El Pueblo, and he says that in June last ninety Spanish prisoners tried to escape by swimming. Practically all were drowned, he says, but he succeeded in landing on the opposite bank and was subsequently able to reach Manila. Then he went to the American authorities, who provided him with passage on board the steamer Baltimore, bound for Cadiz. He reached that port in September, but was only able to pro-

LAWLAD & CO.'S LETTER.

NEW YORK, Oct. 29--The clearing house banks are very properly using the loan certificates only when imperatively necessary, the money pool is dissolved and henceforth brokers must arrange loans with their own bankers. Any house suspected of doing speculative business will not be accommodated. These methods will hasten a return to normal conditions. No far as Wall street is concerned, the crisis is passed, but as always happens in such periods, the country at large must suffer the consequences. The work of rehabilitating institutions failed and temporarily suspend all public trust will be slow and it is unlikely, therefore, that the stock market will enjoy more than temporary recoveries for some time to come.

Right Reverend Robert Codman, Bishop of Maine, will visit St. Anne's Episcopal church on Sunday, November 3. There will be a celebration of the holy communion at 8 a. m., service with confirmation at 10.30, and evening prayer, with address by the bishop at 7 p. m. The bishop is an able and interesting speaker, the attendance at the several services on Sunday will no doubt be large.

While the steamer Henry F. Eaton, of the Frontier line, was towing the Viking, of the Deer Island and Campbell route, which had become disabled on the down trip, Friday, the lines parted while the steamers were off Dog Island, near Eastport, Saturday forenoon, and the two vessels came together with a crash. The Viking was damaged somewhat, but was later towed to Eastport, by the tug Phantom, and received the necessary repairs to machinery and hull. The accident occurred in the wharves.

Howard Achison left Tuesday morning for Eastport, to rejoin the steamer Calvin Austin, on which he is employed, after spending a few days with his family in Calais.

NEW SINGER, NEW PICTURES, NEW SONGS, BIG ORCHESTRA

Nickel Theatre Had Grand Opening for Another Week Last Night.

The Nickel had a grand opening for another week last night, and the afternoon shows were well attended as well. Besides the superior show of motion photographs by Newcomb, of Portland (Me.), made his bow as a singer. He is a good looking young man, of fine stage presence, and possesses a most melodious, baritone voice, full of expression and of great flexibility. In the march-song, The Girl You Leave Behind, he made an admirable hit, and was generally well commented upon. New waltzes, ternetos and caprios were also very catchy. Of the principal part of the programme, too much cannot be said in way of commendation. The large crowds of thoughtful, appreciative people who saw the Nickel management to give its patrons the benefit of the best talent available. The Irish airs in connection with the Glasgow of Erin, were highly commented upon. New waltzes, ternetos and caprios were also very catchy. LETTER FROM MISS KLEHER

To the Editor of The Telegraph: Sir--Today, much to my surprise, I received \$38.52 as the winner of the first prize in the Star's lottery contest of last week. My hopes had not soared so high as to be first prize winner. But much of the pleasure was taken away in reading the Star last evening, where I found references to private family affairs which, to say the least, were in very bad taste. Among other things, it was stated that four of our family are in bed with scarlet fever and that I "have been living away from home," as I was "compelled to go daily to work at Wilcox Bros. and of course had to avoid any possibility of contagion." Also that the money "will find plenty of use." It is true there has been sickness at home, but I am thankful to say all are well again, and I think the Star might very well have allowed personal matters to remain where they belong--at home--and not in the columns of a newspaper. The Star has made it appear as though the prize money was a charitable donation while, on the contrary, I entered fairly into the contest, and I thank you for your valuable space, I am, Yours truly, MARGARET H. KLEHER. St. John, Oct. 28.

I do not desire to censure our opposition friends so strongly for their repeated misstatements in this regard, as I confess away had lost no time in getting across the line to St. Stephen. The Shadow Behind the Throne a Distinct Hit at the Opera House Last Evening.

It was the glad hand for "Uncle Bill" Harkins in the way of the Opera House last evening, and the popular manager, as well as his company, must have been greatly delighted at the large and fashionable audience which, in spite of the disagreeable weather, turned out to bid them welcome. St. John audiences have always been noted for their promptness in going to the theatre. They seem to get closer to the audiences than many other organizations visiting here, and any actor is worth a half a dollar of almost any man's money to see Uncle Bill's jolly rots and ribald conversation at his door. It gives the sunny smile to the many friends.

THE STRONG TICKET

"The candidates are all eminently respectable," is the Sun's remark concerning the opposition candidates chosen last evening, and although it says immediately afterwards that Mr. Maxwell is not above reproach its first statement is the correct one. The ticket is in personae a strong one. It is also made up of men who have had experience in election campaigns. It includes a merchant, a manufacturer, a builder and a lawyer, while two members have also campaigned as advocates of the rights of labor. Hence it may be described as a representative ticket. The Sun does not find in the ticket any evidences of brilliancy, and there is of course the possibility that it will have to face the oratorical brilliance of the present members on the government side, including Messrs. Purdy and Lantaulm; but, after all, it may pull through. There will naturally be a momentary feeling of disappointment among the warm supporters of Messrs. Baxter, Macrae and Tully, but two of these gentlemen have been acquired in the choice of the convention, and the third would no doubt have done so had he been present when the speeches were being delivered. St. John city is now in line with those constituencies which are ready to meet the government with a complete ticket whenever the house may be dissolved. At present there is every evidence of a session before that occurs. It is well to be ready, so that there may be a vigorous contest all along the line. The strong ticket named in St. John will unquestionably give much encouragement to Mr. Hazen's supporters in other parts of the province. But, as one of the speakers observed last evening, they should not underestimate the strength of their opponents, for the latter will be backed by the full force of federal government influence and patronage, and the glowing promises which none can make so persuasively as the present minister of public works.

THE HON. H. A. MCKEOWN

Greatly to the relief, no doubt of Premier Robinson, Mr. H. A. McKeown has at last come to his aid, and consented to accept the long-vacant office of attorney general. Despite the premier's disclaimer, the office could have been accepted by either one of several other legal gentlemen, but they were not eager for political preferment at this time. Some gentlemen who cheerfully would have accepted the office may feel somewhat unhappy over the situation as it is today, but evidently their assumed strength was weakness in the estimation of the premier. But if Mr. McKeown is strong, he is not considered strong enough to win an election in St. John city; and, as Dr. Rudick is said to regard the present as a favorable time to go in out of the wet, and federal patronage is at the service of Premier Robinson for the time being, Dr. Rudick will get an office and Mr. McKeown will get a constituency. This is considered safer than to permit Mr. Robertson to retire to the warmth and comfort of the federal building on Princess street, and risk Mr. McKeown's defeat in the city. Moreover, Mr. Robertson can talk, and might be of some use in another election campaign before retiring to sit at the receipt of savings. Since he was hailed with joy as the "boy candidate" of the Conservatives, quite a number of years ago, Mr. McKeown has had an interesting and somewhat varied political career. He has been out of harness for several years, and now enters the arena at a time when there is a fine opportunity for and much need of a display of ability on the government side of the house. Premier Robinson should be very thankful to Mr. McKeown.

THE LONDON BY-ELECTION

The federal by-election in London, Ontario, Hon. Mr. Hyman's former constituency, has assumed a new interest because Mr. W. F. Maclean, M. P., has taken the stump in support of Mr. John D. Jacobs, the Labor candidate. The Liberals failed to nominate a man, and the fight is therefore between Mr. Jacobs and the Conservative candidate, Major Beattie. Alphonse Verville, M. P., the well known Labor champion, is also giving active assistance to Mr. Jacobs, who will

doubtless receive in addition a pretty solid Liberal vote. Mr. Maclean explained in a speech last week that he was not in London to oppose the Conservative candidate, but to support public ownership. He had done the same thing in Hamilton, when the Conservative candidate for the legislature was openly opposed to public ownership. The Toronto World, Mr. Maclean's newspaper, is the most thorough-going advocate of public ownership among all the newspapers of Canada. He himself said last week in London: "I believe that every candidate for parliament should declare himself upon this principle, for to my mind it is the one big issue the burning issue before the people. It is a principle in which I believe, and which I stand by, not as a fair weather friend, but at all times and places whenever I am called upon to address my fellow citizens, either through my newspaper or by my speeches in the house, or on the stump. As things are now, we find that fuel, light, waterworks, and all facilities for the transportation of freight and passengers and for the transmission of intelligence by wire are monopolized by greedy and selfish men, who are making the unfortunate consumers not only pay them a fair price, but exorbitant prices." Perhaps more interesting still is Mr. Maclean's attitude toward what he is pleased to classify as the "laboring man." He says the laboring man should have representatives in parliament. In an editorial the World declares that "The typical member of parliament today, whenever he touches Ottawa, either becomes the obedient servant of the party machine or the bonded slave of a railroad or other public-service corporation. It asserts further that "through the party machines are supposed to be sharply antagonistic, they support each other whenever any procedure is threatened that appears likely to weaken their supremacy." Hence the World proceeds to argue as follows:—"If measures of real benefit to the nation are to be accomplished, it can only be done by the presence in parliament of a sufficient company of men who know their own minds, and what they stand for, and who are determined that the course of legislation and administration shall be on lines conditioned only by the national welfare. For that reason the World welcomed the appearance of the Labor party in the Canadian political field. This does not mean approval of every plank in the labor platform, nor is it necessary that it should. What the World maintains ought to be paramount in politics is consideration for the mass of the people—in utilitarian phrase, the greatest good of the greatest number. Public ownership is advocated by the World because it is in the interest of the people, because it brings with it cheap and efficient service, because it is only right that those who make public franchises valuable should get a proper return for their money. Public ownership is the pressing issue in Canada today, and nowhere more than in the district of Ontario, within the reach of Niagara power. The Labor party of Canada supports public ownership and operation of all national, provincial and municipal franchises, and because the World believes this issue to be paramount today it holds that the election of every labor candidate adds strength to the cause of sound democratic government."

It is clear that Mr. Maclean's support of the Labor party is less due to a consideration of the rights of Labor than to a desire to advance the interests of public ownership. As he is not in full sympathy with either of the great parties, he supports a labor candidate in order to gain a supporter for his own policy. The result of the appeal in London will be awaited with interest, the more so that Mr. Borden's policy favors an increasing measure of public ownership, and therefore might have appealed to a less bumptious gentleman than Mr. Maclean. At the meeting of the board of public safety last evening the condition of Carleton city hall was declared to be disgraceful. If the aldermen had gone out and gazed down Prince William street from Princess to Duke, they would have seen another disgraceful piece of civic property. That the citizens tolerate such a street is really amazing. The universal feeling of relief at the announcement that the Springhill strike is over will be tempered by some doubt whether harmony will prevail for any longer time than may be necessary to secure the report of the new board of enquiry. Another Russian general has been assassinated, and again the assassin is a woman of education. The devotion and utter disregard for self which mark the Russian revolutionist are unsurpassed in human history. The provincial by-elections in Nicolet, Montmorency and Bellechasse, Quebec, will indicate to some extent the effect of the Bourassa campaign, although the odds are with the members of the government. Financial stringency means a general reduction in commodity values. This is the opinion of the Chicago meat packers, who have cut prices of meats ten per cent.

FROM A BRITISH RECORD.

The following strange personal names are collected during the course of investigations at Somerset House: Hyde Parker, Eliza Silence, Tom Jolly Death, Mary Fine Coffin, James Whiskeddy, Sarah Greek Gabb, John Gotted, Minna Short-hose, River Jordan, Innocent Fox, James Bootsborntoot, Samuel Drinkmilk—the list is long, until one comes to the female baby born and christened Constance Cremer.

HANNAH IS TO ESTABLISH ANCESTOR WORSHIP

Mr. Editor— Great minds require a wide scope. St. Helena smothered Napoleon. One World was too small for Alexander.

There is no doubt Hannah is the first lady in the land. Some may think she has rough ways. She said I am spoiled on the Sun. Carlyle is respected despite Froude's exposure of his frailties. Dr. Samuel Johnson's great heart and mind shined glory over his infirmities. A diamond has many brilliant sides—but it is only carbon after all. Hannah lays great emphasis on descent. She has told me many times that her maiden name was Hannah Smith. Last night, after we retired—these bright sparks were flying off the anvil of Hannah's busy mind. "The Smiths," she said, "kept the first commandment long before Moses broke the ten. The Smiths always were fruitful, multiplying and replenishing the earth. If it were not for the Smiths the human race would be extinct. Get up," she exclaimed, "light a lamp, hand me the directory." Hannah started at the first name and read for hours. It seemed dry and cold to me. I sneezed every few names. She said I had shocked her manners. She closed the book, saying: "I thought so—that whole directory is made up of Smiths or admittances of Smiths. Buckwheat," she said, "this world is a merry-go-round; it is a Ferris wheel. When I was on a voyage with my father, his ship loaded at Liverpool, Eng. We went to hear a great lecturer on—The Problems of Life. He surprised his hearers by commencing his address with a nursery rhyme.

"Now we go up! up! up! Now we go down! down! down!" He eloquently showed that the nursery rhyme contains much of the pith of life. Buckwheat! people forget their ancestors. Many are going around now, putting on airs, and style—would-be aristocrats, smart set. Now we ought to respect these poor souls, their ancestors had the Dignity of Labor attached to their names. Their mother was an honest, weatherworn woman, or their father was The Man With the Hoe. I want to have Queens Square planted with dead trees, a few from each county.

"Let me forget! let me forget! In the middle of the grove I'll place a monument of Champlain, surrounded by kneeling statues of Our City Fathers; pipes will supply water, and tears will flow from their eyes—seeming to say:

"For all sad words of tongue or pen, The saddest of these: 'I might have been!'"

"Here in the silent grove people can congregate and think of the men and women who gave them This City on a Hill—a legacy of their muscle and brain." Yours, BUCKWHEAT.

MAXWELL, WILSON, McINERNEY AND HATHEWAY ARE SELECTED

Strong Ticket Chosen by City Opposition Nominating Convention--Dr. Macrae, J. B. M. Baxter and L. P. D. Tilley Were Also Mentioned--Convention Was Entirely Harmonious.

At the nominating convention of the local opposition, held in Keith's assembly rooms Monday night, Robert Maxwell, M. P. P., John E. Wilson, George V. McInerney, K. C., and W. Frank Hatheway were chosen as candidates for the city of St. John at the next provincial elections.

Geo. V. McInerney, K. C.

Dr. Macrae, the leader of the opposition, also spoke congratulating the convention on the strength of the ticket and expressing himself confident that a victory at the polls was assured.

The proceedings commenced at 8 p. m. Mr. Hazen was in the chair and W. H. Harrison acted as secretary. On the first ballot the first three names were:

Maxwell... 120 Wilson... 101 Geo. V. McInerney... 90

These gentlemen having received the requisite majority balloting then proceeded on the names of Messrs. Macrae, Baxter, Hatheway and Tilley, as follows:

First Ballot. Baxter... 88 Macrae... 62 Hatheway... 62 Tilley... 58

Second Ballot. Macrae... 47 Hatheway... 43 Baxter... 41 Tilley... 22

Mr. Tilley at this point asked that his name might be withdrawn and this was agreed to. The balloting was then resumed with the following result:

Third Ballot. Hatheway... 50 Macrae... 49 Baxter... 40

Fourth Ballot. Hatheway... 62 Macrae... 47 Baxter... 35

Fifth Ballot. Hatheway... 50 Macrae... 54 Baxter... 44

The number of ballots cast was 141 and Mr. Hatheway, having received the requisite majority, was declared elected.

Robert Maxwell, M. P. P.

Mr. Maxwell, the fourth member of the ticket, he had hardly reminded them, do feated A. O. Skinner two years ago. Since then he had fought the local government in the house of assembly as he had been sent to do, openly, squarely and with marked ability. It would have been inconceivable if he had not been nominated.

BURNED TO DEATH IN CONSTRUCTION CAR

William Parenteau Cremated in a Midland Railway Camp at Hasket.

John E. Wilson

MORDEN, Man. Oct. 28--As the result of a fire on the new Midland railway early this morning, William Parenteau, of Otterburne, Man., was burned to death, and William Strassburg lies in the Wallalla hospital, probably having succumbed to his injuries.

At 4.30 this morning the office car of the construction gang on the Great Northern railway at Hasket, a point six miles south of Morden on the new Midland line, took fire from the explosion of the stove, and was totally destroyed by fire.

The train hands, and will be shipped to Otterburne tomorrow morning.

A sad feature of the occurrence is that his wife, who had been with him, left only yesterday for her home at Otterburne, his son being in one of the other cars of the construction company.

The charred remains were placed in a casket by the train hands, and will be shipped to Otterburne tomorrow morning.

IT IS TURGEON FOR THE PRESENT

But There Are Still 134 Ballots to Be Pronounced On by a Judge.

Hon. Mr. Turgeon, Attorney-General of Saskatchewan, has been declared elected by a majority of 65 over Mr. Bradshaw, Provincial Rights candidate, with 134 ballots still to be pronounced upon by a judge of the supreme court.

Among the appeals, ten by Bradshaw and eighteen by Turgeon were in respect of votes disallowed by the revision courts. The further troupe placed Bradshaw at a disadvantage for the present of sixty-nine votes, although it is possible for him to eventually win the seat as a result of the appeals.

The returning officer omitted from his count all appealed ballots, and declared the candidate elected who had the majority of unappealed votes, which was Turgeon by 69. Both sides claim they should have won if no appeals had been entered, but it is now conceded that Attorney General Turgeon was elected.

The ballot boxes were stored in a vault of a bank since the evening of polling day, October 12, and before they were opened a careful examination was made of the numerous seals placed upon them by both parties. Everything was found right and all parties are satisfied on that score.

ECHOES OF SATURDAY'S GAMES

MARATHON-MONCTON GAME. Moncton takes exception to the Greeks' statement in the Telegraph that the Marathon-Moncton game was of the rough-house calibre.

As for Don Malcolm, it will probably be conceded that the man Captain made it far and away superior. The former McGill star half-back doesn't begin to know the game with the captain of the Moncton team. Oh, no! Don's been warned, Mr. Transcript man, you have only a brain-strain.

ALGONQUIN—U. N. B. GAME

Of the Algonquins in Saturday's game with U. N. B. the Gleamer of that city says: "The Algonquin team showed lots of class at the kind of a game which was being played, and their scrimmage was composed of heavy, strong and hard working players. Capt. Finley and Clarke seemed to show up the strongest of the lot. March played in a new position at quarter-back, but Thorne showed up very strongly being always in the game, having strong and hard tackling well and taking advantage of every opportunity."

On the half line the Algonquins had some good men, but they did not get many opportunities to run, although their tackling was good at all times. In this particular Wright showed up very strongly, keeping close to the line and never allowing the U. N. B. team to run. He was tackling very hard and seemed to jar the opposing players considerably. Ring also played a good game and so did the How, the former "radio star, and Merritt, who played on all St. John teams several years ago, but the latter pair had few opportunities."

Of the try in dispute the same paper says: "A few minutes later the Algonquins came very near getting a touch-down. One of their men got over the line with the ball, but when he went down on the U. N. B. men went with him and the two of them had their hands on the ball, which was apparently between them. The referee properly called for a scrimmage on the five yard line."

From where the gentleman who wrote the Gleamer's story stood, it would be out of the question for him to give an opinion from his own observation. The Algonquins do not deny that several pairs of hands were on the ball, but insist that Thorne touched down with plenty of time to spare.

SCRIBES PLAY FOOTBALL

In Halifax the newspaper men are playing football and there have been some great games. The Halifax Herald says: "The Crescents' gridiron was treated to one of the greatest stampedes ever handed out to a football arena on Saturday afternoon, when the Herald and Chronicle tackled horns for the press championship of the city. Things were set up and sent to press without the slightest pretence of self-respect, the result being that some of the greatest errors in the history of journalism were put on record."

THE LOCAL SITUATION

It now looks as if the football attraction for Thanksgiving in this city will be a game between the Marathons and Algonquins. Moncton is after the Indians to go to the railway town for a game, and while matters have not been definitely settled, the likelihood is that the Greeks and Indians will play here. In such an event the Marathons will likely go to Fredericton Saturday to play the U. N. B. the St. Peter's game to Memramcook to play St. Joseph's College.

MT. ALLISON, S. AMHERST

Sackville, Oct. 28.—In a rough football game here this afternoon Mount Allison defeated Amherst 10-0. The game was a very rough one and the Amherst players were awarded a try, but Amherst protesting, Mt. Allison agreed to call it a safety. Russell and Clay scored for Mt. Allison. Lewers converted Clay's try.

CURL WITHOUT ICE

Unique Invention by San Francisco Enthusiast Makes it Possible.

And now comes a new game. It is really quite an innovation and may possibly find favor with some of the local Scots—for the game rightfully belongs to the Scots. Down in San Francisco, there has been invented a game of curling which is played on wooden floors instead of on ice. With the means devised for the accomplishment of this innovation there should come a general revival of the old contest in this country, removing the limits that have heretofore rendered it possible to play the game only in cold countries—and then only when the weather is cold enough for the water in the lakes and rivers to freeze. With the introduction of curling as a sporting event at the next round, and the possibility of playing indoors in all sorts of weather, great interest has been aroused among the members of the Scottish organizations and some of the most prominent Scots in Winnipeg are expected to awaken a feeling that will spread and carry the game with it.

Speaking of the new game, a San Francisco sport writer says: "When it was made known that the game could be played in these climes, where ice is an exception to the general rule of weather, clubs were organized among the members of the various Scottish societies in San Francisco and preparations made for participation in the opening contests to be held in the Pavilion skating rink. The idea being submitted to Hugo Fraser, father of Cian Fraser, he announced that he would give the game his support and further volunteered to be present at the first game with Samuel Irving and Mr. Nichol, the only two surviving members of the St. Andrew's Society, and put the first scores to the test when the contest opened. Four members of the latter organization have been appointed as a committee to represent the society in the San Francisco Scottish Curling club, recently organized."

"Curling is one of the oldest games among civilized people. It is somewhat over 300 years since the first stone was put in Scotland. Since that time it has had the place among sports in that country that baseball enjoys in America. In eastern Canada, Nova Scotia, and in the old country great tournaments are held during the year and immense gatherings watch the contests on the ice. The game is like shuffleboard. The stones are put to a tee, the players on either side alternating in sending the stones along. The positions attained with the stones by the players relative to the center of the tee and within certain bounds score the points and the skill of the game comes in placing the stones on the one hand and shifting them from the scoring boundaries on the other."

"The stone that makes it possible to play the game without ice as shuffling was invented by LeBaron Smith, of this city, and perfected by W. D. Creighton. It is made of lignum vitae and its design is exactly like the stone used on ice. The feature which permits its use on wooden floors, however, is the system of three rollers, which project slightly from the bottom of the stone. These rollers are ball bearing, their action being determined as they turn on an awl by any course that the stone may take."

A NEW GAME

The new game—Diabolo—is becoming all the rage in England and France. M. Gustave Philippart, a French engineer came across the implements of the old game Le Diable, which was very much in vogue both in England and France before Waterloo. It occurred to him that by making a two-headed top, and improving the implements of the old game, it might be made one of precision, and become a sort of aerial tennis of the future."

M. Philippart came over to London and saw Mr. C. R. Fry, the celebrated athlete and writer on sports, who suggested a name—"Diabolo"—which was claimed and adopted by the inventor. Mr. Fry also suggested that the top should be made of celluloid, and this, too, was adopted. So that the great English authority on sports may claim to have given the new game its name and done much to make it practicable.

Diabolo, says Mr. Fry, is not a game of strength, but of eye, poise, address, and quickness and is not so difficult as it looks. One great merit of the game is that the state of the surface of the ground on which it is played does not matter. The game is capable of an infinite variety, to suit almost any kind of playing area available. The figure which represents the top is a small back yard in a town.

Diabolo, says Mr. Fry, is far too good for a mere toy game. It ought, he says, to become a standard game, and he believes it will.

Nomination Day Yesterday in Montmorency, Nicolet and Bellechasse. The by-elections were made necessary by the elevation of C. R. Devin and L. A. Taschereau to the cabinet, and the resignation of Hon. Adolphe Turgeon, in order to test the feeling of his constituents on the charges made against him.

The candidates nominated today were: Nicolet, Hon. C. R. Devin and Albert Sevigny; Montmorency, Hon. L. A. Taschereau and Mr. Bernier; Bellechasse, Mr. Turgeon and Mr. Bourassa. The keenest interest centres in the latter contest.

BLESSING TO PEOPLE

Simple Home-made Remedy for Kidney and Bladder Trouble or Rheumatism—Is Easily Prepared by Anyone Here.

This is a message that will bring happiness again into many families and sunshine into the lives of hundreds of weakened and discouraged men and women here. It requires just a little inconvenience. If it can't be bought already prepared, it is a simple home recipe now being made known in all the larger cities through the newspapers. It is intended to check the many cases of rheumatism, kidney and bladder troubles which have made so many cripples and invalids and killings of some of our brightest and strongest people.

The druggists here have been notified to supply themselves with the ingredients, and the sufferer will have no trouble to obtain them. The prescription is as follows: Fluid Extract Dandelion, one-half ounce; Compound Syrup of Sassafras, three ounces. Mix by shaking well in a bottle. The dose is one teaspoonful after each meal and at bedtime.

Recent experiments, even in severe local cases, prove this simple mixture the remedy for Rheumatism, because of its positive action upon the eliminative tissues of the kidneys. It compels those vital organs to filter from the blood and bladder structure, puts new life into them and invigorates the entire tract. It makes the kidneys clean the blood. The Dandelion will take care of liver trouble and constipation, and is fine for the stomach.

All the ingredients, states a well-known local druggist, are of vegetable extraction, making it a safe and harmless prescription at any time. Those who suffer and are accustomed to purchase a bottle of patent medicine should not let a little inconvenience interfere with making up this prescription. Wherever this becomes generally known, states a large eastern publication, it ruins the sale of the patent medicines, and so-called rheumatism and kidney cures, which is its best endorsement of virtue.

THE LADY CURLERS CHOOSE OFFICERS

Mrs. R. Keltie Jones Chosen President of St. Andrew's Ladies' Club.

The annual meeting of the lady curlers of St. Andrew's rink was held yesterday afternoon. The reports presented were considered very satisfactory. The election of officers resulted as follows: Mrs. R. Keltie Jones, president; Mrs. E. A. Smith, vice-president; Miss Helen Sidney Smith, secretary; Mrs. Frank S. White, Miss Mack, Dr. Margaret Parks, Miss Warner and Mrs. George K. McLeod, committee of management.

It was considered too early yet to make any plans for the season's games, but it is hoped to send two rinks to the Montreal hospital.

Hain't a findin' fault with nature, Hain't a-makin' no pretense To blame the seasons' changes, O' the ways of Providence, But I allow like the season, I'll change the way on the wall, Changes to a crimson color, And the nuts begin to fall.

Some may like the joyous springtime, Some may like the summer days, Some, like the frosty winter, But for me, the autumn haze, And the nut season through it, I'll change the way on the wall, Fills my soul with sweet contentment 'Till the nuts begin to fall.

COURTED HER 7 YEARS; SHE NOW WANTS \$20,000

Miss Cecilia Davis Sues Leon Jacobs for Breach of Promise.

NEW YORK, Oct. 28.—Miss Cecilia Davis, of No. 337 East Fifth street, values her affections at \$20,000. That, at least, is the amount she expects to get for lavishing them for seven years upon Leon Jacobs, a young and prosperous clothing manufacturer at No. 743 Myrtle avenue, Brooklyn, because, she declares, Jacobs renounced her and wooed another young woman.

Miss Davis yesterday had Leon arrested to assure his presence in the suit for breach of promise which she has begun against him in the Brooklyn supreme court.

According to the complaint which she filed, Jacobs has been introducing her as his betrothed for the last seven years. Five weeks ago he declared, she says, that he was going to marry a Miss Goldman, who lives at No. 657 Myrtle avenue, Brooklyn.

English Window-Cleaner Drank Beverage to Excess.

LONDON, Oct. 27.—Excessive tea-drinking was stated at the inquest yesterday to have led to the death of William Mayo Allen, aged sixty-two, a window-cleaner, of Stoke Newington, who had been a teetotaler for thirty years. On Friday last he ate a good supper of boiled beef, and then had some tea. Early next morning he was taken ill and died of a heart attack before he could be removed to the hospital.

KILLED BY A COW'S TAIL

Binghamton, N. Y.—Wm. A. Wells, of Neward Valley, was milking, when a cow swished her tail, striking him on the forehead with the fleshy part of the appendage. Shortly afterwards, Mr. Wells returned to the house, complaining of a pain in the head, which rapidly grew worse. Physicians pronounced it apoplexy, brought on by the blow from the cow's tail. Mr. Wells died the same night. Apoplexy is the result of poisoned blood. Bowels become constipated, kidneys get weakened, skin action becomes poor, and the blood is loaded with impurities, which produces weakness in the blood vessels.

Whenever there is headache, backache, neuralgia, rheumatism—it means blood poisoning. "Fruit-a-tives" are a certain cure for all these troubles. "Fruit-a-tives" are made of fruit juices and tonics. 50c. a box. At all dealers.

Mowatt, of Campbellton, arrived here yesterday to begin the work of stripping the spawn from the salmon in the pond at Little River. The spawn will be sent to Cape Breton, Grand Falls, Windsor, N. S., and other hatcheries. The marriage took place at Vancouver on October 14, of Miss Lily Quigley, daughter of W. S. Quigley, of Halifax, to Captain C. H. Hendrickson, Rev. G. A. Kuhring, Judge R. J. Ritchie, Mayor Sears and others.

AN EXPLANATION

Principal Wm. M. McLean of Aberdeen School Talks of George Johnson's Case. Another phase has been developed in the truancy case against George Johnson, of Forest street, who appeared before Judge Ritchie on Saturday last and Wm. M. McLean, principal of Aberdeen school, where the boy attended, has some explanation to make. In court, on Saturday, the boy's mother stated that when her son returned to school after being absent through illness, his teacher, Miss Shucklin, was very short with him and sent him to the principal. Mr. McLean informs the Times that Miss Shucklin and he had exhausted their patience with the boy, and that on the day in question he was sent to Mr. McLean's room by Mrs. (McLean's) orders. Mr. McLean adds that he sent young Johnson to his father for an excuse and did not see the boy again until yesterday.

MRS. McLEOD THINKS HER SON WAS MURDERED

North End Woman Suspects Foul Play in Death of James McLeod. Mrs. Sarah McLeod, of 643 Main street, is of the opinion that her son James McLeod, who was supposed to have been drowned from the deck of one of R. C. Gilks & Co.'s schooners, anchored off Philadelphia some months ago, was murdered. Her suspicions were first aroused when the body arrived here for burial, the condition of it being, so Mrs. McLeod says, anything but satisfactory. Investigations since have strengthened the suspicion, and she has been found on the clothing of the dead man, it is said. On the arrival of the schooner here, Mrs. McLeod and her daughter, Mrs. Stewart, went aboard and examined the bunk and mattress of the deceased. It is asserted that blood was found on the mattress. It is further said that the story told by the cook and captain and his wife has since been found to be untrue. A mysterious stranger is said to have called at the McLeod home and made suggestions with reference to the acceptance of money, etc.

WILLIE IS IN LUCK

Good Home Found for Willie Mulcahey a Friendless Wai-f. Willie Mulcahey, a friendless lad of tender years, was taken into a good home just as the police were about to intervene and place him in a charitable institution. His mother is dead, his father in ill-health, and his brothers and sisters, like himself, are small. He ran away from the Silver Falls Industrial school, and has since been sleeping in box cars and other sheltered places. A young married woman met him in Main street a day or two ago, when he was crying bitterly, and on being asked what was the matter, said he was cold and hungry, and without a home. She gave him temporary shelter, and through the combined efforts of herself and her husband, the lad has been fortunate enough to secure a good home.

ERNEST WILSON'S CASE

Ernest Wilson, who was arrested yesterday, charged with the theft of a number of articles and falsely representing himself as an employe of the telephone and electric light companies, is suspected of a still more serious offense. On his person were found a pair of opera glasses, valued at \$17, supposed to have been stolen from Mrs. Fred Breen, 140 St. James street, two grey blankets, two pairs of kid gloves, an account book and other small articles. Yesterday afternoon a number of ladies were in court at the trial and some of them identified Wilson as a youth who had gained admittance to their houses as a representative of the telephone company, while others were not so sure. Some improper remarks were made to a young lady a few evenings ago on one of the central streets of the city, and the young woman was in the station also yesterday but could not positively identify Wilson.

A FAREWELL RECEPTION GIVEN TO ST. JOHN GIRL

Miss Belle Stiles and Miss Ethel Leland, the two nurses who recently graduated from the Training School of the Osmung Hospital gave a farewell reception to about seventy of their friends last night at the hospital. It was one of the most enjoyable social events of the season. Music was furnished by William Broderick and Miss Elizabeth Fisher and the hallway on the second floor of the building furnished an ideal place for dancing. Refreshments were served and everything conceivable was done to make the affair a memorable and happy one. Miss Stiles and Miss Leland have won many sincere friends, both in the hospital and throughout the village by their amiable disposition and their departure from town will be regretted by all who know them. The Miss Stiles mentioned is a St. John girl.

THE SONS OF TEMPERANCE

Sixteenth Annual Session of Grand Division Opens in Market Building Tonight.

The sixteenth annual meeting of the Grand Division, Sons of Temperance of New Brunswick, opens this evening in the Temperance Hall, Market building. Preceding the meeting, which opens at 8:30 o'clock, there will be a meeting of the propagation committee at 7:15 o'clock. The business of this committee will be to look into the general state of the order and devise some means for advancing the work in the province, and report to the Grand Division. The year now closing has been one of prosperity to that degree which might be reasonably expected without having had a special propagation agent in the field. After all depletion by suspensions, withdrawals, etc., there is a substantial increase in membership. The funds also are in a healthy condition. Rev. C. F. Flemington is grand worthy patriarch, and Rev. C. W. Hamilton is grand scribe.
