SOME OF WRECKED CREW HELD FOR RANSOM?

Anonymous Letters so Announce and Search is Ordered

Mobile, Ala., Nov. 26.—The state department has instructed all consular representatives in Central America to make search for survivors of the United Fruit Company's steamer Manowyn, believed to have been lost in a hurricane. New Orleans, Nov. 26.—The Marjorie, enroute from Beloit, British Honduras, to New Orleans, was lost with thirty-six aboard. Anonymous letters received by the United Fruit Company declared that Captain Lauren and several passengers were being held for ransom on an island near Yucatan, and that as proof of the assertion, the ship's papers and several other articles were being sent to New York. None of them were ever received. The corporation after offering through newspaper advertisements to pay the ransom demanded but received no reply. The United Fruit Company, admitting the loss of the vessel, recently paid the families of the members of the crew the salaries due them and one month's salary in addition.

TO STOP DECLINE IN BIRTH RATE

Germana Form Society to Encourage Early Marriage and Large Families—Make Bachelors Wed—Kaiser Approves

New York, Nov. 26.—Karl H. Von Wiegand writes from Berlin in the New York World as follows:— "With the formal foundation of the 'German Society for Population Increase,' the efforts of a relatively small body of men to check the decrease in birth rate has been noticeable in the German Reich for more than forty years; at last have won widespread recognition. It has taken the war, with its terrible threats on the pick of German manhood, to bring thousands to a realization of the soundness of the contentions of the few—that the birth rate of the empire is going backward, and that, after the war, Germany faces the retrogression that has been going on in France if something is not done. The legislation proposed includes a revision of taxation schedule which shall place an equal burden upon the family man and the bachelor, so that the latter will be 'literally driven into matrimony.' It includes 'matrimonial premiums,' intended to counteract the economic difficulty of bringing children into the world, and the burden of supporting them. Kaiser Favors It. Few of the rulers of the various German states, large and small, but have expressed themselves in accord with the ideals of the society's plans. Emperor William and the King of Bavaria, especially are declared to be enthusiastically behind the project. The originator of the movement may be said to be Prof. Julius Wolf, one of the most distinguished and widely known economists of Germany, formerly of the faculty of the University of Breslau and now at the Technical High School of Berlin. He is president of the new organization. In the one way or the other, the society holds, it must be made possible for the young man to earn a livelihood at an earlier age than heretofore and hence to marry earlier. Considering the rigid regulation of disease, Prof. Wolf points out that at present the German man marries on the average, at the late age of twenty-nine. He proposes to minimize disease by registration of the diseased, and the quarantining of the disease spreaders. We are too closely approximating France, standing still, while our Slav neighbor grows by leaps and bounds, says Prof. Wolf. France, in my opinion, is slowly but surely sinking back to a position something like that of Spain, a second rate power. We do not want to do the same thing. Lawyer Dan O'Reilly was vigorously arguing a case in the West Side Court in New York one day when Magistrate White interrupted him with the question: 'Is this Digenes?' 'The crowd on the bridge turned around and saw one of the prison keepers bearing a lighted lantern through the aisle. 'Yes, that is Digenes,' replied O'Reilly, 'but he won't find the men he is looking for here.' Discouraging Invalid—To like to see the proprietor of this sanitarium. Clerk—He has gone away, etc. for his health.

News of Maritime Province Men In the War

Fredericton Recruits In Fredericton Thursday, six volunteers were sworn in for the 140th Battalion. Three were British born, while the others were New Brunswickers, two from Fredericton and one from St. John. These women in were: Archie McKeehan of Scotland; Howard W. Peters and Arthur F. Brown of Fredericton; James Clark of St. John; Walter Thomas of London, Eng. Sgt. James Turnbull and Private J. V. Kierstead of the Commercial Travelers' company of the 104th Battalion, are in Fredericton, recruiting for that unit. They have been at Woodstock and St. Stephen this week and have been very successful. Leblava Roberts, son of James Roberts, volunteered to enlist with the 26th Overseas Battalion, but was unable to pass the medical examination through defective eyesight. His brother, George Roberts, has offered to take his place.

When Gunner William MacDonald of the 86th Overseas Battery, Fredericton, read the casualty lists of the Canadian divisions, he was surprised to find that his brother, Sgt. Cyril MacDonald, was listed among the wounded.

Sgt. Cyril MacDonald was with the 26th Nova Scotia Battalion, and despite the fact that he is only 19 years old, had risen to the position of platoon sergeant. Another brother, Pte. Finlay MacDonald, is also with the 26th Battalion on the firing line, being one of the bombers. The three boys are sons of Daniel MacDonald, one of Cape Breton's oldest I. C. R. conductors.

Officer Painfully Hurt Lieut. W. G. Harris, of Antigonish, N. S., who is to command the Overseas Draft from the 86th Battery, was painfully injured Thursday at Fredericton. His horse fell on a rough, frozen road, and for a time it was feared that his shoulder had been dislocated or his collar bone broken. Gets Commission in 132nd.

John C. Veness, of Fredericton, a student at the University of New Brunswick, has been offered a commission with the 182nd Battalion, to be commanded by Lieut.-Col. G. W. Meserveau, of Doaktown. Mr. Veness accepted and will go to Newcastle to report to Col. Meserveau. He will later take a qualifying course as a lieutenant at Halifax.

Officers for 36th Fifty men to replace the overseas draft will be recruited in Sydney for the 36th field battery. Orders to this effect have been received in that city.

Officers of 104th J. T. Arsenburg, bandmaster of the 70th Regiment Band, Lunenburg, has been appointed bandmaster of the 140th Nova Scotia Rifles. Captain Beeringer of that place has been appointed second in command of the same regiment. Captain Beeringer has been a recruiting officer in Lunenburg county for the past few months.

One in Three Thrown Down Lieut. D. B. Chandler signed on the following recruits in Moncton on Thursday: Leonard Leaman, Gordon Lewis and Bliss M. Wilson. An interesting fact concerning recruiting in that district is that of every three men examined, for admission to the expeditionary force one is turned down.

Goos With the 104th Lieut. P. O. D. Steven, son of Col. W. A. D. Steven of Moncton, who recently qualified as a cadet at the Royal School of Infantry, Halifax, has been appointed to the 104th Battalion under Colonel Fowler.

Bank Manager Enlists P. G. Barr, manager of the Campbellton branch of the Bank of Nova Scotia, has enlisted in the 182nd Battalion, and is being trained on the North Shore, and has received his commission as paymaster, with honorary title as captain.

A Minister Enlists Rev. Harold Tompkinson, the beloved pastor of the Methodist church in Cento, has enlisted for Overseas Service and goes with the 36th Battalion. Mr. Tompkinson was a student at Mount Allison University, a few years ago. He married Miss Grace Ayard, daughter of the late William Ayard of Sackville.

Back From the Front "It was during a heavy bombardment of our trenches by the enemy on the 18th day of May that I met my misfortune," said Private Edward M. Donald of Sackville, who has just returned from the mother country where he had been convalescing after the Battle of Festubert. It was a Jack Johnson that did the trick, but thank God I still have the use of my limbs.

In continuing his story he stated that the explosion of the Jack Johnson had broken his ear drums and that he was only able to hear a little with the left ear. He told of some of the heaviest fighting and gently whispered that he had been in some of the fiercest battles and had seen some of his comrades go to their graves, fighting to uphold the honor of their country.

WILL OTTAWA WOMEN FILL MEN'S PLACES? Women's Canadian Club Offers Opportunity for Assisting in Recruiting

Ottawa, Nov. 26.—The Ottawa Women's Canadian Club has decided to help recruiting and the most feasible way in the minds of the executive endorsed at a meeting of that body, is open to every citizen, their club rooms, wherein women who are willing to do men's work, until the latter's return from the war, may enroll their names, stating their qualifications, experience, etc., and giving their addresses.

The Women's Canadian Club executive is hoping that employers and employees alike will co-operate in a small beginning, but the women in charge feel assured that in doing this they will help in the cause of recruiting.

AUSTRALIAN SNIPER HAS SHOT 91 TURKS Sydney, Australia, Nov. 1.—Letters from the Gallipoli Peninsula say that a Queensland cavalry man named Sing holds the record among Australian troops as a sniper. Up to September 1 Sing had shot 91 Turks of whom at least 89 were killed outright. Sing was a crack marksman before the war and had won prizes for his shooting at Brisbane and at Sydney. Since engaging in systematic sniping in the Dardanelles operations he had rarely missed one of his human targets.

Day after day and night after night he settled down comfortably in some favorable position and waited with inexhaustible patience for his chance. He sits for hours with a telescope as an aid, watching the Turkish tracks over the hills or the lengths of the Turkish trenches, until some or later a Turk shows himself. If the Turk is wary and quickly bolts up and then down again Sing does not fire. He proceeds on the principle that unbolstered by fauced security the Turk will gradually risk, first his head, then his shoulders, and finally the upper half of his body. At this stage Sing's rifle cracks and the Turk is seen to fall. A notch is made by Sing in a stick, which he keeps by way of a record. Since sniping performances are said to be beyond question for every telling shot by him has been checked by some officer.

ADVOCATES A BUTTON. St. John, N. B., Nov. 26. To the Editor Times-Star:—Can you advise through your paper, if anything is being done towards the matter of providing buttons for those who have been called to enlist and have not been successful? We read much in the press about avoiding young men who are not called alack and shirkers; then why not, in addition to those who have gone all in their power to try to go, have something that could be worn to distinguish those from the shirkers? The question of cost would not need to be a consideration, for every man would be willing to bear the cost of his own button. It is the wish of many that this matter may be brought to a successful issue.

Yours truly, "A YOUNG MAN WHO HAS TRIED TWICE."

MEN OF THE 40TH LIKE THEIR ENGLISH CAMP

Writing to his wife, Mrs. Alchora, 147 Queen street, Bandman Bert Alchora of the 40th Battalion, from Frampton Camp, Siphook, England, tells of his experiences since going to training at the Canadian camp. He says that the people in the vicinity have used the Canadians' hospitality, and they are given a hearty reception wherever they go. "We had an inspection today, and it was a grand sight," he wrote. "There must have been about ten thousand troops in line and it made one's blood tingle to take part in such an event."

"We had a concert tonight and had some singers from London taking part including a Madams Fairplay. She wanted to hear some Canadian songs so I volunteered, and sang 'A Handful of Maple Leaves.' I told the people it was a song true to life and when I had finished, the audience applauded heartily. She played for me and liked the song very much."

WAS BY REV. A. J. RYAN To the Editor of The Times, Sir:—I feel sure it would interest your many readers to learn through your columns that the author of the very beautiful poem sent to Mr. Knowles, and published in your paper this evening, is the late Reverend Abram J. Ryan, the beloved poet priest of the southern states. He wrote in memory of his brother who was killed in the civil war. Other poems of the same author which appeal to some of us at the present time are "In Memoriam" and "The Prayer of the South."

Yours, "A LOVER OF POETRY."

The Evening Times and Star

ST. JOHN, N. B., NOVEMBER 26, 1915
The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

WELCOME THE 69TH

Let us warm the hearts of the members of the 69th Battalion on their arrival in St. John tomorrow morning. It is the first time the people of this city have ever had an opportunity to extend greetings to a large body of their French-Canadian fellow citizens, and those who come are on the king's business, and are doubly welcome because they are in khaki. They are going to fight the common enemy, and to fill gaps in the ranks of British's armies struggling for the right. Let the welcome extended on their arrival be worthy of St. John's reputation for hospitality.

NOT ENOUGH CHEERING.

Was it because there were so many young men of military age in the great crowd assembled at the depot last evening that there was so little cheering for the returned soldier, and none at all for the advance guard of the 69th? Private George Curran was met by a great concourse of people, it is true, but were they there to greet him or to listen to the band?

THE CALL TO YOUNG MEN.

The very large number of young men of military age who were at the depot last evening when Private Curran was welcomed home may well have entertained a suspicion that people were wondering why more of them were not in khaki. Of the men who went in the First Canadian Division to the trenches last January, nearly a year ago, sixty to eighty percent are on the casualty list, as killed, wounded or missing. They fought under exceptionally difficult and hazardous conditions, but there is a constant wastage and the gaps in the ranks must be filled. If any young man jauntily remarks that he does not propose to take any chance of being killed, he may fairly be asked what a life is worth to the world if it can only be preserved by shirking a duty and disregarding the highest call that can come to the manhood of a man.

That is "a sad but glorious roll of honor" which contains the names of the heroic Canadians of the First Division. The total casualties in the Princess Patricia's were 981; 7th Batt., 918; 10th Batt., 918; 16th Batt., 888; 3rd Batt., 798; 1st Batt., 794; 18th Batt., 788; 5th Batt., 780; 10th Batt., 754; 4th Batt., 716; 2nd Batt., 688; 8th Batt., 680; 14th Batt., 558. Three other battalions, the 11th, 12th, and 17th, had almost no casualties, as they were not engaged in heavy fighting. Of the wounded the great majority recover, and quite a number return to the firing line, but there are gaps to fill and there are new armies to be placed in the field, in order that the sacrifice of the men of the First Division may not have been in vain.

Hence the young men who see wounded soldiers returning may well ask themselves—Who goes to fill the gap? Newfoundland has adopted prohibition by a very small majority. Under such conditions it will be difficult to enforce the law in some districts, especially in the towns. The victory, however, shows the trend of modern thought regarding the use of intoxicating liquors.

THE WAR NEWS

Today's cables make it more clear that a satisfactory agreement with Greece has been concluded, with the prospect that when the Allies have made a sufficient show of force in the Balkans the Greek army and fleet will come to their aid. This result must have a strong influence in Roumania. The Russians are said to have promised to strike in Bulgaria within a week, and the Italians to send an army to Salonika. The Balkan outlook is therefore much more satisfactory.

The Italians have made further progress in their vigorous and sustained attack upon Gorizia, and the fall of that fortress is at hand. They have amply proved their fighting capacity and proved themselves worthy allies of Britain and France.

The Germans are withdrawing from their forward base in the Riga-Dvinsk region on the Russian front, and the Russians are pressing them hard. Week by week the failure of the German attempt to crush Russia grows more apparent.

On the western front there is no change. The British and French hold their positions and for the present are content with holding them. Germany is undoubtedly feeling the loss of the flower of her armies and is feeling more and more the deadly pressure which prevents her from adding to her supplies of food. The wearing down process goes steadily on, and by next spring the Allies will have gained the ascendancy in men and munitions necessary to a crushing and continued forward movement.

ELECTION TALK

Any election talk in Canada is inspired by the Conservatives. The present parliamentary term does not expire for a considerable time and there is no good reason for talking politics at the present time. In England, where there is a coalition government, the parliamentary term is to be extended. It can be extended in Canada to a reasonable extent, although there is no coalition here. The Liberals have no desire to see the attention of the people of Canada diverted from the great task of doing their full duty to the Empire in its time of peril. If the Conservative government dictate impossible terms to prolong their term in office, then to serve the Empire, they must accept the responsibility. There should be no difficulty in avoiding an election in wartime, but there is no excuse for refusing to give the people an opportunity to re-express their views at the polls as soon after the war is over as may be arranged between the leaders. The present government does not rule indefinitely by Divine right. That privilege is exclusively claimed by the Kaiser. Let him have it, but let the people of Canada clean house; if they want to, as soon as is expedient after they have attended to the case of the Kaiser.

The new siege battery to be recruited in St. John offers young men another opportunity to join the colors.

If Russian troops are in Bulgaria in a week the outlook for the Allies in the Balkans will show still further improvement, and it will be still brighter if Italy sends troops to aid Serbia.

The iron heel of Germany is crushing the life out of Russian Poland as of Belgium. The people are starving, and there is no relief. The German control everything and rule with characteristic brutality. The world had been accustomed to associate the name of Russia with tyranny and repression, but Russia is now pledged to restore the boundaries of ancient Poland and grant autonomy to the people. This is in marked contrast to the German policy of disregard for Polish aspirations, and even of the dictates of common humanity in deal with the Polish people.

In an address in Ottawa last week Prof. Prince explained how conscription worked out in New Zealand. A report of his speech says:—"New Zealand had conscription and every youth was compelled to receive military training between the ages of fourteen and twenty-five. At the age of twenty-five he passed into reserve until he was thirty years. After that time he had finished with military service. The exchange of British and New Zealand officers had always proved beneficial to the country and never more than when the present world-war broke out."

VILLAS' ARMY STARVING? Washington, Nov. 26.—In a half-starved condition 2,000 Villas's soldiers have arrived in the state of Jalisco, after marching from the western part of Durango, according to advices reaching the state department.

The soldiers existed for days on horse flesh. Their trail was marked by bloody footprints, caused by their shoes wearing out and the rocky roadways cutting their feet. Twelve died from starvation en route. The army is commanded by General Parra, who it was believed was trying to reach General Zapata.

LIGHTER VEIN

"Why don't you buy something at my table?" demanded the girl at the charity fair. "Because," said the smooth-tongued youth, "I buy only from homely girls. They have so much harder time making sales." And he worked this right down the line.

A man who was traveling the Ozark Mountains on horseback stopped before a typical Arkansas farmhouse to inquire the way. "What's the news?" asked the mountaineer as he leaned his back frame against the fence and pulled his long beard thoughtfully.

On finding that what had become a part of history was news to him, the traveler asked why he did not take some weekly or monthly periodical that he might keep in touch with the world at large.

"Well," said the old native, "when my pa died, nine years ago, he left me a stack of newspapers that high"—indicating a height of about three feet—"and I ain't done readin' of 'em yet."

"Not a word," replied the man. "If I had I would have broken my neck, for I threw the prescription out of the window."

"Why don't you make your boy Josh try to do something useful?" "Don't put no such notions in his head," replied Farmer Cornsuel. "The thing for us to do is to learn Josh a lot of politic accomplishments that'll keep 'em from gettin' in the way when their reg'lar work on hand."

"How old do you think I am, Mr. Jimpson?" asked Miss Arabella Bonchill. "I happen to know, Miss Bonchill," said Jimpson. "You were born in 1870 that makes you just 40."

"What?" cried Miss Bonchill. "Do you mean to say that 1870 to 1915 is only 40?"

"Not arithmetically, Miss Arabella," said Jimpson, "but in reckoning a woman's age, always."

MORNING WAR NEWS The Carr has sent an official note to Serbia promising to have his forces in Bulgaria inside a week. Italy is said to be sending an expeditionary force of 40,000 men to relieve the Serbs. Telegrams have been received in London giving assurances of safety from the British and French naval brigades recently in Belgrade. The "New loan of Victory" was opened for investment to the people of France yesterday and great crowds thronged the post offices to demand a share in it. All classes hastened to place their money in the loan, which carries 5 per cent. It is believed that Russia has quite an army established near the Roumanian frontier, and the attitude of the latter country now following the settlement of the Grecian question is being watched with interest. The Turks during the last few days have opened an offensive movement in the Gallipoli district, but have thus far been repulsed by British and French guns.

Hairs Quickly Vanish After This Treatment (Helps to Beauty). Science has aided in simplifying the banishing of hairy growths from the face, and according to a beauty specialist, the most effective treatment yet devised consists of applying a delicate paste to the hairy surface for 2 or 3 minutes. The paste is made by mixing home water with a little powdered delatone. When this paste is removed and the skin washed every trace of hair has vanished. Be sure to get real delatone.

WOMAN IS DRUGGED, DISIN IN FEW HOURS

Found Unconscious in a New York Apartment—Supposed to Have Been Robbed.

New York, Nov. 26.—A pretty, stylishly dressed young woman found unconscious on the second floor of 589 Third avenue, at 2 p. m., died a few hours later in Bellevue Hospital. A search was begun for a man who was seen to leave the building a few minutes before the unconscious woman was found.

The woman was about thirty-five years old and wore a blue walking suit trimmed with fur, a black hat with black plume, and gilt shoes. No hand bag was found.

Dr. Dodson at Bellevue Hospital declared that the woman was not intoxicated, but had been drugged with a powerful narcotic. No one could be found in the neighborhood who knew her, and the police think possibly the strange man left her in the house after she had been drugged and robbed of her money.

Mrs. T. G. Griffin, Oliver, N. B., wife of Dr. Griffin, who is a physician, was married recently. This is the second marriage of the bride and the bridegroom's fourth. Two of his former wives were sisters of his latest bride.

HARRY LAUDER'S VISIT WILL INTEREST ST. JOHN

The Eminent Scot Will Be Seen on The Streets as Well as on the Stage—To Pay His Respects to the Mayor—Company Travels in Special Car

More than passing interest is centering in the coming of the world's foremost entertainer, Harry Lauder, on Tuesday, next week. While the eminent Scot brings with him a brilliant company of entertainers, these naturally take second place. Mr. Lauder will arrive in his private car Olympia attached to the Boston express at 10.30 in the forenoon. Two Pullmans will contain the members of his company and a baggage car filled with scenic effects and other paraphernalia, belonging to the show, as well as special arrangements have been made to get the scenery, etc., to the Imperial Theatre and the rehearsal commenced shortly after the arrival of the train.

In the brief interval between train time and rehearsal, Mr. Lauder and his wife will proceed to City Hall in an automobile, accompanied by their band of pipers. It is the great comedian's favorite custom—an Old Country courtesy—to pay his respects to the mayor of each city he visits and His Worship, Mayor Frink, has signified his pleasure to meet Mr. Lauder on Tuesday. No doubt the parade of pipers will create quite a little excitement on the streets, and the local recruiting committee is making an effort to have Mr. Lauder address an open air meeting in the vicinity of one of the squares as it is already under formal appointment as a recruiting sergeant, the visiting Scotchman is very likely to accept of this request.

The pastimes will commence at 8.30 and will terminate about 10.30 o'clock. The show will be in two parts, the European vaudeville opening the programme and Mr. Lauder commencing in the afternoon, will occupy the stage over one hour and a quarter. The evening programme is "The Merry Men of Scotland" and "The Merry Men of Scotland". The company leaves town for Bangor Wednesday morning at a quarter of eight.

While tickets for the evening programme are pretty nearly all purchased, there still remain many seats for the matinee. As the afternoon will be exactly the same as that of the night, it is expected a large number of business men and family folks will make it a special point to get seats for it. An entertainment for children, the programme which has already been published is unsurpassed.

THE 104TH AT SUSSEX

(Sussex Record)

When the 104th leaves for Woodstock, which it is expected, will be today, and the men who are to form the nucleus of the 104th are sent to St. John, which will probably be the first of the week, the Sussex camp grounds will be deserted during the winter months. Part of B. Co. have already moved into their quarters in the Provincial Dairy School, and part of the 104th are in the school house and the balance of these companies will move into the Mineral Springs building on Saturday.

No troops in Canada will have better winter quarters than those housed in barracks. All the buildings are warm and comfortable, and contain up-to-date and modern improvements, such as shower baths, toilets with hot and cold water, toilets and everything necessary for the men's comfort. Double bunks have been built two tier high, and all places are fitted with electric lights. Separate rooms are provided for the C. O.'s. Each kitchen contains two big ranges, and the men's rooms are commodious and nicely arranged. Revels and amusements are held every day and men are not called until later than usual.

Breakfast is served at 7.30, dinner 12 noon, and supper 6 o'clock. The soldiers are expected to be in barracks at 8.30 and lights out is sounded at 10.15. The men are given a very large display of various cabinets on exhibition, but the Hoosier attracted thousands of women and children every day and a record was made all over Canada and the United States as the only kitchen cabinet that has been sold in such large quantities and labor, Messrs. Hoosier Bros., who are sole representatives here, are now selling them at a very low price. The Hoosier Club plan by paying \$1 down and having one delivered to your home and pay the balance at the rate of \$1 a week. See ad.

CAPTURED THE GOLD MEDAL

Word has just been received by Messrs. Amundson, Laidlaw, Waterbury, street, from the Hoosier Manufacturing Co. that they have captured the gold medal for the best and most up-to-date kitchen cabinet at the big fair at San Francisco. The Hoosier is a kitchen cabinet of various cabinets on exhibition, but the Hoosier attracted thousands of women and children every day and a record was made all over Canada and the United States as the only kitchen cabinet that has been sold in such large quantities and labor, Messrs. Hoosier Bros., who are sole representatives here, are now selling them at a very low price. Suffered Constantly HEADACHE

To suffer from headache makes life miserable, and it takes a person who has been or is subjected to headache to describe the suffering and agony that goes along with it. The dull throbbing, the intense pain, sometimes in one part of the head, sometimes in another, is caused by some disturbed condition of the system. The stomach may go wrong, the bowels become constipated, the blood may not circulate properly, but whatever the cause, the presence of headache clearly shows that there is something wrong somewhere, and unless the cause of the headache is removed, some serious trouble is very liable to assert itself.

The fact that Burdock Blood Bitters reaches the seat of the trouble, and banishes the headache is due to its success in first relieving, and then permanently curing the cause of the trouble.

Mrs. Wallace J. Boyd, Milltown, N. B., writes: "Several years ago I was a constant sufferer from headache. I was all run down and nothing seemed to do me any good. I read of Burdock Blood Bitters, and decided to give it a trial, and lo and behold, the headache stopped at once, and I feel better in every way since. I recommend it to all sufferers."

B.B.B. is the oldest and best known blood medicine on the market to-day, having been manufactured for the past forty years by The T. Millburn Co., Limited, Toronto, Ont.

CHARGE AGAINST EMBASSY OFFICIAL

Captain Boy-Ed, Naval Attache of the German Embassy at Washington, now charged with conspiracy to violate neutrality laws of United States.

CAPTAIN BOY-ED IS OF TURKISH PARENTAGE

Washington, Nov. 26.—Captain Boy-Ed, naval attache at the German Embassy, is a typical German in appearance, despite the fact that his father was of Turkish origin. The Army and Navy, Metropolitan and Chevy Chase Clubs saw much of Capt. Boy-Ed before the war began, but the day hostilities commenced he hurried to New York and opened headquarters at the Ritz-Carlton Hotel.

Before the war had been going on a month, Capt. Boy-Ed was "brought into the limelight, where he has remained ever since. From a quiet, affable society leader and club favorite he became an aggressive, assertive German partisan, directing a campaign of publicity to create pro-German sentiment in the United States.

Capt. Boy-Ed is forty-three years old. He is the son of Mrs. Ida Boy-Ed, the most popular woman novelist in Germany. His father was Karl Boy-Ed, a wholesale merchant of Turkish specialties who died in 1884.

"Our modern educational methods are all wrong," said the old fogey. "We've got to get back to the three R's."

"That's why I'm strong for the colleges," said the sporty guy. "They're still the Rab, Rab, Rab boys."

His subject was "The Challenge of the Alien," and he said in part: "The further challenge of the alien is that he becomes a citizen. This means the oath of allegiance. But what should it mean?"

WHEN THE BULGARS AND FRENCH MEET

Foes Show Inferior Skill In Manoeuvring

NO ANTI-AIRCRAFT GUNS

French Aviators Can Fly Low, Getting Exact Knowledge of Enemy's Resources and Movements

Paris, Nov. 25.—A despatch from French headquarters at Kavadar, Serbia, dealing with the recent fighting in that sector, says:

A sanguinary battle between the French and Bulgarians in the gorge of the Cerina, southeastern Serbia, has resulted thus far in the retirement of the French from a point north of the Cerina. The French, however, are still holding the Raic gorge and the important bridgehead at Boharski, controlling the heights opposite Gradiska.

The correspondent today visited the French post west of the Raic bridgehead, which is detailed to guard the strong natural position in the granite walled gorge. This gorge, however, is exposed to artillery fire from the surrounding heights. Through it runs a narrow, rapid stream held by infantry.

Half an hour later the correspondent with a party of French officers watched the battle from neighboring hills. Every detail was visible except during an occasional period of the lowering of mist from the hill-tops.

Hostilities were opened with a severe artillery duel. From the point of observation flashes and puffs of smoke could be seen, revealing positions of guns on both sides of the Varda River, which is joined by the Cerina a few miles north of Drinovo.

Soon the wail of machine guns and the popping of rifle fire betrayed the position of the Bulgarian infantry. On the hill beyond the gorge passing figures could be seen outlined against the sky. They climbed with what seemed to be interminable slowness until, after a brief struggle with the bayonet, the Bulgarians fled, disappearing over the crest.

Meanwhile from the direction of Kavadar a train of ambulances sped toward the scene of the battle to collect the French wounded. General followed in an automobile to take directions of the action on the ground.

The Bulgarians are bringing up heavy forces from the neighborhood of Prilep. The French plan of campaign seems to have been to occupy as quickly as possible the maximum number of positions of natural strength and to take care of their communications as effectively as could be done with the forces available.

When one position thus held the French withdrew, as the complete lack of effective means of transportation rendered the rapid shifting of troops from one position to another impracticable.

GREAT CHEMIST PRAISES ZAM-BUK

Mothers Who Use This Famous Balm Have Backing of Science

Mothers who use Zam-Buk, because they have proved it to be a splendid healer, will be interested to hear the result of a test of Zam-Buk by Mr. Wm. Lassell Scott, the great English chemist. He says: "I have made an exhaustive analytical examination of Zam-Buk and find its active constituents are of exclusive vegetable origin. It contains none of the impure and irritating mineral drugs and animal fats present in ordinary ointments. The antiseptic and bactericidal (germ-destroying) powers of this preparation are proved by my tests to exceed those of carbolic acid, yet Zam-Buk neither cauterizes nor inflames even a very sensitive skin, but cures skin disorders."

"I have no hesitation in certifying the purity of Zam-Buk and its value for skin injuries and disorders."

Mothers who have not yet tried Zam-Buk should profit by the above. Zam-Buk is unequalled for eczema, cuts, burns, ulcers, running sores, piles, cold sores, abscesses, chapped hands, etc. All druggists and stores sell Zam-Buk at 50c box, 3 boxes for \$1.25.

only temporary use in actual battle. The broken counter facilitates the employment of tactical skill in which the French seem to be superior to the Bulgarians, notwithstanding their lack of familiarity with the country.

Neither battlefields nor encampments resemble in the least those in France. The soldiers are camped in the open plain, as the Bulgarians thus far have not employed aeroplanes. The camps are changed frequently to keep pace with the movements of the battle line.

Artillerymen for the first time since the beginning of the war often have the opportunity of actually seeing the marks which they are aiming. The famous French 75 mm. gun, firing almost with the regularity of a machine gun, has extraordinary havoc on the Bulgarians.

French aviators are enjoying the opportunity presented by the lack of Bulgarian aircraft, of flying low over the positions of their opponents and actually photographing them with such detail as to reveal the numbers and locations of the hostile forces.

The Serbian in the north are said to be concentrating on the historic Kosovo plain with the idea of attempting an offensive in the direction of Udrub. It is reported that six divisions will be brought from the plain by way of the Kortschak and Kortschak passes. The Bulgarians are being withdrawn hastily from the Prilep region. A decisive battle is looked for.

With the exception of the new water and sewerage systems in Portland Place the city water and sewerage department is being kept busy with repair work and the overhauling of the system in preparation for winter. There is

What you want is a kidney medicine, and a medicine for the kidneys only. Doan's Kidney Pills know nothing but kidney disorders, because they are manufactured solely for the purpose of relieving and curing the kidneys.

Mr. L. Mahan, Myrtleton, N.S., writes: "I am sending you this testimonial telling you what a wonderful cure Doan's Kidney Pills made for me. For years I had suffered so with my kidneys I could hardly do my housework. I used several kinds of pills, but none of them seemed to be doing me any good. At last I was advised to try a box of Doan's Kidney Pills. When I had taken the first box I found relief. I have used five boxes, and today I feel like a new woman. I cannot recommend them too highly."

Doan's Kidney Pills are 50c per box, 3 boxes for \$1.25 at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont. When ordering direct specify "Doan's."

enough of this work to keep the men busy on full time so long as the weather permits. In addition to the regular repair work around the city the repairs to the concrete main from Lake Lattimer are still in progress, and in the city the stop cocks are all being tested to make sure that they are in proper condition for the winter. When winter weather makes ordinary work impossible, it will be necessary to lay off most of the men, for the first time in several years, as finances in war time will not permit the department to undertake any new work, however desirable, for the purpose of keeping the gangs employed.

DISCUSS SIX-HOUR WORKING DAY

San Francisco, Nov. 25.—Resolutions providing for investigation to determine when a six-hour day can be established in place of an eight-hour day and outlining certain crafts from the building trades department of the American Federation of Labor were considered today by the resolutions committee of the department.

The measures probably will not reach the convention until tomorrow. The six-hour day resolution offered abridged hours as the only remedy for conditions caused by the invention and perfection of machinery "making it increasingly harder for working people to continue in steady employment as shown by the large number of unemployed at all times of the year." A definite report at the next convention was asked.

TEN TORONTO HOTELS OUT OF BUSINESS

Toronto, Nov. 25.—It was learned today from authoritative trade sources that no less than ten of the Toronto licenses renewed last May have proved unprofitable. Three hotels, the Palmer House, Duplaine and the Woodbine hotel, have closed their doors, and seven other downtown hotels have either assigned or been compelled to make arrangements to avoid going into liquidation.

Killed in a Football Game. Williamsport, Pa., Nov. 25.—Fred McGough, a member of the Dickinson College freshman football team, received injuries in the game with Williamsport high school today from which he died a few hours later. In attempting to make a tackle, McGough was blocked off by a Williamsport player and struck from behind by two of his own team. He fell on his head, sustaining injuries at the base of the brain.

CHAMPION WILLARD WILL MEET FULTON

New Orleans Promoters Will Stage Big Match in March DURING MARDI GRAS

Moran is Said To Have Spurred an Offer of \$7,500 For Battle With the Champion Heavyweight

New York, Nov. 24—Jesse Willard, heavyweight champion of the world, will defend his title against Fred Fulton, the new sensation of the pugilistic firmament in a 20-round tag battle at New Orleans some time during the first week of March. The exact date has not been set. The announcement of this important glove contest reached New York in a telegram from Dominick Tortorich to Tom Jones, manager of Willard. Tortorich, with Tommy Burns, is promoting the match. These men signed articles with Willard's representatives several weeks ago guaranteeing the champion \$25,000 if he should box any white man they might select. Tortorich named Fulton as Willard's opponent. The next great world's heavyweight

foolish to accept such a paltry sum when he could get quite as much, if not more, for a return bout with Jim Coffee at Madison Square Garden. Moran seemed quite peeved that Willard getting \$20,000 for his end, should expect such a formidable rival as himself to box even ten rounds for \$7,500. Fulton, who will be given the first chance at the heavyweight is a giant from California, and has come into prominence within the last few months. He is somewhat younger than the champion, but almost as large, only two inches shorter and some 20 pounds lighter. Fulton has been taken seriously only within the last month or two. With successions Perry Kelly, Arthur Pelky, and Andre Anderson, Anderson, before he met his Waterloo was being groomed for a match with Willard. As is well known, New Orleans is a Mecca of tourists and sightseers during the Mardi Gras. All that time the railroads run cut rate excursions. Willard is to receive \$20,000 for his twenty or less rounds of boxing. The extra \$2,500 is meant to cover traveling and training expenses. Big Jess is at his ranch in California at present. He will come east by way of New York shortly after the New Year, and, more over, New Orleans six or seven weeks before his match to go into heavy training. Willard will not appear in port before his fight with Fulton, it is said by Jones. It is possible that Moran and Willard may fight in New York if big Jess disposes of Fulton in New Orleans. Local hatians, however, is quite likely to be forced to wait until the open-air season because Willard will consider nothing short of the New Orleans offer, not even for a 10-round fight. This price of course, seems prohibitive for any indoor club. The Garden A. C., however, has not

as yet despaired of beating down the champion's price. As announced previously its offer of \$20,000 for ten rounds still stands. LOCAL AMATEURS WIN HONORS AND HELP THE PATRIOTIC FUND

Fine Presentation of Men and Women in the Opera House is Greatly Enjoyed

The four act drama entitled "Men and Women," presented in the Opera House last evening under the auspices of the Irish Literary and Amateur Society Dramatic Club, assisted by the Ladies Patriotic Aid Committee of the society, was a grand success, and as a result a good sum was realized for the Patriotic Fund. A large number of people were attracted to the Opera House by St. Mary's band, which played patriotic selections in front of the building, and later marched from the head of King street to the theatre. This coupled with flag decorations throughout the building had a tendency to make the audience feel that although they were present to enjoy the play, they were also helping the primary cause, and contributing towards the maintenance of families of men who had gone to battle. From the moment the curtain rose for the first act until the play terminated those who had the pleasure of witnessing the performance for the first time sat and praised the ability of the talented cast. The manner in which all acquitted themselves was a revelation to many. The principal members of the cast have already won names for themselves among city amateur performers and their work last evening added new laurels. All acquitted themselves in a most commendable manner and the manner in which they availed themselves of the opportunities afforded showed ability and careful training. The plot of the play combines love and high finance and offers opportunity for heavy acting. The climax is reached in the third act, and in this all won rounds of applause from the appreciative audience. The cast follows: Israel Cohen, president Jefferson National Bank; J. W. E. Gale, J. Cronin, William Prescott, the cashier, D. J. Carr, Edward Seabury, the assistant cashier, A. A. Hazel, Mr. Pendleton, director, Wm. A. Flaherty, Cashier, J. G. Burke, J. G. Burke, Lyman H. Webb, bank examiner, Stephen Rodman, governor of Arizona, Wm. Ryan, Jersey, Wm. H. Pyne, Sam Delafield, Mrs. Delafield's step-daughter, Frank T. Hazel, Arnold Kirk, stock broker, J. R. McCloskey, Agnes Rodman, daughter of the governor, Mrs. E. P. O'Toole, Mrs. Prescott, Miss Vera King, Mrs. Kate Delafield, Miss Mae Caples, Miss Margery Knox, from the west, Miss Florence Halpin, M. T. Morris, Miss Adele Harney and A. Simmons. These were well received and the audience showed their appreciation by insistent calls for encores. The play will be repeated this evening tomorrow afternoon and evening the company will present "When We Were Twenty-one." Both plays are being staged under the talented direction of John H. McCloskey. The decorations in the Opera House were the result of the artistic efforts of Captain A. J. Mulcahey, and were favorably commented on. The committee of management is composed of Jas. Barry, manager; Wm. Baxter, assistant manager; F. J. Casey, R. E. Fitzgerald, J. R. McCloskey, D. J. Carr, Geo. Stafford, property man; John Daley, assistant; John Lunnery, James McManus, F. A. Hazel, T. O'Brien, M. T. Morris, Jos. K. Kennedy, secretary. The choruses are: Mrs. P. B. Fitzgerald, Mrs. J. H. Daley, Mrs. J. T. McGivern, Mrs. Geo. Stafford, Mrs. M. T. Morris, Mrs. Leo Callaghan, Mrs. F. J. Casey, Mrs. D. J. Carr and Mrs. J. G. Burke. The City Cornet Band will play a concert before the Opera House tonight. His Honor Lieut. Gov. Wood will be present tonight, while tomorrow night will be "Military Night," and the officers of the Siege Battery will occupy a box. REAL SPIRITS IN THESE COFFINS

PRESBYTERIAN HOME MISSIONS
 Rev. Messrs. Ross and Dickie Bring Satisfactory Report From Halifax
 The home mission work of the Presbyterian church in the maritime provinces has been carried on this year in a most successful manner in spite of war conditions. At a meeting of the synod's home mission committee in Halifax yesterday reports showed that all the fields with the exception of two had been filled during the summer months. Many of the students have enlisted but the shortage was supplied by young men from Princeton University, who proved satisfactory. The committee had expected a shrinkage in the revenue, but were agreeably surprised to find the receipts well up to the usual standard. Rev. James Ross, superintendent of home missions for New Brunswick, and Rev. Gordon Dickie of St. John were present at the meeting and returned this morning.

"SERVICE FIRST" NEW PHONE MOTTO

Impressed on District Superintendents at Provincial Conference Which Closed Last Night With Banquet—Early Days Recalled

The two day conference of the district superintendents of the New Brunswick Telephone Company was brought to a close last evening with a banquet at Bond's restaurant. Twelve superintendents from various parts of the province and ten of the leading officials of the company were present and the occasion proved a most enjoyable one. The menu for the elaborate dinner was contained in a handsomely gotten up souvenir folder and was described in highly technical telephone terms. After full justice had been done to the dinner there were the usual patriotic toasts, a special toast to the men in the trenches, including two of their former directors, Lieut.-Col. McAvity and Lieut.-Col. McAvity, and the two men who have gone from the staff, including Sergeant R. Smith, who has been wounded. "Our Company" was responded to by almost every member present. A. W. McMackin who has been connected with the business in St. John from the time the services started with four telephones, and G. C. Peters, who has watched the Moncton exchange grow from twenty-three to 1246 instruments, told of his experiences in the early days and S. B. Ebbett of Fredericton gave the gathering the benefit of his study of other exchanges during a recent transcontinental trip. One of the main points emphasized at the conference which has just closed is the new motto of the company, "Service First," a watchword which was adopted as an inspiration for every member of the staff and as an indication of the policy of the management.

HE SAW RALPH MARKHAM KILLED

Letter From Norman Borden of Sussex Who Has Been Recommended For D. C. M.

Frank Borden of Sussex, enjoys the proud distinction of having three sons fighting for his empire—Norman, Walter and Aubrey. The two latter are still in the trenches, or were when last heard from, while Norman, who was recommended to receive the D. C. M. for valor displayed at the battle of Ypres, is convalescing at a Red Cross Hospital in England. The following is part of an interesting letter received by Mr. Borden last week from his son, Norman, dated November 5, from the Red Cross Hospital, Middlewich, Cheshire, England: "Very few are left of the first Canadian Battalions that went to France, where we went into the battle of Ypres, our platoon was about sixty strong, and only twelve answered roll call, and another platoon in the same company came back with seven men. I saw Major Ralph Markham when he was killed. He had another officer of the Canadian Seaforth Highlanders with him, a German shell, I was very lucky to get off as I did; a 'whiss bang' burst right behind me. They come so fast that it is impossible to get out of their way, and they are full of bullets about the size of twenty gauge shot guns. "Some places the German trenches and ours are only about twenty yards apart, and they have been there a year now. There is so much barbed wire that it is hard to get at them. I got a fine chance at them in Ypres. There were a lot of German snipers in an old house. They had killed a lot of our fellows the day before, so we turned the tables on them the following day. There were about fifty of them in the old house and they began to run out one after the other, and every time they would run out, two or three of us would fire together. They were about four hundred yards away, and I think we got a lot of them. "The same day the Germans began to advance and we had not many men left. The soldiers came on to about seventy yards in great numbers, so we had to fall back for fear of being taken prisoners. They got quite a number of our fellows cut and they could not get back. The few of us who were left in our little fort, made the night before, had to fall back and we did three of our men behind a thick hedge fence and on this part of a German platoon came and they began to open fire on them; they began to fall and still those left came on, and we shot nearly all of them. I do not think that there were many of them got away. They do not seem to be any more afraid. Our company saved a Canadian battery from falling into their hands."

NO BUSINESS FOR THE PRUNE CONTRACTOR

Fredericton Soldiers do Not Eat This Boarding House Delicacy—Diphtheria at the Capital

(Special to Times) Fredericton, Nov. 26.—Twelve houses at Gibson and St. Marys have been quarantined on account of diphtheria. Mrs. Robert Fletcher was taken down with the disease this morning. The police commission met yesterday but took no action on the matter. A local grocer, who some weeks ago was awarded a contract for supplying prunes to the troops stationed here, complains that there is no demand among men in khaki for this popular boarding house article of diet. So far he has not supplied a single prune. Potatoes have advanced in price during the past few days. They are now retailing at \$2.25 per barrel and shippers are paying \$2.10 delivered at sidings on the Gibson branch of the C. P. R.

IS THERE GRAFT IN N. B. HAY CONTRACTS?

In a letter to the Carleton Sentinel F. B. Carvell, M.P., charges that B. F. Smith's Company "has the sole contract for pressing hay in New Brunswick, and gets \$28 a ton for it in St. John; that Mr. Smith has decided not to pay only \$22 a ton to the farmers and that this and the freight and cost of pressing and delivery will total only \$18, leaving \$10,000 profit on 15,000 tons—and his contract may be for double that quantity."

SHOT GERMAN SNIPER

War Experience of Corporal E. D. Howard of St. John

Mrs. Howard, wife of Corp. E. D. Howard, has received an interesting letter from him from the firing line in which he tells of some of his experiences. His horse was shot from under him one morning recently by a German sniper, but some of his pals and himself got him and he will not shoot any more horses. Corp. Howard tells of having recently been talking to Corp. E. C. Clark and Driver C. E. Campbell and it was a pleasure to sit and chat with friends from the "home town."

FROM GUNNER J. C. BROWN

St. John Soldier's Letter With Some Lines From Front About the Slackers
 An interesting description of his experiences at the front with the Ammunition Column, has been received from Gunner J. C. Brown, formerly of the staff of Vassie & Co., Ltd. The weather had been bad for the last few weeks, he wrote, and there was much mud. But the boys were enjoying themselves, and the experience was worth while. Gunner Brown sent along a caustic comment contained in a small paper published at the front by some of the Canadian boys, and of interest to those engaged in recruiting at home. It referred to the return of a wounded soldier and his appeal for more men, made at a recruiting meeting. His appeal fell on deaf ears, the verse read, because the audience was composed of women, girls and grey-haired men. The lines continue:

"For when the slacker sees that listening crowd, He gives it quite the widest kind of berth, To hear his own pet sins denounced aloud, Annoys him more than anything on earth. Seek him at cinemas, you'll find him there, Convinced by Charlie Chaplin's priceless touch. But at recruiting meetings in the Square—Thank you, lads, he knows too much! \$1,000 FOR PATRIOTIC FUND In remitting the check for \$1,000 to the Canadian Patriotic Fund, Attorney-General Baxter sent the following letter: "Dear Mr. Allan—In sending you the enclosed check for the Patriotic Fund, I desire to say that I think the local management is as deserving of credit for its work as the fund is for support."
